FLOYDADA (FLOYD COUNTY) TEXAS, THURSDAY, OCT 8, 1964

16 PAGES THIS WEEK

**WON HARVEST GETS EARLIER EACH**  
... Lon Emert is possibly the first farmer to begin machine harvest of cotton this year. He is pictured stripping cotton a mile

south of Dougherty. The DeKalb cotton was planted around the first of May, was irrigated two times, defoliated about three weeks ago. Emert said it would beat a bale to the acre.

## Farm Bureau Convention In Lockney This Saturday

**KILLED IN AUTO-TRAIN MISHAP LAST YEAR**

### Woman Seeks \$620,000 From Railroad For Loss Of Husband

At 10 a.m. next Tuesday morning selection of a jury will get underway to hear a case between a widow and a railroad company. The woman, Mrs. Karl (Janelle) Vinson is seeking \$620,927.90 from Ft. Worth and Denver Railway Company.

Gary Vinson, and also William Arthur Vinson and Hazel Vinson vs. Ft. Worth and Denver Railroad Company.

(c) Negligence in failing to keep proper lookout for auto traffic.

District Judge J. D. Ratliff will hear the case in the 110th District Courtroom in the courthouse in Floydada. Proceedings should get underway immediately after dinner, for the morning will be consumed with selection of jury members.

The suit claims "negligence on the part of the Defendant, its agents, servants and employees in several particulars".

(a) Negligence in failing to ring any bell, blow any whistle on the defendants engine or to sound any other warning at a distance of 1,200 feet from crossing and failing to continue to sound such warning until train passed through the crossing.

On May 28, 1963, Karl Vinson, a salesman from Lubbock was enroute from Lubbock to Pampa about 1:30 p.m. at which time he approached the intersection of Texas Highway 270 and the Ft. Worth and Denver Railway Crossing in South Plains, Texas.

Some of the particulars include: (a.) Failure of the defendants to have and maintain a warning bell, flashing light, moving object, or other proper warning device to properly warn cars of an approaching train for the approach to the crossing is obscured by buildings and other obstructions.

(f.) Negligence in permitting sand, rocks, and gravel in excess amounts to remain on the highway, making it much easier for tires of autos to skid.

The car was traveling in a northerly direction and the train was traveling in an easterly direction, when Vinson's car skidded into the side of the train, according to suit records.

(g.) Negligence in the rate of speed at which the train was traveling would not allow those operating it to stop train when they could see danger approaching tracks.

(h.) Negligence in not trying to (See WOMAN, Page 6)

The suit is entitled Janelle Vinson, individually and on behalf of and Next Friend of Sherry Vinson, Karen Vinson, Kevin Vinson,

Residents of Floydada and Floyd county will have the opportunity to visit with Congressman and Mrs. George Mahon next Wednesday, October 14.

Congressman Mahon is seeking re-election for another two year term.

Four business firms were hit by burglars over the weekend in Floydada with considerable loss reported by each manager. Three firms were broken into during the night hours and one shortly after noon on Sunday.

Congressman Mahon will be honored with a reception in the community room of the First National Bank in Floydada from 2 to 4 p.m.

CONGRESSMAN MAHON

Bradford's Jewelry, located on California Street, was hit in broad open day light about 12:30 Sunday. A plate glass window in the front was loosened and it fell to the concrete in splinters. After the noise of the broken glass however the burglars took time to grab four women watches and a man's watch, before taking off.

He has served this district in the U. S. Congress since January 1, 1955, a total of 15 terms. It is noteworthy that Congressman Mahon has reached a high degree of seniority in Congress and was just recently appointed chairman of possibly the most important committee in Washington, that of chairman of the Appropriations Committee.

Since Congress has adjourned it is thought that Congressman Mahon will be home in Lubbock and visiting in this Congressional district until after the general election on November 3.

A youth standing in front of the Palace Theatre told Houston Bradford, the owner, that he saw two boys, believed to be Mexicans, run from the front of the store right after he heard the glass break.

Congressman Mahon recently has been successful in bringing about government support in the two million dollar boll weevil fight that is now under operation in this area of the South Plains. He continues to work for a renewal of the Bracero program of farm labor for this district and the state.

Everyone is invited to visit with Congressman and Mrs. Mahon when they visit here next Wednesday.

Bradford said the watches were valued at from \$39.95 to \$59.95 each. Sunday night Cantrell's Fruit (See BURGLARS, Page 6)

### OVER 2,000 BALES

## Cotton Picking Begins In Earnest In Floyd County

The Texas Employment Commission in Plainview reported a total of 1435 bales ginned in Floyd County last Friday. With good warm sunshiny weather prevailing since then it is estimated that well over 2,000 bales have been ginned to date.

Mexicans are pulling cotton, especially in the southern part of the county. The Plains Cotton Growers Association in Lubbock lowered its estimation of cotton production for the South Plains last week, due to the dry weather more dry-land acreage was chalked off. The Association reduced its 115,000 bale estimate for Floyd county to 102,000.

## Local Hospital Suit Heard By Court Of Civil Appeals

The legal suit against the Caprock Hospital District was heard Tuesday morning at 10:00 a.m. in Amarillo before the Court of Civil Appeals. The decision in that hearing is still pending.

Voters in the district approved a \$395,000 bond for the other half of the cost of a new hospital for this spring and the suit was filed hampering the progress of the new hospital about the time the bond vote was conducted.

The suit is entitled Rene Yeary et al vs. Hollis Bond et al, and was appealed to the Amarillo court after Judge J. D. Ratliff ruled in favor of the defendants of the suit here last Spring.

The planned location of the hospital is just west of the Primitive Baptist Church on Crockett Street.

One of the main arguments for the plaintiffs is that the Hospital District was never legally formed. The plaintiffs claim, among other things, that a majority of the voters in the district did not approve the creation of the hospital district, it was only a majority of those voting.

On the contest page a game was listed as North Texas vs. Bowling Green, which should have been North Texas vs. Louisville, as a number of people (See WINNERS, Page 6)

The members of the district are awaiting a Hill-Burton grant of \$395,000 before the sale of bonds begins to construct the new \$450,000 hospital.

Prizes include (locally and in national competition): an official NFL team warm-up jacket, place kicker outfit, football autographed by top NFL stars, trip to an NFL game, and top winners will go on a "Tour of Champions" (with parents) to Washington, D. C. and to the NFL runner-up Championship Bowl Game in Miami, Florida.

The contest will be held on Western Field beginning at 2 p.m. Saturday afternoon.

It costs nothing to enter.

### BULLETIN

## Cardinals Take Yanks 9 - 5 In First World Series Game

Three names that have not appeared before as winners in the grid contest came through this week to win the first three places in the fifth Hesperian Grid Contest last week.

Grady Freeman missed only six of the games to win the top prize, Alton Higginbotham and Robert Welborn each missed seven to win second and third places. Welborn guessed a total of 32 points would be scored in the Floydada-Tulia encounter to win second and Higginbotham guessed a total of 28 would be scored to place third.

James Hartline and James Norrell each missed only seven also. The Jayton-Matador tie was actually an upset, since Matador is rated as the most powerful Class B team in this area. Another game frequently missed was the Lamesa Monahans tie.

On the contest page a game was listed as North Texas vs. Bowling Green, which should have been North Texas vs. Louisville, as a number of people (See WINNERS, Page 6)

## Congressman And Mrs. George Mahon To Visit Here

Residents of Floydada and Floyd county will have the opportunity to visit with Congressman and Mrs. George Mahon next Wednesday, October 14.

Congressman Mahon is seeking re-election for another two year term.

He has served this district in the U. S. Congress since January 1, 1955, a total of 15 terms. It is noteworthy that Congressman Mahon has reached a high degree of seniority in Congress and was just recently appointed chairman of possibly the most important committee in Washington, that of chairman of the Appropriations Committee.

Congressman Mahon recently has been successful in bringing about government support in the two million dollar boll weevil fight that is now under operation in this area of the South Plains. He continues to work for a renewal of the Bracero program of farm labor for this district and the state.

Everyone is invited to visit with Congressman and Mrs. Mahon when they visit here next Wednesday.

CONGRESSMAN MAHON

## Absentee Balloting Begins At Court House October 14

The ruling by the U. S. Congress last year concerning poll taxes brought about the "new slant". The voters in the state of Texas, last year killed an amendment that would allow people to vote without buying a poll tax. The only thing that would have been required is a 25c registration fee paid to the County Tax Assessor-Collector had the amendment passed. The potential voter would in turn receive a Poll Tax Exemption Certificate that would allow him to vote.

Since the Federal Government and the people of Texas differed in the thinking on this particular item, those who wanted to vote in elections other than the General Election paid their poll taxes. On the other hand, those wanting to vote only in the General Election and only for Candidates seeking Federal offices purchased the Exemption Certificates. There were only 37 of these in the entire county.

Two Types of Ballots? The question foremost in a lot of people's minds is "since there will be two types of voters will there be two types of ballots?" Although some people have not paid their poll taxes will their ballot still list the candidates for local and state offices?

Actually there will be just one type ballot printed. When a person passes through the line to pick up his ballot, he will show to the election judge a poll tax receipt, an exemption receipt, or a poll tax exemption certificate. If a person is holding an exemption certificate, the election judge will mark through

According to records in the Tax Assessor-Collector's office there were 3,327 poll taxes paid this year, 95 exemption receipts given to those getting a "free" vote for having turned 21 since the last election and a total of 37 who purchased the Poll Tax Exemption Certificates. All these made a total of 3,459 eligible

all names on the page except those running for Federal offices. If people have paid their poll taxes in Floyd County and moved out of the state, since that time, they are still eligible to vote in this county.

To secure a ballot, that person should write Margaret Collier, and secure an application blank requesting a "Ballot by Mail". The questionnaire will be sent to that person out of state and should be completed and returned to the county clerk.

The clerk will then send a ballot to that person. The ballot should be completed, notarized and returned to Miss Collier prior to October 30, 1964.

## Convention Begins With Barbecue At 6:30 P.M.

The annual Floyd County Farm Bureau Convention will be held this Saturday, October 10, in the Lockney Legion Hall, Lockney, Texas. A barbecue, catered by Smokey's of Plainview, will begin promptly at 6:30 p.m. for all member families. It will be followed by a business meeting highlighted by the election of five new board members.

CHARLES HUFF  
TEB Legislative Director

Charles Huff, Texas Farm Bureau State Legislative Director, of Austin, will be the featured speaker. Word has been received at the county office that his topic will be related to Policy Development and Execution in Farm Bureau, and how it begins on the county level and the process it goes through before reaching the state and national levels.

Other speakers will be Olin Degge, son of Mr. and Mrs. Douglas Degge of Lockney, and Miss Janet Holmes, daughter of Mr. and Mrs. Riley Holmes of Floydada. These high school seniors were representatives from Floyd County to the Texas Farm Bureau Citizenship Seminar at Huntsville, Texas last August. Janet's speech will be on "Our American Heritage" and Olin will speak on "The Threat of Communism in America."

During the business meeting there will be supervised play in an adjacent room for small children. Comedy films have been secured with which to entertain the children.

Resolutions have been prepared which reflect these results. These resolutions will be individually adopted or rejected by members voting in the annual Floyd County Farm Bureau convention. They may be amended or other resolutions presented from the floor of the convention

All Farm Bureau members and their families are invited and urged to attend for an evening of fun and pleasure, and to have a voice in the policies of the Farm Bureau Federation, says David Baitley, Jr. of Floydada, President of the Floyd County Farm Bureau.

Tabulated results of a questionnaire sent to more than 700 Floyd County families reveal that they are

For:

1. More strict enforcement of regulations of the High Plains Water District pertaining to waste of water.

2. Tax Exempt water depletion allowance.

3. Continued Screwworm Eradication program.

4. Continued program to keep the Boll Weevil off the Plains.

5. Uniform sales tax (state)

6. Legislation to continue Bracero Program.

7. Restricting beef imports.

Against:

1. State control of underground water.

2. Rigid supply management

Although Applewhite cannot seek election on the Republican ticket, he will continue to campaign for election as judge of Floyd County on a write-in effort and the Republican Party will seek his election in this manner.

State law does not permit a candidate to seek election as a representative of one party, having voted in another party's primary election.

Another Democratic organizational meeting is set for the Della Plains school at 8 p.m. Tuesday night, October 13.

## UAW Strike Affects Local Auto Dealers

The UAW (United Auto Workers) strike that has been taking place in all of the General Motors plants across the country has had an effect on the auto dealers in Floydada handling these products.

## Democrats To Organize Monday Nite

All persons in Floyd county, both adult and youth who are interested in joining the Floyd County Democratic Club should attend a special rally at the Floydada High School next Monday night, October 12 at 7:30 p.m.

"It's like a stack of blocks", Leroy Burns said, "when one group like that goes on strike, it's like pulling out one of the bottom blocks, for the whole stack tumbles."

Ralph Wayne, Plainview candidate for state representative will be present to speak and help organize a county-wide organization for both adult and youth Democratic groups.

That stack he has reference to is the steel industry, the auto transport firms, the retail dealers and others. But both the Union and General Motors have enough reserve funds to hold out for a long time.

