Hurt Struck Vehicle

A five year old son of Mrs. Billy Marquis, extensive care ward of Methodist Hospital, was struck by a car Monday. The family said the car was holding his right arm, broke a bone fracture, cut over the eye and the head. The accident the young boy to Peoples Hospital ambulance then taking to hospital.

Hole-In-One Becoming Holmes Habit

Sinking a hole-in-one while playing golf usually happens to a person perhaps once in a lifetime, but for Riley Holmes it is fast becoming a habit. Early this week, while playing at the Floydada Country Club, Holmes made his second hole-in-one of this year on the course. It also happened on the Number 2 Hole, the same one Holmes sank the ball into last summer on a similar shot.

E. I. Durham Dies Wednesday

E. I. Durham, a longtime resident of Floyd County, passed away Wednesday afternoon around 3 p.m. He was born in 1914 in Quanah, married to Louise Ford in 1924. He is survived by his wife, four children: Billie Louise Birdwell of Dumas, Betty Jean Lee of Charleston, S. C., Carolyn Sue Erwin of Lubbock and Bob Durham of Cedar Hill, and several grandchildren.

Floyd County Joins Area In Approving Cotton Quotas

News Director Named At KFLD Radio

A new news director was recently named by KFLD, the Floydada Radio Station. It was announced by Alma Holmes, owner-manager of the station. He is Wayne Sell, a native of Idalou and former El Paso disc jockey. Sell has been with the station about three weeks.

77% Of Local Farmers Favor Proposed Law

The Floyd County Cotton Growers went to the polls last Tuesday and joined the 23-county South Plains area in approving the proposed cotton quotas for the 1965 crop. However, the local farmers were not nearly so enthusiastic about the referendum, in turnout or in approval as were most of the other area counties.

Curry Motor Freight Buys ICX Firm

Curry Motor Freight Lines, a Texas corporation with general offices in Amarillo is owned and operated by R. C. Art Jordan and two other stockholders, W. B. Pearce and Fred R. Hall. All three are originally from Plainview. Jordan, President and General Manager has lived in Amarillo since 1953 and has among other civic interest, served as President of the West Texas Chamber of Commerce (1959-60) with its offices in Abilene and has served as Mayor of Amarillo 1953-1957. He is now and has been active in the management of the corporation. (See CERRY, Page 2)

Doug Emert Accidentally Killed In Vietnam

Word was received here this week of the accidental death of Douglas Emert, son of Mr. and Mrs. Tom Emert of Deer Park, former residents of Dougherty and Floydada. The Emerts received a telegram Sunday, December 13, stating their son was missing at Viet Nam where he is stationed with the Army and had been since December 5th. Later word received by the family reported the death was accidental. Douglas attended schools in Dougherty and Floydada before enlisting in the service. He completed his high school education while in the Army and had gone overseas some four months ago. He was married in June and left for his overseas assignment shortly after. His wife is also a member of the armed service, serving with the WAACS. The body was due to arrive in a northeastern state today and funeral arrangements were to be made by his wife. Survivors in addition to Mrs. Emert include the parents; a sister, Darlene of Deer Park; his grandparents, Mr. and Mrs. A. T.

DOUG EMERT

Emert of Dougherty and Mrs. C. C. Gorley of Borger. Also included are a number of aunts and uncles in this immediate area.

More Multiple Winners At Gift Drawing

The same thing held true at last Thursday's & Monday's Gift Certificate Drawings that occurred at the first one when Agnes Baker won six of the eighteen certificates given away. However, not quite as many were won by one individual. Jan Kilian won three of the certificates and Marvin J. Lopez won two of them. Other winners were Mrs. Edna Phillips, Frances Linn, Mrs. Harold Bennett, Mrs. W. K. Birchfield, Mrs. V. L. McNeil, Addie Evans, Jimmy Hammonds, Mrs. John McKinney, Bessie Wilson, Mrs. Anita V. Navarro, Mrs. Joe A. Noland, A. H. Robertson.

Shipments, he competed in the American Junior Rodeo Association Rodeo while in college and took part in the National Intercollegiate Rodeo. Sell graduated from Idalou High School and attended Lubbock Christian College. While in college he became interested in public address work and entered the radio profession two years ago at Ralls. He stayed there only a few months, then took a job at KIMT in El Paso. He was there until he accepted his present position. Also while in college he began working as an emcee at talent shows, banquets, and announced several rodeos and football games. Sell lists his religious affiliation as Church of Christ. He is commuting from Idalou until he can find suitable housing.

\$600,000 CASTOR BEAN CROP . . . begins to flow to market. Bill Hopper of the Sandhill Community is pictured in a truck load of Castor Beans. Bill is ready to harvest over 100 acres. The county's 6,000 acres is averaging 2,000 pounds to the acre and the price is five cents a pound. The beans are marketed at Wylie Grain and Farmers Co-op Gin here in Floydada. (Staff Photo)

Two Editions Of The Hesperian For Next Week

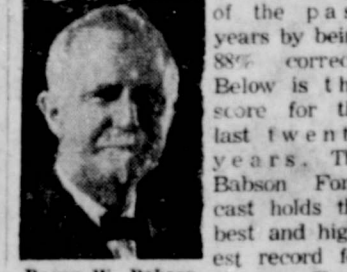

Two editions of The Floyd County Hesperian will be published next week. There will be a Tuesday morning, December 22 issue and a Thursday morning, December 24 issue. The additional Tuesday issue will afford Floydada merchants a last minute advertising opportunity to clean up Christmas stock before the 25th. Deadline for advertising copy will be 5 p.m. Saturday, deadline for page 1 news will be noon on Monday, for the Tuesday edition. Regular copy deadlines will be observed for the Thursday edition.

Harvest 90% Complete

According to a gin by gin count made by the Texas Employment Commission, effective last Friday, the Floyd County cotton crop is at least 90% complete. According to the TEC Floyd County has ginned 89,132 bales of a 102,000 bale estimated production. The report shows that Hale County has ginned 98,132 bales of compared with 117,871; Floyd has 89,132 compared with 89,030; Briscoe stands at 11,151 compared with 20,005 and Swisher has ginned 23,376 compared with last year's 35,677.

School Out For Holidays Next Tuesday

According to local school officials, the Floydada schools will dismiss classes for the Christmas and New Year's holidays Tuesday, December 22. Classes will resume after the holidays at 8:45 a.m. Monday, January 4.

Christmas Card Deadline Tues.

Next Tuesday noon is the deadline for anyone wishing to have their names in the Christmas Card ad in the Hesperian which is sponsored by the 1962 Jr. Study Club. Your card money goes to the Special Education classes at Andrews Ward and Della Plains, that normally would be spent on Christmas Cards. In turn your name or the name of your firm will carry greetings to your patrons and friends through the ad of the Study Club. Anyone interested may call Mrs. Harvey Allen, YU 3-2185, president of the club or any member of the club. (See BABSON, Page 2)

School Board Approves Text Book Committee

The Floydada school board approved a committee to study several text books which will be considered for purchase and use from 1965 through 1969 at its regular monthly meeting in the school business offices Monday night. Appointed on the text book committee were: A. E. Baker, W. P. Nicholson, Jo Beth Shields, Margaret Springer, Bob Alldredge, Ella Reue, Audrey Spence, Corrine Barber, Luther Hayes, Bill Curry, Joyce Kimble, Farris Wilson, Bob Shields, C. E. Tyer and A. W. Coltharp. In other business the board employed Bob and Nina Copeland and Farris Wilson to conduct the school census. The board also approved a request by superintendent Baker that evaluation studies begin which might admit the Floydada school system to the Southern Association of Colleges and Secondary Schools. Baker explained that the importance of the evaluation study was in the "school analysis and comparison" rather than the honor of belonging to the association. Band director Jimmy Boyd submitted a request to the board for over \$7,000 worth of needed band instruments and \$2,000 worth of repair on instruments now being used by the school's band pupils. The board studied the request and tabled it until a comparative study with other school's band departments can be evaluated. A representative of the Crosby County school board met with the board and discussed the problems that face the Cone school system. He specifically asked the board if it would or would not continue to take Cone students by transfer. The board withheld decision on the matter until it can visit with Cone school board members, possibly in the January meeting. Current bills were approved for payment and the minutes of the last meeting were approved as read and all members of the board the school secretary, superintendent and business manager were present for the meeting.

Local Chamber of Commerce Directors Are Nominated

Community Clothing Center Opens

The representatives from a number of local churches met in the courthouse Monday with Mrs. Wesley Carr, school nurse, to formulate plans for the Community Clothing Center. The purpose of the meeting was to determine if work on the Center had progressed far enough to constitute opening the center on Tuesday and Thursday of this week. It was the general opinion of those attending that sufficient work had been completed and the center was open for the first time last Tuesday. The purpose of the center is to eliminate duplication of charity sources and to better serve those people who are really in need of clothing. This system should do away with people going from church to church and to other charitable organizations and get (See CLOTHING, Page 8)

So, we join the post office crew in urging everyone to get that Christmas mailing done this week and follow their tabbing instructions on packages.

