"Who is your brother's keeper?"

Should it be you?

In a time when it's every man for himself, to love your neighbor as yourself may seem to carry a hollow ring. But to do so can be vital to each of us. To love even our enemies is to discover something of the richness of love itself. It can open the way to greater accomplishment in our lives, restoring health and blessing others. And the way is to begin to see our true nature — and that of our fellowman — as fashioned in the image and likeness of God.

World Understanding Week Observed By Rotarians

More than 12,500 Rotary Clubs in 133 countries are focusing attention on international understanding, goodwill and peace during World Understanding Week, 12-18 March, 1967. Members of the worldwide organization of business and professional men are joining in projects to advance better understanding of people of other lands.

The Rotary Club of Floydada will participate in the observance by conducting a special program entitled "World Understanding." Special guest of the club will be Migaku Sato, of Fukushima, Japan.

World Understanding Week represents a period of concentrated effort which climaxes many international service projects carried on by Rotarians

during the year through person-to-person contacts and cooperation among clubs in different countries.

Thousands of young people go abroad under Rotary sponsorship each year. Rotary clubs in developing countries are helped to combat hunger, disease and illiteracy in their areas through world community service projects of other Rotary clubs. "Into-Their-Shoes" conferences invite large numbers of people in many communities to take the part of other countries in discussion of the most important international issues.

Through these and other projects, Rotarians seek to cultivate the spirit of personal commitment symbolized by World Understanding Week.

Jealousy

Of all the emotions which afflict us, one of the most sinister is simple jealousy. Not a one among us is completely free of this reaction, although all of us realize that it is the root of much evil, and certainly an unbecoming and unproductive emotion.

Generally speaking, we tend to be jealous of others who receive acclaim, money, or success—especially at a young age. If we happen to have been a competitor, or to have sought success in the same field, sometimes the temptation to be jealous is great.

The one thing to remember, in considering jealous emotions, is

the fact that jealousy only destroys those who are jealous. In so many cases jealousy is unjustified, and is the result of suspicion, envy and misunderstanding. It is always surprising how many people earn the laurels they receive, although we know some do not deserve the acclaim, or financial success, they are given.

Nevertheless, the happiest citizens among us are those who have developed a philosophy and psychology which enables them to applaud the success of others and to avoid the habit of constant comparison and envy.

Pitifully Uninformed

One of the most disturbing things about the United States, our people, is the fact that they read less and less, apparently, of the serious, informative and educational things. Polls reveal that many are relatively uninformed.

As has been pointed out so often, the trash which makes best-seller lists, and which makes hundreds of thousands of dollars for authors, reflects a melancholy picture of what the American people think about, read, and do with their leisure time.

Two courses which every American youngster should study, and which many do, are U.S. history and the history of the Communist move-

ment. And, U.S. history should certainly cover the years up to the present. The International picture changes so frequently these days, it is mandatory to give our youngsters an up-to-date history of events.

Of equal importance is the challenge which faces each citizen—the challenge of keeping himself somewhat informed. Rather than watching television for endless hours, reading sex novels, and piddling away all one's life with leisure, in various forms, each of us should devote some time, daily, to keeping abreast of the news, and the issues of the day, in order that we might be better citizens.

Pesticide Survey Made Of Floyd County

A survey on 1966 farm pesticide use and related farm practices and characteristics will be made in Floyd County during February and March, according to Cary D. Palmer, State Statistician, Texas Crop and Livestock Reporting Service.

Floyd County is one of 417 counties in the U.S. included in a national study of farm uses of pesticides. The results will be used to help assess the economic impact of present and future chemical uses and to appraise the rapidly changing structure of United States agriculture. This study, the second of its kind, is part of the USDA research program to develop more effective and safer pest control methods and to aid decision making in farm and ranch management. The first

survey conducted two years ago indicated U.S. farmers spent \$514 million on pesticides in 1964.

Farm operators living in selected areas of the county will be asked to report on the sprays and dusts used in 1966 against crop and livestock insects and for killing weeds. The survey will include questions on the materials used, costs and method of application, and other related farm characteristics such as crop acreage, farm income, machinery and equipment use, labor requirements, feed and fertilizer use.

Thomas Swearingen of Spur, Texas will interview farmers in Floyd County, starting on February 25, 1967. He will be working under the supervision of the Texas Crop and Livestock Reporting Service.

