Floyd Leads Four-County Area In Total Bales Of Cotton Processed

Moore Resigns; Holmes Appointed County Judge

Slow Harvest, But Small Wheat Crop

According to the latest report from the Texas Extension Commission, which was last Friday afternoon, Floyd County is leading the four-county area in cotton ginned.

The total is 219 bales, Hale's is 43, Briscoe has 15 and Swisher has a total of 115,000 bales on about 103,000 acres.

The best cotton is sometimes not necessarily the best when it is open, the farmer tends to put the field and pull even though the crop may be "green."

However, most of the cotton ginned in the Floydada area has been Middling to Middling White with a staple length of 15/16 to 17/16.

According to one ginner the microclimate reports received back at the gin vary from 4.2 to 5, which, incidentally, is very high.

Edwin Slow Harvest
The two inch rain received since last Thursday has hampered the harvest to some extent, but most farmers are optimistic about the skies clearing off in the next few days and drying crops out once again.

The grain sorghum harvest is about 90% complete around the county so the little delay in the harvest won't hurt the over-all county harvest.

Only a few fields have been pulling bolls so far this year, but most of the harvest will get into full swing in another two weeks or a month. In November and December the cotton strippers will be seen throughout the county getting the last of the crop from the fields.

The rains, although delaying the harvest to some extent, have not dampened the spirits of most farmers. After coming through one of the driest summers in history, they are "glad to take it when we can get it."

Total Rainfall
The official rainfall received at the ASCS office this past week was two inches. This brings the total for the year to 12.09 inches.

In 1963, which was also a relatively dry year, at the end of September, 14.91 inches of moisture had been recorded. When looking back at 1964, however, it may be well to remember that a total of 10.56 inches fell during the year.

Carmack In 1965 Edition Of Outstanding Young Men

Mr. and Mrs. C. B. Carmack, Floydada, received word recently that their son, Bobby, has been selected to appear in 1965 edition of Outstanding Young Men of America.

The men selected for the publication are community and civic leaders in their respective areas. The selection is based on the individual's leadership ability, interest in community, and to a large extent, emphasis on religious qualities.

The selection is made by the United States Junior Chamber of Commerce, with national headquarters in Montgomery, Alabama.

Carmack graduated from Floydada High School in 1955 and entered Panhandle A&M where he received a degree in Animal Husbandry.

He graduated from Panhandle A&M in 1959 and entered Kansas State to seek his Master's degree, which he received in 1961.

Bobby now resides at Four Acres, Oklahoma, where he is manager of the Armour and Codding Research Farm. He belongs to the Four Acres Chamber of Commerce and is a Sunday School teacher.

In the letter, Dupe Blankenship, chairman of the board of Advisory Editors for the publication said, "Your son's selection was made on an impartial basis under the sponsorship of the Junior Chamber of Commerce. The complete biographical sketch of each outstanding young man is printed in a 896 page book. The book is being prepared at this time."

Court Of Civil Appeals To Hear Caprock Hospital Suit Tuesday

A legal suit entitled Rene Yeary et al vs Hollis Bond et al, appealed to the Amarillo Court of Civil Appeals will be heard next Tuesday morning in Amarillo beginning at 10:00 a.m. The

suit is against the Caprock Hospital District that is in the process now of trying to build a new hospital in Floydada.

One of the points of the suit is the doubt of the Caprock Hos-

pital District ever being legally formed. The plaintiffs claimed, among other things, that a majority of the voters in the district did not approve the creation of the hospital district, it was only a majority of those voting.

Judge L. D. Ratliff, 110th District Judge, heard the case in district court here and ruled, after a week's delay, in favor of the defendants. The plaintiffs soon appealed the case to the Amarillo court.

Fire Prevention Week Set October 4-10 By NFBU

Fire Prevention Week — observed throughout the nation to help keep our fire toll down — will be observed this year October 4-10.

This is the forty-second anniversary of Fire Prevention Week, which each year is proclaimed

by the President of the United States.

Fire Prevention Week always falls in the week which includes Oct. 9, the anniversary of the Great Chicago Fire in 1871 in which 250 persons lost their lives, 17,430 buildings were destroyed, and losses totaled \$175,000,000.

Only round-the-calendar care with fire can hold the fire toll down. Despite all fire safety efforts, 11,800 persons died in fires last year, thousands more were injured, and property dollar losses from fire increased to a new high of \$1,405,538,000. However, without fire prevention efforts, losses might be three times their current size, says the National Board of Fire Underwriters.

Floydada is fortunate to have not suffered a major fire recently that destroyed a large portion of the businesses or homes. And the insurance key rate for this city is relatively low, as a result of people's interest in observing fire safety precautions. The last major fire was the loss of the Courthouse in the 40's.

The key rate is based on the past five year's fire record in any given town, the water pressure, etc.

Baseball Association Meeting Set

According to Ted Viramonte, president of the Floydada Baseball Association, there will be a meeting of the organization next Tuesday night, October 6, at 7:30 p.m. in the Community Room of the First National Bank.

The purpose of the meeting, according to Viramonte, will be to plan the organization's functions for the 1965 season, and to elect new officers to serve for the coming year.

All managers, parents, and other interested personnel are urged to attend the meeting.

Refreshments will be served.

Over 200 Attend Rotarian Dinner For School Teachers

Over 200 Rotarians, their Rotary Anns, school teachers, school officials and school board members and their wives and husbands attended the annual Rotary "School Appreciation Banquet" in the high school cafeteria Tuesday night.

Guest speaker for the event was Rev. Bob Hearn, pastor of the Second Baptist Church in Lubbock. He spoke on the subject of "Service Above Self."

Master of ceremonies was Rotary president Newell Burk. The welcome was given by Rotarian Jimmie Willson, the speaker was introduced by Rotarian John Stapleton.

School Superintendent A. E. Baker introduced new teachers in the school system and commented that a total of 97 teachers were now employed.

Other entertainment included musical numbers composed of a

duet by Mrs. David Battey, Jr. and Mrs. Wendell Tooley accompanied on the piano by Mrs. Bob Copeland; a trio by Burk, Henry Barber and Wendell Tooley.

Three Youth Win In Fourth Grid Contest

Three youth clinched the three prizes in the fourth Hesperian Football Contest last week that was decided by predicting the total points to be scored correctly.

The three waded in among several unsets and set the older generation straight on how to predict the outcome, and in some cases, the exact score.

Bernie Edmonds, Garland Martin, Andy Hale, Jamie Lewallen and Jack Stansell all missed seven, but the first three named here were winners for guessing more closely the points scored.

Bernie guessed the total points would be 28, in a 21-7 ball game, which was exactly what happened. Garland guessed a total of 26 points and Andy guessed only 23 would be scored. Jamie's guess of 22 missed third place by only one point. Jack guessed the total would be 19, missing any prize money by 4 points.

Seven people entering the contest missed only eight of the games to come close to being

Election Slated For Zone One SCD Supervisor

The election of a Supervisor for Zone No. 1 of the Floyd County Soil Conservation District will be held next Tuesday, October 6th, at the Sterley Club House at 8:00 p.m.

Zone No. 1 comprises the area west of the Silverton Hwy. (No. 207) bounded on the north by the county line and extending south to Floydada, then bounded on the west by the Plainview Hwy. (No. 70).

Eligible voters are those (including wives) who own land within Zone No. 1 and who reside anywhere within the District proper. (The District being the same as the County boundaries).

The district supervisors coordinate the activities of local, state, and federal agencies, which cooperate into a completely integrated program of soil and water conservation. The present Supervisor for this Zone is W. B. Mullins, who resides in the Sterley Community.

Temporary Judge Is Also Demo Nominee

Doyle Moore, who last Tuesday was appointed to fill the County Judge's post, vacated by the death of Judge J. D. McBrien, resigned the position last Friday afternoon.

At a meeting of the Democratic Executive Committee held Monday afternoon, J. K. (Keller) Holmes was selected as the Democratic Nominee for the position in the November 3 General Election, and the same day the Commissioners Court appointed him to fill the Judge spot until the upcoming election.

A Few Words Of Appreciation

On behalf of the Floyd County Fair Board, I would like to express our heartfelt gratitude to all of the people of Floyd County and the adjacent Counties for their cooperation in making the Floyd County Fair — this year, 1964, the best in history. This has been made possible by working together.

This is a Floyd County Fair and Leekney, we appreciate what the Floydada people have done this year to make this fair a great success. Our thanks go to Dr. Harold Lueden in the Alken Community and Anderson Chayton for the contribution that they made to the fair grounds.

We are planning a bigger and better fair this next year, 1965. Thank you again, with warmest personal regards.

Sincerely,
H. E. Frizzell, President
Floyd County Fair Ass'n.

Two other men, Sammy Hale and Dennis Dempsey were considered for the position before the selection of Judge Holmes was final.

The Republican Executive Committee, also selected a candidate last week to run in the November 3 General Election for the Judge post. He is Gorse C. Applegate of the Lone Star Community.

The County Judge, among other things, has to decide juvenile, probate, misdemeanor and civil cases that come before the county court. He also heads the Commissioners Court and has the final say in the handling of all the county's finances.

Judge Holmes grew up in Knox County and graduated from Knox City High School in 1917.

He came to Floydada in 1918 and has been farming here since that time. He served on the County Commissioners from 1961-66. He served on the school board at Starkey for about 12 years and served on the Floydada School Board for one or two years.

Progress Of City Seen At Open House Here

The old and the new crossed paths at the City's Open House held last Sunday afternoon in the City offices and electric plant.

That is, some of the councilmen who started the electrical plant twenty-five years ago and the present councilmen had a lot to discuss at the event.

John Lanier and Mark Martin, who were aldermen when the plant first started operation in 1939 were on hand to have a look at old "Number One."

Martin said, "I still think a lot more of it than I do any of the others."

The Open House included all the City's offices, but most of the interest and activity centered around the electrical plant which has recently been enlarged and two new Nordberg engines in the plant capable of developing 1,700 HP and pulling 1,250 KW.

Regarding these engines and the Worthingtons, the first engines, that develop 300 HP and pull about 250 KW, Martin said, "I remember the day when

THIS WAS ONLY THE BEGINNING — Three councilmen, only one presently an alderman, are shown above during Open House held last Sunday by the City offices. Mark Martin is pointing to the first of the power plant engines while John Lanier, a councilman in 1939 as was

MISS JUNE CLARK WYCHE
(Bride elect of Hal Hines)

Miss June Wyche To Wed Hal Hines

Mr. and Mrs. Paul G. Wyche of 3700 Armstrong, Dallas, Texas, announce the engagement and approaching marriage of their daughter, June Clark Wyche to Hal Dean Hines, son of Mr. and Mrs. H. H. Hines of Floydada. The couple have set their wedding date for December 29 at Dallas in the home of the bride's parents.

Miss Wyche is a junior student at Texas Tech, majoring in finance, and is a member of Kappa Alpha Theta.