Also to add in the organization will be Mrs. Wylie Bullock of Muleshoe, district committee woman and Glen Bitson of Littlefield, district committee man.

Tuesday, the only vehicles one firm had was just "show cars, not the kind people buy", one dealer said.

# Welcome to Floydada... Congressman and Mrs. Mahon

SOUTH PLAINS NEWS by Mrs. Murray Julian

Community Suffers Hail Damage

SOUTH PLAINS, Oct. 5-Saturday afternoon of last week several farms here suffered a great deal of hail damage, along with heavy rains. Leaves were stripped from both cotton and grain crops on Darol and Travis Young farms, Loyd and Noel Deavenport places, some damage on E. Kinslow farm, on the Zach Kinnings and Kendall Cummings farms, and also on the Raymond and Bob Reeves farms. Beautiful fall weather with mornings in the forties again with us this week, and farmers are back to their heretofore wet fields cutting and hauling maize.

Interment and graveside services will be held at Llano Cemetery at Amarillo at 3 p.m. Tuesday afternoon. Mrs. Walter Wood and Mrs. Glen Wood will accompany Mrs. L. T. Wood to Vernon for the services. Mrs. Bryan Karr spent Sunday in Lockney where she stayed the day with her mother, Mrs. H. S. Calahan Sr. Saturday night Mrs. Teddy Home of Plainview spent the night here with her parents, Mr. and Mrs. Sylvan Kinnibrugh and Beth as they spent the night in Dalhart, Tex., where he did a demonstration for a pump manufacturer there at the fair. Mrs. Raymond Reeves attended her all-day bridge club Thursday, which was held at the home of Mrs. J. L. Self. Her home is between here and Silverton. Lunch at noon was served to all members, with casserole dishes, salads and chocolate cake making up the menu. Mr. and Mrs. Frank McClure and Mrs. Smith are to be home this Wednesday from Houston, Tex., after spending the past ten days there with relatives. WMU members who went to Cane for the morning District WMU meeting held there at the First Baptist Church Friday of last week were Mmes. Bryan Karr, Sealy Smith, L. T. Wood, Grigsby Milton and Mrs. Fred Fortenberry. Friday afternoon they all went to Lubbock where they purchased library books for the South Plains Baptist Church library. Mrs. Ottho Sanders is home after spending some time in Palestine, Tex. with her daughter, Mrs. Gerald Main and family, who had spent all of August here with the children at the Ottho Sanders, then Mrs. Sanders took them home and stayed with them. Mr. and Mrs. Kendis Julian visited with the Dale Roberts family in Lubbock Thursday and then attended the Icecapades at the Lubbock Fair. Mr. and Mrs. James Teague, Earl and Bodie Joe came Sunday afternoon to visit her folks, Mr. and Mrs. L. T. Wood. They are from Lubbock. Mr. and Mrs. Arlis Powell and three children are now settled in Floydada where he is connected with his father at the Powell Grocery. The couple plan to build there, and she is the daughter of Mr. and Mrs. Grigsby Milton in our area, and grew up here. Rev. Sealy Smith was confined to his home with the flu on Thursday of last week but was up and out again by the week

Field And Kitchen News

LIGHTHOUSE ELECTRIC WEEKLY CARE KEEPS ELECTRIC REFRIGERATOR HUMMING Electric refrigerators are frequently the most neglected appliance in the kitchen. Because they require so little attention, homeowners often overlook giving them their regular care. Take another look at this dependable electric servant which works daily keeping foods both cool and fresh. Given proper use and care it will work better and last longer, giving you years of trouble-free service. For the most efficient operation of your electric refrigerator you will want to follow these suggestions: Make sure it is set level for the most efficient operation of its mechanism. Try to place it away from stove, water heater, radiator and sunlight, as heat increases the operating costs and may harm the finish. 1. Remove all food and other contents; set to DEFROST, if required. 2. Remove shelves, drawers and other "parts". 3. Wash the entire interior with a sponge or cloth wrung out in warm soap or detergent suds. Make sure to get into all corners and crevices—using a well-lathered pastry brush or percolator brush to get into any narrow grooves or slots. 4. Rinse with equal care, using a clean cloth dipped into clean water with about three table-spoons of baking soda added, if there is any trace of strong food odor. Wipe with a clean dish towel. 5. Wash all interior "accessories" at the sink—using hot suds and scalding rinses on metal and porcelain pieces, almost-hot suds and rinses on plastic parts, and cool suds and rinses for glass. A well-lathered stiff brush is good for scrubbing wire racks. Wipe and replace these fittings. 6. Suds, rinse and wipe the interior of the door, including shelves and compartments. 7. Wash the door gasket with suds and a sponge which fits itself into and cleans all the grooves. Then rinse and dry. This prevents grease and other soil from interfering with the airtight seal provided by the rubber "bumper". 8. Suds, rinse and wipe ice-cube trays. Refill them with clean, cold water and replace. Set control to desired temperature. 9. Wipe off the "dew" clinging to jars, containers and fresh fruit and vegetables before replacing food in the refrigerator. 10. Wash the outside of the refrigerator with a damp suds cloth, a clean damp cloth and wipe it dry. If desired, the exterior surface may be waxed occasionally. Freezer Facts: Every month or so, clean the freezer section. Turn the control to OFF, remove food and shelves or baskets and wash these as directed in number 5 above. When the interior has warmed enough for comfort, wash it as directed in numbers 4, 5, and 7 above. Reset the control, and wipe each container of frozen food before replacing it. Do's And Don'ts: —Wipe up all spills at once to prevent stains harmful to refrigerator finish. Acid foods—such as lemons, tomatoes and milk—"eat" into enamel, and bright-color vegetables—such as carrots—leave stubborn spots. —To avoid transferring grease and grit, always use a clean cloth or sponge wrung out in clean soap or detergent suds and rinse water. —Wash store dust and finger marks from new cans and jars, and remove wilted outside leaves from fresh vegetables, before placing them in the refrigerator. —Plan the steps of meal preparation and after-meal clean-up so refrigerator doors are not opened more than necessary. When the youngsters come running in from school, these afternoons almost invariably their first question is "Mom, what do we have to eat. I'm starved!" The cookie jar full of delicious—as well as nutritious, home-made cookies is always a pleasing answer. Here is a nice recipe for drop cookies: 1/2 cup (1 stick) butter or margarine 1 1/2 cups firmly packed dark brown sugar 2 eggs 1 teaspoon vanilla 3 cups sifted regular all-purpose flour 1/2 teaspoon salt

Storing food in the refrigerator carefully cuts down on food waste. Overcrowding prevents free circulation of the cool air which keeps food in prime condition. Putting food away uncovered mingles flavors, which causes spoilage; it also puts an extra burden on the mechanism due to extra moisture evaporation. A dirty refrigerator, and stale or spoiled food, can cause digestive disturbance or more serious illness. Whether the refrigerator is of the no-frost, self-defrosting or defrostable types, it needs a thorough cleaning at least once a week. The best time is just before the weekly market day so you use up odds and ends of good food, discard useless left-overs, check on needed replacements and make room for fresh supplies. Try this system for efficiency and convenience: 1. Remove all food and other contents; set to DEFROST, if required. 2. Remove shelves, drawers and other "parts". 3. Wash the entire interior with a sponge or cloth wrung out in warm soap or detergent suds. Make sure to get into all corners and crevices—using a well-lathered pastry brush or percolator brush to get into any narrow grooves or slots. 4. Rinse with equal care, using a clean cloth dipped into clean water with about three table-spoons of baking soda added, if there is any trace of strong food odor. Wipe with a clean dish towel. 5. Wash all interior "accessories" at the sink—using hot suds and scalding rinses on metal and porcelain pieces, almost-hot suds and rinses on plastic parts, and cool suds and rinses for glass. A well-lathered stiff brush is good for scrubbing wire racks. Wipe and replace these fittings. 6. Suds, rinse and wipe the interior of the door, including shelves and compartments. 7. Wash the door gasket with suds and a sponge which fits itself into and cleans all the grooves. Then rinse and dry. This prevents grease and other soil from interfering with the airtight seal provided by the rubber "bumper". 8. Suds, rinse and wipe ice-cube trays. Refill them with clean, cold water and replace. Set control to desired temperature. 9. Wipe off the "dew" clinging to jars, containers and fresh fruit and vegetables before replacing food in the refrigerator. 10. Wash the outside of the refrigerator with a damp suds cloth, a clean damp cloth and wipe it dry. If desired, the exterior surface may be waxed occasionally. Freezer Facts: Every month or so, clean the freezer section. Turn the control to OFF, remove food and shelves or baskets and wash these as directed in number 5 above. When the interior has warmed enough for comfort, wash it as directed in numbers 4, 5, and 7 above. Reset the control, and wipe each container of frozen food before replacing it. Do's And Don'ts: —Wipe up all spills at once to prevent stains harmful to refrigerator finish. Acid foods—such as lemons, tomatoes and milk—"eat" into enamel, and bright-color vegetables—such as carrots—leave stubborn spots. —To avoid transferring grease and grit, always use a clean cloth or sponge wrung out in clean soap or detergent suds and rinse water. —Wash store dust and finger marks from new cans and jars, and remove wilted outside leaves from fresh vegetables, before placing them in the refrigerator. —Plan the steps of meal preparation and after-meal clean-up so refrigerator doors are not opened more than necessary. CEDAR HILL NEWS by Mr. Joe Fortenberry

Grain Harvest Begins Again

By Mrs. Durrel Fortenberry CEDAR HILL, Oct. 5—Thanks to the good rains we have had in the past, everyone is very busy planting wheat. The maize is also coming into the elevator once again. We are sorry to report that Joe Fortenberry is in the hospital. He was admitted Saturday morning, and is some improved. We hope he will be up and around soon and back in the community with us. Mrs. Leo Buschar, Mrs. C. F. Lemons, and Mrs. Rene Yeary attended a W. M. U. meeting at Abernathy Wednesday. Mr. and Mrs. Bud McGowan attended funeral services for Shirley Race in Floydada Saturday. Mr. and Mrs. Newman of Cee Vee visited in the home of Mr. and Mrs. Easley Yeary Sunday. Mrs. Newman is Mrs. Yeary's sister. We are sorry to hear Frank Yeary is in the hospital in Groom, Texas. Yeary was a guest Thursday night of Andrew and Mamie Jetton. Sunday dinner guests in the Frank Breed home were Mr. and Mrs. Cliff Willis and Dave Willis. Visiting in the afternoon were Mr. and Mrs. Bill DuBois and boys and Mr. and Mrs. Bill Hart. Mr. and Mrs. Joe Fortenberry have a new great-grandson. The proud parents are Mr. and Mrs. Alfred VanHoose of Floydada. The young man arrived at the Lockney General Hospital Saturday, Oct. 3, 1964, weighing 9 lbs. 5 oz. He has been named John Richard. Mrs. M. H. Taylor spent from Sunday through Saturday in Plainview, visiting with her daughters, Mrs. O. A. Keeter and Mrs. Gus Wesley. Mrs. R. A. Hill and Mrs. Vergie Flowers were guests of Mrs. Eugene Gilly Monday. They all went to Floydada and enjoyed dinner with Mrs. Clara Redd and Mrs. Lillie Luttrell. Mr. and Mrs. Cephus Fortenberry and Phyllis, Mrs. Evelyn Breckenridge and family were dinner guests with Mrs. J. C. Fortenberry Sunday. 1/2 teaspoon baking powder 1 teaspoon baking soda 1 teaspoon cinnamon 1/2 cup buttermilk 1 cup pecans 1 cup chocolate chips Cream butter, sugar, eggs and vanilla until light and fluffy. Sift together flour, salt, baking soda and cinnamon. Add to creamed mixture with buttermilk. Mix in nuts and chocolate chips. Drop by heaping teaspoonfuls on cookie sheets that have been greased and floured. Bake 10 to 12 minutes in 375 degree oven or until done. When completely cool frost with BUTTER CREAM FROSTING: 1 stick margarine or butter, melted. Add 2 tablespoons cocoa and mix with butter. 1 box powdered sugar (1 lb.) sifted Warm water enough to make spreading consistency. 1 teaspoon vanilla. Among the favorite cookie recipes at our house—here is one that is always near the top of the list: SUGAR COOKIES 4 cups flour 1 teaspoon soda 1/2 teaspoon salt 1 1/2 cups butter 1 1/2 cups sugar 2 eggs 1/2 cup sour milk 1 teaspoon vanilla Cream sugar, shortening and eggs. Add dry ingredients that have been sifted together. Roll dough. Cut into desired shapes. Sprinkle with sugar. Bake on ungreased cookie sheet in 375 degree oven until done—approximately 10 minutes. NOTE: If a crisp cookie is desired bake a little longer than if a soft tender cookie is desired. SOMETHING TO THINK ABOUT A woman was trying to impress her friends at a party one afternoon. "My family's ancestry is very old," she said. "It dates back to the days of King John of England." In turn turning to a woman sitting nearby she said condescendingly, "How old is your family, my dear?" "Well," replied the woman with a smile, "I can't really say. All of our family records were lost in the Flood."