THE BOYS at the Post Office have always had my sympathy at Christmas time, and this year is no different. I won't extend much sympathy to them on the new zip code system... they got themselves into that one.

However, we'll be patient and hope that the system works out like it is supposed to and facilitate faster handling of the mail... and at less expense to the government.

In the meantime I could get on a horse and carry The Hesperian to my folks at Kress in a lot less time than the zip code system which gets it there by Saturday each week.

My newspaper buddy over at Petersburg, Russell Grimes says, "If this ZIP Code mailing gets any faster it will take a month to get mail from Lubbock to Petersburg. Bill Hart mailed us some pictures of the Petersburg-Springlake game on Monday, November 23. We received the first class envelope with the pictures on Sunday, November 29. Only took six days to cover the 28 miles from Lubbock via Mr. Zip after being roasted through Guthrie and Childress. Better be sure and mail your Christmas Cards last month, and enclose a valentine."

NEW LOOK in STEEL

Newest thing in steel is tin coated steel foil. It is only two thousandths of an inch thick, about the equivalent of an ordinary magazine page. Heat it, chill it, poke it, soak it, glue it, laminate it. It can be used in thousands of ways — yet it is steel and you know what that means in strength and durability.

This disposable pie pan is one of many products that can be made of steel foil. Contents are easily removed. The pan holds firmly while you serve individual slices. Simply toss away after use.

Another possible use of steel foil is for packaging the new freeze-dry foods. Steel foil's toughness and impermeability to moisture make it an ideal material. Sharp points and edges of freeze-dried food cannot penetrate steel foil. Contents are kept kitchen fresh and sealed, ready for instant use.

Here are other tips from Miller. The tree should be kept away from heating units, fireplaces, and television sets. Heat dries out the tree and creates a greater fire hazard. Lights should be carefully hung on the tree. Each light puts out heat. If needles from the tree touch a bulb, it will dry them out. Most important, place the tree

Savings Bond Quiz

Question: I have been buying bonds in my name, with my son as co-owner, intending to use them to put him through college. I understand there could be a tax advantage if the bonds were in his name, with myself as beneficiary, and want to know if these bonds can be re-issued?
Answer: Yes; however you would be required to report and pay Federal Income Tax on interest that has accrued on the bonds up until the time of the change in ownership. From that point on, accrued interest would become income of your son for purposes of taxation. There would be no State or local income taxes.

Question: Is it possible for a minor to redeem a Savings Bond issued in his name?
Answer: Yes, provided he is sufficiently competent to sign his name to the request for payment and understand the nature of the transaction. Generally, the fact that the request for payment has been signed and certified by the paying agent, is sufficient proof of competency.

BOSQUE LANDS OPEN TO HUNT
WACO — Forty-two additional Bosque County landowners opened their places to paid deer hunters this fall, it was indicated by Parks and Wildlife records. To date, 199 shooting preserve licenses were sold for the county compared with 157 issued during the entire 1963 big game season. Game Warden Bob Rhudy at Meridian, said he expects several more ranchers to make their land available to deer hunters before the season ends.

Mr. and Mrs. Kreis Will Be Honored On Anniversary

Mr. and Mrs. A. H. Kreis will be honored on their Fiftieth Wedding anniversary Sunday afternoon, December 26, with an informal reception at their home, 208 West Georgia Street in Floydada. Hostesses for the event will be the couple's daughters, Mrs. Bill Holland of Midland and Mrs. Jack McIntosh of Floydada. Calling hours will be from 2:30 to 4:30.

Sally Rodgers and Arthur Kreis were married December 24, 1914 in Knoxville, Tennessee, remained in their native state about 6 years and then moved to Miami, Florida for about the same period of time. They moved to Floyd County in 1927 and lived on their farm 12 miles east of Floydada until August of this year when they purchased their

present home. The Kreises request no gifts on their anniversary celebration but are hoping all their friends will come and share with them this special occasion.

Program Held In Farris Home For 1929 Club

Members of the 1929 Study Club met on December 2nd in the home of Mrs. Kinder Farris for their annual Christmas program. Mrs. Farris was assisted with hostess duties by Mrs. Jack Jordan.

Little Christmas bouquets of various holiday colors were given to members as they arrived. Inside was the program, which was given by Mrs. Farris, Mrs. Newell Burk and Mrs. Jack Jordan, entitled "Three Roads To Christmas".

Rotary Christmas Dinner Features Folk Music, Humor

Floydada Rotarians, their Rotary Anns, and guests were entertained with a varied humorous program at the annual Christmas dinner in Fellowship Hall of the First Methodist Church Tuesday night.

A combination program of Christmas folk songs and Christmas story was the entertainment and turkey and sausage with all the trimmings was the dinner.

Mrs. Charles Lutrick gave a humorous presentation of a "Christmas Story Reading" and John Reue was in charge of distribution of Christmas presents to all Rotary Anns from a beautifully decorated Christmas tree in the center of the room.

Preceding Mrs. Lutrick's part of the program, a musical group composed of James Huggins, Mrs. Shirley Irwin, Mrs. Ed Wester, Henry Barber, Mr. and Mrs. Olen Petty, Mr. and Mrs. Wendell Tooley and Mr. and Mrs. Newell Burk presented several Christmas folk songs.

The tables were appropriately decorated with miniature guitars. The meeting was called to order by the President, Doris Fawver. Roll call was made by Brenda Willis.

Sherry Roberts and Vickie Hadamek led the group in singing Christmas Carols. Some of these were Jingle Bells, Rudolph the Red-Nosed Reindeer and Si-

ter Wood and L. T. Wood. Their gift was an electric mixer.

Miss Scheele and Calahan will exchange wedding vows Dec. 30 in Providence Trinity Lutheran Church.

The next Rotary meeting will be Wednesday, January 6, 1965.

Floydada Pair Wins District Wool Contest

Mrs. Charles Craig and Charlotte Caldwell, both of Floydada won first place in their division of the District I Make It Yourself Wool Contest held at Texas Tech Saturday.

Mrs. Craig was first in the adult group and Charlotte first in the senior division.

The winners will compete in the state contest on January 8-9 in San Marcos. Winners in all but the adult division of the state event will compete in the national finals planned the second week in January.

The contest is sponsored by the American Wool Council in cooperation with the Women's Auxiliary to the National Wool Growers Association and by the State Sheep Growers Association.

Designed to acquaint the youth market with the place of wool in the fabric and fashions market, it is the only sewing contest which has been on the approved list of the National Association of Secondary School Principals for eight years.

The grand prize is a two week trip to Paris, London, Nice and Rome. Forty-one winners from 20 area sheep councils get four day trips to the national contest in Phoenix, Ariz.

True Words

Marriages may be made in heaven, but the maintenance work work has to be done on earth.

Gifts

Randy Jordan and Penny Price led some games. The group then took turns trying to break a pinata.

Gifts were exchanged, then the group were all presented a 4-H pen by the leaders, Mrs. J. B. Colston and Mrs. James Lovell.

Doris Fawver presented gifts of appreciation from the club to Richard Miller, County Agent, Sherry Mullin, Home Demonstration Agent, Mrs. J. B. Colston and Mrs. James Lovell, Organization leaders.

Lovely Christmas refreshments were served to the group by Doris Fawver, Will Snor, Jennifer Teague, and Brenda Willis. Everyone reported a good time.

NATIONAL LOAN PROGRAM; Program Allows Educational Opportunities To Students

The National Defense Student Loan Program was authorized by the enactment of Public Law 85-844, the National Defense Education Act of 1958. It is one of several programs included in this Act and designed, in the words of the law itself, "to identify and educate more of the talent of our Nation", and "to insure trained manpower of sufficient quality and quantity to meet the national defense needs of the United States."

We have been receiving numerous inquiries concerning this particular Act, and we thought perhaps a brief article concerning it would be of value to Veterans Service Officers who normally find themselves being asked questions pertaining to all kinds of benefits which are not on the law books in the form of

Tax Man Sam Sez:

When Junior says he is a double income exemption, it comes as a surprise to thousands of Dads each year. Dads have had 10 years since the law was changed in 1954 to learn about the student exemption—but they haven't.

The student must claim his own exemption on his own return. If he is under 18 or a full time student and is receiving principal support from Dad, he can be claimed on Dad's return too.

However, the mixup continues. A lot of Dads send word to the teacher teaching the little IRS tax course at school that they are teaching the course all wrong. Dad tells the teacher that you can't "double dip." Well, Dad, in this case Junior gets an exemption and you also get an exemption.

