Whirlettes Take Bi-District Title

The Floydada Whirlettes came to life early in the game, midway in the first quarter, rallied to a lead and continued to stay ahead of the Frenship girls in the bi-district contest played in the Abernathy Gymnasium last Tuesday night. Floydada won the game 56-43 to win the right to face Spearman in the first game of the Regional Tournament set in Lubbock next Saturday, March 5.

A crowd from Frenship, Floydada and Abernathy, plus a few from other district towns, filled the gym to capacity that saw the Whirlettes double the score at 18-9 in the second period and remain from seven to 15 points ahead throughout the remainder of the game.

Despite the loss of the second guard in less than a week to a knee injury, the de-

fensive unit of the Whirlettes was the determining factor in the victory.

Midway in the second period, Nona Pernell brought the ball downcourt after getting a rebound, and as she set to toss the ball across the line to a forward, fell and twisted a knee. At the start of the second half she tried to play, but hurt the same knee again and was out for the rest of the game. Linda Rucker, the rebound record holder for Floydada suffered a similar injury in a practice game last Saturday at Springlake and missed the Tuesday bi-district game.

The Frenship girls rallied in the fourth quarter to close a 15 point lead to only 11 in just a matter of a few seconds. During that time two Floydada forwards missed layup shots that again would have put the

game out of reach.

However, the effort of the guards kept the Frenship forwards contained and did not allow any more baskets, at that time.

The two teams fought on even ground during most of the first quarter with Frenship taking the lead at one time 5-4. However the Whirlettes quickly retaliated and led 6-5. Midway in the first quarter Floydada held only a one-point lead, but at the end of the quarter controlled the scoreboard 16-9. The Whirlettes drew first blood in the second period and went ahead 18-9. With a little over three minutes left in the quarter, Pernell went out of the game with an injury, but at half time Floydada owned a ten-point advantage as the scoreboard read 30-20.

During the third quarter the

Whirlettes continued to increase their lead gradually. Midway in the quarter the locals held a 33-24 lead and going into the final period Floydada held the same eleven-point lead. The score was 44-33.

The Whirlettes did not let the pressure in the fourth period, for the Frenship girls were explosive and knew what to do with the basketball once they got it. With six minutes left in the game the Whirlettes were leading 50-35, and with two minutes left, and holding a 56-41 lead, Coach Chadwick sent in a fresh team. The game ended with Floydada leading 56-43.

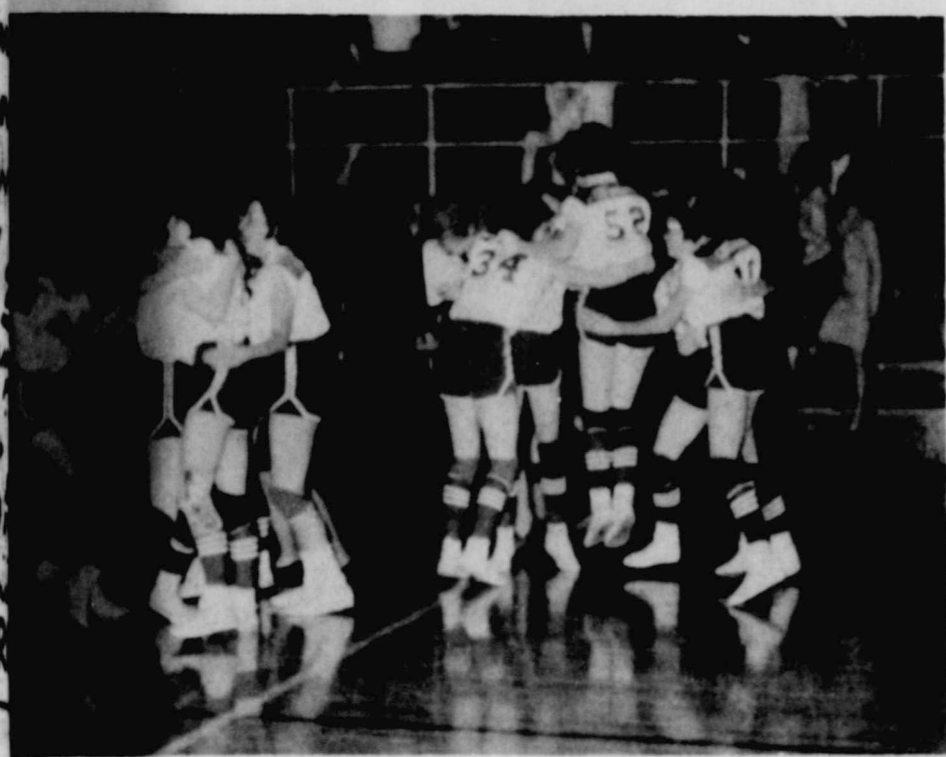

Shirley Rainer led the local scoring with 29 points. Dee Wilson, who hasn't played a full game this season until the last week, because of a leg injury, sank 15 points for the

locals and Patsy Pierce hit 12. Sherry Howard had 21 for Frenship and Donna Howard hit 20.

The Whirlettes hit 16 free throws and sank 12 field goals. So, contrary to so many other games, Floydada won the game from the field.

The guards, Linda Williams, Nona Pernell, Peggy Switzer, Becky Miller played outstandingly defensively for the Whirlettes.

Spearman defeated Electra for bi-district by a 17-point margin. If Floydada wins that game, chances are they will play Hamlin, who downed Marfa in bi-district 61-30 Saturday night. The first game will be at 11:00 A.M. and the second game will begin at 8 p.m. The Tournament will be played in the Tech Gymnasium.

TEAM--The Floydada Whirlettes plant crew after defeating Frenship district title at Abernathy Tuesday. Moments after this picture was taken they carried Coach Kelly Chadwick off the court on their shoulders. The Whirlettes won the game 56-43 and play Spearman in Municipal Coliseum at Lubbock Saturday morning at 11:00. (Staff Photo)

TO LOCAL MEN: Sale Of Convalescent Home Completed Here

Seven local men have formed Westbrynn Haven Corporation after purchasing the Mar Dell Manor convalescent home here, effective March 1, 1966.

Edward Clark, one of the stockholders, will serve as executive administrator of Westbrynn. Dorothy Clark will be the administrator, and Mrs. Jo Ann Williams is assistant administrator.

Director of nurses at the home is Sue Forbes. Westbrynn Haven holds the highest classification of nursing homes in the state of Texas and has a capacity of 57 beds.

Clark states that the home will be staffed and maintained as one of the finest homes anywhere and that 24 hour care will be an important feature of the home.

Schools Plan Open House March 7-11

Although there are no special activities planned, and no day set aside for a special program as there has been in the past, the Floydada Public School officials extend a special invitation during the week of March 7 through March 11, for parents to visit the classrooms at that time.

Voter Registration Set March 3-17

The registration of those people who wish to vote in any elections this year and did not pay their poll taxes will be held at the Floyd County Tax Assessor-Collector's office between March 3 and 17.

She is shown above with the lamb she has entered in the show. Cheryl McClintock and Dinah Hodel will represent the Floydada and Lockney FFA chapters at the Livestock Show. (Staff Photo)

Exhibitors Enter 175 Animals In Event

The gates at the show barns in Floydada swing open at 7 A.M. Monday morning for the three-day event that has drawn 339 entries and 156 exhibitors. The exhibitors will vie for prize money and sale money that totaled over \$32,000 here last year. The event continues through Wednesday, March 9, the day of the sale.

Monday will be devoted to the sifting, weighing and placing of animals with judging beginning at 9 A.M. Tuesday morning. The swine will be the first division, followed by the lamb judging at 1 P.M. and the steer judging at 3 P.M.

County 4-H Club members have entered 175 animals in the show and FFA boys have 164 animals entered. Seventy-three 4-H members will be showing their entries and 164 FFA boys

CITY DEADLINE SATURDAY

Deadline For Hospital School Elections Past

Yesterday Wednesday, March 2, was the final filing date for those who wish to have their names placed on the ballots for the School and Hospital Board elections that will be held Saturday, April 2.

Rainfall Totals .45 This Year

The High Plains residents are never accustomed to very much moisture during the first few months of the year, and this year appears to be no exception.

According to a report from the ASCS office here the county has received a total of .45 of an inch of moisture this year.

The area received .3 of this during January when snow remained on the ground for two weeks after snowfalls of about 1 1/2 inches and 4-6 inches. The other moisture came this past weekend when .03 of an inch of rain fell Saturday night and another .12 fell Sunday afternoon.

NO SCHOOL FRIDAY

Floydada Teachers In District Meet

Floydada Teachers will be among the more than 4,000 South Plains teachers who will gather in Lubbock this weekend to attend the seventh annual convention of District XIII of the Texas State Teachers Association. The theme of this year's program will be "Education for Peace and World Understanding".

The House of Delegates will convene Thursday evening in a banquet and business session at Parkway Drive Holiday Inn at 6:30 P.M. Several items of business are on the agenda for this meeting, and greetings from TSTA will be extended by Lloyd R. Bell, Associate Director of Public Relations.

17 Families Move Here In February

A total of 17 families moved to Floydada during February and the latter part of January. This brings the total to 28 that have moved here since December 15, 1965.

Actually the count of 17 covers from January 15, through February 28.

The newcomers and their addresses are: Rev. Billy Houck, 617 W. Jackson; W. A. Hall, 314 W. Marivena; Leroy Thompson, 303 W. Crockett; Tommy Chapman, 315 W. Missouri; H. E. Spears, 313 W. HARRY JAMES Harry James Coming Here March 8

Harry James, one of the most famous and most dedicated musicians in the world, and his band will be in Floydada Tuesday night, March 8 for a concert.

The session will be held in the Floydada High School Auditorium and will be held from 8 until 10 P.M.

He has guested on all the network musicals with his band and he has appeared in straight dramatic roles on several television series.

Not only has his trumpet made him famous, but July 5, 1943, he married the Number One Pin-Up Girl, Betty Grable. The Jameses, one of the most popular show business couples in the world, now have a home in Las Vegas, Nevada, where they hear from fans from all over the world.

Retiring officers are Tooley, Tommy Assiter, vice president and Mardis, treasurer.

The main speaker of the evening was W. P. "Bill" Deatherage, pastor of the Second Christian Church in Houston for the past 27 years.

After delivering about 40 minutes of country humor, the speaker turned to the more serious matters such as the "usefulness and service to humanity in individual lives." "The greatest life is the life of service and this crowd assembled here tonight to celebrate worthy accomplishments is proof of that service," he said.

