No Objections To Zoning Ordinance Passed By Council

First Grain Sorghum Of '66 Received

August 4, 1966, perhaps the earliest on record, the first load of grain sorghum harvest this year rolled onto the scales at Producers Cooperative Elevator in Floydada. The crop was produced by Otis Anderson who resides in the Pleasant Hill Community, about 15 miles southeast of Floydada. The load arrived around 4 p.m. that day. The crop was Northrup King 125 and was planted either April 22 or 23, Anderson didn't remember which day. About 20 acres were harvested, mainly out of necessity, for it was about to fall down, and the crop yielded 11,240 pounds. Anderson said the area received about 1/2 inch of rain about the 20th of April and he planted the crop on that moisture. Mass harvest of the crop is not expected for another month to six weeks.

Plumbing, Junk Car Ordinances Approved

After holding a public hearing on the proposed Zoning Ordinance at the regular City Council meeting Tuesday night, the city fathers put their approval on the ordinance, and as a result, put certain restrictions on the areas of the city regarding types of improvements that can be made. No one was at the hearing, save the councilmen, city secretary, attorney and reporter. The officials named eight men from which five are to be chosen as a Zoning Board of Adjustment. The council also passed a new plumbing ordinance and a junk car ordinance that affects the accumulation of junk cars on lots in residential areas. The city officials are looking for a site they can put the cars when they are carried off the lots. The members of the council also approved an ordinance, that is published in today's Hesperian, calling for a public hearing of those who own abutting property to the south extension of 8th Street, and who will be affected by the paving of the street from Houston to Hallie Streets. The owners of the property involved have not stated they will voluntarily pay for the paving. The hearing will be held to see if any of those who own the property can show the paving will not improve their property at least as much as the cost of the paving to the property owners. It was mentioned at the meeting that paving has begun on Mae Avenue in Steen Place. The possibility of getting Bryan and Hoffman, the paving contractors, to do some patchwork on Crockett was discussed. The firm is to pave the airport and Eighth Street south of Houston while they are working in Floydada. Paving of the airport is presently being held up because of an easement. Until the easement is secured the city cannot get the money due from the government for one-half the cost of the airport land. A retirement system for the city employees was discussed and tabled until the employees could be contacted and until

Mackenzie Water Authority Gets Government Grant

The Mackenzie Water Authority, composed of representatives from Floydada, Lockney, Tulla, and Silverton, has received a grant from the Department of Housing and Urban Development for \$76,500 to pay for preliminary work, according to telegrams received by The Hesperian from Senator Ralph Yarborough and Congressman George Mahon. According to Lon Davis, Jr., who is president of the organization, the money will be used for preliminary planning, including engineering fees and core drilling and other steps necessary before it can be determined if a dam is feasible at the proposed site. Prior to receipt of the grant the members of the authority had voted to have the four cities pay for the preliminary work on a pro rata basis of the number of water connections in each of the towns. The project calls for the construction of a dam, the estimated cost of which is around \$5 million, on the Tule Creek northwest of Silverton, for the purpose of furnishing water for residential, business and industrial use for the four municipalities. Early studies indicate that up to 54 thousand acre feet of water might be impounded there. The supply would be sufficient for the four towns' water needs indefinitely into the future according to Davis. If the dam were full, not considering evaporation loss, it would supply water for the four towns for ten years, based on 1965 use. The Fort Worth engineering firm of Freese, Nichols and Endress has selected a tentative site for the reservoir. Core

SATURDAY AND SUNDAY Baptist 75th Anniversary Set

The 75th Anniversary Celebration of the founding of the First Baptist Church in Floydada will get underway here Saturday afternoon and will continue through Sunday. The event will get underway at 4:30 p.m. when friendships will be renewed at Plains Baptist Assembly eight miles south of Floydada. Supper will be served at 7 p.m. followed by adjournment. Sunday the day's activities will start with the regular hours for Sunday School and morning worship. The message will be delivered by Dr. P.D. O'Brien, former pastor. Lunch at the church is to be served at 12:30 and at 2 p.m. open house will be held. At 2:30 pastors, members and other friends will spend the remainder of the afternoon looking back through the years with adjournment to follow at 4 p.m. No services are planned for

FIRST BAPTIST CHURCH BUILDING 1910

CONSTRUCTION FACTOR August 29 Planned As School Opening

Although it is not likely, the construction that is being done on the school buildings could be the determining factor as to when school will begin. The date for school opening has been set for August 29. Pre-registration at the Junior High School will be held Wednesday, August 24, according to A. W. Coltharp, principal. At Andrews Ward and Della Plains faculty meetings will be held August 25 and registration has been slated for the following day, Friday, August 26. Seniors register Tuesday, August 23, from 8:00 to 12:00; juniors register Wednesday morning, 8:30 to 12:00; sophomores Wednesday afternoon, 1:00 to 4:00; and freshmen Thursday afternoon, 1:30 to 4:00. According to A. E. Baker, superintendent, only three vacancies remain in the faculty. There is need for a first grade teacher, a second grade teacher, and a sixth grade teacher. At the school board meeting held Monday night Sue Burrus was hired as elementary music teacher, Miss Arlene Browning was hired as a first grade teacher and Mrs. S. W. Weatherall was hired as a fifth grade teacher. W. P. Nicholson, principal at Andrews Ward has urged that all first grade students should bring birth certificates and proof of polio, DPT and small pox vaccinations. The Floydada School system will have four less teachers this year than in the 1965-66 year. Classes begin at 8:30 Monday, August 29.

Lions Picnic At Country Club Slated Tonight

The annual Lions Club family picnic is slated tonight at the Floydada Country Club. The wife of each member is asked to bring a picnic lunch, large enough to serve that family. The lunches will be spread together for the meal. The Lions Club will furnish the dessert and drinks. The use of the swimming pool will be available for those who wish to go in the afternoon and take advantage of that facility.

SCHOOL PAY RAISE AND TAX INCREASE: School Budget Hearing August 22

This is about a 15% increase and it means that the person who has been paying \$100 in school taxes will pay \$115.00. The salary increase for the school system's teachers will amount to an average of \$200.00. This does not include teachers who already receive a bonus. The new operating budget is \$861,300 and the debt retirement budget is \$102,000, including stadium and bus warrants. School superintendent A. E. Baker said that some divisions of the budget had been cut down from last year's operation, but there were several reasons for the budget and tax increase: 1. The economic index is up and the school system will receive less state aid money. 2. The teacher salary increase. (state minimum salary and local increase). 3. More operational money needed at mid-term as the school will utilize another school building. 4. The price of most supplies and equipment has increased. 5. State requirement of more books and help in libraries. Superintendent Baker said

that although four less teachers would be needed this year, the schools would offer a greater music selection. . . especially in choral work, and art would be a new subject in high school. In other business the board employed three new teachers, gave the bus service contract to Consumers Fuel Assn., and the electrical contract to the City of Floydada.

Allen Watts Succumbs Wednesday

Allen Watts, long-time Floydada resident and father of Gene and Buddy Watts, both of Floydada, died in his home at 219 West California about 3:30 yesterday afternoon. According to Edell Moore, at Moore Funeral Home, he was writing a letter when he suffered a heart attack and died immediately. He has been in ill health for the last six or seven years. At press time no funeral arrangements had been made.

Voting Districts Consolidated

At the meeting of the Commissioners Court held here Monday, the group voted to consolidate two voting districts. They are Starkey District 2 and Southwest District 1. Since the building on the old Starkey School property has been sold there will be no place to hold the elections in that community, unless it is in someone's home. The consolidation becomes effective next year.

Methodist Public Kindergarten Opens September 5

Registration for the Methodist Public Kindergarten is now underway and the classes are scheduled to start September 5 at the Methodist Church. The session will continue through December. The kindergarten is limited to those children who will be entering public schools in September of 1967. Two schedules are available, five days per week, or three days per week, Monday, Wednesday and Friday. Those who wish to enroll their children in this school should call YU 3-3189.

NEW ARRIVAL AT THE GREGORY FAMILY - the new foreign exchange student is now at home in the Howard Gregory family and a Hesperian photographer shot this picture of the entire family. Left to right standing are Mr. and Mrs. Gregory, Vicki, Lisa. Sitting left to right is Jackie, Migaku Sato and Britt. Migaku is from Omawashimachi, Tushima-ken (try pronouncing it) Japan. He is the first exchange student from the Orient and the fifth foreign student to live in Floydada under the program. He is the second exchange student to live in the Gregory home. Two years ago Marleen Kessels from the Netherlands lived with the Gregorys. In Japan, Migaku has three older brothers and one older sister, all of whom are married. Migaku seemed to be impressed by the "largeness of the Floydada farms" and he was learning to set irrigation tubes late Monday afternoon. (Staff Photo)

 dise 100%. In fact she gave me some sample disposable dust cloths that are being developed from cotton over here at Lubbock by the Texas Cotton Research Laboratory.

