BANK CALL APRIL 25

Floyd County Banks Deposits Down

A late call has caught Floyd County's First National Banks at Lockney and Floydada with their deposits down.

According to a bank call on April 25, both banks are down a little. The bank call last year at this quarter was on March 31.

The Floydada bank was down from last year's \$9,615,137.12 to \$9,157,704.74. The Lockney bank was down from last year's \$6,329,848.11 to \$6,261,013.16.

LOANS

Loans were up at the Floydada bank from last year's \$3,851,183.13 to this year's \$4,023,657.49.

At the Lockney bank loans were down from last year's \$2,865,399.05 to this year's \$2,499,854.33.

AREA BANKS

Banks in Lubbock, Plainview and Littlefield were also down in deposits on the April 25 bank call.

Bankers cited several reasons for the lag in deposits, all centering around the 20-day lag in the call date.

A major factor is that farmers who have previously carried over part of their crop income each calendar year were forced to report all crop layout payments on their 1966 return, increasing their tax liability for the past year.

Because of the poor crops in the area, there were virtually no holdover sales in cotton, a practice common in this area.

Another factor involved is the fact that much of the area's income tax debt had not been paid when the April 5, 1966, call was made, while most of it had been paid when the April 25, 1967, call was issued.

The later call date also allowed more money to be put to work in farming operations. An estimate of as high as a 50 percent total cost of area crops had been spent in preparing land for planting, included in this cost is all of the pre-irrigation and a higher than ever use of fertilizers and pre-emergence chemical weed control.

School Board Hires More Teachers; Accepts Some Resignations

The Floydada school board hired some new teachers for next school term and accepted some resignations at its regular meeting Monday night in the school business offices.

New teachers hired include: Mrs. Don Robertson, Carolyn Stewart, Mary Alice Craig and Glenda Smith.

Resignations were accepted from Charles Baumgardner, Kenneth Hill and Sally Dickson. Audrey Spence was granted a year's leave of absence.

Mrs. Spence will attend Sam Houston State at Huntsville on a scholarship.

Hill plans on moving to Albany where he will be Freshman football coach and teach history.

Baumgardner plans on entering the insurance business in Lubbock.

Baccalaureate Services In Baptist Church

According to a report yesterday from Floydada High School principal Charles Tyer the Sunday, May 21 Senior Baccalaureate service will be held in the First Baptist Church.

Principal Tyer said that the building would seat around 1,000 persons and that it is air conditioned.

Baccalaureate speaker will be pastor of the church, The Rev. Floyd Bradley.

Commencement exercises will be held in the high school auditorium on Friday night, May 26.

Both services are scheduled to begin at 8 o'clock p.m.

Awards Day At School Friday

According to a report from Floydada High School principal Charles Tyer, Friday is to be the annual awards day at the school.

The awards will be made to many students in the high school auditorium and the parents are invited to attend.

The Hesperian will print a complete list of all award winners next week.

Cemetery Assn. Needs More Finances

According to the following report from F. C. Harmon of the local cemetery association there is a big need for more finances at this time to take care of the cemetery:

"The Floydada Cemetery is my subject and greatest worry. You may be like a large percentage of the people; just don't like to think of cemeteries. Well, this has been my problem for over twenty-five years. Charlie Bedford and I have tried to maintain and finance the cemetery all these years.

When we took this job the association was broke and in debt and the weeds waist high.

The people have been very nice to contribute to this worthy cause. We have bought land and sold lots and managed to stay in the black and have some money on hand in case of an emergency.

Recently we sent out 514 notices to interested parties and only 122 have responded with remittances.

This is less than 25% as you can see and the payments are coming very slow now.

The thing that we would like to get over to the public is that labor is four times higher than in 1941, when we could hire all the men we wanted for \$2.00 per day and now not less than \$8.00 per day.

So many good people are still giving the same amount they did in 1941. This just doesn't make sense and if we did not get a lot of out of county help we would be in bad shape.