The prospective bridegroom is a member of Phi Gamma Delta at Texas Tech where he is a senior majoring in agriculture.

Hospital Auxiliary To Sponsor Coffee

The Floydada Hospital Auxiliary will sponsor a coffee in the Council (Home Demonstration) Room during its regular meeting time on Tuesday, October 6th, at 10:00 a.m. All members, active, participating, and Life, as well as any persons interested in learning about the Auxiliary or in joining are invited to attend.

Since its organization, the Hospital Auxiliary has met regularly once a month for business meetings, presided over by the president, Mrs. Lynn Miller. At these meetings, teams have been organized to work daily at Peoples Hospital in any capacity that will aid the hospital. Uniforms have been obtained by the members, two daily newspapers have been subscribed to for the patients in addition to The Hesperian, and some kitchen utensils have been purchased that were needed.

Members of the Auxiliary have participated in the free Public Health Clinic under the direction of Mrs. Wesley Carr, school nurse, one Saturday each month, and will continue to help as long as the clinics are held.

At the coffee on Tuesday morning, a guest speaker, already familiar with Hospital Auxiliaries, will present views on how our Hospital as well as our community can better be aided by the work of Auxiliary members. Make your plans to be in the Council Room for coffee and to meet our guests at 10:00 a.m. on October 6th.

Home Beautiful Tour Set For Sunday

The annual Home Beautiful Tour sponsored each year by the 1934 Study Club will be held Sunday afternoon, October 4, in Floydada. The event is the only money making project of the club and proceeds from the ticket sales will go for club activities. Hours are from 2:30 until 5 p.m. The tour gives the public an opportunity to see the latest in new homes, their style and decor. Occupants of the six homes

visited and members of the 34 Study Club will greet guests and escort through each individual house.

Homes to visit on the tour will include Mr. and Mrs. Aaron Carthel, 820 W. Missouri; Mr. and Mrs. Allen Bingham, 710 W. Missouri; Mr. and Mrs. A. W. Coltharp, 818 W. Mesquite; Mr. and Mrs. Orville Newberry, 814 W. Mesquite; Mr. and Mrs. David Eaton, 131 W. Olive; and Mr. and

Mrs. Hamilton Entertains With A Coffee Friday

Mrs. T. T. Hamilton entertained with a coffee in her new home, 803 Mesquite, on Friday morning for women the Hamiltons are employed with, and a few other coffee friends.

Mrs. Hamilton was assisted with hostess duties by a daughter, Mrs. Wilma Colston and Mrs. Lindsey Graham and Mrs. Doug Galloway.

Scott-Edwards Wedding Read

In a candlelight wedding ceremony at 7 p.m. Saturday, Sept. 19th, Miss Ethel Lorain Scott became the bride of Ralph David Edwards in vows read in the First Baptist Church at McAdoo. Rev. Haywood Kube, pastor of Arlington Baptist Church officiated.

The bride, daughter of Mr. and Mrs. Virgil Scott of Lubbock, was reared near the border of Dougherty. She graduated from McAdoo and was employed at the First National Bank in Matador.

Edwards is the son of Mr. and Mrs. J. P. Bachnean of Crosbyton. He is a graduate of Crosbyton High School and is employed in the electrical department of the City of Crosbyton.

After a trip to Dallas the couple will be at home in Crosbyton.

Out of town visitors who attended the wedding and visited in the V. V. Scott home in Antelope community included the bride's parents, Mr. and Mrs. George Scott and Lesley of Canyon and Mr. and Mrs. Leroy Scott and Tami of Lubbock.

Garden Club Plans For Zone 1 Meeting To Be Held Here

Floydada Garden Club met Friday morning in the home of Mrs. S. D. Hunter, Mrs. A. V. Stewart brought the devotional and the business meeting was conducted by Mrs. Tom Porter, president.

The program consisted of the by-laws being read and discussed by Mrs. J. M. Willson. There were no changes made.

Mrs. L. T. Wood made the introduction of Yearbooks.

Mrs. Hunter served sweetrolls and coffee to those attending. Her home was beautifully decorated with autumn arrangements to fit the occasion.

During the business meeting the Garden Clubs of Zone 1 session was discussed. The event is to be held in Floydada on November 5 in the First Methodist Church.

Those to serve on various committees include: Greetings; Mrs. B. A. Robertson, Mrs. J. P. Moss, Mrs. John Hoffman, and Mrs. J. M. Willson.

56 Club Meets In Norman Home

The 1956 Study Club met on September 22 in the home of Mrs. Glad Norman for a lesson in "The World of Being Ourselves". Members answered roll call with "all about me" and also revealed secret pals from last year.

Following the business meeting presided over by the vice president, Mrs. A. C. Pratt, Mrs. Gordon Hambricht gave the program on "Mothers Are Women Too."

Club also held a white elephant sale.

Mrs. Ray Ferguson was voted in as a new member.

Those present included Mmes. Kerwin Baxter, Eugene Beedy, Jimmy Collins, Ronald Evans, Gordon Hambricht, Bill Hardin, Gary Carthel, Norman Muncy, A. C. Pratt, Don Probasco, Lewis Reddy, Charles Reid, Marvin Wells, Bernie Parkey, Jakey Younger and the hostess.

Guest attending was Mrs. Larson Fluton.

The next meeting will be October 4th in the PCA room.

Caprock Ass'n. WMU Meets In Cone Friday

The Caprock Association Women's Missionary Union of Baptist Churches will meet at the Cone Baptist Church tomorrow, October 2 with the session being called to order at 10 a.m.

Watchword Interpretation will be given by Mrs. C. P. Scudder and songs by Mrs. Haney Wideman and Mrs. Harold Trull.

Intercessory Prayer Time will be led by Mrs. Jack Sims of Matador.

Praise for the New Year of 64-65 is to be given by Mrs. W. B. Allen of Pansy. Among those introduced will be Mrs. O. G. Mayfield and Mrs. Effie Foster of Floydada.

Mrs. Ben Vera will give a talk on Latin American Crusade. The main message "The Bible and Missions" will be by Rev. Otis B. Testerman of Crosbyton. Mrs. Allen, who is WMU Caprock Association president will conduct the business session.

FLOYD DATA
R. L. Rutherford of Plainview, had eye surgery in St. Anthony Hospital in Amarillo on Sept. 9. Mr. Rutherford is recovering.

Coffee, punch and cookies were served from silver appointments. The serving table was laid with a white linen cloth and highlighted by a lovely fall arrangement of gold colored flowers, flanked by gold tapers.

Attending the affair were Mmes. Ruth Scott, Jessie Roberts, J. D. Hart, Cecil Hagood, Jewel Teague, Roy Archer, A. T. Hull, Johnny Collins, Lindsey Graham, Doug Galloway, Dale Lawson, Lorin Leibfried, Mary Day, Roy Baxter, Maud Hollums, Helen Sawyer, Ralph Lemons, Wilma Colston.

Cars Ransacked At Churches Sunday Night

Cars parked at the Methodist and Baptist Churches Sunday night during services were ransacked with heavy losses reported by a number of persons attending church.

All cars entered by the burglars were left unlocked, according to investigating officers.

The E. J. Kinslow lost two suits of clothing belonging to the Kinslow boys, raincoats and a Stetson hat belonging to Mr. Kinslow. The Charles Craig family lost some clothing and two men reported tool boxes and their contents were taken, each valued from \$75 to a \$100.

Carmack Feed and Seed was also broken into sometime Sunday night with a small amount of money taken from the cash register.

Monday night Cornelius Gregory was broken into and missing is from 75 to a hundred dollars. Burglars also enjoyed a cold pop while on the premises.

Two sets of wheel covers were taken off a car parked at City Auto lot over the weekend but no other else reported amiss.

Girl Scouts To Baby-Sit Friday Night

The Girl Scouts will again be baby-sitting for those who wish to leave their children at the Junior High Gym and go to the ball game Friday night.

Two weeks ago was the first time this was tried and most people had made arrangements to leave their children before they knew such a service was available.

The Girl Scouts will be keeping and caring for the children and will be chaperoned by at least one adult. People may leave their children thirty minutes prior to the game and should pick them up not later than thirty minutes after the game ends, according to Mrs. Q. D. Williams, scout leader.

There is no need to contact any of the scouts, just take the children by the gym and pick them up after the game.

There is only one way to be happy and that lies in finding mental satisfaction.

'65 Pontiac Maintains Wide Track

The Pontiac automobiles for 1965, featuring a new low-ratio economy rear axle and the well known "wide track", are being shown by City Auto Service in Floydada.

Series for 1965 include the Bonneville, the Grand Prix, Star Chief, Catalina, the "2 plus 2" the GTO, Le Mans, Tempest Custom, Pontiac Safari and Tempest Safari.

The Bonneville features a longer, lower silhouette, a 289-cubic-inch engine, new automatic transmission and a luxury interior, along with the low-ratio rear axle.

A new sweep to the roofline is distinctive in the Grand Prix which has the unique venturi shape. This car has a 333-horsepower engine, improved suspension and bigger brakes.

The Star Chief has a new 124-inch wheel base and offers eight interiors for 1965. As for performance, the standard Trophy V-8 engine in the Star Chief delivers 290 horsepower in Turbo Hydra-Matic is ordered.

Quickness and agility are features of the Catalina. This car has the 121-inch wheelbase, Trophy V-8 and full carpeting, electric wipers, dual sun visors and foam-cushioned front seat.

The "2 plus 2" sports car comes in coupe and convertible and has a 338-horsepower engine topped by chromed rocker covers and air cleaner. Standard equipment includes bucket seats and seat belts, dual exhausts and heavy-duty springs.

Three models are available in the GTO, a hardtop, sports coupe and convertible. Two engines are available, one of 335-horsepower and one of 300. Both have chromed rocker covers, air cleaners and oil filter caps. Bucket seats with belts are standard.

The Tempest is powered by a 140-horsepower six and standard lighter, dual sun shades and seat equipment includes heater and defroster, front-door armrests, belts. The Tempest convertible has the stacked headlights, split grille, three color choices for interiors and similar standard equipment. The standard engine is the six.

The new Le Mans features bucket seats, seat belts, assist bar on dash, optional center console and special interior design. Engines available for the car are a 140-horsepower six or a choice of 250-hp regular-gas V-8 or 285-hp premium fuel version.

The car swerved and hit a culvert and Mr. Brooks was killed in the crash.

SOUTH PLAINS NEWS by Mrs. Murray Julian

Cruzada Bautista Now In Session

South Plains, Sept. 28 — Evangelist Johnny Hutchins, of Corpus Christi, Tex., spoke at Sunday morning services at the South Plains Baptist Church. He is preaching at 8:30 each night this coming week at the Baptist Mission Church in South Plains, with Ivan Wozencraft of Olton leading the singing for the Cruzada Bautista services, and ladies from the mother church will assist in the nursery during the meetings. Everybody is invited to come and bring a Latin-American family with you.

