NUMBER TWENTY-SIX

4th of JULY

COST OF FREEDOM

...night before the Declaration of Independence was adopted, John Adams of Massachusetts wrote his wife Abigail and was well aware of the toil and blood and treasure it will cost to maintain this Declaration. ...

...the cost of freedom always high. —Christopher News Notes

HAVE A SAFE JULY 4—Jimmy Parker, son of Mr. and Mrs. Vernon Parker, demonstrates in the picture above the proper place for shooting fireworks during the July 4 holidays. Fireworks should not be set off inside the city limits. Not only is the disturbance of the peace involved but the possibilities of setting fire to the dry grass on a vacant lot increases the danger. July Designated Clean-Up, Fix-Up, Paint-Up Month

Voters Face 11 Amendments In November

Floyd County voters will have an opportunity to vote on eleven amendments to the State Constitution in two different elections this coming fall.

Twenty-five amendments to the constitution were recommended by the 59th Legislature with the others to be voted on in 1966.

The first election is set for September 7 on the proposal to increase the size of the State Senate from 31 to 39 members.

The voting on the other ten amendments will be held on November 2 of this year.

The amendments are as follows:

- Extend to four years the term of the governor and other statewide elected officials now limited to two years.
- Increase state representatives' terms to four years.
- Permit full state participation in the federal medicare program.
- Set up a \$85,000,000 student loan fund.
- Authorize legislation to set up the salaries of the lieutenant governor.
- Authorize \$200,000,000 more in veterans land bonds.
- Require district appellate court judges to retire at the age of 75 and set up a system for removal for misconduct.
- Expand the investment authority of the public retirement system.
- Increase the state property tax from 42 to 47 cents and allocate the extra five cents to college buildings.
- Exempt from the property tax locally a hospital which spends as much as \$1,500,000 a year on the care of indigents.
- The other fourteen amendments will be on the 1966 general election ballot.

Better Citywide Appearance Goal

The month of July has been designated as "CLEAN-UP, FIX-UP, PAINT-UP" time in Floydada. The committee for this campaign met Tuesday morning to complete details for the annual job. This is the time each year when home owners go all out to beautify their premises and places of business.

Ten items of work to be done by dwellers have been set up by the committee and each person is encouraged to do his utmost to see that they are carried out.

They are: clean up, fix up, paint up; clean up all vacant lots; promote the removal of unused and dilapidated buildings from premises; remove rotted lumber and other materials not usable which might add to health or fire hazards; remove abandoned auto bodies from streets; remove old auto bodies from premises; remove dead trees and shrubs; trim trees and shrubs; encourage pet owners to have all dogs and pets vaccinated and not let them run loose; promote the removal of old containers outside and fill up holes which might collect water, later becoming contaminated.

Debris collected should be placed in alleys where city trucks will pick it up. The last pick-up date for materials other than regular trash will be July 29. The City is trying to keep all alleys clear of obstacles and has been working in cleaning up City Parks and other city facilities for the past three weeks. The Public's help in seeing that these areas are kept that way is encouraged by the clean-up committee which is headed by Don Cheek.

Tom Theford, local veterinarian, met with the group and it was decided to have another "Pet Vaccination Clinic," in conjunction with the clean-up campaign. This has been (See FIX UP page 2)

Cotton Acreage Damaged By Hail

A hail and windstorm that cut a path through Floyd County last week left some buildings on the Doodle Milton farm just south of South Plains in ruin and left about 10,000 acres of damaged cotton near Muncy.

According to Joe Wilson, County Agricultural Agent, a path about five miles long and two or three wide was hit by the hail that started near the Mitchell farms, west of Muncy, and moved in a northeasterly direction crossing U. S. 70 north of Muncy.

About 1,000 acres of cotton were completely wiped out and an additional 9,000 were damaged by the hail. Most of the wheatland in the path of the hail had been harvested.

The windstorm that hit the Doodle Milton farm was perhaps a small twister, or just a strong, straight wind, no one seems to know for sure. However, the wind did tear down two airplane hangers and scattered the wreckage over several hundred feet. As far as Milton could tell the airplanes were not severely damaged. Hesperian Announces New Policy

Effective with this issue of The Hesperian the court records will no longer be published in their complete entirety each week.

For years the Hesperian has published reports of weddings, divorces, minor offenses to the law, real estate transactions, law suits and district court news.

Hereafter the court news will be reported with the exception of divorces and minor law offenses.

Hesperian publisher Wendell Tooley said that he realizes this is unfair to the people whose names have appeared in the court record reports for minor offenses in the past, but feels that the new policy should be made.

Publisher Tooley further explained the policy by saying, that readers who are looking for the bad in people (which the court records reveal in minor law offenses and divorces) may find this information by free access to the court records each week.

Fire Department Makes Two Calls

The Floydada Fire Department was called to only two fires this past week, one a rural residence and one inside the city limits.

The first occurred Thursday afternoon at the Henry Gallo-way residence on Jeffie Street. When the fire broke out the neighbors pitched in and helped move all the furnishings out of the house into the front yard.

The fire was confined to the attic and did only minor damage to the house.

The second call was to a farm residence eight miles west and one and one-half mile north of Floydada, in the Sandhill Community.

Consumer Receives Excise Tax Relief

Since the excise tax cut was signed into law recently by President Johnson, the local consumers have been receiving benefits from the cut.

The tax on autos and accessories was reduced, effective July 1, from 10% to 7%. However, most area dealers started giving the cut immediately and even made the refund on those already purchased, retroactive to May 15. The refunds will be made, or in some cases, have been made, from the manufacturer or distributorship level direct to the buyer.

In addition to the auto itself the tax cut will affect certain extra items such as air conditioners.

Jewelry and related items and all sporting goods, with the exception of fishing equipment, are affected by the cut. Merchants noted that in some cases the merchandise had previously been marked "plus tax" or have listed the tax amount in a separate figure.

Other items affected by the tax include luggage, handbags, cosmetics, business machines, cameras, film projectors, electric, gas and oil appliances, freezers, lighters, pens, mechanical pencils, television sets, radios and phonographs.

Of course the tax differs on certain items as in some cases the tax cut was on the manufacturer's price of the item.

Other cuts will go into effect in the future with the further-cut on automobiles and the several percent reduction on telephone calls being the biggest items.

The excise tax was begun during World War II as an emergency measure to discourage the use and purchase of "luxury" items.

Dollar Days

Monday, July 5 is a recognized holiday for most merchants in Floydada. Since July 4 falls on Sunday this year most of those who normally close on that day will close Monday to recognize the holiday.

Therefore, Dollar Day, which is usually observed on the first Monday of each month, has been moved up and Floydada merchants are having Dollar Day Specials today, tomorrow and Saturday.

Broom Sale

The annual Lions Club Broom Sale held last Saturday in Floydada brought in a total of \$884, according to Louis Anderson, chairman of the event.

The amount club gets 26% of this amount and this is split with the Boy Scouts, who helped with the sale.

The remainder of the funds go to the Lighthouse For The Blind in Dallas, where the brooms, mops, etc. are made.

The Lions Club expresses its thanks to those who helped make the sale a success.

Funeral Pending For Mrs. Dorsey

Funeral rites were pending at Moore Funeral Home late yesterday for Mrs. Mary Dorsey, who died about noon Wednesday in a convalescent home in Lubbock. She had been in failing health for a number of years.

Mrs. Dorsey had been a longtime resident of Floydada. She was preceded in death by her first husband, Joe D. Montgomery and was married January 4, 1930 in Lubbock to A. M. Dorsey, who died in January, 1963 in Floydada.