Another one of our troubles is that we cannot hire good extra help. We need one or two men right now to get ready for May 30th and have not found one.

We have not made a drive on the merchants in about fifteen years but some of them send us their checks which we appreciate."

South Plains Coop Stockholder Meet

The annual stockholder banquet dinner and meeting of the South Plains Coop Gin and Elevator has been set for Friday night in Duncan Elementary Cafetorium in Floydada at 8 o'clock.

The famed Sour Dough singers of Matador (now students at Texas Tech) will be the featured entertainment and a delicious meal is planned.

Two directors are to be elected in the business meeting.

President of the Co-op E. P. Pritchett and manager Bob McCrory invite all stockholders, guests and families to be present at this annual event.

City To Improve 74 Blocks Paving Begin Legal Work To Pave Crockett

Derrell Monday To Preach Here Sunday Night

Derrell Monday, senior in the local high school, will preach his first sermon Sunday night, May 14 at 7 o'clock in the First Baptist Church.

The young man, who makes his home with Mr. and Mrs. Travis Jones, surrendered to preach several months ago and plans to attend school this fall to prepare for the ministry.

The first part of the service will consist of the spring concert of Beginners, Primary and Junior choirs of the church.

The public is cordially invited to come hear this young man preach and the special music.

The Floydada City Council approved letting of bids to re-top about 74 blocks of paving in the city as soon as possible, at their regular monthly meeting Tuesday night. This is according to the city's overall maintenance plan for existing paving.

Another paving effort which took much of the council's time Tuesday night was the problem of paving Crockett Street in front of the new hospital and Westbrynn Haven. City manager Bill Feuerbacher said that he had been unable to reach an agreement for paving the street with the owner of the property on the north side of the street, W. A. Massie.

After a considerable amount of study and discussion the council told Feuerbacher to seek a special called meeting with the Floyd County commissioners court at once and seek to begin condemnation proceedings for right-of-way for paving the street.

Since a strip of approximately 300' x 22' is outside the city limit, the county commissioners will have to condemn that section if the complete street is to be paved, according to Feuerbacher.

Blanco Offset Printing Corporation Now Printing Eight Newspapers

One of Floydada's newer industries has recently taken on two more accounts . . . with the addition of the Matador Tribune and The Lynn County News in Tahoka.

This makes a total of eight newspapers the plant prints each week: Floydada, Slaton, Lockney, Crosbyton, Abernathy and Wayland College.

The plant has three full time employees and employs six on Wednesdays.

Blanco also prints circulars for several area business in Lubbock, Plainview, Falls, Post, Borger, Springlake, Bovine, Albuquerque, Amarillo, San Angelo, Shallowater, Midland, Paducah, Lamesa, Childress and Hale Center.

STEVE WILLIAMS BLOOD DRIVE

Community's Goal Of 200 Pints Of Blood Monday

Floydada's service clubs and study clubs have in their possession over 700 cards to be signed by blood donors between now and Monday morning.

The Carter blood bank group from Fort Worth will be here at The First Methodist church from 7 a.m. to 1 p.m. to take the pints of blood.

Because the folks in Lockney, Steve's home town, have given over 200 pints and can give no more for two or three months, Floydada's people are adopting Steve for awhile and hoping to get at least 200 pints of blood Monday.

Persons who have more money than blood are reminded they can give \$10.00 and buy Steve a pint of blood.

All persons who are signing up donors should return their cards to the Hesperian not later than noon Monday.

Anyone who wishes to give, but who has not been signed up, need only call the Hesperian and give his name, so that a record can be kept. . . and if Monday morning rolls around and you want to give, simply come to the First Methodist Church where the Carter blood bank group and local volunteers will be signing up donors.

Steve has the rare blood disease of hemophilia and owes the Carter Blood Center in Fort Worth 66 pints.

Steve is 17 years of age and it is thought that when he reaches 18 or 19 (out of the growth stage) his blood needs will be around 15 or 20 pints per year. His blood will not clot.

