Annual Farm Bureau Convention Set In Lockney Saturday

The annual Floyd County Farm Bureau convention will be held this Saturday in the Lockney Grade School Cafeteria...

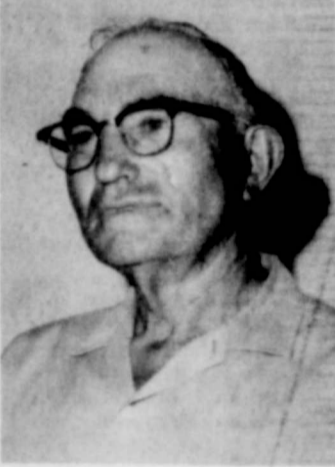

members will also elect four new board members to replace those whose terms expire this year...

The officers this year are Louis Pyle, president; Weldon Smith, vice president; and Ray Lloyd, secretary-treasurer...

response to the questionnaires that were sent out outlining possible new policy changes or resolutions has been very good.

VOLUME LXXXI FLOYDADA (FLOYD COUNTY), TEXAS, THURSDAY, OCTOBER 21, 1965 NUMBER FORTY-TWO

Heart Attack Claims Joseph Fortenberry

JOSEPH FORTENBERRY

Joseph Fortenberry, 66 year old native of Floyd County, succumbed to a heart attack Friday morning while rounding up cattle on his farm in the Cedar Hill Community.

Funeral rites were conducted Sunday afternoon in the First Baptist at Lockney. Rev. Robert Slaton, pastor of the Assembly of God Church in Cedar Hill, officiated and was assisted by Rev. Temple Lewis, former pastor.

Both the deceased and his wife are charter members of the Assembly of God Church in Cedar Hill. He was a farmer and for the past two years wrote the Cedar Hill news for the Floyd

AT HIGH SCHOOL

Student Leadership Conference Saturday

McIntosh Reports City Council Votes To Sponsor Airport; Takes In Rest Home

Jack McIntosh, head of the Floydada airport committee spoke to the local Rotary club luncheon yesterday and conducted a question and answer period after the talk.

ALMOST ONE MILLION DOLLARS

Banks Show Deposit Increase

Floyd County's two banks showed a substantial gain in deposits after receiving a state

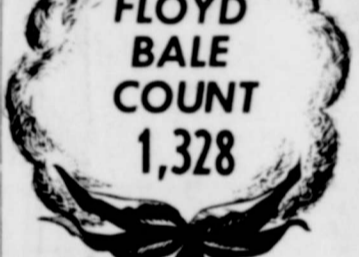

bank call as of October 13, 1965.

Lockney's First National Bank showed deposits of \$5,767,754.39 as compared to \$5,439,339.36 a year ago.

Floydada's First National Bank reported deposits of \$9,327,776.45.

This was a \$606,071.45 gain over last year. Floydada's loans were also up \$212,354.82.

They survive as does his wife; 11 grandchildren and nine great grandchildren.

Eighth Grade Loses; 7th Wins

The Floydada eighth grade team lost to Abernathy Tuesday night 16-0, but the seventh grade played an amazing 0-0 contest.

The games were played at Abernathy. Next Tuesday night the "Breezeers" will host the Slaton seventh and eighth grade football teams.

Whirlwinds Host Dimmitt Bobcats Tomorrow Night

The Whirlwinds, after losing to District power Abernathy last Friday, will attempt to rebound from the defeat as the team hosts the Dimmitt Bobcats here tomorrow night.

According to scouting reports, the Bobcats are "much improved over the team that was playing early in the season."

The Dimmitt lineup should include: Kent Lindsey at quarterback, weighing 140; Tony Young at halfback weighs 165; Joe Bob Sanders at fullback weighs 185; Ray Bradley at halfback weighs 135; Larry Hobrantsch at center weighs 190; Stanley Byrnes at guard weighs 150; Rodney Hutto at tackle weighs 165; Gene Carson at tackle weighs 160; John Howell at tackle weighs 179; Don Moore at end weighs 148; and Ronnie Kenmore at end weighs 145.

Bale Count Behind '64; Quality Up

Despite the fact that this is an early planted crop, harvesting of this year's crop still lags behind last year's, according to reports from the Lubbock Classing Office and the Texas Employment Commission.

Through last Friday, 1,328 bales of cotton had been ginned in Floyd County, whereas, on October 16, last year, 4,198 had been ginned and a total of 6,090 had been ginned on October 18, 1963.

Hale county's total as of last Friday is 915. Brisco has ginned 141 and Swisher has counted 95 bales ginned.

Cotton harvest activity on the South Plains picked up considerably during the past week because of the fine weather.

However, the weather this last weekend took a turn for the worse, as far as cotton harvest is concerned, and slowed the procedure somewhat.

The Lubbock and Lamesa Cotton Classing Offices of the USDA classed 9,400 samples during the week ending October

15th. This brought the total for the season to 16,600 samples.

This year's harvest continued to lag behind the harvest of last year because less cotton has been hand pulled this year. At this date last year 27,700 samples had been classed.

Four-fifths of the cotton classed at the Lubbock Office was in the White grades and the remaining one-fifth in the Light Spotted and Spotted grades.

In the White grades, Middling was the predominant gradewith 53 percent, with Strict Low Middling next with 12 percent. Strict Middling made up 11 percent of all cotton classed.

Average staple length improved greatly during the week and averaged slightly better than 1 inch. Two-thirds of all cotton classed was 1 inch and longer.

Micronaire readings continued to be very good but were not as high as the previous week. Ninety per cent of all cotton "miked" 3.5 and better, compared to 96 per cent the previous week.

Prices paid farmers for cottonseed ranged from \$45 to \$50 per ton.

Over 300 Expected

By Billy Stanforth. Something new for Floydada High, as well as for Class AA schools on the South Plains, will be the Student Leadership Conference slated for Saturday.

Sponsored by the Student Council, with the assistance of other organizations in high school, the conference is designed to teach the correct principles of leadership to present club or class officers, as well as other interested persons.

"Sixteen area schools have been invited," according to Miss Anne Swepston, SC sponsor. These are Friona, Dimmitt, Olton, Ralls, Abernathy, Lockney, Post, Crosbyton, Petersburg, Matador, Canyon, Tulia, Silverton, Hale Center, Della Plains, and Plainview.

The day's program will be highlighted with two general assemblies featuring addresses by Mrs. Joyce Brown of Abilene, executive secretary of the Texas Association of Student Councils; and Ann Armstrong, Monterey High School, State SC president.

Discussion groups concerning the duties of various officers, sponsors' duties, an introduction to leadership, teenage juries, and student tutoring; problem clinics; and swap shops will complete the day's activities.

Rande and Christy Brown will present a modern jazz routine during the first general assembly, and the Townsmen 3, a new local folk-singing group consisting of Dana Galloway, Jan Dyson, and Spike Wideman, will entertain the afternoon assembly.

Registration starts at 8:30 a.m., and the conference should end about 3:30 p.m. Lunch will be served in the cafeteria, and a registration fee of \$1 per student will be charged.

NEXT WEEK IN THE HESPERIAN

DOLLAR DAY BARGAINS GALORE

Salvation Army Drive Underway

The money and goods were received by Sanderson, Wichita Falls and Hale Center after each had suffered disaster as the result of tornadoes.

It was mentioned that people in these cities were still receiving relief and the figure quoted above could be quite a bit higher.

It was also mentioned that although it doesn't make headlines, when a person is hungry, or cold, or penniless, that is a disaster to that person.

Jim Lackey, of the local Production Credit Association office is the chairman for this year's drive.

Both the deceased and his wife are charter members of the Assembly of God Church in Cedar Hill.

Apparent Heart Attack Claims J. D. Cantrell

J. D. CANTRELL

J. D. Cantrell, who would have been 41 today, died Monday morning about 12:30 in Peoples Hospital of an apparent heart attack. Cantrell became ill Sunday afternoon at the family home in Floydada.

Funeral rites were conducted Tuesday afternoon in the Baptist Church. Rev. Floyd C. Bradley, pastor and Rev. Perry Threadgill, pastor of the Calvary Baptist Church, officiated.

The deceased was a native of Floyd County, born October 21, 1924.

He served three years in the Army Infantry during World War II and served in the battles of Normandy in northern France and the Rhineland in Central Europe. He was wounded on three different occasions.

Cantrell and the former Alma Rhea Owens were married September 30, 1946. He was a mechanic by trade and was formerly employed by Payne Implement before going into his own business.