It was her opinion that cotton could be used in the manufacture of light disposable clothing. You know the paper industry is going into the clothing business at breakneck speed. If paper clothing is accepted by the public... certainly cotton should be.

The first cotton production forecast is out of the Lubbock offices and it appears that around 76,000 bales are predicted for our county. We produced over 120,000 bales last year. The prediction is for an average of a bale and a quarter to the acre. The crop looks very good at this time... so this prediction should be about right.

 "Son, that serves you right for leaving it in the middle of the lawn."

THE AMERICAN press comes into much criticism about its continual play-up of bad news... and only average attention to good news. I think this criticism is justified when it concerns the big metropolitan papers... but I feel that the weekly newspaper concentrates on printing the good news... and obviously very little bad situations appear in the smaller community, anyway.

From time to time we analyze our news coverage which continually plays up the awards that our boy scouts, 4-H, schools, churches, and civic endeavors accomplish... there's nothing that we'd rather print than the good achievements of our people, young or old.

It is understandable that the big metropolitan dailies play up the sensational. They are in competition with radio, TV and other news media and sensationalism of news sells more subscriptions.

We may criticize the newspapers for playing up the bad, but it is the reader who demands this kind of news. Evidently, the reader likes to read the stories of murder, rape, embezzlement, robbery etc.

Until the American public has a change of interest... it is likely that the newspaper and other news media will play up the sensational.

Even this small community

will show intense interest when the once-a-year murder happens in this area... or bank robbery... or auto collision... we usually sell out of Hesperians when this type news hits the front page.

A BOY took his pet rabbit to a veterinarian to discover why the rabbit was ailing.

"What you been feeding it?" the doctor asked.

"Goat's milk," the boy replied.
 "Don't you know better," the doctor said, "than to use that greasy kid stuff on your hare?"

"WELL WHAT if there is an emergency?"... is an often heard question up and down the street in reference to the hospital closing here. In talking to the drug store operators, I find that they are all available 24 hours a day for first aid service... and I would suppose that the doctors' offices are open for emergencies during office hours.

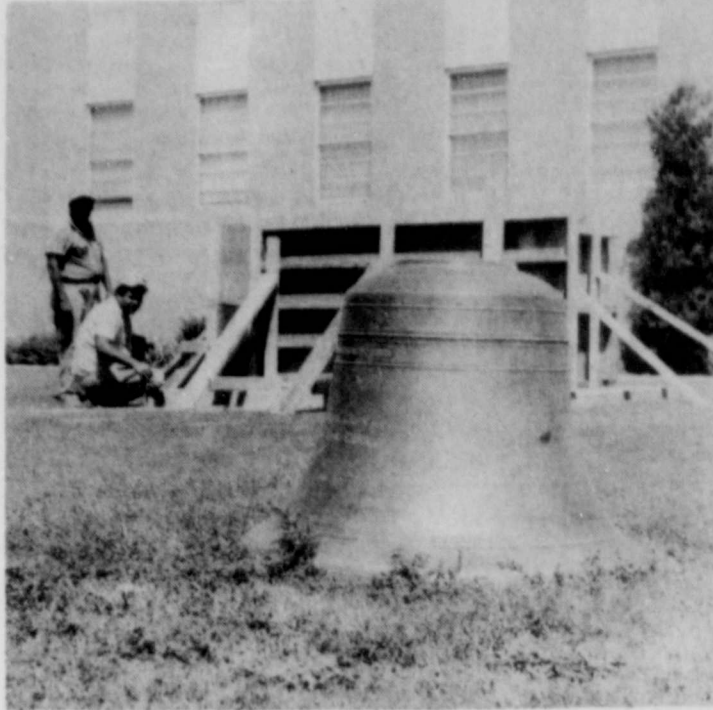

I was talking to a lady over in Crosbyton the other day and she remarked, "we can't get into our hospital, because it's already full of Floydada, Dickens and Spur people."

CLEM McDONALD made his annual speech at Rotary yesterday and talked about the city's operation. Clem mentioned that it would be a short talk, which it was, and that's about all the interest it deserves. Clem said because only 85 people voted in the last city councilmen election.

And Clem also mentioned that very little interest is shown in how the city's money is spent since only 1/3 of a person average has attended the budget hearing each year for the past three years. "Not much interest for a half million dollar budget," Clem concluded.

Rites For Sister Of Johnny Foster Held In Plainview

Funeral services for Mrs. Harvie A. Kinser, 42, a resident of Tullia and sister of Johnny R. Foster of Floydada, were held in Plainview Monday afternoon in Trinity Methodist Church. A native of Newcastle, Mrs. Kinser moved to Plainview in 1946 and moved to Tullia about five years ago. Services were held in Lemons Funeral Home Memorial Chapel with Rev. Russell Mc-

HOW TO STEAL A MILLION
This is a charming mystery filled with artist swindlers, wit and generously sprinkled with comedy.
Bonnet, (Hugh Griffith) portrays an art counterfeiter whose statue of Venus is so convincing that it is hard to believe it is a fake. His daughter, Nicole

Audrey Hepburn is so disturbed over the possible discovery of the fakery that she persuades Simon Demmott (Peter O'Toole) to join her in a plot to steal the fake statue from the museum. Incidentally, O'Toole is also a detective commissioned to uncover Mr. Griffith's game. Working with Miss Hepburn and the law which proves complicated, O'Toole, in this dual role affords mystery, romance and comedy to a well-written, well-acted situation mystery.

Floydada Invitational Golf Meet August 19-21

The Eleventh Annual Floydada Country Club Invitational Golf Tournament is slated for the weekend of August 19, 20 and 21 with over \$3,500 being offered in tournament prizes, according to Bobby Westfall, Club Pro.

Floydada Riding Club Wins In Two Performances

The Floydada Riding Club entered two events recently and brought home a ribbon, money and a trophy for their efforts. The club won in events held at Matador and Littlefield.

The club took 39 of its members to Matador to ride in the 75th Anniversary parade there. The club won a second place ribbon and \$15. At Littlefield, in the District 1-AA meet, the club won the first placetrophy. Fourteen members rode in that parade.

Sid Waller stated that the club, along with the Floydada Rodeo Association and the Floydada Show Barn expressed their thanks for the donations that made possible the new fence around the rodeo grounds and show barn.

He also stated that the groups lacked about \$200 in funds having enough to finish the arch across the entrance to the grounds. The arch will bear the names of the three organizations.

Anyone wishing to donate to any of the organizations is urged to contact Sid Waller.

According to certified handicaps, only. The championship flight will consist of 54 holes of Medal play. The field will be cut to the low 8 players or to anyone within 8 strokes of leader after 36 holes of play.

Four places will be paid in the championship flight. In all other flights there will be 18 holes of Match play on Friday, 18 holes of Match play on Saturday and the four sem-finalists will play 18 holes of Medal play on Sunday.

HELD MONDAY Three-Way Tie For 2nd In Tournament

Three teams of four tied at 57 in the Pro-Am Tournament held at the Floydada Country Club this past Monday. 120 players attended, making up the largest amount ever to enter a Floydada Pro-Am. The winning team, made up of representatives from Lamasa, Ralls and Plainview, won the event with 56.

The winning team was composed of Ben Alexander and Jim Addison of Lamasa, Noel Davis of Ralls and Winston Jones of Plainview.

Billy Crump of Ralls was the low amateur in the tourney with a 69. He was followed by Ben Alexander of Lamasa who shot 70.

Bobby Westfall of Floydada and Vance Moxom of Amarillo finished with 68 each to tie for the honor of low professional. Don McDaniel of Abernathy was third with 70.

The three way tie teams included the following: Billy Crump of Ralls, amateur team captain, J. R. Anstead of Ralls, Bob Shields of Amarillo, and Aaron Carthel of Floydada.

Jim Hundley of Post, amateur team captain, Larry Moses of Ralls, Mary Baird of Amarillo and Hazel Morgan of Amarillo. Donnie Cryer of Plainview, amateur team captain, J. A. Butler of Tulla and George Glenn and C. N. Woods of Ta-

king will act as the starter. The tournament defending champion is Robert McKinney.

