CONGRATULATIONS—Fred Cardinal, coach of the 45's is all smiles as he receives the trophy and congratulations from Claude Estes, president of the League, after Saturday night's championship game. The trophy shown is for the Colt's winning the Freshman League. Also presented was the trophy for winning the Regional Tournament.

Giants Lose Out Of Regional Play During Second Round

The Dougherty Grain Giants great defense was the deciding factor in their downing the Earth Giants 12-6 in the first round of the Regional Tournament held here last weekend, but failed to come through against the rugged Matador Panthers, as the locals fell 11-7 to end their tournament play.

In the first game, Floydada's National League Champions, behind the pitching of Tim Jeffries and Mike Burke, downed the Earth Giants who featured the jitting arms of Steve Sanders and Terry Bridges.

The visitors got off to a fast start, having the bases loaded when Bridges slammed a home run. This was termed an applied play because of his not touching first base.

Floydada Giants came back in the second inning to tie up the game. The locals moved ahead in the third inning with three more runs, but the Earth-Springlake team kept the pressure on as they came back with two runs in the bottom half of the third inning.

Homecoming Activity Slated October 30

The third quadrennial edition of the Floydada Homecoming has been set for October 30 here, when the Whirlwinds will be playing against Oilton at 7:30 p.m.

Immediately following the game will be a number of social functions including coffees, a barbeque, and a dance. These will take place at various places in Floydada, to be named later.

The first edition of the Whirlwind Homecoming was held in 1956, and the second in 1960 with 648 ex-students attending.

Evangelist Named First Baptist Tent Revival August 9-16

An evangelist has been named by the members of the First Baptist Church to conduct the Tent Revival set on the Church Park lot, August 9-16. He is Dr. C. Wade Freeman, director of the Division of Evangelism of the Baptist General Convention of Texas since 1947.

Dr. Freeman was born in Patterson, Missouri, attended Jonesboro Baptist College, Arkansas, Oklahoma Baptist University, Shawnee, Okla., Southwestern Baptist Theological Seminary, Ft. Worth, and received his Doctor of Divinity Degree from Howard Payne College, Brownwood, Tex.

He is the former pastor of the First Baptist Church, Sulphur Springs. He is married to the former Reena Milam and they have three children who are: Mrs. Mary Sue McLarry, wife of Newman McLarry, Associate HMB, Division of Evangelism; C. Wade Freeman, Jr., pastor of the Calvary Evangelist Baptist Church, Tulsa, Okla.; and Harold Freeman, pastor of the Grace Temple Baptist Church, Denton.

Dr. Freeman has been serving as Director of the Division of Evangelism of the Baptist General Convention of Texas. The Evangelism Director works with a well-organized staff of five evangelists who unify, enlist, and promote evangelism in the state. These staff members work in each of the Convention's 17 districts and 125 associations where more than one and one-half million members belong to over 3,800 Texas Baptist Churches.

Under the leadership of Dr. Freeman, during the first part of each calendar year, the Division conducts the State Evangelism Conference which is attended by 6,000 pastors, evangelists, singers and other committee members and workers will be named at a later date.

Officers for the group this year are: President, Lon Davis; Vice President, Sammy Hale; Second Vice President, Mrs. Jack Deakins; Secretary, Miss Ann Sweep; and treasurer, Gene Collins. Collins is succeeding himself in that capacity.

Other committee members and workers will be named at a later date. (See CAMPBELL, Page 6)

LOCAL "SIGNING" MEETINGS SET

If Eradication Program Is To Work, Permits Signing A Must

"The permits are a must for the Boll Weevil Control Program to get moving in early September."

That's what county Extension agents, members of the Area-wide Boll Weevil Committee, Plains Cotton Growers, Inc., and other active workers in the fight say about obtaining the permits to spray from each individual cotton farmer in seven counties. These permits are simply per-

mission from the farmer for spraying of his cotton to suppress boll weevils this fall.

This week, many meetings are being held in four counties. These meetings are taking place for the principal purpose of getting farmers together for signing of the permits. Also, officials of the Texas Department of Agriculture, the Area-wide County Chairmen, and the Texas Agricultural Extension Service will

be on hand to answer any questions about the program. Meetings will be held in Floyd County, starting Friday, August 7.

The local county agricultural agent, the member of the Area-wide Boll Weevil Committee, and Community Chairmen in each of these counties is planning and has responsibility for the meetings.

Why meetings to get farmers out for permit signing? Couldn't a farm to farm canvass do the job? Bill Gunter, Area Extension Agronomist who is serving as Extension coordinator for the boll weevil program, has a ready explanation. "It will be impossible for the Texas Department of Agriculture—the agency which is responsible for permit signing—to schedule a personal visit to each and every cotton farm and farmer in these seven counties. There are hundreds in each of these counties, and only a few weeks are left before the spray program will get underway."

Also, Don Anderson, Chairman of the Boll Weevil Control Program Executive Committee, emphasizes the importance of each farmer in the county signing the spray permit.

"With 100 percent cooperation in these seven counties, we can (See WEEVILS, Page 6)

Music And Education Minister Named At First Baptist Church

A new minister of Education and Music has been named by the members of the First Baptist Church in Floydada.

He is Roy Edwards, and he will assume his duties at the church around August 17, according to Rev. Floyd Bradley, pastor of the church.

Presently Edwards is serving in the same capacity at the First

ROY EDWARDS

Baptist Church at Morton. Prior to his working there, he was Music and Education Director at the Baptist Church in Petersburg.

Edwards was reared at Greenville, Tex., and is a graduate of Southwestern Seminary, Fort

Car Plows Into House Saturday

An automobile about seven years old, and driven by Mary Cecil Smith, plowed into the home of Raldo James Saturday afternoon.

The vehicle was traveling south, crossed Wall street, jumped the curb, plowed through a hedge on the north side of the house, and plunged into the back room from the rest of the house.

115,000 BALES

Cotton Crop Estimate Tops Bale To The Acre

The Lubbock Cotton Exchange, the first organization or firm to venture a guess as to the outcome of the South Plain's 1964 cotton crop, has set the South Plains production at around 1,958,000 bales, and of that figure, Floyd County should produce around 115,000 bales.

If this figure proves to be correct, the county will again produce more than a bale of cotton per acre. The county estimated planted acres of the lint crop is 103,000 acres. Complete measurements have not been finished yet, so no definite amount of acres can be established.

This estimate may seem to be quite optimistic since the dryland areas of the South Plains are reaching a critical time with one of the driest summers rapidly closing in on the crop.

According to some producers, several acres of the dryland crop will be a total loss unless some moisture is received in the very near future.

On the other hand, the irrigated land across the county is not holding one of the best prospective crops ever seen by the Floyd County farmers.

A number of growers boast "... the best crop I've ever had at this time of year."

The crop is growing and developing well ahead of last year's for the most part. Some was planted and got the ideal temperatures and moisture required for maximum growth and production.

For ideal growth, most irrigation farmers would prefer to never have a drop of rain fall on their crops, and just control the amount of moisture needed with the irrigation wells.

Crosby	145,000	124,200
Lubbock	115,000	151,700
Deaf Smith	10,000	7,650
Lickens	28,000	24,200
Floyd	115,000	119,000
Garza	70,000	78,300
Hale	20,000	25,200
Hockley	170,000	181,800
Howard	29,000	33,000
Lamb	175,000	172,000
Lubbock	260,000	244,000
Lynn	115,000	145,200
Motley	12,000	17,300
Parmer	60,000	39,900
Swisher	61,000	58,200
Terry	105,000	140,700
Yoakum	26,000	32,000

For ideal growth, most irrigation farmers would prefer to never have a drop of rain fall on their crops, and just control the amount of moisture needed with the irrigation wells.

A crop of this size would move into the fifth spot in the record books. The 1,942,787 bales ginned in 1960 presently holds that spot.

The county-by-county estimate by the Exchange is as follows:

County	'64 Est.	'63 Prod.
Bailey	85,000	95,500
Borden	8,000	12,300
Briscoe	24,000	27,200
Castro	67,000	52,700
Cochran	65,000	81,300

Newcomers Number Nine During July

Nine families of newcomers were listed by city hall for the month of July. This brings the total of new families coming to Floydada during 1964 to ninety.

The city received twenty-two new families during January and February combined, nineteen in March, eleven in April, nine in May, and twenty in June.

The new families and their addresses are: Jimmy Boyd, Ralls Highway; Maria Sanchez, E. Lee St.; Arvil W. Isaacs, 208 S. 1st; Hal Thomas, 121 North 1st; Oran Tucker, 4418 1/2 W. Calif.; Glenn Hill, 513 W. Grover; Walter Brannon, 513 W. Tenn.; Richard Miller, 1009 Menefee St.; Lilian Donathan, 303 1/2 E. Ky.

The crop was planted April 20 and was irrigated twice during the growing season. It is a Paymaster Ute Variety and looks as if it may yield between 4,000 and 5,000 pounds, according to Rainwater.

Local Publisher New Partner In The Slatonite

The publisher of the Floyd County Hesperian, Wendell Tool-ey, has purchased an interest in the Slaton, Texas paper, The Slatonite. A co-owner of the paper, O. G. (Speedy) Nieman, of Midland will serve as publisher-editor of the Slaton paper.

The purchase took place last Saturday, and the Nieman-Tool-ey team assumed operation of the paper Saturday afternoon. The Slatonite was purchased from John King II.

