First Zoning Ordinance For Floydada - Hearing Set

Scattered Showers Dot Floyd County

In Floydada it was a dry May with only .76 registered and so far in June .98 has been recorded. Tuesday night's rain was recorded at .68 here in Floydada.

The showers were heavier in other areas; Mrs. H. A. Bartlett on 8th street reported .90, Mrs. E. A. Powell on West Jackson reported an inch, three miles northeast of town 1.02 was reported, Weldon McCormick at Cedar Hill reported 1.03, Frank Floyd at Cedar Hill reported an inch, Ray Ford in the Liberty community reported an inch, Willie Bunch in Lakeview reported a half inch, Johnny Lloyd, southeast of the city about a mile, reported 1.02, three miles north of McCoy 2, Mrs. Mather Carr at Harmony reported .3, South Plains reported an inch and a half, Sandhill Store reported 1 and Berwise almost a half inch.

The Dougherty area phones are out of order, and no reports from there could be secured Wednesday morning.

A portion of the Lakeview area received a good rain Wednesday night of last week and a brief shower again Saturday night along with high winds and light scattered hail which caused no damage.

Earl Edwards reported 2.03 inches from Wednesday night's rain and an additional two tenths Saturday night. The rainfall was about the same measurable amount within a mile or so range of the Edwards' place. Willis Hall farm had 2.01 and

the Don Harrison farm received two inches. The rains moved on east, dumping from two to three inches in the Antelope area near Dougherty.

In Saturday night's rain some areas received a scattered amount while a good shower was received in parts of the Starkey Community. The Jay S. Hale Jr., farm received a good shower while on the J. E. Waller place an inch of moisture was measured.

Southwestern Bell Telephone Company installers placed a red and white telephone in service in the Floydada fire station here this week - but it wasn't for decorative purposes. The two-color telephone is the heart of a new Group Alerting and Dispatching telephone system which will be used primarily for fire reporting and alerting members of the volunteer fire department, according to Bill Feuerbacher, city manager.

Feuerbacher emphasized that the system was primarily for fire reporting and alerting volunteer firemen, but also said that the system would be used for other public requirements.

July 12 At City Hall Before Zoning Commission

A proposed zoning ordinance for the City of Floydada has been drafted and a public hearing concerning the new ordinance has been set at the City Hall on July 12.

The Zoning Commission has been working on the ordinance for two years and decided that Floydada should have such an ordinance for an orderly arrangement of building and expansion in the future.

The zoning commission is headed by Cecil Hagood. Other members of the commission include: Billy Brown, Kenneth Bain, Carl Minor and Clinton Fyffe.

It should be noted that existing industries, businesses and residences cannot be affected by the ordinance. The new ordinance takes effect after the July 12 date.

The new ordinance will provide for "zoning districts and regulations and restrictions pertaining to said districts and the boundaries of said districts."

The ordinance will divide the city into districts of such number, shape and area as may be deemed best suited to promote the health, safety, morals and general welfare of the community, said districts to be known as zoning districts, which districts will be designed to regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures or land, and to consider regulations in regard thereto in accordance with a comprehensive plan designed to lessen congestion in the streets, to secure safety from fire, panic and other danger, to promote health and the general welfare, to provide adequate light and air, to prevent the overcrowding of land, to avoid undue concentration of population, to facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements.

Rev. Dixon Resigns From Local Church

The Rev. Houston Dixon announced this week his resignation as pastor of the local Presbyterian church effective June 27. He will preach his last sermon here Sunday, June 26.

He has served this church for a little over six years. He and Mrs. Dixon will be moving to Coushatta, Louisiana where he will be pastor of the Cumberland Presbyterian Church.

The Dixons have a son who lives at Mineral Wells and a daughter at Lubbock.

Three New Methodist Ministers Move To Floydada This Week

The Floydada community Methodists will all bear new Methodist ministers as they fill the pulpits for the first time in Floydada Sunday.

The Rev. Herschel Thurston and family move to Floydada today to become pastor of the First Methodist Church. He has served as pastor of the First Methodist Church in Hereford for the past seven years.

He succeeds the Rev. Charles Lutrick, pastor of the church here the past six years. Rev. Lutrick has been promoted to District Superintendent of the Amarillo District of Methodist Churches.

Rev. Thurston was born and raised in Methodist parsonages in New Mexico and Oklahoma. He has been a minister since 1924, and has served churches in Canyon, Friona, Brownfield, Dalhart, Spur, Stamford, Colorado City, and Perryton. He served the Dalhart Methodist church five years before moving to Hereford.

Rev. Thurston was educated at Clarendon and McMurry College, he has held state-wide offices in CROP. He is active in hospital and homes work, he is a trustee of Kings Manor, Methodist retirement home in Hereford.

The Thurstons have three children: daughter Mrs. R. P. Williams of Plano, daughter Mrs. Carl Ellis wife of a Fort Worth dentist, and son Bob of Denver City, Texas.

The Rev. Clifford Trotter moves to Hereford from Dumas to assume the ministry of the Hereford church.

ASSOCIATE The Rev. and Mrs. Buenger Dickson moved to Floydada this week where he will assume the duties of associate pastor of the First Methodist church. This is a new position created

in the church. They moved here from Dallas where he graduated from the Perkins School of Theology in Des Moines, Iowa. SEE METHODIST PAGE 2

Texas Addition Admitted To Floydada City Limits

Following a public hearing on May 31 the Texas Addition has been admitted to the city limits of Floydada.

The Texas addition is an area of land (69 7/10) acres extending across the west edge of Floydada on the west side of Texas Avenue and extends from Crockett street on the south to Price street on the north.

Most of the land is owned by W. A. Massie, although around 15 lots have already been sold to other persons. Two houses have been constructed in the addition by Bob and Eddy Muncy. Construction on another new home in the addition for Keith Buhrman began last week.

The annexation of the Texas Addition involves 13 blocks and about 104 residential lots.

