# Cold Front Brings First Moisture Of Year To Area

## Weather Forecast States More In Sight

A cold front that moved in the Floyd County area Sunday morning resulted in the first moisture of the new year. The snows came late Tuesday night, bringing life-giving moisture to young crops and causing at least one traffic mishap. According to reports from the weather bureau, more of the same is expected to occur here and throughout the entire South Plains area through tonight and tomorrow. Wednesday the temperature hovered around the 30 degree mark, which resulted in a lot of the snow melting slowly, but Wednesday night the temperature was to drop to the lower 20's and high teens once again and more moisture is possible today.

## Eleven Families Of Newcomers Listed

The moisture was the first the young wheat crops in the county have received this year. The amount measured around 1 1/2 inches of snow, but the amount of moisture in that snow was not known at press time. County Agent Joe Wilson stated that the moisture can tide the dryland crops over for some time now. The moisture was badly needed and several irrigation farmers had turned the water into the crops earlier. Most of the wheat crop in the county is being grazed by cattle at this time, according to most reports. The freezing of the snow on the roads caused a pickup, on the way to a fire, to out of control and hit a highway sign near the wye in Floydada and caused a car to turn over, southeast of Lockney. The details on the pickup that went out of control were not available, but there were no injuries. It was reported that a highway sign, located on one of the islands south of the wye, was knocked down by the impact of the pickup. Another accident occurred southeast of Lockney, according to the Deputy Sheriff's office in Lockney. A car driven by Bobby Gilliland of Floydada overturned last Tuesday night. The car was reported to have made one complete flip and came to rest on its wheels. Benny Edmonds, a passenger in the vehicle, received a cut in the top of his head and remained overnight in a Lockney hospital. The names of other passengers could not be learned by press time. The car is reported to have gone off the right side of the road and overturned as Gilliland was trying to get the vehicle back onto the highway. As the cold front brought snows to the northern part of the state Sunday, and to the area to the south Monday, that coupled with what has been received here puts a large portion of the state under a blanket of white. As the snow melts, then refreezes roads will continue to be hazardous and a number of accidents can be expected.

## Post Office Receipts Decrease

The postal receipts at the Floydada Post Office, surprisingly, showed a decrease comparing 1965 with 1964. The total decrease was only 1 1/2 percent or a total of \$1,013.36. In 1964 the receipts at the post office totaled \$67,845.09 and last year the total was only \$66,831.73. However, this amount is still an increase over 1963, when the amount stood at \$65,683. The post office showed increases during the second and fourth quarters of 1965, but the first three months of the year showed a decrease of almost \$2,000. The quarter showing the most amount of business was the third quarter, July, August and September, when receipts totaled \$20,739.52. The one showing the least was the first, January, February and March, when receipts were only \$12,119.85.

### Library Board Reorganized, Bond Chairman

A Floydada man, Wilson Bond, was elected chairman of the Floyd County Library Board in a meeting of the group last Thursday morning in the main library at Floydada. Named secretary was Mrs. Kenneth Bean of South Plains.

Bond succeeds Mrs. Clyde Briley of Lockney, who has held the position for two years. New board members include: Robert Lee Smith, who replaces Mrs. L. B. Brandes in Precinct 2; Mrs. Kenneth Bean, succeeding Mrs. D. M. Cogdell in Precinct 3; and Miss Nell Swinson, replacing Weidon Harris in Floydada. Each will serve a three-year term.

Eight seats exist on the county library board - one from each precinct and two each from Lockney and Floydada. Holdover members from Lockney are Mrs. Gene Collins Jr. and Mrs. Clyde Briley.

Present for the Thursday meeting were Mrs. Collins Lockney; Mrs. Bean, South Plains; Bond; Miss Swinson and Mrs. A. T. Hull, librarian, all of Floydada. Next meeting is slated for Feb. 10 at the library.

## Poll Tax Payments Still Going Slow

According to records at the Tax Assessor-Collector's office here a total of 1,331 poll taxes have been paid in the county.

The office in Floydada reports that 1,271 have been issued here and an additional 60 have been sold by the office in Lockney.

For those who are unable to get to the tax assessor's office for some reason, there is an application blank for poll taxes on page 10 of today's Hesperian.

The Federal Judges who have heard the Texas Poll Tax Case are urging those who wish to vote in local elections through state elections, to pay their poll taxes to be eligible. A decision is not expected until after January 31, which is the deadline for paying poll taxes.

## 122,667 BALES GINNED

### Harvest In Scrapping Stage

The South Plains cotton harvest neared the scrapping stage in the northern part of the area last week, but continued going strong in the Brownfield and Lamesa areas, according to W. K. Palmer, in charge of the Lubbock Cotton Classing Office of the USDA.

Meanwhile, the harvest in the Floyd County area is virtually through.

According to the Texas Employment Commission in Plainview a total of 122,667 bales have been ginned by Floyd County gins. The TEC estimate for the 1965-66 year stands at 125,000, so the county is now 2,333 behind that estimate. The Plains Cotton Growers and Lubbock Cotton Exchange estimate for the county is 127,000 bales. Predictions earlier in the year set the production at around 92,000 bales. At first the September rains were expected to be more harmful than beneficial, but the result of the moisture caused the total production to be in excess of prior estimates.

As far as record crops are concerned, if this year's total production tops 127,000 it will be near the record of last year when that amount was grown in the county.

Also, according to the TEC report the four county area has ginned a total of 414,361 bales, of an estimated 419,193 bale crop.

Most local people believe the county crop will not reach that amount estimated, because of the vast number of dryland acres that received little moisture, until the four inches, plus, were recorded in September. Sample receipts at the Lubbock Office declined daily this week from 19,000 on Monday to 8,000 on Thursday, but receipts

continued at a seasonal high at Brownfield and Lamesa. Sample receipts averaged 5,7000 a

day this week at Brownfield and

Visitor Here Finds It Was A Good Friend

Holland Patton, an uncle of Mrs. Alton Higginbotham, was visiting relatives here last week when he heard the siren at the funeral home go off. He was visiting with the Roy Pattons at the time.

When the ambulances returned, and he noticed that an accident had occurred, out of curiosity he ventured across the street to the funeral home, where he found out from Edell Moore that Coy Butler had been killed in the wreck. Butler was a man Patton had worked with for 20 years. They were, until the time of Butler's death, working together for a railroad in Tucumcari, New Mexico.

wreck nine miles east of here Friday afternoon.

Mrs. Butler, who was a passenger in the car was taken to the same hospital where she was treated for numerous cuts and abrasions. She was released from the hospital Sunday.

Gerald Howard, Texas Highway Patrolman who investigated the accident, said the Butlers were traveling east on U. S. 62 when the accident occurred just before 2 p.m.

Howard said the truck-trailer, driven by Clyde Johnson of Sherman, was headed west and attempted to pass another truck. Apparently seeing the oncoming Butler car, the driver attempted to get back into his traffic lane.

Investigators said the car smashed into the rear end of the big vehicle, throwing Mrs. Butler out and pinning her husband in the wreckage. Johnson escaped injury.

County court records show that negligent homicide charges have been filed against Clyde Edwin Johnson, driver of the truck.

The City Police reported one wreck during the past week. The mishap occurred last Friday morning at the intersection of 5th and Crockett streets.

## Program Planned For Soil Fertility Day Next Month

At a breakfast in Lockney, sponsored by the Ft. Worth and Denver Railway, last week, a group of county farmers and businessmen met to plan the program for the 18th annual Soil Fertility Day, slated Thursday, February 17 in Lockney. The event is sponsored by the Ft. Worth and Denver Railway and the Lockney Chamber of Commerce.

The group decided to secure the Lockney Legion Hut, the place where the event has been held for the past few years. The people attending the planning session decided to try to secure Bill Lyle, John McHaney, Elmer Hudspeth, John Box, Lavon Ray, and Don Rummel.

Lyle is an irrigation specialist, McHaney is an economist, Hudspeth is a chemical weed control expert, Box is a fertilizer specialist, Ray deals with the quality of cotton, and Rummel is an entomologist.

Several suggestions were made for the morning and afternoon chairmen, but none were selected definitely.

Those attending the session included: Joe Wilson, county agent, Gene Probasco, Ewald Quebe, Joe Foster, Jack McIntosh, F. L. Montandon, Douglas Dege, R. C. Mitchell, Herman King, Pat Frizzell, Claude Brown, Macil Orman, Darrell Smith, L. N. Johnson, Bill Gunter, Edgar Hayes and Jedd Blessing.

