## Rotary Governor Addresses Local Club

of Floydada, Texas, acting governor of the Rotary district of this area, addressed the local Rotary Club yesterday during his official visit. The local club is one of 45 Rotary clubs Speaking of the global growth

of Rotary, he said, "Rotary is the pioneer of the service clubs and today numbers more than 12,000 clubs with a combined membership of 568,800 business and professional men. Spread throughout 127 countries in all parts of the world, Rotary clubs meet everyday of the week and conduct activities to improve their communities, aid youth, elevate business standards and further international friendship and understanding."

The district governor also conferred with Andrew McCulley, local Rotary club vicepresident, and Bill Hardin, club secretary, on matters of club administration and plans for future service activities.

Referring to the program of C.P.H. Teenstra of The Netherlands, president of Rotary International for 1965-66, the Rotary governor said, "Rotary clubs world-wide have been urged by President Teenstra to translate plans into action for the global advancement of the program of Rotary, He has also continued for its third year a program linking Rotary districts in different parts of the world as a means of encouraging Rotary clubs and individual Rotarians to understand one another better by working together on mutually helpful

projects." During his visit the Rotary official was given additional information on some of the local Rotary club's activities, including the annual Teacher Appreciation Banquet and student scholarships, awards and loans.

TEA FOR ANN WILLSON A tea honoring the governor's wife, Ann, was attended by the Rotary Anns in the home of Mrs. Andrew McCulley Wed-

nesday morning. Hostesses for the tea were Mmes. Floyd Bradley, Newell Burk, Tom Daniel, Henry Barber, Jimmy Seay, Vernon Parker, and Bill Hardin.

## School Registration Underway 2,300 Expected At Floydada

derway here Tuesday when the seniors at Floydada High School invaded the campus and began registration for the last time at Floydada schools, they hope. Approximately 82 signed up for classes that will

begin Monday morning. Wednesday the juniors and sophomores signed up for their classes and today the freshmen are in the process of registration. All other students will register tomorrow.

A peak enrollment of 2,300 students is anticipated at the schools compared with last year's 2,150. School will open next Monday, August 30.

ADDITIONAL STAFF Four new coaches have been added to the staff at the Floydada school. New basketball coach is Russell Berry from Comanche, who will assist in football coaching. Berry has been assistant coach at Howard Payne College in Brownwood. Two new assistant coaches in football are Robert Millican and Delbert Wylie. Ted Allen is the new junior high school coach. Joe Eddie Ellison of Silverton will be coach at Della Plains.

L. D. Golightly, Lakeview farmer, produced Floyd County's first 1965 bale of cotton scales at Floyd County Co-or Gin in Floydada at 4:15 p.m. The first bale was pulled

from about 30 acres of dryland cotton that was planted April 28. It is estimated that the cotton will make a half bale to the acre. It is Lankart 611 and received its last rainfall on June

This is also possibly the earliest bale in this 22 county area of cotton producing counties earlier than this year's,

Ginner Ray Ferguson said the gin would pay 50¢ a pound for the first bale and \$50 a ton for the seed. The Floydada chamber of commerce will also reward Golightly with \$100.

Several cool season grasses are adapted for Floyd County. Some of the more common grasses are western wheatgrass, smooth brome, tall fescue, orchard grass, and peren-

nial ryegrass. The best time for planting these grasses in this area is from September 1 to March 15. Time of planting irrigated grasses within these ranges depends on the availability of irrigation water and the amount of ground cover desired the first growing season. For best results, dryland grasses should be planted in a dead litter cover or a mulch of cotton burs.

Oscar Golden, J. R. Belt Jr. who farm near Aiken and Herman King have each drilled or plan to drill acreage to some of these cool season grasses. These cool season grasses can be used in conjunction with warm season grasses to furnish

year around grazing.
The Soil Conservation Service, working through your local Soil Conservation District will be glad to work with anyone desiring further information on grass plantings and management problems.

