

District Judge Rules In Favor Of School Board

Decision Given After 1 1/2 Days Hearing

After hearing testimony all day Friday and until noon Saturday District Judge Robert H. Bean ruled in favor of the school board in a school tax suit entitled Edd Muney et al vs. Ralph Johnston et al here in district court.

The ruling in favor of the defendants (school tax assessor-collector, board of equalization and school board) came after thirteen witnesses were heard: members of the school board, Johnston, L. D. Simpson, Jack Stansell, Howard Gregory, Ernest Lee Thomas, Dennis Dempsey and W. L. Davis; tax assessor-collector David Eaton; and board of equalization members Dorris W. Jones, Melvin A. Jarboe and Marion Tucker; and Clay Henry, president of the First National Bank in Floydada.

A certified public accountant from Plainview, Roy Brown was also a witness.

The suit had been brought by 27 tax payers as plaintiff's alleging inequitable taxation in the school district.

The plaintiffs also sought an injunction against the school board's approving and preparing current tax rolls. The injunction was refused by Judge Bean.

Judge Bean presided in the absence of district judge L. D. Ratliff who had earlier disqualified himself.

Judge Bean instructed the school board, tax-assessor-collector or board of equalization to continue preparation of tax rolls and to collect the school taxes.

The plaintiffs gave notice Saturday of appealing the Judge's decision.

This is the second such suit faced by the school board. In 1963 the board won on two points of a three phase suit. District Judge Victory Lindsey ruled that no arbitrary values had been placed on real property values, judge E. A. Bills ruled that the tax roll should be released for collection and still pending is a report from a Master of Chancery appointed to see if all personal property was on the roll. This suit is on appeal in Amarillo court of civil appeals.

The plaintiffs alleged in this (See SCHOOL, Page 5)

AT AMERICAN LEGION HALL

Reception For Dignitaries To Officially Open Annual Fair

A reception honoring Senator Ralph Yarborough, Lieutenant Governor Preston Smith and State Attorney General Waggoner Carr will officially kick off the activities for the annual Floyd County Fair set at the Fair Grounds in Lockney next week. The event will be held Thursday, Friday and Saturday, September 17, 18 and 19.

Following the reception, which is sponsored by the women's clubs of Floydada and Lockney, will be the parade at 3 p.m. in downtown Lockney. A dedication ceremony at the Fair grounds at 4:30 and the Queen's contest at 7:30 will conclude the first day's activities. Of course the booths will be filled with the respective displays by the time the fair opens. In fact, the booths are in good condition, as reported at Tuesday night's Fair Board meeting, and will be ready today (Thursday) for those renting the space to begin setting up the displays. All the booths have been taken for some time now.

A new attraction at the Fair is the new entrance, donated by the Anderson Clayton Company. The entrance is made of steel, has a dedication plaque and a place for three flags that will be flown throughout the Fair.

To ease the minds of those fearing mosquitoes, the grounds will be sprayed this Saturday night, and will be sprayed regularly throughout the event. According to reports Tuesday night, all judges are lined up for the various display events, the sound system is in good order, and all buildings are in top condition. A new 4-H building has been added and all "old" structures have been removed from the premises.

The parking situation at the Fair will be taken care of by the Lockney Riding and Roping Club, and the Lockney Lions Club. Those attending the Fair will have a chance to see mounted patrolmen on the parking lot. All the grounds are in good condition, or as Hubert Frizzell said, "... all we lack is sweeping the grounds, and we plan to do that Wednesday."

A caravan left Floydada Wednesday morning to cover the southern and eastern regions advertising the event, and a similar caravan is to leave Lockney this morning to cover the western and northern portions of the county trade area. According to Dee Copeland, parade marshal those in the parade will line up, or get into position by 2:30 p.m., so the parade can start as scheduled at 3:00 p.m. Every band entered will receive \$25.00 and the first and second place winners will receive trophies or plaques. Also the top two Riding Clubs, floats and other entries will receive plaques.

(See LEGION, Page 5)

OUTSTANDING CONSERVATION FARMER — Gene Bloys, left, is shown being congratulated by Olin Watson, president of the Floydada Lions Club Thursday night at the conclusion of the SCS Field Tour. Bloys was named the county's Outstanding Conservation Farmer by the SC District. Watson made the presentation. (Staff Photo)

SC District Names Gene Bloys Outstanding Conservation Farmer

At the conclusion of the annual Soil Conservation Farm Tour last Thursday evening, the committee selected by the Floyd County Soil Conservation District named Gene Bloys as the Outstanding Conservation Farmer for 1964.

Bloys was introduced and given a plaque on behalf of the district by Olin Watson, president of the local Lions Club.

According to Watson, the selection is made each year on the basis of initiative, interest in conserving the soil, his ability in managing that soil, and his service to the farm and the community in which he lives.

In 1951 Bloys began farming in the Sandhill Community on an 80 acre farm.

Presently he is operating 853 acres, which he owns and rents, and carries out a very thorough conservation program on that land.

Included in this program is a conservation cropping system, in which the crops on his land are rotated in a systematic manner that is both profitable for Bloys and is good for rebuilding soil that could otherwise become depleted.

Management of residue is an other trade mark of the Bloys managed land. This conservation practice is ideal for holding valuable moisture inside the ground, where it belongs, decreases danger of soil erosion, and holds the land during the windy seasons to reduce the loss of the soil via the wind erosion route.

Bloys has bench leveled several acres of his farm to further conserve the moisture that falls on the land and sharply increase his irrigation efficiency. As much as 40 per cent of the irrigation water is normally used to irrigate land can be saved by this conservation practice alone.

Other steps toward a conservation Utopia taken by Bloys include a grassed waterway to allow water coming from other fields to flow into a lake without

taking any of the soil with it. A windbreak to help cut down on the erosion and drying effects of the west Texas wind has also been added. Nine thousand feet of underground irrigation pipe help reduce evaporation and cut down on water erosion during irrigation.

Bloys is also active in community affairs.

He is now or has been: a director of the Sandhill Community Center, director of the Floyd County Gas Association, a director in the Floyd County Farm Bureau, a coach for the Teenage Baseball organization, and a committee chairman for eradication of the boll weevil.

Water System Chlorinated

According to Charles Horton, city water superintendent, the Floydada water systems became chlorinated yesterday and will continue as such in the future.

This is one of the many steps needed to acquire State Health Department Approval of the city water system.

It should be noted that the chlorine will kill fish and other animals that live in water. If a person wishes to keep these fish he should draw water from the tap, and put it out in the sunlight and leave it about one hour for every gallon of water. This should neutralize the Chlorine.

Otherwise, people will need to buy distilled water in which to keep the fish.

The cost of the system, which was primarily installed by regular city employees, was \$3,797.

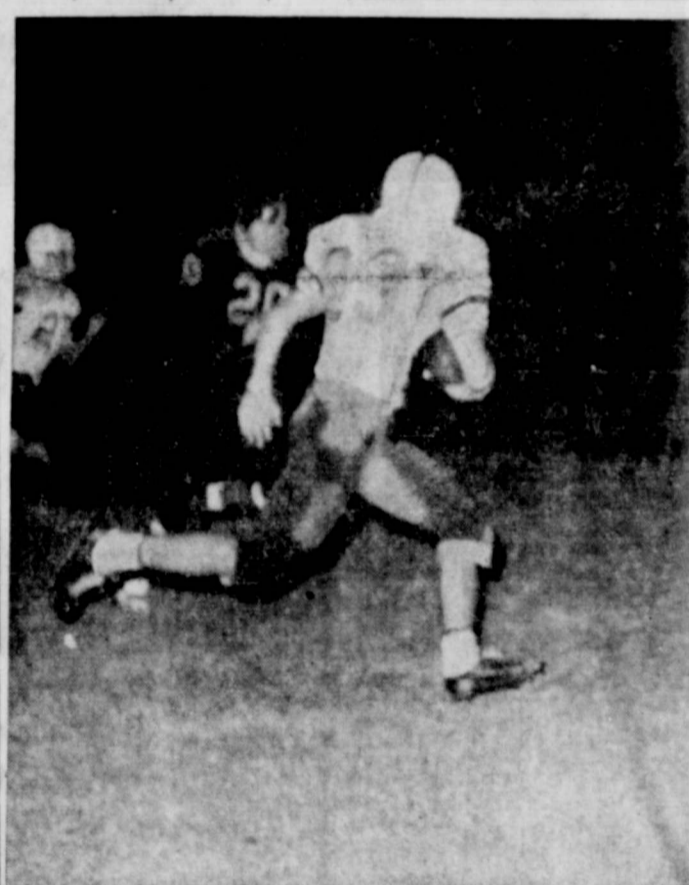

Canyon will field a team that should be much larger than the visiting "Winds," and boasts a great amount of speed. However, most of last year's team graduated and they are quite inexperienced.

The Whirlwinds, on the other hand have a light team for AA last year, but the members learned last week that they can handle a team of twelving them 18 pounds per man.

At the Quarterback Club meeting held Monday night, coach Bill Carrack gave a brief report on the Canyon team. Last Saturday afternoon that team scrimmaged Littlefield at Littlefield.

According to Carmack, the scrimmage turned into a "gang fight" at no fault of the boys, but because the officials let it get started. The scrimmage ended with Littlefield outscoring the Eagles six touchdowns to one. But the Canyon team was hard to get by.

All Whirlwind fans are urged to follow the team to this and all other games.

WINNING TOUCHDOWN — Sammy Watts is shown about to get past the last defender on his way to the winning touchdown here Friday night against Post. Shown at left is James McNeill coming up to give help. The score came on a slant off right tackle and a fourth and two situation on the Post 36. (Staff Photo)

Local Winds Take On AAA Canyon Eagles Friday Night

The Floydada Whirlwinds, still nursing a few minor injuries and fresh from a victory over a powerful Post team, will invade the Buffalo Bowl Friday night to take on the AAA Canyon Eagles.

The Eagles lost a close one to the Whirlwinds in the last game of the 1963 season and will be out for revenge.

Most of the mistakes made during the first game can be attributed to the "jitters" or, as Coach Curry stated, "immature, or kid mistakes". A number of these should be ironed out by Friday night's contest.

The Whirlwind fans should see relatively the starting line-up that was fielded last Friday night. The inside line will consist of David Lutrick, Bill Potts, Gary Campbell, Zeke Robertson, and Ronnie Eubanks.

Ends Mac Willson, Waldo West, and Phil Wylie, frequently were shuffled last week to fill the end positions.

Backs will include James McNeill, Sammy Watts, Keith Tenzue, and Steve Marler.

The game will begin at 8:00 p.m. and will be played in the Buffalo Bowl just north of Canyon on the Amarillo Highway.

All Whirlwind fans are urged to follow the team to this and all other games.

Lions Annual Broom Sale Set In Floydada Saturday

The Annual Lions Club Broom Sale is to be held this Saturday, September 12, from 8 a.m. until 5 p.m., and according to Olin Watson, president of the local club, every Lion WILL work. This is one of the largest fund raising projects the local club has each year. Another is the carnival.

