

Local Food Store Employees Held At Gunpoint During Robbery

Enters Store Near Closing Time; Get \$257

When I saw them come around the building, and the handkerchiefs over their faces, I thought they were wearing them that way to keep the hands out of their faces, but when they came what they were after".

The incident occurred around 8:20 p.m. as Mrs. Neff and Mrs. Holladay were sweeping in preparation for closing for the night.

"They must have been watching the store for some time, for just a few minutes before there were several people in there doing business. The crowd had just cleared out when the two walked around to the front of the building from the north side and entered through the front door," Mrs. Neff said.

"This is a hold-up. Don't move or we'll kill you. Hand over the money", the man holding a .22 calibre rifle said.

Mrs. Neff pushed the button on the cash register, pulled the handle, let the drawer slide out, and stepped back.

The one that was unarmed reached in and took the bills, including at least one \$20, several tens and fives and a lot of ones. As they started to leave, the one holding the gun reached out and got a handful of half dollars, several of which he dropped before he got to the door and at least one outside.

The men then turned walked out the door, walked around the south side of the building and fled.

According to Mrs. Neff, they never seemed to be in a hurry at all, and were as calm about their work as a professional would be.

City Manager Olen Petty Resigns To Accept Similar Position At Tulia

AFTER NOVEMBER HEART ATTACK

Hospitality And Friendship Galore Mark Iowa Family Hospital Stay

By Peggy Medley

"Never have we found such a dedicated physician as we found in Dr. Ed Bayouth. Floydada must get their new hospital in order to keep such a fine doctor in this city", were the words of praise from Mr. and Mrs. Victor Denny of Davenport, Iowa who departed from here last Friday morning by ambulance plane.

"We cannot find the right words to say enough of the townspeople in Floydada. We were overwhelmed by the old fashion hospitality that can only be found in a town such as this. The town should be proud of its people. The love and the deep concern shown us while we were here will always be cherished by us as we go about our travels," the couple related.

"We will not name people for there were so many who did so much for us, strangers in your town. We could travel the world over and not find anywhere the true friendship we found in Floydada."

These words of gratitude from Mr. and Mrs. Denny resulted when the townspeople went to their aid in November when Mr. Denny was stricken here with a heart attack.

The story unfolds on November 4 at about 6 p.m. The couple

MR. AND MRS. VICTOR DENNY

stopped at Copelands to park their trailer for the night and were to go on to Lubbock the following morning, then on to McAllen until May. At that time they were to leave for Arizona where they would join the Air Stream Caravan for a

trip to Central America. While Mrs. Denny was preparing dinner in the mobile home Mr. Denny was placing the trailer for the night. After he coming ill he went to the trailer at which time Mrs. Denny (See FRIENDSHIP, Page 6)

Mothers March Nets Some \$700

The Mothers March of Dimes netted something over \$700 according to Mrs. Sammy Hale, coordinator for the March in Floydada. Mrs. Hale said due to illnesses in the families some mothers could not participate in the drive therefore some of the streets were missed. Anyone wishing to contribute that did not do so Monday night may send their checks or bring them to the First National Bank.

The goal for the Mothers March is \$1,000 dollars.

Mothers registering at Light-house Electric to assist with the drive included Mrs. Mmes. Novell Burk, Kinder Farris, Devie Kendrick, L. B. Stewart Jr., W. H. Simson Jr., Wayne Collins, Neal Bertrand, Lawrence Stovall, Roy Jenkins, Effie Foster, W. B. Winn, Bob Welborn, N. G. Parker, Lane Decker, Bill Norris, Johnny Sue, Mary Day, Jimmy Boyd, James Hartline, Leon Williams, Wayne Adams, Elmer Dean Williams, T. R. Theoford, Dale Goen, Olin Petty, Mmes. Bill Price, E. F. Bayouth, F. M. Marquis, D. J. Parkey, H. E. Davis, J. B. Grundy, Bill Hardin, Harvey Allen, Max Dyess, Henry Watson, Max Harrison, Coy Murry, Sammy Hale, and Misses Carole Barrow, Jo Anne Stewart, Nancy Fowler, and Robin Bennett.

Others may have assisted but failed to register.

Feuerbacher Named Acting Replacement

At a special called meeting of the City Council of Floydada, the Council announced Monday morning, January 25, 1965, that City Manager Olen R. Petty has resigned to accept the City Manager post in Tulia, Texas, effective February 9, 1965.

The Council expresses regret at Mr. Petty's actions. However, they feel that it is a promotion for him.

City Secretary, Wm. A. Feuerbacher, has been appointed acting City Manager and Miss Jimmie Lou Stewart has been appointed acting City Secretary and Tax Assessor-Collector.

The City Council has expressed its satisfaction with the policies and operation of the present management and no changes in operation will be brought about by the change in positions of personnel.

Petty came to Floydada after resigning as administrative assistant to the city manager at Lubbock and after submitting his resignation as state representative from the 98th and 99th districts of the state.

He is married to the former Karen Schwab of Levelland, and they and their son, Trent, attended the Baptist Church while in Floydada.

He is a graduate of Levelland High School and Texas Tech with a major in public administration.

Before coming to Floydada, he had worked in a grocery business from age ten through high school; worked in furniture business during his senior year in high school and during college; served as manager in grocery business; had a local talent radio program during the summer of his junior year in high school. He was a member of the all-star choir in 1954-55.

He taught distributive education in Fredericksburg, Texas, Government in South Plains Junior College in Levelland.

Petty came to Floydada November 1, 1963, and will assume his duties at Tulia February 10.

Concerning his tenure in Floydada, Petty said, "I have certainly enjoyed serving the people, and people have been so nice to us." I feel a lot has been accomplished since I have been here, but the credit goes to the fine city council, and the type of work they have required to be done."

Feuerbacher has been city secretary for Floydada for the past three years.

Special SCD Election Set For Tuesday

The election of a supervisor for Zone No. 5 of the Floyd County Soil Conservation District will be held next Tuesday, Feb. 2nd, at the Sandhill Community House at 7:30 p.m.

Zone No. 5 comprises the area south of Lockney and west of Floydada, bounded on the south and west by the County lines and on the east and northeast by U. S. Highways 62 and 70.

This is a called election brought about due to the resignation of W. L. Miller, who formerly lived in the Sandhill Community. Miller and family have recently moved to Lubbock and he will be unable to continue as the district representative from this area. He has served as Zone 5 representative since October of 1963 when he was elected at the regularly scheduled election date for this zone.

Eligible voters are those who own land, both husband and wife within Zone No. 5 and who reside anywhere within the District proper.

The district supervisors coordinate the activities of local, state, and federal agencies, cooperate into a completely integrated program of soil and water conservation. They also administer local conservation activities including handling of conservation equipment which is available to cooperating farmers and ranchers within the District.

New City Dump To Be Opened February 1

According to City Manager, Olen Petty, the new city dump ground will be opened for the public use as of February 1. All people are advised to continue using the old dump ground until that date.

The new ground is located 1 1/2 miles east on the Matador Highway and 1/2 mile south, across the railroad track.

The City has considered selling the old dump ground, but it's possible that as much as twenty city wells could be drilled on the property.

The new dump ground will be open from 8 until 6 p.m. in the winter and from 8 until 8 during the summer. It will be closed on Sunday and at night.

Desegregation Policy Approved By Local School Board Members

At a special called meeting of the Floydada school board Tuesday morning the board unanimously approved school policy on desegregation, voting in compliance with the non discrimination section of the Civil Rights Act of 1964.

The action opened the doors for integration here next fall, but it also left the choice of campus of the student's discretion.

In making the announcement, the school board pointed out that Della Plains and other Floydada

schools would be maintained as they are, except that students may choose which campus they will attend.

Vote on compliance with the Civil Rights Act came as a result of federal notification to the Texas Education Agency of January 3 that all schools must be in compliance or forfeit federal aid.

Superintendent A. E. Baker said Floydada schools would lose approximately \$60,000 per year in federal aid if the board had not complied.

"Actually," said Superintendent Baker, "we may have been in compliance all the time, because we have never refused admission of Negro students to any of our Floydada schools." "Of course they have very fine school facilities at Della Plains and none have asked for admission at other schools," he continued.

But the superintendent explained that Texas Education Agency must have a statement from each school district to determine eligibility for federal funds. The

following statement was approved by the board: "The Floydada School Board met in a regular session on July 8, 1963, and voted to allow any Negro student, residing in the Floydada School District, to enroll in any school in said district if he so desired."

The board reaffirmed and expanded this policy during a session on January 11, 1965. In order to comply with non (See SCHOOL, Page 6)

Grand Opening Slated By New McLain's Conoco

Hollis McLain, manager of the new McLain's Conoco Station at 427 S. Second Street in Floydada, has slated the grand opening for that firm Friday and Saturday, January 29 and 30.

A gala array of prizes will be given away during the two-day event, and balloons, candy and clowns for the kids will be a feature.

One of the outstanding prizes given to those who fill up their tanks and buy eight gallons of gasoline or more in doing so, is a 5-pound sack of Holly Sugar Beet sugar.

Other prizes include two B. F. Goodrich Silvertown whitewall tires for an auto. Any size will be available. Included also is a bicycle, a six-piece set of Teflon cookware and free cokes and coffee.

The public is invited to go by the new station, get acquainted with the personnel.

License Plates Go On Sale Here February 1

You can begin registering your vehicles for 1965 this coming Monday, February 1, 1965. I would like to remind you that it will save a lot of time, both for you and the person waiting on you, if you will remember to bring your 1964 registration receipt and (or) title with you. Do this chore early and avoid the last minute rush, as the deadline for licensing your vehicle is April 1, 1965.

According to C. J. Payne, county tax assessor-collector, the tax office will remain open through Saturday until 5 p.m. so people may pay their poll taxes. Normally the deadline is January 31, but that date falls on Sunday this year, and the office will NOT be open that day.

This year the license plates will be black letters on a white background. They have been changed to three (3) numbers with a three (3) letter prefix. Floyd County's letters will be: BXP, BXR, BXS, BXT, BXV and BXW; all will be numbered from 10 through 999 with the exception of BXP which will begin with 450 through 999.

This change has made it impossible for a telephone number to be selected, and all numbers will be small and easy for anyone to remember their own; therefore I would like to remind everyone that no special numbers will be issued next year, 1966. They will be sold on a first come, first serve basis. Your co-operation concerning this matter will save a lot of time as well as confusion.

GRAND OPENING SLATED — Shown above is the new McLain's Conoco Station, located at Second and Tennessee streets. The grand opening of the firm has been set for Friday and Saturday of this week at which time a host of prizes will be given away. (Staff Photo)

PAY YOUR POLL TAX BEFORE JANUARY 31

**SHADOW OR NOT**

Tuesday, Feb. 2 is Ground Hog Day and according to tradition the little woodchuck, who is America's most publicized weather prophet, will pop out of his winter quarters for a look at the weather. Ground Hog sees his shadow, the legend goes, he'll pop back in for another six weeks nap expecting cold weather. If the day is cloudy and he is unable to see his shadow then he is out for good and winter is over . . .

**Farm Bureau Facts & Faces**

TEXAS farmers and ranchers have launched their greatest effort for membership growth in 1965. The goal for this year is 100,000 members for the Lone Star State. County Presidents, membership chairmen, membership committee and workers, information committees, office secretaries and service agents will convene at the Pioneer Hotel in Lubbock, Thursday, February 4 for an area membership rally. Registration will begin at 9:30 a.m. with program beginning at 10:00 a.m. through 2:00 p.m. Floyd County plans a kick-off breakfast for February 9. Special speaker will be Mack Guest from Waco. You'll be hearing more about this next week.

**Roping Club Meeting Set**

A meeting of the members of the Roping Club has been called by Don Faulkenberry, to be held Saturday, January 30 at 2 p.m. at Farmers Coop. The purpose of the meeting will be for the election of officers, and other business that may come before the group. All members are urged to attend this meeting.

**52 Points!**

**Man, That's Texas Buck**

AUSTIN — Two astonishing prizes have been reported to the Parks and Wildlife Department from the deep East Texas deer hunting area, said E. A. Walker, wildlife specialist. Among the estimated 600 bucks harvested in Polk County by the

Vice-Chairman of the Texas Young People's Committee for the year of 1965. James Knight of Mathis, Texas, is Chairman of the committee. He succeeds Steve Lilly. Steve is now the District Director from District nine.

COPIES of the 1965 state and national Farm Bureau policies have been sent to the county office. These policies are combined in one book, and each county is provided with four copies. If additional copies are desired, they may be obtained from the state office by request. The booklets are again available to the counties at the actual cost of printing, which is 20¢ per book this year. The policies outlined in this booklet will be the guide for Farm Bureau action for the ensuing year or, until changed by the voting delegates at future conventions.

**A&M Economist Reviews 1965 Outlook For Cotton**

COLLEGE STATION — Cotton growers of Texas and the nation will add an estimated 630,000 bales to the carryover on August 1, 1965. This, points out Joan G. McHaney, Extension economist, Texas A&M University, will bring the national carryover to an estimated 13 million bales, the largest since the record carryover of 14.5 million bales in 1966. And, continues the economist, the large 1964 crop will likely offset the high disappearance expected during the period from August 1964 to July 31, 1965.

Lower net costs of upland cotton to domestic users, resulting from legislation enacted last April, were cited as contributors to the expected domestic use of 9.7 million bales during the present crop year of 1964-65. This is 1.1 million more bales than were used in 1963-64 and the largest domestic usage since 1950-51. Per capita mill consumption of cotton for 1964 was up about 5 percent from 1963. But, points out McHaney, cotton's share of the total fiber consumption

first week in December were these, as described by Game Warden Wayne D. Chappell of Lufkin:

A 26 pointer which field dressed 230 pounds, shot by John Amertiny of Houston, in the Cold Spring area of Northwest Polk County;

A 52 pointer which field dressed 163 pounds, bagged by J. A. Hensley of Onalaska on Sandy Creek in the west part of Polk County.

Warden Chappell said many "above average" bucks having from 13 to 22 points and weighing 150-190 pounds have been bagged.

During WWI, the Navy's principal job was to assist the British in carrying out anti-submarine activity in the North Atlantic.

showed a slight decline to a low of 5 percent.