Tool-ey will operate the paper for another week and a half, until Nieman can move his family (See PUBLISHER, Page 6)

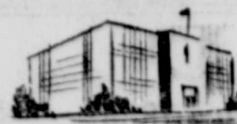

LIKE MONEY IN THE BANK — Wayne Rainwater, left and Carmel Eastham, right, are shown testing the first load of grain brought to the Dougherty Grain Company for 1964. The crop was cut Monday, August 3,

exactly one year after the first load of 1963 grain was harvested. Otis Anderson had the first load at the Producers Coop Elevator, Dougherty, also Monday.

"GET OUT, AND COME IN — But don't bring your car" was the feeling of the Radio James family of 411 S. Wall Street when an automobile, driven by Mary Cecil Smith plowed into the rear of the house. No serious injuries were reported. (staff photo)

Campaign Managers Picked For Republican Nominees

When several meetings were held at various places in the county for the Republican nominees that were in the county that day, Joe Phillips, and Ralph Nafziger, the campaign managers were named to head the drive for the respective candidates in this county.

Those selected, and the nominees they are aiding are:

Bill Colston, Barry Goldwater for president; Mr. and Mrs. David Batey, Jr., George Bush for U. S. Senator; Mr. and Mrs. Don Probasco, Joe Phillips for congressman 12th Congressional District; Mr. and Mrs. David Kirk, Jack Critchton for Governor; Mrs. Chester Mitchell and Mrs. Bill Colston, Ralph Nafziger for State Representative 38th District.

Senate Beef Import Bill Is Praised

LYLER, July 30 — The president of the Texas and Southwestern Cattle Raisers' Association, speaking at the East Texas Farm and Ranch Club meeting here tonight, applauded Senate passage of a bill imposing reasonable restrictions on beef imports.

Fred Wulff of Brady said passage of this bill is a step toward stabilizing the U. S. Beef cut industry and voiced the hope that it would be followed by prompt and favorable action in the House of Representatives.

The bill passed the senate by a vote of 72 to 15. Senator Ralph Yarborough and Senator John Tower were among those voting for the bill. "Our senators are to be commended for this action," Wulff stated. "Presuming this bill becomes law, it seems that the beef producer of the future will have a reasonably sound base upon which to make decisions for future operations."

Wulff pointed out that under present conditions any efforts by producers to bring supply in line with demand could be voided by increased importations of beef from other countries. "The domestic beef producer can look to the future with little hope knowing that each time he tries to solve his own beef-supply problems his action will result in foreign beef taking over a larger share of the U. S. beef market," he declared.

The bill passed by the Senate would restrict imports of beef, veal, lamb, mutton and canned meats to a five-year average based on the years 1959-1963. Beef imports during this period were the highest five years in history.

"We believe this is a reasonable bill," Wulff said. "We are not closing our doors to beef imports, which would prevent the ruin of the U. S. cattle industry, and the severe crippling of countless communities, the economies of which are tied closely to beef cattle production and processing," Wulff emphasized.

He called attention to the fact that beef imports were only 1 1/2 percent of domestic beef production in 1956, but said that the so-called voluntary agreements negotiated recently with Australia and New Zealand set quotas based on the 1952-1953 beef import levels which amounted to 10 to 11 percent of domestic production. In addition the agreements allowed a 3.7 percent per year growth factor. Wulff said the patterns of these negotiations had set the stage for other negotiations which could allow continued increases in beef imports.

He pointed out that the Chairman of the Australian Board of Trade hailed this growth factor as a major breakthrough. An Australian newspaper quoted him as saying, "First time an agriculture export nation has given assurance of a share in the growth of a foreign market."

"These negotiations are solid evidence of the need for the bill passed by the Senate," Wulff declared. "While the cattle raisers from importing countries were represented by able and competent men, the U. S. beef man had no one who stood up for his interests. These agreements can be voided by either country on six months' notice, and who can say the domestic beef producer will be better represented in any future negotiations?"

Wulff said passage of the senate bill indicates a deep understanding of the disastrous effects beef imports are having on present U. S. producers as well as the tragic consequences which could result in the future without such a law.

"Such a law also would ensure a continued supply of quality beef to the consumer at reasonable prices," he said. "Consumers' preference for this kind of beef is indicated by the steadily rising per capita consumption during the past two decades."

Drying Peaches, Apricots And Nectarines Tastefully

After you've canned, frozen, eaten and given away all of the peaches, nectarines and apricots you can from your backyard tree — and there's still some left — try drying those fruits, states Sherry Mullin, Co. Home Demonstration Agent.

According to food specialists in the U. S. Department of Agriculture, dried fruits will keep a year or so when stored in a cool, dry, dark place.

Here's how to dry these fruits — in your own oven:

Select 6 pounds fresh, ripe, firm fruit. Wash and drain. Peel if you wish when cut in halves and remove pits.

To prevent discoloration, soak fruit 15 minutes in a solution of 3 1/2 tablespoons sodium sulfite to 1 gallon water. A drugstore can supply sodium sulfite. Two other, but less effective treatments are: (1) To dip fruit in salt-water bath of 4 to 6 tablespoons salt to 1 gallon of water for about 10 minutes, or (2) precook fruit in steam or boiling water until tender but firm.

Arrange fruit on trays and place in 150 degree oven with the bottom tray 3 inches from the oven floor. Do not use top unit electric oven. Prop open the door of an electric oven 1/2 inch (this helps control heat and lets out moist air).

Alternate trays every 1 or 2 hours.

Crash Kills Former Floyd Co. Woman

Friends here yesterday learned of the death of Mrs. G. N. Gilbreath, 82 year old former resident of Floyd County, who was killed Tuesday in a two car smash-up at Iowa Park, which injured her 85 year old husband.

Mr. and Mrs. Gilbreath lived in the Lakeview community in Floyd County a number of years and was well known in the area.

Mr. Gilbreath is hospitalized in Wichita Falls and reported in fair condition.

Other details as to the cause of the accident and funeral rites of Mrs. Gilbreath could not be learned here late yesterday.

Crosbyton Rodeo Set August 13 - 15

The Crosbyton Lions Club announced recently plans for its rodeo, produced by Sarrhill Rodeo Co. The event is slated for a three-day run August 13, 14 and 15, with performances set for 8:00 p.m. each evening.

Rodeo contestants from around the area are slated to compete for the prizes in the individual contests, plus a \$250.00 saddle as an added attraction.

Events included in the rodeo are: Wild Mare Race, Bare Back Bronc Riding, Calf Roping, Team Roping, Saddle Bronc Riding, Barrel Race, Bull Dogging, Bull Riding. The calf roping events require a \$25.00 entrance fee, and the others, excluding the Wild Mare Race, require a \$20.00 entrance fee.

In most cases the first 40 cowboys and contestants who enter will make up the field. The books will close August 12, 8:00 p.m.

The entire city of Crosbyton will take on a festive atmosphere and the town will dress western. Entertainment for the whole family will be provided by the Lions Club members.

The Crosbyton Lions Club invites the entire public to attend the 17th Annual Lions Club Rodeo, August 13, 14 and 15.

duel all the way. The Matador fans turned out, heavily, to back their team and it wasn't surprising to see some of the defeated players shed tears when the game was over. It was thrill packed from start to finish.

Our best wishes go with our team as they play in state competition.

Ex-Floydada insurance man Shorty Cardinal who is now an insurance adjuster in Plainview was one of the base umpires. A local insurance man leaped over and said to me... "Shorty's out there making adjustments."

Good umpiring... especially behind the plate is very important to any game of baseball... and not just because our team won... we believe the fellows who helped in the umpiring chore should be given a word of appreciation. No doubt it is a thankless job... even in Little League play fans shout some pretty sharp criticisms at the ump.

However, it is always rewarding to see that the young players accept the ump's word and many adults could gain much in following the player's example.

WAYNE WILLIFORD was very uneasy to say the least when he started building homes in Floydada... and for many months drove back and forth from his home in Lubbock as he began to build a few here.

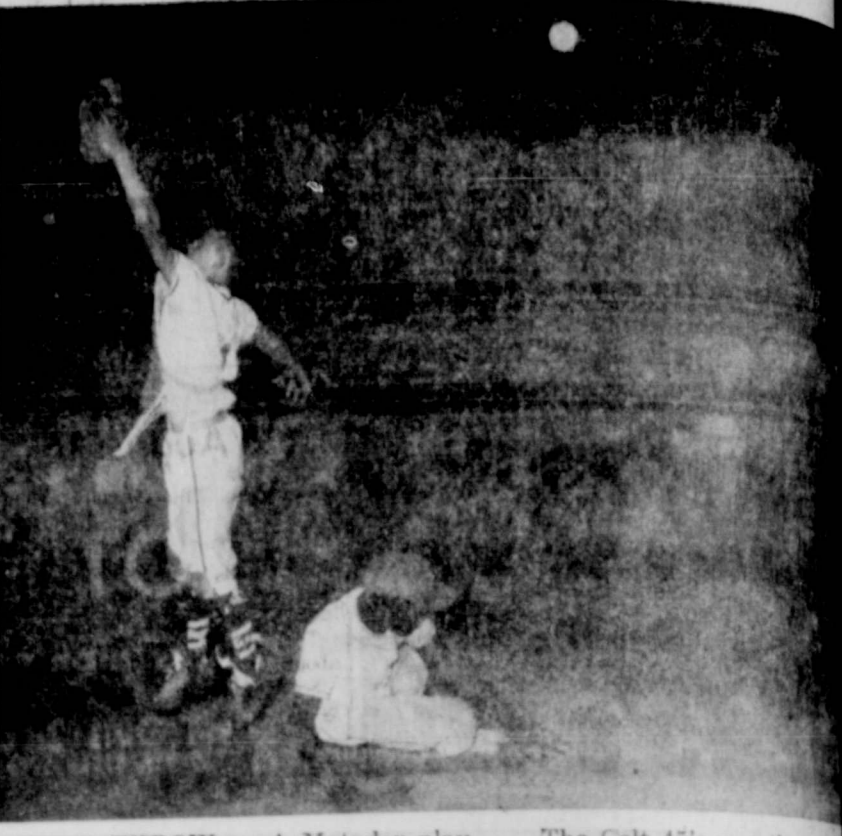

I suggested to Wayne that he build one and I'd help him publicize an "Open House" showing and help him sell it.

