

The Texas Supreme Court yesterday ruled "No reversible error" in the suit against the Caprock Hospital District Board, according to a phone call from Lubbock attorney James Milam to the Hospital Board Chairman, Hollis Bond. The Board will now be able to sell

the bonds and build the hospital as one-half of the money has been appropriated by a Hill-Burton grant.

## School Board And City Council Election Filings Now Complete

### Anderson, Farrell Last To Join Races

Before the deadline had passed for filing for the Alderman's race and Mayor, five people had entered the contest. Two are seeking the Mayor position and three are vying for two council positions.

In the school trustee race, Lloyd Farrell, the first Negro to ever file for the school board, entered the race and brought the number of candidates to five in that race.

### Floydada Young Republicans Plan Trip To Austin

The Floydada Young Republicans, at their regular meeting held Monday night, selected their voting delegates to represent the group at the State Convention in Austin Saturday, March 20.

### Welch C. Hanna, Former Resident Of Floydada Dies

A former Floyd County commissioner and former mayor of Floydada died Sunday afternoon in a Plainview Nursing home. He was Welch C. Hanna, 50, father of Mrs. A. T. Hull and Walter Hanna of Floydada.

Hanna was born in Meridan, Tex., and lived at Quanah before moving to Floyd County in 1930. He served as mayor of Floydada from April 2, 1929 to October 26, 1936.

Funeral rites were conducted Tuesday morning in Wood-Dunning Colonial Chapel in Plainview. Officiating was the Rev. Elton Wyatt, pastor of the Petersburg Methodist Church, Baris, was in Floydada Cemetery under the direction of Wood-Dunning Funeral Home.

Survivors include three sons, Walter, Floydada, J. D. of Muenster and G. C. of Davis, Calif.; four daughters, Mrs. Clarence Moore, Central Valley, Calif., Mrs. O. H. Heard, Petersburg, Mrs. Len Lewis, Olympia, Wash., and Mrs. Hal of Floydada; several grandchildren and great grandchildren.

Anderson is Assistant Pastor of the Mt. Zion Baptist Church in Floydada and drives a school bus for the local district. Farrell said recently that he feels the school board is doing a good job and so are all the school, but most of the people in that section of town need a representative to bring them closer to the governing body of the school -- the school board.

### Onion Plants Being Set

Over 500 acres of onions are being planted, and will be planted by a number of farmers in Floyd County this year. Each of the associations is trying to get a number of acres of onion control in the counties of each organization.

### Unusual Vehicle Mishaps Occur

During the past week, two rather unusual vehicle mishaps occurred on the Matador highway about ten miles east of Floydada. The first happened last Thursday night, about 7:15 p. m. 9.6 miles east of Floydada on U. S. 77 according to Fred Linz, Texas DPS patrolman stationed in Floydada.

James Edward Trammel, of Plainview, was driving a bob-tail truck with dual tandems east on the highway when he approached a 1954 Ford Sedan driven by Charles Albert Bird of Lubbock that was traveling west. The truck was loaded with seed.

Just a few seconds before the two vehicles would normally meet on the highway, one of the duels on the left side of the truck came off its lugs and one of the tires came off. The wheel proceeded down the highway and hit the left front of the Ford. It bent the fender and grill and jammed part of the fender into the left front tire causing the car to go off the road on the left side and back onto the road. The truck went a few hundred feet further before the driver was able to stop it.

### Angus Funeral Conducted Here

Emory L. Angus, 74, of Quanah and former resident of Floydada died on Wednesday of last week in the Veteran's Hospital in Amarillo, where he had been under treatment for several weeks.

Funeral rites were conducted Thursday in Quanah then the body brought to Floydada where a second funeral was held Friday morning in the First Baptist Church. The Rev. Floyd C. Bradley, pastor, officiated.

Angus was born in Lynville, Tenn., on August 20, 1890. He and the former Wynne Hardin were married in Bonham on May 18, 1920. They moved to Floydada in 1924 and Mr. Angus operated a creamery and produce business for some 30 years. In 1961 the couple moved to Quanah where they operated a hotel and recreation area at Lake Pauline.

The deceased was a member of the Presbyterian Church and a veteran of World War I. Survivors include his wife and one sister, Mrs. Ctte Coop of Memphis, Tenn.

### Two Names On Hospital Board Ballot

The names of two people have been submitted to the Caprock Hospital Board for re-election, April 3, 1965. They are Walton Hale and Travis Jones. Jones completed the elective term of A. H. Kreis, and Hale was appointed to the board to replace the late Polk Geon.

They are put on the ballot because a petition bearing the names of about 30 taxpayers living in the district requested the action.

The sale of bonds for the proposed Hospital is still being stalled by legal proceedings. However, when these proceedings are completed the district has a grant of \$125,000 waiting to be used.

### Budget Hearing Set Here Tonight

The public hearing on the proposed city budget for the 1965-66 fiscal year will be held tonight at the City Hall beginning at 6:30 p. m. The public is urged to attend the meeting and hear the details of the budget. Although the amount allotted for some items has been overspent, by the same token spending set up for other items has been kept well within the allotted amount on the present budget. The budget is quite flexible and amounts can be transferred from one department to another to help cover expenses. The new budget calls for an increase in spending during the coming year, but also projects the city will receive enough additional revenue to offset the expenses.

### County's Oldest Livable House Burns Down Sunday

The local fire department had a full week beginning last Friday and the activities were highlighted by the loss of two old houses. The house on the W. O. Whitehead farm in the Cedar Hill Community burned Saturday. The house was unoccupied and has been for several years.

Another house, owned by O. G. Mayfield, was occupied and burned to the ground Sunday afternoon. Joe Santos and his family were living in the house at the time the fire was caused by faulty wiring in the attic.

