THE FLOYD COUNTY HESPERIAN

VOLUME LXXXI FLOYDADA (FLOYD COUNTY) TEXAS, THURSDAY, JAN. 14, 1965 NUMBER TWO

County's Bank Deposits Up \$1/2 Million Over '63

The annual rise of the total bank deposits of the two county banks continued this past year, as the year end bank call showed that the firms had an increase of almost \$1/2 million over the call at the end of the year's business last year.

However, the call in 1963 came on December 20, and the one for 1964 came on December 31.

The First National Bank of Floydada showed an increase of just over \$600,000 and the First National Bank of Lockney showed a loss in deposits (savings and demand) of \$28,900.

The amount of loans and discounts decreased somewhat at both banks when compared with 1963. In 1963 the two banks showed \$10,438,909.37 put on loan and on discount and at the end of business in 1964 that figure stood at \$9,150,176.18.

Record crops during the past five years contributed to the increase for the years before, but around Floydada, particularly, crops were not as good as the years before, but the deposits continued to increase.

Actual deposits at the banks showed the Floydada bank with \$10,108,210.50 on deposit compared with \$9,582,700.55 in 1963. Loans were given as being at \$6,024,999.28 compared with \$6,331,000.00 in 1963. At Lockney, deposits were \$7,001,349.53 compared with 1963's \$7,029,659.99. The loans at Lockney were \$3,125,176.90 compared with \$4,107,909.37 in 1963.

NOT too young to remember the old Georgia Stock Show used to have at home. I was growing up on it and I had supposed the company had quit making since all these new fangled drives and plows with the static drives and the motor have come on the scene. I was mighty surprised to see a brand new Georgia Stock Show in front of the Implement Company. Old Tom Burrow about said, "yep, they're bringing them and there are one of one horse and one of two who buy them." I wonder why they called it "Georgia Stock Show"?

Rites Today For Virgil H. Shaw

Funeral rites will be held this morning (Thursday) at 10 o'clock in the First Methodist Church in Floydada for Virgil H. Shaw, 611, who died at 11:55 p.m. Tuesday at the family home.

Rev. Charles Lutrick, pastor, will officiate.

Shaw had been in the dry cleaning business until ill health forced his retirement several years ago.

He was born Feb. 15, 1904 and was married in Floydada to Mary Gamble on July 18, 1936. He was a member of the Methodist Church.

Survivors include his wife; his father, W. A. Shaw; two sisters, Mrs. Glee Cornelis of Plainview and Mrs. Jean Austin of Lubbock; one brother, Sanford Shaw of Ferndale, Calif.; three nieces and one nephew.

Interment will be in Floydada cemetery under the direction of Moore Funeral Home.

Record Amount For End-Of-The-Year Call

The annual rise of the total bank deposits of the two county banks continued this past year, as the year end bank call showed that the firms had an increase of almost \$1/2 million over the call at the end of the year's business last year.

"A Friend In Need Is A Friend Indeed"

Farmers in the Lyleview area have pitched in to help a neighbor who badly needed help. Back in the fall they harvested the cotton crop of L. R. Rainbolt who was the hospital with heart trouble and this week when Rainbolt had to go back to the hospital they plowed his land.

Rainbolt is in the hospital at Crosbyton.

Another neighbor, E. H. Brown has been in the hospital with Edmond Brock so they also plowed his land.

A Hesperian reporter talked with Mrs. Rainbolt Tuesday and she expressed her sincere appreciation for the concern and love of the many neighbors and friends who have helped them in a time of need.

Some of the neighbors who helped the Rainbolt work this week were: Milton Harrison, Fred Boyd, James Lee Nichols, Don Harrison, Max Harrison, Duane McClintock and Smokey Lewis Pyle, Wayne Hatley, Walter Bestford, Clifford Heis and Douglas Rainbolt.

Living on the Brown land were Billy Kirk, Vernon Mitchell, Earl Edwards, Jr. and Howard Gene Bishop.

Others helped, but their names were unavailable at press time Wednesday.

McCray Rites Set For Today

Funeral rites for Mrs. K. M. McCray of Floydada, will be conducted this afternoon at 2 p.m. in the Idalou Church of Christ, Mrs. McCray died Tuesday afternoon in West Texas Hospital in Lubbock.

Survivors include two sons, L. P. of Floydada and H. O. of Idalou; one daughter, Mrs. Lola Downing of Lubbock; one brother, two sisters; one grandchild and 12 great grandchildren.

Hale Is Named To Caprock Hospital Board

Walton Hale, of Hales Department Store, has been named to fill the vacancy created by the death of the late Pok Goen. Goen was chairman of the Caprock board.

A meeting of the board will be called in the near future and the positions of the members will be determined at that time.

Goen died of a heart attack December 18.

Peeper On The Loose

According to several people that have called the police department recently there is at least one window peeper on the loose in Floydada.

One person called the department one night and said that someone was rattling the back screen door. That door was latched or the person could have possibly entered the home.

Several other people, particularly in the northwest part of town, have reported similar incidents, but even those reporting have been unable to give any kind of description of the person.

The police department warns all persons to keep their doors latched and keep window shades pulled to remove any temptations of such occurrences.

School Board Swings Into Expensive Band Problems

The Floydada school board devoted most of its regular monthly meeting Monday night to a discussion of the high school band's problems. Band director Jim Boyd was present at the meeting and outlined the band's financial situation.

Several items of concern were pointed out:

1. The band's instruments have not been kept in good repair in the past years and now an approximate \$14,000 is needed to repair repairable instruments and purchase new ones.
2. The instruments year out faster due to the fact that as many as three students use one instrument and the instruments are moved daily from Junior High to the High School.
3. The band uniforms are seven years old and almost worn out. A total of approximately \$3,000 is set aside in the booster's (See BAND, Page 8)

Thirty-One Cast Votes In Water Election Here

Only thirty-one of the qualified voters in precinct one and three went to the polls Tuesday to cast their ballots in an election for two Floyd County water district committeemen.

Of those cast, in precinct 1, M. J. McNeill received 19 votes and E. E. (Bill) Norris received 5. McNeill replaces Buster Simpson. In precinct 3, M. M. Julian received 6 and E. J. Kinslow received 1. Julian replaces Doodle Milton.

Men And Boys Needed Friday And Saturday

President of the Floyd County Fat Stock Show Eldon Fortenberry reports that every 4-H, FFA boy, their fathers, and neighbors are urged to be at the show grounds in Floydada this Friday and Saturday.

The ground is cleared and the building materials are ready to go for the building of an addition to the west side of the show barn.

Work will begin about nine each morning and everyone is urged to bring his hammer.

The materials were given to the Fat Stock Show group by the Producers Co-op elevator due to the dismantling of the old Massie building near the elevator.

Mothers MOD January 25

Plans are underway for the annual Mother's March of Dimes Drive in Floydada set for Monday night, January 25, according to Mrs. Sammie Hale, co-ordinator of the Mother's March.

Proceeds of the Drive will go for Birth Defects and \$1000 is needed for the Mother's March in Floydada.

This year there will be no downtown drive and businessmen are asked to have their checks ready on the night of the house to house canvas. It will be appreciated if porch lights are turned on. Mothers will ring your doorbell from 7 until 8 p.m.

Working with the Drive this year will be members of the 1962 Study Club of which Mr. Max Dyess is president and the 1962 Jr. Club of which Mrs. Harvey Allen is president. Anyone wishing to assist with the drive may call either of these captains or Mrs. Hale.

The local organization now has a Birth Defect film which will be shown on the night of the march at 6:30 in Lighthouse Electric. Anyone interested is cordially invited to see the film. It may also be loaned out to organizations who plan a program on birth defect. Anyone wishing to use the film should contact Mrs. Hale.

Local Chamber Of Commerce Banquet Ticket Sales Begin

Chamber of Commerce banquet ticket sales were kicked off at a breakfast board meeting Tuesday morning with Ralph Mardis being named chairman of the sales.