In the past the response to the sale has been excellent for a number of the housewives wait until this time of year to purchase their household brooms, mops, whisk brooms, ironing board covers and pads, pot holders, dust cloths, etc.

Tommy Assiter is chairman of the broom sale committee and his group, teamed with the local Boy Scouts will canvass the entire town on that day to sell the household items.

The Lions members are urged to attend the regular noon luncheon of the club at the Colonia House today at 12:00 and receive their assignments for the upcoming fund raising event.

The truck loaded with items will be parked all day on the southeast corner of the square where the Lions and Scouts may

Holland Wins First Prize In Grid Contest

T. L. Holland proved to be the person with the most football knowledge, or more football lingo, in the first Hesperian Football Contest. However, he was pushed hard by Lee Webb and Bill Black who won second prize of \$5.00 and third prize money, \$2.50 respectively.

In winning the contest, Holland missed only the Denver City and Seminole game which proved to be a close one, 7-6. Holland predicted Seminole to win, but Denver City, the AA powerhouse overcame their AAA opponents by the one point.

Lee Webb predicted Boys Ranch to win White Deer and Idaho to defeat Sprinklake in missing only two of his predictions.

Bill Black, who also missed only two, favored Seminole over Denver City and Colorado City over Phillips.

Webb won second for guessing the total points in the Floydada-See HOLLAND, Page 5)

RALPH YARBOROUGH Texas' Senior Senator

Senator Ralph Yarborough Principal Speaker At Fair

Texas' Senior United States Senator, Democrat Ralph Yarborough, has accepted an invitation to be the principal speaker at the annual Floyd County Fair on September 17th in Lockney.

Mr. H. E. Frizzell, President of the Fair Association made the announcement after returning from the Democratic National Convention in Atlantic City where he conferred with Senator Yarborough.

Following the convention, Senator Yarborough returned to Texas aboard the Presidential plane, "Air Force One" in order to take part in President Johnson's 58th birthday celebration at Stone- wall, Texas. At that celebration,

President Johnson singled out Senator Yarborough for special praise, saying: "I don't think Texas has had a Senator during my lifetime whose record I am more familiar with than I am with Senator Yarborough's. And I don't think Texas has a Senator that voted for the people more than Senator Yarborough has voted for them. And no member of the Senate has stood up and fought for me or fought for the people more since I became President than Ralph Yarborough.

The invitation to Senator Yarborough was extended by the Board of Directors of the Lockney Chamber of Commerce, by (See YARBOROUGH, Page 5)

Boll Weevil Am Little Black Bug...

FROM MEXICO, THEY SAY... — The pest shown in the picture is now invading South Plains region, particularly on the edge. But, due to the teamwork of area agronomists, the farmers, the Extension Service, an effective control has been devised and put into effect beginning next Monday, September 14, providing every farmer in the seven area on the edge of the Caprock signs a permit to allow his field to be sprayed. Malathion is to be used, which has a good residual that is, it stays on the plant well in spite of rain or wind. Those who have not signed one permit is urged to do so at the Extension Office, any area gin, the Hesperian, the ASC office. About 85% of the Floyd County farmers have signed the permits.

SOUTH PLAINS NEWS by Mrs. Murray Julian

Maize Cutting In Full Swing

SOUTH PLAINS, September 7 about in full swing. Some fields are too green, but for the most part, farmers are hoping the dry weather holds out, so the corn bines can get into the fields. Some boll weevils have been found in fields in our area, but most have not required spraying.

JOHN B. STAPLETON
LAWYER
101 N. Main Street
TEL. YU 3-2197

Mrs. Ernest Smitherman spent last Saturday and Sunday up in Amarillo with her son, Mr. and Mrs. Larry Smitherman.

Mr. and Mrs. Fred Fortenberry plan to leave this Tuesday for an excursion back into Oklahoma, where they will vacation until Friday night.

Visitors in the home of Mr. and Mrs. P. P. Taylor, Jay Ronald and Katy on Monday afternoon were Mrs. Joe Taylor, Rise and Gregg of Lockney and Mr. and Mrs. Willie Woods of Quitaque. Grigsby Milton flew Phillip Smitherman to Austin on a business trip last Wednesday.

Sister of Mrs. Sylvin Kinnibrugh, Mrs. Lafoy Thomas of Wichita Falls, her husband and son, Lyndon, came Sunday to spend that day and Monday with the Kinnibrughs, and this Monday dinner guests with the above were Mr. and Mrs. J. A. Kinnibrugh of Vera and Mr. and Mrs. John Kinnibrugh of South Plains. The J. A. Kinnibrughs had spent Sunday night with the John Kinnibrugh family. Dian Calahan spent Sunday night with Beth Kinnibrugh, and with her family left for Abilene this Monday where the children are all enrolled in schools there, and the parents will attend Hardin Simmons University this fall.

Mr. and Mrs. Murray Julian were hosts at a rehearsal dinner at 7 p.m. Thursday, September 3, in Floydada at the Buchanan Colonial House. The dinner honored Miss Janet Kay Moore of Floydada, and the Julian's son, Bruce, and their wedding party and guests.

The table for the dinner was centered with a bouquet of red and white carnations. After the dinner the group assembled for the wedding rehearsal at the First Baptist Church in Floydada. 30 guests attended the supper.

Mr. and Mrs. Nathan Mulder arrived home Thursday from Fort Oglethorpe, Georgia, where they had gone on business last week, and they went over to Clovis, N. M., this Monday to stay until Tuesday with Cathy's grandparents, Mr. and Mrs. Blalock.

Mrs. J. P. Taylor was in Lockney Saturday afternoon at 2 p.m. at the new grade school where she met with the Athena Study Club members, and modeled a dark blue wool dress with black accessories in the style show with Mrs. Joe Taylor doing the narrations.

Mrs. Esley Yeary spent Sunday and Monday over in Wellington, near Memphis where on Sunday she attended a reunion of her family, the Phipps, with the gathering being held at the Community Building in Wellington.

Mr. and Mrs. Aaron Kinslow of Lubbock are visiting this Monday here with his brother, Mr. and Mrs. E. J. Kinslow and boys. 93 registered Sunday morning at the South Plains Baptist Church with visitors seen, Mr. and Mrs. Terry Julian and Dee of Roscoe, Mr. and Mrs. Frank Jackson of Lubbock, Mrs. Bill Burnett of San Antonio, Mrs. Bill Harper of McAllen, Otis Sandusky of Denver, Colorado. Sunday night there were baptismal services held for Mr. and Mrs. Lester Vosberg, and from the Northfield Baptist Church, Faye Lynn Cook and Gus Timmins, who were baptized by their pastor, Rev. H. S. Calahan Jr. Mr. and Mrs. Kendis Julian are also new members of the church.

The E. J. Kinslow family returned last Friday from their vacation which took them first to Williams, Ariz., where they visited her sister, Mr. and Mrs. Charles Lovelace of La Puente, Calif., then they saw the Petrified Forest and went on to Richfield, Utah, where they visited friends. They also enjoyed the Zion National Park, and Bryce Canyon National Park, the Diamond Valley near Eureka, Nevada, and then came home by Salt Lake City.

Guests with Mr. and Mrs. George Weast this Monday for lunch and the day were Mr. and Mrs. Hamm Smith of Floydada, Mrs. Skeet Thornton, and guest from near Baton Rouge, Louisiana, Mrs. S. E. Huffmaster, the former Mrs. F. O. Connor. Mrs. Weast and Mrs. Thornton plan to go to Amarillo Tuesday to take Mrs. Huffmaster to see her son, and then Wednesday she will return to her home.

Last Sunday all day visitors in the home of Mr. and Mrs. Arby Mulder were her sister and husband, Mr. and Mrs. Dale McGaugh of Littlefield.

Mr. and Mrs. Frank McClure returned home Sunday night after spending nearly two weeks down at Graham, Texas, on a vacation trip.

Fred Fortenberry left for Fort Worth Monday and returned home Tuesday after a business trip down at Grapevine.

Rev. and Mrs. H. S. Calahan Jr., and children were overnight guests Thursday night here of Mr. and Mrs. Sylvin Kinnibrugh.

Mr. and Mrs. James Teague, Earl and Bodie Joe of Lubbock are here this Monday visiting with her parents, Mr. and Mrs. L. T. Wood. Congratulations to Mr. Teague who was ordained a deacon Sunday morning at services in the Sunrise Church of Christ in Lubbock.

Friends of Rev. and Mrs. H. S. Calahan Jr., met at the Fellowship Hall of the South Plains Baptist Church Tuesday night for a farewell supper of homemade ice cream and cake. The Calahans with children, Dian, Cathy, Bary and Vickie have moved to Abilene where the parents will attend classes at Hardin-Simmons University and on week ends they will come to the Northfield Baptist Church where he is pastor.

Mrs. J. P. Taylor went to Floydada Friday at 2 p.m. where in the Home Demonstration Kitchen she gave a demonstration to all the Craft Leaders of Home Demonstration Clubs in Floyd County of articles she had made for the Floyd County Fair, including things made of rugs and burlap, etc.

Mrs. L. T. Wood's aunt, Mrs. W. C. Swafford of Pacoima, Calif., arrived Saturday to spend that day and Sunday here with the Woods.

Most of our community attended funeral services for Bill Glenn Ware at the First Baptist Church in Floydada at 3 p.m. Saturday afternoon. Mr. Ware of Cedar Hill had died at 10:30 p.m. Thursday night at the Lubbock Methodist Hospital after suffering in-

juries caused by a drive shaft August 25. Some of our people had been with him since the accident, and been with Mrs. Ware. Our sympathy goes out to Mrs. Ware and the three little boys.

We are sorry also to hear of the death of Mrs. Nancy Frances Peters, 82 years old in July, mother of Mrs. C. A. Purnell of Cedar Hill, who taught the 5-6 grades at the South Plains School the past few years. Mrs. Peters passed away in Ralls at the Ralls Convalescent Home around 1:00 Sunday morning. Services were held at 2 p.m. this Monday afternoon at the Old Emma Christian Church. Mrs. Peters had been ill three months, and grown steadily worse. She had made her home the past three years here with Mrs. Purnell and husband.

Mr. and Mrs. Bryan Karr accompanied Mr. and Mrs. Loyd Deavenport to Boulder, Colorado over the Labor Day weekend where they visited with the Deavenport's son, and the Karr's daughter, Mr. and Mrs. Steele Deavenport.

Mr. and Mrs. Early Pritchett and Stevie left Friday morning for Arkansas where they spent the Labor Day weekend. They visited relatives in Hot Springs, Texarkana, and other cities, and returned by Dallas to visit relatives there.

Miss Janet Kay Moore and Bruce Everist Julian were married at the Labor Day weekend, September 5, in the First Baptist Church in Floydada. The Reverend Floyd Bradley, minister,

read the double ring ceremony. The bride is the daughter of Mr. and Mrs. Edell Moore of Floydada and Bruce's parents are Mr. and Mrs. Murray Julian of the South Plains Community. Bruce's brothers, Terry Julian and Kendis Julian were in the wedding party.