### Complaints Heard, Teachers Rehired By School Trustees

During its regular session in the School Tax Office this week, the trustees voted to rehire all present teachers with only two exceptions. The group also heard a complaint from representatives of the Interested Citizens Organization. All cafeteria supervisors, custodians, and administrative personnel were rehired by the board.

It was noted during the meeting that the school system will need at least four, and possibly six, new teachers for the coming year to take care of the increased enrollment. Presently, a number of the classes go beyond the number of pupils per teacher allowed under the Southern Association. W. P. Nicholson, principal at Andrews Ward, mentioned that one additional teacher will be needed in the second grade and possibly one in each third and fifth grades. In Junior High, A. W. Coltharp told the board that an additional teacher will be needed in (See TRUSTEES on Page 2)

### Funeral For Mrs. Jacobson Held

Funeral rites for Mrs. Wanda Jacobson, 66, native of Floyd County, were conducted Saturday afternoon in the chapel of the First Baptist Church in Floydada. Mrs. Jacobson, a resident of Lubbock, died Friday morning at 3 o'clock in the Heritage Nursing Home in Plainview. Rev. Floyd C. Bradley, pastor, was assisted at rites by the Rev. J. T. Bolding of Lubbock. Mrs. Jacobson was the former Wanda Montague, daughter of Mr. and Mrs. T. F. Montague, early pioneers in Floyd County. She was born Feb. 2, 1899 and was graduate of the University of Texas, and had an MA degree from Texas Tech, and had taught school for many years. She was married to Merrill Jacobson on Feb. 1923, and had resided in Lubbock for the past 30 years. She was preceded in death two years ago by an only child, a daughter, Mrs. Truman Godwin of Lubbock.

Mrs. Jacobson was an active member of the Baptist Church and belonged to several women's clubs in Lubbock. Survivors include three grandchildren of Lubbock and one sister, Mrs. R. A. Garrett of Floydada. Pallbearers were cousins of the deceased, Walton Wilson, Cotton Wilson, Sim Reeves of Memphis, Garret Reeves and Joe Earl Wilson of Lubbock and Wilbur Wilson of Plainview. Burial was in Floydada Cemetery under the direction of Moore Funeral Home.

SANTOS FAMILY AND BURNING HOME--The Joe Santos family is shown above with a few of their household possessions they salvaged before the house in which they were living started burning out of control. The house was located on the O. G. Mayfield farm about five miles south of town. (Staff Photo)

(Continued from Page One)

And while we're on the subject of peanuts, here's a crop that will make the farmer more money than cotton. There's one farm in the county that has about 40 acres of peanut allotment. I asked ASCS head Tom Hutchins Monday why he didn't ask for some peanut acreage for the county. Tom said there were two basic requirements; that the farmer must own his land and that he must have raised peanuts at least two of the last five years.

So, if you can meet the above requirements, Tom might get you some peanut acreage.

MUCH has been said about the continued price decrease in cotton. One fellow wrote in to the Lubbock paper the other day and said, "Well, here's one you can't blame on the Republicans."

On the other hand, Republicans have been asking for a gradual price decrease on government prices and less government control. Well, they're getting the gradual price cut... doubt if they're getting less

government control with it.

It is ironic that when the agricultural leaders figure that the price of cotton has gotta go down in order to be more competitive with synthetics, that our farmer is the only one in the long chain from production to consumer who must continue to make the sacrifice of price cut.

Why can't those manufacturers in between take some of it? Why does the farmer have to take all the cut? On the other hand the labor unions are striking for 32 hour weeks and more money... so the manufacturing phase of the process isn't about to take a price cut.

It has truly been said that the farmer could almost give away his wheat, yet the price of bread would remain on its present level.

A RECENT survey demonstrates the lasting value of newspaper advertising. Survey showed more than 96 per cent of the readers kept the newspaper in their home two days or longer. More than 81 per cent kept it at least three days and more than 84 per cent of the copies were read by two or more persons. In 33 per cent of the homes, three or more persons read each copy.

ANOTHER outstanding Floyd County Fat Stock Show has gone in the record book. A cattle buyer from Lubbock was heard to remark that the Floyd county show surely put Lubbock's in the shade.

It is noteworthy that buyers from Armour, Swift, Texas Meat, Fintie Packing, Lubbock Packing and Supreme were here for the auction sale.

No new teachers were requested for Della Plains or at the High School.

The Interested Citizens Organization representatives told the board there were several statements and acts made by Faris Wilson the group wanted investigated. However, the board listened for over an hour to the spokesman and informed the group that such charges were a case for the Grand Jury and out of the Trustees' jurisdiction.

The group brought a statement to the board that read as follows:

"We the members of the Interested Citizens Organization respectfully request that the members of the Floydada School District seriously consider zoning the schools to insure free-

face lifting job... a good trimming on the shrubbery and a new stand of grass.

I look at the city park with its nice tennis court and wonder why there aren't more people enjoying the very exciting game of tennis?

I suppose that news editor Jedd Blessing and I are among the top tennis players of the area... (like I say, this is only a supposition), but who will challenge us?

**Slow Hundred Run At Idalou**

At the Track Meet held this past Saturday at Idalou, it seem-

ed that everyone in the finals was running a very slow hundred dash, when times were compared with the preliminaries. After a more precise measurement it was found the tracksters were traveling the distance of 110 yards, and even this distance was covered in a time of 10.6 by Ronnie Digbie of Oton.

Undersirable track weather had been witnessed by most of the participating teams during the entire week prior to the meet, but several records fell by the wayside despite the handicap. Some of the track teams had not worked outside during the entire week.

Another handicap was the Saturday wind that gusted up to 40 MPH at various times.

An even dozen records were broken during the afternoon including one in the 440-yard relay by Abernathy, 880-yard relay by Solis of Slaton who held the

record, pole vault by Brush of Slaton, high jump, Brake of Slaton broke his old 5' 10" mark by leaping 6' 2". Other records fell in the B Division.