Mrs. Dorsey was a member of the First Methodist Church. Survivors include one daughter, Mrs. W. B. Eakin of Petersburg; two sons, Joe and Robert Montgomery, both of Anchorage, Alaska; one sister; a number of grandchildren, great grandchildren and great great grandchildren; four step-children, Bowman Dorsey, Lubbock, A. M. Dorsey and Mrs. John Key West, Floydada and Vernon Dorsey of Houston; also several step-grandchildren.

FIRST OF TEN Winner Of Free Trip Named

Mrs. John Dorman of Box 544 Lockney was named as the first winner of ten trips to the Rockies being given away by Floydada merchants.

Each of the participating merchants drew a preliminary winner, these winners were placed in a box, and Mrs. Dorman's name was drawn Saturday. She registered at Ladies Three and was that firm's preliminary winner.

Mrs. Dorman and members of her immediate family (a maximum of five, including spouse and sons or daughters) will now be presented a certificate for all meals for two days and two nights lodging at a Rocky Mountain resort. This amounts to about \$100 worth of lodging and meals.

Preliminary winners for the second trip have been drawn and are in a box at the Hesperian office. The name of the winner of the trip will be drawn Saturday morning. Registration is presently underway at participating merchants for the third of the free weekend trips.

After the preliminary drawing each week the participating merchants are to discard all the registration slips that are in the box. After the drawing of the trip winner the remainder of the preliminary slips are discarded. Therefore a person needs to register anew each week.

The preliminary names of the winners for this week may be found in the respective merchant's ad on page 5 section 2 of today's Hesperian.

Interested persons may register at the following places of business: Carmack Feed and Seed, First National Bank, King Tire Co., Hale's Department Store, Arvine Drug, Powell's Super Market, Thrifty Super Market, Tastee Freez, Ladies Three Inc., Johnson Rexall Pharmacy, Quality Body Shop and City Auto Inc.

TRIP TO THE MOUNTAINS WINNER—Mr. and Mrs. John A. Dorman are the first week's winners for a trip to the Rockies. They plan to make the trip in September. They live a mile and a half west of Muncy, have a boy and a girl. Mr. and Mrs. Dorman are graduates of Lockney high school and they said the trip was the "first time they had won anything." set for Saturday, July 17, from 8 a.m. until 12 noon at the City Hall. All pet owners are asked to bring their animals to the City Hall for their vaccinations at this time.

Dr. Theford stressed that the clinic is not only for dogs but for cats as well. They too are susceptible to rabies. Those wishing their cats vaccinated are asked to keep the animal in the car upon reaching the City Hall and Dr. Theford will come to the vehicle to do the vaccinating.

All dogs are to be brought inside. Vaccinating fee will be \$2.50 per animal.

There were only 67 tags sold at the Clinic in January and since that time 147 dogs have been picked up for not having tags, according to Bill Feuerbacher, City manager.

City was now using Baytex, a liquid drop along with their regular dusting for mosquitoes in Floydada. Another spraying will take place this weekend. Your help in cleaning up Floydada, removing debris from premises, and participating in the vaccination program will be appreciated.

FLOYD DATA Mrs. Pearl Armes of Vernon, former resident of Floydada, is here visiting her sister, Mrs. Eva Rapp. The two women have just returned from a two weeks trip by air to Los Angeles, San Francisco and Tracy, Calif., where they visited a brother, Lloyd Sutton.

Mrs. Rapp had not seen her brother in 24 years.

The two also enjoyed seeing many places of interest, Calvarious, Big Tree Park, a tour of San Francisco, the Golden Gate Bridge, Joe Di'Maggio Cafe and Alcatraz.

Before reaching home he women spent two nights in Hobbs, N. Mex., with the Olim Rapp family.

some cotton blooms by the fourth of July! (That's what I like.....optimism!)

KIDS, bless their hearts, usually say just what they are thinking. . . embarrassing or not to the parent. I was golfing with Newell Burk and John Reue one morning, and Newell was really blasting the ball on the tee shots.

As usual, my tee shots just weren't blasting. . . more like wobbling off the tee.

My daughter, Karla, was making the rounds with us, and after watching us play a hole or two, she pipes up, "Daddy, why don't you let Mr. Burk make your tee shots?"

IT LOOKS like Floydada will observe a two day holiday from business in observance of the Fourth of July. Stores will be closed Sunday and Monday.

Doubtless many of our people will hit the road, and we can only urge everyone to be alert, stay awake, be careful. . . and allow for the other fellow's driving mistake, too.

FLOYDADA continues to grow! The new Mar-Dell Convalescent Center is up in West Floydada, the new Baptist Sanctuary and other improvements is going at full speed, and it looks like the school board will soon start building some cafeterias, and a new grade school.

Many people are concerned about the hold-up on the building of the Caprock District hospital here. To date property has been purchased, the Hill-Burton grant of \$425,000 is approved and \$30,000 worth of bond taxes have been collected on its construction. The people have approved the bonds. . . but some people don't want the bonds sold, so we have the court tie-up.

All we can say. . . and all that the hospital board will say is that they're doing the best they can under the circumstances.

FREEZING FOODS
As suggested by Mrs. Nancy Morckel, Home Economist, Lighthouse Electric Cooperative, Inc.

Freezing food is the modern way to better eating. Having a well stocked freezer means new convenience in meal planning and preparation, greater variety in the family's meals and a better year-round balanced diet.

Foods, when properly packaged, frozen and stored, will be as delicious and attractive when served after a few months' storage as they would have been had they been served fresh. Be sure when freezing foods to package correctly; so they will not dry out, lose color and flavor and become unpalatable.

STEPS TO BE FOLLOWED CAREFULLY:

1. Gather vegetables in the cool of the morning, gather only choice vegetables and only quantities that can be handled.
2. Wash and sort vegetables carefully.
3. Scald or steam according to the directions for each kind of vegetable.
4. Cool and drain quickly.
5. Pack in AIRTIGHT containers.
6. Start freezing at once.

In freezing vegetables, steaming, scalding or blanching is a MUST, never to be omitted. It retards enzymatic action thus stopping deterioration. It saves vitamins, and improves the color.

Scald or blanch approximately one pound of any vegetable at a time. Steam will penetrate evenly through this amount while through larger amounts it may not, thus making an inferior product.

BEANS (GREEN SNAP OR YELLOW WAX):
Scalding time: by steam, 5 minutes. By boiling water, 3 minutes.

Wash thoroughly, sort for size - do not scald large and small beans together.

Cool, drain, pack in containers and freeze. Be sure to use airtight containers.

CORN (CREAM STYLE)
Cut corn from cob and scrape milk. To 2 cups of corn add 1/2 cup hot water. Boil 3 minutes, stirring constantly. Chill over chipped ice and package in airtight containers and freeze immediately.

CORN ON COB: (CORN PROCESSED WHISKEY IS DELICIOUS)
Scald by boiling water, Ears 1 1/2 inches at base, 8 minutes.

Ears 2 inches at base, 11 minutes.

Cool in quantities of ice water for same length of time they were scalded, drain and package. Each ear may be wrapped separately or several ears may be put into a polyethylene bag, or wrapped in cellophane or foil paper so they will be airtight.

Corn may be placed in the refrigerator to complete the cooling before freezing.

ALLOW CORN ON THE COB TO THAW BEFORE COOKING.
OKRA: Steaming time 2 to 3 minutes, 4 minutes if okra is large.

Steaming is the only method of processing recommended for okra.

Select young, tender pods. Scrub thoroughly. Rinse well and drain. Cut off stem end but DO NOT CUT INTO SEED SECTION. (Care in cutting prevents the sticky juice from oozing out.) Steam (do not put okra down into the water), cool, drain and pack into containers and freeze.

