profitable water, power and sanitation revenue operation.

Next time you see some of our city officials, let them know you appreciate them.

SOMEWHERE, in some crowded city there is a doctor. . . or maybe two doctors, who long to get out of the rat race and move to a friendly smaller city like Floydada.

Somewhere there's a doctor with a family that would enjoy this very healthy climate. . . a family that would like to be a part of our community, and would move here and make their home.

This is a good time to remind everyone of our readers to make every effort possible at every opportunity to put in a word for a doctor or doctors to move here and begin practice by the time the new hospital is completed.

BUDGET

FROM PAGE 1

come under this fund: welfare, county auditor salary, probation officer salary, a part of the district attorney's secretary salary, veteran's service officer salary and his secretary, Lockney radio operator.

Agriculture and livestock programs amount to \$15,846.00 of the general fund. This includes county agent and home demonstration salary and office expense, cannery expense, trapper fee.

Other items in the general fund include: feeding prisoners, \$2,000.00; sheriff's department travel, \$8,000.00; rural fire protection and insurance, \$3,000.00; surplus commodity program \$1,750.00, treasurer's commission, \$2,263.00 are a few of the larger disbursements.

It should be mentioned that the county received \$16,152.93 worth of surplus commodities to be given to the needy through the commodity welfare program. This included: butter, \$201.60; milk, \$4,719.60; \$2,136.05; flour, \$2,136.05; meal, \$1,472.75; lard, \$76.80; dry beans, \$588.75; rolled wheat, \$626.40; chopped meat, \$623.58; beef and juices, \$2,393.20; peanut butter, \$662.40, \$75.80; raisins, \$202.50; margarine, \$523.20 and shortening, \$482.30.

Of course this one news story concerning the budget does not go into all of the expenditures, but it is hoped that this summary will give the residents of Floyd County an idea of how their tax dollars are spent in the operation of the county's business.

For further information, The Hesperian suggests that the reader attend the budget hearing at 10 a.m. September 12.

centered on farms in the Dougherty area. On the A.H. Kreis place they received over five inches and on the Tom Emert place, 12 miles south and east of Floydada four and a half inches were reported. Heavy washing was also reported in that area.

Some farmers in the Sandhill area reported "washing" and one farmer reported small hail damage to his cotton north of Sandhill. Two inches of moisture was received in that vicinity. Spotted areas received more.

Harmony community received a good shower; Floydada from an inch to an inch and a half and McCoy and Lakeview from an inch to an inch and a half. Two miles north of Floydada on the O. C. Vinson place they reported four and a half inches; C. W. Denison at Center reported three and six tenths and Otis Anderson at Pleasant Hill received an inch and ten hundredths.

Cedar Hill received 1.80 and South Plains reported a half an inch with lighter precipitation on north of them.

No Choice Seats Left

According to the school office at high school this week no choice reserve football seats are left and just a small number of singles, these being high in the stands.

Persons needing a reserve seat may contact the school office for information. Seats are \$4 per season, per person.

Whirlwinds To Scrimmage Crosbyton

The Floydada Whirlwinds will scrimmage the Crosbyton gridders around 7 o'clock tonight at Crosbyton. The pre-schedule play is helping all teams to see strengths and weaknesses and learn to play together.

The 'Winds played a scrimmage game at Brownfield last Friday and lost 4 to 1. Coach Bill Curry said that the 'Winds offense looked good, but the defense was failing to bring the ball carrier down swiftly and effectively.

He said that the team needed to learn their offensive plays better and that several fumbles

were costly. He said that all in all he was pleased with the progress the team is making. Brownfield is AAA.

HEREFORD GAME

Looking ahead to the Hereford game here on September 9, Coach Curry said that the locals will be facing a huge team. Although the 'Winds are good size this year, Hereford's AAA team will be larger. He said Hereford lost to Clovis in a scrimmage game Friday.

Coach Curry said that a few boys had experienced some minor injuries, but they were all still in there practicing hard and progressing every day.

Riding Club Wins Four Trophies During Season

Since the organization this year of the Floydada Riding Club they have won four trophies and a second place ribbon in the parades they have entered.

Altho parade season is over, Billy Hinkle, vice president, said the group would still hold their weekly meetings.

The response of persons in the Riding Club and their families has been gratifying, Hinkle said. "They're the finest bunch of people to work with I know of" commented he and Louis Anderson, who is secretary of the club.