Floydada Softball Team In Lockney Invitational Meet

The Floydada Seed and Dentling and Palace Barber Shop Softball team is in the Lockney Invitational Softball Tournament Tuesday night as the team defeated Hancock Manufacturing Company of Lubbock 5-2.

Lubbock got their two runs on four hits and got four walks. Floydada made no errors in the contest. Williams struck out three. Floydada got their five runs on six hits, had two walks and Lubbock made three errors. Curry struck out five.

Mrs. Emma Noble spent from Friday til Sunday afternoon visiting her son and his wife, Mr. and Mrs. Russell Noble in Ralls. Mrs. Geneva Green, who stays with Mrs. Noble, spent this time with her daughter, Mrs. Joel Austin, in Lubbock.

Mr. and Mrs. Dan James spent some time during the weekend with his mother, Mrs. Lizzie James, in the Sloan Convalescent Home in Lubbock. Mrs. James suffered a light stroke on Friday morning, but at this time is doing much better.

Elisha Kimbrough, Ralls, spent the night on Friday with Meloy Davis in the C. L. Davis home.

Elder Joe Jackson attended the Association of Primitive Baptists at Roby on Friday. Mr. and Mrs. Paul Davis, Ralls, visited with Mrs. Roxie Travis on Monday evening of last week.

Mr. and Mrs. Tom Gosdin, Tahoka, and Mr. and Mrs. W. W. Heathington visited in the home of Mr. and Mrs. C. O. Gilbreath on Sunday afternoon.

Football Heat Deaths Preventable, Says AMA

agreed with Dr. Combs. "Any player who loses more than three per cent of his body weight in a practice session is not getting enough salt and water," he said.

Excessive salt and water loss can result in heat stroke, an extremely dangerous condition. Dr. Ryan pointed out. Anyone can suffer heat stroke if he is active in hot weather and neglects to replace salt and water lost by perspiration. The result is a breakdown in the sweating mechanism and collapse.

If prompt measures aren't taken to get the heat stroke victim cooled immediately, the result can be death—sometimes within 15 minutes.

Approximately 850,000 boys in 14,500 U.S. high schools now play football, said Clifford B. Fagan, executive secretary of the National Federation of State High School Athletic Associations.

"The few deaths that occur in football can probably never be completely eliminated," Fagan said, "but we can eliminate deaths due to heat illness—they are preventable."

Coaches can avoid trouble by keeping a close watch on their players for the first signs of heat illness, said William E. Newell, athletic trainer at Purdue University and executive secretary of the National Athletic Trainers Association.

Parents can help protect their athlete-sons by watching for signs of fatigue and emotional strain, such as loss of appetite and poor sleep habits, Newell said.

Fred Hein, Ph.D., director of the AMA Department of Health Education and secretary of the AMA's Committee on the Medical Aspects of Sports, was panel moderator. Dr. Ryan is a member of the AMA Committee on Exercise and Physical Fitness, and is a past president of the American College of Sports Medicine.

ANGELO: Giants Defeated State, 6-0

Louis Anderson and Sid Waller won by the Floydada Riding Club in two weeks. Anderson displays the first place trophy when 14 members of the group attended the AA competition there. Waller shows the second that was accompanied by a \$15 prize, the group won at Matador and rode in the Motley County An-

performances. According to Bill Baker, coach of the Giants, the locals held San Angelo hitting down pretty good, but the Bankers' pitcher, Gary Parks tossed a no hitter.

Steve DeLeon was pitcher for the locals, and Langston Williams caught. Williams and Mark and Mike Vinson at second and third received praise from other coaches for their performances.

Baker said he was very proud in the defeat for the boys played an outstanding game. He went on to say that Floyd-

dada had no business playing boys like that. There are 20 teams in San Angelo that correspond with the Floydada Freshman League. Floydada has 10. San Angelo has a population of over 58,000 and Floydada is near 5,000. Using population as a basis, if Floydada had only two teams the class of baseball in that league would be much better, but, of course, the present set-up allows many more boys an opportunity to play.

In other tournaments the Floydada Senior League team was defeated by Petersburg to

be knocked out of the regional tournament. Lighthouse Electric downed Jayton in the first round of the district meet at Lockney last week, but fell to Haskell 6-1 Friday night. Stamford and Haskell were to play Saturday night for the championship, but that was rained out. The game was then to be played in the Stamford-Haskell area.

In the LHE-Haskell tilt, Wester started on the mound and Bearden came into the game in the second. Domingo caught for both pitchers. Floydada got three hits and Haskell got six.

CRIME CONFERENCE

Five Floydada Youths Selected For Confab

Five Floydada youths have been selected to attend the Texas Attorney General's Youth Conference on Crime, set in Austin August 18-21 on the University of Texas campus.

They are Edwin Warren, Garland Martin, Dana Galloway, Susan Hotchkiss and Mary Asebedo.

The conference will attract over 1200 outstanding youth leaders from throughout Texas to study projects for the prevention of juvenile delinquency in Texas communities.

The program was formerly the Attorney General's Youth Conference but has now become a project of the Texas Law Enforcement and Youth Development Foundation of Austin. Many outstanding programs have already resulted from the first three conferences, including Texas teen juries, programs for tutoring students to prevent 6th grade dropouts, and various other community service projects.

Delegates are selected by schools, churches and civic organizations on the basis of their proven leadership in their own communities. The unique youth led program, only one of its kind in America is credited by many law enforcement officers with playing a major role in the reduced delinquency rate in Texas for 1965-66.

Austin attorney, Robert T.

(Sonny) Davis, will continue to serve as director for the conference.

Edwin is the son of Mr. and Mrs. Thomas E. Warren and is sponsored by the Future Farmers of America, Garland is the son of Mr. and Mrs. Floyd Jones and is sponsored by the Lions Club, Dana is the son of Mr. and Mrs. Al Galloway and is sponsored by the Rotary Club, Susan, the daughter of Mr. and Mrs. John Hotchkiss and Mary, the daughter of Rev. and Mrs. Raymond Asebedo are sponsored by the First Baptist Church.

drilling already has been done to determine characteristics of the spot where the dam is proposed.

A pipeline system of approximately 75 miles would be needed to serve the four cities. It was estimated after summer rains last year that had the dam been completed prior to that time, the reservoir would be full of water.

If the proposed dam site proves to be feasible, work should begin on the dam as early as in 1967.

Scattered Showers Continue In Area

Friday night and Saturday night parts of the Floyd County area received scattered showers, and the same places and others received some moisture Monday night.

Most of the showers amounted to about 1/2 inch but some areas topped 1 inch and up to 1.4 was received at South Plains. Floydada received .32 Saturday night and .49 Monday night, according to the ASCS office. Center received from 1/2 to 3/4 Friday night, South Plains received only a trace Friday, but from 1 to 1.4 inches Saturday and Dougherty received from .75 to 1 inch Saturday.

Some hail damage was reported between Antelope and Mt. Blanco but it was not severe.

Wheat Acreage To Be Increased

According to Secretary of Agriculture, Orville Freeman, American wheat farmers can expect a 15 per cent increase in their wheat allotments for next year. The allotment was increased once earlier this year, May 5, when the secretary said an additional 7.7 million acres could be planted this fall.

The increases put the national wheat acreage at 68.2 million acres.

Floyd County's share of this is yet to be determined. As has been stated before, since wheat and grain sorghum are interchangeable under the new farm program, it is almost impossible to know how many acres of each is planted unless it is measured separately. However, there were around 79,000 acres that will be planted in wheat this fall. With the new increase this figure will be somewhat larger.

In his announcement, Freeman also made mention of the increased price farmers were receiving for their crops this year, and under his leadership.

Sunday evening. In preparation for the homecoming, the church is trying to secure places for out of town visitors. If you have an extra bedroom to offer on August 13-14, you are asked to contact Mrs. J. D. McBrien, chairman of the housing committee or call the church office.

HISTORY OF THE CHURCH
The First Baptist Church of Floydada (then Floyd City) was organized July 19, 1891, when the Rev. I. B. Kimbrough, a traveling Baptist missionary, met with the families of C. Snodgrass, J. A. Huckabay, C. L. Rice, Bam Anderson, Dan Jenkins, the Powells, and the Burrows in the dug-out home of Joe Arnold for the purpose of erecting an altar to the Lord.