OKRA FOR FRYING:
Slice okra as for frying, steam (same as above), when cool roll in meal and pack in containers and freeze.

PEAS, BLACK EYED PEAS:
Shell, wash and sort. Scald small peas 3 minutes and larger size 4 to 5 minutes.

Chill, drain, package and freeze immediately.

If a bulk pack is desired, freeze a thin layer of peas at a time on cellophane or foil. When frozen pour into containers.

Mr. and Mrs. Loran Nixon and girls of Borger spent the weekend with her parents, Mr. and Mrs. Melvin Henry and other relatives.

Mr. and Mrs. Ronnie Ogle spent the weekend in Bellevue, with his parents, Mr. and Mrs. James Ogle and Larry. On Sunday they all attended his grandfather's family reunion - the Deweber family - in Bowie.

Mr. and Mrs. Tom Hutchins David and Dale, visited in Ralls with Mrs. J. H. Hutchins, Tom's mother.

Carson McCaskel, Lighthouse Lineman, attended Hotstick School in Stillwater, Oklahoma, last week.

Lawrence Stovall has been moved from the Plainview Hospital to the Methodist Hospital in Lubbock. He seems to be improving nicely at this time.

Mr. and Mrs. Ben Richardson, Pam and Kay, of Crosbyton visited in our home Sunday afternoon.

Mrs. Edmund Brown and Scot of Mt. Blanco community were Saturday afternoon visitors in our home.

weather during the winter season, as well as starting the season in low vigor. Since the range is so important for livestock to graze on, it is important that the range be managed to produce the best possible results.

native grasses produce seed crops from mid-summer until frost. Grasses store food in the roots more actively immediately after the seeds are formed. This enables the plant to have something to draw strength from in beginning its growth the following year.

Many ranchers defer or rest a part of their range each year to produce seed crops and permit the better kinds of plants to regain vigor. Deferments are doubly important following dry periods.

If all of the native grasses in a given pasture are closely grazed during the growing season, the translocation of food to the root system cannot take

place, resulting in low vigor plants in 1966. As a result of recent rains over a portion of our area, our range grasses will be sending up seed stalks. Because of extra food used for this process, the newly formed seed head or "boot" of the grass plant is most palatable. Thus, even a few head of livestock in a pasture may prevent seed crops.

Technicians of the Floydada Work Unit will gladly assist in developing a grazing plan that will include a deferment on a portion of your rangeland.

determination of acres of cotton in the county got underway when the ASC office began the acreage

With the growing cotton crops the number of insects has been more noticeable. According to County Agent Joe Wilson, most of the earlier planted cotton has outgrown the thrip damage; however, some of the late cotton is still being hurt by the insect. Flea hoppers and grasshoppers are doing some damage in parts of the county.

Control measures for thrips should be applied to cotton as soon as damage is apparent on seedling plants. The damage is characterized by wilted, deformed and blackened leaves. Silvering of the lower leaf surface is also common on thrip damaged cotton.

crews have been several weeks, and 35% complete, but the office just got started.

field crews measure actual plots of the acreage. The girls in the office are using a meter to determine the amount of acreage.

Control measure should be started when 15-20 flea hoppers are found per 100 terminals of young plants. Heavier population may be tolerated on older larger plants with heavier fruit loads.

Mrs. Burl Wilson Masters (nee Helen Fay Foster)

Miss Helen Fay Foster And Burl Wilson Masters Exchange Vows

Miss Helen Fay Foster and Burl Wilson Masters exchanged wedding vows in an impressive ceremony read in the First Baptist Church Saturday, June 26th.

Rev. Floyd C. Bradley, minister, was assisted in performing the double ring vows, by Rev. H. S. Calahan Jr., of Abilene, uncle of the bride. The bride is the daughter of Mrs. Garland C. Foster and the late Mr. Foster of Floydada and the bridegroom is the son of Mr. and Mrs. Leldon Masters of Andrews.

Prelude of traditional music was presented by organist, Mrs. Bill Hardin, who also accompanied Mrs. Melvin Lloyd, as she sang, "O Jesus We Have Promised" and "The Lord's Prayer".

A large screen of commode formed the wedding scene, which was flanked by white wrought iron and baskets of white gladiolus. Spiral candelabras and floor palms of commode completed the setting. White satin ropes marked the entrance to the wedding altar.

The bride, given in marriage by her uncle, Alton R. Griffin of Lubbock, wore an original gown of Candelight peau de soie designed with a chapel train, scooped neckline and elbow length sleeves. The fitted bodice and front skirt panels were enhanced with appliques of re-embroidered lace and seed pearls. Her waist-length bridal veil was attached to a matching peau de soie pillbox with lace medallions embroidered in seed pearls. She carried a white Bible with white satin ribbons and white maline that held a large white Cattleya orchid.

For something old she wore a gold locket that her mother received as a child and wore at her wedding. For something new she designed and made her wedding gown, something borrowed was the veil belonging to Mrs. Robert Ragsdale and something blue was the traditional blue garter, a gift from

Mrs. W. O. Newberry. The bride also wore a sixpence in her shoe brought from New Zealand by her uncle, dated the year of her birth.

Feminine attendants were Miss Linda Foster, sister of the bride, maid of honor; Miss Sue Foster, also a sister, bridesmaid and Mrs. Fred R. Thayer, Lubbock, bridesmatron. They were attired in identical dresses of pale pink imported Jacquard cotton, featuring portrait necklines, short sleeves and floor length bell shaped skirts. Each carried a Colonial type bouquet of pink and white feathered carnations highlighted by large pink satin leaves. Their head pieces were tiny petal hats with circular veils.

Misses Rhoda Griffin, Odessa and Betty Jane Oster, Pecos, both cousins of the bride, were candlelighters. They wore street length dresses and wristlets of small feathered carnations.

Leldon S. Masters, Andrews, served his brother as best man, and Ray Don Foster, brother of the bride, was ringbearer. Groomsmen were Rob R. Blackmore, Lubbock and Charles Simpson, Dallas.

A reception in the parlor of the chapel followed the wedding. Guests were registered by Miss Dian Calahan, Abilene, cousin of the bride. Presiding at the table were Mrs. Jim Broome of Lubbock and Mrs. James Sims of Crosbyton. Other members of the houseparty were Mrs. Clarence Oster, Pecos; Mrs. Riley R. Griffin, Odessa and Mrs. H. S. Calahan Jr., Abilene, aunt of the bride and Mmes. Floyd Boren, T. L. Holland Jr., Orval Newberry and Mrs. Ralph Thayer.

For traveling on a wedding trip to Santa Fe, N. Mex., the bride changed to a three piece suit of yellow linen with white accessories, complemented by the orchid from her bridal bouquet.

Upon their return the couple will be at home at 3715 23rd St. in Lubbock.

Harmony Club News Report

Harmony Home Demonstration Club met in the Community Center last week with Mrs. Truman Dunavant as hostess. The meeting was called to order by Mrs. Glenn Curtis, president. Roll call was answered by members naming their favorite pie.

Mrs. Zant Scott announced the 4-H club donated \$10 to the Emergency Service Supply project set up in Floydada. It was also announced that club had donated \$5 toward the 4-H Scholarship fund.

Mrs. Everett Miller read a letter of appreciation from Mrs. Lucille Patton and Mrs. Verna Ann Wheeler of Crosbyton Wee-Pat Shop for letting them model garments at the Style Show held in Harmony.

The council report was given by Mrs. Bob Hopper. She announced that about \$70 was made from a recent rummage sale and thanked all who participated in making it a success.