A reception in the Fellowship Hall of the Church followed the wedding ceremony, and a wedding trip to Colorado this week was planned by the couple, who will live in Canyon as soon as the school term opens this fall at WT University. Friends who came from far for the wedding were Mr. and Mrs. R. E. Althof, Carolyn Althof, Richard Young, and Mr. and Mrs. Harold Althof all of Roscoe, Mr. and Mrs. Thurman Flowers of Ralls, Mr. and Mrs. Frank Jackson and Mrs. Virgil Joiner of Lubbock, cousins of the groom were also present. Mr. and Mrs. Bob Dunham and little Ruth Ann of Hobbs, New Mexico, were Monday visitors.

Religion is one can take from any.

RALPH YARBOROUGH

U. S. SENATOR

IN FLOYDADA - THURSDAY - SEPT. 17

COLONIAL HOUSE

10-12 A.M.

COME AS YOU ARE EVERYONE INVITED

It is indeed an honor for our U. S. Senator to visit the folks of Floyd County. Ralph Yarborough is a man who has served the people of this county and state well, and his many years of experience make him the choice of the people in the forthcoming election. Ralph Yarborough is personable, he enjoys visiting with the farmer, the businessman, the housewife . . . and you will enjoy chatting with him while he is in this area.

IF YOU ARE UNABLE TO VISIT WITH SENATOR YARBOROUGH IN FLOYDADA, HIS THURSDAY SCHEDULE IS AS FOLLOWS:

- 1 p.m.—Reception at American Legion Hall in Lockney
- 7 p.m.—Dinner in Ralls High School Cafeteria.

(Tickets available from Juanita Wooten, call 6561 Crosbyton)

(PAID POL. ADV.)

Kay Moore And Bruce Julian Repeat Double Vows

Moore, daughter of Edell Moore and Bruce Everist, and Mrs. Murphree of the First Baptist Church of Floydada, Texas, were united in marriage by Rev. Bradley, pastor of the church, at 10:30 a. m. Saturday, Sept. 14, 1964, in the First Baptist Church of Floydada.

The ceremony was held in the church parlor following the ceremony in the church. The bride wore a long white gown with a small lace basket with red rose petals. The groom wore a dark suit with a white shirt and a dark tie.

Ushers were Darryl Lindsey and Tommy Watts, Floydada. A reception was held in the church parlor following the ceremony. An umbrella of white peonies covered with white nylon tulle accented by green and bettertime leaves complemented the serving table. Around the base of the umbrella was an arrangement of red roses, Feverfew and English ivy with a cupid in the center. Two crystal five branch candelabra bearing white twist-lite tapers completed the setting.

For traveling to points in Colorado the bride wore an aqua colored silk suit with matching shoes bag and hat. She highlighted the ensemble with the rose corsage from her bridal bouquet.

Both Mr. and Mrs. Julian are graduates of Floydada High School and both are students at West Texas State University. The bridegroom is a member of the Lambda Chi Alpha Fraternity at West Texas.

MRS. BRUCE E. JULIAN
nee Janet Kay Moore

Miladies Club

Miladies Club met Thursday with Mrs. Audrey Nelson. Members brought gifts for a shut in and answered roll call with a fashion hint. Attending the meeting were Mrs. Tommie Rowan, Stella Gunter, Ronnie Birchfield, Beulah Baker, Jennie Irwin, Agatha Pratt, Pernie Leatherman, Vida Womack, Mirah Ambar, Gladys Cross, Maggie Lovell, Hettie Bennett and the hostess, Audrey Nelson. Club meets again on October 1 at which the election of new officers will be held.

JUDY COOK
Engagement Announcement

Announcement is made of the engagement of Miss Judy Cook, 3404 West Lawn, Amarillo, Texas, to David Keys of Longview, Texas, by her parents, Mr. and Mrs. Shelby Cook. Miss Cook is the granddaughter of Fred Battey of Floydada. Parents of the prospective bridegroom are Mr. and Mrs. Cecil Keys of Longview, Texas.

The bride-elect is a Tascosa High graduate and attended Texas Tech. Graduating from Kemper Military School, Booneville, Missouri, the prospective bridegroom attended Baylor University and is now a student at Texas Tech University. The Tascosa Baptist Church in Amarillo will be the wedding scene.

FLOYD DATA
Mr. and Mrs. Carl Brock of Floydada were accompanied by Mrs. Janey Johnson of Crosbyton to Brownwood Friday to visit with Mr. and Mrs. Warren Johnson and Novis. They were all joined Saturday night by Mr. and Mrs. Wesley Johnson also of Floydada. Mrs. Herman Richardson and Truett of Moody and Mr. and Mrs. Clarence Richardson of Waco, formerly of Lakeview Community visited in the Johnson home Sunday. Visitors Sunday evening were Mr. and Mrs. W. C. Brister. The Brocks returned home Monday night and brought back their daughters, Terri and Tina who had spent the last two weeks in Brownwood.

Promissory Note
Schoolchildren in Brooklyn, New York, sent \$1 to CARE, with a note explaining it represented 5¢ fines imposed by their teacher each time they are caught chewing in class. "Be looking forward to further donations," they promised, "because we love to chew."

New Officers Are Installed For Homemakers

The Floydada Chapter of the Young Homemakers met for the beginning of their new year in the High School Home Ec lab last Thursday.

Plans were completed for the programs for the coming year. It was announced by the outgoing president that Governor Connally has designated the week of September 20-26 as Young Homemakers of Texas Week.

The chapter installed new officers for the year and discussed plans for members wishing to attend the Area I convention in Hereford, Sept. 12, beginning at 1:30.

New officers for the year are Mmes. Truman Dunavant, president, Sonny Barton 1st v. pres., W. H. Nelson, 2nd v. president, James Haies sec-treas., Carl Brock, reporter-historian, Mrs. A. E. Baker and Mrs. James Bachus are advisors.

The next meeting will be cancelled and members will be working toward making Ladies Day at the fair a success, Friday, September 18.

Refreshments were served by Jo Duavant.

Moore and Julian Rehearsal Dinner

Miss Janet Kay Moore of Floydada and Bruce Julian of South Plains and their wedding party were honored Thursday night at the Buchanan Colonial House with a rehearsal dinner.

Hosting the dinner were Mr. and Mrs. Murray Julian of South Plains, parents of the prospective bridegroom.

Tables were decorated with red and white carnations, chosen colors of the bride elect.

Attending the dinner were the bride elect's parents, Mr. and Mrs. Edell Moore of Floydada, her maternal grandmother of Abilene, the Rev. and Mrs. Sealy Smith, Mr. and Mrs. Kendis Julian, Mr. and Mrs. Early Pritchett, Mr. and Mrs. Vernon Parker, Mr. and Mrs. Bob Copeland.

Also Jenis Moore, sister of the bride elect, Linda Christian and Misses Darlene Johnson, Suzanne Collier, Bobby Reue, and Jan Stansell, Floydada, Jan Adams of Pampa.

Alan Adams, Bud Higginbotham, Jimmy Pritchett, all of South Plains, David Keith, Denver City, Tommy Watts and Darryl Lindsey of Floydada.

Wedding vows were read for the couple Saturday night in the First Baptist Church in Floydada.

MRS. RANDY BRUCE DAVIS

Stapleton-Davis Wedding Pledged In Petersburg

Miss Cynda Lane Stapleton and Randy Bruce Davis were married Saturday afternoon in the First Baptist Church in Petersburg, E. Joe Lee of Lubbock officiated at the double ring ceremony.

Parents of the bride are Mr. and Mrs. Bynum J. Stapleton. Mr. and Mrs. Bruce Davis of Harmony Community are parents of the bridegroom.

Mrs. James Vickers accompanied the soloist, John Mason. Both are from Lubbock.

Candlelighters were Tom Davis of Slaton and Jim Roberts of Andrews. Flower girls were Miss Lisa Pittman of Abilene and Miss Jill Ann Atkins of Haskell. Cooper Ellison was ring bearer.

Wore Yellow Satin

Miss Ethel Mabery was maid of honor. Bridesmaids were Miss Vickie Patterson and Miss Sherry Gregory. Junior bridesmaid was Miss Debbie Davis sister of the groom. The feminine attendants wore street-length dresses fashioned from a shimmering yellow satin gown over tulle.

The dresses were styled with a French-cut bodice, bateau neckline and elbow-length sleeves. The waistlines were encircled with self-fabric accented by Parisian bows above the bell-shaped skirt. The headpieces were matching circlets of tulle attached to fabric roses. Each attendant carried a long stemmed Talisman rose.

Bonnie Lou Atkins, Haskell and Cindy Henshaw, Fort Worth coordinated the wedding.

For a wedding trip to New Mexico and Colorado, the bride chose a white silk faille sheath with a smoke ring neckline. Her accessories were black and she carried the orchid from the bridal bouquet.

Friday, Ladies Day At The Fair

Friday, Sept. 18 has been designated as Ladies Day at the Floyd County Fair. Floydada and Lockney Young Homemakers have planned a very interesting program and invited all women of Floyd County and the surrounding area to attend the program beginning at 2 p.m. in the entertainment building on the Fair grounds.

Mrs. Austin King of Lockney, chairman of the activities will serve as mistress of ceremonies. Hubert Frizzell, president of the Fair Board, will bring a welcome. Guest speaker for the afternoon will be Mr. Roy Bass, a Christian homemaker and lecturer from Lubbock.

"Fall Fashions for Floyd County Fair Ladies" will be presented in the form of a style show. Clothing modeled will be furnished by Hales Department Store, Floydada. Mrs. Robert Lee Smith has been selected as the narrator.

Entertainment for the afternoon will be a monologue given by Miss Bobbie Reue, Floydada. A ukulele quartet, composed of Bobby Moore, Annell Ashton, Kathy Dodson and Debby Brotherton, will present several musical selections.

A Hospitality Hour will precede the program with refreshments furnished by Dr Pepper Bottling Co. of Lubbock and organ music courtesy of Matheny Music Company, Lubbock.

Door prizes have been donated by the following merchants: Park Florist, "S" Hobby Shop, KFLD Radio, Floyd County Hesperian, White Auto Store, Arvine Drug, Goen Drug, Dyson's Caprock Hardware, Beall's, Ben Franklin, Bradford Jewelry, Hale's Department Store, Solomon Jewelry, Hagood's Department Store and Lockney Beacon.

Donors for feature prizes include: Simpson Jewelry and Gifts, early bird; Byrd Pharmacy, oldest lady; Personality Beauty Shop Lady traveling farthest distance to attend Ladies Day; Mize Pharmacy, Lady living in Floyd County longest; Parker Super Market, Lady with largest number of children and grandchildren.

Garden Club To Meet Friday

The Floydada Garden Club will reconvene for their fall meetings this Friday at 9:30 in the home of Mrs. Gerald Walker, 517 W. Calif. Special guests will be women of the Lockney Garden Club. Local members are urged to be present for this important meeting, according to Mrs. Tom Prier, president of the club.

NEW ARRIVAL

Mr. and Mrs. Nelson Wofford of the Sandhill Community are parents of a baby boy, named Brock Mallon, who was born in Plainview Hospital and Clinic on Sept. 7. He weighed six pounds, two and a half ounces at birth. Grandparents are Mrs. and Mrs. Leroy Durham of Plainview and Mr. and Mrs. Lloyd Wofford of Lockney.