Well, we still haven't had that open house showing and I suppose Wayne has built over ten new homes now, plus a very much needed duplex apartment building and still no "open house." It seems that Wayne sells homes faster than he can build them.

Wayne is a resident of Floydada now... he and his wife live in the Caprock Addition where he is building those new homes. Wayne has certainly helped Floydada grow by coming here and the two blocks of nice homes he is building would still be vacant lots if he hadn't come our way.

THERE'S a fellow over at Burson Lake who is quite a domino player and mathematician. I believe he said his name was Dusty Taylor. I couldn't handle him in dominoes, however, I have a brother and a father who are domino players from "way back"... I guess I'll send them over to play him.

There are probably some pretty good domino players around here who would like to try Dusty a few games?

WILD THROW — A Matador player is shown reaching high, but in vain for a throw that was too high and allowed Billy Ray Chism to cross the plate on a hit by Lance Pool.

WOW—THEY'RE BIG — Brad Hagood is showing the size of the giant wads a few people have seen around town recently. These shown on the board measure almost one and one-half inches in length curled are known to grow to lengthier than two inches. They grow only on Cicadas. (Staff Photo)

FEELING OF PRIDE—Nancy Morckel and Alton Higginbotham pause, while surveying with pride, the new facilities in the auditorium of their newly remodeled building. The new cabinets and the new dishwasher are

two of the outstanding features of the newly remodeled Auditorium. Remodeling is still going on in other parts of the building and will be completed in the near future.

School Budget Hearing Set August 12

According to local school officials a hearing of the school's budget for 1964-65 has been set for 2:00 p.m. in the School Administrative office Wednesday, August 12.

The purpose of the meeting is to help clarify any questions residents of the district may have concerning the expenditures of the school's finances during the coming school year.

Workers Receive Electrical Burns Near Lockney

PIAINVIEW—A Lockney man, Charlie Cottrell, and his grandson, Donnie Jackson, Lockney High School senior, received third degree burns Friday from electrical shock received while working on a well rig on the Mason Davis farm nine miles northeast of Lockney.

Victims are employed with Jackson Pump Co., owned by Donnie's father, David Ray Jackson.

The two were in the process of raising the tower on the well rig in order to pull out the pump when the tower hit three wires of a power line running to the irrigation well.

Each victim received his worst burns on his right foot, a word Donnie's hands were burned. David, owner of the farm, rushed the pair to Lockney General Hospital where they are receiving treatment.

Local Go Kart Owner In Meet At Ft. Sumner

Ted Viramonte, a local Go-Kart enthusiast traveled to Ft. Sumner, N. M. last weekend, entered his vehicle in the event and placed sixth in a field of thirty drivers.

During the first few laps, Viramonte's kart started out of fuel, causing him to stop excessively. The drivers cover 100 miles a round, a 2.8 mile oval track.

HOLLUMS FAMILY HERE VISITING

Visiting with Mr. and Mrs. Walter Hollums are Sgt. and Mrs. Melvin Hollums and family, who recently returned from San Jose, Costa, Rica, where they have spent the past two years.

Sgt. Hollums, who is a gunnery sergeant, was in charge of the Marine Security Guard at the American Embassy in San Jose. His next assignment is Camp Lejeune, North Carolina.

Other visitors last weekend in the Hollums home were Mrs. Don Hollums and children of Springfield, Mo.

Mark Parkey At Childrens Camp

Mark Parkey, son of Mr. and Mrs. Bernice Parkey of the Harmony Community, left last Sunday in company with two Lockney area youngsters for the 1964 session of Texas Lions Crippled Childrens Camp at Kerrville.

They were flown to Kerrville by a Claude Hutherson Flying Service chartered plane. Mark is a victim of polio. The three brings the total to six children sent to the camp by the Lockney Lions Club.

You Can You can make the average man mad by referring to him as an average man. — Herald-Journal Greensboro, N. C.

W. David Taylor To Be Ordained

The Bible Baptist Church voted Sunday night, July 19th to ordain William David Taylor into the ministry. David is the son of Cecil Taylor, teacher of the Young Married Class in the Sunday School Bible Study of the Bible Baptist Church.

David is twenty one years of age and he surrendered to preach in 1946 at the age of thirteen under the ministry of Rev. Gilbert Rhine, the present pastor of the Bible Baptist Church.

The Pastor and the church believes that David has proved himself already as a minister of the Gospel through his faithfulness to the Word of God and to the church. He has had great success in his ministry at a Mission in Matador and in other churches where he has preached, as well as here in the church at Floydada. He has been in charge of the teaching of the Young People both on Sunday morning and Sunday night classes. He has been instrumental in seeing several young people converted because of his wonderful ability to expound the Scriptures, as well as preach evangelistic messages.

Taylor attended Texas Tech for some special training and in September will attend a School in Dallas for six months, also for special training. He is also a Radio and Television technician and helps his father on the farm.

After the ordination service Rev. Rhine said that he would ask David to help him in pastoring the Church by being the associate pastor until called to a church elsewhere.

The Ordination service will be this Thursday night August 6th at 7:45 p.m. in the sanctuary of the Bible Baptist Church. Several preachers from other towns will be present to help in the ordination service. Everyone that desires is invited to attend this special service.

FLOYD DATA

Guests in the home of Mr. and Mrs. Roy Kinard Monday night were: Mrs. Steve Compton of Mountain Homes, Idaho, Mrs. Larry Robinson of Roswell, N. M., Mrs. R. C. Ross and Mr. and Mrs. Fred Reeves.

Mrs. Compton, the former Annie Bell Eubanks and Mrs. Robinson, formerly Norma Ross were classmates of Mr. and Mrs. Kinard.

Rites Held For Sister Of Mrs. Joe Wilson

Funeral services for Mrs. John Fry, 51 year old sister of Mrs. Joe Wilson of Lubbock, formerly of Floydada, were held Monday in the Sanders Funeral Home, Chapel in Lubbock. Burial was in Resthaven Memorial Park.

Rev. Gore Applewhite, retired Baptist minister of Lockney, officiated. Mrs. Fry died early Saturday morning in Dallas. She lived in Anton and Lubbock before moving to Dallas two years ago.

Survivors include a daughter, Mrs. Dalma Bass, Dallas; two grandchildren and one great grandchild and one sister, Mrs. Wilson of Lubbock. Two basic types of finishes are used on velvet fabrics: A crush-resistant finish on rayon and cotton types — usually urea or melamine formaldehyde, which are not used on acetate, nylon or silk; and spot resistant finishes, which are usually achieved with durable type, water-repellent compounds. The new-type oil and water-repellent finishes are also used in some cases.

CHLORINATION SYSTEM — Bobby Welborn, rear and Harold Huggins are shown connecting the new chlorination system onto the city's main storage tank on the Ralls Highway. The

installation of the system is only one of the steps required to secure State Health Department approval of the city's water. (Staff Photo)

Watermelon Feast Given City Employees

Employees, their families, of the City of Floydada were entertained with a watermelon feast Friday night at the City Park.

Those attending the gala affair and enjoying the abundance of the feed were: J. W. Cannon, Doug and Steve; Frank Bueno, Miss Jimmy Stewart and Mitch; Lloyd, Mr. and Mrs. Charles Horton, Mr. and Mrs. Corley Jarrett and Jimmy; Mr. and Mrs. Harold Huggins.

Mr. and Mrs. A. J. Holster, Jeannett, Mike, Doris and Kyle, Mr. and Mrs. L. C. Ferguson and Charles, Mr. and Mrs. J. W. Taylor, Mr. and Mrs. J. L. Isbell, Jimmy and Johnny Lynn, Mr. and Mrs. Royce Powell and Sharon, Mr. and Mrs. Bobby Welborn, Lisa and David.

Mr. and Mrs. Leon Williams, Mr. and Mrs. Melvin Terrell, Riekey, David, Paula and Stacy, Mr. and Mrs. George W. Polk, Mr. and Mrs. Bill Feuerbacher, Jeff, Shawn and Brad, Mr. and Mrs. H. H. Roberts, Marsha and Thelma, Mr. and Mrs. Olen Petty and Trent, Mayor S. W. Ross, Councilman and Mrs. W. H. Simpson Jr. and Councilman E. A. Williams.

FLOYD DATA

Mrs. Gloria Johnson and children of Sioux Falls, S. D., and Alden Carthel of Mayport, Fla., Navy, are in Floydada visiting with their parents, Mr. and Mrs. A. C. Carthel and other relatives.

Mrs. Fry died early Saturday morning in Dallas. She lived in Anton and Lubbock before moving to Dallas two years ago.

Survivors include a daughter, Mrs. Dalma Bass, Dallas; two grandchildren and one great grandchild and one sister, Mrs. Wilson of Lubbock.

