NUMBER FORTY

Mardis Moving To Canyon; Powell New Chamber Prexy

PROGRESS - three and a half blocks are being paved in front of the new Duncan Elementary School east Floydada. Other paving activity includes a block on Marivena, three blocks in the Steen addition and the new municipal airport. Contractor is High Plains Paving Inc. (Staff Photo)

Ralph Mardis, president of the Floydada Chamber of Commerce and manager of the Pioneer Natural Gas Office here submitted his resignation to the chamber board Tuesday morning and announced that he has been transferred to the Canyon office.

Parnell Powell automatically becomes president as he was vice president. Local banker Clay Henry was elected as the new vice president.

In other action the Rev. Herschel Thurston was appointed as a director-at-large and Jay S. Hale was appointed to fill out the term of Powell on the board.

Powell is a local independent grocer, Rev. Thurston is pastor

of the First Methodist Church and Hale is a farmer.

MARDIS

Mardis received promotion in the move to Canyon, and it is expected that he will begin work there about the first of November. Mardis has been local manager for the past nine

years, moving here from Muleshoe. He has been with Pioneer 17 years.

He is a past president of the Rotary Club, and the Toastmaster's Club. He is home service secretary of the Red Cross, and has actively worked in many phases of civic life here.

Spokesman for Pioneer told a Hesperian reporter by phone Tuesday that announcement of Mardis' successor will be made next week.

Cotton Estimate 78,000 Bales

According to a new study by the Lubbock Cotton Exchange and the Plains Cotton Growers Inc., the estimated cotton production for Floyd county has been reduced from 80,000 to 78,000 bales for the 1966 crop.

The new estimate was made on an October 1 date and replaces the September 1 estimate of 80,000 bales.

The report said that it appears that the cool damp weather has hurt the crops quality.

Not enough cotton has been ginned in the county yet to determine price or quality.

GRAIN CROP

Very little grain sorghum remains to be harvested in the county, and most of the wheat crop has been sown. Some wheat is being grazed. A report on the grain sorghum production will be made in about a month.

The latest county-by-county estimates, compared with the Sept. 1 forecasts, follow:

City Council Signals Green Light For Crockett Street Paving

The Floydada City Council shifted into high gear at its regular monthly meeting Tuesday night and directed city manager Bill Feuerbacher to make plans to pave the west end of

Crockett Street. Crockett Street goes in front of the Primitive Baptist Church, new hospital and Westbryn Haven convalescent center.

Feuerbacher said that the

church, hospital and convalescent center boards were ready to pave the street, but that he had been unable to get right-of-way from the Texas addition on the north side of the street.

Feuerbacher said it was possible to go ahead and pave the street on a 44 foot width basis without the right-of-way and assess costs to all landowners involved.

Feuerbacher pointed out that approximately 20% savings could be made on the cost of paving the street while the paving company is here on other paving projects and he said that the institutions involved on the south side of the street were anxious for the paving to be initiated.

OTHER PAVING

The council also discussed paving Ross Street on the south side of Della Plains School. Feuerbacher said the school will pay for its half, but property owner of some vacant lots on the south side of the street could not afford to pay his share of the cost. The property owner pointed out that the paving would cost more than the lots would bring if put up for sale.

The council said the city could not afford to pay for the individual's cost on the lots, so could not consider paving the street on that basis.

The council discussed alley paving in blocks 84 and 83, but took no action on the project.

POLICE SALARIES

The council voted to give the police department employees the choice of an extra day's pay or a day off on the city's five legal holidays. This is a fringe benefit that all other employees of the city receive.

CENTRAL TAX OFFICE

The council instructed Feuerbacher to go into study with the Floydada Independent School District about the possibilities of forming one central tax office for both institutions. It was pointed out that

Whirlwinds Travel To Friona For Friday Night Contest

The Floydada Whirlwinds travel to Friona for a 7:30 grid contest tomorrow night in the third conference game for both teams. Friona is undefeated in conference play, Floydada is 1-1.

Friona nosed out Lockney 13 to 12 last week while Floydada was winning over Olton 12 to 6.

For comparison Friona beat Olton 24 to 8 the week before.

In the season standing Friona has won four and lost one, Floydada has lost four and won one.

Friona has eight returning lettermen and at the beginning of the season was considered an inexperienced team. However they are much stronger and are tied for first place in the conference with Memphis and Abernathy.

Tackle Bill Weatherly is a possible all state selection, halfback Tony Perea, a 150 pound sophomore, is showing a lot of speed and running ability. Perea made both touchdowns at Lockney last week. Ted Renner is one of the best kickers in the conference.

Last year Friona represented the district and was defeated by Denver City 42-13. Nineteen lettermen departed from the championship team.

FLOYDADA

Steve Pierce is out of play with a broken arm, sustained in last week's game... and Larry Adams remains unable to play. The rest of the team are in good condition. The average weight of each team's line is about the same, Floydada has the heavier backfield.

Revival At Spanish Baptist

The Baptist Mission will be in revival October 17-23. Services will be held every night at 7:45 p.m.

Rev. Ruben Calles, pastor at the Spanish Baptist Mission at Dimmitt, Texas, will bring the message.

Rev. Calles comes with a fine record of soul winning from his home country, Buenos Aires, Argentina, where he served as evangelist for fifteen years in church and city wide revivals.

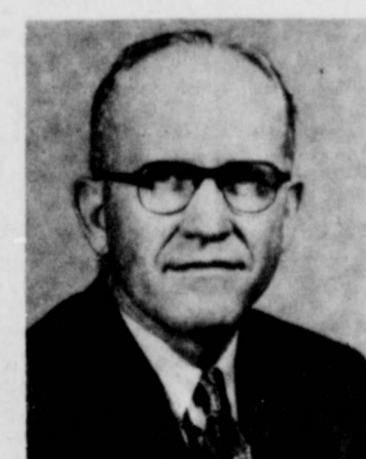

Rev. Asbedo stated that he considered our community fortunate to have him serve with us for this full week.

The public is invited to attend the services. The nursery will be provided at each service for children who are three years of age and under.

Bob Weston At Presbyterian Church Sunday

Bob Weston, a senior at Texas Tech, and a ministerial student, will bring the sermon at 11 o'clock Sunday at the Cumberland Presbyterian Church. Bob's home is in Odessa, Texas and he is 20 years of age.

Everyone is invited to hear Mr. Weston.

PETE CHEANEY

Pete Cheaney Speaker At Lion Luncheon Today

Pete Cheaney, District Governor 2T-2 of Lions will be speaker today at the local Lions Club luncheon.

He is a member of the Hub Lions Club in Lubbock.

Lion Cheaney has held many important offices in both local and district Lion organizations and brings a wealth of leadership to the Governor's Office. All local Lions are urged to be in attendance to hear him, and to wear tie and club vest. The Governor will install some new members.

OTHER BUSINESS

In other business the council discussed the garbage pick-up problem, suggested Feuerbacher negotiate or receive bids for gasoline, approved the reading of the minutes and payment of current bills.

All members of the council were present except Jr. Simpson.

OLD BARN BURNS ON BERTRAND PLACE

An old unoccupied barn on the O. N. Bertrand farm south of Floydada was destroyed by fire of undetermined origin at noon Tuesday, according to Leroy Thompson, fire marshal.

Thompson said two Floydada fire trucks were sent to the scene. High weeds around the barn were kept soaked to keep the fire from spreading to a nearby barn containing saddles, feed and other farming equipment.

Applications For Aiken Postmaster Being Accepted

An examination for Postmaster at Aiken, Texas, \$5697 a year, will be open for acceptance of applications until Oct. 25, 1966, the Commission announced today.

Competitors for the postmaster vacancy in this city must have at least 1 year of experience (education above high school level may be substituted for 6 months of experience) showing that they have the ability to maintain simple records of accounts or that it has given them a knowledge of postal procedures.

Competitors must also show that they are of good reputation and that they can meet and deal with the public agreeably and effectively.

Applicants must take a written test. Those who pass will be assigned final ratings on the basis of this test and on their experience, and fitness for the position. They must have resided within the delivery of the post office for one year immediately preceding the closing date of

VETERANS ASK

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q - I have a service-connected disability presently rated as 100 percent. Are my children entitled to benefits under the War Orphans Educational Assistance Act?

A - Sons and daughters of living veterans with service-connected disabilities rated permanent and total in nature are entitled to Educational Assistance under the War Orphans Program.

Q - Will you please tell me if the 10 percent deductible from the income of a non-service-connected veteran is only for Social Security benefits, or does it include local, state and railroad benefits or pensions also?

A - Report the full amount of Social Security and pensions to the Veterans Administration and the VA will then make the 10 percent allowance in Social Security payments or pension payments, such as state and railroad retirement benefits.

Q - I am 77 years old and receiving \$59 a month from Social Security pension with no other income of any kind. I lost a son in France, July 16, 1944. Could you please inform me as to whether I am eligible for a pension from the VA or not? If so, who do I contact.

A - You should contact the VA Regional Office, for an application to file for dependency and indemnity compensation as the dependent parent of a serviceman killed in action.

Q - I am a female veteran and was denied disability pension benefits in Jan., 1964, due to excessive income because my husband's wages were \$5200 per year. Has there been any change in the law under which I could qualify now?

A - Yes. Effective Jan. 1, 1965, the spouse's income if consisting of wages only, is not considered as the veteran's income.

Q - Two years ago, I surrendered my right to monthly service-connected compensation payments in order that I might receive a greater monthly payment of disability pension for nonservice-connected disabilities. I now have an opportunity to return to work, but find that my income will bar me from receiving further pension payments. Will I be permitted to again receive service-connected compensation payments?

A - The VA did not consider your election to receive pension as a "surrender" of your right to compensation payments. You may again receive compensation payments effective as of the day following termination of nonservice pension payments to you.