Turner Promoted To Assistant PM

DOYLE TURNER

There have been two promotions in the Floydada Post Office following the transfer of Kyle Glover, who is now serving as Rural Route 2 carrier.

Elmer Doyle Turner has been made assistant Post Master effective Saturday, October 23, 1965 and W. O. (Bill) Baker has been made regular clerk upon the advancement of Turner.

Turner has been with the local office for the past 14 years, starting as career substitute city carrier on October 22, 1951.

Baker started with the local post office on July 5, 1957 as substitute city carrier working part time. He received his career substitute carrier appointment on June 25, 1960.

Tickets On Sale For Pancake Feed

Tickets went on sale this week for a pancake supper to be held just prior to and after the Floydada-Lockney football game here November 5.

The event is sponsored by the Lions Club, the tickets are being sold by the Boy Scouts and the money will go to support the Scouts and the Summer Baseball Program.

The pancake mix, the bacon, and other ingredients for the supper have been secured, and scheduled, the electricity will be furnished by the City Power and Light and the pancakes will be cooked on Southwestern Public Service griddles.

Last year's event was a big success, for several from Friona took the opportunity to eat at the pancake supper instead of stopping on the way to the game to eat supper.

Tickets will be on sale from the Boy Scouts until November 5 at 4 p.m. at which time the tickets may be purchased at the door.

All Lions working at the supper should be wearing the new vests that have been ordered by the local club.

Harvest Underway - Milton Harris is shown operating his new cotton stripper on the L. R. Rainbolt farm just northeast of Floydada.

Although the weekend rains delayed the harvest machines were again rolling in some of the cotton fields by the mid-week. (Staff Photo)

ular meeting November 1, at the First National Bank Community Room at 7:30 p.m. Their speaker for the program will be Charles Overstreet, a Floydada High School senior. Charles was selected to attend the Texas State Farm Bureau Citizenship Seminar at Huntsville last August. His talk will be based upon the theme of the seminar, "Americanism". All interested young people are encouraged and invited to attend. It is interesting to note there are now 8,500 YRS in Texas today, and 3,000 of them are of high school age.

STATE ELECTION: It would be good if all Texans would familiarize themselves with the 10 proposed constitutional amendments which Texas voters will see on the ballot November 2. They will be listed in this order:
1. SJR 24, increase ad valorem taxes with the money going to state colleges for buildings.
2. HJR 5, increase veterans' land fund by \$200 million.
3. HJR 81, allow the State Welfare Dept. to extend services to needy aged, disabled, blind and dependent children and thereby qualify for the federal medicare legislation benefits.
4. SJR 14, double to four years the term of office of governor, lieutenant governor, attorney general, comptroller, treasurer, land commissioner and secretary of state.
5. SJR 27, permit expansion of the teacher retirement fund.
6. HJR 11, provide for an \$85 million college student loan fund.
7. SJR 7, exempt from local ad valorem taxes organizations which spend at least \$1.5 million annually on free medical care for the aged.
8. HJR 57, provide for automatic retirement of district and appellate judges, and set up a judicial qualifications commission.
9. HJR 8, permit the legislative to set salaries of the lieutenant governor and speaker of the house and expand from \$12 to \$20 a day the allowance for legislators.
10. SJR 47, expand from two to four years the term of state representatives.

NATIONAL: Senator John Tower writes in recent correspondence, "I voted for the farm bill which passed the Senate on September 14, primarily because of the importance of the cotton section to Texas. I felt the wheat and feed grain sections of the bill were quite unsatisfactory, although provisions affecting our wool, rice and dairy interests will, I believe, prove helpful to those farmers and ranchers affected. I co-sponsored an amendment to the bill to insure a review of our entire farm program. Assurances were made by the majority leader that the President would announce shortly the formation of just such a study

group. I am hopeful the review, which I have long called for, will result ultimately in the return to a market free agriculture economy and a substantial reduction of federal government controls."

Senator Tower served as one of the floor leaders in opposition to the proposed repeal of 14B of the Taft-Hartley Act. Due to his successful efforts, along with Senator Everett Dirksen and others, it has been shelved until the next session. **SOME INTERESTING FACTS: OPERATION HEAD START** has become an expensive joke in Miami, Florida. Privately owned kindergartens in that area cost about \$20 per month per child. The government's program is running about \$26 per child per WEEK. Also at JOB CORPS Camp Atterbury in Indiana, the Indianapolis News reports that there are 600 camp employees and 440 enrollees.

HARMONY NEWS by Melvin Mathis
Sewing, Knitting Club Meets

HARMONY, Oct. 18 - Mrs. Mather Carr was hostess Monday for the Knitting and Sewing Club. Refreshments of coffee and cake were served to Mmes. M. D. Ramsey, Bob Hopper, Gail Alexander, Everett Miller, J. R. Turner, Monroe Schulz, Walter Hanna, R. B. Gary, and Chloma Williams.

The Home Demonstration Club met Thursday. Among those leaving Wednesday for a hunting trip for deer and elk in Colorado were the Everett Millers, Carrick Snodgrass, Bill Marrs and daughter Sandra, and Mrs. Irene Blackburn of Oklahoma City. When Carrick underwent surgery some years ago in Oklahoma City Mrs. Blackburn served as his nurse, and she has been a friend of the Snodgrasses since that time.

Mark Gross, who has been ill, is doing better. To correct a recent report, Mrs. Chloma Williams assisted as Mrs. McGlothlin gave a demonstration lately at the Lighthouse Electric in Floydada. Bill Carr, home over the weekend from trade school in Oklahoma City, was to return Monday of this week. He visited with his parents, the Wesley Carrs. On Saturday he called on his grandmother, Mrs. Mather Carr, attended the Abernathy game at Floydada Friday evening and spent Saturday night

Schoonvelt, Richard Owens, Brad Teague, Margie Fletcher, Linda Grigg;

with Raymond Thompson in Floydada. There were only 14 at Carr's Chapel Sunday School. Two of these were visitors. Gene Daniel of Blanco was with Jeanie Davis. The other visitor was David Carr, only a few weeks old, who came with his great grandmother, Mrs. Mather Carr, while his own parents attended church at Petersburg. The Joe Smiths of Amarillo visited over the weekend with

the Mar... Smiths. Their younger daughter had spent a week with the Buddy Smiths at Petersburg, and they came to take her home. James Becker reports rain began falling a few minutes before four on Sunday afternoon. He and some of his neighbors are hoping others will hurry up and sign with the FHA on the Sandhill-Barwise program for domestic wells, so that the engineers can get to work with their plans.

CAPROCK
(FROM PAGE 1)

When you start talking in terms of 100 billion dollars, this project sounds impossible. Yet, when you compare it to the billions we're spending on a trip to the moon...the water project makes a lot more sense.

DOWN AT Dublin, Texas they're still wondering about who put the \$100 bills in the mail boxes on routes 1, 7 and 8. The Dublin postmaster thinks the person is a woman. He says the script type of writing looks like a woman's hand writing...possibly right handed.

There is talk that the postal

department is going to lay a trap for the person who is leaving the \$100 bills and prosecute (him or her) for mailing letters without stamps. "Actually, forgetting the stamp is a very minor violation," the Postmaster Cowan. "Two of the letters containing the bills were picked up in the boxes by our carriers and returned to the office because they didn't have stamps. We stamped them '5¢ postage due' and the receivers got them after paying the postage, gladly of course."

Some Secret Service men from Dallas did come to Dublin to investigate the strange case. "They were only interested in checking the serial numbers of the bills to see if this was

stolen money," said Bill Cowan. "Apparently, it wasn't 'hot money' or the lucky folks wouldn't have been allowed to keep the \$100 bills."

MOST OF US would be delighted to pay as we go if we could only catch up from paying as we've gone.

THERE'S A PICTURE OF the famous bucking horse Jesse James in this issue of The Hesperian. He's quite a celebrity and he's taking a well deserved rest along with 42 other bucking horses who are out here south of Floydada under the care of Charles Chandler and his father.

The Chandlers weren't too happy when I was by there this week. It seems that this bunch of buckers had broken through the electric fence about four times and the chore of getting them back in the pasture was getting pretty rough.

The older Chandler said to me, "the owner of this bunch of horses is Hoss Inman of Lamar, Colorado and he told me that there's one good gentle riding horse in this bunch...but I'd sure hate to start riding them to find out which one it is!"