## Polio Drive Slated For January 28

The annual Mothers March of Dimes is slated for the night of January 28, according to Mrs. Sammy Hale, chairman. Ed Wester is Floydada chairman and Barry Barker is Lockney chairman.

Members of the 1956 and 1962 Jr. Study Club will assist other mothers in the door to door canvassing between the hours of 7 and 8 o'clock. Residents are asked to please leave on their porch lights and business men are reminded to make their donations from the home the night of the drive, as this will be the only drive for polio, Mrs. Hale said.

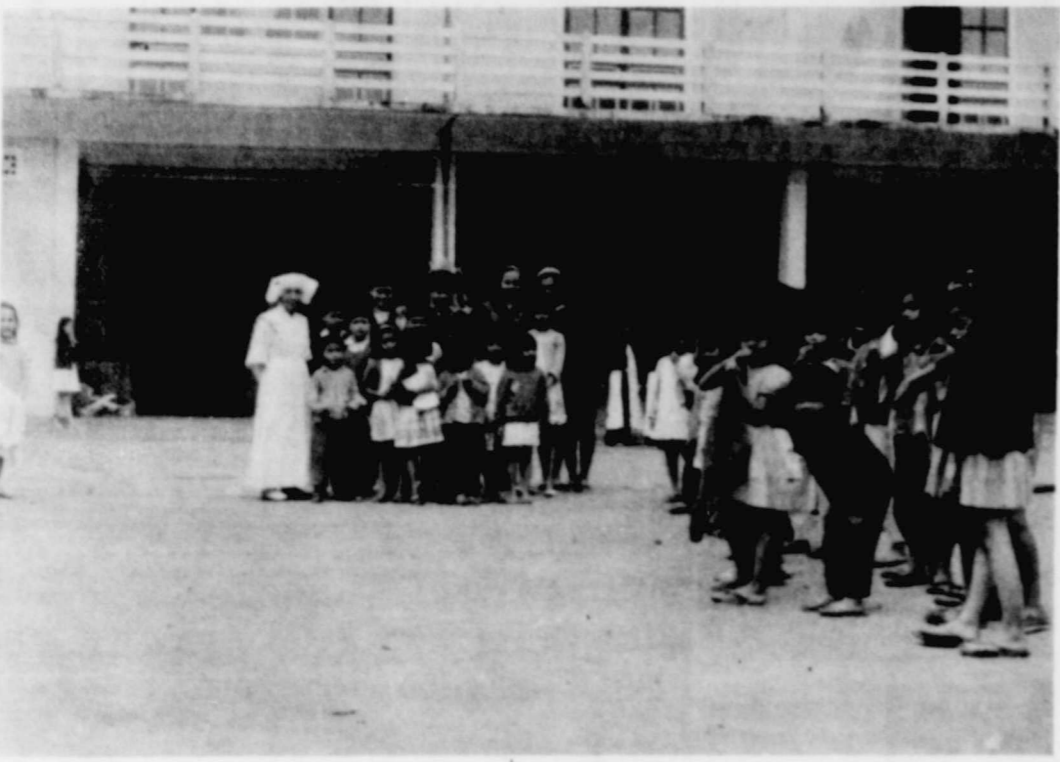

Any mother who has not been contacted to assist with the drive and who would be interested in helping are asked to call Mrs. Hale. Mothers will meet at Lighthouse Electric just prior to the drive for articles to be distributed.

Floydada's annual goal is \$1,000. Altho medical men feel that polio has been conquered, there are still patients who need assistance and for the study in research of birth defects.

ORPHANAGE IN VIET NAM - The above pictures were sent to Mrs. Betty Hines in Floydada from the orphanage in Viet Nam. The Methodist Church Kindergarten here, taught by Mrs.

**McPeak Distributes Gifts To Orphanage In Viet Nam**

(Editors Note) Just prior to Christmas the First Methodist Church Kindergarten packaged homemade cookies, toiletries and used clothing and sent them to Lt. Melvin E. McPeak of the Marine Corps in Viet Nam, who along with his battalion, distributed them to an orphanage in Viet Nam.

Below are two letters, one from McPeak, whose wife and children reside in Floydada as do his parents, Mr. and Mrs. Vernon McPeak, and the other is from Sister Marie Madeleine of the Orphan Home who received the gifts.

Both letters are addressed to Betty Hines of Floydada, who is teacher and was in charge in assisting the kindergarten class in the packaging of the gifts. Dear Mrs. Hines,

I received your packages on January 3rd and delivered them to Sister Mary Madeleine on the 4th.

Sister Mary was very pleased to receive the packages and I'm sure the children will be happy. Primary support for the Sacred Heart Orphanage come through projects such as yours and the efforts of United States military personnel in the Da-Nang area. My Battalion has undertaken projects for the Orphanage, one of which is to deliver packages received from home. We are attempting to purchase a stove with donation from members of the Battalion, from Sears Roebuck for the Orphanage. The only stove they now have is an old wood burning stove which is almost beyond use. We hope Sears Roebuck will help us on the project to include reduced shipping and purchase costs. When Da-Nang is quiet and not off-limits, many marines visit the Orphanage and take the children out in town or play games with them at the Orphanage. Da-Nang was off-limits during the Christmas holidays and the roads were closing. We had planned on giving a Christmas party on Christmas day for the children. Fortunately, by special permission, on December 28th, the Battalion gave a dinner at the Orphanage. We prepared and furnished the food. On December 28th, a Christmas party was given for the children. Toys, candies, and various other gifts from home and purchased by members of the Battalion were collected and given to the children.

The Orphanage has approximately 200 children ranging from age 5 up. The smaller children are located across the river. At present there are about 50 children in this Orphanage. I have yet to visit across the river but hope to before I leave Vietnam. The Orphanage has its own school. Your class may be interested in knowing that the grades run vice versa from the grades in America (Kindergarten, 12th, 11th and so forth. A student graduates from school after completing the 1st grade).

Sister Mary will be writing you a letter expressing her thanks. She is a very kind person, and even though she has a difficult task she is dedicated to the children and is doing a swell job. She appreciates any possible help, and believe me help is needed and well deserved. My tour in Vietnam will be up, I hope, in February and I should be going to Okinawa during that month to serve my remaining three months in the far east. If I can be of further assistance while I am here, I would be pleased to help. After my transfer, Master Sergeant Francis V. Becker, 1051505, U. S. Marine Corps of the same address as mine would be glad to assist in delivering other packages should your class undertake another project.

The war in Vietnam cannot be won by guns alone. Civic programs undertaken by the military to help the people and projects such as yours achieves impressive results and will be a major contribution towards winning the war soon, I hope. I hope I have enlightened you with the above information concerning the Orphanage. I'm sure your kindergarten children and their parents would like to know the children received the packages and would like to know something about the Orphanage.

I'm sure your class would enjoy having some pictures of the Orphanage and of the children. I shall have some taken soon and will send them to you. Again, if I can be of further assistance do not hesitate to call upon me. Let me thank you for your interest in the Sacred Heart Orphanage. I assure you that helping the Orphanage is a worthwhile project and is sincerely appreciated by the sisters and children.

Sincerely yours,  
/s/ Melvin E. McPeak

Dear Mrs. Hines,  
Above all allow me to tell you that my mother Provincial, the foundress of our orphanage, Sister Superior and all the religious of the orphanage, were very much touched when they saw the needful and very useful things you sent us in favour of our poor orphans. Really there were so many many unexpected

things such as: clothing, soap, brushes, combs, toys, many tooth-pastes with two very big ones, cookies, candies (the cookies were appetising) and to end your beautiful new Bible, are they not very interesting and needful? Oh yes, Mrs. Hines, we find no words to express to you and to your children whom you and they endeavoured on our behalf to look for all these charities. Really it is very touching to see how all our good Americans far and near are very charitable helpers for our orphanage.

I have shown the picture to all my sisters and children. I congratulate you to have such a class, of course I may tell that in your class (according to your saying) you practise a universal charity, and this is wonderful, equal to all and such is the Will of God. We too, we receive any

kind of pupils, any religion, in that way only we can do them good. No distinction, is it not?