NEW ARRIVALS

Mr. and Mrs. Robert Landry of Plainview are parents of a baby daughter born in the Plainview Hospital and Clinic on Sept. 6 at 2:10 a.m. The baby weighed seven pounds and five ounces. Grandparents are Mr. and Mrs. W. L. Hartline of Floydada and Mr. and Mrs. A. L. Scales of Bryan.

The bride is a graduate of Petersburg High School and employed by Hemphill Wells, Lubbock, in the bookkeeping department.

The bridegroom is a graduate of Petersburg High School and has attended West Texas State University, Lubbock Christian College and will enter Texas Tech as a junior music major. He is a member of Lubbock Symphony Orchestra and Kappa Psi, honorary music fraternity. He is employed by Delahunty's Horn Shop. The couple will reside at 2117 20th Street.

Rehearsal Dinner

Mr. and Mrs. Bruce Davis of the Harmony Community were hosts for a rehearsal dinner at 8:30 p.m. at Graham's Cafe.

The table was centered with an arrangement of Talisman roses and hurricane candles.

Bridesmaid's Party

Mrs. J. C. Fletcher was hostess Wednesday night for a backyard party honoring her granddaughter.

Refreshments of ice cream and cake was served to Ethel Mabry, Vicki Patterson, Sherry Gregory, Debbie Davis, Mrs. Bruce Davis, Mrs. Bynum Stapleton, Miss Stapleton and the hostess. Each attending was presented with a gift from the bride to be, a "bridesmaid charm and a strain of pearls.

Nemec-Jones Vows Read August 15 In Midland S.D.

On Saturday, August 15, Audrey Nemec, daughter of Mr. and Mrs. Edward J. Nemec, and Gene Jones, nephew of several local residents, son of Mrs. Annie Jones, both of Midland, S. D., were united in marriage. The ceremony took place in Saint Williams Catholic Church with the Reverend Father Phibbin officiating.

The bride was escorted to the altar by her father. She was dressed in a white floor-length satin gown with lace, tulle and a finger-tip illusion veil. She carried a bouquet of huge mums. The bride's sisters, Christine Ryan, Mastron of honor, and Bernadette Nemec, bridesmaid, were dressed in blue and yellow street-length dresses respectively and carried large mums. The dresses were patterned after the bride's gown and were all made by the bride.

The groom was attended by Gary Ryan and Roy Hunt. All were dressed in dark business suits and wore white buttonties. Ben and Tony Nemec, brothers of the bride were ushers.

Mrs. Frank Dinsmore played the wedding march and Mrs. Edward Nemec Jr. sang "Our Father" and "On This Day Oh Beautiful Mother."

The wedding reception was held in the church hall which was decorated in blue and yellow streamers and white bells. The bridal table was decorated with a large floral centerpiece made by Mrs. Harry Finn.

Coffee Held At Goins Home By 1929 Study Club

Members of the 1929 Study Club met last Thursday for a coffee in the home of Mrs. Clarence Goins. This was the first meeting for the club since adjournment for the summer months in May.

Mrs. J. A. Arwine made the presentation of the Yearbooks and explained the theme "Home Sweet Home."

Mrs. Kinder Farris introduced the speaker Mrs. Andrew McCulley who spoke on "Some Thoughts About Home."

During the business meeting Mrs. J. A. Colston was named active president until Mrs. J. D. McBrien is able to resume her duties in that office.

Refreshments were served from the table by Mrs. Goins, assisted by Mrs. Kinder Farris.

Attending were Mmes. J. A. Arwine, Hollis R. Bond, Newell Burk, J. A. Colston, C. W. Denison, Kinder Farris, R. E. Fry, Clarence Goins, Clay Henry, Tate Jones, Jack G. Jordan, S. J. Latta, Jewel Norman, Conner Oden, Lee Rushing, George V. Smith, J. B. Smitherman, Carl W. Wilkins, Q. D. Williams and Mrs. C. R. Yeakum, also one visitor, Mary Jane McCulley, sister in law of the speaker, who is organist at the Polk Street Methodist Church and teacher of music at West Texas State University.

Mrs. J. B. Smitherman will be hostess for the next September meeting on the 17th.

Engagement Of Miss Nicholson Is Announced

Mr. and Mrs. W. P. Nicholson Jr., of 1121 South Wall, Floydada, announce the engagement of their daughter, Merle Dean to Mr. Harris Wells Bonnell, son of Mr. and Mrs. L. W. Bonnell of Fort Worth.

The couple will attend North Texas State University this fall.

Smith Reunion Held At Ralls

The children of the late Mr. and Mrs. W. W. Smith of the McCoy community met Sunday, Sept. 6 for their family reunion in the home of Mr. and Mrs. Roy Pierot in Ralls.

Hosts and hostesses for the affair were Mr. and Mrs. W. M. Day and Mr. and Mrs. Pierot. Mrs. Day is the eldest daughter and Mrs. Pierot is a granddaughter.

The group enjoyed a bountiful meal at the noon hour, visiting and old time singing. Leon Payne, a grandson, showed slides of last years reunion which was held in Lubbock.

Everyone is looking forward to next years reunion to be held in the home of Mrs. Harry (Thelma) Jones in Floydada, and are hoping more of the clan will be able to be present for the gathering. Forty-six were present this year.

Those attending were all eight of the children, Mrs. Day and her husband, Ralls; Mrs. C. H. Payne and Mr. Payne, Lubbock; George Smith and wife, Leonard Smith and wife, Robert Smith and wife, Mrs. Harvel Tardy and Mrs. Harry Jones, all of Floydada and Mrs. Virgil Martin and her husband of Hale Center.

Grandchildren and great grandchildren present included Mr. and Mrs. Roy Pierot, Mr. and Mrs. George Melvin Pierot and daughter, Ralls; Mr. and Mrs. Sadie Stapleton, Mr. and Mrs. Leon Payne and sons, Mr. and Mrs. Clifton Payne and sons, Mr. and Mrs. Harvey Dale Tardy and sons, Lubbock, Mr. and Mrs. Billy Joe Smith and family, Mr. and Mrs. Bobby George Smith and family, Lanette Tardy and Leo Smith all of Floydada.

FLOYD DATA

Mrs. Dana Myrick and daughter, Mrs. Julia Lipham and children returned home last week from a weeks vacation in Dallas, Blue Ridge, Garland and Sherman where they visited relatives. Mrs. Lipham and children enjoyed a day at Six Flags Over Texas.

Three of Mrs. Myrick's sisters, Mrs. Pearl Sharp, Mrs. Lee Ferguson and Mrs. Mark Duckworth and Mr. Duckworth, and a nephew, Byron Griffith came home with the visitors and spent the weekend here.

ELTON GOEN DOING MUCH BETTER

Elton Goen was reported "coming along nicely" and is feeling much better in Peoples Hospital where he is under treatment for a heart attack suffered last week. He is still allowed no visitors however.

End O' Summer Supper Held By 34 Study Club

The 1934 Study Club began the new club year Sept. 1 with an "End O' Summer" supper, held in the home of Mrs. Allen Birmingham, with members of the program committee as hostesses.

Invocation was given by Mrs. W. H. Bunch, and the yearbooks were presented at the tables. Topic for the coming year is "Religion in America."

Following the meal, the president, Mrs. J. P. Moss, opened the meeting, roll call was given, and minutes of the last business meeting in the Spring were read. A business discussion was held, and tentative plans made to have the Home Beautiful Tour in October, with the Finance Committee in charge of final arrangements.

Members present were Mmes. H. G. Barber, W. H. Bunch, Ralph Cogdell, Dennis Dempsey, R. G. Dunlap, W. M. Fowler, Ralph Johnston, Joe March, M. J. McNeill, J. P. Moss, W. D. Mount, Virgie Shaw, George Springer, G. W. Switzer, A. L. Wylie Jr., M. A. Yancey, and the hostesses, Mrs. Allen Birmingham, Mrs. Wilson Bond, Mrs. J. S. Hale Jr., Mrs. John Hoffman, and Mrs. Vernon Parker. One guest, Mrs. John Hotchkiss, was also present.

The next meeting will be Sept. 15, at the home of Mrs. M. A. Yancey.

Betty's House of Styles . . .

is proud to announce the return of Wilma Green as manicurist. Mrs. Green would like for old and new patrons to call her for appointments. They are also announcing the services of Norma Hollums of Floydada graduate of Isabels, as new hair dresser. Miss Hollum joins the staff consisting of Mrs. Miss Norma Green, Irene Boutwell and Pat Ellis.

Four Additional Entries In Fair Queen's Contest

When the deadline had passed for the Floyd County Fair Entries a total of had been entered, according to Mrs. Max Marble and Mrs. A. C. Pratt, chairmen of the contest from Lockney and Floydada respectively.

The original deadline had been set for Friday, September 4, but this was extended to Tuesday noon, September 8.

Four new entries came in since the latest issue of the Hesperian was published. At that time seven entries were named.

They were: Suzanne Collier, Patsy Baxter, Carol Howell, Evelyn Ansley, Debra Brandes, Karla Smith and Jane Thacker.

The new entrants are: Linda Carter, 17-year-old daughter of Mr. and Mrs. Lester Carter. She is a senior at Lockney High School and is sponsored by Alyah Study Club. Her talent portion is not given.

Vicki Jacobs, 17-year-old daughter of Mr. and Mrs. Malvin Jacobs, Lockney High School and is sponsored by the Floydada Chamber of Commerce. Her talent will be a monologue.

Judy Johnson, 17-year-old daughter of Mr. and Mrs. Lavin Johnson. She is a senior at Lockney High School and is sponsored by II Penseoso Junior Study Club. Her talent sketch will be a piano selection.

SCHOOL

(Continued from Page 1)
year's suit that a scheme of practice by the tax assessor was not finding all personal property and placing same on the tax rolls, according to court officials and that arbitrary values had been placed on real property. The judge ruled that no "scheme" was evident.

PERSONAL TAXES
The plaintiffs also alleged that all personal property was not on the tax rolls. In summing up his judgement Judge Bean said this about the school's personal property taxes:

"This is an old archaic law written in the 1800's and will not work today. All a tax assessor-collector can do is ask people to render personal property and he cannot force them to enumerate bank deposits, notes, bonds, etc. It is not practical, it is not possible, to get all the personal property on the rolls unless a huge team of tax collectors is hired by the school board with the right to collect personal property tax by this method more money would be spent in attempting to collect personal property tax than could be collected."

Judge Bean added, "the tax assessor-collector should do his best to get all visible personal property on the rolls such as merchant's inventories."

Judge Bean said that a tax assessor, as a rule, is not able to list all personal property on the tax rolls because people don't render all of it. He added that it is a problem that has existed throughout the history of the personal property tax.

The judge also explained that the tax laws as such were no doubt inequitable. "For instance," he said, "a person may buy a new home and pay down \$1500. Although the total cost of the home is \$15,000 and most of it is

still owned by a company out of the district or state, the new home owner must pay taxes on the entire cost of the home."