Funeral services were at a chapel of Sevier's Funeral with the Rev. J. P. Hill and Fred Doracy. Mr. and Mrs. Verlon Leon, Charlotte and Joe Way Floydada joined her mother, Rodgers, there for the funeral. Butter grades are determined by taste, smell, touch and sight. There are some 129 federal stations in various plants marketed around the country must resort to these four while labeling butter, using official USDA grades AA, A, B or C. Grandchildren. MR. AND MRS. J. E. ROY

### J. E. Roys Will Celebrate 50th Wedding Anniversary

The sons and daughters of Mr. and Mrs. J. E. Roy are honoring the couple on their Golden Wedding Anniversary Sunday, October 18th, with a reception in the home of a Floydada daughter where at 10 o'clock Mr. and Mrs. Jones, who reside in Dallas and who past sleep something.

Mr. and Mrs. Roy were married in Wolfe City, Texas, Oct. 1914. The couple moved to

### Brownie Troop Need Uniforms

A Brownie Troop for the Second grade level has been organized and uniforms for these girls are needed badly.

Anyone who has girls who have outgrown their uniform and would like to donate them for the younger Brownies are asked to bring them to Superior Cleaners and they will be picked up there.

Mrs. Bobby Smith is Troop Leader and Mrs. Billy Hinkle is assistant.

### Free Tailoring Course In Wool Starts Oct. 15

The Homemaking Department of Floydada High School is offering a free course in wool tailoring to be taught by Mrs. Alice Baker and Mrs. Bobby Bachus, Home Ec teachers.

The course is offered to all women. Classes will meet each Tuesday and Thursday from 3 p.m. until 5 p.m. through Nov. 5th, in the Homemaking room.

Registration and instructions are to be held on October 15 at 3 p.m. in the Floydada High School Homemaking Dept.

### Club Members Hear Reports On Local Schools

A report on the Floydada Public Schools was given by A. E. Baker, superintendent, Thursday at a meeting of the 1929 Study Club. The talk was very interesting and informative to members attending.

Baker was introduced by Mrs. Hollis Bond.

Mrs. Kinder Farris, leader, opened the meeting with prayer. Mrs. C. R. Yeokum was hostess for the gathering in the PCA room.

During the business session a leave of absence was given Mrs. Jewel Norman and club voted to participate in the advertising program being carried on by the Federated Clubs.

Members attending the meeting included Mrs. Hollis R. Bond, Newell Burk, J. A. Colston, Kinder Farris, R. E. Fry, Clarence Goin, Clay Henry, Tate Jones, S. J. Latta, George V. Smith, J. B. Smithman, Carl W. Williams, Q. D. Williams and Mrs. C. R. Yeokum.

Club meets again on Oct. 15 in the PCA room with Mrs. Williams as hostess.

Mr. and Mrs. Connie Reed of Floydada announce the arrival of a son, Kelly Dean, who arrived in Lockney Hospital on September 25. The baby, who has three sisters, Connie, Darlene and Kaylene, weighed seven pounds and 11 ounces at birth.

Grandparents are Mr. and Mrs. H. Cunningham and Mrs. J. E. Reed of Lockney.

### Flora McNeill Can Receive Art Entries

Mrs. Flora McNeill has been authorized to receive art entries from local people who plan to enter art work in the art show at Tulsa sponsored by the District Committee Women and Castro County League of Democratic Women.

This year, contrary to last year, there will be cash prizes given at the district, as well as at state.

This year the contest is divided into two different sections, the Scholarship Awards division and the Merit Awards, or amateur division.

The district awards will consist of: Scholarship division; first, \$75.00, second, \$50.00, and third, \$30.00; Merit Award — \$50.00.

The types of media to be used are oils, pastels, tempera, casein, drawings (pen and ink), water color, mixed media, plastic (polymer, etc.).

Those who may enter the Scholarship division are those who will this coming year be a freshman-senior in high school or be a 1964 graduate of a high school.

Those in the Merit Awards division may be anyone except students and who do not derive more than one-half of their income from the sale of art work.

The scholarship entries must be accompanied by a pen and ink, charcoal, or pencil sketch to show evidence of ability in delineation. These accomplishments need not be related in subject to the entry.

To be considered, entries must be: original, completed within the past year, suitably and simply framed or prepared for display, (taped, wire and screw eyes included but detached-water colors, paints, drawings, pastels should be under glass), signature of artist covered, not exceeding 36" x 42" or the equivalent in square inches (1512 square inches), properly identified; with entry card attached to the drawing and merit painting.

**Net Gain**  
Fishermen in Juida Village, East Pakistan, doubled their catch after CARE delivered 600 lbs of nylon twine, with which they made new nets. Self-help for fishing villages is part of CARE's efforts to help increase world food supplies.

### Levelland Wedding Unites Miss Self, Jerald Adkisson

Pamela Gale Self, daughter of Mr. and Mrs. P. Dale Self of Levelland, former residents of Floydada, and Jerald Ray Adkisson, son of Mr. and Mrs. G. F. Adkisson also of Levelland, were married Sunday, October 4th.

The father of the bride performed the double-ring ceremony at 3 p.m. in the Fifth Street Church of Christ in Levelland.

For her wedding the bride wore a formal gown of hand clipped Chantilly lace featuring a high scalloped neckline, tapered sleeves and a fitted midriff of taffeta which was highlighted with seed pearls. Her bell-shaped skirt was accented in the back by a taffeta pouf having a self-trimmed kerchief flowing over the chapel length train. She wore a veil of silk illusion attached to a crown of seed pearls and carried a large fan of Chantilly lace on which a bouquet of white orchids were surrounded by pink roses.

Mrs. Frederic D. Self, sister in law of the bride, of DeRidder, La., attended as matron of honor. Bridesmaids were Mrs. Jimmy Rogers and Miss Yvonne Warren. Diana Marie Self, DeRidder, La., niece of the bride, was flower girl and DeLana and Johanna Rogers carried the rings.

Feminine attendants were dressed identically in emerald green velvet floor length gowns featuring scoop necklines, fitted bodies and bell shaped skirts. They carried bouquets matching the brides.

Bobby Andrews of Levelland served as best man and Donny Stucker and George Price were ushers.

The Girls A Capella quartet of South Plains College sang at the wedding which was performed before an arch of candelabra and arrangements of white gladiolas and greenery entwined.

The bride's parents gave the reception which followed at the church.

For traveling to New Orleans, La., the bride changed to a sleeveless back silk shantung suit with a green wool mohair

### Starkey HD Club Meets In Home Of Mrs. Ferguson

Starkey Home Demonstration club met Thursday with Mrs. Leon Ferguson as hostess. The president was in charge and Mrs. Ferguson gave the devotional. Mrs. O. L. Lowrance led the opening song.

Ten members and two visitors answered roll call with "How I Solved A Storage Problem."

Mrs. J. K. Holmes gave the council report and said that delegates at the recent State Convention of the THDA in Houston made a detailed report to the council members. Mrs. Holmes also reminded club committee chairmen to send their club reports to the council committee chairmen before October 15.

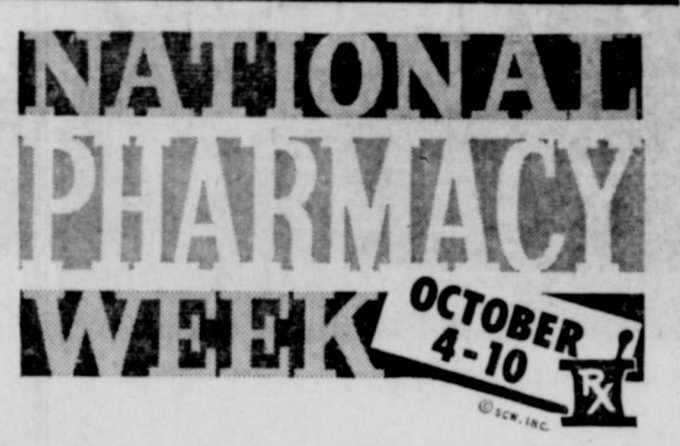

Mrs. John Shipley, who attended the State convention as a delegate, gave a brief report on her trip and plans to give a more detailed report at the next club meeting.

County Home Demonstration agent, Miss Sherry Mullins, brought the program on storage in the kitchen and bath. She distributed literature on kitchen storage devices and how to arrange your kitchen. She also showed a most interesting film on "How Women Effect Research."

Mrs. Lowrance received the hostess gift.

Refreshments were served by Mrs. Ferguson to the visitors, Miss Mullins and Mrs. R. R. Ferguson and the following members: Mmes. Turner Hunter, D. L. Lowrance, John Shipley, Bill Hendrix, Glen Ferguson, Maisie Becker, J. K. Holmes, Clinton Denning and Mrs. S. L. Holmes Sr.

The next meeting is on October 15.

### Mrs. K. Childress Retires From Teaching Career

After twenty years of teaching in public schools, Mrs. Pearl Childress, the former Pearl Casey, has retired from the profession.

Mrs. Childress began her teaching career in Wise County in 1919. She came to Floyd County in 1922 and taught one year at the old Sunset School, which is now South Plains.

It was here that the teacher met and later married Roy Childress. She left the teaching field until 1943, at which time she taught four years in Floyd County and resigned her position in 1947 to enter West Texas University at Canyon.

Mrs. Childress and her daughter received their Masters Degree in the summer of 1951. After a year's rest, Mrs. Childress was steadily employed, having taught the third grade the past four years in the Pettit Independent School.

Upon leaving Pettit school Mrs. Childress was presented a lovely gift from the faculty and also received many useful gifts from her pupils and their parents.

Mrs. Childress retired along with her husband at their new home in Granbury, Tex. Their only child, Mrs. C. P. Hialago and her family also resides near Granbury.

MRS. PEARL CHILDRESS (Retired Teacher)

### YH Will Sponsor Tailoring Course

The Floydada Chapter of the Young Homemakers of Texas met Thursday, October 1, in the Homemaking Department of Floydada High School.

Reports of the Ladies Day at the Fair and the barbeque were given.

A discussion was heard on the tailoring course that the chapter is planning to sponsor in the near future. The course will be open free to the public and is to start October 23. There will be six lessons.

There is to be a Thursday, October 15, in the homecoming complete a list for the course.

Mrs. A. E. James Bachus, program for the chapter Thursday pattern sizes. The course included Mrs. T. James Hale, the advisors, Mrs. James Bachus.

You can always agree with what he likes to do.

Mrs. Leonard Matsler is now representative for

Mr. and Mrs. Paul Wheeler visited his parents, Mr. and Mrs. W. O. Wheeler on Sunday afternoon.

Mr. and Mrs. C. O. Gilbreath were Saturday evening visitors in the home of Mr. and Mrs. Ralph Martin, Sr.

Mrs. C. O. Littlefield visited Mr. and Mrs. Dan Furry in Ralls Convalescence Home on Wednesday morning.

## Only Three Newcomers In September

According to the City Hall records there were three new families moving to Floydada during the month of September. This brings the total of new families during 1964 to 109.

The city received twenty-two new families during January and February combined, nineteen in March, eleven in April, nine in May, twenty in June, nine in July, and sixteen in August.

The new families and their addresses are:

Ben Norrington, 230 W. Crockett; W. R. Martin, 418 1/2 W. Calif.; Henry Juarez, 917 S. 3rd.

## Woman

(Continued From Page 1)

stop when the operators saw car approaching the crossing.

The plaintiffs seek the following sums for the reasons given:

\$10,000 for the pain and suffering inflicted on the deceased.

\$1,527.50 for funeral services and medical expenses.

\$78,000 for salary lost on the part of the family. Vinson was making about \$12,000 per year, and if he worked for an additional 30 years, he would have made this amount.

\$18,000 loss of old age assistance on the part of the parents.

Each child lost a certain amount of guidance that would be an equivalent of \$1,000 per year until each child becomes 21 years of age. Sherry lost \$12,000, Karen lost \$15,000, Gary lost \$18,000.

\$40,750 was lost by Janelle Vinson in care counseling, society, and comforts that her husband would have afforded.

\$5,000 was lost on behalf of the parents for comfort their son would have afforded them.

George W. McCleskey of Nelson & McCleskey and Harringer will represent the plaintiffs and Evans, Pharr, Trout and Jones with the help of John Stapleton, 110th District Attorney will represent the defendants.

## Winners

(Continued From Page 1)

know for they changed it on their page. However, that game, and the LSU Florida game did not count against anyone's score. Hurricane Hilda defeated both LSU and Florida. That game is to be played December 5 in Baton Rouge.

These missing only 8 games in the contest were: Larry Ogden, Johnny Campbell, Garland Martin, Gerald Hall, Vanda Buhman, W. T. Lightfoot, Steve Hendrix, Mary Jo Black, Keith Buhman, Norberto Santam, Jack Stansell, W. O. Newberry, Budly Gaither, Mike Breed, C. A. Weathersbee.

## Burglars

(Continued From Page 1)

Market and Bob Campbell Amusement Center, the latter located in the flats, were broken into. Cantrell missed small change, lighter fluid, glue, a 12 volt car battery, razor and blades. The juke box at the amusement center was hit and missing is from \$75 to \$80, according to investigation officers.