U. S. exports of upland cotton for the 1964-65 season are expected to total 5.2 million bales, compared with 5.7 million for the 1963-64 season but above the average for the past four years. McHaney believes exports will hold at the high level due to the continued upswing in foreign free world consumption. But he adds, foreign free world cotton production for 1964-65 set a new record and thus, will make more competition for U. S. producers.

Farm prices for cotton in recent months have been trending downward to reflect the 2.5 cents per pound reduction in the 1964 support price for middling 1 inch cotton gross weight, at average location is 29 cents per pound. Farmers who plant within their domestic allotment will be eligible to receive an additional payment of 4.25 cents per pound on their farm's normal cotton yield, as determined by the county ASCS committee.

The national acreage allotment for the 1965 crop of upland cotton has been set at the statutory minimum of 16 million acres.

**Biologists**

**Fair Game**

AUSTIN — This needed to be done before the new year arrived or else there would have been "stupendous errors" in the Parks and Wildlife Department news consignments for 1964.

A word dropped out a news release about sickened West Texas interest in quail hunting set up a statement that sportsmen "are ignoring a prized upland game species, State Parks and Wildlife Department Biologists." The world naturally was "said" preceding the words "state Parks and Wildlife Department biologists."

**CLICKS FOR HEART FUND**

AMERICA'S YOUNGEST HEART FUND VOLUNTEER is 2-year-old Theresa Mazzari, shown with her surgeon, Dr. George Robinson of New York's Montefiore Hospital, who implanted a ball-in-cage plastic valve (like the one shown against ruler in inset) inside her heart to replace one that was too small to carry blood from one section to another. She's the world's youngest beneficiary of heart valve replacement surgery, and, understandably, an all-out supporter of the 1965 Heart Fund Campaign. The valve, implanted when Theresa was 10 months old, clicks audibly with each heart beat. That's music to Dr. Robinson's ears.

Add up all the victims of blindness, paralytic polio, cerebral palsy, rheumatic heart disease.

Twice that total are mentally retarded.

What are you going to do about it?

**Icebox Tomatoes Easy To Raise**

by L. A. Marshall

I wish to call the farmers and gardeners attention to a little money maker. It is called an Icebox Tomato.

The plant is very small, about the size of a large cherry but the plants are very productive. I raised some of them recently and learned they can be marketed in a strawberry box, pint or quart size.

They sell readily for the same price as strawberries and make a very beautiful product with an excellent flavor.

They may be marketed fresh or frozen. I have some in my freezer that are two years old and they are fresh and nice.

The seeds of the tomatoes are rather costly . . . a penny per seed. I saved some of the seed from the crop I grew but, the plant is a hybrid, so, of course, they would not produce like the previous generation. One can

hardly risk a crop of a few seeds.

The tomato is in prospect for being raised on a commercial scale.

They are eaten raw, stewed, and are a good addition to a salad. A pint in a strawberry box sells on sight for 25¢.

If there is any profit in it, it would be profitable. The price of city water box cherry size Hydroponics is \$1.00.

Try some and you will stand what I am saying. The earlier you get the better. They should be indoors.

Frances Cleveland, first presidential campaign openly for the Republican Party.

The sun is a red star compared to the visible in the sky at night.

**Wanted: A Seed**

Geo. Elkins

Our present religious world is toward eternity in a state that surpasses the days of the Pharisees, Sadducees, Levites, and Nicolaitans." Yet Christ, founder of the more than 3000 doctrines, names and party exist today. He prayed to God be ONE", (Jhn. 17:2). Jesus

plant which my heavenly Father hath not planted seed up", (Mt. 13:13) and "beware of false prophets" (Mt. 23:15) (I Jhn. 4:1). Who is correct? Who is pleasing unto God?

Christ tells us, "I am the vine, ye are the branches." But did you ever see ONE tree that produced figs, oranges, bananas, hickory nuts, grapes, cherries, strawberries? While around the roots of the SAME plant found carrots, potatoes, peanuts, watermelons, etc. What kind of SEED would produce such a simple vegetable salad all in ONE TREE!

Yet our religious world is no different. Each man to be a part of the "one true vine-Christ" but it follows book of doctrine, and wears its own name. If churches are the "branches" of Christ, then each teach and practice the same thing, just as a plant uniform fruit, (I Cor. 1:10), and they would all wear the same name, (Acts 4:12).

If one teaches salvation by "faith only", another by "faith and works" and another by the Holy Ghost directly . . . If baptism by "immersion only" and another by "sprinkling" we are not all getting our "strength from the same source."

The seed of the kingdom is the "Word of God" and produces the same fruit; Christians who follow Christing without alterations.

**Young America Bakes— Cinnamon Nut Sticks**

all the encouragement your youngsters need to pursue the art of yeast baking. And the cinnamon-and-nut flavored bread sticks will be tempting after-school snacks with milk and fruit.

- CINNAMON NUT STICKS**  
(Makes 2 1/2 dozen)
- 1/4 cup heavy cream
  - 2/3 cup Fleischmann's Margarine
  - 1/2 teaspoon salt
  - 1/4 cup warm water
  - (105°-115° F.)
  - 1 package or cake Fleischmann's Yeast, active dry or compressed
  - 1 egg (separated)
  - 1/4 teaspoon vanilla
  - 2 cups unsifted flour
  - 1/2 teaspoon nutmeg
  - 1 cup sugar
  - 2 1/2 teaspoons cinnamon
  - 3 tablespoons finely chopped walnuts or pecans

Scall cream; stir in Fleischmann's Margarine and salt; cool to lukewarm. Measure warm water into large warm bowl. Sprinkle or crumble in Fleischmann's Yeast; stir until dissolved. Stir in egg yolk, lukewarm cream mixture, vanilla, flour and nutmeg. Mix well. Cover tightly; refrigerate 4 hours or overnight.

Combine sugar, cinnamon and chopped nuts. Sprinkle some of sugar mixture on board and continue to do so through whole rolling process to prevent sticking. Roll out chilled dough into a rectangle, 20 x 8 inches.

Sprinkle lightly with sugar mixture. Fold short sides over to make 3 layers. Give dough quarter turn; repeat rolling, sprinkling, folding and turning two more times. Roll out to rectangle 20 x 8 inches. Brush with lightly beaten egg white; sprinkle with remaining sugar mixture. Cut into 1/2-inch strips; place 1 inch apart on greased baking sheets. Bake in moderate oven (375° F.) 15 minutes, or until browned. Remove with wide spatula to a wire rack. Serve warm.

**Easy Yeast Dough Inspires Beginning Baker**

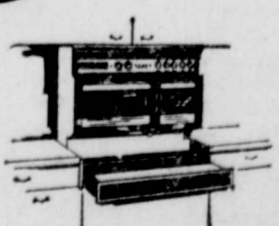

Cinnamon toast ranks with peanut butter and jelly sandwiches as the younger set's favorite after-school snack. With this in mind, the makers of Fleischmann's Yeast have developed a special recipe for tasty cinnamon-flavored bread sticks which young bakers can prepare for themselves. Nuts are also added to the dough for that crunched children love.

Cinnamon Nut Sticks are a different kind of yeast recipe. The refrigerator dough requires neither kneading nor rising, but the beginning baker will be learning a few basic techniques of preparing yeast doughs. What could be a more practical introduction to the pleasures of bread-making than these crispy, flaky treats? The impressive finished products will be

MISS LAVANDA HUBBARD  
(Bride elect of Kenneth Mankins)

## Officers For 29 Study Club Are Elected

New officers for the 1929 Study Club were elected at a regular meeting held Thursday in the home of Mrs. Conner Oden.

Mrs. Hollis R. Bond was named president; Mrs. Kinder Farris, first vice president; Mrs. J. A. Arwine, second vice president; Mrs. Verna Gauntt, recording secretary; Mrs. Carl Wilkins, corresponding secretary; Mrs. Clarence Goins, treasurer; Mrs. Conner Oden, reporter; Mrs. Tate Jones, custodian and Mrs. R. W. Overstreet, parliamentarian.

The program was "Decisions That Changed Our Minds." Mrs. Bond spoke on business decisions which developed the super markets, the disposable paper items, the trading stamps to the zipper which took 50 years to develop. Present for the meeting were Mrs. Mmes. Hollis R. Bond, Newell Burk, J. A. Colston, C. W. Denison, Kinder Farris, R. E. Fry, Verne Gauntt, Clarence Goins, J. D. McBrien, Conner Oden, George V. Smith, J. B. Smitherman, Carl W. Wilkins, and Mrs. C. R. Yeolum.

## Mrs. Newberry Is Hostess For 1934 Club Meeting

Mrs. W. O. Newberry was hostess for the regular meeting of the 1934 Study Club the night of January 18.

Mrs. J. P. Moss, president, opened the meeting with a prayer and members answered roll call with a verse from the Book of Isaiah. Mrs. Moss gave a report on the Federation Club Workshop in Lubbock she attended.

Mrs. Allen Bingham introduced the program for the meeting on the topics of "Who Are Jehovah's Witnesses?" given by Mrs. M. A. Yancy and Mrs. J. S. Hale Jr., spoke on "Church Holy Days" and "Religious Observances."

Those present included Mrs. Edith Foster, a guest of Mrs. Newberry, and members, Mrs. H. G. Barber, Allen Bingham, Wilson Bond, W. H. Bunch, Ralph Cogdell, A. W. Coltharp, R. G. Danlap, W. M. Fowler, J. S. Hale Jr., Joe March, J. P. Moss, W. D. Mount, W. O. Newberry, Virgie Shaw, George Springer, John Stapleton, and Mrs. M. A. Yancy.

## Mrs. Olen Petty Hostess For 1950 Study Club

Members of the 1950 Study Club met last week in the bank building with Mrs. Olen Petty as hostess, assisted by Mrs. Weldon Harris and Mrs. Dallas Ramsey.

Topic of the program was "Movements of Famous Americans." Mrs. Harris spoke on the Hall of History, Mrs. Earl Edwards Jr. on Hall of Textiles and Mrs. Sammy Hale on Inaugural Gowns of First Ladies.

Prayer was voiced by Mrs. Doyle Moore and members answered roll call with "I believe it my duty as a citizen to . . ."

Those present were Mrs. Mmes. Louis Anderson, Howard Bishop, W. R. Bradshaw, Donald Check, Charles Craig, Lane Decker, Earl Edwards Jr., Harold Ellison, Claude Estes, Herman Graham, Sammy Hale, Weldon Harris, Adrian Helms, Doyle Moore, Olen Petty, Dallas Ramsey and Mrs. Jimmy Seay.

The next meeting will be on Feb. 2 with Mrs. John Martin as hostess.

## Laulless Parkey, DDP Installs New Officers

On Tuesday night of last week Laulless Parkey, Rebekah District Deputy President, went to Abernathy Lodge to install officers for their new term. On Thursday night she was in Lubbock to install their officers.

Making the trip with the DDP and assisting with the installation ceremonies were Jane Marquis, Ruby Davis, Artie Webb, Dorothy Reeves, Jewel Price and Grace Grundy.

On April 10, 1941, the Navy destroyer USS Niblick, while rescuing survivors of a speeded Netherlands freighter, depth-charged a German submarine off Iceland; this is believed to be the first action of WW II between United States and German vessels.

Aluminum is the most abundant of metals.

## Mrs. Hal Hines Bride Honoree

Mrs. Hal Dean Hines, the former June Wyche, was extended a bridal courtesy Saturday in the home of Mrs. Howard Drysdale. The honoree and her husband's mother, Mrs. Howe Hines were in the receiving line.

The register book was an original handmade bride's book covered with lace and highlighted by pearls and sequin beads. Mrs. R. A. Dyson presided at the silver and crystal service from which various fruit cakes, nuts and coffee were served. The table was laid with a blue linen cloth and centered with pink seasonal flowers flanked by pink tapers.

Members of the houseparty were Mrs. Mmes. Bill McNeill, Allen Bingham, G. W. Smith, Maurice Campbell, Stanley Burleson, Allen Bingham, G. W. Smith, Harlan Cage, Virgie Williamson, W. C. Burleson, Tommy Assiter, R. A. Dyson and Mrs. H. A. Drysdale.

## Wesleyan Guild Meet In L. F. Martin Home

The Wesleyan Service Guild met in regular session Monday evening, January 25, in the home of Mrs. L. F. Martin.

The invocation was given by Mrs. G. M. Armstrong, and the business conducted by Mrs. G. L. Bryant.

Those present were: Mesdames John McKinney, Reba Rice, Virgie Shaw, G. L. Bryant, Tom Barrow, G. M. Armstrong, W. O. Baker, Worth Merry, M. L. Solomon, P. A. Denison, Kyle Glover, Virginia Dyson, Miss Lynn Olson and Mrs. Martin and daughter, Miss Norma Ruth Martin.

The next meeting place is to be decided.

The hostess gift was a set of club aluminum and an electric iron.

## 62 Jr. Club Has Regular Meet

Mrs. Merle Stephens and Mrs. Keith Thomas were hostesses Tuesday night of last week for a regular meeting of the 1962 Jr. Study Club.

Mrs. Harvey Allen called the meeting to order and asked Mrs. James Hartline to read the club collect. Mrs. Elmer Dean Williams then read the quote.

Roll call was answered by members introducing their guests.

Mrs. Mike Carver made a motion that the club have a called meeting Monday night after the Mother's March of Dimes.

Mrs. Allen read a thank you note from the Teen Study Club to the 62 club members thanking them for chaperoning their New Year's Eve dance.

Mrs. Williams then introduced the special guest, Marleen Kessels, foreign exchange student from Limburg, Holland. Marleen gave a very interesting talk on Holland and the group asked her questions about their customs.

The meeting was adjourned and refreshments served to the guests, Mrs. Scott Faulkenberry, B. V. Carver, Eber Ginn, Leon Williams, Dale Lawson, Bruce Maulkins, and Mrs. L. E. Crabtree and to members Mrs. Melvin Lloyd, Billy Black, Mike Carver, Ronnie Dalton, James Hartline, Elmer Dean Williams, Harvey Allen, Merle Stephens, Keith Thomas, Kay Crabtree and Mrs. Henry Watson.

The club will meet on February 2 with Mrs. Billy Black as hostess.