## Wedding Vows Exchanged By Miss Lemons, Fiance

Wedding vows were exchanged Saturday evening at 7 o'clock by Miss Carla Grace Lemons and Owen Clark Gayley in the sanctuary of Cedar Hill Baptist Church. Rev. Leo Buschur of Plainview officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Carl F. Lemons of Lockney and Mr. and Mrs. Owen F. Gayley of Kane, Pa.

A white satin kneeling bench where the couple recited vows centered the nuptial area. The altar area, framed with branched candelabras holding white cathedral tapers, was adorned with large baskets of white gladioli and white bridal satin

Mrs. S. A. Decker of Amarillo, aunt of the bride, presented traditional wedding selections and accompanied Mrs. Ray Ford, vocalist,

Given in marriage by her father, the bride were a formal satin gown designed with a moulded bodice of Cluny lace featuring a cameo neckline bound in candlelight satin and full satin skirt swept into chapel train which was marked at the waistline by a butterfly bow. The bride's tiered veil of imported silk illusion was attached to a domed pillbox fashoned of small satin petals scattered with seed pearls. She carried a cascade bouquet of white orchids surrounded by yellow and white feathered carnations showered with satin love

Mrs. Edd Whatley of Plainview, sister of the bride, was matron of honor. Bridal attendants were Mrs. Charlton Thomas of Lubbock and Miss Nadine Cumbie of Plainview.

Attendants wore identically styled street length dresses of

yellow cotton satin. Their headpieces were of matching fabric with yellow tulle. They carried nosegays of white carnations.

Best man was Gordon Hollobaugh of Lubbock. Groomsmen were Bill Geary of Lubbock and Phil Lemons of Lockney, brother of the bride.

Appointed with crystal and silver, the serving table was covered with a cutwork cloth of ecru linen over yellow and centered with a traditional tiered wedding cake. Members of the houseparty

#### Suit Filed In Assault Case

A suit for damages has been filed in District Court by Tom Hutchins against Beryl Underwood as the result of a recent disagreement. Hutchins is the manager of the Floyd County ASC office and Underwood is a farmer living near Lockney. The suit is titled "Thomas J. Hutchins vs. Beryl Underwood, suit for damages in the amount of \$30,000."

The suit arose out of a disagreement over the amount of acres of grain sorghum Underwood had planted. On a second trip to the ASC office a heated discussion between the two men arose and Underwood reached across the counter in the office and seized Hutchins by the neck, according to reports.

Underwood paid a \$50 fine for aggravated assault but now Hutchins is seeking the \$30,000 damage from Underwood as a

result of the incident.

Explaining the political status of that young nation Law said that contrary to experience in some of the new nations of Africa, Kenya had a substantial political status. Freed from colonial rule by the British, the country has a form of government which functions well, patterned after the British manner. Some tribes in Kenya, however, are still bush people, Law said.

Law taught biology and chemistry in Floydada for four years prior to his appointment by the Southern Baptist Foreign Mission Board, Mrs. Law taught in elementary schools here for a

He was also pastor of the Lakeview Baptist Church for one year and assistant pastor of the First Baptist Church for the summer.

In preparation for mission service Law earned his bachelor of arts degree from Wayland and the bachelor of divinity degree from New Orleans, Louisiana Baptist Theological Seminar and also studied at Texas Tech.

Mrs. Law, formerly Maxine Guin of Plainview, received the bachelor of arts degree from Wayland and the master of religious education degree from New Orleans Seminary,

#### FHA Farm Tour Set Tomorrow

The Farmers Home Administration of Floyd County is conducting a farm tour on Friday morning, August 27th. Anyone interested in making this tour is invited to go along. The group will leave the Community Room of the First National

Bank, Floydada at 8:30 A.M. This tour is designed to inform the general public and to let them see at first hand what the Farmers Home Administration is doing in Floyd County toward keeping the farmer on the farm.

Alfred A. Harrison, County Supervisor, states that management is the key to success in farming. The farms to be visited have good sound farm management practices in operation and you will see the results of the most modern farm practices as encouraged by FHA.

A dwelling financed with FHA loan funds will also be visited. You may compare the comfortable home the family now enjoys with the dwelling formerly lived in.