Two basic types of finishes are used on velvet fabrics: A crush-resistant finish on rayon and cotton types — usually urea or melamine formaldehyde, which are not used on acetate, nylon or silk; and spot resistant finishes, which are usually achieved with durable type, water-repellent compounds. The new-type oil and water-repellent finishes are also used in some cases.

Court Decision Favors Electric Co-operatives

The statutory right of electric cooperatives to generate their own power was reaffirmed July 29, in a ruling by the Third Court of Civil Appeals at Austin.

The decision reverses in part the judgement of 126th District Court Judge Jack Roberts in a case filed by the Attorney General of Texas against Upshur Rural Electric Cooperative of Gilmer. The suit, brought on behalf of Southwestern Electric Power Company, Shreveport, sought to prohibit Upshur from constructing its own generating plant at Ore City near Gilmer in northeast Texas.

Upshur proposes to generate its own power for distribution to its members rather than continue to buy wholesale energy from Southwestern.

A loan for the construction was approved more than a year ago by the Rural Electrification Administration in Washington.

Southwestern attorneys argued that the proposed plant would be in violation of the Texas law under which electric cooperatives are incorporated since members of Upshur already are receiving "central station service" since the power distributed to them by their cooperative comes from an established private utility.

The appellate court's decision rules that the lower court erred in its interpretation of that part of the law.

J. R. Cobb, General Manager of Texas Electric Cooperatives, statewide association of rural electric systems, said, "It is grat-

Floyd County Bond Sales 117% Of Goal

County during the 1964 bond sale. The 1964 total of \$16,000,000 was made recently by County Savings Bank 117% of the 1964 goal of \$13,675,000. June sales County totaled \$2,325,000.

Savings Bonds sold during the first half of 1964 total \$75,462,702 or 1964 goal of \$75,000,000. Led by J. H. R. \$1,251,234. This is a year's gain.

"Owning U. S. Savings Bonds is a wise financial step for every family and company. The Nation. For the Treasury Department a "Strong Families from Labor Day" campaign is the purchase of every family's bond by every family's operation. It is an many people are members of national Organizations. This campaign will bond where they can. Chairman President

REUNION

(Continued from Page 1) and interested lay people. Conventional speakers and instructions concerning Bible methods and plans for reaching people for Christ.

The Old Fashioned Tent Revival will feature Good Gospel Preaching and Thrilling Music. Services will be held each morning at 10:00 a.m. in the Auditorium of the church and at 8:00 p.m. in the tent. A nursery will be provided for all services.

At Wilson of Olton, will conduct the singing. The public is cordially invited to attend these inspiring services.

J. R. Cobb, General Manager of Texas Electric Cooperatives, statewide association of rural electric systems, said, "It is grat-

Revival Services Set At South Plains, Aug. 9-16

Revival services are scheduled at South Plains Baptist Church August 9-16, with the Evangelist to be Rev. Roy Clayton of Lawton, Oklahoma. Rev. Clayton is a former pastor of the South Plains Church, having pastored here from 1932 to 1934.

A member of the Home Mission Board of the General Convention of Oklahoma, Rev. Clayton is a graduate of Wayland Baptist College in Plainview and has attended Southwestern Seminary in Ft. Worth.

The Claytons are parents of three children, Paul of Knox City, Texas, Lynn who is preparing for the ministry and is a student at Southwestern Seminary and a daughter, Judy a medical student at Southwestern State College in Weatherford, Oklahoma.

During the depression days of Rev. Clayton's pastorate at South Plains, the church worshipped in a basement building, which is now the educational building for the church.

Revival Services are scheduled at 10:30 a.m. and 8:00 p.m. each day, with only 8:00 p.m. service on Saturday. Regular worship services are scheduled on Sundays.

The Congregational singing and special music will be directed by Dwight Martin, Minister of Music at First Baptist Church Hale Center.

Recently released from the Armed Forces of the United States, Martin was a student of

REV. ROY CLAYTON

Wayland prior to army service. He has served as Youth Director and Director of Music at First Baptist Church in Spur and as Youth Director of College Heights Baptist Church in Plainview. Mr. Martin is married to the former Vickie McEachern, who is currently a student at Wayland.

Everyone is invited to the services at South Plains August 9-16.

ALLAN ADAMS

Adams Completes Mortuary School

Allan Adams, son of Mr. and Mrs. R. H. Adams of the South Plains community, will complete Mortuary school in August.

He is attending the Dallas Institute, Supton Jones College of Mortuary Science.

He was recently initiated into the Epulean Chapter of Pi Sigma Eta, national fraternity for Mortuary students.

Membership in the fraternity requires that the student attain an average of 90 percent in his grades, must be of high moral character and have outstanding leadership ability.

MRS. STEPHENS DOING GOOD AFTER SURGERY Mrs. Ovella Stephens underwent surgery Monday at St. Mary's Hospital in Rochester, Minn. She is expected home in some ten days or two weeks. Mrs. Stephens is in room 1175. Her condition is reported good.

Sandhill Church Has New Pastor

Rev. Dale Dozier, his wife and four children have moved into the parsonage at Sandhill where Rev. Dozier will pastor the Baptist Church there.

The Dozier family formerly resided at Fluvanna. The children are Randy, Rhonda, Julie and James.

Rev. Dozier replaces Rev. Jimmy McGuire who was called to the Abernathy Church after three years of service at Sandhill.

Lockney Medical Student To Attend Democratic Convention

William J. Mangold Jr., son of Dr. and Mrs. W. J. Mangold of Lockney, has been appointed one of the Young Citizens for Johnson Volunteers to attend the Democratic National Convention in Atlantic City, N. J. in late August.

Mangold is one of 78 young people chosen in Texas from hundreds of applicants to go to the convention. There will be 34 young women and 44 young men as volunteers who will work at necessary service tasks such as sales, guide, drivers, hospitality, aids, etc.

H. E. Frizel, 19th district delegate to the convention, was asked to submit a nomination for an outstanding young man in the area, with his recommendation. Hubert was aided in the project by Ben Ayres, John Stapleton and Lt. Gov. Preston Smith, who joined forces to recommend Bill for the position. His was the only name submitted by these men and the State Democratic Executive Board in Austin told Frizel that "Bill is probably the top applicant according to qualifications," in a phone call early this week.

Two Lockney Delegates
Ralph Wayne, Democratic candidate for State Representative from the 19th District, said that it was "a great honor for Lockney to have both Mr. Frizel and Bill Mangold representing them at national convention."

Bill is making preparations for entering Southwestern Medical School in Dallas this fall. His scholastic record is an outstanding one. While in high school Bill was president of the student body, outstanding in athletics, delegate to the State Student Council Convention in 1960 and 1961 and salutatorian of his graduating class in 1961.

He also received two National Science Foundation summer

training and scholarships while in high school; in 1960 to the Stephen F. Austin State College in biology and in 1961 to the M. D. Anderson Hospital & Tumor Institute at Houston in pathology where outstanding in performance was noted.

Graduates With Honors
Young Mangold entered Kilgore Junior College in 1961 where he showed again outstanding athletic activity, was again president of the student body, as well as freshman class, sophomore class and the Pre-Med Club. In 1963 he was a delegate to the National Convention of Phi Theta Kappa, national junior college honor society.

He was selected as most representative student in 1963 and graduated with honors that spring with a scholastic average of A. Bill entered the University of Texas in the fall of 1963 and has been president of the Fraternity pledge class, active in intramural sports and was delegate to the state Texas Inter-collegiate Student Association Convention this spring where he was registration chairman. He received a scholastic average of B for that year of work and has been accepted to the Southwestern Medical School in Dallas.

Arrives August 23
Bill is to arrive in Atlantic City for the National Convention no later than Sunday morning, August 23, and will return some time after August 28. All of the Texas Y-C-J Volunteers will be housed in the Walton Hotel.

Campbell

(Continued From Page 1)
Jerry's co-workers at the Texas Highway Department, the boy is somewhat improved, and is responding to treatment.

Eleven people have signed up at the Highway Department volunteering to give blood for the child and Wednesday \$100 had been received to help the family foot the medical bill which will run close to \$3,000 before Timothy is released from the hospital.

It should be particularly noted that small donations help, and enough of them soon add up to a sizeable fund.

Those wishing to give money to the family may send it to the First National Bank, and those wishing to give blood may get their names on the list by calling the Texas Highway Department.

Publisher

(Continued From Page 1)
The local publisher will continue to reside in Floydada and will continue to publish the Hesperian.

Food donated by the United States government to various groups within this nation during the period of July 1963-March 1964 totaled 1.5 billion pounds. Schools received 464 million pounds, 6 percent above the same period a year earlier. This is above the supplementary foods purchased for use in the school lunch program. Institutions serving needy persons received 128.5 million pounds, up 7.5 percent from a year earlier. Slightly more than 853 million pounds of food went to needy people in family units, a drop of 11 percent from a year earlier.

Weevils

(Continued From Page 1)
get the control program operating as planned in early September. Getting the control program started on schedule is a necessity if the cotton-destroying boll weevil is to be suppressed," Anderson said.

Participation by all farmers is a must. With such a massive, expensive control program as will be undertaken, producers can't afford not to back it to the hilt. Farmers in these seven counties will be doing part of their share by making sure no "non-permit" areas are left. Such an area—or areas—could easily provide a hot-spot for weevil buildups. Farms not sprayed—but weevil infested—could provide a re-infestation spot for weevils next spring and summer. Without 100 percent cooperation, the cotton farmer could be robbed of maximum benefits.

Another question being asked is, Why is it necessary to get permits to spray signed for every cotton farm in these counties? Don Rummel, Area Extension Entomologist, points out that, at the present time, the weevil infestation line is shifting almost daily.

