**Toastmasters Elect New Officer Slate**

A new slate of officers has been elected for the Floydada Toast Masters, for the year of 1966. They are: John Reue, President; Bill Brown, Executive Vice President; Don Cheek, Educational Vice President; Corky Guffee, Secretary-Treasurer; and J. B. Bishop, Sergeant-at-arms.

The regular meeting will be held each Wednesday night at 7 p.m. in the dining room of Rogers Restaurant on Highway 70, East in Floydada.

The club received it's Charter February 18, 1960, and some of the chartered members are still active.

Two new members, Charles Carr and Vaughn Ginn of the Harmony Community, came in as new members and to others indicated they would come in next Wednesday. Others are urged to come into the club at this time.

The meetings are open to anyone who is interested in self improvement through public speaking.

**New Officials Chosen By Floyd Fair Group**

CONRAD HENDERSON KENNETH BROSE  
CARL BROCK GENE HANDLEY

Conrad Henderson was elected president of Floyd County Fair Assn. during a meeting of the board of directors in Lockney Tuesday.

Henderson is serving his third year on the board and last year was vice president. He is active in community activities including the Lockney Rodeo Assn. and the Longhorn Booster Club which he served as president the past year.

Other officers named were Kenneth Brose, vice president; Carl Brock, secretary and Gene Handley, treasurer.

Deane Henderson and Delton Jack were named directors to replace Hubert Frizzell and Joe Cunyus, who retired from the board.

CHAIRMEN NAMED  
President Henderson appointed as chairmen Mrs. Joe Foster; catalogue, Hubert Frizzell, commercial space; Carl Brock, community exhibits; Mrs. Max Marble, Miss Floyd County Queen Contest.

Entertainment features of the 1966 fair slated in mid-September were planned with the queen contest set opening night, Ladies Day Friday afternoon, gospel singing Friday night and talent show Saturday night.

Discussion was heard concerning the raffling of items during the fair. No decision was reached but the subject will be reviewed at the next meeting slated Feb. 8 at the First National Bank building.

A financial report of the 1965 fair was given by retiring treasurer, C. L. Mooney. Expenditures were \$4,485.04 with income totaling \$5,986.95.

Attending were directors Carl Brock, C. L. Mooney, Gene Handley, Joe Cunyus, Kenneth Brose, Conrad Henderson, Mr. and Mrs. Max Marble, Mrs. James Jeffress, Mrs. Ruby Lee Higginbotham, Hubert Frizzell and guests, Clyde Stowe, G. H. Phenix and Mrs. J. P. Taylor.

**Speech Tourney Slated At High School Saturday**

A Speech Tournament involving Floydada and nine other area schools will be at the high school beginning at 9 a.m. Saturday. Finals are expected to begin around 3 p.m.

The entries include from Class B through Class AAA. The schools that are entering teams are Tulla, Bula, Muleshoe, Happy, Friona, Olton, Hale Center, Spur, Crosbyton and Floydada.

The tournament will include Extemporaneous Speaking, Persuasive Speaking, Prose, Poetry and Debate.

Trophies will be given to first, second and third places in debate and to the first place winners in the other events. A team trophy will go to the school that places the highest, overall.

Jackie Glabreath, Floydada Speech Teacher, expressed her thanks to the many study clubs who have donated money to buy trophies for the event.

**Continues Now Through April 1**

Monday farmers in Floyd County began their annual trip to the local ASCS office to sign their intentions as to whether they intend to comply with the new Federal crop programs and to sign for the Cropland Adjustment Program.

Those who are intending to comply with the Federal programs also must specify which of the numerous choices they wish to make for all the crops they grow. Cotton, grain sorghum and wheat are all under one farm bill but are handled by different methods.

According to the ASCS office here the following sign-ups have been recorded:

Feed grain program - five have signed to divert 20 percent of their allotment and 91 have signed to divert 50 percent of their allotment.

Cotton - fifteen have signed to divert 12 1/2 percent of their base allotment and 31 have signed to divert the maximum, 35 percent. Producers have a choice of 25 percent diversion, also.

Wheat - forty-six have signed to comply with the program by diverting the minimum acreage and fifty-one have signed to comply with the program by di-

**Floydada Teacher Part Attack Victim**

Winfred Lewis, 67 year Floydada High School his-cher, died at his trail-on Main Street Friday following an apparent back. He was pronounl on arrival at Peoples where he was taken by mbulance.

al rites were conducted afternoon in the First Church with the pas-well Bell, officiating. Lewis said her husband complained of feeling ill complain of a discom- the day. Upon entering the house they found Lewis r with the phone off the They surmised he had ring to get help by phone

O. W. LEWIS

when fatally stricken, about 3 p.m.

Lewis was born in Cave City, Ark., on Nov. 29, 1898. He was a graduate of Bethany High School in Bethany, Okla., received his B.A. degree from Central State Teachers College in Edmond, Okla., and his MA degree from North Texas State at Denton.

Lewis began his teaching in Harmon County, Okla. He taught history, math and bookkeeping in Floydada High School, coming here in August of 1959. At the time of his death he was teaching history. He had taught school for the past 38 years. His wife is on the teaching faculty at Andrews Ward.

The couple was married in Wellington on June 26, 1920. Survivors include his wife; one son, Loren Lewis of Odessa; four brothers, Manly of Ojal, Calif.; Beverly of Sayre, Okla.; Leroy of Las Vegas, Nev.; Cecil of Sweetwater, Okla.; and four grandchildren.

Interment was in Floydada Cemetery under the direction of Moore Funeral Home.

Active pallbearers were Joel Sisson, Billy Jack Eudy, Emmitt Dutton, J. D. Roedler, Troy Neff and Charles Tyer.

Honorary pallbearers were Jim McGaugh, Gerald Thompson, H. G. Barber, Bill Curry, Ira Colley, A. E. Baker, A. W. Coltharp, Bob Copeland and W. P. Nicholson.

A memorial service in tribute to Lewis was conducted Tuesday morning in Floydada High School.

**School Trustees To Open Bids On Planned Buildings**

At a meeting open to the public, the school trustees will open bids on the proposed new buildings, remodeling and other improvements that were approved by the district taxpayers over two years ago. The bids will be opened tomorrow at 4 p.m. at the High School auditorium.

A series of legal disputes has delayed the letting of bids, and the opening of bids until this time.

Included in the planned improvements are a new grade school, a new science wing at the High School, remodeling at Andrews Ward, plus the addition of a new cafeteria, and improvements at the Junior High building.

**Floydada Travels To Abernathy, Then Plays Here**

The Floydada varsity basketball teams will complete the first round of conference play tomorrow night when the Whirlwinds and Whirlwinds travel to Abernathy.

The following Tuesday night the second round begins with the local teams hosting the Lockney basketball teams at Graves Gym.

The Abernathy boys team is one of the district contenders, SEE BASKETBALL PAGE 12

**City To Open Well Bids Next Monday**

City officials will open bids on the drilling of two new wells, on the waterfield southwest of town. The bids will be opened at 7:30 p.m. at the City Hall. Those who wish to bid on the SEE BIDS PAGE 12

**Will The Ground Hog See His Shadow?**

Next Wednesday, February 2 is Ground Hog Day.

According to tradition if the day is bright and the sun is shining, when the little animal comes out of his hole to survey his kingdom, if he sees his shadow, he will return to his hole and cause another six weeks of cold weather. If the day is cloudy he will not see his shadow and will remain above ground, thus bringing warm weather.

Since cold weather often brings moisture, in the form of snow or sleet, most High Plains residents are ready for more of the lower temperatures, so hope the little rodent does spot his shadow.

The area is just coming out from under one of the most beautiful, although very cold, snowstorms of several years.

**Mothers March Is Postponed**

Due to unsettled weather and the severe night temperatures, Mrs. Sammy Hale announced this week that the Mothers March of Dimes has been postponed until sometime next week.

Mrs. Hale is chairman of the Mothers March.

The canvassing was planned for Friday night. Those who were planning to assist with the drive are reminded of the change.

Mrs. Hale said that possibly during the day light hours next week mothers who could, would attempt the drive. If the town isn't completely canvassed, then a night will be selected at a later date when weather permits.

**Young Farmers Meeting Monday**

The Floydada Young Farmers will have a regular meeting Monday night, January 31, at the High School agriculture room. The meeting time is 7:30 p.m.

Jay Naman, president of the Texas Farmers Union will be on the program and will present the Farmers Union story to the Young Farmers.

Several members of the Lockney Young Farmers are expected to attend the meeting that is open to the public.

**TEMPERATURES DROP TO SUB-ZERO**

**Area In Grip Of Cold Wave**

Floyd County has joined much of the state of Texas and a large part of the United States in that one cold snap after another has held portions of the country in an icy grip for the past week.

The first snow fell in this area last Tuesday and caused two accidents. Before the snow and ice melted off the roads another snowstorm covered the area with snow falling Thursday night and Friday.

A fog covering over the area Saturday night caused residents of this area to wake up to a storybook fairland Sunday, with the ground covered by a white blanket of snow and the snowflakes stuck in the tree-tops.

The first snow brought 1 1/2 inches, and the second totaled from 4 to 6, but the total moisture content of both storms was

only .3 of an inch, according to the ASCS office here.

Although the moisture is very nominal, it will help revive the crops that have been needing the moisture for several weeks.

Early Saturday morning, the residents awoke to a very chilling 2 degrees below zero, according to Pioneer Natural Gas Company. Reports from individuals have run as low as 6 degrees below zero.

The sub-freezing temperatures have allowed a limited amount of melting both on highways and on cropland.

The hazardous road conditions over the weekend, and the combination of autos and sleds, resulted in two injuries to school children. A child was killed at Amarillo when the hood of a car, being used as a sled, came loose from the car that was pulling it and hit a pickup.

According to reports from the weather bureau, more snow and cold weather can be expected during the remainder of this week, as one Canadian cold front after another continues to move into the area.

**Pay Your Poll Tax**

Monday is the last day a person has to pay his poll tax, thus speak his mind in the elections that will come up this year. Tuesday, February 1, the 1966 vehicle license plates will go on sale at the Tax Assessor-Collector's office in Floydada. SEE POLL TAX PAGE 12

**Poll Tax Payment Deadline Monday**

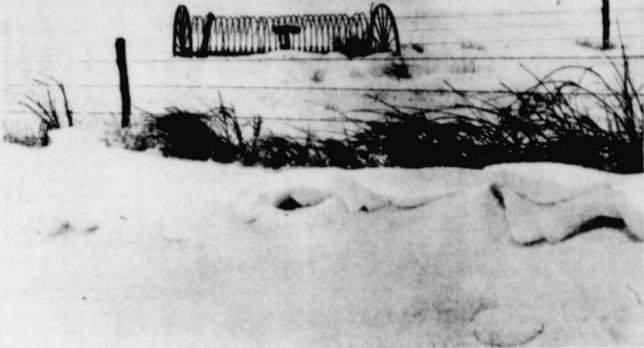

Monday is the last day a person has to pay his poll tax, thus speak his mind in the elections that will come up this year. Tuesday, February 1, the 1966 vehicle license plates will go on sale at the Tax Assessor-Collector's office in Floydada. SEE POLL TAX PAGE 12

**Young Farmers Meeting Monday**

Jay Naman, president of the Texas Farmers Union will be on the program and will present the Farmers Union story to the Young Farmers.

Several members of the Lockney Young Farmers are expected to attend the meeting that is open to the public.

... Wheat for Harvest in June

A big plus sign for a harvest of golden grain was spread over the High Plains in last week's snow that brought moisture up to an inch in all of the Fannin's 41 counties. The old hat rake in top photo highlights a view of the North Plains wheat country during the storm. It became part of the natural equation to add to fine harvest, bottom photo, with the combine rolling for grain in the elevator and money in the bank.

HESPERIAN NOTE - The above pictures that appeared on the front page of the Amarillo Sunday Globe News should be of interest to Floyd County residents. The bottom photo first appeared in a June 22, 1937 issue of the Amarillo paper at which time a front page feature

about the wheat harvest in Floyd County appeared. The man on the combine is W. L. Lewis and the wheat is being cut on the Mark Martin-Fred Zimmerman farm east of Floydada. (Amarillo Staff Photos)

# Mackenzie Work Date Scheduled

TULIA - A target date of June 1, 1967, has been set for start of construction on the Mackenzie Municipal Water Authority (MMWA) reservoir on Tule Creek, about 20 miles east of here.

The tentative date was made public in an application submitted by the authority to the Housing and Home Finance Agency. A loan of \$76,500 was requested to finance preliminary engineering planning.

Don Bookout of Tulia, attorney for the authority, said it generally takes about two months for the applications to be processed.

If the loan is approved, more

detailed engineering studies by Freese, Nichols & Endress of Fort Worth could be conducted and the project could then be brought before member cities for bond vote approval. Cities are Tulia, Lockney, Silvertown and Floydada.