For several years the monthly church services were held in the school building at Irick, near Lockney, with I. B. Kimbrough, T. E. Leake, and D. N. Poole serving as pastors. In 1892 the Floyd City Baptist Church, with seventeen members affiliated with the Llano Estacado Baptist Association and with the Baptist State Convention of Texas.

Later these early Baptists worshipped in the old Methodist Church in the north part of town, the pulpit being filled on alternate Sundays by the ministers of the two congregations. In 1897, the Rev. R. E. L. Mincy was called as the first resident pastor. He organized the first Sunday School of this church faith. Among the members of this first school were Ulmer White and Mrs. Pearl Fagan, with Mrs. C. Snodgrass and Mrs. C. Suringer being among the first Sunday School teachers.

The Rev. W. H. Rattan served as pastor in 1900-1902; although his home was in Motley County he drove cross-country to fill his appointments here.

From 1902-1913 the Rev. G. I. Brittain, who had pastored scores of churches in the area as a missionary, filled the pastorate for Floydada. During his ministry the church grew and prospered until it felt the need of a church building of its own.

Hence, in 1907 ground was broken for this first First Baptist Church in Floydada, built where the old auditorium now stands. In 1910 the church building was dedicated with all debts paid.

During the ministry of Brother Brittain the first W. M. U. was organized, as well as the Baptist Young People's Union.

From 1913-1927 the church was served by the following pastors: John F. Elder, W. C. Carver, W. B. McDaniel, W. A. Darden, Pat Horton, Edgar Eskridge, and Clarence F. Morton, and W. R. Hill.

The Rev. P. D. (Dick) O'Brien was called in 1928. Dr. O'Brien served his people in many ways, one being that of writing all of the Sunday School literature.

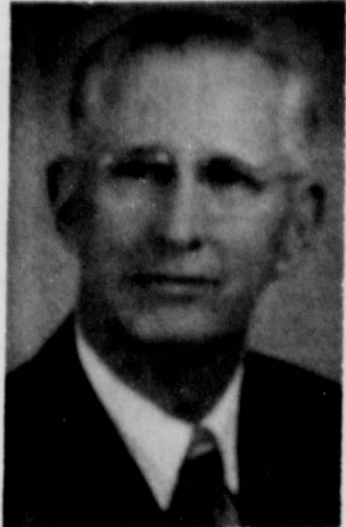

In 1932 the Rev. S. R. McClung was called to minister to the people for the next five years—a period of great need and a difficult time to meet the church budget.

Dr. Vernon Shaw succeeded Brother McClung in 1937. During his ministry the church debt was completely liquidated and the first Vacation Bible School was held while he was the pastor.

In 1941 the church was led to call Rev. L. A. Doyle. During this time the church felt the need for a new sanctuary for the worship service. After a period of four years and after overcoming many difficulties, the members were ready to use the new auditorium in 1946.

The pastorate was filled by Dr. R. Earl Allen, the first pastor to occupy the new parsonage on South Wall Street. The first publication of the church paper, "THE BAPTIST VOICE" was made in 1950, and the first educational director, Al Brian, was called to assist in the church's activities. In 1954 ground was broken for a three-story educational building. Services were held in the new \$130,000 unit on May 29, 1955.

Rev. Ed B. Bowles was called in 1956 as pastor to succeed Dr. Allen. In 1957 the Fairview Baptist Church disbanded and donated its building to the Spanish-speaking people of Baptist faith; thus, the Baptist Spanish Mission was established. Also, a new Floydada Lodge at the Plains Baptist Encamp-

P. D. "DICK" O'BRIEN (Pastor 1928 - 1932)

ment was built in 1957. The indebtedness of the church was cleared in 1959, and a Homecoming and a Dedication Service were held on November

Professional Services Of Hospital Based Physicians Not Covered

15, 1959, commemorating this achievement in the life of the church.

In 1961 the Rev. Floyd C. Bradley came to fill the pastorate. During the ministry of Brother Bradley the church gave its largest Lottie Moon Offering in its history. Brother and Mrs. Bradley went to Japan to participate in an evangelistic crusade in 1963. A new sanctuary and office suites, and choir room, plus complete remodeling of the older education space was completed in March of 1966.

Rev. Bradley is the present pastor of First Baptist Church, and Roy Edwards, Jr. serves as Minister of Music and Education.

"Professional services of hospital based physicians are not covered under the basic hospital plan of Medicare," Mencie Kings, officer in charge of the Plainview Social Security Office, announced today.

King said that some Medicare hospital patients have expressed alarm recently at having to deposit in excess of the \$40 hospital deductible upon admission even though they were enrolled in the doctor bill plan.

"The administrative policies of a hospital are not under the control of Social Security or the Medicare program," he remarked. In addition, most hospitals have established standard procedures with respect to financial deposits upon admission.

He said some hospital based physicians have agreed to accept assignment directly from the intermediary for their professional services. Where this practice exists, the hospital includes the doctor's charges together with the hospital bill requesting reimbursement.

"Since the doctor bills are excluded from coverage under the hospital plan, some hospitals are requesting specific deposits prior to admitting Medicare patients," he added. This is necessary to offset the deductible required under the doctor bill plan, in addition to the 80/20 percent ratio of reimbursement.

To emphasize how reimbursement is handled by the respective intermediaries King gave the following example.

A patient while hospitalized required the services of a radiologist, anesthetist, and a pathologist in addition to his personal physician. The hospital may include bill any charges based physician. The intermediary pays the hospital. The intermediary remits a check to the hospital. The hospital forwards the bill to the doctor. The doctor bills the other intermediary to pay these bills. The doctor bills are excluded from coverage under the hospital plan, some hospitals are requesting specific deposits prior to admitting Medicare patients," he added.

The social security serving Hale and ties is located at 5th Street, Plainview.

program farmers on the Plains signed up to plant only 1,451,407 acres in 1966, of which an estimated 1,430,000 are "standing."

Floyd County planted a total of 62,000 acres of cotton, compared with 110,000 acres in 1965. The High Plains area planted around 2,021,000 acres in 1965.

Production estimates are made jointly each year by the Lubbock Cotton Exchange and Plains Cotton Growers, Inc., using information gained from county agriculture agents, ginners, producers and other knowledgeable people in the various counties.

First guess is made each year about the first August, and that estimate is revised the first of each month until the final estimate is made on the first of December.

Listed below are the 23 counties, their estimated standing acreage and estimated production this year:

GRAIN SORGHUM OUTLOOK BRIGHT

Some grain observers expect milo prices this fall to start at about 25 cents per hundred-weight over the government price support loan rate. They expect a strong cash market to result in little-if-any of the milo crop going into the loan program. About 50 per cent of the High Plains sorghum acreage was not planted this year, so farmers could be in full compliance with the farm program.

The grain sorghum crop prospects are described as about on a par with this time last year when the 28-county Lubbock area produced 130,432,900 bushels of milo worth approximately \$125 million to growers.

GSPA Seeks Release Of 10 Million Acres Sorghum

The Grain Sorghum Producers Association has called on Secretary of Agriculture, Orville Freeman, to release at least 10 million acres of feed grains from the Government program for the production of corn and grain sorghum for the 1967 crop. The Association, through its Executive Vice President, Bill Nelson, made the appeal in Washington this week and presented the following reasons for the appeal:

- (1) Severe depletion of reserve stocks.
- (2) Prospects for a short feed grain harvest this fall because of reduced acres and deteriorating crop conditions.
- (3) Increased feed grain use at home and abroad.
- (4) And the need for rebuilding adequate stocks.

In reviewing the feed grain stocks situation, the Association executive pointed out that as of July 1, 1966, Commodity Credit Corporation inventory of corn was only 9 million bushels compared to 477 million just a year ago. In reference to grain sorghum, Nelson said that July stocks in all positions were 534 million bushels, down 19% from the 659 million figure just a year ago. Of the current stocks of grain sorghum, CCC owns only 355 million bushels as compared to 560 million in July, 1965. Nelson said that on casual observation it may appear that since grain sorghum stocks are equal to almost one full year's production that stocks would be adequate but he indicated that many people are overlooking the fact that we have new disappearance and use figures to look at. For instance, livestock feeding in the sorghum belt is up 45% over a year ago, while the increase is only 11% nationwide and in addition exports of grain sorghum during this marketing year ending September 30, are likely to be at least 100 million bushels larger than that of a year ago. He said that these facts, coupled with the fact that since there is a shortage of wheat and grain sorghum is the nearest grain in supply that can be

substituted for wheat along with the fact that there is a shortage of corn--and grain sorghum is the nearest substitute for corn, that it can be reasonably expected that in the months ahead there will be a "run" on grain sorghum stocks.