Cedar Hill Revival Underway

A revival meeting which began Sunday, March 5, will continue through March 19, at the Cedar Hill Assembly of God Church. Evangelist is the Rev. Lloyd Logan of Jackson, Mississippi. A veteran minister of the Assembly of God, he has ministered in both Louisiana and Mississippi.

Rev. Robert Slaton, pastor, announces that Sunday services are at 7 p.m. Weekday meetings will be at 7:30 p.m.; no Saturday services.

Everyone is invited to attend and will be cordially welcomed.

Letter To The EDITOR

25 Feb., 1967

Dear Editor:

Twenty years ago I used to rush to the Hesperian office during the noon break from school to get a copy of the paper shortly after it rolled off the press on Thursday. Many of those memories returned to me today as the Floyd County Hesperian was placed before me on a battlefield in Vietnam by Sgt. Harold Dean Peace, son of Mr. and Mrs. Huel Peace of Floydada. The Hesperian was good reading in those days and even though most of the names were not familiar to me in your Feb. 9 edition, I still found myself strongly attached to the paper.

I owe much to Floydada and her many fine citizens. The first responsible job I held was given to me by Mr. John Reue who at that time managed the J. C. Penney Store. I learned many valuable lessons from him which have helped me much. The late Pierce King that set a fine Christian example before me and inspired me with his devoted benevolent life, Mrs. I. T. Graves, my high school teacher who taught me techniques of speech and drama which have proven priceless to my profession as a clergyman. And so the memories go but the subject changes.

I am happy to be serving in South Vietnam with a fellow soldier from Floydada and Floydada has a just reason to be proud of her representation here.

I have been sharing the same overhead cover and fox hole with Sgt. Peace in the jungles of War Zone C for the past five days. This Battalion has found him to be a tried and proven soldier and a real example of military leadership. He is serving as our mortar platoon sergeant and as such is doing an outstanding job. In addition to the above responsibility, he presently is serving as the First Sgt. of Headquarters company which is by no means a small job.

So allow me to use this note to you not as a time to ponder memories of bygone days but as a means of paying tribute to a fine soldier who is doing an outstanding job for his country—Sgt. Harold Dean Peace, Floydada, Texas.

Dear Mr. Tooley:

Thank you for your telegram of February 24th, concerning the Industrial Bond bill. I think this will be a good piece of legislation for our part of the country in attracting industry. Any support you can give us in this matter will certainly be appreciated. Thank you again for your telegram.

FLOYD PHILOSOPHER To Keep Down The High Cost Of Civilization

Editor's note: The Floyd Philosopher on his Johnson grass farm gets snowed under by figures this week, his letter indicates:

Dear editor:

Two or three weeks ago I found a farm magazine out here on this Johnson grass farm, you know, most farm magazines are edited by city people in big cities and I've often wondered why some enterprising farmers don't start publishing a magazine out in the country designed to advise

city people how to operate, at any rate, there was an article in this magazine that said a survey has found that weeds are costing American agriculture approximately 3 billion dollars a year.

I didn't pay too much attention to this, I don't know what my weeds are costing me but I know what it would cost me to get rid of them and I don't see any point in adding to the 3 billion and being tired to boot, but a few days later I read in a newspaper that crime in this country is costing an estimated 20 billion dollars a year, counting what the criminals steal, what it costs to try to catch them, to try them, to pay the salaries of the Supreme Court which lets them off, to head the others off, to protect the public, etc.

Then a few days later I read that automobile wrecks are costing about 15 billion dollars a year, counting loss of life, property damage, hospitalization, etc.

Christian Science Lecture Friday Night In Lubbock

"Who Is Your Brother's Keeper?" is the title of a Christian Science lecture by Neil H. Bowles, C.S.B., who will speak in Lubbock on Friday under the sponsorship of First Church of Christ, Scientist.

The lecture will begin at 8:00 p.m. in the church edifice at 2202 Broadway.

Bowles is on tour as a member of the Board of Lectureship of the First Church of Christ, Scientist, in Boston, Massachusetts. A native of Chicago, Illinois, Bowles withdrew from business in 1942 to devote his full time to the public practice of Christian Science healing. Since becoming a member of the Christian Science Board of Lectureship in 1958, he has traveled widely in Europe and other areas as well as the United States and Canada. His present home is Atlanta, Georgia, where he is also a recognized teacher of Christian Science.

