by DELL TOOLEY  
I better devote the rest of this column to correct error we made last week regarding the local racial condition. It's correct in stating that the Indians used to wear up over last week. We incorrectly stated that the Indians were down over dollars.  
Loans are down only 200,000, which is average for this time of year.  
About ready to move down last week. The bees were swarming in the yard. . . and the mosquitoes, after talking of my city cousins, it is that the mosquitoes are down life also.  
My highway department, Sam Fowler, with a pretty good mosquito prob-says the Indians used to horse at the front of the horse. The mosquitoes would eat on the horse. This won't work for the horse, cause they've got to have that says no horse in the city limits.  
MAYOR Claude has down here for the department meeting Thursday morning. The department in cooperation with the highway patrol officers explain this new paving up Lockney is going un-struction and all efforts are made to see that accidents result due to un-struction period.  
The safety instructing group made a tour of the highway department office here. Before reference was made that it was located at "Plainview highway".  
Being a good chamber of commerce minded sort of well as mayor said, I just wish you'd re-duce the highway leading out of Floydada as the Lockney highway instead of the Plainview highway.  
With Claude, we're interested in Lock-plainview.

ON ALL-STAR CAST - Linda Foster, pictured at left, was named to the state all-star cast for her performance as the mother of Helen Keller in the one-act play "The Miracle Worker" that won second at state this past weekend. Rande Brown, center, was named best actress at regional and was also named to all-star cast at district. Lucy Cogdell, at right was named best actress at district. (Staff Photo)

### LINDA FOSTER ON ALL-STAR CAST

"The Miracle Worker", Floydada's one-act play condensation of the longer three-act version that played last fall before a local audience, took second high honors at the Texas Interscholastic League state meet held in Austin this past weekend.  
Linda Foster was named to the All-Star cast for her performance in the play at the state meet. She played the part of Mrs. Keller, the mother of Helen Keller.  
The play walked off with honors at the district meet where Lucy Cogdell was named best actress, and at regional where Rande Brown was selected as best actress. Lucy played the part of Annie Sullivan, teacher of Helen Keller, and Rande played the part of Helen.  
The play won first place at the district meet and at the regional meet.

### School Board Hires More Teachers

At their regular meeting Monday night the Floydada school board gave A. E. Baker the authority to send contracts to five new teachers.  
The new teachers are Mrs. Joe McClendon, Mrs. Dorothy Wilson, Mrs. Imogent Myers, Mrs. Ethel Florence and Mrs. Carol V. Bell.  
The board also approved of the following school calendar for next year: School opens, August 30; Labor Day holiday, September 6; Thanksgiving holiday, November 25 and 26; turn out at 2:30 for Christmas holidays, December 22; take-up after Christmas, January 3; semester tests, January 12 and 13; work day for teachers or make-up day for bad weather; Easter holiday, April 8, 11; holiday or make-up day, April 12; Baccalaureate sermon, May 15; final tests, May 19-20; commencement, May 20.  
School will be out this year on May 20.  
In other business the board voted to discontinue Jr. High commencement exercises and a daytime exercise will be substituted.

## HOODLUMS HIT

### Service Station Man Beaten And Robbed

A colored man, although still not identified, entered the Warren 66 Service Station on East Houston Monday afternoon, assaulted and robbed the manager.  
The victim, still in Peoples Hospital, is Dorcie Warren. At last report he was not believed to be in any serious danger, for the day after the beating he was obviously able to recognize people. He was resting comfortably, also, after a very restless first night.  
According to the local Police Department, they were summoned around 3:15. It was not known just how long Warren lay unconscious in the wash and grease portion of the station. When he came to, he went next door to Wylie Superette where an ambulance was summoned. A pool of blood was found on the floor where Warren was laying.  
Dr. Jack Jordan, attending physician, said it looked as if the person that beat Warren meant to kill him, for the licks that landed on his head were very severe. Several head lacerations were treated. Police are still unable to talk with him.

### Grocery Store Owner Held At Knife Point By Robber

A local grocery store owner, E. L. Cornelius of Cornelius Grocery and Market on Second Street, was held at knife-point late Sunday evening by a man who robbed his store about 7:30 p.m.  
The actual loss of the robbery was only about \$35, according to Cornelius, and all this was in bills.  
Cornelius said, "I had just added about 20 \$1 bills and maybe made change with a few or cashed a check, but there was about \$40 in the cash register when he came in. He dropped four of these bills that were found this morning (Monday)." Cornelius said he saw the man walk by the store but he didn't pay any attention to him. A few minutes later he walked in, was holding a handkerchief over his mouth and nose, and almost up to his eyes, and asked if Cornelius had anything for a real bad cold.  
Cornelius turned around and was trying to find some medicine, when the man reached around from behind him and placed the blade of a pocket knife against his throat.  
The robber told Cornelius not to turn around and to move toward the rear of the building into a back room. When they got to the room, Cornelius was told to go on in, shut the door, not to look at him, and not to call for help.  
"The man was in the store for about two minutes and in about five minutes I came out of the room and called the Sheriff", he said.  
About the only identification concerning the man was that he is colored, looks as though he is in his 30's, about 5'7" and weighs around 160 pounds.  
The Sheriff's office and the City Police are working on the case.

### Up To Six Inches Rainfall Recorded

Light, moderate, and heavy rains, that fell on the South Plains area Sunday afternoon and evening, were received with mixed feelings by Floyd County farmers.  
Almost everyone in West Texas is pleased to see a rainfall, particularly one large enough to drop 1/2 to over six inches on an area, unless it has a devastating effect on the crops that are near harvest.  
Actually, the rains did not hurt the wheat crops but the hail that accompanied the heavy rains in some areas leveled crops that had recently just come up from planting and knocked down several acres of wheat that should normally be ready for harvest in about two months.

### Travel Center Station Has New Manager

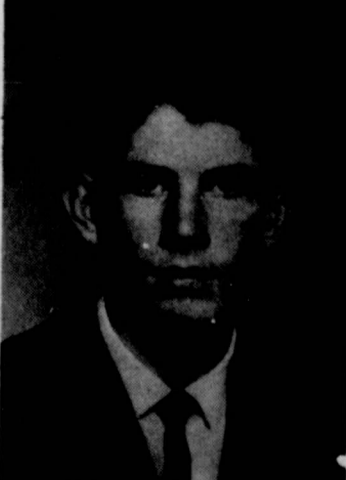

Bill Owen, formerly of Muleshoe and also a former resident of Floydada has returned here to manage the Travel Center Service Station, it was announced this week by Arthur Wylie, owner.  
Owen started in the service station business in 1946 and left Floydada in 1949.  
The family has four children: Billy Walter, who is in the Navy and is visiting now before going to Newfoundland; David, age 12; Mary Alice, age 5; and Glenn, age 3.  
They list their religious preference as Methodist.  
Buddy Hatley, former manager of the station has been transferred to another department, but will still be with the Wylie firm.  
The station will still be open 24 hours every day, according to Owens.  
Crops that were far enough along to not be hurt, and were not in the hail damaged areas, are perked up by the moisture. Several farmers have cotton that is well above the ground level, as much as four inches. The moisture was a shot in the arm to such crops but the cold temperatures accompanying the rainfall may have set the plants back a few days.  
Although some people suffered from the damage, the benefits on a county-wide basis far outweigh the damage done.  
Now the farmers want about two or three weeks dry weather to allow them to work in the fields and then will be looking for more moisture.

## Baccalaureate Services Sunday

Sunday night at the Floydada High School Auditorium, beginning at 8 p.m. will be the annual Baccalaureate Services honoring the graduating seniors of the school this year.  
About seventy of the class members will then receive their diplomas the following Friday night, also in the auditorium.  
Dr. R. Earl Allen, pastor of the Rosen Heights Baptist Church of Ft. Worth, and former pastor of the Floydada First Baptist Church will deliver the sermon.  
The processional will be played by Vicky Gregory, followed by the invocation by Rev. Charles Lutrick, pastor of the First Methodist Church.  
The audience will participate in a song, "My Faith Looks Up To Thee", led by Bob Copeland. A vocal duet by Mrs. David Battey, Jr., and Mrs. Wendell Tooley will follow.  
After the sermon by Dr. Allen, another audience participation song, "Saviour, Like A Shepherd Lead Us", will again be led by Copeland.  
George Elkins, minister of the City Park Church of Christ will offer the benediction and the recessional will follow.

### Foreign Exchange Student For Floydada Is New Zealand Lad

A Foreign Exchange Student to attend Floydada High School during the 1965-66 school year has been named by the American Field Service. He is Noel Kazimierz Wierzbicki, a native of New Zealand.  
The exchange program is no newcomer to the Wierzbicki family, for this lad has an older sister who recently returned from an exchange tour.  
He lists his nationality as British, even though his father was born in Warsaw, Poland, and left there during World War II. His mother is from Great Britain. He lists his religious preference as Presbyterian which he practices frequently.  
Noel will be staying with the Billy Stanforth II family, who are Methodists.  
The family lives on a part of a 10,000 acre plot bought by Noel's grandfather. It is a portion of what some people describe as the richest million acres of farming land in the world.  
The father, Jan Wierzbicki, is a pastoral farmer of sheep and beef cattle. His mother does not work outside the home.  
Noel is presently attending a private high school for boys which enrolls about 146 pupils.  
He is particularly interested in Biology, Geography, "pop" music, likes Rugby Football and tennis, both of which he practices, enjoys horse-back riding, golf, swimming, shooting and skiing. He is also interested in photography, current events, chess, debating and books.  
He is preparing for farming, or to work with Forestry or Science.

### Drivers Education Begins May 22

A summer Drivers Education Course has been slated to begin Saturday, May 22 at 9 a.m., according to Bob Shields, teacher of the course.  
A person must be age 14 before June 10 to enroll. A \$30.00 tuition fee will be charged.  
Anyone interested in enrolling in the course should contact Mrs. Leonard Matsler at the high school, YU3-2340.

### Petit Jury To Convene

Petit Jury is to convene this morning to try at least two civil cases. District Judge L. D. Ratliff is to preside.  
As of yesterday jurors had not been selected.  
On docket will be the case of First National Bank of Lockney vs E. R. Harris and the case of Samuel O. Hunter vs Argonaut Insurance Co.

WINS ART CITATION - At the second statewide art contest held this past weekend in Floresville, Ted Bell received a citation for second in the merit division, or actually third place in the show. The painting behind him depicts the type of paintings displayed by Bell. The painting displayed was titled "Peace on the Plains". (Staff Photo)

Patent: "Doctor, the other consulting physicians don't agree with your diagnosis of my case."  
 Doctor: "I know they don't but the autopsy will prove I'm right."

HERE'S A catfish story that's probably for real. Bud Sparks and Bob Welborn ran their trot line at Stamford last week and came up with some good sized catfish . . . a 16 pounder and a 42 pounder.

I suggest you fellows take Charlie Tyer with you next trip and let him observe how you do it.

HERE'S A NEW twist at Junior High School. It seems that on awards day last week, more boys are winning the English

awards and more girls are excelling in science.