Well now you know that Vietnam is not an English speaking country, so then our little tots don't know any word in English. In our schools English is only taught from the 6th grade up to Baccalaureat, and our classes do not correspond as those in America. You go forward and we go backwards, that is to say: kindergarten, then the 12, 11, 10th, etc. . . and you kindergarten then the 1, 2, 3, etc. . . you see. And now in this letter I am going to relate you about our Vietnam.

Vietnam is in war for more than 10 years, it is really a sorely tried country. We are almost surrounded by V.C. Happily we are with our good, brave, charitable, devoted men the Americans, they do their very

best to keep us from the V.C. There are many miseries around, and our good Americans go everywhere to make charities, to help the poor, we have doctors, dentists who go everywhere to schools, to villages, to take care of everyone who is in need. We the Sisters, we have orphanages, nurseries, and dispensaries for the population in need. Our good Americans help us in many different ways. Here as well as in America we have the different religions. The Americans come to our orphanage and adopt our little orphans only in the mean time they are in Vietnam, it helps the orphanage, they spoiled them in a good way, buying them dresses, underwear, shoes, toys, candies, all what they need. You see how very good they are. You too in America, you help us very

much. Many children, especially the girls, are very ill. So dear Mrs. Hines, my letter is very long, but I read it too, for as to know how we are our good Americans and for For Xmas we were much spoiled by the good Americans. Each child has a hearty dinner, clothing, and I wrote to the orphanage Melvin E. to his good wife I waited later, I again our hearts, your charities, you and all your pupils.

Sincerely yours,  
Sister Marie

**Highway Patrolman Speaks To Local Rotary Club On Safety**

Highway Patrolman C. A. Dempsey of Lubbock spoke to the Floydada Rotary Club last week on highway safety.

Dempsey said that 90% of traffic accidents are caused by a traffic violation, and he urged that everyone establish a mental discipline and make himself obey the law. He added that we all need a "drive to live motive."

He said that we are the "master of our fate" on the highway - and a discipline to drive

according to the law would mean a longer and better life.

Dempsey said that there were 3,006 traffic deaths in the state in 1963, and he said that it looks like now when the official tally is made on 1965 deaths, that it will be around 2,900.

"Out of 93 traffic deaths during the Christmas and New Year's holiday season, 80 vehicles were involved, and 43 of these were one vehicle accidents. This points out how important it is for the individual driver to be careful," Dempsey concluded.

**72 DURING '65**

**Nine Rural Accidents In December**

Memories of 1965 are slipping quietly away for most people, but for those maimed in automobile accidents and the families of others who were killed during the year, 1965 will be remembered always with dread and sorrow.

The Texas Highway Patrol investigated 9 accidents on rural highways in Floyd County during the month of December, according to Sergeant Thurman Keffer, Highway Patrol supervisor of this area.

The rural traffic accident summary for this county for the calendar year of 1965 shows a total of 72 crashes resulting in 3 persons killed, 40 injured, and an estimated property damage of \$45,240.00.

Four of the 29 counties in the THP's Lubbock district had no traffic fatalities during 1965. These were Bailey, Kent, Terry, and Throckmorton - but 77 persons were injured and property damage reached \$95,975 in automobile accidents in those four counties during the year. "It is estimated when the final reports are tabulated, we will find that less people were killed in Texas traffic accidents during 1965 than in 1964," the Sergeant stated. The final count is expected to be about three percent less than in 1964 all time high of 3,006 traffic deaths.

The patrol supervisor reminded all motorists to think about reducing the deaths even more in 1966 than in 1965. This reduction can be brought about by strict observance of traffic laws and defensive driving practices. Remember, every time you drive you have a motive, that is, drive to live.

Senator Jack Hightower of Vernon was in Floydada on Friday of last week in connection with his candidacy for re-election to the Texas Senate from the new 30th Senatorial District. Senator Hightower filed his application to be placed on the official ballot in the Democratic primary with Ben P. Ayres Democratic Chairman for Floyd County.

The new senatorial district which includes Floyd County is now composed of 21 counties, stretching from Wichita and Archer Counties on the east, to the New Mexico line on the West. The redistricting was done by the last session of the Legislature under orders from the federal courts to comply with the new "one man-one vote" decision of the Supreme Court. While in Floydada Senator Hightower visited briefly with campaign supporters and advised that he will publish his formal announcement in the near future.

### Smith Becomes La Salle County Agent February 1

COTULLA - Darrell Smith will assume duties as county agricultural agent in La Salle County on February 1.

He will fill the position vacated by V. O. McCoy, who retired December 31 after serving 21 years as local county agricultural agent. Smith will be working with agricultural producers, as well as with 4-H boys and girls.

The appointment was announced by County Judge J. W. Martin and W. H. Lehmsberg, district agricultural agent, of Weslaco. Smith comes to Cotulla from Floyd County where he has been assigned as assistant agent since March 1962 when he joined the Texas Agricultural Extension Service.

A native of Crane County, where he grew up on a ranch near Odessa, Smith participated in 4-H activities for four years. He is a 1962 graduate of Texas A&M University with a bachelor of science degree in animal husbandry. While attending Texas A&M, he was accepted to membership in Alpha Zeta, a national scholastic honor society.

Smith was a member of livestock, meats and wool judging teams at Texas A&M, and last year, he trained the Floyd County livestock judging team that won first place in the state contest and participated in competition at the American Royal Livestock Exposition, in Kansas City, and the International Livestock Exposition, in Chicago.

His parents, Mr. and Mrs. R. S. Smith, live in Weatherford.

### Know A Handicapped Child Contact The Lions Club

Do you know a handicapped child who would like to spend two wonderful weeks at summer camp...free?  
If you do, then you are urged to call Clarence Young, or any other member of the Floydada Lions Club. He is taking applications now for campers to

spend two weeks this summer at the Texas Lions Camp for Crippled Children at Kerrville. It's free...and transportation is handled by your Local Lions. All applications are handled locally. That number to call is YU 3-2388 and ask for Clarence Young.

### Taxpayers Should Refer To SS Card When Filing Forms

A taxpayer's number is the principal method of identification under the Internal Revenue Service's Automatic Data Processing, according to Ellis Campbell, Jr., District Director for Internal Revenue Service's northern Texas District. Campbell says all individual taxpayers should verify their Social Security numbers by reference to their Social Security cards or by contacting the Social Security Administration if there is any question of the correctness of a number. If there has been any change in marital status or in the

taxpayer's name, the nearest Social Security office should be contacted to make any of these changes on his or her Social Security records.

The taxpayer's 1965 income tax return will be matched with his Social Security records before a refund is made. Therefore, if a discrepancy exists in the name and Social Security number, there will probably be a delay in issuing a refund. By making any of these corrections at an early date, the taxpayer could avoid any delay in receiving a refund.

### Revival Set At Nazarene Church

An evangelistic revival has been planned by the members of the Church of The Nazarene here and services are to be held Monday through Sunday, January 24 through January 30. The evangelist is Wayne Sears from Oklahoma. The congregation is trying to

secure the Bethany College Choir for the weekend services, if it is at all possible. The services start at 7:30 each evening. This is the annual Youth Week Revival for the church.

**NEWSMEN PICK A QUEEN**—Dale Evans, singer, song-writer, author, movie-radio-TV star and Queen of the Cowgirls, has been named Texan of the Year by the Texas Press Association. Announcement of her selection came from Don Coppedge, chairman of TPA's Texan of the Year Committee and publisher of the Waxahachie Daily Light. Uvalde-born Miss Evans is the wife of Roy Rogers, popularly known as King of the Cowboys. Rogers will accompany his wife to San Antonio where the newsmen will present the special award to Miss Evans during TPA's Mid-Winter Convention, Jan. 28-29. Winn Crossley, association president and publisher of the Madisonville Meteor, said this is the first time in the history of the state's largest newspaper organization that a woman has been selected as Texan of the Year.

### LOCAL MEN VISIT AREA CHAMBER BANQUETS

Ralph Mardis, Don Cheek, Doyle Walls and Jim Lackey attended the Muleshoe Chamber of Commerce banquet Monday night where they heard Dr. Kenneth McFarland speak.

Mr. and Mrs. John Reue and Mr. and Mrs. Wendell Tooley attended the Slaton Chamber of Commerce banquet Monday night. They saw the Lamesa Slumtown Symfunny musical group perform and heard banker Lee Herring of Fort Worth speak.