Anderson said their Club Sweetheart, Janie Hinkle, has done a superb job while holding the title.

The club's most recent win was at Ralls last Thursday when they won a third place trophy in the senior division.

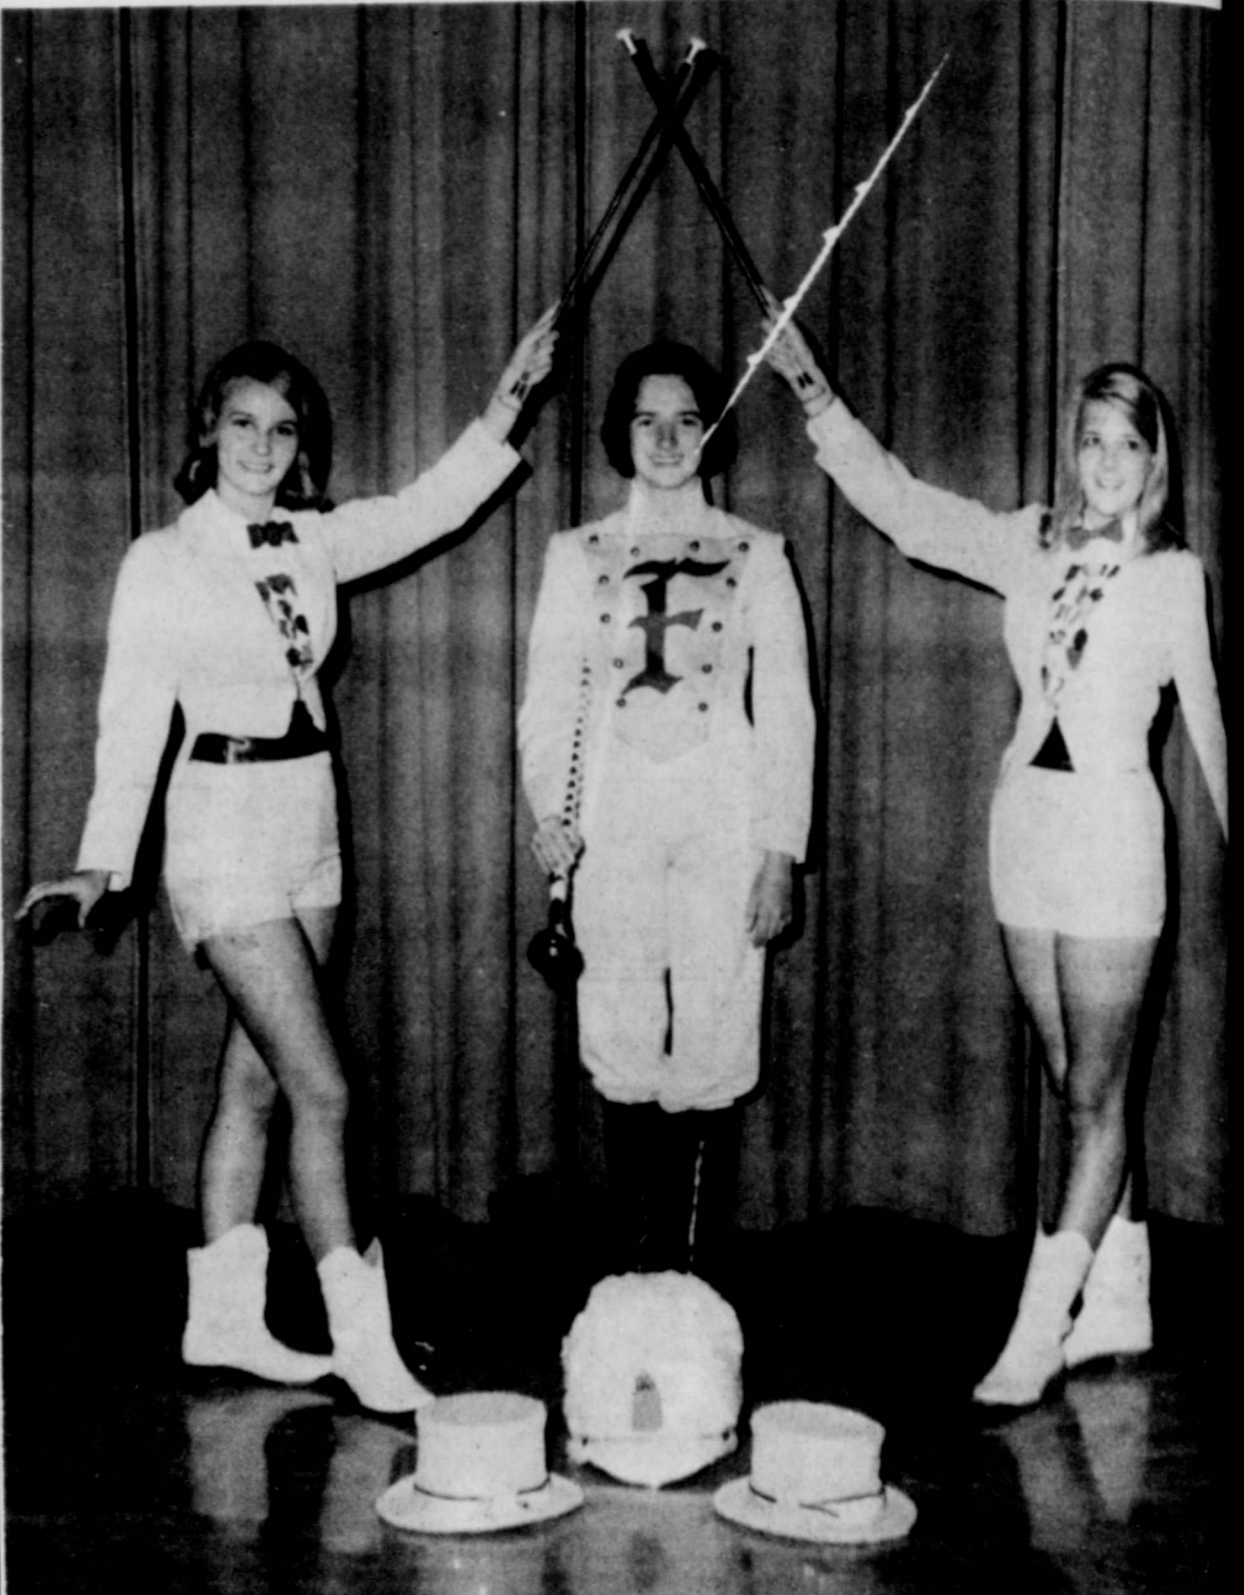

Other wins have also been in August, a second place trophy from the Silvertown Riding Club; a third place trophy from Castro County during their 75th anniversary parade; a first place trophy in the senior division at Littlefield during the district meeting of the District 1-AA Sheriff's Posse and Riding Clubs and a second place ribbon and \$15 in cash won in the Matador Parade.

Golf Tournament At Memphis Saturday

MEMPHIS-- Golfers in the Floydada area are invited to enter the 1966 Memphis Golf Tournament beginning with qualifying Saturday, Sept. 3. Finals are Monday, Sept. 5. Entry deadline is 8 p.m. Saturday. Entry fee is \$12.50. Included in the fee is a \$2.50 meal ticket for a barbecued chicken dinner at 7:30 p.m. Saturday. Extra meal tickets are available.

Qualifying is Saturday with 18-hole play. Those not desiring to qualify can enter by submitting a score or by declaring entry into the championship flight.

Flights contain 16 men competing for top golf equipment prizes. Prizes in each flight include sets of 8 irons, sets of 3 woods, and golf bags.

Medalist will receive 12 golf balls. A long driver's contest will be held on Sunday, during regular play.

The championship flight will play 54-hole medal (stroke) Sunday and Monday. This flight will be divided after 27 holes as the top eight will compete for the championship and the bottom eight will compete for the consolation.

Lower flights will play one 18-hole match Sunday. Winners will compete for top two prizes and losers will compete for consolation with 18-hole medal (stroke) play Monday.

Memphis tournament officials state the prizes in this tournament are well worth competing for at the \$12.50 entry fee charge. The Memphis course has certainly greened up after the fine rains.

SPENCES VISIT RAYBURN LIBRARY

Mr. and Mrs. Sam A. Spence, of Floydada, Texas, visited the Sam Rayburn Library in Bonham recently.