The folks at Lockney have given Steve over 200 pints and they cannot give more until three months have passed.

Tentatively, the blood drive is set for May 15 at the fellowship hall of the First Methodist Church.

Members of the clubs will sign up donors, furnish refreshments for the donors and organize phone calls to remind donors.

STEVE WILLIAMS holds a pint of frozen blood plasma, which is always to be found in the Millard Williams' deep freeze. Steve suffers from a rare blood disorder. Sponsors are hoping to secure 200 pints of blood Monday for young Williams. Shown with Steve are his parents.

CAPROCK FROM PAGE 1

YOU DON'T HAVE TO LOOK far in the little city of Floydada to find some progress and improvement in the making. I was pleasantly surprised Tuesday afternoon as I viewed the new office building at Producers Cooperative Elevator here.

I had been around the building while Buck Galloway was putting it together... but didn't realize just how modern and efficiently it has been designed.

Shucks, if I get all hot and sweaty working this summer I'll just go over and try out one of their new shower baths.

We look forward to the grand opening of the new offices... believe Bill says around the 27th of this month.

ALL I CAN SAY at this point is that we must have a minimum of 90 donors to merit the crew coming out from the blood bank at Fort Worth Monday. Our various clubs in

Floydada have jumped into sponsorship of helping Steve Williams... everyone is working to be ready for the actual giving of the blood Monday.

Now, all we can say is please GIVE. If no one has asked you to sign one of the donor cards... simply call us here at The Hesperian, YU3-3737, so that we can know whether or not we can guarantee 90 pints of blood.

Our goal is 200 pints for Steve from Floydada. Won't you help?

HERE ARE SOME "political tips" Bill Turner, publisher of the County Wide News, Littlefield, ran in his paper recently. They were thought up by State Sen. Finis W. Smith of Oklahoma and, as Bill Turner said, if you don't like them, blame them on Senator Smith. Here is how the Senator distinguishes between Republicans and Democrats:

"Republicans tend to keep their shades drawn although there is seldom any reason why they should. Democrats ought to, but

they don't.

"Democrats buy most of the books that have been banned somewhere. Republicans form censorship committees and read them as a group.

"Republicans consume three-fourths of all the rutabaga produced in this country. The remainder is thrown out.

"Republicans usually wear hats and almost always clean their paint brushes.

"Democrats give their clothes to those less fortunate. Republicans wear theirs.

"Republicans employ exterminators. Democrats step on bugs.

"Democrats name their children after currently popular sports figures, politicians and entertainers. Republican children are named after their parents, or grandparents, according to where the most money is.

"Democrats keep trying to cut down on smoking, but are not successful. Neither are Republicans.

"Republicans study the financial pages of

the newspapers. Democrats put them in the bottom of the bird cage.

"Most of the stuff you see alongside the road has been thrown out of car windows by Democrats.

"Republicans raise dahlias, Dalmatians and eyebrows. Democrats raise airdales, kids and hell.

"Democrats eat the fish they catch. Republicans hang them on the wall.

"Democrats watch TV crime and western shows that make them clench their fists and become red in the face. Republicans get the same effect from the presidential press conference.

"Republican boys date Democratic girls. They plan to marry Republican girls, but feel they're entitled to a little fun first.

"Democrats make up plans and then do something else. Republicans follow the plans their grandfathers made.

"Republicans sleep in twin beds - some even in separate rooms. That is why there are more Democrats."

Before entering the service in March 1948, Construction Mechanic Virden attended Lockney High School in Lockney, Texas.

VETERANS ASK

The cutoff date for the World War II GI Home Loan Program is July 25, 1967, the Veterans Administration said today.

That date is the absolute deadline for applications for VA guaranteed or insured GI Home Loans for veterans of World War II, according to Jack Coker, Manager of the Veterans Administration Regional Office in Waco.

Veterans of the Korean Conflict and the Vietnam era veterans are not affected by the WWII cutoff date. For Korean Conflict veterans, the absolute deadline is January 31, 1975.