In consulting with USDA officials, GSPA indicated that the Association and individual farmers recognize the delicate balance between releasing an adequate amount of acres to obtain the desired production for use and reserve while maintaining a price structure that will maintain and strengthen income of grain producers.

GSPA President, Elbert Harp, at his farm near Abernathy indicated that this early appeal is being made to USDA in order that farmers may plan next year's cropping systems and so that commercial firms serving the feed grain industry may be prepared for any expansion that may be forthcoming, particularly it is recognized that the seed industry will need to take the utmost care in preserving and distributing seed stocks, and the equipment and fertilizer industry alerted early to increased demands placed on these important segments of the grain producing industry as well as long range planning by country and terminal elevators.

LETTERS TO EDITOR

Dear Editor:
I am coming to you asking a favor of you.

Some time back I received a letter from a Mr. W. E. (Ebb) Harrison who said he is in a rest home in Lubbock and your paper, the Hesperian, comes there. Said he was blind and his nurse read to him an article written by me mentioning early days here in Floyd County. Brought to his memory of the early days when he acted as scout directing people from such places as Seymour to the Plains. Knew my parents well and knew all about settlement and organization of our county. Mentioned dozens of people that I know were real. To mention a few: Dug Starks, John Farris and Dan and J. B. Jenkins. Said he helped drive about 6000 head of cattle to Canada and what a time they had crossing rivers, mountains and the wide expanse then to know that everyone of them froze that first winter.

Said that he is now more than 100 years old and after spending some 55 years in Canada, decided to come back to Texas to die. He gave no return address nor did he say what rest home at Lubbock.

I do not remember much about him as he said I was such a small boy at that time, but do know he well knew of settlement and organization of our county and I have put forth effort to locate him, but to no avail.

If you will please publish this article it might come to him and he would let me know how to write him or go see him. He is very interesting to me.

An Armyworm infestation has hit the Grain Sorghum in the South Plains Community. The worms were first noticed last Friday. Some of the grain sorghum was damaged severely with just the main rib of the leaves left on the stalks.

The worms when grown reach about 1 1/2 inches in length. They are dark green with 3 yellow stripes extremely down the length of their body. They feed during the night and hide underneath clods or other protection during the day.

The field day for the High Plains Research Foundation at Halfway will be held September 8. Secretary of Agriculture, Orville Freeman will be the speaker. All area farmers are urged to attend the event.

The South Plains and Research & Extension Center will hold its field day September 20. The center will feature cotton and grain sorghum of the future, water conservation and weather studying.

The cotton future will include varieties being grown for longer and stronger staple and verticillium wilt resistant varieties.

Douglas & Number 4

The Washington world, which thought it was agog over the show being staged for the marriage of the President's daughter, enjoyed another flap recently when Supreme Court Justice William Douglas took his fourth wife.

There was reason for the unusual interest. First, Douglas had already been married three times. Second, he is 67 and the new bride 23. Third, she was still a senior in college and her parents had heard about the wedding only a short time before the marriage.

Despite the temptation of gossips to judge others and moralize on others' lives, this is not a wise or tolerant business, and though Douglas is a complete nonconformist in the marriage field, we offer no pious declarations in this editorial.

On the other hand, the image of the Supreme Court is another matter. Generally speaking, the American people have expected dignity and a

certain image from the members of its highest court, and that image is probably adversely affected, from the public relations standpoint, by Douglas's marriage policies.

The proof of this would seem to lie in what the electorate has decreed about some politicians who get involved in bad marriage public relations. It is not the American people are prudish or intolerant toward divorce, for everyone knows that today one of three marriages is dissolved; it is that remarriages or many marriages are delicate issues as to image.

Douglas has not respected this tradition. He will not have to pay the price of adverse public opinion—since he is lucky enough to be in one of the two absolute professions. Federal judges and ship captains at sea are, generally, beyond the reach of normal restraint and, in effect, kings in their worlds.

Hanoi's Purpose

It is always difficult to know the motives of Communists who oppose us and the most intriguing question in that sphere at the moment is the true motive of North Vietnam.

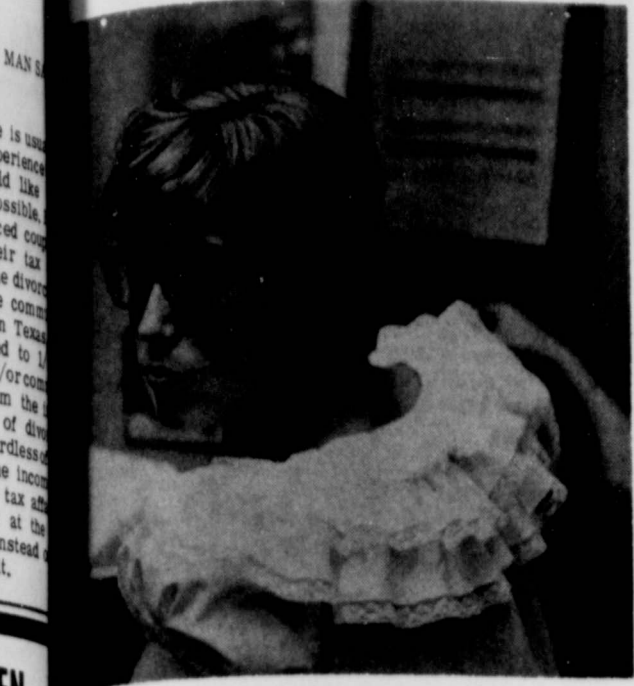

North Vietnamese leaders, of course, know that the United States, if fully stirred into all-out action, could destroy North Vietnam. They know that we want to sign peace agreement which would leave North Vietnam Communist and allow South Vietnam to remain non-Communist.

It must be reasonably clear by now that we will not let our military forces in South Vietnam be defeated. Keeping these points in mind, what could be the purpose of North Vietnamese threats to try (and perhaps execute) captured American fliers as war criminals?

Any amateur in world politics knows this would inflame the American people and give the President

a mandate to commit the nation to an even greater military effort in Vietnam. One must give North Vietnam's leaders credit for knowing this also, and thus ask the question: Does Hanoi want the U.S. to get even more deeply involved? Do other Communist strategists in other countries want this to happen?

If the United States became fully committed, and then were to be engaged in a great land war with Red China in Asia, who would gain? Could the U.S. win such a war? How long would the American people support an Administration which engaged in a war with Asians which began costing hundreds of thousands of U.S. lives, or millions? These are the questions one faces when the consistent refusal of Hanoi to negotiate, in the face of enormous U.S. power, is analyzed.

(Aug. 7, 1941)
in Floyd County

Lockney Christian College is holding its reunion this week. L.G. Withers is improving from a major operation at Vernon.

Jack Stansell, who has been associated with Stansell-Collins Implement Agency since finishing school last year, assumed duties Friday as bookkeeper in the Production Credit Association in Plainview.

A party honored Mrs. W.A. Shipley Tuesday on the occasion of her 88th birthday.

James Lynn Colville, who is stationed at Camp Bowie, has been promoted to Sergeant.

Mrs. E.A. Hopkins of Miami, who has been in a hospital at Pampa critically ill of uremic poisoning, is said to be rallying this week. She is the mother of Mrs. Jack Henry of Floydada.

A poem entitled "Take Time" by Jessie Wilmore Murton, was in the column of Nellie Witt Spikes in this 1941 issue of the Hesperian. We would like to share it again with our readers.

Take time to talk with God,
A little while each day;
To thank him for the sun,
The rain,
The flowers along the way.

Take time each day to give
Some stranger a word or smile;
A cup of water, in his name,
May cheer the lonely mile.

Take time! Let not the seed
Of love be choked with cares,
Who knows but you may entertain
An angel unawares!

Methodist Church Burglarized

According to a report from the Methodist Church a burglar entered a window of the church

office Sunday night and took nine dollars. It appeared that the burglar first tried to break the lock on the office door, then broke the outside screen, tracking mid into the office and upsetting some of the office equipment. Allegian Government pressing drive on unions.

Lindsey-Johnson Marriage Revealed

Mr. and Mrs. A. C. Lindsey announce the marriage of their daughter, Sue to Leonard (Buck) Johnson, son of Mr. and Mrs. H. B. Johnson of Floydada.

Raisers Chapel at Clovis, N.M. was setting for the double ring vows exchanged July 18 at 3:30 p.m.