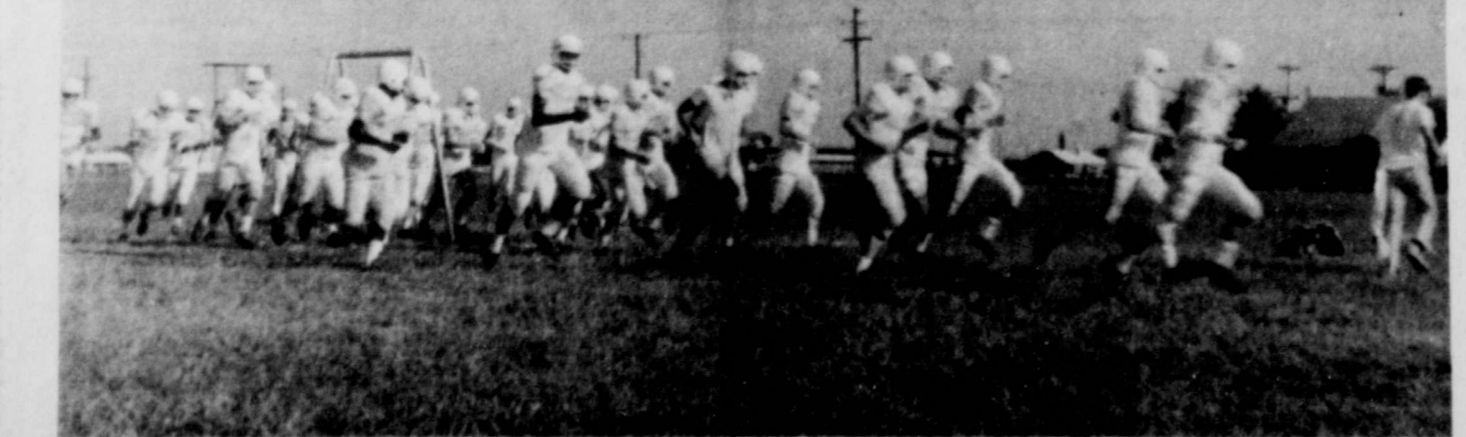

They saw the books, papers and the historical mementoes

collected by the late Speaker Sam Rayburn during his more than fifty years of service to his country.

The Library also contains a replica of the office Mr. Ray-

Another Ace For Fred Lowe, 84

PLAINVIEW (Special) -- Fred Lowe, an 84-year-old golfer from Lockney, made his second hole-in-one of the year here Monday when he aced the 130-yard No. 8 at Plainview Country Club.

He used an eight-iron to get the ace, which was witnessed by Tom Moore, R. C. Mitchell, Austin Merriwether, Pete McLaughlin and Thurman Thomas.

There is no admission charge to the Library. It is open to the public Monday through Friday from 10:00 a.m. until 4:00 p.m.; on Saturday from 1:00 p.m. to 5:00 p.m., and on Sunday from 2:00 p.m. until 5:00 p.m.

J. M. WILLIAMS HAS HEART ATTACK

J. M. Williams, principal and teacher at South Plains School, suffered a heart attack Saturday and is in Methodist Hospital in Lubbock. His daughter, Mrs. Charles Morehead, whose husband is stationed at Fort Hood, is with her father and mother.

Williams was reported doing fine Tuesday and it is thought he will be able to return home in some ten days.

WALTER RICHTER, second from left, a former state senator and currently state director of the Governor's Office of Economic Opportunity, was principal speaker Friday at a meeting of the South Plains Committee on Social Concerns. Shown with Richter are officers of the SPSC: Mrs. Lillian Whitfill, Floydada, secretary; Rev. Paul Link, Lockney, chairman; and Rev. Jacinto Alderete, right, Crosbyton.

Director Of State OEO Addresses Group In Lockney

Walter Richter, state director of the Governor's Office of Economic Opportunity at Austin was the principal speaker Friday in the Educational Center of San Jose Catholic Church in Lockney at an interfaith consultation of The South Plains Committee on

Social Concerns. Richter, a former state senator, discussed the different titles of the economic opportunity act and explained how we might take advantage of the Economic Acts to benefit our areas. Approximately 50 persons from 11 towns were present. Persons registering were from Hereford,

Crosbyton, Austin, Abernathy, Plainview, Ralls, Petersburg, Lubbock, Littlefield, Floydada and Lockney.

The session was called to order at 9:30 a.m. according to Rev. Paul Link, San Jose pastor and extended until 1 p.m. when lunch was served.

Feast Day Is Celebrated By San Jose Church

San Jose Catholic Church observed its annual feast day celebration Saturday night. The feast is in honor of a 17th century Spanish priest-educator, for whom the local church was named. Over 250 persons attended the observance, according to Rev. Paul Link, pastor. Eight persons were confirmed during the ceremony.