Southwestern Public Service Company has installed several blocks of electrical service and the city of Floydada will install water and sewage lines. Contract bids are soon to be let for paving of the addition.

FUND REACHES \$21,000

Council Purchases Airport Land From J. R. Turner

In a special meeting of the city council last week the group purchased around 72 acres off the northeast corner of the town section for the new airport soon to be built.

The city paid \$500 per acre for the land which runs parallel with the Silverton highway and is west of the cemetery and the Floydada Livestock

Auction Company. The council will open bids on the airport project Monday. City manager Bill Feuerbacher said that a total of \$21,000 have been given by individuals on the airport and it is hoped that another \$10,000 will be given in order to keep the city from having to disburse so much money on the airport.

BULLETIN

The Hesperian received the following telegram from U. S. Congressman George Mahon at press time Wednesday: "Farmers Home Administration today announced extension of emergency loans for

Floyd County farmers and ranchers through June 30, 1967."

Regards, George Mahon

Council Approves Underground Electrical Service To Addition

The Floydada City Council approved underground electrical service to the newly annexed Texas Addition at their regular monthly meeting Tuesday night. By using the same ditch that the telephone company will be using, cost of this type installation can be lowered and the unsightly telephone poles and wires will be eliminated.

The council approved the purchase of a \$550 motorized paint stripper machine. This machine will be used to mark parking stripes on the streets and it is thought that the paint will stay on longer and will use less paint and manpower.

The council instructed the city manager to shop around for a new chlorinator for the city swimming pool.

In other business the council approved the payment of current bills, discussed a dog catcher's gun, paving for new grade school street, Price street land annexation, bids for a new police car, and new zoning ordinance.

All councilmen were present except Louis Anderson.

Rev. Dickson's home is McCamey, Texas. His wife, Sally's home is in Lubbock. She is a graduate of SMU and has a major in Spanish. She will teach in the Floydada school system this year.

They reside at 216 West Kentucky.

SPANISH MISSION

The Rev. Juan Sallinas will move here this week from Lubbock to assume the pastorate of the Methodist Spanish Mission church. His picture was unavailable at press time. He succeeds the Rev. Mike Ramirez who moves to a Methodist church in Tucumcari, New Mexico.

LUTRICKS TO AMARILLO

The Rev. Charles Lutrick family moved to 3800 Linda Drive in Amarillo yesterday. Rev. Lutrick will serve as District Superintendent of the Amarillo District of Methodist Churches.

He has been pastor here for the past six years.

At present Rev. Lutrick is president of the Rotary Club and the Pastor's Association. He worked on many community civic projects and the CROP program.

He has served as chairman of the Christian Vocations committee, chairman of the Board of Ministerial Training and State Wesley Foundation Board of the Methodist conference.

The membership of the church gave the Lutricks a farewell gift following Sunday night services, a four piece luggage set, at a church supper. Mack Fowler, vice-chairman of the board made the presentation.

Rev. Lutrick expressed his appreciation to the people of this community for their many courtesies to him and his family during the six years of service here and extended an invitation to everyone to visit them in Amarillo.

Rev. Lutrick is the third Floydada pastor to become District superintendent. The Rev. Armstrong and the Rev. Dewitt Seago were also made district superintendents.

SCHOOL
FROM PAGE 1

(The government report shows around 200 children to attend Della Plains this year in the northeast part of Floydada, a majority of them Negro, the rest white. The government classifies Latins as white.)

The group said the entire school district should be zoned, not just city limits, thus allowing white children to attend Della Plains from the northeast section of the district.

Spokesman for the board, Superintendent A. E. Baker, pointed out that there were enough children in the immediate area of Della Plains to fill the school, therefore there was no need to bring in children from out of the city limits to it.

Father Link said, "If the board were in our position, how would you feel?" The board agreed that they would be unhappy with the situation, but the report had already been submitted to the government as a plan of "zoning integration" and unless the government disapproved the plan, it would be continued with no change.

Superintendent Baker told the board he had been discussing the situation with the Latins for some time and all discussions were orderly and courteous.

Father Link pointed out to the board that it was his opinion that this type of integration was not one of brotherhood and true Christianity. He said he did not think this plan was one of true justice to all persons considered, especially the Latins.

Mr. and Mrs. J. P. Beck, Sunday the Martins were dinner guests of her brother and family, Mr. and Mrs. Eugene Carr and children.

Mrs. R. L. Martin, Jr., Vicki and Roland spent Sunday afternoon at Camp Rio Blanco where they visited their parents and grandparents, Mr. and Mrs. Paul Ely.

Mrs. A. N. Hardesty, Crosbyton, visited briefly Thursday afternoon with Miss Ruth Bartley.

Mr. and Mrs. Morris Wideman were guests in the home of Mr. and Mrs. D. A. Barnhart and David Saturday evening and all enjoyed home made ice cream.

Mr. and Mrs. Carl Jackson, Lubbock, spent Friday night with his parents, Elder and Mrs. Joe Jackson. Mr. and Mrs. R. L. Neil, Floydada, visited during the evening.

Mr. and Mrs. C. O. Gilbreath visited with Mrs. Ralph Martin, Sr. on Sunday evening.

Mr. and Mrs. Howard Harris and Diane visited with the Marvin Heinrich family near Ralls, Saturday evening.

OPERATION HEADSTART - The above youngsters, teachers and aides are shown in the school cafeteria at Andrews Ward during their refreshment period from Monday morning classes.

The 45 students are enrolled in the head start program started last week. The program is outlined to provide schoolers for the first grade the next school term.

ins and he said this plan would create a stigma on Della Plains school that might affect its future and the entire school system's future.

Father Link said the Latin children could be an asset to this community if they could associate with Anglos and learn of the Anglo culture.

Superintendent Baker said that he was attempting to employ five or six Anglo teachers in Della Plains this year and in compliance with integration laws there would be Negro teachers in schools other than Della Plains.

It should be explained that there will be three grade schools in the system this year. Della Plains, Andrews Ward beginning the Fall semester and Duncan Elementary the second semester. They will include grades one through six.