E. A. NOLAND, northeast of Floydada, came up with some good news a week or two ago . . . one of his cows gave birth to twin calves. However the good fortune didn't last long, one of the calves died about the third day.

IT IS A known fact that "dam" water will cost us more than underground water, and when Floydada gets some water from the Mackenzie water reservoir it will mean that water rates will go up.

Neighboring town of Spur will soon receive water from the White River Dam project. The new rate on water in Spur is as follows:

Minimum 3,000 gal. \$4.50  
 Next 7,000 gal. .80 per M  
 Next 10,000 gal. .75 per M  
 Next 1,000 gal. .60 per M  
 Excess . . . . .40 per M

The present water rate is as follows:  
 Minimum 3,000 gal. 2.00  
 Next 2,000 gal. .60 per M  
 Over 5,000 gal. .25 per M  
 This of course is a substantial increase in cost . . . but when it comes down to drinking water, people are glad to pay the price.

NO DOUBT about it, Floydada enjoys good water rates. Our minimum charge is \$1.50 for 1,000 gallons, \$3.00 for 2,000 gallons, then 50¢ per thousand for the next 8,000 gallons. The next 10,000 gallons would cost 40¢ per thousand gallons.

WE CONTINUALLY read of hoodlums who beat and rob merchants in Amarillo and Lubbock and we are surprised when these things occur here in Floydada.

We must all be more alert to these situations. . . through cooperation with local law officials. . . remembering to lock doors and the reporting of suspicious persons are just a few ways we may all be alert to these dangers.

IT'S NATIONAL Cotton Week and time to again remind everyone to wear more cotton, use more cotton products. . . support the crop that supports Floyd County.

This 14 million dollar crop is the big one here. We're ninth in the state now with a production of 120,000 bales last year.

I suggest that when we have a choice in choosing clothing, and other household items. . . choose the 100% cotton item.

### School

stated. Walter Nicholson was hired as caretaker of the school grounds for the summer.

Malvin Jarboe, Marion Tucker and Dorris Jones were selected to continue as the equalization board for the school.

In other business the board discussed total integration plans and the problem of where to locate the building of a new grade school.

All board members were present, plus the school superintendent and business manager.

### I Thought I Ought To!

Geo. Elkins

The human mind is made up of three parts: INTELLECT, EMOTION, and WILL. But there is a fourth part that is sometimes called the policeman - it is the CONSCIENCE. Our conscience does not suggest a thing, or forbid an action but simply tells us if we are doing as we have been taught. It is a balance of right and wrong which approves when we follow our training, and disapproves when we ignore it and oppose our training.

A popular saying is, "Let your conscience be your guide," but this is unsafe unless one has been properly taught. If we are told it is alright to kill; then one could kill someone and the conscience be clear of guilt, because he would not know any better. If we are taught it is wrong to do a thing, then if we do it, our conscience disapproves and we say "it hurts us" or condemns us.

Intellect is the power to reason, understand and know facts about a given subject. Thus we may grasp the meaning of facts presented in the Bible and come to know God. Emotion is the way one feels about something and is expressed in varying degrees of love or hate. Man becomes emotional in his religion when he considers his sinfulness and God's righteousness and love.

The Will is that part of human nature that enables us to become active and do things which express our convictions. It is the proof of our dedication to a cause for it produces a result.

Our Conscience does not determine whether a thing is right or wrong and most certainly does not govern the three departments of our mind.

Can anyone today be assured of Heaven if he lets his conscience guide him? The Apostle Paul said, "I thought I ought to do many things contrary to the name of Jesus", (Acts 26:9) and he later stated, "I have lived in all good conscience unto this day", (Acts 23:1), yet he was the leading persecutor of the Church of Christ and called himself the "chief of sinners," (1 Tim. 1:15).

If a thing is wrong, we cannot do it regardless of how honest we may be in doing it. If a thing is wrong and we know it, we will condemn ourselves by practicing it. If a thing is actually right, yet we have been taught it is wrong, we sin when we do it, (Rom. 14:14). Thinking a thing to be right does not make it so. Solomon said, "There is a way that seems right, but the end is death", (Prov. 14:12). We must "know" the way of God and walk in it if we are to please Him.

## Congratulations TO THE COTTON INDUSTRY

NATIONAL COTTON WEEK - May 10 - 15

### Buy Cotton - Talk Cotton Wear Cotton

Our entire economy in Floyd County depends on COTON ... and anything that is good for the cotton farmer is good for us—for we can not survive without this major crop. For this reason, if for no other, we salute at this time the cotton farmers ... and associated industry!

**POPOVERS** - are a delightful addition to spring menus, and they are surprisingly easy to make, too.

For 6 large or 11 small popovers, first grease 6 custard cups or a popover pan with eleven cups. Preheat oven to 425 degrees.

Blend 2 beaten eggs, 1 cup milk, 1 tablespoon melted shortening or oil and 1/2 teaspoon salt. Blend in 1 cup sifted enriched flour until smooth; beat 1 minute on electric mixer or 3 minutes with rotary beater.

Fill custard cups or popover pan half full. Bake 40 to 45 minutes, or until brown and firm to touch.

Mr. and Mrs. J. H. Courtney of Amarillo spent the weekend with Mrs. Courtney's sister and family, Mr. and Mrs. Tom Hutchins, David and Dale.

Mrs. A. O. Beck of Dumas spent the weekend with her daughter and family, Mr. and Mrs. Bud Sparks and Gloria.

Mr. and Mrs. Melvin Henry attended the Texas Federation of Cooperatives Director's meeting at Harlingen, Texas last week.

Mr. and Mrs. Clarence Guffee were dinner guests on Mother's Day in the home of their son and his family, Mr. and Mrs. Corkey Guffee, Larry and Phyllis Ann.

**AN OUNCE OF PREVENTION** - according to the U. S. Dept. of Agriculture, Beltsville, Maryland. If you store your woollens in a cedar chest, use an ounce of prevention -- in the form of moth crystals or mothballs -- instead of relying altogether on the cedar trunk's aromatic fumes to ward off moths.

Although new cedar chests do give protection from moths, it is safer to treat woollens with a good mothproofing agent before they're stored, say scientists of USDA's Agricultural Research Service.

This is especially important with older cedar chests. Tests show that red cedar loses some of its effectiveness against moths after two years, and white

or S. America cedar after 12 to 20 months.

Researchers also find that the tightness of a chest is an important part of the mothproofing. This applies also to cedar-lined closets. They should be tight and woollens mothproofed before storage.

Whenever you use a pesticide, remember to follow the instructions carefully and note the precautions on the label.

**SOMETHING TO THINK ABOUT:** It has been said: "If a scolding wife lost her tongue, her speechless husband would suffer from boredom."

### MCLAINS HAVE ENJOYABLE TRIP

Mrs. Myrtle Williams of Dimmitt and Miss Winnie McLain of Dallas met at the home of their brother, J. T. and Mrs. McLain, May 3, and the following day the four went to Fort Worth where they visited another sister, Mrs. Monte Wiggins, whose health is not too good.

While there a number of other relatives and friends of the family spent some time at Winnie McLain's home and her roommate, Winnie Ealeins in Dallas.

On Sunday they attended church at the West Freeway Nazarene where Mrs. Wiggins is a member, W. E. Rhodes is pastor. He was reared in Hale County.

The McLains found everything green and plenty of water in ponds. The weather was pleasant both day and night and cloudy every day. They reported not much rain until Sunday and it rained both day and night and really heavy on Saturday night. They drove in rain until near Seymour, sometimes in downpours. They said there was rain practically all the way and quite a flood at Ralls and Cone region and even found it had rained at Floydada when they arrived Monday.

Mrs. Williams went home Tuesday and Miss McLain on Wednesday.

While having lunch in Seymour the McLains saw Mrs. Dessie Denison of Floydada and Mrs. Pauline (Waldren) Denison of Tulia.

### SOUTH PLAINS NEWS by Mrs. Murray Julian

## Mother's Day Cool 45 Degrees

**SOUTH PLAINS, May 10** - Mother's Day here was a cold 45 degrees in the morning, with showers falling in the evening. Monday it is chilly, with more showers in our community.

About half an inch is reported here, with lesser amounts elsewhere. Vacation Bible School workers were to have their meeting this Monday at 10 o'clock, but it was postponed because of the rain and muddy rural roads.

The South Plains Baptist Church had 93 in Sunday School with many more coming in for church services Sunday morning. Visitors included Mr. and Mrs. Price Pritchett of Canyon, Mrs. J. K. Bean of Silverton, Kelly and Mike Marble, Mrs. J. R. Spivey and Mrs. W. H. Simmons of Truscott, Mrs. Ray Dillard of Lockney, Barbara Milton of Wayland College, Allen Adams of Ralls and Mr. and Mrs. Terry Julian, Dee and Dickie of Roscoe. Remember prayer meeting is now at 8 o'clock.

There was negro preaching at the Negro Baptist Church which began at 12 o'clock, with several attending from the Baptist congregation, and last Sunday their church had 42 in attendance. Remember there will be no Sunday night services next Sunday, May 16 because of Baccalaureate services for our Senior graduates at Floydada First Baptist Church. Beth Calahan, church pianist, Tommy Powell, song leader, and Jimmy Upton will be graduates from our area, and all are members of the Baptist Church. Congratulations to each one.

The Baptist Church voted in conference Wednesday night to hold the Vacation Bible School from May 31 to June 4, and voted to have a work day to clean up and repair the cabin down at the Plains Assembly Camp, the first day that it rains.

The Baptist Church will host the Associational Meeting on August 17, with supper to be served by women of the church.

Mrs. Alvin Nichols will be hostess for the Hobby Club on Wednesday, May 19, at 2 p.m. with Mrs. Arby Mulder co-hostess. Everyone please bring your hobby to work on and if you do not have one, be prepared to tell about one.

Kendis Julian is confined to his home with a case of mumps. He became ill Saturday night.

Mr. and Mrs. Blalock of Clovis, N. M., came last weekend to visit their granddaughter, Mrs. Nathan Mulder and Nathan.

Mr. and Mrs. Arby Mulder were called to Sherman, Tex. by the death of Arby's uncle, Jim Mulder, 83. He had fallen about a month ago and broken his hip. He had suffered all this time until Monday when he passed away about 6:30 p.m. Funeral services were Wednesday afternoon at 2 p.m. at St. Johns Funeral Home in Sherman. Mr. and Mrs. Mulder attended the services accompanied by Mrs. Alton Noland of Lockney.

Mr. and Mrs. Terry Julian, Dee and Dickie of Roscoe, spent from Friday afternoon until Sunday night with his parents, the Murray Julians, and Mr. and Mrs. Kendis Julian and Kristi. They were in a terrible hail and rain storm near Ralls as they went home Sunday night. Many cars were stopped on the sides of the road.

Mr. and Mrs. Glen Whitfill, Judy and Cindy of Haskell, were here over the weekend with her parents, Mr. and Mrs. Alvin Nichols. This Monday Glen goes back to Sweetwater to work at the Purina Feed Company and the family plan to move back to Sweetwater as soon as school is out. The Nichols had over 2 inches of rain Sunday night on their Cedar Hill land. The family enjoyed a turkey for Mother's Day.