By early September when the spray program is expected to start, officials want to be doubly sure permits are signed for all cotton farms in the control zone and potential control zone. Between now and September, this line could fluctuate forward—or backward. With permits to spray signed for all cotton farms in these counties Plant Pest Control officials wouldn't have to shut down the spray program while another group of farmers were being hunted down for permit signing.

Plant Pest Control Division of USDA will be the agency supervising the spray program. Their officials emphasize they must have a permit to spray signed for all cotton farms sprayed under the control program.

Meeting dates and locations are listed below. Be sure to turn out for the meetings to be held nearest you and sign a permit for spraying your cotton and bring your neighbor. Your cotton profits of next year—and years to come—may be dependent on your signature and participation in this gigantic boll weevil control program.

Lawman Boast "Unlucky" Number Of Years In Their Jobs

Of these three, Powell boasts the longest time in law enforcement. Taylor is next, and the newest in the line is Isbell.

Two of the men were truck drivers before accepting posts at Floydada.

Taylor drove a truck until June or July of 1953 when he started to work for the City of Floydada. After about two years on the force he accepted the Chief of Police post at Lorenzo and then early this year came to Floydada as the Chief.

Isbell joined the city force at Paducah about a year and a half early this year returned to Floydada, worked 7 months, then drove a truck until the position in which he now works became vacant.

He has been in Floydada only about two months.

Powell, the man with the most experience began work with the Police Department of Abilene in 1956 where he worked for 32 months. From there he went to Paducah where he worked for the Sheriff's Department for 26 months and for the PD of Paducah for 27 months. He joined the force here about a month ago.

All three of the men list their most exciting and anxious moments when each flushed out persons who were inside buildings and were armed.

Taylor said he once got a person out of a laundry, and then found out he was armed. As he

was driving by the firm he directed his spotlight on him, went in, turned the flashlight on the culprit, and apprehended him. Taylor didn't know until it was over that the man was armed. "... then, I got excited," Taylor said.

Taylor said the odd thing about the entire crime was that the man broke in the back of the building and the front door of the building was unlocked.

Powell's story about his most exciting moment was similar. Powell and another member of the Paducah PD were out one night and found two boys inside the school building. When they got the vandals out they found they were armed, but those from

OF LAW — The "Chain of Command" Police Department gathers in the office of the City Manager to study a legal point. Seated is Bill Taylor, chief of police, and standing left to right are: City Manager Olen Petty, Royce Powell, James Isbell and Mayor of Floydada, S. W. Ross.

National Convention Delegate Reports To County GOP Head

Editor's Note — The following is a letter received recently from Wilburn England of Plainview, a delegate to the national convention, by John Farris, the chairman of the Floyd County GOP, that is an expression of the 19th Congressional District's feelings about the convention.

Mr. John Farris
Floyd Co. Republican Chairman
Floydada, Texas
Dear John:

and his remarkable devotion to his party.

can understand. Working for him is the discontent of people who recognize danger in centralized government; who recognize the incredible burden placed on our economic system but those who never understand it, and realize that the Johnson Administra-

tion is incapable of putting an end to racial turbulence and guerrilla warfare in our own nation. I think Goldwater can do it and thereby this nation will profit in all its diverse and wonderful realms of life.

I am humbly grateful to have had the honor to serve as a delegate to the Republican Convention from the 19th Congressional District of Texas. I am proud to have been a small part of the great contribution the Texas delegation made to this most successful convention.

Viva Ole
Wilburn England

Fortenberrys To Hold Reunion

The Fortenberry annual reunion will be held in Lockney on Saturday, August 8 in the American Legion Hall. The meeting for the business session will start at 10:30.

Rev. Nix of Lubbock will bring the devotional. He is well known in Floyd County and is an old time friend of the Fortenberrys. Those wishing to attend should bring a covered dish for the noon meal and enjoy a good fellowship with the families. All are extended a hearty welcome to be present, according to Mrs. E. J. Durriss, secretary and treasurer of the reunion.

WARRANT OFFICER McPEAK AND FAMILY HERE ON VISIT

Chief Warrant Officer and Mrs. Melvin McPeak and their children arrived in Floydada Thursday from Cherry Point, North Carolina for a visit with their parents, Mr. and Mrs. Vernon McPeak and Mr. and Mrs. A. M. West. Both McPeak and his wife attended schools in Floydada. Mrs. McPeak is the former Juanell

The selection of Senator Barry Goldwater as the Republican party's standard bearer is a matter of vital significance to citizens of both parties, as well as the nations political independence. It means that the vital center of American politics has shifted to conservatism, that the Republican Party serves notice that the south shall no longer be an impregnable bastion of the Democrats, and that a groundswell of Conservatism is sweeping the nation.

Senator Goldwater overcame the combined opposition of Eastern kingpins and financiers, a frequently hostile communications media, the barbs of various politicians of both parties, the disadvantage of being a candidate from a small, relatively insignificant state, so far as politics is concerned, and the problem of expressing his philosophy to audiences which were just awakening to the significance of the ideals.

Senator Goldwater triumphed because of his dedication to a set of sound principles in the face of hostility and political sniping; his uncompromising moral and religious commitment, his challenge to the American people to provide for themselves rather than submit to a paternal and authoritarian government.

West. McPeak is a member of the Marine Corps, and is on a month's furlough.

1964 REFRIGERATOR NEWS
We are told of the almost four million refrigerator-freezers sold in 1963, about half of them were 14 cubic feet and larger, which goes to prove that families are wanting electric refrigerator-freezers that are bigger and of course, better. The new capacity models take up no more, sometimes even less floor space than the older, bulkier but smaller sizes.

door panels to match the kitchen cabinets. It seems you can get care for your money today in electric refrigeration than ever before.

What's the hardest working appliance in your kitchen? When you stop to think about it, isn't it your electric refrigerator-freezer? A silent servant, it works 24 hours a day, year in and year out, never asks for a raise or a vacation. In fact, it works hardest in the summer, jammed full of fresh fruits, vegetables, meats, iced drinks, salads and frozen desserts. It keeps foods safe, fresh and palatable.

For families needing maximum fresh food storage space, the "all" refrigerator and matching upright freezer are gaining in popularity.

NO DEFROSTING EVER — refrigerator-freezers that are completely frostless in both the fresh food and freezer sections—have made a real hit. It is wonderful to put an end forever to manual defrosting. Just think of the saving in time and energy! No more putting pans of hot water into the freezer section to defrost it! Taking frozen foods out; wiping up the "drippings" and having to work fast to get it all done before foods defrost.

Summertime beverages for family consumption and parties require a lot of ice cubes and many number of the new models have automatic ice-makers to keep a constant supply on hand. Putting an end to constantly have to fill trays, put extra quantities in plastic bags and store—which takes up valuable storage space you would like to use for other foods.

FARM SAFETY TIPS — WILLIE WIREDHAND SAYS:
Neat and orderly homes are SAFER HOMES. Have a place for everything and keep everything in its place. Eliminate unsafe practices in the kitchen and elsewhere over the farm.

APPLE PIE IN THE BAG
Make a rich pastry crust and fill with sliced apples. Add approximately 3/4 cup sugar and cinnamon to taste.

DUTCH APPLE PIE
Part and slice or cut fine, 5 or 6 tart apples. Cut butter or oleo into flour and sugar:

Scouts Amazed At Some Sight, Appalled At Others On Tour

Editor's Note: This is the last in a series of reports sent to the Hesperian by Lon Johnston, son of Mr. and Mrs. Ralph Johnston of Floydada. The Hesperian staff is grateful to Lon for taking his time to keep the readers of this paper informed about their sons who were on the trip.

Monday, July 20 — At 7:15, Region 9, the region Texas, New Mexico, and Oklahoma are in, held a campfire. At all campfires, where more than one state is represented, each state tried to out yell the other.

Such was the case at this campfire, everytime a group from Texas would do an act, Texas would really yell. Then Oklahoma would try to out do us, but they were never successful.

Even at campfires where all states are represented Texas always seem to do the other states.

Anita Bryant and Hoss Cartwright were special guests at our campfire Monday.

Anita was singing and kissed a Texas scoutmaster. He said "I'm from Texas." Then she said "I'm from Oklahoma and I bet this is the first time those two states have ever kissed and made up."

Tuesday, July 21 — Our troop, the Tigers, go into area finals today at 8:45. There will be thirty-two teams in competition today.

Our team won the section finals over twelve teams Saturday.

Scoutmaster officially opened today. There were many activities during the day such as trading, running the obstacle course, and seeing the skill-o-rama.

At 9:00 that morning, we had a flag raising ceremony. First the American flag was raised at the section headquarters, then each troop raised their troop flag.

We then left for the large arena for the big opening ceremony.

Lady Baden Powell, wife of the founder of scouting and the president of the Boy Scouts were on the program.

After they spoke we had a series of long plays on American history, and then had a five minute display of fireworks.

We got in bed at 11:00 and everyone was tired.

Saturday, July 18 — We got up this morning around 6:15 or 6:30 and had flag raising ceremonies again.

We practiced building a fire by flint and steel for the skill-o-rama and then took a hike on the blue trail.

Friday, July 17 — The Jam-

tel, we skipped lunch and left immediately by bus for the ferry to the Statue of Liberty.

When we got to the dock, the boat was already gone.

We then took a boat to Stanton Island, where we could see New York's skyline and the statue.

After the boat trip, we took a subway to Times Square, saw Grand Central Station, Rockefeller Center, and ate at an automa-

Lights out was at 11:00 and everyone had a room check at that time.