Porter Wyly, manager of Wyly's Superette, "discovered" a break-in when he opened for business yesterday morning. Entry was gained through the bathroom window at the back of the store.

Wyly said a collection of coins including Indian Head pennies amounting to some \$130 was missing and 17 Timex watches valued at from \$9.95 to \$24.95 each.

All the break-ins are still under investigation, according to Bill Taylor, chief of police.

## From Bleachers

Jan Stansell, daughter of Mr. and Mrs. Jack Stansell, high school senior, received painful cuts and bruises from a fall at the South Plains Fair in Lubbock Saturday while participating in the 11th Annual West Texas Twirling Festival.

As Miss Stansell started to twirl from the bleachers her twirling skirt caught on a barb wire attached to the bleachers causing her to fall. She was taken by ambulance to the hospital for examination and x-rays then released following treatment.

The Floydada Miss West performed in the Miss West Texas Majorette event earlier in the day and was chosen first runner-up receiving a trophy.

## SECOND SUNDAY SINGING OCTOBER 11

The regular Second Sunday Singing at the Victory Baptist Church in Floydada is October 11 from 2 until 4 p.m.

Everyone is invited to attend. C. M. Lyles, president, said he was expecting singers from Plainview, Silverton, Ralls, Lubbock, Hale Center and other surrounding towns to be present.

## FLOYD DATA

Mr. and Mrs. Warner Johnson of Brownwood visited recently in the home of Mr. and Mrs. Carl Brock. While here the Warner Johnsons assisted Mr. and Mrs. Wesley Johnson in moving back to Brownwood where Wesley is attending Howard Payne College.

## FLOYD DATA

Mr. and Mrs. Ollie Meek visited in Clovis, N. Mex., over the weekend with their daughter and her family, Mr. and Mrs. C. T. Gross and Sheri and enroute home attended the wedding Sunday of Pam Self at Levelland.

## Estes

(Continued From Page 1)

theatres.

Estes takes over management of the Seale Drive In Theatre west of Lockney and the Plains Theatre in downtown Lockney. Both were purchased from J. D. Seale in Lockney.

Estes said that he would continue to live in Floydada and manage all three theatres. The Seale is a six day a week operation, the Plains opens for Saturday and Sunday matinees each week.

Estes has owned and operated the Capada for a year.

## Hospital News

(Emergencies)

Zoe Ann Hodges, 10-5, chin laceration.

(Admittances)

Joel Evans, admitted 9-30, dismissed 9-31, surgery.

Doyle Vick, admitted 9-30, dismissed 10-1, medical.

Chuck Stoner, admitted 10-2, dismissed 10-4, medical.

Sefereno Montiel, admitted 10-2, continues medical treatment.

Mike Anderson, admitted 10-4, dismissed 10-5, medical.

Carl Lewis, admitted 9-5, continues medical treatment.

Mrs. H. A. Tardy, admitted 9-6, continues medical treatment.

Mrs. Finley, admitted 9-7, continues medical treatment.

(Resident Patients)

Mrs. Massie and Mrs. McDonald.

## Presbyterian Church To Have Guest Speaker

Tommy Bates, of the First Cumberland Presbyterian Church in Lubbock, will be guest speaker at the Floydada Presbyterian Church Sunday morning at 11 a. m.

A candidate for the ministry, Tommy will be filling the pulpit for the regular pastor, Rev. Houston Dixon, who came home last Friday from Lockney Hospital. Tommy will preach for Rev. Dixon until he is able to assume the position again.

Tommy will re-enter Bethel College, Presbyterian school, in Mackenzie, Tennessee, at mid-term. He has attended Bethel for one year.

"Everyone is extended a cordial invitation to hear the young man preach," Rev. Dixon said. The church is located at 412 West Kentucky, and Sunday School is held at 10 a. m., with the worship service at 11 a. m.

## Harvest Interrupted By Rains

DOUGHERTY, Oct. 5 — The harvest was interrupted by the rainy weather. Sowing of wheat seems to be the chief farm activity at this time. A few wheat fields are up to a good stand.

A large number of local citizens attended the Panhandle South Plains Fair, Lubbock last week Friday night. Most of our people laughingly say that would be their contribution to the local news items for the week.

Mrs. A. H. Kreis and Mrs. R. H. Crawford of the Dougherty H D Club won many ribbons on their entries in the culinary, sewing and canned fruits and vegetable departments in the fair. Mrs. Crawford was sweepstakes winner in both the jelly and preserves and the cake departments. She reports it required lots of hard work but she derived much pleasure from it. A definite report on Mrs. Kreis's winning is not available but as usual she was among the high scorers.

H. N. Powell has been hospitalized at Matador since Friday. The current report of his condition is favorable.

Mrs. Allan Leach of Lubbock spent the weekend with her parents, Mr. and Mrs. J. E. Newton and brother Glen. Because of illness in her home she had been unable to visit them for several weeks.

Mrs. C. Alexander of Cedar Hill visited relatives in our community and attended services at the local church Sunday.

Jay Smith of Crosbyton was the house guest of the Roy Crawford family Wednesday and Thursday.

Mr. and Mrs. Lyndle Patterson and children of Lubbock were guests of her parents, Mr. and Mrs. Earl Foster Sunday.

Mr. and Mrs. Kent Covington and sons were supper guests in the Bob Ross home Sunday.

Mrs. Clarence Ashton accompanied Mrs. George Stiles to Hamlin Thursday and returned home Friday.

Mr. and Mrs. Wayland Jones and children met a number of relatives at Wichita Falls Sept. 27 to celebrate the 53th birthday of Mrs. M. J. Vaughan. Mrs. Jones is the granddaughter of Mrs. Vaughan.

Wayne Cage, a Tech student, visited the homefolks over the weekend.

Mr. and Mrs. Melvin Lloyd attended the funeral of her uncle, Bill Buchanan at the Friona Methodist Church Monday afternoon. He was accidentally killed at his home near Friona Saturday afternoon when the bed of a dump type grain truck fell on him.

Mr. and Mrs. Ray Gene Carthel made several trips to Amarillo last week to be at the bedside of her father who was critically ill following surgery at an Amarillo hospital. They spent the day with him Sunday and were called back soon after arriving home. He passed away early Monday. Burial will be at Vega, Tuesday afternoon.

Mr. and Mrs. Dale Smith and sons of Denison visited his parents, Mr. and Mrs. G. W. Smith Saturday night.

Mr. and Mrs. Steve Hudson of Abilene were supper guests in the home of her brother, Jesse Pernel Thursday.

Miss Jean Jones of Floydada was the overnight guest in the Wayland Jones home Thursday and Friday.

Mr. and Mrs. Henry Ellison of Crosbyton were guests in the V. V. Secht home Sunday.

Mr. and Mrs. Cul Bullock were dinner guests in the home of their daughter, Mrs. Robert Ward and family Sunday. In the afternoon this group visited with H. N. Powell at the Stanley Hospital.

Mr. and Mrs. Donald Harris, Mr. and Mrs. H. F. Harris, Mr. and Mrs. Ray Finney and Mr. and Mrs. Richard Ward and children were guests in the Robert Ward home Sunday evening.

attend last rites for Mrs. Ona Mitchell include Mr. and Mrs. Edgar Tarpley Sr. and Dick Tarpley of Greenville.

Mr. and Mrs. E. T. Crosby and son, Tommy of Corpus Christi; Mr. and Mrs. John Gayer of Denton and Mrs. W. R. Gayer of Italy, Tex.

MASONIC LODGE MEETS SATURDAY NIGHT

Masonic Lodge, No. 712 will meet Saturday night at the Lodge at 7:30 in regular session, according to Hervey Allen, secretary. All members are urged to attend.

Add new flavor and interest to cooking green vegetables by trying some of these seasonings: Cook a tablespoon or two of minced onion, green pepper, or parsley with snap beans or summer squash; cook a few mint leaves with peas; put a small pinch of herb or spice in the water when cooking lima beans; and a little vinegar and sugar heated together to make a good dressing for snap beans or cabbage, with or without a few tablespoons of cream; part up the flavor of green vegetables with meat drippings, butter, margarine, or salad oil with lemon add bits of crispy fried bacon to spinach or other greens.

determental affects to seed and lint quality are possible. The greater the losses, the more harvest-aid chemicals should be used only when at least 75% of the bolls are fully open, indicates research at the Center.

Proper timing of harvest-aid chemical use has been easier to obtain on cotton grown under non-irrigated and light-irrigated conditions than under heavy irrigation. This is because dryland or light-irrigated cotton generally matures 30-40 days before frost.

Economics is the biggest consideration when debating between harvest-aid chemicals or letting frost do the job. According to John Seibert, Extension Area Farm Management Specialist, it is up to each producer to determine, under his conditions, whether or not the use of harvest-aid chemicals is profitable. From all indications, concludes Seibert, it is often hard to economically justify their use. Where such things as earliness of harvest or debt retirement and risk of adverse climatic conditions are of primary consideration, then economics—or more net income—is secondary.

County Agent Richard Miller can supply you with additional information on harvest-aid chemicals—their use and value.

## Time To Plant Spring Flowering Bulbs Now

Spring-flowering bulbs bring color to your garden at a time when few other plants are in bloom. Spring-flowering bulbs include daffodils, tulips, hyacinths, and crocuses. Some bulbs are smaller and not so well known as scillas, glory-of-the-snow, grape-hyacinths, and snowdrops.

Now is the time to plant spring-flowering bulbs, states Sherry Mullin, County Home Demonstration Agent. These bulbs should be in the ground by late October. This gives the bulbs time to develop roots before winter.

Plant crocuses, glory-of-the-snow, scilla, grape-hyacinths and snowdrops with the tip of the bulbs 2 inches below the surface. Iris can be set 3 inches deep; hyacinths, 4 inches; tulips, 6-7; and daffodils, 6-8.

Pulls prefer well-drained sandy soil. They grow well when they get long hours of direct sunshine and plenty of moisture. At blooming, flowers will last longer if you cut them with a sharp knife. Do not cut any of the leaves—doing so harms the plants.

After the flowers fade, cut them off to prevent seed formation. Seed development takes stored food from the bulbs. Some people like to make their garden neat by cutting down the leaves after blooming time. Do not cut leaves. Let them die naturally—the green leaves build next year's bulbs.

For more information about choosing, planting, and caring for bulbs call YU 3-2806 or come by the Extension Office. This bulletin USDA L-439, "Spring Flowering Bulbs," is available free.

## Use Cotton Harvest Aid Chemicals Wisely

Defoliant and desiccants have a place on the High Plains. But unless they are used properly—and when cotton is ready for their application—they can do much more harm than good.

Older, more mature cotton frequently can be prepared for machine harvest before frost, says Shelby Newman, Agronomist at the South Plains Research and Extension Center, Lubbock. Experience shows that proper use of harvest-aid chemicals permits earlier harvesting of mature cotton before exposure to weather damage reduces the grade or actual field losses occur due to bad weather. Research shows that open cotton left in the field generally deteriorates one grade and around 1.32 inch in staple per month of weathering.

"When" is the key word in using harvest-aid chemicals. For example, if a desiccant or defoliant is applied before cotton is fully mature—more than 6% of bolls open and preferably 80%—not only yield decreases but also

## Quality Of Cattle Market Studied

Having almost two miles of Granite Shoals lake water front and a large deer population. These two factors made it an excellent problem for the appraisers, since most land values have been determined on crop and soil productivity, building values and other similar features in the past, Wooten said.

The society meets two times each year; in the summer to study new farm and ranch appraisal methods, and in the winter to study farm and ranch management. Their next meeting will be in January at Texas A&M.

Sheryl Bailey of Jefferson, newly named rural civil defense specialist with the Agricultural Extension Service of Texas A&M University, assumed duties this week. She works with Tommy Holtrig, who holds a similar position, and will be giving leadership to educational programs dealing with rural civil defense being conducted by state and county Extension personnel.

## "Let Freedom Ring"

A 300-pound Santa Fe Railway locomotive bell given an impoverished Catholic Church parish in Saigon, South Viet Nam, and blessed by Bishop Arnulfo Arcilla of Sorsogon Diocese, Philippine Islands, bears the Vietnamese inscription "Chuong Vang Tu-Do" and translation "Let freedom ring," is enroute today to the strife torn area aboard the freighter Shirley Lykes. Vicar Vu Due Hiep of Saigon said the bell was needed for the incomplete church serving hundreds of refugees from communistic North Viet Nam.

Bishop Arcilla is shown performing the rite at Sacred Heart Cathedral, Houston, aided by Father Charles E. Burns with O. H. Osborn, vice president Santa Fe Gulf Lines. The ceremony was attended by civic and transportation leaders.

## Bond Quiz

Question: I have a rather large number of Series "E" bonds that I purchased in 1953 and 1954. When will these bonds mature and what is the interest rate? I think it was 3 percent to begin with.

Answer: In all probability, your bonds have passed their first maturity date and now are in the 10-year extension period which they were accorded. Bonds issued at that time had an original maturity period of nine years and eight months. The interest rate on your bonds was increased effective June 1, 1959, for their remaining period to maturity, and in the extension period they are drawing 3 1/2 percent, compounded semi-annually.