Q - My service-connected disability of emphysema is rated at 60 percent. I have been unable to work since 1959 because of this disability. How can I reopen my claim?

A - You should submit evidence of your unemployment.

the examination. In addition, they must have reached their 18th birthday on the closing date for acceptance of applications. Persons over 70 years of age cannot be appointed.

All qualified applicants will receive consideration for appointment without regard to race, religion, color, national origin, sex, politics, or any other non-merit factor.

Complete information about the examination requirements and instructions for filing applications may be obtained at the post office for which this examination is being announced. Ap-

plication forms must be filed with the U. S. Civil Service Commission, Washington, D. C. 20415, and must be received or postmarked not later than the closing date.

FOR VISITOR

Encounter With Patrolman Has Happy Ending

A Lubbock visitor from Brussels, Belgium, is telling a story of Texas hospitality after an encounter with the law and the Lions Club of Crowell, Tex.

Robert Jones, the visitor, was born in Floydada, but for the last two years he has lived in Brussels, where he is managing director of CalTex Petroleum Co., an affiliate of Texaco, Inc., and Standard of California.

He is also director of a Dutch oil company and chairman of several other affiliates that do business in some 80 countries.

"I was stopped by a highway patrolman and thought I was about to get a speeding ticket. I wound up as guest at a Crowell Lions Club Tuesday luncheon and getting a handful of gifts," Jones said.

"It was just the thing needed to demonstrate Texas hospitality to my wife," Jones said. His wife, Monique, was born in Paris, France, but has been an American citizen for some 20 years.

"I was driving a rental sports car with Pennsylvania license tags, probably a little faster than the speed limit, when the patrolman—a courteous gentleman—stopped me between Wichita Falls and Crowell," he said.

The patrolman checked Jones' Italian drivers' license, and then determined that Jones wasn't on an emergency trip, was in a hurry to get somewhere, and then asked if the visitor would follow the officer to town.

"You can't very well say no to a patrolman so I agreed," Jones said.

The Lions arranged a telephone conversation with Jones' mother, Mrs. Glenn Jones of Stockton, Calif., and the club monitored it with a loud speaker. Before the oil company executive and his wife left town the Lions presented them with Texas ash trays, and mementos of the Foard County Court House. The final gift was a tank of gasoline.

Jones and his wife have been in Lubbock visiting Mr. and Mrs. J. Ray Dickey, 1906 30th, automobile dealer here, and Mr. and Mrs. A. N. Gamble,

2517 53rd, who has real estate and oil interests. They also attended a family reunion at Floydada and left Thursday afternoon for California.

While in Floydada they were luncheon guests of Mr. and Mrs. Dickey at the Lamplighter Inn. Joining them were other relatives which included Mr. and Mrs. Sid Brown, Mr. and Mrs. Steve Mize, Mr. and Mrs. Bill Brown, and Mr. and Mrs. Woodrow Badgett. Ed Brown was ill and unable to attend the luncheon.

After a visit in California with Jones' parents, he and his wife will return to Brussels. (The above story was intended for last week's paper.)

Lockney Chamber Banquet Slated For March 16

LOCKNEY — Tom Lavin of Atlanta, Tex., noted 340 pound humorist, philosopher, and musician, will be the guest speaker for the 1967 annual Chamber of Commerce banquet tentatively set for March 16. These plans were announced at the monthly C-C directors breakfast held early this week.

Lavin, executive secretary of the Natural Food Associates, a national non-profit educational organization, has announced his program title as "Laughing All The Way . . . An Evening with Tom Lavin."

Plans were discussed concerning the industrial program and inventors conference slated Oct. 13-14 in San Angelo. Planning to attend are Erwin Boyd, Mayor Claude Brown, H. E. Frizzell, John Powell, Art Barker, Joe Parrish, and Tom Simpson.

A population count has been completed. Mayor Brown informed the directors, as a prerequisite to bidding for city mail delivery. The mayor said that the Texas Highway Department accepts the figures of three persons per water meter. On this basis, Lockney's current population is estimated at 2,820 persons. A population of 2,500 is one of the requirements

for city delivery. Art Barker was named to head a committee to arrange a Christmas program for Lockney and C. L. Henderson, Floyd County Fair president, reported on the recent fair. O. C. Bailey told the group that engineers should have data ready within four to five months on the Mackenzie Municipal Water Authority. Eighteen persons were present.

Veteran's Land Sale

AUSTIN — Land Commissioner Jerry Sadler announced that a Veterans' Land Board Forfeited Land Sale would be held on November 15, 1966, in the General Land Office. He pointed out that the Program has exceeded all expectations in its success and value to the people of Texas.

Sadler said that the delinquencies on veteran contract payments are lower today than at any time in the history of the Program. Land prices are higher and the Program is making a \$2-1/2 million profit per year for the taxpayers of Texas, in addition to helping veterans own a tract of land that they fought to preserve.

We have purchased some three million acres of land for 35,300 Texas veterans and placed some \$243 million in circulation to boost the economy of this State. Although new purchases under the Program are no longer possible, a vast amount of work remains to be done in servicing veterans' contracts. Carving out homesteads, issuing fractional severance deeds and paid-in-full deeds, approving oil and gas leases, and issuing easements have to be performed throughout the life of a veteran contract.

"I pledge to the people of Texas, as I have in the past, that I will give them the best service possible here in the Land Office at the least possible cost to the taxpayers of the State. These sales, such as the one scheduled for November 15th, make a few tracts of veterans' land available to successful bidders with financing under the Veterans' Land Program at 5% down payment for a

Former Floyd Resident Conducts Area Studies

COLLEGE STATION — The fifth in a series of area studies designed to discover income producing opportunities in Texas agricultural and related fields has been launched, according to Dr. R. E. Patterson, dean of agriculture at Texas A&M University.

The new study, headed by Norman Brints, covers an area beginning with the northern Cross Timbers and extending westward to include most of the Rolling Plains.

Patterson said that Brints is well qualified for this special assignment. Reared on Floyd and Crosby County farms, he is an honor graduate of Texas Technological College and holds a masters degree in agricultural economics from the University of Arkansas. Since 1964, he has served as area farm management specialist for the Texas Agricultural Extension Service at Vernon, and has provided leadership and materials for county agents in conducting educational programs on co-ops and returns for crop and livestock enterprises.

Brints will interview agricultural leaders throughout the area, including farmers, ranchers, businessmen and industry, banking and agency representatives. Findings will be presented to an area committee which will determine whether the program is needed and the exact area to be included.

Judging from successes of forty-year contract and payments being made on the contracts semi-annually at a low rate of interest. Those interested in purchasing land should take advantage of this sale," Sadler said.

Hall Reports On Witness Training Meet

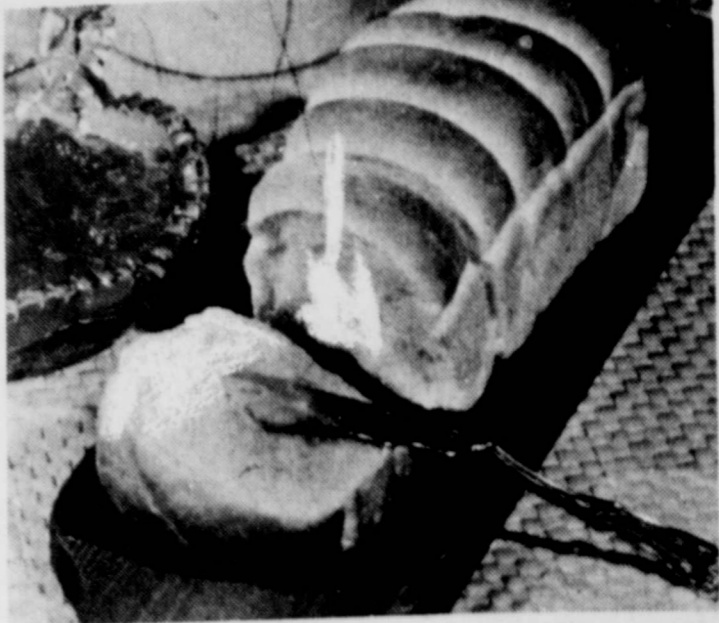

"Mankind's greatest need can be satisfied only by an entirely new system of things completely denuded of all the old patches," A. A. Catanzaro said, Sunday, in closing out the three-day training program of Jehovah's Witnesses in Fair Park Coliseum, Lubbock.

Catanzaro, district supervisor, said, "Isaiah foretold a child to be born in these words, 'the princely rule will come to be upon his shoulder. And his name will be called Wonderful Counselor, Mighty God, Eternal Father, Prince of Peace.' This child," Catanzaro said, "taught us to pray for this greatest need, 'Let your kingdom come. Let your will take place as in heaven, also upon earth.'"

The purpose of the Texas 9 circuit assembly was to promote the goal to "Become Spiritual Men with Everlasting Life

earlier studies which grew into full-fledged income producing programs, we are on the right track with the area approach to solving problems, Patterson said. He cited the Blackland Income Growth (BIG) and Build East Texas (BET) programs, though only a few years old, as already adding millions of dollars annually to farm income in the Blacklands and the 40 East Texas counties involved.

Two other studies, one covering the Panhandle and the other the South Plains, are nearing completion. Target date for completing the Rolling Plains study is mid-1967.

Guest Editorial 'Do-Nothing' Kick

We were told recently about a man who quit a respectable job after he learned that he could get almost as much income as he was making by loafing and drawing welfare checks. The situation has probably been repeated many times in many places.

Across the country today, the big problem for human rights officers is to get people off the "do-nothing kick" of collecting welfare checks each week for doing nothing, while spurning jobs that pay little more than the welfare payments. This may say something about the employers who pay relatively low wages, but it says even more about the growing public attitude of dependence and apathy.