Appropriate dinner music was furnished by the Floydada High School state band, under the direction of Jim Boyd. The band was formed only the first of the school year.

Invocation was given by Lowell Bell, pastor of the Nazarene Church in Floydada. Tooley was emcee and Mardis introduced the guests.

will be on hand to display their livestock.

There will be 158 barrows, 145 lambs and 36 steers entered in the show with 4-H members exhibiting 67, 84 and 24 of these respectively, and FFA representatives exhibiting 91, 61 and 12 of the animals, respectively.

4-H and FFA exhibitors and their parents are to be honor guests Thursday night at the annual stock show banquet set in the Floydada High School cafeteria. The event is sponsored jointly by the Floyd County Farm Bureau, First National Bank of Floydada and First National Bank of Lockney. The event begins at 7 P.M.

Prior to this year the banquet has been held Tuesday night during the show, but a conflict in the schedule caused the postponement of the banquet to Thursday night. Harry James and his orchestra will present a concert in Floydada Tuesday night of that week.

Joe Taylor will be general superintendent of the Stock Show this year, with County Agent Joe Wilson as show manager and John Fields, Assistant County Agent is assistant show manager. Vocational agriculture departments of Floydada and Lockney High Schools are cooperating with the County Extension Service in producing the show.

The stock show board has secured Paul Gross to judge the swine, Calvin Helms to judge lambs and C. S. (Chili) Smith to place the steers. Gross is assistant county agent in Gaines, County, Helms is vocational agriculture instructor at Roscoe and Smith is Swisher County agent.

Eddie Joe Fortenberry is heading the Stock Show Association this year, L. N. Johnson is vice president and Albert Scheele is serving as secretary-treasurer.

Other board members include: Joe Taylor, Joe Cunyus, Raymond Rucker, Lockney; Jerry Williams, Precinct 2; Jay S. Hale, Zant Scott, Jim Simpson, Precinct 1; Bill Cagle, Wayne Russell, Alton Higginbotham, Floydada; Gerald Lackey, Eldon Fortenberry, Precinct 3; Curtis Snor, Porter Finley, Ray Lloyd, Precinct 4.

The divisional officials include: Swine-Carl Brock, superintendent; James Hale, assistant superintendent; Byron Schacht, Rex Lawson, Lindsay Lovell,

UNDER NEW PROGRAMS

Advance Payments To Farmers Over \$800,000

The advance payments to farmers thus far under the new cotton and sorghum programs have reached a total of \$827,172, according to a report from the ASCS office in Floydada this week.

This payment is approximately 1/2 the amount those who have already signed up for the programs will receive for diversion payments under the program.

A total of \$448,911 has been paid on 545 farms that have been signed up for the feed grain program. A total of \$378,261 has been paid on the 514 cotton farms that have been

signed up by county farmers. Those signing up to take part in the programs may take half their diversion payment now, or at the time of sign-up, and the half after the crop is harvested. They also may wait until after harvest to take any of the payment.

The diversion payment averages about \$823.65 per farm that has been put into the program. About 99% of the farmers putting their land into the new programs are taking the maximum diversion on both cotton and grain sorghum.

An interesting phase of the

feed grain program is the fact that if farmers plant castor beans on their sorghum land, they may receive the full 50% diversion payment on the layout land. They must plant the Castor beans instead of the grain sorghum under the program. If a farmer plants sorghum, under the program, and takes the 50% diversion, he is only paid for 30% of the acres diverted. The other 20, which is compulsory, is not counted in the payment.

Only 26 have signed up under the Cropland Adjustment Program. This is a long-term program under which a farmer may sign up an entire allotted crop for from five to ten years.

If, for example, a person puts all his cotton into the program for five years, he is paid 6¢ per pound per year based on his projected yield on the land. The amount for grain sorghum is 34¢ a bushel, for wheat, 50¢ a bushel, barley, 33¢ a bushel, corn 44¢ a bushel, peanuts, 3.5¢ per pound and on non-allotted crops \$5 per acre per year.

Farmers have until April 1 to sign up for the program.

Junior assistants.

Lamb-Joe Cunyus, superintendent; F. G. Jones, junior assistant superintendent; Mark Montandon, Larry Adams, Jim Kropp, junior assistants.

Steer-Jerry Williams, superintendent; Eddie Foster, assistant superintendent; Larry Beedy, Larry Hunter, Neil Mitchell, junior assistants.

Steers weighing 900 pounds and under are to be show in the light weight classes this year in both drylot and milk fed. Those over 900 pounds go into the heavyweight class. Premiums include \$5 for first place, \$3 for second and third, \$2 for fourth and fifth, and ribbons for sixth through tenth place. A banner plus \$5 goes to the grand champion, while reserve champion animal gets \$3 and a banner.

Barrows must weigh from 180 to 240 to get into the show. Heavy and light weight classes are planned for Berkshire, Chester White, Duroc, Hampshire, Poland China and other breeds.

Class winners are to receive the same prizes for swine and lamb classes as in the beef cattle division. Rosettes go to champion barrow in each class.

Lambs must have their lamb teeth and will be sifted if they weigh more than 120 pounds or less than 80 pounds. First place in each class will be designated as champion and will receive a banner, as no grand champion is chosen in the lamb division.

Classes include: finewool, finewool crossbred, mediumwool, Shropshire and Southdown.

Ten special awards will be given this year, sponsored by business firms and individuals within the county. They include:

Grand champion steer trophy, Oden Chevrolet, Floydada; grand champion barrow trophy, Producers Coop Elevator, Floydada; champion finewool lamb trophy, Consumers Fuel Association, Floydada; champion mediumwool lamb trophy, Earl Kellison, Lone Star; champion Southdown trophy, Green Acres Stock Farm, Lockney; champion finewool cross trophy, Winn's Restaurant, Floydada; champion Shropshire lamb trophy, Caprock Motor Parts, Floydada.

Other special awards include: beef exhibition award, Gerald Lackey, Cedar Hill; Sheep exhibition award, KFLD Radio, Floydada; and swine exhibition award, K. E. Probasco, Pleasant Valley. Banners will be presented courtesy of Southwestern Public Service Company.

Last year's Grand Champion Steer, a Hereford, owned and exhibited by Teresa Colston set a new high at the sale when it brought a total of \$927.15.

Some of the best animals to be seen anywhere in the world can be found at the County Show. The public is urged to be on hand for at least part of the judging Tuesday and see some of the animals displayed.

VOTER

CONT. FROM PAGE ONE

Court ruled that the Texas Poll Tax was unconstitutional. In the future Texans will have to register from October 1 through January 31, the same dates the poll taxes have been paid in the past.

No fee will be charged for registration and a person may register through the mail if he so desires.

If the Supreme Court should rule in the favor of the State of Texas in the appeal case, the state voters would revert to the poll tax system in future years. However, most sources believe this decision is unlikely.

A total of 2,654 poll taxes, exemptions and Federal poll taxes were paid by residents in Floyd County prior to the February 1 deadline. There are about another 1,000 eligible voters in the county that would be allowed to vote if they register during the time stated above.

Harry. Wouldn't it be wonderful if they would reconcile while Harry is here and we would get to see Betty also!

When I was in High School, it was a real treat to go see a Betty Grable movie. Betty was a pretty smooth singer and one of the most popular actresses of that time.

ARE STRANGERS teaching your children? If you are not acquainted with your children's teachers I suggest you plan now to visit our public schools next week during "Texas Public Schools Week."

The school will be holding open house and the teachers and principals will be most happy to visit with you during this special week.

THE COUNTY Fat Stock show also opens here next week and it looks like there'll be plenty of livestock and young showmen on hand for the big event. Might as well make a note to show your support of these boys and girls with your attendance and words of encouragement.

THE BIBLE says we are not to judge...yet sometimes it is difficult to see any fairness or balance in judgement meted out by various courts. It was interesting to note recently that a jury in Lubbock gave a fellow six years in prison for stealing \$6,000 from the Lubbock Little League. When you compare this with the fact that a drunk man can run over a child and at the most could receive three years in prison...it seems that judgement is lacking.

The money could be replaced....the life cannot be replaced.

THE ADVERTISING manager of a bank thought to serve a good purpose and at the same time focus on the bank's investment advice, by warning the public against wild-cat schemes. So he had a window poster designed and displayed describing a wholly fictitious proposal which he thought would illustrate the idea. It read as follows:

STOCK FOR SALE! BIG DIVIDENDS! ALL PROFITS!
A corporation is being formed in California to produce and sell cat fur, which has a great market value. A farm has been established upon which to raise cats. Another farm, adjoining, will be used upon

and Lubbock High Schools. Jerry T. Barton, Consultant, Division of Instructional Media, Texas Education Agency, and Jack R. Seals, Curriculum Coordinator in the Beeville Public Schools will present the program in the Coronado High School Auditorium. Their subject will be "Using Program Materials in the Secondary School".

Dr. Fred T. Wilhelms, Associate Secretary of the National Association of Secondary School Principals, will address a group in the Lubbock High School Auditorium on the subject, "Trends in Secondary Curriculum".

District XIII Texas State Teachers Association includes the schools in seventeen South Plains counties and has a current membership of 4,224.

March Comes In Like A Lion

According to an old fable, if March comes in like a lion it will go out like a lamb, and vice versa.

Well, March in West Texas came in like a lion with a sandstorm in which wind gusts got up to around 30 MPH Tuesday.

West Texas residents have learned that the fable mentioned above doesn't necessarily hold true, for when the first sandstorm of the season hits, another 60-90 days of the same type weather can be expected.

So Floyd County residents can expect to "Batten down the Hatches", until a considerable amount of moisture is received later in the spring.

which to raise rats. The rats will provide food for the cats. The carcasses of the cats, after they have been divested of their pelts, will be used to feed the rats. Hence, both cats and rats will be raised without cost for food. The money derived from the sale of the cat fur will therefore be practically all profit. The dividends will be enormous!

Just beneath the above, at the bottom of the poster, enclosed in the border, was printed the following:

WARNING! The above is a sample of the kind of stock selling schemes now being offered to the public. Beware of them, they are fakes. The poster attracted many people. After being displayed for several days, seventeen people came into the bank to find out where and upon what terms they could buy in the cat-and-rat farms idea. Evidently not one of them had heeded the warning at the bottom of the poster!

WE'RE STILL backing the Whirlettes to go all the way to state. They looked mighty good over at Abernathy Tuesday night. True, some girls scored more than others, but as we review the game in our minds, we see that it was a team play win. Every girl was giving 110%... there was plenty of hustle and will to win.

If we just don't lose any more guards, we should be in the winning circle again, come Saturday.

