By WENDELL TOOLEY

MY first view of the White River last week and just looking it appears will be a very enjoyable recapper for this area.

There is time to check out the fisherman soon report on this). The high ground has a nice paved road right to the lake and there is a fishing pier already in operation there.

Attention formed by Crosbyton people ahead to opening a restaurant, pier and a landing strip at the Crosbyton people are to be congratulating all out to make this lake inviting to people. This lake can mean a lot of industry for Crosbyton as more people go through Crosbyton (gate to the White River Dam) to get to the lake.

... in the Tulla paper last week news notes: "30 years ago Conner came from Tulla to Floydada to enter business." . . . "40 years ago A. B. . . moving to Floydada to open dry business."

... relations to Conner and A. B. . . you aboard!

... SIGN: "Try our cough syrup, you get a better."

... WITH had spent some time in ex-dusky recesses of a famous shop city.

... that quaint old figure in the corner she asked at last.

... \$10,000," whispered the horrified "That's the proprietor."

... AT HALE CENTER" week. . . we're beginning to get the feel I'm going to predict that we'll take 21 to 14.

... keeper Margie Jester is a native . . . I'm a native of Kress. . . last week I picked Kress to beat didn't get to see the game, but I sample Monday morning after hearing last 8 to 6 that the refereeing must be easy!

... looks like Doyle Moore wasn't far picked Tahoka also.

... to this week. . . see you in Hale tomorrow night.

... LED the draft board in Plainview aiming to try to get a list of the boys who are being inducted into the army. The lady said there were so many boys they could only give us the number and not the names.

... have a son, neighbor, or relative been inducted from Floyd County, Texas and we will publish a story on it.

... tary at the draft board said that 105 received notices and 65 were in Viet Nam war gets closer to home.

... BROW brought the following article about his boy in service had a buddy who clipped it from a California paper's pretty good. . . hope you'll like it.

... RIFORMS--NOW HE KNOWS

... had I had known at 18: "free offer" is usually the most

Floydada Soldier Places

Flag On Viet Nam Hilltop

A Texas flag flies atop a hill in Viet Nam, some thirty miles from Bien Hoa and above Donald Boone's bunk in a nearby camp, is draped a Floydada School flag, made possible by Floydada High School cheerleaders and Floydada High School principal, Charles Tyer.

The request for the flags came from Donald to his mother, Mrs. Earl Koop in Floydada. She contacted the Chamber of Commerce and John Reue, manager, then contacted the school to see if a school and Texas flag might be secured. The cheerleaders went to work immediately and in a few weeks had made a white corduroy flag with green lettering, saying "Fighting Whirlwinds, Floydada, Texas."

Both were received by the Floydada soldier and in a letter to the cheerleaders thanking them for the flags, he stated "The Texas Flag now flies atop the mountain and the hill is easier located by pilots, thanks to you four." The mountain can only be reached by air. Boone said the pilots had commented that they could always spot the mountain from a distance now with the flag there.

In a letter to his mother Boone said "When I received the package and saw the flags my mouth went dry; I felt like a king. I saw the picture in The Hesperian of the girls and the flag they made me; it sure made me feel important."

Jester Takes Over The Travel Center Restaurant

A. J. Jester has leased the restaurant of the Floydada Travel Center and is now operating the business.

Jester, formerly auto salesman at City Auto here, said that he would continue the 24 hour service and good service and good food would be featured.

Mrs. Jester has resigned her position as bookkeeper at the Hesperian to join in the business in about two weeks. She had been with the Hesperian over two years.

The Jesters have lived in Floydada for the past 8 years and they invite everyone to come in and visit them in their new business.

Salvation Army Fund Campaign Goal \$2,500

The Annual Fund Raising Campaign to support the Floydada Service Unit Committee of the Salvation Army will get underway Tuesday, October 25, at a luncheon at the Buchanan Colonial House.

Andy Anderson is overall campaign chairman. Volunteer citizens who will assist him with the solicitation both in town and the rural areas will be announced later.

This committee's sole purpose is to offer assistance to those who find themselves in need. During the past year 697 men, women and children have received some type of assistance such as food, clothing, shoes, medicine, lodging, transportation, etc.

The committee has as its chairman Jeff Glazner, Don Pemberton, treasurer; other members, J. W. Reue, C. H. Bedford, Loran Leibfried, Walter Collins, J. C. Wester, Homer Steen, J. M. Willson Sr., J. M. Willson Jr., Harry Morckel, and Tommy Assiter.

It was pointed out by Glazner, the cost of administration of the Army is about \$0.09 on a dollar, one third of all contributions stay in Floydada to be administered by the committee, the other two thirds supports the State services which are all available to Floyd County such as home and hospital for unwed mothers, missing persons bureau, disaster relief, camp for boys - Floydada sends 4 boys each June - and many other welfare services.

All workers are urged to attend the luncheon, to obtain campaign material. Anyone not

Floyd County Gets 1956 More Acres Of Cotton Next Year

According to a report from the local ASCS office Floyd County farmers will have a cotton acreage of 94,747 acres next year. This compares with 92,791 acres this year.

ASCS manager Tom Moore said that it should be noted that most of this increase is "bought acres" from other counties. Only three tenths of one percent is government issue acreage.

Another bright outlook on the new acreage is the increase in per acre yield. The 1966 projected yield is 666 pounds of lint per acre and the 1967 is increased to 707 pounds.

This means more money to the individual farmer on layout land payments, and price supports.

Moore said Floyd farmers would receive their allotments this week for 1967.

A county by county chart is as follows:

County	1966 Acres	1967 Acres	1966 Yield	1967 Yield
Bailey	95,207	106,153	415	491
Borden	17,831	18,214	340	329

Absentee Voting Begins

Absentee voting has begun at the county clerk's office in the Floyd County Courthouse for the November 8 election. Voters will not only vote on officials, but on 16 amendments. Absentee voting is open through November 3.

The Hesperian will print a "digest" of the amendments in the next two issues for the voters study and consideration.

Cold Weather Arrives Early This Year

Whirlwinds Travel To Hale Center Friday

The Floydada Whirlwinds will be after conference win number three Friday night when they blow into the Hale Center Owl stadium for the game scheduled to begin at 7:30. With two conference wins tucked under their belt. . . Olton and Friona, the Winds are in good spirits to make it three in a row.

The Owls suffered an unexpected loss to Olton last week, so they'll be out to show the home folks something better. For comparison the Owls lost to Abernathy 7-0 and Floydada lost 14 to 0. Of course the Olton comparison looks much better for the Winds.

The Winds have been stingy

SEE WINDS PAGE 2

Freeze Mixed Over Area

Old Mother Nature seems to have mixed emotions about the first killing freeze in this area. Two cold spells, one last Friday night and this past Tuesday night pulled the Pioneer Natural Gas thermometer down to 34 degrees both nights.

However, there's no doubt that most of the cotton and grain sorghum has been killed. On the other hand there are places in the area where tomatoes are still okay, and trees seem to be shedding very few leaves.

Last Friday night Plainview showed a reading of 28 degrees and Lockney 27 degrees. One farmer reported ice on outside water on Saturday morning at South Plains.

COTTON

Most agricultural experts say that the slight freeze on cotton will begin its defoliation

SEE FREEZE PAGE 2

Industrial Foundation To Be Organized Here

Three Floydada men have returned from the Industrial Conference at San Angelo last Friday and are ready to organize an industrial foundation to seek new industry in Floydada.

Ray Reed, chairman of the industrial committee of the chamber of commerce reported that efforts will be made to organize and incorporate an industrial foundation here shortly after the new year.

Attending the conference with Reed were chamber manager John Reue and O. M. Watson, Jr., a member of Reed's committee.

Keynote speaker for the conference was F. J. Spencer of Houston, noted economic and development consultant.

The Floydada men attended special group sessions on how to find industrial prospects, how to work with all companies in securing them and location of industrial sites.

Reed said that it seems logical now to go ahead with the mechanics of organization of the foundation shortly after the new year and by the time this is completed Floydada's "house should be in order" and ready

SEE INDUSTRY PAGE 2

PTA Halloween Carnival Planned For October 31

Members of the Halloween Carnival committee are brewing up some fun for the Andrews Ward Parent-Teachers Association Halloween Carnival set for Monday night, October 31.

Mrs. Charles Tyer is general chairman. Other committee chairmen are Mrs. Jim Jackson, tickets; Mrs. Bill Hale, bingo; Mrs. Jack Covington, publicity; Mrs. George Spears, booths; Mrs. Roger Poage, clown; Mrs. Lewis Reddy, costume contest; Mrs. Charles Hamilton, cafeteria; and Mrs. Keith Patzer, prizes.

Children wishing to enter the costume contest should be working on their costumes in order to have them completed in time for the contest.

The cafeteria will open at 5:30 for those wishing to eat. The fun and frolic begins at 6:30 p.m. and all booths will close at 8:30, according to the committee.

Mackey To Speak At City Park Church of Christ

Jack Mackey, of Lawndale Church of Christ in Amarillo will begin a series of services at the City Park Church of Christ in Floydada on Monday morning, October 31.

He will conduct the services through November 6, two services daily, 7 a.m. and 7:30 p.m.

Mr. Mackey is a former po-

FROM PAGE 1

expensive kind.
That a man isn't judged by what he knows, but by how he wears it.
That it's useless to get into a spraying contest with a skunk.
That when a man's position in life depends upon his having a certain opinion, that's the opinion he will have.
That friends who break fast at the wire often fade in the stretch.
That the best person to borrow from is the one who doesn't have much.
That women who seem the most "feminine" turn into the most feline and most feral.
That the cynic is good-hearted beneath his facade, whereas the sentimentalist is flint-hearted beneath his.
That the worst sins are committed by indifference, not by vice.
That the people who are suspicious of certain things are the very ones who are the most capable of doing that of which they are suspicious.
That nobody can misunderstand a child as much as his own parents.
That the more neurotic partner in a marriage is the one who is not seeing a psychiatrist.
That ends never justify means, but, quite the contrary, means tend to corrupt ends.
That being able to do exactly as one pleases is the surest way to remain perpetually unpleased.
That human nature doesn't need to change; it just needs to ask itself continually what is meant by "human" and to give itself an honest answer.
That the way in which we say something is often more important than what we say.