Lockney Rites Conducted For Mrs. Griffith

Mrs. Betha Aileen Griffith, 85, a resident of Lockney, died Monday morning in Lockney Hospital. She had been there for the past week. Funeral rites were held Wednesday in the West Hall of Christ in Lockney. Mrs. Griffith was born in Clyde, Tex., and was married to John Griffith on September 23, 1900.

Survivors include one son, John of Lockney; three daughters, Mrs. Elsie Kuhn, Mrs. Pauline Hagan of Ney and Mrs. Hazel Marshall of Hamilton; 15 grandchildren and 20 great-grandchildren.

Kitchen & Field News

Lighthouse Electric Cooperative, Inc.
Nancy Morckel and Mary Phillips

SHOULD A WASHER AND DRYER BE A REQUIREMENT FOR A HAPPY MARRIAGE? Money is the big problem of the many young American newlyweds. They are at an age when they are at the bottom of the job salary scale and at a stage in life when they need money the most to embark on a proper and happy married life.

The question is, "What to buy first?" Home economists who have examined the young family's problems thoroughly, suggest a washer and dryer be among the first purchases. They claim that proper clothing care will stretch the family clothing budget. Therefore, the investment in laundry equipment that will last on the average of 10 years is a wise use of money.

This may seem to be a great deal of money for a young couple to spend. However, it may be easier for you to acquire laundry equipment in the first year of marriage than afterward when you pile up many other expenses.

For example, about 50 percent of young American women are married at age 18 and have their first baby within a year of

marriage. Considering the expenses encountered after having the baby, — doctor bills, baby furniture, layettes, plus the increased food budget, — purchasing a washer and dryer before the blessed event arrives has great financial merit. Furthermore, it's a big help after the baby arrives.

Laundry equipment manufacturers are now following Detroit's example and coming out with compact models for the "space conscious" dweller. There is a compact electric washer, the size of a large coffee pot, which sets in a sink or tub. By water agitation, the electric washer tumbles four pounds of clothes clean in seven minutes.

The smaller of two new small scale dryers is 1 1/2 x 2 feet. It comes equipped with an automatic timer and handles a load of four women's dresses or six men's shirts. The only venting needed is an open door or window close by. The second model does the same size load as an ordinary dryer. It stands about 24 inches high and uses the tumble action of the large size dryers. A vacuum door leaves your hands free for loading it.

Mr. and Mrs. Corky Guffey attended a Convention in Pampa over the weekend.

Wiley Rogers and Edd Pollan went to Lubbock for the Tech vs. Oklahoma State game Saturday night.

For a good treat after school (or any time) try these:

- Butterscotch Brownies:
- 1 1/2 c. sifted flour
- 2 tsp. baking powder
- 1/2 tsp. salt
- 1/2 c. oleo
- 2 c. brown sugar (firmly packed)
- 2 eggs
- 1 tsp. vanilla
- 1 c. chopped pecans

Sift flour, baking powder and salt together. Slowly melt oleo in heavy saucepan; add sugar; bring to a boil, stirring constantly. Cool to lukewarm. Add eggs, one at a time, beating well after each. Blend in vanilla. Add flour mixture and nuts. Spread in greased floured 9x9x2 pan and bake in 350 degree electric oven for 35 minutes. Cool in pan and cut into squares.

Diner: "Waiter! This stew is terrible. What kind is it?"
Waiter: "The chef calls this his enthusiastic stew."
Diner: "Why?"
Waiter: "He puts everything he has into it."

NEW OFFICERS FOR FLOYD COUNTY HOME DEMONSTRATION COUNCIL — to serve in 1966. They are Mrs. Johnnie Cates, left, THDA chairman; Mrs. Bob Hopper, second

SOUTH PLAINS

SOUTH PLAINS, Oct. 18 — Sunday afternoon the dark, swirling clouds emptied about an inch of rain everywhere in our community, but this Monday the bright sun is shining in 59 degree weather. Rural roads were pretty muddy and school buses did not make their full rounds.

Among those who went to Floydada Sunday afternoon, October 17, for the 1934 Study Club's Annual Tour of Homes, beginning at 2:30 and going through 5:00 were Mrs. Rex Smitherman and Mrs. Kenneth Bean. The threatening clouds kept many people indoors Sunday afternoon.

Mr. and Mrs. Sylvia Kinniburgh and Beth went to Lubbock Saturday afternoon to spend the night and Sunday with Mr. and Mrs. Teddy Horne. Saturday the group celebrated the sixteenth birthday of Beth Kinniburgh.

Mrs. Leighton Teeple accompanied Mrs. Roy Burks to Dallas the past weekend where Mrs. Teeple visited with her daughter, the Rev. David Reddout family. Mrs. Burk spent the time among her four sons and daughters and their families in and around Dallas.

Mrs. Alvin Nichols visited at the Lockney Hospital Sunday with Mrs. Maud Brister who is getting along very well, and Mrs. W. L. Thomas Sr., who formerly lived at South Plains. She was 78 this Monday, and is seriously ill at the hospital.

The Kick-Off dinner for the Salvation Army Drive in Floydada will be held Tuesday and Mrs. Kenneth Bean is heading the drive in the South Plains Community with helpers Mrs. Philip Smitherman and Mrs. Rex Smitherman.

Mrs. Don Marble came home from the Lockney Hospital on Thursday, after she had spent several days there. Her mother, Mrs. R. L. Holland of Lockney, Va. flew home from Alexandria, Va. Saturday night. While there she spent some time with Nancy's twin sister, Mrs. Ed Musser, who has a new son, James Raymond, born Sept. 25, and weighing nine pounds. The Musser family have four boys, Bob, Tom, Bill and Jim. Mrs. Holland has been in Alexandria since Sept. 17.

Congratulations to Mr. and Mrs. Fred Marble on the birth of a little daughter, born Saturday, October 16, at six p.m. at the Methodist Hospital in Lubbock. She has not been named as of this Monday, but she weighed seven pounds. She has two older brothers, Mike and Kelly, and proud grandparents are Mrs. and Mrs. W. O. Tye of Floydada and Mr. and Mrs. H. L. Marble of South Plains.

Mr. and Mrs. Shelby Calahan, Randy and Jerry spent Sunday in Lubbock where they had dinner at Texas Tech with Beth in honor of "Dad's Day" there at the college. They returned home by way of Lockney where they visited her parents, Mr. and Mrs. Gilbert Bean.

Rev. and Mrs. Sealy Smith and children, and Mrs. Bryant Higginbotham went up to Canyon Saturday night where they enjoyed the football game at West Texas where they met with the State College.

Women's Missionary Union members met for an executive meeting at the Baptist Church at 2:30 p.m. with Mrs. L. T. Wood presiding. Plans were made for the years work from October on. Each officer of the WMU reported for her department. Mrs. Grigsby Milton and Mrs. Philip Smitherman served punch and cookies to all the GA's and ladies present. Present were Mes. Sealy Smith, Bryan Karr, Fred Fortenberry, Murray Julian, John Kinniburgh, Roy Burks, Grigsby Milton, Philip Smitherman, Nelda Mauer, L. T. Wood, Bob Reeves, Early Pritchett and Rev. Sealy Smith joined the group to give a wonderful talk of Christian living.

Mr. and Mrs. Price Pritchett of Canyon were visitors here Sunday with his folks, Mr. and Mrs. Early Pritchett and Stevie, and they were at morning church services at the Baptist Church.

Mr. and Mrs. Murray Julian had Saturday dinner at the home of Mr. and Mrs. Kendis Julian, Kristi and baby Mitzi, and her parents, Mrs. and Mrs. Poyner Roberts also visited them Saturday. Little Mitzi made her

home a hunter who had gotten ill while up there, and he brought him home to Snyder.

Kay Taylor, daughter of Mr. and Mrs. Ursel Taylor, is a new employee of Lighthouse Electric at Floydada, and is starting in her new position this Monday.

Mr. and Mrs. Ronnie Upton and children of Amarillo spent the past week end here with Mr. and Mrs. Raymond Upton. Ronnie took care of the Upton Grocery while Mr. and Mrs. Raymond Upton went to Denton. They visited with their son, Jimmy, who is a freshman at North Texas State College at Denton. Mrs. Harry Hartman kept the Post Office while Mrs. Upton was away.