DUCKS ABUNDANT IN WEST TEXAS

SAN ANGELO — Pintails, teal and mallards arrived in West Texas from northern nesting grounds just in time for the duck season opener.

Late evening flights of ducks numbering into the hundreds may be seen around prairie lakes and man-made reservoirs in the Texas Panhandle and in the lower plains, according to Parks and Wildlife Department field reports.

"Fading Out" Could Be Cause Of Lawn Decline

COLLEGE STATION — Unusually dead spots in St. Augustine grass may be due to a fungal disease called "Fading Out," reports C. Wendell Horne, Extension plant pathologist, Texas A&M University.

This disease, most destructive during hot, humid weather, tends to be a problem more often where grass is in a weakened condition from drought or improper fertilization and watering. Even though lawns receive good care, Horne points out that some important factors may be lacking without the homeowner's awareness.

Symptoms of fading out appear first as irregular yellowish-brown areas. As the disease progresses, Horne says the grass is killed in small spots which merge to form dead areas a foot or more in diameter.

Several fungal organisms act

during his entire course in higher education, a sum not exceeding \$5,000.00. The borrower must sign a note for his loan. The repayment period of the loan begins one year after he completes his full-time course of work and extends over a 10-year period. Interest at 3% begins to accrue at the beginning of the repayment period. During periods of service in the Armed Forces or the Peace Corps, up to a total of three years, and during periods of full-time attendance at an accredited institution of higher education, no interest will accrue, and no repayment is required. If the borrower becomes a teacher in public schools, 50% of his loan may be cancelled at 10% for each year of teaching.

Floydada Men On Area Scout Council Board

Three Floydada men remain on the South Plains Boy Scout Council leadership listing for another year following their election in a special dinner meeting of the group at Lubbock Tuesday night.

Jimmy Wilson is executive board member, J. M. Willson, Sr., remains as a special board member and trustee for all property.

Both Willsons are council members, as is James Word.

Lubbock's Oscar Crain was re-elected president of the council, two Matador men John Barnhill and Judge Elbert Reeves were re-elected to the council board.

AGRICULTURE IS BIG BUSINESS — U. S. farmers spent nearly \$40 billion in 1963 for business outlays and home consumption. Farm production expenses, including labor, amounted to over \$29 billion compared with \$10 billion at the beginning of World War II and \$21 billion a decade ago. The U. S. Department of Agriculture says that with the unfolding of newer farm production technology, purchases by farmers of industrial products for farm production are expected to continue to increase.

Comfort, Economy Results Of Winterizing Your Home

COLLEGE STATION—With cooler weather already here and more just around the corner, many homeowners are making plans to winterize their homes for increased winter comfort and economy.

A good place to start this job is with the doors and windows, advises W. S. Allen, Extension agricultural engineer, Texas A&M University. Many windows and doors fit loosely but can be tightened easily with weather stripping.

Storm sashes can be helpful in reducing heat loss from the house. In Northern areas, addition of storm windows, doors and weather stripping can reduce the fuel bill considerably.

Proper insulation in the unheated attic will also cut fuel bills, says Allen. Place the insulation between the attic floor joists to

help reduce heat loss from the rooms below. With this insulation, however, there should be ventilation in the attic. Vents placed in the gable ends of the house, under the eaves or installed in the roof will be adequate. The engineer suggests about four square feet of clear openings for each 1,000 square feet of attic floor.

Storm doors, storm windows and attic insulation not only cut heat loss and save fuel but also reduce drafts. This means a more uniform heating system throughout the house, points out Allen. Next summer the insulation in the attic will help keep the house cooler, too.

Old Buildings at Fort Richardson by E. M. Schiwetz

FORT RICHARDSON
... a long time between paydays!

Across the western face of Texas, the brooding ruins of forts . . . here and there a restored barracks or hospital bring back a bloody page in history. A history that tells of marauding redskins thundering southward from Indian Territory, killing in their wake, pushing on to the Mexican border. A history that tells too of the hard and lonely life of the U.S. Army troopers who manned these strategic forts.

Fort Richardson, near Jacksboro, was one of the more important of these outposts. Here Kiowa Chieftains Satanta and Big Tree were incarcerated before their trial for a bloody massacre. But life in all frontier posts was much the same . . . best expressed by the soldiers themselves, "a long time between paydays."

BUT IT ISN'T SO FAR BETWEEN PAYDAYS NOW
... with U. S. Savings Bonds!

Today, there can also be a long time between paydays for those who have not established the thrift habit. But through the U.S. Savings Bonds program you can take care of this situation quickly and effectively.

For example, with as little as 63¢ a day you can buy an \$18.75 Savings Bond every month. Keep this up for 40 months and you'll own a stack of Bonds worth \$1,000, at maturity, which cost you only \$750 in easy installments.

Buy U.S. Savings Bonds every payday automatically through the payroll savings plan.

Good Slow Easy Rain Falls In Floydada And Area

A nice, soft, soaking rain came to Floydada and generally all over this area last week. About an inch was recorded in Floydada and around 1.25 in the Dougherty area. Around an inch was recorded in most other areas in this vicinity. Prospects for a good wheat crop continue to improve. . . grazing is good for both cattle and sheep on the lush green wheat fields. In the meantime cotton farmers sweat out each wet spell and are fast winding up a bumper cotton crop.

Local Barber Shops To Close December 26

According to the owners of the respective firms, the local barber shops will be closed Friday and Saturday, December 25 and 26. They are City Barber Shop, J. P. Looney, owner; Palace Barber Shop, Roy Hodges, owner; and McClern Barber Shop, Bill Reasner, owner. Although the shops are normally closed each Monday, they will be open Monday, December 21 for that "Pre-Christmas" grooming, and will be closed Friday, December 25 through Monday, December 28.

OUTLOOK FOR 1965 FARM INCOME — Continued stability for U. S. farm income is forecast for the year ahead. Farmers' realized gross income is expected to be about the same as in 1964. Production expenses may show some further increase, but probably less than usual, reports Extension Economist John G. McHenry after his return from the National Outlook Conference in Washington, D. C. Moreover, he says, disposable personal income per capita of the farm population may rise slightly next year due to the relative stability in farm income; the continued general economic expansion and a further reduction in income tax rates. Both farm numbers and the farm population are expected to continue declining in 1965. The casual borrower is a casual payer.

County, Murray To Try Simple Truce Until May

According to the Commissioner's Court and Coy Murray, the two will try an arrangement agreed upon by both parties earlier at least until May. "Then if things don't work out as they should," Murray said, "I may bring it up again in May when a court reconvenes." Murray had brought a suit against the Commissioner's Court claiming that the Commissioners were using county owned equipment, manpower, and materials for the use of private individuals, thereby, interfering with a private enterprise in which he is engaged. On October 12, Murray filed a Petition For An Injunction in 110th District Court here against the Commissioners Court and individually against: Judge J. K. Holmes; John Fowler, commissioner of precinct 1; Bob Jarrett, commissioner of precinct 2; Carl Plumlee, commissioner of precinct 3; and Bill McNeill, commissioner of precinct 4. The injunction states: "Through their officers, agents, servants, employees, attorneys and other persons acting in concert with them, the defendants have now and have in the past and will continue, unless restrained by an order of this court, unlawfully use and permit use of equipment, machinery, labor and materials owned by Floyd County for purposes other than public use, that is, for private use by and for benefit of individuals other than those authorized by law. "This conduct is contrary to law and in violation of law but they will continue to do so unless restrained by order of this court: everything my mother tells me. Maria Luisa Vasquez I Love You! Dear Santa, will you please bring me a B B gun some candy oranges and apples. I live own East Le St. by Old school colored school. clothing that aren't necessarily needed. When the people have to return to the same place to pick up that clothing, those working at the center can check into the records and see whether that person has been helped recently or not.

At the meeting Mrs. C. W. Jones was elected chairman of the group. She, with a chairman from each church, will be in charge of seeing that workers are available at the center when it is open from 2:30 until 4:30 each Tuesday and Thursday.

Used clothing, clean and in good repair is needed. Anyone wishing to bring clothing may bring it to the courthouse. There is no limitation on the hours that people may bring clothing to the center.

The great trouble with luck is that it often disappears when you need it most.

The Floydada Chamber of Commerce is sponsoring the operation through its Charities Committee. At a board of directors meeting recently it was decided that the boundaries of the area to be served by the center should be determined. It was suggested that the Floydada School District, and those school districts that send children to this school, should be the extent of the area served by the Floydada organization.

At a Chamber of Commerce Charities Committee meeting last Friday it was suggested by a member of the board of directors of the clothing center that three more directors, possibly directors-at-large be appointed to work with the group. These persons would not hold office, but would be appointed after the group had organized each year, and would serve only one year.