Robert J. Mangum, northeast regional director of the U. S. Office for Economic Opportunity, reports that jobs are plentiful and going begging in his area. Yet persons are seeking aid from welfare on the grounds that they have no income. Mangum and others contend that welfare representatives, with larger appropriations at their disposal than ever, are placing on welfare rolls people who can qualify for jobs.

If this is the way welfare is working, the practice needs to be investigated and eliminated wherever it exists. Not only are people encouraged to become public charges when they can work and know the self-satisfaction of earning their way, but the economy is burdened by millions of dollars unnecessarily. — Marietta (Ga.) In View. Circuit Supervisor, Erwin A. Grover, in his closing talk, "Keep Your Balance with Many Responsibilities," said to the society of ministers, "In these times of frustration, Paul's words are most appropriate, 'keep your senses in all things, do the work of an evangelizer, fully accomplish your ministry.'"

Clarence W. Hall, supervising minister of the Plainview Congregation, said, "We look forward to sharing the spiritual gifts we received at the Lubbock assembly with one another and our fellow man."

Shirlene Race In Contest For Miss Cotton For 1966

Miss Shirlene Race, daughter of Mrs. Shirley Race of Floydada, is an entry in the contest for Miss Cotton of 1966 at Plainview.

SHIRLENE RACE

Miss Race, a 17 year old Floydada High School student, is being sponsored by the Homebuilders Home Demonstration Club of Floydada.

Another Floyd County miss in the contest is Cathy Lee Stoerner, 14 year old daughter of Mr. and Mrs. Wilfred Stoerner of Lockney.

Today (Thursday) is deadline for entries.

CORRECTION

In The Hesperian two weeks ago it was reported to us that Mrs. Sam Green was Sweepstakes winner in the Women's Division of the Floyd County Fair and it should have been Mrs. Sam Graham. Mrs. Green brought this to our attention this week and our apologies to Mrs. Graham for this error.

The Doll Society

Unlike most of their mothers, little girls don't need television to create the world of soap opera. Their tool is the doll and with it, little girls create a society that is as complex as the one their parents live in.

In its research with youngsters, Ideal Toy Corporation has found that this doll society is peopled with many characters who lead active lives, have definite rules of social conduct, fashion and pleasure, and even grow older just as ordinary humans do.

"Girls use the world of dolls as a means of achieving closer contact with the adult world and expanding play situations for their fertile imaginations," indicates Dr. Myron Helfgott, a noted market research psychologist.

Experts call this phenomenon the doll complex and cite examples of its evolution. To begin with, a youngster will start with just one female doll. Soon she has a boy friend to date her, a friend to confide in and a family to which she reacts.

The story becomes more com-

plicated. The dolls go to parties, movies and sporting events and this means a variety of clothes for each occasion. Fashion accessories are introduced, followed by a car, an actual playing juke box, and a telephone. Children have pushed dolls such as Tammy into this state of near adulthood as an expression of their own desire to get closer to this stage of life. It is a new world offering them all sorts of exciting experiences to conjure up. It is a way of identifying with their parents and a training ground for the future—a future alas where most little girls become big girls and spend their afternoons tuning into the networks for the story involvement. They will hardly remember that they once upon a time did not need this kind of video assistance, until they catch sight of their daughters at play.

Hello World

Mr. and Mrs. Gene Mitchell of Route 2, Floydada, are parents of a daughter, named LaQueta Jean, who was born in Lockney Hospital at 1:37 p.m. on October 5. The baby weighed nine pounds and three ounces at birth.

Grandparents are Mr. and Mrs. Henry Mitchell of Route 2, and Mr. and Mrs. Charlie E. Wright, 800 South Wall, Floydada.

Club Meets In Henderson Home

The Nineteen twenty-two study club met on Thursday afternoon, in the home of Mrs. W. H. Henderson, with Mrs. Henderson as hostess. Fifteen members of the club were present.

Mrs. W. O. Tye, president, presided over the business meeting and Mrs. D.S. Battey, treasurer, gave her report.

Mrs. P. W. Bell was program director, and roll call was answered by naming an old medical remedy. The program was on medicine. The answers were mostly early day remedies of our childhood which brought back many memories.

Mrs. D. S. Battey gave the program on "What's new in the field of medicine" and also, "Frying medical secrets from creatures of the sea."

Prior to the program, pennies for the Art Fund were collected and gifts were collected for the State Mental Hospital at Wichita Falls.

FLOYD DATA

Jill Matsler, stewardess for Eastern Airlines who is stationed in New York, flew in to Lubbock from Dallas last night and enjoyed a six-hour visit with her parents, Mayor and Mrs. Leonard Matsler of Floydada. Jill returned by plane to Dallas then back to New York.

Noble Grands Club Meets In Thomas Home

The home of Minnie Fay Thomas was a scene of gaily Thursday night of last week when the Friendship Past Noble Grands' Club met for their regular meeting. A Mexican supper was served to the group by Mrs. Thomas, who was assisted by Pauline Faulkenberry.

A brief business meeting was conducted during which "Hire the illness" of Vera Jo Bybee of Lockney was reported. Games were enjoyed following the meeting.

Those attending were Dorothy Reeves, Artie Webb, Jewell Reeves, Lona Sparks, Ethel Sawyer, Wanda O'Neal, Bell Berry, Gladys Peck, Grace Grundy, Ruby Davis, Dimple McGavock, two visitors, Olyse Jordan and Inez Walker and the hostesses.

Jewell Reeves and Gladys Peck will be hostesses for the November meeting.

heavy containers underneath, lightweight packages above. Summer woollens should be spotless, then placed in moth-proof containers.

Right now is also a good time to put the back yard in shape for winter. Start by washing summer cookout grease and food stains from any terrace bricks or flagstone. First, hose down the hard surface with hot water; then scrub it with a stiff broom dipped in hot soap or detergent suds.

Take a tip from the Peruvians who have a unique method of cleaning the groats (those cement-filled joining spaces) without even bending over. Use a rubber band or string to fasten a small stiff brush to the side of your shoe so the bristles project parallel to the ground. As you scrub, rotate your foot to the side and run the brush along the cracks to loosen any special dirt. Then rinse the surface with another hosing at full pressure.

To do a thorough job of making ready for next spring, take down all outdoor light globes and immerse them in hot suds for washing inside and out. Then polish any metal lamp frames before replacing the clean globes or shades.

Use clean suds to sponge or brush-scrub metal, plastic, and straw furniture. After rinsing, let it dry thoroughly. Putting garden furniture away clean and covered will keep it in good condition for a long time.

"Affluence And Poverty" Lesson For Wesleyans

Mrs. Tom Burrow directed the lesson on "Affluence and Poverty" from the book "Keepers of the Poor" by J. Edward Carothers during the Monday evening meeting of the Wesleyan Service Guild which met in the home of Mrs. John Shipley.

Mrs. Virginia Dyson presided at the meeting and Mrs. G. M. Armstrong gave the invocation.

It was stressed during the lesson that "The attitudes of the prosperous keep the poor in poverty."

Clothing Center Plans Special Christmas Project

The Community Clothing Center, since opening September 6 of this year, has assisted 55 families and school children by supplying them with shoes, jackets, pants, shirts, socks, dresses and coats, but find at this time they are in need of boys' clothing.

A special project now in the making is to supply every family who comes to the Center in December with an article of bedding, either with a blanket, bedspread or quilt as a Christmas venture. Some of the women working with the Center are now making quilts for the project and they are asking for others to join them. If anyone in the community wishes to assist with this endeavor, please feel free to help in donating or making these items.

The Center must have them completed by the last week in November. The Center will be closed from December 27 through January 3 for the holidays.

Lions Sponsor \$25,000 Contest

Lions Club president Louis Anderson challenged young people in the Floyd County area this week to enter a worldwide contest sponsored by Lions International.

"An essay describing steps toward world peace may win a Floydada youth a \$25,000 prize," Anderson said.

"Peace is Attainable" is the theme of the essay contest, and it is open to boys and girls who will be at least 14 but less than 22 years of age as of January 15, 1967.

The Floydada Lions Club is sponsoring the contest here. The winning essay in the local contest will be submitted to the Lions District 2T2 contest. The top essay from each Lions Club district will be entered in eight division contests around the world.

Winners of the division contests will be awarded \$1,000 prizes and will receive expense-paid trips to the Lions International 50th anniversary convention at Chicago next year, where the eight divisional essays will be judged in selection of the worldwide winner.

The essays should be typewritten and no longer than 5,000 words, Anderson said.

"The purpose of the contest is to develop a formula for world peace because we feel peace is attainable," Anderson said. "We want to alert our young people to the need for world peace and to focus attention on that important goal.

The deadline for entering the contest is December 10. Additional information about the contest may be obtained from Glenn Black or Don Cheek or any Lions Club member.

The next meeting will be October 24, with Mrs. W. O. Baker as hostess.

McGuires To Give Program For 62 Club

The 1962 Study Club will have as their guests, Mr. and Mrs. Bob McGuire of Lubbock at their next meeting, October 18 at 7:30 p.m. in the community room of the First National Bank.

McGuire will show slides of his European journey following a pot luck supper given by the club. Husbands of club members will also be guests.

Local Twirlers Win Trophy

Floydada twirlers, Jan Killian, Donna Cates and Rande Brown won a trophy in trio in the South Plains Twirling Festival held last week in Lubbock. Jan also won a first place trophy in twirling in the intermediate class.

Local Twirlers Win Trophy

A day for tacking the newly made quilts will be announced later. The plan is for an all day quilting at either the Methodist or First Baptist Church with lunch. All quilt tops which are being made are to be brought that day and completed. Choice of the church was selected due to a large space needed for the work. All women are invited. Some women may prefer to be making quilts at home and just bring them to the Center, according to Mrs. W. S. Simmons, who is in charge of the Center.