Several from our vicinity attended the bridal shower for Miss Charlene Brown at the home of Mrs. R. C. Mitchell in Lockney on Saturday afternoon, including Mrs. Grigsby Milton, Barbara and Mrs. Arlis Powell.

We offer our sympathy to John Key West at the death of his uncle, Phillip Edgar McCarty, 82, of Lubbock, who passed away in a Ralls convalescent home early Saturday morning. He had been in Peoples Hospital in Floydada. Funeral services were held Sunday afternoon at the First Methodist Church in Floydada with the Rev. Charles Lutrick officiating, and interment was at the Floydada Cemetery.

Mr. and Mrs. George Weast went to Sterley to have Mother's Day dinner with their daughter, Mr. and Mrs. Robert Lee Smith and family. This Monday the Weasts have gone to Lubbock to spend the day on business. He is feeling very much better from his recent illness.

Mr. and Mrs. Roy Burks left Friday for Dallas to spend Mother's Day weekend with their four children and their respective families. They were to be home Sunday evening.

Elmo Fortenberry and daughter, Patricia, of Clinton, Okla., came Wednesday to spend the night with his folks the Fred Fortenberrys.

Mr. and Mrs. Arby Mulder spent Mother's Day at the Northfield Baptist Church with their son, Mr. and Mrs. Nathan Mulder, who are pastoring the church there. Sunday evening they came by White Flat where they visited for several hours with old friends, Mr. and Mrs. Tommy Edwards. Tommy is feeling much better after suffering for years with arthritis.

South Plains and Floydada Schools will be out for the summer on May 21, and many are planning some trips for the week between school and Vacation Bible School which begins May 31.

The Fred Fortenberrys visited her mother, Mrs. N. C. McCain at the Lockney Hospital Saturday morning where she had been taken Friday evening after falling at her home. She is still in the hospital this Monday but is much better. The Fred Fortenberrys had their Mother's Day dinner in Cedar Hill with his sister, Mr. and Mrs. Garland Tucker, who had all her family with her.

Mrs. Floyd K. Lynch has been going to Lubbock to Reese Air Force Base all the past week where she is taking overseas shots. She is getting prepared for her trip to Germany where she will join her husband who is at Heidelberg, Germany, and she is waiting for passage confirmation. She is the daughter of the Ernest Newtons.

Mr. and Mrs. Frank McClure arrived home from Snyder late Sunday night after they had spent the weekend with her mother, Mrs. R. W. Newman. Mrs. Newman had come home from the hospital in Snyder on Friday evening. She seems to be feeling very well, according to Mrs. McClure.

The lovely garden of Mrs. Shelby Calahan was the setting for a morning coffee Friday morning at 8:30 a.m. with Mrs. Sylvin Kinnibrugh assisting in hostess duties. Members of the Young Married Couples Sunday School Class and their teacher were invited to the coffee, and Mrs. Early Pritchett, teacher, led in prayer, with Mrs. Calahan giving the devotional, "Flowers for the Lord". Orange juice, coffee and doughnuts were served. Those attending were Mrs. Sealy Smith, J. Ronald Taylor, Kendis Julian, John Kinnibrugh, Bessie Blankenship, Early Pritchett, Ruben Sessums, Don Marble, Keith Marble, Garvin Beedy, L. N. Johnson, Glen Wood, Mike Wood, Sylvin Kinnibrugh, and the hostess Mrs. Shelby Calahan.

The 4-H Elimination contests were held in Lubbock at the

Texas Tech grounds at 9 o'clock Saturday morning with the South Plains 4-H Club giving their skit, "Share the Fun". Nine children with their leader, Mrs. L. N. Johnson attended and parents, Mr. and Mrs. E. J. Kinslow, the Rev. and Mrs. Sealy Smith, Mrs. Derald Young, Mrs. Leighton Teeple, and Mrs. Philip Smitherman. The skit won a red ribbon award.

Mr. and Mrs. Leighton Teeple, Rhonda and Dwight, who were home for Mother's Day from Texas Tech, had Mother's Day dinner and the afternoon at the home of Mr. and Mrs. Eugene Gilly in Cedar Hill. Mrs. Gilly had all her family home for the day Sunday.

Mother's Day visitors with the Sylvin Kinnibrugh were her mother, Mrs. J. R. Spivey, her sisters, Mrs. Ray Dillard of Lockney, and Mrs. W. H. Simmons of Truscott.

Mr. and Mrs. Price Pritchett and Jimmy Pritchett, of Canyon, were weekend guests here with their folks, Mr. and Mrs. E. P. Pritchett and Stevie, for Mother's Day. The Shorpy Turners of Floydada, were also here for Sunday dinner.

Miss Carolyn Sessums, whose wedding to Gary Thompson will take place at her home on June 5, was honoree at a miscellaneous bridal shower Wednesday, May 5, from 2:30-4:30 p.m. in the home of Mrs. Leighton Teeple. Special guests were her mother, Mrs. Ruben Sessums, the groom-to-be's mother, Mrs. L. A. Thompson of Floydada, and his niece, Mrs. Barbara Spurlock of Floydada.

Other hostesses with Mrs. Teeple were Mmes. L. T. Wood, Roy Burks, Bryant Higginbotham, Raymond Upton, Robert Reeves, Ursel Taylor, J. P. Taylor, Wendie Johnson, Bryan Karr, James Thomas, Shelby Calahan and Mrs. Arby Mulder. Their gift to the bride-to-be was stainless cookware. They all assisted in the house party.

The table was covered with white linen and crystal appointments were used with candelabra and table decorations in blue and white. Mrs. Reeves presided at the punch bowl and served cake squares and mints. Mrs. Calahan was at the guest book. The brides chosen colors of blue and white were carried out throughout the decorations. Around 60 guests either registered or sent gifts.

Allen Adams of Ralls, was home with his parents, Mr. and Mrs. R. H. Adams and Larry for Mother's Day. Allan is connected with the Ralls Funeral Home.

Mrs. H. S. Calahan Sr. was taken home from the Lockney Hospital Tuesday and members of her family visited her over Mother's Day at her home in Lockney.

Mother's Day guests with the Shelby Calahan family were her parents, Mr. and Mrs. Gilbert Bean of Lockney, and Mr. and Mrs. Johnny Calahan of Lubbock. Johnny plans to attend summer school at Texas Tech.

Mother's Day a group from here took their lunch and went to the Plainview Park to have dinner and let the children play baseball, and let the church attendance by all. Those going were Messrs. and Mmes. H. L. Marble, Fred Marble, Kelly and Mike, Don Marble, Brett and Donette, Keith Marble, Dwayne and D'Lee, W. O. Tye of Floydada, and R. L. Holland of Lockney.

Mr. and Mrs. Kenneth Bean were hosts for a Mother's Day dinner in their home Sunday. Guests with them were her parents, Mr. and Mrs. John Key West, brother Dale, home from WT at Canyon, her brother, Mr. and Mrs. Johnny West, Johnna and Lisa, Mrs. Winfred West, and Mrs. Bean's aunt, Mr. and Mrs. Paul Murrif.

Mr. and Mrs. Lee Pearson went up to Claude Sunday to visit old friends, Mr. and Mrs.

### George Farris Given Joseph Wharton Award

Mr. and Mrs. Kinder Farris have received word that the Joseph Wharton honorarium has been awarded their son, George Russell, for the second time.

Upon entering Wharton, the Graduate division of the University of Pennsylvania at Philadelphia, George was granted the honorarium. This honor is presented each year to a select group of incoming students distinguished by their superior academic, non-academic, and personal qualifications, and is repeated the second year if the student "performs in an outstanding manner."

The award is named for the industrialist and financier of Philadelphia who inspired and endowed this first school of Graduate Business and Finance.

George will complete his Junior year at Wharton Graduate School and return to Floydada the last week in May before reporting for summer work with the Comptroller of the Currency in Dallas.

### County 4 Hers Win In District II Elimination Meet

The Annual District II 4-H Club Elimination Contests were held Saturday, May 8 on the Texas Tech Campus. A total of 107 teams competed in 27 contests in the Senior Division for the right to represent this 20 county district at the Texas 4-H Round-Up, June 2-3, at Texas A. & M. University. First and second place district winners in each senior contest qualified for statewide competition. The district events also attracted 111 junior teams. Approximately 550 club members and 845 adults participated in day-long activities, according to Sherry Mullin, County Home Demonstration Agent.

Senior winners in Floyd County were Doris Fawver, David Mitchell, and Steve Belt. Other seniors participating

### Bell Painting Wins Citation At State Meet

Ted Bell, local post office employee and who specializes in painting scenes of the Plains, was named second place winner in the Merit Division in the statewide meet held at Floresville this weekend.

Bell's entry "Peace on the Plains", a painting of a windmill, a large tree in foliage, with a mesquite, also in foliage and old fence post running up to a well house supporting a water tank, was actually third in the state contest.

The painting was named first in the District meet held at Tulsa earlier this year.

The contest is sponsored by the women of the State Democratic Executive Committee.

The final entries were displayed in the patio of the Connelly's Pecos Ranch headquarters with invited guests from throughout the state viewing over 60 works of art.

Billy Stanforth III also had an entry in the contest but failed to place. It too, was a landscape scene done in water colors.

Attending the meet from Floydada were: the Bells, the Billy Stanfords and Mrs. M. J. McNeill.

Bell's entry represented the 30th Senatorial District of Texas.

Cecilia Jones. Gaither is the winner of the \$10 straw hat because his entry came in first. The winner may select a hat of his choice from one of the sponsoring firms: Beall Bros., Hagood's, Hale's and Dyson's. (Staff Photo)

**Council Passes Three Ordinances**

Three ordinances were passed by City Council at the regular meeting held Tuesday night.

The first was an ordinance making it "unlawful for any person to prowl, loiter, enter into, or go near or about the premises of another without the express or implied invitation and consent of occupant or to go near or about residence, room, house, hotel, motel, tourist cabin, business house, out house or other building or place of abode on such premises, thereby invading the privacy of the occupants for the purpose of, or by, peeping, spying or looking therein; and providing a penalty for the violation thereof."

The second ordinance is creating the office of fire marshal and setting forth his powers and duties; prescribing regulations for fire prevention; providing for investigation into circumstances of fires or providing penalties.

An ordinance was passed that the alley be closed in block 105, Baptist Church.

In other matters, bids were opened for a refuse packer body. It will be purchased from Ace Truck Co., Lubbock for \$4,255 FOB Milwaukee, Wis. Council also authorized Bill Feuerbacher, city manager, to advertise for bids for truck chassis to be used with the refuse packer body.

**BULLETIN**

According to a report from Lon Davis, president of the Mackenzie Water Authority, the bill passed the Senate hearing Tuesday and will be approved by the State Senate. The bill had passed the House last week.

Davis said that it was largely through the efforts of Senator Andy Rogers that the hearing ruled in favor of the Mackenzie Authority. Opposition at the hearing came from the city of Quitaque.