## Starkey Club Meets In Billy Hendrix Home

Starkey Home Demonstration Club was called to order by the president, Mrs. Clinton Denning, in the home of Mrs. Billy Hendrix on January 21. The group sang "He Keeps Me Singing." Members answered roll call with a hint on the care of hats, gloves and shoes.

Mrs. Cora Lee Shipley gave a true and false test to the members on parliamentary procedures and Mrs. Tom Porter gave a ten minute demonstration on skin grooming with salt.

Each member exchanged grab box gifts and Mrs. George Smith won the hostess gift.

Coffee, pecan pie and ice cream was served to Mrs. Bill Ferguson, Turner Hunter, J. T. McCain, Cora Lee Shipley, George Smith, Harvov Tardy, L. T. Dycus, J. K. Holmes, Clinton Denning, Tom Porter, Glen Ferguson and Mrs. Hendrix.

The next meeting will be Feb. 4th in the council room with Mrs. Bill Ferguson as hostess. A salad luncheon will be served at 1 p.m. Each member is asked to bring a salad.

## W.C. Receives Grant From Foundation

Texas Federation of Women's Clubs has received a grant \$50 from The Sears-Roebuck Foundation according to a letter from president, Mrs. J. L. Goss of Pilot Point. The grant was presented to Mrs. Goss by J. F. Kuhns, Assistant Secretary of the Foundation and will be used to improve the Federation's publication.

Sears-Roebuck Foundation program with the General Federation of Women's Clubs is sponsoring a Community Chest Program with cash totaling more than \$75. The program period began September 15 and extends to 1966. "Mrs. Ginning" she added that the Texas Federation is hopeful of having a grant of its 830 member clubs participate in the program.

The present time approximately one-third of the Texas clubs stepped up to take part in national competition.

### News From Class 5-A In Andrews Ward School

The second six week period of the school year saw the full glow of autumn, with official winter only a month away at its close. During this time many a whistle blew on wintry gridirons, and numerous sandlot games were played, at school and away.

One day Mrs. P. L. Orman, who has been teaching 5-A groups for some years prior to her retirement, came with a friend, Mrs. Norman Niederbrock, who has in a sense "adopted" 5-A, offering decorations for the harvest particular and for the harvest season in general. These were gratefully accepted, and supplemented by original work by the pupils. The Halloween Carnival came around in due time, and the efficient work of Mrs. Corvey Guffee, room chairman, paid off. Working hard at the 5-A booth with her were the mothers of Mike Grigg, Cynthia Conner, Bobbie Norrell, Nancy Davis, Vikki Warren, Sarah Puckett, Sheila Perkins, and Patty Price.

Mrs. Guffee had previously appointed the mothers to head up the three special social occasions of the year: Mrs. Davis for Christmas, Mrs. H. A. Graham for Valentine, and Mrs. Norrell for Easter. During this period the group won the first attendance award for fifth grade rooms, but lost it the next week to their neighbors, 5-B.

An abundance of films, all seen with other fifth grades and some with others as well, were based on copper, insects, the fun of reading, the ocean floor, litter on Texas Highways, the sea, matter and energy, science for the space age, the fabulous west, safety in the home, and the fun of maps.

Rickie Renfro blossomed out as a fine little player in football. Another time for devotions to be given by the group having come, Ronnie Graham introduced the song on record by Gene and Bobbie Moore of Clarendon, "How Great Thou Art," and Nancy Davis gave the benediction.

Considerable interest in art was shown by the students. Chosen by Mrs. Eaton for special display were pictures showing Indian designs by Nancy Davis, Ronnie Graham, Loretta Cranford, Shirley Thompson, Bobbie Norrell, and Sheila Perkins, while chest pictures were done by Cynthia Conner, Loretta Cranford, Jody Southland, La Ann Lovell and Mark Turner. Kevin Visk drew a harvest picture that was displayed in the homeroom.

The third six week period led to Christmas, having only begun when Thanksgiving came around. Chosen to take part in the outstanding Christmas production by the Andrews Ward PTA at high school just before the great holiday were Ronnie Graham, Mike Grigg, Danny Killian, Larry Guffee, Sarah Puckett, Vikki Warren, Patty Price and Cynthia Conner. Barbara Martinez and Nancy Davis passed out programs. In a homeroom language program original poems were read by Rickie Renfro, Connie Graham, Patty Price and Cynthia Conner. A touching tender poem was read by Beatriz Renteria, "What shall I give Him? Give Him my heart."

When the time came for the actual homeroom Christmas party, the boys and girls having drawn names for exchange of gifts in the two groups, Mrs. Guffee came, as well as Mrs. Davis and Mrs. Killian, Mrs. Cranford having helped with the refreshments, and all had a good time. Mrs. Orman directed children in the decoration of the beautiful white tree.

When the pupils came back from home after the holidays they faced the immediate prospect of six-week tests and semester examinations. After four days Larry Guffee celebrated by coming down with the mumps. At least a little consolation was afforded him by receiving from his homeroom an assurance of the regard in which he was held by them, and it was signed by many a fifth grader from other rooms as well. Basketball had had its occasions during this time, particularly on cold days. The composition of the room remained steady. Rickie Renfro stayed throughout the first semester, and then checked out to go to Big Spring. The group took the attendance banner back from 5-B the first week of the New Year and kept it from the adjacent kids. Yes, you guessed it, just a week. This hurts. I fact the teacher in the next room is a Payne!

### Hello World

Mr. and Mrs. Glad Norman are parents of a baby daughter, Laurie Ann, born Friday, Jan. 22 in Methodist Hospital. The baby weighed four pounds six and a half ounces. The couple have another daughter, Kerri Lynn who is two. Norman is an insurance agent for Farm Bureau.

Grandparents are Mr. and Mrs. Lewis Norman of Floydada and Mrs. Harry S. Junker of El Paso. Mrs. Glad Snodgrass of Floydada is a great grandmother.

Mr. and Mrs. Ted Anderson are parents of an adopted daughter born on January 7. She has been named Angie Lynn and weighed seven pounds and eight ounces at birth.

Grandparents are Mr. and Mrs. C. M. Leatherman and Mr. and Mrs. Floyd Anderson of Floydada. Great grandparents include Mrs. M. E. Leatherman of Garner, Mrs. A. W. Anderson of Floydada and Mr. and Mrs. C. H. Wright of Depert, Tex.

Mr. and Mrs. Charles Patterson of Floydada announce the arrival of a baby daughter who was born on January 11 in Lockney General Hospital. The baby, named Debra Kay, weighed eight pounds and six ounces.

The Pattersons have three other children.

Grandparents are Mr. and Mrs. Bill Holliday and Mrs. Betty Patterson all of Floydada.

### Local Exhibitors At San Antonio Show Are Named

Five members of the Floyd 4-H have entries at the San Antonio Livestock Exposition, Feb. 12-21 at the Joe Freeman Coliseum according to County Agent Darrell Smith.

Exhibiting at the exposition will be Cynthia Edwards, Jamie Edwards, Neil Mitchell, Jim Kropp and Bob Kropp.

Their entries are among the record number of more than 6,000 head of livestock and horses which will be at the February 12th through 21st Exposition. An alltime high of \$222,000 in premiums, prizes and purses is offered, according to President E. W. Bickett, who also announced Saturday, February 13th as "Rural Youth Day" with some 25,000 rural youngsters expected.

The 10th Annual Stock Show will feature 15 performances of the Harry Knight produced RCA Rodeo, starring America's West-Lynn and her 8-piece all-male string band. A precision riding group, the ever-popular Calf Scramble for 4-H and FFA members, many feature Rodeo acts and more than 300 champion cowboys provide additional entertainment.

Also to be seen on the Joe Freeman Coliseum grounds will be a multitude of exciting exhibits, including the 1½ million Farm-Ranch Machinery Show; International Wool and Mchair Show; Armed Forces displays;

### Floyd Data

Dr. and Mrs. James Wester of Garland returned home Tuesday after a visit in Floydada. Mrs. Wester had been here since last week to be with her ill grandfather, C. L. McReynolds, who is in a Plainview Hospital following surgery. Mr. McReynolds is the father of Mrs. Carl Gordon.

Dr. Wester arrived Sunday. The couple also spent some time with his parents, Mr. and Mrs. J. C. Wester and visited other relatives as well.

### Floyd Data

Mrs. T. M. Bartley of Waco visited here last week with her brothere, Jack Henry and Mrs. Henry and the three attended the wedding in Quanah of Mrs. Bartley's granddaughter.

While there the Henrys enjoyed a nice visit with Mrs. E. L. Angus, former resident of Floydada. Mr. Angus is reported doing well in the Veterans Hospital in Amarillo. Those wishing to write him may send their greetings to Ward 3-B.

First U. S. Postal Card was issued on May 1, 1857.

Quarter Horse and Appaloosa Shows; Alamo Exposition Shows Carnival and many others.

Tickets for the 15 performances of the Rodeo, which includes front gate admission may be ordered by writing Ticket Chairman, Harry Freeman, 1015 Tower Life Bldg., San Antonio 5, Texas.

### Capada Theatre Begins Picture Rating System

According to Claude Estes, manager of the Capada Drive-In Theatre in Floydada, that firm will begin giving a rating of its motion pictures with each weekly advertisement and on the show calendars.

They will be rated as follows: A-adults, M-mature young people, Y-young people, GA-general audience, C-children. The ratings are sent out by a bulletin called "The Green Saeet."

A number of factors enter into the ratings, some of which are the amount of violence and the depth of the picture, that is how easy it is to understand.

The rating is reached by a panel of representatives from the following organizations: American Jewish Committee, American Library Association, Daughters of the American Revolution, Federation of Motion Picture Councils Inc., General Federation of Women's Clubs, National Congress of Parents and Teachers, National Council of Women of the U. S. A., National Federation of Music Clubs, Protestant Motion Picture Council and Schools Motion Picture Committee.

### FFA NEWS

(by Larry Patton)  
The FFA sponsors and members are responsible for many of the high school and farm activities in the area around Floydada.

For the past two weeks Mr. Barber's Ag IV class has been working on dictionary stands for English classes in Floydada High School. Under the supervision of Mr. Barber the class is trying to get the stands completed as soon as possible.

Mr. Thompson's classes have been working on minor shop projects and have been studying the usefulness of electric motors.

Thursday, January 22, the FFA sponsors showed a film on the safe uses of butane and propane on the farm. Attending the film and meeting were young farmers from around the area, the Floydada fire boys, and some of the FFA members.

The monthly FFA meeting is to be held Thursday, Jan. 28. The Ag IV class will provide entertainment at the meeting.

The Ag class will have a four man sophomore band to provide entertainment. The band consists of Garland Martin, Rodney Bunch, and Tommy Weathersbee on guitars and Spike Wideman on the drums.

Another thing keeping the sponsors busy is the weighing of hogs which have been raised for the Fat Stock Show this year. The hog raisers are checking on their hog weights so they will know how much to add to their ration or how much to taper off.

Along with these present responsibilities the sponsors also have to think of the future. Coming up in February is the annual Father and Son banquet and the third annual district welding and shop contest.

Military time as used by the U. S. Armed Forces has a day of 24 hours beginning at midnight.

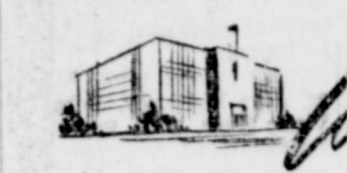

Over 2250 miles of ancient Indian irrigation canals have been traced near Phoenix, Arizona.

A scene from "Bye Bye Birdie" showing in technicolor at The Capada Drive In Sunday and Monday.

During 1964, members of the U. S. Coast Guard were responsible for saving nearly 3,000 lives and rescue of ships and cargo valued at more than 2.1 billion dollars.

The U. S. Coast Guard, as we know it today, was established January 28, 1915.

### 4-H Club News

by Brenda Willis  
The livestock crew met Thursday, January 7, 1965, after the regular 4-H meeting. Members attending were, Penny, Pete, Patty and Pam Price, Lindsay, Lu Ann and Tom Lovell, Brenda and Karen Willis, Retha and Randy Jordan, Vicki and Donna Hadamek, Teresa Colston, Billy and George Finley, Danny and Wayne Fancher, Will and Lee Sinor, Doris Fawver, Danny Bradford, Joe and Jay Jones, Sherry and Don Roberts and Kay Russell.

The adult leader is J. B. Colston.

It was decided to have a meeting very soon so that we could learn how to show animals.

### MYRICK BABY CRITICALLY ILL

Mrs. Dena Myrick left Saturday for Santa Clara, Calif., to be with her son, Rasse Myrick and family, whose three month old baby daughter is ill with spinal meningitis. She has been in a very critical condition since last week.

The latest report of the baby is that she remains in a coma and is still having meningitis spasms.

### "Most Butane Fires Are Preventable", Says Black

"Almost all of the butane fires occurring on the farm are preventable, with just a little bit of caution," Lubbock Fire Captain A. C. Black told a group of Floydada Young Farmers and Firemen in a joint meeting held last week at the high school.

Black went on to say that eight lives and 200-300 tractors were lost last year in the Lubbock area alone because of butane fires.

"The time most people make the mistake around a butane tank is when they are filling their tractor tank from the storage tank. Most of the area farmers open the bleedor valve and let the pressure escape into the air. Instead of using this method, a hose should be connected to the bleedor valve and to the storage tank," Black said. "And they continue to smoke or leave the engine running" while the tank is being filled.

According to Black about 45-50 cubic feet of butane vapor is lost per filling by letting the pressure escape into the air.

"This not only saves in the cost of fuel, but by bleeding the tank back into the storage tank, there is virtually no fire hazard for no flammable fuel is saturating

the air," Black added.

He related one incident when two Latin American farm hands were riding on a tractor, moving from one field to another when all of a sudden, one of the tires exploded. It, or course, blew both the workers off the tractor, and virtually ruined the wheel, housing and fender of the tractor.

Upon investigation it was found they had filled all the tractor tires with butane. When the tire became hot, and the static electricity built up, created by the vehicle's traveling on a hard surfaced road, the fuel ignited.

This is not uncommon, for a number of people have filled tractor tires with liquid petroleum gas in the past.

About 70 people attended the meeting.