Suds Dirt Out Before Storing Summer Duds and Decor: Packing away summer clothes and house furnishings is no great chore if you organize to put every item away thoroughly clean, and in a dust-proof container to keep it clean.

Planning operations saves time, energy, and nerves. First list everything you want to store for the winter and provide suitable cartons, boxes, or bags to put them in. Then check which items can go in the washer, grouping loads so you can take a batch of laundry from the dryer and put it into proper storage containers.

Plastic boxes, bags, and "sweater sacks" (which can be used year after year) should be swabbed, inside and out, with a sudsy cloth before being packed with clean things. If you use cartons, make sure that they are in good condition and dusted.

Launder and process summer blankets, slipcovers, and curtains. When dry, fold neatly and store them in plastic bags or sheeting; or wrap them in heavy paper and seal the edges with cellophane tape.

Machine-wash summer throw-rugs in plenty of suds—one at a time, if necessary, to avoid overloading. Use a dryer at low temperature to protect any non-skid backing.

Inspect the family's hot weather togs to discover special spots and stains which need pre-treatment. Scrub grass stains with hot water and soap or detergent suds, using a mild bleach if necessary. Then wash promptly in fresh suds. Soft drink stains are usually colorless at first, but may turn brown. Sponge with cool water or equal parts of alcohol and water; then apply glycerine, let stand half an hour, rinse, and launder in hot suds. To remove rust from white fabric, sprinkle with salt, squeeze on lemon juice, and spread in the sun. Massage grease with thick lather before washing.

Dry all garments before packing, and omit starch which is the favorite food of silverfish. Also skip ironing. Pack knits flat and fold or roll other things without crowding any one container. Seal with cellophane tape, label each package clearly, and store on clean shelves.

MRS. GARY LYNN VICTOR

Victor Vows Read in Hereford

wore a floor length dress of powder blue with a scoop neckline and elbow length sleeves. Similar frocks were worn by candelighters, Cindy Simpson of Floydada and Kerry Hall of Hereford, both cousins of the bride.

Miss Janet Smith accompanied the bride's father as he sang "How Great Thou Art" and "The Lord's Prayer." Mike Moore of Hereford served as best man, Kelly and Jerry Tyler, brothers of the bride, and Gene and Jim Victor, brothers of the groom, were ushers.

A reception followed in the home of the bride's parents, Mrs. Elmo Hall and Mrs. G.V. Hall served from a table laid with a white outwork cloth and centered with white mums.

For traveling to points in New Mexico the bride wore a royal blue suit with black accessories.

Upon the couple's return they will be at home in Hereford where the bride is employed at Messer Construction Co. Her husband is a student at West Texas State University and is employed by Holly Sugar Corp., of Hereford. Both are graduates of Hereford High School and the bride attended Texas Tech.

LIGHTHOUSE ELECTRIC COOPERATIVE, INC.
MARY PHILLIPS, HOME ECONOMIST

October is cooperative month. Cooperatives are a good way to get things done; even for little boys working together to get a stuck football out of a tree. Also, to do many other useful things.

More than 60 million Americans share ownership in cooperatives. City, town, and rural people use these co-ops to get housing, food, health care, credit, insurance, drugs, furniture, and petroleum products. Rural people use cooperatives to get electricity and telephone service. Farmers use co-ops to get feed, fertilizer, chemicals, and steel products and to sell their crops and livestock products. All of this cooperative business totals \$20 billion dollars a year.

Business men also use cooperatives to serve their special needs - druggists, grocers, hardwaremen, clothiers, and other independent merchants. Associated Press, the worldwide news gathering agency, is a publishers' cooperative.

The boys' football-retrieving co-op is informal, instantan-

ous. Grown-ups go at it more deliberately. They organize. They elect directors and decide the co-op's purposes, each member having one vote. The directors establish policies and hire a manager to carry them out. The distinctive mark of a co-op is that it serves the people who own it: its customers. It's locally-owned, not-for-profit, serving its members-owners at approximate cost. Through their co-op they have a voice in determining the quality of goods and services they get and the prices they pay.

In cooperatives, 60 million persons participate more fully in this country's free enterprise system. They find it a good way to get things done.

May I on behalf of Lighthouse Electric say "Congratulations" to the 4-H'ers, their leaders, parents, and everyone who worked on the Achievement Banquet which was held last Saturday night in the Floydada High School Cafeteria.
An excellent meal was pre-

pared and served by the parents of the 40H'ers to about 200 4-H members, their parents, leaders, and guests.

Our very special congratulations to the boys and girls who received special recognition in the form of various awards.

Pete Gibson was presented the Electric Award for outstanding work in the field of electricity. Pete has been in 4-H work for 9 years and is a member of the Lockney club.

Favorite Food Award winners were Karen Willis in the Junior division and Beverly Pierce in the Senior division. Karen belongs to the Floydada club and Beverly to the Sandhill 4-H club.

Dress Reveal Award winners were: Doris Fawcett - Senior division; LuAnn Lovell - Junior division. Both are from Floydada.

Best First Year Record awards went to Larry Abbott, Lockney, and Debbie Davis, Harmony.

The highest achievement in the County awards is the Gold Star which is presented to a boy and girl each year. This year's winners are Paula Gipson who has been active in the Lockney 4-H club for seven years and proved to be an outstanding member as well as leader for the Junior members; Jim Kropp, also a Lockney 4-H'er for seven years, was selected as the boy. Jim has proved his ability in various projects and incidentally, is the third member of the Kropp family to receive the Gold Star.

Collins Implement of Floydada was presented an award of Meritorious Service for their contributions to the 4-H Club work in our area.

Our best wishes go to these boys and girls as they endeavor to do their best.

Attending the West Texas - Texas Western game in Canyon Saturday night were Claude Weathersbee, Alton Higginbotham, Harvey Allen and Walton Wilson.

Mr. and Mrs. A. G. Tyler and Ronnie of Amarillo spent the weekend with their parents, Mr. and Mrs. Wylie Rogers.

Mrs. Kay Gilbert and Mrs. Carolyn Johnson of Flomot were in Plainview Saturday. James Marricte and children spent Sunday afternoon at White River.

Mr. and Mrs. Ronnie Dalton were in Littlefield on business during the weekend.

DOES HE OR DOESN'T HE is the question when one watches the Dean Martin Show. If he doesn't he is certainly a wonderful actor for there are times when he scarcely seems able to stand - and still we read that what he has in that glass he holds each night is apple juice. Dean has seven children and nine television sets. . . . We have never been a fan of Eddie Albert's but he gave a splendid reading of James Weldon Johnson's CREATION on Ed Sullivan's Show April 10. We were impressed.

Plains Cotton Growers Endorse Cotton Promotion Act

The board of directors of Plains Cotton Growers, Inc., has officially endorsed the Cotton Research and Promotion Act.

Twenty-six of the cotton producer organization's directors, representing 16 of the 23 counties, were present at the October 4 meeting where the stand was taken. The vote was 21 to 5.

Donald Johnson, Executive Vice President of PCG, said the action "simply means that a big majority of the board members, elected from their respective counties, favor the Act and believe it to be in the best interest of producers of cotton on the High Plains."

He cited statements made at the meeting by both Roy Forkner, chairman of the board, and Don Anderson, PCG Vice president, that as a cotton com-

modity organization, the PCG board has the responsibility for taking whatever action it deems in the best interest of High Plains producers.

In this case each individual producer will have the opportunity to voice his own opinion of the matter in a referendum to be called by the Secretary of Agriculture, probably in early December.

Passage of the referendum will require "yes" votes from either two-thirds of the producers voting or from a majority of those voting, provided that majority represents two-thirds of the cotton produced by voters.

If the referendum carries, all U.S. growers will be assessed a dollar a bale on their production to finance a research and promotion program, with those who

request it getting a refund. The law specifies that requests for refunds must be made within 90 days, and that such refunds must be paid to the producer within 60 days.

The Secretary of Agriculture will be charged with the responsibility of seeing that the funds generated under the Act are spent to further the objectives of the Act — "To enable cotton growers to establish, finance and carry out a coordinated program of research and promotion to improve the competitive position of, and to expand markets for, cotton."

Any other use of the funds is expressly prohibited in the law.

A Cotton Board, selected by the Secretary from nominations submitted by state and regional cotton producer organizations, would work out the details of the program.

The money itself would be spent on projects developed by a group of cotton producers, with each state having repre-

sentation in proportion to its contribution to the fund, which of course would be governed by production.

Research and promotion projects would be submitted by this group to the Cotton Board for approval. The Secretary, in his role as "watch dog" would have the power to veto. The complete resolution passed by the PCG board follows:

"Inasmuch as cotton's situation and the situation of cotton producers is seriously jeopardized by declining markets both at home and abroad, the need for increased research and promotion is clearly recognized on both regional and national levels, and the board of directors Plains Cotton Growers, Inc., reaffirms its unqualified support for bringing about such increase in research and promotion by the most practical, effective and expeditious method or methods possible.

"Therefore, be it resolved that the board of directors of Plains Cotton Growers, Inc.,

strongly endorse Research and Promotion projects to make for the most intelligent search and promotion by the Cotton Growers, Inc. in the educational presenting all available pertinent material.

VETERANS ADMINISTRATION Information Service

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q — I have been told that I am not eligible for treatment at a VA hospital for my non-service-connected disability because my military service was in a so-called peacetime period and was not considered wartime service. Is this correct?

A — If you were separated with other than a dishonorable discharge anytime after January 31, 1955, you are eligible for all medical, hospital and domiciliary benefits to which veterans with war-time service are entitled, and on the same priority with war-time veterans.

Plains Cotton Growers Says Cotton Seed Prices Are Going Up

Indications are that cotton producers on the High Plains and elsewhere will get considerably higher prices for cottonseed this year than they've gotten in many years. It's the result of an old law almost forgotten in High Plains cotton circles—the law of supply and demand.