Representatives of the Floydada Chamber of Commerce will attend the Tullia Chamber of Commerce banquet Friday night.

### Mrs. Lackey Is Club Hostess

Mrs. James Lackey was hostess for the Tuesday night meeting of the 1934 Study Club in the community room of the First National Bank.

The president, Mrs. J. P. Moss, was in charge of the business session and Mrs. David Eaton led the reading of the Club Collect. Roll call was given followed by the reading of the minutes.

During business the nominating committee presented names of new officers for the year 1955-57. They are Mrs. Allen Bingham, president; Mrs. Doyle Mount, first vice-president; Mrs. Wilson Bond, second vice president; Mrs. Garland Foster, recording secretary; Mrs. A. W. Coltharp, corresponding secretary; Mrs. W. O. Newberry, treasurer; Mrs. Ralph Cogdell, reporter; Mrs. R. G. Dunlap, custodian and Mrs. J. P. Moss, parliamentarian.

The resignation of Mrs. W. M. Fowler was accepted with regret. Mrs. Bingham was in charge of the program, "Famous Women." She introduced Mrs. Coltharp, who spoke on the novelist, Pearl Buck and Mrs. Newberry, who gave a talk on Nurse Edith Cavell.

Refreshments were served to Mmes. H. G. Barber, Allen Bingham, Wilson Bond, W. H. Bunch, Thomas Burrow, Ralph Cogdell, A. W. Coltharp, Dennis Dempsey, R. G. Dunlap, David Eaton, Garland Foster, W. M. Fowler, J. S. Hale Jr., Ralph Johnston, J. P. Moss, W. O. Newberry, Vernon Parker, George Springer, John Stapleton, G. W. Switzer and hostess, Mrs. Lackey.

### Miss Watson Given Honor At Shower

Karen Watson, bride-elect of Harlan Crum, was honored Saturday evening, January 8th with a miscellaneous shower in the home of Mrs. R. C. Matthews in the Providence community.

Co-hostesses were Mrs. Don McLaughlin, Mrs. M. C. Scheele, Mrs. Harold McLaughlin, Mrs. Edwin Barker, Mrs. Robert Matthews, Mrs. Norman Smith, Mrs. Albert Scheele, Mrs. Arnold Dietrich, Mrs. Wilfred Stoerner, Mrs. W. H. Blackerly and Mrs. L. B. Brandes.

Decorations carried out the honoree's colors of pink and white. The table was centered with pink roses and greenery in a silver compote bowl with pink streamers over a pink cloth and lace table cover.

Special guests were Mrs. M. H. Watson and Mrs. Everett Crume, Mothers of the bride-elect and her fiancé. Also Miss Sherry Watson, sister of the bride-elect presided at the guest book. Each wore pink corsages.

Hostess gift was a set of Duncan Hines stainless steel cook ware.

Miss Watson and Crum will marry Jan. 22 in First Baptist Church in Crosbyton, Texas.

Romy Schneider, "the best thing that came out of the waltz," shares stellar honors with Peter O'Toole, Capucine, Paula Prentiss, Woody Allen and Charles K. Feldman's sex spoof "Whorecat" Technicolor United Artists release opening at CAPADA Theatre.

### Firemen Answer 3 Calls Here, Only One Fire

The Floydada firemen received two calls last week, which they answered, but neither turned out to be a fire. The first call came Saturday night from Mar-Dell Manor Convalescent Home. When the firemen arrived they found an electric heater got too hot and caused the fire alarm to go off there.

The second call came Sunday night from People's Hospital where it was found, again, there was no blaze, but an electric motor had burned out causing a lot of smoke.

The firemen were called to a fire Tuesday night 10 miles south of Floydada to the same place they were called twice last week. On the way out to the fire a pickup hit a signpost on an island close to the wye. There were no injuries. Other details of the mishap were not available at press time.

Their gift was a baby bed and diapers.

## Prepare First Graders For School Now

The Floydada Chapter of Young Homemakers met last Tuesday night in the homemaking lab. The minutes and roll call were read by Loene Nelson in the absence of the secretary, Jo Dunavant.  
Jean Hale brought up discussions on voting possibilities at the State convention to be held in Austin Jan. 14-15. It was suggested that the entire group join in the Mothers March of Dimes the latter part of January. After the business meeting, the program was turned over to Mrs. Travis Jones.

Many suggestions were given to mothers with children starting to school in the fall of 1966. Mrs. Jones stressed that now is an excellent time to begin the booster shots and vaccinations for the following school term. Should there be any complications the child would have ample time to be well and have all sickness behind him, even before the swimming season starts. Even mothers with children in school now are urged to mark coats and caps so that the articles of clothing may be sent home with the right child. Everyone received a booklet explaining many more things the parents should know.

Those enjoying the program were Carolyn Cheek, Jean Hale, Arlene Bearden, Martha Williams, Loene Nelson, Rena Turner, Patsy Brock, Mrs. A. E. Baker and Mrs. James Bachus, advisors. Refreshments were served by Mrs. Turner.

## WTCC Told What Makes Area Click

EL PASO — An exciting inventory of resources in the 132-county area served by the West Texas Chamber of Commerce was the highlight of the opening luncheon of the mid-winter membership meeting of the regional organization Thursday.

The keynote speaker was Beeman Fisher of Fort Worth, president of Texas Electric Co., and president of the WTCC, on the subject "What Makes West Texas Tick?" The 200 directors and committeemen of the WTCC gathered at the Plaza Motor Hotel for the convention.

The roundup of the economy of West Texas by the speaker presented a quantity of original research material emphasizing the vast region as the fastest growing area in Texas — and probably the richest. Presiding at the luncheon was Henry Sears of Hereford.

Text of Mr. Fisher's message: Returning from a business trip to California a day before yesterday, our airplane flew over West Texas at nearly the speed of sound. As I gazed down from 35,000 feet, I pondered a question many of you must have mulled over in your minds on similar occasions. What makes West Texas tick? What do those millions of people do with their lives? How do they make their livings? What's happening on the farms, on the ranches, in the factories, in the cities?

### 3.2 Million People

In short, what makes West Texas the vibrant, romantic, dynamic, progressive region that it is today?

What is the West Texas portrait in its total perspective, in the flesh and blood of its people — in the fertile soils of its farms — the rich color of its cattle — the oil and gas flowing from depths no man has seen — the factories where men and women work to better themselves and others — the cities and towns — the churches and schools?

Would you join me in an imaginary spacecraft hovering 100 miles above those tall buildings of Odessa-Midland, about the geographic center of growing, dynamic West Texas? From such a spot in space, we can see Perryton, Stratford and Dalhart to the north, El Paso to the west, Del Rio and Kerrville to the south, Fort Worth and Arlington to the east. Scattered in between, we can see the distinctive features of Abilene, Lubbock, San Angelo, Waco, Wichita Falls, Big Spring, Brownwood, Amarillo, Borger, Pampa, Plainview. If we look more closely, we can find each of the 152 West Texas cities that have chambers of commerce.

There below us are 3.2 million people — men, women, and children with dreams, hopes, ambitions, needs, and desires. Making these things come true are more than one million men and women — employed and self-employed. Dreams must be paid for, and these workers are up to the task with personal income this year of seven billion dollars — more than 27 million dollars a day!

That \$7 billion is more than the citizens of 28 other states earned in 1965! It's one-third of the Texas state total!

Stretching for miles below us are the farms and ranches of West Texas. And even from 100 miles up, we can see the neat grids formed by their fields and pastures. If our eyes are sharp, we can see 118,000 farmers and ranchers with broad smiles on their weatherbeaten faces. They've just harvested 3,175,000 bales of cotton, almost 200,000,000 bushels of grain sorghum. They've banked about \$300 million last year from cattle sales, but there'll still be 4 million cattle and calves bawling for hay this evening. But with more than \$1.1 billion cash income jingling in their pockets from sales last year, those farmers and ranchers won't mind walking through the cowlot to bust those bales. And besides 300,000 cattle in feedlots throughout West Texas will need grain, cottonseed, beet pulp, and more hay.

### Water for Crops

What are those gray specks far below? They're 4,500,000 sheep that made West Texas \$42 million last year. And what are those white things standing on their hind legs, nibbling at the brush? Those are some of the 4 million goats that even some cowmen have learned to like, since they produced \$28 million in mohair alone last year.

