Auditorium To Be Built At Plains Baptist Assembly

Auditorium Will Seat 1,000 People

Plans are completed for construction of an auditorium at Plains Baptist Assembly. The new building is located ten miles south of Floydada and will serve 180 Southern Baptist Churches in the Lubbock and Caprock Areas. Resident membership in these churches totals over 60,000.

The new structure will seat 1,000 people. Features include a kitchenette, rest rooms, small meeting rooms and year-round heating and cooling. The materials will be pre-cast steel and brick. It is estimated to cost \$1,000,000.

The new facility will make provision for fund raising. The summer camping program attracts about 6,000 per season. In addition to these conferences, seminars, church area meetings, and many state denominational meetings will be held here.

Churches of both areas have set aside \$250,000 as Plains Baptist Assembly Day. The church special conduct its own fund raising program. Special offerings will be taken in churches, while some will include an offering from the regular budget.

W. Morgan, Camp Manager, said the facility will be ready for the camp season this summer. The Men's Brotherhood Meeting on June 17 is the first scheduled activity for the summer.

MAYOR FILES FOR RE-ELECTION

Council Sets Election

At its regular monthly meeting Tuesday night the Floydada City Council called the city election to be held at City Hall, April 4, 1967 for the purpose of electing a mayor and two councilmen for a term of two years. The terms of councilmen Louis Anderson and John Smitherman and Mayor Leonard Matsler are up.

Mayor Matsler has filed for re-election and Smitherman and Anderson have not yet reached a decision about seeking re-election.

Deadline for any candidate seeking election to the city council is midnight, March 4.

NEW POLICE CAR
Oden Chevrolet was low bidder for a new police car. The city is trading in a 1965 Ford.

SEWAGE DISPOSAL PLANT
The council discussed and tabled the possibility of receiving a 30% government grant for a new sewage disposal plant.

Discussion and tabling also resulted in changing sewer and sanitation rates.

SALARY INCREASE
The city's employees will receive a salary increase of five percent effective April 1 and the council approved this increase in the new budget.

WATER CONTROL EQUIPMENT

A \$6,870.60 water control expenditure was approved by the council to regulate overflow at the city's water storages.

OTHER BUSINESS
In other business city manager Bill Feuerbacher reported.

Plainview High Gym Site Of Playoff

"We think it's our time to win one!" . . . was the statement made to a Hesperian reporter Monday as he interviewed Mel Williams, coach of the Friona girls varsity basketball team by phone.

"We have lost the last three to Floydada, and of course we believe we'll be ready to play a real good game. Our girls are in good physical condition, and we'll probably be doing some light practicing this week," Williams added.

The Floydada Whirlettes came out victorious over Abernathy here Friday night, becoming winner of the second round of play and will meet Friona, winners of the first round, at the Plainview High School gymnasium at 7:30 Thursday night.

An interview with Floydada Whirlette coach Kelly Chadwick revealed that he feels that Floydada can beat Friona again . . . and go right on to state. Chadwick.

Floydada Airport Officially Open

According to a report from airport manager, Doodle Milton, the Floydada Airport is open for

business and service. He said that several airplane owners would now begin moving their planes into the newly built hangars.

The service and maintenance hangar is also about complete and the office will be complete with a new phone by the end of the week. Phone number of the airport is YU3-5232.

Milton said that gas and oil services are ready and the FAA has approved landing and take-off patterns. The Floydada airport has an east takeoff and landing pattern . . . the Martin private airport has a west traffic pattern.

FLYING CLASSES
Ray Reed, chairman of the industrial committee, presided at the meeting which was attended by the following committee members: Andy Anderson, Clay Henry, Wendell Tooley, Olin Watson, Alton Higginbotham, Don Pemberton and Reue.

Another member of the committee, John Stapleton, was not present, as he was in court at Silverton.

AIR SHOW
Committees are now being appointed to plan an air show for the formal opening of the airport, possibly in May.

Industrial! Committee Gives Go Sign To Foundation

The industrial committee of the Floydada Chamber of Commerce in a special called meeting Friday afternoon gave the go ahead to chamber manager John Reue to begin the paper work for formation of an Industrial Foundation in Floydada.

Reue will take suggested industrial foundation corporation legal papers to the Small Business Administration in Lubbock and if they approve of them, local details will be worked out for the incorporations of such a foundation here.

Reue will contact the State Industrial Commission for staff workers to be in Floydada as

soon as possible for an all day industrial clinic.

The climax of the clinic will be the actual adoption and organization of the Floydada Industrial Foundation.

The committee in its discussion Friday, felt that the organization of the foundation was the best way to start efforts for locating more industry in Floydada. Discussion also brought out the fact that Floydada will have much to offer the workers and families of industry when the new schools, hospital and airport are all completed.

It was also noted that the Mackenzie Dam project would assure industry and unlimited water supply.

Ray Reed, chairman of the industrial committee, presided at the meeting which was attended by the following committee members: Andy Anderson, Clay Henry, Wendell Tooley, Olin Watson, Alton Higginbotham, Don Pemberton and Reue.

Another member of the committee, John Stapleton, was not present, as he was in court at Silverton.

ARCHITECTS DRAWING OF NEW AUDITORIUM

Caprock Chat

By WENDELL TOOLEY

Woke up early Saturday morning to watch Charles Craig and Jack Jordan "blast" or Guatemala. It was interesting to note that both men had parachutes.

A few of our pilots who fly around over carry parachutes because there aren't mountains where a plane can't land. Doctors had some pretty good mountains through or over near Veracruz . . . para make sense there.

It was rainy, foggy, and cold when they took off here for San Antonio . . . but they were south and should have got ahead of the cold front which had just hit.

The medical and dental missionary mission doctors is a good example of doing some about the needs of people who are not as well as we . . . and we appreciate them for their money and time in this effort.

HENRY BARBER has been around for seven years . . . I just didn't realize how many. I heard him mention to Lonnie Hinsley week that time was moving on . . . Henry Reue and now Lonnie's son is president of the Floydada Future Farmers of America.