The names of Mrs. Mather Carr and Mrs. R. B. Gary, who are charter club members, will be turned into council in order their names may be on record for the state meeting.

For the program Mrs. Walter Hanna and Mrs. Glenn Pool, demonstrated pie making. Mrs. Hanna gave an interesting talk on the history of pie making and crust making. Mrs. Pool demonstrated crust making in a mixer, a wonderful time saver. Recipes for four pies were distributed along with several pie recipes compiled by Mrs. Nancy Morckel, Home Economist at Lighthouse Electric.

Mrs. Horace Carr gave the share an ideaportion of the program. She demonstrated the right and the wrong things to do in applying the Glamour Cote on glassware to make a crystal effect. She used turquoise on several bottles and ashtrays. All were clear glass. Also a green inside a bottle, giving the effects of having colored water inside. She also showed a picture of a chicken made from different colors of beans, sunflower seeds and popcorn. The popcorn was dyed several different colors and put into place with tweezers. The picture was on plywood, the background made out of white Lima beans, then framed. The picture was made by Mrs. Carr's daughter, Mrs. Billy Latham, her husband Joy and Marcus.

The hostess served iced tea, along with the pies, crackers, Top of the Fair Chef Charles, Cherry Delight and Strawberry cream. Recreation was led by Mrs. Bruce Davis, a sewing guessing game. Those present were Mmes. Mather Carr, Horace Carr, Walter Hanna, R. B. Gary, Glenn Pool, Truman Dunavant, Bob Hopper, Sherwood Ramsey, Glenn Curtis, Everett Miller, R. G. Alexander, Bruce Davis, Carrick Snodgrass, Bob Ratjen, Roy Hale, Zant Scott, J. R. Turner, Monroe Schulz, also Ronnie, Steve, Linda, Sandra and Ray Dunavant, Debra Davis, Johnny Jacobs and a visitor, Mrs. Elmer Williams from Crosbyton.

The next meeting is July 8 with the 4-H club in charge of the program. Hostesses for the event were Mmes. F.D. McClintock, W.J. Weaks, Don Smith, W.H. Bunch, Howard Bishop, Holt Bishop, William Bertrand, Milton Harrison, Weldon Hammonds, Clifford Helms, L.R. Rainbolt, Charley Wright, Wesley Gentry, Parnell Powell, Emery Robertson, Alton Rose, C.M. Leatherman, John Campbell, and Mrs. Pyle.

Their gift to Miss Nichols was a set of stainless steel cookware. Some 99 guests registered or sent gifts. A lingerie party honored Miss Nichols at the Bank Community Room on June 12th. Hostesses were Misses Iantha Pyle, Judy Helms, Rhonda Burns, Shirley Nelson, Coleta Sue Mitchell, Donna Bertrand, Jan Rainbolt, Mary Elizabeth Wright, Patsy Parker, Ann Widener, Wendy Bertrand, Cheryl and Penny McClintock and Shir-lene Race.

Homebuilders Club Meets In Race Home

Homebuilders Home Demonstration Club met in the home of Mrs. Shirley Race, with Mrs. O.G. Mayfield, president, presiding.

Revelation 22:14-17 was the scripture used by the hostess in her devotional. Mrs. Donnie Race was appointed reporter to replace Mrs. Mayfield who was elected president due to the resignation of Mrs. Leslie Fawver. Mrs. Ernest Kendrick resigned the vice-presidency and is succeeded by Mrs. Raymond Evans.

After Mrs. Floyd Fuqua led a song, members answered roll call with a fashion trend. The minutes and council report were read by Mrs. Shirley Race.

Mrs. Raymond Williams gave a ten-minute demonstration on "Freedoms as Told in the Seven Great Documents." "What Makes a Lady" was presented by Mrs. John Burns.

In Mrs. Elmer Norrell's presentation entitled "Are You In The Know About Encephalitis?" she gave the source, symptoms in man, and some preventions for the disease.

Refreshments were served to Mmes. Floyd Fuqua, O.G. Mayfield, Elmer Norrell, Ernie Widner, Harmon Roberts, Raymond Evans, Raymond Williams, Ernest Kendrick, P.F. Bertrand, C.C. Burns, Calvin Poteet, Donnie Race, John Burns and Shirley Race.

Floyd County Council Meets

Floyd County Home Demonstration Council met on June 18 with Mrs. E. N. Hopper, chairman, presiding. Roll call was answered by five clubs and two officers, Mrs. G.W. Smith, THDA chairman and HD agent, Sherry Mullin.

Starkey Club had a program on "What Makes A Lady." Each present had a part in the interesting program.

Committee reports were heard from Mrs. Raymond Teeple, consumer education, who spoke on the Formica World's Fair House, kitchens that invite activity, A Carnival of Color, baths for gracious living and modern living; Mrs. O.G. Mayfield, finance, who reported \$67.10 from the Council sale and ask that members keep saving their Betty Crocker coupons. Silver for the Council was ordered Monday, Mrs. Mayfield said.

Miss Mullin extended invitations to all who were interested in antiques furniture to be at the council room June 29.

Dougherty Club brought recreation, a Biblical game led by Mrs. W.J. Ross. Harmony is to bring recreation for the July 16 Council meeting.

The announcement was made to the effect if there is someone in Floyd County who would like to attend the State meeting in Austin from Sept. 22-23, paying her own way, should let Mrs. G.W. Smith know at once. If you would like to go with the delegates by bus Mrs. Smith needs to know the number of persons planning to go.

The first Home Demonstration agent was appointed 50 years ago. THDA wishes to recognize all club members who have been a member 50 years and who will be at the state meet. If a person in Floyd County has been a member 50 years and plans to attend the State Meet, please notify Mrs. Smith. Also Mrs. Smith wishes the names of charter members, those who assisted in organizing a club and who is still a member. The District Director needs this information.

The Texas Chorus plans to sing at the State Meeting. Those interested in participating are asked to wear blue denim skirts, white shirts, black string ties and western hats. Mrs. L.M. Parker will lead the chorus.

Those at the past meeting were asked if they took the Driver's Test on Television May 24th. Mrs. Milton McGehee can give you this information. The National meeting is August 9-12 at La Fayette, Ind., at Purdue.

All council members are urged to be present for the July 16th meeting. Visitors are welcome.

FLOYD DATA Mr. and Mrs. Ted Allen, Teddy and Jerry returned home Sunday from a trip to Crowheart, Wyoming where they attended a reunion of the Allen family.

Missionary To Speak Here

The Bible Baptist Church is having an extra special service tonight (Thursday) in which Roy F. Dearmore, missionary to Kasono-Lunda, Republic of Congo, Africa, will talk and show films of his work and also the work of his brother, James Dearmore.

Dr. Roy Dearmore and his family have just recently returned to the United States for a much needed vacation, according to the pastor, Rev. Gilbert Rhine. The family has been in Central Africa for the past four years.

Bro. Rhine said Dr. Dearmore would probably tell of a few of his hair raising experiences he and his brother have encountered since doing missionary work in Africa. He will also tell of his trips to the grocery store every three to four months, which is 300 miles from his station to the city of Leopoldville. Many times they must make their roads as they travel along.

Dr. Dearmore is a Medical Missionary as well as a missionary of the Gospel to the natives of Africa. Bro. Rhine said it should be worth the time and effort to hear this man speak. The local church has supported this missionary since

SANDERS PUMP AND DRILLING...a business operated by 22 year-old Curtis Sanders and his brother Richard. Inset shows modern versatile pump pulling rig that Curtis has designed to facilitate high speed bailing and well development. (Staff Photo)

Sanders Brothers Continue To Expand Irrigation Pump And Drilling Business

Although Curtis Sanders is only 22 years of age and his brother Richard isn't much older they continue to expand one of the larger businesses in Floyd County.

