## 29 Club Has Guest Day

The 1929 Study Club held their annual guest day affair Thursday in the community room of the First National Bank. Mrs. Clay Henry and Mrs. Verne Gaunt were hostesses and Mrs. Kinder Farris presided at the serving table.

Mrs. J. A. Arwine, leader, turned the program over to Mrs. Q. D. Williams, who introduced the guest speaker, Dr. Jack Bates, vice-president of Lubbock Christian College, spoke on "Problems in the American Homes". Darrell Faires brought prayer.

Guests attending the meeting were Clay Henry, Mrs. George Stiles, Mrs. Roy Curry, Mrs. John Hotchkiss, Mrs. Wayne S. Brown, Mrs. Robert Garrett, Mrs. Lane Decker, Mr. and Mrs. Darrell Faires, Mrs. Jake Watson, Mr. and Mrs. George Elkins, and the speaker.

Members present were Mmes. J. A. Arwine, Hollis Bond, C. W. Denison, Kinder Farris, Clarence Goins, Clay Henry, Conner Oden, George V. Smith and Mrs. Q. D. Williams.

## Rebekah Friendship Night Held

Floydada Rebekah Lodge was host Tuesday night of last week to all Lodges in District 9 in a Friendship program and salad supper held in the Lodge Hall.

Beverly Kincer, program director, presented the program pertaining to friendship. Those taking part were Gale Daniel, Frances Stephens, Lee Moss, Pauline Nash, Foy Gooch, Dorothy Reeves, Beverly Kincer, Jane Marquis, Pat Rucker and Peggy Medley. Kathryn Turner, Betty Marquis and Ruby Dixon sang a hymn, "Friendship With Jesus". Mrs. Dixon accompanied on the piano. Among guests attending was Lois Bishop, District Deputy president.

Thirty seven members and guests were present.

## THDA To Have Spring Meet In Tahoka

The Texas Home Demonstration Association will hold their annual spring meeting for District 2 in the First Methodist Church in Tahoka on April 27th. All club members in this district are urged to attend. Registration starts at 9:15 followed by a coffee. General Assembly is at 10 a.m.

Following the noon luncheon the meeting will convene at 1:30. Mrs. Tom Box of Plains, District 2 Director, will preside over the meeting.

Mrs. G. W. Smith of Floydada, is County THDA chairman. She will be among local county residents to attend as well as Mrs. O. G. Mayfield, National notes chairman.

The Tooleys came to the Plains from Vernon, Texas, 27 years ago. Since that time both have taught in Swisher, Hale and Floyd counties, including a half term in Bogota, Colombia, S. A. while visiting their daughter's family. Since retirement 14 years ago they have been substitute teachers each year in the Plainview schools. They are active members in the First Baptist Church where both are teachers of adult classes.

Two of the daughters are teachers, holding Master's degrees. Another majored in Business Administration and did secretarial work and is doing kindergarten work and sub-teaching in the Vernon schools. One granddaughter is also a teacher.

The entire family, including five grandchildren are active in the work of their respective churches.

Mr. and Mrs. Tooley are uncle and aunt of Wendell Tooley.

## Reeves-Hurley Plan May Vows

Mr. and Mrs. Russell Reeves of 112 W. Miss. St., announce the engagement and approaching marriage of their daughter, Jeannette to Paul Hurley of Pauls Valley, Okla.

The couple plan a May 22nd ceremony. Teamsters back rate rise for Blue Cross.

MR. AND MRS. E. H. TOOLEY

## Former Lakeview School Teachers Observe 50th Anniversary

Mrs. E. H. Tooley of Lakeview school will observe the 50th anniversary of her wedding at her home, 410 Beech St., in Plainview, Sunday, from two until four with a reception.

Their husbands are the hosts and extend an invitation to all friends of their parents to attend. They include Mr. and Mrs. H. P. Hill, Vernon, Texas; Mr. and Mrs. W. O. Martin, New Orleans; Mr. and Mrs. Ken Baldwin, Boulder, Colo. Edwin Henry Tooley and Era

Teague were married in the bride's home near Vashti, Tex. April 25, 1915, by Rev. L. S. Hill, pastor of a local Baptist church, during a downpour of rain which lasted all day. A schoolteacher friend literally carried Tooley into the house so his shoes would not get muddy.

Those were horse and buggy days and courting had to be done during reasonable weather or in the "parlor".

Tooley, a native of Shannon, Texas taught school in the old Liberty community where Era Teague attended and she was his pupil for one term when she was 14 years of age. He began teaching at the age of 21 years and hasn't missed a year being in the schoolroom since that time, gaining his remaining college work during summer terms in various states colleges. In summers the family enjoyed pleasure trips in Colorado, Arizona, Arkansas. Through the years they traveled in seven other states. All three of the daughters were pupils in Tooley's schools as they grew up. . . so he taught his entire family including his wife.

His salary was \$60-\$70 per month for the first 4 years. He paid board and saved \$1000. toward his wedding expenses and household furniture which included a bedroom suite, a dining room suite, a kitchen cabinet and 2 rocking chairs. The Tooleys "motored" to Bowie, 12 miles away in a two-horse wagon on Tuesday after the wedding to have their pictures made and "haul their furniture to Shannon, their first home". The honeymoon trip was taken that summer to Houston, Texas.

For many years his salary was no more than \$190, but using thrift the couple managed to feed and clothe the family, keep a car and purchase a farm.

Tooley recalls chasing "burglars" one night away from his home for a quarter of a mile barefooted and in his pajamas with his dog, only to find they were his beloved school boys planning to tie-tac his house.

Mrs. Tooley moved with her parents to Texas from Oklahoma Territory in a covered wagon in 1903 when the crossing of Red River was rather hazardous because of quicksand and high water. She remembers keeping warm in the wagon by the bachelor stove-with oven-heated with cow chips (prairie coal). The stove pipe extended out through a hole in the wagon sheet. The family lived in a half-dugout for several years near Hollis, Okla. "During these 50 years", said the Tooleys, "we've lived in many places, had many school experiences, gained many friends".

## Perkins-Grundy Vows Read

The bride Kay Perkins and groom Milton Grundy were married Saturday, April 10 in the home of Mr. and Mrs. Billie Renne by the Rev. Renne Hating.

The bride wore a beige lace suit with white accessories and carried a white carnation bouquet on her left.

Attending the couple were Miss Celia Pool of Dallas and Doyle Grundy of Beaumont. Mr. and Mrs. Grundy are residing at 1316-15th Apt. 5 in Lubbock.