Should voters approve the bonds, the authority would be required to repay the principal of the loan, but no interest.

If the issue is rejected, member cities would be out no expense and the government would write off the loan.

MMWA engineers estimate in the application that total cost

of the project, including land, right-of-way, engineering fees and construction costs, will amount to about \$5.8 million. Bookout said the estimate is strictly preliminary.

Proposed location of the dam and reservoir is on the Rex Rodgers property, except for a small section of land owned by Cephus Flowers. The dam would be built one-half mile west of the Tule Creek bridge on farm-to-market 284. At this point the three forks of Tule Creek - North, South and Middle - converge.

The lake will be from 3/4 to 4 miles long and cover about 900 surface acres. Reservoir capacity is estimated at 54,000 acre-feet with a maximum depth of 148 feet and an average depth of 60 feet.

The First Southwest Co. and Columbian Securities Corp. of Texas have been retained by

the authority as financial consultants on the project. The firm will make a detailed study and submit a recommendation as to the type or types of bonds which the authority should issue to finance the project on an economical basis.

Authority directors have also expressed an interest in Public Law 89-117 passed by the 89th Congress on Aug. 10, 1965, in which Section 702 makes certain allowances for grants for basic water and sewer facilities.

The law enables the Housing and Home Finance Administration to make grants to public bodies to finance projects for basic public water facilities (including works for storage, treatment, purification and distribution of water). The amount of the grant may not exceed 50 per cent of the development cost of the project.

## Twenty-Five Years Ago

(Jan. 30, 1941)  
In Floyd County

Mr. and Mrs. W. B. Langley, Mr. and Mrs. B. F. McIntosh, J. A. Arwine and C. B. McDonald attended funeral rites in Quitaque Tuesday for Charlie (Uncle Joe) Clark, former Floyd County resident. Clark died Monday of a heart ailment enroute to the Veterans Hospital.

Funeral rites for Mrs. Winifred Wilson, 20, who died Tuesday in Plainview Hospital, were conducted the following day. A young son, Danny Ross, born Saturday morning is still in the hospital but reported doing nicely. Mrs. Wilson was taken to the hospital some three weeks ago for treatment and the arrival of her first born child. Other survivors include her husband, parents, Mr. and Mrs. Orval Harris; four sisters; one brother and paternal and maternal grandparents.

As a pre-nuptial courtesy for Miss Juanita Rushing, daughter of Mr. and Mrs. Lee Rushing, who will be married to Malcolm Bridges of Big Spring, a group of hostesses entertained with a tea and shower last week.

FLOYD DATA  
Everett Collier, who has been critically ill for the past month, is now home from Methodist Hospital and doing fine, relatives said Tuesday. Collier is still weak but is said to be gaining strength daily.

## Cherry Tomato Coming Into Prominence

The Cherry Tomato is coming into popularity very fast. This is a small tomato about 3/4 inch in diameter. It makes an attractive piece of merchandise and is marketed in strawberry cartons, like that fruit. Its popularity is because it can be quartered and is ready for the housewife's salad. It grows to a bite size tomato very fast.

It is harvested and placed into pint size cartons, without any extra cost to the producer. The plants are excellent producers.

It might be smart for some of our tomato growers to try a few acres. It is very important that the growers on the Plains get their plants harvested as early as possible.

If you are interested in raising vegetables you should get the USDA Marketing Service Bulletin, issued at all central markets, such as Dallas, San Antonio, Austin, St. Louis, etc. If you wish to receive daily market quotations send your name and address to Vegetable Market News, 500 South Ervay Street, Dallas.

It is claimed our population increase in this nation is now 50,000 per week. That is equal to 10 extra Floydada residents per week.

Yours truly says raise vegetables to help feed these new mouths. I will help you find markets free.

L. A. Marshall

on the average to get each vehicle inspected before the deadline.

"It is easy to see," the DPS director said, "that lines will begin to form as the deadline draws nearer, for if a station inspects only four or five a day during the next month or so, then the load will increase to 15 or more per day as the owner brings his car in later."

In urging motorists to have their car inspected now, Garrison reminded them that when a mechanic asks for permission to inspect a vehicle he is attempting to save time for himself and the motorist.

## 250,000 CARS INSPECTED

# Texans' Promptness Commended

AUSTIN--Col. Homer Garrison Jr., director of the Texas Department of Public Safety, commended Texas motorists today for their improving compliance with the Motor Vehicle Inspection law.

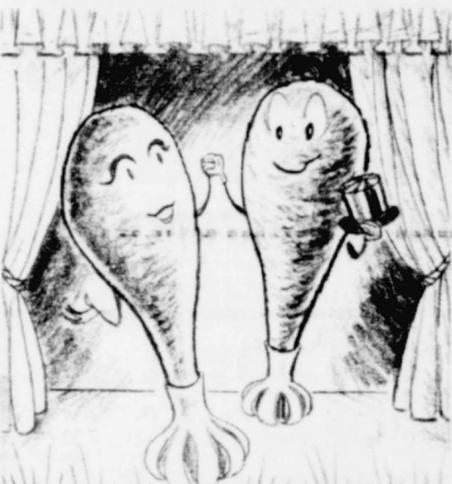

"Already some 250,000 more vehicles are displaying the new inspection sticker than there were at the same time last year," he said. "This indicates that Texans are aware of the benefits of having their cars inspected early. Not only does it give each driver the assurance that his vehicle is mechanically sound, it also relieves him of the irritating necessity of having to wait in line as the April 15 deadline draws nearer."

During the summer of 1965, the DPS conducted its annual training program for all garage mechanics desiring to be qualified to inspect vehicles at authorized inspection stations. At that time, each mechanic was

urged to request permission to inspect any vehicle whenever its owner brought it in for repairs or service. This technique has paid dividends in helping increase the number of vehicles inspected to over four percent of the number inspected at this time last year.

"Those drivers who have not yet had their car inspected should make plans to have it done as soon as possible," Garrison said. "And they should have no trouble locating an authorized inspection station. A new official standard sign has been issued each station, and is displayed near the service entrance where the inspection is made."

Although many more motorists have had their cars inspected early this year, some 3,450,000 still have to be inspected during the next three months. This means that each inspection station will have to inspect over 10 cars per day

## DRUMSTICK DRAMA

The star of this production is a big fat fryer grown plump and delicious. From brooder to buyer, our hero had electricity from the rural electric cooperative to warm his pen and light his way to proper feeding. When he was ready for his starring role, electric processing machinery and an electric freezer put him in the spotlight. And it took just one kilowatt hour to raise him from candling to cooking.

So if you find your fried chicken tender, tasty and economical this year, think a kind thought of the rural electric cooperative. They helped raise this chick to stardom.

# City Manager Gives Lions 'Familiarization Program'

The city has not paid a cent for water rights for the past several years, because W. M. Massis and heirs have been giving the citizens of Floydada free water rights for a number of years.

Presently the city has a total water storage capacity of 700,000 gallons of water. One elevated tank holds 50,000 gallons and another holds 200,000 gallons. Ground storage totals 450,000 gallons.

A proposed new reservoir will increase this capacity to 1,150,000 gallons of water storage giving a constant 45-50 pounds of pressure.

The group learned that the City Power Plant produced 12,222,900 kilowatts of electricity last year, and that there are 1,542 water meter connections in use and 1,267 city electric meters.

There are 40 city employees that receive a total of \$13,593,06 in wages per month.

Police protection costs the citizens of Floydada \$27,983 per year, fire protection costs \$14,295 per year, and sanitation service costs \$35,845 per year, based on the 1965-66 budget.

Floydada is a General Law city, with a Mayor-Council form of government. Some cities over 5,000 become Home Rule, make their own rules and regulations, but those such as Floydada, which is right at the breaking point, and those cities smaller, come under the General Laws of Texas, which are very antiquated.

The maximum number of volunteer firemen, and the minimum required by state are 25.

Leonard Mitsler is mayor of Floydada and councilmen are Roe Jones, W. H. Simpson, Jr., C. B. McDonald, Louis Anderson, and J. B. Smitherman. They serve two years, alternating terms and the next city election will be the second Tuesday of

April, 1966. The terms of Simpson, McDonald and Jones expire this year.

Dr. A. E. Guthrie is City Health Officer. The city operated 24 vehicles full time and the budget for 1965-66 totaled \$592,285.00.

A number of people have asked the difference in a tax

bond and a revenue bond and these were explained.

Tax bond is the real estate within the city limits stands as the collateral on tax bonds. A percentage of the real and personal property taxes collected is put into a bond and interest fund at the local bank from which principal and interest payments are made to

the paying agent.

Revenue Bonds - The city utility stands as the collateral on revenue bonds. The income from the city utility, less the operating expenses, are then

## Watson Memorial Gift Chairman For Floydada Heart Association

Olin M. Watson, Jr., Room 102 Courthouse, Floydada, has been named Memorial Gifts Chairman of the Floydada Heart Association, it was announced today by Fred D. Spencer, M.D., President of the Texas Heart Association.

In accepting the Memorial Gifts Chairmanship, Olin Watson said: "Many individuals and groups have found that gifts to the Heart Association provides a gratifying way to honor the memory of relatives and friends who have died of Heart Disease. These thoughtful tributes also give hope to the living, because gifts are used to support research, education and community service aimed at reducing the toll of the cardiovascular diseases - the greatest cause of mortality in our communities and in the nation."

When a Memorial Gift is received, the Memorial Chairman immediately sends an appropriate acknowledgment card to the bereaved family indicating the names of the individual being

OLIN M. WATSON, JR.

honored and of the donor or donors. The amount of the contribution is not included on the card to the family, but is shown on the receipt to the donor informing him that the family has been notified. Incidentally, all memorial gifts to the Heart Association are fully tax deductible!

made available for making principal and interest payments. If, after principal and interest payments are made to a paying agent, there happens to be a balance remaining then, and only then, can capital improvements be made or transfers be made to the General Fund.

Feurbacher said our present bonded indebtedness is \$1,200,000 plus our last bond issue of \$116,000. The only tax bonds outstanding are the \$150,000 paving bonds voted in 1960.

There are a total of \$665,000 electric, and \$350,000 outstanding revenue bonds at this time.

The city derives a total of \$72,000 revenue from taxes per year.

The city residents hold property evaluated at \$4,700,000 and about 25% of this is personal. The value for tax purposes is under 30% of the value multiplied by \$1.50. About 28%

## Jamie Lewallen In Wreck, Remains Under Treatment

Jamie Lewallen, of Floydada, station supervisor for Wylie Travel Centers, was injured in a two-car collision west of Plainview last week and remains under treatment at Plainview Medical Center. His father, Jim Lewallen of Muleshoe, was a passenger in the car and was still in the Plainview Hospital early this week.

Lewallen was traveling east on U. S. 70 about 12 miles west of Plainview when his car collided with a car driven by Amy Becker of Olton.

Jamie Lewallen received a broken right leg, a crushed heel, a broken pelvis, a broken elbow, a broken nose and lacerations on his face. His father suffered only bruises and lacerations. The Becker girl received a cut hand and knee. She was treated in Plainview and released later.

Lewallen is expected to be in the Plainview Medical Center for quite some time.

## Sister Of J. T. McLain Dies

J. T. McLain and wife have received the news of the death of his sister, Montez Wiggins, who died at 4 p.m. Sunday in a convalescent home in Fort Worth.

Funeral rites were conducted in the West Freeway Nazarene Church in Fort Worth. Local relatives were unable to attend due to the illness of McLain and the unsettled weather.

The deceased was born Montez McLain in Seymour, Tex., May 9th, 1886. She came to Floyd County the following year with her parents, James S. and Susan S. McLain, and her sister, Della and brother, J. T.

In later years she married J. W. Wiggins. They resided in parts of Texas, New Mexico and Arkansas where Wiggins died several years ago. Mrs. Wiggins later moved to Fort Worth.

Two children were born to this union, Mrs. Fay Williams of Fort Worth and Alpha Wiggins of Miami, Florida. Two grandchildren also survive. She was also preceded in death by a granddaughter, daughter of Mrs. Williams, who, along with her husband and three children perished in the flaming wreckage of a butane truck and pickup collision east of Hale Center.

Survivors other than those previously mentioned include two other sisters, Mrs. Myrtle Williams of Dimmitt and Winnie McLain of Dallas.

FAIRVIEW NEWS by Mrs. Clyde Bagwell

## "Old Man Winter" Visits Here

FAIRVIEW, Jan. 24 - "Old Man Winter" has really been with us for the past week and from all reports we will have more of the same. The snow is fine for the wheat and all other vegetation but hard on folks and livestock.

Several folks have had trouble getting their cars started.

We have had reports of some sickness among the community folk. Mona Dell Wise has been sick with a severe cold and complications. Becky Crabtree, daughter of Mr. and Mrs. Kay Crabtree, has been on the sick list the past several days.