Following Labor Day and until the season closes October 29, Six Flags will operate on Saturdays and Sundays only from 10 a.m. to 8 p.m.

The Run-A-Way Mine Train ride, key project in the \$1,000,000 expansion of the Boom Town Section of the Park which was begun last season, has been completed over the winter months.

Questions and Answers about All Number Calling coming to Floydada in July

Q. What is All Number Calling?

A. It's the modern telephone numbering system that is being adopted across the nation, changing telephone numbers from two letters and five numerals to seven numerals.

Q. Will I actually dial most numbers as I always have?

A. Yes. There will be basically no change in the way you dial. The two letters of the exchange name will simply be changed to numerals.

Q. When will All Number Calling start in Floydada?

A. When the next telephone directory is delivered in July. The present prefix "YU 3" will be changed to "983"—actually the same in dialing—last four digits of most numbers will remain the same.

Q. But there will be other changes in some numbers?

A. A few numbers will change. Those in the YU 3-4000 series will change to the corresponding number in the 983-5000 series. For example, YU 3-4999 will become 983-5999.

Q. It is really easier and faster to dial numbers only?

A. People who have been using All Number Calling have found it is definitely easier and faster to dial numbers only, because they no longer have to search for letters on the dial.

Q. Are there any other advantages?

A. Definitely. All Number Calling ends confusion between the "1" and the number one; and the letter "O" and zero. Nor will there be any more misunderstandings or misspelling of the exchange name.

Any more questions? Just call the telephone business office for the answers.

Bishop Kennedy is no stranger to West Texas or McMurry as he preached the 1959 baccalaureate sermon at McMurry's spring graduation. He also spoke at the Northwest Texas Annual Conference held in Abilene that year.

The California churchman, now 59, was one of the youngest bishops in the country. Ordained in 1932 as a Methodist minister, he was elected a

bishop at Seattle, Washington, in July of 1948 when he was only forty.

The author of many popular books and articles, Bishop Kennedy is in constant demand as a speaker. The energetic churchman is active on numerous boards and is presently a member of the boards of Evangelism and Publications and the Commission on Chaplains.

Dr. Rudder is a major general in the Army Reserve and is known throughout the United States as a hero of World War II when he led his Second Ranger Battalion up 100-foot cliffs at Pointe du Hoc during the D-Day invasion of Normandy. He later took command of an infantry regiment which was credited with a major role in repulsing the Germans during their counter-offensive in the Battle of the Bulge.

Dr. Rudder, a Methodist layman, hails from Eden, Texas. He taught at Brady High School for several years and served as mayor there from 1946 to 1952.

Dr. Rudder became vice-president of Texas A&M in February 1958, and president in 1959. On Sept. 1, 1965, he was named president of the Texas A&M University System, consolidating the office of chancellor with that of university president.

According to Dr. Richard von Ende, chairman of McMurry's Fine Arts Department, the McMurry Chanters and the McMurry Band will provide special music at two of the lectures.

The Chanters, singing at the 8 p.m. Monday lecture, are directed by Professor Paul Engledast. Directed by Professor Raymond T. Bynum, the McMurry Band will play Tuesday night.

MDAA GOALS

Muscular Dystrophy Associations of America is dedicated to these major objectives:

RESEARCH, both basic and applied, into muscular dystrophy, a progressively crippling disease, which afflicts more than 200,000 persons in the United States alone, as well as into related neuromuscular disorders affecting millions. Since its formation, MDAA has allocated millions of dollars for this purpose to scientists working in leading medical centers in this country and abroad. MDAA also built and supports the \$5,000,000 Institute for Muscle Disease, the first research center in the world devoted exclusively to the study of muscle and its pathologies.

PATIENT SERVICE to assist patients with muscular dystrophy, amyotrophic lateral sclerosis, amyotonia congenita, myotonic dystrophy, infantile spinal atrophy (Werdnig-Hoffmann Disease), peroneal muscular atrophy (Charcot-Marie-Tooth Disease), and myositis—in meeting the many problems which chronic disease imposes on them and their families. More than 400 MDAA Chapters throughout all the 50 states provide direct services and also arrange for the inclusion of patients in programs sponsored by other existing community agencies.