The city is doing a good job in the interest of the farmers . . . and this is the future of this community.

Well, here's something that beats dieting to off those extra pounds . . . play basketball. Basketball is a lot more fun than dieting. First hand testimonial comes from Bill Don't know how Bill's doing on making but he's lost 10 or 15 pounds while playing basketball.

ALWAYS wondered why the theatres did not show more good movies. I found out Monday. People don't go see good movies. The theatre here was showing a tremendous movie, Greatest Story Ever Told . . . the life of Jesus Christ. Attendance was poor.

THE FIRST thing the new police chief should do when he goes to work here is investigate dealing at City Hall. I picked up one of the files from the desk of one of the office staff by Power and Light Tuesday night to jot notes of the council's meeting. I looked at the printing on the pencil which said, "Lighthouse Electric Coop, Inc." second thought maybe the new chief don't investigate this situation . . . someone other than this same pencil ended up on my Wednesday morning!

SOMETIMES WHEN I cover the City Council meetings I get the feeling that Floydada's is to the dogs. Most of the calls the city lives concern dogs. They come from two of people. One is calling to complain there's "a pack of dogs tearing up my yard." The other type call is from the person

Annual Soil Fertility Day At Plains Theatre In Lockney

Dr. Rupert D. Palmer and John McHaney are the featured speakers of the Nineteenth Annual Soil Fertility Day to be held in the Plains Theatre in Lockney Thursday, February 23, 1967.

Palmer is the Agronomist-Weed Control Specialist for the Extension service stationed at Texas A&M University. He will be the first speaker of the day for the event which is scheduled to get underway at 10 a.m. Palmer will speak on chemical and mechanical weed control for cotton and grain sorghum.

McHaney, the agricultural economist for the extension service at Texas A&M University, will give the outlook for cotton, grain sorghum, livestock and other crops grown in Floyd County.

The event including the noon meal is sponsored by the Lockney Chamber of Commerce.

Eugene Tannahill, chamber representative working with the program announced that meal tickets would be given to those registering for the soil fertility day. The tickets will be good for a meal at a local restaurant in Lockney.

Other speakers for the event will include Dr. Lavan Ray, research agronomist in cotton at the South Plains Research and Extension Center, Lubbock. Dr. Ray will speak on producing quality cotton in Floyd County. Jim Valentine, soil scientist for the South Plains Research Extension Center's soil laboratory, will speak on fertilizers and trace elements. Bill Lyle, extension area irrigation specialist from Lubbock will present a talk on economic applications of irrigation for cotton, grain sorghum and wheat. Roy McClung, Associate county agent from Hale County will

give some results of work done in producing soybeans. McClung will also talk about varieties, planting dates and irrigation of soybeans.

The program was planned by the extension soil fertility committee and is expected to be one of the best.

Jeff Glazner Announces Easter Seal Campaign

The 1967 Easter Seal Appeal will open in Floyd County on Monday, February 20, according to Jeff Glazner, who serves as Easter Seal Representative for the county. Glazner said that Easter Seal Appeal letters would begin arriving at homes in the county about March first.

As Easter Seal Representative, Glazner is the person to contact to request rehabilitation services from the Easter Seal Society for Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing program and special information services to help solve the many problems faced by the families of handicapped children and adults.

Special emphasis is being given in 1967 by the Easter Seal Society in Texas to locating disabled children and adults who may need rehabilitation services and do not know where they are available. Anyone who could benefit from treatment

BLASTING OFF FOR GUATEMALA! . . . Doctors Jack Jordan and Charles Craig are pictured on a cold Saturday morning just before take-off for Guatemala. (Staff Photo)

Local Doctors Fly To Guatemala To Help Primitive Indians

Dr. Charles Craig and Dr. Jack Jordan took off for Guatemala City Saturday morning for a ten day trip to aid in setting up dental and medical stations among Central American Indians in primitive areas.

The doctors will become medical missionaries for ten days as they administer to the needs of the people there.

Doctor Craig is a member of the Christian Dental Society and Flying Dental Association, sponsors of the effort. The doctors will be working through established Protestant and Catholic mission posts.

The immediate families and a Hesperian photographer were

on hand before sunup Saturday morning as they loaded all sorts of supplies and equipment aboard Dr. Jordan's plane and headed for San Antonio.

They planned to be in San Antonio all day Saturday clearing for the out of states flight. The Hesperian will print details and pictures of the doctors' trip upon their return.

of the best agricultural programs held in Floyd County during 1967. All farmers are urged to attend.

BIOGRAPHIC SKETCH OF JOHN G. McHANEY

John G. McHane, Economist with the Texas Agricultural Extension Service, Texas A & M University, is a native of Texas and received his B.S. and M.S. degrees in Agricultural Economics from Texas A&M University.

Prior to joining the Texas Agricultural Extension Service in 1946, he served as an Agricultural Economist with the United States Department of Agriculture.

His primary responsibility as Extension Economist is to conduct educational programs in cooperation with County Extension Agents and others throughout the State of Texas. These programs pertain to the economics of agriculture, primarily the economic outlook and economic trends affecting farmers, ranchers, and those businessmen associated with agribusiness. He works closely with the economic trends affecting agricultural prices and the competitive position of the farmers and ranchers of Texas.

He attempts to create a better understanding among farmers and businessmen of those forces of the farm that affect their economic and family welfare.

His educational program also involves the preparation of educational bulletins, leaflets, and newsletters, in the field of agricultural outlook, and general agricultural economics. He also supplements his educational program through the use of newspaper articles, magazine articles, radio and television programs.

BACKGROUND INFORMATION ON DR. RUPERT D. PALMER
Dr. Rupert D. Palmer has been an agronomist-weed control on the headquarters staff of the Texas Agricultural Extension Service since September, 1966. He is responsible for the development and implementing educational programs in weed control for major agronomic crops, working with other specialists and research personnel in developing and preparing guides for use in weed control work and the training of county agricultural agents in subject matter and assisting them with demonstration programs.