That the "liberal" who gets power can be violently illiberal, just as the "conservative" who gets power can be greedily unconservative.
That it can take less courage to face death than to face life.
That the atheist who believes in man and scorns God can be closer to holiness than the religionist who believes in God and scorns man.
That nobody has the power to hurt us or help us as much as we fancy; and mortal hurts are almost always self-inflicted.
That it is impossible to have a good opinion of one's self and a low opinion of others; the down-grader is projecting his self-concept.
That "pleasure" and "joy" are not synonyms, but may be as profoundly different as Heaven and Hell.
KAZ WIERZBICKI, who lived as a foreign exchange student in the Billy Stanforth home, sent a cablegram to the Stanforths early this week, hoping that he would get to visit with President and Mrs. Johnson while they are in New Zealand. Kaz said the President was supposed to visit his uncle's ranch and could the Stanforths get word to the President that he would like to again shake his hand?
The Stanforths called Congressman George Mahon and he relayed the message to the President. It was not known at press time if Kaz got to visit with the President or not.
Kaz had visited the President's ranch while living here, and visited with him at the White House.
Floydada folk will be sorry to hear that the father of Kaz has unexpectedly died.

JACK MACKEY
FROM PAGE 1
lice officer with the Oklahoma City police department and has served with the FBI in several states. While with the FBI in Brownsville he began to preach and received wide publicity throughout the country, when in 1947 he resigned from the Bureau to give full time to preaching.

Active in various Christian schools and in helping formulate and develop Church Loans and Investments Trust, a company wholly dedicated to supply loan monies to Churches of Christ for building, Mr. Mackey brings a wealth of experience in his messages.

Minister of City Park Church of Christ George Elkins invites everyone to hear the inspiring messages of Mr. Mackey. Song leader for the series of services will be Bush Jordan.

Teenage Benefit Dance Planned For Mike Green

The Mysteries and the local VFW Post have combined their efforts to hold a benefit dance for Mike Green to be held at the Floydada VFW Post Home Saturday night, October 22, starting at 8 o'clock.
All proceeds will go to the Mike Green Fund to assist in paying for his doctor and hospital bills. Mike was critically injured in a car accident last June and hospitalized about a month at Lubbock before being transferred to Westbryn Haven in Floydada where he is at present.
The Mysteries will furnish dance music and the VFW the building.
Two members of the VFW will be on hand to help with the dance and parents that wish to help chaperone are welcome.

Donations for Mike Green will be accepted at the door.

BAND BOOSTERS TO MEET MONDAY

Floydada Band Boosters will meet Monday night, October 24 in High School.
All Junior and High School Band parents are urged to be present.

College Talk
Northern Coed-Men are all alike.

FREEZE
FROM PAGE 1

and should speed up its maturity. They reported that most of the county's cotton was early enough to stand the early freeze.
In areas where it did get down to 32 or below of course it will be recorded as one of the earliest freezes on record. The earliest recorded for Floydada was in 1952 on October 7.
GRAIN SORGHUM
Local elevator operators report that almost all of the grain sorghum has been harvested, so the early freeze made no difference to this crop.
WHEAT
Three weeks ago "there was too much wet weather," but now Floyd farmers are running irrigation wells, trying to get up some late wheat.
Although there is an abundance of deep moisture, the continual plowing processes of getting the grain sowed has dried out the surface moisture.

ARMY

WINDS
FROM PAGE 1

with their opponents all year, limiting Post to 14 points, Springlake to 6, Hereford B to 0, Dimmitt to 6, and Abernathy to 7.
It appears that the Hale Center club is not particularly strong on passing attack, but its 190 pound fullback, Marvin Wilson is hard to hold and 175 pound halfback H. T. Smith is a real ground gainer.
The Hale Center team is big, tall and has one of the strongest running offenses in the district. In fact they played Abernathy all over the field, just couldn't make the needed seven points.

School Paper Rated Superior

LUBBOCK, Oct. 13 - Recognition awards were presented to high school newspapers and yearbooks during the annual J-Day activities at Texas Tech Saturday (Oct. 15).
Recipients of superior newspaper ratings were Lubbock High School in Class 4-A, Grants, N. M. High School in Class 3-A, Floydada and Crane High Schools in Class 2-A and Texico High School in Class A.
Yearbook honors went to Amarillo Tascosa High, Lubbock High and Plainview High School in Class 4-A, Crane and Colorado City high schools in Class 2-A and to Tahoka, Texico and Ralls high schools in Class 1-A.
Principal speaker at the awards luncheon in Tech Union was Phillip Carter, Newsweek Bureau Chief in Houston.

GSPA Asks Loan Hike

"An increase in the price support loan rate of 25¢ per hundred in the 1967 feed grain program is the surest way to

assure farmers that their income will be maintained and strengthened," Elbert Harp, President of the Grain Sorghum

Producers Association told Orville Freeman, Secretary of Agriculture, in a letter this week. Harp pointed out that this action would provide the grain producer with a stronger credit base as well as protect him from declining markets at harvest time as USDA seeks to bring many of the diverted acres back into production. Freeman had earlier indicated that the 1967 feed grain programs when announced will be administered in such a manner as to attract from 15 to 18 million of the 30 million acres now diverted from corn and grain sorghum back into production.

The Mitchell demonstration is located on the Lockney-Sandhill highway six miles out of Lockney and front of the Chester Mitchell residence.

Each demonstration contains three experimental varieties that have been developed in the South Plains Research and Extension Center at Lubbock, Othello varieties in the tests are: Stripper 31, Lankart 611, Paymaster 202, Paymaster 111 and Qualla 10.

Now is the time of year for county 4-H clubs to elect new officers for the coming year. It is also time to prepare next year's programs. Each 4-H club is advised to plan the programs desired for the next year. Then, at 2:00 p.m. on October 26, a meeting of 4-H organization leaders will be held at the agricultural building in Floydada. At this time, leaders and agents will work together to arrange programs for all clubs without conflicting dates. It is presumed that each club's organization leader will have a general idea as to the nature of the programs before the meeting and the details will be worked out at the meeting.

The extension agents and 4-H members wish to thank Lighthouse Electric Cooperative for the billboard space advertising National 4-H Week.

The oat straw donated for the stock show by Tom Sneed is also greatly appreciated.

The Abernathy farmer and GSPA head in talking with farmers points out that these 4 principles may not necessarily be incorporated into any new program which may be announced in a matter of days, but that he feels it important that farmers as members of the Association know the principles for which their association has been working in their interest.

Harp went on to indicate that he along with other officers and staff of GSPA in recent months have served on various committees and councils charged with the responsibility of assisting with the development of the new feed grain program laws. During these close liaison sessions as well as through all regular association administrative activities that GSPA has worked for 4 basic principles: (1) That increased producer income be the number one objective of the 1967 feed grain program. (2) That the loan rate be increased from the current \$1.52 national average to \$1.77. (3) That the combination of the diversion payments and the direct price support payments be retained at their current levels. (4) That payments be made on the total acres on which the farmer produces rather than just one-half of the acres as in this year's program.

works in Baker Collector Gallery. Mrs. Ed Wester and Mrs. Darrell Faires accompanied Mrs. Farris to the showing. (Photo courtesy of Avalanche Journal)

Mrs. Parker Hostess For 34 Club Meeting

Mrs. Vernon Parker was hostess for the regular meeting of the 1934 Study Club Tuesday night, October 18. Mrs. Allen Bingham called the meeting to order and Mrs. H. B. Barber introduced her guest, Mrs. W. H. Jaroszewski from San Antonio. Roll call was given by members attending. Mrs. A. L. Wylie, finance chairman, and Mrs. W. O. Newberry, treasurer, reported on the home tour held last Sunday afternoon. The club is grateful to all who helped make it a success. The resignation of Mrs. David Eaton, who is leaving Floydada, was regrettably accepted. Mrs. Ralph Johnston, Federation council delegate, announced that the next meeting would be Tuesday, November 1st in the First Baptist Church chapel at 7:30 p.m. This is Federation Day. Guest speaker will be Mrs. B. F. Seay of Andrews, Texas Federation president. Prior to the scheduled meeting, local study club presidents, vice-presidents and council members will honor Mrs. Seay at a dinner in her honor at Lamplighter Inn. Other district officers and council members will also attend.

Blood Donations Total 118 Pints

LOCKNEY (Special) - A total of 118 pints of blood was donated here Monday in a drive in behalf of a 15-year-old Lockney youth who is a victim of hemophilia. Persons from all walks of life participated in the blood drive, conducted Monday morning at Lockney General Hospital with volunteers from the Carter Blood Center of Fort Worth assisting. The blood was donated on behalf of Steve Williams, son of Mr. and Mrs. Millard Williams. The Lockney Lions Club inaugurated the project, which grew to include aid from numerous church groups, other service and civic organizations and study clubs. The youth requires an estimated 100 pints of blood plasma annually and will be given one pint of plasma from the center for each pint donated in his behalf. Salutatorian of his junior high school class, Steve maintains his studies at home.

FLOYD DATA Mrs. Howard Gregory and Mrs. J. E. Waller returned home Monday by train from Chicago, Ill., where they attended the Family Life Conference as representatives of the First Methodist Church in Floydada.

FLOYD DATA Mrs. J. D. Nash Sr., who recently underwent major surgery, lies critically ill in a Marlin hospital. Mrs. Nash, who is 80, resides in Calvert, Tex.

FLOYD DATA Miss Vicki Gregory, daughter of Mr. and Mrs. Howard Gregory was home for the weekend from McMurry College where she is a freshman. Mr. Smith is the most be-

Shirley McClung Speaks For Young Republicans

Shirley McClung, a senior in Floydada High School, brought the program at the meeting of the Floydada Young Republicans Monday night, October 17th. Twenty-seven attended including YR sponsor, John Farris. Mrs. McClung, who attended the Farm Bureau Citizenship Seminar this past summer, spoke on Americanism Opposed to Communism, and the role our generation must take to keep America free.

Mrs. Taylor Gets Prizes In Holly Cook-Off

Mrs. J. P. Taylor of the South Plains Community won three second prizes in the cakes, candy and yeast bread categories in Holly Sugar's 1966 High Plains Cook-Off held Saturday in Hereford according to other news sources. Mrs. Taylor's cooking and baking skill earned prizes of \$45 in addition to the three second place ribbons. Competition for the \$450 in prizes attracted a number of previous area winners from throughout West and Central Texas, Southern Oklahoma and Eastern New Mexico. Mrs. Taylor has won numerous prizes for her cooking and canning ability in area and local fairs.

Camilla Nash Member Of Drill Team

Miss Camilla Nash, daughter of Mr. and Mrs. J. D. Nash of Floydada, has been selected as one of six new members of the Angel Flight Precision Drill Team at Texas Tech. There are only 40 members in the team. A student must maintain a high grade average to be eligible to remain a team member. Miss Nash, a 1966 graduate of Floydada High School, is a freshman at Texas Tech where she is majoring in business education.