Alcohol Killed My Son

Please Oppose the Saloon Bill (LIQUOR BY THE DRINK)

By MRS. INEZ LEGG
As Told To Joe Hewitt

Alcohol killed my son. He was just 18, not enough to buy beer or whiskey, but it was available to him, and as a result, he is dead. My son, Wayne Legg, was out with two other boys on the night of December 5, 1966. At about 10 o'clock that night the fog was so thick, I had to roll down the window of my car to see where I was going. On my way home, on that foggy night, I did not know that my only son was driving. He was so dazed by beer and whiskey, he was going too fast on Naaman School Road north of Floydada. By the time he saw the curve it was too late. He was killed instantly, when the car hit the dirt embankment. My son is dead. It's too late to help him now. What about other boys and girls? We can do nothing for them. If they drink, their reflexes are dulled. They take chances that they wouldn't normally take. They kill themselves, and some innocent bystanders as well. When alcohol is available to them the danger

increases. The more alcohol that is available to them, the more of them that are killed, hurt, or crippled for life. The number of deaths of these young people, like my son, increases and decreases with the availability of alcohol.

Regardless of whatever else may be said about it, this is true: If my son had not been drinking, he would not have been killed. If alcohol had not been made available to him, he would not have been killed.

The least we can do is to NOT MAKE ALCOHOL MORE AVAILABLE.

Liquor interests and businesses that would stand to make a profit from legal sale of liquor by the drink, are trying to get a saloon bill passed in Texas.

Please, for the sake of our children, oppose the saloon bill. Write your State Representative and State Senator. Ask them to please, oppose the saloon bill.

Mrs. Inez Legg

- WHAT WE CAN EXPECT IF THE SALOON BILL PASSES:
- 20% More Highway Deaths
 - 24,433 More Crimes
 - 157,000 More Alcoholics
 - 8.4 Million Gallons of Liquor more than is sold in Texas each year.

LOCKNEY — Coach Cleburne Price of the University of Texas signed Melvin Sissney, a Lackney senior and son of Mr. and Mrs. Melvin Sissney, to a pre-enrollment voucher to attend the Southwest Conference school on a football scholarship last week. Sissney plans to major in engineering.

The 5-10, 130-pound halfback earned all-district and All-South Plains honors this season despite a foot injury which sidelined him during several district games.

Sissney plans to participate in track at the University as well as football. He has clocked a 48.1 440-yard dash and established a new state AA record last spring with a 18.1.

Whirlettes Beat Granbury, Lose To Spearman In Regional Tourney

By Wendell Tooley
Floydada Whirlettes hit regional play again this year. . . and advanced one game farther than last year. The difference in advancement probably centers around the fact that they played Spearman the second game instead of the first.

However, the Whirlettes came mighty close to taking Spearman out of the running this year. Last year Spearman defeated them by six points. This year it took overtime play for Spearman to win.

The Whirlettes had no trouble in defeating Granbury in the 12:30 game. A big crowd of Floydada fans were on hand for the game and cheered the team on to victory. . . the score was 60-46. All the Whirlettes got a taste of this win.

It was a "fouled up game" . . . the guards made way too many fouls the first half. Coach Chadwick said, "we managed to admit the defense and slow them down in the third quarter, which enabled us to get a good lead."

Sally was hitting in the first half with 14 points, Cindy, who couldn't seem to hit the basket in the first half came back strong after half-time with 16. Marilyn, who had been experiencing trouble hitting the basket for the last two or three games was consistent throughout the game.

Granbury fouled off three or four girls. . . and we were making the free shots. . . gaining all the time.

SPEARMAN GAME
Floydada fans were all over the coliseum!

The game wound up at 37-37. . . in overtime the Whirlettes lost the game and regional to the tune of 42-37. At half-time it was tied up 19 and 19.

This was almost a foul-less game. Spearman made four fouls and the Whirlettes made seven. "Our free throw shooting in the morning game convinced Spearman they couldn't afford to foul us," concluded Coach Chadwick.

Chadwick also made these observations about the game: "we lost the ball on turnovers ten times. Spearman had four turnovers. . . this shows how close the game was."

Sally made 17 points, Marilyn 10 and Cindy 10.

The Whirlettes hit 17 of 35 from field for a 49% and 3 out of four free shots for 75%. Marilyn made 9 of 10 free shots for an excellent 90% and Cindy made 11 of 20 for a 55% on free shots.

The Floydada High School track team came out third in the Idalou track meet last week. Memphis took first with 91 points. Olton won second with 85 points. Floydada made 72 points.