Looking northward toward Lubbock, where more than 3 million acre-feet of water nursed those bumper crops on the High Plains last year: if we could

see below ground, we would find one hundred times that much water — 350 million acre-feet waiting to be pumped to the surface.

And those blue sapphires sparkling in the sunlight? They are our 38 major water reservoirs. Is that enough water for all those city folks below? Well, they're using only 2.5 million of the 16 million acre-feet in those lakes this year, and that leaves several trillion gallons for washing behind Junior's ears tonight. Just in case he gets dirty again, 22 other major West Texas lake sites are under study.

Those same lakes below show glittering ripples from the wakes of thousands of pleasure boats, skippered by sports-loving tourists as well as native West Texans. Those tourists can stop at one of those 16 state parks clearly visible below, or they can drive on to the majestic beauty of Big Bend National Park, the Guadalupe Mountains, or into the charming frontier villages, or pause while studying one of the many frontier forts in West Texas.

And to show that West Texans have not "pulled up" the roots from which they spring, we can see 970 official historical markers and 77 historical museums that act as depositories for evidences of their heritage and culture, and we might even see some of the 6,267,442 people still standing around who visited those museums last year.

Even now we can see the bass jumping at Possum Kingdom and other lakes, the rainbow hues of Palo Duro Canyon, the antelope's "white flag" flashing brightly out there in the West. And anywhere among the trees we can see record herds of deer drifting through the meadows and glades.

### At \$40 a Day

Some of those tourists below will stop at Six Flags Over Texas, and others will visit quaint border villages. And while they are injecting \$40 a day into the bloodstream of the West Texas economy, they'll be watching the last of the cotton crop being harvested by giant strippers.

Follow the trail of those concrete and asphalt ribbons to the cities of West Texas way down below us. What could we do if we and our tourist friends could visit all those cities? We'd have a choice of checking into 32,150 air-conditioned hotels or motel rooms. To relax, we could swim in one of their 428 swimming pools. After a swim, we could play 1,953 holes of golf! If we collapsed, 216 hospitals would be ready to treat our blisters.

Then we could stroll through 57 museums, 42 art galleries, and 10 full-size zoos. This evening we could watch the various performing arts at 28 community theaters, and during intermission we could rush over to hear 10 symphony orchestras. Tomorrow we could attend the meetings of 5,687 clubs and organizations. And on Saturday, we can shop at 1,500 of the finest, most stylish retail stores of the state. On Sunday, we can give thanks for surviving this rugged tour in 4,180 churches!

After all that, you're probably ready to relax in our spacecraft once again, as we search out other factors in West Texas prosperity and growth.

Even from our altitude, we can see the wells that produced 600 million barrels of crude oil and 3 trillion cubic feet of gas in 1965 — one-eighth of the nation's supply. That was about \$2.1 billion in wealth entering the gathering lines from about 180,000 operating wells. As evidence of our great reserves, drillers probed the depths of West Texas last year about 8,000 times, and found about 5,000 oil and gas producers.

We hear the hum of factories in West Texas that employ 150,000 workers — one-fourth of the total factory employment in the state. Those factories are growing before our very eyes . . . in the last fifteen years, factory employment has been rising at 4 per cent per year in West Texas, while the state has risen at 3 per cent and the nation has increased at only 1.5 per cent.

### Bank Deposits Soar

Value added by manufacturing last year exceeded \$1.5 billion — that's \$400 million more than total cash income of West Texas farms and ranches!

Manufacturing is putting a new face on West Texas, and we can see it from our spacecraft. 137,000 autos streamed from our General Motors assembly plant in West Texas, and electronics, plastics, and apparel factories poured millions of dollars into the West Texas economy. Just as clear to us, from this height, are the banks where some of these millions are deposited.

And money available to loan. And much of that money is financing those giant construction projects we see under way below us, in every city

of West Texas. We can see the thousands of new homes constructed last year, hundreds of new commercial and factory buildings, representing hundreds of millions of dollars in new construction.

The Fourth Annual State Convention of the Young Homemakers of Texas was held Jan. 14-15, 1966, at the Commodore Perry Hotel, Austin, Texas.

The theme of the convention was "YOUNG HOMEMAKERS - THE HEART OF THE HOME." It was sponsored by: Division of Homemaking, Education, Texas Education Agency, Austin. The following program was attended by a large number of Y.H.T. members, Advisors, and guests.

PROGRAM  
A meeting of State Executive Committee and State Association of Young Homemakers of Texas met on Thursday and Friday. The first general session began following a coffee honoring past state officers.

After a luncheon honoring Young Homemakers and Young Farmers the presentation of awards was held. The second general session convened in the afternoon and at 7 p.m. was Fun Night for the group, held in the Commodore Perry Hotel, site of the convention.

Saturday the third general session was held at which time the election and installation of state officers was held.

At the first state convention, only four years ago, there were four affiliated chapters; now there are 168 affiliated chapters with more than 2400 members.

The Honorable John Connally, Governor of Texas, was the speaker when Young Farmers and Young Homemakers got together for a luncheon on Friday noon held at the Terrace Convention Hall. This luncheon was sponsored by the Texas Electric Cooperatives. The speaker told the groups that more changes will come in agriculture during the next few years than have happened during the past three decades. He urged them to be ready to accept these changes, in order that they may be successful in the agricultural realm in the future.

## Revival Continues Through Friday At Bible Baptist

At this writing of this report the Bible Baptist Church has had only one service with its evangelist, the Rev. M. O. Garner, the world-wide traveler, speaker and preacher.

The starting time has been changed from 7 p.m. to 7:30 p.m. Everyone is invited to attend the last two nights of this meeting which will be the most important nights.

Friday night the evangelist will show a film of his trip to the Holy Land and bring a message also.  
Brother Gilbert Rhine, pastor of the church, reports that there have been hundreds of souls saved in the last three years with this message. He hopes to pack the church for this closing service.

### TAX MAN SAM SEZ: FILE EARLY

A lot of folks make News Years Resolutions. Taxpayers usually make April 15 resolutions -- File early next year.

If you made a resolution to file early last year, there is no better time than right now to get started. Early filing helps you to avoid mistakes and gives you time to double check your figures.

### "Teahouse Of The August Moon"

ABILENE — Janice May Alexander, daughter of Mr. and Mrs. R. G. Alexander of Route One, is a member of the cast in "Teahouse of the August Moon," a dramatic presentation by the drama and speech departments of Hardin-Simmons University.

The play opened here January 14 before a capacity crowd in H-SU's Chapel-Auditorium, and it will continue through January 22.

"Teahouse" is a light comedy based on the American occupation of Okinawa immediately after World War II. An American officer is sent to a backwoods village to bring the natives the benefits of U. S. cul-

ture. But just the opposite effect is achieved, which is where the laughs come in.  
One feature of "Teahouse" that may be of special interest to university students is that two prominent faculty members will star in the production. Dr. Richard Kim, professor of political science and head of the department, has the key role of Sakini, while Raymond Bailey, a member of the speech faculty and debate coach, plays the part of Colonel Purdy III.

Sandwiched by faculty members, Dean Hart, a freshman from Abilene, will star as Captain Fisby. Fred Zehrhorst is Captain McLean, while Darla

Ferris will portray the exotic by rebellious Lotus Blossom. Last year Miss Alexander distinguished herself as a member of the University Players, and she is on the road to a good record this year, as she is in charge of makeup for "Teahouse" in addition to her acting role as a villager. She is a sophomore speech major.

SOUTH PLAINS NEWS

# Local Baptist Church Members Have Program At Lockney

SOUTH PLAINS, Jan. 17—Members of the South Plains Baptist Church went to Lockney to the Lockney Convalescent Home Sunday afternoon at 3 o'clock, to bring special music and prayer service to those who live there. Tommy Powell, Kay and Zacha Cummings, and Mrs. Bryant Higginbotham sang special numbers. Mrs. Rene Yearly accompanied them at the beautiful organ, which is an antique, foot-pedaled organ. Rev. Sealy Smith gave scripture. It was a blessing to see all those elderly people in such a beautiful place.

Beth Calahan was home from Texas Tech over the weekend, and will be back and forth during the next two weeks between semesters, and taking of mid-semester finals. She was present at the Baptist Church with her parents, the Shelby Calahan family, Sunday morning.