Dr. John King, president of Houston-Tillotson College wound up a very good message at the First Methodist church last week with a poem "Seeds of Brotherhood." The occasion of the special services was observance of Race Relations Day and I think the poem merits printing for your understanding and enjoyment:

SEEDS OF BROTHERHOOD
Brotherhood means being kind
Thinking with an open mind
Judging, not by race or creeds,
But, by character and deeds.
Brotherhood means decency,
Love of human dignity
Always doing all you can
To lift your fellowman.

Brotherhood means not to be
Slaves of hate and bigotry
But to wisely realize
All are equal in God's eyes.

The weak, the strong, the meek,
The brave,
The rich, the poor, the king,
The slave,
The wise, the fool, the good,
The knave,
Are common clay, bound for the grave.

The truly great, in their brief span
Are only those who work and plan
To benefit the human race
So they can look God in the face
And hear Him say: "Thy fruits were good;
You scattered seeds of brotherhood."

Double Ring Vows Read For Norma Hollums, C. G. Carter

Double ring vows read Saturday evening at 7:30 united in marriage Miss Norma Sue

Hollums and Cecil Glenn Carter in the Quaker Avenue Baptist Church in Lubbock. Rev. Merle

Weathers of Amarillo performed the ceremony.

Parents of the couple are Mr. and Mrs. T. C. Hollums of Floydada and Mr. and Mrs. T. G. Carter of Lubbock.

The bride wore a formal gown of lined organza and Chantilly lace featuring a bateau neckline, empire bodice and elbow length sleeves. A band of Chantilly lace extended to the hemline of the A-line skirt. The chapel length train was caught to the waistline with a bow. Her open wedding ring crown was edged with lace motifs and seed pearls and was attached to a shoulder length veil of imported silk illusion. She carried a cascade bouquet of white butterfly roses centered with a white cattleya orchid.

Mrs. Ronnie Ogle of Levelland was matron of honor and Mrs. Wayne Workman of Atoka, Okla., was bridesmatron. Each were attired in street length dresses of fiesta pink satin designed with scoop necklines, elbow length sleeves and bell shaped skirts. A bow in the front accented the waistlines. They wore matching satin double bows with tulle net in their hair and carried a long-stem white rose.

Clifford Wallace was best man and Ronny Carter was groomsmen.

Flower girl was Tammy Barnes. Wedding music was presented by Miss Marilyn Berry, organist, who accompanied Mrs. Billy Stringer, soloist.

A reception followed the wedding.

For travel, the bride changed to an ensemble of royal blue knit with white coat and white accessories. Her corsage was the white orchid from her bridal bouquet.

Mr. and Mrs. Carter will reside in Lubbock where the bridegroom is employed by Gear Clutch and Joint Inc. Those attending the wedding

Scout Troop To Give Musical

Cadetettes of Girl Scout Troop 97 are preparing a musical program to be presented in March, in observance of Girl Scout Month. The girls, 8th graders, will earn the minstrel and play producer badges for their study and work. During the year the troop has earned badges for child care taught by Mrs. Jody Jameson; hostess and games leader taught by Mrs. W. T. Conner. Mrs. J. T. Hodges has directed the girls in preparation for the two latest badges, assisted by Mrs. Weldon Hammonds and Mrs. William Bertrand. Darrell Fairless played the guitar and led the group in singing several folk songs at the Thursday meeting in the Hodges' home. Also during the month of March the troop plans to attend the First Methodist Church as a body on Girl Scout Sunday, March 6. A court of awards will be held March 24 in the court house at which time all badges earned up to that time will be presented. Troop elections are scheduled for March 31.

Beauty Tips

MRS. AUSTIN HOLMES

EYE MAKEUP
Eye Makeup is the most intriguing aspect of all makeup and has the greatest appeal to women of all ages. Making up the eyes is pure fun and magic, any thing you choose is bound to be flattering. For youngsters, its glamour, for mature women it adds youthful lift to aging eyes.
How To Apply
Eye Shadow: Stroke eye shadow across upper eyelids, behind lashes. Blend slightly towards the temple over the eyelid only, but no further than the tip of the brow.
To bring deep set eyes forward, use light shades. Recede prominent eyes with darker shades.
Eye Liner: Draw a fine line on upper lid as close to the lashes as possible, extend line slightly and upward for wide-eyed look.
Eye Brow: Brush excess powder away, etch brows in shot feathery strokes resembling eye brow hairs. Start directly above inner eye corner; carry to slightly beyond outer eye corner.
Brown brows are best for most people. Gray for gray hair and light brown mixed for high fashion shades of blondes. Black only for true brunettes.
Final Step Mascara: Mascara should be applied to the upper lashes only. Using a rolling motion, starting at the base of your lashes and working out to tip. For heavier, thicker, and longer lashes apply at least twice, letting the lashes dry between application.

Club Hears Book Review

The 1934 Study Club met Tuesday night, March 1, in the home of Mrs. Wilson Bond. The observance of Texas Independence Day was given with the program on "Texas Heritage." The president, Mrs. John Moss, presided over the brief business meeting. Two new members, Mrs. Jake Watson and Mrs. Aaron Carthel were welcomed into the club. Mrs. A. L. Wylie introduced Mrs. Grady Kelly of Petersburg, who reviewed the book "One Corner of Heaven" by Blanche Scott Rutherford. Mrs. Kelly told of the wonderful way Mrs. Rutherford has preserved the mode of living displayed by the early pioneers of the plains of Texas, stressing that religion and education played an important part in building of the community life in the Harmony Community. The statement made by one of the pioneers concerning the weather of West Texas, "When its cold its too cold; when its hot its too hot; when its wet its too wet and when its dry its too dry," still seems to hold true in todays time. Club members attending were Meses. Wilson Bond, Allen Bigham, A. W. Coltharp, Garland Foster, J. S. Hale Jr., John Hotchkiss, Ralph Johnston, John Moss, Doyle Mount, Orville Newberry, Vernon Parker, A. W. Wylie, James Lackey, Jake Watson, Aaron Carthel and two guests, Mrs. Grady Kelly and Mrs. Junior Perry of Petersburg.

Family Club Holds Social Family Event

Members of the Family Club held a social family event at the home of Mrs. M. D. Ramsey, charter member of the club. Rev. Jose Vasquez, a Methodist minister, brought the program. Appropriate Mexican music was furnished by a band, followed with an interesting talk by Rev. Vasquez on the interior of Mexico, their customs and culture, which proved to be a very different picture from life in the border cities. Those attending the supper and program were Mr. and Mrs. Sherwood Ramsey, Mr. and Mrs. Roy Hale, Mr. and Mrs. Marion Tucker, Mr. and Mrs. Everett Miller, Mr. and Mrs. R. G. Alexander, Mr. and Mrs. Horace Carr, Mr. and Mrs. Carrick Snodgrass, Mr. and Mrs. Monroe Schulz, Mr. and Mrs. Walter Hanna, Mr. and Mrs. Glenn Curtis, Mr. and Mrs. Zant Scott, Mr. and Mrs. Bob Hopper, Mrs. Mather Carr, Mrs. R. B. Gary, Mrs. Bruce Davis and guests, Mrs. M. D. Ramsey, Mrs. Schulz, Donna Schulz, Patsy Schulz, Debra Davis and Mr. and Mrs. Seaton Howard of Petersburg.

Kitchen And Field News

Mary Phillips Home Economist BREEZE THROUGH SPRING CLEANING! -- Electrically! We're fast-approaching that time of year that the homemaker joyously greets as Spring-cleaning time. "Who needs it?" Nobody really wants it but we all need it. It's a good feeling to get everything clean and put away at once...even if it disrupts the whole family and wears Mom down to a frazzle???

Well, it doesn't have to. If Spring Cleaning creates havoc at your house, then you need some new helpers -- electric helpers. Let's begin in the kitchen. All-electric Kitchen Convenience '66 appliances help eliminate the worst of the durdery and keep most of your house "Spring Clean" all year around: Electric ranges and ovens either clean themselves or have Teflon easy-clean surfaces; no-frost refrigerators don't have to be defrosted;

Perhaps a new steam iron would speed up the job of ironing the cutains and all those clothes that are coming out of winter storage. A new, efficient vacuum cleaner can speed your cleaning. There are many models available to suit your needs and preferences. Be sure to look at the little, lightweight vacuums too. They're so handy for many special little jobs around the house, shop, and car. Electric floor polishers and waxes, floor washers, and rug shampooers can save you many hours; they're easy on the back and on the doctor bills, too. You save time and money electrically. And, an all-electric home will STAY far cleaner year 'round. Flameless electric heat leaves no grimy

air conditioners reduce amount of dust and dirt that would blow in open windows. An Electrostatic air cleaner will remove up to 95% of airborne dust, help reduce pollen, smoke and grease particles in the air. Electric washers and dryers will clean your curtains better than ever with specific fabric settings. Of course, with your electric water heater, you will have plenty of hot water all the time.

Here's a tip. Your drapes usually require dry cleaning, but you can freshen them from time-to-time during the year by putting them in your electric dryer on the fluff or no-heat cycle. This shakes out the dust quickly. Hang them up right away, and chances are, you won't even need to iron them.

Witnesses Cancel March 4-6 Meetings

Jehovah's Witnesses in this vicinity are cancelling all local meetings for March 4-6 to attend a training program in Plainview, Hale County Agricultural Building.

About 500 of Jehovah's Witnesses in a newly redistricted circuit, from Wichita Falls to Muleshoe and Altus, Okla., to Haskell, Texas, are expected to attend the "Make Disciples of People of All the Nations," assembly.

The theme will be highlighted by talks, demonstrations, discussions and illustrations. In recent weeks E. A. Grover, circuit supervisor of the 15-congregation circuit, has been cooperating closely with the congregations on the assembly program.

The district supervisor of the program, Malcome Van Ike, native of Illinois and minister of Jehovah's Witnesses since 1940, will give the theme talk, Friday, 7 p.m., and the public talk, Sunday, 3 p.m., "Does God Have Influence in This Twentieth Century?"

Beall's Observes 43rd Anniversary Of Founding Of First Store In 1923

Beall's Department Stores this year observes the 43rd Anniversary of its founding, according to Louis Anderson, Vice-President and manager of the local Beall Store.

The Floydada Beall's Department Store is one of the 48-store Beall Chain operated exclusively in Texas.

Anderson pointed out that the three original co-founders started the business in Henderson, Texas in 1923. They believed that selling the very finest, first quality merchandise for the lowest possible price would be appreciated by the buying public and their good reasoning fell on fertile ground.