Under the new integration plan all Latins, Negroes and Anglos will attend Junior High and the High School.

EQUALIZATION BOARD

In other business the board appointed Marion Tucker, Malvin Jarboe and Dorris Jones to serve on the equalization board for the school district.

SOLD LAND

The board voted to accept \$500 for two acres of land from Conner Oden. The land is the location of the old Starkey school.

FOOD COSTS

The board approved a recommendation from the cafeteria department to increase the cost of lunches to \$2.00 per week, the same price at each school. Teachers lunches would be 50¢ each, outsiders 80¢ each, students to pay 40¢ per day if paid daily for the 1966-67 school term.

The cafeteria went into the red around \$3500 this year.

The board voted a transfer of funds to take care of the overdraft.

NEW TEACHERS

The board hired three new teachers: Jerry Livingston of Oklahoma to teach science, Mrs. Agnes Kunkel of Snyder to teach in the elementary school and Mrs. Clyde Smith of Lubbock to teach in the elementary school.

Superintendent Baker said that it was possible that the system would operate with four or more less teachers this year due to a new ADA count.

PAVING COSTS

The board acted on a proposal from the City of Floydada in regard to paving in front of the new grade school. The board voted to pay for its half of the street paving of \$7,319 and made a resolution that property owners and the city pay the rest of the needed money for the project.

In other business the board approved last month's minutes and approved the payment of current bills.

All board members were present except Dennis Dempsey.

FLOYD COUNTY has received all sorts of rainfall this spring. There are parts of the county that are very wet... so wet that the farmers are wishing for dry weather so they can plow out the weeds. There are parts of the county that have lake water.

Then there are parts of the county that are dry and the farmers are irrigating row crops.

Well, June is usually a good rain month... so here's hoping.

I COVERED the city council meeting this week and while they were talking about cutting in the two new wells into the new city reservoir it just occurred to me to ask, "how many wells serve the city?"

There are ten wells now tied into the system. There is one eight inch, four-four inch and five-six inchers.

How long can we expect underground water? We don't know. We know it's going fast, and there has been very little rainfall in the last three years to recharge it. In the meantime it's full steam ahead on the Mackenzie Dam project.

WE SHOULD BE able to announce the starting date of construction on the new hospital next week. Boy, here's an announcement we have longed to see for several years.

THE FOLKS at the Methodist Church will certainly miss the Rev. Charles Lutrick, who this week moved to Amarillo as district superintendent. And I suspect that many people in this community who have worked with Charles in many civic projects will miss him.

He has served his church and this community well and we extend our best wishes as he enters a new area of service for the Methodist Church.

Another well known and liked pastor leaves the 27th of this month... the Rev. Houston Dixon of the Presbyterian Church. It is interesting to note that the new associate pastor at the Methodist Church is

Nancy Robertson, Carter Recite Double Ring Vows

Double ring wedding vows were recited by Miss Nancy Lavine Robertson and Terry Michael Carter at 7 o'clock p.m. Saturday, June 11, in the First Christian Church in Floydada with Darrell Fairles, minister, performing the ceremony.

The bride is the daughter of Mr. and Mrs. Fred Robertson and the groom is the son of the late Mr. and Mrs. Ernest Carter of Floydada.

Escorted by her father, the bride wore a formal wedding gown of satin with lace bodice featuring a scalloped neckline and long sleeves which came to petal points at the hand. The A-line skirt extended into a chapel train and her shoulder length veil of illusion tipped with lace fell from a crown of seed pearls. She carried a cascade of white roses and carnations with white satin streamers.

Miss Beth Calahan was maid of honor. She wore a street length dress of aqua fashioned with an A line skirt and a rolled satin band encircling the empire waistline. Her headpiece of large flat bows was accented by nylon net. She carried a cascade bouquet of white carnations.

Keith Buhrman, brother-in-law of the groom, was best man and ushers were James McNeill and Clinton Fawver.

Kerri Norman, daughter of Mr. and Mrs. Glad Norman was flower girl and Brad Buhrman, son of Mr. and Mrs. Keith Buhrman, was ring bearer.

Miss Susan Hotchkiss, organist, accompanied Mrs. David Battey Jr., in wedding selections.

A reception in the church followed the ceremony. Assisting with the houseparty were Misses Linda Rucker and Elaine Starkey and Meses. Conley Bradford, Louis Pyle, Glad Norman and Mrs. Shelby Calahan.

For traveling Mrs. Carter changed to a blue two piece suit with matching blue and white accessories.

Both Mr. and Mrs. Carter are 1965 graduates of Floydada High School. He is a freshman accounting major at Texas Tech in Lubbock where the couple will reside at 1903 14th Street.

Miss Baxter, Burns Plan September Vows

The engagement and forthcoming marriage of Miss Rebecca Baxter to Richard H. Burns is being announced by her mother, Mrs. Marie Baxter of Floydada. Parents of the prospective bridegroom are Mr. and Mrs. LeRoy Burns, also of Floydada.

Miss Baxter is a 1966 graduate of Floydada High. Burns, a 1964 graduate of Floydada High School, is fulfilling his military obligation. He is now stationed at Fort Schafter, Hawaii.

The couple plan a September wedding.

MRS. JERRY PARNELL POWELL (nee Mary Jane Graveley)

Vows Unite Miss Graveley, Jerry Powell

The Aamo Heights Baptist Church in San Antonio was the setting Saturday, June 11 for the impressive wedding ceremony uniting Miss Mary Jane Graveley of that city to Jerry Parnell Powell of Floydada. Rev. Earl Johnston read the vows.

The bride, given in marriage by her father, wore a formal gown of white Irish linen designed with elbow length sleeves and boat neckline and a fitted bodice traced and embroidered with seed pearls. Her veil of illusion was secured by a floral comb and she carried a bouquet of gardenias atop a white prayer book.

She is the daughter of Mr. and Mrs. Jacob Walter Graveley of San Antonio and the groom is the son of Mr. and Mrs. Parnell Powell of Floydada.