### Floyd County 25 Years Ago

(Jan. 25, 1940 in Floyd County)  
Kenneth Baird Bishop, 15 year son of Baird Bishop, who was stricken with infantile paralysis last September, is Floydada's number one optimist. He was taken abruptly from the life of outdoor sports which he loved and placed in the confining quarters of a hospital bed, his body encased in steel braces. During the months since that time he has never lost the cheerful grin nor dulled the bright edge of his outlook for the future. He has learned to walk again and altho he has as yet not been allowed to remove the steel braces which support his body, he is regaining use of his left arm. The right is still paralyzed. Kenneth is now at Carrol-Givard Clinic in Dallas.

The Old People's Government Association of Floyd County will back the candidacy of Tom W. Deen, former Floyd County judge, for representative from the 12th Representative District. Mrs. A. B. Duncan arrived home Friday seemingly much improved from Amarillo where she has been the past week under the care of a specialist.

SPUDS... small but good ones at Loopers, 10 lbs. for 10 cents; tomatoes per can 4 cents; macaroni or spaghetti two boxes for 5 cents; dried apples 1b., seven cents; pickles a quart 19 cents and one gallon of prunes, 22 cents.

### Bobcat, Wolf Pins Presented At Cub Meet

At a Cub Scout meeting the Floydada High School members of Pack 333 presented Bobcat pins as awarded a wolf pin.

Those receiving the pins include: R. A. Michael Hatley, Randy Matt Miller, Randy Mark Ramsey, Larry Danny Fry and Keith Dan Daniels was awarded a wolf pin.

Entertainment was by Den L. The presentation about American troops by Den L. The presentation about American troops by Den L.

The U. S. Naval Academy established in the fall

# Calahans Here Wednesday

WORTH PLAINS, Jan. 25 — Mrs. H. S. Calahans and Mrs. H. S. Calahans were home this Wednesday from Abilene, where they attended the Hardin-Simmons school farm sale at their home northeast of South Plains.

Mrs. Nathan Mulder and Mrs. Arby Mulder were here with their children and families, especially to see their new daughter, child of the Mulders. They were home Monday.

Mrs. L. N. Johnson and Mrs. Bryan Karr, all of Plains left Friday morning for Dallas, Royce City and there to visit with the children and families, especially to see their new daughter, child of the Mulders. They were home Monday.

Mrs. L. N. Johnson and Mrs. Bryan Karr, all of Plains left Friday morning for Dallas, Royce City and there to visit with the children and families, especially to see their new daughter, child of the Mulders. They were home Monday.

# Two School Board Members Not To Seek Re-Election

At least two members of the school board are not planning to seek re-election to the board this year.

In conversations with L. D. (Buster) Simpson and Ernest Lee Thomas recently, it was found they will not seek reelection to their posts on the school board again. The other member, whose position will be vacated this year is Dennis Dempsey, and he was not available for comment Wednesday.

Simpson said his doctors had said he should slow down a little bit. He said there were several positions he holds that he will be giving up in the near future to comply with his doctor's advice.

Thomas, though enjoying serving on the board, isn't going to run so the people who have children in school can have a chance to help run school business. Both the Thomas children graduated from Floydada. Thomas said, "My interest is still with the school, though."

The school board election has been set for April 3, 1965.

In the election last year, all members sought re-election and received an overwhelming vote of confidence by the school's taxpayers.

HORACE M. LONG

# Long Appointed Salvation Army Field Worker

Horace M. Long of Amarillo, has been appointed Service Unit Field representative for Region V of the Salvation Army, replacing Gilbert L. Muddell, Jr., also of Amarillo.

Muddell has been promoted to area supervisor, according to Dan Eddy of Dallas, Service Unit director for the Texas Division of the Salvation Army.

Both Long and Muddell will continue to make their homes in Amarillo, headquarters for Region V. The Texas Panhandle will be Long's territory, while Muddell will supervise Service Units from Ranger to El Paso, and Dalhart to Mexico.

Long was stationed in Amarillo with the USAF Base Exchange from 1943 to 1964. Before his employment by the Salvation Army he was, for a time, Texas Highway Supervisor.

# Witnesses Return From Convention

The Plainview congregation of Jehovah's Witnesses returned home from their three-day convention held in Hobbs, New Mexico, this past weekend, according to Mr. Clarence W. Hall, resident minister, 618 1/2 H. A. Fetick, district overseer from the Brooklyn, New York headquarters, give the timely Bible lecture, "Our Divided World—Is It Here To Stay?"

"The endless arguments in the United Nations underscore the present-day divisions of mankind, and these barriers are growing higher, not smaller," Fetick told the delegates who had assembled from 16 congregations in Texas, New Mexico and Oklahoma.

He also said, however, that "by means of the truth, ear-wide unity already is existent and can be seen among the New World Society of Jehovah's Witnesses."

Saturday of the assembly 9 persons symbolized their dedication as Christian ministers to God by water immersion in a baptismal service held here.

Mr. Hall also stated that regular meetings will be resumed this week at the local Kingdom Hall, located at 321 Vermont Street.

# Ag Economist Reviews 1965 Cotton Outlook

The 1964-65 cotton crop on the South Plains was considered higher in quality than the 1963-64 crop, according to W. K. Palmer, in charge of the Lubbock Classing Office of the USDA.

The dry summer and the late freeze combined to make this season's irrigated crop one of the finest on record, but the dry summer also caused a very short dryland crop. Excellent weather throughout the fall provided ideal harvesting conditions.

Final harvesting figures of this year's South Plains crop have not been completed but estimates indicate that approximately 1,800,000 bales will be harvested. The 1963-64 season produced approximately 2,018,000 bales.

In Floyd County the amount of cotton produced exceeded that of 1963, as 117,339 bales were produced in 1964, compared with 115,000 in 1963.

About two-thirds of the cotton classed at the Lubbock Classing Office this season was in the White Grades and the remaining one-third in the Light Spotted and Spotted grades. During the 1963-64 season 41 percent was classed in the White grades and 59 percent in the Light Spotted, Spotted and Tinged grades. These figures indicate that the quality of this season's cotton suffered very little damage from the weather and insects.

The average staple length of cotton classed at the Lubbock Office this season was 20.1/32nds inch compared to 20.8/32nds-inch for the 1963-64 season. Average

# Floyd Folks Attend Meet

"Weed Control in the Canning South" was the central theme for the Eighteenth Annual Southern Weed Conference in Dallas last week. It was attended by Mr. and Mrs. C. W. Jones, Ewald Quebe, Bob Hambright and Douglas Dege, all representing the Floyd County Noxious Weed Control District. Dege gave a report in the Tuesday session, on the research test work conducted here in Floyd County on the control of bur ragweed by Dege and Dr. Allen F. Wise, Agronomist, T. A. E. S. Bushland, Texas. Dege's report was entitled "Control of Bur Ragweed With the Systemic Towe Herbicides". From this study they found that they can get from 70% to 85% control of bur ragweed when it is treated at six to eight weeks growth with two pounds per acre of the amine oil emulsion forms of 2,4-D. Of these farmers who are afraid of possible injury to nearby susceptible crops the ragweed growth can be kept under control by tillage until August 1st and the herbicide can be safely sprayed the last week in September or the first week in October with equally good results.

The Weed District would also like to urge any who are interested in weed control in fence rows, implement parking areas around farm buildings, irrigation wells and hydrants that now is the time to contact the District office for this type work. They would like to do this while the bindweeds are dormant and while the District equipment is idle. This is also a good time to work on those small spots of bindweed as they can be uprooted, then there will not be any need to worry about them when the rush of the planting season arrives.

Men who took over the teaching and officer duties at the Baptist Church for Laymans Day Sunday were Don Probasco, Fred Fortenberry, Sylvain Kinnibrugh, Sterling Cummings, Bill Thomas, Wendle Johnson, Early Pritchett, Bobby Britton, Murray Julian, Tillman Powell, R. H. Adams, John Kinnibrugh, and Arby Mulder.

Mr. and Mrs. E. J. Kinslow had their son, the Barry Kinslows of Canyon, home with them during the semester holidays. This Monday the Kinslows went to Lubbock on business and had a hard time getting home during the sand and dust storm. This Tuesday E. J. will go to Bushland, near Amarillo, on a business transaction.

Jimmy Pritchett went to Red River for most of his between semester vacation and is home this Tuesday to stay with his folks, the Early Pritchetts, until Thursday when he goes back to Canyon to register at WT College.

"The Continuing Witness," a film, will be shown at the South Plains Baptist Church Sunday night, Jan. 31, and each and everyone is invited to attend.

Mr. and Mrs. E. J. Kinslow attended funeral services for her cousin, J. B. Harkey, 73, of Abernathy, on Thursday afternoon of last week at the First Methodist Church in Abernathy at 2 p.m.

# Local Group Appears Before State Highway Commission

A group from Floydada appeared before the State Highway Commission in Austin the early part of this week to try to get a commonly designated highway from Borger to Big Spring.

The proposed route, already hard surfaced roads would go from Borger to Panhandle, Claude, Silvertown, Floydada, Ralls, Post, Gail and into Big Spring. From there a person traveling this route would have access to either south Texas, the Eagle Pass area, or the Big Bend country.

The advantage for a traveler taking such a route, rather than traveling through Amarillo, Plainview, Lubbock and Lamesa, would be to miss the traffic of the larger towns.

Presently, the highways that would comprise the proposed route are Texas Highway 15, FM 284, Texas 207, U. S. 62, FM 122, FM 659 to Big Spring.

When the group appeared before the commission they learned that a group from Colorado City, wanted the highway routed from Post to Snyder, to Colorado City, Sterling City and on to either Big Spring or Ozona.

Whether this group, or any other will be successful will be learned at a later date.

Those at Austin for the meeting from Floydada were: Mayor S. W. Ross, Precinct 1 Commissioner John Fowler, Arthur Wylie, and Jimmy Willison.

# MRS. KOENEN IN DALLAS FOR HEART SURGERY

Mrs. Harry Koenen was taken by ambulance from Methodist Hospital to Dallas this morning where she is to undergo heart surgery. Mrs. Koenen became ill at her home Thursday from heart failure and was taken to Methodist Hospital for treatment.

Her daughter, Mrs. John Kimble, accompanied her mother to Dallas for the operation. Dr. Kimble said he understood a "pace-maker" would be attached to her heart.

the last, or a fork and napkin in the last course. All in all, it was a delicious meal . . . once we got it. The way it arrived course by course was amusing . . . and confusing but a lot of fun.

Entertainment ala James (Bush) Jordan, Roy Towque and George Elkins was ultra ultra also!

BOB WILSON has produced another outstanding edition of the "Parade of Progress." Bob brought me a copy last week and I've enjoyed reading it. I think Bob would be interested in knowing that one of the books Renee will be sending the boy (or girl) who plans to visit Texas this year is this year's "Parade of Progress."

I RECEIVED a very interesting letter from some Floydada business man concerning his unhappiness with our city police force this week. I'll be happy to publish the letter if he'll come in and sign it. We'll be glad to run it and withhold the name, but we've gotta have his name signed on it for our files.

WE MENTIONED the new industry that the Dougherty-Chamber of Commerce announced last week. This week we note the big industry that is fast developing in the Liberty Community. Wonder why their chamber hasn't reported this sooner?

The folks at Sanders Pump and Drilling are fast becoming one of the biggest irrigation well drilling and pump companies on the South Plains. Around ten trucks and pickups, which include seismograph, drilling, pump setting rigs, plus about that many men make up a good sized industry.

We'll have a picture of this irrigation industry in The Hesperian very shortly.

MONDAY'S sand storm must have been pretty bad . . . some of the old timers were comparing it with some we had back in the 30's. Actually there are two good things about sand storms. First is the day after . . . it's usually real pretty. Second, it usually clears all the foreigners out of the country.

OKAY, we're gonna tell you one more time . . . "don't forget to pay your 'cotton pickin' poll tax."

**Friendship**

(Continued from Page 1)

rushed to the Copeland resident to ask them to call a doctor.

Moore ambulance was also summoned and Mr. Denny was taken to Peoples Hospital. There among strangers, thousands of miles from home, he was critically ill and Mrs. Denny was in a state of shock.

Mrs. Denny said within a short time people started coming to give her assistance in anyway possible. By morning more came and in days to come even more to see if there was some way they could help her. Mrs. Denny said they offered their homes to her, offered to sit with Mr. Denny in order for her to get out some.

"Never have we seen such loving friendship in such an abundance," the couple said.

On the eighth day after being stricken, Mr. Denny rallied somewhat, enough to know he was in a hospital in a strange town but no longer among strangers.

Mr. Denny said enough praise could not possibly be given Dr. Bayouth and the nurses at the hospital. "They stayed with me night and day until I was out of danger." "People saw that our mobile home was cared for and at Christmas never have we seen so much love."

On December 11 Mr. Denny was dismissed from the hospital. He and his wife lived in an apartment at Mary Pearl Cowards for two months then prior to their departure several days at the Fieldan Motel. Their mobile home and car were taken on to McAllen where they were put into preparation for the couples arrival on Saturday.

"The only reason we are leaving Floydada for me to recuperate is because McAllen has a milder climate. I will be under a doctor's care there and when I am able to travel we will return to Davenport briefly then we will rejoin the caravan for our trip to Central America," Mr. Denny said.

"In leaving Floydada we depart with hearts filled with gratitude to our fellowmen. We hope someday to be back this way and visit with our many new found friends", the Denny said. "We hope by then that Floydada has their new hospital. We received the best of care in the present one but the need is great for a modern one. With the kind of people who reside here, with so much concern for those in need we know your dreams will come true", the Denny's concluded.

Mr. Denny is retired from Sears-Roebuck Co., after 35 years and Mrs. Denny is a retired school teacher of 48 years

**School**

(Continued from Page 1)

discrimination as defined in Section 801, Title VI, of the Civil Rights Act of 1964 (P. L. 88-352) the board approved the following resolution, which shall be in effect starting the 1965-1966 school term.

Since all grades in the Floydada School District are taught on more than one campus, each campus being in close proximity to each other, and easily accessible to any student residing in the district, no student shall be assigned to a campus of his or her choice.

The board further stipulates that all busses transporting students to each campus, shall be fully integrated, to be in effect, starting the 1965-1966 school term.

In the last paragraph it is noteworthy that the school will no longer have segregation on schoolbuses beginning with the September school term.

Superintendent Baker made clear that the district is dealing directly with the state. "Schools have been receiving federal funds since 1879, never dealing directly with the federal government but always through the state agency," Baker said.