Boy's rooms ranged from the 5th floor to the 25th.

Tuesday, July 14 — We got up at 6:00 p.m. and took the subway to the World's Fair. When we arrived at the fair, it had not yet opened, and we were in line.

Some of the places visited were the Ford Building, General Motors, Bell Telephone, the Monorail, the Texas Pavilion and others.

Thursday, July 16 — We left for Washington, D. C. Thursday and saw many interesting places.

We saw the white house, the Capitol Building, the Jefferson Memorial, Lincoln Memorial, Washington Monument, Kennedy's Grave, Smithsonian Institute, the Senate and the House.

George Mahon had his secretaries show us all over the city.

We traveled through five states in about seven hours, and returned to the Jamboree site around 11:30 that night.

Friday, July 17 — The Jam-

Scout's Return Trip Home Welcomed By Boy's Parents

They scored a total of eighteen points.

Tommy Wylie is the only boy from Floydada that is on the team.

In winning the section total they won first in the obstacle course, log roll, two-man carry, and a second in the tire roll.

Our boys tied for first in the area finals with two other teams.

When the tie was broken our team finished second in the area.

Some people from up north walked by our camp today and saw our grease pit. The woman looked at her husband and said "That must be where they keep their lizards." And her husband replied, "Must Be."

At 12:30 the troop, left for the rifle range. After the rifle range, Doug Pitts, troop scoutmaster took a few of the boys on a nature hike. Both of these activities were required for the adventure award.

After supper, it began to rain, and many troops in our section were flooded out of their camps. Our troop was lucky because only a few of our tents got water in them.

Wednesday, July 22 — By today, nearly everyone in our troop had finished work on their adventure award, or just lacked one thing.

At 3:30 we left to shoot skeet, and when we had done this it completed the requirements of the award.

At 7:30 we left for a section campfire where we were entertained by talent from our section. All the talent was judged, and the two boys from Matador and Quitaque in our troop won first.

Thursday, July 23 — We started taking the camp apart, and getting ready to leave for home early in the afternoon.

At 7:15 we left for the arena where the closing ceremony was held.

We were honored at this ceremony by the presence of President Johnson, honorary president of the Boy Scouts of America. He was awarded the Silver Buffalo, the highest award in scouting.

The program was based on the Progress of the United States from 1900 to the 1960's.

The showers were busy as everyone prepared to clean up for the trip home.

Many parents may have wondered if their boys were staying clean, but they had no reason to worry, because each boy TRIED to stay clean.

Friday, July 24 — We left the Jamboree site early today, and all were eager to start the trip home.

The first stop was at Gettysburg National Park in Gettysburg, Pennsylvania.

We stopped for lunch at the Endless Caverns near New Market, Virginia, and then stopped at the Natural Bridge to see it.

Supper was served at Archies Supper Club in Roanoke, Virginia, and the we slept on the pavement outside.

Saturday, July 25 — We left Roanoke at 7:30 and stopped for a brief lunch at Rogersville, Tennessee.

We spent the night at Sewart Air Force Base near Nashville, Tennessee, and also ate supper there. Nearly all of this day was spent traveling.

Sunday, July 26 — We left the Base at 8:30 and traveled to Memphis, where we ate lunch at the Mark Twain Cafeteria.

We arrived at the Red River Army Depot near Texarkana, at 9:30 and spent the night in the Base gym.

We had a small church service on the bus, that was lead by a few of the boys.

Monday, July 27 — We left for home at 7:00 and stopped at Wichita Falls for lunch. We arrived in Floydada at 5:30, and are all glad to be home.

SOUTH PLAINS NEWS by Mrs. Murray Julian

Some Showers Fall At South Plains

SOUTH PLAINS, August 2 — Showers fell at South Plains Wednesday night as Mr. and Mrs. Nathan Mulder conducted prayer meeting at the Baptist Church. Some spots such as the Donald Bean farm got 2 inches, but it was not wide spread, and while half an inch fell in other spots near the Bean, Wendie Johnson and Stanforth farms, the southern area received none. Eugene Beedy and the Taylor ranches got about .70 but our community needs a good general rain.

Rev. and Mrs. David Reddout arrived here Wednesday for a few days visit with her parents, Mr. and Mrs. Leighton Teeple. He is a minister at Boise City Assembly of God in Oklahoma, and they left for home on Saturday afternoon.

Mr. and Mrs. Bill Harper of McAleer, Tex., visited briefly here Thursday with the Lee Pearsons, and other friends and relatives. They are on the way to California for a vacation with their daughter, the Frank Jackson of Lubbock.

Miss Nellie Bryant of Silverton was a visitor here Wednesday with Mrs. George West.

Mrs. Murray Julian went to Floydada Thursday afternoon where from 3-5 she attended a lingerie shower for Miss Janet Kay Moore, bride-elect of Bruce

Julian. The party was held in the beautiful new home of Mr. and Mrs. Jack Stansell on South White Street.

Mrs. Maud Brister came home from the Lockney Hospital last Tuesday evening, and is recuperating from her attack of bronchitis.

Mrs. R. L. Holland of Lockney, Mrs. Don Marble, and Mr. and Mrs. Sterling Cummings were in Plainview Monday afternoon at 3 p.m. for the funeral services of Mr. Luther G. Rhine, 70, of Plainview, formerly of Lockney, and the services were held at the First Baptist Church. He had passed away while at Gorieta Baptist Camp, and had been a long time friend of all the Cummings family.

Maury and Matt Probasco spent the week end from Friday to Monday down at Crosbyton with their grandparents, Mr. and Mrs. Hubert Holcomb.

Mr. and Mrs. Don Marite spent Saturday night at the home of Mr. and Mrs. Marvin Wells enjoying colored television.

Mrs. Bryant Higginbotham kept her grandson, Bryant, Thursday through Friday while Bryant's parents, the Alton Higginbothams and Kelly were in Amarillo on business.

J. Frank Parks got home Thursday night from Lubbock where he has been attending summer classes at Texas Tech. He will enter McMurry College at Abilene in the fall.

Dale West spent from Thursday to Sunday in a Lubbock hospital where he underwent tests, and he is back home now and getting along fine.

Mr. and Mrs. C. Prat and Mr. and Mrs. Marvin Wells were among those from here who went to Lubbock Friday night at 8 p.m. where they attended the Republicans for Goldwater assembly at the Municipal Auditorium, with Ed Foreman, congressman from the 16th District, speaker for the evening, and "The Goldwaters" folksingers, entertained the crowd. Local candidates also made their appearance.

Mrs. N. C. McCain spent all this past week with her daughter, Mrs. Fred Fortenberry and husband, and she is to go home to Tulsa Monday.

Mr. and Mrs. George West went up to Amarillo Friday to visit Mrs. Truman Bradshaw at the hospital, but she had been taken home to Claude to Eulan Bradshaws Thursday afternoon.

Mrs. Bradshaws sister, Mattie, from Tucson is with her. Visitors at the West home the past week have been Mr. and Mrs. Carl Huckaby on Tuesday night and Mr. and Mrs. Lee Pearson on Friday night.

Mr. and Mrs. Larry Smitherman of Amarillo spent this week end here with their parents, the Ernest Smithermans at the Field-

Among those from here who attended the bridal coffee at the Cedar Hill Baptist Church Friday morning from 10 to 11 were Mrs. Bryant Higginbotham, Mrs. Murray Julian, Mrs. David Reddout, Mrs. Leighton Teeple, and Mrs. Fred Fortenberry. The bridal coffee honored Miss Jacqueline Yeary, daughter of Mr. and Mrs. Jack Yeary, who will wed Mr. Jerry Billington of Lockney.

Sharon Evans came Saturday from Amarillo to spend the night and Sunday here with her grandparents, the George West family, and she took Joel and Todd home with her, after they had also visited their grandparents a few days.

Mrs. Elmer Biggs and Ricky and her mother, Mrs. Skeet Thornton left Thursday to go to Houston where on the week end they planned to attend a reunion near Houston of the Thornton families. They plan to be home this Monday.

Mrs. Murray Julian went to Floydada Saturday afternoon to the Fellowship Hall of the First Baptist Church to attend the lovely bridal shower honoring Miss Janet Kay Moore, who is to be wedded September 5, to Bruce Julian of the South Plains Community. Mr. and Mrs. Edell Moore of Floydada are the parents of Janet Kay.

The refreshment table featured beautiful rose and white floral arrangements, and milk glass accessories were used. Hostess gifts

Sister Of Odell Martin Succumbs

Mrs. Kenneth Watson, 33, the former Billie Arlene Martin of Dougherty, died Sunday in Hi Plains Hospital in Hale Center after a brief illness.

Mrs. Watson became ill Thursday with myasthenia gravis, a muscular and nerve disorder.

Funeral rites were conducted Tuesday in the Matador Church of Christ. Burial was in Matador East Mount Cemetery.

The deceased was a native of Motley County and was the daughter of the late L. O. Martin of Dougherty and Mrs. Martin now of El Monte, Calif. She attended schools in Floreat, Matador and Dougherty, and had at one time resided near Floydada, Plainview, and Lubbock.

She was married to Kenneth Watson this year in Toas, N. Mex., and the couple moved to Hale Center at that time.

Survivors include her husband; a daughter by a former marriage, Glenda Sue Williams, Hale Center; her mother; four sisters, Mrs. Faye McDonough, Plainview, Mrs. Nada Whitaker, Leoti, Calif., Mrs. Georgia Boggs, Plainview and Mrs. Ruth Barrett, Woodland, Calif.; five brothers, Owell Martin, Floydada, Harold Dean and Gordon Martin of El Monte, Calif., Don of Hobbs and Wright of Spur.