Congratulations to Mr. and Mrs. Tom Blythe of Arlington, Tex., on the birth of their first child, a boy, born Saturday, September 19, in Arlington at 7:51 p.m. He weighed 7 pounds, 7 1/2 ounces, and was named Russell Jay. Tom is enrolled in Arlington State and will be a junior this fall. They moved this summer to Arlington from Portales, New Mex.

Mr. and Mrs. Frank McClure left this morning for Houston where they will visit their son, Mr. and Mrs. Donald McClure a few days. They were accompanied by Mrs. Carl Smith of Floydada who will visit her son, the Bruce Foster family of Houston, and Kendis Julian, who went there to bring home a car. Mr. and Mrs. Robert Blankenship and their three children from Krumb, Texas, which is near Denton, are new residents of South Plains, and have moved to the house formerly occupied by the Hollis Showmakers, who now live in Plainview. Mr. Blankenship is the new gin superintendent at the South Plains Co-op Cotton Gin.

Proud grandparents here are Mr. and Mrs. John Wilson, and great grandparents, Mr. and Mrs. Menard Field recently of Floydada. Paternal grandparents are Mr. and Mrs. Blythe of Fort Sumner, N.M. Mrs. John Wilson spent the past ten days in Arlington with her daughter, Sue and Tom Blythe. John flew down there last Sunday and brought the family car home Tuesday, then he and Mr. and Mrs. Gary Wilson went down to Arlington Friday to see the new baby boy, Russell, and they stayed until Saturday night and Mrs. Wilson returned home with the group. Mrs. Blythe of Ft. Sumner, New Mexico is in Arlington with the young folks at this time.

Mrs. John Kinnibrugh's sister, Mr. and Mrs. Arnold Reeves of Gilliland spent the week end in South Plains with Valeria and John, Beverly and John Mark. Two inches of rain fell at the Julian farm Saturday night, 3 inches and hail which made the ground white was reported at the Grigsby Milton farm, and all the community had some rain. As little as 1 1/2 inches were reported on the Bob Reeves ranch, 3 inches and hail on the Raymond Reeves ranch and farm, and this is the second week farmers have been kept out of the fields with wet ground, fog, damp conditions. This Monday has a brilliant sun and drying conditions, perhaps on Tuesday harvesting may continue.

Mr. and Mrs. E. J. Kinslow and boys went to Canyon Saturday night for the Arizona State-West Texas College football game, with the score ending in 34-8 for Arizona State. It was cold, but no rain fell. The Kinslows visited with their son, Mr. and Mrs. Barry Kinslow, and guests, the Larry Ormans. Sunday after church services, the Kinslows went to Lubbock where they visited his parents, Mr. and Mrs. D. E. Kinslow who had just gotten home from a trip to Oklahoma and other points back east. Week of Prayer for State Missions, with its theme, "Lord, Make Me Aware" was held at the South Plains Baptist Church Tuesday, beginning at 9 a.m. in an all day session. Lunch was served at noon to women attending and their husbands who came at twelve o'clock. This is the Mary Hill Davis Offering and goal for the Baptist Church here is around \$300. About a dozen women gave parts during the day, and Rev. and Mrs. Isaias Longoria were present and he gave a talk in the afternoon concerning the Mission work which the group studied, and Mrs. Smith showed a colored film of Latin-American children, churches, and other things which the women had studied. Farmers Home Administration Helps Finance Young Farmers

Mr. Alfred A. Harrison, County Supervisor of Floyd and DeWitt counties, advises that eighteen young farmer families are receiving loans to assist them in the purchase of farms, the construction of essential farm buildings, the acquisition of livestock and machinery, and funds for the further development of their resources this year. "Over 1,000 young farmers less than 35 years of age have received the financial and technical assistance of the Farmers Home Administration in Texas this year," stated L. J. Capelman, State Director. Mr. Capelman reported that "One of the major endeavors of the Farmers Home Administration in 1964 is to assist young farmers in accomplishing the extremely difficult task of acquiring the capital and the skill needed to take over the farms of their retiring elders."

Mr. Harrison stated that over the past three years, many young farmers in the State by assistance of the Farmers Home Administration have been formally recognized as outstanding young farmers in the State by various publications and farm organizations. The County Supervisor advised that this financial assistance is available to young farm families who are unable to obtain adequate credit from private sources, meet all other eligibility requirements, and have the ability and the desire to become successfully established in farming and ranching operations.

Oragnizational Meet For Young Republicans Held

A meeting of the Young Republicans of Floydada was held Monday night in the Community Room of the First National Bank. The purpose of the meeting was to organize the group.

About 16 youth attended and elected Joe Cox, chairman, Ken Campbell, vice-chairman and Beth Calahan, secretary.

In charge of Monday night's meeting was Glenn Looney, Lubbock state secretary of the Texas Young Republican Federation. Looney was assisted by Bill Colston and John Farris. Farris is chairman of the Floyd County GOP organization.

The group decided to meet each Monday night until after the General Election.

The next meeting will be held at Republican Headquarters Monday, October 5 at 8 p.m.

All interested teenagers are welcome and invited to attend.

Drop into boiling water; remove from heat, let stand 20 to 30 minutes—drain.

Another nice casserole dish to put into the freezer for winter-time serving is:

MEAT STUFFED PEPPERS
8 green or red sweet peppers
1 onion, chopped
1 pound ground beef
4 medium-size tomatoes, chopped

1 1/2 cups whole kernel corn
Salt and pepper to suit taste
Remove tops and seeds from peppers; parboil 5 minutes; drain.

Brown meat, and onion in electric skillet, add other ingredients, let boil.

Stuff peppers, top with buttered crumbs. Stand upright in greased baking dish; add small amount of water. Cover and bake in moderate oven (350 deg. F) for 45 minutes to 1 hour.

NOTE: When peppers are stuffed they may be placed on a tray or a piece of foil and put into the freezer until frozen then removed and packaged in plastic bags. This makes a "bulk" pack and the number of peppers needed may be removed without having to thaw the whole container, which is necessary if they are frozen in a container.

Here is another "quickie" that makes a delicious meal in a hurry.

JIFFY HAMBURGER DISH
Put 1 pound ground chuck or ground lean meat in the electric skillet, season with salt and pepper to suit taste. Cook until the meat is slightly browned. Stir in 1 can of Spanish Rice. Mix together; sprinkle the top with grated cheese. Cover and let stand on low heat until the cheese is melted. Serve while hot.

If you have teenagers they will welcome for a good nourishing supper meal.

CROWN ROAST OF WEINERS
2 lbs. weiners (14-16)
2 large cans baked beans
barbecue sauce or catsup
4 tomatoes cut into wedges
1/2 cup grated cheese or buttered crumbs
Cut 1/2 inch off one end of each weiner. Using a large-eyed needle and soft twine thread weiners together. Brush with barbecue sauce or catsup. Stand on "cut" end in skillet. (The twine to join all weiners together.) Fill center with baked beans. Cover and cook 30 minutes. Last 10 minutes, add tomatoes and buttered crumbs and cheese.

Floyd County 25 Years Ago

(Sept. 28, 1939)

The S. N. McPeaks, who 60 days ago sustained the loss of their residence in north of Floydada with their household and personal effects, Monday morning were looking at the ashes of another fire. This time it was their barn along with its contents bins on the ground floor and a huge loft above, holding some 500 bushels of wheat; 250 of barley; tons of maize heads, cotton seed for next years planting; 5,000 bundles of feed with the total loss valued at \$3,000. There was no insurance.

Funeral rites for the infant son of Mr. and Mrs. Bill McNeill, Donald Wayne, were held Friday in the Funeral Home. The baby died 5 and a half hours after a cesarean birth.

Treatment was given Billy Carmack, small son of Mr. and Mrs. C. B. Carmack, following a fall in which his right arm was broken.

CENTER NEWS by Mrs. J. E. Green

Moisture Aids Area Wheat

CENTER, Fert. 28 — My! What a wonderful rain we got Saturday night. From 2 inches to 2 1/2 inches. Wonderful for wheat planting, or what is already up.

It was almost cold Sunday. Coats and winter hats looked right at church. But today is a beautiful day.

Mr. and Mrs. Leo Frizzell visited their daughter and family, the Garvin Beedy's of near South Plains last Tuesday.

Mr. C. W. Denison reached home last Monday from South Platte, Nebraska, where they went Saturday week. Mrs. Denison remained for a two weeks visit there with her mother and other relatives.

Mrs. Frank Dunn was in Lubbock most of last week baby sitting while her daughter and husband, Margaret and Tony Balois, went on a vacation trip.

Mr. and Mrs. Hal Thomas were in Denver City Friday week visiting her sister and husband, Mr. and Mrs. Martin Green. Mrs. Green has been ill for many months.

Last Tuesday Mrs. J. E. Green and her sister, Mrs. Coggin of Borger spent at the cannery while her mother, Mrs. K. J. Matthews, also of Borger, spent the day with Mrs. Charley Battey. Late in the p.m. all went to the Thomas Warren's for an hour or two, then that evening back to Mrs. Battey's. Others present were J. E. Green, Mr. and Mrs. Fred Battey and Mrs. Ola Warren.

Wednesday Mrs. Green, Mrs. Matthews and Mrs. Coggin went to Lubbock, and got caught in the deluge around noon. They also made brief stops at Mt. Blanco and Idalou. The Borger relatives returned home Thursday.

Mrs. Frank Dunn visited Mr. and Mrs. Hal Thomas Saturday afternoon, and dined Sunday with Mr. and Mrs. J. D. Welborn.

Mr. and Mrs. O. C. Vinson were in Lubbock Tuesday seeing Mr. Vinson's sister, Mrs. Artie Macon who was critically ill. Also visited with Mrs. Macon's son, Ozell Macon and wife. Mrs. Macon passed away Friday and the Vinsons were in

Lubbock Sunday to attend last rites. Mr. and Mrs. Ernest Hueckabee and children of Stephenville came Saturday, and the adults accompanied the Vinson's to Lubbock Sunday for the funeral.

We all sympathize with Mr. Vinson in the loss of his sister. Elaine Warren spent Sunday with Jan Perry. The rest of the Thomas Warrens, also the Bob Aldredges, Mr. and Mrs. Fred Battey and Mrs. Ola Warren dined Sunday with Mrs. Charley Battey. In the afternoon Mr. and Mrs. Lee Battey and baby of Lubbock came. Lee is a grand son of the late Charley Battey.

Mrs. W. C. Plumlee left from Lubbock by train Sunday morning for California where she will visit a son and family for two weeks.

The R. C. Ross family seems to be gone to Roswell as planned. (Can't reach them today.) We are sorry to hear of the passing of Mrs. Luther Kiker of Canyon, formerly a long time resident Southwest of Floydada, and of Crosby County before that. Our sympathy is with her family and other loved ones.