The Division AA results follow:

## 1950 Study Club Spring Style Show Will Be Presented Here

The 1950 Study Club will present to the public their annual Spring Style Show Monday, March 22 at 7:30 p.m. in the high school auditorium. Clothing merchants of Floydada and the 1950 Club will cooperate in preparations for the event. Fashions will be modeled by local citizens from tiny tots to grandmothers. This will mark the fifteenth consecutive production of the Style Show.

Beall's Department Store, Hagood's Department Store, Hale's Department Store and Ladies Three Inc. will attire the models they have selected in the newly arrived spring merchandise.

Several local beauty shops will also have models they have selected to show the latest in hair colors, coiffures and the newest trends. Those participating are Betty's House of Styles, The Colonial Beauty Salon, Freda's Beauty Box, Ed-

wina's Beauty Shoppe, Girlie's Beauty Salon, Helms House of Beauty, Irene's Beauty Shoppe and LaVerne's Beauty Shop. Narrator for the presentation will be Mrs. Charles Lutrick. Mr. Craig Edwards will present background organ music during the modeling. The organ will be provided by courtesy of Matheny Music Company of Lubbock. Other various entertainment will be provided by local and area talent.

## Senior Citizens Hold Meet Tuesday

Senior Citizens held their meeting Tuesday morning in the First Methodist Church. Following a recreation period a brief business meeting was conducted by Mrs. C. B. Lyles. The program committee reported their leaders for the coming months. They are Mrs. G. R. May, April; Mrs. S. D. Hunter, May; Mrs. Vesta Savage, June; Mrs. E. J. Barker, July; Mrs. C. B. Lyles, September; Mrs. George Stile, October; Mrs. L. P. Lawlis, November; Mrs. Emma Lou Whitaker, December. Each leader is responsible for the program and may present one of their choice. The group contributed \$6 to be used to purchase shoes for the Clothing Center. They also decided to send cards to those ill which include Mrs. A. M. Dorsey, Charles Lutrick, Mrs. George Stiles and Mrs. Lillie Henry.

## Della Plains Faculty Member Is Honored

Mrs. Annie M. Taylor of 420 East Lee Street, Floydada, was honored in Abilene, Texas, Mar. 5, 1965 at the annual Luncheon Program of the West Texas District Teachers Association.

Mrs. Taylor received the honor for distinguished services rendered to her school and community. After receiving such a high recommendation from Principal Wilson, Mrs. Taylor was readily selected as an honoree.

It is felt Mrs. Annie Taylor is contributing much to the school and community. Her works beyond the call of duty has touched the lives of many.

## Van Cleve And Price Vows Read

Miss Rozella Van Cleve, daughter of Mr. and Mrs. Ben Van Cleve of McKinney, became the bride of Fuller Price, Jr. in a double ring ceremony read Sunday evening, February 28. The wedding was performed in the home of the bride's aunt and uncle, Mr. and Mrs. W. O. Murphy in Princeton, Tex., by the Rev. Harold Murphy of Garland.

The bridegroom is the son of Mrs. Louise Price of McKinney.

For the wedding the bride wore a white suit of polished cotton and acetate with three quarter length sleeves and a shoulder length veil of lace net on a white hat. Her ensemble was complemented with white accessories.

Her bridal bouquet was of pink and peppermint carnations tied with pink ribbon.

Mrs. Nadine Murphy served as matron of honor and W. O. Murphy was best man.

After the wedding a small reception was held in the home of the W. O. Murphys. Misses Sharon and Sandra Murphy, cousins of the bride, served punch and cake.

After a brief trip the couple will be at home in McKinney. The bride attended school in Floydada and the groom attended Denison High School.

HELLO WORLD

**Farm Bureau acts & Faces**

Attending a leadership forum on March 2, at the Pioneer Hotel in Lubbock were some 150 Farm Bureau members from over the area. Most County Presidents are present with representatives of various committees in order to receive leadership training.

The purpose of this forum was three-fold: (1) To help the county Farm Bureaus develop a plan that will enable them to carry out a large scale program with the least amount of effort. (2) To develop the area of responsibility of each committee and their leaders. (3) To establish a relationship with committees and to co-ordinate committee activities. This is another step in the overall 1965 Farm Bureau Program of Work designed to effectively operate a One Hundred Thousand member organization. Mrs. A. Pratt is the only representative from Floyd County present.

Ed McKay, Assistant Director of Legislation for Texas, reported on the current situation in Austin. Farm Bureau has been responsible for almost every Animal Health Program undertaken in Texas. We are now working for legislation to eradicate hog cholera. A bill has passed the Senate and is expected to receive early consideration in the House. The outlook is for favorable early passage.

Another bill Farm Bureau is working for is labeling of imported beef according to point of origin, in order that the consumer may know what she is buying.

Another important item is a comprehensive water plan for Texas. Farm Bureau favors the Texas Water Development Board draw up a state plan.

Be wary about the possibility of this legislature's search for more tax revenues in lifting the exemption on farm equipment. Let your legislator know that this exemption is important to you. Another area of taxation being considered that holds danger for the farmer's economic situation. A compulsory check-off tax that would allow a portion of commodities in the area being looked at with interest.

The regular Board meeting is moved up to Monday, March 8, because of the Awards Banquet on March 2, sponsored by the Floyd County Farm Bureau and the two County Banks. Present for the meeting were Louis Le, president, Gene Probasco, Ray Lloyd, and Virgil Brauer. The next board meeting is April 12.

**8000 Savings Bonds Put \$6,601 In Savings Bonds**

January Savings Bonds sales in Floyd County totaled \$15,601. This announcement was made recently by Mr. Don Pemberton, Chairman of the Floyd County Savings Bonds Committee. This represents 6.6% of the 1965 goal of \$250,000.