Charles Jarvis, DDS from San Marcos is scheduled to be the featured speaker at the banquet slated February 5 in the high school cafeteria and practice gymnasium. He will be introduced by Dr. Andrew McCauley, a local dentist.

Dr. Jarvis is a nationally recognized humorist. According to reports he is making several return engagements within a few months of the time he first appears in a town. Plainview tried to get him back for their Chamber banquet this year, and he appeared there only two years ago.

Tickets for the banquet are set at \$3.00. They may be purchased from Mardis or any of the Chamber members.

More than 450 attended last year's banquet and around 500 are expected to be in the gymnasium for the 1965 event.

Land Purchased Here For Large Rest Home

Announcement was made late Wednesday by Jerry Miller of Plainview that he will build a \$150,000 rest home in Floydada and construction will begin immediately.

The location of the new home is just west of the new hospital site in west Floydada. The real estate for the home was handled by Jim Haynes of Lubbock. The land was purchased from owners E. A. Robertson and Jimmy W. Sch.

Thalen Bros. Construction Company of Wichita Falls will be builder of the home.

The new home will be built in a four wing design and will be a 56 bed capacity. The Hesperian will publish architect's drawings of the structure in the near future.

Owner-manager Miller is a staff director of the Tex. Nursing Home Association and also owns the Plainview Nursing Home. He has been in this type business for ten years.

He said there were about 20 to 30 rest home patients whose homes are in Floydada who are now residing in area rest homes and he hopes to "bring them home."

Haynes said construction of the home would take about 120 days.

The Hesperian published a story about a month ago about a proposed rest home to be built in the southwest area of Floydada. Since that time, the owner who lives at Falls found that he was unable to go into building contract and the contract to build with the Chamber of Commerce has become void.

Break-Ins Continue As Three Firms Are Hit During One Night

The rash of burglaries and break-ins that hit a fast tempo a couple of weeks before Christmas picked up again here last week as three firms were hit during one night with at least \$500 in cash and merchandise taken from the businesses.

For the second time in about two months, someone broke into the display windows in the front of Bradford Jewelry on California Street Thursday night, reached through and helped themselves to several Spicard bracelets, tie tacs and other merchandise.

Houston Bradford, owner-manager of the firm said that he had lost about \$5,000 to burglars since his jewelry store opened at its present location in 1966.

Only about two months ago someone broke the display window on the west side of the entrance to the building around noon one Sunday, and helped themselves to a handful of watches.

Since that time, Bradford removes most of his more expensive items from the windows when he closes each day.

At Thrifty Super Market someone broke into that firm for the third or fourth time since the place opened for business only a couple of months ago.

According to manager, Harold (See BREAK-INS, Page 8)

Tooley, Assiter, Mardis New Chamber Officers

New officers for the board of directors of the Floydada Chamber of Commerce were elected at a board breakfast in Rogers Restaurant Tuesday morning.

Wendell Tooley was elected to succeed retiring president Wayne Brown, new director Tommy Assiter is new vice president and another new director, Ralph Mardis was elected treasurer.

Tooley is publisher of the Hesperian. Assiter is insurance agent for Southwestern Life and Mardis is manager of the Floydada Pioneer Natural Gas Company.

Brown presided at the meeting which was attended by several chamber of commerce members who will be selling tickets for the Chamber banquet February 5. Chamber directors will also be selling tickets.

Brown introduced new chamber directors: Walton Hale, Bill Cagle, Travis Jones, Mardis and Assiter.

In other business the directors discussed the annual county stock show, the possibilities of a new convalescent home for Floydada and the agricultural seminar which is sponsored by the chamber.

Amarillo Court Ruling Favors School Board

The Amarillo Court of Civil Appeals, upon hearing the suit entitled Edd Muncy et al vs. Ralph C. Johnston et al, ruled in favor of the latter, as testified Wednesday.

The Appellate Court decision was announced by Judge Brown.

Fire Does Damage To Farm Tractor

The Fire Department had a relatively slow week, as there were only one call, a fire on a tractor belonging to Bill Jones, when the fire started in the local department was summoned and the flame extinguished. According to Travis Jones, who reported the fire, the exact extent of damages is not known, however, it will probably be several hundred dollars. The cause of the fire is not known.

Local Residents Plan To Attend Inauguration

At least one Floydada family is presently making plans and studying maps in an effort to attend the presidential inauguration of Lyndon B. Johnson in Washington next Wednesday, January 20.

It is the M. J. McNeill family of 833 W. Tennessee, Floydada. According to Mrs. McNeill, the family intends to leave this coming Saturday morning, make the trip a tour of points of interest around Washington and other eastern points and return Sunday, January 24. "We have to be back in time to get our daughter back in school on Monday," Mrs. McNeill said.

The trip is pending on the weather conditions here and at Washington.

This is one of the two things the family has always wanted attend. The other is the Rose Parade, which the family has been fortunate enough to see two times.

HELLO WORLD

Mr. and Mrs. Virgil Boothe of El Paso are parents of a baby daughter, their fifth, who was born Saturday, Jan. 9. The baby was named Tammara Joi, and arrived on her maternal grandmother's birthday.

Grandparents are Mr. and Mrs. Wayne Russell of Floydada and Mrs. John Taft of Lubbock.

Farm Outlook Appears To Remain Unchanged In '65

COLLEGE STATION — The overall agricultural outlook for 1965 takes on a complexion pointing to an increase in demand as well as an increase in supply of farm products. Farm prices and incomes, however, are expected to remain relatively stable.

Markets for farm products on the home front will continue to expand due to economic growth, rising consumer incomes and population growth, reports John McHenry, Extension economist, Texas A&M University.

Looking to the foreign market, agricultural exports in fiscal 1964-65 are anticipated to continue at a high level, though somewhat below the record-setting total of \$6.1 billion last year. This total was 20 percent above the previous two years.

Producers of agricultural commodities, however, will still be confronted with large supplies of

farm and ranch products, says the economist. Because of the expected increase in carry-over stocks, particularly for grains and cotton.

With the large surplus of farm products, little hope exists for an increase in average prices received by farmers.

The little change is foreseen in livestock product prices, crop prices will probably be slightly lower in 1965.

McHenry estimates that total gross income realized by farmers and ranchers will remain the level of the past two years. This income includes receipts, government payments and non-money income. Furthermore, only small increases in production expenses are in prospect compared with increases in

cent years.

Farm assets during 1964 are anticipated to increase more than three percent, due mainly to rising land values. Farmers' debt, though, continue to rise, says McHenry, and there will be a greater need for farm credit for acquisition

Poll Tax Payments Very Slow

According to records at the Floyd County Tax Assessors-Collectors office this week, only

1267 residents have paid their poll taxes for 1965. Six exemption slips have also been issued.

C. J. Payne, Tax Assessor mentioned the fact that people have only until January 31 to pay the tax and be eligible to

vote in any local, county, or state election that may be held this year.

In 1964, a National general election year, 3,327 county voters paid the tax, and 95 purchased exemption certificates, or

were exempt from the poll tax due to age.

Among the elections coming this year are: school board, city council, and the Mackenzie Municipal Water Authority, which passes the state legislature.

George ELKINS

Starting next week, there will be no mention made of money from the pulpit, in the classes, in the bulletins of the announcements. We have decided to stop making references to our budget and money. We will not even embarrass folks by passing the collection plates. If you want to be something, you can slip it to one of the brethren after service—from now on, no more talk about money!

Oh, yes, starting Sunday, please bring your own chair to sit on, because we will sell the pew. Save money on furniture wax. You might also bring an extra seat or fan in case the weather unexpectedly changes, since we will let the air-conditioning equipment "go back" and save that utility bill. Try to pick up a song book somewhere, in case you do not yet memorized the hymns and a candle if you come on Friday night — we are cutting cost by cutting off the lights.

Some of you be sure to prepare a few sermons, wedding and funeral talks so we can give our preacher a hot, unpaid vacation. Everyone be sure to bring a bucket of water in case of fire or baptism, as we have turned off the water meter.