Bishop Lawrence M. DeFalco of the Amarillo Diocese, which extends from Lamesa to the Oklahoma Panhandle, blessed a plaque in the church's education center prior to the meal. The plaque was placed in the center in memory of persons who donated \$10,000 through the Catholic Extension Society to assist in building the center.

Several visiting priests and other Catholic officials were present for the feast day.

REP. BEN BARNES ADVOCATES TEACHING SPANISH IN SCHOOL

Rep. Ben Barnes, Speaker of the Texas House, proclaimed Sunday night that he will seek legislation to make Spanish language study compulsory in all Texas schools. Barnes made the announcement at the closing session of the three-day 150th Curisillo of the Amarillo Diocese, as 7,000 Catholic Clergymen and laymen listened in the Lubbock Fair Park Coliseum.

The Speaker cited the needs of Spanish study for better communication between Latin Americans and anglos residing in this state.

During his talk, Rep. Barnes also called for greater educational opportunities in Texas and for more and better vocational schools to help meet the needs of greatly expanding industrialization.

Among the 70 persons who took

part in the three-day Curisillo were Bishop Lawrence M. DeFalco, Bishop of Amarillo, and the Rev. James Ozga of Toledo, Ohio.

Rev. Paul Link, pastor of the San Jose Catholic Church, Lockney, and a member of the Amarillo Diocese Senate, headed a delegation which met Rep. Barnes at the Lubbock Airport at 3 p.m. Sunday. Rev. Link introduced the guest speaker to the 7,000 member congregation. Later, the local pastor returned Mr. Barnes to the airport.

The House Speaker, who was vacationing with his family in the Big Bend country, was flown to Lubbock in a twin engine plane by Callam Graham, executive director, Catholic Conference, Austin.

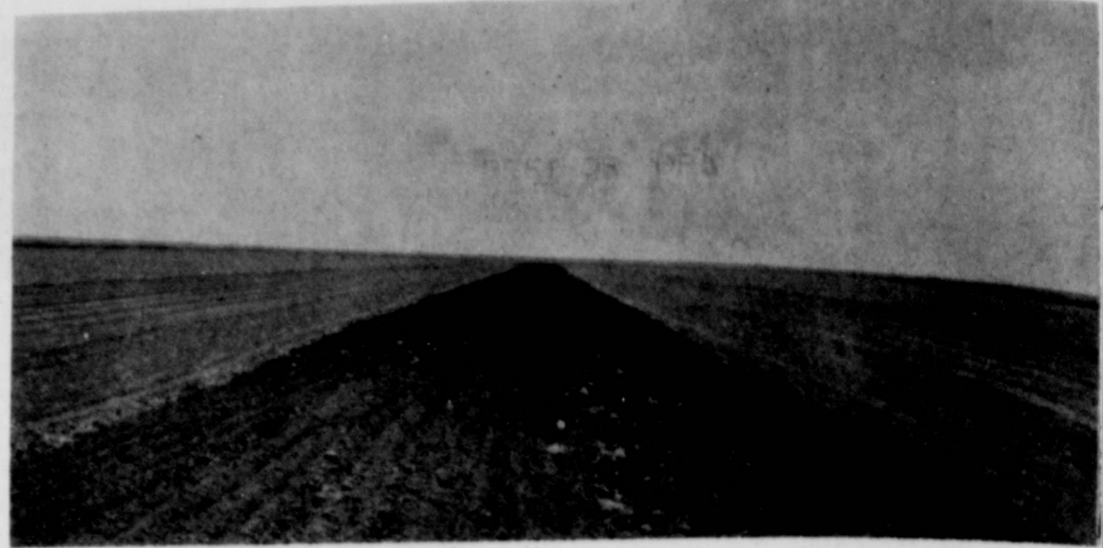

EXTRA REWARDS IN SAVINGS BONDS

Robert E. Beh of 454 Farmington Ave., Kensington, Conn., has served 15 times as Chairman of Payroll Savings Volunteers at Pratt & Whitney Aircraft, and has been buying bonds since 1941, when the U. S. Savings Bonds program first began. His "collection" includes the 1941 Defense Savings Bond, the World War Two War Savings Bond, and the current U. S. Savings Bond.