L. N. Johnson hurt his right arm quite badly last week. As he was riding the horse jumped a ditch and L. N. was thrown into a guy wire. He is wearing his arm in a cast, but it will be all right soon.

Ernest Newton was taken to the Lockney Hospital Tuesday night, when he thought he would be able to return home. However, he became ill again Friday and was in the hospital again over the weekend. He is suffering a gall bladder ailment.

Mr. and Mrs. Eugene Byrd and children of Stanton were here visiting over the weekend with her parents, Mrs. E. W. Newton and family.

Arby Mulder is continuing to do well at his home, but although he can walk and be around his home he is not to get around until two more weeks rest. Rev. and Mrs. Nathan Mulder hosted an anniversary supper for his parents on Saturday night, January 15, on their thirty-first wedding anniversary, with a decorated cake and a delicious dinner.

Due to a holiday at school here Friday Mr. and Mrs. Sylvain Kinnibruth and Beth and baby Michael, and Mr. and Mrs. John Kinnibruth, Beverly and John Mark left Thursday evening, the women folk to go to Truscott and Gilliland to be with their parents over the weekend, and John and Sylvain went to Falcon Lake fishing over the long weekend.

Mr. and Mrs. L. T. Wood left Friday for Rankin, near Mid-

land, where they spent the weekend visiting with her sister and family, Mr. and Mrs. Buster Dunham.

Mr. and Mrs. Philip Smitherman returned late Sunday evening from Dallas where they had spent the weekend at an insurance convention. All of the Smitherman family have been very concerned over Everett Collier of Floydada, who has been in the intensive care ward at the Methodist Hospital in Lubbock, following surgery in Plainview. He has been very ill for ten days there.

Mrs. Bryan Karr and Mrs. L. T. Wood presented the Royal Service program Tuesday afternoon at 3 o'clock at the Baptist Church when WMU members met to study about the Indians of New Mexico. These include the Navajo, Pueblo and Apache tribes, who are located in the northwest corner of the state. It is said that the Indian mission work is undoubtedly the most complex of all the efforts in the homeland. We discovered that there are 52,188 Indians still living on ancestral grounds. Present were Mrs. L. T. Wood, Bryan Karr, Grigsby Milton, Harold Hamm, Sealy Smith and Murray Julian.

Tommy Powell, son of Mr. and Mrs. Tillman Powell will start to college at Plainview Wayland Baptist College on January 24. He plans to study music and Bible, and he will drive back and forth each day to school.

Mr. and Mrs. Roy Burks and Mr. and Mrs. Bryan Karr went to Lubbock Wednesday for a meeting at the Oil Co-Operatives.

Mrs. Lyles and her family left Wednesday for Tennessee, where they will visit with relatives near Chattanooga for the coming two weeks. Mrs. Lyles is the nursery keeper at the South Plains Baptist Church.

We are so very glad to hear that Gilbert Bean is out of danger after major surgery this Monday at the Plainview Hospital and Clinic. He was brought back to his room at 4:30, and is just doing fine. He hopes to be able to come home Sunday. Mr. and Mrs. Billy Bean of Winters, Tex. were here for the surgery, as were other members of Gilbert's family, and they are returning home Tuesday.

Mrs. Bryant Higginbotham visited Mrs. Lenton Lanham in Rock Creek Friday and had

and three months old daughter left here Thursday for her home in Atlanta, Georgia, where they will visit for the coming two weeks with her mother, Mrs. Logan, and other members of her family who all live there in Atlanta. They spent Thursday night in Dallas and hoped to be in Atlanta the next day.

George Weast is in the Northwest Texas Hospital in Amarillo since last Wednesday undergoing tests for stomach trouble. He has not returned home this Monday and we hope that he finds out his trouble and returns soon.

Mr. and Mrs. Early Pritchett went up to Canyon Friday to move Mr. and Mrs. Price Pritchett to Lubbock. Patty is attending a workshop this week at South Plains College at Levelland. She will be teaching at Ropesville, south of Lubbock, in remedial reading, at the Ropesville School. Price will be working at Texas Tech on his Doctors Degree.

Mr. and Mrs. Bryan Karr left Sunday morning for Amarillo where they were to leave their car and then go by train to Los Angeles, California. There they will visit for the next two weeks with their son, Mr. and Mrs. Bryan Karr and Bryan Elton. They will also visit Bryan's sis-

ter in La Jolla, Calif.

Teachers Mrs. Landrum, 1st grade, Mrs. Hinckle, 2nd grade, Mrs. Rice, 3-4, Mrs. Myers, 5-6th grades and J. M. Williams, 7-8 grades, were out of school for a holiday Friday as teachers worked to get their grades posted.

DIRKSEN ON 14-H  
Senator Everett M. Dirksen (R., Ill.) said he will oppose any Democratic effort to obtain repeal of the union-shop ban by adding union-restricting amendments to the re-organizer bill.

# Winds, Whirlettes Down Lockney In District Opener

trand, Dave Parr and Donald Campbell; back row - Coach Robert Millikin, Joe Soliz, Britt Gregory, Randall Moore and Larry Barbee. (Staff Photo)

Both the Floydada Whirlwinds and the Whirlettes took victories in the district openers at Lockney last Friday night. The boys defeated the Longhorns 47-38 and the Whirlettes downed their counterparts by a 58-44 count.

The girls took an early lead in the game and continued to widen the score with each quarter in a relatively easy game.

The Whirlettes took a 19-4 first-quarter lead and led 32-18 at halftime. Going into the final period the local team was holding a 46-29 advantage. In the final eight minutes the Whirlettes allowed Lockney 15 points while getting only an additional 12.

Shirley Rainer was the leading scorer for the local team as she dropped 27 points through the hoop. She was followed by Sally McIntosh with 18 and Patsy Pierce with 11. Janette Dodson whizzed 32 points through the ring to lead her team in scoring.

The Whirlettes hit 19 field goals and hit 20 of 34 free throws attempted. Lockney made 17 field goals and hit only 10 of 28 free throws attempted.

A well-balanced effort on the part of the Whirlwinds meant a victory for the Winds when they played at Lockney in the 3-AA District opener last Friday.

The Winds took a narrow 11-9 lead after the first eight minutes and led only 20-15 at halftime. In the third period the Winds sank 11 points and allowed Lockney only 9 to lead 31-24. The Winds went on to win the game 47-38.

Three Winds scored in the double-figures to lead the scoring. Butch Emert hit 12 points, Kerry Bearden made 11, and Jeff Kimble made 10. Kropp scored 12 for Lockney and Webster added 11 to the Longhorns' cause.

The teams play Olton here tomorrow night.

#### FRIONA GAMES

Tuesday night the Floydada teams hosted two of the top district contenders in the form of the Friona basketball teams. The Whirlettes came from behind to take a victory and the boys fell in a tight game to the visitors.

The girls were trailing the squaws throughout the entire game then a good surge in the closing quarter gave the Whirlettes the edge which they kept. A stalling game tended to give the local girls the victory over the highly ranked Friona team. The final score was 72-64.

Shirley Rainer led the Whirl-

## Friona And Olton Girls, Dimmitt And Abernathy Boys Win

Abernathy squeezed past Friona in the opening league contest for both clubs, 57-55. Mike Tannahill had 14 points for the winners, but Friona's Travis Graves took game honors with 22 tallies.

In the fem game, the Friona Squaws defeated Abernathy, 68-55. Cindy Ingram had 24, Janet Rushing managed 23 and Betty Taylor had 21, all for the winners.

Mary Davis scored 34 points for the Abernathy fems. The Dimmitt Bobcats rolled to a 71-27 victory over Olton as John Howell tossed in 17 points. Charles McLain had eight for the

Mustangs. Olton won the girls game, 63-52, as Sherry Caddell meshed the cords for 39 points. Victor Gene Hughes had 19 for Dimmitt. The boys B game was won by Dimmitt, 69-36.

## Frizzell Heads Lockney Project For Golf Course

LOCKNEY - Hubert Frizzell has been named president of a board of directors to head efforts for developing a municipal golf course.

Approximately 30 persons attended a meeting last week for the purpose of investigating the feasibility of establishing a golf course. Recently city officials suggested the golf course and offered use of the city farm. Chamber of Commerce officials called a special meeting of interested persons.