Judge Bean said the tax assessor-collector must do his best to get all the property on the tax rolls and the board of equalization should do its best to be fair to equalize taxes of one tax payer in comparison with another according to value of property.

Judge Bean said the income tax system was probably the most equitable type of tax, since it is so rigidly enforced and "yet, we complain about how much the government spends to enforce this tax collection," he said.

The judge did make the suggestion that the tax assessor-collector make a greater effort to get all merchant's inventories on the tax rolls.

Judge Bean said that our tax laws should be rewritten and brought up to date as they concern personal property.

All of the witnesses were put on the stand by attorneys for the plaintiffs, no witnesses were called by the attorneys for the defendants. Most of the school board members were questioned about instructions they gave to the tax assessor-collector, their personal property renditions, and what they thought about crop allotments in regard to value of land.

Most of the school board members had instructed the tax assessor-collector to personally visit every tax payer in the district and render his property. . . . ask about personal property, discuss real property values.

Some of the board members were questioned about not rendering their wrist watches and their wives' rings.

Some of the witnesses said that crop allotments did make a temporary difference in the value of land. . . . some said that persons bought land for several reasons and allotments were not necessarily important.

The tax assessor-collector was asked did he see all personal property and make a thorough search of every tax payer's farm or place of business. His answer was "no. . . . but I personally visited with each and asked him to render personal property."

The tax assessor was also asked to outline appraisal schedules used in valuating the assessments for autos, trucks, tractors, irrigation motors and farm machinery, and merchants inventories.

The board of equalization was questioned about whether they had given any consideration to value of land as regards to its water, crop allotments and bindweeds.

All of the board said allotments were not considered, but that a very elaborate system of evaluating farms according to water, slope of land, type of soil, amount of lake acreage, location to pavement and town, was used in estimating the value in 1963 by the McMorris Company.

The attorneys for the plaintiffs questioned Henry and Brown in trying to reach a comparison of money in the bank, notes, deeds of trust, mechanic liens on record and rendered by the tax payers in the school tax office. Attorneys for the defendants cross-examined Brown and testimony revealed that "face value" was taken from the courthouse records on notes, deeds and mechanic liens and no consideration was given to payments made on same.

Cross examination of Brown also revealed that some of the notes had been paid off and had not been released.

IRRIGATION WELLS
A considerable amount of testimony concerned the declining water levels in irrigation wells. At one point in the testimony a witness was questioned about how he valued his irrigation pumps and further testimony revealed that irrigation pumps were not considered in personal property but part of the real property. Irrigation motors are considered personal property.

It should be reported that as long as the suit is in court through trial or appeal that the \$800,000 bonds voted by the taxpayers of the school district for a new grade school, cafeteria and other improvements to the schools facilities cannot be sold. The plaintiffs included: Muncy, W. A. Massie, Frank Probasco, Edward Baird, Claude Fawver, D. M. Cogdell, Jr., Calvin Steen, R. Fred Brown, D. S. Battey, W. E. Lackey, Robin Fortenberry, W. M. Cogdell, Durrell Fortenberry, Rene Yeary, Lindsey Lackey, Greer Lackey, Ernest Wells, W. T. Comer, Eldon Fortenberry, Marvin Wells, E. A. Noland, Henry Edwards, Henry Price, George B. McAllister, Warda Dubois, joined by her husband, B. J. Dubois and Fess Whitfill.

Attorneys for the defendants were James Milam of Lubbock and local school attorney Ben Ayers; attorneys for the plaintiffs were EH O'Conner III of Lubbock and W. C. Hancock of Pittsburg, Texas.

HOLLAND

(Continued from Page 1)

Post game to be 22.
Black lost out to Webb by guessing the total points in the local game to be 40.

Actual score of the game was 15-14 a total of 29 points, Webb missed this by 7 and Black missed it by 11.

Response to the contest was excellent, and it is expected to improve in future weeks when people have a better chance to see how the games come out and how the teams develop.

Due to an error on the part of the Hesperian, three games listed on the page were not played and won't be until this coming Friday. So the winners named above were scored only on 22 games instead of the 25.

The contest sheets will be kept for two weeks. If there is any questions concerning them, please come by this office prior to the time when they will be thrown away.

CAPROCK

(Continued from Page 1)

eryone be especially aware of the dangers of encephalitis.

The Stansell's three month old daughter is beginning to recover from a very serious case of encephalitis and of course they are very thankful. . . . especially to the fine team of medical doctors and technicians in Plainview who are working around the clock to save everyone possible from this sometimes fatal and often times crippling illness.

We pass onto our readers Mrs. Stansell's words of caution about allowing children to play outside at dusk when the female mosquito which carries the encephalitis germ is out.

I think this is a good time to commend our city officials and workers for their redoubled efforts in spraying Floydada in a very effective fight against the mosquito.

A YOUNG doctor who had hung out his shingle with high hopes, but only had a few patients, was excited when he heard the telephone ring. As it turned out, it was only a former fellow intern who wanted him to be a fourth at bridge. After thinking it over, the doctor decided he would.

"Is it an important case?" asked the bride on hearing that he would be out for the evening.

"Important? I'll say it's important," replied the doctor with some degree of pride. "There are three other doctors already and they say they can't go ahead until I arrive."

ALTHOUGH Floydada may be short of medical doctors, we certainly have a good animal doctor. I was out at Dr. Tom Theford's animal clinic a week or two ago and it is interesting to note that it very well equipped and modern in every respect.

The examination rooms, the "hospital rooms or cages" are neat and clean. It makes no difference if the patient is a 1,000 pound bull or a tiny chihuahua dog, he will be well cared for.

Dr. Theford has moved here, became a part of this community and is offering a very necessary service. He and his wife are good civic workers. . . . we're glad they chose to make their home in Floydada.

HUBERT FRIZZELL is beginning to get that "worn out" look but he and all the chamber of commerce members in Lockney, combined with committee members all over the county ar fast putting the finishing touches on what should be another big Floyd County Fair. Make your plans now to attend the fair which begins next Thursday.

LOCKNEY and Floydada football players had a lot in common last week. Both teams wound up on top of their opponent with a score of 15-14.

NOW, back to politics. . . . U. S. Senator Ralph Yarborough will be at the fair. . . . candidate for the same position George Bush

Women Get Money Back Taken From Handbags Sunday

A Floydada juvenile couple have made restitution and have been put on 90 days probation for the theft of some \$61 taken from women's handbags at the Methodist Church last Sunday, according to reports from the sheriff's office this week.

The handbags were left unattended in a room at the church. The couple was noticed entering the room then leaving shortly afterwards before church services. They were picked up in Lubbock and returned here.

The First Baptist Church was broken into Saturday night. The office and pastor's study was ransacked but nothing found missing as late as Tuesday, news report said. An attempt was made to get into the church safe but to no avail.

FLOYD DATA

Winfred Payne, employee of City Auto, is attending General Motors Training School in Oklahoma City this week. He and his wife and Mr. and Mrs. Leroy Burns will attend the showing the 1965 Pontiacs there today.

DEATH

(Continued from Page 1)

where he received emergency treatment then rushed by ambulance to Lubbock. Ware never regained consciousness.

Funeral rites were conducted Saturday in the First Baptist Church in Floydada. Officiating were Rev. Fred Beard, uncle of the deceased from Denver, Colo., Daisy Witbanks, minister of Lubbock who is an aunt of the deceased and Rev. Leo Busher, minister of the Cedar Hill Baptist Church.

Interment was in Floyd County Memorial Park under the direction of Moore Funeral Home.

Active pallbearers were J. A. Welch, Kenneth Bean, W. T. Comer, Johnny West, Bob Durham, Kenneth Probasco, Joe Rushing, Bill Eiland and Vance Campbell. Honorary pallbearers were Glen Davis, Bill Cogdell, D. M. Cogdell, Rex Smitherman, Bobby Chilton, Stanley Burleson, Aldine Williams, Lane Decker, Dale Goen and Lon Davis Jr.

Ware was a native of Floyd County born in the Cedar Hill Community on February 16, 1926. He attended Plainview High School where he was selected Future Farmer of America. He also attended Texas Tech where he majored in agriculture and was a member of Kappa fraternity.

Ware was baptized as a young boy in San Antonio and was a member of the Four Square Church in that city.

He and the former Phyllis Leach were married in Clovis, N. Mex., on January 20, 1952. She is among the survivors.

Also surviving are three sons, Johnny, 11, David, 9, and Joe who is one and a half; his parents, Mr. and Mrs. W. P. Ware, Cedar Hill, one brother, Razz of Cedar Hill and a sister, Mrs. June

will be in Floydada tonight. The general public is invited to visit with both while they're in Floyd County. Here's a very unusual opportunity to make up your mind as to which man will get your vote.

Farmers Receive Good Hourly Wage From Farm Investments

Net per-farm income on irrigated High Plains cotton farms in 1963 was \$17,037, according to a recently completed study by the Economic Research Service of the U. S. Department of Agriculture. This was reported to be almost the same as in 1962, when the net was reported to be \$17,036. However, the 1963 figure was \$4,096 less than the 1961 income of \$21,133.

Tom E. Prater, farm management specialist with the Texas Agricultural Extension Service, said the 1957-59 net farm income average was \$12,972 for these irrigated cotton farms. These farms last year included an average of 428 acres of land. Cropland harvested totaled 205 acres. Irrigated cotton accounted for 123 acres and 25 acres in cotton were on non-irrigated land.

Grain sorghum acreage in 1963 included about 89 acres of non-irrigated land and approximately 50 acres of irrigated grain, according to the study.

Cotton Yields Compared
Cotton yields last year averaged 548 pounds per acre on irrigated land and 253 pounds under dryland conditions. These yields compare with 501 pounds per acre for irrigated land in 1962 and 206 pounds on non-irrigated land.

Total capital investments of these farms averaged \$139,450 in 1963 and \$130,840 in 1962. The average in the 1957-59 period was reported to be \$102,540.

"When net farm income is measured against the capital investment, it is found that there were returns of 12.2 per cent in 1963, 13 per cent in 1962 and an average of 12.7 per cent in the 1957-59 period," Prater said.

"When a charge of 4.1 per cent interest is made for capital,

operator and family labor received hourly returns of \$4.58 in 1963, \$4.62 in 1962, \$6.55 in 1961 and \$3.62 for the 1957-59 average."

COUNCIL

(Continued from Page 1) with the group to voice their opinions and to see if some adjustments could be made.

The City charges a flat monthly rate that the gin is not credited with even when this flat rate is used by the gin. All electricity used is charged above that fee.

The gin representatives wanted to be credited with that rate they are being charged, or be able to "use it up."

The decision was to put a meter between the gin and the rest of the facilities on that line and see just how much the gin itself is using, and then work from that finding at a later date.

Charles Horton, superintendent of the Water works, gave a report on the gpm, and efficiency of the four newest city wells. The two newest wells, 7 and 8, are not pumping near what is expected of them, and some adjustment may be needed to meet next summer's water demand.

It was noted that the city billed out over 22 million gallons of water the first of September, for August's usage, and this is the greatest demand the city has ever met. In July of this year 27 million gallons were used and in August of 1963 only 24.5 million was used by the City of Floydada.