That policy has been followed by every Beall store since that time and on that foundation Beall's history has been an amazing saga of vision and progress.

Beall's 43rd Anniversary Sale will be the biggest ever stated by the company, Anderson pointed out. Beall's

staff of buyers, plus Beall's New York representatives have searched the nation's best markets for the entire year to secure anniversary offerings which are better than ever before.

Over the past several years, Beall's have been constantly expanding its lines of merchandise to include more famous brands, better quality goods, and a greater selection of lines. Also, fashion lines are being up-graded in style and quality with famous Dallas, New York and California fashions prominent in their offerings.

During its 43rd year history, Beall's has been known for its friendliness and its neighborly spirit. All Beall managers and employees are prominent in all community projects and are recognized for their activity in religious and cultural affairs. Many are also identified with service clubs and leading fraternal organizations.

Council Meeting Monday

The regular council meeting this month will be held Monday night instead of Tuesday, the normal meeting day, according to City Manager Bill Feuerbacher.

Harry James will be here with his orchestra to present a concert Tuesday night, that is the reason the meeting date was changed.

As well as the regular business that will be conducted, the council will go over the proposed City budget for the 1966-67 year, and hear any comments from interested citizens that attend the meeting.

The meeting will begin at 7 P.M. at City Hall.

NO DEFINITE PATTERN

Remedial Reading In Pioneering Stage Here

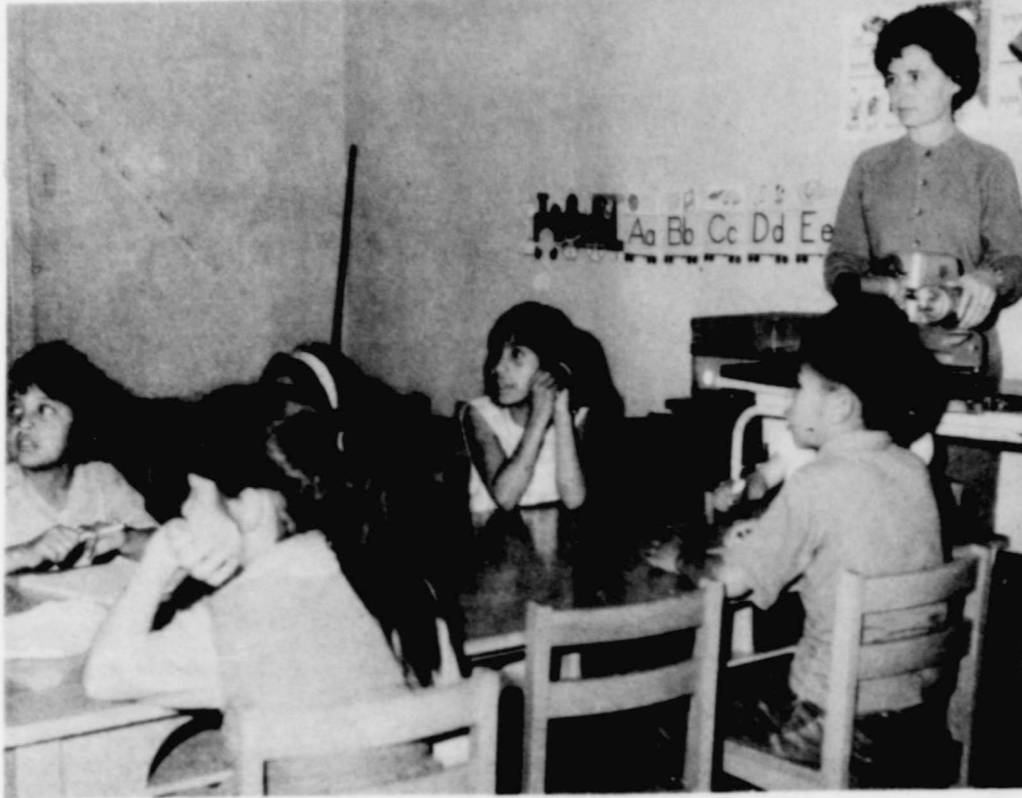

by Jedd Blessing

The Remedial Reading Classes, that were started in the Floydada, Dougherty and Lakeview School Systems this past mid-term are still in their pioneering stages, according to one teacher interviewed here. Mrs. Glen (Laverne) Black, who teaches first and second grade students at Andrews Ward said, "There is no definite teaching pattern yet. I'm trying mostly, now, to try to reach the student on his level, get him to open up and then I'll go from there."

There are seven Remedial Reading teachers in the Floydada system and one teacher for Dougherty and Lakeview, jointly.

During one of the classes visited by this reporter, Mrs. Black was using an instrument to help teach eye control to the students. The instrument is a Control Reader. She stated that one of the major problems was that the student will not look at a word from left to right, but will take the overall appearance and pronounce a word that is already familiar to them. She used the example of the word "rope". Since a large number of the students are

Latin American, they think of a word that is familiar to them in their own language. The word rope reminds them of "pope". They see only the "ope" of the word and overlook the "r" in the word shown. Therefore they may call "rope", "pope". The tachistoscope (ta-KISS-to-scope) projects a sentence onto the screen such as "See Ann Run." The instrument blocks out all the sentence except the word "See", and then moves slowly across the sentence from left to right, until all the words have been shown on the screen. Then the entire sentence is shown and

REMEDIAL READING CLASS--Eight remedial reading teachers were hired at mid-term by Floydada, Lakeview and Dougherty. read by the members of the class. It is designed to improve eye control and comprehension.

"However," Mrs. Black said, "They will recognize the word or the sentence, or just the letters perfectly today, and by tomorrow they will forget, and we'll have to start over. This is largely because in one of my classes, for example, of eleven students, three of their families speak English at home."

The ability to retain and comprehend is lacking in most of the students in the Remedial Reading classes. This is due largely to lack of reading background, lack of phonics, or lack of other opportunities, or else just unable to grasp the reading in any other way.

Theoretically, the object of the classes is to bring a second grade student, who can't read a first grade reader, up to the second grade level, in such a way that he can keep pace with his classmates in the future.

Most of the words and sentences used in the course, until now, also use illustrations.

In the sentence mentioned above, "See Ann run", the control reader first shows the word "See," perhaps with an eye, then "Ann," shown with a picture of a girl, then "run" with a picture of Ann running. In this way the students may see the relationship of words to objects or action.

A tape recorder is the classroom can be used to help teach one student comprehension while the rest of the class works on some other phase of reading.

"The tapes have the correct pronunciation of our words on them," Mrs. Black said, "and not the slurred words such as I use."

Absenteeism is very bad in the group. On the day of the interview, while 20% of Andrews Ward was out with the flu, only about 50% of her students attended school that day.

Most of the students in her second grade classes are in the pre-primer reading stage. The primer is the first reader given to first grade students.

There is a constant in-service training program for the teachers. PSEO officials are holding a Remedial Reading workshop in Floydada Monday, and the teachers here attended a lecture in Levelland last Saturday. All teachers will be required to take six weeks training this summer at either South Plains Junior College in

County Farm Bureau Members Can Buy Tires At Discount

The Floyd County Farm Bureau has entered into an agreement with the Texas Agricultural Service Company of Waco, a recently incorporated, wholly-owned subsidiary of the Texas Farm Bureau, to set up a retail tire sales program for its members, according to Kenneth Broesh, local county FB president.

One of the world's largest tire manufacturers, General Tire and Rubber Company of Akron, Ohio, is manufacturing tires for TASC under the exclusive brand name "SAFE-MARK." Several other state Farm Bureaus are already marketing the "Safemark" tire which is produced at the GT & R Waco plant.

All standard sizes in the premium deluxe grade of passenger car tires and first-line premium truck and tractor tires will be offered Floyd County Farm Bureau members, Broesh said. The cost will be the factory price plus a very nominal distribution charge which will make them available to members "at a very substantial saving" the county FB president declared.

Crutchfield Tire Co., located at the Wye in Floydada has been named the authorized Farm Bureau Tire Servicing Agent for the county, Broesh said. Tires can be purchased directly from him by any Farm Bureau member by presenting his current membership card. Members actively engaged in farming or ranching may buy any tires they need for personal vehicles. All other members will be limited to passenger car tires.

Levelland or at West Texas State University in Canyon.

"Although there are a lot of machines used in these classes, it is not a machine program. For the personal touch and the student-teacher relationship must be conducive to the learning process, in this as in any other class taught in school," Mrs. Black said.

In addition to Mrs. Black the Remedial Reading teachers for Floydada are: Mrs. Ethel Florence, Mrs. Worth E. Merry, Mrs. S. J. McIntosh, Mrs. C. Reid, Mrs. Wendell Tooley and Mrs. Kyle Glover. Mrs. Jim Boyd teaches at Lakeview and Dougherty.

Mrs. G. N. Shirey Is Improv...

Mr. and Mrs. Wayne Finley came home last Thursday from Fort Worth and Mrs. Finley returned there Sunday to be with her mother, Mrs. G. N. Shirey. Mrs. Finley is planning on returning to Floydada today or tomorrow if her mother continues to improve and is able to be placed in

a private room for care at Harris hospital.

Finley said his mother some time ago having a touch of Mrs. Shirey was injured in a wreck which took the life of a ruptured spleen. In the accident she was removed in surgery said, eight broken numerous cuts and

Whirlettes Win One, Lose One In Practice Games

Effort Falls Short In Region

1-AA in the State Competition.

District 3-AA Tennis Matches Set April 12

The District 3-AA Tennis Matches will be held in Abernathy Saturday, April 12, at the time the other TIL competition will be held.

Four members make up the Floydada Tennis Team this year. They are Tex Morren, Royce O'Neal, Larry Hunter and David Sowell.

The team is working out from 6 until 7:30 P.M. almost every evening at Graves Gymnasium.

The Floydada Whirlettes, District 3-AA basketball champions were in two practice games this past week and came home with one victory and one defeat. The girls beat Sundown by a score of 49-43 and lost to Springlake 59-33.

The loss to Springlake was the worst for the girls this year not only from the standpoint of score, but the fact that Linda Rucker, a rebound record holder, was injured in the contest and was unable to play in the Tuesday night bi-district game at Abernathy.

The Floydada girls had to come from behind to take the game against Sundown Friday. The game was played at the Roosevelt Gymnasium, immediately following a game between Roosevelt and Frenship. Roosevelt won the game.

The locals were trailing 9-12 after one quarter of play and were unable to close the gap during the second period. The halftime score stood 24-21, Sundown. Going into the final period, the Whirlettes had command of the game, however, and owned a 38-31 advantage. The final score stood 49-43, Floydada.