Anyone who is interested in helping to distribute the clothing is asked to contact their pastor.

PS Expects 190 To Die During Coming Holidays

The Texas Department of Public Safety estimated that 190 persons will die during the coming New Year's holiday period, including 105 traffic fatalities, 45 homicides and 40 deaths from other causes.

Garrison, Public Safety Director, said that the estimate is based on the basis of experience and the current trend.

"(1) AIM HIGH IN STEERING—look farther down the highway than you normally do. You'll find your car steers better and you will be better prepared to anticipate another driver's actions."

"(2) GET THE 'BIG PICTURE'—be aware of what is going on around you at all times."

"(3) KEEP YOUR EYES MOVING—to be an effectively safe driver you must see as much as possible of the conditions affecting your driving."

"(4) MAKE SURE YOU ARE SEEN—even though you take an extra measure of caution, another driver might not see you if there is any doubt as to whether or not an oncoming driver has noticed you, be ready to take evasive action."

"(5) LEAVE YOURSELF AN OUT—some accidents may seem unavoidable, but if all drivers would follow this final rule and take necessary action to avoid an accident, the Texas death toll would drop sharply."

The Texas Department of Public Safety is carrying out its special emphasis program "Operation Deathwatch" from 11 a.m. December 24 to 11 p.m. January 3, 1965, using every available means to promote strict observance of traffic laws.

The department will tabulate all violations and the totals will be announced three days after the end of the holiday period.

The entire holiday period will be patrolled by extra patrolmen to keep traffic moving and to insure the safety of holiday motorists. The most effective work will be done by the "elves."

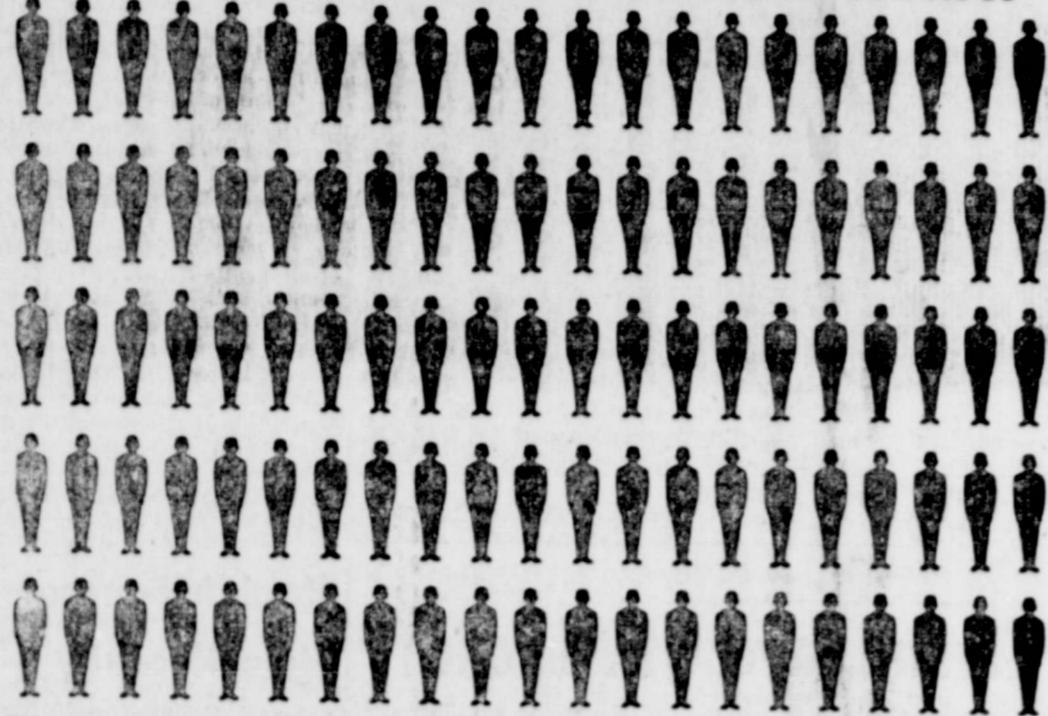

Garrison, other officers and private operators are cooperating in the drive. The Texas Department is distributing pamphlets on driver safety and information to drivers informed and advised.

The Texas Motor Trans-Association and its Safety Supervisors is a member of the "Drive Lighted Campaign."

Jackie who attended Floydada High School, will depart for Communications training following completion of eight weeks of basic training at Fort Polk, La. and a brief leave.

Prior to leaving for basic training Jackie stated that the opportunity to choose his Career Field with a written guarantee in the Army had been a big factor in his decision to enlist.

OPERATION "DEATHWATCH" DEC. 24 thru JAN. 3 ESTIMATE 105 MOTORCIDES

The figures above represent the estimated toll of 105 lives expected to be lost in Texas during the 11-day holiday period from December 24 through January 3. During this period, the Texas Department of Public Safety will tabulate these tragedies as they occur and make periodic releases in an effort to focus public attention on the added dangers of holiday travel. A special appeal has been issued to Texans to do their part in proving the estimate is too high.

Agriculture Seminar To Be Held Here In January

An Agriculture Seminar, with subjects varying from Farm Taxes to Water Management, is slated for the four Wednesday afternoons during January.

The courses are to be sponsored by the Chamber of Commerce, the County Extension Service and the Young Farmers. The sessions will take about two hours to complete.

January 6, the group will be studying Income Tax and Farm Records and John Seibert of the Extension Service in Lubbock, assisted by a man from the Internal Revenue in Dallas, will present the program.

January 13, Water Management will be the program with Red Martin of Houston in charge.

He will be assisted by Bill Waddell of the High Plains Water District. He will furnish specific information about the Floyd County underground water history and a projection about the life expectancy and what can be expected in the future as far as water is concerned.

Funeral Rites For Davis Held In California

Funeral rites for Wayne Davis, 50 year old former Floyd County resident, were held Tuesday in Van Nuys, Calif., where he died December 12 following a three month illness. Davis is the husband of the former Etha Strickland, daughter of Mr. and Mrs. C. A. Strickland of Floydada.

The Davis family formerly lived in Lockney where he was employed by Consumer's Fuel. He worked for a building firm in California until becoming ill.

Davis was the son of the late Mr. and Mrs. Marshall Davis of Lockney.

Survivors include his wife; a daughter, Mary Lynn of the home; a brother, Bob Davis of Lockney and a sister, Mrs. Harvie Champion of Amarillo.

Door prizes will be given away at each of the sessions. Coffee and Spudnuts will be served at each of the sessions courtesy of Southwestern Public Service.

Lockney Council Okays Proposal

LOCKNEY — The Lockney City Council, in a meeting Thursday night, agreed to a proposal submitted by housing developer Horton Howell.

Under the terms of the agreement, Howell will deposit funds to cover construction of water lines and sewerage facilities on a tract of land on which he plans to build 29 homes. The city agreed to build the sewers and water lines, and to reimburse Howell when he had built 10 of the homes. The city, however, will have had at least five years to pay back the money.

Howell also agreed to put in all paving and curbing at his own expense.

Jones Enlists For 3 Years

Jackie Ray Jones, son of Mr. and Mrs. N. L. Jones of Floydada, Texas, recently departed for a three-year tour of duty with the United States Army.

Jackie who attended Floydada High School, will depart for Communications training following completion of eight weeks of basic training at Fort Polk, La. and a brief leave.

Prior to leaving for basic training Jackie stated that the opportunity to choose his Career Field with a written guarantee in the Army had been a big factor in his decision to enlist.

County Reports Seven Rural Accidents

There were seven rural traffic accidents in Floyd County during the month of November, according to Sergeant D. S. Lawson, Highway Patrol Supervisor of this area.

From these crashes resulted three persons injured and a loss of \$3,215.00 in property damage.

Summarizing rural traffic accidents from January through November of 1964, the picture shows 62 wrecks, one person killed, 42 persons injured and \$53,432.00 in property damage.

The most deadly month of the year is here again. The Patrol Supervisor stated that during each month of the past five years there was only one month higher than the month of December. Of the 12,171 persons killed during the last five years over 10 per cent of them were killed during the month of December.

Of the 1,246 persons killed in traffic accidents during the month of December over the past five years over 27 per cent were killed during the Christmas holidays. This means that the Christmas holidays are about three times as deadly as the remaining days during the month of December.

The month of December for 1963 was the most deadly month in the history of Texas. The Sergeant appealed to every motorist and pedestrian. "Please do not let this become a reality again."

Local Gas Employees Recognized

Three Floydada Pioneer Natural Gas Company employees are among 162 of the company's employees that were recognized at the company's annual service awards dinner at 7:30 o'clock Thursday night at the Estacado Junior High School in Plainview.

Those recognized were V. L. Jeter, 5 years; Roberta Russell, 5 years; and Ralph Mardis, 15 years.