CAMILLA NASH

FLOYD DATA Mr. and Mrs. G. W. Smith and daughter and family, Mr. and Mrs. Bob Everett and sons are in Colorado on a hunting trip.

QUICK BREAD WINNER - Mrs. A. H. Kreis of Floydada received a third place award in the "quick bread" category of Holly Sugar's 1966 Plains Cook-off in Hereford last week. She also earned a \$10.00 prize in the "nut bread" category. Award is given by F. L. Kafka, director of public relations for Holly Sugar Corporation.

Red Kincer Praises Rhodesia In Letter To Avalanche Journal

An interesting letter by L. T. (Red) Kincer about Rhodesia in the "Letters to the Editor" department in a recent edition of the Lubbock Avalanche Journal. Kincer made the trip to South Africa last winter to install an acid delinting plant for a firm in Rhodesia. He owns the acid delinting plant in Hale Center where he lived until moving to Slaton. His son, Dale Kincer, resides in Floydada. EDITOR, The Avalanche-Journal: Last Sunday you printed a letter written by Ken Kincer on the State of Rhodesia. I would like to shake his hand. I have just returned from a trip to South Africa and spent several days in Salisbury and several other cities in Rhodesia. Salisbury is one of the most modern and beautiful cities in the world and all the credit goes to the people of Salisbury and to their wonderful leader Ian Smith. Mr. Smith is the most be-

Remarks following the program showed how well the audience responded to Miss McClung's speech. One remark summed up a lot of the reaction, "It hit you where it hurts!" according to those attending. Business was taken care of at the beginning of the meeting, Joe Mac Jarnagin, vice president of Young Republicans, brought a brief summary on the "Tower Speech" held Tuesday, October 11th in Plainview. Jeanne Brewer, president, attended the meeting. Recognition was made of those who helped decorate the building in which Senator Tower spoke. Nine persons joined the Young Republican group after which refreshments were served. The next meeting is scheduled for October 24 in the community room of the First National Bank at 7:30 p.m.

SHIRLEY McCLUNG

46 Entries In Cotton Contest

Forty-six girls from 15 area cities including Miss Shirlene Race of Floydada, are entries in the Miss Cotton Contest which will be held tonight (Thursday) at 7:30 in conjunction with the Annual Hi-Plains Cotton Festival at Plainview. The event, and others scheduled for Friday and Saturday nights, will be held in the Hale County Agricultural Center. Making a special appearance tonight will be Miss Nancy Bernard, National Maid of Cotton and Miss Susan Logan, reigning Miss Texas. Miss Bernard will also appear on Friday night's program and will model her cotton wardrobe during the Cotton Style Show.

Saturday night is the Prince Bolls and Princess Blossom Contest. Each event is slated for 7:30 p.m.

Christmas Seals Fight Respiratory Diseases

Christmas Seals fight TB and other respiratory diseases such as emphysema, bronchitis, asthma. The State of Texas, under leadership of Governor John Connally, moved in 1965 to reconstruct the state's program against Tuberculosis. About 50,000 new active cases of tuberculosis, contagious to others, are found in the United States every year. Another become active each year - and shocking as it may be - TB cases in Texas are greater than any other state in the Union. Direct cost of TB in Texas alone amounts to \$16 million annually. So help support our own West Texas Tuberculosis Association with Christmas Seals - for TB and other respiratory diseases. Watch for TB Mobile Unit in Floydada soon!

HEALTH AND BEAUTY

Too many people in apparent good health suffer from chronic fatigue. The only way to fight fatigue is to learn its causes and its types. You must learn to avoid that weary feeling before it strikes. The best medication for fatigue is food and sleep. Too often habits made concrete over the years prevent adults from getting this needed rest and food. It may be that you drink too much coffee or take too many pep pills to allow yourself to relax enough to sleep or to even have the proper desire for food. A successful prize-fighter named his new born son "Dorothy." "I want him to be a top prize-fighter," he explained, "and with a name like that he's bound to get a lot of early experience."

WELL-SUITED - Snappy red covers in pin-dotted cotton knit provides the practical answer for warm and comfortable playwear. British doctors asked to resist American lures.

Philosopher Hails New Invention Making Television Fairly Safe To Go To Sleep By

Editor's note: The Floyd Philosopher on his Johnson grass farm apparently has had his television set repaired, his letter this week indicates.

Dear editor:
I knew it would be mastered sooner or later, and can now

report that television, according to an advertisement I read in a newspaper last night between westerns, has come of age.

As I understand it, one of the problems of television has been that people go to sleep while watching it and the set keeps on working. If you're watching it from a bed or couch, you might sleep all night with the set still going. If you're in a chair and doze off, you might get waked up when Thrush sets off an explosion to destroy North America. Just because program is dull is no sign it's quiet.

According to this advertisement, however, the problem has now been licked. A company has come out with a set that automatically turns itself off.

I don't have the details, but I presume you look over the night's television programs, figure you can stay awake through the first two or three, but estimate along about half way through the fourth you're likely to doze off. So you set the auto-

matic switch, and can go to sleep anytime, even through the first or second, still knowing the set will blink off by itself. This is one of the greatest strides I guess television has made.

Incidentally, I have long wondered why the television rating firms, instead of putting a gadget on selected people's sets to record when they're turned on, don't put the gadget on the people themselves to record when they're awake. Unless they're both going at the same

time, the test is unreliable. None the less, I am pleased to know that television has whipped one of its major problems.

Newspapers and books, of course, did it hundreds of years ago. Ever since they were invented, you could go to sleep reading a newspaper or a book without worrying about turning anything off. It's good to know you can now safely televise yourself to sleep.

Yours faithfully,
J. A.

SWEET POTATOES MAIN DISH TO DESSERT

Are sweet potatoes a favorite with you? Then you enjoy a vegetable that enhances many Texas meals. Sweet potatoes are economical, delicious, nutritious and easy to prepare. Serve them to your family today for a special mealtime treat.

RICH IN VITAMINS

Many Texan's diets are low in two important nutrients, vitamins C and A. One serving of sweet potatoes supplies the body with its daily vitamin A needs approximately one-third of the daily needs of vitamin C. They also supply small amounts of the B vitamins and minerals. A medium sized sweet potato contains 155 calories — not too many, but enough to supply the body with valuable food energy.

SELECTION AND STORAGE

Choose sweet potatoes that are firm, smooth, reasonably clean and free from blemishes. Uniform sized potatoes will cook in the same time period, making "Pot watching" unnecessary.

Bruising sweet potatoes allows places for rot organisms to enter; handle sweet potatoes with extreme care to prevent bruising and subsequent loss. Properly handled sweet potatoes should keep satisfactory for two months or more in the kitchen. It is the unnoticed damage occurring between purchases and kitchen which results in the breakdown and loss of sweet potatoes.

Store uncooked sweet potatoes at a temperature of 60 degrees F or above — not in the refrigerator.

To eliminate loss, cook the entire purchase of sweet potatoes and freeze the excess not consumed at the immediate meal. Also, the freezer can be used to good advantage by freezing prepared sweet potatoes during the fall, when good buys usually can be made. See directions for freezing sweet potatoes.

One pound of sweet potatoes provides 4 to 5 one half cup servings.

SAVE FLAVOR AND NUTRIENTS

Cook sweet potatoes in the jacket to prevent some of the sweetness from being dissolved in the water. The skin will be easy to remove and will take less of the potato with it than when peeled raw.

Since vitamin C is destroyed easily by air, cook sweet potatoes quickly and serve hot to prevent nutrient loss.

Store left-over, peeled sweet potatoes in a covered dish in the refrigerator. Unpeeled, cook sweet potatoes also should be refrigerated.

FREEZING

Use medium to large mature potatoes that have been cured. Wash and cook until almost tender in water, pressure saucepan or oven. Cool. Peel, cut in halves, slice or mash. To prevent whole sweet potatoes or slices from darkening dip for 5 seconds in a solution containing 1 tablespoon citric acid or 1/2 cups lemon juice to quart of water. To keep mashed sweet potatoes from darkening, mix 2 tablespoons orange or lemon juice with each quart of mashed potatoes. Package and freeze immediately.

If you would like to have a recipe bulletin on sweet potatoes write or call the extension office in Floydada and ask for MP 717 SWEET POTATOES MAIN DISH TO DESSERT.

warned the public not to expect too much too soon. The first Federal safety standards will apply to 1968 model vehicles. The law sets December 31, 1968 as a deadline for highway safety programs.

TO THE FUTURE — Crop residue for maintenance and protection. Residues conserve moisture, infiltration of rainfall and improve soil losses, and improve fertility using residues consists

primarily of leaving the residues from grain sorghum and small grain crops on or near the surface of the land until the land is prepared for the next crop (preferably after the first of the year in the case of grain sorghums for increased soil protection).

STANDING YOUNG FARMER — Deanie Henderson, of the Farmers Chapter, was recognized as the Outstanding Young Farmer of Texas, comprised of the Panhandle and on the 1st of January, Henderson will receive honors against the winners from the other nine areas in Texas. As part of his award, Henderson received a refrigerator-freezer from Southwestern Public Service Co. In the photo, Henderson, left, and Mrs. Henderson, center, are being congratulated by Don Pemberton, Floydada District Manager for Southwestern Public Service Co.

ON PARCEL POST — A bill to permit mailing of larger and heavier packages by parcel post over the next five years has been signed by the President. Rates will be raised at an average of 10 cents a package next January 15.

LISTENS TO CROWDS

The President's limousines have been equipped with tiny microphones to allow him to hear the response of the crowd. If he hears cheering and shouts of approval, like any politician, he knows he will get a warm reception for many unscheduled speeches.

SAFETY LAWS

The Only Killer Whale Ever Captured Stars In Thrill-Packed Motion Picture!

(Production Story)
Killer whale ever captured uninjured, and trained by a human being, is in pictures!
— so named after the Pacific Coast village to which he was towed after summer. By an odd co-incidence, Namu happens to be the Tlinglit for sea monster!

Robert Lansing, star of 'Namu, The Killer Whale,' United Artists release in Color by De Luxe, feeds a nine-pound salmon to the whale, the first of his species ever captured by man. Opening FRIDAY at the PALACE Theatre, film also stars John Anderson, Lee Meriwether and Richard Erdman.

LEO THRASHER

Leo Thrasher Completes Recruit Training

SAN DIEGO, Calif. (FHTNC) Oct. 3 -- Marine Private Leo M. Thrasher, son of Mr. and Mrs. Leo R. Thrasher of Route 2, Floydada, Tex., was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

Under the supervision of veteran noncommissioned officer Drill instructors, he learned small arms marksmanship, bayonet fighting, and methods of self-protection. He also received instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

He will now undergo four weeks of individual combat training and four weeks of basic specialist training in his military job field before being assigned to a permanent unit.