The tour will be made by car. If you can furnish your car and take a friend or neighbor with you, it will be greatly appreciated.

The tour is expected to end by 12 Noon.

LEGAL NOTICE

The Floydada Independent School District will receive bids for the construction of a two class room frame building. Building specifications may be picked up at the school business offices.

Bids will be opened Thursday, September 2, 1965. The school officials reserve the right to accept or reject any and all bids.

Their parents are Mr. and Mrs. Guin of Plainview and Mr. and Mrs. W. C. Law of Roose-

A trapper was employed to take care of the bobcats and coyotes mainly in the northern and eastern portions of the county at a salary of \$225. This is \$25 more than he has been paid in the past.

Two condemnation suits were started by the court against two land holders east of town. The county is in the process of acquiring the right-of-way for a four-lane highway on Highways 62 and 70 from the city limits to four miles east of town. These landholders did not agree with the price the county has offered them for the land so a court will set the figure for the exchange of property.

The county also received \$37,157.76 from the state for the maintenance of lateral roads in the county. This amount is divided equally among the precincts. Each will receive just

over \$9,000 from this fund. According to Tax Assessor-Collector C. J. Payne, the county has a taxable value of \$18,-597,364 for 1965 and this figure will also be used for the 1966 budget. The county tax rate of \$1.40 will remain the same. Taxes levied by the county,

During the past four-year period, American Motors has sold more cars per dealer nationally than any other U. S. nameplate except Chevrolet, Ford and Pontiac. Is this town missing a bet by not having an American Motors dealership? More important, are you missing a bet? Before you answer that one, read

In the seven years, 1958-64, American Motors dealers increased the number of American Motors cars on the road from under 400,000 to over 2,500,000. During the same period they averaged 36.8% per year return on investment (including owner's salary).

Today, American Motors dealers are bullish about the future. For the '65 model year, Ambassador is way ahead of the entire industry with a year-to-year sales increase of 138%! They're selling cars and making money! We're looking for a high-caliber, successful businessman to head an American Motors dealership right in this area. The investment required is much less than for many a "big three" dealership of comparable size which has expensive truck and truck parts inventories. ## Peace Corps Test

County and area residents to offer their abilities to the Peace Corps will come at 9 A.M., Saturday, September 11, at Room 16A, Post Office Building, Lub-

The opportunity is the Peace Corps Placement Test, which is not passed or failed and you can't study for it. It measures general aptitude and the ability to learn a language. If, for example, test scores indicate limited language acquiring ability, the Peace Corps tries to place the applicant in an Englishspeaking area. The test is used by the Peace Corps only as a tool in the matching of volunteers and jobs. The Peace Corps application is the most important indicator of suitability for Peace Corps service. It must be filled out and brought to the exam unless previously submit-

Applicants should plan on about one and a half hours at the testing centers, unless they wish to take the Spanish or French language achievement test, which requires an additional hour.

Floyd County will be well represented at the District II Farm Bureau Convention - type program in Levelland, Friday, August 27. Miss Debra Brandes will participate in the elent find at 4:00 p.m. in the main auditorium at South Plains College.

#### At a recent meeting of the Community Charities several items were listed by the directors and personnel that worked with the clothing center this past year that would greatly im-

prove the center. It was noted that the work at the center was outgrowing the volunteer help available. As a remedy the group set up a potential budget, which will probably run \$750 to \$1,000

for a 10-month period to take care of an administrator. It was agreed that a starting place would be to find out from each church and charity organization as to their willingness to work in cash donations: Roy Edwards, First Baptist Church; Mrs. Mack Fowler, First Methodist Church; J. AUSTIN - Texas drivers will have an opportunity to test their driving skills before driving in the heavy Labor Day holiday

On Monday, August 30, the National Drivers' Test, which was originally broadcast nationwide just before Memorial Day, will be presented again on CBS Television. On most Texas stations the broadcast is scheduled between 9 and 10 p.m.

J. O. Music, General Manager of the Texas Safety Association, said the repeat of the Test is in response to the many demands from viewers who missed the program and those who want to take it again.