The estimated national 1966 crop of just less than 11 million bales -- about 30 per cent below 1965 production -- has brought on a proportionate reduction in the prospective supply of cottonseed for crushing. The demand for cottonseed and cottonseed products has not seen a similar drop. Unlike lint, there's no surplus from which to fill the gap.

On the Plains cottonseed at the gain has opened at about \$70 per ton, basis quality index of 100, as compared to from \$42 to \$50 per ton paid in recent years. How this price will hold through the season is anybody's guess, but most observers see little chance of a decline back to \$50 a ton or less.

There's about 800 to 850 pounds of seed per bale, worth \$28.00 at \$70 per ton. Ginning charges, including bagging and ties, average from \$18 to \$20 per bale. So farmers as of now can expect to realize from \$8 to \$10 per bale above ginning. Certainly there's no assurance that this seed price will hold for the year. But the current price would bring farmers from 160 to 200 points net over loan value for their cotton.

And percentage-wise the factor takes on added importance in view of declining loan values -- from 32 cents basis middling inch in 1963 to 29 cents in 1965. Loan price for 1966 is 21 cents, basis middling inch, but the value of both diversion and price support payments must also be taken into consideration this year,

with each individual farmer calculating his own price.

Last year cottonseed was credited with accounting for about 11 per cent of the total value of the crop, and this percentage figure is sure to be higher in 1966.

There is the feeling in some circles that the value of the seed in each year's crop may become progressively more significant on the Plains.

And lending credence to this belief is the research efforts being put into development of glandless, gossypol-free seed.

The National Cottonseed Products Association envisions a vast increase in markets for cottonseed products once gossypol glands are eliminated. Gossypol is well known to be responsible for the troublesome dark color of cottonseed oil. It either eliminates or reduces the usefulness of the oil as a protein feed for poultry, swine, other non-ruminant animals and humans.

Without gossypol, the competitive position of cottonseed oil with other oilseed crops would be greatly improved. And this is especially true in view of the government's "Food for Freedom" program to develop vegetable protein foods from cotton and soybeans for human consumption.

Donald A. Johnson, Executive Vice President of Plains Cotton Growers, Inc., emphasizes that the production of glandless seed is not a matter of introducing new varieties, but rather a matter of incorporating the glandless factor into existing varieties without loss yields and lint quality characteristics.

Gregg 25-V, a variety which produced glandless seed, is already being produced commercially on the Plains. It is estimated that approximately 135 tons of this planting seed were sold in 1966, and the National Cottonseed Products Association

and area oil mills are seeking the cooperation of producers and ginners toward harvesting every seed of 25-V so it may be crushed separately. The resulting glandless cottonseed oil will then be made available for research purposes.

In order for this research to be effective, glandless seed must not be contaminated with other seeds. Gins and oil mills in the areas where 25-V has been planted have arranged to gin and crush the seed separately, and the only problem remaining is that of grower cooperation -- getting growers to harvest this cotton separately.

Johnson is urging all growers to make a special effort to see that 25-V arrives at the gin unmixed with any other variety. He says "Because of the current economic diffi-

cultures being encountered by cotton lint as a market commodity on the Plains, the income from cottonseed is tremendously important to cotton as a major cash crop in the area. And we should do all we can to enhance seed value."

Neither PCG nor the NCPA is recommending this or any other variety. They point out that with the current value ratio between lint and seed, farmers can afford to plant glandless cottonseed only if it is equal to the best ginned varieties in yield and quality of lint.

"However, it is important that the opportunity for additional research into uses for glandless seed products, provided by the current year's production of 25-V, not be missed," Johnson said.

Lackey Named Soil Water Conservation District Supervisor

Lackey, a life long resident of Floyd County, was named supervisor of Zone No. 4 of the Floyd County Soil and

Water Conservation District. The election was held on Oct. 4 at the Cedar Hill Grain Co. elevator with Eugene Gilley serving as chairman of the meeting.

Lackey's zone comprises the area east of the Silverton Highway bounded on the south by the Matador Hwy. and on the west by the County line, then

on the north by the County road (which runs east and west) 3 miles north of Cedar Hill.

Each year, a similar election is held in one of the five zones where a supervisor is elected for a five year term. The 1967 election will be for Zone No. 4.

Lackey succeeds R. G. Dun-

lap, who has been on the board for 20 years.

Blind Piano Tuner Finds Work With Cliburn Contest Exciting

EDITOR'S NOTE - The story below appeared last week in the Fort Worth Star Telegram and concerns Travis Burgett, the son of Mrs. Ruey Irwin and brother of Mrs. Carl Nelson of Floydada.

The lights went out at Texas Christian University one night a few years ago.

Two piano tuners were engaged in their work when they were suddenly engulfed in total darkness.

One of them had to quit his chore. He couldn't see.

The other kept right on working. He couldn't see either.

Travis Burgett, a tuner with Bruce Piano Co. here, has been blind since the age of 8, but has been checking and correcting the tones of pianos for nearly 30 years.

His work is regarded as so superior that he was given the sole responsibility for tuning pianos at the Van Cliburn International Piano Competition, considered one of the three most outstanding piano contests in the world. He also handled the job at the first Cliburn event here in 1962.

He finds it exciting, demanding.

"I consider it an honor and privilege to be in on this competition," Burgett says. "Both pianos are fine instruments, different in tonal qualities so the contestants may have a choice. My job is to see that they are at their best at all times so all the contestants will have an equal chance."

"The real trial of piano tuning," he continues, "is the soft, melodic numbers that use a lot of high treble."

While he finds the contest "terrific," Burgett nevertheless must keep on the edge of his seat.

"There's a lot of nervous tension attached to this job," he says. "A few bad notes could really be heard."

He works during intermissions and before and after each session. Last Monday, first day of preliminary competition, he was at Ed Landreth Auditorium 11 a.m., assuring himself that instruments were ready.

Burgett's blindness resulted from a childhood accident. When in the second grade in Floydada schools, he was hit by a spinning top. Sight in one eye was destroyed.

"I didn't see the proper doctor in time, and the other eye went out," he explains.

He studied at the Texas School for the Blind in Austin, where he was trained in piano tuning. He finished there in 1937, worked in Lubbock and came to Fort Worth in 1950.

Burgett learned to play the instrument while studying the intricate art of tuning it. He checks his work today with a few chords, scales and simple tunes.

He also played the baritone saxophone in the Austin school's band, but he hasn't kept up with it in recent years.

In 1938 he was introduced by a blind friend to a Cleburne girl who became what he now calls "my seeing-eye wife."

Burgett, father of three sons

and grandfather of two boys and a girl, has never seen his family.

"I remember colors and different people's features. Of course, I might prove to be entirely wrong. I could think a person is a handsome fellow and he could turn out to be a scarecrow. I have to judge by hearing."

He reads braille, can use a typewriter and can sign his name.

Touch and hearing are the whole of his existence.

"That's all I have to rely on. You get accustomed to it. I guess I adjusted pretty quickly because I was so young."

Mr. and Mrs. T. L. Perry visited Sunday afternoon with his mother, Mrs. J. T. Perry.

NOW... GROWERS who want more money per bale Should go to the Gin displaying this sign

PROTECT-O-COAT Formula X-78 is the revolutionary new chemical additive that protects the inherent qualities of cotton fiber during the ginning process. In many tests the following results have been shown on cotton treated with PROTECT-O-COAT:

- Fiber raised from 1/2 to 2 full staples
- Color improved 1/4 to 1 full grade
- "Live feel" and greater fiber uniformity
- Over 2¢ per pound increase in value
- Less 1/4" and 1/2" fibers

Drastic cleaning and drying makes cotton brittle and fiber length is shortened by gin and lint cleaner saws. PROTECT-O-COAT Formula X-78, applied as a fog mist in the conveyor distributor, recoats the fiber and minimizes damage. Progressive ginners are now offering PROTECT-O-COAT service to give you a sample that will bring you more money per bale. For improved grade and staple, go to the gin that displays the sign above. Write for a list of PROTECT-O-COAT ginners in your area.

A Little Voice Goes a Long Way

There was a time, long ago, when it took real lung-power to make yourself heard on the telephone. And you had to listen closely to make out what the other party said. The problem was transmission—getting your voice from here to there. Today, it's easy to hear and be heard. In fact, tots and telephones get along fine, whether it's a

Long Distance call from grandmother across the country or just a chat with a youngster down the street. The reason is because a little voice goes a long way—clearly and distinctly. Continual improvement in the transmission of your voice is one way Southwestern Bell makes your telephone service—already the world's best—even better.