Mr. and Mrs. Eugene Beedy and boys attended the Wilson family reunion which was held at the home of Eugene's grandmother, Mrs. W. B. Wilson, in Floydada, Sunday. Each family carried covered dishes to have at noon, and around forty were present. Mr. and Mrs. Bill Beedy of Claude were there. Eugene and family are leaving this Tuesday for Claude where, with Mark and Todd, they plan to stay until Sunday with the Bill Beedys on the ranch. They also are going to Spearman to visit Mr. and Mrs. Brad Beedy and boys.

Mr. and Mrs. George left Monday for... then this Tuesday they go on to Oklahoma City where on Wednesday Allergy Clinic there.

MONEY
can work for you...
with a **LAND BANK LOAN**

When you choose a tractor or a cowhorse, you do so with great care—to be sure it fits your particular need—that it will work for you effectively. When you need to borrow money, the loan should be selected with the same careful consideration. Here are some of the important things to look for in a long-term farm or ranch real estate loan:

1. The right to pay "on or before" without penalty.
2. A long-term loan with reasonable interest rate and payments geared to YOUR operation.
3. Convenient loan service with homefolk who understand your problems.

A Land Bank loan offers all of these advantages and more. See us for details on how you can make money work for you.

Homebuilders Meet In Home Of Mrs. Evans

Homebuilders Home Demonstration Club met October 12 in the home of Mrs. Raymond Evans. Eleven members and two visitors were present. Rollcall was answered with an inspirational quote, followed by Mrs. Shirley Race reading the minutes.

Miss Sherry Mullin, County HD agent, presented the program "What's New In Cotton". She showed a film from National Cotton Council and also showed samples of cotton fabrics that are now on the market. Mrs. Aubrey Russell, District 2 Agent, was present and she stressed that many of the materials had been developed through research that local cotton growers had contributed to.

Mrs. Elmer Norrell gave a demonstration entitled, "Wide Awake In The Middle Years". Each member received a telephone call list made up by Mrs. Donnie Race.

Refreshments were served by Mrs. Evans to Meses. Calvin Poteet, P. F. Bertrand, Ernest Kendrick, Ernie Widener, Floyd Fuqua, H. W. Roberts, Shirley Race, O. G. Mayfield, Aubrey Russell, Elmer Norrell and Miss Mullin.

YH To Sponsor Entry In Miss Cotton Contest

The Floydada Chapter of Young Homemakers met on October 7 in the homemaking department at Floydada High School. Reports of the Ladies Day at the Floyd County Fair were given. The chapter voted to sponsor Miss Vicki Gregory in the Miss Cotton Festival contest at Plainview on October 21st. Mrs. Bachus announced that two girls, Sherry Crutchfield and Marjion Wylie are working on their junior and chapter degrees respectively.

The program on Interior Decoration was presented by Jean Hale. Pictures of the different styles and periods of furniture were shown and discussed.

Members present were Clara Burns, Ann Carr, Jo Dunavant, Jean Hale, and Rena Turner. Mrs. James Bachus and Mrs. A. E. Baker the chapter advisors were present.

Mrs. Smith Autographs Book

Mrs. Lon V. Smith and Mrs. Ralph Johnston spent Monday in Lubbock where Mrs. Smith autographed copies of her book "22 Devotional Talks" at the Baptist Book Store, who is holding its open house this week.

The open house is being held until Oct. 24 in conjunction with the fourth Annual National Bible Week. Store hours are from 9 a.m. until 5 p.m.

Other special guests in the store Monday along with Mrs. Smith and her daughter were Mrs. J. T. Bolding, author of "Please Give A Devotion of Gladness" and two other devotional books and Mrs. Barbara K. Walker, author of "Just Say Hic!" and "Hilli and Dilli!"

Loraine Sellars, Ralls, spent Friday night and Saturday with Diane Harris in the Howard Harris home.

Floyd County Girls To Vie For "Miss Cotton"

Five Floyd County girls have entered in the "Miss Cotton" contest to be held Thursday night (tonight) in Plainview, opening night of the Hi-Plains Cotton Festival. The event is slated at 7:30.

Entries on Monday totaled 58 girls. From this area competing will be Mary Amber Frizzell, daughter of Mr. and Mrs. Jack Frizzell of Lone Star, sponsored by the Lone Star

Home Demonstration Club; Debra Brandes, daughter of Mr. and Mrs. L. B. Brandes of Lockney, sponsored by Lockney Young Homemakers; Vicki Gregory, daughter of Mr. and Mrs. Howard Gregory, sponsored by Floydada Young Homemakers; Judy Emert, daughter of Mr. and Mrs. Lon Emert, Dougherty, sponsored by Dougherty HD Club; Tomi-Beth Dycus, daughter of Mr. and Mrs. L. T. Dycus, of McCoy, spon-

sored by the Starkey HD Club. Contestants will be judged in street length party dresses made of cotton fabric and judged on poise, personality and over all appearance.

The winner will receive a gift and each contestant a memento of appreciation from the Plainview Chamber of Commerce. The sponsoring unit of the winner will receive a cash prize of \$25.

There will be no admission charge for the contest.

MEMBERSHIP CONTEST AWARD - was Mrs. Margaret Springer Friday her students, room 3B for having their parents from their room to join the members Association. The room had this award. Making the award is Mrs. W. P. Springer, PTA chairman and Mrs. Curtis Sinor, PTA chairman. Standing with Mrs.

Springer is Andrews Ward principal, W. P. Nicholson Jr. Four rooms tied for second place in the contest with 21 members each. These were rooms of Vera Meredith, Eunice Hardy, Alma Fulton and James Lovell. There is a total membership of 359 in PTA as of Friday.

(Staff Photo)

Home Demonstration Club Has Meeting

Home Demonstration Club met last week in the Community Center with Mrs. Howie as hostess. The meeting was answered with a devotion. Mrs. Curtis announced the meeting of the Community Center which has been scheduled for Thursday, (today) those attending are Mrs. Frankfurters and Mrs. Howie. Thanks was read by Roy Hale and also the family of Mrs. Howie. Mrs. Howie, chairman of the committee, passed members to draw for the party.

tergent to remove stubborn grease spots and lines on collars. Sherry Mullin showed a film on cotton fabric and pattern suggestions. She also passed out samples of cotton fabrics and explained the different textures, from stretch materials to cotton leather and improved corduroy.

Those attending the meeting were Meses. Bob Hopper, R. B. Gary, Truman Dunavant, Glenn Pool, Mather Carr, Horace Carr, Glenn Curtis, Walter Hanna, Roy Hale, Bob Ratjen, Sherwood Ramsey, V. D. Howe, R. C. Davis, J. R. Turner, Linda and Roy Dunavant and Miss Mullin, county HD agent.

Local Women To Attend YH Executive Meet

Mrs. Truman Dunavant of Floydada, Mrs. Eddie Joe Fortenberry and Mrs. Max Marble of Lockney will attend an executive committee meeting of the Area I Association of Young Homemakers of Texas Saturday, Oct. 23 in the Plainview Chamber of Commerce building beginning at 9 a.m. This is the first executive meeting for the fiscal year of 1965-66. Mrs. Doris Weil of Hale Center, area president, will preside.

Mrs. Dunavant is corresponding secretary, Mrs. Marble is reporter and Mrs. Fortenberry is state vice president representing Area I.

Other area officers expected to attend include: Meses. Larry Moyer of Friona, Marion Garland and Delbert Reed of Clarendon, Ben Holcomb of Dimmitt, Delton Stone of Abernathy and Jackie Parker of Plainview.

Darlene Mount In Choir For Convention

Darlene Mount, daughter of Mr. and Mrs. Doyle Mount of Floydada, is one of six students selected from Hardin-Simmons to sing in the choir for the 46th Annual Texas Baptist Student Union Convention held in Austin October 15-17. Baptist students from 70 campuses participated in the convention and the choir of 200 sang at each session. The choir was under the direction of Kurt Kaiser, director of Artists and Repertoire for Word Records.

DARLENE MOUNT

Social Aids Organization

A Silver Tea was held Friday evening in the home of Mrs. A. M. Taylor at 430 East Lee Street. The table was covered with a beautiful lace cloth and signs of fall were displayed in decoration.

Refreshments of autumn punch and cookies were served to guests attending. Mrs. Faris A. Wilson, homemaking teacher at Della Plains and Sandra K. Bonner, a homemaking student assisted with plans for the affair. This tea will benefit the Mt. Zion Baptist Church Senior Choir of which Mrs. Lucille Bass is president. Everyone attending expressed enjoyment at this social event.

