Cap Carthel and the city officer at Lockney were enroute to Floydada with a prisoner at the time of the local burglary and they assisted in the capture. Officers said it took some two and a half hours to get throughthe ceiling of the store and to locate where the youth was hiding in the dark attic.

HOW DOES LIFE GET SO

Interesting thing about a rope—it rarely becomes tangled when it's serving some useful purpose. It stretches firm and taut...reaching...holding.

But lay the rope aside . . . waiting without a purpose . . . and it becomes so tangled you can't even find the ends.

Life is like that! For some folks it seems an impossible tangle of conflicts, worries and disappointments. They haven't discovered how to devote their strand of years to a vital, constant purpose.

But for others life stretches firm and taut from birth to Eternity. The tangles disappear as men reach across time to hold certain the truths by which God would have us live.

have us live.

Life without tangles . . . life with purpose . . . discover it in Church next

THE CHURCH FOR ALL ...

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