Mrs. R. C. Guest and Mrs. Morris Wideman were in Lubbock on Tuesday where Mrs. Guest visited her sister, Mrs. J. R. Chalker, and Mrs. Wideman visited with Mrs. Clyde Wideman.

On Saturday afternoon, Rev. and Mrs. H. B. Coggin, Ralls, visited in the home of Mrs.

DOUGHERTY NEWS by Mrs. W. J. Ross

DOUGHERTY, Oct. 17 -- This area had below freezing temperature Saturday morning Oct. 15, with plenty of ice. This was among the early freezing dates for the area and much earlier than our average freezing date.

The symposium of opinion seemed to be that most of the cotton in this area was mature enough that the freeze

Catlin Rites In Lockney

Funeral rites for Lawrence Andrew Catlin, 57 year old father of Mrs. Adaline Malett of Floydada, and a life long resident of Lockney, were conducted yesterday afternoon in the First Baptist Church in that city.

Catlin, a carpenter, was pronounced dead on arrival at Lockney General Hospital Monday afternoon after he collapsed while laying carpeting in a Lockney residence.

The deceased was a veteran of World War II and a member of the American Legion. He was born in Floyd County and married the former Lillie Mae Cope December 30, 1927 in Floydada.

Survivors include his wife; three daughters, Mrs. Malett of Floydada, Mrs. Anna Mae Hardin and Mrs. Jean Preston both of Lubbock; his mother Mrs. C. M. Catlin of Lockney; one sister, Mrs. Ruby Anderson of Levelland and seven grandchildren.

Interment was in Lockney Cemetery.

FILM REVUE

WHAT DID YOU DO IN THE WAR, DADDY?

It's been over twenty years since World War II and perhaps the script writers took more liberties than usual with this comedy situation.

The story concerns American troops entering a small Italian town while a company of Italian soldiers are playing a soccer game. After the game, there's an all night fiesta of wine-drinking and wild celebration.

Dick Shawn, the American Captain, attempts to control his men but fails and displays his talent for farce when told of his behavior.

Aldo Ray, Harry Morgan and James Coburn add several amusing situations to this comedy of how the war really "wasn't."

Peachie Parrish, The Ted Goodsons, Spur, were overnight guests on Sunday of his sister, Mrs. David Blanton and Mr. Blanton.

Mr. and Mrs. Leson Parker, Plainview visited the Joe Jacksons on Saturday evening and all attended a forty-two and housewares party at the Big Four club house.

Miss Dorothy Cox spent Sunday night in the home of Mr. and Mrs. Haney Wideman, Mark, Mel and Mardith.

On Wednesday afternoon Mrs. Dan James had as her guest Mrs. Hilmer Erlien and Mrs. B. N. Pierce, Houston, and Mrs. Jack Ross, Dougherty. Mrs. Erlien is the former Mrs. Lolita Ross and lived in the community some years ago.

damage will be slight.

The Dougherty Gin ginned its first bale of the season Oct. 13. It was produced by Leroy Chowning. This was a late date for a first bale. In 1965 the first bale was ginned September 5.

A ministerial student from Wayland College conducted services at the local Baptist Church Sunday morning and evening. He is Roy Myers, a native of Pennsylvania and more recently from Denver, Colorado. He is a shoe salesman for Sears at Plainview in addition to his college work. He is a veteran of the Korean conflict. He has a wife, Sharon and three children; Valerie, Brenda and Troy.

The Myers family were dinner guests in the W. J. Ross home. In the afternoon they took a sightseeing drive through the Dickens, Roaring

springs area.

Several of our local citizens continue to be patients at the Lockney Hospital; Ira Linch, Mrs. J. G. Cage and Jimmy Powell. Each is reported to be doing as well as can be expected.

Kenneth Ring continues to recuperate at the home of his parents.

Mr. and Mrs. A. J. Rainwater of Ralls were Sunday dinner guests in the home of their son, Wayne and family.

Mrs. L. G. Norrel visited Mr. and Mrs. J. T. Poole Tuesday.

Mr. and Mrs. H. N. Powell visited friends at the local hospital Sunday afternoon and then visited in Plainview.

Mrs. Homer Erben and her sister-in-law, Mrs. Nathan Price, of Houston were house guests of Mr. and Mrs. W. J. Ross last week.

Railroads Pay \$24,235 T

Current annual taxes paid to the various government agencies in Floyd County totaled \$24,235, it is announced by the Texas Railroad Association.

That amount was the county's share of the nearly \$10,000,000 the railroads paid in Texas on their own right of way and other property.

The biggest railroad contribution was to the school systems throughout the state. Large sums were also distributed to city, village and county governments and for road and bridge funds.

In addition, of course, was the large total in taxes the railroads' nearly 35,000 Texas employees contributed on their own property. The vast majority of rail workers, many of whom live in Floyd County, own their own homes.

"With the future of our country and state depending to a

great extent upon the education of our youth, I am delighted that nearly half of the taxes paid by the railroads go to support the schools," said Walter Caven, general counsel of the Texas Railroad Association.

MIRACLE OF HEALING

Mike Green Recovering, Back Home Wednesday

kept praying... we had faith in Mike could be restored to health home," were the happy words of Mrs. Dobbins, mother of Mike Green, as she was interviewed by a reporter.

Mike was all smiles... sitting by the window in Westbryn Haven... he talks and recognizes everyone he knew before the accident. He confided to his mother, too, had been praying that he would return home.

HUNDREDS HELP

For another two months Mike lay unconscious... over a hundred people took turns sitting at Mike's bedside night and day. Intake and output tubes gave Mike nourishment to remain alive. He weighed 123 pounds at the time of the accident. He got down to 85 pounds.

"People that we did not know came to sit with Mike," Mrs. Dobbins said. "Everyone has just been so wonderful with their time, prayers and words of faith," Mrs. Dobbins continued. "This has certainly been a miracle of healing."

MIKE AWAKES

About a month ago Mike began to smile at TV programs... he began to indicate recognition of people sitting at his bedside... in a very short time the tubes were taken out, he began to eat, sleep normally, and to talk.

Last week he talked to his brother Kenneth, who was in the army in Fort Benning, Ga. Then Sunday, he really got a happy surprise when Kenneth arrived for a short leave to be with Mike. Mike has no other brothers or sisters.

In the past week, Mike has enjoyed sitting at his window and watching the football boys work out at high school, he is walking some... He went home this week.....

Recharge Wells Store 84 Acre Feet Of Water At Halfway

"Eighty-four acre feet of water have been stored in the Ogallala formation from the two playa lakes at the High Plains Research Foundation thus far in 1966. The water conserved is enough to apply four inches per acre on 253,8 acres," according to Jim Valliant, Soil Scientist, who completed his B.S. in Agricultural Engineering at Texas Technological College.

Five hundred and eighty-one acre-feet of surplus lake water from rain and tailwater run-off into the playa lakes have been placed underground through recharge from 1959 to January, 1966. This does not include the 84 acre-feet recharged this year. The 581 acre-feet amount to 27.6 percent of the total amount pumped from all four wells on the Foundation farm during this time.

These artificial recharge wells are multi-purpose. They are (1) an irrigation well, (2) a recharge and drainage well, (3) a lake pump, and (4) a tail-water system.

Proper installation and proper maintenance are the keys to the success of multi-purpose (recharge) wells. The three major installation factors are (1) an intake control valve, (2) an air vent, and (3) the casing perforated 20 to 30 feet above the static water level.

Proper maintenance consists of these three main phases: (1) Recharging for twenty-two

hours and pumping for two hours, (2) recharging water at 85 percent of the pumping rate, and (3) use of the multi-purpose well for irrigation whenever possible--use this well more than the other wells. Each phase is designed to remove any solids which are placed in the formation and keep the well at peak pumping and recharge capacity.

Grasses and other crops such as hybrid grazers are being studied as a means of clearing water in the playa lakes and to obtain income from an otherwise unprofitable area on the farm.

Results obtained at the Foundation and by many farmers through the use of multi-purpose (recharge) wells indicate that artificial recharge of surplus water can be an immediate means of conserving water and replenishing the groundwater formation in the Texas High Plains, as well as being profitable.

C. H. Janeway, Special Representative of the Foundation, in reporting this interview with Valliant said: "Jim has assisted many farmers and some irrigation companies as consultant in planning and supervising the installation of multi-purpose (recharge) wells. These wells are located in many communities in the area in addition to the two recharge wells at the Foundation. Some of these locations are Hart, Edmonson, Olton, Little-

Debt, \$1,000 Per Family In Floyd

Hesperian)

Oct. 10 - In most other counties, a second installment of residential residents are

standing is estimated at \$1,000 per family.

That is the overall average. Some families owe considerably more than this and others owe little or nothing.

For the county as a whole, the total installment debt, as of midyear, comes to approximately \$4,200,000.

To meet the regular payments on this debt requires over 15 percent of the net, disposable income of local residents, or about \$83 per month.

The largest part of it, over 40 percent, represents payments due on car purchases. An additional 25 percent or so is for other consumer goods. The rest is for modernization loans, personal loans and the like. Home mortgages, charge accounts and bank loans do not come under this category.

Are the American people too heavily in debt? The consensus is that they are not.

As stated by an official of the National Industrial Conference Board, the ability to repay is what is important.

If people have steady jobs and their income keeps rising, as it has been in recent years, they are in a position to han-

dle bigger debt loads than they were before.

FFA Will Hold First Meeting

The Floydada Chapter of Future Farmers of America will hold their first meeting Thursday (today) October 20 with the main business on the agenda being the initiation of freshmen boys to the degree of Green Hands. There are 58 boys who will be elected to this degree.

This week in Vocational Ag classes work has consisted of Freshman Parliamentary procedure, sophomore electricity and welding, junior grasses and cattle. Ag IV has been working with wood and on garden tractors.

FLOYD DATA

Mrs. John Hopper, longtime Floyd County resident, is now settled in the home of her daughter, 515 Inspiration Drive in San Antonio. Mrs. Hopper recently moved from Floydada to be near her daughter, since the recent death of Mr. Hopper.

SOUTH PLAINS NEWS by Mrs. Murray Julian

SOUTH PLAINS, Oct. 17—Sunday morning and night at the South Plains Baptist Church the Rev. Weldon Barnard, formerly of Fort Worth, will be speaking at both services, in view of a call to the ministry there. Dr. Fred Howard is interim pastor at South Plains. Each and every member and friends should try to be present for the messages.

The Taylor Cattle Company has been gathering cattle down north of Quitaque the past three weeks getting them all together ready for buyers, who come from other states, at times to purchase the cattle.