Illustrating the company's conviction that a successful enterprise depends on both talent and loyalty, the dinner was one of nine being held throughout the Pioneer system to salute employees with multiples of five years of service and to thank these employees for jobs well done.

The group represented a total of 1,550 years of combined service to the company.

Recent numbers have been fairly good at Sunday School and morning worship. A report by the church treasurer, C. L. Mooney, shows that people have been making a good stewardship response in terms of finance.

There is a good report for this mid-year stage in the annual conference journey.

Next Sunday there is to be a special "Christmas tree" at 5:30 in the afternoon. Mrs. Doug Reeves and Miss Cathy Christy are to decorate a tree on Friday afternoon after school is out.

There are to be gifts brought by those who would like to exchange them, in three groups: the pre-schoolers, the children of grades 1-6, and the youth, seventh grade and above.

The change into Advent has been made. From the standpoint of the Christian year, it is beginning anew. The "Lord of the living harvest" is furnishing to His own once again the opportunity to grow by prayer and service and love. A good question each of us could ask ourselves is this: Have we grown in worthwhile things this year? Or have we merely marked time? Are we killing time until it kills us, or are we using it to weave the thread of a noble eternity?

Consumers who received samples of foam-spray-dried whole milk at the U. S. Department of Agriculture's Food and Home Fair in April are indicating an enthusiastic response to the new product, according to the USDA.

Scientists of USDA's Agricultural Research Service, who developed this experimental product, are working to improve it still further. Foam-spray drying is an expensive new process in which compressed nitrogen is injected into a milk concentrate before drying.

Rain Of Prayer Held At Church

Dec. 14 — The rain which started falling gently Wednesday night continued falling until around four o'clock Thursday morning. Wheat farmers were jubilant over the soaking rain, but cotton, soy bean and castor bean farmers were kept out of the field until this week. The dirt roads were almost impassable for two days, and the school buses did not run off the pavement. The cotton gins were just about caught up this Monday. Amounts reported were Early Pritchett \$9, 1.00 at Fred Fortenberry's, Billy Stanforth 1.25, and J. P. Taylor .90.

Mr. and Mrs. N. Johnson took her father, Carl Daniels, back to Amarillo Wednesday for a check up at St. Anthony's Hospital, and found him getting better each week.

Mr. and Mrs. Philip Smithman, Mark and Monty went to Silverton Sunday evening to see her mother, Mrs. J. K. Bean, and to attend with her the Christmas school program given jointly by the Methodist and Baptist at the High School Auditorium in Silverton. Mr. and Mrs. Larry Smithman of Lubbock visited here Sunday with their relatives.

Mrs. Leighton Teeple arrived home Saturday night after spending the past week up at Boise City, Oklahoma with their daughter, Rev. and Mrs. David Redout. She had gone up there last Sunday.

Mr. and Mrs. Frank McClure spent Wednesday and Thursday in Plainview and brought their grandson, Boyd McClure, home with them to stay until Sunday night. He had been quite ill during the week, but is able to be back in school this week.

Mr. and Mrs. Robt. Reeves entertained at a birthday celebration Saturday afternoon, Dec. 12, for their daughter, Jeanette, who was six years old. Spending the afternoon here for the party were her grandparents, Mr. and Mrs. Sim Reeves of Memphis, and her cousins, Rex and Shannon Bell of Floydada. Gregory Smith was also a guest. Mrs. Reeves served birthday cake and cookies for the refreshments at the party.

Mr. and Mrs. Sylvan Kinnibrugh and Beth left Saturday morning to spend the week end down in Truscott with Mrs. J. R. Spivey and his folks, the J. A. Kinnibrughs at Vera, and they were home Sunday night.

Johnny Cantrell of Floydada was a visitor at night services at the Baptist Church here with Miss Kathy Mulder.

Mr. and Mrs. George West and Mr. and Mrs. Frank McClure went to Plainview to the Medical Center Hospital Sunday afternoon to visit George Beedy who had undergone stomach surgery Friday morning at the Center. Mr. Beedy is getting along fine, and was to be allowed to leave for his home this Monday.

Miss Barbara Milon was home from Wayland College over the week end, and a visitor at Sunday Baptist services here at the church.

Tillman Powell plans to take Mrs. Powell to the Methodist Hospital in Lubbock this Tuesday for treatment for her back trouble. We hope she does improve her health.

Mrs. Bryant Higginbotham has been working in our area on the Agricultural Census for the US Government.

David and Grace Akanda, Wayland Baptist students where they are seniors, were visitors at the South Plains Baptist Church Sunday morning, and David brought the message for the morning service. The Akandas are from Nigeria, Africa, and live 10,000 miles from here where they left their three children, the youngest one two years old, so they could study to be missionaries to their people. Grace plans to be a nurse to her people and David Akanda plans to be a hospital administrator.

David and Grace Akanda were dinner guests with Rev. and Mrs. Sealy Smith at the parsonage on Sunday after church, and visited throughout the afternoon there.

Mr. and Mrs. Kendis Julian and Kristi and Mr. and Mrs. Murray Julian left after church services Sunday to go to Canyon where they all had dinner with Mr. and Mrs. Bruce Julian, and visited with them during the afternoon. Another guest there was Miss Darlene Johnson of Lubbock.

Mrs. Sterling Cummings was hostess in her home this Monday afternoon after school to members of her Intermediate Sunday School class of girls. Games were played and Christmas carols were sung by the group as they went about the countryside after the party.

Hobby Club members held their Christmas party in Floydada at the Colonial Inn Friday night, December 11, with hostesses Mrs. Early Pritchett and Mrs. Murray Julian. Guests were husbands of the members, and a delicious buffet supper of turkey and the trimmings was served and later games of forty-two and eighty-four were played. Present were Messrs. and Mrs. Roy Burks, Shelby Calahan, Fred Fortenberry, Murray Julian, Sylvan Kinnibrugh, Billy Stanforth, J. P. Taylor, Herman Thornton, John Smithman, George West, J. K. West, Johnny Wilson, Bryan Karr, Mrs. Bryant Higginbotham, Mrs. Albert Steward, Grigsby Milton, Arby Mulder, I. H. Parks, Early Pritchett, and Rev. and Mrs. Sealy Smith.

"The Miracle Worker Better Than Casa Manana," Critics

The Speech and Drama Department of Floydada High School presented "The Miracle Worker" in the high school auditorium last week and from comments and reports of speech and drama critics the play was a tremendous success.

The story had to do with Helen Keller and her struggle for communication with others.

The following comments were common coming from various people around town: "I hate to comment on it because I can't find words good enough for it" or "It was the best High School play I have ever attended", or "It was better than things seen at Casa Manana".

There were no outstanding players in the cast, for each portrayed their respective characters with perfection. However, Rande Brown and Lucy Cogdell as Helen and Annie, Helen's teacher, were more in the spotlight.

Of course, Rande had nothing to say during the play but the actions were very real.

Most people said that the members of the cast literally picked them up and carried them through the entire sequence of events.

About 800-850 people attended the two performances. The Speech and Drama Department made about \$270 on the play and a part of this has been spent on three new spotlights for the stage.

In appreciation for the fine help the play cast presented their sponsor, Janice Gilbreath with a dozen red roses. The F. A. McKinias gave the group a color party after the performances.

Next spring, during the Texas Interscholastic League competition, the group will present a one-act version of "The Miracle Worker."

Members of the cast are Lucy Cogdell, Ralph Johnston, Linda Foster, Dan McKinias, Phil Horton, Jan Stansell, Sharon Bingham, Loretta Fulton, Bobbie Reus, Mina McClellan, Connie Reed, Dana Galloway, Lon Johnston, Clara Harmons, Judy Helms, Randell Moore, Randy Dyson, Dorryl Munday, Rande Brown, Pached DeLos Santos, and Bobby Gilliland.

Mr. and Mrs. J. B. Terrell visited in Amarillo last week with Mr. and Mrs. Harold Mallow, Mr. and Mrs. Leon Terrell, Mr. and Mrs. Kermit Terrell, Mr. and Mrs. Cletis Noland Terrell, Mr. and Mrs. J. W. Smith, Mr. and Mrs. J. Bennett and Mr. and Mrs. Curtis Ford.

Mr. and Mrs. Bud Goen and Mr. and Mrs. Bud Sparks visited Mr. and Mrs. Laron Fulton and family, Sunday night.

One of the new things I have heard about is . . . one that grows its own ornaments of decorative cones. It won't be ready for this Christmas, nor the next, but growers will get young trees for field testing in 1967. It grows fast—about 6 feet in four to five years—and develops into a full, many-branched tree with a conical shape and a straight trunk. Just as the tree reaches Christmas tree size, it develops decorative cones among the thick dark green foliage.