## Blood Donors Needed For Campbell Baby

Blood donors are needed at Lubbock Methodist Hospital to replace that being used for little Timmy Campbell, son of Mr. and Mrs. Jerry Campbell of Floydada.

Any type can be used and four pints per week is needed.

Timmy, a victim of leukemia, is reported doing fairly well and it was thought by friends that the two year old youngster may be returned to his home this week.

Additional blood for the boy will be needed at a later date, therefore, those wishing to donate may do so at the Blood Bank in Lubbock to be put in reserve or credited to the hospital bill of the Campbells.

The Blood Bank is open until 7 p.m. on Thursdays. Those wishing to donate and needing rides to Lubbock may contact either Wayne Brown, Gerald Lackey or Mrs. Harold Ellison.

## Nazarene Church Dedication Service Sunday

Floydada Church of the Nazarene will have its official dedication service Sunday afternoon, May 16, at 2:30 p.m.

Dr. Orville Jenkins, executive secretary of the Department of Home Missions and Church Extension, from Kansas City, Mo., will be special speaker.

Rev. Raymond Hurn, District Superintendent of the Abilene District, from Lubbock, will accompany Dr. Jenkins to Floydada.

The pastor, Rev. Roy Archer, invites all friends and members of the church to attend.

### FLOYD DATA

Alden Carthel, son of Mr. and Mrs. A. C. Carthel, called his fiancée, Shirley Nelson Saturday from Naples, Italy. The time was 4 p.m. in Naples and 9 a.m. in Floydada.

Carthel reported that his ship, the USS Shangri-La, was still patrolling the Mediterranean Sea. He is due home in September.

## Reduction Of Construction Accidents Topic Of Meeting

While Price Daniel was Governor, he and the Associated General Contractors decided to do something that would help reduce the incidence of the accident.

With some of the ideas in mind instituted by the group the local employees of the Texas Highway Department met recently and discussed these features in a pre-construction conference. The new construction is planned for the Aiken and Sterley Communities and for part of Locust and 8th streets in Lockney.

In the meeting, the projects as to location and scope of work was reviewed, the contractor gave his general plan of construction. Also reviewed was the Traffic Control Measures, (including the storage of the contractor's equipment and the crossing of the public travel way by construction equipment and finally, the lines of communication between the branches of the Department of Public Safety, the contractor, the local police and the Highway Department were reviewed.

By reviewing each planned area of work, it is hoped that traffic accidents on construction projects, that have been increasing in seriousness with the accelerated construction program, can be curtailed.

Representatives from several interested groups were present.

The Henry L. Stafford Contractor Representatives present were:

Bob Brown, General Superintendent; A. C. Melton, General Superintendent; S. C. Briley, Superintendent Structure; M. A. (Corkey) Jordan, Superintendent of Construction; R. L. McSpaden, Superintendent Signs and Barricades.

The Department of Public Safety representatives present were Thurman Keefer and Curtis Pray.

The Floyd Co. Sheriff's Office had Cap Carthel present.

The Lockney representatives present were:

Claude Brown, Mayor; Mack Howard and Abel Anzaldua, Lockney Police.

The State Highway District Office representatives present were:

O. L. Crain, District Engineer; F. C. Stanley, District Construction Engineer. Floydada State Highway Department was represented by: Sam Fowler, Sr. Resident Engineer; Martin Burkhart, Resident Engineer; Sam Spence, Sr. Inspector; J. W. Gooch, Maintenance Foreman; Louis New-

ell, Engineering Aide.

Wendell Tooley publisher of

the Hesperian, the local newspaper was also present.

## Water From Yukon Possible Source Of Supply For Texas

At a special meeting held on the Tech Campus last week, a group of interested people from the South Plains Area turned out to hear what is feasible in the near future for a possible water source for the High Plains and other parts of Texas.

This particular program, headed by the Ralph M. Parsons Company, Engineers, Los Angeles, concerned bringing water from the Yukon, that normally runs unused into the

Pacific Ocean, down the western half of the U. S. and into Texas and Mexico. The water, according to the plan would be used for irrigation, industrial and municipal use.

The plan as outlined by the Company, and explained by Congressman George Mahon, of Texas, and a Senator Moss of Utah, showed that the project would cost around \$100 billion. It would take from 30 to 50 years to complete and employ 2

million people. The project would furnish 100 years supply of water for the U.S.

The proposed project is termed NAWAPA (North American Water and Power Alliance).

With respect to West Texas NAWAPA would deliver approximately 5,300,000 acre-feet annually to the Pecos River and the Panhandle region of which 5,000,000 acre-feet are allocated to irrigation usage and 300,000 acre-feet are allocated to industrial and municipal use; augment flow of Rio Grande at El Paso by return flows from NAWAPA, and irrigated New Mexico farmlands. This flow is assigned entirely to El Paso and Ciudad Juarez, Chihuahua;

Increase and stabilize flows of the Pecos River and Rio Grande River permitting generation of approximately 1,400,000 kilowatts of power; make feasible a barge canal from El Paso to the Gulf of Mexico via the Rio Grande;

Increase agricultural income approximately \$400,000,000 annually; increase total income at least \$1,000,000,000 annually considering direct benefits only; support an additional population of 2,000,000.

To date NAWAPA is only a concept. To date the work performed by the engineering company has established the following significant facts: the water is available; the water can be transported utilizing present-day technology; the concept appears economically feasible.

There are many problems which must be met, solved and resolved before the NAWAPA concept can become a reality - problems of economics, engineering, legality, politics, sociology, management and operation. It is believed these problems can be solved however for the engineering job presents no unachievable goals.

The feasibility study which Senator Moss' Subcommittee recommends will study these areas and will recommend solutions to many of the questions which are in our minds and the minds of a number of people. The engineering firm is making no attempt at this time to offer solutions to many of these problems but are merely presenting a concept for utilizing water that is now flowing unused into the sea.

## Selected Service Businesses Grossed \$1.5 Million In '63

Floyd County's 84 service establishments had total receipts of 1.5 million in 1963, an increase of 26 percent from 1958, according to a report of the 1963 census of business just released by the Bureau of the Census, U. S. Department of Commerce. The last previous census of business covered operations during 1958.

The service trades in the census of business included those providing: Personal services to individuals; miscellaneous business services; auto repair and other auto services; and other repair services. Also included were motion picture production and distribution businesses; motion picture theatres; other amusement and recreation services; and hotels and motels.

The selected service trade establishments in the county employed 107 persons (exclusive of proprietors) and had a

payroll for the year of \$255 thousand. The state as a whole included 60,879 establishments with receipts of \$1,879.3 million.

The Bureau of Census Report, Selected Services, Texas, 1963 Census of Business, from which these data are taken, may be purchased from the Superintendent of Documents, Washington, D. C. 20402 and at U. S. Dept. of Commerce Field Offices for \$70.

The bill, as approved by the House, now goes to the Senate

for action. It undoubtedly be amended and will be sent to a Conference Committee composed of members both the House and the Speaker Barnes committee on its passage Bill 87 and stated that Wayne's amendment would have kept Floyd County in the 19th Congressional District, which is represented by Congressman George Mahon of Lubbock. The plainview representative previously had appeared before the Redistricting Committee and presented data and information in support of his contention that both Hale and Floyd counties should remain in the 19th Congressional District because of their common interests.

Fortunately, while there were many drastic changes made throughout the State, Wayne was successful in keeping Hale County in the 19th Congressional District. He plans to work with a Conference Committee in an attempt to get Floyd County placed back in Mahon's district.

## Three Local Teachers Awarded Grants

(By Sherri Simpson)

Three teachers in the Floydada Independent School District have been awarded study grants to be used in summer work at various colleges and universities.

The teachers are Kerwin Baxter, science instructor, Mrs. Jody Brown, speech therapist, and Charles Baumgardner, English III teacher.

Baxter will spend June 8 through Aug. 13 at Lebanon Valley College in Annville, Pennsylvania.

"I will work on some research work and experiments that I started at the University of Texas last year," Baxter commented.

He plans to use parts of his research in the advanced science class to be taught in high school next year. There will be no schooling involved, just research work.

Baxter and his family will receive all traveling and living expenses while he is there. Mrs. Jody Brown will spend 12 weeks at Hardin-Simmons University. She received a federal traineeship grant.

"My work will involve working in mental retardation, speech therapy, mental tests, and personality evaluation," she explained.

She first applied for a grant through the state agency, but there were none available. Dr. C. L. Bowden, administrator, informed her of four colleges that were offering summer traineeships.

"I was very thrilled to get an opportunity to study there," she commented.

Mothers with children who will start to school next year are especially invited for the tea, as are all PTA members and friends. New officers for the coming year of 1965-66 are president, Mrs. Deral Young; vice-president, Mrs. Reed Nicholson; secretary, Mrs. Philip Smitherman; and Mrs. Wendell Johnson, treasurer.

Mr. and Mrs. Kendis Julian and Kristi spent Sunday afternoon in Roaring Springs with Janis' grandmother, Mrs. Kate Wilson, and aunts, Mrs. Beno Wilson and Mrs. Verba Faulkner. As they came home they ran into heavy rain and light hail, near Matador, and about 1/2 inch rain at Flomot.

Dinner guests with Mr. and Mrs. H. L. Marble Sunday at noon were Mr. and Mrs. Fred Marble, Kelly and Mike, and her parents, Mr. and Mrs. W. O. Tye of Floydada. Afternoon visitors with them were old friends Mrs. Pavia Wienbroer and her mother, Mrs. Dunsforth of Borger.

Among the 13 womens teams and the 8 mens teams in the Volleyball tournament played Thursday, Friday and Saturday nights at Floydada were volleyball players from South Plains with Team No. 1, who won 2nd place in the Womens games, and Womens team No. 2 won consolation trophy. The Mens team from here won a consolation trophy also.

Mrs. L. N. Johnson headed the concession stand for the Volleyball tournament on Thursday, Friday and Saturday and South Plains 4-H boys and girls were in the stands during this time with their 4-H leader, Mrs. Johnson.

Tommy Powell and Beth Kinnibrugh were those from here who attended the Band Banquet which was held Saturday night in Floydada at the Senior High School.

Ninety-one were present for Sunday morning services at the South Plains Baptist Church. Rev. Sealy Smith was back in his pulpit after a weeks revival at Denver City. Plans have been made for Vacation Bible School for the week of June 7-11. School will soon be coming to an end, and summer vacations will be in sight. Bible School will be over before summer camps begin.

## Representative Wayne Attempts to Keep Floyd In 19th District

The House of Representatives passed a congressional redistricting plan submitted by the Legislative and Congressional Committee. Representative Ralph Wayne of Plainview and several other members of the House of Representatives attempted to amend the bill. Wayne's amendment would have kept Floyd County in the 19th Congressional District, which is represented by Congressman George Mahon of Lubbock. The plainview representative previously had appeared before the Redistricting Committee and presented data and information in support of his contention that both Hale and Floyd counties should remain in the 19th Congressional District because of their common interests.

Fortunately, while there were many drastic changes made throughout the State, Wayne was successful in keeping Hale County in the 19th Congressional District. He plans to work with a Conference Committee in an attempt to get Floyd County placed back in Mahon's district.