## S Meets In Joint Session

The Women's Society of the First Church met in joint session April 14. Mrs. A. J. presided over the meeting.

Whitaker gave the annual meeting report. The theme was "To Serve Humbly". Mrs. Wylie presided over the meeting.

Moss reported that the local church work and helped form for the women of American Missions and Lockney. Mrs. Cates was secretary of Missionary

## Crabtree And Moore Vows Read In Tuscaloosa, Ala.

Wedding vows for Miss Leslie Jo Crabtree, daughter of Mrs. L. E. Crabtree of Floydada, and Robert E. Moore, son of Mrs. J. R. Moore of Northport, Ala., were read Thursday, April 15 in Tuscaloosa, Ala.

The ceremony was read at 7 p.m. by Dr. C. C. Randall in the First Baptist Church, before a scene of Easter lilies, palms and candles.

The bride and groom reside in Tuscaloosa. Given in marriage by her brother, Kay Crabtree of Floydada, the bride wore a street length floral white brocade dress. The scooped neckline was accented by seed pearls and short sleeves. The skirt was bell shaped. She wore a small crown of seed pearls attached to a veil of silk illusion. The white Bible she carried was topped with a white orchid and lily of the valley with her grandmother's wedding band attached.

Mrs. Jimmy Green of Tuscaloosa, attended the bride as matron of honor. She wore a pink dress over woven shantung highlighted by a jeweled neckline and empire waistline. Other feminine attendants were Becky Crabtree, Floydada, niece of the bride, flower girl; Angeline Coleman, Northport, cousin of the groom, ring-bearer; Mrs. Shirley Coleman and Patricia Hendrickson, candle lighters. They wore pink syclet ribbon embroidery dresses and white shoes and gloves. Their hats were of soft rose petals and velvet ribbon.

Martha Mayfield played "The Wedding Benediction" and "The Lord's Prayer" was sung by Rev. A. F. Atkins.

For travel to points in Georgia the bride wore a yellow linen costume suit with a floral blouse, black accessories and the orchid from her bouquet. The couple are making their home at 37 Bellwood, Northport, Ala. The rehearsal party was held in the home of the Roy H. Greens in Northport.

## 56 Club Meets With Mrs. Reid

The 1956 Study Club met April 13th in the home of Mrs. Charles Reid. The invocation was brought by Mrs. Gordon Hambright and members answered roll call by modeling a hat.

Topic of study was "World of Handicraft". Mrs. Lewis Reddy introduced the speaker, Mrs. Tom Porter, who gave a report on the art of hat making.

Reports of the TFWC convention were given by Mrs. Max Dyess and Mrs. Marvin Wells. The latter received a ribbon at the convention for her report on "Council of International Affairs."

Attending the meeting were Mmes. Eugene Beedy, Gary Carthel, Max Dyess, Ronald Evans, Gordon Hambright, Fred Marble, A. C. Pratt, Don Probasco, Lewis Reddy, Charles Reid, Marvin Wells, Jackie Younger and Mrs. Laron Fulton. Refreshments of cake, lemonade and coffee were served.

## Lower night rate for World's Fair is debated.

GRASS PASTURE - The picture taken 13 miles north of Lockney shows an abundance of forage on a well managed Bermuda grass pasture. The

degree of management helps determine the amount of profit gained from any pasture. (SCS Photo)

### Importance Of Grass Management Explained

"It takes grass to produce beef," is a statement often heard from experienced ranchers throughout The Great Plains of Texas and Oklahoma. By the same token it takes forage to produce pounds of beef. This is often one of the concerns of producers who have irrigated pastures in our area and want to produce as much as possible from them.

Why is the care of grass so important? The answer lies in the way the grasses grow. It has been said that the grass plant is a food factory. It makes food for itself, for livestock; thus, also, for people.

Perhaps the overall function of the grass plant can be better understood if we consider it as actually being two factories. One of these is above ground and consists of green leaves and stems. The other factory operates underground. This one is the root system. These two factories are dependent upon each other. When either gets low on needed materials, the other must close up shop until repairs are made.

Nature installed in the upper factory an ingenious device that is capable of taking elements from the air and, with sunlight furnishing the energy, manufacturing more green leaves and

stems. Extra food materials produced during this process is sent to the underground factory to develop healthy roots. Some of the plant food is also stored here as a reserve. The roots function as pipelines to bring in water and chemicals needed upstairs.

What happens when too many leaves are eaten off day after day, week after week? Well, the upper factory loses its ability to manufacture food. It shuts down for repairs and calls downstairs for stored reserve food. When the reserves are used up, the two factories have no alternative except to close down for good because, by this time, the pipelines have become small, weak and short. They are unable to pipe in water and chemical elements from the soil.

Do you want to keep these factories going at full steam and maintain high producing pastures? Numerous cooperators with the Floyd County Soil Conservation District have experienced that maintaining a height of about five inches on Bermuda grass and about 10 inches on switchgrass keeps the factories running at full capacity. Actually, about one-half of the annual production of grass is considered proper use but height

figures are commonly used for ease of measuring. Since the annual production of various grasses differ, proper use heights will also vary.

Local technicians with the Soil Conservation Service will gladly advise you on proper grazing management of your individual pastures.

### Fertilization Is Necessary For Good Irrigated Pastures

By Truman Gregory, Soil Conservationist

If your irrigated grasses seem to be falling off in production, that lag may be due to an inadequate fertilization program.

Fertilizer should be added to irrigated pastures now and irrigation water applied. Fertilizer should be added to irrigated grasses to supply plant nutrients needed to stimulate plant growth. This aids in improving the chemical and biological conditions of the soil.

After the first year for example a grass such as midland bermuda should receive 30 to 50 pounds of nitrogen each time it is grazed down. Approximately 60 pounds of P2O5 per acre may also be beneficial in our clay soils applied at the beginning of the season.

As the grazing season progresses, plant symptoms should be used as an indication for

## AT HIGH PLAINS FOUNDATION Floydada Resident New Staff Member

HALFWAY - Dr. Earl H. Collier, Director of the High Plains Research Foundation, has announced the addition of Howard Malstrom to the staff of the Foundation.

Malstrom will be employed as Associate Soil Scientist working with Dr. Arthur Gohlke on fertilizer problems in crop production.

Howard attended the University of Illinois from 1952 until 1956 when he received his B. S. in general agriculture. In 1957 he entered the United States Air Force and was stationed at Holloman Air Force Base in New Mexico. He was commissioned as a Second Lt. in 1957 and was discharged as a First Lt. in 1959.