Looking back on 25 years with Savings Bonds, both as an enthusiastic investor and as a hard-working volunteer salesman, Mr. Beh says the experience has been doubly rewarding. As he puts it—

"My present accumulation of bonds represents funds which I probably would not have retained through ordinary, non-automatic savings methods."

"Among my associates, I can count literally hundreds who have thanked me for starting them on the road to automatic and systematic savings. It is obvious that they are proud to be benefiting their government while they help themselves."

PARALLEL TERRACES - This system of parallel terraces (20,700 feet) have recently been completed on the E. L. Judy dryland farm located ten miles east and 3 miles north of Floydada. These terraces were completed before the rains and little or no run-off was lost from this field. Besides being a control against water and soil erosion this type system offers the following advantages: (1)

cuts out all point rows, (2) distributes uniformly the water over the area between the terraces since the interval is almost entirely leveled, (3) no terrace channels are left to hold or pond water, (4) cost share payments are available at the rate of 50 to 70% of the cost of constructing such a system up to \$25,000. Contact your local Soil Conservation Service office for further information.

... It Goes Where It Is Invited!

People Buy Newspapers Because They Want All The News

They are as much interested in the advertising columns as the news columns because advertising is the news of what is available in goods and services at the stores they know.

There are no gadgets to turn off the advertising in newspapers. Nobody wants it turned off. Every survey ever made shows that people prefer to have the newspaper they buy contain advertising because the

Philosopher Asks An Astronomical (There's A Big Word) Question Of Scientist

Editor's note: The Floyd Philosopher on his Johnson grass farm apparently knows about as much about astronomy as he does farming, his letter this week indicates. We don't have time to straighten him out.

Dear editor:

I was sitting on my front porch out here on this Johnson grass farm enjoying a moonlit summer last week, to be exact it was Tuesday night, and I remembered reading earlier in the day in a newspaper I'd found the day before that the U.S. satellite in the latest moon shot was having a little trouble with its cameras, plus the fact the orbit around the moon wasn't exactly the level the scientists wanted. Sometimes it was too close, other times too far away.

Then I glanced up at the moon. No wonder they're having trouble. It was just half a moon.

You'd think with all the brains they've got and all the

money, somebody would have thought to look at a calendar and say "Whoa, we can't make a perfect orbit around half a moon. Wait till it's completely round."

It's simple. Cut an apple in half, then try to draw a circle around it. Anybody can tell you one edge of the circle will be closer to the round side than the flat side. You mean to say those scientists have gotten so bogged down in figures and calculations and formulas and paper work they haven't looked up and noticed what shape the moon gets into occasionally?

Moreover, have they thought about the problem they'll have when they actually try to land a man on it? What do they think will happen if they land him there during a quarter-moon? If he lands on the inside of the curve, you know he's going to slide.

If I was an astronaut, the first thing I'd do is get me a calendar and explain to the

scientists that it's printed right there: on such and such a date, the moon will be a quarter-moon; a little later, a half-moon; and finally it'll be round. Then's the time to send me up.

If the space scientists don't subscribe to The Hesperian, I suggest you clip this letter out and send it to them, before they make any more busts.

Yours faithfully,
J. A.

Twenty-Eight Attend FHA Farm Tour

The Farmers Home Administration farm tour held in Lockney community August 26, 1966 was a big success. There were 28 farmers and business men making the tour.

The program started with a movie at Lockney High School Vocation Agriculture Building. The movie depicted a young farmer starting out farming and receiving financial help and supervision from Farmers Home Administration. The movie was filmed in Iowa but the farmers confront the same basic problems here in Floyd County.

The first stop of the field tour was the Joe Taylor farm where we saw adjustments that had been made by Taylor to have a successful operation such as skip row planting of cotton and irrigation water conservation. Runoff irrigation water is being put back on his crop where it otherwise ran down the bar ditch.