For post Korean Conflict veterans the loan deadline formula is the same as the one for previous programs: 10 years after the date of discharge, plus one year for each three months' active duty, but not in excess of 20 years from date of last discharge.

AYRES RITES AT LOCKNEY

Funeral rites for George Ayres, 71 year old Lockney resident, were held in Carter Funeral Home in Lockney Sunday. Ayres died Friday night in Plainview Hospital after being transferred there from Nichols Manor Convalescent Home in Lockney.

He was a native of Briscoe County, a retired retail store owner and a veteran of World War I. He had been living in Lockney for the past nine months and before that resided in Lamesa some 40 years.

Survivors include four brothers, Waller, Lee, Robert and Fredrick, all of Lockney, and one sister, Miss DeLila Ann Ayres of Lockney.

PARADE AND RODEO TODAY AT LOCKNEY

Kicking off the fourth annual rodeo will be a parade this afternoon at 5 p.m. in downtown Lockney. Free barbecue will be served at the fair building after the parade and before the initial rodeo performance at 9 p.m.

Rodeo officials point out that the change to Daylight Saving Time is the reason for the later starting time.

All clubs, organizations and churches are invited to enter floats in the parade. Also featured in the parade will be bands, senior and junior riding clubs, bicycle riders and antique cars.

Rodeo producer is Red Whately of Crosbyton, who has produced the past three rodeos at Lockney.

able appliance? Perhaps the old mixer is worn out, or maybe she needs a small portable one that she can easily handle for those jobs on the other side of the kitchen.

Blenders have now been on the market for several years and are steadily growing in popularity as the public recognizes the many ways they can be used. Attachments are being made to fit the blender motor to take care of the jobs that the blender can't and to make them even more versatile.

As some of us hurry down town on Saturday afternoon to get something for our mothers, let us take time to peek at these appliances large and small. This will probably be as far as we need to go?

Did you know that the honor of the origination of Mother's Day belongs to Miss Anna Jarvis of Grafton, West Virginia and Philadelphia. Her idea was first conceived in 1907 as she remembered the anniversary of her own mother's death.

Pennsylvania made it a state holiday in 1913 and President Woodrow Wilson proclaimed it a national holiday in 1914 to be observed the second Sunday in May. Miss Jarvis continued to work on her idea and it is now observed in several foreign countries.

Since 1912, the governor of Texas has observed the day by pardoning a number of prisoners on this day.

The wording of the resolution that was passed by the House and Senate - "dedicated to the memory of the best mother in the world, your mother."

It is observed "through some distinct act of kindness, visit, letter, gift or tribute to show remembrance of the mother to whom general affection is due. Edwin Arnold summed it all up with - "God can't be always everywhere; and so, invented Mothers."

Linda Rucker Complimented

Miss Linda Rucker, bride-elect of James Woodall of Dumas, was complimented with a pre-nuptial courtesy in the community room of Lighthouse Electric Saturday.

Mrs. Bud Goen received guests and presented them to the honoree and her mother, Mrs. Ralph Rucker. Signatures for the bride's book were secured by Mrs. Ken Weaver. The serving table, attended by Miss Connie Reed and Miss Juanita Stewart, was laid with a white cut-work cloth over turquoise. It was centered with a floral arrangement of the bride-elect's chosen colors, which was later presented her. Crystal appointments completed the setting.

Hostesses assisting Mrs. Goen were Mmes. J. D. Nash, LeRoy Burns, Harry Reeves, Marie Baker, A. C. Carthel, Burl Huckabee, Fay Gooch, Johnny Moss, Buddy Hatley, Ken Weaver, Larry White, Don Daniel, Connie Reed, L. B. Stewart Jr., S. E. Sparks, Elton Goen and Mrs. Kenneth Rimmer.

Duncan Hines stainless steel cookware and stainless steel canister set were presented the honoree by hostesses.

Miss Rucker and Woodall will exchange wedding vows Sunday, May 28th in the First Baptist Church in Floydada.