Mrs. W. B. Wilson received word Saturday of the death of Tony Foster of Oklahoma City. Tony was a long time friend of Mrs. Wilson and her family. Due to severe weather Mrs. Wilson was unable to attend funeral services.

Mrs. L. B. Cozby and J. C. Bullard visited their sick sister, Mrs. L. E. Crabtree Saturday and had dinner with her.

Mr. and Mrs. Burl Huckabee of Floydada and Mr. and Mrs. E. W. Walls were guests Tuesday night of Mr. and Mrs. Wal-

ton Wilson. Games of 84 were enjoyed by the group.

Mrs. Ruey Irwin has a new great-granddaughter born Jan. 17. She is the daughter of Mr. and Mrs. Jerry Foley of Pampa. The little lady has been named DeAnn.

Mr. and Mrs. Bill DuBois and sons of Cedar Hill visited Saturday afternoon with his parents, Mr. and Mrs. Edell DuBois.

Mr. and Mrs. Lyndal Carey and Carolyn of Plainview spent the weekend here with their mothers, Mrs. John Carey and Mrs. Roy Meek.

Sharon Burton is home for several days with her parents, the Lee Burtons, during semester change at Wayland College.

Mrs. L. E. Crabtree spent Sunday in the home of her son and family, the Kay Crabtrees.

Mr. and Mrs. Walton Wilson and Mr. and Mrs. Bill Tyewere Saturday night guests of Mr. and Mrs. Harvey Allen. They enjoyed games of 84.

Mrs. W. B. Wilson kept Kris and Kirk Mize Wednesday while their parents, Mr. and Mrs. Steve Mize went to Plainview

where Mrs. Mize saw her doctor.

Lee Rushing visited in Plainview Sunday with two long-time friends who have been ill for some time. He visited in the home of Charlie Smart and at the Plainview Hospital with Doc Burleson of Matador, who is a patient there. Later Lee visited his sister-in-law, Minnie Woolverton, who lives in Plainview.

Mrs. Bob Poe of Amarillo spent last Monday night and Tuesday here with her father, Lee Rushing.

## Country Club Names Directors

At a meeting of the Floydada Country Club stockholders last week O. M. Watson, Jr., Tom Snead and Gary Carthel were named to fill the expired terms of three directors. Watson was re-elected to the board.

Bill Hale, Red Watts, Jerrold Vinson and Sam Puckett are holdover directors.

The group also discussed the projects that have been completed at the club during the past year and what is planned for this year. Ways of increasing the value of Country Club stocks were considered.

Some of the accomplishments during 1965 included: rebuilt tee-boxes, painted and repaired club house, completely overhauled swimming pool, repaired and painted playground equipment, added patio and fence on west side of club house, purchased new tractor-mower for tee boxes and frog hair, constructed new dwelling for resident Pro, added new signs, trash barrels, and tee markers, added new picnic tables for playground and two new umbrella tables for swimming pool, and moved dirt around club house porch and general course and grounds cleanup.

Those proposed for 1966 include: add at least two new permanent bridges for creeks, start planning for construction of golf cart trails to preserve fairways and frog hair, plan and improve parking facilities and fertilize and re-work fairways where needed.

New officers will be elected at a later meeting.

## CORRECTION

It was stated in last week's Hesperian that an accident involving Hershel Hammonds and Charles Baumgardner occurred at the intersection of 5th and Crockett, when it occurred at 4th and Crockett. The Baumgardner vehicle hit the Hammonds vehicle in the left rear, according to Hammonds.

STAR YOUNG FARMERS - Star Young Farmers of Texas convention at state Young Farmers of Texas convention in Austin January 14 include, left to right, front row, Truman Dunavant, Floydada; Weldon Mason, Brownfield; Eugene Kainer, Weimar; Garner McClatchey, Brown County; Kenton Harvey; Azle; back row, Francis Pogue, Sulphur Springs; Charlie Mack

Ellison, Itasca; Jake Platin, Sears-Roebuck Foundation, awards sponsor; Jimmy Fite, Madisonville; and James Knight, Mathis, Mason was also named Star Young Farmer of Texas. Harvey has been president of the state Young Farmer association for the past year, which now has 225 chapters throughout the state, 4,000-plus members.

## CENTER NEWS by Mrs. J. E. Green

### Weather Enjoyed By Most Here

CENTER, Jan. 24 - My! How we all must have enjoyed the gray days of last week, and the big, beautiful snow! The sun is trying to come out today and it looks good on the snow and the ice-covered trees. We of West Texas who are used to so much sunshine just don't feel happy without it too long at a time.

Larry Beedy of South Plains spent Saturday with his grandparents, Mr. and Mrs. Leo Frizzell. He came in at just the right time to shovel the snow from the walk and driveway.

Mr. and Mrs. Thomas Warren and family were Sunday dinner guests of Mr. and Mrs. Fred Battey. Other guests were Mr. and Mrs. Bob Alldredge and children, Mrs. Oia Warren and Mrs. Charley Battey.

Mrs. Clarmon Booth and Mrs. Roger Gooch came out to see their parents, Mr. and Mrs. J. D. Welborn Sunday afternoon. J. D. has been shut in with a cold.

Homer Guffee came out to see the R. C. Rosses one afternoon last week.

Doyle Sandfurf visited Mr. and Mrs. Walter Sims Saturday morning.

John Harvey of Crosbyton, a former neighbor, visited briefly with the Vinsons Sunday afternoon.

Bruce Horton, with the U. S. Navy in San Diego, California, writes his grandparents, Mr. and Mrs. Walter Sims, that he is now a journalist for the Navy periodical there.

Church attendance was slimmer Sunday, because the weather was so cold that some of the cars refused to start.

Mr. and Mrs. C. W. Denison were hosts Sunday to a family get-together honoring the birthday of Mrs. Denison's mother, Mrs. Ada Eaves who is visiting here from North Platte, Nebraska. Present at the bountiful turkey dinner, served at noon, were Mr. and Mrs. W. B. Parrack Jr. and family of Lubbock, Gilmer Denison and family and Mrs. Lane Ritchey, Lubbock.

Victor Green of Plainview called at his parents' home, the J. E. Greens Monday.

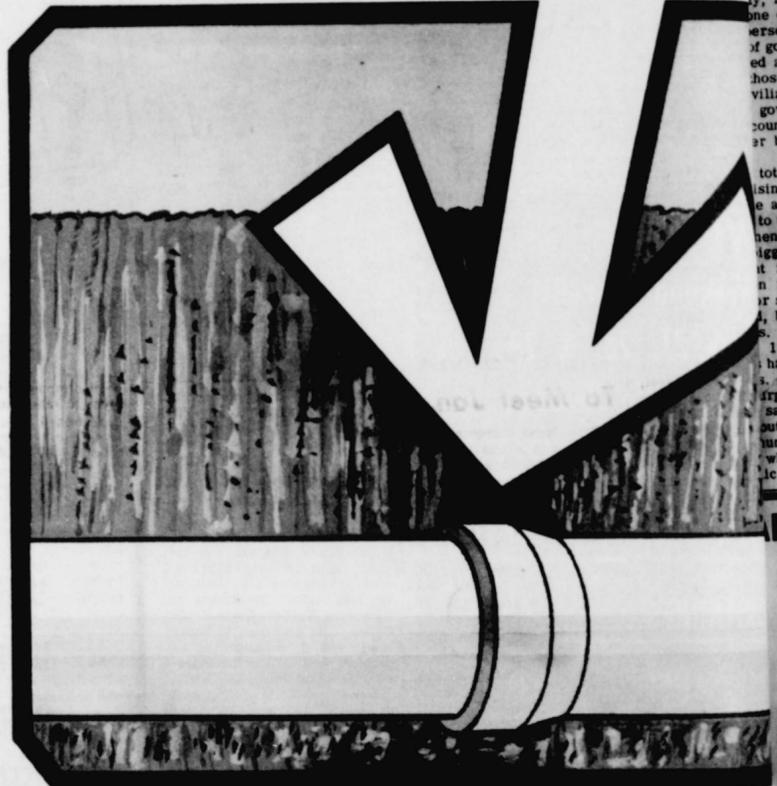

O. C. Vinson became ill Friday and was taken to the local hospital. He was brought home

Monday morning - today - and seems to be feeling better.

Bro. Perry Threadgill, Calvary Baptist pastor, made a trip to Dallas last week to attend the

Evangelistic Conference.

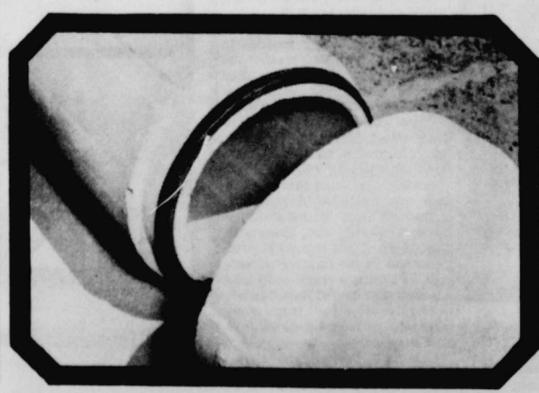

Some of our snowbound contributors were Mrs. Dunn, the R. C. Rosses, the Welborns, the Greens, and how many more.

# Population Of Floyd County Appears To Be Younger

YORK, Jan. 10-Residence in Floyd County are getting younger all the time. Not only collectively, but the median age of the local population is now estimated at 24.5 years, as against 26.0 years in the United States. It means that there are more persons below that age than there are above it. The local median represents a continuation of the 1960 median line with changes that have taken place since that time. The country as a whole is getting older.

25.7 percent in the five years, more than three times as fast as the rest of the population. Taken as a whole, residents of Floyd County, with their median age of 24.5, are somewhat younger than those in other parts of the United States, where the median is 28.0. It is 25.5 in Texas.

The report shows that all age groups equalled or exceeded their 1960 totals except those in the 30 to 39 bracket. They dropped nearly 2 percent, numerically, in the five years.

On the other hand, there was a substantial increase, 9 percent, in the number over 65.

In Floyd County, this age group now constitutes approximately 9.2 percent of the total population.

How young is a person at age 24.5, the local median, in terms of some of the historical events of the last few decades?

What would he know of the

great depression, which occurred 37 years ago? Or of the first showing of a talking movie (The Jazz Singer), some 39 years ago? How many were alive 24 years ago when the first nuclear chain reaction took place, signalling the birth of the atomic age?

To a large part of the population, these were things that happened before their time. They know about them through their school studies and through their general reading.

## Only Three Months Left To Apply For GI Insurance

Fewer Veterans have applied for the National Service Life Insurance provided by Public Law 88-664 than the Veterans Administration had expected. This is the law which went into effect MAY 1, 1965, and which will expire MAY 2, 1966, and permits Veterans with Service-Connected Disabilities to apply for a new form of National Service Life Insurance, to replace that which they let expire sometime in the past.

Only THREE MONTHS remains for those who are eligible to make application for insurance under this new Reopening Act.

There are, undoubtedly, many Veterans who could qualify for this insurance, and who are in need of such coverage, but have not made application.

The publicity on this insurance has been widespread, but it is still possible that many do not know of their eligibility. This is probably the VERY LAST OPPORTUNITY that Veterans will ever have to obtain any Government insurance, and the DEAD-LINE FOR APPLYING is MAY 2, 1966.

Veterans may apply for this insurance at the local Veterans Office in the Bishop Building on California Street, according to D. G. Ayers, Service Officer.

and bad weather.

The meeting has been re-set for Monday night, Jan. 31, at the same hour and place.

Dick Van Dyke to give up his TV series.

U.C.L.A. dropped from top 10 in basketball poll.

## County Agent's Corner

By Joe Wilson

An outbreak of cattle scabies in Hale County has quarantined cattle in small area of Floyd County.

The area is in the Northwest part of the county and is bounded on the west by the Floyd County line, on the north by Farm Road 788, on the east by Farm Road 2301 and on the north by Ft. Worth & Denver Railroad.

Only ten sections in Floyd County are under the quarantine. Scabies is a contagious skin disease caused by mites. The quarantine affects only cattle being offered for shipment to points out of the state of Texas. Producers and shippers offering cattle for movement to other states from the quarantined area are required to secure the services of a Federal Livestock Inspector prior to moving such cattle. Relocation of cattle to avoid such inspection is prohibited.

Producers anticipating sale of cattle into a market which offers cattle for movement to other states should request Federal inspection prior to movement from any premises lying within the quarantined area.

All producers wishing to have their cattle inspected should contact Joe Wilson, the County Agricultural Agent. He will in turn contact a federal inspector.

The Annual Floyd County Soil Fertility Day has been planned for February 17. It will be held in the American Legion Hall in Lockney. The program will include Bill Lyles, Area Extension Irrigation Specialist from Lubbock, Dr. Lavon Ray, High Plains Research Foundation, Lubbock; John Box, Extension Agronomist; Texas A & M University; Elmer Hudspeth, Agriculture Research Service, High Plains Research Foundation, Lubbock and Harold Malstrom, South Plains Research Foundation, Halfway.