School policy on integration approved by the board sets up plans for pre-registration each spring by all students.

At the time of registration, the student, with parental approval, shall declare the campus which he intends to attend.

After signing this declaration of intent, the decision will be binding upon the student throughout the ensuing school year.

**Robbery**

(Continued from Page 1)

It was thought that probably the two tried to get into the back door, found it locked, walked to the front and when a lull in the business occurred, they entered.

Monday night and Tuesday morning, Lee Neff tried to follow or at least pick up a trail they could have possibly left by dropping some more of the coins, but this was to no avail. The possibility of their car being parked in the alley was ruled out for no trace was found to this effect. It is still thought that they had a car parked some where close to the store.

"They got away with \$257, but at least they were kind enough to leave us enough to open for business on Tuesday", Neff said.

Neff had been at his house, and started to go to the store before the hold-up occurred, but he said, "I stayed to see a TV program, instead. He feels fortunate that he made that decision for he was carrying several dollars in his wallet, and, had he been at the store, surely the hold-up men would have made him empty his wallet."

Neff said Tuesday morning, "I guess this was bound to happen, for I have been in business for about eight years, and never had a burglary, or anything like this before."

The firm had no insurance to cover the loss.

Tuesday morning Neff said he would pay \$100 reward for the capture of the persons involved in the hold-up.

The men, 18 to 20 years old, wore dark caps, dark jackets and khakis. Their faces were covered by white handkerchiefs.

At Wylie's Superette Saturday night one of the local patrolmen spotted a colored man in the store. He summoned help and James Isbell came to his aid.

The two men covered the exits of the store while a key to the store was located.

As Isbell tried to enter the store, the man took a swing at him with a butcher knife, narrowly missing him. With that move the patrolman tossed a tear gas bomb into the store, then went in and apprehended the burglar.

The proceeds from the supper will go to the foreign exchange student fund for 1965-66.

The public is urged to give the home cook a rest and eat with the student council.

Naval Intelligence has been in operation since the permanent establishment of the Office of Naval Intelligence on March 23 1882.

The old pioneer Conestoga wagon could carry a load of five tons.

Their address in McAllen is Ranchito Mobile Court, 206 South 1st.

SECTION B

THURSDAY, JAN. 28, 1965 PAGE 1

FLOYD COUNTY HESPERIAN

## Dodge Dealers Back '65 Drive With Advertising

DALLAS — Selling 1965 model cars at a record rate, and pushing for their third consecutive year of sales gains, Texas Dodge dealers are committing the largest advertising budget in the history of the 163 member-dealer Dallas Region Dodge Advertising Association.

The initial November-December ad campaign for cars and trucks, scheduled in all media, is the first phase of the four-part ad strategy planned by the Texas dealers. Media selection includes 137 daily and weekly newspapers, 25 TV stations, 24 radio stations, 15 outdoor markets for car ads, and 140 outdoor markets for trucks.

Car and truck copy is presented on an alternating basis with

varied themes. Despite a friendly, humorous approach, "Who But the Dodge Boys," the 800 and 630 line auto print ads boldly compare the wheelbases, overall length, and power of competitive cars. Truck insertions of 600 and 476-line feature pickups and the copyline, "It's Tough Truck Tradin' Time!"

A. E. Grindle, president of the dealer ad group, and president of Westheimer Dodge, Inc., Houston, said the Texas dealers contributed substantially to two all-time unit sales records achieved during the 1963 and 1964 model years, and confidently expect to surpass all previous marks in '65.

"Continuing gains point to an unprecedented third year of sales success," Grindle said. "We are backing the factory's considerable advertising with a record outlay of our own to improve our regional sales increases, which exceeded 21 per cent for cars and 27 per cent for trucks in the 1964 model year over 1963."

In current print ads, the now famous cartoon logotype, which identifies the dealers as the "Dodge Boys," has been given an animated appearance appropriate to the light-veined, but hard-hitting comparison copy. Animated cartoon treatment also extends to the 20 and 60-second TV commercials.

Spanish versions of 60-second radio commercials are being utilized on stations KGFT (Hartlingen, Texas) and XEOR (Reynosa, Mexico) for radio coverage in the Rio Grande Valley, where Spanish is the dominant language.

In mid-December, truck advertising will be implemented with 976 outdoor (20 sheet) panels, the largest truck posting ever scheduled by the dealer group.

Following the current campaign, ad expenditures will be increased for the three-month second-phase drive planned to start January 10. Separate spring and summer phases will follow in order. Individual dealers are expected to give added impetus to the total '65 campaign with in-

LAVISH PRAISE OF MRS. W. M. MASSIE (Contributed by Mrs. C. E. Bartlett. Mother Massie has been a foster mother of Mrs. Bartlett since 1955)

"Leaves have their time to fall and flowers to fade; but thou hast no stated time of death."

In John, 14th chapter, Jesus said "I go to prepare a place for you." On January 19, 1965 just after the turn of the day when the sun had turned its bright back toward heaven, God, who doeth all things well, sent his angels to carry home the spirit of our long time friend and loved one.

Mother Massie was a friend to all who knew her and a true Christian. Her loss to her loved ones and friends was heaven's

created ad promotion expenditures of their own. Batten, Barton, Durstine & Osborn, Inc., is the advertising agency.

## Leo Jackson Speaks At Rotary Meet

Leo Jackson, Governor of Rotary International District 58 and son of Mrs. Jewel Jackson of Floydada, spoke at a recent

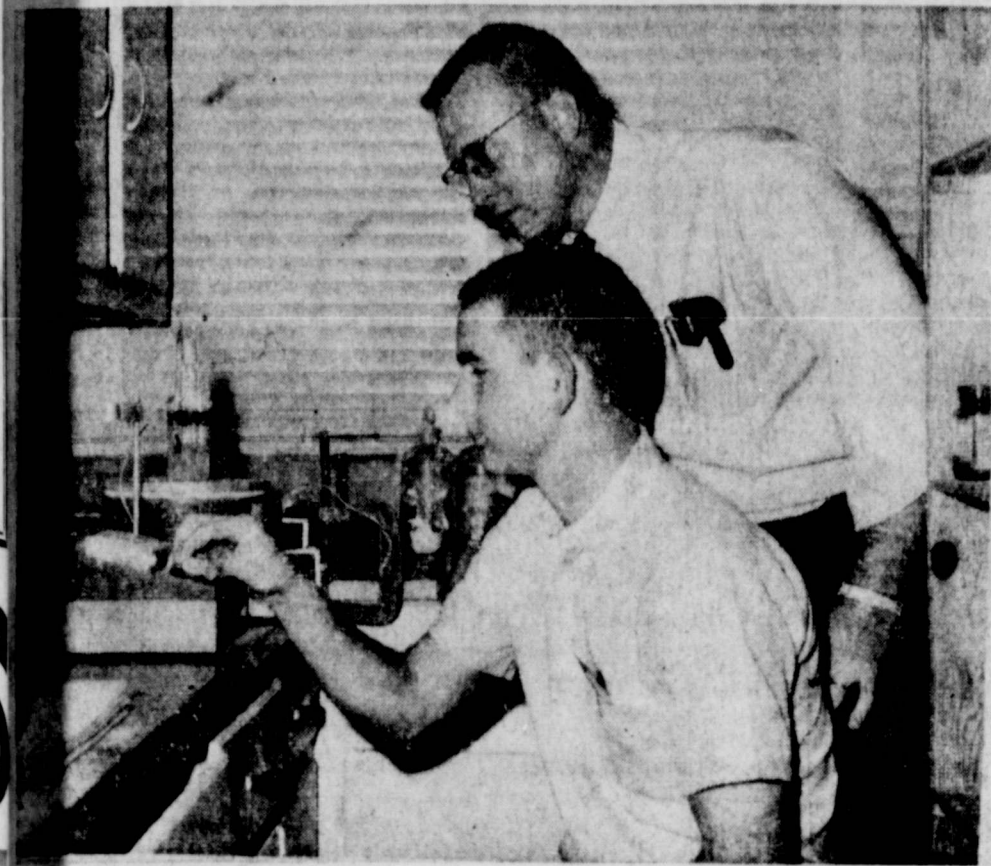

meeting of the Lewisville, Texas Rotary Club. Jackson spoke on the importance of leadership in the Rotary Club.

He is a graduate of West Texas State College and also holds a master's degree in education from East Texas State College. Jackson is a former Texas high school coach and has coached at Floydada, Greenville and Cameron. He has also been an administrator in the living school system.

Jackson is now associated with the First Federal Savings and Loan Association in Irving.

GRANT RECIPIENT — Pictured above are Sammy Watts and Kerwin Baxter watching a titration process by which Bromine is pro-

duced. Watts received a science grant of \$50 to help further his study in this field. (Staff Photo)

## Floydada Student Receives Science Grant For Research

Advanced Chemistry has been named the recipient of a science grant to conduct research in a project he, with the help of his teacher, de-

veloped. Sammy Watts, who received notice recently that he had been awarded \$50 from the Texas State Office of Science to work on a project entitled "Coulometric Determinations in a Nonaqueous Solution."

The actual cost of the project was \$150 before it was completed, Watts mentioned. The work is actually the continuation of a project Kerwin Baxter, local chemistry teacher and advisor of the project, started when he was a student at the University of Texas.

After he completes his present

project, Watts intends to do the same thing using Sodium Bromide in Acetonitrile. He will also titrate the solution in Dimethyl formamide and also in Methyl sulfoxide.

His work in this project has already gained Watts a working scholarship to the University of Texas. He will be employed by one of the chemistry professors at the institution.

Another student, David Luttrick, has earned a similar scholarship to the University by the work he has done on certain projects.

According to the Academy of Science, grant recipients are selected from many applicants. The award reflects notable achievement by the student and the high quality of guidance in science by the faculty advisor.

By measuring the current, the number of seconds of the reaction at a given pH, the total amount of the pure element extracted can be determined. After he completes his present

project, Watts intends to do the same thing using Sodium Bromide in Acetonitrile. He will also titrate the solution in Dimethyl formamide and also in Methyl sulfoxide.

His work in this project has already gained Watts a working scholarship to the University of Texas. He will be employed by one of the chemistry professors at the institution.

Another student, David Luttrick, has earned a similar scholarship to the University by the work he has done on certain projects.

According to the Academy of Science, grant recipients are selected from many applicants. The award reflects notable achievement by the student and the high quality of guidance in science by the faculty advisor.

# Portales Residents Visit Here

FAIRVIEW, Jan. 25 — Mr. and Mrs. Preston Bulard of Portales, Mexico were here over the weekend. They spent Saturday night in the home of Mr. and Mrs. L. L. Perry. They visited Sunday morning with Mrs. L. E. Threlkeld and went to Falls where they visited his mother, Mrs. G. M. Bullard in Falls. Mrs. Bulard is in Falls on business.

Mrs. and Mrs. Bill Sisson visited Monday in the Galen Hotel. Mrs. Baird spent Saturday and Sunday with Jan Perdue and family.

Mrs. and Mrs. Shirley Irwin and family went to Tulla Saturday night where they visited in the home of Mr. and Mrs. Kennington.

Mrs. Walton Wilson and Mrs. Wilson visited Wednesday with Mrs. Bill Tye. Mrs. Walton also visited the George home Wednesday.

Mrs. Rowley Irwin visited Wednesday afternoon with Mrs. Galland.

Norman Burton is spending a week with home folks during the winter period between semesters at Wayland Baptist College, Plainview. Sharon will return to Plainview Wednesday to resume her college work there.

Mrs. Cran Hatly visited Thursday afternoon with her sister, Mrs. Cecil Payne.

Mrs. Carl Nelson and daughters, Shirley and Chris and Mrs. Ruey Irwin went to Sanlloater Sunday to visit Mr. and Mrs. Bill Burgett. Mr. and Mrs. Bryan Lee Burgett and baby Rodney Allen were also there. This was the first time Mrs. Irwin had seen her new grandson. He is now 2 months old.

Miss Sue Thompson of Lockney arrived this afternoon (Monday) to make her home with Mrs. W. B. Wilson.

Mrs. Jim Garrett visited Tuesday afternoon with Mrs. Clyde Bagwell. Mrs. Jewell Teague visited Thursday morning with Mrs. Bagwell.

Sealed bids addressed to the Honorable Mayor and City Council of the City of Floydada, Texas, will be received at the office of the City Manager, City Hall, Floydada, Texas, until 4 p.m., February 9 for the purchase of two buildings, description as follows:

1-19x16 stucco building with bath fixtures, alternate bid without fixtures;

1-21x16 open end stucco building.

The City Council reserves the right to accept or reject all or part of the bids, and to accept the bid the Council considers the most advantageous to the City.

Each bid must be sealed in separate envelope, and have Bid Number and closing date marked on outside of envelope.

Bids on the purchase of the buildings individually, or on both in one bid will be accepted. (1-21, 28, 1965)

The heart of Edison's invention of motion pictures was the use of film 35mm wide, with four perforations for each picture, which still is standard.

**OPERATION AIRLIFT** — Mr. R. C. Fawver of 338 W. Hallie, Floydada, Texas, is boarding a Massey-Ferguson chartered plane at Dallas, bound for the Mexican capital where he will see the unveiling of MF's new tractor line. More than 5,000 MF dealers and sales personnel from all parts of North America are winging to Mexico City during the next three weeks in one of the largest industrial chartered airlifts ever staged.

**Praise**

(Continued from Page 1) friend, we loved so well was taken from us. But today with bleeding hearts, yet with faith in God, we pass under the rod and say "O God thy will, not ours be done". We do not know or understand why she had to linger as she did, yet we know our heavenly Father doeth all things well. Truly God's ways are mysterious for here we see through a glass darkly.

Mother Massie was a woman of strong faith in God. She lived her religion day by day. She was a true and consecrated Christian and was a wonderful mother and friend to all. She attended church and Sunday school regularly until her health began to fail. She was a wonderful church worker and loved to help carry on the Master's work.

I think if our dear friend and mother could speak she would say, "My dear children and friends the time has been sweet I've spent with you. My dear children and friends near to my heart, which nature seems to depart and leave you all behind. Oh Lord a father to them be and keep them from harm. May they love and worship thee and meet their mother in the Saviour's arms.