Let's all make one more drive before Sunday, pay the return fare on all our missionaries, then we'll not be bothered with them further.

This is what would happen if churches followed the advise of many and "quit harping on money"! It takes money to support any worthwhile effort, certainly this is so of the Lord's Church.

MRS. WAYNE G. PICK
(former Janet A. Bridges)

Vows Solemnized For Janet Ann Bridges, Wayne Pick

Wedding vows were solemnized for Miss Janet Ann Bridges and Wayne G. Pick on December 27th in the Ascension Lutheran Church in Houston.

The bride is the daughter of Mr. and Mrs. Malcolm Bridges of 6727 Holly Grove, Houston, formerly of Floydada, and the granddaughter of Lee Rushing of Floydada and the late Mrs. Rushing.

Mrs. Arthur Pick of Houston and the late Mr. Pick are parents of the bridegroom.

Mrs. Bob Poe of Amarillo, aunt of the bride, was matron of honor and Dr. Jack Price of Houston was best man.

The bride attended Southwestern University and is a graduate of the University of Houston. Her husband is a student at the University of Corpus Christi where the couple are residing.

White candles flanked the wedding scene of baskets of white gladioli and green foliage.

Mrs. Bill McDonald, sister-in-law of the bride, Commerce, was scholastic and sang, "Because" and "I Love You Truly".

For her wedding the bride wore a white floor length gown of slipper satin designed by her mother. The lace covered bodice was highlighted by long tapering buttoned sleeves. She wore an elbow length veil of illusion attached to a crown of seed pearls and carried an orchid bouquet.

She was given in marriage by her father.

Beverly May of Mineral Wells was maid of honor. She was attired in a blue satin street length dress and carried white carnations.

Candlelighters were Mary McDonald, cousin of the bride and Ricky Leatherman, brother of the groom. The feminine candlelighter wore a blue street length frock styled as the maid of honors.

Ted Anderson of Floydada, brother in law of the groom, was best man. Ushers were Donnie Leatherman of Millsap cousin of the groom and Bill McDonald, Commerce, brother of the bride.

For her daughter's wedding Mrs. McDonald chose a blue wool suit with black accessories and the groom's mother selected a rose colored wool suit with white accessories. Both wore corsages of white carnations.

The bride's parents gave the reception which followed the wedding. Members of the house-party were Barbara Clary and Marilyn Howard both of Mineral Wells.

Hawkins-McCain Vows Repeated Friday Night

Wedding vows were exchanged Friday night at 8 p.m. for Miss Patricia Le Hawkins and Don McCain. The double ring ceremony was read by Rev. Paul E. Burch in the home of Miss Barbara Pendergrass in Lubbock.

Parents of the couple are Mrs. Bobby Winkels of Lubbock and Mr. and Mrs. J. T. McCain of Floydada.

The bride wore a two piece powder blue suit, a small pill box hat and matching blue accessories. She carried a bouquet of pink carnations and pink rosebuds.

Miss Pendergrass served as maid of honor. She wore a royal blue two piece suit with matching accessories and carried blue carnations.

Dale Jones of Lubbock was best man.

Following the ceremony a reception was given in the home.

The couple are on a wedding trip to points in Louisiana, Tennessee and Florida and will return to Lubbock where they will reside.

The bride is secretary for Western Tank and Steel Corp., and her husband is sales manager for Flash-O-Gas in Lubbock.

MR. AND MRS. EARL BISHOP

Earl Bishops To Observe 60th Wedding Anniversary

Mr. and Mrs. Earl Bishop will observe their 60th wedding anniversary on January 11th in the Floydada High School Cafeteria.

Calling hours are from 2 until 4 p.m.

The former Lillie Davis and Mr. Bishop were married on January 16, 1905 in Franklin, Tex. They moved to the Floyd County area in 1925 from Hasbell.

The couple have two sons, Holt of Floydada and David of Shallowater; three daughters, Mrs. H. R. Noveck and Mrs. R. W. Howard of Lubbock and Mrs. Riley Teague of Floydada 11

grandsons, six granddaughters and 24 great grandchildren.

James Word is speaker for 34 Club Meeting.

James Word was guest speaker for members of the 1934 Study Club at their regular meeting on the night of January 5. Word spoke on "What is an Episcopalian?"

The speaker was introduced by Mrs. H. G. Barber. Mrs. Vernon Parker was in charge of the program held in the PCA room with Mrs. W. D. Mount as hostess.

Mrs. Joe March was also on the program and gave a talk on the Disciples of Christ.

Mrs. J. P. Moss, president, was in charge of the business session. Roll call was a verse from the Book of Genesis.

Those attending were Mmes. H. G. Barber, Wilson Bond, Ralph Cogdell, Dennis Dumpsey, R. G. Dunlap, J. S. Hale Jr., Ralph Johnston, Joe March, M. J. McNeill, J. P. Moss, W. D. Mount, W. O. Newberry, Vernon Parker, John Stapleton, A. L. Wylie Jr., M. A. Yancy, John Hotchkiss and guest, James Word.

The next meeting is January 19 in the home of Mrs. W. O. Newberry.

Jr. Study Club Meets With Mrs. Melvin Lloyd.

Mrs. Melvin Lloyd was hostess on Tuesday, Jan. 5 for the meeting of the 1962 Jr. Study Club.

Mrs. Henry Watson gave the club collect and Mrs. Elmer D. Williams read the quote. Roll call was answered with the household chorus "I enjoy most."

The meeting was called to order by Mrs. Harvey Allen, president, followed by Mrs. Alton Higginbotham reading the minutes of two previous meetings.

Mrs. Max Harrison gave a treasure report for the month of January and all were approved.

A note of appreciation was read by Mrs. Allen from Mrs. Soebie New concerning the Christmas party given her special education class by the club.

Members decided to put the remaining cookbooks on display at Piggly Wiggly and Powell's Super Market for those wishing to purchase an unusual variety in Texas cookery.

The March of Dimes Drive was discussed. The club along with members of the 56 club will assist in the drive on January 25. Linda Bateman, Mrs. Max Harrison and Mrs. Henry Watson were appointed as captains. They will select three persons, who in turn will select the same number to canvas a designated area of the town in approximately one hour.

Vesta Savage Senior Citizen Queen For A Day

Mrs. Vesta Savage was named the first Queen for a Day at the regular Senior Citizens' meeting held in the Methodist Church Tuesday afternoon.

She was crowned by Mrs. C. B. Lyles, president of the organization.

Several merchants contributed gifts, and gifts were presented by members of the Senior Citizens group.

Contributing merchants include: Park Florist, Kirk and Son, Dysons, Hales Department Store and Goen Drug.

Study Club To Assist Senior College Girl

The 1922 Study Club voted at their January 7 meeting to lend \$50 to a worthy colored girl who is a senior in college and also voted to present her with a \$15 money gift.

The meeting was held in the home of Mrs. D. W. Burke with Mrs. R. L. Nichols, president, presiding.

Mrs. Nichols was elected to attend the Canrook District workshop to be held in the Hob-Nob Room at Hemphill Wells in Lubbock.

Members answered roll call with a health hint, which proved to be helpful and also humorous.

Mrs. Billy Brown, who teaches at Andrews Ward School, was guest speaker, and gave a very enlightening and interesting talk on speech and hearing therapy.

Mrs. Henry Watson gave the club collect and Mrs. Elmer D. Williams read the quote. Roll call was answered with the household chorus "I enjoy most."

The meeting was called to order by Mrs. Harvey Allen, president, followed by Mrs. Alton Higginbotham reading the minutes of two previous meetings.

Mrs. Max Harrison gave a treasure report for the month of January and all were approved.

A note of appreciation was read by Mrs. Allen from Mrs. Soebie New concerning the Christmas party given her special education class by the club.

Members decided to put the remaining cookbooks on display at Piggly Wiggly and Powell's Super Market for those wishing to purchase an unusual variety in Texas cookery.