## James Jordan Father Dies

Services for A. W. Jordan, 77 year old retired Lubbock farmer and father of James Jordan of Floydada, were held Monday in the New Deal Church of Christ. Jordan died at his home in Lubbock Saturday.

He moved to Richardson in 1925 from Richardson and farmed near Becton, Idalou and New Deal. He and the former Bonnie Byrd Belt were married in 1911.

Survivors include his wife; five sons; four daughters; two sisters; four brothers; 17 grandchildren and 11 great grandchildren.

**FLOYD DATA**  
Mr. and Mrs. Vernon Parker and children attended the open house at Wallace Laboratories, Inc. in San Angelo this past weekend. The firm specializes in processing work for professional photographers.

President Johnson has announced his selection of Harold Howe II as the new U. S. commissioner of education. He replaces Francis Kappel who will devote full time to his other job of assistant secretary of Health, Education and Welfare.

## 10 Locally Hold Government Jobs

YORK, Jan. 18 - There are 10 people on public pay in Floyd County, per 1,000 population, more than in most communities in the United States. The fact is brought out in figures, brought up to the basis of new, data from the Department of Commerce and indicated by it, is now indicated, one out of every 9 persons works for some government.

ed as public employees those who are employed vilian capacity by the government, or by the counties, municipalities or branches of govern-

mately 450. This is well above the 388 who were in government jobs in 1960, when a nationwide occupational survey was conducted by the Department of Commerce.

The figures for the local area show that, in terms of the working population, some 10.6 percent are in government employ.

This compares with an average of 13.6 percent in the United States as a whole and 13.9 percent in Texas.

The Census Bureau finds that "the increased number of jobs in state and local governments is the most remarkable and the least noticed-feature of the current employment situation."

Nearly half of the new job-holders are in the field of education. They were needed to meet the surge of young people reaching school and college ages.

The rising number of elderly people has been another reason for the increase in the number of employees, especially in the fields of health and welfare.

total has been rising at rate, especially at the local levels, according to the Census Bureau's trends division.

increase in employment in recent years has been in the nation's factor service industries, it, but, in state and local

1960, about 1,350,000 have been added to their. At the Federal level, surprisingly, the increase same period has been 150,000.

number of people in Floyd who are now employed in agencies is approxi-

## Band Parents To Meet Jan. 31

The Band parents meeting which was scheduled for the night of Jan. 24 was postponed due to the death of O. W. Lewis

### Hesperian Editorials

#### "Put up....or shut up"

"Put up....or shut up"... that's it in a nutshell. If you are going to comment on local, state and federal government this year, The Hesperian suggests you get a license that will let you spout off to your heart's content... a little item that costs \$1.75... a poll tax.

Of course if you don't have enough interest in government to buy a poll tax... you surely shouldn't have enough interest to complain if you don't like who was elected, or what takes place in some bond elections sure to come this year.

Time is growing short... Monday is the deadline for purchase of the poll tax.

Payment of the poll tax is a right and a privilege and helps defray the cost of holding the elections. It is a means of registering the qualified voters in Texas each year and without the poll tax some additional rights vanish.

However, if you wish only to vote in the elections involving the seats in Congress... you need only secure a "free" poll tax. But again, this must be secured on or before January 31.

Persons who fall under the exempt category... those who are voting for the first time in Texas... must obtain the exemption certificate by the same January 31 deadline.

Several important votes will come up in Floydada and Floyd County this year: Democratic and Republican primary elections in May, state and national elections, district clerk, district judge, hospital board members, city and school board elections in April, county judge, clerk, treasurer, commissioners precincts 2 and 4, justice peace precincts 1 and 4, plus special elections that may be called.

Want to vote?... want to express your opinion... want to have part in good government?... okay, get that poll tax paid before January 1, 1966.

#### Hulsey Rites Held Monday

Funeral rites for Jack Hulsey of Quitaque, former Floyd County resident, were conducted Monday afternoon in the First Baptist Church in Quitaque. Hulsey died Friday morning in Swisher Memorial Hospital in Tulsa.

## Philosopher Proposes Only 1 Per Cent Of Land For Cities

Editor's note: The Floyd Philosopher on his Johnson grass farm takes a look at big city problems this week, from a rather odd view point.

### Carr Elected President At Harmony

The Harmony Community people met Thursday evening, January 20, 7 o'clock, at the community center for their January business and entertainment. Charles Carr was elected president; R. G. Alexander, vice-president; Mrs. Chloma Williams, secretary; Mrs. Everett Miller, reporter; Walter Hanna, trustee, for 2 years filling the vacancy created by Bob Hopper, whose time expired.

The Agriculture Committee reported the cotton harvested; the treasurer, Bob Hopper, gave a report of the cropland adjustment program for 1966.

After all business was attended to, the host and hostess, Mr. and Mrs. Glen Pool, Mr. and Mrs. Walter Hanna, Mr. and Mrs. Wesley Carr chaperoned some 50 people from a cold snowy night in Harmony community to a sunshiny country of Lebanon, through a film.

There the group saw the beautiful countryside being tilled by a people in a different dress as well as a much different way of life than ours. The yoke of oxen and camel as a beast of burden were doing their job in a slow but satisfactory manner.

From Lebanon the scene switched to India, with its multitude of people in mass farming and busy with their way of life's work. The people have a wonderful architecture and sculpture, yet, the cow, as a sacred animal, was going about, even halting busy traffic, as it crossed the streets or highways.

While traveling in a foreign country the group could not miss seeing Bethlehem, old and new, and Jericho, both old and new, with their historical places of significance.

The group is grateful to "Cotton John" for sharing his films with us who have not been fortunate enough to "Go view the land," and to our host and hostess who made the entertainment and trip to "Go View The Land," possible. It was enjoyed very much by all present.

the Harmony Community for many years then moved into Floydada and built the home where the Cecil Hagoods now reside. The father was in the trucking business at that time.

Survivors of the victim include his wife; his mother; two daughters, Lonita Solomon of Hamlin and Judy Gamblin of Albuquerque; one son, Jimmy of Albuquerque and a sister, Mrs. John G. McBride, the former Geraldine Gamblin of Raymondville, Tex.

FLOYD DATA  
Mr. and Mrs. Larry Orman visited here recently with their parents, Mr. and Mrs. W. L. Orman and Mr. and Mrs. S. M. Guthrie, enroute to Los Cruces, N. Mex., where Orman will do assistant ship teaching while working on his masters degree. Orman recently received his degree from West Texas State.

Dear editor:

While I don't understand New Yorkers, what I mean is, during the transit strike everybody up there was so put out and outraged because they couldn't get to work, almost having a nervous breakdown, whereas any day I can't get to work I'm fairly well satisfied, still big cities do have some big problems and us people in small towns and the country ought to be giving some thought to them, for a special reason.

For example, I read last night in a copy of a magazine which I keep handy for use during commercials that 70 per cent of the people in this nation now live in the cities, but they occupy only 1 per cent of the land. Furthermore, the trends still increasing toward more and more migration to the cities.

This is what I'm talking about. If we can manage to keep 70 per cent of the population content to live on 1 per cent of the land, think how much room that leaves us.

Whatever it takes, Federal subsidies, surplus grain, or including them in the Community Chest, cities ought to be

maintained at all costs. Prizes ought to be offered to the cities that show the most gain in people on the least number of acres, a sort of agricultural prize in reverse, like farmers are honored for doing the same thing with crops. Grow Up, not Out, ought to be the slogan.

The last thing we want is some big city mayor, overwhelmed with absolutely unsolvable problems, to get the idea that if you can't make it in the city you ought to move to the country.

One per cent of the land for cities, 99 per cent for the rest of us -- that seems like a fair division.

Yours faithfully,  
J. A.

FLOYD DATA

Word by friends here from Mrs. Don Booth relates that her mother, Mrs. Tom W. Deen, former Floydada resident and wife of the late Judge Deen, is back in Cliff Towers Nursing Home in Dallas after spending from December 19 until Jan. 4 in Methodist Hospital there suffering from a second heart at-

### Lockney Will Hire Special Tax Assessor

The Lockney School Board, in a meeting last Friday evening, decided to hire a special tax assessor for personal property within the district. Efforts will be made to secure a complete list of personal property with special attention to farm machinery and livestock, members of the Board said. No one had been secured for the position Tuesday night.

The Board also agreed to send two of the local coaches to coaching school. They considered the hiring of a business manager for the school district but decided against the position after some discussion.

Superintendent-elect John P. Mason began work with the school as supervisor Monday morning. He and his family moved here from Quitaque last week and are living in one of the Ferguson houses in West Lockney.

Mrs. Booth said her mother is still confined to bed but is able to sit up daily.

For those wishing to write Mrs. Deen they may address their cards and letters to 329 E. Colorado Blvd., Cliff Towers Nursing Home, Dallas.

## Nancy Morckel Gives Program For 1929 Club

A most delightful program was presented to members of the 1929 Study Club last Thursday by Mrs. Nancy Morckel who spoke on how to grow old gracefully. Her topic was maturing in a safe society saying "Grow Old Along With Me! The Best Is Yet To Be."

The meeting was held in Lighthouse Electric kitchen. Mrs. Morckel was introduced by Mrs. Verne Gauntt, program leader.

Mrs. C. W. Denison, hostess, served lovely refreshments to Mmes. J. A. Arwine, Hollis R. Bond, R. E. Fry, Verne Gauntt, Clarence Goins, Clay Henry, J. D. McBrien, Conner Oden, S. W. Ross, George V. Smith, J. B. Smitherman, Carl W. Wilkins, and Mrs. C. R. Yeokum.

The next meeting on February 3rd will be with Mrs. Bond at which time the foreign exchange student from New Zealand, Kaz Wierzbicki, will speak.

MRS. JIMMY CRADER (nee Linda Robertson)

## "Africa" Theme Of 1922 Study Club Meeting

Africa was the theme of the 1922 Study Club when it met last Thursday in the home of Mrs. Glad Lynn Norman with Mrs. Glad Snodgrass as hostess. Members answered roll call with some interesting fact of Africa.

A book review by Mrs. J.M. Willson Sr., entitled "Cry The Beloved Country" by Allen Payton, was very enlightening. The book was a story on Africa.

Mrs. P. D. Helms, program director, gave the devotional, and members gave the club collect in unison.

Lovely refreshments were served to Mmes. D. W. Burke, L. E. Crabtree, J. V. Daniel, P. D. Helms, W. H. Henderson, R. L. Nichols, Glad Snodgrass, E. F. Stovall, W. O. Tye, Ben Whitaker and Mrs. Willson. Also guests, Mrs. Ham Smith and Mrs. Glad Lynn Norman.

The next meeting is Feb. 3 in the home of Mrs. Burke.

## Partner Of J. M. Willson Dies

Funeral rites were held Tuesday in the First Methodist Church in Quitaque for Alton A. Johnson, 59 year old mayor of that city and a partner of J. M. Willson Sr., Floydada, in Willson and Son Lumber at Quitaque.

Johnson died Monday night at his home after suffering an apparent heart attack.

He had served as mayor of Quitaque since 1959 where he and his family moved in 1914. He worked for several government agencies during the 30s and in 1940 became manager of Willson and Son Lumber Co., in Quitaque.

Survivors include his wife; a daughter; three sons; his mother; a brother and sister and one grandchild.

## Club Members Tour Local Seed Plant

The 1962 Jr. Study Club had a guided tour of the Floydada Seed and Delinting plant by the manager, Dean Morris, on January 18. He explained about wet acid delinting, method of cleaning, treating and planting of cotton seed. Everyone enjoyed and learned much from the tour.

Following the tour, members returned to the home of Mrs. Bill Hicks for their regular meeting. Mrs. Dean Morris, club president, was in charge. Members read the club collect and Mrs. Delmas McCormick read the quote.

Members decided to have a bake sale on Feb. 9. Anyone wishing a specially baked cake may contact any club member.

Members are reminded of the Mothers March of Dimes Friday night at 8 o'clock.

Refreshments were served to Mmes. Harvey Allen, Gary Batte, Mike Carver, Bill Hicks, Delmas McCormick, Dean Morris and Mrs. Elmer Dean Williams.

The next meeting will be at the bank community room for a Sweetheart Banquet February 1 at 7:30 p.m.

Rev. Floyd C. Bradley is to be guest speaker.

## LCC Associates Have Meeting

The home of Mrs. Menard Field was the meeting place of the Floydada chapter of the Lubbock Christian College Associates on Monday night, January 17.

Mrs. P. L. Orman led the opening prayer and Mrs. Grady Walker directed the meeting. Mrs. Troye Stansell read the minutes of the previous meeting and Mrs. Tom Porter gave a report of the Lubbock meeting she and Mrs. Walker had recently attended.

Members of the Associates, which is comparable to any school PTA organization, are striving to better equip the physical plant and to help worthy students attend the school, who would, otherwise, be unable to further their education.