The council voted to send both Horton and Bobby Welborn to a school in Tulsa, Okla., sponsored by the American Water Works Association. The school is a generalized study of complete water works and will be in session October 7, 19, 20, 21 and 22.

It is not a simple matter to live a simple life.

U. S. Facing No Surplus Problem, Says Collister

Present Food Stockpile Aimed Safety Factor

Some papers saying the U. S. is facing a food famine in 1950, and a serious famine in 1955, I can't see how we can call an 8% stockpile of food a surplus. This is more meaning as the food than it has in the past. Dr. Earl Collister said Dr. Earl Collister

the High Plains Research Foundation since 1962. In his speech, Dr. Collister said the U. S. must continue to find more and better ways to produce the food and fiber that will be needed in the near future to feed and clothe the people of the world during the "population explosion."

He said, "We should be concerned with the production of food and not with the political football of 'surplus.'"

More Food, Less Military

It was mentioned during the speech that also, the U. S. should concentrate on feeding the under-

developed countries (about 1/2 the world goes to bed hungry) rather than putting so much emphasis on building such a strong military force.

"Of what consequence is it to a man in India that hasn't eaten in two or three days, that the U. S. or Russia, or Red China, or Britain has a bomb that can annihilate the population of the world in a few short blasts?" Dr. Collister asked.

"When two men in India meet, they don't ask, 'How are you, how is your family?'" "They say, 'Did you eat yesterday, do you think you'll eat today?'"

According to Dr. Collister, overpopulation and being undernourished has caused several wars. "Look at Germany and Japan," he mentioned.

A few statistics given in the speech showed that presently 1/2 the world's population is starving. That means that there are 1 1/2 billion people going to bed hungry each night. That is more people than lived on the face of the earth in 1850.

World Growth

It took from the beginning of time until 1850 for the population of the world to reach the 1 billion mark. It took only another 100 years for that population to double, and only from 1930 until 1960 for the world to increase another billion in population. It is predicted that by the year 2,000, the world will face the job of feeding 6 billion people.

In 1964 there are 1.6 billion people in Asia. By 2,000 there will be 4 billion. 3/4 of those in Asia are now starving. Since 1900, the population of Latin America has tripled.

Using these figures as a basis, the world must increase its food production to three times its present output by the year 2,000, to meet the world's needs.

In 1964 there are 1.6 billion people dying from starvation. In 25 countries people are suffering from a deficiency of protein. In 27 other countries the people don't get enough fat, which is an energy storage.

"True, the Communist movement is the most dangerous threat to world peace that the world has ever known, for most of the population explosion foreseen will be under the domination of Communism," Dr. Collister reminded the group.

So often when comparing our Capitalism with Communism, we use only the educational advancements, and military developments as a basis of that comparison, but, according to Dr. Collister, we should compare our living conditions.

Needs Foreseen

"When our forefathers settled this land they foresaw a need for research and education. And as a result the farmers took information gained by these, put it to work, and the result is an ability to produce food and fiber that far surpassed the most vivid dream of these forefathers," he said.

It has often been stated in the past few years that a farmer produces enough food and fiber to feed and clothe himself, his family and 29 others. However, according to Collister, a top notch farmer on the South Plains will

DISCUSSING FOOD SITUATION — Dr. Earl Collister, director of the High Plains Research Foundation, right, is shown chatting about the just concluded program concerning the world food situation with Bedford Forrest left head of the Public Relations Department of the Founda-

tion and Bill Price who introduced Dr. Collister. Dr. Collister was the speaker at the conclusion of the County SCS Field Tour, which ended at the Plains Baptist Assembly Thursday afternoon with a barbecue and program. (Staff Photo)

Annual High Plains Field Day Starts This Afternoon

G. W. McCullough, Vice-President, Engineering Phillips Petroleum Company, is to be the guest speaker at the Eighth Annual Field Day today at the High Plains Research Foundation, Halfway, Texas. McCullough, who joined the Phillips Petroleum Company in 1925, has advanced through the ranks to his present position in 1963.

A graduate of Oklahoma State with a degree in mechanical engineering, McCullough, in 1955, was named to the Engineering Hall of Fame at Oklahoma State University. In 1956, he was the recipient of the Outstanding Alumni Award from Oklahoma State University.

McCullough, who is interested in civic affairs in Bartlesville, is active in engineering and industry organizations, the author of several technical papers, is a strong

believer in the private enterprise approach to business. The private enterprise approach is also the criteria of operation for the High Plains Research Foundation.

The Field Day, to be held this year on September 10, will start its day's activities for the public at 1:30 p.m. with field tours continuing until 5:00 p.m. Along with a full complement of other activities for the guests is the traditional free barbecue which will be held at 5:30 p.m. Guest speaker of the evening, G. W. McCullough, will deliver his address at

6:30 p.m. The last item on the agenda for the day is a new event for the Foundation at Halfway. A drawing will be staged after the major speech by McCullough for those who are in attendance.

The High Plains Research Foundation is located on Highway 70, and is 10 miles east of Olton and 15 miles west of Plainview, Texas.

Local Legion To Install New Officer Slate

The Regular Meeting of McDermott Post No. 118, American Legion, Floydada, Texas, will be held at the Legion Hall, Floydada at 8:00 p.m. Monday, September 14, 1964, for the installation of the following Post Officers for the year 1965:

Commander, Dr. Oatis R. McIntosh; 1st Vice-Commander, Thomas L. Holland, Jr.; 2nd Vice-Commander, Thomas E. Daniel; Adjutant, D. G. Ayres; Finance Officer, J. C. Wester; Service Officer, D. G. Ayres; Chaplain, Olin M. Watson, Jr.; Historian, J. M. Willson; Child Welfare Officer, W. B. Henry; Sergeant At Arms, James H. Word.

Rites Conducted For Mrs. Peters

Funeral rites were conducted Monday for Mrs. Nancy Frances Peters, 82, mother of Mrs. Charles Purnell of the Cedar Hill Community, in Emma Church of Christ in Ralls.

Mrs. Peters died Sunday morning in the Ralls Convalescent Home.

Burial was in Resthaven Memorial Park in Lubbock.

Survivors include two daughters, Mrs. Purnell and Mrs. Lillian Young of Lynnwood, Wash., two brothers; two sisters; three grandchildren and four great grandchildren.

CONSERVATION OF SOIL AND WATER

Bench leveling on the Henry Price farm southeast of Floydada. This is only one of many methods local farmers use to conserve the precious underground water supply. This conservation method saves as much as 40% of the irrigation water.

Our land and water are the future of this area. Proper conservation practices are very important.

A good financial program is also important to conserve and make you money. Let the folks at The First National help you with your needs.

Think First of The First

produce enough of these to feed and clothe himself, his family and 200 other persons.

The future may see him producing enough to feed himself, his family and 3,000 others.

Presently, in the United States, with our knowledge and ability to produce food and fiber, only 1% of every \$1.00 is spent on food. In Russia that figure jumps to 56% out of every \$1.00, and in Red China it is 85% out of every \$1.00.

"If we had to spend 85c of every \$1.00 for food, we would certainly have much less time and money to spend for research for better ways of producing these, and have less time and money for a lot of other things we do."

World Competition

Dr. Collister said the farmers in this area are going to have to take a keener interest in the marketing of their products, and must strive to continually improve the quality of their crops.

In the past the U. S. has had a corner on the world Soybean mar-

ket, for no other country could produce a bean that would compare in quality to ours. However, in the past few months, Red China has produced one that is very close to the quality being produced here.

Also competition from other countries in other products can hurt our markets, and the only way to stay ahead is through better quality. A few of the competitors moving up in the world market are: Mexico, cotton; India, grain sorghum; Red China, soybean; South America, sunflower.

Dr. Collister said that this area holds the future to the agriculture of tomorrow. This is the most progressive and productive agriculture area in the entire world. The determining factor in this area is, of course, the water, which we can apply artificially, for we can't rely on Mother Nature to time her moisture to our crops' exact needs.

Water Waste

Over the U. S. the per capita consumption of water is around 60 gallons per day, or over 4.3 billion gallons per day.

The most alarming thing about

Last Minute Effort Gives Horns 15-14 Edge Over Hale Center

Two last quarter efforts on the part of the Lockney Longhorns spelled the difference in Friday night's victory over the Hale Center Owls 15-14.

Until the final stanza the Owls had not allowed the Longhorns to reach paydirt, nor for that matter seriously threaten to score.

Twice Lockney trailed, but twice they came from behind to be the final victors in a hard fought, aggressive ball game that produced a lot of penalties due to the anxiety of the close game.

Lockney was trailing 6-0 at the end of the first half.

Most of the first half was utilized with the teams moving the ball back and forth, up and down the gridiron with neither team gaining an advantage over the other.

The first score came after a sustained Lockney drive bogged down on the Hale Center 32.

From that point the Hale Center team mounted a successful drive that needed only seven plays, the last two in the second period, to cover 68 yards.

J. D. Davis and Tom Boatman did most of the ball advancing, but it was Mark Laney, who turned in runs of 20 and 14 yards (the last for the TD) who was the big spark in the drive. The kick for the point was not good.

Both teams advanced the ball readily during the remainder of the half, with Lockney moving to the Owl's 30 and Owls moving to the Longhorn 21.

Lockney controlled the game during the third period and was moving toward a certain score when a 15-yard penalty stopped the drive after advancing to the Owl 25-yard line.

The Horns held the Owls for downs and regained possession of the ball after Ken Stavenhagen let fly on a 36-yard punt for Hale Center that rolled into the Lockney end zone for a safety.

The Longhorns proved unstoppable on the next drive. A crucial fourth-down try from their 45 kept the drive alive, as Rusty Smith blasted out the yard needed.

Dale Galloway, a few plays later, spotted Neil Mitchell for 22 yards and a first down on the Owl 12.

Three plays later Roger Dorma smashed over the goal line and Galloway's kick put the Horns out in front of the Owls 7-6.

However, the Owls were not through.

After being held for downs, a Hale Center punt bounced off a Longhorn and an awaiting Owl pounced on the elusive pigniskin.

Aided by good runs by Laney, Boatman and Davis, the Owls drove to the 1, and Davis took it over for the score. Boatman then ran the two points to put the Owls in front of the host Horns 14-7. The clock showed 4:34 remained in the game.

The Owls immediately stopped a Lockney drive when Wayne Ballard stole a Galloway pass and put the line of scrimmage on the Owl's 13.

However, the stubborn Longhorns refused to budge and Hale Center punted to the Lockney 45. A roughing-the-kicker penalty put the Horns on their own 40 with 1:07 remaining.

Mitchell cracked through to the

Daftification of An Aggressive Team — Seven elbows and four fists

During the pre-season practices Coach Bill Curry constantly spoke of the Floydada team as one being "slow, small, but aggressive." This scribe wonders if this daftification is what the coach had in mind when he was using the word aggressive. It's doubtful.

Those who missed the opening ball game at Wester Field last Friday night missed a thriller, although the locals had the game under control, despite the score during the entire second half.

When Post had Floydada backed up against the Whirlwind goal line most of the second quarter, and the locals gave up little yardage and only one score, (this largely due to inexperience), the Whirlwinds beat Post at that point.