The March of Dimes Drive was discussed. The club along with members of the 56 club will assist in the drive on January 25. Linda Bateman, Mrs. Max Harrison and Mrs. Henry Watson were appointed as captains. They will select three persons, who in turn will select the same number to canvas a designated area of the town in approximately one hour.

The resignation of Mrs. James Hale was read and accepted with regret and a six month leave of absence was granted Mrs. Harrison. Linda Bateman was elected to fill the office as treasurer in place of Mrs. Harrison.

Linda Bateman gave an informative talk on Public Affairs and Mrs. Harrison followed with a program on Juvenile Delinquency. Its influence in the home, in the school and in the community. Solutions and suggestions were included the program along with an informal group discussion.

After adjournment refreshments were served to Mmes. Kay Crabtree, Keith Thompson, Merle Stephens, Max Harrison, Elmer D. Williams, Alton Higginbotham, Harvey Allen, D. Morris, Henry Watson, Bob Welborn, Ronnie Dalton, M. Carver, Jerry Bullock, Linda Bateman and Mrs. Melvin Lloyd.

Club will meet again on Jan. 19 with Mrs. Stephens. It will be a guest night, and Miss Marlene Kessels will be speaker.

Work Begins On Childrens Theatre Production

Work began Tuesday of last week on a Childrens Theatre Production of "Alice in Wonderland". The script is an original one written especially for children and teen agers and features songs and dances from the Broadway production of this classic children's story.

Carla Bean, Denise Chadwick, Cathy Gilly, Susie Hill, Annette Jordan, Allison McLain, Brynn Smitherman, Jennifer Yeary, Kacky Weems, Shelly Stevens, Carol Cogdill, Connie Cogdell, Shane Stevens, Gale Yancey, Christy Brown, Marilyn McLain, Rande Lu Brown, Jill Stansell, Web Brown, Kit Martin, Sara Stanforth and Suzanne Guthrie, Children's Theatre productions, will be presented in the High School Auditorium, in the late spring. Others who might be interested in Children's Theatre work can contact Mrs. W. E. Brown, Jr., for information.

Farm Bureau Facts & Faces

SOMETHING NEW is being added! Selling hay on a quality basis will be given a big boost when Farm Bureau's Hay Testing Program goes into effect this week.

The Farm Bureau member takes a small, representative sample of hay, places it in the envelope provided at the county office, encloses a check or \$1.50 and mails it to the address on the front of the envelope. One day service will be given on the samples. The sender will have his results back in short order.

Unless he requests otherwise, his listing of hay will be carried in the next Farm Bureau "Hay Report" which is made available only to county Farm Bureau members. If you produce hay for the market or for your own use, why not try this service as soon as possible?

THREE MONTHS of the Farm Bureau New Year are already gone and half of the month of January, 1965 is history. How much work has been done by the 1965 committee? Let this listing of committees serve as a reminder that time is flying.

NOXIOUS WEED DISTRICT NEWS: Mr. and Mrs. C. W. Whirllette 'B' Team Gets To Finals In Anton Tourney

The Whirllette "B" team, playing varsity teams from other towns, participated in the Anton tournament this past weekend and reached the finals before they were defeated by a team from Three Way 36-34.

On the way to the finals, the locals were paced by Sally McIntosh and Valonna Bennett as the team downed Southland 47-34. Valdonna sank 17 points and Sally followed with 16 to lead in the scoring for Floydada. Sales from Southland hit 25 points to lead that team.

The locals were one point behind at halftime, but during the third quarter far outreached the Southland six to lead 33-25 going into the final quarter.

During the second round, against Anton, the locals led on the accuracy of Patsy Pierce who sank 25 of the locals points in the 48-38 victory. Sally McIntosh hit 19. Sharia Williams

FFA NEWS

FUTURE OF FFA PRESIDENT (By Larry Patton) The FFA organization has been a prime factor of learning that has helped Charles Overstreet in his pursuit of the farming vocation. FFA has stressed the importance of good farm records, the importance of good marketing and good farm and ranch management. Overstreet believes that farm schools learned in shop and home projects will be of great value in his future farming. He is a junior in Floydada High School and vice-president of FFA last year and president this year. Being sentinel of the District FFA organization and a Floydada delegate in the last National FFA convention in Kansas City, shows his activeness in FFA.

Overstreet's major projects include a five acre dry land cotton crop, 30 acres of dryland wheat and a small herd of cattle. His experience and success is due partly to his father's and his brother, Robert's, interest in his farming vocation. Overstreet plans to attend Texas A&M after graduation and will major in animal husbandry. After college he plans to practice his major in a farm and ranch partnership with his brother.

Lee Carver, charged with driving while intoxicated, subsequent offense, was sentenced to six months in the county jail.

Pre-Planting Irrigation Suggested

Irrigation farmers who want to be prepared to water their 1965 crops are being reminded by W. H. Nelson Irrigation that the time for pre-planting irrigation is "nearer than you think."

When the irrigation season starts you can be irrigating instead of repairing—if you put all equipment into operational order early. Submersible pumps can be checked with special equipment for shorts, before the well is turned on. It could save you a burned out motor.

They can also replace motors for your pump. Check their prices on pull-in and setting and repairs of all submersible pumps and quotations on new installations. Nelson Irrigation is dealer for Raymond Submersible Pumps and A & C Turbine Pumps. The telephone number for W. H. Nelson Irrigation is YU 3-2894.

Floyd Philosopher Aims To Adapt To The Great Society If He Doesn't Have To Change

Editor's note: The Floyd Philosopher on his Johnson grass farm takes a look at the Great Society over the top of his glasses this week.

and there are a few questions I need answered. In the first place, how much will be exerted on me? Will this farm fit into the finished plans of the Great Society? I mean, which one will have to yield, me or the G. S.?

withstood the efforts of the New Deal, the Fair Deal, the Eisenhower Deal and the New Frontier to change it. Yet this fellow Lyndon Johnson seems to have a drive that might sweep my gates back on their hinges and replace the loose boards on my front porch, although I will try to avoid the contagion and hold out as long as I can.

Understand, I'm in favor of the Great Society, but I'm asking these elementary questions so we both know where we stand before we rush headlong into it.

Therefore, I will appreciate your contacting our Congressman and getting him to look up the details on this. I don't want to start in the way of the Great Society, but on the other hand I don't want it to budger me. The plans and me ought to be coordinated before Congress settles down to work.

Break-Ins

(Continued from Page 1)

Ellison, the only things that could be missing could possibly be a few cartons of cigarettes and some cigars, but, he said, "We would have to have a complete inventory to see exactly what is missing".

A few weeks earlier some prowler entered the building and managed to escape with some Times watches.

Also, Thursday night, someone tore the coin container on a newspaper rack that was setting in front of Thrifty, that probably contained only a few dollars.

It is not known just how the person gained entrance to the super market last Thursday night, but it is known someone was in there, for the back door to the place was standing open and the light just inside the back entrance was burning, and it normally wouldn't be.

Hollis McLain, at McLain Conoco, opened his doors for business only last Monday and someone broke into his firm during Thursday night's rounds.

Actually there was no sign of forced entry into the building, but it was obvious that someone forced the office door open where they managed to get about \$400 in cash, checks, and credit card receipts. It is thought a tire tool was used to bend the doors and break the latch on the office door.

"The only place I can see they came in is through the window in the ladies rest room, but I thought that was left closed last night", McLain said.

The window was partially open when he arrived at work Friday morning. It was mentioned that the person would have to be relatively small to enter the building by that route.

The possibility of someone hiding in the building when it was closed Thursday night was ruled out, for the only place a person could hide would be where the attendants would be to turn off the power to the pumps. And the only time a person could have entered and stayed inside was while the air hose that rings the service bell was being rolled up. This hiding method was used to get into Thrifty Super Market a few weeks ago.