The bill, as approved by the House, now goes to the Senate for action. It undoubtedly be amended and will be sent to a Conference Committee composed of members both the House and the Speaker Barnes committee on its passage Bill 87 and stated that Wayne's amendment would have kept Floyd County in the 19th Congressional District, which is represented by Congressman George Mahon of Lubbock. **Our Doctor Is Leaving**

From the Briscoe County News

Dr. Muckleroy announced he is leaving Silverton, it is like lots of people are pointing fingers at lots of people. The fact that the doctor is leaving causes all of us to scrutinize our future medical with alarm. However, the for alarm was many months and much could have been accomplished long ago if more had considered making a personal sacrifice.

As you know, it takes personal sacrifices in order to accomplish things. It may be a sacrifice of energy or money that is desired, but nothing worthwhile has ever gotten for not.

A letter from State Representative Ralph Wayne which we received recently, we became fully aware of the bleakness of our hospital-planning situation. As your elected Representative in the Texas Legislature, I think it appropriate to bring up-to-date on the proposed Briscoe County Hospital Bill, H.B. 458. As most of you know, the bill was drafted and brought to the Senate and Rogers for introduction. In all fairness, I must admit that due to the extreme introduction of the bill in session and the large number of bills pending now for hearing in the Counties Committee, it is the possibility that the bill will not be heard in Committee and acted upon therein in a timely manner to come before the House for passage.

At the event a hearing is scheduled before the Counties Committee, I will immediately notify both you and Briscoe County so everyone will have the opportunity to voice his desires known to the committee.

I sincerely invite the counsel of every citizen.

It would be much easier to secure another doctor for our area. As it is, we are grasping at straws when we hope that we will soon find a doctor willing to expend his energies for us as Dr. Muckleroy has done. The service he has rendered to our community "above and beyond the call of duty" will be greatly missed. He has spent a great deal of time working with the Scouts and helping in any way he could to improve our town.

George Miller sent a plea to the Health Service last week, asking that agency's assistance in locating another doctor. As you know, he will have to be a special sort of fellow to be

satisfied with the life and practice in an area such as ours.

It really isn't so much the fault of the opponents of the hospital that our hopes and dreams have become so "bogged down." Rather, those who are more to blame are those who favor the issue, but who have not bothered to come forward to assist with the hospital planning. Have you written to your state representative or senator about the hospital district? You can bet the opposition has!

Those of us who signed the request for permission to hold a hospital district election have been criticized, cursed, discussed and gossiped about. We have had our personal lives viewed and reviewed, and people have dragged in every "skeleton," real and imagined, they could find to discredit us as signers of the proposed legislation. It has been suggested that some of the signers are too young and don't own enough property to take a stand. We have been called "young punks" (and worse) and openly accused of not paying our bills. Some people just don't see us anymore when we meet on the street.

Gossip and idle talk can kill an issue as surely as a murderer with a gun, and all of us who are for the hospital should realize just what it is that we have fallen victim to. The methods that people devise are despicable!

But, criticism isn't new to me. It isn't the first time I've been criticized, and surely won't be the last.

The only way we people can overcome the obstacles we face in this very, very LITTLE town of ours is to work together and stand up for one another. More of the established families are going to have to help the newcomers support issues for civic improvement.

I believe that anyone who is for a thing, regardless of its nature, should give it his earnest support. You've got to make a lot of noise in Austin to get legislation passed! And it takes lots and lots of voices to drown out the din that the opponents are making down there. This also applies to action in City Council, County Court and School matters.

I may never be right on a single issue, but I'm not afraid to take a stand for the things I believe in, and I'd stake my life on the hospital project. I'll continue to push the campaign for hospitals, better schools and other community improvements wherever my path takes me in the future.

**A Need For Vocational Training**

The launching of the first Sputnik in the late 1950's shook the imagination of the world. It brought on a careful examination of schools throughout the world and particularly in the U. S., who had always been considered the farthest advanced people on earth.

Out of these examinations, in an effort to "catch up with the Russians" several techniques of the American teaching systems were altered and other studies were made.

For four years a person could pick up almost any well-known magazine and find some information by an authority stating "We're not behind the Russians", or "We need four years to catch up with their technology and with the space race".

Since that launching the emphasis in the U. S. school has been with the intensifying of the math and physical sciences in the student's curriculum.

And intensified it has been. The local science instructor, Kerwin Baxter, has stated that the senior students are getting the information through Chemistry that he learned as a senior in college in 1958.

In this race to "catch up" the interest and need of a very significant percentage of students is being overlooked. Those without the "scientific minds". Those who are capable, very capable of working with their hands.

The picture above shows, although certainly not in detail, the work of one such student. The student will probably never be able to get into college, and may not want to go, but he has an interest in painting, wood work and leather work and is capable of turning out an excellent product in any of these fields.

Although the child may want to further his education after high school, shouldn't there be some means of his broadening his knowledge in these fields of interest while in high school, the same as a person who wants to become a chemist may do so?

The only shop work the school offers presently is in Vocational Agriculture, and these courses have kept more than one would-be dropout off the streets.

If this person and others like him could have an opportunity in school to learn and practice this type work, there could be a smaller percentage of dropouts and there would be more opportunity for those with these talents to make their way in the world.

Perhaps with more training in this area of learning, there would be less geographic areas of "poverty".

When planning a new school the need for facilities to give this group of people a boost in the world should not be overlooked.

our servicemen there, despite the fact that we were never in a "war" officially declared by Congress.

For reasons that we need not discuss at great length here, the Administration refrained from designating Vietnam as a combat zone. Many senators, myself included, felt this was being unjust to those of our servicemen who are in Vietnam, or who have served in Vietnam. Frankly we saw no reason why our servicemen in Vietnam should be denied the customary benefits accruing to American soldiers in battle simply because it was unwise, from the standpoint of domestic and international political considerations, to admit officially that Vietnam was and is a combat zone.

(We have already lost more casualties in the Vietnam war than we did in the war with Spain in 1898. The number of American dead and wounded to date, in Vietnam, is more than 2,344, plus 36 captured or missing. In the 1898 conflict we suffered casualties totaling 2,047 in killed and wounded in battle. Clearly it is a combat zone, and one of growing magnitude.)

Too, it was thought by many of us that a Congressional declaration on this matter would relieve the President of any political embarrassment in the international field. For those reasons I introduced, on January 12 of this year, a bill to designate Vietnam a combat zone for purposes of granting income tax relief to servicemen there. A number of Senators joined as co-sponsors. The issue was subsequently treated to comment in editorials and news stories, and as a result the President announced, on April 24, the executive order granting tax relief.

There now remains the task of passing legislation that will

**Dial A Wrong Number ? Please Tell The Answering Party**

Use a little imagination and picture a couple of circumstances:

A woman goes about her business on a normal morning, cleaning the house, putting away the breakfast dishes, chasing after the kids, making the beds, and the telephone rings.

A man comes home from a day's work, settles down in his chair with the paper, relaxes and the phone rings.

Usually before either of these two people reaches their respective telephones, the modern convenience has rung once and sometimes twice or three times more.

What is wrong with these situations?

Nothing, except the woman answers the phone with a cheering "Hello", or the gentleman answers with a similar remark, or "Jones residence".

And what do each hear on the other end of the line?

Again the answer is nothing, that is for a second or two, then a very noticeable "click" and the sound of the dial tone comes across the line as the calling party has heard someone answer the phone, failed to recognize the voice, realizing they have dialed the wrong number, and without so stating merely hangs up.

Everyone makes mistakes, and dialing the wrong number is certainly one that almost everyone makes. It would take very little effort on the part of the calling party to merely state, "I'm sorry, I must have reached the wrong number", or some other similar remark. The person need not even so much as identify himself.

But to let someone answer the phone and hang up on them without saying a word leaves so many questions unanswered and is very irritating to the person reached.

provide educational and home loan benefits to our servicemen in Vietnam similar to the benefits received by veterans of the Korean conflict. This is provided in S. 458, which I also introduced on January 12, and which has a number of co-sponsors.

Recently, the President signed an executive order exempting United States military personnel in Vietnam and adjacent waters from paying federal taxes on the pay they receive while on duty there.

The President's order would permit enlisted men to exclude from their gross income, for federal tax purposes, all pay they receive while serving in the Vietnam area or during any period of hospitalization resulting from that service. Officers would be permitted to exclude up to \$200 per month, for tax purposes.

The President's order achieved by executive decree what many of us have been trying to achieve by legislation. I am very pleased that the act has finally been taken, and I can now withdraw my own bill, S. 459, from Senate consideration.

The facts of the matter are essentially this: Under existing legislation the President has the authority to declare "combat zones" for certain purposes, including income tax relief for servicemen in the area. Korea, for instance, was declared a "combat zone" in order that certain benefits might accrue to

## No Hail Falls In Community

FAIRVIEW, May 10 - Our Community received a nice rain Sunday night and Monday morning - from 1/2 to 1-1/2 inches fell over the Community with no hail. Looks like we could all get more before it is over.

Mr. and Mrs. Galen Holland returned home Friday from a five day trip to Globe, Arizona. They accompanied friends, Mr. and Mrs. Earl Thompson from Matador and visited at Globe with Mr. Thompson's mother, Mrs. Van Thompson and his two sisters, Pearl and Bonnie. While there all enjoyed a trip around the country and they went down the Apache Pass from Tucson to Globe.

On the way home they visited at Seminole with Mrs. Bun Hopper, former resident of this county. They also visited at Levelland with Mr. and Mrs.

Poch Richardson, cousins of Mrs. Thompson.

Mrs. Holland reports they saw much snow in the mountains of Arizona and that they had a very enjoyable trip.

Mrs. Lena Myers of Anthony, N. M., arrived last Wednesday morning to spend a week of 10 days here visiting her sister, Mrs. E. W. Walls and at Lockney with another sister, Mrs. D. D. Tate.

Saturday, Mr. and Mrs. O. J. Percy of Wichita, Kansas and Mrs. Marvin Marsu of Norman, Okla., came to the home of Mr. and Mrs. E. W. Walls. Mr. Percy and Mrs. Marsee are brother and sister of Mrs. Walls.

All of the above group were dinner guests Sunday in Lockney at the home of Mr. and Mrs. D. D. Tate.

Mr. and Mrs. O. J. Percy left Monday morning to return to their home in Kansas. Mrs. Marsee remained for a longer visit with her sisters here.

Mr. and Mrs. Lee Burton and family and Mr. and Mrs. R. H. Greene and children of Lubbock, and Maurice Burton were dinner guests and visitors for the day in the home of Mrs. Clyde W. Burton in Floydada.

Sharon Burton, student at Wayland College, was a Mother's Day weekend visitor in the home of her parents, Mr. and Mrs. Lee Burton.

Mr. and Mrs. T. L. Perry and Jan visited in the home of Mr. and Mrs. J. W. Gilbreath Sunday and had dinner with them.

Mr. and Mrs. Grady Reeves of Plainview, visited in the T. L. Perry home Sunday evening.