Presented for marriage by her father, the bride wore a street length dress fashioned of white lace with matching white lace hat. She added a corsage of white roses.

The bride is a senior at Lockney High School. Her husband, a graduate of Floydada High School, attended South Plains Junior College for two years and West Texas State University one year where he is classified as a junior.

The couple are at home in the Sand Hill community where Johnson is engaged in farming with his father.

Freezing Potatoes

by Sherry Mullin

I have numerous requests for the directions for freezing Irish Potatoes. Here are the approved methods to get satisfactory results.

PREPARATION OF NEW POTATOES FOR FREEZING

Select potatoes the size of walnuts. Scrub well in cold water to remove skins, or wash and scrape. Pre-heat in boiling water: 5 to 8 minutes, depending on size. Cooling: Cool in cold running water 5 to 8 minutes. Pack: Pack dry without water.

PREPARATION OF FRENCH FRIED POTATOES FOR FREEZING

Lubbock Theatre Centre Announces Coming Shows

The Lubbock Theatre Centre has announced the following shows for the 1966-67 season: The musical, "Gypsy," opens September 15; "Marriage Go Round," October 27; "Diary of Ann Frank," March 30; and "Mary, Mary," May 4.

The 1966-67 membership drive has been set for August 29 through September 12. The theme of the drive is "Let Us Entertain You," taken from the musical score of "Gypsy."

Mrs. Fred Martin is the Lubbock Theatre Centre representative for this area.

Use mature potatoes suitable for French frying. Wash, peel and cut into sticks 1/4 inch square. Preheat sticks in boiling water for 2 minutes. Cooling: Cool in cold running water 3 minutes. Pack: Pack dry without water.

Method II

Select potatoes suitable for French Frying. Preparation: Fry in deep fat to light golden brown. Drain thoroughly on absorbent paper. Cool at room temperature. Packaging: Pack in moisture-vapor proof frozen food containers. Thawing and heating: Remove from package, place on baking sheet, reheat in hot oven (400 F) for 5 minutes.

Are there really any sound reasons for buying a Chevrolet in August?

In a word: Six

1. Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.
2. More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.
3. Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why... with buys that are better than ever.
4. If you think winter's tough on an old car, believe us, so is summer. There's added strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.
5. You do a lot of driving for pleasure so why not ride on Chevrolet's Full Coil suspension. Let your feet feel that deep-twist Chevrolet carpeting. August is to enjoy.
6. Make your summer driving safer driving by taking advantage of the eight standard safety features built into every new Chevrolet. If your present car doesn't have seat belts, back-up lights, outside rearview mirror, padded instrument panel, look into a new Chevrolet.

CENTER NEWS by Mrs. J. E. Green

Weekend Showers Fall Here

CENTER, August 8 - We enjoy the weekend showers after such hot afternoons all week. Saturday night we got from 1/2 to 3/4 inches of rain. It helped thirsty crops and cooled the air.

Bro. Bill Smith of Lubbock filled the pulpit at Calvary Baptist Sunday and Sunday evening with two good sermons. We still miss Bro-Threaddgill but hope he had a good day at his new church in Valliant, Oklahoma, where he has accepted the call to the pastorate.

Mr. and Mrs. Leo Frizzell and all other local Frizzells attended the annual Frizzell Reunion at Plainview Sunday at the city park. There were 60 or 65 members present. The ones coming the greatest distance were Mr. and Mrs. S. Q. Frizzell of Globe, Arizona, and their daughter and children of Phoenix.

Mrs. Charles Horton and son, Bruce, who visited last week with her parents, Mr. and Mrs. Walter Sims, left Saturday; Betty Jo for home in Alvin, Texas, and Bruce by plane from Lubbock to San Diego, Calif. where he is stationed at a naval base.

Among callers during the week to see the Sims and Hortons were Mrs. Fuqua and son, Jack, Carolyn Sellers, Mr. and Mrs. Doyle Sandifur, Mr. and Mrs. J. E. Green. Mrs. Linnie Bell Randolph and Clarence Sisson of Lubbock visited Sunday afternoon with Mr. and Mrs. Sims, as did the Sandifurs and Greens.

Mrs. Sandifur has been busy this last week attending the Revival at the West Side Church of Christ in Floydada. Mrs. J. D. Welborn and Mrs. Clarmon (Donna) Booth visited Mrs. Frank Dunn Saturday afternoon.

Mrs. Tony Ballos and children of Lubbock visited part of last week with her mother, Mrs. Frank Dunn. Mrs. Dunn visited at the E. M. Jackson home at McCoy Sunday afternoon. Also present was Mrs. Joe Lee Dunn of Lubbock.

Mrs. Ann Guffee visited Mrs. O. C. Vinson Sunday afternoon. The Vinsons are busy today gathering and shelling butterbeans for the freezer. Mrs. Charley Ball and baby visited Mrs. Finley Sunday afternoon. Today the Ball's baby boy seems sick with a cold.

Mr. and Mrs. C. W. Denison returned from North Pate, Nebraska, the first of last week. They almost had a wreck on the way in Kansas, but no one was hurt and no other damage. Otherwise they had a nice trip. Mr. and Mrs. Hal Thomas returned from Albuquerque last Wednesday where they took daughter Sue and settled her in her new job there. They also visited a niece of Mrs. Thomas' Mrs. Wilma Denny of Albuquerque.

Mrs. Gaynell Fuston of Plainview visited Mr. and Mrs. Doyle Sandifur Friday for lunch and afternoon. Mr. and Mrs. Bob Guffee of Hale Center visited Friday afternoon with Mr. and Mrs. R. C. Ross. Mrs. C. A. Breeding and son came Friday morning, and Mrs. Burton came Wednesday afternoon.

Philosopher Eyes One Of International Grain Deals

Editor's note: The Floyd Philosopher on his Johnson grass farm has been reading the international news, his letter this week indicates.

Dear editor: According to an article I read last night in a newspaper which fell out from under a tricycle a tourist coming by here had tied on top of his car, I guess the paper was there to keep the paint from getting scratched but it's hard for me to explain the tricycle, the United States has just sold

India about two million tons of grain and the terms are so interesting I'd like to get in on a similar deal.

As the article explained, India is paying for the grain, all right, but not in American dollars. It's paying in rupees. And the rupees will be kept in India to promote education.

Can you tell me if such a deal is available in this country? And where do you apply? While I don't have much use for grain, at least by itself, you know the government would include some hogs to go with it, or some steers, or something.

Naturally, I don't have any rupees, but that's just a technicality; and the government can get around that. For example, in lieu of rupees, why couldn't I give the government a check, with the understanding it would never be cashed? Then I could take the financial gains made from never having the check reach the bank and promote education out here on this Johnson grass farm, and I believe I could easily prove there's a field for it.

As for the type of education, me and India probably see eye to eye on that. For example, you won't catch either one of us promoting agricultural education. In India, farming with a tractor instead of a walking plow will have to wait till they

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOURTEEN ON THE BALLOT

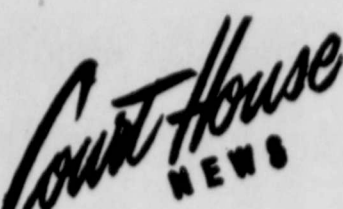

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966. HOUSE JOINT RESOLUTION NO. 38 proposing an amendment to Section 2, Article VI, Constitution of the State of Texas, to omit the requirement that members of the armed services vote only in the county in which they resided at the time of entering the service.

Section 1. That Section 2, Article VI, Constitution of the State of Texas, be amended by deleting the following language: "Any member of the Armed Forces of the United States who is in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces."

Section 2. The only purpose of the amendment proposed in this Resolution is to make the aforesaid deletion. The adoption of this amendment shall not be deemed to have the effect of readopting the remainder of the Section, and if any other amendment to this Section, being for a different purpose, is adopted at an earlier election or at the same election, the adoption of this amendment shall not be construed as nullifying the change made by such other amendment.

Section 3. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment changing the maximum term of office of directors of conservation and reclamation districts from two to six years."

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER NINE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966. SENATE JOINT RESOLUTION NO. 26 proposing an Amendment to Sections 4 and 5 of Article V of the Constitution of the State of Texas to provide for a Court of Criminal Appeals of five members; prescribing their qualifications; elections, appointments, tenure of office and compensation; and prescribing the term of court of said court.