Mrs. George Spears and Mrs. Marshall Haney were announced as new members. Anyone else wishing to work with this group will be more than welcome.

Mrs. Ned Bradley introduced Mrs. Ralph Johnston, who gave a fine review of the book, "Life In The Saddle" by Frank Colingson. It is a delightful story based on the life of the author as he lived and saw it in the early days of this country. Tales of dugout living, Indian fights, fires, storms and other hardships were told in a most entertaining and informative way.

Roaring Springs is said to have come by its name because a camper heard the roar and found a spring near his camp ground. He recalls the time a doctor came from Ennis, Texas, two weeks ahead of time, to assist in the birth of Harry Campbell, who still lives in that town. Collingson is buried in Clarendon.

Hostesses for the evening were Mmes. Field, J. A. Arwine and Sam Lide, who served a delicious refreshment plate to Mmes. Harlie Vick, P. L. Orman, A. H. Robertson, Glenna Jackson, Gene Reed, Porter, Stansell, Walker, Haney, Spears, Bradley and two guests, Mrs. Thomas Parks and Mrs. Johnston.

The next meeting will be in the home of Mrs. A. H. Robertson on February 14.

## FARMERS FROM PAGE 1

ment Program, in which farmers contract with the Government to retire all of at least one allotted crop for from five to ten years, the Secretary of Agriculture is limited to \$225 million for each of the four years of the program.

And, if he has requests for long-term retirement contracts, which would involve more than that amount, he would presumably allocate the money on a first come - first served basis.

But this has nothing at all to do with the diversion and price support payments on cotton and feed grains. All producers will have the opportunity to participate in these payments, whether they signed up on the first day, or whether they sign the last day, April 1.

The final date to sign-up for crop programs is April 1, and there is no ending date set for sign-up for the Cropland Adjustment Program. However, since there is a dollar-limit on the program, it might be to the interested producer's advantage to sign up as early as possible.

## Child Missed In Census

Do you have a child who will be in a Floydada school next year and has not been counted in the January census?

If so, you are urged to call Mrs. Bob Copeland at YU3-3479 and give her the information needed concerning the child.

Children who are already in school are normally counted in the census, but parents who have no children in school this year, and will have during the 1966-67 school year, are urged to call Mrs. Copeland in the very near future so the census can't be completed.

WAYNE SEARS

## Revival Services In Progress At Nazarene Church

Revival services are in progress this week at The Church of the Nazarene with evangelist Rev. Wayne Sears of Norman, Okla. Rev. Sears, previous to entering the field of evangelism, served pastorates in Texas, Oklahoma and Alabama for twenty-two years, serving some of the larger churches in the denomination. His last pastorates were Birmingham, Alabama First Church of the Nazarene, and Norman, Oklahoma First Church of the Nazarene.

Youth from Bethany Nazarene College will be in charge of the music over the week-end beginning Friday evening. Miss Phyllis Kromer, pianist for the group, is preparing for missionary service in the Church of the Nazarene.

The emphasis of this revival is the salvation of sinners and sanctification of believers, spiritual experiences revealed in the Bible and available to all people. Prerequisites of these experiences are repentance, consecration and faith. The sacrifice of Christ made these experiences available, the Holy Spirit makes them real.

## FLOYD DATA

Mr. and Mrs. Jack Henry plan to leave for Dallas this weekend where Henry will receive medical treatment.

**PINT-SIZE COURREGES**—Cotton corduroy in buttercup yellow shapes a dashing jumper. Teamed with a roll-collared pique blouse. It's made from Simplicity Pattern 6150. Fabrics and pattern available at Singer centers around the country.

## Candlelight Vows Read For Linda Robertson, J. Crader

A candlelight ceremony read at 7:30 Tuesday night united in marriage Linda Gayle Robertson, daughter of Mr. and Mrs. M. S. Robertson of Floydada, and Jimmy Randall Crader, son of Mr. and Mrs. Bill Crader of Sterley.

Rev. Floyd C. Bradley, pastor of the First Baptist Church, performed the double ring vows in the home of the bride's parents.

The wedding scene was formed in front of the fireplace, highlighted at either side with white urns containing white mums and red carnations. Wedding selections were played at the piano by Elaine Warren. Given in marriage by her father, the bride wore a street

length two piece wool suit of pure white with red accessories. She carried a white prayer book topped with red rose buds and streamers of white love knots.

DeAnne Robertson of Floydada, sister of the bride, was maid of honor. She was attired in a two piece red suit with black accessories and carried a red and white carnation nosegay. Lawson Rowell of Sterley, brother-in-law of the groom, was best man.

A reception in the Robertson home followed the wedding. The bride's table was laid with a white cloth and was centered with a centerpiece of red and white carnations flanked by crystal candelabra, holding red tapers. A tiered cake and punch was served from crystal appointments by Mrs. Lawson Rowell.

Mrs. Crader is a 1963 graduate of Floydada High School and attended Wayland College until her marriage. Her husband attended school in Lockney and is presently serving with the Army.

The bride plans to make her home with her parents until living quarters may be secured at Fort Leonard Wood, Mo., where Crader is stationed.

D. A. McCURE was presented a bouquet of red from her children Saturday in honor of her 82nd birthday. She has seven children, Mrs. Dennis Taylor, B. Allen, Hoyt and Weldon McCure, all of Crosby. Mrs. Frank Norman of Abilene, Mrs. Horace Cagle and Mrs. Robert Moss of Memphis; 19 grand- and 25 great-grandchildren.

## son-Crume Vows Repeated

Linda Karen Watson and Everett Crume were in a double ring ceremony Saturday in the First Church in Crosby. Ernest Stewart, pastor of the couple are Mr. Millard H. Watson, Floydada and Mr. and Mrs. Everett Crume, Route 1,

necklines and full skirts. Best man was Tommy Barker of Canyon, and groomsmen were Ray Gent of Lockney. Ushers were Johnny LaReau of Lubbock, Jerry Watson of Lockney, Larry McCurdy and Dean Watson.

Candlelighters were Jimmy and Connie Clayshulte of Las Cruces, N. M., and flower girl was Kim Ayers of Lubbock. Organist Miss Julia Marie Flournoy and soloist Miss Nancy Allen provided musical selections.

Following the ceremony, the couple was honored at a reception in the church.

For a wedding trip to Cloudcroft, N. M., the bride chose a pink knit two-piece suit and matching coat with brown suede purse and shoes.

Her corsage was of white carnations. The couple will be at home at 2119-B 23rd St., Lubbock, where both are students at Texas Tech.

The bride is a graduate of Crosbyton High School and is a senior majoring in home economics. She is a member of Women's Service Organization, and plans to graduate in May. The bridegroom is a 1963 graduate of Lockney High School and is a junior at Tech majoring in accounting.

## Beauty Tips

## Local Girl In Running For SPC Queen

Barbara Schulz is among the twenty-one girls, representing various organizations at South Plains College in Levelland, who is in the running for the Homecoming Queen of that school. Miss Schulz represents the band, she is the daughter of Mr. and Mrs. Monroe Schulz of Harmony.

The Queen will be crowned during half-time at the Homecoming Game between the SPC Texans and Frank Phillips College.

All except five of the 21 candidates will be eliminated during an all-college assembly and pep rally January 31 in the college auditorium. During another assembly on the morning of February 4, the top five contenders will be presented and students will select the Queen from the remaining five.

During the game half-time, the 1966 Homecoming Queen of South Plains College will be crowned and presented a trophy, bouquet of roses and the crown. The new Queen, with her attendants, will reign over the remainder of the game.

This year marks the sixth homecoming of the eight-year-old college.

## FLOYD DATA

Mr. and Mrs. Lloyd McCray, Brenda of the service and Steve, who is in the home stationed at Lawton, Okla., flew by plane to San Rafael, Calif., Saturday week ago to visit their son, Joel, who remains in a hospital there very ill. Joel and his family visited in Floydada Christmas and his illness was discovered after he returned home.

All of the McCray family returned home Tuesday with the exception of Mrs. McCray, who remained in California to be with her son.

### One Texan In Six Receiving Benefits From Social Security

941,300 people in Texas received \$60,499,000 in monthly social security benefits in 1965, according to Mancel King, officer in charge of the social security branch office in Plainview. "This is an increase of 49,338 people and \$7,780,789 over 1964," King said. Nationwide, by the end of the year, 20.8 million persons were receiving \$1.5 billion monthly in cash social security benefits. "The main reason for the increase in money paid out," he continued, "was the 7 percent increase in benefits, enacted in July but retroactive to January 1965." In September, checks covering the retroactive payments and amounting to \$885 million nationally were sent out to the more than 20 million people then on the social security rolls.

### Kitchen & Field News

Lighthouse Electric Coop, Inc.  
Nancy Morckel, Home Economist  
Mary Phillips, Assistant Home Economist

Are you looking for a versatile farm hand—maybe two—one to help you and one to help your wife?

This farm hand has to be a general helper with the livestock, the grain, and in fact all the chores about the farm; which is not an easy job during the cold winter months. He's got to be part mechanic, chauffeur, repairman and gardener once spring time gets here. He's got to start the car and farm equipment on cold mornings, polish and wash the car, mend broken equipment and keep the yard mowed and hedges trimmed.

And your wife's helper—she's got to be a general clean-up woman—to sweep floors, haul and heat water, wash dishes, carry out the garbage, sterilize the baby's bottles, wash the clothes, hang them up to dry, take care of the leftover food, keep the clothes ironed, and cook and take care of the food for the family.

There's only one person who can do all of that—without fuss, trouble, bother, getting tired, sick days or vacation time—and at pennies instead of dollars. For WILLIE WIREDHAND—the rural electric cooperative's name for electricity—all of this is just a regular day's work.

So, up a foodlot operation and will be to make things go smoothly. He'll water the livestock with an automatic electric livestock waterer—and there'll never be any need to chop ice in the stock tank again. An electric fence will keep the cattle in and yard lot lighting will calm the cattle in the lots. And Willie will help load silos, mix the feed, milk the cows, shear the sheep or whatever the need may be. He will run tools to mend broken equipment or make new equipment. He'll polish the car with an automatic electric car polisher, mow the yard with an electric lawn mower, trim the hedges with an electric hedge trimmer. With an engine warmer, he'll start any of the equipment no matter how cold the morning without so much as a bubble.

And Willie's the best wife-helper you can hire. Cooking's a snap for him with an electric range. He can clean the house with an electric vacuum cleaner, wash the dishes in an automatic electric dishwasher and get them germ-free, beat and mix foods, opens cans, get rid of the garbage with an electric garbage disposal, even sterilize baby's bottles, take care of food with an electric refrigerator-freezer and do the "canning" better—by freezing in an electric food freezer instead—and nary a murmur about how hard he's working. With an electric pressure water system, he'll eliminate the heavy-duty drudgery of water hauling and his electric water heater will provide all the hot water you will need. He'll wash and dry clothes, never even worrying about the weather, letting them dry in the utmost of safety. And his drying method will cut down on the ironing aside from his doing the ironing anyway.

He'll light the house with clean, efficient electricity instead of dim lamps and sputtering candles and provide a cleaner, more efficient heat than any open fire or flame-heat. He'll also keep track of the time, heat the bed with an electric blanket, help the man of the house shave and at the end of the day, crank an ice cream freezer, or provide news, weather and entertainment with television, radio and stereo record player. As an added bonus, he'll cool the house in summer—a thing few other helpers can do. If you can think of someone else who can do all that—and who works as cheaply as WILLIE WIREDHAND—(from 1¢ to 2¢ per kilowatt), then hire him—but we'll bet he asks for a vacation now and then or drops of sheer exhaustion.

for monthly benefits and added a program of health insurance for people 65 or over which will go into effect beginning July 1, 1966.

King said that the health insurance program—known as Medicare—is available to 886,000 people 65 or over in Texas. The basic hospital insurance part, he continued, is automatic for every one of these people who have applied for social security benefits, whether or not they are eligible for regular monthly checks.

The medical insurance part, covering doctors' bills and other medical expenses, is voluntary and will cost the participant \$3 a month (with the Federal government contributing a matching amount). Those who want this insurance have to sign up for it.

And, King emphasized, people who were at least 65 by January 1, 1966, have only until March 31st to sign up, if their coverage is to begin on July 1st.

Going back to the past year, King said: "Altogether, the changes made in social security in 1965 are the most important since social security began 30 years ago."

"This program of social insurance has come a long way in our generation," he said, "and we are getting ever closer to our goal of economic security for all Americans."

The Plainview social security branch office, located at 1401B West 5th Street, Plainview, opened December 17, and is open from 8:30 a.m. to 4:45 p.m. daily, Monday through Friday. It remains open Thursdays until 8:45 p.m. to accommodate those who cannot come to the office during normal office hours. The late hours on Thursdays will continue through February, King said.

The Plainview office serves Hale and Floyd counties.