Monty Smitherman, son of the Philip Smithermans, was out of school all the past week and Thursday and Friday of the weekend before, with some kind of a virus. He was in the hospital over the weekend with a fever, but this Monday he is back in school, although he still has slight fever in the afternoons.

J. M. Williams, principal of the South Plains School, returned to his duties last Monday.

day, and made the week in fine shape. He had been ill for several weeks before this.

Messengers from the Baptist Church who went to the First Baptist Church in Floydada for an all day meeting last Thursday were Mmes. Bryant Higginbotham, J. P. Taylor, J. Ronald Taylor, Grigsby Milton and Mr. and Mrs. Fred Fortenberry.

The South Plains PTA is sponsoring their annual Halloween Carnival at the schoolhouse on October 29. Games of all kinds, and interesting booths will be held for the Halloween party for the children.

We offer our sympathy to Mrs. Joan York, in the death of her grandmother, Mrs. H. D. Brooks, about 82, who died Friday in Cullman, Alabama. She had been in the hospital there for some time. Funeral services were held there in Cullman Saturday for the grandmother. The grandfather, H. D. Brooks is in a critical condition.

Mr. and Mrs. Fred Fortenberry visited Thursday in Lockney with her mother, Mrs. N. C. McCain, and with Mrs. Fortenberry's uncle, Mr. and Mrs. Bill Daniels from Dallas, who were visiting there.

Mrs. Bill Thomas was in the Plainview Medical Hospital several days of last week, but is getting along much better at this writing. Mrs. Maud Brister continues to receive treatment at the Lockney Hospital for her broken hip.

Mr. and Mrs. Roy Burks accompanied Mr. and Mrs. Bryan Karr to Arizona Monday but were called back Monday night from Wilcox, by the illness of Mrs. Karr's sister, Mrs. Elster McLeod of Lockney, who was taking tests in the Northwest Hospital in Amarillo, and

was very ill. She is home now and we hope she continues to get better. Monday also, Bryan's mother, Mrs. J. H. Karr of Springtown, fell and broke her hip. She is now in the Fort Worth Osteopathic Hospital, and the Karrs went down Thursday, returning Sunday evening. They found her getting along fine at this time.

Mr. and Mrs. Shelby Calahan and Mr. and Mrs. Bryan Karr went to Amarillo Wednesday where they visited Shelby and Mrs. Karr's sister, Mrs. Elster McLeod. The Karrs had returned home from Arizona Tuesday night.

WMU members met for Royal Service at the Baptist Church Tuesday afternoon, with a study of "The Search for God Among Language Groups in Detroit, Pittsburgh and Atlanta." The study aim was to find how Southern Baptists have helped people in these big cities. We need to befriend and win people in our part of the world, as well as the big cities. Present for the study were Mmes. L. T. Wood, Grigsby Milton, Murray Julian, Ernest York, Fred Fortenberry, Joan York and Tillman Powell. This Tuesday will be a study in Missions.

Mr. and Mrs. Early Pritchett and Stevie spent Friday through Sunday in Dallas, where they visited his sister, Mrs. L. D. Reid and family, and attended the State Fair, and went through an airplane factory. This was the first time they had ever been to the fair at Dallas, and they anticipated a great time.

Murray Julian's nephew, Connie Jackson of Albuquerque, N. M. son of Mr. and Mrs. Frank Jackson of Lubbock will marry Miss Susan Faulkner of Albuquerque on November 12 there in Albuquerque. The couple were recently feted with a bridal shower in Lubbock at the home of Mrs. Jimmie Evans on 28 street. Connie spent his early years here in South Plains, and his mother grew up here. She was the former Shirley Faye Harper.

Mr. and Mrs. Kendis Julian went to West Texas State University Saturday for the Homecoming events, especially the West Texas State vs University of Richmond at the Buffalo Bowl in the football game at 6:30. They went with Mr. and Mrs. Bruce Julian, and later visited in their home. Other guests there were Edell Moore and Miss Jenis Moore.

Mr. and Mrs. L. N. Johnson went up to Canyon, Saturday, Oct. 15, to attend the Homecoming Football game at the Buffalo Stadium, and enjoyed festivities during the afternoon and evening there.

Mr. and Mrs. Tillman Powell and family were hosts Sunday with his sister, Mr. and Mrs. Bob Adams and children of Anna, Texas, the honorees for a family dinner and supper gathering in the Powell home. With the above were Mr. and Mrs. Wayne Poteet, of Floydada, Mr. and Mrs. George Ray Powell and baby of Lubbock and Mr. and Mrs. Fletcher Powell and family of Lockney. The birthday also honored Wayne Poteet, on his birthday, and the group enjoyed a birthday cake.

Among those from here who went to Floydada to the annual "Tour of Homes" Sunday were Mrs. L. T. Wood, Mrs. Grigsby Milton and Darla, Mrs. Eugene Beedy and Mrs. Kendis Julian. Mrs. Arby Mulder went to

Amarillo Sunday to see her daughter, Miss Kathy Mulder, who was ill. Kathy attends Amarillo Junior College.

Thermometers fell here Saturday morning, October 15, to a low of 26 degrees, according to Fred Fortenberry. There was ice on water tubs, and frost covered the ground. Fields really look black, and this Monday it has been spitting rain all day, and tornado reports are going around.

Mrs. L. T. Wood attended the Floydada Garden Club at the home of Mrs. P. T. Bertrand on Kentucky Street Friday morning at 9:30 with the program on bulbs. Mrs. Wood will be entertaining the Garden Club here at her home October 28, Friday morning.

Mr. and Mrs. Frank McClure had Sunday dinner in Plainview with their daughter, Mrs. Jean McClure and family. Along with Mr. and Mrs. George Beedy they toured the underground home there in Plainview, "The Automint," and enjoyed seeing this fabulous place. The McClures spent most of last week in Lubbock where Mrs. W. N. West lay critically ill. Mrs. West is well enough to be brought to the home of her daughter, Mrs. Kenneth Jones in Amarillo sometime this week.

There will be an all day meeting of the Caprock Association for Associational WMU Leaders in Spur at 10 a.m. on October 27. Each member should take a covered dish, and attend the class in which he is interested. Mrs. L. T. Wood will teach a class on Enlistment.

Mrs. Skeet Thornton was in the Methodist Hospital in Lubbock from Tuesday until Thursday of last week. She underwent surgery on her nose, and is now at her home and getting along fine. Her daughter, Melba Glenn from Durango, Colo., is staying with Mrs. Thornton this week.

Mrs. George Weast is recuperating from her broken heel at her home on the Silverton Highway, and is up in a wheel chair at this time. Visitors Sunday included Mr. and Mrs. Gordon Montague and son from Plainview and many others from our area.

Dinah Bean, daughter of the Albert Beans here, was hit in the eye last Thursday night with a basketball, and is in the hospital at this time suffering with her eye. We all hope there is no bad injury.

Eighty three were in attendance at the South Plains Baptist Church Sunday morning and there were no visitors. Mrs. Sterling Cummings is the new Hospitality Chairman for the church, so please see her as you sign up to help take care of hospitalities for the coming preacher, Rev. Barnard, and for Dr. Fred Howard each Sunday. The nursery is proud of new floor covering and will soon have a new heater in there. The parsonage is all new and clean with new floor covering in kitchen, dining and bath rooms, and will have all new storm

Producer's Co-op Elevator Sets Annual Meeting

The annual meeting of stockholders of Producers Cooperative Elevator of Floydada and Dougherty was set by the Board of Directors.

The meeting date will be Tuesday evening, November 8, 1966 at 7:30 in the Floydada High School Cafeteria.

There will be an election of

two directors, and Audit report; distributing of dividend checks, and door prizes.

Refreshments will be served at the close of the meeting.

All members and families are cordially invited.

This announcement was made by C. L. Gilly, Secretary.

Area Farms In Veteran Land Sale

According to D. G. Ayres, county service officer two area farms are listed for sale in the forthcoming Veterans land sale. One is in Briscoe County and one is in Deaf Smith County.

The sale will be November 15, 1966 in the General Land Office.

Anyone interested in bidding on these farms, or who would like to see a complete listing of all farms for sale should con-

tact the local service officer.

Roger C. Now Co.

ILLESHEIM (AHTNC)—Roger C. Now, son of Mr. and Mrs. Conner, Route 1, Tex., was promoted captain Sept. 22 where he is service officer in 51st Infantry, 4th Division.

Willsons Attend Lectures

Mr. and Mrs. J. M. Willson are busy attending Willson lectures this week.

Last week they were at McMurry College in Abilene to

BIBLE VERSE

"To every thing there is a season, and a time to every purpose under the heaven."

1. Who made the above statement?
2. Whose son was he?
3. What was the theme of the book from which it was taken?
4. Where may this statement be found?

Answers to Bible Verse

1. Most scholars agree that it was Solomon.
2. The son of David.
3. How man may obtain real, substantial happiness.
4. Ecclesiastes 3: 1.

hear Bishop Arthur Moore. The first part of this week they will be at Austin College where Dr. Elton Trueblood of Earlham College will be the speaker.

The theme of the four lectures will be "The Idea of the Contemporary: Its Strengths and Weaknesses."

The series is endowed by the gift from Mr. and Mrs. Willson in memory of Mr. Willson's sister, Mrs. Geneva Willson Nichols.

Dr. Trueblood, professor of philosophy at Earlham College in Richmond, Ind. received Austin College's Founders Medal at the Founders Day convocation.

The Willsons will return to this area Thursday and plan to attend the Thursday lectures at Wayland Baptist College Friday.

The Rev. and Mrs. Herschel Thurston and Mr. and Mrs. Arthur Wylie also attended the

lectures last week at McMurry.

Norman Goen Makes Trip With Okla. Tech

Norman Goen from Floydada is among the automotive club members of Oklahoma State Tech, Okmulgee, to make a field trip to the General Motors Assembly Plant at Kansas City, October 14.

Field trips are a part of the projects sponsored by the club with the purpose of acquainting students first-hand with related industries to the automotive skills they are learning.

Sponsors on the trip were instructors Houston Adams, Vernon Himes, G. A. Mitchell and Carl Newnam.

OUR TABLE IS YOUR PROTECTION

You don't believe a 6 can act anything like an 8?

With our new Overhead Cam Six you'd better believe it.

A few short years ago automotive engineers were struggling to coax 165 hp out of a four barrel V-8 using premium gas. Remember? Our single barrel OHC 6 gets 165 hp on regular. And 215 from the premium gas four barrel option.

Most American sixes (and some underprivileged V-8s) don't even come close. Expensive European sports machines do. But they're overhead cams, too. In fact, they inspired us. But we like to think ours is better.