Joe Christian won a first place in the shot put throw with 47.9.

Hulon Carthel placed second in shot put with 45.7.

Bob Murry placed first in the pole vault contest with 11.6.

Roland Adams placed second in the broad jump with 20.2.

David Parr placed fifth in the 880 with 21.4 flat time.

Derrell Monday placed third in the 440 dash with a 51.4 time.

Joe Christian ran the 100 yard dash in 10.9.

The mile relay team placed second with a 3:36.9 time. The relay team is composed of Monday, Murry, Adams and Rodney Bunch. Mac Baker is alternate.

Bunch placed fourth in the 220 with a time of 24.5.

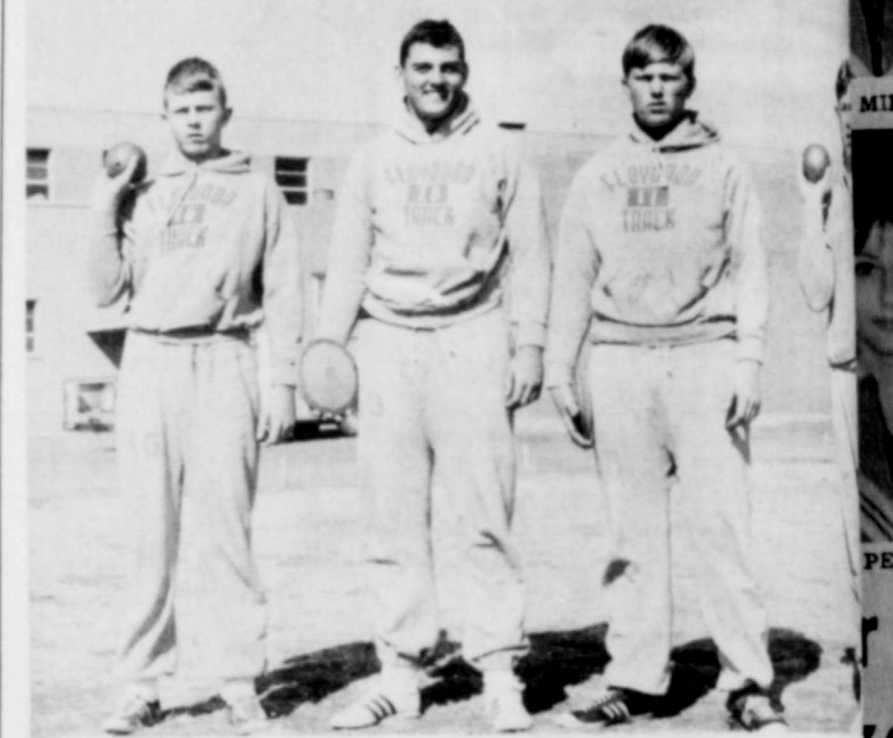

The sprint relay team placed fourth with 45.7 time.

Coach Milliken said that the hurdlers were beginning to look better and the entire track team has a good desire to train, condition and win.

The team will compete in the track meet at Abernathy Saturday.

Compress Outsiders Win

In a wild and woolley 76-27 win over the Lon Davis Grain outsiders last week the Panhandle Compress outsiders emerged victorious in season's play.

The playoff was the final of two rounds of play with the two teams playing for season honors.

field for 45%, and six of ten from free throw line for 60%.

WIN-LOSS RECORD
The Whirlettes wound up the season with a 30-6 record. . . won the Floydada and Farwell tournaments, third place at the Springlake tournament and came out with the Regional I-AA runner-up trophy.

Coach Chadwick concluded, "not bad. . . for a team with two freshmen forwards!"

CRUCIAL MOMENT! . . . coach Kelly Chadwick calls time as Spearman game nears close and tells the Floydada Whirlettes what to try next. (Staff Photo)

SOUTH PLAINS NEWS By Mrs. Murry Julian

South Plains, March 6 - R. H. Adams underwent an emergency appendectomy for a ruptured appendix at the University Hospital in Lubbock Tuesday night, or Wednesday morning about 2:30 a.m. Mrs. Adams has been with him at the hospital, and word Sunday came that he was worse, but we are glad to know this Monday that he is much improved, and can be up a little while.

Mr. and Mrs. Fred Fortenberry left for Secorro, New Mexico over the week end to visit her brother, the Cecil McCain family, and they are expected home this Monday night.