Yes—but— She (gushingly)—"Will you love me when I'm old?" He—"Love you? I shall idolize you. I shall worship the ground under your little feet. I shall—um—er—. You are not going to look like your mother, are you?"

But not WILLIE. He loves work—every minute of it—and does his best when there's an outage to get on the job as quickly as possible.

Why not hire him to do your work? After all, it's a crime to work a human being to death, including yourself. Let electricity help you get the job done quickly and efficiently.

Mr. and Mrs. Ed James and family of Roaring Springs visited his sister and her family, Mr. and Mrs. Bill Phillips, Sharla, Mark and Rhonda, Saturday evening.

With the cold wet weather we have been having, perhaps you would like a nice bowl of hot home-made chili. This is the best recipe that we have ever tried.

- 1/2 pound pinto beans
- 5 cups canned tomatoes
- 1 pound chopped green pepper
- 1 1/2 tablespoons salad oil
- 1 1/2 pounds chopped onion
- 2 cloves garlic, crushed
- 1/2 cup chopped parsley (parsley flakes may be used)
- 1/2 cup butter
- 3 1/2 pounds ground beef chuck (coarse chili ground)
- 1/3 cup chili powder
- 2 tablespoons salt
- 1 1/2 teaspoons pepper
- 1 1/2 teaspoons cumin
- 1 or 2 dried red chili peppers

Wash beans and soak overnight in water two inches above the beans. Simmer, covered in same water until tender. Add tomatoes and simmer five minutes. Sauté green pepper in salad oil five minutes. Add onion, cook until tender, stirring often. Add garlic and parsley. Be sure meat is coarsely ground as for chili. Melt butter in large saucepan and sauté meat for 15 minutes. Add meat to onion mixture; stir in chili powder and cook 15 minutes. Add this to beans and spices. Simmer covered for 1 1/2 hours. When chili is done, add chili peppers, broken up, with seeds. This produces a meaty, full-bodied chili without a trace of fat.

ENSALADA de AGUACATE (Avocado Salad)

- 1 clove garlic
- 1 large firm avocado
- 2 fresh tomatoes, and 4 radishes
- 1 small onion
- 1 small head of lettuce
- salt
- French dressing

Rub bowl with garlic. Dice avocado and cut tomato in wedges. Chop onion, and radishes and shred lettuce; combine. Chill. When ready to serve add dressing.

Schools in our area are being contacted for the "Government in Action" youth tour that is sponsored yearly by Lighthouse Electric Coop., Inc. All Junior boys and girls in high school are eligible for this all-expense trip to Washington, D. C. Information on this oratorical contest is available at the Lighthouse Office in Floydada. Deadline for entries is February 11.

MIDLAND B-HORNET B  
 The B game was a different story, however, as the locals played Midland a close game the first half, then let the visitors have the run of the court. The final score was 69-36, Midland.

After the first quarter, the score stood 12-11, Midland, and at halftime the local B team was still in the game with the score 26-18, Midland. Going into the final period however, Midland had complete control of the game with a 48-30 edge.

Curtis Jenkins was top scorer for Della Plains, with 10 points. John Morris of Midland hit 32 points to lead his team.

The local teams travel to Quannah tomorrow night for a non-conference battle.

The Floydada Whirlettes jumped into the district leadership Tuesday night as they downed Dimmitt 45-40 to hold a district record of four victories with no defeats. The Whirlwinds suffered their second loss of the season, this one by 34 points.

The girls took a first quarter lead of 14-9, during the second quarter caught fire and scored 17 points while allowing Olton

only 3. At halftime the score read 31-12. Going into the final period the Whirlettes had a comfortable lead, but let this slip in the last quarter as the game ended with the score 48-37.

Shirley Rainer and Patsy Pierce each scored 17 points for Floydada while Sally McIntosh added 14. Sherry Caddell hit 21 for Olton.

The Floydada girls hit 8 of 12 free throws attempted and made a total of 20 field goals. Olton hit 3 of 8 free throws and made 17 field goals.

The Whirlwinds came from behind to take their victory at the expense of Olton.

At the end of the first period the score stood 10-11, Olton. However, at halftime, the tide had turned and the Winds held a narrow 23-22 edge. Going into the final period the locals were leading 43-34 and went on to take the game 62-47.

Kerry Bearden led the scoring for Floydada with 17 points. Others scoring in the double-figures were Tommy Weathersbee with 13, Butch Emert with 11 and Steve Marler with 10. McClain hit 12 for Olton.

The locals hit 25 field goals and sank 12 of 25 free throws attempted. Olton made 19 field goals and hit 9 of 20 free throws attempted.

The Whirlettes were down 13-2 in the first quarter before they caught fire and began to move the ball. The first quarter ended with the scoreboard reading 13-7, Dimmitt. By halftime, the local girls had closed the gap and held a 22-16 lead. The girls went on to win the game 45-40.

The good defense was commended by Coach Kelly Chadwick, regarding the victory, in which Becky Miller was a defensive standout as she grabbed 10 rebounds.

Shirley Rainer and Patsy Pierce each hit 17 points for the locals, followed by Sally McIntosh with 9 and Dee Wilson with 3.

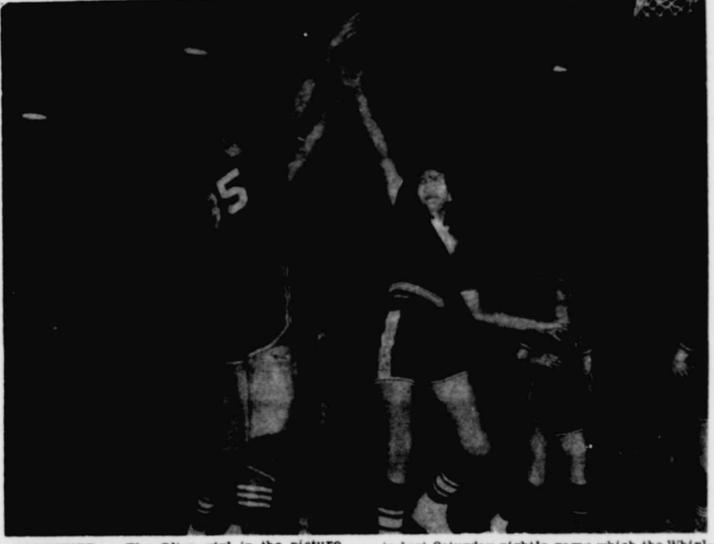

The Whirlwinds became the third district victim of the Bobcats in the 84-50 bout. The locals fell behind at the first of the game and were never able to contain the Dimmitt team throughout the entire game.

Butch Emert led the scoring in the game with 20 points. Ron Kenmore hit 19 points for Dimmitt.

The Floydada teams travel to Abernathy tomorrow night for another district contest.

HOW ABOUT A BOOST? - An Olton defender appears to be acting as a ladder for Kerry Bearden as Bearden goes up for a basket in last Saturday night's action here. Floydada won the conference game 62-47. (Staff Photo)

HORRIFIED -- The Olton girl in the picture above appears to be horrified as Sally McIntosh makes a field goal. The action took place in last Saturday night's game which the Whirlettes won 48-37. (Staff Photo)

GOT PROBLEMS - A small foreign car is shown with a few problems. The little vehicle was stalled as it tried to cross the snowbank in the middle of the road on Houston Street Friday afternoon. The maintainers dragging the streets pushed the excess snow and ice to the center of the highway causing the large bank. (Staff Photo)

land only 3, to win 73-69.

With 45 seconds to go, and owning a three point lead, Simon got the ball and took a shot, which he missed. Midland got the rebound, moved the ball downcourt and made a basket, and got fouled in the process. The free throw was good which tied the score.

Midland got the ball again and stalled for the last 15 seconds so they could have the last shot, but that shot was missed, making the period end in a tie.

Tommy Collins led the scoring with 25 points followed by Willie Simon, who hit 21 points. Raythel Chapman added 18 to the locals' cause. J. Roseberry hit 21 points for the visitors.

TYPICAL FARMSTEAD WINDBREAK OF ARIZONA CYPRESS TREES IN THE FLOYD COUNTY DISTRICT.

SOIL CONSERVATION NEWS  
 Windbreaks Are For Protection, Beauty

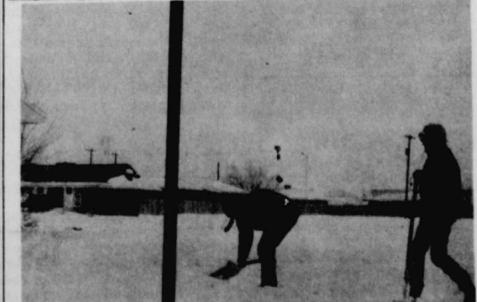

Time is fast approaching for the planting of windbreaks in the Floyd County Soil and Water Conservation District. Farmstead windbreaks are used to a good advantage to provide shelter for livestock, control snow deposition and prevent damage to the farmstead in general.

Several different species of plants and trees are adapted in the district with Arizona Cypress remaining the favorite over the years. Other adapted trees are Austrian Pine, Ponderosa Pine (Western Yellow), Loblolly Pine and several others.

Windbreaks on most of our soils should be located where they may receive extra water, or where they may be irrigated, or where they may be intensively cultivated and maintained. Protection from livestock and other animals especially when getting the trees started, is very important.

Windbreaks may be arranged in single or multiple row plantings. The seedlings should be planted during February through April. Plant only healthy, vigorous, well rooted seedlings. Keep all competing vegetation away from the young seedlings.

For protection of seedlings from wind damage use materials such as shingles, burlap or milk cartons. Protection from rabbits should be provided where they are a problem.

CLEANUP JOB - The two boys shown in the picture above are not enjoying the snow as much as some of their friends were Friday afternoon. The snow turned up an extra job, which included breaking the ice off the driveway at this house and shoveling the snow to the side. (Staff Photo)

Badgett Shortens Wheel Base On Local Stock Car

FASTEST stock car in its wheel base class, a 1965 Plymouth, owned by the Big I Racing Enterprises of Corsicana, that attained a speed of 144 MPH in one-fourth mile, had its wheel base cut down in Matador.

David Badgett, Matador automobile body expert, did the body work in shortening the fast Plymouth's wheel base. The car was brought here January 6 and it required about 20 hours of Badgett's time.

The complete job of shortening the wheel base was contracted by Chadwick & Hardy Racing Engineers of Floydada. Other work in shortening the car was done by Don Hardy of Floydada.

Rear wheels of the car were moved forward 18 inches and the front wheels were moved forward 14 inches, shortening the wheel base 4 inches.

Only a few places in the entire United States specialize in cutting down the wheel base of automobiles. The body work done by Badgett has won high recognition, even in Detroit where the same type work is done.

In the world of racing stock car owners, the shortening of the wheel base is vital to performance. The cars are raced in all areas of the country, some as close as Childress and Amarillo.

Della Plains To Host Dunbar

The Della Plains boys varsity and B teams will host Dunbar here next Thursday night, February 3, beginning at 7 p.m.

The Dunbar Panthers are undefeated in AAA competition. Della Plains is in the B classification.

Earlier in the year the Hornets fell to the Dunbar team by only eight points at Lubbock. The public is invited to go out and watch these two fine teams compete.

 Mrs. A. C. Carthel was able to come home Sunday from West Texas Hospital in Lubbock where she underwent eye surgery the previous Tuesday to have a cataract removed. Mrs. Carthel is said to be doing nicely.

Junior High Splits Games With Petersburg

The 7th grade boys won a game and the 8th grade boys and girls lost games when the locals traveled to Petersburg for games Monday night. It was the first defeat of the season for the girls.

Steve Puckett, Andy Hale and Mike Burk led the 7th grade team to victory as they accounted for most of the scoring in the 18-8 contest.

The 8th grade boys fell by a score of 31-25. Tommy Wylie led the scoring for Floydada with 9 points.

Marilyn Harris hit 12 of the 8th grade girls 16 points as they fell 35-16, in a rough and tumble game. Several slight injuries to the local girls came as a result of the game.

RAISING HOGS

In The Right Business At The Right Time

By Jedd Blessing

Being at the right place at the right time is doubly true when that can be stated the right business at the right time, and that business is raising hogs.

During the last couple of months the price of top hogs has skyrocketed and those who happened to be in the business at that time were the more fortunate ones.

One such person is Gene Probasco, who presently has a litter of 12, that will be ready for market before long. He is one of the few farmers in this county that raises hogs on a commercial basis.

Probasco started in the hog business in 1961 with five gilts and maintains a herd of 16 Hampshire brood sows. He claims this is the ideal size for his operation, for if his herd grew any bigger he would have to hire a full time man to take care of the hogs.

The Probascos learned, a short time after they went into the hog business that it costs very little more to go first class and the profits can be very much greater. So, the family went the purebred Hampshire route.

A large number of the Floyd County 4-H Club members buy their show animals from this herd. Probasco was commenting during an interview recently when he mentioned that he sold a barrow to a 4-H Club member.