A native of Mississippi, he attended East Central Junior College before receiving B.S. and M.S. degrees from Mississippi State University in agricultural administration and agronomy. He received his Ph.D.

and services offered by the Easter Seal Society can contact Glazner at the First National Bank, Floydada, Texas.

The Easter Seal Society was established to assist disabled persons and their families in finding and making effective use of all resources which will be helpful to them in developing their abilities and living more useful lives. The Society helps support 23 treatment facilities where crippled children and adults are treated regardless of their ability to pay. Wheelchairs, walkers and related services are provided to those who cannot provide for themselves.

Glazner said the Easter Seal Society depends on the annual Easter Seal Appeal to finance this program of rehabilitation in Texas.

wick was very pleased with the time of the game and the location. Some favorable coin flipping helped Floydada in this respect.

Coach Williams was hoping for a Monday or Tuesday night playoff as his girls had enjoyed a reasonably easy week last week, while the Floydada team was pressed to win two very important games.

The Plainview gym will seat 2,000 persons.

Coach Williams has good depth should some of his girls foul out. He has 12 seniors on the team and reports that they are in good physical condition. He said that a senior, Cindy Ingram and a sophomore Hazel Fallwell have been averaging 25 points per game.

Coach Chadwick reports that the locals are in good condition and the team will be putting together a lot of facts they have learned from the three previous games with Friona this year as they work out this week. The first game Floydada won two points in tournament play, the next, a home game, was won with 18 points margin and the last game which was in Friona was a 55-54 win in two overtimes.

The Whirlettes have a season record of 25-5 and a district record of 12-2. The second half record is unblemished 7-0. Friona lost only to Floydada in the second round of play.

Floydada's five games were lost to Dimmitt, Abernathy, Quitaque and two to Springlake. Springlake and Quitaque are in other districts and are champions of their districts this year.

FLOYDADA SURPRISED DISTRICT COACHES

The Floydada team won the district last year, then beat Friona in bi-district and lost to Spearman in regional at Lubbock by three points.

With most of last year's team graduating, area coaches thought Floydada would be down

Farm Bureau Membership Drive Successful

According to a report from the Floyd County Farm Bureau office this week the recent membership drive was a huge success with over 50 new members.

At a victory party at Lighthouse Electric Friday night membership drive workers reported 45 new members and some of the workers had not reported.

The year's goal is a total membership of 750. Neil Bertrand and Delmas McCormick received the \$50 cash prize for getting the most new members... eleven.

A woman's team composed of Helen Bertrand, Pauline McCormick and Virginia Pyle brought in seven new members.

KICKOFF DINNER

Thirty-eight membership drive workers met at the Lockney Restaurant last Tuesday noon for a dinner and heard Walter Meyer, market director of Farm Bureau from Waco speak.

Meyer also showed films of a tour of Europe.

Bus Takes Co-op Floydada High School Wins People To Second In Debate Tourney State Convention

A chartered bus load of Floydada Co-op people attended the 15th joint annual convention of the Texas Federation of Cooperatives in Austin this week, (celebrating its 25th Silver Anniversary, the Houston Bank for Cooperatives and the Texas Cooperatives Ginners Association.)

Outstanding national speakers included Congressman Graham Purcell of Wichita Falls.

Attending from Floydada were Mr. and Mrs. L. C. Pruitt, Mr. and Mrs. Woodrow Wilson, Mr. and Mrs. J. K. West, Mr. and Mrs. C. L. Gilly, Mr. and Mrs. Otis Anderson, Mr. and Mrs. Clarence Jones, Mr. and Mrs. Travis Jones, Mr. and Mrs. Louis Pyle, Mr. and Mrs. William Bertrand;

Mr. and Mrs. R. G. Dunlap, Mr. and Mrs. Jack Stansell, Mr. and Mrs. Roy Ferguson, Mr. and Mrs. Doyle Moore, Mr. and Mrs. Thomas Warren, Mr. and Mrs. Bill Cagle, Harold Ellison and Jack Johnson.

Floydada High School won second place in both boys and girls debate in the first Annual Friona High School Speech and Debate Tourney finals held there Saturday. Spearman High School earned Sweepstakes honors and Friona High earned first in both boys and girls debate, but intentionally disqualified themselves at the start of the tourney.

On the Floydada boys debating team were Tommy Farris and Jim Snead and the girls debating team consisted of Brenda Walls and Suzanne Guthrie.

Entered in individual events from Floydada were Joe Jack Jarnagin, Christy Brown and K.

FLOYDADA 4-H NEWS

The monthly meeting of the Floydada 4-H Club, on February 9, was opened by the Motto and Pledge led by Dirk Nelson. Roll call was answered with my favorite game. Minutes of the meeting were read, treasurers report and the council report was given by Lindsay Lovell. Brenda Willis was appointed Council Delegate. Lindsay Lovell and Billy Finley were hosts at the club party which followed.

Refreshments were provided by Jay Jones and Larry Fawver.

FLOYD DATA
Jack Meredith was able to come home last Thursday from Lockney Hospital where he received medical attention for several days. He is reported doing fine and back at work.

Cummings in poetry reading; Keith Norrell and Debbie Lawson, persuasive speaking; Jennifer Yearly and Jana Bertrand, informative speaking. Joe Mack Jarnagin and Christy Brown placed third; Debbie Lawson, third; and Jana Bertrand, third.

Others entered in the debate boys team were Jim Kimble and Lee Toler and others on the girls debate team were Kay Hodges and Kathy Conner.

Floydada won earlier in the year in the Muleshoe tournament and Brenda Walls and Suzanne Guthrie have a no loss record.

There were nine schools entered in the Friona tourney, 12 debate teams in each division of boys and girls.

Rotary Sweetheart Banquet Tonight

Floydada Rotarians and their Rotary Anns will attend a sweetheart banquet in fellowship hall of the First Baptist Church tonight at 7 o'clock.

Singing to be led by Rotarian Newell Burk and a fun program to be emceed by Henry Barber will follow the meal.

Highlight of the event will be the announcement and presentation of the "Service Above Self" award which will be made by Rotary president Dr. Andrew McCuller.

Around 80 are expected to attend.