Shirley Rainer led the offensive effort with 25 points followed by Sally McIntosh who

Track Season Gets Underway With Meet At Idalou Next Saturday

Although the temperatures the past few weeks don't indicate it, a feeling of Spring is usually in the air when the local trackmen begin their workouts.

For the past couple of weeks the team members have been getting in shape for the first track meet of the season for the Floydada team at Idalou next Saturday. Several other area teams will be on hand for the meet.

According to reports the track team is looking "pretty good" and the members are expected to be tough competition by the time the district

tract meet is held April 8 at Abernathy.

Presently there are 20 boys who make up the varsity track and field team. Team members will compete in the pole vault, broad jump, high jump, shot put, discus, mile, 1/2 mile and all the sprints, including the 440, 220, high and low hurdles, the 100-yard dash, and the relays.

Bob Murray, Eloy Martinez and Connie Bearden will compete at Idalou in the pole vault. Roland Adams and Rodney Bunch will be entered in the broad jump while Roland Adams and Bunch will compete in the high jump.

Murray, Joe Christian, Hulon Carthel and Brynn Walding are the shot put team members and Walding and Christian are the discus throwers.

Joe Tanguma and David Parr are the milers and Bunch, Kenneth Coleman and Martinez will participate in the 1/2 mile run.

This year's sprinters include Monday, Donald Campbell, Mac Baker, Adams, Murray and Christian.

The track schedule is as follows:

Idalou March 5,
Abernathy March 12,
Hale Center March 19,
Wayland or
Springlake March 26,
Kress April 2,
District Meet at
Abernathy April 8,
Regional Qualifiers meet at
Olton April 16,
Regional Meet at
Lubbock April 23.

Chadwick Chevy In California Race

Don Hardy left this week with the Chevrolet he and Kelly Chadwick built earlier this year, to race in Long Beach, California, Saturday.

Since Chadwick, the usual driver of the car is involved in basketball, the car will be driven by Charles Thierwanger of Seminole. Dickie Harrell of Hobbs, New Mexico, had earlier been scheduled to drive the car but he wasn't able to keep the appointment.

The car, ranked number 6 in stock competition in the eastern half of the U. S., will race a 1965 Plymouth, known as the Melrose Missile, ranked number 6 in the western half of the U. S.

The event will be a three-of-five contest.

\$546,000 Spent For Cigarettes Here

NEW YORK, Feb. 18--Has the anti-smoking campaign, conducted by the U.S. Surgeon General and others, reduced cigarette smoking in Floyd County?

What effect have the health warnings had on local smokers? How much are they smoking compared with people in other areas?

Judging from the latest regional figures on cigarette sales, business is back to normal. The cutback in smoking

hit 10 points.

Saturday night catastrophe struck the team.

The Whirlettes were unable to work the ball in for shots, and when they did get shots, against Springlake, their accuracy was far from what it has been all season.

At the end of the first quarter Springlake held a 16-5 advantage, and was leading 28-11 at halftime. After the intermission the Whirlettes came back, but not strong enough. The locals added 12 points to their effort while Springlake added 15 to theirs and were leading 43-23 going into the final eight minutes. The game ended with Springlake in the lead 59-33.

Linda Rucker was injured during the third period and was not able to play in the bi-district game Tuesday night. However, she should be able to go against Spearman in Lubbock Saturday morning.

Shirley Rainer and Patsy Pierce hit 10 points each to lead the Floydada scoring in the game. Susan Britton hit 28 points to lead her team to victory.

Linda Rucker, Linda Williams, Peggy Switzer and Nona Pernell were the defensive unit for the Whirlettes.

Baseball Association Names Officers

At a meeting held last week new officers were named to be in charge of the various leagues in the upcoming baseball season this summer.

Fred Cardinal was named president of the Teenage Baseball Association. Orville Marler is the outgoing president of the group.

Garth Gotcher was named vice president of the Junior League and Roy Teague was named to head the Freshman League. No one was selected for the T-Shirt League.

rise in total consumption of cigarettes in the United States last year took place despite increases in state and local taxes in many areas.

It lists the total at 532 billion in 1964 and from 524 billion in 1963. The increase in population and, consequently, in the number of smokers, accounted for a large part of the rise.

Just how much do residents of Floyd County spend per year for cigarettes? It adds up to more than most of them realize. Their total outlay last year amounted to approximately \$546,000, or about \$65 per smoker, the figures show.

Computer Equipment To Be Displayed Here Tomorrow Night

Agricultural Extension has initiated the computer service for the land-use and row-patterns. The computer service costs \$30 for each ASCS farm, Wilson said, but trial runs made at Texas A&M's Data Processing Center indicate the fee can be gotten back many times in better returns.

Growers using the tool should receive the computer analysis about one week after their information is received at Texas A&M.

Wilson said that for the analysis to be meaningful, information on such items as production expenses needs to be highly accurate.

China tells army to gird for U. S. attack.

In 1964, after release of the Government report linking cigarettes with lung cancer, heart disease and other ailments, was shortened.

Now, it appears, the public has decided to ignore the warnings and has gone back to cigarettes in earnest.

Figures compiled by the Internal Revenue Service and by the Tobacco Tax Council give the rate of consumption in each section of the country.

A breakdown of these figures shows that no less than 1,615,000 packs of cigarettes were smoked in Floyd County in the past year.

This was at the rate of 193 packs for every local resident over the age of 18.

In some parts of the United States the rate of consumption was even higher than this and in some areas, lower. The average, nationally, among persons over 18, was 216 packs last year. In the West South Central States it was 182 packs.

In general, the per capita use of cigarettes has again reached the record rate set in 1963.

The recent rise is attributed to the fact that most of the people who had stopped smoking, or had turned to cigars or pipes after the Surgeon General's report, have gone back to cigarettes.

Junior Livestock Show Scheduled At Lockney

LOCKNEY -- Young Farmers will conduct the annual Lockney Junior Livestock Show Saturday at the Floyd County Fair Grounds here.

The show is sponsored by Lockney Chamber of Commerce which furnishes the prize money totaling approximately \$500.

There will be no sale at this show as most exhibitors will enter the Floyd County Livestock Show scheduled March 7-9 at Floydada.

Open to students attending Lockney and Providence schools, the local show is expected to attract about 125 entries.

Cotton Neely, vocational agriculture teacher at Monterey High School, Lubbock, has been selected to judge the animals. Charlie Boedeker, local farmer, will present a trophy to the top showman in each division.

Divisions

Show barn opens at 7 a.m. and the animals must be in place by 10 a.m. Exhibitors will be limited to two entries in each of the fat single classes. Only barrows, wethers and steers may show.

There will be 10 prizes awarded in each division. In the steer division, there will be four classes, light drylot, heavy drylot, light milked and heavy milked. Swine classes will be light barrows, medium weight and heavy weight barrows. In the lamb division, classes will be fine wool, medium wool and Southdown and Southdown crosses.

Show Officials

John Dorman will serve as general superintendent assisted by Pat Frizzell.

Other superintendents and assistants will be in cattle division, Dann Bayley assisted by Bob Lane and Jerry Bartram; swine division, Jim Litsch assisted by Bobby McCormick and Donnie Bybee; sheep division, Ronnie Thornton assisted by Eddie Joe Fortenberry and Joe Cunyus.

Assisting with promotion of the show is Elvin Lyon, FFA advisor and Joe Wilson, county agent.

FLOYD PHILOSOPHER

Has Trouble Sleeping Since Reading New Russian Proposal

Editor's note: The Floyd Philosopher on his Johnson grass farm thought he had something figured out this week, but changed his mind. Dear editor:

According to an article I was reading in a copy of a newspaper last night hoping it would help me get to sleep, Russia has come up with a new idea to save civilization from a nuclear war.

It's simple. Russia wants each one of the powers that have nuclear bombs, the United States, the Soviet Union, China, DeGaulle, to sign a pledge agreeing not to be the first to drop the things.

Obviously, if nobody drops one first, nobody ever will, and so nuclear destruction is thus headed off. How can you have a gun-fight if no gunman draws first?

But then I got to thinking. Why stop there? Why not get the same pledge on rifles, pistols, hand grenades, mortars, land mines, fire bombs, machine guns, sling shots and B-B guns? First, too.

If every nation in the world will agree not to shoot first with any kind of weapon, we've got it made.

The all we'd have to do is get women and children to sign a pledge never to speak until

Retired Ginner, J. E. Newton Dies Of Heart Attack

J. E. Newton, 78 year old retired ginner of Dougherty, died at 11:50 Tuesday night in Methodist Hospital at Lubbock from an apparent heart attack. Funeral services will be conducted this afternoon (Thursday) in the First Methodist Church in Floydada at 2 o'clock. Rev. Charles Lutrick will be assisted at rites by Dr. Lloyd V. Hamilton of Lubbock.

Newton had been in failing health for some time. He had spent a week in Methodist Hospital for treatment and two weeks in the home of a daughter before re-entering the hospital a week ago yesterday. He underwent surgery last Thursday for the amputation of his left leg due to poor circulation, however his death was unexpected. He suffered a heart attack about 10:30 p.m. and lived a little over an hour.

A native of Dallas County, Missouri, Newton was born Jan. 30, 1888. He moved to Clay County, Tex., in 1893 and married Zuma White on Jan. 5, 1915. The couple moved to Crosby County in 1916, then to the Lakeview Community where he built the Lakeview Gin in 1924. In 1928 Newton built the Darty gin and his home in Dougherty community where he and his wife had resided since. He later sold both gins.

Newton was a long time member of the Methodist Church in Dougherty and at the time of his death was a member of the First Methodist Church in Floydada.

Survivors include his wife, who is a patient in the University Convalescent Home in Lubbock; one daughter, Mrs. Allen Leach Jr., of Lubbock; one son, Glenn White of Dougherty, two grandsons, Michael Newton Leach and Todd White, both of Lubbock; three brothers, Virgil and John Newton of Petersburg and Arvil Newton of Lubbock; and one sister, Mrs. Winnie Shook of A-cuff.

Interment will be in Floyd County Memorial Park under the direction of Moore Funeral Home.

CHARLES H. COX, JR.

Third SEFF Session Sunday

The Sunday evening study program in which the First Methodist Church and the First Christian Church is engaged will have its third session Sunday evening, March 6 at 6:00. Comments from teachers and students indicate the high level of interest in the program.

The younger classes will continue their mission studies. The Junior High group will see a movie, "Awakening Village," which is the true story of a man in India who becomes a Christian and becomes a leader in his community. (Professor William Hall, who spoke to the adults last week, was a missionary in India and was personally acquainted with the man whose story this film depicts).