Mother Massie was loved and appreciated by all who knew her. She was in truth a friend of friends of all whom she met and this place will never be filled by another. She leaves a host of friends to grieve her loss. I'm sure that death was to Mother Massie like this beautiful hymn. "Only A Dream, Only A Dream of Glory Beyond the Sea, Streams, How Peaceful her Passing, How Peaceful her Coming, For Her Death was Only a Dream."

One picture worth a thousand words: your portrait. It says you care because you give of yourself. To your special Valentine, give the gift of love made with loving care by fine professional photographers. Telephone now for an appointment.

## Illness Cuts Church Attendance

CENTER, Jan. 25 — Many from the Calvary Baptist Congregation were out of church Sunday because of illness. Some half dozen families were in part or all in this category.

Joe Lee Dunn, Texas Tech student, visited Friday afternoon with his mother, Mrs. Frank Dunn. The girls, Mrs. Margaret Balois and baby, and Mr. and Eddie Parks also of Lubbock visited Mrs. Dunn Saturday night and part of Sunday. The Eddie Parks also visited relatives at South Plains.

Mrs. Dunn visited Mrs. Vinson while Thursday.

Sunday dinner guests of Mr. and Mrs. Leo Frizzell were Mrs. Lois Durham and Mrs. W. M. Jackson.

Mr. and Mrs. Clarmon Booth visited Mr. and Mrs. Frizzell Saturday evening.

The Floydada children and families of the J. D. Welborns who visited in the parental home Sunday afternoon were: Mr. and Mrs. Bobby Welborn, Lisa and David, Mr. and Mrs. Roger Gooch and baby boy Derrell; and Mr. and Mrs. Clarmon Booth.

Mrs. J. D. Welborn and Mrs. Roger Gooch and baby were in Plainview Saturday and dined with their son and brother, James David Welborn and family.

Mr. and Mrs. R. C. Ross were in Lockney Friday and visited Bro. Clay Muncy who is a patient in the Lockney Hospital.

Sunday dinner guests in the R. C. Ross home were Mr. and Mrs. Homer Guffee, city.

Mrs. Charley Battey, city, dined Sunday in the home of a daughter, the Thomas Warrens.

### LEGAL NOTICES

THE STATE OF TEXAS  
 TO: RICHARD ALEXANDER BRECKENRIDGE,  
 GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10:00 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 22nd day of February, A.D., 1965, at or before 10 o'clock A.M., before the Honorable District Court of Floyd County, at the Court House in Floydada, Texas.

Said Plaintiff's petition was filed on the 5th day of January, 1965.

The file number of said suit being No. 5211.

The names of the parties in said suit are:

Nancy Evelyn Breckenridge as Plaintiff, and Richard Alexander Breckenridge as Defendant.

The nature of said suit being substantially as follows, to-wit: Suit for divorce, plaintiff alleging that defendant has been guilty of cruelty and excesses toward plaintiff of such nature as to render the further living together of the parties insupportable, plaintiff praying for the custody of the minor children of the parties, to-wit, Richard Lynn Breckenridge, Ronald Glenn Breckenridge, Joe Edd Breckenridge and Mary Ann Breckenridge, and for general relief.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 5th day of January, A.D., 1965.

Given under my hand and seal of said Court, at office in Floydada, Texas, this 5th day of January, A.D., 1965.

MARY L. McPHERSON, Clerk District Court, Floyd County, Texas (J-28-65)

## Williams Of San Angelo Here

CONE, Jan. 19 — Mr. and Mrs. James Williams, Rene and Mark San Angelo, were weekend guests of her parents, Mr. and Mrs. Clay Kimbrough. Saturday Mr.

and Mrs. Bob Kimbrough, Keim and Elisha, Ralls, were guests for dinner. They were celebrating Mrs. Kimbrough's birthday which was Sunday. Sunday night after church services, Mr. and Mrs. Clarence Verett were hosts at a surprise supper honoring Mrs. Kimbrough. Guests were Mr. and Mrs. Granville Igo and Bro. and Mrs. D. C. Lawrence, Darrell and John, all of Shalke-water, Mr. and Mrs. C. A. Verett and sons, Crosbyton, Mr. and Mrs. Eddie Verett, Mr. Kimbrough and the honoree.

Mr. and Mrs. Joyce Davis and Jeannie, Petersburg, visited on Tuesday night with Mrs. Roxie Travis.

Lori Periot, Ralls, was a Tuesday afternoon guest of her grandparents, Mr. and Mrs. C. O. Gilbreath.

Mr. and Mrs. W. H. Schonart, Lucerne Valley, California, were Thursday night, Friday and Friday night guests of her brother and wife, Mr. and Mrs. Morris Wideman. All of them, along with Mr. and Mrs. Bob Wideman, Kenny, Belva and Ray Don were supper guests of Mr. and Mrs. Haney Wideman and family on Thursday evening.

Mrs. Earl Martin and Miss Ruth were Sunday afternoon

callers in the Frank Sellars and Dr. and Mrs. John D. Cherry homes in Crosbyton and also visited in the home of Mrs. Emma Ware and Melba.

Mr. and Mrs. O. M. Wright and granddaughter, Paula Peterson, Levelland, were weekend guests of Rev. and Mrs. R. C. Guest and attended worship services at the Baptist Church.

Mr. and Mrs. Ed Martin were Saturday evening guests of Mr. and Mrs. Earl Martin.

Monday night guests of Mrs. Roxie Travis were Mr. and Mrs. Paul Davis, Ralls.

Mr. and Mrs. Dennis Taylor of Crosbyton visited Elder and Mrs. Joe Jackson on Saturday night.

Mr. and Mrs. Bob Wideman and family had as Saturday night guests Mr. and Mrs. Bill Switzer of Ralls, Mr. and Mrs. Harold Verett and Shawn.

Mrs. Oma Patterson had as weekend guests her grandchildren, Phillip, Kelley and Stephanie Mullins of Ralls. On Sunday, dinner guests were Mr. and Mrs. Vernon Jones, Jr. and children, Ralls, and Mr. and Mrs. Earl Switzer of Plainview called in the afternoon.

Mr. and Mrs. Haney Wideman, Mark and Mel returned on Monday night from Paris where they had gone on Saturday to help the Truman Kirby family move to their new home.

Mrs. Thelma Jones, Floydada, was a Tuesday morning guest of Mrs. Roxie Travis.

Mr. and Mrs. S. V. Adams will be in Fort Worth this weekend where they plan to attend a reception at Aron Carter Museum of Western Art, of the opening of two exhibitions, "The Canyon Lands of Utah and Arizona" and "Texas Ranch Life 1914-1965". Photographs are of Frank Reeves. The Adams will also visit their daughter, Glea and Mrs. Adams sister, Mrs. Aubrey Fawver and family.

## Field And Kitchen News

Lighthouse Electric Coop., Inc., Nancy Morckel, Home Economist, Alton Higginbotham, Power Use Advisor

IS YOUR FREEZER LOAFING? ? ? ? A half-full freezer is a half-used farm hand; to make any profit, you have to keep it busy!

1. Inventory consists of both home-processed and commercial foods in a combination that will save most time and money each season.

2. Fine meats—though maybe from your own farm—are butchered professionally and bulk locker-stored to save space at home for a full array of good things to eat.

3. Your freezer is nearly always full, the turnover constant, to assure maximum quality and economy.

4. Only top quality packaging material is seen in your freezer—your insurance against costly loss from drying.

5. Organized, systematized, visualized—these describe your freezer!

6. The freezer is an "annex" to your pantry—always reliable for necessities such as bread and butter.

7. A meal-in-minutes is always on hand, the components assured by a frequent freezer check or "roll call".

8. Frozen treasures include casseroles and home baking—bonuses of your thrifty cook-double-freeze-half habit.

9. Panic-prevention is mere routine for your freezer, easily handled in advance, extra food needs for harvest, school, weddings, reunions, picnics—a mom's absence.

10. A marvel of flexibility, your farm freezer contains package sizes to suit the family as it grows or diminishes; and any special food needs of the baby, the oldest— and all the calorie-counters in between!

11. Commercial "frozen-wonders", as available, are in your freezer for the fun of keeping up with the times and adding novelty to your menus.

You — MRS. HOMEMAKER—were the ones who took the freezer on trial, made it a triumph. Today, dividends are better than ever — if you're working your freezer to capacity. Since food freezers for the home were new, there have been exciting strides in commercial frozen foods. Sometimes store-bought frozen food can equal the quality of your own, and, at low cost—this can save you a lot of work.

Meat, is the most costly food, and has the greatest savings potential. Experience tells you what cuts are used most efficiently at your house. Do boning and grinding before freezing if you need to save freezer space. Skillful cutting pays. Fast freezing and uniform temperature may improve quality.

A full freezer operates on less, also cuts the cost per package. BUT BE SURE TO KEEP THE LOAD ALWAYS ON THE MOVE — eat that box of berries before its "rent" bill runs too high!

"FREEZER-BURN" need be an old story. Remember: Only the finest food superbly sealed is freezer-worthy. Excellent wraps should abound those days; last-ing types are often the most

thrifty. When foods are well wrapped to keep the air out and the moisture in (moisture-vapor-proof wrappings or containers) there will be no freezer burn.

You may organize and systematize your freezer program, by working out certain colors for certain foods as: greens for peas and beans, red for berries, etc. Colors can be lids, plastic clothes-pins, pipe cleaners, crayon marks, or tape of different colors.

Use wrap to distinguish beef from pork. Corral small items in net or plastic bags. Choose containers that will stack firmly and which work together in your freezer without wasting space.

Decide which foods go where—have a place for everything and keep it in its place.

Make an inventory of what belongs always in "your" freezer; and keep it complete. Be sure to include "makings" for emergency menus.

Be sure your freezer stays on the job. Over the years it can save you time and money. It will be a real helper—with a little planning and help from you.

Sherril Lynn Collins, daughter of Mr. and Mrs. Wayne Collins, we are glad to report, is recovering enough from a case of mumps to return to school.

Mr. and Mrs. Melvin Henry spent the weekend in Sandev- visiting their daughter, Mrs. John Gline and her husband.

Troy Watson, Lubbock, Job Training and Safety Instructor with A&M College Extension Service was here Monday morning for his regular monthly safety class for linemen at the Light-house.

Mrs. Wylie Rogers returned home from the hospital where she had been for several days with a case of flu.

Mr. and Mrs. Corkey Guffee and family visited Sunday after-

## Lewis Completes IH Factory Course Recently In Amarillo

Mr. Dave Lewis of Martin & Company, Floydada, Texas, has just completed a factory training school of three days at Amarillo, Texas. This was held at International Harvester Company and was conducted under the direct supervision of Mr. Dan E. Dunscomb, I H District Service Supervisor.

The course of instruction covered the subjects of hydraulics and diesel engine service, plus shop management.

The purpose of the school was to provide specialized education on farm tractor service so that tractor owners can secure the most efficient operation of their tractors.

Lewis became acquainted with new servicing techniques on the new International Harvester tractors and took refresher training for service work on previous models. He also worked with new shop equipment so that he could quickly and efficiently diagnose engine troubles.

This training is a part of the annual program which is presented by International Harvester Company so that its field representatives, and dealers service men can maintain their education at a high level and provide the very best in tractor service to their customers.

DAVE LEWIS at I H School

### LEGAL NOTICES

SHERIFF'S SALE (THE STATE OF TEXAS) County of Floyd

NOTICE IS HEREBY GIVEN That by virtue of a certain execution issued out of the Honorable 6th District Court of Hale County, on the 19th day of January, 1965, by E. A. Madera, Clerk of said court, for sum of TWELVE HUNDRED FIFTY and NO/100 (\$1,250.00) Dollars and costs of suit, under a Judgment in favor of PLAINVIEW HOSPITAL & CLINIC FOUNDATION in a certain cause in said Court, No. 11,357 and styled PLAINVIEW HOSPITAL & CLINIC FOUNDATION, Plaintiff vs. VALCA THOMAS, Defendant, placed in my hands for service, I, WALTER HOLLUMS, as Sheriff of Floyd County, Texas, did, on the 25th day of January, 1965, levy on certain Real Estate, situated in Floyd County, Texas, described as follows, to-wit:

160 acres of land, being all of the Northeast One-fourth (N.E. 1/4) of Survey Number Three (3), in Block D-5, Abstract No. 285, situated about 2 miles Northwest of Lockney, in Floyd County, Texas, and generally known as the Valca Thomas Farm; and levied upon as the property of VALCA THOMAS, and that on the first Tuesday in March, 1965 the same being the 2nd day of said month, at the Court House door of Floyd County, in the City of Floydada, Texas, between the hours of 10 a.m. and 4 p.m., by virtue of said levy and said execution, I will sell said above described Real Estate at public vendue for cash, at the highest bidder, as the property of said Valca Thomas.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks preceding said day of sale, in the FLOYD COUNTY HESPERIAN a newspaper published in Floyd County.

Witness my hand, this 25th day of January, 1965.

WALTER HOLLUMS Sheriff, Floyd County, Texas (1-28, 2-4, 11-65)

noon in Olton with Mr. and Mrs. Russell Strain and family.

Mrs. Hazel Roberts and girls spent the weekend in Meert with her brother and his family, the Byron Willis.

Mr. and Mrs. Bud Goen and Mr. and Mrs. Bud Sparks visited Sunday evening with Mr. and Mrs. Laros Fulton, Shanda and Chris in the McCoy community.

SOMETHING TO THINK ABOUT "Money still talks, but you have to increase the volume if you want to get the message through."

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks preceding said day of sale, in the FLOYD COUNTY HESPERIAN a newspaper published in Floyd County.

Witness my hand, this 25th day of January, 1965.

WALTER HOLLUMS Sheriff, Floyd County, Texas (1-28, 2-4, 11-65)

## Health Conditions Improve

CEDAR HILL, Jan. 25—Health conditions are showing improvement in our midst at present. The mump patients have all recovered, with exception of little John Fortenberry, who has recently fallen victim of the maldy. Mrs. Tucker was able to be up again and back in church Sunday. Mrs. Joe Fortenberry returned from the hospital Sunday, where she had been a patient for several weeks. Her condition is much improved but will require more bed rest during her convalescent period. Her daughter, Mrs. Pauline Van Hoose of Floydada will be nursing her mother until she gains more strength and gets adjusted to home life again.