Frank Barrow of Floydada was best man and groomsmen were Charles Merritt of Snyder, Scott Rust of Houston, Missouri and Arlis Powell of Floydada, brother of the groom.

Miss Lucy Graveley, sister of the bride, was maid of honor. Other feminine attendants were Miss Ennis Pressley of Littlefield, Miss Rebekah Cox of Temple and Mrs. Truman F. Martin of Austin.

Junior bridesmaid was Nancy Sellars of Daingerfield, Melody Powell, sister of the groom, was flower girl and Jerry Milton Powell, nephew of the groom, was ring bearer.

The bridegroom, was ring bearer. The bridegroom of Floydada High School received his Bachelor of Science degree from the University of Texas at Austin.

CHILL NEWS by Mrs. Evelyn Breckenridge

CHILL, June 13 — Mr. Esley Yearly visited weekend at Possum Lake, near Graham, the company of Mr. Figg now of Graham, Yearly reported that did no fishing, however the outing very their way home they visited Andrew Mrs. Mamie Yearly. Mrs. C. H. Foraker visited her brother and Mrs. Charlie Durham, of Carlisbad, spending the summer with his grandmother, Fortenberry. Those

visiting with Mrs. Joe Fortenberry the past week were Mrs. Eddie Joe Fortenberry and children, Mrs. Janie Allard and children, Mrs. Jean Durham, Mrs. Robin Fortenberry and Mrs. Jewel McCormick. Her brother, Dozier Dillard, ate Sunday dinner with her. Mrs. Willis also visited Thursday.

Mr. and Mrs. Jude Strickland and children also visited her mother, Mrs. Joe Fortenberry during the week. They plan to return to their home in Lincoln, Illinois around mid-week.

Mr. and Mrs. Rene Yearly attended the Second Sunday Singing at the Nazarene Church, also yours truly and children, Richard and Mary Ann. Singing interest was extremely good, and we were happy to have a good crowd. Everyone who attends is appreciated, but those who are so faithful to drive a great distance from month to month to be present are to be applauded.

Mr. and Mrs. Rene Yearly went to Berger Saturday where they attended the funeral of Mrs. Pauline Miser. Mrs. Miser was a sister of Mrs. Joe (Temp) Phillips of Lockney. Our sympathy goes to those in this hour of sorrow.

Master Mark Conner, of Amarillo, son of Roger Conner who is in Viet Nam, is here for an extended visit with his grandparents, Mr. and Mrs. Jim Conner. They are always extremely happy to have their grandchildren visit them — as are most grandparents!

Andrew Jetton and Mrs. Mamie Yearly visited Mr. and Mrs. Bill Sauls at Quitaque last Sunday.

The Ladies' weekly club met with Mrs. Mamie Yearly Wednesday. Those present were Mrs. Lee Pearson, Mrs. Rene Yearly, Mrs. Mary Lee Swain, Mrs. Clara Mize and the hostess. I've been "kidding" these

ladies about a name for their club, and some think "Stitch and Chatter" would be appropriate. I wonder why!

Saturday afternoon the Bayley Beans, from Salem, Oregon, stopped by for a visit with Andrew Jetton and Mrs. Mamie Yearly. Bayley is the son of Mr. and Mrs. Frank Bean of Gainesville, Texas, but lived in our community for a number of years.

Mr. and Mrs. W. E. Lackey went to Quannah Wednesday and brought their grandchildren, Roly and W. E. Lackey home with them for a few days visit. They had been visiting their other grandparents, Mr. and Mrs. Walter Brannon in Quannah.

Their son, Mr. and Mrs. Lindsey Lackey and Kim came Friday night, and they, together with Roly and W. E. returned to their homes near Fort Worth Sunday. Others visiting in the Lackey home Sunday were Mr. and Mrs. J. C. Fowler and Clayton, Mrs. Bill DuBois and boys, and Mr. and Mrs. Donnie Turner. Mrs. Clifford Gollightly visited Saturday.

Stevie Fortenberry at Sunday dinner with Bud Taylor. Belinda Neff of Floydada visited Shelia Taylor Saturday and Sunday. We were happy to include her among our visitors at church Sunday morning. Mary Ann Breckenridge ate Sunday dinner with Shelia, and the three girls enjoyed visiting each other again.

Misses Teresa Love, Paula and Pamela Boone ate Sunday dinner with Stephanie Fortenberry.

Mr. and Mrs. Albert Mize went to Hale Center Sunday, attended morning services at the new Baptist Church, ate dinner with Mr. and Mrs. W. N. Anderson, and they all again returned to the church Sunday afternoon for Open House services. As most readers will remember, the Baptist Church was just one of the many buildings demolished in the terrible tornado that struck Hale Center last year.

Mrs. Olan Keeter and children and Mrs. Claude Keeter visited Mrs. M. H. Taylor Sunday afternoon.

This is old news to most of the community now, and I'm sorry to be so late getting confirmation of same, however, we welcome Mr. and Mrs. Frank Floyd back to our community. They have returned to their former residence, where Frank will be working with the D. M. Cogdells again. Welcome back!

Mr. and Mrs. Weldon McCormick ate dinner Saturday with their son, Mr. and Mrs. Delmas McCormick and family. Michael Gilly Sunday. Youth Camps for the Assemblies of God West Texas District is now one week old, and as is the custom, ladies from various churches arrange to go in and wash dishes for the groups. Thursday a group of Cedar Hill ladies went to help, and those who went were Mrs.

Arthur Beedy Dies Saturday In Fort Worth

Arthur James Beedy of 200 Berkshire Lane, Fort Worth and a former Floyd County resident, died in a Fort Worth Hospital Saturday. Funeral rites were conducted Tuesday morning in Greenwood Chapel. Rev. Richard Millsaps and Rev. James Lambert officiated.

Beedy resided in the Cedar Hill Community, at South Plains and in Floydada for a number of years before moving to Fort Worth. His death was sudden and unexpected; however, he had been in failing health.