Speaking of Christmas trees reminds us of the seven rules to remember in . . .

Pupils of Mrs. Charles Record of Lockney were presented in recitals Sunday afternoon, Dec. 13, at the Lockney High School Auditorium, beginning at 2 p.m. Most of the children here played in the 4 p.m. and 5 p.m. groups, and these included Carla Bean, Paula Cummings, Diane Bean, Beverly Kinnibrugh, Dee Earle Cummings, Sharon Smith, LaTonya Beedy, and Rise Beedy.

Rain Beneficial To Wheat

CEDAR HILL, Dec. 14 — Our community received one inch or more of moisture in places Wednesday night. It was a slow warm rainfall which was very beneficial to the wheat. The cotton harvest was slowed down, but will soon be in full swing again. The machines are standing ready as soon as it gets dry enough.

At the Assembly Church there were 55 present for Sunday School. Mr. and Mrs. Roy Durham of Lockney were visitors. We had good services through the day. Bro. Stalon did the preaching.

Steve Mize and family from California have been visiting in the home of his parents, Mr. and Mrs. Albert Mize and sister, Mrs. Mary Lee Mize, who are on their way to Nigeria as an Ambassador and an instructor in the agriculture field. Steve showed pictures of his work at the Baptist Church Saturday night. We wish them well in their new work.

We were sorry to hear of the passing of Wayne Davis, who resided in Van Nuys, California. Wayne is a former resident of Lockney. He married Miss Altha (Doodle) Strickland, the daughter of Rev. and Mrs. C. A. Strickland of Floydada. The Davises moved to California several years ago. Mr. Davis succumbed Saturday night after a lingering illness. Our sympathy goes out to the family at this time of sorrow.

Tessa Love was a Sunday dinner guest of Mr. and Mrs. Eldon Fortenberry and children.

Mrs. Evelyn Breckonridge and children and Rhonda Teeple were Sunday dinner guests of her mother, Mrs. J. C. Fortenberry.

Mrs. Evelyn Breckonridge spent Thursday in the home of her sister, Mr. and Mrs. Garland Tucker.

Walter Keefer of Lockney visited Sunday afternoon with Marvin and Mrs. F. T. Love.

Mrs. Tom Fortenberry spent Thursday night with her daughter and family, Mr. and Mrs. Lafayette Bean. Children.

The Cedar Hill Club met Wednesday in the home of Miss Mamie Yearby. Present were Miss Mary Lee Swain, Leona Pearson, Marie McGowan, and Sylvia Yearby.

Mr. and Mrs. Rene Yearby were Sunday dinner guests of Andrew Jetton and Mamie.

Mrs. Glen Keefer and children spent Friday night with her mother, Mrs. M. H. Taylor. Saturday they reported her mother's living room.

Mr. and Mrs. Robin Fortenberry visited his mother Sunday afternoon, Mrs. J. C. Fortenberry.

Mr. and Mrs. Wilton McCormick were Sunday dinner guests of their daughter, Mr. and Mrs. Floyd Lykes and girls in the Lane Five Community. In the afternoon they attended a musical recital sponsored by Mrs. C. L. Bessard and her pupils at the Lockney High School Auditorium. Their granddaughter, Norma, 2-3, hospitalized in the program.

Mr. and Mrs. Wilton McCormick went to Snyder Friday to visit his brother-in-law, I. M. Rollins who is critically ill in the Capitol Hospital here. His condition was not improved.

Bro. and Sister Stalon and girls visited in the home of Mr. and Mrs. Robin Fortenberry Thursday night.

Mrs. Clara Redd, Betty Yearby and Edna Gilly visited Mrs. R. A. Hill in Amarillo Monday.

Mr. and Mrs. Eugene Gilly visited Sunday afternoon with Mr. and Mrs. Gene Hammit and boys.

Mrs. Eugene Gilly was hostess for a birthday supper honoring her son-in-law, Johnie Harrison of Lockney.

Mr. and Mrs. Fred Brown of Floydada, Mr. and Mrs. Jim Conner were visitors in the home of Mr. and Mrs. Albert Mize Sunday afternoon.

Mr. and Mrs. Albert Mize wish to express their thanks and appreciation for all the kind deeds and gifts and acts shown Steve and family while here in the homes they were invited into, the nice warm meals served them, and the many kindnesses. God bless each one in their prayer.

Mr. and Mrs. Albert Mize were Sunday dinner guests of Andrew Jetton and Mamie.

Whirlettes Win Floydada Tournament; Winds Out In Second Round

Five Girls; Two Boys On All-Tournament Selection

PAGE 4 THURSDAY, DEC. 17, 1964 FLOYD COUNTY HESPERIAN

The Floydada basketball teams both won their first games in the invitation tournament held here last weekend and the girls went on to win the girls division. The Winds, however, lost in the second round of play to Post a team that went on to the finals and ceded by Hereford for the first place trophy.

In winning the tournament the Whirlettes placed five of 12 players on the all-tournament selections and the Winds placed two of their players.

All three of the guards for the Whirlettes were named to the team and two of the forwards. They are Linda Rucker, Sheila Patterson, Charlotte Pierce (guards), and Dee Wilson and Shirley Rainer (forwards).

On the boys all-tournament team, Keith Teague and David Lutrick were selected. Floydada and Post were the only teams having more than one player on the team. Post placed two also, both were Pierce boys, that were outstanding in each of the games they played in the tournament.

Whirlettes

The Whirlettes were pitted against the Spur girls in their first game of the tourney, defeated that team 62-40 to gain the finals berth. For the championship the locals doubled the Sudan, setting score 46-23.

In this game, as was to be true throughout the entire tournament, the guards were the big difference between the teams that allowed only 33 points in the three games.

At the end of the first quarter the locals jumped to an early lead of 12-4. During the second period the forwards added 14 while the Whirlette guards allowed a mere three points for the opponents. At intermission the score stood 26-7, Floydada. After the second half began the locals continued to move far-

ther ahead and going into the final stanza the locals had a commanding 45-11 lead. The game ended with the scoreboard reading Floydada 53, Spur 23.

Shirley Rainer was the high point individual for the locals as she burned the net with 27 points. Pat Pierce added 12 and Dee Wilson 11. Nara Mock led the losers in that department with 11.

The next day the Whirlettes tried their talents against a scrappy Post group that dealt the locals misery for two quarters than lost the ball game in the third quarter. In spite of having a girl, Marilyn Jones, that scored 28 points the Post team couldn't get their feet on the ground during the third quarter and lost 62-40 after trailing only two points at half-time.

At the end of the first quarter, the score stood Floydada 10, Post 8 during the second period each team added 15 points to make it 25-23 at halftime. After the intermission the Whirlettes poured it into the visiting team by amassing 25 points in the third period and allowing Post only 13. During the final stanza the locals continued to pull ahead with 12 points and allowed the visitors a mere 4. The final score Floydada 65, Post 40.

Dee Wilson led the scoring during the game by blasting 30 points through the hoop and Shirley Rainer was close behind with 27 points.

In this particular game the locals made 47% of their free throws as compared with 38 the day before.

For the championship trophy the Whirlettes played a very quick team from Sudan and had little trouble downing the team. The Sudan squad had a total of 4 field goals during the entire game. The remaining 15 points came free gratis, from the free throw line.

SPORTS

"I HAVE IT . . . I Think," seems to be the expression of Shirley Rainer as she and a Sudan girl battle for possession of the ball in last Saturday night's game. Floydada won the game 46-23 and won the tournament.

At the end of the first period of play the two teams had played an even ball game with the score reading 11-9, Floydada.

However, during the second period the guards allowed Sudan only two points while the forwards added 12 for the locals to give the host team a 23-11 advantage at halftime.

During the third period the locals added another 10 points and allowed Sudan 7 to lead 33-18

when the buzzer sounded ending the overtime period.

For the first two and one half periods the locals led in the game, but in the third Spur pulled ahead then fell down somewhat during the final stanza. At the end of the opening period the locals held the edge 15-11 and at the half were still in the lead 27-24. However, as play began in the final quarter Spur had pulled ahead 44-42 and the nip-and-tuck ball game ended with the score 68-68.

Keith Teague led the scorers in the game by getting 25 points, followed by Kerry Bearden with 17 and Lutrick 10. Alexander tallied 18 for the visitors and Powell had 13.

The next day the Winds were eliminated from the tournament by the Post Antelopes by a score of 78-62.

The visiting team took command of the game at the beginning, were pressed by the locals all during the first period, but

finally pulled away to comfortable 37-23 lead time. After the intermission Post extended its lead and went on to win the 78-62.

FLOYDADA

REBOUND SECURE—Donna Martin is shown getting a rebound off the back board in the girls final game of the Floydada Tournament here last weekend. Backboard control was one of the keys of the 46-23 victory for the locals, Linda Rucker and Charlotte Pierce look on for Floydada.