Upon completing his military service, Howard attended the University of California at Davis, California, where he received his M. S. in horticulture, with a major in plant physiology, in 1964. While as a student and after graduation, Malstrom worked for Dr. James Cook of the University as research assistant. The research was geared to find the relation of water and nutrient uptake of soils, with special emphasis on minor elements. During this time, Howard was the author and co-author of several scientific

HOWARD MALSTROM

papers and publications.

Dr. Collier said, "At this time, we need the experience and knowledge that Howard brings with him. The area farmers will need more and more information on fertilizers; nitrogen, phosphorus, sulfur, and trace elements than ever before for more efficient and profitable crop production."

"We are most fortunate to be able to get Howard to come to the Foundation. The work that he will do will mean much to the farmers."

Howard and his wife, Mary Clauden, are making their home at Floydada. Mrs. Malstrom is the daughter of Mrs. Polk Goen of Floydada, and is a 1954 graduate of Texas Tech.

## Floydada Man Finishes Diesel Engine Course

Alfred E. Beaver, of Box 506, Floydada, Texas, has completed an intensive Cummins Engine Company-approved home study course in the operation, service and repair of Cummins diesel engines.

The announcement was made by C. E. Green, president of Interstate Training Service, Portland, Oregon, the school that produced the course for the Cummins engine people.

## Tom Terrell Dies Monday

Tom H. Terrell, 68 years old, Plainview man, father of Berwin Terrell of Lockney and brother of Mrs. Dale Laceywell, died Monday morning in a Plainview Hospital.

Rites were conducted yesterday in that city.

Terrell had been a resident of Hale County since 1905 and retired from farming in 1950. Since that time he had been in the real estate business.

Survivors include his wife; four sons; one daughter; five sisters; six brothers and 15 grandchildren.

**SOUTH PLAINS NEWS by Mrs. Murray Julian**

**Several Are Away During Easter**

PLAINS, April 19 - The Easter holiday was bright and clear, crisp and wearing of Easter finery. Many were in our vicinity as a number of weddings and school children at were out of school did not have to be Tuesday morning of both of WT at with his mother, Mrs. and they day with Mr. and in Cedar Hill. Mrs. Sylvia Kinnibeth, left Saturday and visited over her mother, Mrs. Mr. and Mrs. of Lubbock were. We are very sorry the death of Teddy's Home, on Saturday a sad Easter for family, as his funeral here in Gilliland East at 2:30 p.m. Mrs. Keith Marble

hosted the Easter dinner and get together for the members of his and her family. Present were Mr. and Mrs. H. L. Marble, Mr. and Mrs. Don Marble and children, Mr. and Mrs. Marvin Wells and girls, and Mr. and Mrs. Fred Marble and boys. Also present were Mr. and Mrs. G. H. Robertson of Plainview, Mr. and Mrs. Jerry Robertson and family of Boise City, Okla., Mr. and Mrs. Dean Hopson and children of Plainview and Mrs. R. L. Holland of Lockney. They all went to the Marvin Wells home in the afternoon where the children enjoyed an Easter Egg hunt. Mr. and Mrs. Frank McClure had as Easter weekend guest, her grandson, Boyd McClure of Plainview and Easter Day Mrs. Jean McClure, Donna and D'Ann all came to have the day and Easter dinner with them. Mr. and Mrs. Larry Smith-erman were visiting his folks here this past week, and Friday they left for Austin, where they plan to make their home and where Larry will be employed by State Department of Health.

They have been making their home in Lubbock.

Mr. and Mrs. Ernest Newton had as weekend guests Mr. and Mrs. Leonard Moore, Debra, Donna and Pam of Floydada, Mr. and Mrs. Eugene Byrd, Ernest and Diane, of Stanton, and Mrs. Floyd Linch. Mrs. Linch plans to leave her job in Plainview the last of April to make plans for her trip to Germany, where she will join her husband, stationed with the Armed Forces in Heidelberg, Germany. Besides the above on Easter Sunday they had as dinner guests her brother, Mr. and Mrs. Roy Hollums of Ralls.

The George Weasts returned home from Truth or Consequences, N. Mex. on Thursday night of last week.

Mr. and Mrs. Glen Wood, and boys, accompanied by his grandmother, Mrs. Walter Wood, left Saturday afternoon for Lake Whitney to visit Mr. and Mrs. Jack McCown. Mrs. Wood hopes to stay about two weeks with her daughter, but the young folks will return about Wednesday. Mr. and Mrs. Mike Wood will probably go down to the McCowns to bring Mrs. Wood home.

Mrs. Walter Brown and Otto Harris of Amarillo brought Mrs. Ruth Burnett to the Murray Julian home Friday and all had lunch there. Mrs. Burnett went to Roscoe with the Julians Saturday where all spent Easter at the Terry Julian home, and they took her to catch the bus Sunday afternoon from Sweetwater to her home in San Antonio, after she had spent the past two weeks here.

Johnny Calahan was able to go to his home in Lubbock after his major operation the week before in Hale Center, where Dr. Foster was his physician. He went home Tuesday and is doing fine, but will not be able to attend his college classes for some time.

Family Night at the South Plains school house will be Saturday night, April 24, at 7 p.m. Each family should bring card table, chairs, dominoes and a sack lunch.

Mrs. Johnney West has been confined to her home with a case of measles the week before Easter, but is doing fine again.

The Reverend Sealy Smith accompanied Sylvan and John Kinnibrugh to Lake Kemp the beginning of last week. They returned home Wednesday night after enjoying a fishing trip.

The Parks Oil Company of South Plains will be hosts at a breakfast in Floydada, Tuesday

morning, April 20, at 7 o'clock at Rogers Restaurant for a seed and insecticide meeting.

Mr. and Mrs. Sterling Cummings and children left Thursday for Siloam Springs, Arkansas, where they visited her parents, the Earl Norman family while the children were out of school for Easter vacation.

There will be no WMU meeting at the South Plains Baptist Church this week as ladies of the church will go to Floydada for the Vacation Bible School Clinic. The all-day meeting is to be held at the First Baptist Church, beginning at 9:30 Tuesday morning.

The Reverend Sealy Smith left after Easter morning services for a week of revival services at Denver City, at the Bethel Baptist Church where he will be assisted by Cecil Osborne. Louis Wakefield will be here Wednesday night to preach and be at the Baptist Church again Sunday to fill the pulpit for both services while Rev. Sealy Smith is away. The Rev. Hollis Shewmake of Plainview preached at Sunday night's services the first service Rev. Smith was away.