Club Meets With Mrs. Evans

Members of the 1956 Study Club met with Mrs. Ronald Evans on October 12. Club Collect was led by Mrs. Norman Muncy and rollcall was answered by giving a simple way to beautify our country side.

An interesting talk was given by Mrs. Jim Boyd on land marks of liberty. Afterwards club members held a Chinese auction of white elephant gifts.

During business Mrs. Herman Galloway was voted in as a new member. Refreshments of pie, cracker sandwiches, olives, coffee and

cold drinks were served by Mrs. Evans to Meses. Eugene Beedy, Jim Boyd, Gary Carthel, Max Dyess, Ronald Evans, Ray Ferguson, Laron Fulton, Gordon Hambricht, Bill Hardin, Norman Muncy, Glad Norman, Bernice Parkey, Charles Reid, Don Shurbet, Roy Teague, Marvin Wells, and Mrs. Jakey Younger. The next meeting will be on October 26 with Mrs. A. C. Pratt, Mrs. Max Dyess and Mrs. Ray Johnson as hostesses. This will be a chuck wagon affair and all members are urged to come dressed in western wear.

MY COUNTRY COUSIN

A young rural housewife is really different from her city cousin. Rural electrification with its marvelous conveniences liberates her from drudgery, brightens her day, lightens her chores, and heightens her interest in the world around her.

The member-owned LIGHTHOUSE Electric Cooperative has helped erase the lines between city and "country". They are doing it with a first-rate electric utility they built themselves to serve themselves. In the process, the LIGHTHOUSE Electric Cooperative strengthened the rural economy, attracted new industry and provided a better, brighter life for its member-owners. LIGHTHOUSE Electric Cooperative is helping Texas grow.

LIGHTHOUSE ELECTRIC COOPERATIVE

First, Second In Football Contest Go Out Of Town

The first and second place winners in the weekly Hesperian Football Contest this last week are from out of town. They are Jim Reynolds of Lockney and Ronnie Traylor of Crosbyton. Bob Alldredge of Floydada copped third place money in the contest.

Reynolds put his skill to work and missed only one of the games listed on the page. That was the contest between Lubbock High and Borger which Lubbock won 23-7. He hit the total points on the head as he guessed 34 would be scored in Abernathy's 28-6 victory over the Whirlwinds.

Traylor missed only two of the contests, and guessed 48 points would be scored. He missed only the Texas Western-Wyoming game and the Texas-Arkansas thriller.

Allredge by guessing 38 points to be scored in the tie-breaker nosed out Mark Estes, also of Floydada, who said 47 would be scored in the game. Estes also missed only three of the games.

Wiley Rogers, of Floydada, missed three of the games, but failed to put a total score

for the tie-breaker. Therefore, he too, was out of the running for any of the prize money. The eighth contest of this season can be found in section B of today's Hesperian. You are cordially invited to join the fun and send an entry, or bring one to the Hesperian office today.

Absentee Balloting Underway

Although at the time of this writing no one had utilized them, the polls are open for absentee balloting on the 10 constitutional amendments set before voters November 2 of this year.

An amendment earlier, that would have increased the membership of the Texas Senate, was defeated by the heavier city vote.

The absentee polls opened October 11 and will continue open through October 28.

Those who will be out of the county on November 2, should go by the County Clerk's office and get instructions for casting a ballot by absentee.

FLOYD DATA

Mrs. Dick Breed of Dallas and Mrs. Ruby Myers of Lamesa were here over the weekend to visit their brother and wife, Mr. and Mrs. Travis Corley.

"Jesse James" World's Champion Bucking Horse

JESSE JAMES takes a rest at Floydada. Pictured above is the famed bucking horse Jesse James, who is now taking a rest along with 42 other bucking horses on the Chandler farm south of Floydada. The very valuable "bucking stock" is owned by Hoss Inman of Lamar, Colorado. They will graze here on milo stalks, pasture and wheat until January when they will be used in the Fort Worth Fat Stock show rodeo. This is the third winter the horses have been on grazing near

Floydada. Pictured below is Charles Chandler throwing some hay to the horses. . . . trying to give them a taste of the electric wire near the fence, so they'll learn that it is hot and quit breaking out. The Hesperian thanks Buren Cates for the loan of the top picture.

Rites For Mother Of J. T. Poole

Mrs. Lottie D. Wefer, 80, a resident of Ranger 19 years, died at 10:30 a.m. Saturday in Eastland Memorial Hospital at Eastland, Texas.

Funeral rites were held Monday in Killingsworth Funeral Chapel with the Rev. Robbie Hobbs, Second Baptist Church pastor, officiating. Burial was in Evergreen Cemetery at Ranger.

Weekend Showers Interrupt Harvest Season

Rainfall in various amounts fell in parts of Floyd County Saturday night and Sunday that interrupted the harvest of cotton in Floyd County only slightly.

Floydada received only .48, bringing the year's total in Floydada to 11.75, while Dougherty and Lakeview each received over 1.25 inches. Sandhill received .41 and South Plains recorded slightly less than one inch.

Before the weekend showers cotton strippers could be found in several fields of dryland cotton. The irrigated cotton is not mature enough for machine harvesting yet, and probably won't be for another month, at which time fields will be cleaned in a hurry.

School Suit To Be Heard

Judge James Ellis, district judge from Lubbock county will hear a suit entitled J. M. Willson et al vs. Ralph Johnston et al at 10 a.m. in district court here October 25th.

Willson has since withdrawn from the suit. The suit concerns a Complaint of Contempt against the Floydada Independent School District, and is complaining of alleged failure on the part of the School District, and its officials, to comply with the terms of the court's judgment in case No. 5057, the 1963 tax case, as to collection and adjustment of taxes on and by reason of the supplemental 1963 tax roll of personal property.

The case stated that on January 3, 1964 and December 9, 1964, the court rendered orders requiring the School District officials to add to its tax rolls, for the year 1963, all property found and described by supplemental renditions of property for taxation as found by the Master in Chancery appointed by the court and acting on court orders.

The plaintiffs allege "The above described judgment and order were prepared by counsel of record for defendants and announced in open court by the presiding judge; and each of said defendants is upon actual and constructive and legal notice of their terms and requirements. Said judgment and order of the court have been in full force and effect since their rendition and they are now the judgment of the court.

After Game Party Set At Jr. High

The after-game party this week will be held in the Junior High School Auditorium, although it is still to be sponsored by the First Christian Church. It was felt the Fellowship Hall of the church would not be large enough to accommodate the group so the plans were made to hold the party in the auditorium.

In the past, talent has been imported, but Friday night a local group, The Shadows, and a high school group of folk singers, called the Townsman Three will perform. The latter is made up of one local person, one Illinoisian and one New Jerseyan.

Pastor of the church, Darrell Fairles was quoted as saying,

COMMON SCHOOLS

Financial Statements Released

The financial statements for the four common school districts in Floyd County have been released by county school superintendent Clarence Guffee.

Those interested in receipts and expenditures of the districts are urged to check the statement found in today's Hesperian. The common districts are Lakeview, Dougherty, South Plains and Providence.

RAFFLE, TURKEY SHOOT PLANNED NOVEMBER 6, 7

All Quarterback Club members now have in their possession tickets for raffle and turkey shoot planned for November 6 and 7.

Philosopher Sheds No Light On Map Found Dated 1440

Editor's note: The Floyd Philosopher on his Johnson grass farm reports on a different angle in the Who-Discovered-America controversy.

Dear editor:

According to three different newspapers which turned up on the same day on this Johnson grass farm last week, a record so far, there is now some doubt whether Columbus was the first man to discover America.

As I understand it, some professors at Yale University have come up with a document showing two other fellows discovered America and drew a map of it years before Columbus came over. This has thrown the historians into a tizz and has made a lot of Italians mad. I was talking to a friend of mine about this who has a college degree and he said he had been thinking it over and had come to the conclusion it's possible the Yale professors have been the victim of a fraud.

His theory is that the map is fictitious, that it was drawn on worn-out paper and planted by present-day descendants of Columbus who had just as soon he hadn't done it.

"Discovering America seemed like a fine thing at the time," he said he could hear his descendants saying, "but now... well, we just don't know. Let's

25 Years Ago

(Oct. 17, 1940)

One thousand, 350 men registered for the US Selective Service from Floyd County between the ages of 21 and 36 the past week.

Council favors WPA sewing room.

Valda Sharon Muncy, three day old daughter of Mr. and Mrs. Robert Muncy, was buried Wednesday. The infant died Tuesday.