The senior highs will continue their study of Sex and the Whole Person under the leadership of Dr. C. B. Moss of Lubbock.

Charles H. Cox Jr. will be the speaker for the adults.

A native of Birmingham, Alabama, Cox received his B.D. degree from Yale University Divinity School. Work on his Ph.D. is in progress at Vanderbilt University.

Cox has had ministerial experience for Disciples of Christ and Congregational Churches in Alabama, Connecticut, Tennessee and Texas.

He served as a field worker for the United Christian Youth Movement in 1952-53. He also served as director of the Student Christian Association at Vanderbilt. He is currently serving as Director of the Texas Bible Chair Foundation and the Program of Lay Theological Education.

Since his present work is focused upon the theological education of the laity, his presentation Sunday night should be very valuable.

sign the pledge all right, but we'd better keep our guns oiled. It took me another thirty minutes before I could get to sleep.

Yours faithfully,

J.A. President Johnson has proposed an anti-poverty program for rural America with the federal government pledging about \$5 million the first year. The aim of the plan is federal aid in setting up community development districts to tackle problems of health care, education, cultural opportunities and public services.

Make STRONG COMMUNITIES

STRONG CHURCHES

Sin is a disagreeable word that millions shun. It casts a shadow of separation. It raises chill thoughts of an impenetrable and eternal barrier between humanity and God . . .

Forgiveness on the other hand is a warm and inspiring word. It promises that life's slate can be wiped clean. It brings us close to God — and to one another.

An Execution on a Friday centuries ago . . . an Empty Tomb in the dawn of the first Easter Day . . . a Faith that has gripped human souls for all the generations since — these are forever entwined with the stark realization of man's *sin* and the blessed assurance of God's *forgiveness*.

That is why, when we think deeply of the meaning of these words — of their implication in our own lives — we find ourselves at the very heart of the Christian religion.

And it is why these soul-stirring weeks at the threshold of Christ's suffering have long been the time for such searching thought!

...and FORGIVENESS

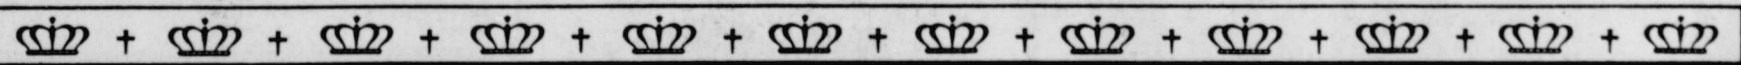

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Toastmasters Lack Only One Reaching 20

The Floydada Toastmasters still are missing only one new member attaining the twenty member group set for a goal when the club was reorganized here last January. A total of nineteen members are on the roll, but only sixteen attended the meeting of the group last week. At the meeting last night

speeches were given by Carl Brock, Guy Ginn, Ed Hammond and John Moss. Charles Carr brought the news and Corky Guffee was in charge of the Table Topic. Ron Loose acted as the General Critic, John Reue was Toastmaster, Bill Price gave the invocation and J. B. Bishop was the Time

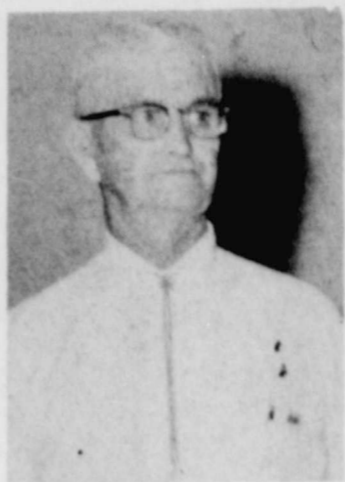

Keeper. Anyone who is interested in a good time and improving their speaking ability is invited to attend the Toastmasters meeting each Wednesday night at 7 P.M. at Rogers Restaurant.

Death Claims Roy Patton

ROY PATTON

LETTERS TO EDITOR

Dear Editor; In reference to your recent editorial on vocational training schools, I believe you are right that now is the time to start thinking and planning for such a school in our area. This is a day when so much emphasis is placed upon technical training on the college level that we tend to forget those who are not suited for college or who are not challenged enough to go to college. The vocational school can serve a real purpose for these persons. Also, there are those, as you pointed out, that will be drop-outs in high school because they are not interested in the regular curriculum. Can we just ignore this student who would like to learn a trade and is interested in getting out on the job? If we dare ignore him now, we may be abruptly brought face to face with him in court or at the welfare office. Not only can the vocational school program serve the school-age pupil, but this program should be of great interest to many adults in night school classes for advanced training in their work or in a new vocational field.

Lowell Bell Floydada

Death claimed Oscar Roy Patton Tuesday afternoon following a lengthy illness. He died at the family home, 322 W. Calif., about 1 p.m.

Funeral rites were conducted yesterday afternoon in the First Baptist Church with Rev. Floyd C. Bradley, pastor, officiating.

Patton was a native of Arkansas, born June 16, 1886. He and the former Verden Speck were married Dec. 5, 1909 in Rochester, Tex. They came to Floyd County in 1916 residing eight years in the Lakeview Community, moved away for some four years then returned to Floydada in 1928 at which time Patton went into the dairy business. In 1945 he was forced to retire following a heart attack. He later served as City Judge of Floydada, Patton had been bedfast for the past 15 months.

He was a member of the Masonic Lodge in Floydada and received his 50 year award in 1962. He joined the Rochester Lodge AF&AM in 1912 and came to the Floydada Lodge in 1920. Patton served as Worshipful Master of the Floydada Lodge from the 1941-42 year and was Deputy District Grand Master in 1942-43. He was also a long time member of the First Baptist Church.

Patton was preceded in death by his parents, the late Mr. and Mrs. M. Patton of Floydada and a brother Claud.

Survivors include his wife; two sons, R. C. Patton of Snyder and Holland Patton of Tucumcari, N. Mex.; three daughters, Mrs. Bates McClung and Mrs. John Stapleton of Floydada and Mrs. C. L. McMurray of Tucumcari; one sister, Mrs. Harlie Brown, Rochester, Tex., nine grandchildren and two great grandchildren.

Burial services were held in Floyd County Memorial Park.

Moore Funeral Home was in charge of arrangements.

Palbearers were Bill Daniel, Bill Hardin, Ralph Johnston, Slim Spears, Wayne Russell, Hollis Bond, Bill Taylor and A. C. Rainer.

Members of the deceased's Sunday School class were honorary palbearers.

"Lest We Forget," a light and sound extravaganza highlighting the wonders of nature will be presented in the Floydada country club on the nights of March 17, 18 and 19.

The entire south area of the country club will be lighted by some 60,000 watt lights trained on the canyon rim by Welton (Skinny) Winn of Floydada.

A dialogue of the history of the canyon and Indian episodes will be presented by loud speaker to the audience and appropriate background music will blend into the entire drama of light and sound.

The extravaganza is under the direction of Jim Boyd and Charles Baumgardner, script was written by Doris McLain and many other persons have joined into the creation of possibly the largest lighting area of historical presentation ever made in the state of Texas.

J. E. Waller and Arlis Powell are organizing an animation which will feature the Mackenzie soldiers in a skirmish with Indians as they dash across the canyon.

Winn said the interpretation of light and sound will create

a vivid enjoyment of the works of nature in the canyon and special lighting effects will bring out the shadows and escapements of the canyon rim.

Admission for the event will be 50¢ for students and \$1.00

for adults. The event will go on in all areas. Historical events will be highly student.

Interest Rate On Savings Bonds

United States Savings Bonds are now a more attractive investment than ever before, Don L. Pemberton, Chairman of the Floyd Savings Bonds Committee, said today, in commenting on the increase in interest on Series E and H Bonds to 4.15 per cent.

Pemberton pointed out that the new rate applies from December 1, 1965 to all Savings Bonds, old and new.

"That means," he said, "that between 30 and 40 million Americans who now hold more than 49 billion dollars worth of Series E and H Bonds will automatically increase their earnings."

"Now, more than ever, it is both practical and patriotic

to buy and hold Savings Bonds."

Under the new rate, Series E Bonds will earn \$100 for each \$1,000 in a year. The case of H Bonds bought at a discount reflected an annual interest rate of 4.15 per cent.

Mrs. Hull At Library Workshop Friday

Mrs. A. T. Hull, Floydada librarian, attended a Reference Services and Collections Workshop in Plainview last Friday which was co-sponsored by the Unger Memorial Library of Plainview and the Field Service Division of the Texas State Library.

The days program included a coffee and registration, the morning session, a lunch session, the afternoon session and a tour of the host library.

Items covered included "What Is A Reference Service?" "What Is A Reference Book?" "Fun and Games with Reference Questions," "Look Before You Leap," "Detective Work by Participants," and "How Shall We Spend Our Reference."

Mrs. Ruby Curry of Plainview was library hostess and Mrs. Rosalynne Shamblin, field consultant of the State Library, was workshop director.

TWENTY-FIVE YEARS AGO

(March 6, 1941) in Floyd County

Word has been received of the death of Luther Calvin Thomas, who died Saturday in the Veterans Hospital at Livermore, Calif., Thomas was a former resident of Floydada and attended high school here in 1915.

W. N. Paschall, 64, died of a heart attack Tuesday. He and his wife have resided in Floydada since 1917.

Mrs. Wilson Kimble entertained Saturday at her home with a reception to announce the engagement and approaching marriage of her daughter, Mary Anne to Rev. W. Donald Harris of Jacksonville. The couple will marry March 22.

Dr. W. M. Houghton, longtime Floyd County resident, was able to resume his practice this week after being in dispose the past several weeks.

Gobbler At Work In County

The Can Gobbler is built and leased to the Highway Department by the Delittter Corporation in Wichita Falls. The one seen lately around Floydada is a Jeep pickup converted to the task of picking up trash along the side of highways in Floyd County. A special mechanism is attached to the front that picks up the cans, and actually blows them back through a conduit through the cab into the enclosed pickup bed in the back of the vehicle. The pickup mechanism is about 2 feet in width and about four feet in length. As the vehicle moves forward a drum that has several sets of curved rubber "fingers" also rotates with the fingers on the bottom of the drum moving forward. In this manner the fingers pick up the cans, bottles, or other trash and carries the trash around the top of the drum and to the back, where a brush rakes the debris off. It then goes through a hammer-mill that actually throws the trash to the rear of the vehicle. The back of the truck holds enough trash that the operator of the vehicle can run all day, under normal circumstances,

without having to dump the load. When it becomes necessary to dump, the vehicle is driven to any nearby dump ground, backed up to the edge, and at the pull of a lever the back gate opens, and the bed of the pickup tilts back like that of a dump truck, cleaning out all the trash in the enclosure. Under normal conditions the machine can travel around 40 miles per day picking up almost all the trash along the roadway.