August Savings Bond Sales Top \$8,001

Mr. Don Pemberton, chairman of the Floyd County Savings Bonds Committee, announced that the county's August Savings Bond sales totaled \$8,001. Sales for the first eight months of this year were \$272,853 which represents 129.9 per cent of the 1964 sales goal.

Total sales in Texas for the first eight months of the year were \$100,643,333 or 67 percent of the state goal. Savings Bond sales have increased approximately \$900,000 compared to the same period in 1963.

"In a recent brochure the Treasury Department stressed the tax advantages of buying E Bonds. While the interest is subject to Federal income tax, the reporting of E Bond interest may be deferred until the bonds are cashed or reach final maturity. This means that the owner of the bonds can choose to cash his bonds in years of lower income. This fact makes the E Bond particularly attractive to the large investor and for those persons either planning retirement or supplementing an existing retirement program," Chairman Pemberton stated.

Hutton Rites Held Tuesday In Lockney

Funeral services for Thomas A. Hutton, 82 year old Lockney resident were held Thursday in the Carter Funeral Home Chapel, with burial following in Lockney Cemetery.

Hutton died Monday morning in Plainview Medical Center following an illness of several years. He had been retired since 1945.

Survivors include his wife; three sons; two daughters; a brother; two half brothers; two half sisters; 18 grand-children and 11 great grandchildren.

Australians were not the only aborigines to use boomerangs. They have also been found in India, Africa and North America, as well as Egypt and Europe.

Day of Activities Awaits Ex-Students At Homecoming October 30

The following is a list of the activities planned for the homecoming day on October 30, 1964. The homecoming committee, headed by Lon Davis, Jr., of the Ex-Student Association, is a replica of the Hesperian cover. This appearance in the Hesperian cover will replace the letter normally sent to students living in and out of town.

School. Registration will begin at 9:00 a.m. in the new high school cafeteria. Those arriving after noon may register at the junior high (old high school). A Pep Rally has been scheduled at 11:30 a.m. We have also planned an "F" Club Coffee, a Pep Squad Tea; and a Band Reception from 2:00 to 3:00 p.m. Immediately following these at 3:00 p.m., all ex-students will assemble in the old high school auditorium (now the junior high) for the business meeting, memorial service, and class reunions. We have scheduled a barbecue at 5:30 p.m. Beginning at 7:00 p.m. you will see the fine Whirlwind band and the

crowning of the homecoming queen at the pre-game ceremonies, with the Floydada Whirlwinds vs. Oltan Mustangs game to begin at 7:30. After the game there will be a homecoming dance for all ex-students.

We feel that we have planned a full day of activities for you that you will enjoy attending. We want you to bring your husband or wife even if they did not attend school here in Floydada, as they will enjoy meeting your old classmates and visiting with them.

We would like for you to tell all the ex-students you may see or write that we are interested

in all those who once attended schools in Floydada, whether they graduated from high school here or not. If you have the address of friends that you would like to inform about homecoming, please contact them.

The Ex-Students Association is particularly anxious that every ex-student attending homecoming be registered. We will have registration desks open as outlined above. However, you must register in the morning to be eligible for recognition as the oldest ex-student, teacher, or coach and the one traveling the greatest distance to attend homecoming. This recognition will be made at the business

meeting. Registration for homecoming will be free. Tickets for the barbecue and the dance are priced as a unit at \$3.00. Those wishing to make reservations may mail their checks to Homecoming 1964, Floydada, Texas before October 28, 1964 and your tickets, program of activities, and registration tags will be mailed to you. Please give your class year. Reservation received after October 23, will be held for you at the registration table. Some extra servings for the barbecue will be prepared, but the committee will need some advance notice indicating the number who will be present.

We are again planning a me-

morial service for ex-students, teachers, and coaches who have passed away since last homecoming in November, 1960. Mrs. Ralph Johnston is the chairman and would appreciate your help in sending in names of these.

The ex-students here in Floydada and the students of Floydada High School are looking forward to this occasion, but we will need your help to make it a success. So make your plans now to bring your family back to meet your old friends at Homecoming 1964.

Sincerely yours,
Lon Davis, Jr., President
Ex-Student Association

Toastmasters Club Offers Many Benefits

Floydada Toastmasters meet every Thursday evening at 7:30 p.m. at Rogers Restaurant for the purpose of learning and practicing the art of self-expression. Whether you are a good speaker or just a bashful beginner, Toastmasters experience and helpful fellowship can benefit you.

At last Thursday evening's program four speakers were heard and evaluated. The meeting was well attended with most of the members present.

Tonight's speakers are John Reue, Shirley Irwin, and Sam Spence. Robert Fitzgerald will be the toastmaster for the evening. Plan to be present for a business session. All members are urged to bring a guest for this evening's program, and everyone who is interested is invited to be our guest.

October 20 Is Kickoff For Salvation Drive

October 20, on a Tuesday, has been designated as "kick-off" day for the annual Salvation Army campaign, according to John Reue.

Jim Lackey is to be campaign chairman for the city and Alton Higginbotham is rural area campaign chairman.

The goal set for the county and additional information will be carried newswise at a later date.

Evelio Hernandez To Speak Locally During Crusade

Born in Cuba in 1930, Evelio Hernandez is an outstanding professional baseball player and a dedicated Baptist Layman. He is currently with the Jacksonville Suns as a pitcher.

Evelio Hernandez was living in Cuba when Fidel Castro staged his revolution. He tells of the dictator forcing Communism on the Cuban and the terror to which he, his wife and daughter were subjected. Hernandez was compelled to teach sports in his province and later was told to indoctrinate the children into the way of Communism. This was the final punch in the life of Hernandez; he refused, fled to Mexico and began playing professional ball with the Monterrey Sultans.

Today, he is pitcher for the Jacksonville Suns. He also pitched for the Washington Senators. And he has played in the "Five Stars" series in the Caribbean. This league was composed of Puerto Rico, Nicaragua, Panama, and Cuba. When he played for Nicaragua, he pitched and won 3 out of 4 games against Panama to win the championship.

A vibrant, youthful man with deep rooted convictions, Hernandez has a deep fervor to right communism in his homeland of Cuba. A devout Christian, he says, "As goes life with relationship to Christ, so goes my baseball record. I cannot cease to be a Christian the environment in baseball is hard, but without Christ, it would be a thousand times worse."

Having lived in the horror of communism, Hernandez now knows the price of freedom. Evelio Hernandez is now an outstanding baseball pitcher, speaker, Christian, youth counselor, husband and father.

Evelio Hernandez is traveling throughout Texas in behalf of La Cruzada Bautista Nueva Vida (Latin American Baptist New Life Crusade) August 30th through October 11th, telling of his experiences as a Christian. Hernandez will be in this area Oct. 1, speaking in local churches during the Crusade.

October Beall Ringer Event Being Staged At Local Store

All 48 Beall's Department Stores will stage their 41st October Beall Ringer event during the entire month of October according to Louis Anderson, manager of the Floydada Beall's Department Store.

Although Beall's offer outstanding buys every day, every month of the year, values offered during October Beall Ringer Month are super-special because they are the result of months of planning, searching, and buying on the part of every one in the entire Beall 48-store chain.

To be by far the largest sales event ever put on by the company, plans for the month-long Beall Ringer promotion started in November of last year when Beall's staff of buyers started working with hundreds of the nation's and world's best manufacturers to bring to Beall's cus-

Mrs. L. E. Kiker Dies, Funeral In Canyon

Funeral service for Mrs. Luther E. Kiker, former long time resident of the Starkey Community in Floyd County, were held Sunday in the First Baptist Church in Canyon. Burial was in Dreamland Cemetery.

Mrs. Kiker, 60, died Friday night in Nebitt Hospital in Canyon. She had been in ill health for several months.

Born in Erath County, Mrs. Kiker was known to her many Floyd County friends as Nannie Elizabeth. She and her husband moved from their home located near the Baptist Encampment last April. They had lived in Floyd County for 30 years.

She was a member of the Baptist Church at Canyon and of the Starkey Home Demonstration Club.

Survivors include her husband, Luther E.; one son, Kent Kiker of Amarillo; two daughters, Carolyn Kiker Barrett of Hereford, and Naomi Kiker Patterson of Plainview; sisters, Mrs. Henry Cone of Canyon, Mrs. Faye Gorman and Mrs. Bessie Fields of Pampa, Mrs. Cathryn Eggleston of Denver, Colo., and Mrs. Bobbie Craven of Midland; three brothers, J. E. Cheyne of Chowchilla, Calif., W. D. and Ray Cheyne of Amarillo and six grandchildren.

Numerous Floyd County residents attended the last rites.

Screwworm Danger Always On Increase During Fall

Texas farmers and ranchers should take special precautions in handling their livestock during the coming weeks to prevent new attacks by the screwworm fly.

Stepped-up vigilance by livestock producers is important, not only to protect their animals from becoming infested, but also because an impending shortage of funds for the screwworm eradication program may limit emergency control measures that can be taken.

Eradication authorities pointed out that in past years, the livestock pest has always made large, rapid gains during the fall months when wet, cool weather is extremely favorable for insect development, and an increase in livestock management practices produces an abundance of wounds attractive to the insect.

Infestations have been rare this summer, with only two dozen cases reported by livestock producers in Texas. Only one case was detected during August.

Eradication officials warned, however, that the screwworm fly can migrate great distances when conditions are favorable and failure of stockmen to be alert to the danger would result in a sudden explosion of cases.

Infestations detected, treated and reported during the early stages of development can be quickly and easily controlled, officials said.

Eradication activities may have to be reduced because of recent action by Congress in trimming a budget request for \$5 million to carry the program through the current fiscal year. Only \$2.75 million will be made available by the federal government, and \$2.5 million of this

Mother Of Mrs. Albert Martin Dies In Flomot

Funeral rites for Mrs. Della Bural, 83, of Flomot, mother of Mrs. Albert Martin of Floydada were held Sunday in the Flomot Church of Christ. Mrs. Bural died Thursday night of an apparent heart attack.

The deceased had been a resident of Flomot since 1917.

Nephew Of Local Women Killed In Korea Accident

Mr. and Mrs. C. B. Carmack and Mr. and Mrs. Billy Carmack were in Amarillo Friday to attend the funeral of Mrs. C. B. Carmack's nephew, Pvt. Jerry Don Glenn, who was killed in Korea on September 16.

Glenn, who was with the 13th Signal Battalion, First Cavalry Division, was driving a jeep in the mountains of Korea to deliver a message when the mishap occurred. Investigation indicated that during a sudden rain storm in the mountain area the jeep went out of control and over a 40 foot embankment.

Glenn had been in Korea for the past three months and received his training at Fort Gordon, Ga.

His body arrived in Amarillo Thursday night and rites were conducted in the San Jacinta Baptist Church in that city.

Survivors include his parents, Mr. and Mrs. W. A. Glenn, his wife; a son, Charles David and a sister, Karen Sue all of Amarillo.