Mr. and Mrs. Bruce Julian, Mr. and Mrs. Kendis Julian and Kristi, and Mr. and Mrs. Murray Julian and guest, Mrs. Ruth Burnett of San Antonio left Saturday for Roscoe to spend the weekend with Mr. and Mrs. Terry Julian and children. Saturday night they attended the church wedding in Roscoe of Miss Carolyn Althoff and Richard Young and Sunday they were all guests of Mr. and Mrs. Dick Althoff for an Easter dinner. The Julians all came home Sunday night and Monday afternoon the Bruce Julians went back to Canyon to WT.

Mr. and Mrs. Grigsby Milton and Darla flew weekend before last to Oklahoma City, Okla. for a Flying Farmers Convention. They returned home Sunday. Mrs. Sealy Smith, Gregg, Sharon and Terry went up to Plainview Sunday afternoon to spend that afternoon and Monday with her parents, Mr. and Mrs. Hurt, while Rev. Sealy Smith was in Denver City.

How grateful we all are for the wonderful rain that fell Tuesday night in our vicinity. Only .60 fell here on the Wm. Stanforth, Donald Bean farms, but much greater amounts fell elsewhere. Here are some amounts: Bob Reeves, 2.75; Kendall Cummings, 2.50; Mrs. Bryant Higginbotham, .95; Nathan Mulder, 2.10; Arby Mulder, 1.50 and Fred Fortenberry, .50.

Mr. and Mrs. John Kinnibrugh, Beverly and John Mark went to Gilliland to see her parents, Mr. and Mrs. E. A. Burgess Friday night and then during the Easter weekend they visited Mr. and Mrs. J. A. Kinnibrugh and other relatives at Vera. Her aunt, Mrs. Maud Cure, of Riverside, California, came home Sunday night with the Kinnibrughs to stay until Tuesday evening.

Mr. and Mrs. Arby Mulder and Katharine went to Albuquerque, N. Mex. Friday to spend the Easter weekend with his brother, O'Dell Mulder and family. They attended Easter church services there Sunday morning and they went by way of Amarillo, spending Friday night in Santa Rosa. They report it very hot and dry clear out to Albuquerque.

The Baptist World Alliance was the theme of the Royal Service program of the South Plains Baptist WMU meeting Tuesday afternoon at the church with Mrs. Murray Julian program leader. The 11th Congress will be held this summer, June 25-30 at Miami Beach, Florida, and many thousands plan to attend from all over the world. Those who took part and attended Tuesday's meeting were Mmes. Sealy Smith, Bryan Karr, L. T. Wood, Bob Reeves, Bill Thomas, Bessie Blakship, Tillman Powell, Grigsby Milton, and M. M. Julian.

Around forty-five boys and girls were at the Baptist Church Tuesday afternoon for the Easter egg hunt which the Mmes. Fred Fortenberry, Roy Burks and Tillman Powell prepared for the Sunbeams and other organizations of the church.

Congratulations and best wishes to Miss Barbara Milton and Roy Edwards of Floydada whose engagement was announced last week by the bride-to-be parents, Mr. and Mrs. Grigsby Milton of South Plains. Roy is the son of Mr. and Mrs. Roy Edwards of Floydada. The wedding is slated for June 12 at the South Plains Baptist Church. Barbara attends Wayland college at Plainview and her fiancé is employed in Floydada at the Lighthouse Electric.

All of the Reeves children from our vicinity went to Memphis to have Easter with Mr. and Mrs. Sim Reeves on the ranch. Those who spent the day were Mr. and Mrs. Bob Reeves and children, Mr. and Mrs. Raymond Reeves and family and Mr. and Mrs. Ted Bell, Shannon and Rex.

Dale West returned to his studies at WT in Canyon this Monday after being here for Easter with his parents, Mr. and Mrs. John Key West.

Mr. and Mrs. Leighton Teepie and Rhonda spent Sunday in Amarillo visiting with his sister, Mr. and Mrs. Harold Hanm. Their son, Dwight, was home over the Easter weekend from Texas Tech at Lubbock.

Part of the hostesses for the wedding shower for Miss Carolyn Sessums met in the home of

**Field And Kitchen News**

Mrs. Lucille Neiderbrach and her Troop of Girl Scouts came to the Lighthouse Kitchen last Monday afternoon for their third lesson in a series of cooking lessons. The topic for discussion and demonstration was "breakfast". The importance of a good breakfast and what goes into making a good breakfast were interesting topics for discussion.

A breakfast of fruit juice, pancakes, bacon and eggs were prepared and served by the group. Dry yeast dissolved in warm water was added to the hotcake batter for more nutritious and tastier hotcakes. How to have "delicious fried eggs" was also demonstrated.

A demonstration "Pie Making is Easy", was given for the Plainview Chapter of Young Homemakers of Texas at the Plainview High School Home-making Department last Thursday evening. Here are two of the pastry recipes featured in this demonstration: PASTRY MADE WITH EGG AND VINEGAR

3 cups flour  
1 teaspoon salt  
1 cup shortening  
1 egg  
1 tablespoon vinegar  
9 tablespoons water.

1. Sift the flour before measuring.  
2. Be extra careful in the accurate measuring of the shortening.

3. Be sure to use the correct amount of water. Thoroughly blend flour and shortening. Beat egg slightly, add water and then vinegar. Add to flour and shortening mixture.

CREAM CHEESE PASTRY  
1 3-oz. package cream cheese  
1/2 cup butter or margarine  
1 cup sifted flour.

Let cream cheese and butter soften at room temperature; blend, stir in flour.

Chill slightly (about an hour) before rolling.

NOTE: This pastry is especially nice for making "fried pies" that are baked instead of being fried. Prepare as for frying but bake them in a 350 degree oven for about 15 minutes or until done. Baking time depends on the size of

Mrs. Leighton Teepie this Monday afternoon to plan the party which is set for May 5, Wednesday afternoon from 2:30 to 4:30 in the home of Mrs. Teepie. Cake and coffee were served and those present were Mmes. L. T. Wood, J. P. Taylor, Bryant Higginbotham, Roy Burks, Bob Reeves, Ursel Taylor, Tillman Powell, Shelby Calahan and hostess, Mrs. Teepie.

**Jerry Lewis Comedy, "The Disorderly Orderly" Loaded With Fun, Frolic And Top-Notch Stars**

Dr. Kildare, Ben Casey, move over! Jerry Lewis is coming to the hospital in his new movie for Paramount, "The Disorderly Orderly," and you can just imagine what riotous havoc he causes. Jerry, as an eager but bungling hospital orderly, manages to get into some of the funniest situations imaginable. Helping Jerry out is a top cast which includes Susan Oliver, Glenda Farrell, Ever-

ett Sloane, Kathleen Freeman, Del Moore plus cameo roles by many popular stars. "The Disorderly Orderly," in Technicolor, opens Sunday at the Palace.