Question: My son will have enough Savings Stamps to buy

HOOG CHOLERA OUTBREAKS REDUCED—Reported outbreaks of hog cholera decreased 29 percent during the year ending June 30. This is the first complete fiscal year that the federal-state eradication campaign has been in operation. Forty-six states and Puerto Rico are now participating in the four-phase eradication program; 26 have progressed beyond the preparatory phase. The disease cost producers \$300 million annually.

Answer: Any bond issuing agent (bank) will accept Savings Stamps presented in payment for a Savings Bond. Post Offices do not issue Savings Bonds but will redeem stamps for cash. The stamps should not be presented loose, but affixed in an album.

Question: I understand that Savings Bonds cannot be pledged as collateral, but can they be used as security for performance of an obligation? Answer: No; for the very same reason. Savings Bonds can be cashed only by the person in whose name they are registered (except, of course, in isolated cases of guardians or custodians legally authorized to act for the bond owner.) This is another built-in safety feature for owners of bonds.

## State Fair Will Present Fashion Show Oct. 10-25

Ten prominent Texas fashion houses and the State Fair of Texas will combine their efforts to add a new feature to the Women's Department at the 1964 State Fair, October 10 through 25 in Dallas.

Fashion conscious visitors to the air-conditioned Women's Building will find an exciting new fashion show, "Great Moments in Fashion," to be presented free at 2 and 4 p.m. daily.

Coordinated and directed by Mrs. Elizabeth Peabody, Fashion Coordinator for the State Fair, area manufacturers will present their newest fashions to visitors in the Women's Building.

"The fashion picture for the fall season will reflect many new facets, including the Chelsea look, pleated skirts, the plaid look, double breasted jackets, the turtle-neck, set-back low heel and the swinging look," Mrs. Peabody said.

Fashions depicting a woman's greatest moment, her wedding, will open the show. Four different bridal gowns will be shown on alternate days.

The wedding gowns will feature exquisite simplicity with elongated waist lines and chapel length skirts. These gowns will be variously fashioned from lace, satin and peau de soie topped by heirloom wisps of illusion and Brussels lace veils.

Clothes for the sophisticated that will take her to the office, club meeting and luncheon will be shown. Fashions will emphasize the jacket look, the swinging movement of pleats with emphasis on camel and black as important color partners.

Suited to fashion for travel, club life and memorable daytime moments, will be modeled a three-piece suit, often with the Chanel-type jacket, trimmed with braid bows at the neckline and the slender unsuited look of clean-cut silhouettes and these may be seen in "Great Moments in Fashion."

Also of great interest will be shown the pleated skirts with matching over-blouses. Fashions including a three-piece wool blend suit are often stylized with splashes of prints and falling leaves.

"The pull-toy set won't be forgotten," Mrs. Peabody said. The show will supply fun-time plaid coordinates for brother and sister in really red zeds. For traveling, French sailor outfits in navy blue laced in white and spiced with red are suggested.

"This is a look all fashion favors for fall," Mrs. Peabody noted.

It offers the career girl a great young-at-heart, feeling with new dimensions in printed knits and southwestern weight woolsens. The fitted dress, the fitted skirt and the Nantucket

waistline are among the fashions to be shown.

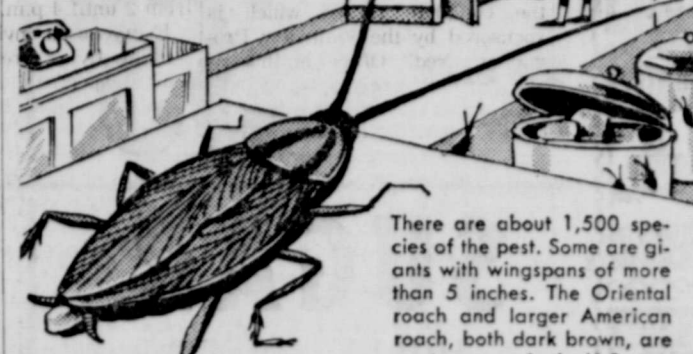

Also featured are berets, tams, derby types and take-offs on the English Bobby caps. They will also show wool crocheted hats with suede pouffes.

For those moments of reflections around the fire place at holiday time, there are soft fabrics and the most delicate of trends. Nylon tricot, ribbons, lace and brushed flannel will emphasize the great variety available for holiday occasions.

Their collection at the Fair

## HOUSEHOLD HINTS

Once solely a tropical insect, the cockroach has become a pest in homes all over the country. They love starch and sweet foods, and also attack paper, clothing, books, shoes and other personal property.

There are about 1,500 species of the pest. Some are giants with wingspans of more than 5 inches. The Oriental roach and larger American roach, both dark brown, are most common in the U.S.

Home control of destructive cockroaches has always worried housekeepers. Now, the U.S. Government has cleared Allied Chemical's Kepone bait for home use in commercial roach traps. It's been used for years by pest control men because of its proven ant and roach-killing properties.

## Golightly Honored By SPS Dinner

Clifford F. Golightly of Floydada was one of 48 employees of the Plains Division of the Southwestern Public Service Company honored at the 16th annual service awards dinner Wednesday night in Plainview.  
 Mr. Golightly received a 10 year award from A. R. Watson, president and general manager of Southwestern Public Service Company, who presented awards to the 48 employees for periods of service ranging from 5 to 35 years.

The veteran honorees at this year's dinner, who received awards for 35 years service, were Arthur W. Bates of Plainview and Jesse E. McLane of Abernathy.  
 Throughout Southwestern Public Service Company's 45,000 square mile service area, 245 employees with a combined service of 3525 years will be honored at service awards dinners this year.

## Young GOP's Hold Meeting

The weekly meeting of the Young Republicans was called to order Monday night by President Joe Cox. Business brought before the group was the discussion of going to Lubbock October 8 to hear Senator Barry Goldwater, Republican Nominee for President, speak in Municipal Auditorium. Tickets were given to those planning to attend.  
 Sharon Bingham introduced the guest speaker, G. C. Applewhite of Lockney, who is the Republican candidate for Floyd County Judge. He gave a talk on the voting right of our people now and in the past.  
 Refreshments were served to the following members: Randy Bertrand, Sharon Bingham, Jeanne Brewer, Beth Calahan, Cheryl Campbell, Joe Cox, Christine Cozby, Phil Green, Danny Medley, Lane Yandell, and Beth Word.

## Local Group To Attend National FFA Convention

So Future Farmers and vocational agriculture teachers from 28 FFA chapters in Area I will attend the National FFA Convention in Kansas City October 12-16. Group will leave Amarillo, via Santa Fe, Monday, October 12, 6:20 p.m., and return Saturday, October 17, 10:00 a.m. to Amarillo. R. T. Laurie, Vocational Agriculture teacher, Claude; Rodney Myrick, Vocational Agriculture Teacher, Hidalgo; and Jerry Jackson, Vocational Agriculture Teacher, Spearman, will be in charge of the Area I group.  
 The following are Area I Santa Fe Educational award winners: Kenneth Vickers, Area I FFA President, Idalou; Calvin Brints, State FFA President, Crosbyton; and Stanley Black Area I Star Chapter Farmer, Mueshoe.  
 The following Area I Future Farmers will receive the American Farmer Degree, which is the highest honor that can be conferred by the association: Richard Bowers, Pampa; Mark Harbin, Levant; Tommy Harrington, Idalou; Tommy Hlavaty, Clippel; rural high school, Lockney; Craig Edwards, Floydada; Betty; Craig's wife, who accompanied him on the trip. The American Farmer Degree was awarded on Wednesday afternoon, October 14, at the convention.  
 The official delegates from Floydada will be President Charles Overstreet and Vice President Ken Campbell.

## West Texas State Homecoming Set For October 17

Preparations for the 1964 Homecoming celebration at West Texas State University, set Oct. 17, are underway, with the schedule of events completed.  
 Thousands of former students are expected to join the WTSU student body for the celebration, which is traditionally highlighted by reunions, a parade, barbecue, and climaxed by a football game, which this year will match the Buffaloes and Memphis State University.  
 Events for exes open Oct. 16 with a dinner for Phoenix Club members at 7 p.m. in the East Dining Hall, and an all-alumni dance at 9 p.m. at the Amarillo Country Club.  
 Registration for former students opens at 9 a.m. Oct. 17, in the Student Union Building, and campus open house, teas, smokers, and reunions for organizations are slated from 10 a.m. until noon. Special class reunions for groups from 1937 through 1961 are slated from noon until 3:30 p.m., when the traditional Homecoming parade will be staged through Canyon. A barbecue, with Walter Jetton of Fort Worth catering, will start at the close of the parade.  
 The silver anniversary reunion for the class of 1939 will highlight class activities, and members of other classes which were on the campus as contemporaries. Other groups slated for reunions are students who attended WT from 1937 through 1941; 1947-1951, and 1957-1961.  
 A business meeting of the WT SU Ex-Students, Inc., at 2 p.m. Oct. 17, will mark the election of new officers and directors.

## Brother Of Mrs. Clyde Saul Dies

Services for Henry Luther Evans, 56, of Kress and brother of Mrs. Clyde Saul of Floydada, were held yesterday in the Kress Baptist Church. Evans died Monday morning in veterans hospital in Amarillo where he had been a patient for the past ten days.  
 Evans had been a resident of the Kress area since 1925. He was a farmer and a veteran of World War II.  
 Survivors include five brothers and five sisters.

## FLOYD DATA

Mr. and Mrs. Bill Morgan, Connie and Mark of Lubbock were guests of her sister, Mrs. S. D. Medley and family over the weekend.

# THE FLOYD COUNTY HESPERIAN

THURSDAY, OCT. 8, 1964 PAGE 1

FLOYD COUNTY HESPERIAN

## What Price Freedom?

in those dismal places who was near and dear to them.

A recent letter from Captain Gayno Wright Scott of Floydada, now stationed in Panama Canal Zone, reveals his feelings for a fallen hero in South Viet Nam. For three years this friend, Captain Byron C. Stone and Scott were buddies and classmates at Texas A&M, as the two young men prepared and planned for their future life. Both graduated from this college and both entered the Armed Services. Captain Stone volunteered to go to Viet Nam. As the following excerpts from his letters show, he again volunteered for an extension of 6 months service as an advisor to the South Viet Name Army. One would think he would have been eager to get away from that place, but Captain Stone was the type who pitched in and went that second mile when the going was tough. He never did a job by halves.

On August 17, Stone wrote again to his buddy:

"Things have been going well here for the last four months. I have been a battalion advisor about 75 kilometers south of Saigon and it's been interesting as you can imagine. Only two months more to go and I'm returning to the States! How happy I'll be at Ft. Bragg, with the 82nd. At last I'm going to get an Airborne tour."

Three days after these words were written, Captain Stone was killed by Viet Cong guerrillas in an ambush in South Viet Nam. He had served in that area for sixteen months. He was 27 years of age, unmarried, the only child of Mr. and Mrs. C. Warren Stone of 208 South Georgia St., Mobile, Alabama.

To the bereaved parents, it must seem like the end of the trail. How happy they must have felt on that graduation day in 1960 when their son marched with others down the aisle to claim his well-earned diploma. How well repaid they must have felt for the sacrifice they had made in order to fit him for useful and worthwhile living. How eagerly they must have marked the days off their calendar as they looked forward to the short time when their precious boy would be near them and they could see him again. But how empty now the days must be as they realize this fine, young life is ended.

Our hopes and prayers for the fathers and mothers of the many Byron Stones are that they may find comfort in the knowledge that their sons gave their all in loving, unselfish devotion and loyalty to their country and the cause of freedom. Truly they have died that others might live.

When we consider this terrible loss of the cream of our youth, we are wroth to throw up our hands and plead: "How long,

how long, Oh Lord, how long are these conditions to exist?" Perhaps when the politicians have exhausted their many fix-it ideas and their condemnations of each other; when the great scientific minds become more concerned over making this earth a decent place on which to live, rather than reaching for outer space; when the great thinkers give time and thought to creative and constructive living, rather than to implements of destruction; when those of us who call ourselves Christians can find something better to work for than programs and organizations for the church; when the Neros of the world get through fiddling; then with God's help we can devise a plan for peace whereby these young men can live out their God-intended lives.

Yes, there is a balm in Gilead, and it shall be given to those nations who accept the Commandments of Jesus as found in Matthew 22:37-39, namely, "Thou shalt love the Lord, thy God with all thy heart, with all thy soul, and with all thy mind . . . and thou shalt love thy neighbor as thyself."

Coffee perking and spring mornings and new automobiles all smell good.

Fairgoers will be able to sniff to their complete satisfaction more than 200 brand-new 1965 model automobiles at the 1964 State Fair of Texas October 10 through 25 in Dallas.

This \$5 million display is the first and most complete showing of the 1965 models, the first time that the 1965 editions are brought together for public exhibition under one roof.

Two features are too big to fit into the two-acre Automobile Building.

The Antique Auto Show will occupy its own colorful tent near the fairgrounds main pedestrian entrance. The huge Chevy Truck Show will present the new 1965 lines with a cast of professional entertainers on the Outdoor Exhibit Terrace.