Sister Of Odell

at Abilene in the fall.

Farm Bureau Facts And Faces

JANET HOLMES and Olin Dege will board the chartered Greyhound bus at 6:45 a.m., in Floydada on August 11. They will be among about 210 high school students attending the Farm Bureau Citizenship Seminar on the campus of Sam Houston State Teachers College, Huntsville, Texas. The Seminar will be an intensive course in citizenship, our American heritage, the proper role of government and the threat of communism. It is designed to complement the formal education of these young folks and to make it more meaningful for them. Several lectures will concern first hand accounts of people who have been under communistic rule.

TONIGHT, Thursday, August 6, is the regular quarterly conference for presidents and secretaries of District II. The dinner meeting will begin at 7:30 p.m. in Holiday Inn East, Lubbock. Guest speaker will be Steve Lilly of Nacogdoches county. His subject will be "The Role of Young People in Farm Bureau." Don Probasco has graciously consented to participate in the demonstration discussion meet. Attending from Floyd County will be Mr. and Mrs. David Battey, Jr., Mr. and Mrs. A. C. Pratt, Mr. and Mrs. Don Probasco, Mr. and Mrs. Bill Sherman, Mr. and Mrs. Eddie Fortenberry, and Mr. and Mrs. Wilbur Adams.

TUESDAY EVENING, August 4, Mr. and Mrs. A. C. Pratt traveled to Paducah to be judges in the Cottle County Farm Bureau Queen's Contest.

Chapman College, Orange, Calif., Dr. John L. Davis, president of the college, has announced. A graduate of Floydada High School, she plans to major in social sciences as a pre-teaching student.

Local Girl To Attend College In California

PUBLIC NOTICE

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 10 proposing an Amendment to Section 51a of Article III of the Constitution of the State of Texas by adding a new Subsection to be known as 51a-2; giving the Legislature the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient, for direct or vendor payments for medical care on behalf of individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance and who are unable to pay for needed medical services; providing for the acceptance of financial aid from the Government of the United States for such medical payments; providing that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds for such purposes; providing further, however, that such medical care, services or assistance shall include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision.

"The Legislature shall have the authority to accept from the Government of the United States, such financial aid in the form of medical assistance on behalf of the needy individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services, as such Government may offer not inconsistent with restrictions herein set forth."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election to be held on the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to the Constitution giving the Legislature the power to authorize vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age and over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and providing that the amount matchable out of state funds shall never exceed the amount matchable out of Federal funds; provided, however, that such medical care, services or assistance shall include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

Section 3. The State of Texas is directed to issue the proclamation for the election and have the same and held as required by the Constitution and the laws of the State of Texas.

Dry Weather Prevails Here

Aug. 3, 1964 — The Cedar Hill Baptist Church in the presence of their pastor Bro. Leo Buscher.

Rev. and Mrs. Hollis Shewmake and family were Sunday dinner guests of Mr. and Mrs. W. E. Lackey. Other visitors in the Lackey home Sunday were Mrs. Clifford Golightly, Mr. and Mrs. J. C. Fowler and Clayton.

Rev. and Mrs. R. P. Barnard and children from Borger were week end visitors in the home of Mr. and Mrs. J. G. Tucker. Rev. Barnard is a former pastor of the Assembly of God church.

Mrs. Junior Taylor, Sheila and Bud and Mrs. M. H. Taylor went to Amarillo Monday afternoon to take her mother, Mrs. E. H.

CONE NEWS by Melba Wideman
Birthday Celebrated In Hospital

CONE, August 3 — Mrs. D. C. Flurry, Sr. was taken to Crosbyton Hospital on Thursday suffering from high blood pressure. At this time she is some improved and celebrated her eighty-third birthday in her room at the hospital on Monday when several friends called on her.

Visitors of Elder and Mrs. Joe Jackson and Carl Lynn and to the H. R. Nances during the week were L. H. Aildredge, Denver City, and Mrs. George Hammar, Irving. Mrs. Hammar taught school here several years ago.

Mr. and Mrs. David Stewart and Rhudy, Mr. and Mrs. R. C. Stewart, Sr., Floydada, and Mrs. Marie Jones, Sanger, California, all attended a Stewart Family reunion in Stephenville over the weekend.

Mrs. Frank Buckingham and Jill, from the state of New Hampshire, Mrs. Jack Mara, Jim, David and Pam, and Mrs. A. J. Mara, Decatur, arrived last Wednesday for a visit with Mr. and Mrs. Roy Mara and Mollie. The Buckingham's left on Saturday.

Judie of Kress visited Sunday in the home of Mr. and Mrs. Bud McGowan.

Mrs. George Taylor, Jerry and Tracey of Lockney visited Saturday afternoon in the home of Mr. and Mrs. Tom Fortenberry.

Mr. and Mrs. Joe Fortenberry, Eula Mae Lyles, Jimmy and Danny Durham went to Lubbock and enjoyed a picnic lunch at the Mackenzie Park on Thursday.

Mr. and Mrs. Durrel Fortenberry took Bryan back to Lubbock Monday for a medical check. He seems to be doing good.

Mical Fortenberry was admitted in the Lockney General Hospital Saturday suffering from a Virus. His condition had improved some Sunday afternoon.

Mrs. Mammie Yearly and Andrew were Sunday dinner guests of Mr. and Mrs. Esley Yearly.

Mr. and Mrs. Eddie Fortenberry were Sunday dinner guests of Mr. and Mrs. Joe Fortenberry.

Mr. and Mrs. Elden Fortenberry and family were Sunday dinner guests of her parents Mr. and Mrs. C. W. Vitihov in Plainview. Stevie will go with his grandparents to Arkansas on a vacation.

Rev. and Mrs. R. P. Barnard, Dorla and Ronnie spent Sunday night in the home of Mr. and Mrs. Elden Fortenberry.

Mr. and Mrs. Syd Brown of Floydada were Sunday dinner guests of Mr. and Mrs. Albert Mize.

Mr. and Mrs. Albert Mize spent Monday with Mr. and Mrs. Walton Wilson helping can corn.

The annual Yearly and Gilly reunion was held in Lubbock at the MacKenzie Park with a good number present. Those attending from here were Mr. and Mrs. Rene Yearly, Mr. and Mrs. Jack Yearly and family, Mr. and Mrs. Eugene Gilly and boys, Mr. and Mrs. C. L. Gilly and family, Karen Hart from Canyon and Leona Merrell. The Eugene Gilly and family left from the reunion for Ruidoso where they will spend a few days vacation.

Mr. and Mrs. Bill DuBois and boys were Sunday dinner guests of his parents, Mr. and Mrs. Ed Del DuBois.

Mr. and Mrs. Weldon McCormick attended the 50th anniversary celebration of Mr. and Mrs. C. B. Lyles Sunday afternoon. Mrs. Frank Breed attended the Martin Usselson reunion in Navona Sunday.

The Fortenberry's will have their 13th annual family reunion in Lockney at the American Legion Hall Saturday, August 8th, starting at 10:30 a.m. All relatives and friends of the family are invited to attend, come and let us enjoy a get together.

Rev. and Mrs. Leo Brashur and girls left this a.m. for a two weeks vacation. They will visit her grandparents in Kentucky and on to Dayton, Ohio where he will visit his parents. We hope for them a nice vacation. Rev. Hollis Shewmake of Plainview will preach in his absence.

Mendoza Takes Part In Program
 FORT BUCKNER, OKINAWA (THINC) — Army Pvt. Juan J. Mendoza, son of Mr. and Mrs. Patricio Mendoza, Floydada, Tex., participated in a people-to-people program during the third annual American-Ryukyuan carnival and cattle fair held at Fort Buckner, Okinawa, July 10-12.

Mendoza aided in demonstrations and events as part of the program, which was created to raise funds for the Okinawan Recreation and Welfare Association. The funds will be utilized to help support community relations and people-to-people projects during the coming year.

Mendoza is assigned as a fire control operator in Battery D of the 1st Artillery's 8th Missile Battalion on Okinawa.

The 22-year-old soldier attended Odeum High School and was engaged in farming before entering the Army.

FLOYD DATA
 Mr. and Mrs. C. M. Lyles are in Farmington, N. Mex., visiting with relatives. They report good rains and the valleys are green in that area.

TOWER
 (Continued From Page 2)
 mittie recently shed some light on the paradox of declining farm income and increasing federal expenditures in the agricultural field in a report that said this:

"A major portion of the funds expended by the Commodity Credit Corporation for price support and related activities go to non-farm groups, including warehousemen, transportation companies, exporters, consumers and others. A review of the major elements of cost for the past five years shows that the percentage of CCC payments to non-farm groups has run 58 to 59 per cent in 4 of the last 5 years."

It can readily be seen from this that the problems of agriculture have ramifications throughout our economy. We should devote a great deal of time and effort aimed at taking this matter out of the realm of politics. A sound solution would not only help the farmer and rancher, it would help everyone else in our economy.

The Senate also passed this week, over my opposition, the so-called "poverty bill." This measure purports to spend nearly a billion dollars in various programs that would eradicate poverty supposedly. We were successful in attaching some amendments that improved the bill somewhat, but it is still nothing but an attempt to get votes with tax dollars. It would amount to a mere drop in the bucket as far as present expenditures are concerned in the field of social welfare, and it would set up a poverty czar with almost unlimited power to spend tax money in league with local politicians.