W. A., who is a brother of Mrs. C. B. Carmack, formerly lived in Floydada.

CENTER NEWS by Mrs. J. E. Green

Moisture Aids Area Wheat

CENTER, Fert. 28 — My! What a wonderful rain we got Saturday night. From 2 inches to 2½ inches. Wonderful for wheat planting, or what is already up.

It was almost cold Sunday. Coats and winter hats looked right at church. But today is a beautiful day.

Mr. and Mrs. Leo Frizzell visited their daughter and family, the Garvin Beedys of near South Plains last Tuesday.

Mr. C. W. Denison reached home last Monday from South Platte, Nebraska, where they went Saturday week. Mrs. Denison remained for a two weeks visit there with her mother and other relatives.

Mrs. Frank Dunn was in Lubbock most of last week baby sitting while her daughter and husband, Margaret and Tony Balois, went on a vacation trip.

Mr. and Mrs. Hal Thomas were in Denver City Friday week visiting her sister and husband, Mr. and Mrs. Martin Green. Mrs. Green has been ill for many months.

Last Tuesday Mrs. J. E. Green and her sister, Mrs. Coggin of Borger spent at the cannery while her mother, Mrs. K. J. Matthews, also of Borger, spent the day with Mrs. Charley Battey. Late in the p.m. all went to the Thomas Warren's for an hour or two, then that evening back to Mrs. Battey's. Others present were J. E. Green, Mr. and Mrs. Fred Battey and Mrs. Ola Warren.

Wednesday Mrs. Green, Mrs. Matthews and Mrs. Coggin went to Lubbock, and got caught in the deluge around noon. They also made brief stops at Mt. Blanco and Idalou. The Borger relatives returned home Thursday.

Mrs. Frank Dunn visited Mr. and Mrs. Hal Thomas Saturday afternoon, and dined Sunday with Mr. and Mrs. J. D. Welborn.

Mr. and Mrs. O. C. Vinson were in Lubbock Tuesday seeing Mr. Vinson's sister, Mrs. Artie Macon who was critically ill. Also visited with Mrs. Macon's son, Ozell Macon and wife.

Mrs. Macon passed away Friday and the Vinsons were in

Lubbock Sunday to attend last rites. Mr. and Mrs. Ernest Huckabee and children of Stephenville came Saturday, and the adults accompanied the Vinsons to Lubbock Sunday for the funeral.

We all sympathize with Mr. Vinson in the loss of his sister. Elaine Warren spent Sunday with Jan Perry. The rest of the Thomas Warrens, also the Bob Alldredges, Mr. and Mrs. Fred Battey and Mrs. Ola Warren dined Sunday with Mrs. Charley Battey. In the afternoon Mr. and Mrs. Lee Battey and baby of Lubbock came. Lee is a grand son of the late Charley Battey.

Mrs. W. C. Plumlee left from Lubbock by train Sunday morning for California where she will visit a son and family for two weeks.

The R. C. Ross family seems to be gone to Roswell as planned. (Can't reach them today.)

We are sorry to hear of the passing of Mrs. Luther Kiker of Canyon, formerly a long time resident Southwest of Floydada, and of Crosby County before that. Our sympathy is with her family and other loved ones.

Services for Nellie Lee Brown, 67, were held Saturday in First Methodist Church of Lockney with the Rev. James Carter, pastor, officiating.

Burial was in Flomel Cemetery under direction of Carter Funeral Home, Lockney.

Miss Brown, a teacher for 27 years, the last 14 in Lockney, died at 5:30 p.m. Wednesday in Medical Arts Hospital, Lamesa. She had been seriously ill since undergoing surgery three months ago.

She lived in the Sandhill Community, south of Lockney, and was a member of the Methodist church and Order of Eastern Star. Miss Brown retired from the Lockney School system in the spring of 1964.

Survivors include her mother, Mrs. Lula Mae Brown, Lockney; and two nephews, Eddie Brown, Lamesa, and Dale Brown, Fairbanks, Alaska.

August Savings Bond Sales

Top \$8,001

Mr. Don Pemberton, chairman of the Floyd County Savings Bonds Committee, announced that the county's August Savings Bond sales totaled \$8,001. Sales for the first eight months of this year were \$272,853 which represents 129.9 per cent of the 1964 sales goal.

Total sales in Texas for the first eight months of the year were \$100,643,333 or 67 percent of the state goal. Savings Bond sales have increased approximately \$900,000 compared to the same period in 1963.

"In a recent brochure the Treasury Department stressed the tax advantages of buying E Bonds. While the interest is subject to Federal income tax, the reporting of E Bond interest may be deferred until the bonds are cashed or reach final maturity. This means that the owner of the bonds can choose to cash his bonds in years of lower income. This fact makes the E Bond particularly attractive to the large investor and for those persons either planning retirement or supplementing an existing retirement program," Chairman Pemberton stated.

Born in Cuba in 1930, Evelio Hernandez is an outstanding professional baseball player and a dedicated Baptist Layman. He is currently with the Jacksonville Suns as a pitcher. Evelio Hernandez was living in Cuba when Fidel Castro staged his revolution. He tells of the dictator forcing Communism on the Cuban and the terror to which he, his wife and daughter were subjected. Hernandez was compelled to teach sports in his province and later was told to indoctrinate the children into the way of Communism. This was the final punch in the life of Hernandez; he refused, fled to Mexico and began playing professional ball with the Monterrey Sultans. Today, he is pitcher for the Jacksonville Suns. He also pitched for the Washington Senators. And he has played in the "Five Stars" series in the Caribbean. This league was composed of Puerto Rico, Nicaragua, Panama, and Cuba. When he played for Nicaragua, he pitched and won 3 out of 4 games against Panama to win the championship. A vibrant, youthful man with deep rooted convictions, Hernandez has a deep fervor to right communism in his homeland of Cuba. A devout Christian, he says, "As goes life with relationship to Christ, so goes my baseball record. I cannot cease to be a Christian the environment in baseball is hard, but without Christ, it would be a thousand times worse." Having lived in the horror of communism, Hernandez now knows the price of freedom. Ev-

EVELIO HERNANDEZ

Evelio Hernandez is now an outstanding baseball pitcher, speaker, Christian, youth counselor, husband and father. Evelio Hernandez is traveling throughout Texas in behalf of La Cruzada Bautista Nueva Vida (Latin American Baptist New Life Crusade) August 30th through October 11th, telling of his experiences as a Christian. Hernandez will be in this area Oct. 1, speaking in local churches during the Crusade.

October Beall Ringer Event Being Staged At Local Store

All 48 Beall's Department Stores will stage their 41st October Beall Ringer event during the entire month of October according to Louis Anderson, manager of the Floydada Beall's Department Store. Although Beall's offer outstanding buys every day, every month of the year, values offered during October Beall Ringer Month are super-special because they are the result of months of planning, searching, and buying on the part of every one in the entire Beall 48-store chain. To be by far the largest sales event ever put on by the company, plans for the month-long Beall Ringer promotion started in November of last year when Beall's staff of buyers started working with hundreds of the nation's and world's best manufacturers to bring to Beall's cus-

Mrs. L. E. Kiker Dies, Funeral In Canyon

Funeral services for Mrs. Luther E. Kiker, former long time resident of the Starkey Community in Floyd County, were held Sunday in the First Baptist Church in Canyon. Burial was in Dreamland Cemetery. Mrs. Kiker, 60, died Friday night in Nehlitt Hospital in Canyon. She had been in ill health for several months. Born in Erath County, Mrs. Kiker was known to her many Floyd County friends as Nannie Elizabeth. She and her husband moved from their home located near the Baptist Encampment last April. They had lived in Floyd County for 30 years. She was a member of the Baptist Church at Canyon and of the Starkey Home Demonstration Club. Survivors include her husband, Luther E.; one son, Kent Kiker of Amarillo; two daughters, Carolyn Kiker Barrett of Hereford, and Naomi Kiker Patterson of Plainview; sisters, Mrs. Henry Cone of Canyon, Mrs. Faye Gallman and Mrs. Bessie Fields of Pampa, Mrs. Cathryn Eggleston of Denver, Colo., and Mrs. Bobbie Craven of Midland; three brothers, J. E. Cheyne of Chowchilla, Calif., W. D. and Ray Cheyne of Amarillo and six grandchildren. Numerous Floyd County residents attended the last rites.

Screwworm Danger Always On Increase During Fall

Texas farmers and ranchers should take special precautions in handling their livestock during the coming weeks to prevent new attacks by the screwworm fly. Stepped-up vigilance by livestock producers is important, not only to protect their animals from becoming infested, but also because an impending shortage of funds for the screwworm eradication program may limit emergency control measures that can be taken. Eradication authorities pointed out that in past years, the livestock pest has always made large, rapid gains during the fall months when wet, cool weather is extremely favorable for insect development, and an increase in livestock management practices produces an abundance of wounds attractive to the insect. Infestations have been rare this summer, with only two dozen cases reported by livestock producers in Texas. Only one case was detected during August. Eradication officials warned, however, that the screwworm fly can migrate great distances when conditions are favorable and failure of stockmen to be alert to the danger would result in a sudden explosion of cases. Infestations detected, treated and reported during the early stages of development can be quickly and easily controlled, officials said. Eradication activities may have to be reduced because of recent action by Congress in trimming a budget request for \$5 million to carry the program through the current fiscal year. Only \$2.75 million will be made available by the federal government, and \$2.5 million of this