Survivors include his widow, Mrs. Lucile Beedy; a son, Arthur W. of Fort Worth; eight daughters, Mrs. Glen (Elizabeth) Amburn of Tulsa, Mrs. Marian Lafayette, Fort Worth, Mrs. Margaret Henry, Waco, Mrs. Ida Mae Ely of Humble, Mrs. Grace Heath, Lockhart, Mrs. Ruth Sangers, El Paso; Mrs. Beatrice Goble, Abilene; Mrs. Juanice Welch, Middletown, Pa.; two brothers, Bill Beedy of Claude and George Beedy of Plainview; one sister, Mrs. Edith McDermitt, Ralls; 11 grandchildren and several great grandchildren.

Mr. and Mrs. Lee Pearson visited Mr. and Mrs. Albert Mize Thursday night.

Mrs. Guy Davis of Amarillo visited her mother, Mrs. M. H. Taylor Monday.

The Love Class of the First Baptist Church in Floydada had their monthly meeting in the home of Mrs. W. F. Daniels Tuesday, where a lovely luncheon was enjoyed. Mrs. Clara Mize attended from our community.

Mrs. Jewel McCormick visited Mrs. MayDelle Purnell Sunday afternoon.

Mr. and Mrs. Garland Tucker and Mrs. John Fortenberry visited Mr. and Mrs. O. R. Beard Saturday evening.

Mr. and Mrs. Garland Tucker, Ronnie and Joe Breckenridge visited the J. W. Tuckers in Lubbock Sunday afternoon.

Floydada Senior Ball Club Takes League Lead

Last Thursday night West and Company overwhelmed the Matador ballclub to take the League lead. Waldo West pitched a one hitter against Matador and struck out 16 men to overpower the opponents 8-5.

The hitting was led by the hot batting of Ronnie Gaston, who is 17 now for 19 times at bat, and also veteran Wilmer Bonner, who drove in three runs, two for three.

This past Monday night after beating the Lockney Tigers 22-0 in the League opener, the Floydada ballclub barely squeaked out a 5-4 decision over a much improved Lockney team.

Weldon Emert started on the

mound but having control trouble, Lockney scored four runs. Making his first appearance of the season on the pitching mound, Wilmer Bonner relieved Emert in the top of the third inning and pitched a "no hit ball" and struck out nine.

Floydada bats were silenced but the fleet footed Kerry Bearden, Bonner and Steve Marler scored runs by stealing home. Floydada's next game is at Matador tonight (Thursday) at 8 o'clock. Matador was upset Monday night by the Lockney Pirates.

League standing at present is Floydada 5-0; Matador, 3-2; Lockney Pirates, 1-4 and Lockney Tigers, 0-5.

Floydada Team Wins Trophies

The Floydada Boat Racing team won two second place trophies in their match entered over the weekend at Buffalo Lakes near Lubbock.

James Murray won second in the B-Semi Pro Hydro division and Mike Carver won second in the C-Semi Pro Hydro Competition. Carver had trouble with his choke and throttle, hampering his efforts for a try at first place.

This event was the third series of races the local team has entered and they have managed to come away with at least one trophy each time.

MOTHER OF MRS. COLLINS ILL

Mrs. L. L. Grimes of Stratford, mother of Mrs. Johnny Collins of Floydada, is recovering satisfactorily in a Dalhart hospital from a recent heart attack. Mrs. Collins has been spending all of her time with her mother since she became ill. Also said to be improving, Mrs. Grimes will have to remain in the hospital at least another two weeks.

MacKenzie Board Votes To Proceed With Core Drilling

Core drilling and other preliminary work on the proposed MacKenzie Municipal Reservoir project is expected to begin in about three or four months. The board of the project voted Monday night in the County Courtroom.

Davis, president of the board, called the meeting to order. Members attending were S. Ross, Floydada; O. C. Bailey, Tom Moore, Lockney; John Miller, Tulia; Milton Dudley and James Whitfill, Silvertown. Representatives of the Lockney, Floydada and Silvertown city councils were also present.

Bookout of Tulia, attorney for the Authority, read the minutes of the previous meeting. John Miller read the financial statement which reflected a balance of \$15 on deposit for the Authority.

Nichols reviewed the fact that the amount of \$75,000 which the Authority had hoped could be secured from a government agency for the purpose of paying for core drilling and preliminary planning of the MacKenzie Dam, was not acted upon because the agency was out of money.

Nichols, a representative of the firm, Nichols and Endress, consulting engineers of Fort Worth, Texas, stated that "realizing that the Authority needs to move forward, we have determined what we believe to be a reasonable estimate of 'direct out-of-pocket' expenses in connection with these studies. We have revised our charges accordingly. By 'direct out-of-pocket' expenses we mean actual money out of us but not including overhead expenses as insurance and administrative expenses, professional and promotional expenses, and, of course, none has been added for profit. Preliminary engineering fee quoted on this basis will be \$100.

We have also revised downward our estimate of costs necessary to obtain sufficient information concerning the foundation of the dam from \$15,000 to \$7,500. The original estimate for these studies was on the conservative side and we are confident that this can be done for the lower cost.

We would propose to commence work immediately on the preliminary engineering phase of

the project providing the following conditions were agreeable to the Authority: (1) Upon completion of the preliminary engineering report it was found that the project was feasible from both an engineering and financial point of view and was approved by the voters then we would be paid for our services as set forth in the existing contract between our firm and the Authority.

(2) On completion of the preliminary engineering report, it was found to be advantageous to the Authority to delay action of an indefinite period, then our firm would be paid on the basis outlined above in the amount of \$41,800 plus the actual cost of foundation studies performed by others. If, at a later date, the project was reactivated, then we would be paid for our services as set forth in the existing contract less whatever payments had been previously made under this agreement.