The Labor Committee, of which I am a member, has approved a legislation dealing with impacted school areas. This legislation provides funds for those school districts where an influx of federal employees, or military personnel, has worked an undue burden on local school districts. I have supported this legislation in the past and will continue to give it my support.

This legislation has now been included in general education legislation with which I am not in agreement, but I will do everything possible to see that the impacted areas legislation survives intact.

VP Of Phillips Will Speak At Field Day

Cullough, Vice President of Phillips Petroleum, Bartlesville, Oklahoma, has been designated as the guest speaker for the Eighth Annual Field Day on Thursday, September 10, for the High Plains Research Foundation.

Dr. Earl H. Collister, Director of the Foundation, said that the expectations of an even larger crowd than last year's 4,000 plus visitors are looked for this year.

Tours of the Foundation will start at 1:30 p.m. with visitors comfortably seated on benches on large trucks as they are transported around the 310 acre Foundation farm at Halfway. The tours will continue until the barbecue at 5:00 p.m. There will be five stops on the tour where members of the Foundation staff will explain the research underway. Guides on each truck will explain the research project to be viewed between the stops.

The guides will be professional agricultural personnel composed of County Agents, Soil Conservation Service Representatives, Vocational Agricultural instructors, F. H. A. personnel and members of the Young Farmer chapters.

Included in the afternoon program will be tours of the Killgore building and Laboratory, the Jim Hill Greenhouse, lawn grass plots, shrubbery displays, farm shop, seed laboratory, and the twenty saw cotton gin. These can be seen before or after the farm tours.

A patriotic and musical program will entertain the visitors in the late afternoon. At 5:00 p.m. the visitors will be the guests of the Hale County State Bank and the Plainview Co-op Campground at the traditional barbecue. Mr. McCullough's address will be at 6:00 p.m.

Brother of L. G. Withers Dies
 J. B. (Jerry) Withers, former resident of Vernon and brother of L. G. Withers of Floydada, died Wednesday of last week in the veterans hospital in Amarillo. At the time of his death Mr. Withers made his home in Dalhart.

Funeral rites were conducted Friday in the Henderson Funeral Home Chapel in Vernon with the pastor of the First Baptist Church there officiating. Burial was in East View Memorial Park in Vernon.

Mr. Withers was born in Vernon and was the son of the late Mr. and Mrs. J. B. Withers Sr., who came to that area in 1890. He was 69 years of age and was a well known carpenter. He was a member of the First Baptist Church in Dalhart where he married in 1958. Mr. Withers was a veteran of World War I.

Survivors include the Floydada brother; two sisters, Mrs. Duke Nash of Childress and Mrs. Dan Lakes of Sulphur.

MCINTOSH'S HOME FROM TRIP
 Mr. and Mrs. Jack McIntosh and children returned home Thursday from an extended trip which took them to Knoxville, Tenn., where Mrs. McIntosh lived as a girl. The family visited relatives enroute there on their return home and also visited in the blue grass state.

The McIntoshs also attended the major league ballgame in St. Louis between the Cardinals and Pirates.

They are in the process of moving in the near future into the home of Mrs. McIntosh's parents, Mr. and Mrs. A. H. Kreis on the Matador highway. Mr. and Mrs. Kreis have purchased the home of Dr. and Mrs. Douglas Pitts in Floydada, who are moving to Dallas to reside.

FLOYD DATA
 Mr. and Mrs. Grady Freeman have returned home from Truth Or Consequences, N. Mex., where they spent several days taking hot mineral baths. The Freemans said they got in some good fishing and the weather was nice. It rained three nights straight, skipped one night and rained again the following night during their stay there.

Born to Mr. and Mrs. O. L. Lowrance of Starkey, a son, Victor Jean on July 30.
Born to Mr. and Mrs. Dorris Jones of Floydada, a daughter, Linda Gay, on August 1.

Mendoza Takes Part In Program

FORT BUCKNER, OKLAHOMA (THHNC) — Army Pvt. Juan J. Mendoza, son of Mr. and Mrs. Patricio Mendoza, Floydada, Tex., participated in a people-to-people program during the third annual American-Ryukyuan carnival and 75-cent fair held at Fort Buckner, Okinawa, July 10-12.

Mendoza aided in demonstrations and events as part of the program, which was created to raise funds for the Okinawan Recreation and Welfare Association. The funds will be utilized to help support community relations and people-to-people projects during the coming year.

Mendoza is assigned as a fire-control operator in Battery D of the 1st Artillery's 8th Missile Battalion on Okinawa.

The 22-year-old soldier attended Oden High School and was engaged in farming before entering the Army.

FLOYD DATA

Mr. and Mrs. C. M. Lyles are in Farmington, N. Mex., visiting with relatives. They report good rains and the valleys are green in that area.

TOWER

(Continued From Page 2)
mittie recently shed some light on the paradox of declining farm income and increasing federal expenditures in the agricultural field in a report that said this: "A major portion of the funds expended by the Commodity Credit Corporation for price support and related activities go to non-farm groups, including warehousemen, transportation companies, exporters, consumers and others. A review of the major elements of cost for the past five years shows that the percentage of CCC payments to non-farm groups has run 58 to 59 per cent in 4 of the last 5 years."

It can readily be seen from this that the problems of agriculture have ramifications throughout our economy. We should devote a great deal of time and effort aimed at taking this matter out of the realm of politics. A sound solution would not only help the farmer and rancher, it would help everyone else in our economy.

The Senate also passed this week, over my opposition, the so-called "poverty bill." This measure purports to spend nearly a billion dollars in various programs that would eradicate poverty supposedly. We were successful in attaching some amendments that improved the bill somewhat, but it is still nothing but an attempt to get votes with tax dollars. It would amount to a mere drop in the bucket as far as present expenditures are concerned in the field of social welfare, and it would set up a poverty czar with almost unlimited power to spend tax money in league with local politicians.

The Labor Committee, of which I am a member, has approved a legislation dealing with impacted school areas. This legislation provides funds for those school districts where an influx of federal employees, or military personnel, has worked an undue burden on local school districts. I have supported this legislation in the past and will continue to give it my support.

This legislation has now been included in general education legislation with which I am not in agreement, but I will do everything possible to see that the impacted areas legislation survives intact.

TWENTY

sister, Mrs. Annie Carson. In Louisville they visited a cousin, Mrs. Roy Foreman and stopped in Hot Springs, Arkansas for a day's visit. They returned on Saturday.

VP Of Phillips Will Speak At Field Day

Cullough, Vice President of Phillips Petroleum, Bartlesville, Oklahoma, has been designated as the guest speaker for the Eighth Annual Field Day on Thursday, September 10, for the High Plains Research Foundation.

Dr. Earl H. Collister, Director of the Foundation, said that the expectations of an even larger crowd than last year's 4,000 plus visitors are looked for this year.

Tours of the Foundation will start at 1:30 p.m. with visitors comfortably seated on benches on large trucks as they are transported around the 310 acre Foundation farm at Hallway. The tours will continue until the barbecue at 5:00 p.m. There will be five stops on the tour where members of the Foundation staff will explain the research underway. Guides on each truck will explain the research project to be viewed between the stops. The guides will be professional agricultural personnel composed of County Agents, Soil Conservation Service Representatives, Vocational Agricultural instructors, F. H. A. personnel and members of the Young Farmer chapters.

Included in the afternoon program will be tours of the Killgore building and Laboratory, the Jim Hill Greenhouse, lawn grass plots, shrubbery displays, farm shop, seed laboratory, and the twenty saw cotton gin. These can be seen before or after the farm tours.

A patriotic and musical program will entertain the visitors in the late afternoon. At 5:00 p.m. the visitors will be the guests of the Hale County State Bank and the Plainview Co-op Compress at the traditional barbecue. Mr. McCullough's address will be at 6:03 p.m.

Brother of L. G. Withers Dies

J. B. (Jerry) Withers, former resident of Vernon and brother of L. G. Withers of Floydada, died Wednesday of last week in the veterans hospital in Amarillo. At the time of his death Mr. Withers made his home in Dalhart.

Funeral rites were conducted Friday in the Henderson Funeral Home Chapel in Vernon with the pastor of the First Baptist Church in there officiating. Burial was in East View Memorial Park in Vernon.

Mr. Withers was born in Vernon and was the son of the late Mr. and Mrs. J. B. Withers Sr., who came to that area in 1890. He was 69 years of age and was a well known carpenter. He was a member of the First Baptist Church in Dalhart where he moved in 1958. Mr. Withers was a veteran of World War I.

Survivors include the Floydada brother, two sisters, Mrs. Duke Nash of Childress and Mrs. Dan Liles of Slaton.

MCINTOSH'S HOME FROM TRIP

Mr. and Mrs. Jack McIntosh and children returned home Thursday from an extended trip which took them to Knoxville, Tenn., where Mrs. McIntosh lived as a girl. The family visited relatives enroute there on their return home and also visited in the blue grass state.

The McIntosh's also attended the major league ballgame in St. Louis between the Cardinals and Pirates.

They are in the process of moving in the near future into the home of Mrs. McIntosh's parents, Mr. and Mrs. A. H. Kreis on the Matador highway. Mr. and Mrs. Kreis have purchased the home of Dr. and Mrs. Douglas Pitts of Floydada, who are moving to Dallas to reside.

FLOYD DATA

Mr. and Mrs. Grady Freeman have returned home from Truth Or Consequences, N. Mex., where they spent several days taking hot mineral baths. The Freemans said they got in some good fishing and the weather was nice. It rained three nights straight, skipped one night and rained again the following night during their stay there.