FLOYD COUNTY DATA  
Mr. and Mrs. L. B. Stewart Jr., and daughters spent the Easter holidays in Tucson, Ariz., visiting her aunt, Mrs. Ted Martin and family.

ONE NEWS by Melba Wideman

Widemans Visit In East Texas

NE, April 19 - Mr. and Mrs. Melba Wideman, Mark, and Mandith spent the Easter holidays in East Texas. They spent Thursday night with Mrs. W. T. Center in a same house. They went on to Friday where they visited Mrs. and Mrs. Bill Wideman and Mrs. Thurman and family. Later they visited Mrs. and Mrs. Herbert in Greenville.

Mr. and Mrs. L. L. Nixon of Floydada. Applications Being Accepted For Scholarship

OLTON - The West Texas Press Association today announced it will receive applications until May 15, for its 1965 journalism scholarship which will be worth \$600 to some West Texas high school graduate for studying newspaper journalism for four years in college.

All applications for the scholarship should be sent by interested seniors to the WTPA scholarship chairman, Bill Turner, publisher of the Olton Enterprise, Olton, Texas 79064. Announcement of the scholarship winner will be made by June 1.

Students who desire to apply for the scholarship should talk with their high school principal and editor or publisher of their hometown paper, who will be glad to help them with necessary application details.

The scholarship winner receives \$150 per year (\$75 per semester) for each of the four years of his or her college career providing satisfactory academic requirements are met.

The WTPA has offered this journalism scholarship each year since 1956 and have had as many as five students in college at one time drawing scholarship funds. Several have graduated.

Applicants must be in the upper 25 per cent of his class, must have demonstrated ability in newspaper journalism and a desire for a newspaper career. Several copies of all rules concerning application for the scholarship have been mailed to each high school principal in West Texas and interested students may secure full details at their high school office.

Ten West Texas colleges and universities have been designated for scholarship winners by the West Texas Press Association but the scholarship committee will consider making an exception for other colleges or universities if they have a qualified journalism course of study.

The ten designated schools for scholarship recipients are Abilene Christian College, Hardin-Simmons University, Howard Payne College, McMurry College, Midwestern University, Sul Ross College, Texas Tech, Wayland Baptist College, West Texas State University and Texas Western College.

FLOYD DATA Easter holiday guests in the home of Mr. and Mrs. S. L. Powell were their daughters, Mrs. B. J. Darden and Barbara of Albuquerque, N. Mex., and Mrs. Travis Ray and Dawn of Grand Prairie. Mrs. Darden teaches on the school faculty at Albuquerque and Mrs. Ray teaches in Grand Prairie.

Attention!..... Patrons of the Floydada School District

SIGNATURE IDENTIFICATION AND NO-LITIGATION CERTIFICATE

THE STATE OF TEXAS COUNTY OF FLOYD

We, the undersigned, hereby certify as follows:

- (a) That this certificate is executed and delivered with reference to that issue of Floydada Independent School District Unlimited Tax School Building Bonds Series 1965 dated April 1, 1965, in the principal amount of \$800,000
(b) That we officially executed and signed said Bonds and the interest coupons attached thereto by causing facsimiles of our manual signatures to be imprinted or lithographed on each of said Bonds and interest coupons, and we hereby adopt said facsimile signatures as our own, respectively, and declare that said facsimile signatures constitute our signatures the same as if we had manually signed each of said Bonds and interest coupons.
(c) That said Bonds and interest coupons are substantially in the form, and have been duly executed and signed in the manner, prescribed in the order, resolution, or ordinance authorizing the issuance of said Bonds and interest coupons.
(d) That at the time we so executed and signed said Bonds and interest coupons we were, and at the time of executing this certificate we are, the duly chosen, qualified, and acting officers indicated therein, and authorized to execute the same.
(e) That no litigation of any nature has been filed or is now pending to restrain or enjoin the issuance or delivery of said Bonds or interest coupons, or which would affect the provision made for their payment or security, or in any manner questioning the proceedings or authority concerning the issuance of said Bonds and interest coupons, and that so far as we know and believe no such litigation is threatened.
(f) That neither the corporate existence nor boundaries of said issuer nor the title of its present officers to their respective offices is being contested, and that no authority or proceedings for the issuance of said Bonds and interest coupons have been repealed, revoked, or rescinded.
(g) That we have caused the official seal of said issuer to be impressed, or printed, or lithographed on each of said Bonds; and said seal on said Bonds has been duly adopted as, and is hereby declared to be, the official seal of said issuer.

EXECUTED and delivered this the 5th day of APRIL, 1965. MANUAL SIGNATURES OFFICIAL TITLES President, Board of Trustees Secretary, Board of Trustees

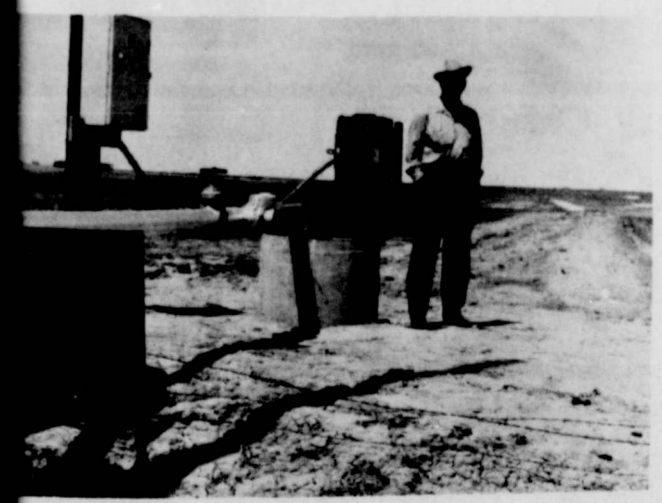

The signatures of the officers subscribed above are hereby certified to be true and genuine.

**Three New Weed Control District Directors Named**

Final returns from the ballots mailed in for the Board of Directors for the Floyd County Noxious Weed Control District gave the positions to Ray Lloyd, over J. Alton Noland for the District-at-Large; James Jeffress, over Lewis Reddy in Precinct 1; and William Bertrand, over Malvin Jarboe in Precinct 4.

Out of all the votes cast there was one write-in in each place.