It was there the locals learned they could hit these larger Post players and move them before the Antelopes could untrack. This was indicated during the entire third and fourth quarters when the members of the Whirlwind were constantly sending from one to three men into the opponents' backfield on almost every play.

And seven players are entirely too many to have in one backfield... there is confusion, plays are mixed up, and people are running over one another... especially when three of the backfield members belong to the opposing team.

Several outstanding players could be cited during the opening game, some of which are old hands at playing well, and some, new to the regular team, played just as well.

Defensively, certainly, Bill Potts, David Lutrick, and Mac Wilson were noticed frequently crashing the much larger Post line and stopping plays before they had a chance to develop. The defensive team and the offensive blocking had developed much more than is expected at the first game.

Offensively, where the back-

field seems to get all the credit, but by no means is any more important, a relatively newcomer, Steve Marler, did some fine running and was never shaken loose from the ball in spite of the many hard kicks. Keith Teague did a lot of good ball handling and only fumbled a couple of times, both of which he recovered. But, in the first game of the season, a lot of fumbling usually takes place. Sammy Watts didn't carry as often as expected, but gained over 100 yards and made both touchdowns for Floydada.

A lot of mistakes were made, gathered from comments made by the coaches, but, too, a lot of these will smooth out as the season progresses.

Being a newcomer to the football scene in Floydada, this writer was pleasantly surprised by the job done by the entire team. It is one of the most consistent hard-hitting teams this scribe remembers seeing.

Crystal Ball QB

The staff at the Hesperian was pleased with the response to the number of people taking part in the football contest that was in last week's paper and will continue for the next ten consecutive weeks.

Since this is the first time this column has appeared there were no predictions on the part of the Hesperian last week, but this week, after finding a good use for crystal ball at a bargain at one of the local stores, we'll try our luck and see what happens.

Warning—those participating in

Floydada to break the jinx of the Buffalo Bowl by downing Canyon, this year a AAA team; Phillips over Childress, Phillips now AA, had an 8-2 won-loss record last year as a AAA team and should take the district championship away from Dalhart; Class A Petersburg should stompede their neighboring AA Abernathy team; Post to take Ballinger; Tahoka will fall to Crosbyton, another A victory over an AA team; Olton will defeat AAA Tulla, the Mustangs have a powerhouse this year in versatility, and will field the only team that made Tulla play catch-up last year until the Hornets met Dalhart; Springlake over Seagraves, the Wolverines downed a powerful Idalou team last week and should go a long way in class A; Happy should pluck Turkey; Ralls will hop over O'Donnell; and the Owls from class A Hale Center should claw AA Dimmitt, the Owls hit hard and were defeated with only 36 seconds to play by Lockney last week.

Seminole will scalp Levelland in the season opener; Lockney Longhorns should gore Kress with little trouble; class A Farwell Steers should stompede class B Bovina; Muleshoe will blast Mor-

Tough Floydada Defense Was Difference In Teams

by GORDON HAMBRIGHT

Wester Field in Floydada was the opening scene for many football fans as they watched the crippled 'Winds come from behind in the fourth quarter to win over the Post Antelopes.

Like the beginning of any football season, there were some mistakes made on both sides, but the 'Winds came through in good shape.

As in the past, the 'Winds had a very good defensive team which held the large Antelope's offense, that outweighed the Whirlwinds by eighteen pounds per man. The tough 'Wind defense did not allow Post a first down in the last half of the game, and held the Antelopes to only 46 yards on the ground for the entire game.

The Whirlwind's offense got off to a slow start but picked up as the game progressed, with the running of Sammy Watts, Steve Marler (a newcomer to the lineup), and Keith Teague. The outstanding runs by Watts showed the Whirlwind fans what to look forward to as the season progresses. Watts had two big moments for the night, once when he ran three yards for one of the local's

football contest use your own judgement, and not ours. After this week's games you'll probably know what we mean.

Here's what the crystal ball reveals:

Floydada to break the jinx of the Buffalo Bowl by downing Canyon, this year a AAA team; Phillips over Childress, Phillips now AA, had an 8-2 won-loss record last year as a AAA team and should take the district championship away from Dalhart; Class A Petersburg should stompede their neighboring AA Abernathy team; Post to take Ballinger; Tahoka will fall to Crosbyton, another A victory over an AA team; Olton will defeat AAA Tulla, the Mustangs have a powerhouse this year in versatility, and will field the only team that made Tulla play catch-up last year until the Hornets met Dalhart; Springlake over Seagraves, the Wolverines downed a powerful Idalou team last week and should go a long way in class A; Happy should pluck Turkey; Ralls will hop over O'Donnell; and the Owls from class A Hale Center should claw AA Dimmitt, the Owls hit hard and were defeated with only 36 seconds to play by Lockney last week.

Seminole will scalp Levelland in the season opener; Lockney Longhorns should gore Kress with little trouble; class A Farwell Steers should stompede class B Bovina; Muleshoe will blast Mor-

der Marler took the kickoff in the end zone and carried it out to the 16. The 'Winds, unable to pick up a first down called on Teague, once again, who kicked out to the 'Wind 46 where the ball rolled dead.

The Antelopes found running room from that point and picked up three first downs. Then a fumble; Rotan won't break Spur's losing streak; the New Mexico fans would like to see Hobbs over Kermit, which is likely; Lamesa should drown Big Spring; Portales will storm Ft. Sumner, Albuquerque Valley will down the Wildcats from Clovis; Friona should level Plains; and Idalou will cage the tigers from Slaton.

The Brownfield Cubs will stymie the Denver City Mustangs; Lorenzo will top Cooper and Quannah will down Vernon.

The crystal ball is fading now, so we'll know Friday night how well it can work. Perhaps as the season progresses it will get loomed up and give better predictions.

score again when he scampered 35 for another.

Not to be left out, Teague gave the fans a taste of future plays with his ability to pass, as well as run with the ball. He passed to James McNeill on one occasion for a respectable gain of 30 yards.

The Whirlwinds kicked off to the Post Antelopes to start the first half. Walker returned it to the Antelope's 48-yard line.

After picking up one first down, Post found it very rough going through the 'Winds defense.

Floydada took the ball on their own 34-yard line on a punt from Cross. It was in this series that Teague passed to McNeill for the 30 yard gainer.

Post, then, put up a goal line stand, holding the Whirlwinds on the two-yard line.

Taking over from this point, Post's Benny Owen carried the ball out to the 23, but the Antelopes were unable to advance beyond that point.

The Whirlwinds took over on the Post 43 after taking a fourth down kick from Post.

Since the 'Winds were unable to pick up a first down, Teague went back to kick. The first break of the game occurred when a high snap from center overhot the reach of Teague.

Post took over on the 'Winds 48-yard line where Cross passed to Roland Simpson for a 29 yard gain. Two plays later, Cross hit Luis Ayala with a 26 yard pass play that went the distance for a TD, and Cross connected with Simpson for the two-point conversion. The score was then 8-0, Post.

The 'Wind defense threw the Antelopes for three straight losses. On a fourth down attempt, Post was off-sides but Floydada refused the penalty and chose to take the ball.

Remaining time allowed only one play before the first half ended with the scoreboard reading 8-0, Post. However, the Floydada ball carrier almost got loose on this play before he was knocked down by a teammate.

After the intermission the Whirlwinds dominated the game allowing the Antelopes a minus seven yards. With fine tackling

by Willson, Zeke Robertson, David Lutrick and Ronnie Eubanks, the visitors were not able to un-track.

The locals took over the ball and put together a sustained drive that was climaxed by a 3 yard touchdown run by Watts. Teague passed to Waldo West for the two pointer.

Late in the third period, Post's Benny Owen intercepted a Teague pass and scampered 52 yards for the visitors' final score of the night. A try for two points was stopped short by the 'Wind defense.

With 7:20 left in the last quarter of play, Sammy Watts was the man of the hour when he was sent off tackle on fourth down to pick up two yards and went 35 yards for the 'Winds second touchdown to tie the score. The first kick attempt by McNeill was blocked, but Post was offside and on the second try, McNeill's toe was accurate to put the 'Winds in front

PICKS UP NINE — Keith Teague, Floydada Whirlwind quarterback is shown picking up nine yards on a roll-out on the first 'Wind offensive play against Post here Friday night. He was brought down by Sammy Sims, visible behind Teague. Floydada came from behind twice to win the game 15-14. (Staff photo)

ble on the Floydada nine-yard line was covered by Mac Willson and this halted the Post drive.

With only minutes to go in the first half, Floydada tried to crank up a drive by passing, but the attempt failed. An attempted kick on fourth down was blocked by Post and the Antelopes took over on the Whirlwind seven-yard line.

The 'Wind defense threw the Antelopes for three straight losses. On a fourth down attempt, Post was off-sides but Floydada refused the penalty and chose to take the ball.

Remaining time allowed only one play before the first half ended with the scoreboard reading 8-0, Post. However, the Floydada ball carrier almost got loose on this play before he was knocked down by a teammate.

United Transport Employee Injured

William Johns, 55 year old long time employee of United Transport in Floydada, was said to be resting fairly well in Methodist Hospital where he was taken by Moore ambulance Thursday morning.

Grover Prints, manager of United, said Johns received head and facial injuries during the process of loading new cars at the plant. The mishap occurred about 7:15 a.m.

Johns underwent surgery Thursday for his injuries. It was not known just how long he would have to remain hospitalized.

Final score was Post 14.

Post plays Ballinger and the Whirlwinds try to take on the Dalhart Bowls.

Campaign Steam

That the two conventions have been held and candidates chosen, the American people can sit back and watch several months of high-pressure campaigning.

Customary, emotions will become heated and may be highly stirred, and there will be those convinced that the country will be led by the "other" candidate is elected.

Over, it is well to keep in mind that the nation at its end, the world will still turn and regardless of the outcome of the 1964 Presidential election in the United States of America, it is true that life in the United States will go on almost normally, and that things will not be as some would portray them, whichever candidate is elected, we will all have time to simmer, reflect and cool our emotions, and someday look back on 1964 in a more detached, less emotional way. But right now, the election is the crisis moment, the critical issue upon which our future seems to hang.

It always seemed so (and perhaps often has) the fact is that the American system for stability and orderly transition, when the time comes for a change.

Baseball Time

Uniquely exciting American game, football is here once again. Even though baseball will be in its first crisp days of October, when the season will be played, football comes earlier and earlier.

Of the great advantages football has is that with the delightful fall weather, not here which always arrives simultaneously with col-

lege football.

It is true that we overemphasize football in too many schools and colleges. It is also true that too many youngsters suffer permanent injuries participating. And, likewise, it is true that football has become the game of the graduate, of the adult fan, far more than the game of the student.

But in spite of all the undesirable effects, the sports fans in this country will be slightly dizzy from now until December, enjoying the gridiron season of 1964, with all its color, its excitement, its college flavor and — its tradition and memories of years gone by.

GUEST EDITORIAL

Is It Different To Be Honest?

What's so surprising about honesty? Is an honest man such a rare bird that the discovery of one is a major news item?