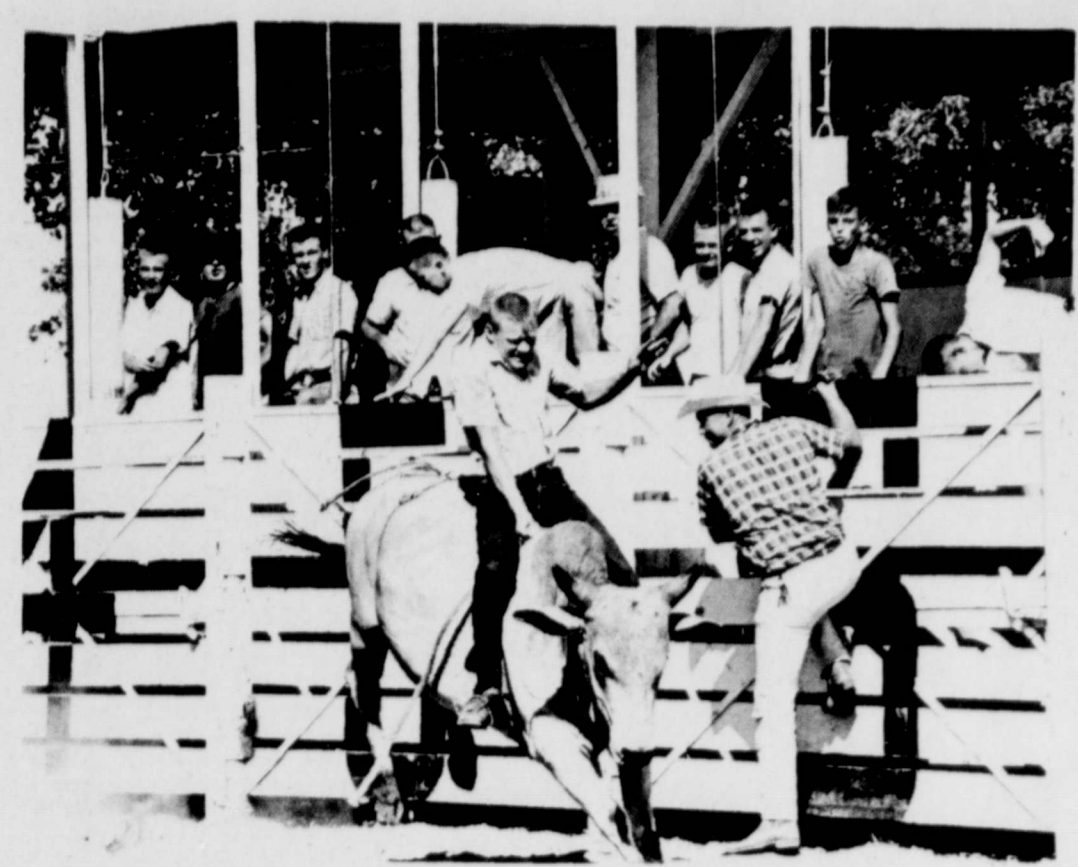

Next stop was Robert Carthel's, a 23-year-old man who is farming 160 acres in wheat, cotton and soybeans. Robert started farming on his own two years ago.

The third stop was the Fred Carthel farm where Farmers Home Administration loan funds were used to help purchase his farm, develop an efficient irrigation system and remodel the dwelling. A Great Plains SCS plan was also worked out on this farm.

The fourth stop was the Kenneth Morphis farm where loan funds were used to start Morphis out farming. He had adequate farm experience and a good rental agreement but needed funds to purchase farm equipment and funds for farm operating expenses.

The last stop was at the Earl Kellison farm where emergency loan funds were used to keep Kellison in the farming business after his crops were hailed out the three previous years.

The tour ended with lunch at Lockney Restaurant with James Lackey, Plainview Production Credit Manager, Floydada, Texas, picking up the tab.

BOYS RANCH RODEO - Three hundred and thirty-six youngsters from four to eighteen years old will be taking part in the 22nd annual Labor Day rodeo at Cal Farley's Boys Ranch, Sunday, Sept. 4th and Monday, Sept. 5th. Nearly 100 boys will be riding calves, steers, and professional Brahma bulls and broncs in the rodeo. Advance tickets are available from the Boys Ranch office, Box 1890, Amarillo.

Mr. and Mrs. Robert Ward and Rhonda visited relatives in Oklahoma over the weekend. Randy had been visiting his grandparents, Mr. and Mrs. Mac Ward. He returned home with the parents.

Weekend guests in the home of Mr. and Mrs. Claude Ring were Mr. and Mrs. J. W. Womack and sons, Dallas, Kenneth Ring, Margaret Womble, Dalhart, Mr. and Mrs. Hubert Ring, and sons, Lubbock.

Deana, daughter of Mr. and Mrs. J. W. Womack and granddaughter of Mr. and Mrs. Claude Ring, is scheduled to sail from New York Sept. 6 for England. After a tour of England she will enroll at the University of Birmingham as a junior. She did freshman and sophomore work at Tulane University and on basis of excellence in scholastic work and extra curricular activities was chosen by the university for a year's study in England.