After discussion, action was taken and a board of directors was elected. They are Joe Cargile, secretary, Clark Harris, Ike Johnson, Marvin Gilbert, Austin Metzger, Dr. W. J. Mangold and Frizzell.

## BAND BOOSTER MEET MONDAY NIGHT

All members of the band boosters organization from grades six to high school are urged to attend a special called meeting at the High School band hall Monday night at 7:30.

quarter to overcome a 5 point first-quarter deficit and take the lead by a 32-26 count. The score stood at 17-12, Quannah after the first quarter. Going into the final period the score stood 56-32, Della Plains.

Tommy Collins was the top scorer with 21 points, followed by Raythel Chapman with 17, Leon Collins, with 15 and Lovis Black with 11. Arf Wood scored 13 to lead Quannah's effort.

#### WEDNESDAY NIGHT

Wednesday night the locals were to travel to Paducah for two contests. If the girls lost the district was to be in a tie between the two teams, and a playoff would be required. However, if the Hornets won, the district crown would be assured. The boys were playing for second place, and could have sewn up that honor last night.

### HORNETS LOSE DISTRICT CHANCE

## Hornettes Cinch Tie For District In Recent Victory

The Della Plains Hornettes cinched at least a tie for district and the Hornets lost their chances to win district in games played last week at Colorado City. The girls won 44-39 and the boys lost their game to the

league leaders 61-58. COLORADO CITY GIRLS The Hornets had to play catch-up in the closing minutes to overcome the Colorado City girls who led throughout the entire game by a three-point to one point margin.

After the first quarter the Colorado City girls held a 12-9 advantage, and were barely leading at halftime with the score standing 20-19. The host team was still one point ahead after the third quarter, 29-28. The local girls came from behind in the closing minutes to take the victory 43-39.

Shirley Minner led the scoring by whizzing 29 points through the basket. Kathy Hearon was second with 7. The guards, Clarice Owens, Louise Davis and Linda Williams did outstanding jobs on defense. The girls have suffered no district defeats.

COLORADO CITY BOYS The Colorado City boys turned the tide on the Hornets in the game there last week and came from behind in the closing minutes to defeat the local team and spoil chances for the Hornets in the district race.

Della Plains took an early lead and held a 33-27 advantage at halftime. The Hornets led until the final two minutes, when "they came up, took the ball and shot time and time again. Their shots went in and ours didn't," said Coach Ellison of Della Plains. The Colorado City boys managed to pull a 61-58 victory out of the game.

Tommy Collins led the scoring with 20 points followed by his brother, Leon, who hit 14 points. Wayne scored 19 for Colorado City to lead his team in the scoring department.

QUANAH GIRLS The Della Plains boys and girls took victories last week at the expense of Quannah. The boys won 72-60 and the girls took a 41-28 victory.

The Della Plains girls were leading 8-5 after the first eight minutes and were tied with Quannah 16-16 at halftime. Going into the final period, after a great scoring surge by Della Plains in the third period, the locals were leading 27-18. The girls

went on to win 41-28. Shirley Minner was the top scorer with 29 points, followed by Nona Owens with 8. QUANAH BOYS The Della Plains boys put on a great showing in the second

Third Blaze Levels Weldon Becker Home

Three separate fires occurring to the same dwelling finely leveled the home of the Weldon Beckers in the Starkey Community in the wee hours Wednesday morning. The first fire which started a week ago Wednesday destroyed all furnishings and clothing except a washer, dryer and dish washer the Beckers were able to move out, and gutted the house. This fire was noticed about 11:15 a.m. in a closet. The fire was put out by local firemen but flared up again about 1:30 the same day and firemen were called again. Just how the third fire started no one knows. There was no electricity to the house and no gas, Mrs. Becker said. What remained of the house was leveled, but firemen went to the scene to fight the blaze despite freezing drizzle and hazardous driving. Mrs. Becker said insurance men estimated the house and furnishings 100% damage from the first fire. The Beckers are making their home at the H. Roberts at present and have rented a house on West Virginia Street in Floydada where they will move when weather permits. They plan to build a new home on the Ralls highway.

THE TOOLEY family is enjoying a real treat at breakfast. Mrs. Ohmer Kirk has shared some of her peach seed jelly with us and it is very delicious. If you wonder what peach seed jelly tastes like, I think it can best be described as a sort of cherry-almond flavor. I would extend an invitation to all our readers to come out for breakfast and try some of it, but you might all come the same morning and my wife never could keep up with enough biscuits for the jelly. HARVEST FROM PAGE 1 4,200 a day at Lamesa. The South Plains USDA Classing Office classed 208,300 samples during the week ending Wednesday, January 12th. The Lubbock Office classed 148,800 of this total, the Brownfield Office 34,000 and the Lamesa Office 25,500. Through January 12th the Lubbock Office had classed 1,559,000 samples of this year's crop, the Brownfield Office 185,000 and the Lamesa Office 163,000. This brought the season's total for the three offices to 1,907,000. Through January 12 last year the three offices had classed 1,817,000 samples of the 1964 crop. Trading was steady on the Lubbock market this week but prices continued to decline slightly as most cotton continued going into the Government loan. Demand was strongest for Strict Low Middling Light Spotted, Low Middling Light Spotted and all Spotted and Tinged cotton with micronaire of 3.2 and lower. Prices paid farmers for cotton with micronaire of 2.7 through 3.2 as reported by the Consumer and Marketing Service of the USDA, ranged from the loan for Middling to 75 cents per bale over the loan for Low Middling. Prices for the Light Spotted grades, with micronaire of 2.7 through 3.2, ranged from the loan for Strict Middling Light Spotted to 75 cents per bale over the loan for Low Middling Light Spotted. Wasty cotton was bringing up to \$5.50 per bale over the loan for Low Middling Light Spotted and the lower Spotted and Tinged grades. Average prices paid for the most predominant qualities with micronaire of 3.5 and better were: Strict Low Middling 29/32 - 25.70, Strict Low Middling 15/16 - 26.10, Low Middling 29/32 - 24.50, Low Middling 15/16 - 24.95, Strict Low Middling Light Spotted 29/32 - 25.10, Strict Low Middling Light Spotted 15/16 - 25.60, Low Middling Light Spotted 29/32 - 23.65 and Low Middling Light Spotted 15/16 - 24.05. Cottonseed prices at gins continued to range from \$45 to \$52 per ton.

JOHN REUE comes up with more new jokes than anyone in town, I suppose. Now, I know where he gets them. As president of the chamber of commerce, my wife and I are accompanying John and his wife in attending all area chamber of commerce banquets. Most chamber banquets feature a humorous speaker. . . and that's where John keeps getting those jokes. It is interesting to note the time factor at these various banquets. . . they run anywhere from two to four hours. I prefer the two hour ones. I like to go in, enjoy a good meal, see what the chamber is accomplishing, have the board of directors introduced, be entertained by a funny speaker or good musical program. . . and then I'm ready to go home. But, some of these chamber programs get down right tiring. Some of them go into recognizing everybody from the dog catcher on to the mayor. . . some of them spend a good thirty minutes bragging about the two projects the chamber accomplished all year. . . some of them spend a considerable amount of time lining up to get to eat. Now, I'm not saying our banquet will be short or long this year, but, I do believe we can accomplish what we did last year. We started at 7 and by 9:15 the people were on their way home. . . they had enjoyed a good meal and had been sufficiently entertained. This we hope to do this year. By the way,

PIANO STUDENTS from all over the country were in attendance at the funeral of Mrs. G. R. May here this week. Here was a wonderful lady, who shared her musical talent with her church and many, many young piano and organ students. I can think of no better tribute to Mrs. May than the many students who will continue to play for their enjoyment and the entertainment of others. . . especially religious music. We shall all miss Mrs. May.