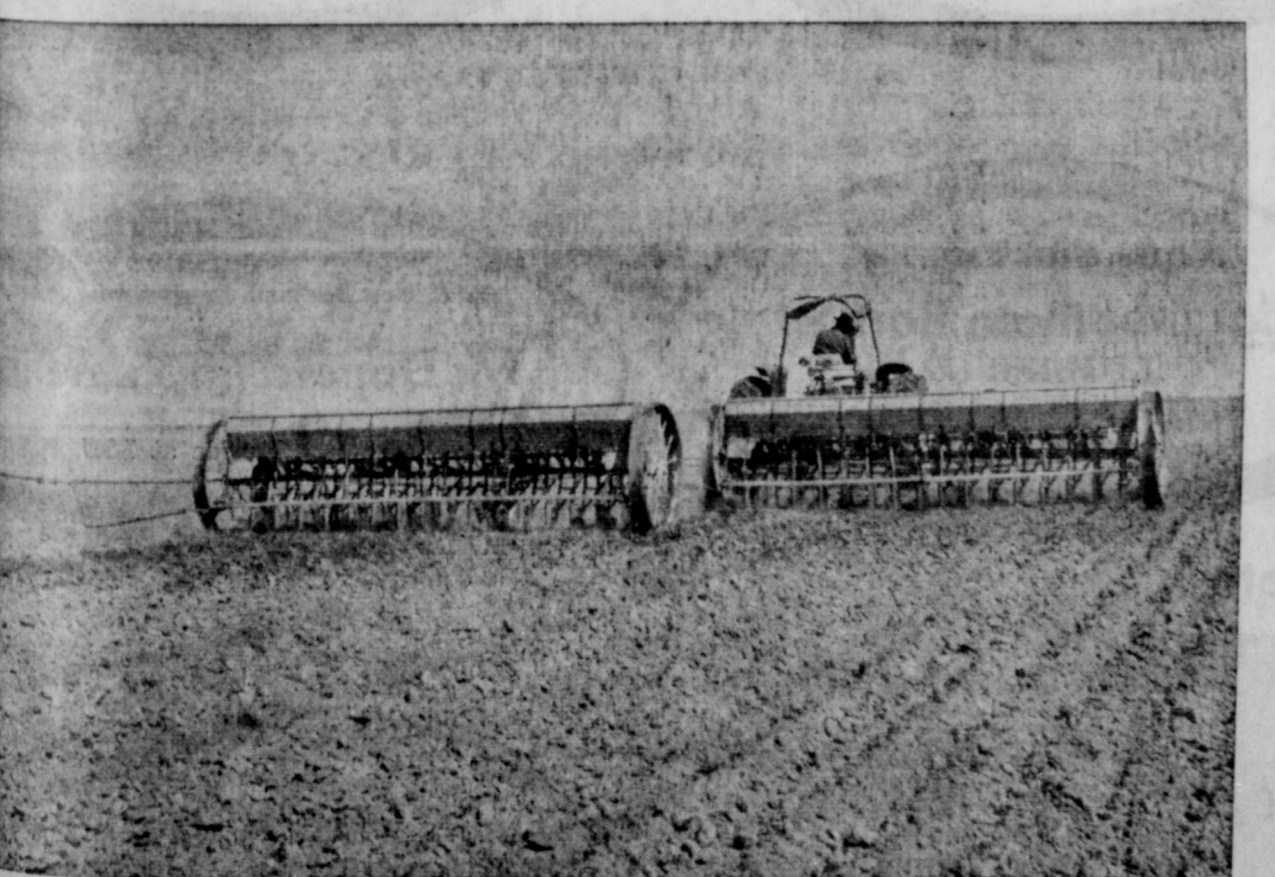

Mother Of Mrs. Albert Martin Dies In Flomot

Funeral rites for Mrs. Della Bural, 83, of Flomot, mother of Mrs. Albert Martin of Floydada, were held Sunday in the Flomot Church of Christ. Mrs. Bural died Thursday night of an apparent heart attack. The deceased had been a resident of Flomot since 1917. Survivors include four daughters; one son; a sister; one brother; two half brothers; seven grandchildren; 11 great grandchildren and one great great grandchild.

Nephew Of Local Women Killed In Korea Accident

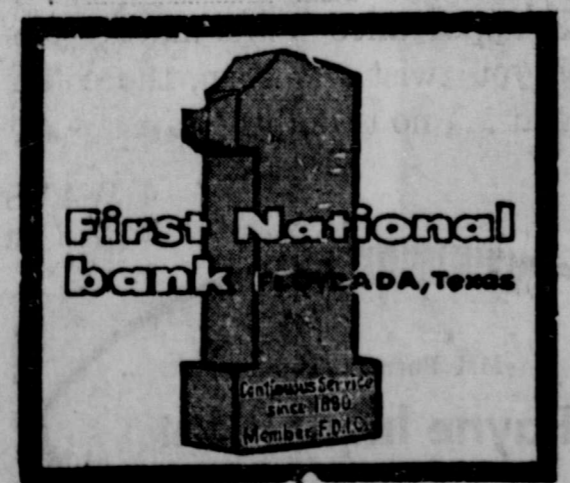

Mr. and Mrs. C. B. Carmack and Mr. and Mrs. Billy Carmack were in Amarillo Friday to attend the funeral of Mrs. C. B. Carmack's nephew, Pvt. Jerry Don Glenn, who was killed in Korea on September 16. Glenn, who was with the 13th Signal Battalion, First Cavalry Division, was driving a jeep in the mountains of Korea to deliver a message when the mishap occurred. Investigation indicated that during a sudden rain storm in the mountain area the jeep went out of control and over a 40 foot embankment. Glenn had been in Korea for the past three months and received his training at Fort Gordon, Ga. His body arrived in Amarillo Thursday night and rites were conducted in the San Jacinta Baptist Church in that city. Survivors include his parents, Mr. and Mrs. W. A. Glenn, his wife; a son, Charles David and a sister, Karen Sue all of Amarillo. W. A., who is a brother of Mrs. C. B. Carmack, formerly lived in Floydada.

Weather Didn't Hamper Locals Performance

Enthusiastic football fans left Floydada with the weather very wet but not their spirits. Each and every one wondered what was in store for them as they departed for the scheduled Friday night clash between the Whirlwinds and the Childress Bobcats.

In an interview with one of the football boys, he stated they knew they were up against a good team and that they would have to play one of their best games to win.

Again the "Mighty Winds defense" was outwitted by a large margin, however it did not discourage the team as they hit the Bobcats as if they were the same weight of 175s.

The tackling of Potts, McNeill, Lutrick, Eubank, Teague, Munday, Robertson, and Baker soon loosened up the Bobcats offense after the first quarter. Floydada fans observed the fine tackling of the very lightest boy, weighing 125, why, tackled the very fine quarter back, Reeves, weighing 195.

The Bobcat fans did not believe that the little WINDS could overcome the big Bobcats, but after the first quarter they were convinced what the Winds were capable of doing.

They saw Reeves thrown for losses, kicks blocked, the running of Watts, Perez, McNeill, Munday and a very costly pass from Teague to McNeill.

Sammy Watts turned in another running game for the local fans, picking up 111 yards out of the 160 made by the Whirlwinds rushing total gained.

Bobcats won the toss of the coin and chose to receive, while the Whirlwinds elected to defend the east goal.

McNeill booted the kickoff to the Bobcats 13 yard line where Mike Reeves ran it back to their 35 yard line. Childress fumbled on first down but McNeill recovered for Childress netting a pickup of one yard. The Bobcats were thrown for a 5 yard loss by Ronnie Eubank. Reeves carried through the line for nine yards, but not enough for a first down.

Childress elected to punt on fourth down, and Watts caught it on the Winds 30-yard line and returned it back to the 17 yard line.

However, about the last half of the second quarter, one of the defensive linemen breaks through the line and drops a backfield man for a loss. Then everyone wants to do it.

This was the case last Friday night. During the second quarter the linemen began breaking through the offensive line and stopping the Childress backs before plays could develop. This continued throughout the entire third quarter.

Have you noticed how much better the boys always play just before the half ends and during the third quarter. What is said (See SPORTS DESK, Page 8).

Every minute of a football game is important to the players on the field. From the first minute until the fourth-eight they are giving their best efforts to win a little recognition and glory for their schools.

Did you ever stop to think about what the most important minute in a football game is? It's the forty-ninth. It seems more games are won and lost, that is the next day, in that forty-ninth minute than those preceding it.

A person hears on the streets so often the day after a close game. "If there had been just one more minute to play we

9:36 left in the second quarter. McNeill kicked the extra point, tying the game at Childress 7, Floydada 7.

Hall received the kickoff on the 10 yard line for Childress, returned it back to the 35-yard line. Bobcats picked up seven yards, then West and Robertson got into the Bobcats backfield to drop Reeves for a two yard loss. Floydada received a 15 yard penalty on this play for a personal foul. West and Green stepped the Bobcats for no gain on the next play but Reeves went through Floydada line, stopped by Watts in the secondary, for a 13 yard gain.

Then the "Mighty Winds" put up their wall that could not be broken through. Lutrick and Eubank dropped the Bobcats for two yard loss. Eubank and Green threw Maxwell for a 6 yard loss. Robertson and Perez dropped Reeves for a two yard loss. Reeves picked up 4 yards when McNeill tripped him, giving the ball over to the Winds on downs.

Perez ran through the Bobcats for seven yards. Watts picked up 5 yards and a first down for the Winds. Watts moved on the next play at full speed for a 52 yard gain. Two good blocks from his teammates helped him get to the three yard line. Floydada was penalized 5 yards for off-sides.

Ostorn picked up one yard. Perez went down to the 2 yard line, but the Bobcats forward wall held on the two-yard line the next two downs to take over the ball on downs at their own 2-yard line. Reeves tied to get running room, but failed to find it. He quick kicked on third down, getting off a 61 yard punt to the Winds 37. The last play in the first half Teague was caught

for a six yard loss. Watts received Childress kickoff to begin the second half and returned it to the Winds 18-yard line. An offside penalty against the Bobcats brought the ball up to the 23-yard line. Floydada picked up a first down by

Watts on a 5 yard gain. Another run by Watts picked up 14 yards for another first down. Bobcats held the Winds for the next three downs forcing West to punt on fourth down. A 28 yard punt put the Bobcats on

Floyd County Annual Fair A Huge Success

With gate receipts better than \$2700, the 11th annual Floyd County Fair was deemed a success by Fair officials Saturday night. The Fair gates closed late Saturday with an estimated crowd of 4000 for that day.

President Hubert Frizzell termed the fair as "one of the best yet" and "expects bigger and better things in the future." Capacity crowds attended the entertainment features each evening in addition to numbers of

people who visited the exhibits and booths during the day time. C. L. Mooney, treasurer, reported gate receipts of \$2782.25 and receipts from the D. S. Dudley shows \$480.15 for a total of \$3262.40. In addition money was received from booth spaces, advertising, etc.

Free pit barbecue, served on the fair grounds Saturday afternoon, was attended by an estimated 2,000 persons. Bob Mer-

rell was in charge of cooking the meat and potatoes, and beans were prepared at the Lockney Cannery. Serving the meal were members of the Lockney Lions Club, Lockney Riding and Roping Club and Floydada Young Farmers.

Lamp Contest
Fourteen entries were received in the 4H Club Lamp Contest sponsored by Light-house Electric of Floydada, according to chairman Alton Higginbotham.

Various division winners included: senior decorative, Pete Gipson, Lockney; junior decorative, Kelly Meyer, Matador; senior study, Kate Thompson, Matador; junior study, Terry Terrell, Plainview; junior outdoor, Bill Kinslow, South Plains. Other lamps were judged according to quality of lamps. Higginbotham stated that plans are being made to expand the contest next year.

A good crowd attended the Gospel Singing Friday night with Joe Reeves acting as master of ceremonies. Most popular group were the Campbell Quartet of Lubbock and Levelland and the Juniors of Plainview, children of Rev. and Mrs. Corbie Grimes and Mr. and Mrs. J. G. Landtrop.

Art Department
Art Department drew almost 100 entries and was headed by Mrs. Forrest Mickey. "The Widow Maker" a painting by Elbie Sherman won the \$3 given for the favorite picture in the adult division. Danny Cirus' charcoal drawing of an Angus bull won the youth division award. Popular vote by the public decided the favorite pictures.