During January, 1965 sales of U.S. Savings Bonds in Texas totaled \$14,311,691 or 9.3% of the state's goal of \$152.8 million.

in announcing the sales figures for the county, Chairman Pemberton pointed out that the "Practical Patriotism" campaign is "Practical Patriotism."

The purchase of U. S. Savings Bonds is "practical" because it is easy and sure. It is patriotic because the purchase of bonds is a mark in the faith of our country and its future. "Practical Patriotism" is just good common sense and urge all the citizens of our county to buy bonds where they work or bank," Chairman Pemberton said.

This is the second in a study of family responsibility. The reason many marriages fail is that one or both are unable to "leave father and mother and cleave" unto each other. (Matt. 19:5). One of ever two and a half marriages is now ending in a divorce on a national average, while among Christians the ratio is one divorce out of 1,012 marriages.

## CENTER NEWS

CENTER, March 8 - There is still much illness in our church family, the Calvary Baptist. There are our shut-ins, and the contagious diseases among the younger. For instance, one of our organists, Mike Threadgill, was out Sunday with measles and mumps.

Bro. and Mrs. Perry Threadgill were Sunday dinner guests of Mr. and Mrs. R. C. Ross, Mr. and Mrs. Homer Guffee visited in the Ross home Sunday afternoon.

Mrs. Nolan Arney, who had minor surgery in Plainview last Monday came home Tuesday to phibetical order, are:

Eddie Adams, Dorothy Province, Peter Falk, Eddie "Rochester" Anderson, Jim Backus, Ben Blue, Joe E. Brown, Alan Carney, Jackie Chase, William Demarest, Andy Devine, Norman Fell, Paul Ford, Sterling Holloway, Edward Everett Horton, Marvin Kaplan, Buster Keaton, Don Knotts, Charles McGraw, ZaSu Pitts, Carl Reiner, Madlyn Rhue, Arnold Stang, The Three Stooges, Jesse White and a couple of surprises which include Jimmy Durante.

Envisioned as "a comedy to end all comedies," the film "Mad, Mad, Mad, Mad, Mad World" is the brain-child of Screenwriter William Rose and his wife Tania, who conceived "a pursuit of such monumental proportions that speed, excitement, suspense and laughter would be its hallmarks from start to finish." It is not only Kramer's first venture into comedy, but it was the most demanding picture ever directed and produced by the man who gave the world "High Noon," "On the Beach" and "Judgment At Nuremberg."

Whole armies of old airplanes, period automobiles and vintage-street cars had to be assembled for "Mad, Mad, Mad, Mad World," to say nothing of custard pies for throwing, keystone type cops for arresting, and other ends and oddities. And a whole section of famed San Fernando Valley had to be sequestered to do the sweeping action credit.

The music is by Academy-Award Winner Ernest Gold.

Did it all pay?

convalesce.

Mr. and Mrs. Bob Welborn, visited in the Arney home Sunday evening.

Mrs. Bobby Welborn and daughter Lisa have the mumps.

Mr. and Mrs. Garvin Beedy and children of South Plains visited Friday with her parents, Mr. and Mrs. Leo Frizzell who were indisposed with colds, etc. last week.

Mrs. W. M. Jackson visited the Frizzells Sunday afternoon.

A weekend guest of Sue Thomas was Elizabeth Wright of Mt. Blanco. The Hal Thomases and the girls visited Saturday in Plainview with Mr. and Mrs. Olin Miller. Mrs. Miller was suffering from a sprained foot.

Sunday the girls visited in Crosbyton, and Mr. and Mrs. Thomas visited at South Plains with the Bill Thomases and Mrs. Maud Brister.

Saturday the Andrews Ward Cafeteria staff, including Mrs. J. D. Welborn, Mrs. John Carey and Mrs. Elmer Warren attended a cafeteria school in Lubbock. A highlight of the day was the delicious dinner served.

Mrs. Frank Dunn, who spent last week in Lubbock, returned home Saturday. She reports that her grandchildren - Jimmy's and Patsy's girls, are on the mend after a siege of mumps.

The J. E. Greens visited the R. H. Ashtons and Mr. and Mrs. Paul Looney Sunday p. m.

Mr. and Mrs. Roger Gooch and baby and Mr. and Mrs. Clarmon Booth visited Sunday afternoon with their parents, Mr. and Mrs. J. D. Welborn.

Sunday afternoon visitors in the W. C. Plumlee home were their daughter, Mrs. Johnny Hines and son Curt of Plainview, and Mr. and Mrs. Hosea Phillips, City.

Mr. and Mrs. Elmer Sellers visited Mr. and Mrs. Doyle Sandifur Sunday afternoon.

Mr. and Mrs. Charles Horton reached home Sunday evening after a ten days' sojourn down state. Charles attended a short course at A & M, and they visited his mother at Lockhart on weekends. (While they were gone the boys, Bruce and Phil, no doubt, showed up at the home of their grandparents, Mr. and

Mrs. Walter Sims, around meal time.)

The O. C. Vinsons were in the home of their son, the Jerrold Vinsons of Harmony on Saturday, and they visited Mr. and Mrs. John Lloyd Sunday afternoon.

We wish to express our sympathy to Mrs. E. L. Angus in the passing of her husband, and to all others who have lost loved ones since the last issue.

Remember church Sunday - and the Revivals.

## 'Second Home' Line By Jim Walter

Jim Walter Corporation, the world's oldest and largest "On Your Lot Home Builder" has recently announced that a complete line of second home cottages will be introduced to the public this Spring.

Recognizing the trend toward more and longer vacations, higher wages, shorter work weeks, plus the ever increasing desire of the American people to get away from the "rat race" of city living, Jim Walter Corporation's unique building and financing facilities will no doubt attract many families desiring a country place for carefree week ends and vacations.

Statistics show that over 100,000 second homes a year are being built in the United States. Fifty percent of the families in America want a second home and ten percent are now actually saving for one. It is not unusual to find at least one telephone in every home. In a few short years, every family will have two cars. Even now, it is the rule rather than the exception, for families to plan for a vacation or retirement home.