According to McLain he is at a loss as to the actual method used to enter the building. Friday afternoon a Latin American found most of the checks and credit card receipts belonging to the Conoco station by the side of a road. The loss was therefore cut to just under \$200 at that firm.

This is the greatest break-in activity that has confronted the law enforcement officials here since just before Christmas when three firms were entered and various equipment was forced open, though unlocked, in a period of only two nights.

Last week someone broke into Goen Drug and Pharmacy, also. No one has been apprehended in connection with any of these mentioned break-ins.

fund and school uniform rent fund for purchase of new uniforms which will cost about \$10,000. The Floydada band boosters bought the present uniforms in 1956.

A survey that Boyd had conducted revealed that most all area schools purchase uniforms without help of towns people or booster clubs.

The unfairness was pointed out in the method of assigning instruments for students to play. The school usually furnishes the more expensive instruments free gratis. The less expensive instruments are purchased by parents.

Some discussion centered around the possibility of the school's purchasing all instruments and renting them to all students. This would be a better situation for the parent who pays from \$150 to \$700 for an instrument and then suffers a tremendous loss of money when he tries to sell it after the student graduates.

It was pointed out that the High School band has dropped from a one time membership of 120 to 76 this year. Boyd pointed out that in order to build back the size and quality of the high school band that a three or four year program of more interest in the Junior High level must be developed.

The board took no official action on the problem, but assured Boyd that something would be done to secure the necessary instruments and repair on ones now in possession of the school.

In other business the board approved the payment of \$3,000 on the stadium warrant held by the First National Bank.

It also went into a study on state requirements as it concerns inter-educational requirements.

All board members were present, school secretary Mrs. Lorin LaBried and business manager tax assessor Dave Eaton.

KAY HARMON

New Parts Manager At Reed Ford

Kay Harmon, formerly of Breckenridge, has accepted the Parts Manager position at Reed Ford Sales on the Ralls Highway. He is a native of Morton and Muleshoe, Texas, but graduated from House, New Mexico High School. There he gained a basketball scholarship to New York State College, but was never able to take advantage of it. He did attend Eastern New Mexico University in Portales, however.

Harmon is married to the former LaQuita McCoal of Earth. They have two children, Twyla Kay, age 2½, and Russell Douglas who was born on December 24, 1964.

They reside at 428 W. Virginia and attend the Baptist Church. His hobby is drag racing. While he was employed at McCoy Ford, he won the National championship in the H-Sportsman Class (289 cubic inch engine) with a 1963 Falcon. Harmon said the record was a 13.27 ET at 109.09 MPH in a quarter of a mile from standing start.

ing over a lot in a small southern town. The man who had a home next to the lot was what we would describe as an old crab. He warned the stranger against buying the lot.

"If you buy that lot," he threatened the stranger, "you'll buy a law suit, because three feet of this lot is mine!"

The stranger did not get excited but replied in a very soft and courteous tone that he liked the neighborhood and he believed that he would like the people who would be his neighbors. He thought it would be a good place to build a home and rear his family. "Since I like this lot so well I am going to buy it," replied the stranger, "but I'll deed you the three disputed feet."

His frankness and his willingness to make a concession won the respect and admiration of the old crab who extended his hand in friendship and prove to be a good neighbor ever after. (Cheer Magazine)

Lockney Fireman Suffers Heart Attack At Fire

A Lockney volunteer fireman suffered a heart attack Monday morning as he was helping to extinguish a blaze on the Max Jordan farm.

Moody was taken to the Lockney General Hospital where he was listed in fair condition Monday night.

The fire started in the garage of the Jordan home, 5½ miles southwest of Lockney and destroyed the garage and caused heavy damage to the remainder of the residence Monday morning.

The cause of the fire was not known.

T. B. Mitchell, owner of the house, estimated damage at \$3,700 or \$9,000. Some of the Jordan household furnishings and clothing were saved.

Mrs. Jordan was home when the 9:30 a.m. fire was discovered. Jordan is the son of Mrs. Ollie Jordan of Floydada.

\$168 Million New Telephone Construction for Texas in 1965

Continuing improvements in telephone system will make your service even more dependable and valuable

Telephone service in Texas ranks with the world's best. It always has. Even so, in 1965 Southwestern Bell will spend another \$168 million to make it better still. This construction program is the biggest in history. It is necessary to provide for the growing telephone needs of Texas. But it's more than that. It also is an intensified effort to make even better the service you already have, whether you live in a big city, a small town, or on a farm or ranch. Our objective is to make your telephone service more useful, dependable, convenient and valuable than ever before.

Here are some of the things we'll do in 1965 to make your telephone service better

- NEW STORMPROOFING: In 1965, we'll put more than 500 additional miles of telephone cable underground, because that's the safest place for it. Safe from wind, rain, hot weather, cold weather, stormy weather. This will add to the dependability of your long distance service.
DDD IMPROVEMENTS: For those customers who have Direct Distance Dialing, service will be faster and easier than ever before. Complex new testing and trouble-reporting equipment is being built into the system to help maintain the quality of transmission and quickly trace and remedy problems that might affect your service.
NEW BUILDINGS, WORK CENTERS: Southwestern Bell will erect 15 new buildings in Texas in 1965. The largest will be the new \$13 million South Texas headquarters building in Houston. Other new telephone buildings will be erected in Amarillo, Midland, Dallas (two buildings), San Antonio, Beaumont, Rosenberg, Cleveland, Waco, Pasadena, and a three-building complex in northwest Houston. Additions are planned for telephone buildings at Fort Worth, Dallas, Amarillo, Forney, Monahans and Houston. Also, 16 new installation, repair and construction centers will be built across the state.
NEW MICROWAVE MAGIC: The magic of microwave will provide thousands of new voice ways for long distance calling in Texas this year. For example, new systems will link Sweetwater and San Angelo, Fort Worth and Waco, Houston and Beaumont. Via a network of such microwave antenna towers and transmitting stations, your phone calls are relayed from point to point with the speed of light.

Witnesses To Hold Mid-Winter Convention

Clarence V. Hill announced today that the Plainview congregation of Jehovah's Witnesses is invited to attend a mid-winter convention in Hobbs, New Mexico, January 22-24, 1955.

Hill, presiding minister of the group, in discussing the announcement to the congregation, pointed to the challenge of "obedience to God amidst a worldward way."

The convention is one of three arranged each year by the Watchtower Bible and Tract Society for Jehovah's Witnesses all around the earth. In over 23,000 congregations in 194 lands, the Witnesses also have five training classes each week to aid them in applying Bible principles in daily living.

The Sunday climax will be district supervisor Harry A. Fetzik's lecture on the subject, "Our Divided World — Is It Here to Stay?" Mr. Fetzik, well known Bible teacher and lecturer, out of the group's headquarters in Brooklyn, New York, will arrive the week prior to the assembly.

TAX MAN SAM SEZ:

The new dividend exclusion feature of the 1954 tax law may give Texas taxpayers a break. If either the husband or wife has excludable dividends they can exclude the first \$200. The 4% dividend credit has been reduced to 2%. The average investor will benefit more by having the large exclusion. The advantage in Texas is due to dividends being community income. In non-community property states they could only exclude 10% for the husband or the wife if the stock was all in the name of one spouse. In Texas, it pays to have a spouse in the house.

Floydada Blasts Lockney For Two District Wins

PAGE 4 THURSDAY, JAN. 14, 1965 FLOYD COUNTY HESPERIAN

Keith Teague Sets New School Scoring Mark

In a double header that featured the Floydada Whirlwinds and Whirlettes against two Lockney teams here Friday night the local teams took two conference opening victories at the expense of the neighboring team.

During the course of the boys game, Keith Teague set a new school scoring record as he sent 50 points through the hoop in the 99-43 whirlwind victory.

The Whirlettes downed their Lockney opponents by the score of 63-45.

Whirlettes
Typical of the Whirlettes type of playing, they jumped to an early lead and never let the pressure of the visiting team.

The locals led 17-11 after eight minutes and held a 34-18 halftime lead after allowing the Lockney girls a mere 7 points during the second quarter.