Mrs. Button Beedy and boys returned Wednesday from Claude, and spent until Friday in McCoy with her parents, Mr. and Mrs. E. M. Jackson. When Button returned from his fishing trip at Falcon Dam with Don Probasco, Mrs. Beedy returned home. The boys caught a fine lot of fish, and had a good trip. Charles Beedy of Stinnett arrived Sunday to stay with the Beedys and will be here this week to judge in the Steer Show at the Stock Show in Floydada.

Many have been ill the past week and accounted for a low attendance at church Sunday. All the children of the Travis Youngs have been ill, Mittzi Julian and Cindy Milder both have been kept at home with bronchitis, and Carlen Young came down Friday with a case of mumps.

Mrs. V. D. Turner of Floydada visited here Thursday afternoon and attended the South Plains P-TA with 2nd and 3rd grades giving the program. Mrs. Turner is the mother of Mrs. Travis Young.

Hobby Club members remember that Hobby Club will meet at the home of Mrs. Harold Hamm on March 15, at 2 p.m. Mrs. H. L. Marble is assistant hostess.

We are proud of all our young folk, and especially do we say congratulations to K. Cummings, senior at Floydada High School, who was one of 8 seniors named to Who's Who. She has many honors, among them being named good citizen by the Daughters of the American Revolution, and she also took part in the 1966 Secondary Science Training Program sponsored by the National Science Foundation.

Mr. and Mrs. Frank McClure went to Abilene Wednesday to bring Mrs. Betty West here for several days in their home.

Mrs. Jean McClure, Boyd, D'Ann, and Donna were also weekend guests in the McClure home. Sunday Mrs. West, Boyd and Donna attended Sunday morning services at the Baptist Church. Sunday night Mrs. Dock Wallace of Silvertown came to take her mother, Mrs. West,

home with her for several days. Last Tuesday Mrs. Bryan Karr was leader at the South Plains Baptist Church for an hour of Bible Study with members of the WMU enjoying the service. Present were Meses. L. T. Wood, Bryan Karr, Arby Mulder, Charles Conger, Fred Fortenberry and Grigsby Milton.

W. L. Whitehead, who resides near Cedar Hill was severely burned the first part of last week by a butane explosion. He had put some butane in the cellar to kill a skunk, and then as he tried to burn the scent from the cellar, the explosion which followed burned his hands and face badly, and Mrs. Whitehead was also burned, but to a lesser degree.

Mrs. Glen Whitfill of Sweetwater and daughter, Cindy, came up Saturday to spend the weekend here with her parents, Mr. and Mrs. Alvin Nichols.

Several from here went to Lubbock Saturday afternoon to see the Floydada Whirllettes at the Lubbock Coliseum play the Granbury girls in regional play, and after that they advanced to regional championship game with Spearman which was a tie at ending of the game, but they lost in a heart breaking overtime game. Among those who went from here were Messrs. and Meses. I. H. Parks, John Key West, Johnny West, Rex Smitherman and the Sylvain Kinnibrugh.

Mr. and Mrs. Roy Burks spent Saturday night and Sunday in Midland on a business trip.

Mr. and Mrs. Early Pritchett and Stevie went to Dallas early Friday morning to take advantage of the school holiday and spent the long week end with his sister, Mr. and Mrs. L. D. Reid. The weather was very springlike there, and in the eighties.

March Sunday School parties are scheduled for this week at the South Plains Baptist Church. Nursery 2 and Beginner party is Thursday from 2:30 to 4:00; Primary party is Thursday from 5:30 to 7:30, and the Junior party is Friday evening from 6:00 to 8:00 o'clock.

Mr. and Mrs. H. L. Marble left here for Mineral Wells Saturday morning, and plan to spend several days there with their daughter, Mr. and Mrs. Marvin Wells, Kim and Marinda.

Tuesday at 2 p.m. the WMU members will begin the Week of Prayer for Home Missions and the Annie Armstrong offering, with theme "As You Go..." at the Baptist Church.

Mr. and Mrs. Frank McClure plan to leave this Tuesday morning for Ardmore, Ok-

lahoma, where she will have a medical checkup at the Arthritis Clinic. This Monday her sister, Mrs. J. E. Woodson arrives from Snyder to spend several days with them, and the McClures are scheduled to go to Houston to see their son, the Donald McClure family the latter part of the week.