DP Hornets Win Two; Hornets Lose Two In Recent Contests

The Della Plains teams split four games in activities last week with the Hornets being the victors in both their contests and the boys losing both of their matches, one in a three-minute overtime.

As the girls finished last week they have had only one defeat, that at the hands of Paducah, which the team has defeated once this year, and after opening conference play recently have an unblemished record in that department.

The boys have lost three games this year in the extended time period and have fallen to some good teams, but this quintet, too, has a perfect conference record.

Plainview

Both the Della Plains teams invaded Plainview last week and split those games. The girls took an early commanding lead of 11-9 by the end of the first

quarter, allowed the host team to close that gap to only five points at the end of the third but finally won the game by a 48-35 margin.

At the intermission the score stood 22-14, Della Plains, and going into the final stanza the score stood 30-25, the closest the visitors' lead was threatened. The local team rallied for 15 points while allowing Plainview only 10 in the fourth quarter to pull out of reach of the opponents.

Ruby Storey led the locals' scoring with 18, followed by 13 for Kathy Heaton and 15 for Shirley Minner. Clarice Owens, Louise Davis and Evon Carr did exceptional jobs at their guard positions by holding the Plainview forwards to the low score. In the boys' game, the locals had the lead in the game at the end of the first and third quarters, but allowed the Plainview five to close the gap each time forcing the game into a three-minute overtime at the end of the final quarter.

At the end of the regulation playing time the score stood at 66-66. During the additional time the Plainview team scored nine points and the locals scored only five, giving the host team the victory 75-71.

Jewell Storey led the attack for Della Plains by bombing in 32 points. Hozie Jackson added 13 and Willie Simon 10. The locals were unable to contain James Wade, the top scorer of the night who dropped in 34 points for the host team.

As the game progressed Della Plains held a 15-14 edge at the end of the first quarter, and was behind 32-30 at intermission. During the third quarter the locals put in 16 points to only 13 for Plainview to move ahead once again 46-45, but Plainview crew blasted in 21 points to only 20 for the locals in the fourth quarter and went on to take the win.

Colorado City

The locals returned home last Friday night, hosted Colorado City and once again split the two games with the girls being the victorious team, and the boys losing once again.

The Hornets once again took command of the game during the first few minutes of play, but their lead was threatened a number of times by the scrappy team from Colorado City.

At the end of the first period of play the locals held only a 10-6 edge and at intermission had increased that lead two points to hold a 25-19 advantage.

Going into the final stanza the locals had added two more points to lead 40-32 and the game ended with the Della Plains team ahead 51-41.

Shirley Minner burned the basket as she dropped in 27 points for the Hornets, followed by Kathy Heaton with 14 and Ruby Storey with 10. Bonnie Williams led the visitors in the scoring department with 19

The Hornets and the Colorado City five battled nip-and-tuck for more than half of the ball game before the visitors moved ahead in the third period to stay and defeat the locals 71-59 in Della Plains Gym.

The Hornets were leading 12-11 at the end of the first stanza and were tied with the team from the south 27-27 at intermission.

After the half-time break, Colorado City came back determined to get the game and moved into a 30-43 edge going into the final period. The local team never recovered from the third-period rally and lost the game. Jewell Storey led in the scoring department by bucketing 21 points. W. Brown from Colorado City had 20. Wilbur Banner and Willie Simon added 11 and 9 respectively for the local team. E. Henderson had 19 for Colorado City while C. Taylor added 13 and W. Russell 12.

The Hornets are standing with a 6-8 win-loss record and a 1-0 conference slate. The Hornets are sporting a more impressive 11-1, win-loss record and also a 1-0 conference record.

The next games scheduled will be against Plainview this Friday night (tomorrow) in Della Plains Gym. The first game, a boys "B" game, will begin at 6 p.m. and the two varsity games will follow.

This weekend the two teams will take part in the Plainview Invitation Tournament.

Young Completes Cannoneer Course

FORT SILL, OKLA. (AHTNC) — Pvt. Jimmie J. Young, son of Mr. and Mrs. Marshall Young, Lockney, Tex., completed advanced training as a cannoneer at the Army Artillery and Missile Center, Fort Sill, Okla., Dec. 11.

Young was trained in the preparation, loading and firing of field artillery guns and howitzers. The 17-year-old soldier entered the Army in August 1964, and completed basic training at Fort Polk, La.

1963 Fatal Motor Vehicle Traffic Deaths

There were 10 traffic deaths in Floyd County as compared to the past three year average of 5 deaths, according to Sergeant D. S. Lawson of the Texas Highway Patrol for this area.

The Sergeant stated that 137 counties had more deaths in 1963 than the previous three year average. One hundred and four counties had less deaths in 1963 than the previous three year average of this number, eight counties had no deaths. Thirteen counties had the same number of deaths in 1963 as the previous three year average.

The largest increase in the number of deaths in 1963 over the previous three year average was 55 in Harris County. The largest decrease in the number of deaths

JIM GROSS MAKES DEAN HONOR ROLL
Jim Gross, son of Mr. and Mrs. L. E. Gross of Lakeview community made the Dean Honor Roll at Harvard University according to news received this week.

Jim is a graduate of Lubbock High School and received a Merit Scholarship for four years at Harvard.

In 1963 from the previous three year average was 11 in Brazoria County. The 1963 death total for the state was 2729, an increase of 118 deaths over the 1956 all-time high of 2611 deaths. The number of deaths for 1964 is about 12 percent higher compared with this time last year. The Sergeant added, "with this trend the death count will exceed the 3000 mark. This is a challenge which every responsible citizen must accept to do their best to reduce the traffic deaths on our streets and highways."

Whirllette B Team Blasts Hale Center

The Floydada Girls B team traveled to Hale Center last Monday night and eased by the team in a 45-19 victory.

Donna Martin was the most instrumental "stumbling block" of the Hale Center team as she and two other guards allowed only 10 points to be scored in any one quarter. At halftime the guards had allowed a total of four points, and all of those came in the first quarter.

At the end of the first period of play the score stood 15-4 and at halftime the Floydada girls had extended their lead to hold a 25-4 edge. After the intermission the pressure was slackened and Hale Center scored nine points in the third period and ten in the final while the locals scored ten in each stanza.

Donna Bennett led the field in scoring with 15 and Sally McIntosh was second with 14. Two girls from Hale Center each accounted for 6 points.

During the game the locals hit 9 of 17 free throws for an average of 53%.

Tuesday, December 22. Presently the girls hold a 7-1 win-loss record and the boys stand at 2-4.

Tourney

(Continued From Page 4)

Once again Teague was the top scorer for the locals with 22 points, Beardon and Steve Marler, both sophomores, tallied 11 points each and David Lutrick added 10. However the top scorer of the tournament was Ronny Pierce who tallied a most impressive 43 points to pace the Antelopes past Floydada.

The Antelopes went on to win the tournament with little effort as they blasted Hereford in the finals Saturday night.

Winners

In the tournament, the Whirllettes won first, Sudan, second; and Lockney, consolation. The Post boys won, Hereford was second and Muleshoe won the consolation division.

The all-tournament teams consisted of the following: Girls —

Shirley Rainer, Dee Wilson, Linda Rucker, Sheila Patterson, and Charlotte Pearce of Floydada; Linda Powers of McAdoo; Jackie Durham of Lockney; Betty Haly of Muleshoe; Ann Hayes and Betty Shepherd of Sudan; Sherry White of O'Donnell; and Marilyn Jones of Post.

Boys—Keith Teague and David Lutrick of Floydada; Ronny Pierce and Danny Pierce of Post; Larry Champ of Hereford; May Ward of Muleshoe; Bob Kropp of Lockney; Corley Baker of Sudan, Jack Alexander of Spar and Fen Taylor of O'Donnell.

This weekend will see the "B" boys in the New Home tournament, December 17-19, the "A" boys will be in the Denver City tournament December 18, 19, and the girls will be in the Tulsa tournament December 17-19. The next home games will be two varsity games with Tulsa here

Those Sliding Glass Doors, Dangerous Conveniences

Almost every new home has a modern new sliding glass door that opens out on the patio.

Now, the reports continue to hit the newspaper desks all over the country of people walking into these doors.

It seems that when the doors are absolutely clean and spotless many people don't realize they are even there and walk right into them.

If the glass is not of the heavy shatter proof type, then the person is cut either from the contact breakage or the glass fall.

We read only a short time ago of a 14-year-old girl who ran through one of these doors and received a severe throat cut. She bled to death on the way to the hospital.

We note that a boy ran through one of these glass doors in a Plainview church last month and several stitches were required to repair the cuts.

One of our Floydada citizens walked into one of these glass doors in Plainview recently and broke some cartilage in his nose and suffered a severe nose bleed for two or three days.