A home away from home must be durable to withstand the elements and the lack of day to day

care that a second home usually receives. The new Jim Walter line of cottages, consisting of four models, is designed for leisure living and low maintenance. The new Ruf-x-ninety siding is manufactured to "Out-weather the weather". It won't rot, splinter, or dent and eliminates damp walls. Aluminum windows and screens are used in all models, assuring the buyer the economy of maintenance that only Aluminum provides.

Jim Walter Corporation offers these cottages with a wide variety of inside finish options. They range in price from approximately \$1500 to \$4000 for the shell. The company requires no down payment and provides 100% financing when the buyer owns his lot.

**Our Union Troubles**

The United States—that is the American people, including employers and employees—is handicapped in competing economically with some countries by periodic, costly strikes, such as the recent dock strike. The dock strike, one of many in recent years, cost the country hundreds of millions in lost exchange and exports. At a time when the dollar itself is badly threatened by a deficit in our balance of payments, we cannot afford such losses.

Yet the American people do not want labor to lose its rights, or its bargaining power. The people do not want to see employers benefit at the expense of the employee.

On the other hand, there is a paramount interest—the public interest. And if the wild strikes, unnecessary strikes, economically disastrous strikes (perhaps justified) and other strikes which bring an end to public conveniences, public

**The Right To Vote**

The Civil Rights Act of 1964 was the most far-reaching legislation of its type enacted since the Civil War Reconstruction era. It was labeled by proponents as a veritable panacea for all the ills that had beset beleaguered minorities and embraced remedies for almost every conceivable injustice or discrimination that had rational basis.

It was, above all other things, supposed to take Negro grievances off the streets and into the courts. Yet Negroes are back in the streets and their leaders are pounding on the doors of the White House and Congress for more civil rights legislation—this time to correct denials of the right to register and vote.

transport, etc., are not halted, the country will drift into a weaker and weaker and a more and more chaotic condition, with inflation almost certain to get out of control. The answer is to be found in some form of special labor-management court, a court which would be impartial and composed of respected judges and experts in the labor-management field. The court would decide issues on their merits, and keep the interest of the public in mind. It would eliminate the necessity of those strikes affecting the public interest and both employers and employees would be bound by its decisions.

That would be no more of a hardship than the average citizen must now accept in having to abide by the law, and the dictates of the courts, in his everyday life and business life.

And the same Capitol Hill forces who backed last year's bill are taking up the clamor again. Voting guarantees were included in bills of 1957 and 1960 and touched on in the latest measure as well, and the remedies for legitimate complaint, it seems to us, are already on the books.

Unless Congress is now willing to say that all voting qualifications except age should be thrown out the window, there's little that new laws could accomplish in that field. Registration and voting rights cannot legally be denied any qualified citizen—and action to insure this right, not new legislation—is now needed.

**Yarborough New sletter**

Dear Fellow Texan:  
On the day before the Senate passed the Economic Opportunity Act of 1964, L. said "as we declare war on poverty, we dedicate ourselves to the blasting away of these last remaining barriers to the economic advancement of the economically lowest one-fifth of our Nation."  
Since that time, this act has already begun to undermine the causes of poverty by providing the poor with education, training and job opportunities. The impact of "hope for the future" has already been felt in Texas. For instance, last month, a loan to an elderly low income farmer in Long Branch saved his farm from foreclosure.

Under the Job Corps program, young people who are largely unemployed because they lack education and job skills are given training and basic work experience so that they are able to get a job.

The Gary Center in San Marcos, has been authorized more than 1 1/2 million dollars for the operation of such a Job Corps Center. More than \$700,000 worth of excess equipment and supplies has been acquired from Federal surpluses for the preparation of this center. By March 1, over 300 youths will begin training, and in a year the number should reach 2,000.

Still in the planning stage is a proposal for a 100-man Job Corps Conservation Center at Big Bend National Park. This was proposed by the National Park Service and would include development of water facilities for wildlife; trail and road construction; surveying and marking boundaries; forestation, and other conservation projects.

Another facet of the program provides employment and investment incentives through a relaxation of credit criteria by the Small Business Administration. During last December alone, this agency approved loans for 75 Texas companies, amounting to more than \$1 1/2 million, and affecting more than 600 employees.

Under other programs of the Act, Texas has been appropriated \$1,411,483 for basic Adult Education. In addition, the Corpus Christi Independent School District has been given a grant of \$135,000 for a neighborhood Youth Corps.

One of the most important parts of the Act is the "Community Action Program," where projects proposed by a rural or urban community that will help the needy obtain jobs or improve their education and living conditions are supported. So far, Texas has received a technical assistance grant of \$70,000, and another grant of \$285,000 has been given to the Community Committee of Youth Education and Job

**Letter To The Editor**

There is no doubt about it, Ole King Cotton is in trouble. This calls for some serious thinking. The synthetics can be produced for less money than cotton. This latest reduction of \$5.00 per bale added to last year's reductions of \$7.50 per bale is serious. That comes out of the net money and the expense account remains the same.

As you know our 23 irrigated South Plains counties raise nearly half the cotton of Texas or around two million bales, that is a flat 10 million dollars off of our income. This will effect every business in Floyd County. This will hurt every business that has something to sell, because when the farmer cannot buy, it stops the wheels turning. First the retailer, the wholesaler, the factory, labor and really every man in Floyd County.

Cotton is the fundamental financial foundation of Floyd County. We cannot make much money raising maize considering the value of our land and the dwindling water supply. Our only reason left is we must plant something.

We must plant something that will pay \$500 to \$1000 per acre. My remedy for the situation is vegetables. Hazardous? Yes, but it is a must. We have produced the highest quality vegetables found anywhere. Our onions, bell peppers, cantaloupes, sugar beets, soy beans, pink tomatoes, strawberries, carrots, lettuce and many more, are unequalled in high quality and don't forget that quality is the key that will let us enter the locked doors of the markets.