## Pioneer Cowboy, P. E. McCarty Dies In Ralls

Phillip Edgar McCarty, 82 year old pioneer cowboy, and uncle of John Key West and Mrs. Paul Murff of Floydada, died early Saturday morning in Ralls Convalescent Home. He had previously been hospitalized in Floydada at Peoples Hospital.

Funeral rites were conducted in Moore Funeral Home Chapel in Floydada Sunday. Rev. Charles Lutrick, pastor of the First Methodist Church, officiated.

McCarty made many of the early cattle drives and was the youngest son of the late Mr. and Mrs. John F. McCarty, who came to Floyd County in 1902. He moved to Lubbock in 1946.

The deceased was born in Stephens County and was married to Myra Wilson in 1911 in Dickens County.

Survivors include his wife and two other nieces, Mrs. W. I. Moore of Lubbock and Mrs. Ione Mathews of Cornell, Calif. Burial was in Floydada Cemetery under the direction of Moore Funeral Home. Pallbearers were Ernest Lee Thomas, Jack Stansell, Dale West, Johnny West, R. G. Dunlap and Kenneth Bean.

Star of India goes back on display at museum.

The unit is built on a four-wheel trailer and is pulled behind a pickup. The lights are carried in the pickup and can be taken out in just a few minutes.

The trailer engine and generator is supplied by Bill Tye.

A few nights ago several townspeople took a trip to Blanco Canyon, after dark, and watched Winn give the maiden performance of the unit.

Most of the people on hand were surprised the lights could illuminate such a large area. One of the photos above shows the lighting unit, with Skinny Winn at the control ready to swivel the lights or tilt them in almost any direction. The night shot shows how well the unit can light an area at night.

In fact the shot was taken after two of the large \$35 lights had burned out.

Winn would like to get a franchise authorizing the use of the lighting and sound effects of various historical sites in France. In 1928, a Frenchman added illumination to various points, and in 1952 the sound and light effects on a historical castle were added giving a touring audience the feeling they were in the midst of the French Revolution, or were standing there and hearing first-hand the return of Napoleon's body.

By concentrating various colored lights on the part of the castle or the part of the historical site that is related to the sound effects, such feelings could be conveyed to the audience.

The power for the portable unit is produced by a generator powered by a gasoline en-

## Lutrick Wins Science Award

Throughout the United States, educators recognize the annual Bausch & Lomb Honorary Science Award as evidence of superior scientific aptitude.

In announcing David Lutrick as the 1965 winner, Principal C. E. Tyler of Floydada High School said, "These Awards are especially significant. Today, everyone realizes the importance of the study of science in our secondary schools. The Bausch & Lomb Honorary Science Award provides recognition to senior students with the highest scholastic standing in science subjects."

The Science Award - a handsome bronze medal - is presented at graduation in more than 8,500 schools. Since its introduction in 1933, there have been 179,000 winners. Surveys have indicated that more than 30% of the winners have been encouraged by the Award to follow scientific careers.

Winners of the Honorary Science Award are eligible to compete for Science Scholarships, at the University of Rochester. Three or more Scholarships are sponsored by Bausch & Lomb; the University provides an even greater number. Stipends are based on need and have a total combined four-year value of about \$50,000. The Award winner is usually selected in November or December, so that his (her) application for the Scholarship Competition can be filled out and returned to the University before the February 1 deadline.

Lutrick won a trip to the Texas Interscholastic Meet held in Austin this past weekend by placing first in Science competition at the Regional meet in Lubbock.

## Transfer Month For Students

Superintendent of Schools, Clarence Guffee, announces this week that May is transfer month for students whose grades are not taught in their home district.

He would like to express the point that there is no such thing as an automatic transfer. Students must fill out a transfer application blank in Guffee's office at the court house before June 1.

## Sorghum, Cotton Varieties Being Demonstrated

Four Grain Sorghum and two cotton variety demonstrations were established this past week by the Floyd County farmers cooperating with the County Extension Service.

The cotton demonstrations were established on the Zant Scott farm at Harmony and the Chester Mitchell farm at the Pleasant Valley community.

Varieties in the Scott demonstration include Stripper 31, daughter of Mr. and Mrs. J. V. Daniel, was recognized at the Annual Texas Tech College Women's Recognition Service recently for having maintained a scholastic average of an A during the past semester.

Paymaster 111, Paymaster 202, Lankart 611 and Dekalb 302. Varieties on the Chester Mitchell Demonstration include Stripper 31, Paymaster 111, Paymaster 202, Lankart 611, Blightmaster, Ricot 90, and Paymaster 101A.

Farmers putting out the Grain Sorghum Demonstrations include, Curtis Snor and J. B. Colston of Baker, Bill Hambricht of Lakeview and Gene Probasco of the Irick community.

Varieties on the Snor farm include: NK 222, NK 227, PAG 665, PAG 515 and Lindsey 788. Snor is also going to put out several types of hybrid Sudans. They include Golden Acres, Haygrazer, NK Trudan I, NK Sordan I, PAG 35 and Dekalb Sudex SX11.

Colston is putting out four varieties which include Dekalb E 57, NK225, NK227 and PAG 515.

Hambricht varieties include Dekalb C 44B, PAG 494, NK 227, NK222, NK 255 and Dekalb E-57. He is also putting out two hybrid sudans. They are NK Sordan I and NK Trudan I. Probasco is trying Dekalb 61, Dekalb 64, Dekalb 65, NK 310 and PAG 665.

All varieties within a demonstration will be treated the same and results will be compared only within a demonstration not between the demonstrations.

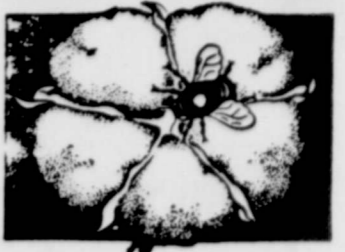

Where possible the demonstrations will be put along traveled roads so the public may view the tests.

TAX MAN SAM SEZ:

"When will I get my refund?" is the big question at Internal Revenue nowadays. They generally tell you to be patient and don't write unless you don't get your check before July 1. Of course, if you have moved it pays to send along your new address. If Internal Revenue selects your return for a pre-refund audit you won't get your refund until the audit is finished. They will advise you if this takes place. You can be sure that the good tax folks are working hard on getting your refund to you, but since there are quite a few thousand refunds to get out, it takes a little while. Your best bet is to be patient.

## 302 STORM PROOF COTTON

New Vigor -  
Yield - Quality

Here's a strain-cross developed especially for areas where a definite storm proof boll is desired. Medium height, erect plants have short branches and great uniformity. Hybrid vigor makes 302 somewhat earlier than standard storm proof varieties. DeKalb tests show substantial increases in lint yield over most popular varieties, under both irrigation and favorable dryland conditions.

## Local Electrician Working On Portable Floodlight Unit

Local electrician, Skinny Winn, has been working on a portable floodlight unit that will glow over a remarkably large area at night.

The unit is comprised of seven lights, constructed as separate "spotlights" but the light is diffused and when the individual lights are working at one-time a large part of the

target can be illuminated. The "target" may be the side of a canyon, such as in Blanco Canyon, or it could be a large building, or any other point of interest.

Winn got the idea from reading an article concerning the lighting and sound effects of various historical sites in France. In 1928, a Frenchman added illumination to various points, and in 1952 the sound and light effects on a historical castle were added giving a touring audience the feeling they were in the midst of the French Revolution, or were standing there and hearing first-hand the return of Napoleon's body.

By concentrating various colored lights on the part of the castle or the part of the historical site that is related to the sound effects, such feelings could be conveyed to the audience.

The power for the portable unit is produced by a generator powered by a gasoline en-

**When A FELLOW NEEDS A FRIEND**

A perfect picture of dejection! Perhaps it's another rainy day. Even little children have their serious moments. "What is there to do next?" "Mommy, where did I come from?" Or, "Daddy, is God up in the sky?" Little questions of little children grow into big questions by big people. Sometimes the bigger the man, the more humble the question, and of course . . . directed to God.

The place for such questions is the Church. In church, ponder the imponderables, ask the old, old questions: receive the gentle answers. Church, too, is God's Home. He's waiting for you there.

**THE CHURCH FOR ALL • ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**Spray Propazine to control weeds and grasses in sorghum.**

One spray of Propazine® 80W herbicide controls most annual broadleaf weeds and grasses in sorghum for the entire season.

This can reduce or even eliminate the need for cultivating because Propazine takes care of problem weeds for you. Propazine is particularly effective on carelessness (pigweed) and annual morning glory.

Sprayed before weeds and sorghum are up and activated by moisture, Propazine gives your crop an entire season without weed competition for moisture and soil nutrients. The result? Higher yields and more profit for you.

Contact your local supplier now for Propazine. Geigy Agricultural Chemicals, Division of Geigy Chemical Corporation, Ardsley, New York.

**1-2 Inches Moisture Recorded**

CENTER, May 10 - How we do appreciate the good rain! From one half to one and a half inches fell Sunday and Sunday night in this area. The sky is still over-cast. We'd welcome even more.

We had 114 in Sunday School Sunday and more for church at Calvary Baptist. There was also baptizing, and as it was Mothers' Day there was a presentation of corsages. The one given the oldest mother present was awarded to Mrs. Pierce; to the youngest mother, to Mrs. Don Davis, and one to the mother of the largest family (ten children), Mrs. Jim Owen.

The revival at Calvary began Sunday with Bro. Murrell Johns of Anton doing the preaching. Song leader will be Hollis Payne. Come and worship with us.

The Thomas Warrens served a Mothers Day dinner to their mothers, Mrs. Ola Warren and Mrs. Charley Battey. Other guests were the Bob Alldredge family and Mr. and Mrs. Fred Battey.

The J. E. Greens went to

Plainview after church Sunday and dined with a son and family, the Victor Greens.

On the way home they drove through a deluge, a real rain, in South Lockney.

Sunday dinner guests of Mr. and Mrs. Walter Sims were Mr. and Mrs. Charles Horton and son, Bruce. Phil had a date elsewhere.

Mr. and Mrs. Garvin Beedy and children of South Plains dined Sunday with her parents, Mr. and Mrs. Leo Frizzell. Other relatives who came in the afternoon were Mrs. W. M. Jackson, city; also Mr. and Mrs. Orbin Carrol and sons Larry and Kent, and the Carrolls' daughter and family, the Howard Stringers, all of Amarillo.

Mr. and Mrs. J. D. Welborn and their Floydada children and families - the Nolan Arneys, the Clarmon Booths, Roger Gooches, and the Bobby Welborns - all spent Sunday in Plainview with the other son, James David Welborn and family.

Mr. and Mrs. Charles Horton visited Mr. and Mrs. Bob Bradford and Marv Wednesday even-

ing. Mr. and Mrs. Green and Mrs. Parks visited briefly Friday with Mrs. Charley Battey.

B. P. Sandifur of McCoy visited one day last week with Mr. and Mrs. Doyle Sandifur.

The Sandifurs visited one afternoon in Plainview with Mrs. Genelle Fuston.