The Sanders Pump And Drilling Service, located about 12 miles north of Floydada on the Silverton highway now employs

ten men and some 18 vehicles of one sort or another are on the road serving a four county area with irrigation and domestic well drilling, installing Western pumps and doing other irrigation well service work.

There's a lot of Sanders family involved in the business from father Otto Sanders

to another brother Roger. Then there is the father-in-law of Curtis, H. C. Boteler. Boteler has been in the irrigation well business for 15 years.

Curtis manages the fast growing business and began the business about three years ago with a specially designed pump pulling truck that he equipped

to suit his needs.

Curtis has always enjoyed welding and building machinery. He built a good deal of the ship equipment now being used in the Floydada High School, won a welding contest while in high school when he graduated here in 1961. One of his creations was a power hack saw that is still very much in use.

Among the items of equipment are: developing pumps, developing motors, seismograph rig, air and water combination that will drill with air or water when seismographing, a new baling rig that is used for high speed well developing, a huge drilling rig that will go to 400 or 500 feet down and drill up to a 24 inch hole.

The Sanders Pump and Drilling Service features Western pumps for both irrigation and domestic needs and Curtis says that the firm will always guarantee its products and service.

Mrs. Carr Hosts Knitting Club

HARMONY, June 28 - Mrs. Mather Carr served as hostess for the Knitting Club on Monday of this week. Others present were Mmes. Gayle Alexander, Walter Hanna, Monroe Schulz, J. R. Turner, M. D. Ransue Carrick Snodgrass, Chloma Williams, Leon Williams, Charles M. Carr, Horace Carr, V.D. Howe, and a guest from west of Petersburg, a Mrs. Crabtree.

Rev. Doyn Merriman was present and preached for both services Sunday. He was a noon guest of Mrs. Mather Carr, along with Mr. and Mrs. Horace Carr, Mr. and Mrs. Wesley Carr, Mr. and Mrs. Marvin Smith, and Mr. and Mrs. Chloma Williams.

Mrs. Chloma Williams and Mrs. Mather Carr visited Mrs. Della Carr Friday in Peoples Hospital.

Mr. and Mrs. Horace Carr, Mr. and Mrs. Wesley Carr, and Mrs. Mather Carr, and Mr. and Mrs. Marvin Smith visited Mr. and Mrs. Chloma Williams after church Sunday evening.

Rev. Doyn Merriman, who lives in Hale Center, was in Hale Center the day of the tornado,

but it missed him by two blocks. At the present he is in the process of building a cellar. The day after the tornado he and Mrs. Merriman left for California to bring back some grandchildren to stay with them, and Wednesday of this week members of the church and some others spent at the Community Center sewing some clothes for them.

Mr. and Mrs. Bob Harper left for Abilene Monday to bring back her mother, Mrs. Maude Scott, who was visiting her son, Jack Scott, and his family.

Mr. and Mrs. Marion (Bill) Tucker and children, Pat and Bonnie, and Mrs. Tucker's parents, Mr. and Mrs. Emmett Foster, spent from Friday afternoon to Sunday afternoon at Lake Stamford near Haskell. They didn't have much luck with the fish, they report, as the winds were very high, and the only place they could fish was in the Fish Haven. But they report a good time, anyway.

County Agricultural Agent Joe Wilson, accompanied by Mrs. Wilson, showed films of Ireland to an interested group for the Family Night program at the Community Center on

June 24. Joe spent a year as an exchange student in Ireland.

On Monday of this week Mrs. Wesley Carr left for Dumont, planning on spending most of this week with her parents, Mr. and Mrs. Charles Bailey. This is quite a special visit, as her brother, J. C. (Snooks) Bailey of California, and his family, are spending the week there. Other members of the Wesley Carr family planned to be there some time during the week.

Mrs. Elder Morris sends back word from California that she still takes the Hesperian and enjoys reading the news.

Mrs. Allen Gross has had several visitors lately. On Friday and Saturday her sister, Mrs. James Hartline, and son, Blake, from Brownfield visited at her home; and Mr. and Mrs. L. J. Fowler of Bovina, and children Nancy and Robert, were visitors this last Sunday. Mrs. Fowler is also a sister.

Although she is able to get away for occasional visits, Miss Pat Tucker is spending most of the summer as a student at West Texas State University in Canyon.

At the Palace Sunday, Monday, Tuesday Weave Laughter And Tears Into "Shenandoah," Civil War Epic Starring J. Stewart

"Shenandoah" is one of the finest and most sensitive pictures to come out of Hollywood this year - highlighted by an outstanding performance by James Stewart that is certain to make him a strong contender in this year's Academy Award race. While completely different,

Stewart's characterization easily is on a par with his performance 25 years ago in "The Philadelphia Story," which won him an Oscar.

Two of the key elements which make for excellent movies are laughter and tears - and both of these elements are woven into this Civil War adventure-drama with consummate skill by director Andrew V. McLaglen.

Filmed in Technicolor by Universal and produced by Robert Arthur, "Shenandoah" is a perceptively written original screenplay, by James Lee Barrett. It is basically a sensitive story of the terrible futility of war.

In 1863 and before the Yankees came, that good land of Virginia around the North Anna River was like a pasture of heaven. Practically every southerner in the area is involved in the raging Civil War except Charlie Anderson, played by James Stewart, who owns a rich, lush farm on the river. Anderson, a widower, has a large family consisting of six sons, a daughter, and a daughter-in-law.

With the sound and fury of booming cannon all around his farm Charlie remains "neutral," because of his aversion to slavery. But Charlie finds out that wars don't care who's neutral - they still affect everybody. A series of pulse-pounding incidents, including the taking of his young, neutral son as a prisoner of war force Charlie to really become involved - and makes for some of the most stirring drama to come out of Hollywood in a long time.

In addition to Mr. Stewart's wonderful performance, a brace of youngsters playing key roles, give inspired portrayals. Each one is a gem of proper casting. Doug McClure was lifted right out of his regular starring role in "The Virginian" TV series to portray a Confederate officer who marries Stewart's daughter, played by newcomer Rosemary Forsyth, making her film debut an auspicious one. Their tender love scenes are a highspot of the film. For two years Universal trained Miss Forsyth before casting her in a screen vehicle, and the careful tutelege is apparent in the meaning and sincerity she imparts to her performance.

To play Stewart's sons producer Arthur rounded up Glenn Corbett, star of the "Route 66" TV series; Phillip Alford, who was so outstanding in "To Kill A Mockingbird"; Patrick Wayne and Tim McIntire, sons of John Wayne and John McIntire; Charles Robinson and James McMullan.

The photography is as eye-catching as a picture postcard. William Clothier, twice nominated for Academy Awards for photography, did a masterful job of handling the color cameras, especially the big battle scene, which explodes upon the wide screen with a savagery and fury seldom matched before. Frank Skinner, one of Hollywood's leading composers, has written a hauntingly beautiful music score for "Shenandoah," and utilized as a theme one of America's great folk songs titled "Shenandoah."

Tornado... or cyclone... anyhow real windy... hit Milton's Place!

TORNADO, CYCLONE ... or something worse hit the Milton farm southeast of South Plains last week, and a rain of two inches wound up the ordeal. The storm scattered the hangers which were located on the side of the big barn, but left the planes. One plane belonged to Doodle's neighbor Kenneth Bean. Both planes suffered flap damage as the posts inside the hangers were ripped

from the ground and they hit the flaps as they flew off with the hangers. At left Kenneth points to sack under the wheel of Doodle's plane. Doodle said the plane must have come off the ground, since the sack wasn't under the wheel before the storm. Left of center picture shows hangers scattered across grain sorghum field, right of center picture shows Bean's

plane and huge barn that was almost destroyed. Two trucks were in the barn. Right picture shows Doodle, who got in to see if the motor would start. His propeller spinner hub

was damaged, but the motor burst into life. Doodle and Kenneth ordered new flaps out of Plainview, put them on and flew the planes into Plainview for a check-up.