Last year at the El Paso show one of the Probasco animals placed 21 out of a field of 700 entries. However, at that show only the top three animals receive prize money.

Probasco has pastureland situated in the summer and winter, for his animals, self feeders, a mixer-grinder for the feed and supplement. The one thing he is wanting most is a good farrowing-pen, for the amount of pigs in a litter is the difference in a profit and a loss.

The last litter averaged 10.3 pigs. The first six pigs of the litter taken to the market is for expense, and that is about all. With that amount per litter a person can break even on his hog operation, according to Probasco.

The family is building a new home on an 80-acre plot 1 1/2 miles west of Floydada, and they plan to move the hog operation to that place. Presently the hogs are on the farm 4 miles north of Barwise.

When asked about the future of pork, Probasco said, "All the forecasts are optimistic, and as long as they stay that way I intend to continue raising good quality pork as I have in the past."

Members of the girls team are Ruth Conway, Joveta Tesima, Lupe Rendon, Kim Campbell, Rhonda Carthel, Barbara Emert, Irma Costello, Sara Eastham, Linda Norman, Elizabeth Tesima and Sylvia Tesima.

There were fifteen present at Sunday School Sunday. The eleven o'clock service and evening services were cancelled as the minister couldn't be present.

Mrs. Horace Cage has been hospitalized at the Stanley Clinic at Matador since Thursday.

PART OF HERD - Above is shown one of the many pens Gene Probasco has for working his herd of Hampshire hogs. Hog growers have been in the spotlight as far as markets are concerned for the past few weeks. Hogs have brought better prices the last month or two than at any other time in the past twenty years. (Staff Photo)

CEDAR HILL NEWS by Phyllis Fortenberry

Fortenberrys Leave For Dallas

CEDAR HILL, Jan. 24 - Mr. and Mrs. Durrell Fortenberry, Bryan, and John went to Dallas to attend the funeral of Mrs. Fortenberry's grandmother.

Phyllis Fortenberry spent Friday night with her grandmother, Mrs. T. F. Love of Floydada.

Mrs. C. A. Purnell taught three days in the South Plains school last week. Sunday Mr. and Mrs. C. A. Purnell went to Lorenzo and visited with her daughter, Mr. and Mrs. George Carter.

Mr. and Mrs. Frank Yeary spent Sunday afternoon with Mr. and Mrs. Rene Yeary.

Mr. and Mrs. Delmas McCormick and boys had dinner with his parents, Mr. and Mrs. Weldon McCormick, Sunday.

Mrs. John Kelley visited with Mrs. Mae Taylor Monday evening. Mrs. J. A. Welch visited with Mrs. Taylor Wednesday night.

Mr. and Mrs. W. C. Castleberry of Petersburg and Mrs. Leroy Crutchfield and girls of Floydada spent Sunday afternoon with Mr. and Mrs. Frank Breed.

Sammy Jo Pierce of Floydada visited in the home of Mr. and Mrs. Walter Merrell Friday.

Calvin Denton arrived Friday to spend a few days with his sister, Mr. and Mrs. Jim Conner.

Mr. and Mrs. Eugene Gilly went to a Lubbock hospital to visit with Mrs. C. L. Gilly. We would like to express our sympathy to the C. L. Gilly family in the loss of their baby girl, Tracy Ann.

Walter Merrell visited with O. R. Beard, Mrs. O. W. Stroup of Quitaque, and Doc Burleson, who are in the hospital in Plainview. Merrell visited with them Saturday.

Dwight Teeple had Sunday dinner with the Eugene Gilly family. Larry Noland spent Sunday afternoon with Craig Gilly.

Mr. and Mrs. John D. VanHoose, Mrs. Frances Hensley and children, and Mrs. Eula Mae Lyles visited with Mrs. Ola Fortenberry Saturday.

Mr. and Mrs. Junior Whitehead and family spent Saturday night with his parents, Mr. and Mrs. J. B. Whitehead. Mr. and Mrs. Eldon Fortenberry had dinner with her parents, Mr. and Mrs. C. V. Wittow of Plainview, Sunday.

Rev. and Mrs. Robert Slaton attended the Prayer and Bible Conference in Amarillo at the First Assembly of God Church, Monday and Tuesday.

Plans are being completed this week for the joint Sunday evening family fellowship program by the First Christian and First Methodist Churches, beginning February 20 and continuing through March 13.

The children's program through Grade six will use the theme for Missions. Three topics in this study are: "George and The Chinese Lady," "God's Church is Everywhere," and "Sam's Secret Journey."

The youth, Grades seven through High School, will be divided into the regular Junior High and Senior High departments. Pictures and special topics for the Junior Highs will also consider a Missions theme.

The Senior High group will be dealing with a special study entitled "Sex and the Whole Person." This study will be led by Dr. C. B. Moss and Dr. Travis Bridwell, both physicians who work regularly with youth in their churches.

Dr. Moss is a teacher and leader in St. John's Methodist Church, Lubbock. Dr. Bridwell is a teacher and leader in First Christian Church, Lubbock.

The adult program will be centered on the theme, "The Nature and Mission of the Church." The presentation will be made by four men who are leaders in the church: the Reverend Jim Pickens, Minister to the College, McMurry College, Abilene; the Reverend Charles Cox, University Bible Chair, Austin; Dr. William Hall, Professor in Brite Divinity School, TCU, Fort Worth; and Dr. Howard Grimes, Professor in Perkins School of Theology, SMU, Dallas.

The adults will hear in one group the speaker's presentation and then be divided into small "probe" groups for discussion and reactions. "Talk back" to the speaker from the groups will then give the speaker additional opportunity for clarification and summary.

Members of the adult sections of the two churches will be "probe" group leaders. A supply of books is available in both churches for adults to begin reading in preparatory background for the program. The program will be initiated

on February 20 with a fellowship meal and orientation time, Fellowship Hall, First Methodist Church, Reverend Charles Lutrick and Reverend Darrell Faires, Methodist and Christian Pastors, respectively, are in charge of a planning group made up of leaders of both churches.

The President's State of the Union address marked the first important session of the Congress this year. In his talk the President made a number of proposals of special interest to Texans.

I was most pleased with the President's reaffirmation of our intention to guarantee the independence of South Vietnam; I was, however, most disappointed that he called for elimination of our Texas Right-to-Work law and that he failed to call specifically for a Vietnam G. I. Bill to aid our fighting men.

During the coming year, I will continue to support a firm stand against Communist aggression in Asia. I will continue to fight for preservation of the Right to Work.

The President also suggested that we trade more with the communist nations of Eastern Europe. I do not think we should increase trade nor grant trade benefits to communist nations which are supporting the North Vietnamese and the Viet Cong in their attack upon South Vietnam's independence and thus are assisting in the killing of American boys.

The President also asked for an increase in excise taxes which were just cut, effective the first of this month. I do not think this is necessary. I envision the shortest tax reduction in all history if the newly-effective cut now is to be wiped out. Reimposing the telephone and automobile excise taxes would bring in very limited

DOUGHERTY NEWS by Mrs. W. J. Ross

School Dismissed Here Friday

DOUGHERTY, Jan. 24 - As snow and low temperature were general over the West Texas area our community also experienced this type weather. School was dismissed Friday.

Although the weather was unfavorable, the pancake supper and 42 party were quite successful and well attended.

There are approximately 70 pupils enrolled in the local school at this date.

The local basketball teams are entering the McAdoo Grade School Tournament today and tomorrow. They are scheduled to play the Ralls teams today.

Members of the boys team are Daniel Pesina, Joe Martinez, Lucio Vasquez, James Hinton, Brian Vickers, Ray Hinton, Pablo Costello, David Conway, Bill Norman and Jim Wilson.

Members of the girls team are Ruth Conway, Joveta Tesima, Lupe Rendon, Kim Campbell, Rhonda Carthel, Barbara Emert, Irma Costello, Sara Eastham, Linda Norman, Elizabeth Tesima and Sylvia Tesima.

There were fifteen present at Sunday School Sunday. The eleven o'clock service and evening services were cancelled as the minister couldn't be present.

Mrs. Horace Cage has been hospitalized at the Stanley Clinic at Matador since Thursday.

She fell on the icy doorstep at her home and received head and neck injuries. Although X-rays revealed no broken bones, she experienced severe pain and Dr. Stanley wishes her to stay in the hospital several days for observation and treatment.

Friends in this area will be interested to learn Mr. and Mrs. Leroy Scott of Lubbock are announcing the birth of a son Saturday. Leroy and Sherri have a 3 year old daughter, Tam. Leroy grew up in our community and has been with the Tech Barber Shop since completing training at the Amarillo Barber College four years ago.

Mr. and Mrs. R. D. Holly accompanied by his mother, Mrs. Watt Holly of Dickens, have spent much time at Muleshoe since Wednesday when Daniel Cargile, age 59, unexpectedly died of a heart attack.

He was a native of Roaring Springs and lived there until moving to Muleshoe approximately twenty years ago. He was the brother of Mrs. Watt Holly. On Saturday the Jesse Pernel and Kenneth Robertson families joined the other relatives at Muleshoe for the funeral.

Mrs. H. N. Powell is hospitalized at Lockney. Danny, son of Mr. and Mrs. Oliver Emert, fell in the home and received a broken collar bone.

Mr. and Mrs. Wendell Graham and children have recently moved to Abernathy.

Jeffress, Degge Return From Conference

James Jeffress, Director, and Douglas Degge, Supervisor of the Floyd County Noxious Weed Control District returned last Saturday after having attended the nineteenth annual meeting of the Southern Weed Conference in Jacksonville, Florida.

The theme of the conference was "Changing Concepts in Weed Control." The conference was divided into eight different sections which covered as many aspects of weed control.

During the three day conference as many as four sections were carried on at the same time. Many new herbicides which have been developed and tested during the past year were discussed and also the results of extended tests made with the older proven herbicides were presented to the conference.

Degge is to speak on "Perennial Weed Control" on Feb. 10 at the Agricultural Chemical Conference at Texas Tech. This Conference covers the use of all types of Agricultural Chemicals used by farmers.

Farmers in Floyd Co. are urged to attend this conference. More information concerning this conference may be obtained at the Weed District office in Floydada.

17 DIDN'T DIE "Operation Deathwatch" Closed With Ten Deaths Reported

"The Texas Department of Public Safety closed its 'Operation Deathwatch' period of ten days extending from December 24, 1965, to January 2, 1966, with 93 traffic deaths, 17 fewer than the estimated 110 traffic deaths," stated Sergeant Thurmon Keffer, Highway Patrol Supervisor for this area.

These 93 traffic deaths resulted from 80 fatal crashes. Forty-three of these fatal accidents were one-car crashes resulting in 43 deaths. Thirty-two of these fatal accidents were two-car crashes resulting in 43 deaths. Four of these fatal accidents were three-car crashes resulting in six deaths.

Region Five recorded seven of these 93 traffic deaths; two were killed in Lamb County, one in Crosby County, one in Young County, one in Haskell County, one in Wheeler County, and one in Hemphill County.

Of these 93 traffic deaths, 72 were males and 21 were females. The youngest person killed was a nine-month old infant and the oldest person killed was 84 years of age.

Carr Urges Citizens To Pay Poll Taxes

Attorney General Waggoner Carr today urged all Texans who will be eligible to vote in this year's elections to obtain their poll tax before the January 31st deadline.

In some counties the number of persons qualifying to vote is below normal. Some attribute this to the fact that there is some confusion on the part of many Texans as to whether a poll tax must be paid this year because of the recent lawsuit attacking this requirement.

Carr called attention to the fact that the Judges of the Federal District Court hearing the case involving the validity of the Texas poll tax law, have recommended that Texas voters comply with the present law, because the lawsuit is not likely to be finally decided before January 31st, which is the deadline for poll tax payment.

Carr listed the following four rules for obtaining poll tax receipts and exemption certificates to qualify for voting in elections held between February 1, 1966 and January 31, 1967.

1. In order to vote in any primary, general or special election for the nomination or election of any State or local officer, or to vote in any election on a question or proposition, persons not exempt from payment of the poll tax must do so by January 31, 1966.

2. Persons over 60 years of age on January 1, 1965, are exempt from paying the poll tax. However, an exemption certificate must be obtained by January 31, 1966.

3. Persons who were under 21 on January 1, 1965, but will be so by election date are not subject to the payment of the poll tax. However, they must obtain an exemption certificate. This certificate can be obtained at any time throughout the year. But, in order for the holder to vote, it must have been issued at least 30 days prior to any election.

4. Persons eligible to register and who have not paid for a poll tax or obtained an exemption certificate to vote in any primary, general or special election for nomination or election of members of the United States Congress, may do so by obtaining a special poll tax receipt (issued without payment of the tax) by January 31, 1966. This is a registration certificate and qualifies anyone to vote for Federal offices. The County Tax Collector marks the receipt with the notation "Poll Tax not paid."