This editorial doesn't seek to ban the use of these sliding glass doors, nor does it offer a "cure all" for this problem, but it does point out two or three ways this hazard can be eliminated.

Many glass door companies are beginning to sell a sliding glass door with a protective cross bar through

the center. Some companies offer for sale a door with shatter proof glass.

If you already have a sliding glass door without these protective measures, we suggest that you put a neat piece of tape across your door which will bring attention to the fact that there is a door there.

The Illegal Use Of Guns

THE ILLEGAL USE OF guns regulating the carrying of a concealed handgun, but they do propose the theory that a target shooter, a hunter, or a collector should be required to meet the same conditions. They do oppose legislation which denies or interferes with individual rights of our citizens or is designed purely for the convenience of law enforcement or for the purpose of circumventing due process of law in order to more easily obtain convictions.

In their concern with trying to prevent the use of firearms in crime, too many people forget that the right to keep and bear arms is critically significant to a free people. It is not by accident or merely because of the temper and conditions of the times that a guarantee of the right of the people to keep and bear arms is the second item of the Bill of Rights. Like other protections of the individual in the Constitution, as originally amended, this was a product of a knowledge and understanding of history—the kind of history which those who fail to understand are doomed to repeat.

As we strive to solve the problem of increasing crime in some areas, our efforts must be based on reason and knowledge, not on emotions and misinformation. Existing laws must be strictly enforced with severe additional penalties for individuals who use a firearm in the commission of a crime. Any proposed legislation must not be directed at firearms or the right to keep and bear arms, but at the illegal use of guns.

Proper Upkeep Extends Life Of Irrigation Equipment

COLLEGE STATION — Proper maintenance can extend the useful life of sprinkler irrigation equipment. And, with the irrigation season just about over, now is the time to do some of these maintenance jobs.

Check the engines and have needed repairs made now, says Wayne Keese, agricultural engineer for the Texas Agricultural Extension Service. Pumping units left in the field over winter should be covered with a waterproof tarpaulin or some other suitable structure. Special care should be taken to prevent moisture from entering the exhaust pipes of internal combustion engines.

Impellers and seal rings on centrifugal pumps require checkup; the engineer points out. Sprinkler heads should be removed and checked for excessive wear and repairs made if needed. Remove all gaskets and store them flat in a dry, cool location out of sunlight.

Store pipe on inclined racks well above the ground to provide drainage, air circulation and resistance to wind damage. Pipe left in the field during freezing weather should be completely drained after use, and secured from wind damage, advises Keese. Buried lines must have complete draining facilities in colder areas unless they are buried below the frost line. Tractor tow lines and other mechanically moved sprinkler lines should be placed near the edge of the field or in out-of-the-way area.

If fertilizer is applied through sprinkler systems, all equipment should be flushed thoroughly and cleaned before shutting down. Should corrosion be detected in any part of the system, Keese advises contacting the supplier immediately. If corrosion is detected early, several remedial steps can be taken to minimize damage.

Since there is a large investment involved in a properly equipped sprinkler system, it deserves to be protected, not only for extending its useful life, but also to get the most efficiency from its use, concludes Keese.

Floyd Philosopher Says Washington Has No Business Helping States Find New Taxes

Editor's note: The Floyd Philosopher on his Johnson grass farm apparently has his mind on taxes, his letter this week indicates.

Dear editor:

I found a copy of the Congressional Record on the road near my place the other day, I don't know how it got there, as far as I know there never has been a Congressman to set foot on this Johnson grass farm, which is balanced off by the fact I've never set foot in Washington; at any rate, I took the Record back to my house and was thumbing through it, reading a lot of speeches and debates and what is called extended remarks, when over on page 48 my eye caught a discussion on taxes.

According to this Congressman, I forget which state he was from, the Federal government ought to drop what he called a real estate transfer tax.

That's what caught my eye. Any time anybody starts talking about discontinuing a tax, naturally you perk up. It's like

Veterans Ask

Does National Service Life Insurance or U. S. Government Life Insurance ever count as income on claims filed with the VA?

Usually not. However, NSLI or USGLI does count as income for parents filing claim for Dependency and Indemnity compensation.

If a veteran had service in both World War II and the Korean Conflict period, which period would be used in figuring his GI loan?

Whichever service period would give him the latest deadline date would be used.

My husband was a veteran of World War I. Will the VA furnish a monument for his grave?

The Department of the Army will furnish a headstone or marker for the grave. Any VA office will assist in making application.

Kennedy-Lincoln Parallels

President Lyndon B. Johnson recently broke the "chain of parallels" between President Abraham Lincoln and President John F. Kennedy. Johnson (Lyndon) was re-elected while Johnson (Andrew) was defeated in his bid for re-election. Several months ago the Enterprise published several parallels between the two assassinated presidents. Thanks to Loyd Goldston and Dr. K. K. Golson (author of the book "Presidents are People") we can give you more of the parallels . . . there is still one question we wonder about . . . What happened to the man that killed John Wilkes Booth?

Fabulous Cake Features Filberts

Fill and frost a chocolate chip cake with Filbert Frosting and Filling if you want to make a truly fabulous cake. It's an extra delicious flavor combination. Decorate with filberts, too — the little domesticated hazelnut.

Filbert Chocolate Chip Cake

1 package chocolate chip cake mix
 1/2 cup toasted filberts, coarsely ground
 1/2 cup light cream
 1/2 cup granulated sugar
 1/2 teaspoon salt
 2 egg yolks, unbeatened

2 teaspoons butter
 1/4 cup butter
 1 pound unsifted confectioners' sugar
 to 4 tablespoons milk
 Additional filberts for decoration (optional)

Prepare cake mix as directed on package, baking in two 8- or 9-inch layer pans. Cool.

Combine nuts, cream, sugar, salt, and egg yolks in saucepan. Cook over low heat, stirring constantly until mixture thickens and turns brown, about 8 minutes. Add 2 teaspoons butter; mix well. Cool. Measure 1/2 cup and set aside. Spread remaining 1/2 cup between prepared cake layers.

Cream 1/4 cup butter with about 1 cup confectioners' sugar. Add reserved 1/2 cup cooked filling; blend. Then add remaining confectioners' sugar alternately with milk to spreading consistency, blending well after each addition. Use to frost top and sides of filled cake.

Note: To toast filberts, place in shallow pan in 350° oven for 15 minutes, or until lightly browned.

CENTER NEWS by Mrs. J. E. Green

Temperature Drops To 18

CENTER, Dec. 14—More beautiful days—and cold nights. 18 degrees last night.

Church was good Sunday at Calvary Baptist. Our Lottie Moon Christmas tree is almost to the goal. We were privileged to have in church Sunday a visiting soloist — Mrs. Ruth Williams Cox of Woolforth. She sang beautifully "Close To Thee."

Mr. and Mrs. Leo Frizzell visited two or three times last week in a Plainview hospital with friends there. Among those sick there were Mr. Beedy and Mr. Durham. We hope both are better.

Sunday afternoon the Frizzells attended the piano recital in the Lockney High School. Their two grand daughters, Rise and La Vonne Beedy, of South Plains participated.

Roger and JoAnn Gooch and baby and Bobby Welborn and family visited Sunday with parents, Mr. and Mrs. J. D. Welborn.

Mr. and Mrs. Clarmon Booth visited over the weekend in Chalco.

Field & Kitchen

(Continued from Page 3)

Monday night.

McAdoo Young Homemakers Chapter came to the Lighthouse last Wednesday afternoon for a candle demonstration.

The Broadway Club held their regular monthly meeting and their Christmas party last Thursday at the home of Mrs. C. K. Simmons in the Broadway community.

Christmas gifts were exchanged among the members and guests. Mrs. Simmons served delicious refreshments of cake, punch, and fruit salad.

The Wake Christmas party was held by the Wake Club for its members and their families at the Memorial Building in Crosbyton last Saturday night. A buffet supper, turkey and dressing, baked ham, and all the trimmings were served to a large group. Gifts were exchanged around the beautiful Christmas tree. Games of "42" were enjoyed until a late hour.

Don Dunavant, son of Mrs. Ed Dunavant, Lockney, was a Lighthouse visitor on Monday afternoon.

TIMELY TIPS:

Do you dread grinding raw cranberries for relish or salad because the juice splatters all over the kitchen? Then take them directly from the food freezer — frozen cranberries may be ground with no messy dripping at all.

When you make party sandwiches save the crusts trimmed from the bread. Toast, grind or chop in the electric blender. Then toss with melted butter and keep in your freezer until you need buttered crumbs for casserole toppings, crumb crusts and the like. They are all ready to go—no bother to make and so nice to use.

You might like to try mixing your baked beans with cubed sharp cheese. Makes them even more nutritious and delicious to eat.