Mr. and Mrs. Dewey Dillard of Lubbock were visiting his sister Mrs. Joe Fortenberry Sunday evening.

Mr. and Mrs. Wilbur Floyd of Floydada were Sunday visitors of his parents, the Frank Floys.

Mr. and Mrs. Albert Mize had as house guests Mr. and Mrs. W. M. Anderson, Mr. and Mrs. Oldham from Nacoma two days of last week. The group were supper guests of Mr. and Mrs. Syd Brown in Floydada one night.

Mr. and Mrs. Tom Fortenberry were Sunday visitors of her parents, Mr. and Mrs. Monroe Smith in Lockney.

Mrs. Grace Kester of Plainview, Mr. and Mrs. John D. Van Hoose of Floydada and Mrs. Burleson and children were visitors in the Joe Fortenberry home Sunday evening.

Mrs. Albert Mize visited Mrs. J. A. Welch Saturday evening. Sharron Decker spent Friday night with Stephanie Fortenberry.

The Cedar Hill sewing club met Wednesday evening with Mrs. W. O. Swaim in Silverton. These present were Mmes. Lee Pearson, Bud McGown, Rene Yearly, and Mamie Yearly. Mrs. Roy Brown was a visitor of the club also.

Mrs. Roy Meek was a visitor in the home of Andrew Jetton and his sister Mamie last Tuesday.

Mrs. E. L. Norman Jr. and son Jack of Amarillo spent from Thursday to Sunday morning with her parents, Mr. and Mrs. A. B. Clark and also visited her husband's father, Mr. Norman.

Adding sugar to whipping cream before it is whipped will decrease the volume that can be obtained and increase the whipping time.

cution, I will sell said above described Real Estate at public vendue for cash, at the highest bidder, as the property of said Valca Thomas.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks preceding said day of sale, in the FLOYD COUNTY HESPERIAN a newspaper published in Floyd County.

Witness my hand, this 25th day of January, 1965.

WALTER HOLLUMS Sheriff, Floyd County, Texas (1-28, 2-4, 11-65)

# Floydada Teams Lose To Dimmitt, Split Games With Abernathy

## Action Marred In Boys Game By Teams' 64 Fouls

The Floydada boys and girls each played two conference games last week and came out with only a 25% winning factor. The boys lost games to Dimmitt and Abernathy, and the girls lost to Dimmitt but blasted Abernathy here on the home court.

All the games were filled with fouls, but the one most noticeable was in the boys' game last Friday night when the locals received a total of 40 infractions and Abernathy was fouled 24 times.

In the girls' game against Abernathy, Floydada accounted for 22 of its points from the free-throw line and Abernathy got 30 points by that method. The Abernathy boys racked up 44 points free gratis and Floydada got 19.

Dimmitt The Whirlwinds, still trying to get their footing after losing to Friona, were playing with out the services of Shirley Rainer, one of the district's top per-game scorers. However, when the final

buzzer sounded the locals were only four points behind.

The local girls fell behind at the first of the game but recovered by the end of the first quarter and were tied with the Dimmitt team at 8-8. At halftime, Dimmitt had taken a four point lead with the score reading 21-25. Going into the final quarter the Whirlwinds were trying to overcome a six-point deficit as they were behind 33-39. The game ended with the locals losing, 36-54, after being tied and staying with in two points of Dimmitt during the entire fourth quarter. Two of three times during the closing minutes, it looked as though the bid for the lead would be successful, but that extra effort never came that would have put the locals in the lead.

Dee Wilson led the locals in the scoring department with 21, and Pat Pierce had 20. As before mentioned, Shirley Rainer, who usually scores in the 20's was unable to play.

Linda McCotum led her team to victory with 30 points and Danna Odum hit 11 for Dimmitt. The boys fell behind the Bobcats early in the game and were nursing a 25-11 Bobcat lead at the end of the first quarter. At halftime the score had been extended to read 42-23. Going into the final eight minutes the locals were closing the gap and were behind 36-38, but they were never able to overtake the visitors. Dimmitt won the game 85-63.

Keith Teague hit 19 for the Winds and Kerry Bearden added 15. David Lutrick hit 14 for the locals. Steve Hutton and Bob Bradford sank 20 points each for Dimmitt.

Abernathy After being pushed by Abernathy during the first half, the Whirlwinds got out of reach of the visitors during the second half of the game and went on to win 79-52.

The locals were still playing without Shirley Rainer, but Charlotte Pierce filled in at the forward position to help the locals in the conference victory.

At the end of the first quarter, the Whirlwinds were barely ahead of Abernathy, as they held a 15-14 edge. At halftime the score stood at 30-24. Floydada, during the third quarter, the locals moved well ahead of Abernathy and led 48-31 going into the final period. The Whirlwinds added 22 points during the fourth period and allowed Abernathy 21 to win the game 76-52.

Pat Pierce hit 33 points for Floydada, and she was followed

A TOUCH OF BALLET — An Abernathy player seems to be in the midst of a ballet movement as he fights with Floydada's David Lu-

trick for the basketball in Friday night's game here. Abernathy won the game 80-59. (Staff Photo)

OUT OF REACH—Floydada's Sheila Patterson reaches for a rebound in Friday night's game against Ab-

ernathy but can't quite reach. Floydada won the game. (Staff Photo)

by JEDD BLESSING

by Dee Wilson with 27 and Charlotte Pierce with 10. Donna Webb hit for 28 for Abernathy, and a teammate, Denise Barker, hit 19.

The Floydada girls got 24 of their points from the free-throw line and Abernathy amassed 30 points by this method.

The boys spotted Abernathy 22-9 at the end of the first quarter, held their own during most of the remainder of the game and let the visitors get away during the last few minutes of the game here Friday night to lose 80-59.

At halftime, the locals had closed that gap to 12 points, and going into the final period were trailing by only 9 points as the scoreboard read 36-47. However, their bid for the game was soon to end for six of the squads ten men fouled off, leaving only four players to finish the last few minutes of the game. The score at the end of the game was 80-59.

Keith Teague hit 23 points for the locals, and Kerry Bearden added 12. Lane Wade of Abernathy had 20 points and Paxton added 18.

Standings After the first round of the conference play was completed last Friday night, both the Fri-

son and the locals continue to play as they did Friday night, even without the services of

ena boys and girls are leading in the district, followed by Dimmitt. The Floydada girls are in third place, and the Floydada boys are in fourth in their division.

The next home game is against Friona tomorrow night. Following that game the teams play Olton here, then travel to Dimmitt and Abernathy to complete the conference season.

Shirley Rainer, one of the district's leading scorers, they can be eligible for even a share in any of the district honors, the girls will have to complete the second round of play undefeated, and someone else will have to beat Friona also. The only problem they should have will be against a tough Dimmitt cr-w.

Tuesday night of last week the girls lost to Dimmitt by only four points, and still were not playing the type of ball they did against Abernathy.

I still don't know what to think about the Whirlwind-Antelope game here Friday night.

It's always interesting to look back in the record book and see how a team is behaving during the entire year, then compare that with an unusual game. One seems to draw the conclusion that it was not the fault of the Winds last year they received so many fouls.

When the Whirlwinds played against Friona, at Friona recently, the Chiefs received 10 fouls and the Winds received 14. Day-

id Lutrick was the only one to foul off and the other players with the most infractions were Steve Marler and Kerry Bearden each with three fouls.

When the team played Dimmitt, the locals had 22 fouls and the visitors had 24. Last Friday night, with the same officials as with Dimmitt, the Whirlwinds received 43 fouls and Abernathy got 24. Six of the Whirlwinds fouled off and one of the Antelopes fouled off.

Looking at the scorebook, it (See SPORTS DESK, Page 5)

# Hesperian Editorials

## Only Three More Days To Pay Your Poll Tax

It looks like that a good many folk in Floyd County will be unable to vote this year . . . simply because they haven't paid their \$1.75 poll tax.

The county tax collector's office will remain open Saturday, January 30 in order to be of service to the last minute residents who want to pay their poll tax.

True, this is an off election year, and after the high pitch of the 1964 election, the let down is natural. But the off-year can provide elections just as important in their field as the election of officials.

We always have school board and city council elections . . . and it now appears that the residents of Lockney and Floydada may have the opportunity to vote on the proposed Mackenzie water bill.

Then, there are the elections that suddenly come up. Before the year is over such controversial elections as the right to gamble, buy alcoholic beverages may come up for vote.

The price of a poll tax . . . \$1.75 is a small charge indeed to register your opinion, and if you don't vote, certainly you have no right to complain about how the elections do go!

## The County Agent's Job

The Hesperian has looked into the county agent's office this week and in view of the recent resignation of Richard Miller, our last of three recent agents, makes some observations in the interest of the future of this position in Floyd County.

From a survey of 20 other counties in this irrigated area of West Texas it is evident that Floyd county offers the county agent one of the lowest salaries of the group.

It is understandable that Floyd County's agent should not receive a salary similar to Lubbock and Hale counties. These counties have a larger farm economy and of course have more farmers and youth with whom he works. The agents in these counties have many more years of experience, also.

Of course, a county agent should be paid a salary commensurate with his experience and the amount of work involved in a particular county.

On one hand the agent's job is reduced as more chemical and fertilizer companies offer the farmer the advice of company entomologists in regard to proper care of the crops.

On the other hand the agent's job responsibilities increase as we consider the increasing number of youth in our county and their future is important. The future of agriculture in Floyd county is the future of about 95% of the people living in the county.

As more new crops are tried . . . as better farming developments are introduced, there is a definite need to have an experienced, qualified, and fairly paid agent to work with our farm people.

Recently a request was made by the district agent to the commissioner's court for an increase in travel pay. The request was turned down.

In an interview with the judge and commissioner's court the Hesperian was told that the travel pay increase was turned down because the county budget couldn't stand a pay increase for any county employee.

It is possible that the last county agent would have resigned had he received or not received the increase due to a very good offer to enter private business . . . which he accepted.

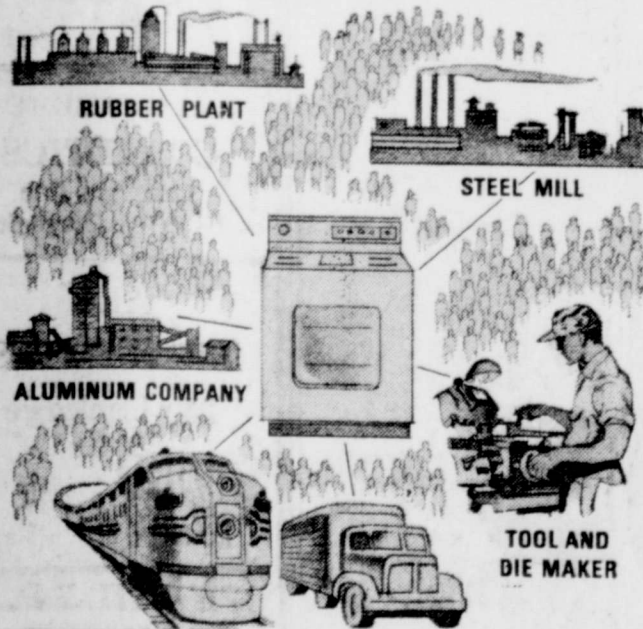

When we buy merchandise . . . or when we hire help . . . we usually get what we pay for.

### TAX MAN SAM SEZ:

Every year the good tax folks complain that thousands of taxpayers send in their tax return without getting all their W-2's. In past years, a few taxpayers have sent in a new form 10-1040A every time they receive a new

W-2 from one of their employers. You can't file but one time. It's what you made on all your jobs for the whole year instead of each job. Besides - Internal Revenue fuses at you if you don't do it right.

## WE EMPLOY 50 MILLION WORKERS!

The money spent by Lighthouse Electric Cooperative members for electric appliances and equipment travels great distances and ends up in many paychecks. It starts with the hometown merchant who makes the sales and includes the freight carrier, packager and the legion of workers in every field who helped manufacture these items.

This year members of the Lighthouse Electric Cooperative will spend \$1,500,000 for appliances. And every penny will be spent to use the electricity the member-owners provided for themselves. The dependable, efficient electric system offered by the rural electric cooperative is helping Texas and the nation grow through rural electrification.

LIGHTHOUSE ELECTRIC CO-OPERATIVE, Inc.

## GUEST EDITORIAL City Council Carries Ball

If we had to credit just one thing for our progress in recent years, it would be the leadership provided by the city council. To be effective leaders, a board must have good ideas, then be able to sell them to the public.

The council has carried the ball in many areas of progress, adequate power and water, a modern street lighting system, a tremendous paving program, and most of all, an effective police department.

We have also had good leadership in our public school system. It ranks with the best.

Our residential building developments have kept pace with progress in recent years. We had long needed exclusive residential areas for the needs of people in various income brackets.

Many individual merchants have improved their facilities and services, offering the community the kind of business establishments it wants and needs.

The one area in which the town has lagged is in industrial growth. We just haven't gotten off the ground in providing industrial payrolls. A few individuals have expanded and created new jobs . . . but with few exceptions we have had nothing comparable to the new fertilizer plant at Dimmitt, the sugar beet mill and numerous other activities at Hereford, the clothing factory at McLean, manufacturing plants at Memphis, and Ralls. We receive newspapers from all over the state, published in towns comparable to Tulla. Many of them have been able to create new payroll. Many of them had . . . or die. They had been dependent upon a dying agricultural economy . . . and it was just busy and do something . . . or die.

Seems like many towns, some much smaller than Tulla, have been able to acquire convalescent homes which can be considered a "payroll" if we want to be mercenary. Not only do these institutions employ people but they attract many visitors to town who will spend money.

We note many communities that have been benefited by philanthropists, wealthy people who made their money in the community and are inclined to do something for the community that had been good to them.

The Coons at Dalhart are examples. Not long ago we read the obituary of a rich man who lived south of Tulla. Seemed that he had had a hand in building a half dozen community institutions.

Tulla has not been so blessed. Towns should be realistic. We don't go for these "chamber of commerce" type slogans which claim to be the "biggest" and the "best". Towns don't grow on hot air. Let's face it . . . there are hundreds of towns as good or better than Tulla. Compared with other towns in our bracket, we are ahead in some areas, behind in others.