The door of opportunity is wide open. We have millions of acres of irrigated rich land. We could make California get over. California feeds a big percent of this nation. Their key to success is organization and advertising. With just a little effort we can do anything they do.

The time for action is now or else.  
L. A. (Fisherman) Marshall.

Opportunity in Corpus Christi. In San Antonio there are twelve volunteers who will work under the supervision of Action for Community Development. Under this program, called VISTA, these volunteers are used in projects in furtherance of state and local programs combating poverty.

With these programs, we are already striking at poverty's roots in Texas by making a systematic effort in eliminating the complex problems of poverty.

This year, Southwestern Bell is going the extra mile, literally, to make rural phone service even better than it is. And the difference for most customers will be immediately noticeable.

For example, in many exchanges, suburban telephone service boundaries are being extended miles farther into the countryside to make higher quality phone service available to more people. And hundreds of miles of new telephone cables will go into service replacing "open wire" lines. Airtight and impervious to moisture, these new cables provide hi-fi clarity plus greater dependability (phone wires inside them are safer from storm damage and weathering).

Undertaken at a cost of nearly half a million dollars, these rural service improvements are part of this year's massive construction effort (our biggest ever). An intensified program to further improve the quality of the fine telephone service you now have, whether you live in town, on a farm or ranch. You might call it a communications bonus from Southwestern Bell.

This week the Senate Armed Services Committee, on which I began an extensive hearing on the military posture of the United States. Our first witness was Secretary of Defense Robert McNamara. His testimony began...

It is likely that the hearing will last for some time. Secretary McNamara's testimony was followed by the Service Secretaries, the Chief of Staff and the Joint Chiefs.

The current hearing will deal with budget requests for military armaments. Following this Committee will hold hearings on budget requests for military construction.

The Administration is asking Congress for a military budget of approximately \$49.5 billion, which about \$6 billion less than our military chiefs say is needed to name and maintain the defense posture that we need in the world today. And, as you know, while the Administration recommends cutbacks in military expenditures, it proposes vast new expenditures in welfare and social projects.

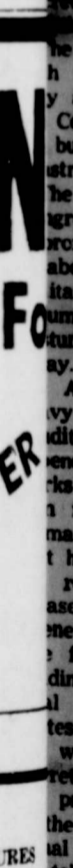

It is a fairness to Secretary McNamara, it must be pointed out that he told our committee that the requested budget "will increase our overall combat effectiveness and will provide effective forces in a high state of readiness for the defense of the United States."

It was pleased, too, with the Secretary's evident realization of the problems America will face the years ahead from international communism. For instance, he told the committee that "the defense will be difficult and taxing sacrifices will be required of our people, both in money and in lives. But the challenge must surely be met. If we do not meet it here and now, we will inevitably have to confront it later under even more disadvantageous conditions. This is the clear lesson of history which cannot be ignored only at our peril."

He continued by pointing out that "it is quite possible that in the decade of the sixties the decisive struggle between Communism and Freedom will take place."

But many in Congress—and in the country if my mail is an indication of the thinking of our people—feel that while we hear the word of preparedness and strength, we see the hand of cutbacks and indecision. We have needed massive cutbacks in our manned bomber fleet. We have seen curtailment in our mis-

BILL PRICE

### AGRICULTURE COMMITTEE

Bill Price, a relatively newcomer to Floydada and associated with Western Farm Supply, heads the Chamber of Commerce Agriculture Committee. He assumed his duties before his time of office actually began.

The Chamber year begins on March 1, but Price had his hands full trying to gather enough funds from the local people to make the Floyd County Stock Show the success it was.

This is but one of the numerous functions of the committee. Primarily the committee is set up to carry out the program of work laid out by the manager, but it is highlighted each year by the annual stock show.

The Price family moved to Floydada about a year ago from Plainview, where he was a factory representative for a machinery company for about five years.

The committee itself has already been responsible for sending telegrams, and convincing other people to send telegrams to Orville Freeman and George Mahon to show them that people on the High Plains are interested in the future of Castor Beans, Maize, Cotton and other crops.

Price, and his wife, Marie, have three children, Pete, Patty and Pam.

Debbie Reynolds falls in love with romantic gambler Gregory Peck in the massive Metro-Goldwyn-Mayer-Cinecama production, "How the West Was Won." The sweeping story of the great American adventure, filmed in Metrocolor on panoramic locations covering nine states, features a spectacular cast of 24 stars.

Showing at the Capada Sunday and Monday.

## Willson Lecture Series Slated At West Texas

CANYON — Speaker for the annual Willson Lecture Series March 16-19 at West Texas State University will be Dr. George K. Schweitzer, professor of chemistry at the University of Tennessee and lecturer for religious observances at colleges and universities.

Dr. Schweitzer's appearance for the lectures, a major activity of WTSU's Religious Emphasis Week, will be his third at WTSU. He delivered the Willson series in 1956 and in 1961.

The talks which will reflect the dual role of science and religion in his life, are entitled "The Two Edged Sword of Science," "Science and Religion in a Space Age," and "Religion in an Atomic Age."

Dr. Schweitzer teaches at the University of Tennessee and is directing research in the fields of inorganic and nuclear chemistry both on the main campus and at the Oak Ridge division.

He holds the B. A. degree in chemistry from Central College, and the M. S. and Ph.D. degrees in geochemistry and inorganic chemistry from the University of Illinois. He has the M. A. degree in religion from Columbia University and Union Theological Seminary. The Ph.D. in philosophy of religion from New York University, and Sc.D. degree from Central College.

The author of more than 70 papers in organic and nuclear chemistry, he also has written a textbook on radioactivity, and numerous papers in the intersecting spheres of science.