Chadwick Completes Midwest Tour Without Official Defeat

Chadwick and Jimmy returned this week from a tour of midwest races. Last month and came about taking official defeat.

strip did not count this as a defeat against Chadwick. At the time each had won two races. A week later Chadwick's Chevle beat the Ford three runs in a row.

While on tour the two went through the GM proving grounds and test tracks, saw advanced styles, cardesigns of the future, and also saw a similar installation at the Plymouth plant.

At Detroit, Chadwick's Chevy was raced against Dick Housley in a factory sponsored Plymouth. Housley is a national record holder. Each of the competitors had won one race and then rain stopped the run-off. At Cleveland the Chevy was pitted against the Dick Brannon Ford.

The weekend of July 10 Chadwick will race a Fergus Ford in San Antonio and Sunday, July 11 he will race against Hayden Ford in Abilene.

This past weekend, on the way home, the team stopped at Amarillo where the Chevle defeated the Fenner-Tubbs Plymouth and a Ford and another Chevy in a class termed "Run What You Brung". First place was worth \$500 to the locals.

Around August 1 the crew will begin another month's tour to the Midwest and will be at some of the same tracks as they were on during June.

According to Oden the toughest competition on the trip was at Amarillo. The top time on the trip was 10.88 at Cleveland and a speed of 131 at Detroit was the tops.

Everyone the crew raced against in the Midwest was a factory paid driver, whereas the local crew does this type thing as a hobby. Reception at the race tracks was tremendous. The crew was invited back to the track by officials at every place

Nephew Of Floydada Man Helps India Increase Yields

Bedi Singh, a farmer from the state of Punjab in Northern India, travelled more than 100 miles to bid farewell to an American agricultural advisor, George Chesnut Knierim, who was leaving for an assignment in Turkey. The advisor ranks high in the esteem of Singh, who has one of the best wheat crops in Punjab. Knierim is the nephew of E.B. Chesnut of Floydada.

Knierim's stature (he's 6 feet tall and weighs 195 pounds) has nothing to do with the respect he has won from Singh and many other farmers in India. Serving with the Agency for International Development, the agricultural expert from Texas won their respect by teaching them how to increase their farm yields.

GEORGIE C. KNIERIM

acre wheat yield on his 250 acre farm from 18 to 30 bushels by using improved farming methods. He and scores of other farmers are grateful to Knierim and other AID technicians for helping them raise their standard of living.

Knierim began his AID work in India six years ago at the isolated village of Mudhol, 350 miles from Bangalore in the state of Mysore. It was there he made "water walk, not run" and showed the local farmers the ways of contour irrigation—before unknown in India—to raise farm production.

The new system of irrigation introduced by Knierim at Mudhol bears the name of Mysore System of Soil and Water Management. Today many Mudhol farmers have given up the old methods of wild flooding of fields, resulting in enormous waste of water and soil erosion. Contour irrigation helps insure uniform and economic distribution of water. Farmers now use only the required amount of water; they use it only when it is needed.

This method has resulted in an average 15 percent increase in farm yields. It is effective, even on poor land, to grow jowar (a sorghum), cotton, wheat, castor beans and hybrid maize.

The modest Mudhol experiment has subsequently developed throughout the country. All state governments now are popularizing contour irrigation to conserve soil and increase agricultural production.

Knierim has been with the foreign aid program for the last 10 years - two years in Nepal and two years in Iraq before he went to India. Official recognition for his work in India came in 1963 when AID conferred on him the Award for Meritorious Service.

Before entering foreign service, he lived in Arizona. From 1945-1954, he was an agriculturalist and farm manager with the Sacaton, Ariz., Research Station of the U. S. Department of Agriculture. For one year he was vocational agri-

Philosopher Confused, Gets Viet Nam Rainfall Report

Editor's note: The Floyd Philosopher on his Johnson grass farm apparently has gotten a weather report from Viet Nam, his letter this week indicates.

Dear editor:

culture teacher at Chandler, Ariz., High School.

Knierim was born in Floyd County and attended high school in Lockney. He graduated from West Texas State College in 1938 and received a B. S. degree in agriculture from New Mexico State A & M College in 1940. He then taught at Anthony High School, New Mex., for five years.

He is a member of the Nat-

When it comes to understanding the problem in Viet Nam, I leave the job to smarter people than me who have a lot more facts, and when one President after another from both parties says it's important that we keep on doing whatever it

is we're doing over there, I don't argue.

Maybe I ought to be ashamed to admit it, but news from Viet Nam to me in my ignorance is as baffling as a report on a national golf tournament. I see the headlines but the names are beyond me because I don't keep up with golf. I'm worse on geography, and I don't know any more about Viet Nam than I do Brooklyn.

But I did run across one small fact about the place the other day and I've been thinking.

According to this article, there are places in Viet Nam where the normal rainfall in November is 29 inches. That's right, twenty-nine inches. It

slacks off to eleven inches in August and thirteen in September, with scattered showers and thundershowers throughout the rest of the year, except for a few months when it dries up and the temperature gets unbearable. In the months when it rains every afternoon, everything bogs down, too wet to plow or drive a tank.

Now I'll tell you, a country's in bad shape when it has to plant a crop and fight a war between showers.

I know the free world has got to take a stand against Communist dictatorship, but it sure is unfortunate we couldn't have found a drier spot to do it on.

On the other hand, think what a snap a weather forecaster has over there. One of the few places on earth where, when he predicts rain, it rains every time.

Yours faithfully, J. A.

Cubs Take On Petersburg Champs Tonight

The Cubs, champions of the Floydada T-Shirt League have been challenged to a game by the Petersburg T-Shirt champions. That game is slated to today at 5:30 p.m. at the local T-Shirt ball park.

The Cubs went through the local league with only two defeats and played the all-stars here last Tuesday night.

Giants Win Over Dodgers

The Dodgers took a one run lead in the first inning but couldn't hold onto it as the Giants came back to win the game last week 11-7.

Probasco made the run in the first inning, but in the second Arney, Vinson, and Davis crossed the plate to put the Giants in the lead. Each team got two runs in the third and in the fourth the Giants gained two while the Dodgers were

Cubs T-Shirt Champs

In the Cubs final game of the season last week, they were pitted against the Pirates, who could have downed the club and thrown the championship into a possible tie, and eventually a championship for the Pirates, but the Cubs were not to be denied as they blasted the powerful Pirates 7-2 to gain the championship of the T-Shirt League.

scoreless. Neither team scored in the fifth but in the sixth each team got four runs to end the scoring and give the game to the Giants.

Pierce was the winning pitcher for the Giants and Joe Billegas and B. Billegas shared the mound for the losers.

Kirk McIntosh pitched 2 2/3 innings for the Cubs and Ruben DeLeon pitched 2 1/3 innings. For the losers Billy Nichols was the man on the mound.

The Cubs jumped to an early lead of two runs in the first inning, getting their first score when John Cagle drove in Randy Hale with a triple. Cagle was brought in when DeLeon singled in the first.

The Cubs held this lead until the third when the Pirates got Halley and Probasco across the plate to tie the score. However, this was to end the Pirates scoring. In the third the Cubs came back to tie the score when McIntosh and DeLeon crossed the plate. In the fourth the Cubs led the game with a score by Hale, Cagle and McIntosh.