PLAINS NEWS by Mrs. Murray Julian

Oct. 10 — High delivered the 1966 cotton to the Co-op Gin about October 7. Slightly less than the cotton from last year, and remaining and will per pound press weight. The 515 pounds, and Reports from the state that there are 500,000 pounds in each day. Annual Achievement held in Floydada school cafeteria at 7 p.m. Family Adult leaders were in attendance. Outstanding members were about 25 different from the Gold Star were chosen. All from Lubbock and addressed those attending from here. Mr. and Mrs. Phil and Steve, Harold Hamm, Arlaine, Mrs. and Darla, Mrs. and Mrs. and Mrs. and Mrs. Baptist Church will hold a meeting of the association on Thursday beginning at 9:30. Messengers from here represent the Baptist Church and Mrs. Fred

Fortenberry, Mrs. Trudie Taylor, Mrs. Bryant Higginbotham, Mrs. J. Ronald Taylor, Mrs. Bob Reeves and Mrs. L.T. Wood.
Mr. and Mrs. Frank McClure are in Lubbock this Monday morning for the operation scheduled for Mrs. W.N. West at the Methodist Hospital. Mrs. West is from Silverton and the sister of Mrs. George West here. Mrs. West herself is just home from the Methodist Hospital and is confined to her bed and wheel chair from a fall which she sustained recently. Mrs. W.N. West underwent a small surgical operation at the Lockney Hospital Thursday morning, and we are all hoping she gets along fine from the goiter removal which she faces this Monday.
We would like to offer our congratulations to K. Cummings, daughter of Mr. and Mrs. Kendall Cummings, as K. is among the 38,000 students in the United States who scored in the upper two percent in the Merit scholarship test of those who will graduate from high school in 1967. K. received a letter from the president of National Merit Scholarship Qualifying Test, which test K. recently took along with thousands of other high school students and in which she made such a wonderful showing.
Mr. and Mrs. L. H. Dorrell had Wednesday night supper here with Mr. and Mrs. Don Marble. The Dorrells are

from Port Aransas, Texas. Wayland students came out from the College Friday night to hold studies and have Bible Study and a social time with Latin Americans of the area at the Mission Church. It is hoped that children and parents will plan to attend these Friday night sessions as the boys and girls go the Baptist Mission Church each Friday night, to teach the Latin Americans the Bible.
Mr. and Mrs. J. A. Kinnibrugh were here for the week end with the Sylvain Kinnibrughs. Mrs. Teddy Horne of Lubbock was an overnight visitor here Thursday night with her parents, the Kinnibrughs, and her sister, Beth.
Mrs. Don Probasco was honored last Wednesday afternoon at an introductory coffee at the home of her sister-in-law, Mrs. Gene Probasco in Floydada. Guests called at 2 o'clock and refreshments of coffee and orange cake were served. Among the guests from here who were Mrs. Fred Marble, Mrs. Johnny West, and Mrs. Rex Smitherman. Around twenty-two guests were present.
We are glad to know that Mrs. George West was brought home from the Methodist Hospital last Tuesday, and has been able to have many callers the past week. She still has much pain from her foot, and is sore all over from the fall which she sustained. She will be confined to her home for a long with her injury, but we are glad she got to come home.
Mr. and Mrs. Sterling Cummings and their four children went to Hereford Sunday to spend the day and have dinner with her sister, Mr. and Mrs. Elmo Hall and children.
Mr. and Mrs. Marvin Wells moved the last of their furniture and belongings to Mineral Wells last Monday. Mrs.

H. L. Marble helped them pack and store the furniture, and the Wells are now getting settled in their new 3-bedroom, brick home which they recently purchased in Mineral Wells. Kim has started to kindergarten there.
Mr. and Mrs. E.J. Kinslow went to Amarillo Wednesday where she had a medical check-up at the asthma clinic.
Mrs. J.P. Taylor and Mrs. M.M. Julian plan to go to Hereford this coming Friday, Oct. 15, to participate in the Holly High Plains Cook-Off, an all-day event for the Holly Sugar Corporation, which has its headquarters in Colorado Springs, Colorado.
Roy Childress from Granbury, Tex. who formerly resided here, was in our area Friday and was an overnight guest with Mr. and Mrs. Alvin Nichols.
Hobby Club members will meet this October 19, at two o'clock in the home of Mrs. Grigsby Milton with co-hostesses Mrs. Frank McClure and Mrs. Fred Fortenberry. Each and every member is urged to attend, and the program will be on "Proper Wiring for the Home," by Alton Higginbotham, from the Lighthouse Electric, Inc. of Floydada.
The regular 4-H Club meeting will be at the home of Mrs. E.J. Kinslow at 7:30 next Monday night, the program on "planning programs for the 4-H Club for 1966-67" and also new projects will be studied.
We offer our sympathy to Arby and O'Dell Mulder in the passing of their aunt, Mrs. Nell McGuffey, 68, of Amarillo, who passed away about 1 o'clock Friday morning at Northwest Hospital in Amarillo where she had been ill for such a long time. Services were held at the First Baptist Church in Floydada Saturday afternoon. Mrs. McGuffey had lived most of her life in Floydada and one of her daughters is Mrs. Alton Noland, well-known to all here.

Mr. and Mrs. O'Dell Mulder and Patricia of Albuquerque, New Mexico were here for the week end with his brother, Mr. and Mrs. Arby Mulder.
Mrs. Grigsby Milton entertained with a birthday party in their home Friday night, Oct. 7, for the tenth birthday of their daughter, Darla. Guests came for supper of hamburgers, pizza, etc., with the birthday cake and ice cream served at the close. The Miltons then took the guests to Floydada with them for the Olton-Floydada football game. Adult guests were Darla's sister, Mrs. Arlis Powell and three children, and Mrs. Bud Edwards, all of Floydada. Girls who spent the night with Darla after the game were Donna Powell, Cheryl Pruitt, Carol Reeves, and Sue Nicholson. Other guests were Mrs. Pete Cabello and Doris Cabello.
Mr. and Mrs. L. T. Wood acted as hosts for the interim pastor Sunday for dinner and supper, and another guest beside Dr. Fred Howard was Mrs. Bryant Higginbotham.
Mr. and Mrs. Fred Fortenberry went to Cedar Hill Sunday after church to have dinner at the home of his brother, Mr. and Mrs. Robin Fortenberry. The honored guest was Fred and Robin's mother, Mrs. John Fortenberry of Cedar Hill, whose birthday it was. Mrs. Fortenberry served 19 guests at a seated dinner with all manner of good things.
New directors were selected at the annual Farm Bureau convention which was held in Lockney Monday night with about 75 present for the barbecue dinner and meeting afterward. Among the five new directors named was Kenneth Bean, who is a farmer in our community. Among those who went from here were Mrs. J. P. Taylor and Mrs. Bryant Higginbotham. They were both lucky in that both drew valuable door prizes.
The Baptist Church met at the Baptist Church Tuesday morning of last week, and held their Bible studies at 9:30, so the Young Women of the Church could have the afternoon Bible Study with Dr. Fred Howard coming out for their study. The regular W.M.U. held the business or council meeting with president, Mrs. L. T. Wood leading, and each head of committee reported. Those were Meses. J.P. Taylor, Bob Reeves, Arby Mulder and Bryan Karr. Mrs. Nelda Maurer has asked for detergent, bleach and salt containers which they will use for their Sunbeams. Please leave them at the Fellowship Hall. Mrs. Bryan Karr was in charge of the Bible teaching, and major and minor prophets of the Bible were studied.
Several from here attended the Cavalcade of Cotton in Floydada, Thursday night at 9 o'clock. Many were busy in the fields, and unable to go, but everybody has a special interest in the showing of cotton, made in any form. Mrs. Bryant Higginbotham was among those from here who attended the fashion show in which Mrs. Alton Higginbotham and Kelly were models.
Mr. and Mrs. Shelby Calahan went to Lubbock Saturday to visit their children, Beth Calahan, and Mr. and Mrs. Johnny Calahan. Beth and Johnny are students at Texas Tech College there in Lubbock.
Mr. and Mrs. Murray Julian were happy to have their children all home for the past week end. Mr. and Mrs. Terry Julian, Dee and Dickie of Roscoe came up, as it is still to wet to work in the fields there, and Mr. and Mrs. Bruce Julian of Canyon came down for the occasion of Bruce's birthday, which they and Mr. and Mrs. Kendis Julian, Mitzl and Kristi celebrated in Sunday, October 9, in the South Plains home of the Murray Julians.
UPTON FAMILY REUNION
The Annual family Reunion of the Upton family was held in the home of Mr. and Mrs. Raymond Upton, Sunday, October 2, in South Plains. Those attending from Hereford, Tex. were Mrs. Will Upton, Mrs. Floyd Coker and daughter, Donna, Mrs. Verna Solomon, Mr. and Mrs. Henry Lee Solomon and family, and Mr. and Mrs. Garland Solomon and family. Coming from Plainview were Mr. and

Floydada Men To Attend Industrial Conference

Five Floydada men will attend the 13th annual Industrial Development Conference in San Angelo today. The West Texas Chamber of Commerce, sponsor of the event has arranged a

day long program of subjects of interest to each community interested in industrial growth.

Nine "how to" sessions are scheduled. These workshops will explore in depth the methods of attracting, selling, servicing, and maintaining the industrial prospect. Experts in their fields will moderate the separate workshops and will have a panel of other specialists to answer questions and develop ideas.

Attending from Floydada will be Clay Henry, director of WTCC and vice president of the local chamber of commerce, Ray Reed, chairman of the local industrial committee and his committee members O. M. Watson, Jr., and Don

Pemberton. Floydada chamber of commerce manager John Reue will also attend.

FLOYD DATA

Sgt. and Mrs. Richard Burns, who were recently married, have arrived in Honolulu, Hawaii, where they will make their home until his discharge from the Army.

The couple were married in Floydada last month and after a visit here with his parents, Mr. and Mrs. Leroy Burns, and other relatives, they departed for Flagstaff for a visit before explaining for Los Angeles, thence on to Hawaii. Mrs. Burns, the former Rebecca Baxter, is the daughter of Mrs. Marie Baxter of Floydada.

Rites Conducted For Luther Fry

Funeral rites for Luther Fry, former longtime Floyd County resident, were conducted Sunday in the chapel of the First Baptist Church in Floydada. He died early Saturday morning in Thurmon Rest Home in Amarillo after a two-year illness.

Fry was born July 4, 1882 in Hunt County, Tex. He came to Floyd County in 1902 with his parents and was married to Willie Gertrude Slaughter on February 19, 1921. She preceded him in death June 7, 1964.

Fry was a veteran of World War II and had been in the dry cleaning business for many years in Floydada before his retirement.

Survivors include three sisters, Mrs. G. A. Linder of Amarillo, Mrs. Sam Henry Sr., Lubbock and Mrs. Vera Cook, Ingram, Tex.; one brother, Olin Fry of Las Cruces, N. Mex., and a number of nieces and nephews.