These newly elected directors will meet with the two holdover directors in their regular monthly session on Tuesday, May 4 in the Weed District office.

Holdover directors are Gerald Quebe in Precinct 2 and Eugene Gilly in Precinct 3.

The District began treating bindweed on the County and Highway rights-of-way Monday, April 19, 1965.

*Beauty for You*  
by Claire Parks

**Five Minute Full-Treatment Facial**

When you're over twenty-five your skin deserves and needs a full quota of thoughtful treatment: gentle but thorough cleansing, stimulating, moisturizing and massage. This sounds as if it could only be accomplished in an hour-long ritual. At one time, it did. Now it's been reduced to five minutes with every benefit intact.

Here it is... deep cleansing, stimulating, moisturizing and massage all contained in a five-minute Full-Treatment facial.

1. Tie your hair away from your face to leave the field clear for action.

2. Using the tips of your fingers, smooth Fresh-Start over your entire face. Leave it. This clear, greaseless medicated gel absorbs skin oil residue and cellular debris while its icy, tingling, action stimulates the skin, helps it work for itself.

3. Over the Fresh-Start base apply a generous coat of Pond's Cold Cream to provide the surface with fresh lubricants and the skin with additional deep and gentle cleansing.

4. Massage the cream into your skin for two minutes, always working the hands up and out.

5. Soak a washcloth in hot water and press this over your skin. Pat your face dry with a towel.

The result? A skin that feels wonderfully refreshed, looks radiantly alive, is incredibly clean!

**CHEERFUL** - For an informal living room, window dressing centers on shades covered with a vibrant blue cotton print. White tieback curtains edged in raspberry braid and a citron-yellow loveseat complete the scheme.

## FFA News

(By Larry Patton)  
On Tuesday, April 13, a district FFA meeting was held in Plainview for the purpose of electing area officers and checking record books of the applicants for State Farmers De-

gree. Floydada Future Farmers attending the meeting included Charlie Overstreet, president; Ken Campbell, vice president; Frank Harris, advisor; Kenney Custer, assistant chaplain; Michael Hinsley, chaplain and Larry Hunter, parliamentarian.

Hunter and Hinsley attended the meeting for the purpose of watching for future experiences. Custer, Campbell and Harris are all applicants for State Farmers Degree and attended the meeting to vote on area officers. Overstreet was running for an area office and Campbell, Custer and Harris turned in their record books to be checked for district.

A book showing chapter achievements will be taken and judged with other chapters in the district. The chapter with the most complete booklet will be recognized as the most active chapter in the district.

Working women in West Germany increasing.

## Lockney Library Project Started

LOCKNEY — Donations to "Friends of the Library" have been started by Floyd County Library Board. Money raised will be used to purchase new furniture for the local library.

Mrs. Clyde Briley, chairman of the board, has been contacting clubs seeking funds for the program.

During a recent meeting discussion was heard on a reading program planned to create interest during summer months. A story hour is among activities planned.

Total circulation for Lockney during March was 1096 including 609 adult books and 487 juvenile books. A total of 3505 books were distributed at Floydada with 2072 juvenile books and 1433 adult books.

## H. A. C. Brummett Dies In Dallas

H. A. C. Brummett, former county judge of Dickens County and also a resident of this county at one time, died at the home of a daughter in Dallas on April 2nd. Funeral services were held on April 5th at the First Methodist Church in Spur and burial was in Resthaven Memorial Park, Lubbock.

Brummett suffered severe burns in March of 1964 while burning brush on a farm in the Afton community and was taken in serious condition to West Texas Hospital in Lubbock for treatment. He had been in poor health since that time.

He lived in Floydada for a

Attending were Mmes. L. B. Brandes, Clyde Briley and Gene Collins, Lockney; Wilson Bond, Weidon Harris, Mrs. Shirley Irwin, Mrs. Milton Evans and Mrs. A. T. Hull of Floydada.

FLOYD DATA  
Mr. and Mrs. C. W. Denison visited relatives in Lubbock Friday and Saturday and at Methodist Hospital where Mrs. Denison's grand nephew, Richard Parrack, remains in critical condition. The youth is in intensive care ward suffering from injuries sustained in a car wreck some three weeks ago.

A package of health benefits and pension increases for the aged approved by the House Ways and Means Committee was hailed by President Johnson as "a tremendous step forward for all of our senior citizens."

time several years ago while his wife served as administrator of the state welfare program in this county. At that time he ran for the office of county judge of this county but was defeated. Survivors include one daughter of Dallas; three sons of Lubbock; one brother of Lubbock; four sisters, 12 grandchildren and one great-grandchild.

Francis Montandon

### Lubbock Physician Speaker At Cancer Crusade Luncheon Here

Dr. Carl Page, a physician from Lubbock, and a District Director of the American Cancer Society for this 18-county area, was the keynote speaker at the Cancer Crusade kick-off luncheon held in the Colonial House last week. In his talk he mentioned two breakthroughs in the research that could be great stepping stones in finding the cause and cure of cancer and some heart diseases. One of the discoveries was made in Toronto, Canada, in relation to cigarette smoking. It was found that a particular acid, not normally found in the human body can cause cancer, especially in a person's kidneys or lungs. It was also found that this acid was noted in a person's urine within an hour after a cigarette was smoked by that person. However, if the person quit smoking, the acid disappeared within three weeks. On a person that had been a steady smoker for twenty or thirty years, it was found that all traces of the acid and its effects had disappeared after five years. Dr. Page went on to say that a person that smokes 1/2 pack of cigarettes per day is 44 times as likely to suffer cancer of the kidney or lung. When smoking is increased to 1 pack per day, the chances jump to 68 to 1. As the smoker increases to two packs per day, the chances jump to 144 to 1. **SECOND BREAKTHROUGH** The second breakthrough Dr. Page mentioned concerned Hydrogen Peroxide. This particular discovery was made at Dallas. Until just very recently certain types of cancer that occurred in the muscles was 100% fatal. Surgery and X-ray treatments were never effective, according to Dr. Page. However, after circulating peroxide through the affected area it has been found that X-ray treatments are effective. Dr. Page said that this type therapy could be effective even on brain tumors. "I can see into the near future when doctors can open a person that has cancer, and on cases they once just sewed up because there was no hope, can be treated with this method and cured", he stated. He gave the example of an 85-year old man that had a cancer in the muscle of his forearm and was given this treatment. The man died from natural causes and an autopsy was performed. It was found that the man had had hardening of the arteries, and the peroxide had "literally cleaned out his pipes to give almost perfect circulation", Page said. **MONEY SECONDARY** Dr. Page stressed the fact that even though money received during the Cancer Crusade is