ACALA LINT BLOCK

Cotton Farmers Invited To Cotton Quality Meeting February 23

Every cotton farmer in this area is invited to attend a cotton quality program meeting to be held Thursday evening, February 23 at 7:30 p.m. at Rogers Restaurant.

Farmers Cooperative Gin is sponsoring the meeting and refreshments of coffee, pie and doughnuts will be served.

The cotton cooperatives are starting a program to up-grade Plains cotton and several speakers will be on hand to answer questions concerning the proposed Acala strain lint block program for this area.

It is a known fact that there is an over supply of 1 1/16 to 1 1/4 inch staple cotton with a good micronaire.

It would seem that this is the only way Plains cotton production is to survive... upgrade quality. Every farmer in this

this year. A senior, Sally McIntosh, two freshmen, Cindy Ward and Marilyn Harris have scored in the twenties about every game.

Chadwick started this season with only two starters from last year; Nona Pernell and Peggy Switzer.

DEFENSE OUTSTANDING
The Whirlettes have held their opponents to an average of 38 points due to a very strong defense. Guards who will be graduating this year include: Becky Miller, Janice McNeill, Linda Williams, Nona Pernell and Peggy Switzer. Chadwick has played Janice as forward in a few games.

TO STATE
Should Floydada win over Friona Thursday night, the next game would be with Friona for bi-district, at an undetermined court at this time. Floydada beat Friona earlier this year by 10 points in tournament play.

If Spearman beats Wellington, then Floydada would play Spearman again for Regional honors in Lubbock.

Spearman beat Floydada by three points and went on to state championship last year.

Migaku Sato Speaks To 62 Jr. Club

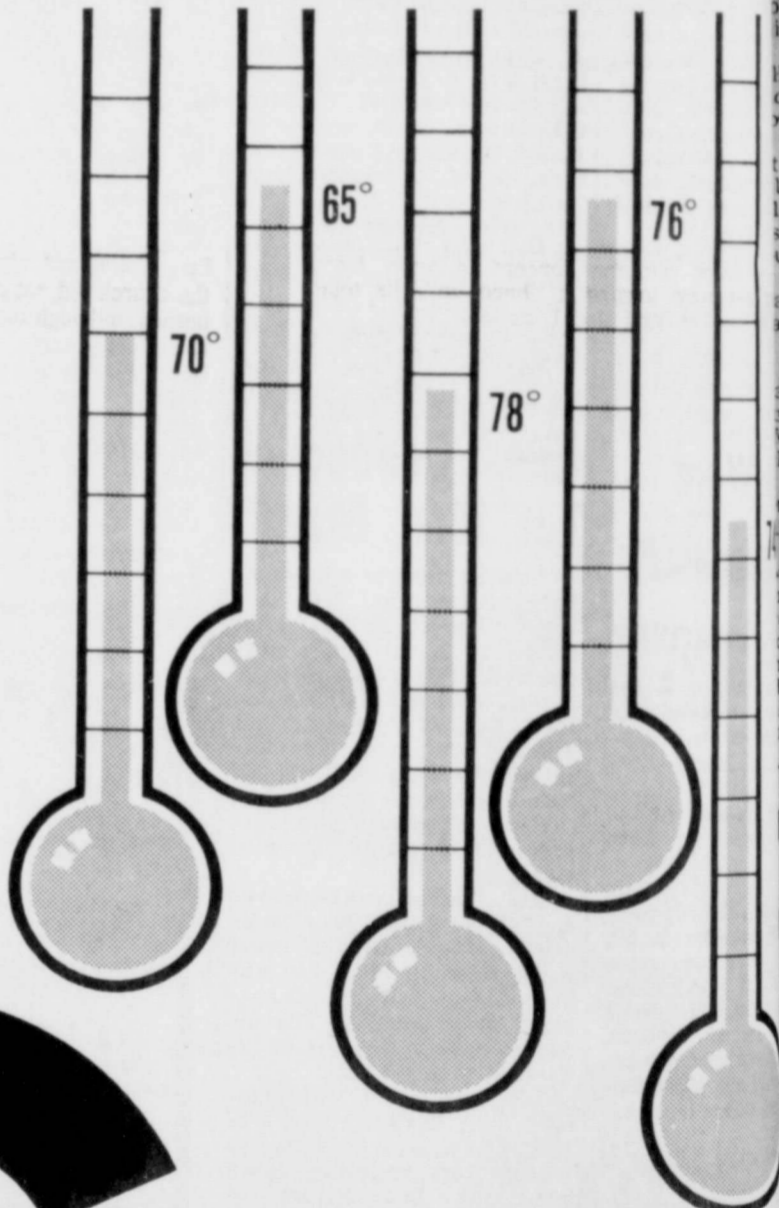

Migaku Sato, foreign exchange student from Japan, spoke to members of the 1962 Jr. Study Club Tuesday night of last week when they met in the PCA room. In speaking of his homeland the student emphasized the 100 million population in an area one-twentieth the size of the United States. Migaku also showed slides of Japanese industry, landmarks, schools and beautiful landscapes. A question time followed the program.

Roll call was answered by reading Valentine cards which were distributed to each member and guests as they arrived. Pledge to the flag was recited in unison.

During the business meeting conducted by club president, Mrs. Dean Morris, a charm was presented Miss Susan Hotchkiss for representing the club as first runner-up in the Miss Floyd County Contest last fall.

The activity chairman, Mrs. Henry Watson, revealed that any school, church, club or organization may submit meeting time, dates, and places which will be placed on the calendar. The calendar will run through the coming school year. There will be no charge this year for these listings which may be submitted to Mrs. Watson.

Refreshments of cake, crackers, punch and hot tea were served by hostesses, Mrs.

Think.

What else besides Long Distance telephone service costs you less today than it did 20 years ago?

Tough question. Not many things have gone down in price these past few years. Most goods and services have zoomed up in cost.

Long Distance rates are a pleasant exception. There have been ten rate reductions in Texas since World War II.