The 48th Annual Southwestern Automotive Exposition this year had its beginning in 1916 in a combined buggy and horseless carriage show. In that year, the big show was seeing a vehicle in motion under its own power.

ADVERTISING AND PROMOTION PAMPHLETS are good sources of guides, labor-saving diagnosis of animal and plant health problems and provide many other tables, charts and quick-aids to make farming easier.

## NOTICE!

### COTTON GROWERS FOR COTTON DEFOLIATION CALL RICHARDS AERIAL SPRAY (2-WAY RADIO EQUIPPED)

FLOYDADA — YU 3-4014  
★ MUNCY ELEVATOR — OL 4-3100 (Lockney)  
★ SANDHILL — YU 3-3632

**SHED — A - LEAF OR ACID — \$2.40 PER ACRE**

"Chemical defoliation and desiccation of cotton aid in the control of cotton insects. These practices check the growth of the plants and accelerate the opening of mature bolls, reducing the damage and the late season build-up of boll weevils and pink bollworms which would otherwise remain to infest the next year's crop. They also prevent or reduce damage to open cotton by heavy infestations of aphids, the cotton leaf-miner, and whiteflies. Stalks should be destroyed and other cultural practices followed . . . after harvest in areas where regrowth is likely to occur before frost or spring plowing.

"Defoliation or desiccation permits earlier harvesting and better use of mechanical harvesters. This also permits earlier destruction of the stalks, an important aid in the control of the pink bollworm and the boll weevil. However, if losses in yield and quality are to be avoided, defoliation should not be applied until all bolls that are to be harvested are mature."

## Infestation Free Period Broken By Screwworm Case

A confirmed case of screwworms has been reported from Briscoe County. Officials of the Southwest Eradication Program say the case was found on a ranch 20 miles northeast of Silverton. This is the first reported case of screwworms since last fall on the High Plains.

The screwworm infestation was found in the eye of an animal. At the present time, Program officials say origin of the case is unknown. It was not known whether the case was in cattle brought from another area or in cattle which had been on the ranch for some time.

Action has already been taken to find out more about the case and to get control measures underway in the area where the case was found. Sterile screwworm flies will be dropped over the infested area within 24 to 48 hours.

Close checks on your livestock is vital at this time, says Dixon

Hubbard, Extension Livestock specialist, Lubbock. Keep stock under close surveillance and call county agent Richard E. Miller at once if an animal is found that is thought to be infested with screwworms. Miller can send some of the maggots to the Screwworm Eradication Center at Mission, Texas. If they are found to be screwworms, you will be quickly notified.

Don Rummel, Area Extension Entomologist says all producers should use an approved smear or repellent on all wounds or other cut areas on any livestock. This is doubly important at this time, since screwworms migrate fast during the damp, cooler weather experienced lately.

Any further information concerning the problem can be had from Miller's office.

## Brother-In-Law Of Local Woman Killed In Mishap

Bill Buchanan, 36 year old Farmer County farmer, and brother-in-law of Mrs. Floyd Boren of Floydada, was killed Saturday afternoon when a truck dump fell on him.

Buchanan lived 14 miles south-east of Friona where he was working on his grain truck when the raised bed fell.

Funeral rites were conducted Monday afternoon in the First Methodist Church in Friona.

Buchanan was a native of Farmer County and member of the Methodist Church, Friona Masonic Lodge, Oasis Shrine Club and a veteran of World War II.

Survivors include his wife, Jo, who is a sister to Mrs. Boren; two sons and a daughter all of the family home; and his parents.

Interment was in Friona Cemetery.

## Nino Completes Advanced Course For Cannoneers

FORT SILL, OKLA. (AHTN) — Pvt. Samuel Nino, 20, whose wife, Lupe, lives in Floydada, Tex., completed advanced training as a cannoneer at the Army Artillery and Missile Center, Fort Sill, Okla., Oct. 2.

Nino was trained as a member of artillery gun or howitzer crews.

He entered the Army in May, 1961 and received basic training at Fort Polk, La.

Nino, son of Mr. and Mrs. Santiago Nino, Route 4, was employed by the Davis Grain Elevators before entering the Army.

## Moss Named New Fieldman For Texas Farmers Union

The state office of Texas Farmers Union has announced the appointment of Kenneth Moss, a 38 year old farmer in the Hackmont community of Cottle County, fieldman for Texas Farmers Union in the Plains area of Texas.

## Lions Hear Program On "New Math"

At the regular noon luncheon last Thursday the Floydada Lions Club was privileged to hear Bob Allredge Floydada math teacher speak about the "new math" just started by the school system this year.

The math program is designed to make the understanding of mathematics much easier, and to give a much clearer understanding of the "whys" the older generations had in math.

According to Allredge, more new math discoveries have been made since 1900 than in all of history prior to that time. He said, "The stress on this new program is understanding. This way the pupils learn more REAL math."

Allredge gave a comparison of the old and new methods of teaching. "The old way, grades 1-5 learned whole numbers, only. Perhaps the fifth grade teacher got into fractions a little, but usually this didn't come until the sixth grade, and then these were studied through the eighth grade.

When a person reached high school, they started into integers, through Algebra, Trig, and Geometry.

"On the other hand, the new way gives the students a continuous growth into the higher mathematics while they are in grades 1-4. Even in the first grade children are given a taste of elementary equations."

Allredge closed with an illustration of how computers use a base of 2, rather than the "base 10" most people know, to give split second answers.

The Lions are in the midst of a membership drive which will continue through October. The club hopes to add ten new members during the month.

The annual Lions Carnival has been tentatively set for the third week in October.

Also Mr. and Mrs. Keith Thomas, Mr. and Mrs. E. L. Thomas, Mr. and Mrs. Milton Evans, Earl Evans, Mr. and Mrs. Albert Duncan, Mrs. F. A. Faulkenberry all of Floydada and Buddie Stae of Lockney.

KENNETH MOSS  
man "will contribute a great deal toward making our newly launched membership campaign on the Plains a success."

## Doughnuts To Be Sold By Student Council

The Floydada High School Student Council is having a doughnut sale Saturday, Oct. 10 at the High School cafeteria.

Members of the council will deliver your doughnuts to your home if you will contact them by calling at the high school. Delivery will be inside the city limits only.

Those living in rural areas wishing doughnuts from the student council may pick them up at the cafeteria after 7:30 a.m. The delicacies are selling at 75 cents per dozen.

All proceeds from the sale will go to the Foreign Exchange Student fund.

## Rites Held For Father Of Late Ralph Thayer

Ralph Thayer, 71, father of the late Ralph James Thayer of Floydada, died in a hospital in Carlsbad, N. Mex., on Tuesday of last week of a heart attack. Mr. Thayer had been in ill health for some time.

The funeral was held Thursday in the St. Edwards Catholic Church in Carlsbad.

Attending from Floydada were Mrs. Ralph J. Thayer, the deceased's daughter-in-law and his grandchildren, Veda and Carrie, and Mr. and Mrs. Fred Thayer of Lubbock.

Also Mr. and Mrs. Keith Thomas, Mr. and Mrs. E. L. Thomas, Mr. and Mrs. Milton Evans, Earl Evans, Mr. and Mrs. Albert Duncan, Mrs. F. A. Faulkenberry all of Floydada and Buddie Stae of Lockney.

Think First of The First

# Tulia Hornets Stun Floydada Whirlwinds, 31-0

## Penalties, Fumbles Riddle Local Club

by Gordon Hambricht

The Winds faced a rugged defense, which they were unable to break through. Fumbles and penalties riddled the team, as both sides tried to force the ball to a fumble. For the Floydada team, there was too much action from Miller, Tucker, and Northcutt.

The Whirlwinds won the toss of the coin and elected to receive, while the Hornets elected to defend the South goal.

Munday returned the kickoff to the twenty yard line. Finding little running room Perez moved the ball for only one yard. On next play, Watts made five yards around end. Teague's pass missed its mark. West punted for forty yards on fourth down. Tulia only picked up two yards before fumbling the ball. Potts recovered for the Whirlwinds. Sammy Watts then came through with a pickup of twenty four yards in two carries. Floydada then fumbled, with Brooks recovering for Tulia.

The Hornets took over on their nineteen and picked up eight yards on the first down. Tucker broke through for a seventy yard TD and also kicked the PAT.

Floydada was unable to make a first down, so on fourth down, the Winds kicked to the Hornets thirty six yard line. Tulia set up another TD with a Northcutt pass to Brooks going down to Floydada's twelve yard line. An off side penalty was walked off against Floydada. Miller then went on for the TD from six yards out. PAT was blocked.

Again Floydada had to punt on fourth down, but Tulia failed to find room to move the ball when the first quarter ended.

Floydada threw the Hornets for a three yard loss in three downs, forcing the Hornets to kick on fourth down. The Whirlwinds were thrown for a loss for a total of eleven yards. The locals then kicked on fourth down.

Tucker returned the punt back to Floydada's twenty seven yard line.

Tulia fumbled the pigskin and Marler recovered for the Winds. Perez picked up one yard, then Watts made a first down. After a seven yard loss, Floydada fumbled, but was able to recover it. On fourth down, West punted to Tulia's fifty eight yard line.

The Hornets were unable to make a first down, so kicked on fourth down back to Floydada's twenty yard line.

In two plays, Floydada picked up fifteen yards. On next play, a fifteen yard penalty was walked

for a seven yard loss, Tulia passed, which was short of the target. Northcutt passed to Childers for the TD, on a play that carried twenty five yards. PAT failed.

Tulia kicked off to Floydada on side kick, which Tim recovered on the forty one yard line of Floydada. Tulia again took to the ground; they picked up thirty yards in five carries. The Hornets fumbled after being hit hard.

Zeke Robertson came through to recover for the local varsity. Watts rolled through for a first down on an eleven yard gain. Teague passed to McNeill for a nineteen yard gain. Then Teague was thrown for a ten yard loss. Watts again rolled through the Hornets for the best gain of the night for the Winds, a thirty five yard scamper. Then the Winds came up with another fumble, which Raby recovered for the Hornets. Northcutt was thrown for a four yard loss when the siren sounded the elapsed time of the gridiron clash. The scoreboard showed Tulia 31, and the Whirlwinds 0.

Penalties	7	4
Yards Penalized	55	30

The Winds lost the ball on a fumble back to the Tulia Hornets. Floydada's defense held the Hornets on three attempts through the line, so the visitors had to kick on fourth down.

Floydada took the ball over at the twenty five yard line. Nine yards were picked up by the capable running of Watts, and Teague took it over for a first down on a quarterback keeper, which went for two yards. Watts picked up one yard before Childers dived him. Teague then attempted two passes, both fell short for incomplete passes. West punted on fourth down, a thirty two yard punt. No run back.

On first play, Tulia's Miller slipped through the Winds for a sixty seven yard run. Watts caught him on the two yard line, then Miller carried it in for two yards for another TD, PAT failed.

McNeill returned the Hornets' kickoff to the thirty seven yard line. Three downs later, Floydada found themselves a minus seven yards, again West had to punt out, getting a twenty one yard punt.

The Hornets took over on their own forty nine. They made thirty yards on the ground and twenty yards on a pass to find themselves on the one yard line where Tulia fumbled and the Winds recovered it on the one foot line.

The Winds brought it out to the eight yard line, only to punt out on a fourth down. A bad punt went out of bounds on the eighth yard line.

Lutrick drove Northcutt back

THREE GOOD REASONS — The three Whirlwinds are three of several reasons why the Whirlwinds are going to be hard to stop in their bid for the district crown this year. The running of Sammy Watts has made him one of the top scoring backs in class AA on the South Plains. The defensive work of Ronnie Eubanks in the Childress and Tulia games makes him a plague to opposing teams. The fine punting of Waldo West has brought the Winds out of many a tight spot during the past two weeks.

PAGE 2 THURSDAY, OCT. 8, 1964 FLOYD COUNTY HESPERIAN

## SPORTS

hasn't caused the loss of some player the following week.

The Winds have nothing to keep them down now, all they have to do for the next two weeks is recover from old injuries and not nurse any new ones.

By the way, Mac Willson is to be operated on this morning at Methodist Hospital in Lubbock. The doctors are to remove part of the cartilage that was torn loose during the Canyon game. It is doubtful that Mac will be able to join the Whirlwinds for the remainder of the football season.

However, Clinton Fauver and Gary Thompson are back on the squad. Thompson, a 200 pound tackle, was injured before the Post game and has not seen action this year. Fauver, who is recovering from a cracked leg, was injured Tuesday before the Ralls game, but played in that contest anyway. He found out in the next few days that his leg was broken.

Last week we talked about the 49th minute that wins and loses so many ball games. This week let's go back and talk about the first few minutes of the ball game and see what happened to change the entire outcome of the game.

After suffering a 48-8 defeat at the hands of Tulia last year, of course the locals were very nervous. For Tulia is a AAA team this year. The Whirlwinds were, perhaps, too ready, making them very tight.

When Floydada received the kick-off and settled down to play the game their offensive effort was stopped causing the locals to punt, which usually happens on the first series of downs or two.