### New Ideas Discussed By Town Hall Group

The first of a four meeting series of Town Hall meetings designed to get new ideas on a program of work for Floydada, was held Friday morning in the Community Room of the First National Bank. The meetings are being sponsored by Floydada Chamber of Commerce. Clay Henry was in charge of the meeting assisted by Tommy Assiter. Each of the five tables had a chairman and a secretary who presented the ideas the table group suggested. Most of the ideas pertained to community needs such as future water for the city, hospital, airport, industry, water conservation, upgrade rental property, apartment house buildings, city zoning, a day nursery, more four lane highways into Floydada, larger football stadium. Also ideas were brought forth such as working with agriculture particularly cotton, plant one type of flower or shrub to attract tourist attention; city clean up especially alleys; support hospital board in their undertakings, put traffic lights

### Aiken Post Office Move Approved

A contract has been awarded to Mary L. Montandon, Aiken, Texas 79221, to lease different quarters to the Post Office Department at the south side of U. S. Highway 70 to improve postal operations in Aiken, Texas. Postmaster General John A. Gronouski announced recently. "This project is in accordance with our policy of building new post offices only where they are urgently needed," Mr. Gronouski said. "We are constantly re-assessing our construction program to determine whether present buildings can be altered or remodeled to take care of our expanding mail volume. We now have about 45,000 postal locations throughout the country handling an anticipated volume of 72.2 billion pieces of mail for the 1964-1965 fiscal year. By 1970 it is expected to rise to 90 billion." Under the Department's Lease Construction program, Mrs. Montandon will improve the building according to departmental requirements and rent it to the Department. The building housing the Aiken Post Office will contain approximately 650 square feet of floor space, compared to only 99 square feet in the present quarters. It will be ready for occupancy about June 1, 1965. Also provided will be a 40-square foot platform and approximately 1500 square feet for parking and maneuvering. The present quarters have no platform and no parking and maneuvering area is provided.

## GET THE Shortest Clothesline IN THE WORLD...

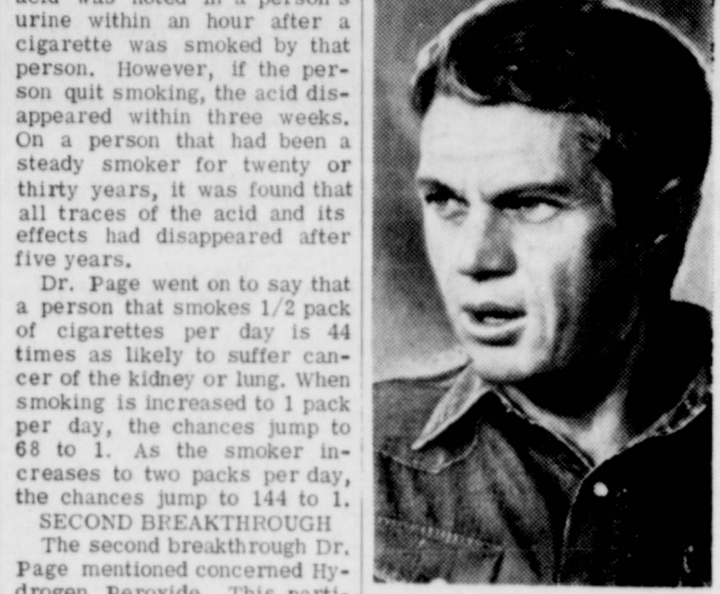

**AN ELECTRIC Clothes Dryer**

Just about 2½ feet wide—that's all the space you need for an electric clothes dryer (some models as little as 27 inches) and that's a pretty short clothes line, you'll agree. Too, the cost is low—the total cost—just 5¢ a load and if you dried a load every day that's \$1.50 a month. And remember, this includes power for the tumbler and blower as well as gentle electric heat for drying.

### Zing into spring! Chevrolet Impala

People who buy other big expensive-looking cars get one thing you won't (big expensive-looking payments)

It looks like a big car. And is—by almost any standard you want to apply. **Width?** Nobody builds a car as much as one inch wider. **Length?** It grew three inches this year. **Roominess?** Every closed model's got three inches more shoulder room, front and rear, and more leg and foot room up front too. **Luxury?** Nice little touches like the look of mellow walnut across the Impala's instrument panel. And big touches. Like the fineness of the same Body by Fisher workmanship that makes some of America's most expensive cars look so expensive. How about the ride? Chevrolet engineers took the Jet-smooth one and smoothed it out even more this year. Also made it more stable by widening the wheel stance. **Price?** That's where Chevrolets fall way short of the other big expensive-looking cars. But we wouldn't have it any other way. Would you?

One last question: How soon can you make a good spring buy on a Chevrolet? One last answer: Just as soon as you can get down to your Chevrolet dealer's.

FAIRVIEW NEWS by Mrs. Clyde Bagwell

Rain Prepares Farms For Crops

FAIRVIEW, April 19 - The 1-1/2 inch and 2 inch rain we all had last week sure made us all feel better. Farmers are getting ready to begin operations as soon as the ground warms up. Some have had to plow their land to stop it from blowing in spots.

Spring seems to really be here in all of her glory. Everything is putting out green leaves and the Lilac bushes all over town and country are beautiful and in full bloom at this time.

The students, teachers and other school employees have enjoyed a long Easter weekend. All will be back in school tomorrow. (Tuesday).

Lee Rushing met all the members of his family at Buchanan Lake for the Easter weekend and all enjoyed the time together. The ones present were Mr. and Mrs. Malcolm Bridges of Houston, Mr. and Mrs. Bob Poe of Amarillo and Mr. and Mrs. Joe Rushing and sons, Dickie Lee and Joe Ray, of Lubbock.

Mr. and Mrs. M. O. Stapleton and Lewis of Plainview, Woodrow Wilson and daughter, Dee Ann and Mr. and Mrs. Weldon Pruitt and children were Wednesday night supper guests of Mr. and Mrs. Bill Tye and Jim.

Sharon Burton, student in Wayland College, Plainview, spent last week here with her parents, Mr. and Mrs. Lee Burton.

Mrs. W. B. Wilson and Sue Thompson returned home Sunday night from Graham and Stovall Wells where they had been for 10 days. On the way home they stopped at the home of Mrs. Hawes Wells and spent Saturday night. Mrs. Bob Wells was also a guest in the home of Mrs. Hawes Wells.