Mr. Bell liked to make things better... After Alexander Graham Bell invented the telephone in 1876, he did not rest on his laurels. He helped form the National Geographic Society, developed the basic method of making phonograph records on wax discs and pioneered a method of locating icebergs by detecting echoes from them. He made suggestions and contributions that helped give us air conditioning and the iron lung. For 46 years after inventing the telephone, he lived a vigorous and creative life. Southwestern Bell likes to make things better, too . . . Six short years ago, we did not offer the Princess® telephone. Home Interphone, Wide Area Telephone Service, Centrex service, Data-Phone data communications service or Panel Phone. There was no electronic artificial larynx, no automatic dialer and no Speakerphone. Today, these new items help us provide the best telephone service in the world. But we want to make it better. That's our legacy from Mr. Bell. Southwestern Bell

Highway 70, next door to Tye Drilling. 2-10c I just happen to have some tickets for sale to the banquet, which is February 25th. I JUST gotta comment on that Floydada-Friona girls game. We were behind most of the game, but in the last of the last quarter our girls pulled ahead and began to stall with the ball. Friona's three guards were fighting two of our forwards near the center line, trying to get the ball. In the midst of all the excitement forward Sally McIntosh was in the clear, waving her arms like a windmill just below our goal. One of our forwards finally broke in the clear and passed the ball to Sally, but then it was too late, she was covered when she shot and missed the basket. Sally, surely had the goal all to herself for a moment, though.

# Philosopher Not In Favor Of Speeding Up Congress' Voting

Editor's note: The Floyd Philosopher on his Johnson grass farm has found out Congress is back in session, his letter this week indicates.

Dear editor:

Congress hadn't anymore than gotten underway last week when I found a copy of The Avalanche-Journal with an article in it -- if you're wondering where I found it, it was spread out by the wind against the back screen door and when I went out I didn't even have to bend over to get it, just sort of wipe it off my face -- which already was complaining about the slowness of Congressmen.

According to it, Congressmen spend too much time answering to their name on votes and quorum calls.

"In an age when electronics allows us to take pictures of Mars and transmit them over 134 million miles of space," the article said, "the House spent five entire workweeks in less than ten months last year answering, in turn, to 435 names deliberately intoned by two clerks -- a total of over 240,000 times."

This horse-and-buggy process of passing laws is outrageous in this modern day, the article went on, arguing that electric voting machines and such things are long over-due in Congress.

Well now I'll tell you. There's no doubt about it, there is a faster way to vote than having 435 members of Congress answer yea or nay when a clerk calls their names, but the way I look at it, Congress is already passing more laws than we can handle, and it's possible that this country needs is not faster voting but slower clerks. No telling how many laws we could have missed last year alone if the House clerk had been just a little tongue-tied.

Speed isn't everything. There are people who are dreaming now of the day when airplanes will be so fast you can get from New York to Los Angeles in 30 or 40 minutes. Leave New York after breakfast, they say, fly to Los Angeles, and be back home for lunch. I guess this is all right, but for years now I've had breakfast and got-

ten hungry again in time for lunch without ever having to leave this farm. Any time I have to travel across the United

States and back to eat lunch, I'm going to see a doctor.

Yours faithfully,  
J. A.

Mrs. Dunn and Mrs. J. D. Welborn were in Lubbock Saturday visiting the Dunn children and their families.  
Mr. and Mrs. Nolan Arney and Steve, and Mr. and Mrs. Clarmon Booth visited their parents, the J. D. Welborns, Sunday afternoon.  
Mrs. Elbert Parks, of Calvary Baptist Church, was on the sick list Sunday.  
T. J. Whitley spent over the weekend in Peoples Hospital - an aftermath of flu, evidently.  
Mrs. Walter Sims relays information from the Charles Hortons that they are having much rain in the Houston area.  
Mr. and Mrs. C. W. Denison went to Anson Friday where they visited in the home of Mr. and Mrs. W. B. Parrack. Also visiting in the home was Mrs. Parrack's and Mrs. Denison's mother, Mrs. Ada Eaves of North Platte, Nebraska.  
Mrs. Hal Thomas has been a shut-in the last week with a severe cold.  
Welborn Miller of Lubbock visited Saturday afternoon with his aunt, Mrs. Hal Thomas, and family. Welborn and family are former Centerites. Welborn works in Odessa now and they plan to move there when school is out.

Mrs. Ross, Mrs. Welborn and Mrs. Vinson visited Mrs. Frank Dunn Friday afternoon.  
Mrs. Vinson and Mrs. Frank Dunn were in Plainview Wednesday.  
Sunday dinner guests of Mr. and Mrs. Leo Frizzell were Mrs. W. M. Jackson and Mr. and Mrs. A. E. Frizzell, City, and Mr. and Mrs. Orbin Carroll of Amarillo.  
Victor Green of Plainview lunched Monday with his parents, the J. E. Greens.  
We all sympathize with Mrs. Travis Lightfoot, Mrs. John Campbell and their parents, Mr. and Mrs. Lindley in the passing of a sister and daughter, Mrs. Jewel Woods of Wichita Falls.  
And we also regret the passing of a long time and beloved resident of Floydada, Mrs. Stella May. To all her loved ones we extend sympathy.

**Harris Enters Animals In Ft. Worth Show**

FORT WORTH (Sp) - Franklin Harris of Floydada will have 3 pigs in the Jr. Swine show in competition at the 1966 Southwestern Exposition and Fat Stock Show, January 23 through February 6.  
With entries still being counted, W. R. Watt, Stock Show president and manager, is optimistic about the possibility of the final entry figure breaking the 1965 all-time record of over 11,000. Entries of poultry, rabbits and pigeons didn't close until January 15, 1966.

Exhibitors and spectators wanting to take in the Fort Worth Stock Show Rodeo will find more emphasis on "Action." Under the production of Tommy Steiner and Associates the Rodeo will feature plenty of "All Star Rodeo Action." In addition to the fast paced rodeo excitement Watt has lined up an outstanding selection of entertainment features. Mail Order Ticket applications for the 1966 edition of the "World's Original Indoor Rodeo" are now being taken at the Southwestern Exposition and Fat Stock Show, P. O. Box 150, Fort Worth, Texas, 76101.

**Combat Readiness Medal Presented Flomot Graduate**

EVERETT, Wash. - Captain Walter I. Speer, son of Mrs. J. L. Speer of Flomot, Tex., receives the accompanying citation to the U. S. Air Force Combat Readiness Medal at Paine Field, Wash.

Captain Speer, a flight commander, was awarded the medal for four years of sustained professional performance as a combat crew member at Mountain Home AFB, Idaho. He is now assigned to Paine Field as a member of the Air Defense Command which protects the U. S. against enemy air attack.

The captain was commissioned in 1953 through the aviation cadet program. A graduate of Flomot High School, he attended Texas Technological College. Lieutenant Colonel Robert A. Coffin, commander of the 64th Fighter Interceptor Squadron, Paine Field, makes the presentation.

**Lockney Man Elected To SPVGC Office**

Eugene Tannahill of Lockney was elected vice-president of the South Plains Vegetable Growers Council at the annual West Texas VG Conference held in the Hale County Exhibition Center in Plainview last week.  
Preston Walker of Plainview, who produces near 150 acres of vegetables, was elected president of the Council. Clovis Poole was named secretary-treasurer.  
The council represents an area that produces approximately 50,000 acres of vegetables per year.

**Death Claims Nephew Of Local Sisters**

Zerk Robertson, Taylor County's most decorated World War II hero and nephew of Mrs. C. M. Lyles and Mrs. Claud Patton of Floydada, died January 8 in Hendrick Memorial Hospital in Abilene.

Mr. and Mrs. Lyles and Mrs. Patton attended the funeral which was conducted January 10 in Abilene.  
Robertson joined the National Guard in 1939 while playing football on the Hillsboro Junior College team. He was mobilized with Company L of the 143rd Infantry and earned a battlefield commission in 1943 during the battle of Altavilla in Italy.

During his five battles Robertson earned many medals and ribbons including the Legion of Merit, Silver Star with Oak Leaf Cluster, Bronze Star, Purple Heart with Cluster and five operation ribbons of the European theatre. He was also recommended for the Congressional Medal of Honor. Robertson ended a 20 year military career in 1961 when he retired from the 36th Division National Guard.  
Survivors include his wife; a daughter and son; his mother, Mrs. Oma Robertson of Merkel; one brother and two sisters.

**Lockney To Set Up Poll Tax Station**

LOCKNEY (Special) - An office-for-a-day will be set up today in Lockney City Hall by C. J. Payne, Floyd County tax assessor-collector.  
Payne and one of his deputies are to collect 1965 state and county taxes and poll taxes from 9 a.m. to 4:30 p.m.  
The tax collector announced that poll taxes receipts may be secured from Mrs. Madge Jones, city secretary here, until January 31. This is the first time a poll tax station has been established in Lockney.