Lone Star Home Demonstration Club won first prize of \$25 in the women's club exhibits, followed by Homebuilders and Sandhill. The Home Demonstration Club whose members won the greatest number of points on individual exhibits included: first, Dougherty; second, Lone

Star; and third, Sterley. 4 - H Club winners on the basis of Home Demonstration Clubs were first, South Plains 4H; second, Sandhill 4H; third, Floydada 4H.

Fireworks each night entertained crowds, as well as the D. S. Dudley Shows, a carnival which set up on the fair grounds Sept. 14. Hubert Frizzell, president of the Fair Board, signed a contract with the show to return next year.

GRAND CHAMPION WINNER

Bob and Jim Kropp of Lockney were winners in the judging of swine and sheep Friday. Jim showed the grand champion boar, medium wool sheep champ, reserve Southdown sheep and reserve in fine, medium and Southdown lambs. Bob exhibited the reserve female swine, reserve medium wool sheep, grand champion Southdown sheep and grand champion in fine, medium and Southdown lambs.

CATTLE JUDGING

Golden Angus Farms at Aiken took the grand and reserve champion bull and grand champion female beef cattle during the Fair.

Steve Belt of Lockney showed the reserve champion female beef cattle. C. W. Patterson of Floydada showed the grand champion female swine and reserve champion boar.

BABY BEEF DIVISION

Winners in the baby beef division were Dickie Jones of Kress, first; Teresa Colston, Floydada, second; and Nancy Jones, Kress, third.

TAXING INTANGIBLES

The Floydada Independent School District has fallen victim of an old law written back in the 1800's and made a part of the state constitution, which states that bank deposits, stock and bonds, notes, chattel mortgages, and many other intangibles should be taxed.

This old law makes it possible for any group . . . or, in fact, just one person to bring suit against any taxing office. This means that although a majority of the citizens in the county, city, or school district may want a tax increase to allow bonds to be sold for an improvement, one disgruntled taxpayer who may not want to pay an increase can, by suit, hold up the progress of the city, county or school.

When district judge Robert Bean ruled in the recent tax suit here in district court he said, "the old personal property law which requires a taxpayer to tell how much money he has in the bank is an invasion of privacy . . . it is an archaic law that should have been abolished from the state constitution long ago . . . or it should be amended . . . it has many inequities in it."

He further continued, "in order to enforce such a law, it would require such a large force of tax collectors that most of the money would be spent for enforcing the law, and there would be very little money left to operate the school. It would have to be enforced similarly to the income tax and the people are already complaining about the high cost the government spends for collection of taxes."

As long as this law is in the books of the constitution any person may bring suit, "pleading that all the personal taxes haven't been put on the tax roll."

The judge did say that visible personal property such as a merchant's inventory, a farmer's tractors, trailers, anyone's automobile, trucks should be put on the tax rolls.

Lt. Governor Preston Smith made this comment in an Associated Press story last week in regard to the hazards of banking in Texas referring to taxing laws, the official called Texas' regulations regarding taxes on intangible property, such as bank deposits, stocks and bonds "a travesty on sound tax policy." He noted that a constitutional amendment to correct this situation would be difficult to write.

Many taxing agencies refrain from taxing bank accounts and similar property, Mr. Smith said, because it sometimes results in the same property being taxed twice; requires banks to hand over confidential records; and encourages foreign corporations to withdraw funds from Texas banks. But the lieutenant governor said an entire tax roll is subject to challenge unless the assessor levies taxes on all property, including intangible.

Last week a group of property owners in Richardson, Texas filed a suit against the city alleging that personal property such as bank accounts, automobiles and household furnishings were not on the tax roll.

If Richardson officials complied with this law, the suit said, taxes on other property could be cut more than 50 per cent.

Richardson Assessor-Collector Jim C. Deaton said city officials try to comply "with the spirit of the law."

"We tax all types of property," he said. "Our policies are the same as those used by most governmental agencies in Texas."

Deaton noted that it is "very difficult" to determine how much personal property is subject to taxation.

"If you try to go strictly by the letter of the law, you reach a point where you have diminishing returns—where you spend far more trying to locate property than you can hope to get through taxes on it," he pointed out.

Taxing policies vary from city to city when such items as personal cars and household furnishings

are involved. Dallas makes a determined effort to tax family autos, but few Fort Worth residents pay city taxes on personal cars.

Doubtless there are many similar situations arising in other towns and counties all over the state . . . all very similar to what has happened to our school system here.

It appears at this time that legislation will be introduced to correct this situation . . . and it should be. The Texas Association of Taxing Affairs is working on a bill to be introduced to alleviate the problem and this editorial will be sent to key state legislators all over the state along with an explanation of what has happened to Floydada schools due to this old outdated inequitable tax law.

Of course if a tax payer feels that he has been taxed unfairly in comparison with his neighbor, and cannot get adjustments made by the board of equalization, and can prove that he has been treated unfairly, he should be allowed to file suit . . . but only on a personal basis, not being allowed to hinder the progress and needs of a school, city, or county.

This law allows "the loser to win" . . . the Floydada school officials have won all of the suits brought against them—except on one count in the 1963 suit, which must still be heard. The majority of the people of the district have voted their approval of selling the bonds and building the needed facilities . . . they have shown their faith in the school board, and yet this old archaic law makes it possible for the situation to stay tied in court . . . the bonds cannot be sold . . . and the school children are the victims.

This law is about as outdated as the one against carrying a pair of pliers.

KEEP SAFE FROM FIRE

This is Fire Prevention Week, and it is a good time for all of us to pause in what we are doing and give a thought to care with fire.

Too many fires never have happened, and a little care on the part of all of us can reduce our tragic fire toll in lives and property destroyed.

On the average, about 1,000 fires start in homes in the United States every day. Last year 11,800 persons lost their lives in fires and more than 70,000 received bad burns.

And last year, dollar fire losses in the United States totaled \$1,265,002,000, a new all-time high and an increase of 4.6 per cent over the preceding year.

In Floydada and the surrounding areas 64 fires were reported and extinguished by the local fire department. The loss would run into several thousand dollars!

The tragic thing about all these fires is that three-fourths of them were the result of carelessness.

With a little care, lives can be saved and needless burning of property prevented.

Here are a few suggestions that may keep your home fire safe:

- 1—Never leave small children alone. Even if you are leaving for only a few moments, get a responsible person to stay with them. When going out for an extended period of time, employ a baby sitter.
- 2—Small children and elderly people are the most frequent fire victims. If there are elderly persons in your household, plans should be made to get them out of the house quickly in case of fire.
- 3—Use care with cigarettes. Never discard a cigarette or drop a match without being sure it has been extinguished. It's a good plan to break a match after using just to be sure it is out. Keep matches out of reach of children. And never smoke in bed.
- 4—Keep a flashlight handy for use in dark places. Never strike matches or carry lighted matches or candles into closets or attics.
- 5—Keep your electrical appliances in safe condition. Take them to a qualified repairman if they have loose connections or frayed or worn cords.
- 6—Throw out old newspapers, magazines and other waste combustibles regularly, rather than let them accumulate in the basement or attic. These are the things on which fires feed.
- 7—Impress upon everyone in your household that

in case of fire, first get everyone out of the house, and then call the fire department. Call the department from your neighbor's home, if need be, but never re-enter a burning house.

These suggestions could save your life, or the lives of members of your family.

You are the only one who can keep your home safe from fire.

GUEST EDITORIAL

"Haves" Should Think It Over

Among the welter of campaign charges and countercharges, there are always a few involving "misinterpretation" or "misquoting" which persist in spite of fulsome denials and corrections.

Some of them even become folklore, and are handed down for year after year. One of the best examples of this election year is provided by this one:

"We are going to try to take all of the money we think is un-

necessarily being spent and take it from the haves and give it to the have-nots that need it so much."

The St. Louis post-Dispatch conducted an investigation and came up with this explanation:

"That remark of President Johnson is being indignantly circulated to demonstrate the President's addiction to socialism, redistribution of wealth or something of the sort. One outraged Republican congressman called it one of the most radical statements ever made by any President."

Mr. Johnson made the offending remark in a talk to a group of senior citizens at the White House last Jan. 15. His speech was a bit on the murky side, disconnected and rambling, but the context strongly suggests that when he spoke of 'haves' and 'have-nots' he was thinking about government agencies and their shares in the Federal budget. Later he was asked at a press conference to elaborate on the remark:

"Mr. Johnson replied: 'I think that explains itself. We have taken about \$3 billion out of the budget . . . by cutting \$1.1 billion out of defense, almost \$1 billion out of agriculture, and almost \$100 million out of the Post Office, \$150 out of atomic energy and so forth . . . So we will have \$3 billion there. But we are asking for an addition \$2 billion to be put in the budget. Roughly, that is \$400 million extra interest rate on the public debt, \$600 million for space. That is \$1 billion. Then we have the Appalachia program, roughly a half billion dollars, \$300 million extra for education, \$75 million for urban renewal, \$75 million for public housing . . . We expect the total budget to be a little less than \$1 billion less than the Kennedy budget of last year.'"

It spools a good story to learn that the president was talking about Government functions and not about people, when he spoke of 'haves' and 'have-nots', but that seems to be the

Philosopher Wonders If Voters, Candidates Will Be Asked For Financial Statements

Editor's Note: The Floyd Philosopher on his Johnson grass farm tackles the Presidential candidates' financial statement problem in his letter this week.

Dear editor:

As I understand it, it's not a Constitutional requirement, it's just a new fad, but Presidential candidates and their running mates are now publishing financial statements, and we have now heard from all of them, none of whom is living in what you'd call a poverty pocket.

What I'm wondering is if the things will spread and voters will be expected to publish their financial statements before voting?

If so, there's one point I'd like to get over. I notice that there is considerable argument over the kinds of financial statements the Presidential and Vice Presidential candidates have published. Some are using figures based on what their holdings cost, others on what they would be sold for now.

The current market value, you see, is not always the best basis for making a financial statement, but on the other hand, lots of times it can be fine for tax assessing purposes. A man who doesn't know whether he's making out a financial statement to the bank or a tax report to the tax assessor, he's in bad shape to start with. I'm not saying this is the way it ought to be, only the way it is.

Yours faithfully, J. A.