As the half began, the locals pulled farther and farther away and held a 53-29 lead going into the final stanza. Although several of the starters were not playing during the final quarter, the Whirlettes added 14 points to their cause but allowed the visitors 17. However, the host team was far out of the reach of their conference counterparts.

Shirley Rainer was the girl with an eye for the basket during the game as she turned 25

points through the hoop to lead the secrets. Pat Pierce added 22 and Dee Wilson 18 to account for most of the locals scores. Myra Quebe paced the Lockney team with 21 points, followed by Judy Johnson with 11.

Pat Pierce fouled out of the game during the fourth quarter or her total could have possibly been higher.

Whirlwinds
Near mid-way in the fourth quarter of the Winds victory over the Longhorns, the fans could sense that the team could reach the century mark with a little added effort, and chants to this respect could be heard throughout the waning minutes of the game.

However, that effort did not come, for the locals missed that 100-point game by one lone point.

As before mentioned, Teague dropped in 50 points to break an old school record of 42 points to be scored by a Whirlwind in one game. This total too, could have been topped for Teague spent several minutes on the bench during the game.

As the game began, it was obvious that it would be a high scoring encounter, for the locals effort had amassed 34 points at the end of the first quarter, and allowed the hapless Lockney crew only 12. At

halftime the score stood 43-23. As the game progressed, the locals almost tripled the Lockney crew at times, but they did more than double the visitor's score throughout the ball game.

Going into the final stanza the Whirlwinds held a 73-31 margin and finally defeated Lockney by the 99-43 score.

In the scoring department Teague was followed by Kerry Bearden with 12 points, Bob Kropp led the Longhorns with 11.

McAdoo
Last Tuesday night the local teams split two games with McAdoo in their conference games. The girls defeated McAdoo 65-26 and the boys fell at the hands of their counterparts 72-67.

In the girls game Dee Wilson led the locals in scoring by sinking 25 points. She was followed by Shirley Rainer who sank 20 and Pat Pierce with 15. Natalie Neff led McAdoo with 14.

The Whirlwinds took an early 19-5 lead and widened that margin with each quarter. At halftime the score stood 34-14. Going into the final eight minutes the locals led McAdoo 51-26.

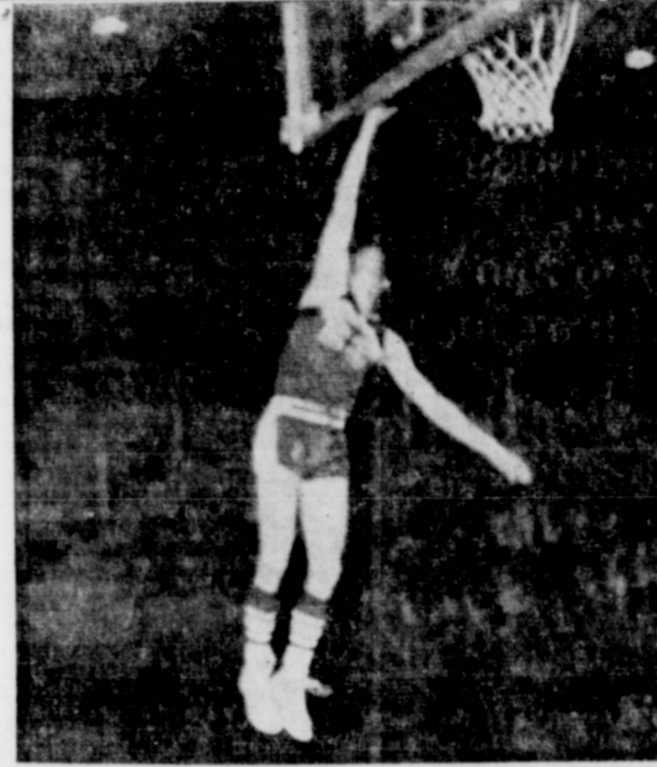

The Whirlwinds spotted McAdoo one point, 12-11, end of the first quarter and were still trailing 33-32 at halftime.

Going into the final quarter, the Whirlwinds had erased that deficit and moved up to take the lead 49-47 going into the final eight minutes of play. But the locals allowed McAdoo 25 points while making only 16 in the closing stanza to lose the game.

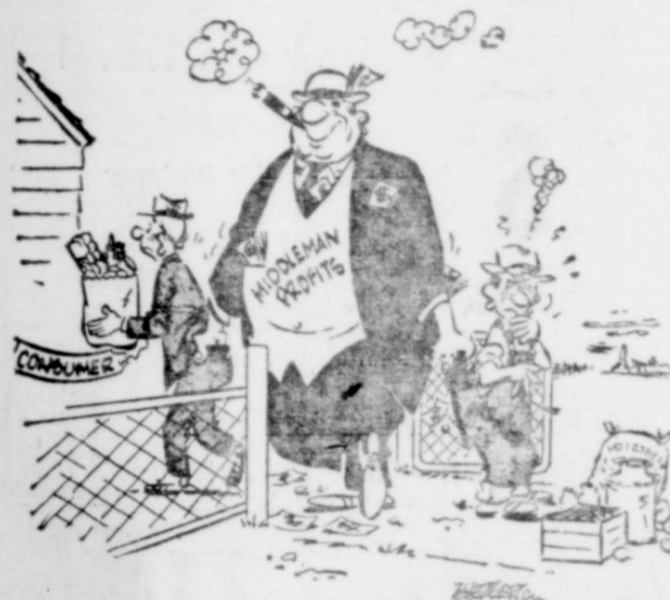

Teague hit 32 points to pace the Winds and Dobbs hit 16 for McAdoo.

The Floydada teams were scheduled to play Friona in the second conference tilt for both teams Tuesday, but the results could not be reported here.

FOUR OF NINETY-NINE — In the top picture Kerry Bearden is shown going up to drop in a score for the Whirlwinds in last Friday night's first conference game against Lockney. In the picture at right, Keith Teague broke loose for a clean lay-up. These two baskets accounted for four of the ninety-nine points scored by the Winds as they downed the visitors 99-43. humiliating defeats. Those who saw the games at Graves Gym last Friday night were more than impressed, I'm sure, at the performance of both the local teams. The Whirlettes won their game 69-46 and the Whirlwinds defeated the Longhorns, 99-43.

Both the games were fast moving, they had to be to amass such scores, and were interesting, even though both were somewhat lopsided.

One particular point made my eye during a game, and that is how one team will change its tactics to take advantage of the opponents mistakes.

During the third quarter of the Whirllette game, a time out was called by the locals, and Coach Kelly Chadwick devised a play in that time to break one of the forwards open if the Lockney team continued to defend the way it had been doing.

Safe enough, the Whirlettes continued to run their set pattern to work the ball into shot range, but instead of taking the set shots from outside the guards, one of the forwards did manage to shake her guard and break toward the goal to get a lay-up shot. This went on several times before the visitors had to change their guarding techniques to halt the move.

During the fourth quarter, the locals called time out and a play was devised with a piece of chalk on the floor. According to Chadwick, as he was talking Saturday morning, the play never did go according to the way it was planned.

However, that didn't seem to matter, for the locals were twenty points ahead, and could use the Lockney team for scrimmage partners.

For several minutes during the last half, the Whirllette guards didn't have much to do except watch the game from the opposite end of the court. The reason was this:

One of the Whirllette forwards made a field goal and before the Lockney team could work the ball to the opposite end of the court, Shirley Rainer intercepted one of the passes. This occurred three or four times, and the locals added ten points to the scoreboard before the Lockney forwards had possession of the ball.

Plays like this make the Whirlettes a great team. If they can continue to do so on through the remainder of the district they should go a long way, but competition is tough in this district. In fact, the two teams have just completed their easiest district game.

The Whirlwinds have turned into the surprise team for the local fans, just as they are surprising the district. Early in the season an area sports writer picked the Whirlwinds to be last in the district, but it seems the football team was picked to be only third in the district.