The mighty Red Sox continued to roll undefeated through another week's play to make it nine wins against no defeats as they dropped the Braves 11-0.

The Sox started the scoring in the first when Lewallen Hale and Jay Jones crossed the plate. The team scored in the second third and sixth innings to ice the game with little difficulty.

Cardinals Take Giants 13-4

A nine-run inning in the first for the Cardinals put that team far in the lead to stay throughout the entire game last week as they blasted the Giants 13-4.

The first eight men to face the pitcher rounded the bases to score, and DeLeon scored again in the first to make the inning end with the score reading 9-2. The Cardinals rallied again in the second, this time for only four runs to end the scoring for that team. The Giants got one run in the fifth to leave the tally 13-4.

Southerland was the winning pitcher, going all the way for the Cardinals. Vega went 1 2/3 innings for the Giants, Pierce went 1 1/3 and Vinson completed the game.

Cardinals Get By Mets, 6-5

The Mets led the Cardinals for a short time when the teams played last week, but the Cardinals came back in the second to win the game.

After the first inning the score stood at 3-1, Mets. After two innings it was 5-5 and remained this way until in the bottom of the sixth when Parks rounded the bases to win the game with the score 6-5.

Selman was the losing pitcher and DeLeon was the winner.

Braves Down Indians, 4-3

In the Braves first game of the week they barely downed the Indians in a six inning battle that ended 4-3.

The Indians jumped into the lead when Rose and Anderson crossed the plate to make it 2-0. The Braves came back in the fourth to make it 2-2, but once again the Indians jumped into the lead in the bottom of the fourth when Villareal crossed the plate. In the fifth the Braves tied it up and went on to win in the sixth when Assiter crossed the plate.

The winning pitcher was Campbell and Olivarez was the loser.

White Sox Top Yankees, 6-3

In the final game of the season for the T-Shirt League teams, the White Sox came out on top of the Yankees 6-3.

The Yankees took a 2-0 first inning lead only to have the White Sox come back in the second with three runs. The Yanks were able to only add one more run, this in the fifth and final inning. The Sox gathered steam in the third with one run and added two in the fourth to end the scoring for that team.

Johnson, Lipham, Murray and Ware pitched for the Sox and Lipham pitched for the Yankees.

Colts, Dodgers In 13-9 Game

The Colts and the Dodgers were in a nip-and-tuck ball game that saw the lead change hands several times, but the Colts came out on top after a six run inning in the fourth.

The Dodgers took the lead with three runs in the first and another two in the second. The Colts got only one in the first and did not score again until the third when they got two runs. However, the third, fourth, and fifth innings were scoreless for the Dodgers but in the third the Colts got two, got six more in the fourth and added four in the fifth to make it 13-9.

Nichols was the winning pitcher and Switzer and Billegas were on the mound for the Dodgers.

FIRST NATIONAL - LHE

Junior League Lead In T...

The Junior League lead remained in a tie after last week's playing between the First National Bank and the Lighthouse Electric teams.

The Bankers lost to previously winless Matador last week, to be one game behind, but they came back later in the week to down LHE once again and remain tied for the lead.

In the game with Matador, First National took an early lead of 4-1 after one inning, but fell behind in the second when Matador rallied and got five runs across to make it 6-5. In the second First National got one run. Neither team scored in the third but in the fourth Matador got three runs to pull well ahead. In the sixth and top of the seventh, First National got one run across in each inning, but this wasn't enough to overtake the Matador lead. The game ended with the scoreboard reading Matador 9, First National 7.

Tim Rose went four innings for First National and Perez finished. Cox was the winning pitcher for Matador after relieving Bostick in the first inning.

In the LHE--First National game, the LHE team took an early lead, seeking revenge for a loss to the Bankers the previous week. Wester and Beard scored in the first for LHE and it wasn't until the second inning before Billegas and Perez crossed the plate for the Bankers to tie the score.

In the third each team scored

LHE 9, VFW 5

Lighthouse Electric stayed in a tie for the Junior League lead last week by downing VFW 9-5. LHE lost to the First National to put the lead in a tie last week.

Todd Wester and Larry Barbee led at the bat with three hits each. LHE was in control of the game after the second inning and were not threatened after that.

Joe Christian was the winning pitcher, and Robert Covington and Steve Pierce were on the mound for the losers.

Orioles Drop Pirates, 4-3

In the second game of the week for the Pirates they were unable to get back on the winning side as the Orioles took the victory 4-3.

Mark Smitherman with three innings was the winning pitcher, although the game was saved by Rance Young in the final two innings when the Pirates threatened. Billy Nichols was the losing pitcher.

The Orioles started the scoring in the first inning when Melvin Johnson, after hitting a triple, was brought in by Rance Young's double. Young also scored in the first to make it 2-0. In the bottom half, a home run by Jimmy Parker made it 2-1. In the fourth the Orioles scored again when Pat Rendon crossed the plate and once again in the fifth when Melvin Johnson scored.

The Pirates threatened in the fifth when Nichols and Hatley scored making the score 4-3, not enough to overtake the Orioles.

pitcher for the locals and Buck Smith started for Lockney.

The locals play the Lockney Pirates tonight at Lockney. Next Monday the Drillers host the Pirates, July 8 the locals host the Lockney Tigers and July 12 the season closes for the locals when the Drillers travel to Matador.

To win the league the Drillers must go undefeated through the rest of the season.

Tigers Blast Mets, 22-2

The battling Tigers continued to climb in the rankings last week as they blasted the hapless Mets 22-2.

The Tigers took control of the game in the first inning and never let the pressure up on the Mets nine.

Langston Williams went all the way for the Tigers and Selman, Patzer and Payne were on the mound for the Mets.

Kerwin Baxter In Summer Institute At Pennsylvania

ANNVILLE, PA. - Kerwin Baxter, a member of the faculty at Floydada High School, Floydada is one of thirty-one persons enrolled at an eight-week Summer Institute sponsored by the National Science Foundation at Lebanon Valley College. He began his work Monday morning, June 21, and will complete it August 13.

The purpose of the Institute is to design and develop laboratory experiments for secondary school advanced chemistry courses and first-year college chemistry courses. It is the first of its kind and draws its support from several program areas of the National Science Foundation.

The first phase of the Project will be an Institute during which time investigations of chemical systems will be made. The data resulting from these investigations will be used to design a series of experiments dealing with such concepts as activity coefficients formation constants of complex ions, and the relationship between enthal-

Sterley Methodist Church News

The attendance on June 27 was even ahead of the previous Sunday, within a few numbers of the resident membership total. Within recent weeks the air-conditioning for the church and community center have been placed in shape, and the church building given a thorough going-over from the standpoint of cleanliness. Miles Mooney, Mr. and Mrs. Elmo Reeves, and Joe Reeves have all been instrumental in this work, in addition to possibly others.

With Mike Mooney, who has done such a fine job, moving to the Lockney church, his place as treasurer has been taken by

Elmo Reeves. Hansel Sanders has replaced Gordon Derrell McAda as church lay leader. Gordon has also moved to the Lockney church. He has long been a channel for inspiration in the Sterley church.

This pastor was so cordially received in the last three regular Sunday services at the Lockney church, where he was guest preacher during the absence of Rev. James Carter, that it leaves a real after-glow in his heart. The enthusiastic singing, the evident interest of the people, the fellowship enjoyed, all make him glad that the Carters decided to take a much-

needed rest, and that he was permitted to "fill in" during this time, along with one service by Dr. J. E. Shewbert.