Floydada whirlwinds squeeze by Rabbits, 17-13.

Mrs. J. E. Newton of Dougherty and Mrs. Roy Snodgrass of Floydada were injured Wednesday afternoon when their automobile overturned north of South Plains. The two women were enroute to Quitaque for a funeral when a tire blew out causing the auto to overturn.

T. A. Rodgers, 67, for six years a barber in Floydada, died at his home here Monday morning.

Cline and Rainer opened their automotive service station and garage this week.

see if we can't shift the blame to Lief Erickson or somebody else for awhile."

I don't know that I go along with this theory, but you reckon if the Supreme Court hears about that map and believes it it'll throw out all the examination papers of everybody who went to school and passed American History by answering Columbus to the question, Who discovered America? Why I'll bet even everybody on the Yale

faculty would have to take first-grade History over again, or lose his teaching certificate.

I hadn't thought the Supreme Court could top some of its decisions, but when the day comes it rules everybody in the United States is uneducated, I'll take my hat off to it, if the weather is pleasant.

Yours faithfully,
J. A.

DOUGHERTY NEWS

Rain Falls Here

DOUGHERTY, Oct. 18—Rainfall reported from an inch to an inch and a half was general over the Dougherty and Antelope area, late Sunday.

There were 38 present for services at the local church Sunday. The Sunday evening service was cancelled because of the inclemency of the weather.

Mmes. F. M. Covington, J. T. Poole, W. J. Ross and Mr. and Mrs. R. H. Crawford attended the annual meeting of the Caprock Baptist Association at Matador Thursday.

Mmes. Cates, Edwards, Kreis, Ross and Smith of the Dougherty H. D. Club attended Floyd County H. D. Council Friday.

Mr. and Mrs. Bob Ross and Tommy attended homecoming at Patton Springs H. S. Friday evening.

Mr. and Mrs. Blackie Blasingame and children of Levelland attended Patton Springs homecoming and were house guests in the Bob Ross home.

Mrs. Ada Hinton visited in the William Hinton home at Happy and accompanied them to White Deer Sunday for a visit with the Harry Hughes family.

Vincent Smith of Silvertown visited in the C. A. Caffee home Friday.

Chun Jai and Meran Powell, of Plainview, were guests in the home of their grandparents, Mr. and Mrs. H. N. Powell Saturday.

Mrs. R. H. Crawford was the house guest of her niece, Mrs. Robert Walls in Lubbock over the weekend. Her sisters, Mrs. Merrill Harlan of Dimmitt and Mrs. W. D. Stokes of DeLeon were also guests.

Judy Emert, daughter of Mr. and Mrs. Lon Emert, will be a contestant in the Cotton Festival Queen contest in Plainview Thursday evening. Judy will

wear an all cotton dress of blue velvet. She is sponsored by the Dougherty H. D. Club. Rules of the contest specify contestants must be ages 14 thru 17 and fathers must be engaged in cotton producing industry.

Mr. and Mrs. Neil Langley and Andy of Liberty were Sunday guests in the Bob Covington home.

Mrs. R. D. Holly accompanied by her mother, Mrs. Warren and sisters Mrs. Brooks of Roaring Springs and Mrs. Bear-den of Floydada were Plainview visitors Wednesday.

B. F. McIntosh Jr. of Dallas visited in the Weims Norman and Jack McIntosh homes over the weekend.

Mrs. Weims Norman assisted by Mrs. Kenneth Poole and Mrs. W. J. Ross will be taking contributions for the Salvation Army this month.

Mr. and Mrs. Wayne Rainwater and children visited in Ralls Sunday.

Wayne Cage of Tech visited at home during the weekend.

Mrs. Lois Howard of Wichita Falls visited in the home of her nephew, Wayland Jones and family Wednesday and Thursday.

HELLO WORLD

Mr. and Mrs. Louis Bearden of Floydada are parents of a son, Michael Lynn, who was born October 7 in Lockney General Hospital. The baby weighed eight pounds and six ounces. He has an older sister, Cheryl Denise, age six and a cousin who resides in the Bearden home, eight year old Judy Ann King. The father is employed by Davis Farm Supply.

Grandparents are Mr. and Mrs. Percy Johnson, Paducah and Mr. and Mrs. Nat Bearden, Earth.

John Tower Newsletter

During recent weeks the Congress has been especially concerned with the question of Home Rule for the District of Columbia. This question of Home Rule for our nation's capital is an exceedingly complex and emotional matter.

Unfortunately, rather than being considered dispassionately and calmly, it has been considered incorrectly as a matter of civil rights and voting rights and freedom of choice and a dozen other catchphrases and principles upon which all Americans agree.

What must be remembered is that the District of Columbia is unique in America. It is not just another city or just another state. It is the capital of all America. It is the seat of the government that investigates, legislates and operates for all Americans.

The national government was moved to the District of Columbia with the specific intent of removing it from normal status. It was moved after the State of Pennsylvania was unwilling or unable to protect the Congress against mobs and demonstrations in Philadelphia.

This intended uniqueness of the District was carefully provided for in our Constitution which gives the nationally-elected Congress sole authority to legislate for the nation's capital.

Of course, Congress has an obligation to govern the District well, and the overwhelming evidence is that it has done just that. Of course, residents of the District have citizen's rights, and a Constitutional amendment has granted them the right to vote in Presidential elections.

But, the rights of citizens of the District of Columbia—residents of the national capital purely by their own choice—do not and must not override the rights of the citizens of the nation. The District of Columbia does not belong only to its often-temporary residents. The District of Columbia belongs to all Americans.

Therefore, the final governmental decisions for the District must remain with the elected representatives of all Americans—the Congress.

Improvements can be made in the way our nation's capital is governed. Its schools and streets and law enforcement can be improved. Local participation in its affairs can be increased. But, its unique status as the property and responsibility of all Americans should not be circumvented.

WRECKED GYRO-HELICOPTER *****
Impossible Ordinary To David Badgett

IMPOSSIBLE has always been a challenge. At David Badgett, he believes he could do anything and his dentures and his are unanimous in their support. Right now, he is busy restoring a gyro-helicopter, built with his own

GYRO-HELICOPTER - David Badgett, of Matador, and nephew of Preston Badgett of Floydada, is pictured above in a gyro-helicopter he is rebuilding. He got the machine from Dr. Jack Jordan of Floydada and is restoring the machine. (Photo courtesy Matador Tribune)

Badgett is by trade an auto painter and is rebuilding and painting and damaged automobiles. He has taken completely demolished automobiles and restored them like new. He is a field of painting automobiles with everything he is exacting. He weighs that into a mixture of a certain tone or color. A set of scales so that they will register to a pencil mark on a sheet of paper.

He is metals, which he has his skilled hands to a supernatural degree. He is not secure a certain something he is repairing. He is in school in Floydada, Texas, where he is completely built a drag automobile. They made out of a discarded wing from a plane.

to Matador in March 1963. If Matador ever puts a man in space, it will probably be David Badgett, in a space ship which he has built because the idea challenged him.

There is a secret in his life, however. He has met an impossible condition. It was an electric guitar, which he wanted desperately to master, and failed. David Badgett will admit that he does not have any musical talent.

White Joins Air Force

Jerry Deen White, age 19, son of Mr. and Mrs. John R. White of 203 West Jackson Street in Floydada enlisted in the United States Air Force on 13 October according to an announcement by Staff Sergeant Clifton W. Harr, local Air Force Recruiter whose office is located at 1008 13th Street in Lubbock.

Based on the results of aptitude tests administered prior to his enlistment, Jerry selected and was enlisted in the Administrative Aptitude Index. Sgt. Harr stated that Jerry has been sent to Lackland Air Force Base near San Antonio, Texas where he will undergo his basic training. Upon completion, Jerry will be reassigned where he will receive his training and become a specialist in the Administrative field.

Jerry is a 1965 graduate of Floydada High School. He was also a member of the FFA for two years.

Local Man On LCC Development Board

J. A. Arwine, 522 W. California, has accepted a position on the Lubbock Christian College Board of Development.

The board serves as a liaison between the college and the community in which they live. The members also act as a direct college representative in their area. They help establish the policies and goals of the college. They help in recruiting students, distributing literature and catalogs about the college and take the lead in setting up public appearances of college groups and personnel in their home town.