The defense was looking very sharp a lot earlier in the game than they usually do, and as a result returned Tulia's loss from the ball. The Winds then recovered the fumble deep in Hornet territory. A couple of plays and a penalty against the Winds later found them with a third down on the twenty. It was then that Watts blasted through the Hornet defense, behind good blocking and was brought down by the last Tulia defender on the 11-yard

## Whirlwinds Still Lead In District

Although Floydada suffered a 31-0 defeat at the hands of Tulia Friday night, the shutout victory over a Floydada team since Spur beat the locals 8-0 in 1958, the mighty Whirlwinds' grip did not slip in the Class 3AA standings.

Floydada now has four victories and one defeat. Lockney, Otton and Abernathy were idle last Friday night so those teams did not get a chance to climb the ladder, nor slide back for that matter.

Friera won over class A Sedan for victory Number 3, but they

## 7th Loses To, 8th Defeats Tulia Here

In two games played here last Thursday night at Wester Field the Seventh Grade team lost to the visiting Tulia team 22-0 and the Eighth grade team defeated their opponents by a score of 12-8.

In the first game, the locals were definitely outclassed, but finally got organized in the second half and played a good ball game. When the game ended Floydada had the ball on the three-yard line.

It was interesting to note in this particular game that the score at the half was 22-0. During the entire second half, the locals contained the visitors and played a good ball game.

In the Eighth Grade game, the two teams fought an even terms throughout the entire game, with the locals finally gaining the advantage on a 25-yard scamper by Quarterback Connie Bearden. Tim Rose scored the other touchdown for the locals.

The next game played by the two teams will be next Tuesday when they travel to Otton to test another team in the same conference.

Sweetwater will make Snyder bitter; Farwell will make no friends when they down French; Denver City will blast Muleshoe; Matador will walk over Chillicothe; Jayton will gobble Turkey; and Roswell will drop Clovis on the New Mexico Scene.

In the college ranks: Texas will blast Oklahoma (this is our feature game this week); ENMU at Portales will overcome Silver City's New Mexico Western team; North Texas will drop West Texas; Rice will win at Stanford; Southern Cal will blast the Aggies; Tech will get victory number three by downing TCU; LSU will overcome North Carolina; and Air Force will beat Notre Dame.

See you again here next week, and good luck.

On the high school scene this week this is how the games should go: Lockney will slap Slaton; Morton will drop Abernathy; Loreto will roll over the Crosbyton Chiefs in a conference battle; Canyon Eagles will stampede the Otton Mustangs (Wendell Tooley picks Otton to take this contest); Happy will drop Lazbuddie; Tulia will show Tucumcari how Texas plays football; Petersburg will smash Spur, in spite of Spur's surprise victory over Idalon; Lamesa will beat Levelland; Friera will pluck the Hale Center Owls who have given district 3AA teams so much misery (lost to Lockney one point, beat Otton one point); Ralls will defeat Roosevelt;

The fans at the game, and particularly those that take an interest in the boys, should note that the Whirlwinds saw the game of the Tulia-Floydada clash on film Monday afternoon, and graded their own efforts. Grades as low as 4% percent were given by the boys. No doubt they made mistakes, but they are aware of them now, and they should be corrected before district play begins against Abernathy Friday week.

The difference in a "good ball club" and one that is only "fair" shows up when that team suffers a defeat. Can they shake it off and come back?

There is still no doubt in this

## HESPERIAN FOOTBALL CONTEST

### AND QUARTERBACK FORECAST

**\$15** IN CASH PRIZES EACH WEEK!

DEADLINE FOR ENTRIES — 5 P.M. FRIDAY IN HESPERIAN OFFICE OR POST MARKED

**TIE BREAKER - Guess Total Points**

Texas - Oklahoma Game

TOTAL SCORE:

---

#### CONTEST RULES

Anyone can enter except the employees of the Hesperian. Three Cash Prizes are given each week: ties will split prize money. Members of the editorial department are sole judges of the contest and their decision is final.

It is not necessary to indicate scores on all the games, but score must be indicated on the "Tie Breaker" game at right.

Simply circle the team you choose to win in each of the footballs. Deadline for submitting entries is 5 p.m., Friday — winners will be announced the following week.

Enter as many times as you wish, print name and address plainly at top of the page you turn in and mail to this newspaper.

1st PRIZE \$7.50    2nd PRIZE \$5.00    3rd PRIZE \$2.50

### Rites Conducted For Mrs. Mitchell

Mrs. Onie G. Mitchell, 77, resident of Floydada for the past 23 years, died Monday morning at 4:30 in Crosbyton Hospital. Mrs. Mitchell had been in failing health for a number of months and had been in the hospital for the past 30 days.

Funeral rites were conducted Tuesday afternoon in the First Baptist Church in Floydada with the pastor, Rev. Floyd C. Bradley officiating.

Mrs. Mitchell was born in Denton County, Tex., on April 20, 1887. Her husband preceded her in death in 1937 at Ralls. She and her daughter, Frances, moved to Floydada in 1941 and continued making their home here since.

Mrs. Mitchell's father, Francis Marion Crowley, moved to the Old Emma community near Crosbyton in 1912.

The deceased was a member of the Baptist Church.

Survivors include the daughter, Frances, who teaches at Andrews Ward School; one son, Chuck Mitchell of Plainview; three grandchildren; one brother Oscar Crowley of Houston and one sister, Mrs. Josie McSpadden of Marfa.

Interment was in Ralls Cemetery under the direction of Moore Funeral Home.

### To Fight Communism?

The last five years we have read a terrific amount of material as to how to best fight the growth of Communism.

attended freedom forums and heard about Communist's plan to have the U. S. under their control by 1967. We have heard the right wing's philosophy of stronger military defense against Communism. We have heard of John Birch meetings and visits to combat Communism. We hear of a socialistic trend will soon jump over into control for our country.

look at all these measures of control for Communism we can see some good in all of them. We firmly believe that the greatest bulwark against Communism always has been and always will be the church. We believe that our churches with their based on belief of Jesus Christ . . . love for fellow man . . . are the answer to the threat of Communism.

No doubt in our minds that moral decay and Christian idealism rather than realism in our country is more vulnerable to the Communistic attack. When this nation becomes really Christian, we will see that we have something that is better than other countries see our race riots, our wars, and we'll have something to offer.

As other countries see our race riots, our wars, and we'll have something to offer.

As other countries see our race riots, our wars, and we'll have something to offer.

As other countries see our race riots, our wars, and we'll have something to offer.

As other countries see our race riots, our wars, and we'll have something to offer.

## GUEST EDITORIAL

### Teen Drinking In The Home

The country is abuzz over the teen drinking in the home.

A circuit court judge has ordered the arrest of 14 adults in the Connecticut suburb for serving liquor to teenagers at two house parties.

The judge had presided at the trial of a teen-age boy for reckless driving. A 17-year-old girl companion was killed when his car struck a tree. Both had attended the two parties.

The judge dug up an old law that forbids adults to serve alcohol to minors.

Some of the most prominent business people in Darien were among those arrested.

Said the judge: "The guilt of needless loss of life in every living room in this community."

A flood of criticism welled up out of suburban America. Those protesting the judge's action charged:

That a man's home is his castle.

That young people of today feel insecure, and a little alcohol gives them confidence.

That it is wise to teach young people to handle alcohol properly, because they must live with it

in the world.

That young people feel left out and shunned if they do not participate in "nice" parties at which alcohol is served.

Frank Blair, the NBC newsman, talked about the case on the radio a couple of days ago. He represents what we feel is the vast majority of Americans.

A young person does not draw strength from running with the pack and doing what everybody else does. Mr. Blair said. Strength comes from daring to be different.

Mr. Blair said that he has a 17-year-old daughter who is popular with her crowd.

She has never been served alcohol in her home, nor is she permitted to attend parties where alcohol is served.

She has not felt left out, nor does she question her parents' stand. Why?

"Because," explained Mr. Blair, "she has been taught a very simple fact.

"It is that some things are wrong."

(Wes Izzard in the Amarillo Daily News)

### BECOMING INVOLVED

A story that has made the rounds of many papers concerns the hordes of people back East who walked past a man in distress because they didn't want to become involved.

And a tale also making the rounds concerns the jury which didn't bring in a verdict because it too didn't want to become involved.

Whether a true story, as in the first case, or a mere tale, these stories are typical of a large segment of our population.

There are literally hundreds of Americans who are afraid of anything controversial. By refusing to take a stand on any issue, they imagine two things. First, they'll have all friends and no enemies because nobody will know how they really stand on an issue.

And secondly, they can isolate themselves from society and always be in a position to criticize either party, either church, either side of any issue.

In a sense, this is a comfortable position. If the Democrats make a grave blunder, they can remind everyone that they didn't vote for the Democrats, they had no part in anybody's election.

And if the Republicans make a grave blunder, again they can talk about the blunder that "they" made . . . never "we". By assuming that all people are dishonest, they can't help but be right a part of the time.

The only trouble with this "comfortable" position is that those occupying it are riders, never those who help carry the load. They are like the high school boy who refuses to come out for football, but he is always available to point out the faulty plays of the team and the inferior ability of the coaches.

The position of the critic should be limited to those who have already proved their superiority.

The country is full of persons who won't soil their hands with "politics." They are worth nothing to either party or to society. They sit on the sidelines, looking for faults in both parties. They are ever ready to pounce upon anybody in public office who appears to have voted wrong.

They are first in line to kick anybody when he is down. There is no possible way for them ever to be embarrassed by an official or a party because they never

## One Price Marketing System Essential To Cotton Future

LUBBOCK, TEXAS — The continuation of a strong cotton economy and increased consumption of raw cotton by the textile industry depend directly upon a permanent one-price marketing system for cotton, members of the Plains Cotton Growers were told here recently.

F. S. Love of Charlotte, N. C., secretary-treasurer of American Textile Manufacturers Institute, central trade association for the U. S. textile industry, said the one-price system is necessary because "cotton needs and must desperately cling to price competitiveness and price stability." His comments were included in an address prepared for delivery at the annual meeting of the Plains Cotton Growers.

He also said, "If this story of a revitalized cotton economy can be attributed to the new cotton program, then it must follow as the night the day that this improved situation will not long remain unless the program is continued. The present law expires June 23, 1966, unless Congress takes earlier action."

"We have no way of knowing what Congress will do in the interim period, but we can say without much hesitation and without much fear of contradiction that if cotton goes back to the old two-price system, the textile mills will desert it in large numbers."

Mr. Love said the present cotton program, approved last April by Congress, had put new life in the cotton industry. He pointed out that cotton consumption by textile mills in August was more than 2,000 bales a day over consumption during August 1963. In addition, he said current Department of Agriculture predictions are for consumption during 1964-1965 cotton year to be more than a million bales higher than during the 1963-1964 year.

"It is too soon to make long-range claims for the new program, and we are aware that there are negative factors, including cotton stocks that are too high, but the textile industry sees

### Floyd County 25 Years Ago

(October 5, 1939 in Floyd County)

County Assessor and Collector Frank L. Moore this weekend is recovering from injuries sustained Thursday night of last week in a highway mishap. Moore suffered numerous cuts and bruises when his car left the highway and fell into a ravine one mile north of Matorado.

Kenneth Baird Bishop, hit with infantile paralysis some 20 days which left him with both right and left arms more or less affected, was brought home last weekend and is cheerfully beginning his fight to regain the use of the affected limbs, his father, Baird Bishop said this week.

Sugar beets from Lockney will be represented in the Floyd County Agriculture Chemurgic exhibit at the Texas State Fair in Dallas.

Funeral rites will be conducted today for Mrs. Ella Davis Mitchell in the Wall Street Church of Christ. Mrs. Mitchell has lived in Floyd County since 1900.

W. F. Daniel was given treatment at the hospital this week for bruises on his head and shoulders Monday when a combine platform fell on him.

Flomot fell 39-0 before the Floydada Whirlwinds Friday night, a team that has splattered them twice before. The Winds will play Rails next Friday night. The Rails Rabbits have lost their first four games this season.

### SANTA FE NEWS

Total carloads moved over Santa Fe System Lines for the week ending Sept. 26, 1964, were 32,916 compared with 34,928 for the same week a year ago. On-line loadings were 20,677

## GUEST EDITORIAL

### "I've Looked Everywhere . . ."

"I'VE LOOKED everywhere and here I find just what I want at your store." Imagine, if you can, the feelings of a local store owner when some thoughtless hometown person makes that remark. It has been made to local store owners over and over again by people who feel such little loyalty to their home town that they shop in stores all over the area before coming back to their home store to buy what they need and want at a price that is as low or lower than can be found anywhere. If the store owner did what he felt like doing, after hearing such an asinine remark, he probably would not have the customer long, but he grins and shows courtesy and appreciation and thus hopes that the person will sometime think

identified themselves with anybody or anything.

These people are easily identified. They are those who like to comment that "both candidates are crooks . . . I wouldn't vote for either."

They laugh and say, "It doesn't make any difference which party wins . . . they are both crooked anyway . . . regardless of who wins, things will continue to go on just as they have."

This is an easy position. It makes it unnecessary to lay aside the sports page or turn off television long enough to study the issues, to find out what the facts are, to tax one's mind with something heavier than who won today's baseball game.