Section 1. That Section 4 of Article V of the Constitution of the State of Texas be amended so as to hereafter read as follows: "Section 4. The Court of Criminal Appeals shall consist of five Judges, one of whom shall be Presiding Judge, a majority of whom shall constitute a quorum, and the concurrence of three Judges shall be necessary to a decision of said court. Said Judges shall have the same qualifications and receive the same salaries as the Associate Justices of the Supreme Court. They shall be elected by the qualified voters of the state at a general election and shall hold their offices for a term of six years. In case of a vacancy in the office of a Judge of the Court of Criminal Appeals, the Governor shall, with the advice and consent of the Senate, fill said vacancy by appointment until the next succeeding general election."

"The Judges of the Court of Criminal Appeals who may be in office at the time when this Amendment takes effect shall be elected and qualified. Said Judges shall by agreement or otherwise designate the incumbent for each of the terms mentioned.

"The Governor shall designate one of the five Judges as Presiding Judge and at the expiration of his term and each six years thereafter a Presiding Judge shall be elected."

Section 2. That Section 5 of the Article V of the Constitution of the State of Texas be amended so as to hereafter read as follows: "Section 5. The Court of Criminal Appeals shall have appellate jurisdiction coextensive with the limits of the state in all criminal cases of whatever grade, with such exceptions and under such regulations as may be prescribed by law."

"The Court of Criminal Appeals and the Judges thereof shall have the power to issue the writ of habeas corpus, and under such regulations as may be prescribed by law, issue such writs as may be necessary to enforce its own jurisdiction. The Court of Criminal Appeals shall have power upon affidavit or otherwise to ascertain such matters of fact as may be necessary to the exercise of its jurisdiction. The Court of Criminal Ap-

peals may sit for the transaction of business at any time from the first Monday in October to the last Saturday in September in each year, at the State Capitol. The Court of Criminal Appeals shall appoint a clerk of the court who shall give bond in such manner as is now or may hereafter be required by law, and who shall hold his office for a term of four years unless sooner removed by the court for good cause entered of record on the minutes of said court.

"The Clerk of the Court of Criminal Appeals who may be in office at the time when this Amendment takes effect shall continue in office for the term of his appointment."

Section 3. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the state on the first Tuesday after the first Monday in November, A.D. 1966, at which election each voter opposing said proposed Amendment shall scratch off the ballot with a pen or pencil the following words printed on said ballot: "FOR the Amendment to the State Constitution providing for a Court of Criminal Appeals of five members, and prescribing the term of said court."

Each voter favoring said proposed Amendment shall scratch off the ballot in the same manner the following words printed on said ballot: "AGAINST the Amendment to the State Constitution providing for a Court of Criminal Appeals of five members, and prescribing the term of said court."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment the same shall become a part of the Constitution of this state.

Section 4. The Governor shall issue the necessary proclamation for said election and have same published and said election shall be held as provided by the Constitution and laws of this state.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966. SENATE JOINT RESOLUTION NO. 1 proposing an Amendment to Article IX of the Constitution of Texas by adding thereto a new Section to be known as Section 12; authorizing the Legislature to provide by law for the creation, establishment, maintenance and operation of Airport Authorities composed of one or more counties, with power to issue general obligation bonds, revenue bonds, either or both of them, for the purchase, acquisition by the exercise of the power of eminent domain or otherwise, construction, reconstruction, repair or renovation of any airport or airports, landing fields and runways, airport buildings, hangars, facilities, equipment, fixtures, and any and all property, real or personal, necessary to operate, equip and maintain an airport; shall provide for the option by the governing body of the city or cities whose airport facilities are served by certified airlines and whose facility or some interest therein, is proposed to be or has been acquired by the Authority; to either appoint or elect a Board of Directors of said Authority; if the Directors are appointed such appointment shall be made by the County Commissioners Court after consultation with and consent of the governing body or bodies of such city or cities, and if the Board of Directors is elected they shall be elected by the qualified taxing voters of the county which chooses to elect the Directors to represent that county, such Directors shall serve without compensation for a term fixed by the Legislature not to exceed six (6) years, and shall be selected on the basis of the proportionate population of each county based upon the last preceding Federal Census, and shall be a resident or residents of such county; provide that no county shall have less than one (1) member on the Board of Directors; provide for the holding of an election in each county proposing the creation of an Authority to be called by the Commissioners Court or Commissioners Courts, as the case may be, upon petition of five per cent (5%) of the qualified taxing voters within the county or counties, said elections to be held on the same day if more than one county is included, provided that no more than one (1) such election may be called in a county until after the expiration of one (1) year; in the event such an election has failed, and thereafter only upon a petition of ten per cent (10%) of the qualified taxing voters being presented to the Commissioners Court or Commissioners Courts of the county or counties in which such an election has failed, and in the event that two or more counties vote on the proposition of the creation of an Authority therein, the proposition shall not be deemed to carry unless the majority of the qualified taxing voters in each county voting thereon vote in favor thereof; provided, however, that an Airport Authority may be created and be composed of the county or counties that vote in favor of its creation if separate propositions are submitted to the voters of each county so that they may vote for two or more county Authority or a single county Authority; provide for the appointment by the Board of Directors of an Assessor and Collector of Taxes in the Authority, whether constituted of one or more counties, whose duty it shall be to assess all taxable property, both real and personal, and collect the taxes thereon, based upon the tax rolls approved by the Board of Directors, the tax to be levied not to exceed Seventy-Five Cents (75c) per One Hundred Dollars (\$100) assessed valuation of the property, provided, however, that the property of state regulated common carriers required by law to carry a tax upon intangible assets shall not be subject to taxation by the Authority, said taxable property shall be assessed on a valuation not to exceed the market value and shall be equal and uniform throughout the Authority as otherwise provided by the Constitution; the Legislature shall authorize the purchase or acquisition by the Authority of any existing airport facility publicly owned and financed and served by certificated airlines, in fee or by lease, or to enter into any lease agreement thereon, upon such terms and conditions as may be mutually agreeable to the Authority and the owner of such facilities, or authorize the acquisition of same through the exercise of the power of eminent domain, and in the event of such acquisition, if there are any general obligation bonds that the owner of the publicly owned airport facility has outstanding, the same shall be fully assumed by the Authority and sufficient taxes levied by the Authority to discharge said outstanding indebtedness; and likewise any city or owner, that has outstanding revenue bonds where the revenues of the airport have been pledged or said bonds constitute a lien against the airport facilities, the Authority shall assume and discharge all the obligations of the city under the ordinances and bond indentures under which said revenue bonds have been issued and sold. Any city which owns any facilities not serving certificated airlines which are not purchased or acquired or taken over as herein provided by such Authority, shall have the power to operate the same under the existing laws or as the same may hereafter be amended. Any such Authority when created may be granted the power, and authority to promulgate, adopt and enforce appropriate zoning regulations to protect the airport from

hazards and obstructions which would interfere with the use of the airport and its facilities for landing and take-off; an additional county or counties may be added to an existing Authority if a petition of five per cent (5%) of the qualified electors of the county is filed with an election is called by the Commissioners Court of the county or counties seeking admission to an Authority and the vote is favorable, then admission may be granted to such county or counties by the Board of Directors of the then existing Authority upon such terms and conditions as they may agree upon and evidenced by a resolution approved by two-thirds (2/3rds) of the then existing Board of Directors, provided, however, the county or counties that may be so added to the then existing Authority shall give no less satisfaction to the Board of Directors by adding additional directors in proportion to their population according to the last preceding Federal Census."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the addition of Section 12 of Article IX of the Constitution, authorizing the Legislature to provide by law for the creation, establishment, maintenance and operation of Airport Authorities composed of one or more counties, and authorizing the levy of a tax not to exceed Seventy-Five Cents (75c) on the One Hundred Dollars (\$100) valuation of all taxable property within such Airport Authority except the property of state regulated common carriers required by law to pay a tax upon intangible assets, after approval of its voters."

"AGAINST the addition of Section 12 of Article IX of the Constitution, authorizing the Legislature to provide by law for the creation, establishment, maintenance and operation of Airport Authorities composed of one or more counties, and authorizing the levy of a tax not to exceed Seventy-Five Cents (75c) on the One Hundred Dollars (\$100) valuation of all taxable property within such Airport Authority except the property of state regulated common carriers required by law to pay a tax upon intangible assets, after approval of its voters."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election, and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Johnson Pharmacy To Offer Free Tax Savings Plan

Johnson Pharmacy will introduce a new free tax savings plan to their customers beginning August 1st.

The plan is called TIP, for TAX INFORMATION PLAN.