Nowadays, you can make a three-minute, station-to-station call to anywhere in the continental United States (except Alaska) for \$1 or less after 8 p.m. or all day Sunday. This is the lowest rate ever. (Interesting comparison: The first transcontinental phone call, made in 1915, cost \$20.70.)

And service today is faster and more convenient than ever before.

Better service at lower cost; we think that's a winning combination. Don't you?

And More People Are Suing More And More Money

It is hard to detect the fact that people are suing crazy. . . . bringing suit for MONEY from the most minor to the most serious accident. . . . some suits are reasonable. . . . some are not. . . .

Under the circumstances he, the average Joe Doaks whose insurance will be good enough and big enough to give him protection if the suit is against him. . . .

It is the "size of suit" that brings to mind the law suits or an amount of money that exceeds the amount of co-insurance policy will cover. . . .

It is observed some lawsuits in this area that have required one to blame in the accident to pay damages that were not his insurance policy afforded coverage. . . .

Persons had to sell property, borrow money or pay out of pocket the difference. . . .

Editorial was not prompted by any member of the insurance industry, but it attempts to point out the fact that the person who insures his vehicle for the state minimum requirement of \$10,000 - \$20,000 - \$5,000 may not be adequately protected. . . .

It suggests that he check with his insurance agent about the amount of coverage. . . .

Increasing the state minimum requirement costs around \$100,000,00 would bring the cost up to \$27,000 or \$28,000. . . .

If you have an accident that is your fault, be forced through your insurance company to pay damages that seek more than your insurance coverage would have been very wise to have taken out a larger policy. . . .

Editorial

RAY GREENE in The Giltner Mirror: When you see one of those stickers which says "I fight poverty, I work," you also might wonder about the attitude of the person. His attitude seems to say that everyone is on a welfare roll is there only because he is lazy. . . .

The facts are this: For every 25 on welfare rolls there are 12 or half of them are children, under age 18. . . .

They are on the roll because some father has deserted them. . . .

These kids leave school and go to work. . . .

Next there are 3 of each 25 on the rolls are mothers who are single, and who need help. Many of these mothers also work, but what they can make as waitresses, ironing clothes or as waitresses won't get them by. . . .

Another 5 of each 25 on welfare rolls are aged, blind or blind persons. . . .

Then there are 5 men of each 25 on welfare rolls who are physically able. But they either have very little education (can't read or write), cannot get a job because of their race, or their particular work is no longer needed and they must be re-trained. . . .

The whole concept of the Economic Opportunity Act of 1964, the program which newspapers and focus on the "poverty war", was to help those on welfare to help themselves get off of it. . . .

The programs were to help them to get on their feet and some have thought they did work miracles overnight. Both were mistakes. . . .

It will take years, but the concept is away from "handouts" and more toward a "hand up". . . .

Its total is re-education and local action. . . .

But as long as the smart-alecs with their stickers work" and the daily newspapers with their snide editorials, editorials, and articles always playing up the bad and rarely telling the constructive help in this world, the whole program of relieving human misery will be in jeopardy. . . .

And as a result we will continue to have crime, slums, riots in slum-type areas, and generally low living conditions in many areas of the nation. . . .

The genuine tragedy of the whole thing is that this very eradication has to stem from the federal government, instead of churches, or local civic action groups, like Rotary, Lions, or Kiwanis Clubs or their local social groups. . . .

Again, failure or lack of a real understanding or caring for the less fortunate caused the burden to fall back on the national government. . . .

And as once President Truman said "the buck stops here," it cannot be passed any further. . . .

16 New Floyd County Entries At Antonio Livestock Exposition

4-H and two FFA members of Floyd County have a total of 16 entries at the San Antonio Livestock Exposition runs Feb. 10-19 at the Coliseum. . . .

Animals from this area, have entered 10 barrows, 10 lambs in the San Antonio Livestock Exposition. . . .

Animals include Jim Kropp, Kellison, Thumper Morford and Steve Simpson. . . .

Youngsters will be competing for a share of the more than a million dollars in premiums, prizes and money being offered during the 18th annual stock show. . . .

Headlining the entertainment during the RCA Rodeo will be America's Western Singing Sweetheart, Judy Lynn and her eight man band. . . .

An extra attraction will be country and western artist, Charlie "Poke Salad" Walker from Nashville, Tenn. . . .

Stock Show officials have signed two acts that will appeal to children; the amazing, loveable Zippy the TV chimpanzee and the Cuneo Horse Revue featuring rare breeds of horses from all over the globe. . . .

Church At Aiken Razed By Flames

Ashes of what was once the Baptist Church building at Aiken still were smoldering late Saturday after an early-morning fire gutted the main structure of the church, leaving only the charred walls standing. . . .

The fire was discovered about 1:30 a.m. Saturday when bright flashes of flames eating through the roof of the building woke Johnny Lee, who lives a mile north of the church. . . .

Estimates Unofficial
Although no official estimate of damage was available Saturday, unofficial figures ranged from \$40,000 to \$65,000. . . .

The auditorium, fellowship hall, and classrooms in the main body of the church were destroyed. . . .

Charred chairs, piles of smoking debris, the black shell of a refrigerator, and thousands of black nails among the ashes were all that remained on the inside of the main building. . . .

A wing on the north side of the main building was damaged by smoke and water but did not appear to be burned. . . .

The vacant parsonage nearby the church was not damaged, although grass around it caught fire. . . .

Trees and shrubs around the church did not appear to be burned, although they were wilted. . . .

Light fixtures on poles at the front of the church were melted. . . .

Cause of the fire was undetermined Saturday. . . .

Fire fighting units from Plainview and Lockney were at the scene. . . .

LETTERS TO EDITOR

Stephens, Arkansas
P. O. Box 307
Feb. 4, 1967

Dear Sirs:
Please renew my subscription for three years to the Floyd County Hesperian, Left Floyd County in August, 1926, coming to Stephens, Arkansas where I have lived ever since, and have gotten the Hesperian most of those 40 1/2 years, so just couldn't do without it. . . .

I was born and reared in Floyd County and had read the Hesperian all my life before leaving there. . . .