An estimated 26 million viewed the first broadcast which was presented by CBS in cooperation with the National Safety Council and Shell Oil Com-

Purpose of the test is to alert drivers to the necessity of developing new and sharpening old driving skills to cope with today's complex system of transportation.

Forms for taking the test may be obtained from Shell Oil Company service stations, or by writing the Texas Safety Association, 830 Littlefield Bldg., Austin, Texas 78701.

## New Officers Winds Facing Tough Opponents

winds are used to coming out on the long end of the win-lose column, the team is facing no easy schedule, judging from remarks made by Coach Bill Curry at the Quarterback Club meeting held last week.

The team is facing two AAA teams, two AA teams and a very strong A team in pre-conference play, plus taking on Class A Hale Center in scrimmage today at Hale Center.

The Owls play every team in the district except Floydada but from the scrimmage game the local coaching staff can get an idea of how the Winds will stack up in district competition.

It should be noted that Hale Center has more enrolled in high school than does Olton and almost as many as Lockney. The Owls are expected to play dress the team can expect to be

The coach stated at the meeting that although Post did not have a winning season last year, the team is expected to come back strong this year. The team was crippled from the time they left Floydada in the season opener until the close of the season last year.

He mentioned also that AAA Canyon, in the second game of the season and in the home opener, will be looking for revenge that has been building for two years. The Winds closed the 1963 season by downing the Eagles and dropped the team in the Buffalo Bowl last year.

Ralls is expected to be a district contender this season with a large line and tremendous speed in the backfield.

This year the Whirlwinds will travel to Tulia to try for the first victory over the Hornets in three years. The last two years the AAA team has given Floydada two of the worst defeats in its football history.

An open date between Tulia and Abernathy, the first conference game, will give the Whirlwinds a chance to recover from any injuries and put strategy together for district compe-

Dimmitt, a young team, made up mostly of sophomores last year, is expected to be much stronger due to the experience if nothing else. Coach Curry said, concerning the Dimmitt game this year, "We won't try to block any more punts." The Winds got two penalties in a row at crucial points in the game last year for roughing-thekicker.

Olton is the team that is picked by the district coaches to take the district. A large number of returning lettermen, including a four-year letterman at quarterback in the form of Joe Priest should make the Mus-

When Lockney and Floydada play November 5, it should be one of the feature games of the South Plains. Floydada didn't appreciate being downed by the cellar team in the district, but this year Lockney is loaded. As the season progresses one should be able to tell more about what to expect.

Last year's district cochampion, Friona, still has those big boys, particularly in the line, according to Coach Curry. The team lost its entire backfield, but they should still be strong.

All in all this year District 3-AA is one of the best balanced in several years. Once again this year the champion probably won't be decided until the final gun sounds after the last con-

TAX MAN SEZ:

The principal changes that Congress made this year in our tax laws was the reduction of excise taxes. Of course, any tax cuts benefit the taxpayer, but the manufacturer usually pays the excise tax. The tax cut will be passed on to the taxpayer through a reduced price on the articles that you buy. Most of us don't spend enough time keeping up with tax changes that affect us. There are usually several each year. We may not enjoy reading tax instructions but if we don't keep up with tax nges we'll miss a lot of benefits. Ignorance of your tax affairs can be costly. It's fine to have a good tax man but you should also keep yourself up to

## Connor Oden Named To Auto **Dealers Board Of Directors**

Appointment of Area Directors throughout the state to serve in conjunction with the Board of Directors of the Texas Automobile Dealers Association was announced this week by TADA President Jack Rieger of San Antonio.

From Floydada, Connor Oden of Oden Chevrolet Company was named to the post. His particular responsibilities will be to work with other TADA officials and to specialize in research that will aid the motor vehicle buying public and the automotive industry.

"The automobile long ago ceased to be a luxury," Tieger pointed out, "It is a necessity in our modern world, and franchised new-car dealers are sincerely concerned with making driving safer, more convenient, and more economical for our customers.