Letters To The Editor

Dear Sir:
Rev. and Mrs. Joe Wilson, formerly of Floydada and recently of Lubbock have moved to the Mary E. Trew Home for the aging in Dallas. Many of their friends there will be interested in the location of the home and their new address, 4800 Samuel Blvd., Dallas, Texas, 75228.
Samuel Blvd. is the northern boundary of Buckner Bentist Children's home in east Dallas and the Trew Home is near the children's home.
I would appreciate your printing their new address.
Sincerely,
Mrs. Joe E. Wilson

Veterans Ask

Q—Am I still eligible for a GI loan?
A—All Korean veterans and some World War II veterans still are. You should write to the Regional Office of the state where you live and request VA Form 1880. A determination will be made after you submit this form.
Q—I was discharged from service over one year ago. Can I get dental care from the VA?
A—Only if your dental condition is compensable, or is due to injury in service, or related to being a prisoner of war, or aggravates a service-connected compensable condition, or if you are under the VA Vocational Rehabilitation program. Spanish American War Veterans can get dental care whenever needed.
Q—My service-connected disabilities have gotten worse. Can my compensation be increased?
A—Send a statement from your doctor to the VA and request reconsideration of your claim.

IMPORTANT INFORMATION FROM A USDA REPORT.

"Chemical defoliation and desiccation of cotton aid in the many cotton insects. These practices check the growth of the plant, accelerate the opening of mature bolls, reducing the damage and season build-up of boll weevils and pink bollworms, which would otherwise remain to infest the next year's crop. They also prevent or damage to open cotton by heavy infestations of aphids, the cotton worm, and whiteflies. Stalks should be destroyed and other cultural practices followed after harvest in areas where regrowth is likely to be before frost or spring plowing.

"Defoliation or desiccation permits earlier harvesting and better of mechanical harvesters. This also permits earlier destruction of stalks, an important aid in the control of the pink bollworm and the weevil. However, if losses in yield and quality are to be applied, stalks should not be applied until all bolls that are to be harvested are mature."

FAIRVIEW NEWS By Mrs. Clyde Bagwell

Community Receives 2" Rain

FAIRVIEW, Sept. 28 - Rain and more rain is what we have been having lately. We all had a big rain Saturday night, from 1 1/2 inches to over 2 inches fell in our community and here in town we had the largest rain of the season. The clear sky and sunshine we are having today sure looks good.

So many of our folks are suffering from severe colds and complications and this writer is one of the victims.

Mr. and Mrs. Dean Walls and family of Plainview were Saturday night supper guests of his parents, Mr. and Mrs. E. W. Walls.

Sunday, Sept. 29, Mr. and Mrs. Bill Sisson of near Floydada visited Mr. and Mrs. Galen Holland. Other visitors of Mr. and Mrs. Holland last Sunday were Mr. and Mrs. Lawrence Parker of San Jose, California. Mr. Parker and Mr. Holland are cousins.

Mr. and Mrs. Kay Crabtree and Becky and Mrs. L. E. Crabtree visited Mrs. G. M. Bullard Sunday afternoon.

Mr. and Mrs. Bill Schenk of Dallas are here for several days as house guests of her brother and family, Mr. and Mrs. Bill Tye and Jim and also her parents, Mr. and Mrs. W. O. Tye and other relatives.

Other Sunday visitors in the Bill Tye home were Mr. and Mrs. Weldon Pruitt and children.

Harvey Irwin spent the weekend in Plainview with Del McClure.

Mr. and Mrs. Cecil Payne returned home last week from Stamford Lake where they had spent some time during the month of September. Their niece, Brenda Jackson, was at the Lake with them and returned to her home with them.

Mr. and Mrs. Earl Thompson of Matador came up Tuesday to visit Mr. and Mrs. Galen Holland and all of the above-named went on to Lubbock where Mr. Holland had another checkup with his doctor.

Mrs. Cecil Payne visited Wednesday morning with Mrs. C. E. Bartlett.

James Truitt Payne is staying in the home of his parents for two weeks while he is getting his family moved here from Muleshoe where they have lived for some time. James Truitt has been recently employed by City Auto here in town. The family hope to get moved some time this week.

Mrs. Jewell Teague was a Sunday visitor in the home of

Mr. and Mrs. Lindsey Graham and had dinner with them.
C. J. Payne will begin work Oct. 1 in the tax assessors office helping out with the work there and learning all about the duties of the office in preparation for taking over the job first of January.

Elaine Warren visited Sunday with Jan Perry.
Mr. and Mrs. T. L. Perry visited Sunday afternoon with Mrs. G. M. Bullard.

Farm Bureau Facts & Faces

SAM PUCKETT, insurance Agent, and Joe Noland, special agent, are attending an agents meeting in San Antonio, Texas this week, Monday through Friday. They are expected to be back late Friday or Saturday morning.

A TALENT FIND and discussion meet will be held in Lubbock, October 15, at the Holiday Inn East. Letters have been sent to the 16 counties in District II, urging them to have representatives from their county for the competition at 7:30 p.m. Participants must be a member of Farm Bureau, aged 17-30, and in the talent portion be classified as amateur.

YOUR YOUNG People's Committee has begun work on the public relations and publicity scrapbook that is submitted for judging each year. All news items concerning Floyd County Farm Bureau are clipped and arranged in this scrapbook. Radio or television spots are included as well as correspondence with members. Working on the scrapbook so far have been Mr. and Mrs. Wilbur Adams, Mr. and Mrs. Bill Sherman, and A. C. Pratt. The wonderful cooperation of the county newspapers and the Newsletter, edited by Jack McIntosh were instrumental in Floyd County winning an award last year in this field.

Whirlwinds

(Continued from Page 3)
during the intermission must have some effect on the team.
The fans don't know what coaches Curry and Carmack say to the team during that time, but if a person could find out it should be a great help in handling a mischievous child.
Everyone breathed a sigh of relief when Mike Reeves (20) of Childress was taken off the field but did you notice? . . . during the third quarter, he was unable to move the Childress team, and when he left, his understudy was able to put together a couple of sustained drives. Actually the team didn't miss Reeves, in spite of his danger to opposing football teams. He'll be back with the Bobcats in a couple of weeks.
o-o-o
Ralph W. Carpenter, editor-publisher of the Ralls Banner said in his sports column last week, "The Jackrabbits seemed to let down a little after the injury to Jim Parks, which, by the way, was caused when a Floydada player hit Jim after he was out of bounds on the Floydada side of the field. This is not the first time the Whirlwinds had applied a 'little rough stuff' to the Rabbits."
The play to which Mr. Carpenter refers was when Bill Potts and Jim Parks hit head on in the second quarter. Granted, the play was possibly questionable. But Parks was not completely down when the contact occurred, the whistle had not blown, and Parks was definitely INSIDE THE BOUNDARIES OF THE PLAYING FIELD. Some local people say Floydada didn't deserve the penalty, and some say "yes, we did."
This writer's opinion about that play and call is the same as when the first-base umpire calls a tie at first base and says the runner is "out". It is the official's judgment entirely . . . some may disagree, but you can't prove that his call was wrong.
Also concerning the Ralls-Floydada game is that both teams hit hard, and gave their whole-hearted effort to winning the game. Mr. Carpenter, Ralls and Floydada have always had a friendly rivalry. Let's keep it that way.
o-o-o
CRYSTAL BALL QB
Earlier this week this writer made the statement "I'm not about to tell how many predictions I missed last week". But after grading the football column last pages, it wasn't too bad. Most of the people entering the contest missed a large number of games. In fact the winners missed seven predictions. The Crystal Ball missed twelve. Let's hope for a better showing this week.
In high school games this week: Floydada will down Tulla, but the locals will have to turn in their best performance of this season to date; Ralls will drop Crosbyton in a conference tilt; Canyon Eagles will ease by Childress; Happy will down Kress; Post, looking for its first win should find it when they meet Plains; Slaton should make it three in a row by beating O'Donnell; Idalou Wildcats will slash the Spur Bulldogs at whatever score they desire; Denver City will defeat another AAA team, Littlefield; Matador should ease by Jayton; The Buffaloes from Petersburg will steam Roosevelt;
Fiona, idle last week, will get the strings off the class A Sudan Hornets; Morton will hand Dinmitt less number five; Seminole Indians will skin the Brownfield Cubs; Farwell and Seagraves will fight an even battle, but Seagraves will be the victors; Lamesa will beat Monahans and Snyder will drop Kermit.
On the college scene: the air attack of Baylor will overcome Oregon State; Texas, now rated number 1 in the nation will send Army through several drills; Rice Owls will defeat West Virginia; Tech will top the Aggies; the Razorbacks of Arkansas will root the Horned Frogs of TCU; West Texas, looking for a win,

on the end of the field where on third down Reeves passed to Moore for 19 yards gain. Hall picked up seven yards. On a second down and having 3 to go, Reeves ran two yards, on the next play, Reeves was dropped for a 4 yard loss by Lutrick on third down. On fourth down, Baker dropped him for another 5 yard loss and the ball went over on downs to the Winds.
Watts went for seven yards on two carries and Teague attempted to pass on third down. The pass was no good and on fourth down West punned with the ball rolling dead on the 11 after a 41-yard boot.
Eubanks dropped Childress for a five yard loss. Lutrick tackled Reeves for another yard loss, and then Reeves tried to get a quick kick off, which was blocked by a host of Winds, and was recovered by Floydada on the one yard line.
Teague made the TD on a quarterback keeper, with 3:13 left in the third quarter. The extra point attempt failed.
Hall returned McNeill's kick-off back to the 22 yard line. The Bobcats picked up a first down in three carries by Hall and Maxwell. Then, Hall was dropped for a four yard loss by Robertson and Eubanks after picking up seven yards on two carries. Hall went back to punt on fourth down and Ronnie Eubanks came in to block and recovered it on the 41-yard line, ending the third quarter.
Three carries by Watts put the winds on the Bobcats 28 yard line, and on the next play, Childress was penalized 15 yards, bringing the ball to the 11 yard line. Perez went in for 6 yards, then Watts broke in for the TD from the 6 yard line. Jack Osborn ran over for the 2 extra points with 8:42 reading on the clock.
Bobcats returned the kickoff to the 21 yard line where Childress went to the air hoping to make large yardage. After getting two first downs, by passing, the Bobcats were confronted with a pass interception by Darrel Munday who returned the ball to the 38-yard line where a 15 yard penalty was stepped off against Floydada. The Winds unable to pick up a first down, called on West who got off a 36 yard punt. Again the Bobcats went to the air. With time running out, they completed three passes out of five, going down to the Winds 34 yard line where time ran out. When the game was over Floydada was ahead in score 21 to Childress Bobcats 7.

REV. DIXON DUE HOME FROM HOSPITAL
Rev. Houston Dixon, pastor of the Cumberland Presbyterian Church in Floydada, is expected home this week from Lockney General Hospital where he has been under treatment for the past several weeks.
He is reported doing well at his home.
The Rio Grande River rises at the foot of the Continental Divide in Southern Colorado and flows through New Mexico to enter Texas near El Paso.
should get it when they meet Texas Western; LSU doesn't like to lose and will upset Florida; North Texas will drop Bowling Green, and Missouri will ease by Oklahoma State.
That is the way it should go, only thing is the teams don't know it. See you at the ball game Friday.

Folks --- We're Moving!

We've moved our business a half block south and a half block east from our old address of 503 East Missouri.

We will be there temporarily until our new building is completed around Oct. 1.