CAN GOBBLER--This mechanism has been seen lately in Floyd County and is used by the Highway Department to clean the trash out of the barrow ditches in the county. It is a Can Gobbler and, while traveling at a rate of four to five miles per hour picks up cans, sticks, a lot of dead grass and other trash. (Staff Photo)

Floyd Murder Suspect Fighting Extradition

FLOYDADA — Ernest Dwight Cole, 29-year-old former Lubbock man charged with the shooting and death of J. D. Ham, 44, of Lubbock whose body was found Feb. 16 near Floydada, is "still fighting extradition," according to statements today by Dist. Atty. John Stapleton and Floyd County Sheriff Walter Hollums.

Cole and a companion, Mac Allen Green, were apprehended Feb. 20 at Poteau, Okla., and word of the arrest was sent to Floyd County officers by LeFlore County, Okla. Deputy Sheriff Ruben Harbuck. Harbuck said the two men had possession of a stolen vehicle loaded with shotguns, typewriters and other merchandise, believed acquired in Oklahoma burglaries, when arrested.

Bond Set
Cole and Green were placed under \$20,000 bond each, according to Oklahoma officers and Sheriff Hollums. A warrant against Cole alleging murder in Floyd County had been received by LeFlore County Sheriff Jesse Austin.

Sheriff Hollums and Texas Ranger Jim Paulk returned Friday from a two-day trip to Poteau, where Cole and Green are being held, and Hollums said this morning "We don't know when we can expect to get him (Cole) out here." Hollums explained the Oklahoma officers have filed charges of car theft and burglary against Cole and Green.

"Cole isn't answering any questions," Hollums continued. "He has been appointed a lawyer and, of course, is doing what the lawyer tells him to do."

Soon after Cole's arrest, Floyd County officers learned he would fight extradition, according to information released at that time by the Floyd County sheriff's office and Dist. Atty. Stapleton.

No information has been released by local officers linking Green to the death of Ham.

Dr. Carl Henry Speaker For Willson Lectures

PLAINVIEW, Special: --Dr. Carl F. H. Henry, editor of "Christianity Today" since it first began publication in 1956, is lecturer for the spring series of the Willson Lectures at Wayland Baptist College, Plainview.

The lectures are set for March 9-11. Dr. Henry will speak extemporaneously on his topics.

On March 9, Dr. Henry's topic at 10 a.m. will be "The Gospel and the Grapevine." Two lectures on March 10 are "Facing the New Morality" at 10:55 a.m., and "The Distinctive Christian Virtues," at 7:30 p.m.

Topic of his concluding lecture at 10 a.m., March 11, is "The Christian View of Work."

Donors of funds which make possible the annual fall and spring series of lectures on Christian responsibility are the J. M. Willsons of Floydada. First lectures were held in the spring of 1954.

Cotton Growers Have New Weapon

With cotton planting time approaching, area growers are making plans for their 1966 crop and one of their first considerations will be how to best cope with seedling diseases. Each year damping-off organisms in the soil cause death of countless seedlings which otherwise would develop into mature cotton plants.

A new measure for curbing these diseases was adopted on a trial basis by numerous Texas cotton growers in 1965 and produced outstanding results. This was particularly true in Wharton County, traditionally plagued with heavy seedling disease infestation. The new method centers around Lanstan soil fungicide used in combination with PCNB and applied directly in the furrow at planting time.

Byron Mariner, a Wharton County cotton grower since 1941, reports that he used a Lanstan - PCNB combination on a trial basis on 10 acres of his 1965 cotton crop with excellent results. He found that the new fungicide treatment promoted rapid early growth of cotton seedlings. He notes that first bloom was obtained in the field where Lanstan - PCNB had been applied, despite the fact that non-Lanstan treated plots had been planted earlier. More important, he found that where Lanstan was used he had an excellent stand, with few skips, while on untreated plots he had a badly broken stand which was entirely unsatisfactory.

Paul Krenek, Jr., of Hungerford planted 175 acres of cotton in 1965 and tried Lanstan-PCNB on 60 of them. The value of this treatment was generally evident by the difference in stand, but the most startling comparison was in a 31-acre tract where Krenek believed he did not need any treatment and applied the fungicide on only 40 rows as an experiment. Here the contrast in stand was vivid, and also of significance was the notably earlier fruiting and faster initial growth of treated plants. He observed several inches difference in height of plants about five or six weeks after planting.

Developed in the research laboratories of Niagara Chemical Division of FMC Corporation, Lanstan soil fungicide is effective against such cotton seedling diseases as sore shin and damping-off--relating to the Fusarium, Pythium and Rhizoctonia species of soil fungi. It has been shown to be highly effective against these organisms when used alone--as has been the case in California and other areas--but in Texas preference has been

LOCKNEY ELECTIONS APPROACHING

The City of Lockney has elections coming up for Chamber of Commerce directors, City Council and school trustees in the near future. The school board there required all coaches for another year and extended the terms of all principals for one year at their regular meeting last week. They also called for a trustee election to be held April 2nd and will name two to fill the offices now held by R. C. Mitchell and Harold Griffith. Deadline for filing for a place on the ballot is 30 days prior to the election which would be March 2nd.

Two Nights Remain In Youth Meeting With Blind Evangelist

Tonight and tomorrow night will be the last chance for the people of Floydada to hear a very talented, but blind, youth in the Youth Revival at the Bible Baptist Church. Every young person, as well as their parents, are urged to be in these two remaining night services. Starting time is at 7:30 o'clock.

Also this Sunday the Bible Baptist Church will climax the meeting with Robert Montgomery, their Missionary for the past ten years to West Pakistan. He will be preaching in the morning worship service and the night service. Everyone has a cordial invitation to attend all these special services. No services will be conducted Saturday night.

County Agent's Corner

Now is the time for Floyd County farmers to put down fertilizer for their spring planted crops. The fertilizer will not become active until warm weather so a loss will not occur by putting it down early. Fertilizing now also enables a farmer to spread his work load over a longer period of time.

Soil samples should be made at least once every three years on a field to let the farmer know exactly how much fertilizer is needed. The analysis cost only \$2.00 per sample and may be submitted to the Soil Testing Laboratory at the South Plains Research Station, Rt. 3, Lubbock. The \$2.00 could save several hundred dollars worth of fertilizer that is not needed.

from his eye, ten days ago. Mrs. Teddy Horne of Lubbock spent Wednesday and that night here with her parents, Mr. and Mrs. Sylvain Kinnibrigh. Her mother took Marilyn, another daughter, Beth and the baby Michael to the county Wednesday suffering with colds and influenza. Mr. and Mrs. J. A. Kinnibrigh of Vera will be visiting here with the Sylvain and John Kinnibrigh families over the weekend.

Kaz Wierzbicki, Foreign Exchange student, who lives here with the Billy Stanforth family, scheduled three speeches and showed his slides the past week. Everyone should see and hear about the wonderful country, New Zealand, where Kaz is from. His father has not been well the past two weeks, but we hope he is much improved by now. Kaz is 7500 miles from his home and parents.

Mrs. W. N. West of Silvertown was taken to the Lockney Hospital Monday night by her daughter. Thursday she came from hospital to the home of friends, Mr. and Mrs. Frank McClure. She had an attack of influenza.

L. N. Johnson came home from the Lockney Hospital this Friday. He had been confined there since last Friday as a result of pulled muscles.

Mrs. Johnny West has been kept inside her home this past week with a case of influenza. We hope she can be out soon. Rev. and Mrs. Sealy Smith and children went to Afton to attend the Baptist Workers Conference Tuesday night where Clyde Cain, of First Church, Silvertown, delivered the message. About 125 were present for the church meeting.

Mr. and Mrs. Bob Reeves were in Amarillo all day Wednesday on a business trip, and they called on the family of Charles Beedy.

Mrs. Nannie Smith, grandmother of Robert Fitzgerald, died in Lubbock, Monday night at 11 p.m. Funeral services were held at the Lakeview Methodist Church at 2 o'clock Thursday afternoon. We offer our sympathy to Mr. and Mrs. Robert Fitzgerald and family, and especially since Robert's father, Mr. Jim Fitzgerald is also recuperating from major surgery.

"The Man Who Came to Dinner," a comedy was presented at the Floydada High School auditorium last Thursday and Friday nights and among the actors were Billy Stanforth, III, and Phil Kinslow from here.

Mr. and Mrs. Robin Fortenberry of Cedar Hill went to Atoka, Oklahoma, last week to visit with his brother, Mr. and Mrs. Fred Fortenberry. They returned home Thursday. They found Fred recuperating from an attack of flu, but they are getting settled nicely in their new ranch home.

Mrs. Jean McClure was here Thursday to have lunch with her parents, Mr. and Mrs. Frank McClure. She resides at Plainview.

Wendle Johnson goes back and forth from the farm here to drive a Bell Milk truck while his wife is taking Nurse Training at the Lockney General Hospital. Truman Bradshaw was taken

from the Northwest Texas Hospital to his home at Claude the first of the week, but he still is not feeling very well. Mrs. Hansel Sanders is still in the Lockney General Hospital, but she is recuperating nicely following major surgery last week.

Mrs. J. P. Taylor and Mrs. Bryant Higginbotham were hosts at a dinner on Washington's Birthday, Tuesday noon, February 22, in Plainview celebrating birthdays of Mrs. Harold Hamm and Mrs. Murray Julian.

A delightful "Come as You Are" coffee was held Tuesday morning in the home of Mrs. Nathan Mulder. Members of the La Than Club were brought to the party where Mrs. Donald Bean and Mrs. Phillip Smitherman assisted Mrs. Mulder in hostess duties. Fruit juices, coffee, and assorted sweet rolls were served. A George Washington theme was carried out in decoration of rooms and a little cherry tree was used as a center piece on the serving table. Names were drawn for next year's hostesses for the monthly club meetings. Attending were Mmes. Sterling Cummings, Dean Stewart, Travis Young, Tatie Nicholson, Mike Wood, Arby Mulder, J. Ronald Taylor, Eugene Beegy, Kenneth Bean, Kendis Julian, Fred Marble, Bob Reeves, L. H. Parks, Don Shurber, Don Marble, Marvin Wells, Glen

Mrs. L. T. Wood came home from Lubbock on Wednesday, and brought her grandson, Bodie Joe Teague home with her. She had been staying since Sunday there in Lubbock with her daughter, Juanel Teague and members of her family, and the newest little boy, Thomas Timothy, who was born last Saturday.