Sherry Hindsley of Floydada, spent Sunday night with Phyllis Burton.

Mrs. Jewell Teague and Mrs. Grady Freeman spent Tuesday afternoon in Plainview.

Mrs. Marion Meek visited a short while last Monday afternoon with Mrs. Clyde Bagwell.

Mrs. E. W. Walls went to Lockney Saturday. While there she visited her sister, Mrs. D. D. Tate.

Mr. and Mrs. Kay Crabtree and Becky and Mrs. L. E. Crabtree returned home Saturday from Tuscaloosa, Ala., where they had gone to attend the wedding of Miss Leslie Jo Crabtree and E. R. Moore.

The wedding was Thursday evening, April 15, at the Baptist Chapel at the University. Miss Crabtree is the daughter of Mrs. L. E. Crabtree and the late L. E. Crabtree and was born and reared in our Community.

Leslie Jo was given in marriage by her brother, Kay, and her niece, Becky, was flower girl.

The bride and groom left for Athens, Ga. for their wedding trip of a few days before returning to Tuscaloosa where they will make their home.

Mrs. L. E. Crabtree left by train from Lubbock on April 3rd to spend the time visiting her daughter before the wedding.

Mr. and Mrs. Kay Crabtree and Becky left here April 10th by car for Tuscaloosa. All of the Floydada relatives returned by car Saturday evening.

Mrs. Walton Wilson visited Mrs. Clyde Bagwell Wednesday and had lunch with her.

Mr. and Mrs. E. W. Walls returned home Wednesday afternoon late from a 10 day trip to Oklahoma. They spent most of this time at Talouah where they visited her brother and wife, Mr. and Mrs. Seth

day, with Mrs. Walton Wilson. Mrs. Lyndal Carey and Carolyn and Mrs. Roy Meek were in Lubbock last Tuesday where they spent the day.

Mr. and Mrs. Lee Burton and J. T. Myrick went to Weatherford Thursday to attend funeral services for Mrs. E. C. Anderson, aunt of Mrs. Burton and Mr. Myrick. Mrs. Anderson had visited here many times in the home of Mrs. Burton and other relatives. We wish to express sympathy to members of the family at this time.

Mr. and Mrs. Carl Nelson and daughters, Shirley and Carla and Mrs. Roney Irwin returned home Sunday night from Ft. Worth where they visited in the homes of Mr. and Mrs. Travis Burgett, Mr. and Mrs. Mitchell Burgett and daughter, Mr. and Mrs. Bobby Burgett and sons, and Mr. and Mrs. Red Jordan and family. On their return home they came by Lake McClellan and visited the family of Mrs. Nora Johnson.

Mr. and Mrs. T. L. Perry and Jan went to Plainview Sunday where they enjoyed Easter Sunday dinner at the home of Mr. and Mrs. Grady Reeves and family. Other dinner guests were Mr. and Mrs. T. C. Goodman and children and Mrs. L. B. Cozby, all of Lubbock.

Mrs. Woodrow Wilson is in Dallas with her daughter and family, the Larry Glassmoyers. They have a new son, Michael Lane, born April 9. The little man is the great grandson of Mrs. W. B. Wilson.

Mrs. Bill Tye and Mrs. W. B. Wilson attended funeral services Monday afternoon for the infant son of Mr. and Mrs. Buck Galloway.

Lighthouse

(Continued from page 3)

realize that they have different habits. Some families use more hot water, cook more, and party more. Some people take showers, others tub baths, and some take two baths per day and some one a week. Others have only one hot meal per day and some have three hot meals which requires more electricity.

Even if all the appliances in homes were identical, people's living habits would make the difference, not to mention bad house wiring which makes me run at a terrific speed.

Sometimes I am really frightened. The homeowner really threatens me and says he's going to take something and knock me off the side of the house. If the homeowner would only think that as time goes by he adds one electric appliance after the other and expects me to run at the same speed. So you see, I am not really a crook after all - I only record the amount of work your electric servants do for you. In most cases when I have to work overtime, it is when your household appliances do not operate properly."

Mr. and Mrs. Gary Jones and girls of Brownfield spent the weekend with Mrs. Jones' parents, Mr. and Mrs. Ed Polian.

Nolan Arney is back at work after a few days in the Methodist Hospital where he underwent surgery and bone graft on his arm.

Mr. and Mrs. L. C. Ferguson and girls went to Lawton, Okla. to the Easter pageant over the weekend.

Boll Weevil May Feed Himself To Death, But Not On Farmers Cotton

LUBBOCK (Special) -- Cotton farmers are seeking ways to get the boll weevil, the pest that eats up profits by the millions, to feed himself to death -- but not on cotton.

A research grant for the work has been made to Southern Research Institute, Birmingham, Ala., according to Roy Davis of Lubbock and Jack Fund of Har-

lingen, Texas trustees for the Cotton Producers Institute.

Scientists are working to isolate and identify a substance in the cotton plant which they know causes the boll weevil to feed. Next step will be to find a way to produce the substance, or feeding stimulant, artificially.

This would open up new approaches for farmers to use in achieving less expensive and more effective control of the pest.

With use of an attractant, also found in the cotton plant, for example, the boll weevil could be lured to a selected, non-cotton field area. There the feeding stimulant would cause the insect to consume insecticides or disease-producing organisms.

Another possibility would be use of the feeding stimulant with

another recently discovered stimulant -- one which causes the weevil to feed on other plants. These plants, which normally feed on the weevil, would starve to death. Control methods include attractants, feeding stimulants and mating habits manipulation. The need for massive spread use of insecticides, their potential problems, residues, increasing resistance development, and toxicity to non-harmful

Long a destructive pest in many sections, the boll weevil in recent years has become a growing threat to cotton production.

The Institute is supporting a project at a level of \$100,000 annually. Matching financing provided by the Department of Agriculture and other Institute projects is serviced by the National Cotton Council.

**advertising advice . . .**

BY A BANKER IN AMERICAN BANKERS' MAGAZINE

"No business man in any town should allow a newspaper published in his town to go without his name and address being mentioned somewhere in its columns. This does not mean you should have a whole, half or even a quarter page ad in each issue of the paper, but your name and business should be mentioned, even if you do not use more than a two-line space.

"A stranger picking up a newspaper should be able to tell what business is represented in a town by looking the paper. This is the best possible town advertising. The man who does not advertise his business does an injustice to himself and to the town. The man who insists on sharing the business that comes to town, but refuses to advertise his own, is not a valuable addition to any town . . . The life of a town depends on the live, wide-awake and liberal advertising man."