Mrs. Harold Hamm will be hostess for members of the Lone Star Home Demonstration Club on March 21, at 2 o'clock p.m. Members and guests be sure to note the change in time of meeting.

Members of the South Plains 4-H Club, including Arlene and Jeaneva Hamm, Steve Kinslow, Beverly Kinnibrugh, and Katie Taylor will serve sandwiches, cakes and pies at the Junior Livestock Show which is set for a 3 day showing from Monday through Wednesday, and their day to serve is Tuesday.

Mrs. Gilbert Bean has been unable to attend church for a few weeks due to an eye illness. All of us sincerely hope she gets better soon, and is able to be out.

Mrs. Leighton Teeple of Plainview was a visitor here with Mr. and Mrs. Harold Hamm Tuesday, and reported she had recently been in Dallas where she had visited her daughter, the David Reddouts and two year old grandson, and found them doing fine.

Rev. Charles Conger visited Wednesday afternoon and this Sunday afternoon in Lubbock at the University Hospital with Mr. and Mrs. R. H. Adams, and found R. H. doing much better Sunday afternoon. He had been on the critically ill list.

Mr. and Mrs. John Kinnibrugh, Beverly and John Mark went to Gilliland Saturday and Sunday to see her father, E.A. Burgess, who has been ill, and her mother; then on Sunday to Truscott to visit the J. A. Kinnibrugh, John's folks.

Mrs. Harold Hamm and daughters, Jeaneva and Arlene left Saturday to go to Abilene to visit Mrs. Hamm's daughter, Mr. and Mrs. John Bentley over Sunday. John attends McMurray College.

Mr. and Mrs. Allen Abbott from Brighton, Colorado, which is near Denver, were Tuesday and Wednesday house guests of Mr. and Mrs. Mirray Julian this past week. Mrs. Abbott and Mrs. Julian are girlhood friends, and attended schools together, and were roommates when teaching, so it was a wonderful meeting.

Word has come from George West at Mineral Wells that he is doing as well as possible, and plans to take the baths there. He is scheduled to stay a month at the Mineral Hotel.

While George is there, Mrs. West went to Amarillo on Wednesday and then left by plane for Mountain View, California, where she will visit for about two weeks with her granddaughter, Sharon Evans, who teaches there. This city is about 40 miles from San Francisco, and Mrs. West plans tours and sightseeing trips in and around there.

Young People and Intermediates of the Baptist Church held a March Party at Fellowship Hall of the Church Thursday night with games throughout the evening followed by refreshments of cup cakes, cakes, dips and chips. The Easter Seal Society is carrying out its thirty-seventh annual Easter Seal Appeal to finance a program of rehabilitation services for crippled children and adults. The Texas Easter Seal Society helps support 23 treatment facilities where children and adults are treated regardless of ability to pay. Glazner urged every person in Floyd County to increase their support of the Texas Easter Seal Society and its program of services to the crippled children and adults.

Do You Know A Handicapped Person Who Needs Help?

"Do you know a handicapped person who needs help and isn't getting it?" is the question being asked by Jeff Glazner, who is Floyd County's Easter Seal Representative and the person to contact for services from the Easter Seal Society for Crippled Children and Adults of Texas.

The Easter Seal Society offers rehabilitation services to help disabled persons and their families to find and make the most effective use of resources which will be helpful to them in developing their abilities and living more purposeful lives, Glazner said.

An Ad Poem! The codfish lays 10,000 eggs The homely hen lays one. The codfish never cackles To tell you what she has done. And, so we scorn the codfish, While the homely hen we prize. Which only goes to show you That it pays to advertise. -30 tfc

PERSONALS

Dear Marvin: The kids promised to be especially good so I brought them to Ben Franklin with me - well you have never seen so many Easter goodies - Debbie and another little girl both claimed the same chocolate bunny and before I could separate them they had chocolate and marshmallow all over their faces, hair and clothes. I guess you must have come in while I was in the washroom cleaning Debbie up - I do hope to see you next Saturday - I'm going to get some of those woman's acetate briefs Ben Franklin has on sale - two pair for 69¢. . . please meet me at Ben Franklin. While I think of it Marvin, I'm beginning to wonder if everyone thinks this is so personal they don't dare mention it - the owner at Ben Franklin told me if anyone would clip this ad and bring it in he would give them a package of gum. Love, Rosemary tfc