WHO KNOWS?

- 1. When did the days begin to get longer?
2. What nationally-known figure is called "Texas Jack"?
3. Who was Bathsheba's famous son?
4. What is the CIA?
5. What are excise taxes?
6. What city was the peace treaty ending the Revolutionary War signed?
7. What is the meaning of the Latin term "Tempus fugit"?
8. Who was the first U. S. president to be assassinated?
9. How many of Joe Louis' opponents were knocked out?
10. Are rabbits rodents or ruminants?

Answers To Who Knows

- 1. December 21.
2. Former Vice-President John F. Kennedy.
3. Solomon.
4. Central Intelligence Agency, the nation's peacetime spy organization.
5. Direct levies on the manufacture or sale of certain products.
6. Paris, France.
7. Time flies.
8. John Jay.
9. Fifty-five.
10. They are members of the rodent family.

Bonds Again Offered As Refund Option

Savings Bond Chairman for Floyd County, Don L. Pemberton, today reminded taxpayers that the Treasury Department will once again offer them the opportunity of taking income tax refunds in United States Savings Bonds.

The savings option, introduced in 1963, is in addition to the two standard options of taking tax refunds in cash or applying them to next year's tax.

"When a taxpayer elects to take his refund in Series E Bonds," Pemberton said, "his money goes to work immediately on two jobs. It begins to build his financial security. At the same time, it contributes to our country's economic strength. Those who elect the U. S. Savings Bond option join millions of Americans who are investing in their country's future in this way."

"When you check the Savings Bond line on your 1965 tax form," Pemberton continued, "you automatically assure yourself of two advantages: you provide yourself with an easy method of holding on to your tax refund dollars and a sure way of making it grow one-third larger at maturity. When your mark is made, the rest is automatic. For example, if you're entitled to a refund of \$42, you'll get a \$50 face-value Series E Bond (cost \$37.50), plus a check for \$4.50."

"This 25th Anniversary year of the E Bond is a good time for more taxpayers to get in on this opportunity," Pemberton said. "Choosing Bonds is the surest way I know of to make your tax refund really mean something to you."

**CAPROCK**

FROM PAGE 1  
 their mother eating a big batch of snow ice cream.  
 Wonder if radio active snow ice cream will charge your battery?  
 I noticed a fellow parked at the curb here in town out pushing his pickup. And what really alarmed me was the fact he had put it in reverse, started the wheels to spinning in the snow and was pushing, trying to get it out. Shucks, if those back wheels had taken hold, that pickup never would have stopped hitting things.  
 I suggested that he get in the cab, and I would push for him.  
 Well, it makes no difference, whether you own a section of wheat or not. . . snows are just plain wonderful!

MONDAY I was down in the Brownfield-Seagraves area and was surprised to see cotton on the gin yards to be baled. This is a year that our crop was particularly early and theirs was very late. How would you like to have some cotton still in the field now?

WE PLAN on attending the Texas Press Convention in San Antonio this Friday and Saturday. A highlight of the convention is always the recognition of "The Texan of the Year." This year for the first time, the recipient of the honor will be a woman, Dale Evans.

In the past we have recognized Van Cliburn, Hoss Cartwright, "The Waxahachie Kid" and Darrell Royal.  
 I understand that Dale is bringing her husband, Roy to the convention, so if you kids want me to get an autograph from Roy and Dale Rogers, let me know. . . I'll be happy to oblige.

"PERSONS hardest to con-

vince they are of retirement age are children at bedtime."

JUST as the store was closing for Christmas Eve, a salesman walked over to a customer and said, "All right, buddy, if you wanna buy something, you'd better do it now and take advantage of our special Christmas price, because at 6 p.m. we close the doors and start marking the stuff down."

HERE'S A story that sorta takes my breath. . . in a humorous sort of way:  
 "As Editor of a small weekly, I was cleaning off my characteristically cluttered desk one day when I came across an announcement of a blessed event that had transpired a full two and a half months before. I extended belated congratulations to the parents via my weekly gossip column, along with a "glad we could get our felicitations in before the young lady starts kindergarten."

The next week I received this note from the mother: "Sorry, sir, but you didn't make it. Kathy was born SIX YEARS and two and a half months ago and will enter the first grade this fall. May I suggest that you clean your desk more often?"  
 (Readers Digest)

**BIDS**

FROM PAGE 1  
 wells may find the information needed at the City Hall Bidders have until 7:30 p.m. Monday to submit their bids.  
 The new wells are one phase of a \$116,000 water improvement program. Other improvements include a new storage tank and improved distribution lines.

**BASKETBALL**

FROM PAGE 1  
 and the game tomorrow night will decide whether the Winds can stay alive in district competition. The Abernathy girls are always strong and the Whirlettes are striving to keep a perfect conference record and stay in the lead in the district race.  
 The Lockney boys have shown a lot of improvement, for that team fell to the powerful Dimmitt team by only a few points last week. The Whirlettes should have little competition from the Lockney girls, but the Lockney-Floyd rivalry is never to be undersold. Either team could take the game.  
 Friday of next week the teams travel to Friona.

**POLL TAX**

FROM PAGE 1  
 According to a report at mid-week 1,555 poll taxes had been paid and 26 exemption certificates had been issued. The city office at Lockney has issued 85 poll tax receipts and the remaining 1,470 came from County Tax Assessor-Collector's office here.  
 Those who have turned 21 since January 31, 1965 do not have to pay a poll tax to vote in this year's elections, but an exemption certificate is necessary. This may be secured at the tax office, also.  
 Those who are over 60 years of age do not need the poll tax, and do not need an exemption, so the number of qualified voters in this category cannot be measured very accurately.  
 Those wishing to vote in Federal elections only, need not pay a poll tax.  
 It is estimated that Floyd County has over 3,500 residents who should be qualified voters.  
 Last year over 2,500 paid their poll taxes.  
 One U. S. Senator and Representative, a complete slate of state officials, the District Clerk, the County Judge, Treasurer, Clerk, Commissioner of precinct 2, Commissioner of precinct 4, Justice of the Peace of precincts 1 and 4, two positions on the hospital board, two positions on the school board and three positions on the city council will require elections for filling this year.

FLOYD DATA  
 Billy Gene Blessing, son of Mr. and Mrs. Jedd Blessing of Floydada, left Sunday for Farmersville, California. He went with his grandparents, Mr. and Mrs. A. E. Swart of Littlefield. They will visit with Mrs. Swart's parents, Mr. and Mrs. S. N. Sechrist.

**SOUTH PLAINS NEWS**

**Snow And Ice Covers Area**

SOUTH PLAINS, Jan. 24 - Light rain began to fall in the area Tuesday night of last week. Snow covered the ground by Wednesday morning and by Friday morning some four inches had fallen. The area felt its first real taste of winter's blast as low as eight degrees below zero on Saturday morning. Temperatures stayed around the zero mark over the weekend with some warming in the days. Telephone service was interrupted as well as some electrical failures over the area due to the heavy ice build up on the lines.  
 The school students and faculty enjoyed a holiday Friday as schools over the area were dismissed due to the weather.

Cattlemen had no holiday though as they braved the blowing snows to provide feed and water for their herds. They were plagued with electric fences down as well as new born calves to contend with.

Mr. and Mrs. Raymond Reeves and children, Carol, Cindy and Carl David, went to Denver, Colorado, week before last to visit Raymond's brother, Jack Reeves and family. They were snowbound before they could reach home and had to wait until Monday before they could safely get home.

May we offer our congratulations to Miss Zacha Cummings, daughter of Mr. and Mrs. Kendall Cummings on being elected class favorite of the freshman class of Floydada High School. Zacha is indeed a charming girl and is to be congratulated on her honor.

**SEVERAL CELEBRATE BIRTHDAYS**

Mrs. J. P. Taylor was surprised last Tuesday morning when Mmes. Arby Mulder, E. J. Kinslow, Ruby Lee Higginbotham, Frank McClure and Doodle Milton came to have coffee and cake with her and help celebrate her birthday. Mrs. Bertha Rowland of Lockney shares the same birthday with Mrs. Taylor and they along with Mrs. Milton and Mrs. Higginbotham had a lunch for the birthday occasion. The day was complete for Mrs. Taylor when her children, Mr. and Mrs. Joe Taylor and family of Lockney, and Mr. and Mrs. J. Ronald Taylor enjoyed a birthday supper with their mother in the Taylor home.  
 Monty Smitherman was honored on the occasion of his sixth birthday January 20 with a party given by his parents, Mr. and Mrs. Phillip Smitherman in the family home. Those coming to enjoy birthday cake and cokes with Monty were Matt Probasco, Judi and Mike Bean, along with Mrs. Don Bean.  
 Mr. and Mrs. Nathan Mulder were supper guests in the home of Nathan's parents, Mr. and Mrs. Arby Mulder last Thursday night. The occasion was Nathan's birthday also January 20. They all enjoyed birthday cake and all the trimmings.  
 Attendance was down sharply Sunday morning at the South Plains Baptist Church with only twenty-four present. Icy roads and hazardous driving conditions along with several members being ill kept most folks home. Services were cancelled for Sunday night due to weather conditions. W.M.U. will be held at the regular time Tuesday with the pastor, Sealy Smith bringing Bible Study to the ladies.  
 SEVERAL ILL  
 Deneen Johnson, twin daughter of Mr. and Mrs. L. N. Johnson, was in Lockney General Hospital last week suffering from the croup. She is able to be home now and is fine. L. N. Johnson, who recently hurt his arm in an accident is reportedly getting along fine.  
 Lisa West, daughter of Mr. and Mrs. Johnny West is confined to her home with the chicken-pox. We hope Lisa recovers rapidly with no complications.  
 Gilbert Bean was able to be brought to his home Sunday

afternoon following surgery in the Plainview Hospital. This is to be the last in a series of operations for him and we hope he will continue to recover and be up and about soon.  
 George Weast returned to his home from Northwest Texas Hospital in Amarillo last Wednesday for stomach trouble but doctors were unable to locate any trouble. He is reportedly doing fine.  
 Orb Beard, of the Cedar Hill Community and uncle of Mrs. Ruby Lee Higginbotham of our community, is a patient in the Plainview Hospital.  
 Mr. and Mrs. Sylvan Kinnibrugh, baby Michael and Beth went to Lubbock last Friday to spend the night with their daughter and husband, Mr. and Mrs. Teddy Horne. They returned home Saturday evening.  
 COLLEGE STUDENTS HOME  
 Beth Calahan, daughter of Mr. and Mrs. Shelby Calahan, was able to be home with her parents all of last week. She is a student at Texas Tech and was home between semesters. Beth is to register this Monday for the next semester of work and will return home until Friday when she resumes classes. She expects to be home this weekend.  
 Jimmy Pritchett was home with his parents, Mr. and Mrs. Early Pritchett Thursday until Friday afternoon at which time he returned to Canyon where he is a student at West Texas State University. Jimmy will register for the next semester of work on Thursday of this week and will resume classes on Friday.  
 Mrs. Dora Stroup of Quitaque died this past Sunday, January 23rd in the Plainview Hospital. She had been critically ill for some time. We offer our sympathies to the family of Mrs. Stroup and especially to Mrs. J. P. Taylor here who is a niece of Mrs. Stroup. At this time services are pending.  
 Little Lori and Kenneth Young, children of Mr. and Mrs. Travis Young will enter the hospital in Plainview this Thursday in preparation for the removal of their tonsils on Friday morning. Shandra and Kirk Young will be staying with their uncle and sister are able to come home. We hope Lori and Kenneth will come along nicely.  
 Mr. and Mrs. George Beedy of Plainview visited last Tuesday night in the home of Mr. and Mrs. Frank McClure. On Saturday Mr. and Mrs. McClure visited in Plainview with their daughter, Mrs. Jean McClure and family.  
 Mr. and Mrs. Carl Huckabee

left this past days visit mer, Texas stopped over the night at the fall outside breaking his mishap. The Wichita Falls Huckabee partner after his hospital for there.  
 Mrs. Don fall semester Texas State nal exams in Bean commo Monday, Wed days since when she college work. Mrs. Haze ken to the Hospital seeing with inary exam expected g She was a tests Tuesd gery if need gets along does not b gery.

Burt Lancaster stars as a cavalry colonel in "The Hallelujah Trail," opening in Technicolor and Ultra Panavision Sunday at the Palace Theatre, through United Artists release at popular prices and continuous performances. Lancaster's first foray into total comedy, the wild-and-wacky story is about the misfortunes that beset a wagon train carrying 1600 barrels of whiskey. Directed and produced by John Sturges, the film co-stars Lee Remick.

FLOYD DATA  
 Mrs. Maggie King, mother of Peggy Medley, is in St. Anthony Hospital for treatment of a kidney ailment.

FLOYD DATA  
 Mr. and Mrs. A. D. Jester, A. J. Jester and son, Terry, spent Sunday in Fort Worth visiting relatives.