Club Closes Season With Thursday Meet

Members of the 1922 Study Club held their final meeting of the season last Thursday in the home of Mrs. Kenneth Bain. Roll call was answered with "I Came To Floydada When" then named something outstanding that had occurred in Floydada since their arrival.

Mrs. E. L. Angus was program director for the theme on "Our Town". Each member gave a reflection of the past and told of early day experiences in the city.

The benediction - The Lord watch between me and thee while we are absent one from another, was given in unison by club members.

Mrs. W. O. Tye, club president, presided over the business meeting and extended her thanks to members for their cooperation during her tenure of office. Mrs. D. S. Battey gave the treasurer report.

Present for the meeting were Mmes. Kenneth Bain, D. S. Battey, P. W. Bell, J. V. Daniel, Pearl Fagan, P. D. Helms, W. H. Henderson, Wilson Kimble, R. L. Nichols, E. F. Stovall, W. O. Tye, Ben Whitaker, E. L. Angus, W. H. Smith Sr., and Mrs. Bessie Henry.

Cobb And Graves Vows Solemnized Saturday

The marriage of Miss George Marie Cobb, daughter of Mr. and Mrs. Vernon G. Cobb, and Richard Allen Graves was solemnized Saturday evening in Seth Ward Baptist Church, in Plainview.

Graves is the son of Mrs. Bob Murry of Amarillo and the late Oscar Richard Graves of Floydada.

Recitation of vows was directed by Rev. W. P. Brian, Seth Ward pastor, at an altar banked with greenery and arched candelabra.

BRIDE'S GOWN
The bride wore a gown of French peau de soie, fashioned with a crescent bodice, long tapered sleeves and controlled A-line skirt. Jeweled chantilace motifs graced the gown. A Watteau chapel train, enhanced by lace appliques, fell from the shoulders. The bride's veil of imported silk illusion was attached to a cluster of lace petals outlined in pearls. She carried a bouquet of white roses and phalaenopsis orchids.

Father of the bride presented her in marriage. ATTENDANTS
Miss Carol McCasland, cousin of the bride, was maid of honor. Mrs. Gary McKinney was matron of honor, and other attendants were Mrs. Charles W. Flatt and Miss Connie McCasland, cousin of the bride.

Their long A-line gowns were designed with empire bodices of mint green brocade satin and matching skirts of satin. They wore headpieces fashioned with bows and net, and each carried a long stemmed white rose.

Attending the bridegroom as best man was Bill Taylor of San Angelo, his brother-in-law. Other attendants were Larry Irby of Dimmitt, Gary Matsler of Lubbock and Doug White of Shallowater.

Ushers were Mike May and Steve Johnson.

Flower girls were Candace McCasland and Jerry McCasland, cousins of the bride. Candelighters were Carla McCasland and Johnny McCasland, also cousins of the bride.

Nuptial music was provided by Miss Sharon King, organist, and Miss Karen Johnson, soloist.

RECEPTION
The serving table at the reception in the church Fellowship Hall was highlighted by bride and groom figurines enclosed in an inverted crystal bowl that held an arrangement of marguerite daisies.

Assisting with hospitalities were Mrs. John McCasland and Mrs. George McCasland, aunts of the bride, Mrs. Bill Taylor, Miss Peggy Johnson and Miss Janet Painter.

For departure on their wedding trip the bride was wearing a green dress and coat ensemble, feather and net hat and beige accessories.

She is a graduate of Plainview High School, McBride's School of Hair Design and is employed at the House of Beauty in Plainview.

A Floydada High School graduate, Graves works for GAC Finance Corporation. He attended Baylor University.

Peachie Parrish and Miss Ruth Bartley showed gifts, including the hostess gift of pottery. Other hostesses were Mmes. Roy Mara, Oma Patterson, Clay Kimbrough, D. F. Pulliam, Joe Jackson, Clarence Verrett, C. O. Gilbreath, Clinton Denning and Rube Gray.