It is composed of 350 dedicated men throughout Texas, New Mexico and other states across the nation. Arwine and his wife, Ethel, own the Arwine Drug. He and his son, Gene, both are pharmacists in Floydada. His other son, Joe Arnold, is a pharmacist in Lubbock.

Arwine is a graduate of North Texas University, Denton. "We feel extremely lucky to have a man of J. A. Arwine's ability working with us," said Dale Simpson, LCC's Director of Development. "We are sure that he will be a great asset helping the college fulfill the needs of the students of this area."

The prime project of the Board of Development this year is to take the lead in a campaign to double the number of

friends of Lubbock Christian College. The project is called "A Search for 5,000 Friends."

Last year 2,597 friends supported the college financially giving \$318,000 to the operating fund.

The board has adopted a campaign plan with these objectives: "to retain all active friends of the college, to win back old friends and to win at least five new friends each for the college."

Further Analysis Given Of New Cotton Program

LUBBOCK, Friday, October 15, 1965 - The House-Senate conference committee report now makes possible a more complete analysis of the new cotton program.

Still, it remains for the Secretary of Agriculture to issue the regulations and interpretations necessary to clearing up the law's more nebulous terms and provisions.

Loan value and payments are essentially as have been reported. The loan in 1965 is set at 21 cents per pound basis middling-inch at average location. It will be set at no more than 90 percent of the "estimated" world market price for the other three years of the program.

Price support payments will be made in 1966 at 9.42 cents per pound on the projected yield from domestic allotment (65 percent of effective allotment.) The Secretary of Agriculture will set the amount of this payment for each of the succeeding three years, but the combined loan value plus the price support payment must provide the farmer with at least 65 percent of parity on 87.5 percent of effective allotment. Parity is now 41.76 cents per pound.

Acreege diversion payments, in 1966, will be 10.5 cents per pound times projected yield from diverted acres up to 35 percent of effective allotment. Producers have the choice of diverting the minimum 12.5, 25 or 35 percent of allotments. After 1966 the Secretary is directed to set diversion payments at no less than 25 percent of parity on the acreage required to be diverted. He may require cooperators to divert less, but not more than 12.5 percent of their allotments after 1966.

Diversion payments on the mandatory diverted acreage and 35 percent of allotments apparently may be set by the Secretary anywhere between zero and 40 percent of parity after 1966.

One half of these payments may be made at the time the producer signs up to participate in the program. The other half will be made at the Secretary's discretion. This is one of the points awaiting the Secretary's decision before the total effects can be calculated.

The method of determining "projected yield," is also a point in question. The Conference report says: "Projected farm yield for any crop of cotton shall be determined on the basis of the yield per har-

vested acre on the farm during each of the three calendar years immediately preceding the year in which such projected farm yield is determined, adjusted for abnormal weather conditions, for trends in yields, and for any significant changes in production practices."

But, the report further stipulates that projected yield shall in no event be less than the normal yield as established under the current program.

This makes it clear that projected yield for 1966 cannot be below normal yield as already established for a farm. But it is not plainly spelled out whether the normal yield might be refigured in 1967, 1968 or 1969.

For an example of how the three permissible alternatives would affect gross income on a High Plains farm, assume the following:

1. 100 acre effective allotment
2. 500 lbs. per acre projected farm yield
3. 500 lbs. per acre actual yield
4. 18¢ per lb. loan value (300 points off middling-inch)

With these assumptions, the producer who plants the maximum permissible, 87.5 acres, would receive:

18¢ loan times 87.5 bales produced - \$7,875.00;
9.42¢ per lb. on 65 bales (projected yield from domestic acres) - 3,061.50;
10.5¢ per lb. on 12.5 bales (projected yield from diverted acres) - 656.25;
TOTAL GROSS INCOME - \$11,592.75.

If he plants 75 acres he would get:

18¢ loan times 75 bales produced - \$6,750.00;
9.42¢ per lb. on 65 bales (projected yield from domestic acres) - 3,061.50;
10.5¢ per lb. on 25 bales (projected yield from diverted acres) - 1,312.50;
TOTAL GROSS INCOME - \$11,124.00

Planting 65 acres, he would get:

18¢ loan times 65 bales produced - \$5,850.00;
9.42¢ per lb. on 65 bales (projected yield from domestic acres) - 3,061.50;
10.5¢ per lb. on 35 bales (projected yield from diverted acres) - 1,837.50;
TOTAL GROSS INCOME - \$10,749.00

It can be seen that gross income under normal conditions would likely be less with the greater acreage cut. To determine which alternative will

bring the best net return, each farmer will need to inject his own acreage allotment, yield, production costs, cost of diverting acreage to approved conservation practices and other factors.

Also, it is to be hoped that the market price for cotton will be above the loan value used here. This possibility will depend to a large extent on the how the Secretary handles CCC stocks, but it is generally thought that the Secretary has enough latitude to either bolster or depress market prices.

Reports are already being received that some landlords have notified tenants they will not rent in 1966. Presumably they have calculated increased income from the land by farming it themselves under the new program. Whether they are wise in this decision may depend on the Secretary's interpretation of the law, which says "The Secretary shall provide adequate safeguards to protect the interests of tenants and sharecroppers..." To date there is no indication as to what those "safeguards" might be.

Sale or lease and transfer of allotments between growers within a state may be permitted by the Secretary "if he determines that it will not impair the effective operation of the pro-

gram involved." The word is that such sales or leases will be permitted at least in 1966, subject to the following restrictions:

1. A two-thirds majority vote by growers in a county referendum before allotments can move across county lines (to be held November 23 this year);
2. Adjustment of transferred allotments from one farm to another when there is a significant

Amendment No. 7 Would Aid Sick Or Injured Too Poor To Pay

Poor people who are sick or injured will benefit if voters approve Proposition No. 7 on the ballot of the November 2 election.

Amendment No. 7 is worded so that it will affect only the Hermann Hospital Estate in Houston. Hermann Hospital Estate is one of the major charitable organizations in Houston giving free hospital and medical care to the poor.

Approval of the amendment would not cost the State of Texas anything. It merely exempts the estate from paying local taxes on its properties within Harris County. The major part of the local taxes are paid to the county, the City of Houston, and the Houston Independent School District.

The estate paid \$332,463 in taxes in 1964 to local government units, which would have been exempt if the proposed amendment were in effect then. This money could have been used to provide free hospital and medical care to poor people if it had not been paid out in taxes.

None of the governmental units which received these taxes opposed the approval of this amendment by the Legislature. The Hermann Estate was founded as a charitable trust by George H. Hermann, a rich Houston land developer, who died in 1914. After a modest beginning in 1924, Hermann Hospital Estate has grown to where it provided \$2,029,882 in free hospital and medical care for the indigent in 1964.

The Hermann Hospital Estate

Judge: "If I hear any further disturbance in this court, I shall have the person causing the disturbance thrown out of the door."

Prisoner: "Yippee, hooray, whoopee!"

NEW ATTENDANCE MARK SET AT SIX FLAGS OVER TEXAS

Six Flags Over Texas, nationally acclaimed historical theme amusement park located in Arlington midway between Dallas and Fort Worth, recorded 1,625,743 admissions through Sunday, October 10, topping the 1964 season attendance record of 1,622,566 visitors.

Another month and one-half remains on the Six Flags 1965 season with the Park operating on Saturdays and Sundays only until closing on November 28.

In announcing the new attendance record, Six Flags' founder Angus G. Wynne, Jr., president of Great Southwest Corporation, owner/operators of the popular tourist attraction, said "the success of Six Flags which has now shattered the previous season's attendance mark for the fourth consecutive year is a never ending source of gratification. It also is a challenging thing and one which we delight in accepting, for in order to maintain and increase Six Flags' popularity, we must put our best brains and talents to work each season for new ideas, rides, shows and attractions."

Six Flags, which opened in 1961, has now been visited by more than 6,500,000 people from every state in the Nation, and countless foreign countries.

operates a pay hospital in addition to its charitable facility, because it has been proven that a combination free and pay hospital can render better medical care to the indigent than one which is for free patients alone.

In the fiscal year ending September 30, 1964, Hermann Hospital gave medical care to 28,000 free and pay patients in the hospital and to 13,833 in the outpatient clinic. Of the 5,260 births in Hermann during that period, 40 per cent were free or at low charitable rates.

There is no known organized opposition to amendment No. 7 in Houston or elsewhere in the state.