Our OHC 6 is standard on all Tempests and Le Mans (nothing of new styling, new interiors, new colors, new optional hood-mounted tach) and new standard safety features (like power guard door locks, General Motors' new energy absorbing column and a four-way hazard warning flasher).

We've said enough. If a test drive won't convince you, not 67 Pontiac OHC Sprint/Ride the Wide-Track Winning

See your authorized Pontiac dealer for a test drive.

CITY AUTO, INC.

201 E. MISSOURI STREET FLOYDADA, TEXAS

Mackenzie Project May Go To Voters Five Months

Within approximately five months, preliminary studies of the proposed Mackenzie Reservoir are scheduled to be completed, with the next step being an election in which each of the cities, Tulla, Silverton, Lockney, and Floydada will give the project the green light or reject it.

According to Don Bookout of Tulla, voters of each city will be asked whether or not it will enter into a contract with the Authority to receive its water supply from the proposed reservoir.

The Authority was described by Bookout as "an independent entity set up by the Texas Legislature." Represented in the Authority are Silverton, Tulla, Lockney and Floydada.

Bookout said should one city reject the issue, another city can be sought to fill the membership. He said, "This certainly should be difficult," and said other cities in the area have inquired into the project.

With core drilling completed and site reported as "ideal," feasibility of the plan has been established. Adding to this "feasibility," Bookout pointed out, "is the fact that the plan has shown up to indicate the water needs of each member city. We are talking in terms of \$4 or \$5 million construction." He continued, "This thing is going to cost money and people need to know it. But I believe the survival of these four towns may depend on this project."

At present, Bookout said, the Authority's fiscal agent, First South Company, Columbia Securities Corporation of Texas, is compiling financial statements and a report on the water needs of each member city. These findings will be combined with reports being prepared by Freeze, Tulla, and Endress, engineers, "detailing what we are proposing to build and how much it will cost," Bookout said. "For this work, the Department of Housing and Urban Development approved a loan of \$75,500." He said the amount is a loan, not a grant.

In the financial study, he explained, determining current water billing for each city — what each city uses and how much it can pay for. He said each member city would have to contract with the Authority for a certain amount of water at a guaranteed price.

Bookout's report is a design of the dam, showing the exact size plus amount of materials; location of purification plant, pipelines and all required systems, and land needed both for the reservoir and materials. "It will include cost estimates in all phases," Bookout said. The advantage in the proposed site is that 3 million of the approximately 4 million cubic yards of earth needed can be secured at the site. Bookout explained the additional material which is special material for

for the core dam, can be obtained nearby the site. He said although the Authority had hoped to secure all the material from the dam site, thereby deepening it, "we are glad the 3 million cubic yards can come from the site and that the other is so easily accessible. Otherwise we could have had a problem."

The proposed reservoir, with a 900-acre surface area and a water capacity of 54,000 acre feet, would have an average depth of 60 feet and a maximum depth of 148 feet. Bookout stressed, "This is very good. Most reservoirs its size average about 23 feet. This extra depth would cut down considerably on evaporation."

Although deeper than many reservoirs its size, in surface area Mackenzie would be about half the size of Buffalo Lake at Umbarger or of similar dimensions to Inks Lake at Burnet and Marble Falls in the Austin area.

Bookout said long-range planning for the proposed reservoir includes recreational areas.

He commented the Authority is hoping for a government grant upon approval of the issue. If such a grant is not forthcoming, he added, a tax will be necessary.

When bond elections are called, he continued, "If all goes well, the next step would be to acquire the land, both for the reservoir and water distribution facilities. Also at about that time, contracts would be let." Construction is estimated to require about two years. Bookout added, "Then we would have to wait for the reservoir to fill. We could have half filled it with our watershed the past two years."

Based on present progress, officials of the Authority have expressed the possibility of the beginning of construction within a year.

Location of the site may be pinpointed on the Briscoe County map approximately six miles upstream from the confluence of Tule Creek with Prairie Dog Town Fork of the Red River. The spillway would be about three-eighths of a mile west of FM 284.

Foundation studies recently completed by Johnston & Mason of Dallas found conditions excellent.

An excerpt from the report states, "Both right and left abutments capped by 45-foot sandstone. Redbed underlies the sandstone and is exposed in both abutments and the creek channel. Core trench will be nominal depth and will be dry. Adequate materials for construction of either homogeneous or zoned type of embankment. Riprap and blanket readily available. Emergency spillway through right abutment underlain by 45-foot sandstone." Tests showed there should be little or no leakage.

Service spillway level would have an elevation of 3,100 with emergency spillway, 3110. Length of main embankment would be 1,275 feet and total length embankment, 2,300 feet. Maximum height of embankment would be 178 feet with a maximum width of 1,058.

EDITORIALS

The Rights Bill

The recent death of a civil rights bill in the United States Senate is a significant indication of a change in the political wind. Despite what sometimes appears to be the case, politicians usually vote close to the wishes of their constituents on bills which have stirred intense emotions.

The death of a civil rights bill sponsored by the President in this election year, then, is a development which cannot go unnoticed by either Democrats or Republicans.

Most observers agree one factor which played a part in turning public opinion against the bill was wide-

spread resentment over recent riots and disorders in the nation's cities.

Some Democrats have warned the White House that the impression current in some areas—that the White House has condoned riots or at least shown timidity in speaking out against violence and extremist actions—is likely to be a political handicap in the November elections.

Defeat of the Administration effort to invoke cloture in the Senate reflects the fact that Americans deplore extremist agitation and violence, and should be a warning to radicals or fanatics who are likely to be the losers in pushing extremist actions.

Intelligence Vital

Let's not make the mistake of underestimating intelligence.

No problem of the world will be solved by emotion. No great benefit comes to the world except through change. Thousands of experiments would have been valueless without a trained mind to read their messages and apply them truthfully.

It is all right for a man to take pride in his experience, garnered through the years. He has something

that is distinctly an asset to him. However, let him not underestimate the value of so-called book intelligence, if he has little of it.

Experience and intelligence together will solve many problems that neither, alone, can handle. The man without either is badly handicapped. He who pokes fun at intelligence is as foolish as the bookworm who imagines he can understand all of life by reading.

Crosbyton Group Opens Grocery, Cafe, Station, At White River Lake

Fishermen, skiers, picnic groups and visitors to the White River Lake may now buy hamburgers, soft drinks, home permanents, fishing lures, minnows, gas for their car or boat, all in one stop at the White River Marina Grocery Store.

The new store, managed by Mr. and Mrs. Posey Wilcher, is now open and is owned by White River Marina, Inc., consisting of John Brown, T. J. Taylor, Hulien Clifton, Roy Lee Ellis, T. W. Stockton, Jr., Bart Lynch, Jack Hash, J. W. Jackson, Charles Hudman and Jimmy Charles Dunn.

It is the first of the concessions to be opened by the corporation which has leased all recreational and commercial concessions from the White River Municipal Water District.

The 40x60 turquoise steel building features a front and side view of the lake through the all glass and brick front of the building. A covered patio in front will be furnished with picnic tables for snack bar customers.

The snack bar, at the north end of the building, is equipped with eight stools. Fixtures are stainless steel and the griddle and deep fryer are well vented. The formica counter is in a wood grain finish.

A large office and storage room is located just off the snack bar and restrooms are located in the building.

The grocery shelves and notions and the check-out counters are situated in the center of the store. Mr. and Mrs. Wilcher have stated that grocery prices will be competitive and they invite all area residents to visit the new store.

An important feature of the store is the new 10x12 cooler in which perishables will be stored and where Wilcher plans to keep the meats for both the grocery and snack bar.

The store will stock all kinds of canned soft drinks, eliminating the need to return bottles and some of the hazard of broken glass around the lake.

Fishing supplies and the bait shop are located at the south end of the building. The bait will include minnows in large concrete tanks.

The White River Marina store will have White River Lake fishing and boating permits and they plan to sell State fishing licenses, pending State approval.

Guest Editorial

CLEMO CLEMENTS in *The Lewisville Leader*: Recently at a professional football game in Dallas, a white boy selling cold drinks accidentally spilled his entire tray of wares into the lap of a Negro man.

A perfect setting for a racial incident? You bet.

The boy was profuse in his apologies. And all around, white spectators pulled out handkerchiefs and helped wipe away the Coke stains. Everyone was solicitous of the Negro man... also about the embarrassed boy.

It dawned on one of the men that the boy would have to pay for the Cokes and no doubt this would leave him in the hole for his day's work.

A collection was taken up.

Blessed pat, the victim of the spilling reached in his pocket and donated a Coke drenched dollar bill!

We couldn't help but compare this magnanimous gesture with the racial rioting and vandalism going on elsewhere in our country right at that time.

Now we're not advocating that Negroes should subject themselves to a dousing with Coke to prove they're magnanimous. Nor are we suggesting they be servile or humble. But we are saying that the Negro who conducts himself with poise, dignity, and graciousness can win respect for himself and his race, whereas poor manners, rioting, looting and vandalism cannot.

On top of this heart warming gesture on the part of the Negro man at the Cotton Bowl, as we watched the Cowboys perform, none of the spectators around us seemed concerned whether Bob Hayes, Mel Renfro or Don Perkins were Negroes, but respected them for their ability and courage. In fact, unless our ears deceived us, Bob Hayes received a greater ovation from the predominantly white crowd than any of the white players on the Cowboy team.

Of course we realize all Negroes, just like all whites, can't be football heroes, but the results are the same in our routine daily and less spectacular roles. We win respect for what we are, by what we do and what we stand for.

The Negroes in America have come a long way since their revolt began. No race in history has gained so rapidly in such a short time. But the gains came through non-violent endeavors... peaceful demonstrations, combining voting strength, and by exemplary conduct and accomplishments in the field of athletics, in the performing arts and elevation on the basis of ability in governmental and business offices.

But for some, this hasn't been fast enough. Violence and ill manners have been resorted to. As a result the Negroes have lost valuable ground. The defeat of the recent Civil Rights housing bill is one good example. Some politicians' heads have already tumbled due to a resentment over racial violence. More will follow in November.