Being a relatively small team, the Whirlwinds took advantage of the Lockney team in moving up and down the court so many times and so fast. By halftime, they had the Longhorns worn out, and the remainder of the game continued like a race.

Accuracy prevailed, also, as the local team amassed 99 points. Of this amount Keith Teague blasted in 50 points. He is standing with an average of between 25-30 points per

Della Plains Teams Dispose Of Olton In Second District Win

Both the Della Plains teams took their second conference victories at the expense of Olton last Friday night to stand at 2-0 in the district.

Although Willie Simon, the rebound specialist of the Hornets was not able to play much in the game, the locals still took the victory by an impressive 61-38 count.

The Hornets routed the Olton girls' team by a 59-20 score.

Last Tuesday night the boys A and B teams played Lubbock and both local teams lost their games. The varsity score was 60-87, Lubbock, and the B Team lost 76-40.

In the Memphis tournament, played this past weekend, the local team met Paducah, for the third time this year, and for the third time lost to the former State Champs. And once again the margin was very narrow, 62-59.

In the B game against Lubbock, James Johnson of Lubbock led in the scoring department with 16, and he was fol-

School Tax Payers Should Be Concerned About Costs

It is noteworthy that building costs continue to rise each year and the longer building of a much need- ed cafeteria and grade school is delayed in the Floyd- ada school system . . . the more money it will cost all of the district's tax payers.

The suit brought against the school board has already delayed the construction one year and we're fast moving into another year. In fact if any building is going to be done in time for use next September, it should begin now.

As building costs increase . . . the cost of these needed buildings will increase.

The following Associated Press story details these building cost increases:

"Basic construction costs will rise faster in 1965 than they did in 1964, due to big wage raises and moderate advances in materials prices, reports 'Engineering News - Record,' McGraw - Hill publication.

Between now and December 1965, the magazine's 20 - cities construction cost index will rise 4.1 per cent to a record high of 988 (1913 - 100). This compares with a 3.6 per cent increase during the last 12 months.

The magazine's building cost index, which uses skilled labor instead of common labor, is expected to increase 3.2 per cent in the year ahead to a record 636 (1913 - 100). In the past year, the index rose only 2.2 per cent.

Major Reason

The major reason for expecting a faster rise in basic construction costs is that prices of steel, cement and lumber materials prices will be moving up next year, instead of either dipping or holding steady as they did in 1964.

Wage rates will be the prime mover for the 1965 cost rise. The pattern of deferred wage increases slated for construction unions in many of the 20 cities probably will be closely matched by unions bargaining over new contracts next year.

Common labor rates are expected to average an increase of 17 cents in the 20 cities, compared with this year's average of 16.6 cents.

Skilled labor rates will rise by larger amounts, but the average next year may be lower than this year — 19.5 cents per hour in 1965, compared with the 1964 average of 20.4 cents.

Also affecting building costs will be a rise in the price of construction equipment and a gradual rise in the cost of working capital loans."

Friona Takes District Win From Abernathy

ABERNATHY — The Friona Chiefs came from a six-point deficit in the final two minutes of play to nudge Abernathy, 64-63, in a District 3-AA opener.

Friona broke a 14-14 tie at the end of the first quarter and forged to a 33-27 halftime lead and was ahead, 48-43, going into the last stanza.

Two bad passes and a foul got the Antelopes their six-point lead in the waning stages of the contest.

Friona won the game at the free throw line, sinking 25 of 37 attempts, while Abernathy made good on 13 of 27.

Danny Murphree had 17 points for the Chiefs while Rex Hester had 15 and Rondell Preston 13 for Abernathy.

Friona girls won, 66-60, as Teto Jennings of the winners and Donna Weber of the losers each had 31 points. Friona led at half time, 36-32.

had 15 and Robert Conte had 13.

For Paducah, Bobby Moore with 15 followed Rockeymore.

The locals almost overcame a deficit during the third period and held on to a 16-16 scoring quarter during the final eight minutes, but they were four points shy of victory.

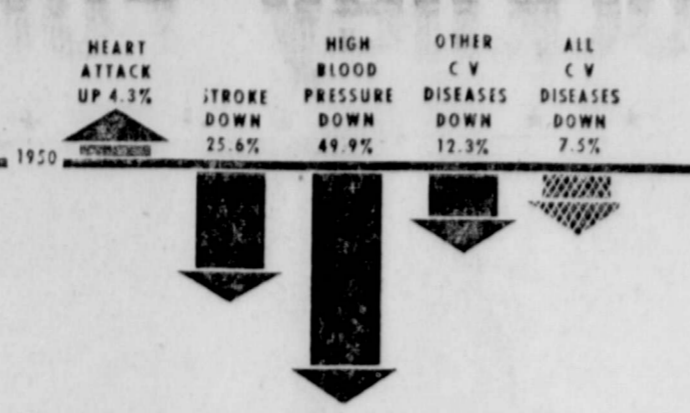

Tuesday night the teams were to play Olton and Thursday night they are matched against Plainview there. The Olton game is a conference bat- tle.

Cardiovascular Death Rate Among Men Aged 45-64 Declines 7.5 Per Cent Since 1950

HEART RESEARCH IS SAVING LIVES! Arrows show changes which have taken place, 1950-62, in the cardiovascular death rate for American men aged 45-64. Despite a 4.3 per cent increase in the death rate due to heart attack, there was an over-all decline of 7.5 per cent—thanks largely to dramatic decreases in death rates associated with high blood pressure and stroke. Over 100 million Heart Fund dollars have been channeled into heart research since the first Heart Fund Campaign in 1949.

GUEST EDITORIAL AGAINST MEDICARE

A young man asked us the other day why we are opposed to medicare. As far as we're personally concerned, we're not opposed to it—or increased Social Security benefits, either. In just a few years, we are going to start drawing our Social Security payments without having paid self-employment taxes but just a few years. We are going to start taking advantage of any Medicare plan LBJ and Congress push off on us—without paying into the fund for but a short time. The way we've got it figured, in a year and a half we'll get back all we've ever paid into the Social Security fund. If we live longer than that, you younger "suckers" are going to be paying the way. Some where down the line, you or your children are going to have to pay The Printer's and your own retirement fund. As far as we're concerned, if we live to be 83 we'll get back \$10 of your money for every \$100 we've put into Social Security. We're not worried about ourselves; we're worried about our grandchildren and their prospective life of bondage under a Socialistic state.

LIGHT A \$30 BILL, AND TOSS IT OUT YOUR CAR WINDOW. That is what you may be doing by tossing lit cigarettes and matches out your car windows. For each acre of pasture or rangeland burned, the cattlemen may lose from \$30-\$50 worth of forage and grass. This also costs you in higher priced beef and pork.

New Credit Service Aid For Low-Income Rural People

A new credit service to help low-income families in rural areas raise their incomes is now available in Texas, according to State Director, L. J. Cappelman, Farmers Home Administration. Mr. Cappelman said today the new service opens up Farmers Home Administration credit aid for the first time to many low-income rural families who previously were unable to obtain either public or private loans to improve their earnings. All County offices in Texas, Cappelman said, are accepting applications for loans up to \$2,500 to finance farming enterprises, small family businesses, trades and services. Rural cooperatives serving low-income families and providing services and facilities not otherwise available may also be eligible for credit under the program. Borrowers will be provided continuing management aid to help them make a success of their farming enterprises or new businesses. Farmers Home Administration, a U. S. Department of Agriculture agency, will administer the new loan service under recently delegated authority from the Office of Economic Opportunity. Liberalized loan terms and conditions for participating low-income families allow for an interest rate of 4% percent. To be eligible for the new rural credit program, an applicant must live in a rural area, have an income that does not cover basic family necessities, be unable to obtain credit from other sources, including the regular loan program of the Farmers Home Administration, and show a reasonable promise

Lighthouse Electric Co., Inc. Nancy Morckel, Home Econ. Altan Higginbotham, Power Use Advisor

Jan. 5 — As we enter into a new year, may we take this opportunity to say "THANK YOU", the most sincere expression we know to convey our appreciation to our many friends who have enjoyed serving during the past year. Among all the gifts bestowed in 1964 our most valued one is your friendship and good will.