Mr. and Mrs. R. C. Ross spent the weekend visiting their daughters. They spent Friday night with Mr. and Mrs. Buck Ragsdale of Balleboro, and went on to Roswell, N. Mex. Saturday. They spent that night and Sunday with the Bob Robertson family. They returned home Sunday afternoon.

Mrs. W. C. Plumlee called on Mrs. Paul Looney one afternoon last week.

Mr. and Mrs. Jerrold Vinson and small daughter Lori of Harmony visited the O. C. Vinsons last Friday. In the afternoon the women and Lori went to Plainview.

Saturday the son's family spent Saturday with the Vinsons while Jerrold planted cotton on the parents' farm.

Mrs. Vinson called on Mrs. Hartsell Sunday. Mrs. Hartsell was not feeling so well. Mr. and Mrs. C. W. Denison were in Lubbock Sunday afternoon to see her grand nephew, Ricky Parrack in Methodist Hospital. Ricky who was badly injured awhile back in a highway accident, seems to be improving tho is still in the intensive care ward. The Denisons also visited their son, Gilmer and family of

Lubbock, and spent Sunday night in Brownfield with their son C. W. Jr. and family.

**FLOYD DATA**  
Visitors on Mother's Day with Mrs. J. H. Poore included Mr. and Mrs. Don Cage and Clay and Mr. and Mrs. Kyle Hollomon, all of Lubbock; Mrs. G. W. Hollomon, Kerrville; Mr. and Mrs. J. C. Odam and Gary and Mr. and Mrs. Ted Viron-

te, Kelly and Kevin, Floydada and Mr. and Mrs. C. O. Harmon, Roaring Springs.

**School Program At Dougherty**

**DOUGHERTY, May 10** - The close of school program has been scheduled for 8 p.m. Friday, May 14. Everyone is cordially invited.

The traditional close of school picnic is scheduled for Saturday, May 22, at Mackenzie Park, Lubbock. The skating rink and little party house has been reserved.

The Antelope area received rain reported 2 inches to more than 3 inches, which fell Sunday night and Monday morning. The area also received severe

hail damage about eleven o'clock Sunday night. A number of farmers had cotton up to a good stand. It seems most likely the cotton must be replanted. Probably extensive damage to wheat.

The townsites of Dougherty reports about three quarters inch rain. Along the highway half an inch or less. But rainy conditions still prevail.

As is traditional, the Dougherty Baptist Church cancelled services for Sunday evening, May 16. Our community has

**New Tests Listed By Civil Service**

The U. S. Civil Service Commission has announced a new examination to fill the position of Service Representative in the Social Security Administration's District Offices throughout the country. Service Representatives furnish information to the general public concerning the benefits payable under the Social Security Act. These positions are at the grade GS-4 level paying \$4,480 a year. It is necessary to pass a written test and to have either two years of appropriate work experience or 2 years of study above the high school level.

The final date for applying is June 30, 1965 but those who file by May 25 will be tested on the first test date which is June 19. Applicants should consult Announcement No. PH-138-3 (65) for detailed information and instructions. Applications should be sent to the Board of U. S. Civil Service Examiners, Social Security Administration, Baltimore, Maryland.

Another new examination for Agricultural Commodity Grader (Meat) has also been announced. These jobs, paying \$5,000 a year, provide for training on the job in various phases of the livestock and meat programs. Related experience and/or appropriate education are required. Applications must be filed before June 15, 1965 with the Central Board of U. S. Civil Service Examiners, Consumer and Marketing Service Unit, U. S. Department of Agriculture, Washington, D. C. 20250.

Announcements and appropriate application forms may be obtained from many post offices located throughout the country or from the Boards of Examiners above.

**Jehovah's Witnesses Set Revival**

Clarence W. Hall, presiding minister of the Plainview congregation of Jehovah's Witnesses, has announced a three-day convention which Witnesses in this area are invited to attend. It will be held in Vernon, Texas, June 4-6, 1965.

"The meeting, which is to be held in Wilbarger Memorial Auditorium, is for advanced Bible instruction and a study of ways to increase the effectiveness of our Ministry," Mr. Hall said. "Also, each witness attending will plan to devote some time that weekend to making house-to-house visitations in Vernon to get acquainted with the local residents, and to invite them to attend our free sessions at the Auditorium," he added.

The Watchtower Bible and Tract Society of Brooklyn, New York will sponsor the convention. Harry Fetzik, district overseer from Brooklyn, will oversee the three day program. The convention theme, "Willingly Fulfill Your Ministry", based on Psalm 110:3, will be carried through the entire program. More than twenty speakers from New Mexico, Oklahoma and Texas will be featured.

The climax of the weekend's activity will be the public lecture at 3:00 p.m. on Sunday. It will be delivered by Mr. Fetzik on the subject, "The Moral Breakdown - What Can Be Done About It?"

**"It's National Cotton Week and Willie Wired Hand Salutes the COTTON FARMER"**

Cotton is King in this great farming area!

Willie furnishes the power for much of our cotton industry and cotton is the very life blood of Floyd County....the leading crop for the farmer...his living....and directly affects the labor force, the business interests.

The cotton farmer is the biggest user of labor, machinery, gas, oil, and butane, gin and compressed plants. Few businesses could survive without cotton - and we take this method to express appreciation to the farmer who produces this important crop.

**FLOYD PHILOSOPHER**

**Doubts World TV Will Bring  
 Universal Understanding To Man**

Editor's note: The Floyd  
 Philosopher on his Johnson  
 grass farm has found out about  
 the new television satellite, his  
 letter this week indicates.

Dear editor:  
 While I've never figured out  
 how television pictures can be  
 sent through the air seven ten  
 miles, I understand now they've  
 got a satellite up called Early  
 Bird which enables live pictures  
 to be sent to practically any  
 spot in the world.

Under this system, Hullaba-  
 loo and Hazel can be seen in  
 Europe the same night they're  
 seen here, although what we'd  
 get in exchange hasn't been  
 indicated and there's no way  
 of telling who'd get the worst  
 of the deal. It's hard to see  
 though how we could come out  
 the losers.

But what interested me about  
 this was a comment I read in  
 a paper in snatches last night  
 during commercials that the  
 Early Bird television satellite,  
 by bringing instantaneous news  
 from the rest of the world to  
 this country and the same from  
 this country to the rest of the  
 world, will "help mutual un-  
 derstanding more than anything  
 that has gone on heretofore."

I have thought this statement  
 over and I'm not sure about  
 it. What I mean is, we've had  
 direct, live television from  
 Washington, New York, Ala-  
 bama and other places to this  
 Johnson grass farm for several  
 years, but still there are lots  
 of times when I doubt if we  
 understand each other.

Also, I'm not sure a live  
 television picture from Viet  
 Nam will tell us what's going  
 on over there, especially when  
 the people living on the scene  
 right there in that country don't  
 know what's going on.

There are some members of  
 Congress, right there in Wash-  
 ington where they can see live  
 without any television, who don't  
 know what happened on the floor  
 yesterday.

In fact, it's hard for me to  
 believe that the reason the  
 world's in the uncertain state  
 it is today is that we haven't  
 seen enough of each other's  
 television programs, live or  
 shipped over on film.

I'm not undermining tele-  
 vision, I like it, it beats plow-  
 ing any day, but if anybody is  
 counting on it to bring understand-  
 ing

and peace among nations, he's  
 been getting some different  
 channels from the ones I get  
 out here.  
 Yours faithfully,  
 J. A.

SIX FLAGS OVER TEXAS - A 115-acre composite of fun and  
 Texas history, is viewed here in six scenes representing a few  
 of the popular attractions that have been enjoyed by nearly  
 5,000,000 visitors to date. The gates opened Friday, April 16  
 for the 1965 season. Beginning at the top left are the Astrolift

# Texans Will Vote On 6-18 Amendments In November

By Vern Sanford, Texas Press Association

AUSTIN, Tex. - Texans will go to the polls on November 2 to vote on at least six, and perhaps 18, amendments.

Six proposals for Constitutional amendments already have cleared the Legislature. Ten to 12 others appear to have a good chance of being approved before the end of the session. Senators and representatives introduced 128 proposals for amendments.

Major interest at the Nov. 2 election will be on the proposal to increase to four years the terms of the Governor, Lieutenant Governor and other officials elected statewide.

Voters also will approve or defeat amendments to:

Extend the Veterans Land Program;

Let the Legislature set the salaries of the Lieutenant Governor and Speaker of the House (at whatever level the Legislature chooses) and raise its own per diem expense allowance from \$12 a day for 120 days to \$20 a day for 140 days.

Allow the state to issue bonds for loans to college students; Exempt Hermann Hospital in Houston from payment of ad valorem taxes;

Permit the teacher retirement system to invest its money in corporation stocks, as well as in bonds.

A seventh Constitutional amendment to go to the voters is a housekeeping item to clear up uncertainty about when members of the House of Representatives take office. If approved, Legislators will take office on the date the Legislature convenes. This amendment proposal, however, will be on the regular general election ballot in November, 1966.

REPEAL POLL TAX, BUT—House has passed a constitutional amendment to repeal the poll tax, but it went to the Senate with an amendment requiring annual registration.

Proponents of the poll tax repeal bitterly fought the annual registration requirement. They contend that the states where fraud and political bosses reign are the states with annual registration requirements.

Resolution proposes a statewide vote in November, 1966.

NYC PROJECT DISAPPROVED - A Neighborhood Youth Corps grant of \$381,480 to Texas Farmers Union for summer work projects in 33 small school districts of eight South Central Texas counties was disapproved by Gov. John Connally. Grant previously was approved by the U. S. Labor Department.

Governor said that, while he fully agrees with NYC objectives, he "cannot approve of school districts entering into third-party contracts with quasi-political organizations for work-training programs."

Connally has requested Texas Education Agency to assist the school districts in Bexar, Atascosa, Comal, Frio, Medina, Guadalupe, Karnes and Wilson Counties to prepare their own individual applications for work programs.

Texas Farmers Union President Jay Naman expressed disappointment over the governor's action. He said the proposed program for 790 youths would have been a pilot project for rural job training in other areas of the state and nation.

"DRINKERS' RIGHTS" URGED - Rep. Jake Johnson of San Antonio presented his bill to legalize sale of mixed drinks in Texas before House Liquor Regulations Committee.

Johnson calls his bill a "drinkers' bill of rights." He says it's needed to "bring some sense to the chaotic liquor laws in Texas."

Committee also heard bill to permit families to make up to 200 gallons of their own wine. Both proposals were sent to sub-committees.

TERMS FIGHT ENDED - Senate summarily put an end to a week-long deadlock with the House over four-year terms for representatives coupled with increasing the Senate from 31 to 39 members.

Without ceremony, Senators killed proposed constitutional amendments for both Senate and House term extensions. They said, in effect, to the House: kill the 39-member Senate proposition if you choose, but there will be no term lengthening for legislators voted this session.

CARR WARNS LEGISLATORS - Atty. Gen. Waggoner Carr warned Texas lawmakers they have a firm deadline to complete congressional and legislative redistricting by August 1 and August 2 respectively.