We are so happy to report that word has come from Amarillo from the family of Charles Beedy that he has been able to walk around the corridors and has been eating steak. We rejoice with his family that he is doing so well.

If the first part of your car registration number is here, you might be a winner.

Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Buick dealer. He has a list of 72 winners posted in his showroom. If you see your entire vehicle identification number on the poster—the symbols plus the rest of the numbers—\$2332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past few weeks. And every week there are 72 new winners posted on the showroom wall. So watch for next week's list of new symbols in this newspaper.) No slogan to

invent, no puzzles to solve. In fact, you don't even have to own a Buick to have a winning number. While you're in the showroom, get a good look at the Buick Special. The \$2332.00 happens to be its price. (Manufacturer's suggested retail price for Special V-6, 4-cyl. coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charge. Contest Rules. Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to R. L. Polk and Co., P.O. Box 1347, Detroit, Michigan 48231 and receive the weekly list of winning numbers by mail for comparison with their own vehicle identification number. An official entry form will be included. Sweepstakes limited to persons over 21 living in the continental U.S. Not valid in Florida or states where prohibited by law.

Schools In Transition

Public Schools Week in Texas will be observed March 7-11 and parents and citizens should visit their community schools to see what is going on in education.

The visitor to a school today may not see it at first glance but the public schools in Texas are in a period of critical transition.

The visitor will see bright new equipment in the science labs. But he should keep in mind that new achievements in science and space research are outdistancing the textbook writers and the schools must race to keep up.

The mathematics classroom the visitor sees may contain new and ingenious teaching aids. But the visitor should realize that educational research is moving so fast that the schools must continually re-evaluate their curriculums lest they fall behind current developments.

The school principal can point with pride to the expensive new language laboratories. But the visitor should remember that more and more expensive equipment will have to be purchased and from somewhere, somehow the money to buy it will have to be found.

A teacher may tell a parent about a summer program being planned for disadvantaged preschoolers. This should be hint enough that the American school system is rapidly becoming a major vehicle for social action among poverty groups. Poverty areas overlap other areas and all, the rich and the poor, will be affected.

Another teacher may talk about good

attendance at his school. But every school is troubled by the dropout problem. The factors which cause a child to drop out of school before graduation are primarily rooted in the home but the schools are being expected to solve the dropout dilemma.

The visitor to a school may be attending an open house in a brand new school building. But the population growth in Texas is so great that many more schools are needed than can be built. This is a problem the local community must solve strictly at the local level, from a severely strained, inadequate local tax base.

The teacher a visitor encounters during Public Schools Week is the best qualified teacher in the state's history. But each year Texas needs from between 9,000-9,500 new teachers. About one-third of this number is needed to take care of increasing enrollment. The remainder is needed to replace teachers who are retiring or who are seeking employment in non-teaching jobs. At this time there is inadequate financial promise offered to new teachers in order for Texas to continue attracting well qualified young people into the teaching profession. And there is inadequate financial promise to hold them there to become career teachers.

The visitor to a Texas public school can take pride in his state's educational progress. But he should take note that a society which is demanding more and more from the schools must in return furnish increased financial support and increased moral support for the professionals in charge of the schools.

Need For Public Schools Unchanged

The need for the public school never changes, but times and conditions may change or require to be changed methods and practices of public education. This is inherent with anything that grows, for growth is the result of change.

Our Texas public schools were created 112 years ago. In 1854 the first law was passed establishing the public school.

It is a healthy thing in our democratic way of life to have intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problems of citizenship in the years ahead.

Yes, "bring me men to match my mountains." That is the need of our times and must come from the public schools--schools that are strong in virtues required for building strong men and women.

We can be assured of this and do our part in understanding and helping the public schools to fulfill their great obligation to our times by being a participant in the annual Public Schools Week, March 7 through March 11, 1966. Schools will hold open house; accept their hospitality, and you will enjoy the experience of going back to school--if but for a day.

Henderson Is Lockney's Outstanding Farmer

Deane Henderson, Lockney farmer-stockman, was named recipient of the 1955 Outstanding Young Farmer Award by the Lockney Young Farmer chapter Saturday night. The award was the highlight of the Sixth Annual Awards Banquet held in the Lockney High School cafeteria. Others receiving awards were Carlton Johnson, Outstanding Greenhand and Jerry Bigham, Outstanding FFA member.

Farming Accomplishments
Announcement of Henderson's selection was made by Charlie Boedeker, who provides the trophy for the award. Boedeker praised Henderson for his accomplishments in farming and in the field of livestock. "He is always willing to do his part when called upon," Boedeker remarked.

A 1952 graduate of Lockney High School, Henderson is a former director in the Aberdeen Angus Assn. and was engaged in raising breeding stock. He is still a member of the association. Henderson feeds out large in the winter months. He has approximately 700 acres of land with the crops of wheat, cotton and maize.

Henderson, son of Mr. and Mrs. Bailey Henderson, is a native of Silverton. He is serving his first term as a director of the Floyd County Fair Assn. and works diligently with the Floyd County Livestock Show, having secured bids for the

show sale several years. Success of the recent Young Farmer Community Auction Sale is credited to Henderson, according to his fellow workers.

Father of Two
Deane and the former Nita Fellison, daughter of Mr. and Mrs. Earl Kellison, were married June 26, 1953. They are the parents of two daughters, Mona and Ginger. They are members of Lone Star Baptist Church and reside in the Lone Star community.

Mrs. Henderson, a 1953 graduate of Lockney High School, was born at Hollis, Okla. She is a charter member of Athena Junior Study Club where she is second vice president and is serving her second year as departmental chairman for the Council of International Clubs. Henderson was selected by a committee composed of L. N. Johnson, Lowell Jarrett, Francis Montandon, Ray Aston and Boedeker.

Appreciation Dinner Slated For James Ray

The Floyd Philo Johnson grass farm trying to phis away out of fix his letter this

"I know it. Say, isn't it about your turn to do some fixing?"

"Whatta you mean?"

"This fence helps you, too, doesn't it?"

"Sure, but are you taking a stand against the British Empire?"

When I said that he missed a staple and hit his thumb with his hammer and I figured it was no time for a high-level conversation and excused myself and came on back to the house. I learned long ago never to discuss international affairs with a man who has just smashed his thumb.

But what I meant was that in some ways in the conduct of this Johnson grass farm I'm lined up with the British Empire.

For example, take nuclear bombs. Has England spent billions of dollars making them? Of course not. She knows they work, and with her friend the United States originating the things and spending billions to stockpile them, why should she build a fence too?

Me and England wasn't born yesterday.

Or take the race to the moon. The United States and Russia both are spending billions of dollars to find out what's up there, but England isn't spending a cent and will find out at about the same time. Look what happened when Russia landed a television camera up there last week. England just tuned in and got the pictures out before Russia did.

I estimate the moon pictures cost Russia around 2 billion dollars, and England maybe \$17.50.

I tell you, the British Empire may be shrinking, but there're still some smart Englishmen around.

Unfortunately tought there are still people who can't take an international view of a fence, and I guess I'd better get out tomorrow and help my neighbor, if the weather isn't bad.

Yours faithfully,
J. A.

WIN 2332

Play the nation's newest numbers game. Check your car's registration number. It could be worth \$2332 cash to you. (\$2332 also happens to be the price of a new Buick Special*. Isn't that a coincidence?)

HERE'S HOW IT WORKS: Check that car registration of yours. If the first symbols of your vehicle identification number on it match up with one of those listed at the right, you might have won yourself \$2,332 cash. No slogan to invent, no puzzle to solve. To find out for sure if you won, just hop down to your nearest Buick dealer's. He's got a list of complete winning numbers posted. (No, you don't have to own a Buick to have a winning number.) If your complete vehicle identification number appears on his list—you're in the money.

County Bond Sales \$42,544 In January

Don Pemberton, chairman of the Floyd County Savings Bonds Committee, announced today that the 1966 Savings Bond goal for Floyd County is \$170,000. January sales in the county totaled \$42,544 which represents 25 per cent of the 1966 sales goal.

The Texas 1966 Savings Bond goal is \$147,500,000. E and H Bond sales in the state during the month of January totaled \$12,839,940 which is 9 per cent of the 1966 sales goal.

"Our County Savings Bonds Committee was delighted to learn that the interest rate on U.S. Savings Bonds has been raised to 4.15 per cent. The interest rate is effective as of December 1, 1965 and applies to all Series E and H Savings Bonds outstanding for their remaining period to maturity as well as those to be purchased in the future. We are confident that with this new higher interest rate our 1966 sales goal will be surpassed," Chairman Pemberton commented.

ed to operate at 90 m.p.h. were ordered from General Electric Company and will be used in both passenger and freight service, Marsh said.

LEGAL NOTICES
 NOTICE FOR SEALED BIDS
 The Commissioners Court of Floyd County, Texas, hereby gives notice that they will receive sealed construction bids to be delivered to said Court not later than 10 a.m. on March 14, 1966, for the construction on a contract basis to re-roof the county courthouse, county jail, and county agriculture building, all of such buildings located on the county courthouse square in Floydada, Texas, with the specifications and requirements of such contract to be in substance as follows:
 Remove old roof and haul away, remove all flashings from raggie, remove and reset cooling tower, furnish and install new lead for drains, also new flashings for vent pipes, if ventilators are in good repair may be used, if not, shall be replaced with new. Make sure roof deck is clean before applying new roof.
 Over entire surface apply one thickness of 43# base sheet, cut off at bottom of raggie, sheet to be lapped 4". Mop solid with hot asphalt 3 plies of 15# perforated asphalt felt, lapping each sheet 24-3/4 inches felt to extend to bottom of raggie joint, mop solid with hot asphalt 2 plies 15# felt 18" wide to extend from bottom of raggie joint down over, can't strip and out on roof, mop solid with hot asphalt 5 ft. strip of 90# mineral surfaced roofing 10" wide, this to be installed from bottom of raggie joint and down onto roof. Install 26 ga. galvanized iron flashing where flashing exists and point raggie joints with Portland cement mortar. Flood roof surface with hot asphalt and while hot embed washed 1/4" gravel, approximately 400# per square.
 Contractor to furnish Twenty Year Written Guarantee.
 Agriculture Building and County Jail to be re-roofed,

same composition as above except use 30# base sheet, as these are wood decks. Combined bid on three buildings, also separate bids on each building.
 The Floyd County Commissioners Court reserves the right to accept or reject any all bids.