Rev. Floyd C. Bradley, officiated at rites, followed by burial held in Floydada Cemetery under the direction of Moore Funeral Home.

Pallbearers were Lloyd Murry, Ham Smith Jr., Fred Cardinal, Brit Britton, Guy Ginn and Ralph Johnston.

Relatives here from out of town for the funeral included Mr. and Mrs. G. A. Linder Sr., and Mrs. J. R. Johnston of Amarillo; Mrs. Sam Henry Sr., and Sam Pat Henry, Lubbock; Mr. and Mrs. Hugh McCullough of Midland and Mr. and Mrs. Ted Reed of Canyon.

Mrs. Bill Stamford and family, Mr. and Mrs. Dewey Floyd, Mrs. Geraldine Wilhite, Mr. and Mrs. Kenny Wilhite and son, Kenton, and Mrs. Murry Wilhite and son Russell. Those coming from Amarillo were Mr. and Mrs. Ronnie Upton and family, and Mrs. Andrew Grant and sons, Jimmy Upton who attends NTSU at Denton, was also present. Visitors besides the relatives were Mrs. Lewis Blum of Floydada, Miss Vicki Johnson of Floydada, and Mrs. Jack Calahan of Lockney. The next reunion of the Uptons will be held in Hereford, Tex. on the first Sunday of October, in 1967.

Mrs. McGuffey Dies Friday

Mrs. Nell McGuffey, 68 year old cancer victim and mother of Mrs. Alton Noland of near Floydada, died at 1:45 a.m. Friday in Northwest Texas Hospital in Amarillo. Mrs. McGuffey had been critically ill the past several months.

Funeral rites were conducted Saturday afternoon in the First Baptist Church in Floydada with Rev. Floyd Bradley, pastor, officiating. Burial followed in Floydada Cemetery under the direction of Moore Funeral Home.

Mrs. McGuffey was a former Floyd County resident. She moved to Plainview from Lockney in 1948 and had lived in Amarillo for the past ten years. She came to Lockney in 1920 with her family from Collin County, Texas where she was born March 29, 1898. The former Nell McDonald was married to Jim McGuffey in 1915.

Survivors include three daughters, Mrs. Noland; Mrs. Cleo Billington and Mrs. Mickey McDonald both of Amarillo; two sisters, Mrs. Paul Klanch of Ft. Sumner, N. Mex., and Mrs. Ollie Moon of Blue Ridge; two brothers, John McDonald of Plainview; J. R. McDonald of Lockney; nine grandchildren and seven great grandchildren.

Rites For Mother Of Madge Jones

Funeral rites for Mrs. Nannie Lee Aycock, 75 year old Lockney resident, were held Sunday in Lockney Assembly of God Church. Mrs. Aycock died early Saturday in Lockney General Hospital. She had been a resident of Lockney and Floyd County since 1935 and was the mother of Mrs. Madge Jones of Lockney, former Floydada resident.

Other survivors are five sons, Roland of Albuquerque, Jack of Salt Lake City, Henry of New Orleans, Johnny of Odessa and Don of Hereford; one other daughter, Mrs. Winnie Belle Cox, Tatum, N. Mex.; four sisters; 20 grandchildren and 19 great grandchildren.

FLOYD DATA

Whirlwinds Take Olton Mustangs 12 to 6

Couch Wins Football Contest

With only three misses, Leland Couch, 624 W. Missouri wins first place and the \$7.50 cash prize in last week's Hesperian football contest.

Leland missed the Texas-Mtie, Arkansas-Baylor and Ahoma-Texas games.

The second place and recipient the \$5.00 cash prize is David

Cogdell, Box 323. He missed five contests: TCU-Texas, Texas A & M-LSU, Arkansas-Baylor, Oklahoma-Texas, and Tullia-Quanah.

The third place \$2.50 prize goes to Randy Hale. He missed six contests: Petersburg-Idalou, Texas A & M-LSU, Arkansas-Baylor, Pampa-Palo

Duro, Tullia-Quanah and Canyon-Tucumcari. This is the second time Randy has been in the winning circle.

Bill Lamb also missed six games, but he indicated the score for the tie breaker game at 28. Hale guessed 21. The actual score was 18.

Ronnie Hill missed seven games.

Come To Life In Last Half

It looked like Floydada fans were set to see another whirlwind loss until the fourth quarter of the Olton-Whirlwind contest Friday night. The Whirlwind offense began to click and the Mustangs went down in defeat 12 to 6 here in Wester Field.

Going into the fourth quarter it was the Olton Mustangs riding the crest of the Whirlwinds 6 to 0. Halfback Dale DeBerry made the lone Olton touchdown in the first quarter.

The first half was all Olton. The Mustangs drove to the Floydada 4, after a first down on the 8, but Floydada held on downs, with middle linebacker Larry Hunter in on all four tackles, two of them unassisted. But Olton was determined, and after the Whirlwinds punted out to the 35, the Mustangs drove back again, and DeBerry raced 14 for the TD, driving across with Bob Murry hanging on. A passing try failed and it was 6-0 at the end of the half.

WINDS COME TO LIFE
Floydada, which never threatened in the first half, came alive midway of the third period as Kerry Bearden ripped off successive runs of 43 and 26 yards, moving the Winds to the 19. Only a saving tackle by Olton's Albert Key prevented the first run from being a TD. Floydada then moved to a first on the 8, then to the 1, where on fourth down pass from Larry Barbee went incomplete.

Bearden sparked the next Floydada drive, early in the fourth period, running 8 yards for a first on the 3 after Olton seemed to have stopped the attack. He then ran to the 1, and on second and goal from the 1, Barbee tossed a 1 yard scoring pass to halfback Steve Marler. Darrell Monday's kick was wide, and the score was 6-6.

WINNING SCORE
After the kick-off to Olton, Floydada held Olton on downs at the Olton 47, and then came the play which really broke up the game, a fine pass and catch effort from Bearden to Murry made 29 yards to the Olton 6. Two plays later, Bearden scored, and that was it.

STATISTICS
Floydada led in yards rushing 171 to 104, passing 64 to 8

Amarillo Dragway Features Fuel-Funny Car Meet

Earnest Walker, president of Amarillo Dragway, announced today the coming October 16th combination Fuel and Funny Car Meet, at the Amarillo Dragway. The action is slated to get underway with time trials beginning at 7:00 a.m. Sunday, and final races to start at 2:00 p.m. Featured events will be TV Tommy Ivo, of the "My Little Margie" series, and Don "The Snake" Prudhomme, the only man in drag racing to ever win both the summer and winter nationals in the same season, from California, going up against such drag racing greats as Jimmy Nix, Kritiz & Greer, Freddie Swanda in "The Spoilers," and the Burk Brothers of Oklahoma, and from Texas, the Carrol Brothers, Danny Rightsell and Prentice Cunningham. Also featured this Sunday, the funny car event.

The funny car is a late model factory experimental car sporting 600 horsepower, with a plastic body. These fantastic machines can turn speeds up to 150 MPH in nine seconds. Highlights of this event appears to be the big grudge duel between Gene Snow's '66 Dodge Dart, and fifteen of the Nation's fastest funny cars including Dickie Harrell in his 1966 Chevy II, coming all the way from Chicago to meet up with Snow's Dodge. Gene has won almost every event this year at the Amarillo Dragway. According to Walker, this promises to be another great event for the 1966 season at the Amarillo Dragway, in Amarillo, Texas.

FLOYD DATA
Mr. and Mrs. A. V. Womack returned home September 23rd from a two weeks visit in Santa Ana, Calif., with their new grandson, David Womack, son of Mr. and Mrs. Jim Womack. They also visited another son and wife, Mr. and Mrs. Jack Womack. Elouise Womack spent this time during her parents' absence with her sister, Elfa and family in Amarillo.

and 12 to 10 in first downs. Floydada received no penalties, Olton received 5 for 45 yards, neither team lost the ball to fumbles.

No doubt about it, Kerry Bearden was the spark. . . .

the line made the holes and he went through them. He made 149 of the 171 yards of rushing and was a key man in some passing plays.

Teammate Darrell Monday totaled 45 yards rushing.

Abernathy Remains Undefeated In AA

The Abernathy Antelopes are the only undefeated Class AA team on the South Plains, but they can't shake Memphis and Friona in the heated District 3-AA race.

Abernathy slipped past Hale Center, 7-0, for its second district win, but Memphis shaded Dimmitt, 7-0, and Friona nosed out Lockney, 13-12, to keep pace in the title run. Both are 4-1 for the regular season.

Post fell from the ranks of the undefeated, bowing to Class A Tahoka, 6-3, but the only thing wounded was pride because it was a non-conference game. The Antelopes start 4-AA play Friday against Morton.

The big game this week will be at Abernathy where the Antelopes tangle with Memphis, but Friona plays Floydada in

another top outing.

Denver City, seeking its eighth straight district title, plays improved Slaton, 2-2-1, and the Mustangs finally got into the win column last week by dumping Muleshoe, 17-0.

Friona is the defending champion in 3-AA and should battle the winner of the Abernathy-Memphis contest for the championship.

Abernathy now has scored 124 points in five outings, while giving up but 14 points. Memphis has tallied 107 for the second best offensive mark and Denver City has given up 25 points for the second best defensive mark.

THIS WEEK'S SCHEDULE
Memphis at Abernathy; Lockney at Dimmitt; Hale Center at Olton; Floydada at Friona; Slaton at Denver City; Post at Morton; Freshup at Stanton.

Philosopher Has New Theory On How The World Solves Crises--By The Bucket

Editor's note: The Floyd Philosopher on his Johnson-grass farm has found a big stack of newspapers, which may explain a much longer letter this week.