Nichols went on to point out that, while the company is reducing the amount of fees allocated to the preliminary engineering phase, it is not their intention to reduce the overall fee of 6 1/2% for the total project. The reduction of 40% for preliminary studies and reports would be added to the designs, plans and specifications phase making a total fee for this portion of the work in the amount of 3.15%. The direct cost of \$41,800 may be divided into three equal installments if the Authority desires. A payment of \$13,933 would be due at the time the report is presented to the Authority. The remaining payments could be made in two successive years. It would take approximately six months to complete and no funds will be needed until January 1, 1967. As for the \$7,500 required for foundation studies, separate agreements would have to be made with the firms involved for deferred payments. However, Nichols stated that in the past satisfactory agreements have been obtained and it is not anticipated that this would present a real problem.

Since the water rights expire in May of 1967, Moore moved that the \$7,500 project be undertaken with the funds on hand. The motion was seconded by Whitfill and adopted by the board. Ross moved that Freese, Nichols and Endress hire Mason and Johnson Associates to proceed with the core drilling. The motion was seconded by Bailey, and the members approved this action.

Liberal, Labor Group Seeks

Farm Federal Minimum Wage

Federal legislation to bring farm workers under a federal minimum wage has been introduced by liberal, labor-minded legislators in every year at least since 1956.

And agriculture interests have been able until 1966 to defeat such measures on the grounds that they were inequitable and impractical and that they would hurt, not help, farm worker, farmer and consumer alike.

But in 1966 reason and sound logic have not prevailed in the House of Representatives. The House has passed and sent to the Senate H. R. 13712 which would extend minimum wage coverage to all hired farm labor on farms where more than 500 man-days of agricultural labor were employed during any calendar quarter of the preceding calendar year. Members of a producer's immediate family and piece-rate hand-harvesting workers who commute to work from their homes and who worked less than 13 weeks in agriculture the previous year would not count toward the 500 man-days.

Minimum wage for farm workers in the House bill would begin at \$1.00 per hour in February, 1967, and increase 15

cents per hour each year to \$1.30 per hour in 1969. Overtime provision, however, would not apply to agriculture. Also, the complete overtime exemption for cotton compresses and cottonseed oil mills would be eliminated and the specific minimum wage exemption to workers in cotton gins would be knocked out. The overtime exemption for gins would be retained.

Industrial workers now under the minimum wage law would be raised by this new bill from the current \$1.25 minimum to \$1.40 next February 1, then to \$1.60 an hour on February 1, 1969.

Newly covered workers in industry would start at a \$1.00 minimum next February 1 and go up 15 cents each year for the next four years. Most processors of agricultural products will fall in one or the other of these two categories.

"Man-day" in the agricultural section of the bill means any day during any part of which an employee performs any agricultural labor.

The wage paid to an employee would include the reasonable cost, "as determined by the Secretary of Labor," to the employer of furnishing the employee with board, lodging or other facilities if furnishing such facilities were a customary practice of the employer.

Only a limited number of farmers on the High Plains would be directly affected by the wage bill. But Ed Dean, labor relations representative for Plains Cotton Growers, Inc., believes that no farmer who uses hired labor would escape the indirect effects.

He points out that if the relatively few larger farms are paying \$1.30 an hour, the labor shortage would force smaller farmers to meet the level in order to get competent help.

The increase in labor costs to cotton service and supply establishments that would come about through passage of the bill, and even the increase in the industrial minimum wage, would also have repercussions to the farmer. Industry will have no alternative but to pass their additional costs right back to producers and consumers in the form of higher prices if the bill becomes law.

Dean went on to say: "The bill is clearly inflationary when inflation is one of our most serious domestic problems; it would raise the cost of growing cotton when prices and production are being reduced, and it would create more unemployment among the most unskilled workers in the country when the federal government is spending vast sums of taxpayer money to help these very people."

Dean fears that the future implications in this bill may be even more serious than the damage it would do currently. "The bill is the 'foot in the door' that could eventually admit to the farmer's house a host of ills in the form of union organization of farm labor, 40-hour week provisions with overtime pay, and higher and higher minimums."

These are some of the reasons given by Dean to explain the continued and intensified opposition to the bill by Plains Cotton Growers.

The bill is now in the Senate Agriculture Subcommittee, of which Texas' own Democratic Senator Ralph Yarborough is now chairman. Yarborough became chairman of the subcommittee only recently following the death of Senator Pat McNamara (D-Mich.).

There is now no indication as to when the subcommittee may consider the bill or whether hearings will be held. But Dean says it will likely come up in June and that it isn't too early for Texas people to express to Senator Yarborough their feelings about the bill by letter, telegram or by phone.

He says: "This is a bill which at first glance may not appear too ominous to High Plains farmers. But its near and long term implications are such that every farmer on the High Plains and elsewhere should in no uncertain terms make their opinion of it known to both Senator Yarborough and Senator John Tower."

Philosopher Says Scientists Get Their Mind On The Wrong Side Of The Problems

Editor's note: The Floyd Philosopher on his Johnson grass farm is complaining about scientists this week. Dear editor:

Trying to keep up with the various satellites the United States has launched is like trying to remember the names of the numerous astronauts. Columbus was lucky he was the only one to discover America, but according to an article in a newspaper: I picked up out here yesterday, well

I didn't really pick it up, it blew over my face and I found it there when I woke up, one of the satellites put up the other day is different.

It was described as a bug-like craft with all sorts of instruments sticking out and its purpose is to scan the weather out there, analyze sun spots and various conortions of things in outer space, and feed the information back to scientists on earth.

"With this advanced weather information," the article said, "scientists can predict the weather years ahead, even predict when farmers will have fat and lean years."

This is the scientific mind at its worst.

I already know some lean years are coming, they always have; but instead of scientists wracking their brains telling me when, I'd a heap rather they spent their energies telling me how to dodge them.

I guess if they put their minds to it and build a multi-million-dollar electronic brain machine, they could calculate about when the tail pipe on any given car will play out,

and paste the date on the shield, but I'd rather time spent on making pipe that'd out-last the car that'd out-last the and so on. There's no work for scientists, always quit before they through. They get stuck on the wrong of problem.

By the way, I saw those thousands of piece rocket sent back from It'll take a mighty Chamber of Commerce one of them into a that'll attract the tourist J. A.