With our New Year's resolutions made — the blackened peas, or other traditional dishes served to family and friends on New Year's Day to bring luck throughout the coming year—we are ready to start doing something about those well-laid plans for 1965.

One New Year's resolution that every family can profit by is to resolve to observe home safety rules during the coming year — and to keep up to date on safety information.

Carolyn Cunningham, Cashier at Lighthouse Electric, spent New Year's in Denver, Colorado, visiting her brother and family. Mr. and Mrs. Udell Cunningham and children.

Mr. and Mrs. Pete Hickerson, spent New Year's Day with their daughter and her husband Pat and Jerry Bourland, in Lubbock.

Mr. and Mrs. Joe Browning of Redwood City, California, spent the Christmas holidays with Mr. and Mrs. Melvin Henry.

Other guests during this time were: Mr. and Mrs. Laran Nixon and girls of Borger; Mr. and Mrs. John Cline of Snyder; Mr. and Mrs. John Finley of Plainview; Mrs. Gussie Browning of Floydada; and their son Nickey Henry who is attending school in Denver, Colorado was also home for the holidays.

Mr. and Mrs. Jack Beck and girls of Dumas, spent New Years with Mr. and Mrs. Bud Sparks and Gloria. Mrs. A. O. Beck of Dumas. Mrs. Sparks mother, is spending some time in the Sparks home.

Mr. and Mrs. J. H. Courtney of Amarillo spent the week-end with Mr. and Mrs. Tom Hutchins and Dale. David Hutchins of Fort Worth for the week end.

Wiley Rogers visited in the home of Mr. and Mrs. Earl Bishop Sunday afternoon. Mr. and Mrs. Riley Teague were also guests in the Bishop home.

Mr. and Mrs. Buck Marrielle and boys spent New Year's day in Lubbock visiting Mr. and Mrs. Carl Shipman and family. Mrs. Shipman is Buck's sister.

Mr. and Mrs. Bill Latham, Dumas, visited their daughter and her family, Mr. and Mrs. Buck Marrielle and boys, Sunday afternoon.

Mr. and Mrs. Alton Higginbotham and children, Kelly and Jimmy, attended the McClung family reunion in Dallas during the holiday season.

Melinda Goan Lubbock, spent the holidays with her parents Mr. and Mrs. Bud Goan and brother, Mark.

Among the guests in our home during the holiday season were: Mr. and Mrs. Wm. Holland of Springfield, Missouri; and Mr. and Mrs. Albert Soderquist, Nina Sue, Nancy, and Janet of Cimarron, Colorado.

Phyllis and Larry Guffee are among those "enduring" a good case of mumps at this time. They are the children of Mr. and Mrs. Corkey Guffee.

Mr. and Mrs. Bud Sparks and Gloria took Mrs. Sparks mother, Mrs. A. O. Beck, back to her home in Dumas over the week end. She had been visiting her daughter and family for a few weeks.

David Hutchins and a friend came from Fort Sill, Oklahoma, to spend the weekend with his parents, Mr. and Mrs. Tom Hutchins and his brother Dale.

New employees at the Lighthouse are Wesley Woolridge, William Berryman, Gary Thompson, Bill Lamb and David Doyle Edwards. Wesley Woolridge and William Berry-

man are graduates from the Great Plains School for Linemen, Wichita, Kansas.

Mrs. Ruby Lee Higginbotham of South Plains, visited with Mr. and Mrs. Alton Higginbotham, Kelly and Bryant on Sunday.

Wiley Rogers visited Gene Brown Sunday at Lubbock Memorial Hospital where he underwent major surgery last Friday.

Dinner guests in our home on Sunday were: Mr. and Mrs. Lawrence McDowell, Debbie, Butch and Tommy of Wake; and Mr. and Mrs. Don Barrow and Jimmy.

John Shanklin, Albuquerque, New Mexico, Agricultural Engineer with R.E.A. is at the Lighthouse this week.

FLOYD DATA

Mrs. Tom Burrow, teacher in the Floydada Independent School District, sustained injuries Friday when a transit above the door to her home, fell on her head. Several stitches were required to close the laceration.

Neff Funeral Held In McAdoo

Funeral rites for Roy Lee Neff, 77 year old longtime McAdoo resident and father of Archie Neff of Floydada, were held Sunday in the Methodist Church at McAdoo. Neff died Friday morning of an apparent heart attack.

He moved to McAdoo in 1921 from Denton County and resided there until 1947 when he moved to New Mexico. He returned to McAdoo in 1958.

Survivors include his wife, three sons, Noble and Dale of McAdoo and Archie of Floydada; four daughters, Mrs. Alice Lambert, Lubbock, Mrs. Dave Lewis and Mrs. Davie Noel of Phoenix and Mrs. Thurmon Davis of New Mexico; one sister, Mrs. Mary Jane Lamar of Big Spring; two brothers, J. F. of Cross Plains and J. H. of Baird; 21 grandchildren; 12 great grandchildren and several nieces and nephews among several of Floydada.

FARMERS

(continued from Page 1)

structing the terraces parallel, the majority of the point rows are eliminated. Parallel terraces perform the same job as conventional terraces. The big differences are that they have fewer point rows, better adapted to modern farming equipment, cheaper and simpler farming operations, more uniform water distribution, and lessen the hazard of costly failure. By eliminating most of the point rows, large machinery can be used in the farming operation with less time involved to do the job.

The idea of parallel terraces is not new, although some of the procedures in making the terraces parallel are new. Depressions in a field can be shaped and seeded to grass. These depressions can be used as terrace outlets when the grass is established.

Another procedure used in getting the terraces parallel is to make any cutting of high spots or filling of low areas. By doing some land forming, parallel terraces can be constructed with a better and more even distribution of water resulting. Some parallel terrace systems now being installed are being built from the back side. This eliminates the channel in front of the terrace and also decreases the slope between the terraces.

The initial cost of a parallel terrace system is higher than that of a conventional terrace system when land forming has to be done. This initial cost is more than offset due to the elimination of point rows and the increased efficiency resulting from parallel terraces.

Government cost-share payments are made on the construction of terraces. Cost-share rates for parallel terraces are set higher to compensate for the land forming that may be needed in getting the terraces parallel. Cost-sharing is done through the Great Plains Conservation Program and the ACP.

Soil Conservation Service technicians working through the Floyd County Soil Conservation District will be glad to discuss your problems with you. They will work with you in getting the best terrace system for your particular farm.

man are graduates from the Great Plains School for Linemen, Wichita, Kansas.

Mrs. Ruby Lee Higginbotham of South Plains, visited with Mr. and Mrs. Alton Higginbotham, Kelly and Bryant on Sunday.

Wiley Rogers visited Gene Brown Sunday at Lubbock Memorial Hospital where he underwent major surgery last Friday.

Dinner guests in our home on Sunday were: Mr. and Mrs. Lawrence McDowell, Debbie, Butch and Tommy of Wake; and Mr. and Mrs. Don Barrow and Jimmy.

John Shanklin, Albuquerque, New Mexico, Agricultural Engineer with R.E.A. is at the Lighthouse this week.

SOMETHING TO THINK ABOUT

NO TIME — I knelt to pray, but not for long. I had too much to do, Must hurry off and get to work. For bills would soon be due, And so I said a hurried prayer. Jumped up from off my knees; My Christian duty now was done.

My soul could be at ease. All through the day I had no time, To speak a word of cheer, No time, no time, too much to do — R.E.A. is at the Lighthouse this week.

That was my constant cry; And when before the Lord I came, I stood with downcast eyes, Within His hand He held a book It was the "Book of Life" God looked into His book and said: Your name I cannot find, I once was going to write it down, But never found the time." — Copied