Dear editor:

An unusual thing happened to me a few days ago. I didn't find just one newspaper, I found a whole stack, tied with a piece of string in a ditch alongside a road out here near this Johnson-grass farm, but they weren't all recent papers, some of them were several years old.

Just to be doing, I brought them to the house and started reading, and you know what, I have hit on a new theory of how the world solves its big problems.

For example, a few years ago the Suez Canal was the big crisis, England threatening to go to war over it, every newspaper headlining the problem every day. Statesmen all over the world were conferring about it and everybody was giving advice.

But I kept reading the old papers and gradually the Suez Canal disappeared from the headlines on the front page, moved over to the inside, and then disappeared altogether.

I followed several other big problems like this, and they all

disappeared, but not once was it ever explained how they were solved.

Here's where my new theory comes in. My theory is that the world solves its big problems like the itinerant repairman who fixed a leak in my neighbor's house.

This neighbor had a small leak in the roof over his kitchen, and his wife nearly nagged him to death about it. He tried, but he just couldn't fix it. Every time it rained a little trickle of water came down through the ceiling.

One day this itinerant repairman came by and my neighbor grabbed him. "Can you fix a leaky roof?" he asked.

"Sure I can," the man said. "That's my speciality."

"You guarantee it?"

Certainly. Show me where it's leaking."

He looked it over, said he'd fix it for \$25.

"Go on about your work, I'll go up in the attic and get at it," he said. In an hour he was back down.

"It's fixed," he said.

"Now you guarantee it?" my neighbor asked.

"If water comes down

through that kitchen ceiling the next time it rains, I'll refund your money the next trip I'm by here."

Sure enough, a few days later it rained and not a drop of water came through.

"Well, finally," his wife said, and my neighbor sighed and said he was glad that problem was licked.

A week later it rained again, and the water began to trickle through the ceiling into the kitchen.

My neighbor rushed up into the attic to see what had happened.

Under the spot where the water was coming through the roof was a bucket. It had held all the leak from the first rain, but was not full and overflowing.

That, if you ask me, is the way the world solves most of its big problems. Just temporarily, but it's fine while it lasts.

Yours faithfully,
J. A.

Sourdough Singers Get Wide Acclaim

National recognition has come to the Sourdough Singers of Matador. The year-long ambition of the group, to get their recording "Lonely Nightingale" released on a national record label, has been realized.

A tape of the recording, submitted to Swan Recording Co., of Philadelphia about two months ago, met with instant success when that company released it nationally on their "Swan" label, in early September.

A. S. Mamarella, president of the company, informed Forrest Campbell by telephone about ten days ago, that the record was "receiving the best disc jockey acceptance of any record previously released on the Swan label." He also stated that it was their "number 1" release for the month of September, and that his company was going all out in promoting the record.

In addition to receiving "Pick of the Week" recognition on stations at Albuquerque, Denver, and Syracuse, N. Y., "Lonely Nightingale" was listed as the "consensus pick" of disc jockeys in the San Francisco area in September.

A letter from a former area resident, Mrs. Frank Potts, (Marisue Burleson) of Royal Oaks, Mich., informed that she recently heard the record over a station at Windsor, Ontario, Canada. A few of the stations that are playing the record regularly are: KJR, Seattle; KBAT, San Antonio; WDRT, Hartford; CKLW, Detroit; WHAM, Rochester; WIP, Philadelphia; WMOC, Chattanooga; WOWO, Fort Wayne; and WRAN, Reading.

Members of the "Sourdough" group who made the recording about a year ago are Janie Killingsworth, Nancy Traveek, Charlotte Cullin, Pasty Hankins, Judy Gwinn, Richard Campbell and Gary Campbell, who composed the song.

Brother Of Mrs. Womack Dies

George Shelton, brother of Mrs. A. V. Womack, died early Saturday morning, October 8th in the Crosbyton Hospital. He had been a resident of Nichols Manor Convalescent Home in Crosbyton for the past two years and before entering the home had lived with the Womack family here for three years.

Shelton was born August 31, 1889 and was a longtime resident of Olney, Tex., before moving to Floyd County.

Survivors include two sisters, Mrs. Womack of Floydada and Mrs. Ralph May of Plainview; two half brothers, Jord Hollingsworth of Silverton and Jack Hollingsworth of Roaring Springs.

Funeral services were conducted in the Olney Church of Christ where the deceased was a member. The minister, Dick Bartholme, officiated.

Nephews were pallbearers. They are Jay Womack of Dallas, Arthur Womack Jr., Plainview, Bill Womack, Floydada, Bud Baker, Sweetwater, George Baker of Perryton, and G. L. Galleher of Wichita Falls.

Burial was in Loving Cemetery beside the remains of his wife. Lumm Funeral of Olney was in charge.

ACADEMY Award Winner Sidney Poitier makes his debut as a westerner in Ralph Nelson's multi-million-dollar "Duel at Diablo," United Artists release in Color by DeLuxe opening Thursday at the Capada Theatre. He is starred with James Garner and supported by co-stars Bill Travers and Bibi Andersson. Dennis Weaver also has a stellar role.

FLOYD DATA
D. W. Fyffe was able to return home from Lockney Hospital last week after receiving medical attention there for several days.

Commissioners Court Meets

Floyd County Commissioners Court met in regular session October 10th.

Matters taken care of included the court adoption order authorizing road crossing for a water line and that Mrs. Kenneth Willis be appointed to the library board to replace Mrs. Shirley Irwin. Mrs. Willis will serve until December 31, 1967.

Court also agreed unanimously that Sheila Fair be employed to work in the Assessor-Collectors office, that Jesus Garza be employed to work for Precinct 2 at a monthly salary of \$300 and that the monthly wages of Archie Lee Simms be raised in salary to \$350.

Murry Opens Dentist Office

J. Mitchell Murry, D.D.S., son of Mr. and Mrs. Floyd Murry of Plainview and former residents of Floydada, has opened his dentist office at 212 North Crockett in Sherman, Tex.

Murry, a native of Floydada and grandson of Mrs. O. E. Murry of this city, is a graduate from the Houston Dental School and for the past two years has served as a dentist in the U.S. Army stationed at Fort Campbell, Ky.

He and his wife and two children, Tammy age six and David, age two reside at 2410, Rex Cruse Drive in Sherman. They invite home folk by for a visit when down that way.

Floyd County People Hurt In Wrecks

Mrs. Ruby Merrick, 74 and Don McLaughlin, 35, both residents of the Providence Community, were injured in a car-pickup collision at a country road intersection north and east of Providence Friday afternoon, according to other news sources.

Both persons were alone in their vehicles at the time of the collision. They were taken to Plainview Hospital for treatment.

Mrs. Merrick received scalp lacerations and McLaughlin was said to have suffered chest injuries and possible light concussion.

In another Floyd County accident Gay Lambert of Lockney was treated and released at a Plainview Hospital for injuries sustained when she was thrown from a car during a two-vehicle collision at 5th and Columbia in Plainview Friday night.

Miss Lambert was a passenger in a car driven by Terry Lee Atwood of Plainview.

FLOYD DATA
POMONA, Calif. — Among the million-plus visitors attending the Los Angeles County Fair here during its 17-day run were Mr. and Mrs. Jay V. Johnson and family, 516 Georgia St., Redlands, California, former residents of Floydada, Texas.

FLOYD DATA
Lon Byars of Childress spent Wednesday in Floydada visiting nieces and nephews, Mr. and Mrs. Aaron Carthel, Mr. and Mrs. A. C. Carthel and other relatives.

Press To View Quannah Horse Ranch

QUANAH (Special) - News media from a three-state area will get the first official look at the new B-Bar-J Ranch, a three-quarter million dollar breeding and training headquarters during a special Press Preview here Thursday.

From 75 to 100 newspaper farm and sports editors, television and radio broadcasters will be joined by directors of the West Texas Chamber of Commerce and the West Texas and Panhandle Press Association for an "evening at the ranch." Press day festivities will begin at 3 p.m. with bull sessions and coffee in the ranch's picturesque old-world courtyard, followed by a tour of the 600-acre ranch facilities and later a hospitality hour and Texas ranch dinner.

Meanwhile, people of the Quannah and Greenbelt area of Texas and Oklahoma will be special guests of the ranch at an open house Sunday, October 16. The entire ranch, including the ranch's prize-winning racing stable, will be open for inspection by the public with employees stationed over the ranch area to serve as guides and hosts.

Several thousand horse breeders and members of the

racing fraternity over the nation are expected for the grand opening and first annual sale scheduled next weekend, Friday and Saturday, October 21 and 22.

The opening will include a tour of the ranch during the afternoon followed by a hospitality hour and dinner and then an evening of entertainment featuring the famed "Levee Singers" being brought to Quannah especially for the occasion.

A huge sale tent - almost the size of a football field - will be erected on the ranch grounds to handle the sale day crowd. A total of 140 Quarterhorses and Thoroughbreds have been consigned for the sale.

The modern, all-electric breeding and training facilities

at the B-Bar-J will accommodate up to 300 horses. A \$30,000 training track, an oval built to the same specifications as the track at Ruidoso, New Mexico, is being completed this week.

A prominent feature of the ranch is the almost ten miles of white wooden fences that enclose the ranch, pens, paddocks and track.

IN Floyd County
The Whirlwinds are in their

conference game Friday night and go against the Ralls Jack-rabbits.

The funeral Tuesday marked the passing of Dr. Lon V. Smith veteran practitioner, who died Monday after a brief illness.

Clay Muncy, who fell from a 35 foot windmill tower south of Cedar at the Muncy lease last Saturday was sufficiently recovered today to return home from the hospital. He suffered no broken bones in the mishap and few bruises remain this week.

Bill Crabtree, who with Van Fuqua left Floyd County in November of last year to join up with the army, is now stationed in Pince, Puerto Rico.