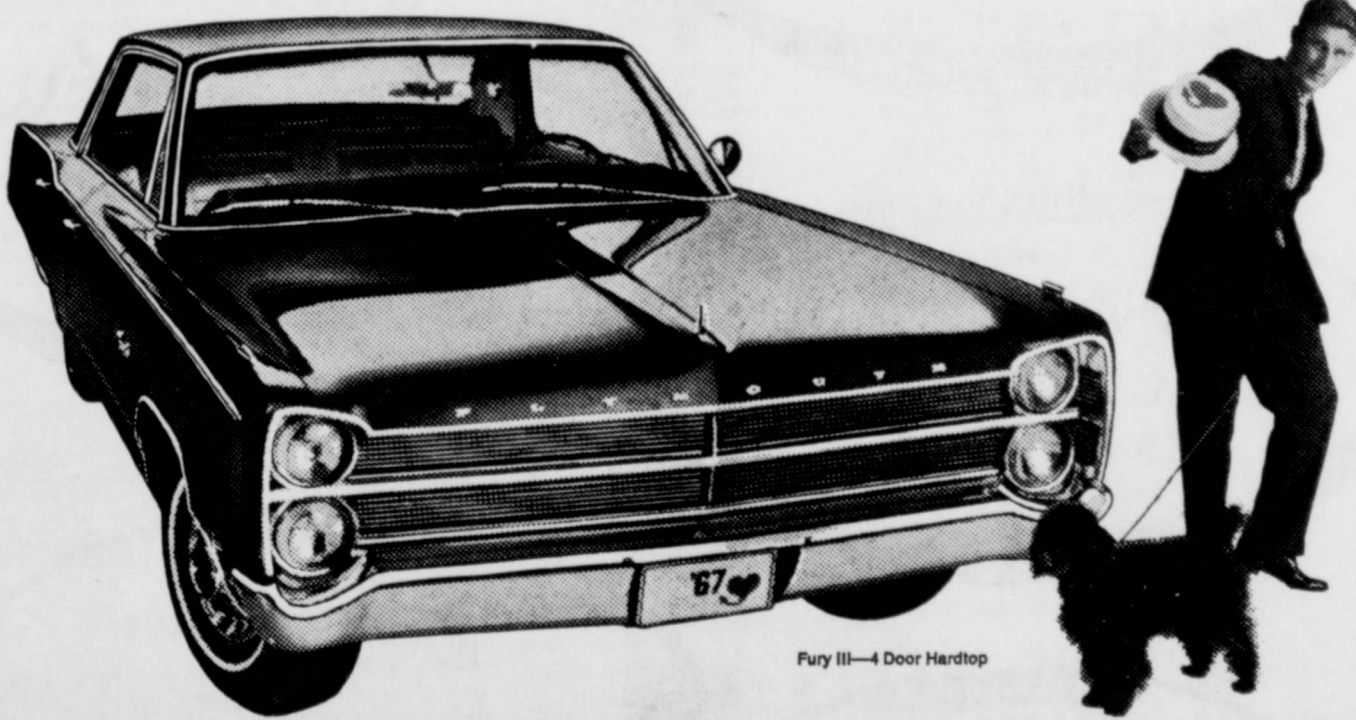

And what a pity in face of the great strides the Negroes have made and in view of the glorious achievement members of the race have had in all phases of sports, stage, screen, television and opera.

Especially is it tragic in that complete liberation and acceptance would have come, and been permanent, if non-violent efforts, graciousness and dignity had continued to be practiced.

NOW... GROWERS Who want more money per bale

Should go to the Gin displaying this sign

PROTECT-O-COAT Formula X-78 is the revolutionary new chemical additive that protects the inherent qualities of cotton fiber during the spinning process. In many tests the following results have been shown on cotton treated with PROTECT-O-COAT:

- Fiber raised from 1/2 to 2 full staples
- Color improved 1/4 to 1 full grade
- "Live feel" and greater fiber uniformity
- Over 2¢ per pound increase in value
- Less 1/4" and 1/2" fibers

Drastic cleaning and drying makes cotton brittle and fiber length is shortened by gin and lint cleaner saws. PROTECT-O-COAT Formula X-78, applied as a fog mist in the conveyor distributor, recoats the fiber and minimizes damage. Progressive ginners are now offering PROTECT-O-COAT service to give you a sample that will bring you more money per bale. For improved grade and staple, go to the gin that displays the sign above. Write for a list of PROTECT-O-COAT ginners in your area.

Winds Second In District; Beat Friona 26 to 6

Whirlwinds worked into second place last Friday when they overcame Friona Gridsters 26 to 6.

Meantime Memphis placed first place by placing Floydada in a second place with Ab- and Friona.

Six points were scored with 8:30 left to go in that span there were more points racked up than in the first quarter. Darrell Monday's kick was wide, for

Floydada scored the only touchdown of the first half by driving 62 in nine quick plays. Two passes ate up most of the yardage, with quarterback Larry Barbee hitting Steve Marler for a 32-yard gain, then flinging to Tommy Weathersbee for 12 yards and a first-and-goal situation at the one.

Joe Christian cracked the Friona defense on the second down play to give Floydada the lead with 29 seconds left in the first quarter. Darrell Monday's kick was wide, for

a 6-0 score.

Friona missed a golden opportunity to score in the second quarter, after defensive halfback Joe Garcia grabbed a Floydada fumble in mid-air and gave Friona possession at the Whirlwind 25. A penalty gave Friona even closer vantage point at the eight, but three plays gained just four yards.

On fourth down, Ted Renner tried a field goal into the north wind, but it went wide of the mark. The ball was kicked from the 15.

Floydada decided to do something about the tight defensive game late in the third quarter, beginning a 78-yard touchdown drive. Big gainer in the drive was Kerry Bearden's 31-yard gallop to midfield on the second play after Friona's punt.

Third down passes to Weathersbee and Marler kept the drive going, and the Whirlwinds got the touchdown on a fourth down aerial, which Marler took in the open and easily went into the end zone. The play covered 20 yards, and upped Floydada's lead to 12-0 with 8:30 left in the game.

Floydada tried to get two extra points, but a running try failed.

Friona then mounted its only sustained drive of the night, and covered 65 yards in seven

plays. A personal foul penalty against the 'Winds helped the drive along. Sophomore halfback Tony Perera gained 41 of the yards, 26 of them on

one sprint, and scored the touchdown on a seven-yard scoring pass from fellow sophomore Johnny Barker.

Ted Renner's kick was a

shade wide, but this cut the margin to 12-6 with 5:33 to play in the contest.

However, Floydada had come to play, and wasn't about to be

a party to a Friona rally. The Whirlwinds matched Friona's drive by covering 68 yards in seven plays, as Darrell Monday carried the lead.

Monday almost went all the way from Floydada's 43-yard line, but was knocked out of bounds at the 21 after a 36-yard scamper. Three plays later he got the touchdown, and added two points running after a pass interference penalty on Friona gave Floydada a closer chance. This left the score at 20-6 with 1:47 left on the clock.

Friona had the ball at its 25, and quarterback Barker had tried one pass that didn't click when the roof fell in completely on the Chieftains. Barker lost the ball on the second down play, Floydada recovered, and the Whirlwinds

decided they wanted some more points.

A 15 yard pass play to Marler gained to the ten, and penalty against Friona made a first and goal from the five. On the third down play from the one, Barbee hit Marler who was all alone in the end zone. Another running try failed, and with five seconds left on the clock it was 26-6, and that's the way it ended.

The win evened things up for Floydada after last year's 27-0 whitewashing the Whirlwinds suffered at Friona, and left them tied with the Chiefs with a 2-1 District 3-AA record.

Although he didn't figure in the scoring Kerry Bearden was the game's leading ground-gainer with an even 100 yards on 21 carries.

SPORTS

Newberry Wins Football Contest

Newberry, 812 Methodist, missed six points in the second half when they lost to Friona 26 to 6.

Others who missed seven points, but were ruled out of the contest because of their indication on the tie-breaker game are Jay Jones, Danny Bradford, George Patton, Claude Weathersbee, Bob Denson and Garland Martin.

Contestants are reminded to not only indicate total score on the tie-breaker game, but to also circle the winner.

Roy Hartman of South Plains will receive the second place \$5.00 award and T. L. Holland of Floydada will receive the third place \$2.50 prize.

Others who missed seven points, but were ruled out of the contest because of their indication on the tie-breaker game are Jay Jones, Danny Bradford, George Patton, Claude Weathersbee, Bob Denson and Garland Martin.

Contestants are reminded to not only indicate total score on the tie-breaker game, but to also circle the winner.

FAIRVIEW NEWS

FAIRVIEW, Oct. 17 - Mr. and Mrs. Shirley Irwin spent Friday in Floydada with her parents, Mr. and Mrs. R. R. Waller.

Del McClure of Plainview spent the weekend in the Shirley Irwin home.

Mr. and Mrs. Cecil Payne and Mr. and Mrs. Winfred Payne have been spending most of their time in Lubbock at Methodist Hospital with Ronnie Payne, son of Mr. and Mrs. Winfred Payne.

Ronnie was in a motorcycle accident in Lubbock Thursday night and he received head and facial injuries. His grandmother, Mrs. Cecil Payne, reports he is recovering satisfactorily.

Tammy and Ronda Payne, children of Mr. and Mrs. Ronnie Payne, and Randy and Lynette Payne, children of Mr. and Mrs. Winfred Payne, have been staying some with their grandparents while their parents are in Lubbock.

Sunday dinner guests in the home of Mr. and Mrs. Ruy Irwin were Mr. and Mrs. Carl Nelson and Mrs. Shirley Carthel, all of Floydada.

Mr. and Mrs. Earl Thompson and Mr. and Mrs. Galen Holland visited last Sunday afternoon with Mr. and Mrs. Ruy Irwin.

Those visiting in the Galen Holland home during last week were Mr. and Mrs. E. M. Moore, Mrs. Georgia Adcock and Mrs. Ethel Collins, all of Floydada, Mrs. Bob Thompson and daughters Linda and Luann and Mrs. E. W. Walls.

Sunday callers with the Hollands were Mr. and Mrs. Tom Hopper, Mrs. Leroy Crutchfield of Floydada, Mrs. Earl Thompson and Mrs. Elmer Smallwood from Matador and Mrs. Van Thompson of Globe, Arizona.

Mr. and Mrs. Alton Clifford and Mr. and Mrs. Ernie Hankel of Weslaco came Saturday for a visit here with relatives. The Hankels spent Sunday night at the home of Mr. and Mrs. Bill Tye, and the Cliffords spent all of their time here at the home of Mrs. W. B. Wilson. Others gathering at Mrs. Wilson's home Sunday were Mr. and Mrs. Walton Wilson, Mr. and Mrs. Woodrow Wilson, Mr. and Mrs. Cotton Wilson, Mr. and Mrs. Bill Tye and Jim, Mr. and Mrs. Weldon Pruitt and children, Mr. and Mrs. Harvey Allen and sons, Mr. and Mrs. Eugene Beedy and family, Mr. and Mrs.