Reunion time is coming along. It seems that the Lord looks with considerable favor on His people meeting him in a reunion every Sunday, at church.

Housing Credit Available To Senior Citizens

Elderly people, if they live in rural areas, need not give up the idea of building, buying or repairing their homes on credit.

This word comes from Alfred A. Harrison, Farmers Home Administration county supervisor, serving Floyd and Motley Counties.

Harrison said citizens who are 62 years and over, living in a rural community of 2,500 or less, may be eligible for a 33-year loan bearing 4 percent interest to buy an older home or build a new one.

The FHA supervisor said elderly residents may also be eligible for smaller loans for home repairs.

He pointed out the increasing demand in small towns for rental units designed to meet the housing needs of older folks.

The Farmers Home Administration can loan direct funds to non-profit organizations for construction of senior citizen rental housing units designed for independent living.

Funds for construction of senior citizen rental housing units may also be provided by private investors with FHA guaranteeing repayment.

30 Farmers Home Administration has advanced \$5,586,876 to senior citizens for construction, buying and repairing of individual homes. The total loaned is up 17 percent over a similar period last fiscal year.

Additional information about the senior citizen rural housing loan program is available at the Farmers Home Administration office, 114 1/2 South California Street, Floydada, Texas.

\$750 CHECK--Past Lions President, Olin Watson, Jr., is shown presenting a \$750 check to Bill Cagle of the Floydada Baseball Association.

This amount is between 1/3 and 1/2 of the amount needed to build the rest rooms at the baseball parks. (Staff Photo)

Jo Christy Brown At TCU Summer Art Institute.

(FORT WORTH, June 30.) Jo Christy Brown of Floydada is among the high school students currently enrolled in Texas Christian University's annual Fine Arts Summer Institute. Sponsored by TCU's School of Fine Arts, the six-part workshop for high school talents includes string orchestra, drama, speech - radio - television, twirling and drum majoring, which began June 13. The honors band portion, beginning June 20 for a week, features Gene Witherspoon, director of bands at Arkansas Polytechnic College, serving as head clinician. Both orchestra and twirling-drum majoring programs are one-week long, with a second twirling section scheduled for July 11-16. Public performances by students enrolled climax the workshops. Approximately 450 students will have participated in the TCU activities by the close of the last portion of the Institute. Dr. Lawrence A. Hanley, TCU professor of music education, is the Institute's director.

The Republican

By Mrs. David Battey, Jr.
 LOCAL: The Floydada Young Republicans met Monday night, June 21, at the Community Room of the First National Bank. Election of new officers was postponed until a later date. Plans were made for a dinner and social in the near future. Time and date will be announced soon.
 STATE: There is statewide agreement that the congressional redistricting plan ap-

proved by the 59th Legislature is unconstitutional. Peter O'Donnell, state chairman of the Texas Republican party, states that many Republicans, Democrats and independents have urged him to continue seeking fair districts. Thus a court test will take place before the same three-judge federal panel in Houston that ordered in 1964 to redraw the state's 34 congressional districts on a "one man, one vote" basis. The court said if the legislature did not draw new districts by August, 1965, Texas would have at-large congressional elections in 1966--unless the court meanwhile decides on another solution.

STATE: Sen. John Tower has been joined by six senators whose states were represented at the battle of the Alamo in his efforts to regain the Alamo flag from Mexico to Texas. Co-signers of Tower's resolution seeking return of the flag which flew at the Alamo in 1836 are Sens. Clifford Case (R.-N.J.); Sam Ervin (D.-N.C.); Leverett Saltonstall (R.-Mass.);

FLOYD DATA
 Mrs. Wayne Webb and children, Marcus, Charles and Jayna of Arlington, Va., arrived by plane in Lubbock June 17 and are now visiting near Floydada with her parents, Mr. and Mrs. John A. Lloyd and other relatives. Webb plans to join his wife and children here about July 5. They also plan to spend some time in Childress visiting the Truman Webbs.

Strom Thurmond (R.-S.C.); Harry Byrd (D.-Va.); and Willis Robertson (D.-Va.). NATIONAL: About increasing the national debt limit from \$324 billion to an all time high of \$328 billion, Rep. John Baldwin of California, says, "Since we are at the peak of an economic cycle, it seems to me fiscally unwise for our Federal Government, at such a time, to be operating at a substantial deficit. If the Administration can't balance the Federal budget at the top of an economic cycle, when is it going to balance it?"

FLOYD DATA
 Weekend guests in the home of Mr. and Mrs. S. D. Medley and children included her mother and stepfather, Mr. and Mrs. J. F. King, Amarillo; her brother, Earl his wife and son of Santa Barbara, Calif., a sister, Mrs. Bill Morgan and family, and a cousin, Gilford Cox and wife, all of Lubbock.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON SEPTEMBER 7, 1965.
 SENATE JOINT RESOLUTION NO. 44 proposing an Amendment to Sections 2 and 25 of Article III of the Constitution of the State of Texas so as to provide for an increase in the membership of the State Senate from 31 to 39 members; to fix the membership in the House of Representatives at 150 members; to require apportionment of the Senate according to population; and to delete the limitation that no single county is entitled to more than one Senator.
 HE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
 Section 1. That Sections 2 and 25 of Article III of the Constitution of the State of Texas be amended to read respectively as follows:
 "Section 2. The Senate shall consist of 39 members. The House of Representatives shall consist of 150 members."
 "Section 25. The state shall be divided into Senatorial Districts of contiguous territory according to population, as nearly as possible."
 "Should the Legislature enact any enabling legislation in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature."
 "This Amendment shall become effective upon its adoption."
 Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the 7th day of September, 1965, at which election all ballots shall have printed on them the following:
 "FOR the Constitutional Amendment increasing the membership of the State Senate from 31 to 39 members, retaining the present membership of the House of Representatives, requiring apportionment of the Senate according to population, and deleting the limitation that no single county is entitled to more than one Senator."
 "AGAINST the Constitutional Amendment increasing the membership of the State Senate from 31 to 39 members, retaining the present membership of the House of Representatives, requiring apportionment of the Senate according to population, and deleting the limitation that no single county is entitled to more than one Senator."
 Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

STILL WATERS

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Who would guess that just out of sight there's a six-lane turnpike! Thousands of people drive past this peaceful place every day, and never know it exists. Occasionally, through a break in the sheltering trees, someone glimpses shining water and green pasture-land in the distance . . . then the road curves, and the lovely scene is forgotten.

Many travellers hurry along *life's* road with empty hearts and unseeing eyes, never realizing what the transforming beauty of the Christian faith could mean to them. Because they always expect to find happiness around the next bend, they overlook the still waters of spiritual peace.

In the quiet, hallowed atmosphere of the Church, God answers man's deepest needs. Through prayer and worship, our souls are strengthened and restored. And when we continue our journey, we are not alone. God is with us.

Card Of Thanks
 May we take this means of
 thanking our friends and nei-
 ghbors and also the Fire Depart-
 ment who came to our aid dur-
 ing the fire at our home last
 Thursday. All the help we re-
 ceived during the crisis is
 greatly appreciated. May the
 Lord Bless You.

CARD OF THANKS
 We wish to express to all our
 friends and neighbors our sin-
 cere thanks for all the lovely
 food and flowers and the many
 other acts of kindness during the
 death of our precious husband,
 daddy, pa-pa, and brother.
 We would send a special
 thanks to Brother Bradley, Roy
 Edwards, the Rebekahs, and
 members of the Oddfellows that
 saw to and carried out our ev-
 ery wish.
 Your comforting expressions
 of love and kindnesses will al-
 ways be remembered and cher-
 ished. We pray that God will
 bless you in such trying times.