Safety Tips From AMA

The making of safer automobiles has been much in the news of late.

Much has been written on whether it is the "nut behind the wheel" or the design of the autos themselves that is responsible for the steadily climbing toll of deaths and injuries from auto accidents.

Safer autos may be in the offing, but in the meantime TODAY'S HEALTH, the magazine of the American Medical Association, offers some tips to prospective buyers in selecting from models now available. Not all of these appointments are likely to be found on any one model, but they are at least a mental check list to keep in mind while shopping around. Some of them will be available only as "extras," at extra cost.

Padded head supports to avoid neck injury.

Padded dash and visors.

Recessed dash instruments and control devices.

Impact-absorbing steering wheels and column displacement.

Safety door latches and hinges.

Four-way flasher signals that can be blinked all at once.

Safety glass all around.

DOUGHERTY NEWS

DOUGHERTY, August 29 - This area received rain Sunday night; reports range from one inch in Antelope area, two inches at Dougherty townsite, increasing to 2 1/2, 3 and 4 inches to the west of Dougherty. The continued rainy weather causes much apprehension about possible damage to the cotton crop. Also causes a delay in the harvest of grain sorghum, some of which is ready to combine.

An obituary for W. Earl Oden will be found elsewhere in The Hesperian. He was a former long-time resident of the Dougherty and Antelope area. When the original farm houses were built on the Dougherty ranch land Earl painted the houses. He did the carpenter work on the

PASTOR FIRST METHODIST CHURCH

Devotional of the Month

On Becoming A Mature Christian

Every person would like to feel that he or she is mature, especially when we pass childhood. We must acknowledge that immaturity is responsible for many failures in life, including marriage. However, let us think of features of a mature Christian life. Even the Christian should grow into a mature Christian.

A scribe once asked Jesus, "Which is the great commandment in the law?" Jesus replied by quoting from Deuteronomy, "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind." Then not only did Jesus expressly state this obligation to love God with the mind; he also told a story - the so-called Parable of the Unjust Steward - in which a man is specifically commended and held up for admiration because he used his mind, his God-given intelligence, to accomplish the master purpose he had in view. . .

Although this commandment to love God with the mind - to put brains into Christian devotion - is so clearly expressed in the gospel record, too often it has been ignored by the followers of Jesus Christ. . .

It is an inescapable part of Christian commitment, on the basis of Christ's teaching, to think out the significance and present-day relevance of Christianity in intelligible terms, and to search out the most effective means of advancing the cause of Jesus Christ in every area of life. To say this is not to deny or to minimize the work of the Holy Spirit; rather, it is to affirm that when we use our dedicated intelligence we are cooperating most fully with the Holy Spirit. Our minds must be consecrated to the service of God in Jesus Christ.

This means that we must think out the meaning of our Christian faith in terms that are not only true to our spiritual experience but also relevant to our present-day life.

Every layman should be taught to think out the meaning of his faith in present-day terms. For instance, how does the Christian believe in the efficacy of intercessory prayer and yet at the same time believe that there is an objective order of natural law that makes possible the scientific prediction of events? How does he justify belief in both goodness and the power of God, when so many innocent people suffer with such obvious injustice and without profit to themselves or others? The effort to work out a reasoned faith, marked both by scientific integrity and by evangelical vigor, is one aspect of our Christian obligation to love the Lord our God with all our mind.

It is also our duty to think out how to apply our Christian faith most effectively to every situation that confronts us. Each Christian faces a daily combination of circumstances peculiar to him; he must determine the way in which his faith can best operate in those circumstances.

And it is our duty to think out the most effective means by which to spread the Christian faith in the present-day world. One of the basic and inescapable tasks of the Christian Church is so to present Jesus Christ to men and women that they surrender to Him as Saviour and serve Him as Lord in the fellowship of the Church. This task is known as evangelism. One needs primarily a deep heart-devotion to the Lord Jesus Christ; and secondly, the ability and willingness to think out the most convincing ways of presenting His gospel to the unevangelized.

Finally it is our duty to think out how Christianity can be applied most effectively to the problems of group relationships.

Love for God, devotion to truth, rightful concern for mankind, and submission to the Holy Spirit are features of a mature Christian life. One who follows the fulfillment of these things in his life will not only find satisfaction to his own heart and mind but he will become a fruitful Christian.