My wife is editor of the Stephens Star, a small weekly paper of a small town (1,279 population), and know how she appreciates constructive comments about the paper along with the destructive criticism all editors get sooner or later. . . .

So here's a bouquet for you. The paper is real good. We look forward to getting time to sit down and read it each week. . . .

Sincerely yours,
Marvin Fawver

FLOYD COUNTY NOXIOUS WEED REPORT

Douglas Degge, Supervisor of the Floyd County Noxious Weed Control District, attended the twentieth annual meeting of the Southern Weed Conference in New Orleans, La. . . .

The week of January 24th, some 138 papers plus two demonstrations were presented at the three day meeting covering eight different sections of weed control. . . .

The Weed Control District office will receive a bound copy of all papers presented at the conference in about four or five weeks. . . .

At the present time the District is applying herbicides on fence rows, implement parking lots, and around irrigation wells and hydrants for weed control. . . .

These herbicides give from one to four years weed control and cost from \$27.50 to \$130.00 per acre. . . .

If farmers are interested in this type of weed control, Degge urges them to contact the Weed District office and leave their request. . . .

Light fixtures on poles at the front of the church were melted. . . .

FLOYD PHILOSOPHER On Raising Cattle

(Editor's note: The Floyd Philosopher on his Johnson grass farm writes a rather complicated letter this week, but we suppose he knows what he's talking about, perhaps.)

Dear editor:
A man from town drove out here to his Johnson grass farm the other day and said, "Say, I want to ask you something." . . .

"Go ahead," I said. I don't know that a man from town turning up out here is as good as a newspaper but you have to take what comes in this life. . . .

"Well," he said, "I've got a little patch of land north of town, just a few acres, and I'd like to know how many cows you think I could run on it." . . .

Now I don't know why he picked me to advise him, it's about like asking a movie queen to discuss politics or William Manchester to write history, but since I didn't have anything else to do I told him it was simple. . . .

First, I said, you count the blades of grass on one acre, multiply that by the number of acres you have, divide by 113,000, take the square root of that, get an accurate weather forecast for the next twelve months, divide the number of inches of rain . . .

Second Annual "Art For Heart" Show Set

Lockney's second annual "Art For Heart" show has been scheduled for the last weekend in February. . . .

Paintings and drawings may be picked up from 5 until 6 p.m. on the 26th and from 1 until 5 p.m. the following day. . . .

Rules state that all work must be original and must be framed and wired for hanging. . . .

Tickets to the show will go on sale next week, with all proceeds going into the Heart Association treasury. . . .

Parents, Sister Of Local Man Killed In Wreck

The parents and a married sister of Carlos Arellano of Floydada were killed in a two-car accident February 3 in San Clara County, California. . . .

Full details of the mishap were not learned here before the Arellano family left enroute to California. . . .

Jimmy Seay of the First National Bank in Floydada, where Carlos is custodian, said he understood Mr. and Mrs. Arellano had been living in California only a short time where another daughter and two sons also live. . . .

Whirlwinds Close Out Season With Second Place

SPORTS

GOING TO BELTON

Jack Meredith Resigns Hereford Football Post

HEREFORD (Special) — The Hereford school system is searching for a football coach to replace Jack Meredith, who resigned over the weekend.

Meredith, who has been the head coach here the past six years, has been named athletic director and head mentor at Belton, replacing Spike Dykes, who recently moved to Big Spring. Meredith will take six assistants with him and some may come from his present staff at Hereford. Meredith is getting a pay increase and other fringe benefits.

During his stay at Hereford, his teams compiled a 37-26-1 record. But this past season, the Whitefaces were 8-2 and finished second to Dumas in the 1-AAA race.

Meredith attended Daniel Baker College in Brownwood, and he was assistant coach at Floydada for several years before going to Crosbyton as head man. He also coached at Happy and Panhandle before going to Hereford.

Meredith, who has been a director in the Texas High School Coaches Assn. for several years, probably will move to Belton in three or four weeks.

He is married and has three children.

Coach Granted Release Request

LOCKNEY — Coaches and principals were re-elected by Lockney School Board during a recent meeting. Head football coach, Weldon B. (Doc) Mize, in a letter to the Board, asked his contract not be extended. He plans to leave Lockney at the close of the present school term. The board reviewed the letter and decided to honor Mize's wishes.

Supt. Johnny Mason stated applications for a head coach are being accepted at his office.

Joe King, junior high principal and Weldon Dodson, elementary school principal, were re-elected for one-year terms. The contract of High School Principal F. M. Smith extends through 1968 at which time he plans to retire.

High school coaches Ronald Henderson, James Ray Hyatt and Willis Apple were elected for the 1967-68 school term in their present positions.

James Collingsworth and Louis Fry were rehired, subject to re-assignment at a later date. Both are serving as junior high coaches.

In other action, Gene King was rehired as school counselor and a high bid of \$2,500 was accepted for the old Washington School building and property, excluding the teacherage. Evans Chapel Baptist Church submitted the bid.

Final Game Victory Over Abernathy

By Wendell Tooley
Coach Jack Bell's Whirlwinds put on their best performance of the year here Friday night when they defeated Abernathy 73-63.

It was a good balance of team play and effort by every member of the team and a big crowd was on hand to see the locals win.

Kerry Bearden was top scorer for the locals with 26 points. Bearden made most of his shots plowing right through the middle of the Abernathy defense and scoring with "lay-ups."

Big Jeff Kimble was a continual threat to Abernathy as he used his 6' 8" height to take the rebounds and making the layup shots close in.

Tommy Weathersbee turned in a dazzling performance of sneaking the ball from the opponents and was all over the court. Tommy scored some good long shots.

Rodney Bunch turned in good defensive effort and control of the ball.

Steve Marler, who was high scorer in several games this season, was effective with his long shots.

GRADUATING SENIORS Kimble, Weathersbee, Marler, Bunch, Bearden, Frank Covington and Howard Barte were playing their last game for Floydada High School, as all are seniors. Butch Emert played most of the season, but considered going into the service recently and didn't get to play in the last three games.