A case in point was a story in an area newspaper a few days ago about a service station attendant who found \$400 worth of diamond rings which a customer had dropped in the driveway, and returned them, refusing a reward, when the owner's husband called to claim the property a short time later.

The husband... a minister, of all people... was quoted as saying "It is not often one stumbles onto a boy with such honesty."

Now really, reverend, is that a fair statement? If one gets around at all, he's apt to stumble onto a boy with such honesty quite a few times in the course of a day. It isn't often that one puts it to such a test, but the fact that honesty is untested doesn't prove that it doesn't exist. Of course, it doesn't prove that it does, either... but why not give your fellowman the benefit of the doubt, at least?

The attitude expressed here is that the average person is dishonest... or would be, if given a safe opportunity. We just don't believe it.

The boy who returned the diamond rings didn't believe it, either. Obviously he saw nothing unusual about returning lost property, and didn't feel that he should be rewarded for doing it.

We'll bet the kid was right... and average... and the Rev. Mr. Blank was wrong and ought to review his ideas about his fellowman. Any comment?

(Canadian Record)

Motor Vehicle Inspection Time Is Sept. 1-April 15

AUSTIN -- Col. Homer Garrison Jr., director of the Texas Department of Public Safety, announced today that the time has arrived for Texas motorists to have their vehicles inspected again.

Garrison said September 1 marked the beginning of the 1965 vehicle inspection period as prescribed by the Public Safety Commission. As in previous years, the period will end on April 15, 1965.

"This means that between now and April 15, 1965, more than 5,200 official inspection stations will have to be inspected at the 5,200 official inspection stations in Texas," he said.

Garrison urged motorists to have their vehicles inspected in the routine visits to garages for ordinary maintenance and repairs and thereby eliminate the necessity of having to wait in line at a later date for an inspection sticker.

er. He further pointed out that with the ever increasing number of vehicles registered in Texas, it is becoming ever more difficult for the motorist to get an inspection sticker without some delay.

"With the hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked for the winter months ahead," Garrison said.

In announcing the inspection period, the Public Safety Director pointed out that vehicle inspection in Texas has apparently been a valuable tool in reducing traffic accidents due to vehicle defects. When compulsory vehicle inspection began in 1961, 19 per cent of all vehicles involved in fatal accidents had a defect that contributed to the accident, while in 1963, that percentage had been reduced to 4 per cent. In non-fatal accidents, vehicle defects as a contributing factor were reduced from 20 per cent in 1961 to 5 percent in 1963.

Locals Take Action With Congressmen and Senators

Announcement of the appointment of Weldon Harris of the First National Bank, at Floydada as Chairman of the Floyd County Chapter of the NATIONAL FEDERATION OF INDEPENDENT BUSINESS, was made today by Frank M. Judah, District Manager of the FEDERATION in this area.

Each business and professional man member of this organization maintains a voting membership, and is polled by ballots regularly throughout the year on bills and issues that affect independent enterprise at the national state levels.

In an effort to do everything possible to maintain the American way of life, and keep our free competitive system of business, the businessmen express their own personal opinion on the ballots each month and turn them over to Weldon Harris, who makes tabulations of the total number and the manner in which they voted.

Floyd County 25 Years Ago

(Sept. 7, 1939)

Bela Wilkinson, 46, native of Floydada died at his home in Dallas of a heart attack Sunday morning. The remains was interred there Monday. Wilkinson had lived in Dallas since 1919. Survivors include his widow.

Mrs. C. E. Bartlett entertained her granddaughter, Martha Lee Sanders with a picnic supper Thursday evening before her departure for Austin where Martha Lee will attend the School for the Blind.

Mr. and Mrs. Leroy McDonald of Tulia announce the arrival of a baby daughter on Tuesday.

Douglas Pitts, son of Dr. and Mrs. Donald H. Pitts, left last Thursday evening for Swanes, Tenn. where he will enter military school.

Members of the 1936 football team of Floydada High met in the home of Mr. and Mrs. Billy Stanforth Wednesday for a chicken fried supper and the group made plans to meet two years hence at which time they will organize a club. Members of the team present were Coach Odell Winter, Captain Estel Baker, Irwin Allen Bates McClung, Lavon Rainer, Moody Williams, Albert Lyles, James Wilson, George Fry Linder, Ham Smith Jr., Billie Tad Probasco, Avon Powell and Billy Stanforth.

Whole Wheat Rolls and Butter
Orange Pineapple Ice Box Cake
½ Pint Milk

is a non-profit organization that has the largest individual membership of any business organization in the United States and independent business and professional men of every vocation participate with voting memberships, regardless of the other civic or trade affiliations.

Floyd Philosopher, Like The Candidates, Takes A Rest Before Settling Down To Campaign

Editor's note: The Floyd Philosopher on his Johnson grass farm claims he's resting his mind this week.

Dear editor:

If you noticed, after each convention and just before the campaigning began, both candidates for President took off and rested up a while, and that's what I'm doing this week, resting up before settling down to listening to the campaigns.

The other item reported a company is now manufacturing a special dish making machine for the kitchen. With it, you set a dial and push a button and the machine turns out the exact number of plates, cups, saucers and glasses you need for the next meal. When the meal is over, you throw the things away.

This is satisfactory enough, but it doesn't go far enough. With a

little more thought and effort the dishes could be made with protein formula and you could feed them to the hogs.

Civilization will have reached a certain peak when a housewife can feed a family, stop the hogs, and walk out of a clean kitchen and get to the television set as fast as the rest.

Yours faithfully
J. A.

There isn't much music coming out of that horn. But one thing's certain: this little fellow is making plenty of noise.

If it happens to be Sunday morning, when the family sleeps late, this sturdy musician isn't going to receive much praise. His lungs are strong, though, and he's going to sit there and toot that trumpet until Mom or Dad takes it away from him.

All of his playmates are at Sunday School, so you really can't blame him for trying to while away the idle hours. Unfortunately, his parents haven't got the Church-going habit, so this boy will probably grow up like them and sleep away the hours in which he could be getting spiritual nourishment.

You've got the right idea, Gabriel. Wake them up to their responsibility!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Rigby Completes Special Warfare Course Recently

FORT BRAGG, N. C. (AHTING) - Army 1st Lt. Joe W. Rigby, whose wife, Patricia, lives at 26 Merritt ave., South Amboy, N. J., completed a military assistance training advisor course at the John F. Kennedy Center for Special Warfare, Fort Bragg, N. C., Aug. 28.

The military assistance training program trains selected officers and non-commissioned officers the nature of counterinsurgency warfare and prepares them for advisory duty with nations all over the world.

Lieutenant Rigby was last stationed at Fort Campbell, Ky. The 24-year-old lieutenant, son of Mrs. Ivo L. Rigby, Lockney, Tex., was graduated from Lockney High School in 1958 and from the U. S. Military Academy, West Point, N. Y., in 1962.

SANTA FE NEWS

Total carloads moved over Santa Fe System Lines for the week ending August 29, 1964 were 33,916 compared with 32,744 for the same week a year ago.

On line loadings were 21,189 compared with 20,734 for the corresponding week a year ago.

Cars received from connections totaled 11,827 compared with 12,016 for the same week a year ago.

Santa Fe handled a total of 30,482 carloads in the preceding responding week last year.

"It looks like rain," commented the waitress as she served the customer a cup of coffee.

"Yes," answered the customer, "but I'll drink it anyway."

COUNTY GSPA DIRECTORS MEET — Left to right — Joe Foster, Vice President; E. J. Kinslow, President; R. C. Mitchell, Director; and Ewald Quebe, Director. Officers not pictured include — J. K. West, Sec.-Treas.; Lon Davis, Elevator Representative.

County GSPA Plan Fall Membership Expansion

Officers and directors of Floyd County Grain Sorghum Producers Association met Thursday, Sept. 3rd in Floydada to plan membership expansion this fall.

They stressed the importance of the market development programs both in foreign countries as well as throughout the United States that have added much to the present strength of grain sorghum. The group also pointed out that county farmers have received much benefit from research projects which include the current midge research project underway here on the High Plains.

E. J. Kinslow, Co. Pres. said that this is a commodity organization made up of sorghum farmers, to do research, market development and service work for grain sorghum, and is no stronger than the farmers who make up

its membership. Elevator operators throughout the county have cooperated with GSPA since it was organized in 1956 by collecting grain for shares at rate of 2 lb. per 1,000 lbs. production. They will continue their support this year by reminding each farmer to leave this year's shares at settlement time this fall. GSPA officers expressed their appreciation to county elevator operators who have worked hard in the past to help make this organization successful.

All county farmers are urged to support this work so we can search, market development, and all speak up for or against service programs that can very much effect the future of this important area crop.

Motorcycle-Car Wreck Injures Leslie Copeland

Leslie Ray Copeland of Lubbock son of Mr. and Mrs. H. A. Copeland of Floydada, is resting well this week in West Texas Hospital where he is under treatment for a fractured leg. Copeland was injured Saturday evening when a car struck the motorcycle he and his daughter, Darla were riding. Copeland underwent surgery and pins were placed in his leg below the knees where the limb was crushed. Darla escaped injuries.

According to other news sources Copeland was said to be driving west on Cornell when the motorcycle collided with a car driven by Orval Ray Wilkins. The accident occurred in front of Wilkin's home.

Copeland will remain at least a week in the hospital and it will be some two months before he will be able to be about.

SUPPER ON THE GROUNDS
Dallas businessmen will spread the biggest picnic luncheon in the state on Saturday, Oct. 17, when they are host to almost 100,000 Texas farm boys and girls on Rural Youth Day at the 1964 State Fair of Texas.

Suits get messed as much from being crowded against other suits as closets as from being worn. To prevent this, upholstery hangers may be driven into tops of wooden clothes rods or heavy rubber bands may be wrapped around metal rods at equal distances to keep the clothes spaced apart.

Surplus

(Continued from Page 1) into the gulf of Mexico. The Colorado pours more than 8 billion gallons per day in the California Gulf.

Dr. Collister said, "75% of the nation's water supplies are in the East, of which they use 2%. The West in turn uses 65% of their 25% for irrigation and human consumption."

What the Future Holds
Dr. Collister predicts a water famine on the High Plains and in the West by the year 1980, unless something changes.

He said, "A few ways farmers can save water include: bench leveling, which saves as much as 40% of the irrigation water pumped from the ground; recharging irrigation wells with lake water when it is available can save a rigation efficiency studies can help increase the use of the water tremendous amount of water pumped from the ground; proper timing of irrigation, this method can save 50% of the irrigation water; hormones, for example those developed by Dr. Arthur Gobilis of the Research Station can produce the same plant on 30-80% of the amount presently used; flame cultivation, this method does not disturb the valuable root system of the plants and in turn saves a great amount of water."

Dr. Collister concluded, "We can't look back and see what we have done in the past, for tomorrow is already here. Yesterday is a cancelled check, today is ready cash, and tomorrow is a promissory note."
It's up to us to pay it in full.

NOW PIGGLY WIGGLY DOUBLES YOUR DIVIDEND

twice the value will be awarded every prize section of

YOUR

DIVIDEND CLUB CARD

Enjoy Piggly Wiggly's Savings While You Earn MORE