AGAINST POST THIS WEEK

Mustangs Face Most Severe Test

Denver City's dominion of just about wrap up the title, but Post still has Slaton to face and the Tigers have become tough all of a sudden and they fought Denver City all the way Friday before falling, 24-13. At the same time, Post was beating Morton, 35-0.

Memphis jumped into the 2-AA lead over the weekend with a 14-12 win over Abernathy and now the Cyclones are in the driver's seat down the stretch run. But the road is still rocky.

The loss by Abernathy was the first of the season and now every AA club has lost at least once. Stanton and Morton, which play this week, are the only

Charlie Overstreet Elected Freshman Senator

Charles Overstreet, Lubbock Christian College freshman from Floydada, was one of five students elected October 11 to the LCC Student Senate.

Overstreet, a 1966 graduate of Floydada High School, is the son of Mr. and Mrs. R. W. Overstreet, Rt. 4. He is majoring in chemistry and is a member of the Aggie Club.

In high school, he was president of the Junior Class and chapter president of Future Farmers of America for two years. A brother, Robert, attended LCC before him.

Overstreet is receiving a music scholarship which pays all his violin lessons.

LCC is a private liberal arts junior college now celebrating its tenth anniversary. It offers associate degrees in 14 different fields.

W. Walls and Mrs. R. F. Hall, Sunday visitors in the Bagwell home and with Mrs. Joiner were Mrs. Arel Rainer, Mrs. C. H. Wise, Mrs. C. W. Denison, and Mrs. Mary Gear of Los Angeles, Calif. Mrs. Gear is the sister of Carl W. Denison.

Mrs. Winfred Payne and children and Mrs. Ronnie Payne and children visited in the Cecil Payne home last Monday afternoon.

Mr. and Mrs. R. M. Cannon went to Littlefield Tuesday where they spent the day with R. M.'s nephew, Mr. and Mrs. Clarence Cannon.

Mrs. J. W. Cannon and Steve visited Saturday in the R. M. Cannon home.

Mrs. Kate Crabtree and her

Comanche Trail Scout Meeting

A regular meeting of the scout commissioners of the Comanche Trail District was held recently in Crosbyton. DeWitt Thompson and Tom Cherry of the South Plains Executive Board were present for the meeting with the six commissioners.

A lengthy discussion was held concerning the replacing of Cecil Isbell, Comanche Trail Executive who moved recently to the Galveston Area.

Reports were heard from the various committeemen and it was suggested that consideration be given to working the God and Country Awards through laymen and troops rather than through the churches and ministers.

Tom Cherry, who is assistant scout executive for the South Plains Council is presently holding down his job and replacing scout executives for this district and the George White district (Littlefield area).

It was suggested that pictures of the scout drive chairmen be run just prior to the fund drive, probably around the first of November.

State employees in every classification, the Texas Public Employees Association. This statewide organization will convene in its 21st annual meeting on October 31 in the Terrace Motor Hotel in Austin, with delegates from all over the State attending the two-day event.

In his official memorandum, Connolly pointed out that "rapid population growth, fantastic urbanization, expanding public services demanded by modern industrial activity and increasing welfare and health aids for citizens have made our State government one of Texas' biggest businesses."

"The Texas public employees who manage and handle this business do it so well, that Texas, in spite of its growth, is fifth among all States in the lowest number of State employees per 10,000 capita population, with the exclusion of

TALENT AND BEAUTY are the two worthy attributes of Martha Hyer, who stars with Clint Walker and Keenan Wynn in Paramount Pictures' "The Night of The Grizzly," opening Thursday at the Capada Theatre. The film deals with the exciting and dramatic story of a family's struggles against the hostile elements of an untamed wilderness.

educational employees." State employee members of TPEA attending the annual convention will determine the policies for this non-political, non-union organization for the coming year. TPEA states its foremost purpose as being the improvement of public service in Texas and the professional standing of its employees.

Texas taxpayers have entrusted the operating of its big State business to these public servants. This big business runs the gamut from the defense of the State by the National Guard to educating its youth in special schools through the university level, maintaining the public health of the more than 10 million Texans, providing recreation through parks and conservation and regulation of wildlife, aiding the handicapped, needy and aged - the list goes on and on.

Through their efficiency and integrity plus professional know-how, these Texas public employees have built a highway system second to none, a model correctional system, a water

One Rural Accident In September

The Texas Highway Patrol investigated one accident on rural highways in Floyd County during the month of September, according to Sergeant Thurman Keffer, Highway Patrol Super-

visor of this area. This crash resulted in no deaths, no injuries, and an estimated property damage of \$450.00.

The rural traffic accident summary for this county during the first nine months of 1966 shows a total of 44 accidents resulting in four persons killed, 41 persons injured, and an estimated property damage of \$26,110.00.

From past experience, the month of October signals the increase of traffic accidents in Texas due to shorter days and longer nights. The increased hours of darkness will hide dangers otherwise visible during the daylight hours.

YOU HAVE TO BE A FAST TALKER is the lesson Elvis Presley learns as he's confronted by the four "only girls" in his life. . . Marianna Hill, Linda Wong, Irene Tsu and Julie Parrish. . . about the fifth girl he is out with in Hal Wallis' Technicolor production, "Paradise - Hawaiian Style," a Paramount Picture in Technicolor opening Sunday at the Capada Theatre.

INSTANT ROMANCE - To throw inquiring newsmen off their trail, Rock Hudson slips a ring on Claudia Cardinale's finger to give the impression that they have just announced their engagement in this scene in Universal's romantic suspense comedy, "Blindfold," photographed in Technicolor starring Hudson and Miss Cardinale; co-starring Jack Warden, Guy Stockwell, Brad Dexter. "Blindfold" shows at the Palace Sunday, Monday, Tuesday.

Texas Public Employees Week

In proclaiming October 31-November 5 as TEXAS PUBLIC EMPLOYEES WEEK, Governor John Connally recognized the professional efficiency and integrity of Texas employees and the services they render the State.

The week is sponsored by the one organization representing

visor of this area. This crash resulted in no deaths, no injuries, and an estimated property damage of \$450.00.

The rural traffic accident summary for this county during the first nine months of 1966 shows a total of 44 accidents resulting in four persons killed, 41 persons injured, and an estimated property damage of \$26,110.00.

From past experience, the month of October signals the increase of traffic accidents in Texas due to shorter days and longer nights. The increased hours of darkness will hide dangers otherwise visible during the daylight hours.

Willie Wirehand NOTES

LIGHTHOUSE ELECTRIC COOPERATIVE, INC.
MARY PHILLIPS, HOME ECONOMIST

October is Co-operative Month. We would like to give you some history and facts concerning your rural electric cooperative as well as the cooperatives, in general.

Rural families used co-ops to electrify U.S. farms. The first electric co-ops were organized in 1936, when only 11% of the nation's farm families had central-station electricity. Now 98% have such dependable electric service, and co-ops serve more than half of them.

Through cooperatives, New York City families have remade lower Manhattan. Their housing co-ops have replaced the slums with graceful buildings, parks, and playgrounds. Families who live there pay 20-25% less than they would to rent similar apartments.

Farmers have used co-ops to gain some control over the cost of their supplies. Where they've built strong co-ops, they've held the price line since 1957-57 - fertilizer down 3%, feed down .8%, electricity down 3%, tractor fuel up on .3%. Where co-ops are weak, prices have risen sharply. A tractor costs 13% more than in 1957-59, a corn planter 25% more, twine 20% more.

Co-ops pioneered consumer credit. Loans used to be made to persons who could pledge sufficient collateral. If you didn't need money, you could borrow it. Credit unions changed this. They emphasized the borrower's character, his ability to repay. Fifteen million credit union members own 22,000 of these self-help credit co-ops, and they have there on deposit \$8 1/4 billion.

After World War II church, labor, farm, co-ops, and civic groups agreed to pool their relief efforts over-seas instead of setting up separate agencies. They organized the world's most famous co-op, CARE, the Cooperative for American Relief Everywhere. Through this Co-op, Americans have contributed \$215 million for food, clothing, blankets, and self-help tools. The man who has prepaid his doctor bill more likely seeks regular physical check-ups. That's why group health plans emphasize prepayment - as well as group-practice, direct service health care. As a result, their 5,000,000 members are hospitalized 40% less often than Americans generally. These co-ops point the way to health.

The cooperatively-oriented mutual insurance companies - those that seek to stimulate meaningful policyowner control - introduced the first practical group policies. These co-ops were also the first to merit-rate rural residents and thus cut farmers' auto insurance costs.

A Co-op is a good way to get things done!

spent the week-end in Lubbock visiting friends and relatives.

Robert Lawlis Completes Combat Training

CAMP PENDLETON, Calif., (FHTNC) Oct. 7 -- Marine Private First Class Robert M. Lawlis, son of Captain and Mrs. Robert L. Lawlis of Floydada, Tex., has completed four weeks of individual combat training here.

During the training period, he received more than 200 hours of instruction in guerrilla warfare, the use of infantry weapons, combat patrols, and squad tactics.

His next assignment is four weeks of basic specialist training to prepare him for a specific job in the Marine Corps.

Marines to be assigned to infantry units will be taught specialties such as the technical operation of the machine gun, grenade launcher, or mortar. Those entering highly skilled occupational fields will receive advanced training at resident technical schools.

Rites Conducted For Mrs. Trice

Mr. and Mrs. Corky Guffee were in Lubbock over the week-end attending a Retail Merchants Association Convention.

Mr. and Mrs. Claude Weathersbee visited in Slaton on Sunday with her sister, Mrs. Reese Bevins.

Mr. and Mrs. Kent Hardage were week-end guests of her parents and brother, Mr. and Mrs. Bud Goen and Mark. Sunday guests at the Goen's were Lt. and Mrs. Mike Badgett of Lawton, Oklahoma and Mr. and Mrs. Rex King of Lubbock.

Mr. and Mrs. O. A. Neff

Funeral rites for Mrs. W. B. Trice, 87 year old former Floyd County resident, were conducted Friday in the City Park Church of Christ in Floydada. Mrs. Trice died Wednesday morning of last week in Hendrick Memorial Hospital in Abilene. She had been ill several weeks following a stroke.

Mrs. Trice lived in Floydada until 1934 when she and her late husband moved to Troupe, Tex. In 1940 the couple moved to Abilene.

Survivors include one son, Lee Trice of Floydada; two daughters, Mrs. Allen Knous of Snyder and Mrs. E. W. Taylor of Liberty; six grandchildren and 10 great grandchildren.

George Bailey, pastor of Abilene Christian College Church, officiated at rites, assisted by George Elkins, minister of the City Park Church.

Burial was in Floydada Cemetery under the direction of Moore Funeral Home.