'Highway safety is a particularly important area for us," he explained. "We are especially proud of the number of automobiles loaned to schools for Driver Education by our

member dealers. Legislation also is a vital matter for dealers and the public alike. Automobile dealers throughout the country are proud of the success of their efforts in reducing the excise tax on new cars. It is on matters of this type, at the grassroots throughout Texas, that our area directors work, and their help is of inestimable value to our association and to everyone who travels Texas highways," Rieger concluded.

"Babysitters, who work in private homes regularly and are paid at least \$4 per week, are often forgotten when social security wage reports are due,"

"The law is very specific. port these wages to the Internal Revenue Service. Reports, together with social security taxes payable, are due within 30 days after the end of the quarter in which the wages were paid." Hutton emphasized that only cash wages paid domestic employees are to be reported. Wages in the form of room and board, etc., are not subject to social security tax. No report is required if the employee was not paid cash wages of at least \$50 in the quarter.

"Failure to make accurate and timely reports of wages paid to domestic employees can result in penalties and interest to the employer -- and loss of social security credit for the employee," Hutton added.

The Lubbock social security office has a free booklet available to employers of domestic help, containing information on proper methods of reporting wages. Copies are available at the district office located at 3428 Avenue H., Lubbock, Texas. Ask for booklet OASI-21. A representative of the Lubbock Social Security Office will be in Floydada on Aug. 31 and Sept. 7 in the Courthouse Room 106 at 9:30 a.m.

The Senate Labor and Public Welfare Committee, of which I am a member, has been re-viewing the War on Poverty program which has now been in effect for about a year. We are trying to improve this antipoverty program for the next year, to help the low income people of this country help themselves in the best way that we can.

In this committee, we have found out that there is one major drawback to the way the program has been run in the past, which has hurt the efficient

Clubs, and local churches. To allow a governor to kick these good people off a board and substitute his own political appointees or else threaten to veto a project, destroys initiative and interest on a local level. The threat of a veto and the resulting stifling of local selfgovernment is a major reason for the criticism of this program as a "political football". The manipulation of the veto power discourages the nonpolitical people on the local level of a county or a city. Another problem is that of delay. A governor has thirty days in which to veto a program after it has been approved by the Office of Economic Opportunity, and he can wait until the last day to make up his mind. Under the excuse of

administration of the antipoverty program. That problem is the governor's veto at the state level, of what are essentially local community programs at the county or city level.

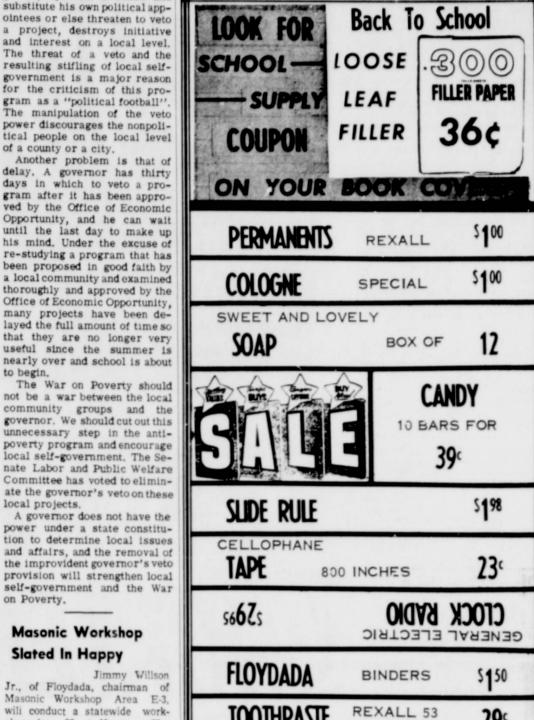

Besides the actual veto, the "threat of a veto" and the delay which this threat is causing these programs while waiting for a governor to make up his mind whether to veto or not to veto a project, can large-

ly cripple the War on Poverty. There are numerous reports of governors using the threat of vetoing a project either to get his political appointees on the sponsoring board, or to purge from the board people who have not supported the governor.
