Garry and I won first prize last Saturday! It was the young people's Olde Tyme costume party at the church, and we had a wonderful time.

I go to almost everything the club puts on, and of course there are lots of activities besides parties and dances. We visit hospitals, we collect and repair toys for underprivileged children, and we help with various church events. We have regular religious discussion groups that often get me so interested I continue the discussion around the family dinner table all week long! Mom and Dad don't mind, though. They think it's good for me to be mixing with other young Christians, and they never worry when I'm over at the club.

Your own church offers many enjoyable and worthwhile activities for Christians of every age. Why not join? You'll be warmly welcomed.

The members of the Board of Trustees of the Floydada Independent School District are men of character, courage and ability, and because of that, they were elected by the people of this District to manage and supervise the business of our public schools. This is a task that carries a TRE-MENDOUS RESPONSIBILITY, with LITTLE THANKS and NO PAY'.

These men are all heads of families, and have, or very recently have had children of their own in our public schools, and for that reason the problems of our schools, and the welfare of our children is a matter very close to their hearts. They have spent many long intensive hours of study trying to work out a solution to the crucial problems of our schools, and their actions have not been based on "snap" decisions, half-facts or misguided information.

You will find these men numbered among the members of every worthwhile organization in our town and community, most of them are officers in such organizations - all working together to help make our town and community one of the best in Texas. They contribute to every worthy cause; are honest in their business dealings, individually as well as a group, and all of them shoulder their responsibility as gentlemen, in every undertaking which provides citizenship and good will. Their task has been tremendous.

They deserve our thanks and support. Let's give it to them.

# Genuine SEQUOIL®Tubeline makes WESTERN PUMPS last 3 times longer!

If you are in the market for a pump, be sure to get a California Western with genuine Sequoil Tubeline.

Look for the Sequoil name on every length of Tubeline! Don't be satisfied with imitations!

Pumps installed 40 years ago are still operating with original tube and shaft because Sequoil Tubeline reduces critical shaft wear.

Western's famous Tubeline was developed to reduce shaft wear which occurs when bronze bearings are used. Because Western has found the way of reducing shaft

wear, Western can rightfully make the claim: Sequoil Tubeline Makes Western Pumps Last Three Times Longer."

Be sure the Tubeline you get is genuine Sequoil Tubeline. See your California Western Pump Company Dealer Today

#### Whirlettes

The Whirlettes made their seaon 2-1 by dropping Shallowater 54-43 last Friday night.

The two teams fought on even round for the first quarter but the locals pulled ahead by halftime and kept increasing that lead until the end of the game. At the end of the first quarter the score stood 7-7, but at halftime the locals had pulled ahead 28-20. The fine defense held the Shallowater team to only five points during the third quarter while the forwards added eleven. During the fourth quarter the Whirlettes added 15 and allowed