Son In Law Of Odams

Injured In Area Storm

Stanley Waits, 41 year old son-in-law of Mr. and Mrs. J. C. Odam of Floydada, and his nephew, Jimmy Waits, both of Abernathy, received injuries in the Friday storm which struck the Struve farm about a mile east of Abernathy.

Stanley sustained a concussion and head laceration and was treated at Abernathy Clinic and released. Monday morning he was taken to Lub-

bock for additional tests and x-rays for a hip injury.

Jimmy was treated in Abernathy and transferred to Lubbock Methodist Hospital where a pin was placed in a broken ankle. He also received a back and shoulder injury.

Working on a nearby building were Robert and Jim Fitzgerald of Floydada, who sought shelter from the storm in their pickup. After the storm subsided they summoned an ambulance for the two Waits men.

Mr. and Mrs. Odam said in talking with their son-in-law later, he told them that he and Jimmy had gone to the Struve farm to see that some 1,000 baby chicks and weeder geese had shelter from the storm while his wife and children rounded up others on their farm they operate east of Abernathy. The two men were inside the barn when the winds struck and were said to be standing on the south side when the wind current lifted the sheet iron building and it collapsed. Waits said in his addled condition he evidently managed to help his companion to his pickup, where aid soon arrived.

Odam said he surveyed the damages there Saturday and saw parts of the building which had been hurled over a 40 acre area and from all indications of the twisted metals the winds were of tornadic force.

Nearly all of the 1,000 baby chicks were lost Odam said, but no loss of geese was reported.

"I can deliver Him into your hands" Judas tells Calphas. Judas, holder of the common purse, has let his greed get the better of him as he shows his willingness to betray Christ for thirty pieces of silver. Empire Pictures new release, THE REDEEMER, depicts the events of Christ's last three days on Earth. It will play starting SUNDAY, JUNE 19 AND RUNS THRU TUESDAY, JUNE 21 AT THE PALACE.

"THE REDEEMER" --UNPARALLELED

"Words, words, words", says Mr. Shakespeare. They have been used to describe countless spectaculars; and like bricks, they have been laid with mechanical precision to describe equally mechanically conceived films on the life of Christ. It is all there, yet something is missing . . . conviction . . . or heart . . . or formal inhibition instead of easy familiarity. Anyway, it is something. The fact that words cannot only contain, but too often exceed, the action seems to indicate that they are, like words, without a soul.

"THE REDEEMER" is another spectacular on Christ. But from there on, the concept begins to differ. From the opening title it is authentic. Its power will draw the spectator as if by a magnet right up into the screen as if he were one of the participants exactly as was John the Evangelist, who describes it in the New Testament.

Any number of factors can be singled out as effecting this involvement, from the music of David Raksin to the vivid photography of Edwin DuPar, and the intuitive timing of director Joe Breen. It may be the power of the story itself which comes through because it was not tampered with. Perhaps, as with the Boston concert shell, perfect harmony was achieved by the accidental mixing of the right ingredients in the right place. All that is certain is that it is truly a reproduction one can savor to the fullest. But no parallel can be found for it, either verbally or cinematically. It has to be seen.

TAX NEWS GOOD

The Treasury Department reports the net tax receipts for April were 16 per cent above those of the same month last year. If the trend continues, experts anticipated the budget deficit for the fiscal year ending June 30 could decrease by \$1,000,000,000 or \$2,000,000,000.

Dougherty Teacher Becomes Missionary

Miss Mai Cole, who for the last two years has taught at Dougherty School will become a U. S. - 2 Missionary for the Methodist Church. It was announced this week by the Methodist Mission Board.

A U. S. - 2 is a non-commissioned missionary serving in the United States for two years.

On July 15, the newly accepted missionary will begin five weeks orientation and training at Scarritt College in Nashville, Tennessee. She expects to be assigned to the Navajo Methodist Mission School in Farmington, New Mexico to teach the sixth grade.

Miss Cole is a graduate of Irving High School and Texas Tech. She taught the third and fourth grades at Dougherty. She is the

daughter of Mr. and Mrs. W. C. Cole of Lubbock.

While in Dougherty she belonged to the Floydada First Methodist Church where she sang in the choir and taught a Sunday School class.

Miss Cole stated that she is "leaving a portion of herself in Floydada and Dougherty, but taking with her much inspiration in the faith and love of the Floyd County people."

Carmel Eastham, president of the Dougherty School board stated, "It was with a great deal of reluctance that we accepted Miss Cole's resignation. She has done a wonderful work here in our school and we regret to lose her... yet we realize that the calling to the Mission work is very important and our best wishes go with her in this new endeavor."

1 pair kitchen curtains
1 disposal
7 wall cabinets (5 - 30 inches high, 2 - 18 inches high)
5 base cabinets (with drawer units)
1 24-inch utility storage cabinet.
Slowly add refrigerator-freezer, electric dishwasher-sink, and range to one clean, empty kitchen, using electrician and plumber to make connections. Depending on size and shape of room, arrange equipment to form "U" shape or "L" shape, with refrigerator and range on ends and sink in middle under a window. If room is long or narrow, arrange major ingredients along one wall or split and put on two walls.

Combine refrigerator with two wall cabinets and two base cabinets to form "storage center" for all staple and perishable foods. Add such accessories as knife racks, spice shelves, and canisters to taste. Conceal disposal unit under drain opening of dishwasher-sink, leaving storage space to add soap, detergent, and cleaning supplies later.

Throw garbage can away. Cut in one large base cabinet to left of sink and add a wall cabinet on each side of the window so foods can move directly from storage to this "mix center" for washing, peeling, and final preparation. Add green plants and curtains around window over sink. After blending these two centers together, combine the pushbutton range and two base cabinets with three wall cabinets (one 18 inches high) to form a compact "cook and serve" center. Make sure cabinets have drawer units in top section.

Food preparation jobs can now "flow" uninterrupted from center to center, reducing time and work required to prepare meals.