With frankness and honesty we must take inventory of our assets. We must also take a look at our liabilities. It is of no use to go about claiming to be the "best in Texas", ignoring our deficiencies, exaggerating our assets. Much more despicable is the one who sees only the liabilities, he who goes about downgrading our school, our police, our churches, our business houses, our fire department. We are all familiar with this community bore.

Every Tulla Leader, and that includes every merchant, should make a tour of other communities and study his counterparts. He might get some new ideas. He might see where he could improve his stock and his services. He might even discover why some of his potential customers trade out of town.

Then his customers . . . and potential customers . . . should indulge in a little self-appraisal. They should face the fact that every dollar they send out of Tulla is gone . . . probably forever. They should ask themselves the question, "Am I trading out of town because I couldn't find what I wanted at home, or because the price was out of line, or did I just want an excuse to go out of town?"

Tulla business is hurt at times because the item wanted is not available in Tulla, and the customer is compelled to trade elsewhere. Perhaps the local merchant just isn't large enough to offer the selection offered by the city merchant. Perhaps he is inefficient.

But this inevitable and often justifiable damage to the local economy is infinitesimal compared to the damage done by those who go out of town to buy items available in Tulla at competitive prices.

We know of a person Christmas who drove to Plover merely to purchase a Christmas tree! Trees were available in Tulla at identical prices . . . and even had been higher, the cost of driving to Plainview would have wiped out the saving.

This business of trading is a two way street. The local merchant owes it to the customer to offer the best selection at the best prices with the best service. In other words, his goal should be to offer as much as the out-of-town merchant . . . plus a little bit more. He can't always accomplish this goal, nevertheless he should be trying, if necessary.

On the other hand, the customer owes it to his hometown merchants to give him every benefit of the doubt to make every effort to favor him. Again he may have to go elsewhere to find what he wants . . . and at a legitimate price . . . but he will be just a little bit prejudiced toward the local merchant.

But often this isn't the case. One Tulla merchant told us of a Tullian who went to Amarillo, got a price on an item, a rather large item, came back to Tulla and told the Tulla, "I will trade with you if you will give me a better price than I can get in Amarillo; otherwise I will trade in Amarillo." In other words, if the Tulla and Amarillo prices were identical, everything being equal, he intended to trade in Amarillo!

This is the customer that drives nails into a town's coffin, or at least stunts the growth of the community.

When Tulla merchants prosper, that prosperity benefits everybody. They are able to pay better wages. The wage earner then spends more money. Sooner or later, the customer will feel this prosperity, either directly or indirectly.

## John Tower Newsletter

For the information of the press: Following is the text of Senator John Tower's weekly radio report to Texans.

This session of the 89th Congress is now organized and ready to work. Organization of the Congress has been completed, and this week, as you know, we inaugurated our 36th President. When the festivities of the occasion are over, we can get down to the business of considering legislation.

Operation of the Congress is such that practically all important legislation is first considered in Committee. In fact, the committees generally shape legislation and then try to see it sold through the debates on the floor.

Because of the importance of committees in Congress, I am particularly pleased with my assignments this year. I will serve on the Banking and Currency Committee, where I have served since the beginning of my Senate term, and on the Senate Committee on the Armed Services. Both are major committees, and both are scheduled to consider matters of extreme importance this year.

The Armed Services Committee, for instance, will conduct an extensive investigation into the war in Vietnam. Preliminary hearings have already gotten under way. It is my hope that we may be able to learn some answers to a number of questions about the conduct of operations in Southeast Asia.

The Armed Services Committee is very important to Texans. It is concerned with all aspects of our defense establishment including the military application

directly. No man is an island. No business prospers independently. It takes customers . . . with money . . . to make prosperity. A butcher depends upon the baker and candlestick maker for patronage. If the butcher doesn't patronize the local baker and candlestick maker, then they, and their employees, in turn have less money to spend with the butcher. It's that simple.

(Tulla Herald) (See TOWER, Page 8)

## GUEST EDITORIAL

### Medicare Bill Misunderstood

WASHINGTON — It is a happy commentary on a people often accused of not taking an interest in their government that a columnist's mail should bulge with questions and heated angry comments on the Administration's medicare bill. The electorate does, too, want to know what's going on in Washington, especially when an issue affects the family pocketbook and health.

Yet it seems incredible there should be so many misconceptions about the bill. From Boston to San Francisco, readers are terrified at the thought the plan either will tax them into the poorhouse or turn them over to a bunch of strange and callous doctors. Few of my correspondents have a clear idea of the rules that would govern eligibility.

Other readers want to know how much the plan would cost the employee. The answer is \$15.20 a year for the worker earning \$4,000, to \$21.28 a year for the citizen earning \$5,600 or more. These contributions, paid into a special Social Security fund, would be matched by the employers.

"Isn't private insurance cheaper?" asks another reader. Not unless premiums have been reduced overnight, it isn't. Private insurance companies don't offer a plan identical with the Administration's hospital-care program, but if they did the cost would be at least \$50 a year.

CHOOSE OWN DOCTOR: "I'm very fond of my doctor," writes a lady from Sioux Falls, S. D. "He has attended my family for 30 years. I don't want to be forced to go to some strange doctor." You won't ma'am. The medicare bill would not pay doctor's bills, but only hospital expenses. Patients would continue to choose their doctor; the difference would be that they would be better able to pay the doctor's fee.

From Miami, a suspicious banker gloomily predicts that medicare would encourage hypochondriacs. "The hospitals would be full of malingerers getting something for nothing," he complains. Not likely, Mr. Banker. Under the proposed program, the patient's physician must certify that hospital services are required before any payment can be made, and a committee of hospital staff physicians would review all admissions and check on how long patients stayed in the hospital and what services they received.

SOCIALIZED MEDICINE: "Can't get free double-talk," growls a doctor from Chicago. "Medicare is just another label for socialized medicine." You're wrong, doc. Aside from the fact

of space, and expenditures of military aid funds.

In Texas we have some 255,000 military personnel or civilians working directly with our military personnel. Military wages in Texas annually amount to about \$750 million. We now have six major Naval and Marine installations in Texas. We have 20 Air Force and Army installations, plus, of course, our Manned Space Center in Houston. So you can see that it is a most important committee, both from a national and state viewpoint. It will afford me an opportunity to be of greater service to Texans, and, needless to say, I am very happy to have received the assignment.

The Senate Banking and Currency Committee, where I have now served for almost four years, will also consider some very important legislation on this year. This committee's Housing Subcommittee will legislate the major housing act of 1965. I am now the highest ranking member of the minority on the Housing Subcommittee and expect to be very active in this field. Our subcommittee will consider recommendations for expanded urban renewal legislation, and for public housing, and community facilities.

Virtually all federal housing legislation comes before our subcommittee. That housing legislation which affects members of the armed services will come before the Armed Services Committee, where, by virtue of recent committee assignments, I will now sit.

I will introduce legislation this session to allow public housing tenants to purchase their units, making them homeowners if they so desire. I will also introduce legislation requiring that federal urban renewal funds be repaid out of increased tax revenues generated by the urban renewal projects. Both these pieces of legislation will be detailed in later reports, as will other legislation I intend to introduce this year.

I will also serve as the highest ranking member of the minority on the Small Business Subcommittee of the Banking and Currency Committee. This subcommittee is concerned primarily with legislation that serves to protect the role of the small businessman in our system of free enterprise. It supervises the

## Philosopher Finds Out About Viet Nam But Wants A Better Reason For Quitting

Editor's note: The Floyd Philosopher on his Johnson grass farm turns his thoughts to Viet Nam this week.

Dear editor: Speaking of Viet Nam, I don't even know which direction the

## Yarborough Newsletter

Dear Fellow Texan:

The new education bill of which I am a co-sponsor and which we introduced in the Senate this week would be of direct and immediate benefit to 16 percent of the school children of Texas.

It would make available to Texas elementary and secondary schools in low income school districts a total of \$74 million dollars. The amount is based on Census figures showing 386,399 Texas children aged 5 to 17 in families of less than \$2,000 a year total income.

The bill, on which I will help conduct hearings as a member of the Senate Education Subcommittee, is aimed at breaking the cycle of poverty and ignorance that hangs on for generations in low income areas. It is these areas that school drop-outs are most frequent, and unemployment is worse.

Our bill, the Elementary and Secondary Education Act of 1965, would apportion Federal funds to states for distribution to areas of low income, in an effort to raise national education levels by setting in the most troubled areas. It is an effort to help the less fortunate children achieve a more equal opportunity for an education.

The bill aims to aid pre-school children attain a language proficiency so that when they reach school age, they will be able to keep up with other children in language understanding.

In other provisions of the bill, Texas would be entitled to \$5,623,027 for establishing supplementary education centers, for the joint use of schools unable to provide laboratories, auditoriums, special courses in art, sciences, languages, help for the gifted children or the handicapped.

There are many other important aspects of the bill which will affect the lives of student and parent, including the proposal for regional research centers to improve the quality of teaching.

As the bill progresses in the Senate, we will discuss all these things.

(See YARBOROUGH, Page 8)

place is from here and as for not knowing what's going on over there, I can hold my own with anybody, but after seeing the place mentioned at least a half dozen times in nearly every newspaper that has turned up over here on this Johnson grass farm for the past six months, it began to dawn on me that it must be important that we do something about it, although me and the State Department are a little hazy on what.

At any rate, I was surprised last night when I read that some official in Washington said the "situation in Viet Nam is a mess and we ought to pull out."

I do not understand this type of thinking. What I mean is, without going into the merits of whether we ought to pull out, stay, or deny we ever got in, I can't understand the reasoning of a man who says we ought to pull out because it's a mess and we don't know what to do with it.

You can see immediately what this type of thinking would do to this Johnson grass farm. In international language it qualifies as a Viet Nam. It meets those terms exactly. It's a mess.

But the last thing I'd want to do is pull out. Just because the situation out there remains hope less even after teams of agricultural experts have shown up and wracked their brains over the problem, is no reason why Washington shouldn't continue to pour money in and hope for the best.

ever, to try to measure the benefit of this hold new education program only in dollars and cents. It is instead an educational program to aim at improving the lives of this and future generations of American citizens.

This is an effort to match our actions to the age-old American dream of full educational opportunity for all, an effort steeped in the spirit of democracy, that established public school systems in the first place.

I have cited the Texas figures only as an example. It is not merely a Texas program, but a national necessity for an era of exploding populations, high unemployment, technical and scientific progress, and international unrest.

There are many other important aspects of the bill which will affect the lives of student and parent, including the proposal for regional research centers to improve the quality of teaching.

As the bill progresses in the Senate, we will discuss all these things.

(See YARBOROUGH, Page 8)

(See YARBOROUGH, Page 8)

place is from here and as for not knowing what's going on over there, I can hold my own with anybody, but after seeing the place mentioned at least a half dozen times in nearly every newspaper that has turned up over here on this Johnson grass farm for the past six months, it began to dawn on me that it must be important that we do something about it, although me and the State Department are a little hazy on what.

At any rate, I was surprised last night when I read that some official in Washington said the "situation in Viet Nam is a mess and we ought to pull out."

I do not understand this type of thinking. What I mean is, without going into the merits of whether we ought to pull out, stay, or deny we ever got in, I can't understand the reasoning of a man who says we ought to pull out because it's a mess and we don't know what to do with it.

You can see immediately what this type of thinking would do to this Johnson grass farm. In international language it qualifies as a Viet Nam. It meets those terms exactly. It's a mess.

But the last thing I'd want to do is pull out. Just because the situation out there remains hope less even after teams of agricultural experts have shown up and wracked their brains over the problem, is no reason why Washington shouldn't continue to pour money in and hope for the best.

ever, to try to measure the benefit of this hold new education program only in dollars and cents. It is instead an educational program to aim at improving the lives of this and future generations of American citizens.

This is an effort to match our actions to the age-old American dream of full educational opportunity for all, an effort steeped in the spirit of democracy, that established public school systems in the first place.

I have cited the Texas figures only as an example. It is not merely a Texas program, but a national necessity for an era of exploding populations, high unemployment, technical and scientific progress, and international unrest.

There are many other important aspects of the bill which will affect the lives of student and parent, including the proposal for regional research centers to improve the quality of teaching.

As the bill progresses in the Senate, we will discuss all these things.

(See YARBOROUGH, Page 8)

### Legal Notice

THE STATE OF TEXAS  
TO: ASENCION MENDOZA, GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 15th day of February, A. D. 1965, at or before 10 o'clock A.M. before Honorable District Court of Floyd County, at the Court House in Floydada, Texas. Said plaintiff's petition was filed on the 30th day of December, 1964.

The file number of said suit being No. 528.

The names of the parties in said suit are: MARIA GARCIA MENDOZA as plaintiff, and Asencion Mendoza as Defendant.

The nature of said suit being substantially as follows: to wit: Suit for divorce, Plaintiff alleging that Defendant has been guilty of cruelty and excesses of such nature as to render the parties insupportable. Plaintiff praying for the custody of the minor children of the parties, to wit: SIMON MENDOZA GILBERTO MENDOZA and JESUS MENDOZA, and for general relief.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 30th day of December, A.D. 1964.

Given under my hand and seal of said Court, at office in Floydada, Texas, this 30th day of December, A.D. 1964.

MARY L. McPIERSON Clerk District Court, Floyd County, Texas. (1-28-65)

**High Plains Boll Weevil Gets National Notice**

The boll weevil control program being carried out on the High Plains was one of the principle subjects discussed January 15 and 16 at the Beltwide Production and Mechanization Con-

ference staged in Atlanta, Georgia by the National Cotton Council. Plains Cotton Growers Executive Assistant Donald A. Johnson, who has become something of an expert "weevil-ologist" since the beginning of the High Plains Program, was on hand for the discussions.  
 The fact that so many eyes from across the cotton belt are turning to the High Plains is the result of the tremendous indicated success of the first year's spraying program in this area. With cotton losses to insects averaging almost \$38 million annually and control costs amounting to another \$150 million, and with the boll weevil being the culprit in the big end of those losses and control costs, it is not surprising that the High Plains program is creating a lot of interest as the possible forerunner of much more effective and economical weevil control methods. With continued high level support for the program in this area, the High Plains can reasonably expect to be free of the weevil problem within three years with the exception of light occasional local outbreaks.