## Municipal League Group Discusses Legislation

Legislation affecting Texas cities, already introduced or anticipated before the current legislature adjourns, was the major topic of discussion at a meeting of Caprock Region 3 of the Texas Municipal League in Lubbock on Thursday evening, March 4th.

In announcing the meeting, Mayor S. W. Ross of Floydada, president of Caprock Region 3, said approximately 100 mayors, councilmen, city managers, and other municipal officials were in attendance at the session which began at 7:00 p. m. at the Holiday Inn Parkway, headed by Mayor S. W. Ross and other Floydada officials.

Principal speaker for the occasion was Texas Municipal League President Hank Avery, Mayor of Midland. Mayor Avery's address, entitled "Cities," the League and the 59th Legislature, analyzed major measures affecting cities either favorably or adversely, and in addition outlined the Legislative program approved in December by the Texas Municipal League Board of Directors, he also described the various means the League will use to keep city offi-

# Philosopher Has No Intention Of Getting Mixed Up In Big Growth Of The Cities

or's note: The Floyd philosopher on his Johnson farm takes a side look at this week.  
 Editor: According to an article I read in a newspaper which blew my back door and I had to run away to get out of there that loose board

is on the step but I like to see it before I put my foot on it -- seven per cent of the U. S. population now lives in or near big cities.  
 As you can see, this leaves 30 per cent in small towns and the country, which is all right with me, as it's not the percentage that counts, it's the quality, and

the problem of over-crowdedness by crowding in more. What I mean is, go into any big city and try to imagine it with twice the traffic snarl it has now.  
 Furthermore, I saw a television report the other night showing one block in one city with 1600 people living in it. You try to picture 1600 people living on one block in Floydada and then multiply that by a few more blocks and while I don't know what you'd come up with, it's not for me. I like my fellow man, but not that many that close.

I understand that the main purpose of most big cities is to keep growing; any time a census report shows one has gained in population its newspapers come out with big headlines, but it seems to me the cities may be carrying this too far. If they all double in size in 40 years, they'll be building highway loops half way around the country just to by-pass them, and a man in the country waiting to get to another spot in the country will have a choice of driving 200 miles to get around one or losing a week trying to go straight through.

I don't know that there's anything that can be done about this, or should, but it's a problem I intend to watch from a distance.  
 Yours faithfully,  
 J. A.

## MEDICAL CARE OR "MEDICARE" WHICH DO YOU WANT?

TEXAS today has one of the nation's finest, most comprehensive programs of medical care for the aged. These programs—the Texas approach, we call it—include medical benefits to Old Age Assistance recipients and extensive health cost protection through the use of special insurance plans for the aged. The Texas legislature is also expected to implement a medical care plan for those who are not on Old Age Assistance but who do need help meeting medical expenses.

Consider these facts:  
 • 229,000 needy aged, representing 30 per cent of Texas' entire aged population, now receive a Blue Cross-Blue Shield health insurance policy paid for by the State.  
 • This State program provides hospital, medical, surgical, x-ray, and nursing home benefits.  
 • 73% of the aged in Texas now have one or more health insurance policies.  
 • Through the "Texas 65 Health Insurance Plan," Blue Cross "Senior Texan Service" and other special programs offered to the aged by private companies, health insurance is available to all who want it at a reasonable cost.

• Studies by Belden Associates indicate that only a small percentage of the aged actually still need and want help in paying high costs (these aged would be covered by the program now being considered by the Texas Legislature).

In view of these facts, the national "medical" tax proposal (the King-Anderson bill), this message sponsored by local medical doctors  
 For further information, see your doctor or any member of the  
**MEDICAL SOCIETY**  
**HALE-FLOYD-BRISCOE COUNTIES**

H.R. 1) is not needed. "Medicare" benefits are very limited, covering about one quarter (25%) of the total yearly health care costs of the average aged person. "Medicare" would not cover physicians' services or surgical charges, nor would it cover the cost of drugs outside of institutional care.

The "medicare" proposal is an extremely expensive one. While we all are starting to enjoy a reduction in federal income taxes as a result of action by Congress last year, the "medicare" program would cost an estimated \$1.7 billion dollars in additional taxes the first year. "Medicare" would increase payroll taxes to cover everyone over 65—even the wealthy. The employee who now pays a maximum tax of \$174 annually would find the amount for Social Security benefits and "medicare" increased to \$291 by 1971. Employers would pay a similar increase for each employee, thus resulting in higher prices for goods and services.

The Texas approach of providing medical, surgical and hospital care to those who need it is a more comprehensive, more economical program than "medicare," and it provides more benefits. If you object to paying higher payroll taxes for an undesirable, unneeded program, write your Congressman today. Ask him to oppose the "medicare" tax proposal, mentioning the programs for the aged now available in Texas. Ask him to support the Herlong-Curtis Elder Care Bill (H.R. 3727), which would make possible the broadening of the existing Texas program to provide medical, hospital and nursing home care for those few remaining aged who are still in need of help.

### St. Mary Church Opens Office

The St. Mary Magdalene Catholic Church is opening a downtown office in Floydada which will be located at 110 W. Missouri or better known as the building where Home Appliance was formerly located.  
 The office will be opened seven days a week from 8 a.m. until 9:30 p.m. The office phone number is YU3-3491.  
 Purpose of the office is to assist those in parish needs. The priest, Father Paul Link will be in the office on Mondays and Thursdays and other local parish personnel will be in the office on other days. Father Link serves all of Floyd County, and the cities of Floydada and Lockney.  
 There will be a small chapel in the office.

**Friendship Club**

Getting so that choosing between our Wide-Track Tigers is as distressing as it is enjoyable. For instance, should you choose the Incredible GTO with its extra helping of horsepower (360), or the way it comes (335)? Or should you go for the Le Mans with its 285-hp V-8, a 250-hp V-8, or 140-hp six? Either way they're all tigers with bucket seats, carpeting and lots of Oh-you-kid!