COTTON

CONT FROM PAGE 1

difference in yields on the two farms;

3. Total cotton allotment for any farm to which an allotment is transferred by sale or lease can not exceed the farm acreage allotment for 1965 (excluding reapportioned acreage) by more than one hundred acres;

4. No sale of a farm allotment shall be permitted if any sale of cotton allotment to the same farm has been made within the three immediately preceding years;

5. No transfer of allotments from farms subject to a mortgage or other lien unless agreed to by the lienholder, and

6. No transfer of allotments between January 1 and June 1 of any year.

To qualify for diversion payments under the law, a farm will be required to devote to approved conservation practices an acreage equal to the sum of (a) the reduction in cotton acreage required to qualify for such payments and (b) the average acreage of cropland devoted to soil conserving crops or practices during a base period prescribed by the Secretary.

The Secretary may permit planting of guar, sesame, safflower, sunflower, castor beans, mustard seed, crambe, plantago ovato or flaxseed. The rate of payments would then be determined by the Secretary at up to one-half the payment rate otherwise applicable.

Producers may elect to apply to county ASC offices for additional acreage, produce cotton outside the program, and forego all loan and payment privileges. All cotton from the farm electing this route must be exported. The Secretary has a maximum of 250,000 acres that can be applied to all such requests in 1966. How they will be apportioned has not been announced, but they will be available only to the holder of an allotment in 1965 or his heir.

The 250,000 acres for this purpose is called "export market acreage reserve." For 1967, 1968 and 1969, the size of this export market acreage reserve will be the same if cotton carryover is reduced by as much as one million bales. Otherwise the export acreage will be cut in proportion to the amount the carryover reduction falls short of a million bales.

WAYLAND WILLSON LECTURES - Mr. and Mrs. J. M. Willson, Sr., who have endowed 21 colleges with funds for annual lectures, talk with the fall lecturer at Wayland Baptist College, Dr. Ernest M. Ligon, and President

Roy C. McClung. Dr. Ligon, from Union College, Schenectady, N. Y., spoke on "The Character Profile of Modern Youth" at the lecture series earlier this month.

County Agent's Corner

In an experiment designed by Texas A & M University to compare feedlot performance and carcass characteristics of young bulls and young steers, the bulls out-gained the steers and required less feed per pound of gain. The study was conducted at Texas A & M University's Coastal Bend Experiment Station, Beeville.

Bulls have long been recognized as being more efficient than steers or heifers in converting feed to meat. But bull meat has received price discrimination, dating back to when cattle were sold at more mature ages. From this, bull meat has gained the reputation of being tough, stringy and dry.

In the test 10 good quality Hereford steers and 8 Hereford bulls of similar breeding, age and weight were used. The calves were from the same herd and handled identically from birth to slaughter. The calves were fed for 182 days on a ration using ground grain sorghum and cottonseed meal as concentrates. Cottonseed hulls provided the roughage.

Both groups were started on a ration of 16 percent concentrates. The level of concentrates was gradually increased and was held at 80 percent for the last 55 days of the test. In the results of the experiment the bulls gained approximately 100 pounds more per head than the steers. The bulls consumed an average of 1.03 pounds more feed per day per body hundredweight than the steers. However, they required 50 pounds less feed to produce 100 pounds of gain on a market weight basis.

Daily gain in the feedlot was 2.82 pounds for the bulls and 2.26 pounds for the steers. The extra gain by the bulls more than compensated for the increased feed intake. Feed costs per 100 pounds gain in the feed-

lot for the bulls was \$15.74 and that for the steers \$16.32.

The Extension Cotton Committee met this past week and planned activities and demonstrations for 1966. Meeting on the committee were: Chester Mitchell, from near Lockney; Ray Lloyd, Dougherty; Zant Scott, Harmony; Albert Scheele, Providence and Gerald Lackey of Cedar Hill.

The committee selected Water Conservation as their major project for the coming year. Several demonstrations were planned by the committee to help carry out work in this field.

Several Floyd County farmers are getting a jump on the cotton harvest by applying a harvest aid chemical.

If a sodium chlorate desiccant is used 1 1/2 to 2 gallons per acre of the chemical should be applied. It should be mixed with 5-10 gallons of water if applied by plane or 10-20 gallons if applied with a ground rig.

Sodium chlorate desiccants include De-Pester Dropleaf, Niagara Leaf Dropper, Ortho Liquid Cotton Defoliant, Sheda-leaf, Chlorate-Borate and Ferti-Fall.

If Arsenic Acid is used the correct rate is 1 to 1 1/2 quarts per acre mixed with 5-10 gallons of water applied by plane. If applied by a ground rig 5-15 gallons of water should be mixed with the chemical.

FLOYD DATA

Mr. and Mrs. E. J. Barker visited with his sister, Mrs. B. A. James at Honey Grove, Tex., last week. Barker celebrated his birthday while there and was honored with a dinner by his sister on the 16th. The Barkers returned home late Sunday traveling most of the way in hard rain.

Mrs. Flanagan: was your husband in comfortable circumstances when he died?

Mrs. Murphy: No, he was half-way under a train.

Floyd Has 5 Rural Accidents In September

The Texas Highway Patrol investigated five accidents on rural highways in Floyd County during the month of September, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These wrecks accounted for an estimated property damage of \$2,665.00.

The rural traffic accident summary for this county from January through September of 1965 shows a total of 43 crashes. As a result of these crashes there were no persons killed and 23 persons injured.

The estimated property damage amounted to \$29,375.00.

November 29, 1965 is the deadline for applications for the next Patrol Training School. "Applications for the position of patrolman should be made as soon as possible," the Sergeant stated. Those who are selected to fill these positions have the privilege of knowing that they stand as the symbol of order in our society and are respected by all law abiding citizens.

"The work of the patrolman is challenging," the Sergeant

pointed out, "but the rewards are many. Each year there are opportunities for training in the constantly changing effort to curb the pace of increasing traffic accidents."

Full details on qualifications can be obtained from the nearest Department of Public Safety office or from any patrolman.

Shriver leads state's poverty program.

Reddy presents four all new cast-aluminum Ready-Lites designed for long life and lasting beauty. Ready-Lites are completely automatic — on at night off by day — and come equipped

with an outdoor weatherproof outlet for your convenience. You may pay for your Ready-Lite on your electric bill; take as long as 24 months to pay. See your Public Service Neighbor

* A READY-LITE KNOWS DAY FROM NIGHT

Demand more "big" in your big car. Insist on Dodge Polara!

Go ahead. Be rebellious. Demand more "big" in your big car. And get it at a price that won't take a big bite out of your budget.

By Dodge, you've got it. Polara! More "big." More "hot." More of everything other cars don't have.

Ever see the likes of it? Neither has your next door neighbor or the doorman at the

club or the parking attendant who can easily pick Polara from a lot full of "me, too" cars.

Polara's different, all right. Looks, drives, performs like the elegant piece of machinery it is. Complete with all these items that used to cost extra: Outside mirror. Padded dash. Variable-speed electric windshield wipers and washers. Backup lights. Turn

signals. Seat belts, two front and two rear. Insist on Polara at your Dodge Dealer's. A beautiful new way to break old buying habits.

Now! New Chevelle SUPER SPORT 396 by Chevrolet New Chevelle SS 396 Sport Coupe— with clean-sculpted all-new Body by Fisher.

Two new Super Sport beauties for '66—a hardtop and convertible —propelled by nothing less than the new Turbo-Jet 396 V8. This remarkably efficient power plant, with aircraft-type valves, deep-breathing ports and other design advances, develops 325 hp in the standard version. And you're welcome to order more—in a 360-hp version—if you're so inclined. Both Chevelle SS 396 models ride on a special flat-cornering chassis. A fully synchronized 3-speed transmission with floor-mounted stick shift is standard. Or you can order a 4-speed or Powerglide —also Strato-bucket front seats, center console and full SS instrumentation. Your Chevrolet dealer's is the place to see how all this feels from behind the wheel. He's a great believer in letting the customers handle the merchandise. See the new '66 Chevrolet, Chevelle, Chevy II, Corvair and Corvette at your dealer's ODEN CHEVROLET CO. 221 SOUTH MAIN FLOYDADA, TEXAS

acid. Ray Johnson at Johnson Pharmacy said actually ascorbic acid is what should be used in canning and never salicylic acid. Johnson said he felt that some housewives had become confused and purchased salicylic acid instead of ascorbic acid. The salicylic acid is extremely dangerous and should not be taken internally through canning process, Johnson said. Ascorbic acid is used for preserving, therefore this is the acid to use in your canning.