In a memorandum to all legislators, Carr said the federal court may begin the reapportionment job itself after the established deadline.

SOCIAL ETHICS BILL DEAD - A House committee gave a bill to establish a course in "social ethics" in Texas schools a very unsociable reception after a sub-committee reported it back without recommendation.

Committee voted to postpone consideration of the bill for four weeks. With hardly more time than that left in the session, the action virtually killed the bill.

ALAMO FLAG TALKS BALKED - Governor Connally declined to sign a resolution calling for negotiations with Mexico for return of a battle flag captured at the Alamo because of "serious questions as to its constitutionality."

"It is highly doubtful that representatives of an individual state have the authority to enter negotiations of this nature with a foreign country," the governor said. "This is a very delicate proposition and falls within the responsibility of the State Department."

He applauded "sincere motives" of the legislative sponsors of the resolution.

FEDERAL EDUCATION BILL EXPLAINED - Texas Education Agency has called on local school officials to submit their plans for participating in the new federal education program, providing \$74,500,000 in aid for teaching children from low income families.

U. S. Office of Education will determine amount of federal money available to local districts on basis of census data. Indications are that none of the money can be applied toward state's share of across-the-boards teacher pay raises.

SHORT SNORTS - Bill to outlaw closed meetings of governmental agencies received House State Affairs Committee approval.

Senate passed bill to permit banks and savings and loan associations to charge \$9 for every \$100 on installment loans up to \$1,500 and \$7.50 per \$100 borrowed between \$1,500 and \$5,000.

Texas Highway Department announces a \$7,600,000 road development plan for new recreation - industrial complex being created by Toledo Bend, Sam Rayburn and Dam "B" reservoirs in East Texas.

Governor Connally called on Texas Research League for a three-year study of how to improve public services in metropolitan areas.

Signers of a petition for local option election to prohibit sale of alcoholic beverages are not legally bound to vote for prohibition if election is called, Attorney General Carr has held.

T. Jean Rogers of Graham was named by Governor Connally as district attorney for the 90th judicial district of Young, Stephens and Shackelford counties, effective with May 1 resignation of Jack Q. Neal.

Retail sales for first three months of 1965 were six per cent ahead of the first quarter of 1964, says UT's Bureau of Business Research.

U. S. Office of Economic opportunity has approved \$106,800 grant for technical assistance program to aid Texas migrants.

Court of Criminal Appeals refused to hear arguments on delay of sanity hearing for Jack Ruby, convicted of slaying accused presidential assassin Lee Harvey Oswald.

## Hesperian Introduces Community Writers

Mrs. Clyde Bagwell

Mrs. Clyde Bagwell, writer of the Fairview News for the Hesperian, started the job in 1938. She has been writing for the paper during that time for about 23 years.

Lurline Joiner Bagwell was born and reared at Euless, Texas and attended school there. When she was 15, her family moved to California, and she came to Floyd County to live with her uncle.

In 1919 she met and married Clyde Bagwell and they have farmed in the Floyd County area since that time. Bagwell is now a retired farmer, and the couple lives in town.

After Mrs. Bagwell had been writing the Fairview news for about three years, the family moved to the Center community. They moved back to Fairview around 1942 and she began sending in the local happenings once again. After several years they left the community once more and she stopped writing for some time. She started writing again, and

V.A. RECLAIMS SILVER - The Veterans Administration has reported that it has saved about \$225,000 worth of silver that was going to waste every year. The silver is recovered from films - mostly X-ray and other reproduction materials - and solutions used for developing.

## Sister In Law Of Sibyl March Dies In Dallas

Mrs. A. J. Gardner, 60 year old resident of Muleshoe, and sister-in-law of Mrs. Sibyl March of Floydada, died in Baylor Hospital, Dallas, Friday after a year's illness.

Funeral rites were conducted Monday morning in the First Methodist Church in Muleshoe. Burial was in Bailey County Memorial Park.

Mrs. Gardner was born Feb. 9, 1905 in Hollis, Okla. Her husband, who was the brother of Mrs. March, died February of last year. The couple moved to Muleshoe in 1930.

Mrs. Gardner was a member of the First Methodist Church and Past Worthy Matron of the Eastern Star in Muleshoe.

Survivors include three sons, Paul and Max of Richardson, Tex., and Don of Amarillo. Also one sister; one brother and two grandchildren.

**Spray new Caparol after cotton is 6 inches high to control weeds.**

Control most annual broadleaf weeds and grasses in cotton with new Caparol\* herbicide. Simply apply as a directed spray to the base of your cotton when it is six inches or higher.

You'll get good knockdown of weeds and grasses that are less than two inches high... plus some killing action through the roots of later-germinating weeds.

The cost of this treatment, when Caparol is applied in a 10 inch band, can be as little as 85 cents per acre. Compare this with the \$2-3 per acre it would cost you for hoe hands.

Later on in the season, you can go in and make a layby application

of new Caparol to control weeds until the cotton is high enough to shade them out.

With new Caparol, you'll have no reason to worry about soil residue carryover to harm next year's spring-seeded crops.

Ask your supplier for new Caparol.

### DOCTOR TALK

By Rembert Benjamin, M. D.  
During former President  
Eisenhower's term of office he  
suffered a heart attack and  
since that time Americans have  
become quite aware of the heart  
problem. Perhaps many readers  
are confused by the many con-  
flicting so-called medical  
articles or news stories.

Occasionally young people  
become quite concerned about  
their hearts, generally speak-  
ing, this interest commences  
in the older individuals-in  
many cases in the older group  
it is a problem of fear. In  
most cases this fear is un-  
justified, but reports that there  
are actual increases in the  
number of older people with  
heart disease is true.

But the increase in heart  
disease can be explained in  
several ways-first, today  
people are living longer and  
secondly, because of increased  
medical knowledge American  
doctors are properly classifying  
heart diseases that in the past  
would have been attributed to  
other causes.

The outlook for the future is  
encouraging and should relieve  
much of the fear experienced by  
many middle-aged people-past  
experiences justify our hope  
for future elimination of many  
heart conditions, with all the  
recent surgical procedures  
developed for the correction of  
heart defects, both congenital  
and acquired. Expenditures  
for further cardiac study and  
development of surgical tech-  
niques promises to bring a  
great reduction in the amount  
of disability from heart disease.

In future articles, the physio-  
logical function of the heart  
will be explained and some of  
the specific heart conditions,  
such as high blood pressure,  
coronary artery disease, Rheu-  
matic Fever, congenital heart  
defects, angina (heart pain)  
and coronary thrombosis, will  
be discussed.

### PLANT THE BEST COTTONSEED MONEY CAN BUY!

Cottonseed costs 3 to 6¢  
of all cotton production  
costs, depending on wheth-  
er you buy the best field  
selected seed or higher  
priced seed from a breeder.

The production of seed  
that we have for sale has  
been supervised by experi-  
enced seedsmen and is the  
first year progeny from  
certified breeders seed.  
Varietal purity of this seed  
has been maintained  
through proper isolation,  
cleaning of harvesting  
equipment, ginning the seed  
in large lots and large batch  
acid delinting.

Our seed is climetized by  
Mother Nature to plains  
conditions as it is produced  
locally. This seed is free  
of verticillium wilt that are  
mature at harvest. Mature  
fields produce high ger-  
minating seed that have  
good seedling vigor and re-  
sistance against seedling  
diseases. Our seeds are culled  
closely during the acid  
delinting process and treat-  
ed with a mercurial type  
chemical which gives pro-  
tection against seed borne  
diseases and fungus. The  
Texas Department of Agri-  
culture runs germination  
tests on all our seed to in-  
sure that we know our ger-  
mination percentage.

Your best cottonseed buy  
is Big 4 Seed at only 3¢  
of your cotton production  
costs.

**Yarborough News Letter**

Dear Fellow Texan:  
Last year, we on the Senate Subcommittee on Frauds and Misrepresentations Affecting the Elderly, looked into the shocking situation of promoters, quacks, and dishonest salesmen who present to the elderly, various shams in the disguise of sorely needed goods and services.

We found that there are four different types of services where fraud and misrepresentation is common. These are health foods and mail order medicines, mail-order sales of land, health insurance plans, and prepayment of burial plans. Unfortunately, in each of these areas there are responsible and honest businessmen offering responsible and honest goods and services.

Today, Americans spend more than \$1 Billion a year for worthless health aids and quack medical cures - much of this is spent by the elderly. I would advise that you consult with your own physician or public health agency before buying such claimed cures or devices - this could save a great deal of expense and in some cases, heartbreak.

Many elderly citizens also purchase land for homesites in faraway states, which has been misrepresented. Lands have been sold to the elderly which were under six feet of water and other lands have been sold to the elderly which were in the middle of a desert with no water. To avoid this deception, our Subcommittee has recommended requiring these mail order land sales to be registered with the Securities and Exchange Commission.

To avoid having the elderly become the victims of fraudulent health insurance, our Subcommittee recommended making it illegal to sell such insurance in violation of the statutes of a State where the sale or advertisement is made. It is hoped that the "Medicare" bill will help relieve the temptation which a few unscrupulous so called insurance salesmen hold over the elderly.

By care and caution, it is hoped that prospective buyers can avoid being trapped by the promoters of fraudulent burial services in advance of death. Many of these contracts promise much more than is actually provided, and the fraud may never be realized after the death of the buyer. Such frauds hurt the honest burial associations as much as the elderly. I would emphasize that the best protection that the elderly have is by being cautious and informed. However, in complex areas such as these, I think the Federal government should help protect their citizens against those who prey on the elderly.

**Lockney Rodeo Set May 13-15**

LOCKNEY - Preparation for the second annual rodeo to be held here is progressing rapidly, according to officials of Lockney Rodeo Assn. The event is scheduled May 13-15 with Red Whatley of Crosbyton furnishing stock and clowns.

A beard-growing contest underway offers two divisions, best full beard and best mustache and goatee. Gift certificates will be awarded for first place winners.

Five local girls are seeking the title of rodeo queen. The winner will be determined by ticket sales on a saddle to be given away the night of May 15.

Entries thus far are Evelyn Ansley, daughter of Mr. and Mrs. Henry Ansley; Sandra Huggins, daughter of Mr. and Mrs. Fred Huggins; Sherrey Carthel, daughter of Mr. and Mrs. Bobby Carthel; Christy Hulcy, daughter of Mr. and Mrs. Travis Hulcy, and Nancy Mills, daughter of Mr. and Mrs. Mondell Mills.

Mayor Claude Brown plans to proclaim the week of May 9-15 as Rodeo Week and asks that all residents dress in western fashion.

A parade will kick off activities at 3 p.m. May 13.

"Riding clubs from the surrounding towns are expected to participate," stated Walter Brannon, parade chairman. After the parade a barbecue is scheduled at the Fair grounds.

Lockney Band Boosters will operate a concession again this year, dividing profits with the Rodeo Association.

The association is constructing another 120 feet of bleachers to the north side of the arena. Last year, a similar set was built.

A dance at American Legion Hall will be held after the rodeo each night with Jimmy Mackey's Band furnishing music.