A woman once told us, while discussing candidates who knocked at her door, "I always tell the whole bunch that 'I am supporting them . . . that way I don't have to make anybody mad.'"

It would be interesting to know the number of people who adhere to this philosophy.

## Philosopher Wants Viet Nam Problem Left To Farmers, Farm Problem Left To Viet Nam

Editor's note: The Floyd Philosopher on his Johnson grass farm discusses without settling the Viet Nam problem this week. Dear editor:

I guess you've noticed that Viet Nam has crowded out the farm problem as an issue in the Presidential race and I think I know the reason why.

Nobody knows the answer to either problem but Viet Nam is a lot further away and if nobody has the answer to a bunch of problems, the one furthest away is the one to pick.

Speaking of the farm problem I read the other day that a political speaker campaigning for

one of the main candidates said his man didn't have the answer to the farm problem but if elected he would appoint a committee of leading farmers to sit down and figure out a workable program.

I don't believe the candidate knew this man was going to say that.

In the first place, if any farmers, leading ones or not, knew what kind of a program would work they'd have suggested it long ago. The last thing a farmer would want to do is offer a solution to the farm problem himself. It's one thing to wake up every morning mad at Washington, and another thing to wake up mad at yourself.

Why do you think the Secretary of Agriculture is always somebody who's not a farmer? You're not going to get a farmer to go in there and hunt for an answer in Washington when he couldn't find one on his farm.

You take me. I don't know what the answer to Viet Nam is, but I'd rather try to tell you than to tell you what the answer is to the farm problem. It's true, I don't know what's going on in Viet Nam, but what makes you think I know what's going on on this Johnson grass farm? Things are a lot more comfortable when you leave the Viet Nam problem to the farmers and the farm problem to Viet Nam. Yours faithfully, J. A.

### Veterans Ask

Q—What evidence of payment of just debts or expenses of last illness and burial should the widow send VA?

A—The widow's certified statement showing the nature, amount, date and person or firm to whom such payments were made will be accepted as evidence of payment unless records later received raise doubt as to the validity of her statement.

Q—I am a peacetime veteran with service-connected injuries from an auto accident. I have loss of use of my left limb. Am I eligible for the VA allowance of \$1,630 toward the purchase of an automobile?

A—No. This benefit is provided for wartime veterans of World War II and the Korean Conflict periods.

Q—My Government Life Insurance policy has a loan value. How much can I borrow? Would it be to my advantage to surrender the policy for a greater amount of money than the loan value?

A—You may borrow 94 percent of the cash reserve of your policy. This is indicated in the table in the policy. Once your Government Life Insurance policy has been cash surrendered, there is no more insurance of this type available to you.

compared with 23,492 for the corresponding week last year. Cars received from connections totaled 12,239 compared with 11,436 for the same week a year ago.

Santa Fe handled a total of 32,520 carloads in the preceding week of this year.

The Board of Directors of the Santa Fe Railway has today declared a quarterly dividend of forty cents (.40) per share, being Dividend No. 218 on the common capital stock of the company payable December 7, 1964, to stockholders of record at close of business October 30, 1964.

Lockney Beacon

### Tax Man Sam Sez:

Last year some 100,000 students in the Dallas Internal Revenue Service District learned how to prepare a simple income tax return through the free Internal Revenue Service "Teaching Taxes" course. Teachers in our local schools are in the process of sending in their orders for this material at the present time. It might be smart for some of us tax-ignorant adults to sneak in the back door and listen. Students who have had the Teaching Taxes course make only 1/4 as many errors as their parents. It seems that we need a little additional education.

## Here's why it's smart business to harvest your cotton with a HESSTON V-22

### PROFITS INCREASE WITH THIS BRUSH HARVESTER (some call it a flexible roll stripper)

Whether you call it a brush harvester as Hesston does . . . or a flexible roll stripper, as some others do . . . the Hesston V-22 Cotton Harvester with its unique brushing action gets more cotton and cleaner cotton than the best solid roll stripper available. Hesston works in cotton making up to three bales; it will strip shoulder-high, irrigated cotton, and it has proven its efficiency in open and storm-proof varieties, rank stalks, and bumble-bee cotton. The reason is Hesston brush action. The two-row V-22 has rotating nylon

brushes with alternating rubber paddles. It is available in either the trailer model or new 1,000-lb. capacity basket model with exclusive front dumping . . . hydraulically. The vertical air stream elevator has green boll separating efficiency up to 97%. Not only is the V-22 profitable, but it is a trouble-free machine to own. It is available for a variety of tractors. Compare the V-22 with any other. You'll see the difference in the field; you'll receive the difference at the gin.

AVAILABLE FOR IMMEDIATE INSTALLATION AT YOUR HESSTON DEALER

## Year's most talked-about new cars

### '65 Chevrolet Impala

It's '65's biggest, most beautiful change. There's striking new styling. New length, width and lowness. A roomier new Body by Fisher housing an interior that's a knockout. And a more serene Jet-smooth ride with a new Full Coil suspension system. Fact is, if you overlook just one thing you can easily convince yourself you're onto a big expensive car here. And that thing is its Chevrolet price.

### '65 Corvair Corsa

There's never been anything like it from either side of the Atlantic. There's new thin-line hardtop styling for all enclosed models. More length and width, more entrance and shoulder room in all models. And a higher powered range of engines—with up to 180 hp available in the top-of-the-line Corsas. How sporty can a car get? Your dealer's got the Corvair that'll show you.

See 5 beautiful shapes for '65—Chevrolet, Corvair, Chevy II, Corvair & Corvair—at your dealer's

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Zechariah	8	14-23
Monday	Luke	8	4-15
Tuesday	Acts	10	34-48
Wednesday	Romans	13	8-14
Thursday	I Corinthians	3	1-9
Friday	I Corinthians	11	17-22
Saturday	I Corinthians	11	23-32

## GROWING TOGETHER

"God's garden" . . . those were St. Paul's words to describe the early Christian fellowship. From its mighty seed of revealed truth, the Church has grown and flourished . . . spreading into many lands, developing in many ways, but always linked by oneness in Christ.

World-wide Communion Sunday is a day of spiritual renewal for Christians of every creed. It is a time to remember our brothers in all lands, and to pray that our differences may be transcended by the power of the Holy Spirit working among us. It is a call to greater effort, greater personal participation, so that by our example all men may be led to know Jesus as their Saviour.

The Church needs the support of every Christian on this meaningful occasion. Decide now that you and your family will be present at the Lord's Table.

### Local Residents To Attend McMurry Willson Lectures

Mr. and Mrs. J. M. Willson and Rev. Charles Luttrick will attend, at least parts of, the Willson Lectures that begin Monday, October 12 at 7 p.m. on the McMurry campus in Abilene.

All lectures will be given by Dr. Edwin P. Boothe, from the Boston School of Theology.

The seminar panels, held during the lectures, will be led by attending pastors and members of the McMurry Religion faculty.

The schedule of events is as follows:

Monday, October 21, 7 p.m.—Dinner, honoring Bishop of Northwest Texas Conference and his wife, Bishop and Mrs. O. Eugene Slater.

Tuesday, October 13, 9 a.m.—“Augustine of Thagaste” with Dr. Edwin P. Boothe speaking; 2 p.m., Seminar Panel on Honest To God, Questioning traditional formulations of Christian doctrines; 7:30 p.m., “Francis of

Assisi”, with Dr. Boothe. Wednesday, October 14, 9:30 a.m., “John Wesley”, Dr. Boothe, 2 p.m. Seminar Panel on “For Christ’s Sake”, affirming traditional formulations of Christian doctrines; 7:30 p.m., “Albert Sweitzer”, Dr. Boothe. Thursday, October 15, 9:30 a.m., “Jesus”, Dr. Boothe.

### Lagrone Rites Today At Vega

David A. LaGrone, 62 year old former resident of Floydada and father of Mrs. Ray Gene Carthel of Dougherty, died Monday in Northwest Texas Hospital in Amarillo.

LaGrone made his home in Vega where he was a carpenter and farmer. He moved there in 1956 from Floydada.

The deceased was a member of the First Baptist Church in Vega where funeral rites are to be conducted this afternoon (Thursday) at 2 p.m.

Survivors include his wife, Fannie; three sons, David Andrew LaGrone of Amarillo, Wayne of Vega and Lewis of Texarkana, Tex.; two daughters, Mrs. Carthel of Dougherty and Mrs. Alma Stone of Lewisville, North Carolina and ten grandchildren.

A slightly-snug shirt collar can be eased a bit if the collar band is stretched while being damp ironed. Extension clothing specialists at Texas A&M University remind.

### LEGAL NOTICES

#### STATEMENT OF OWNERSHIP, MANAGEMENT AND CIRCULATION

(Act of October 23, 1962: Section 4369, Title 39, United States Code)  
Date of Filing — October 1.  
Title of Publication — Floyd County Hesperian.  
Frequency of Issue — Weekly.  
Location of Known Office of Publication (Street, city, county, state, zip code)—212 South Main, Floydada, Texas, 79235.  
Location of the headquarters or General Business offices of the publishers — Same.

Publisher — Wendell Tooley.  
Editor — Wendell Tooley.  
Managing Editor—Jedd Blessing.

OWNER (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding 1 percent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a partnership of other unincorporated firms, its name and address, as well as that of each individual must be given.) — None.

KNOWN BONDHOLDERS, MORTGAGEES, AND OTHER SECURITY HOLDERS OWNING OR HOLDING 1 PERCENT OR MORE OF TOTAL AMOUNT OF BONDS, MORTGAGES OR OTHER SECURITIES (If there are none, so state) — Homer Steen, Floydada, Texas.

Paragraphs 7 and 8 include, in cases where the stockholder or security appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, also the statements in the two paragraphs show the affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner. Names and addresses of individuals who are stockholders of a corporation which itself is a stockholder or holder of bonds, mortgages or other securities of the publishing corporation have been included in paragraphs 7 and 8 when the interests of such individuals are equivalent to 1 per cent or more of the total amount of the stock or securities of the publishing corporation.

THIS ITEM MUST BE COMPLETED FOR ALL PUBLICATIONS EXCEPT THOSE WHICH DO NOT CARRY ADVERTISING OTHER THAN THE PUBLISHER'S OWN AND WHICH ARE NAMED IN SECTIONS 132.231, 132.232, AND 132.233, POSTAL MANUAL (Sections 4355a, 4355b, and 4356 of Title 39, United States Code)

TOTAL OF COPIES PRINTED (Net Press Run) 2600. Single issue nearest to filing date, October 1, 1964.

I certify that the statements made by me above are correct and complete — W. M. Tooley

### Farm Bureau Facts & Faces

SUCCESS IS the word concerning the policy development questionnaires sent out to the membership. Over twenty-five percent of the questionnaires have been returned, most of them with personal comments added. More were expected to come in since this report was made Thursday, October 1, at the regular board meeting. A fifteen per cent return is considered successful in this type of program. Robert Lee Smith, Hollis McLain, and J. R. Turner met with the board to submit this good report.

SATURDAY EVENING, October 10, is the annual Floyd County Farm Bureau Convention. A barbecue for all members and their families will begin at 6:30 p.m. in the American Legion Hall at Lockney. Charlie Huff, Legislative Director for the Texas Farm Bureau in Austin, will be the guest speaker. Also on the agenda will be election of new directors and adoption of resolutions for the coming year.

THE THIRTY-FIRST annual meeting of the Texas Farm Bureau will be held in Houston, Texas on November 9-10-11, 1964. The Rice Hotel will be convention headquarters. Registration for the annual meeting will begin at 2:00 p.m. on Sunday, November 8, in the lobby of the Rice Hotel.

POLITICALLY SPEAKING — “In attending Farm Bureau meetings, we occasionally hear the following statements: (1) ‘We are beginning to look like a Republican outfit.’ (2) ‘Take all you can get regardless.’ (3) ‘The rest of the economy is subsidized, why pick on the farmers to start cutting?’ (4) ‘You are going to lose some Democratic members if you continue along your present lines.’

The organization can never become a Republican nor a Democratic organization nor any other kind of an outfit. This organization is a farm organization owned and controlled by its members. The predominant party will be reflected by the individuals in the party of their choice. For example, in some areas the Republican Party is the dominant party, and in some areas, the Democratic Party is the dominant party. The fact that Farm Bureau's Policy may agree with more of a party's particular program does not brand the organization as the party's political machine. Stated another way, the organization will not endorse any candidate or party, therefore, it cannot be a Republican or a Democratic outfit. The organization must be prepared to work with both parties. Farm Bureau does present the facts and information regarding the issues and candidates.

Each individual Farm Bureau member is obligated to himself, his community and his country to study these various voting records along with the issues and work for the candidate of his or her choice.” — FACTS FOR YOU, Research & Education, Texas F. B.

### Victory Baptist Announces Revival Meeting

The Floydada Victory Baptist Church has announced a revival meeting October 12-18 and invites every one to attend.

Services will be held each night at 7:30 during the revival.

A very outstanding speaker, The Rev. Clyde Darr, pastor of the Calvary Baptist Church in Wichita Falls will conduct the revival.

The song service will be led by Bill Gilbert.