To complete the "Modern Living" recipe, mix in one 24-inch utility cabinet for storage of brooms, mops, and cleaning supplies. Garnish final kitchen arrangement with snack bar and chrome bar stools or

SOUR CREAM DRESSING
Mix:
1 tablespoon sugar
1 teaspoon salt
Add:
1 cup cream
2 tablespoons vinegar and 1 tablespoon lemon juice or 3 tablespoons vinegar
Store in the refrigerator.

BACON DRESSING
2 slices bacon
fat from bacon
1/4 cup vinegar
2 tablespoons sugar
1/2 teaspoon salt
Fry bacon until crisp and crumble. Into the same pan with the fat add the vinegar, sugar and salt. Stir and pour over greens. Finely chopped onions can be added to this dressing.

FRENCH DRESSING
1/2 cup sugar
1 package prepared pectin
1 teaspoon paprika
1 teaspoon dry mustard
2 teaspoons salt
2/3 cup vinegar
1 1/2 cups salad oil
1 teaspoon Worcestershire sauce
1 teaspoon minced onion
1 can tomato soup
1 clove garlic
Mix all ingredients and beat well. Refrigerate.

Watts, Kimbell At Boys State

Austin, June 11 - The twenty-sixth annual American Legion Boys State sponsored by the Department of Texas and held on the Campus of the University of Texas, got under way today as 750 high school boys from all parts of Texas began registration, Waggoner Carr, Chairman of the Legion program, announced.

Among those registering from Floydada were Danny Dawson Watts and Harry Jeffrey Kimble, who were sponsored by the local American Legion Post.

Following registration, each citizen was assigned to one of two political parties - the Longhorn or the Pioneer. Each citizen then functions as a member of his party; he attends its precinct, county and state conventions and votes in its primary.

In Boys State, The American Legion provides the type of program where the young citizen has the opportunity to learn for himself that his government is just what he makes it. The boy "learns to do by doing." Highlight of Boys State will be a trip to the Capitol on

Floyd County ASCS Newsletter

Diverted Acres: The following land is not eligible for designation as diverted acreage: Turn rows, drainage ditches, wet low-lying areas, droughty knobs or banks, other areas which normally would not produce a crop and strips of less than four normal rows in skip-row planting patterns.

Land which the county committee determines the producer reasonably could not expect to use for the production of the crop(s) being diverted because of its physical condition or other reason.

A question will be raised when a lake is designated without the adjoining land being included. Some of these lakes will be questioned because they have not been intensively cultivated during at least one of the past four years.

This policy is applicable to the whole state of Texas. Because diverted acreage and certificate payments are higher this year, it is expected that acreage of at least average productivity will be designated.

Production records should be obtained for the years 1963, 1964, and 1965 for wheat, grain sorghum, barley, corn and cotton for each farm in Floyd County. Within the near future you will receive a form from this office which you will be requested to fill out showing your actual total production of the above named commodities obtained from gin and elevator records and return the form to our office. We urge every farm operator to exert every effort to obtain this information in order that your community and county committee can use such data to establish your farm projected yield for these commodities to more accurately reflect your production potential in 1967. This procedure should eliminate the necessity of filing an appeal each year. If we can have this production data now you would only need to send in the most recent year thereafter.

Certification of cotton, feed grains and diverted acres can be made now through August 15. Should you certify your acreages early and it is necessary to replant to other crops, be sure that you notify us immediately that your crop has been destroyed and other use made of such land.

Sincerely yours,
Thomas E. Moore,
Office Manager

Matslers At TB Meeting

People from 11 counties, including Floyd County, met in Lubbock recently to work toward merging voluntary tuberculosis control efforts in a 23-county area. Local people attending were Mr. and Mrs. Leonard Matsler.

S. M. Kennedy, Ph.D., led discussions as chairman of the group's steering committee. Dr. Kennedy is dean of the College of Arts and Sciences at Texas Technological University.

Representatives of 22 of the counties had met in Lubbock and determined on a name for the association, the West Texas Area Association; headquarters at Lubbock in what is now the Lubbock-Hale Tuberculosis Association quarters, and an executive director, Mrs. Clifford Sharp, now of the Lubbock-Hale association.

Mrs. Sharp attended the meeting, as did Mrs. Ella Herridge, Mrs. Shirley Carrigan and Michael Jones, all of the Lubbock-Hale association, and Mrs. Marie Peik of Austin, representing the Texas Tuberculosis Association.

Dr. John H. Selby, Lubbock physician and a director of the state TB association, was elected president of the area association.

Dr. Selby, in commenting upon the merger, stated that through the merging of small TB associations which are tied together by geography, economics, and similar health problems, the service of one specialized, professional staff would be provided to conduct better TB programs and offer better services, which individually none of the associations could afford. He also explained that decreased costs for fund-raising and administration would result "to provide better services to the public through better use of the Christmas Seal dollar."

"This represents," said Dr. Selby, "a grass roots approach to conducting a program to eradicate tuberculosis in West Texas."

Dr. Selby explained that 162 counties in Texas have had no local tuberculosis associations, and that only 29 counties had full-time executive secretaries in their local tuberculosis associations.

The group adopted bylaws Saturday as proposed by Dr. Kennedy's committee, and elected a partial board. Board membership, when completed, will have representatives from each county of the 23.

In addition to Dr. Selby, other officers are the Reverend Andrew Jumper of Lubbock, president elect; Dr. John Dupre of Littlefield, first vice president; Dr. Kennedy, second vice president; Mrs. L. M. Petty of Lamona, secretary; Craig McDonald of Falls, treasurer. The first board meeting of the West Texas Tuberculosis Association is planned for July.

Dr. and Mrs. K. C. Patzer returned home Saturday night from Santa Fe where they attended the annual New Mexico State Chiropractor Convention held in the LaFonda Hotel in Santa Fe.

Being past president of the Palmer Alumni Association in Texas, Dr. Patzer was requested to help organize an Alumni Association in the State of New Mexico.

An organizational meeting followed the convention during which time officers were elected and advised.