### SOUTH PLAINS NEWS by Mrs. Murray Julian

## Week Of Prayer Began Sunday

SOUTH PLAINS, March 8 - The Week of Prayer for Home Missions began Sunday night at the Baptist Church with Mrs. Fred Fortenberry as leader, and others who took part in the program were Meses. Sealy Smith, L. T. Wood, L. N. Johnson, Bryan Karr and M. M. Julian, who gave parts on, "Obey Thy Sovereign Word." Tuesday the W.M.U. will meet from 2-4 p. m. to continue the study, and Wednesday night at prayer meeting they will present "Proclaim Thy Gospel Day". Only 60 were present for Sunday morning Baptist Church services, with many taking ad-

vantage of the long weekend to go on fishing trips, vacations and many are kept at home with illnesses. Visitors Sunday morning included Mr. and Mrs. Leonard Moore and three girls, of near Tulia, Mrs. Ernest Smitherman of Floydada, Boyd McClure of Plainview, and Rev. and Mrs. Oscar Calles and Steven from Argentina.

Rev. Calles conducted a Latin American service at the Mission Baptist Church Thursday night with 46 in attendance. The Negro Mission with minister Rev. Hollis Shewmake had 38 in attendance Sunday, and wonderful work has been and is being

done in the Negro Mission Church.

Mr. and Mrs. James Teague and boys of Lubbock visited here last week and left their oldest son, Earl, here with his grandmother, Mrs. L. T. Wood to spend all last week. This Sunday afternoon the Teagues visited here, and came to take little Earl back home with them to Lubbock.

Beth Calahan, who is a senior, has been confined to her home all the past week, with the mumps. She went to school Monday, but was quite ill on Tuesday, and is still not able to take much nourishment. We are sorry she had to miss the Jr.-Sr. Banquet and prom Saturday night, but we do want to say how proud we are to find she was named to the Honor Society of Floydada High School last week. Even the Calahan dog has had the mumps, and we think this is the first time we ever heard of a children's pet that has come down with the children's disease.

Those from here who attended the Junior-Senior banquet Saturday night at Floydada High School were Tommy Powell, Jimmy Upton and Cathy Mulder. Theme for the banquet and prom was a Roman Holiday. Senior mothers gave a breakfast after the prom at the First National Bank for the seniors and Tommy and Jimmy were in attendance there around 1:30 a. m.

Frank McClure had the misfortune to hit his foot on a piece of furniture last Tuesday, and has been confined to his home since then with a cut, swollen foot.

Mr. and Mrs. Don Probasco have been having a time at their home all of February and this March with both Maury and Matt having the mumps.

Mrs. Gene Long of Silverton and Rev. Sealy Smith were Monday afternoon visitors of the Frank McClures. Gene Long is in the Lockney Hospital at this time.

Cold weather ever since Tuesday morning of last week

has kept all farming operations to a minimum, as it is too cold for outside work. The Nathan Mulders of Plainview are moving here this Monday, as cold weather kept them from getting settled last week. They have their water well drilled, and are now moving.

Mrs. George Weast spent last Tuesday in Amarillo on a business trip.

Mr. and Mrs. Larry Smitherman of Lubbock were out here Thursday afternoon for the school program in which their nephew, Marc Smitherman, took a part. They later visited with his brother, the Phillip Smithermans.

Mr. and Mrs. Early Pritchett and Stevie left after the school program Thursday for Dallas where they visited his sister, Mr. and Mrs. L. D. Reid. Then they made a trip over to Pine Bluff, Arkansas and to other places where the Pritchetts lived when children, and have been gone all weekend.

Mrs. Bryan Karr and her brother, Shelby Calahan spent Tuesday in Lockney at the Lockney Hospital with their mother, Mrs. H. S. Calahan Sr. who was quite ill but at this time is getting along fine.

Bryan Karr is confined to his home with a good case of the mumps.

All the children of Robert Reeves have had the mumps, and the oldest boy, Sandy, had a set back, and is back in bed again with a severe case.

Twin heifer calves were born Sunday night on the Fred Fortenberry farm, which is a rare occurrence. The weather was so cold that night that one of the little calves succumbed to the freezing cold.

Mrs. Bryant Higginbotham left Saturday to spend that day and Sunday in Chillicothe, down in Hardemon County, with Mrs. Helen Higginbotham and other relatives there.

Mrs. Tom Respondek has been in bed the past week with measles. All their children have been going through measles and the mumps.

Mrs. Willie Weast of Silverton was a house guest of Mrs. Frank McClure from Monday through Friday of last week, then went home with the George Weasts to stay until Sunday night.

Mr. and Mrs. John Kinnibrugh Beverly and John Mark left Thursday afternoon for Gilliland to let her and the children spend the weekend at the E. A. Burgess home there. Mr. and Mrs. Sylvin Kinnibrugh and Beth left at the same time for Truscott where she and Beth were to stay until Sunday night with the mother, Mrs. R. A. Spivey. Sylvin, John and Dwight Burgess of Gilliland left for Possum Kingdom Dam in South Texas where they fished over the weekend, but due to the windy and cold weather did not have any luck. The group were home Sunday night. Marilyn and Teddy Horne spent the weekend with the Paul Hornes of Truscott.

Mr. and Mrs. Arby Mulder

### Mason Officials Visit Local Lodge

During his official visit to the local A. F. & A. M. Lodge last Saturday night, J. Carroll Hinesley, Grand Master of Masons in Texas, challenged the members of the Fraternity to put their philosophy to work in everyday life, not only to keep the organization strong, but also to keep the nation great.

He also told the group that each of them had an obligation to participate in the church of

meeting, including Grand Master of as Bill Fullington, Master, J. R. C. man, nine District members of Grand mites, members ges, and two spec. tions.