Holdover varsity players include Britt Gregory, Todd Wester, Tim Rose, Robert Covington, Connie Bearden and Dennis Whittle.

TURNING POINT Coach Bell said he thought the turning point came after the game with Abernathy in the first round. The team began to "jell" and although they lost the first two games of the second round, they finished the last five in good style. It should be noted that one of the two lost was an overtime game with Hale Center.

Coach Bell said that it looks like he has a good job of rebuilding coming up next year with most of the team graduating.

The Whirlwinds came out second in several games in the second round play with a 5-2 record. Dimmitt was undefeated in both first and second round. The Whirlwinds had a 2-5 record in the first round.

Livestock Feeding Questions Only You Can Answer....

1. What am I going to feed this year?
2. How much is the feed going to cost me?
3. How much feed will my livestock require per head per day throughout the feeding season?
4. Will I need extra vehicles to get the feed to my livestock if I feed a pellet or a meal and salt mixture?
5. Will I have to, — and — can I get extra help to put out feed every day, or every other day?
6. How much expense will I have per head in my livestock the entire feeding season, considering — COST OF FEED — COST OF TRANSPORTATION — COST OF LABOR — and — WASTED?

Will Godbold's 38% Protein Range Blocks, with their 3 different hardnesses to control consumption, 10,000 units of vitamin A per pound of block, 1.5% phosphorus, and the saving in time, labor, and transportation expense help make your ranching operation more profitable?

These important questions are not for us to answer offhand, but we're always glad to talk them over with you — as fellow ranchers, not just as feed merchants. We do feel our 38% Range Blocks will help make your ranching operation more profitable. Let us help you with your feeding needs this year.

Godbold, Inc. invites all livestock raisers in the area to come by for a visit and inspection of our new plant, . . . located midway between Lubbock and Slaton on US-84.

Don't make a habit of carrying your gloves, they should be considered an integral part of your costume.

Don't wear short gloves to a very formal occasion.

CARE OF GLOVES

Gloves require a special care in wearing. For example, leather gloves should be worked over the four fingers first, then over the thumb and eased over the hand. To remove a leather glove, turn half wrong side out over the hand, and slide off gently. Pulling might break the stitch lines. The entire glove should always be smoothed into shape, as it was when purchased, when it is not being worn. This applies to gloves in your lap at a restaurant as well as to those stored in your glove box at home.

Only clean gloves present well-groomed hands, and the best time to learn about this aspect of the glove is at the time it is being purchased. Check to see if there are cleaning instructions with the merchandise. If not the sales person should have this information.

Rep. Wayne Introduces "Time" Bill

Rep. Ralph Wayne of Plainview, the Rep. Will L. Smith of Beaumont today introduced a bill exempting Texas from provisions of the Federal Uniform Time Act.

They are joined as co-authors of the bill by 50 members of the House.

Rep. Wayne said, "The bill was offered as a protest against federal interference in state business and would allow Texas to continue to set its own standard time."

FAIRVIEW NEWS

FAIRVIEW, Feb. 13 - Even though a very small amount of moisture was received from the two snows that fell last week, one on Tuesday night and the other Saturday morning, it was nice to know our country was not forgotten entirely moisture-wise.

Mr. and Mrs. C. W. Payne left early Monday morning for Mesquite after receiving a phone call from Claude Daniel, brother-in-law of Mrs. Payne that Mrs. Daniel was in the hospital in a very serious condition. Mrs. Daniel had been given 5 pints of blood and the doctors had given her 24 hours to make a change one way or the other. Up to now we have had no further word.

Highway Patrol Investigates Three Rural Accidents In January

The Texas Highway Patrol investigated 3 accidents on rural highways in Floyd County during the month of January, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in one person killed, and an estimated property damage of \$4,800.00.

April 15 is the deadline to have your motor vehicle inspected. During the past five and one-half months, 230,000 or 33% of the approximately 700,000 registered vehicles in this region have been inspected. This leaves 470,000 vehicles to be inspected between now and the April 15 deadline. It is this number of uninspected vehicles were divided evenly among the 700 official inspection stations in this region, each would have approximately 672 vehicles to inspect in about 40 working days, or about 17 vehicles per day. The inspection stations in heavily populated areas will have more than this average to inspect. In areas where there are only a few inspection stations you may have

many miles to travel to get your vehicle inspected.

The Sergeant urges motorists to have their vehicles inspected without delay to avoid the inconvenience of waiting lines.

Remember — no extension of the safety inspection deadline, April 15, 1967.

LIGHTHOUSE ELECTRIC COOPERATIVE, INC. MARY PHILLIPS, HOME ECONOMIST

Women want ranges that are easy to clean — and they're getting them. Electric cooking has always meant clean cooking and the new electric ranges make it even cleaner. Improved designs and special easy-to-clean features help keep the new electric ranges cleaner and also make them easier to clean when food does spill.

Surface cooking elements are self cleaning, as are the rod-type broil and bake elements in electric ovens and broilers. Surface elements lift up, and some can be removed for easy access to the reflector bowls beneath. These, as well as the adapter rings around the surface elements, lift out for washing in the sink or in the dishwasher. Tilt-tops on some models are another easy-clean feature.

A major reason electric ranges stay clean is that accurate controls for both surfact units and ovens prevent boil-overs, bake-ons, and the other messy results of old-fashioned, inaccurate temperature and time controls.

Recessed tops and cook-tops with rims help prevent food that's accidentally spilled from getting into crevices or running onto the floor. Control knobs pull out for sudsing, and smooth enamel and other finishes are easy to keep sparkling clean.

Oven interiors that have rounded corners, and dirt-catching cracks, crannies and seams have been virtually eliminated. Oven racks and broiler reflectors are removable, and some of the self-cleaning heating elements lift up or down while others are removable to give access to the entire interior. Some oven doors lift off for washing at the sink. Others drop down to make it easy to reach inside.

Self-cleaning ovens offer the ultimate in ease of cleaning. High heat causes food soils to literally vaporize. The only residue that remains is a little ash that can be wiped out with a paper towel.