The U. S. Internal Revenue Service says it wants only the exact amount due from each taxpayer . . . but it insists that the taxpayer be able to prove all deductions in event of any audit of his return.

Similarly, the new supplemental benefit plan offered to some Blue Cross-Blue Shield Group members requires proof of expenditures for drugs.

According to Johnson, the purpose of TIP is to "bring order out of chaos" and make it easier for the taxpayer to fill out his return accurately, claim all medication deductions he is entitled to and be able to offer documentary proof.

Most taxpayers have no trouble verifying interest payments, charitable deductions, educational expenses, and other such deductions. But when it comes to drugs and medicines, keeping exact records on an individual basis is a completely complex problem.

The mill will have 120 looms and will weave coarse cloth known as Osnaburg - a light-weight canvas material.

A. Frank Kelley of Victoria, former professor of textile engineering at Texas Tech, has been a consultant in the negotiations for the new industry. It is reported he will be the manager of the new plant. He has had 35 years experience in the textile industry.

Ransom Gallaway, president of the Spur Bank and also head of the industrial foundation, said the foundation will construct the building and lease it, probably for 15 years, to a corporation that will eventually purchase the plant on a lease-purchase arrangement.

The corporation, which has not been officially named but is known unofficially as Spur Textiles, Inc., will purchase the necessary machinery and will provide operating capital.

It is expected to incorporate for \$225,000. The new mill will produce approximately 68,000 pounds of fabric weekly. It is understood that materials for the operation will be purchased from spinning mills in Abernathy and Lubbock.

Only a few technicians will be brought in to staff the new plant with most of the employees coming from the Spur area labor supply.

Gallaway termed the announcement of the plant as "probably the biggest thing that's ever happened in Spur."

Current IRS regulations list as deductible many items most people are not aware they can write off. Among them are acne preparations; analgesics, like Miltexol, Alka Seltzer and other antiacid preparations; antiseptics, including alcohol, peroxide and mercuriochrome; artificial sweeteners; such baby needs as baby aspirin and medicated powder; burn preparations; cold remedies including benzedrex in-

haliers, sedatives, sea sick remedies, poison ivy preparations, including vitamins when specified by a doctor.

Spur Lands New Weaving Mill, Payroll Of 60

The Spur Industrial Foundation has secured a new weaving mill for Spur which will mean a new \$200,000 annual payroll for Spur.

The new firm, its name not as yet announced, will employ 60 persons in three shifts. Forty percent will be women and 60 percent men.

The Foundation through funds raised from Spur business men with the balance borrowed will build a \$65,000 building on the foundation's land west of Dickens County Electric.

The building, which will be 100 feet wide by 200 feet long, will be specifically designed for the weaving mill.

LIGHTHOUSE ELECTRIC COOPERATIVE, INC. MARY PHILLIPS, HOME ECONOMIST

The Annual Lighthouse Electric picnic was held Friday evening at the Floyd County Club. Approximately 60 directors and past directors and their families, past and present members of the Annual Meeting planning committees and their families and Lighthouse employees and their families attended. Swimming, cards, and "42" as well as a big meal was enjoyed by all present.

Special guests at the picnic were Miss Ann Conner of Finney, her father, Elgin Conner, and a brother, Coy Conner of Tulsa, Oklahoma. Ann was one of the Government in Action Youth Tour winners of a trip to Washington, D. C. last June. Ann had many beautiful pictures of our Capitol and other points of interest which many of us were privileged to see.

If you need a program for your club, civic organization, etc. Ann and the other winner, Jerry Bigham of Lockney are available to present slides of their trip. For further information, contact Ann Conner, Rt. 3, Plainview; Jerry Bigham, Box 813, Lockney; or Alton Higginbotham or me at the Lighthouse office.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER FIFTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

SENATE JOINT RESOLUTION NO. 33 proposing an Amendment to Section 6, Article XVI, Constitution of the State of Texas, to authorize state participation in programs financed with funds from private or federal sources and conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care and treatment of the handicapped.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 6, Article XVI, Constitution of the State of Texas, be amended to read as follows: "Section 6. (a) No appropriation for private or individual purposes shall be made, unless authorized by this Constitution, under oath, and an account of the receipts and expenditures of all public money shall be published annually, in such manner as shall be prescribed by law."

"(b) State agencies charged with the responsibility of providing services to those who are blind, crippled, or otherwise physically or mentally handicapped may accept money from private or federal sources, designated by the private or federal source as money to be used in and establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handi-

capped, and in providing other services determined by the state agency to be essential for the better care and treatment of the handicapped. Money accepted under this subsection is state money. State agencies may spend money accepted under this subsection, and no other money, for specific programs and projects to be conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations, in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care or treatment of the handicapped.

"The state agencies may deposit money accepted under this subsection either in the state treasury or in other secure depositories. The money may not be expended for any purpose other than the purpose for which it was given.

Notwithstanding any other provision of this Constitution, the state agencies may expend money accepted under this subsection without the necessity of an appropriation, unless the Legislature, by law, requires that the money be expended only on appropriation. The Legislature may prohibit state agencies from accepting money under this subsection or may regulate the amount of money accepted, the way the acceptance and expenditure of the money is administered, and the purposes for which the state agencies may expend the money. Money accepted under this subsection for a purpose prohibited by the Legislature shall be returned to the entity that gave the money.

"This subsection does not prohibit state agencies au-

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER THIRTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 69 proposing an Amendment to the Constitution of the State of Texas by adding a new Section, Section 63, to Article III, authorizing the Legislature to provide by statute for the accomplishment of governmental functions within any county having one million, two hundred thousand (1,200,000) or more inhabitants by the consolidation of the functions of government or by contract between any political subdivision(s) located within the county and any other political subdivision(s) located within the county or with the county; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III, to be known as Section 63, reading as follows: "Section 63.

"(1) The Legislature may by statute provide for the consolidation of some functions of government of any one or more political subdivisions comprising or located within any county in this State having one million, two hundred thousand (1,200,000) or more inhabitants. Any such statute shall require an election to be held within the political subdivisions affected thereby with approval by a majority of the voters in each of these political subdivisions, under such terms and conditions as the Legislature may require.

"(2) The county government, or any political subdivision(s) comprising or located therein, may contract one with another for the performance of governmental functions re-

quired or authorized by this Constitution or the Laws of this State, under such terms and conditions as the Legislature may prescribe. The term 'governmental functions,' as it relates to counties, includes all duties, activities and operations of state-wide importance in which the county acts for the State, as well as of local importance, whether required or authorized by this Constitution or the Laws of this State."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1966, at which time the ballot shall have printed thereon the following: "FOR the Amendment to the Constitution authorizing the Legislature to provide by statute for any county having one million, two hundred thousand (1,200,000) or more inhabitants to consolidate the functions of government and for such counties or any political subdivision(s) located therein to contract for the performance of functions of government."

"AGAINST the Amendment to the Constitution authorizing the Legislature to provide by statute for any county having one million, two hundred thousand (1,200,000) or more inhabitants to consolidate the functions of government and for such counties or any political subdivision(s) located therein to contract for the performance of functions of government."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and Laws of this State.

Sec. 4. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and Laws of this State.

FAIRVIEW NEWS by Mrs. Clyde Bagwell

Half-Inch Rainfall Received

FAIRVIEW, August 8 -- The community and also in town had another small rain Saturday night. One-half inch fell in most places.

Mrs. Clyde Bagwell and Mrs. C. L. Joiner arrived Friday night from Santa Ana, California, where Mrs. Bagwell had been since July 18. Mrs. Joiner has come to Floydada where she will make her home with her daughter. They were met in Muleshoe by Mr. and Mrs. Bill Pierce and children who brought them on home. Mrs. Pierce is Mrs. Joiner's granddaughter.

The Pierces recently lost their home by fire while they were on a trip to Eugene, Oregon, where they visited her parents, Mr. and Mrs. P.L. Joiner and other relatives. The house caught fire from an unknown origin about two weeks after they left home.

Mr. and Mrs. Harvey Allen and sons, Mike and Norman, of Floydada visited Sunday with her parents, Mr. and Mrs. Walton Wilson.

Thursday of last week Mr. and Mrs. Leonard Wilson and Brenda of New home were here to visit his parents, Mr. and Mrs. Walton Wilson as they were on the way to Canyon to look for a place to live. They bought a house while there and will move soon to Canyon where Leonard will teach in the agronomy department at West Texas State University.

Brenda remained with her grandparents while her parents were in Canyon.