The NEW electric ranges — cook Clean — stay Clean — with ease.

Dates and spice are a natural team when it comes to putting together cakes and cookies. One adds the crunch, the other the flavor. These Date Bars go well with coffee for a quick snack, or as a main dessert. And if you wish, you can freeze half of the batch for later use.

Intent To Murder Charge Filed On Two

Two Floydada men have been filed on in District Court for a assault with intent to commit murder and have been released on \$1,000 bond each, awaiting grand jury, according to Sheriff Walter Hollums.

The charge stems from an altercation in the early hours of Feb. 5 in a cafe in the flats. Hollums said Herman Drone, operator of the cafe, was shot several times. He was taken to a Lubbock hospital for the removal of the slugs and returned home.

Charged were John Willis "Tip" Williams and F. L. Williams, who are brothers.

Hollums said a fracas between Tip Williams and another man, Don L. Weeks, arose over a 50 cent loan Williams had made to Weeks. When a fight started, Drone tried to separate the two and the second Williams man joined in, and the shooting followed. Thus far the firearm used in the shooting has not been located, Hollums said.

Floyd People Give \$2270.42 To Dimes March

According to a report from Ed Wester a total of \$2270.42 was given by Floyd County people to the March of Dimes. Lockney gave \$930.70 and Floydada gave \$1,339.72.

In the Floydada giving, \$67.50 was given at Andrews Ward, headed by Mrs. Andrew McCulley, \$682.50 was given to the Mother's March headed by Mrs. Sammy Hale, Floydada businesses gave \$589.72, headed by Mrs. Ed Wester.

Anyone wishing to contribute may do so by leaving donation at banks in Floydada or Lockney.

complaining that his dog has been put in the dog pound. . . "and anyone can plainly see that he is not a stray but a pet dog."

The city is using a dogtrap now instead of a dog catcher. . . but the growing dog popu-

lation continues to be one of the city's biggest headaches.

MAYOR Leonard Matsler reports that inflation is worse in New York than in Floydada. After he and the Mrs. flew up there to visit a few days, they got an alarming taste of high taxi fares. . . hotel and eating expenses.

Horse Back On Four Feet After Rescue By Wrecker

Wreckers are used for a number of purposes but early Sunday morning City Auto wrecker was used to pour an "upside down" horse out of a stock trailer.

The wrecker was called to the Fairview Community near the Shirley Irwin place about 3 o'clock a.m. when it was learned by the sheriff's office that an overturned trailer containing a saddle horse had been found. The trailer was in a ditch, the horse on its back in the trailer, and help was needed to put the horse back on its own four legs.

The Irwins were returning home and came upon the overturned trailer, found the horse in rather a bad predicament and notified the sheriff, Walter Hollums. Hollums, along with Foster Amburn and a highway patrolman, went to the scene and with Irwin's assistance tried to get the saddle horse out of the trailer. Hollums said the trailer was not much larger than the horse itself and with the horse on its back and four hoofs flying, there wasn't much a person could do without the proper equipment. So they called a wrecker into service.

Hollums said a winch was hooked to the end of the trailer

and the horse literally poured out and righted, with nothing but a few skinned places showing for the three and a half hours upside down plight.

In the meantime, Bob R. Thompson of Center Community, who had been towing the stock trailer with his pick-up, was backtracking his route. He told officers that he had been working cattle in the Dougherty area. Not being too familiar with the roads in the Fairview community, he took a wrong turn, realized it and turned his pick-up around. In doing so, the tow bar evidently came unhooked from the pick-up, and the stock trailer rolled, hit a ditch and turned over on its side, unknown to Thompson.

Thompson later told officers he had backtracked his route for some two hours looking for the trailer, but had forgotten about the wrong turn he had made earlier, so failed to go in that direction.

Hollums said after the horse was penned at the Irwin place for safe keeping, he started checking out the license tag on the trailer to locate the owner. He was found in Snyder, Tex. He told Hollums he had loaned the trailer and saddle horse to Thompson to use in Floydada.

Intent To Murder Charge Filed On Two

Two Floydada men have been filed on in District Court for a assault with intent to commit murder and have been released on \$1,000 bond each, awaiting grand jury, according to Sheriff Walter Hollums.

The charge stems from an altercation in the early hours of Feb. 5 in a cafe in the flats. Hollums said Herman Drone, operator of the cafe, was shot several times. He was taken to a Lubbock hospital for the removal of the slugs and returned home.

Charged were John Willis "Tip" Williams and F. L. Williams, who are brothers.

Hollums said a fracas between Tip Williams and another man, Don L. Weeks, arose over a 50 cent loan Williams had made to Weeks. When a fight started, Drone tried to separate the two and the second Williams man joined in, and the shooting followed. Thus far the firearm used in the shooting has not been located, Hollums said.

Floyd People Give \$2270.42 To Dimes March

According to a report from Ed Wester a total of \$2270.42 was given by Floyd County people to the March of Dimes. Lockney gave \$930.70 and Floydada gave \$1,339.72.

In the Floydada giving, \$67.50 was given at Andrews Ward, headed by Mrs. Andrew McCulley, \$682.50 was given to the Mother's March headed by Mrs. Sammy Hale, Floydada businesses gave \$589.72, headed by Mrs. Ed Wester.

Anyone wishing to contribute may do so by leaving donation at banks in Floydada or Lockney.

PERSONALS

Dear Rosemary, When I went to the Ben Franklin store to meet you I stopped by the hardware counter for some flashlight batteries. Well, some kid came along, grabbed a flashlight and shone it right in my eyes and when I ducked back I bumped into the battery display and we had batteries rolling all over the floor. The kid was a good kid; he helped pick them up again but after a while I found I'd been standing on a tube of instant cement and I couldn't move off the spot. Finally I had to step out of my shoes and it was quite a while before the manager could get them unstuck. And by then I'd missed you again. I hope you'll give me another chance. . . I'll be in the toy department this Saturday. . . the kids would love those plastic cars Ben Franklin has on sale - regularly 39¢ - they're special at four for \$1.00. Love, Marvin