Out of town guests attending included Mrs. D. B. Gordon, Mrs. W. B. Criswell and Teresa, and Mrs. Tracy Roberts, all of Idalou; Mrs. Frank Parker, Lubbock; Miss Karen Houston, Dimmitt; Mrs. Nelson Hilliard, Vernon; Mrs. Harold Reese and Sheryl, Plainview.

Miss Ballew and Barnhart will be married June 17 in the Trinity Baptist Church in Sweetwater.

How To Bake A Cake

Light oven, get out bowl, spoons and ingredients. Grease pans, chop nuts. Remove 18 blocks and 7 toy autos from kitchen table.

Measure 2 cups flour; remove kids' hands from flour, wash kids. Measure 1 cup more flour to replace flour on floor.

Put flour, salt, baking powder in sifter. Get dust-pan and sweep up pieces of bowl which said kids knocked on floor. Get another bowl. Answer doorbell. Answer phone. Bandage foot cut on missed piece of bowl. Return to kitchen. Remove kids' hands from bowl. Wash kids. Get out eggs. Wash

phone. Take greased pan and remove 1/4 inch salt. Look for kid that did it. Grease another pan. Answer doorbell, then phone (always timed for togetherness).

Return to kitchen and remove kids' hands from bowl; wash shortening, etc., off of them. Take up greased pans and remove chopped egg shells layering bottom. Head for kids who flee, knocking bowl off table with mixer still going.

Wash kitchen floor, table, ceiling, walls, dishes, kids. Call the baker. Lie down and cry.

Respondek Has Pencil Sketches In Exhibition

A number of Floyd County persons were in Lubbock Saturday to view pencil sketches done by Tommy Respondek II. The exhibition was on display at Al Hayes Furniture Store. Tommy and his parents are former Floydada residents and he now resides in Petersburg where he is employed at a grain elevator. Among some of his portraits was one of Alton Higginbotham of Lighthouse Electric in Floydada.

Several months ago Tommy started sketching portraits of persons whose pictures appeared in a Lubbock newspaper. Told by a friend that his work was good and he should do something about his talent, Respondek did. "The first thing I learned was to sketch fast," Respondek told The Avalanche-Journal. "He has done as many as eight portraits in a single day. And his art work is done after hours and part-time from his regular shift at the elevator. "After all, if it wasn't for the picture subjects in the daily newspaper, I don't guess I ever would have started sketching," the young artist wrote Chas. A. Gay, editor of The Avalanche-Journal.

Popularity of his pencil sketches has grown and he has formed a sketch art company at Petersburg. "I use a soft lead pencil for my work," the artist said. "You never know how many photos of persons will be appearing in a daily newspaper. Sometimes you have to really work fast because there will be another edition the next day and the next." Respondek came to the exhibition slating his sketches at 14 inches. The artist is a native son and attended Petersburg School.

"The Restless Ones"

Coming Here June 1-2-3

"THE RESTLESS ONES," considered the most successful motion picture yet produced by Evangelist Billy Graham, will be shown in Floydada June 1-2-3 in the Palace Theatre.

With the accent on youth, this feature-length film deals imaginatively and dramatically with the teen-age crisis. With a background setting provided by the 1963 Billy Graham Los Angeles Crusade, and artfully woven into the story pattern, "The Restless Ones" is a hard-hitting, bold approach to our social problems.

Here is a film which dares to be different, a story which will stir the heart and mind. Having seen "The Restless Ones," you will never be the same.

As one reviewer said, "Here is a picture that tells the world the truth and comes up with an answer, not an easy answer, but an answer from beyond us." This answer will satisfy, challenge and inspire young and old alike and will appeal to churchgoers and non-churchgoers. The Christian message comes through in the midst of a realistic teen-age situation, cleanly and without cloying. Swift-moving plot episodes highlight the opportunities facing the church.

Screen writer James Collier has skillfully brought into focus the contemporary plight of both

teen-agers and parents. A sensitive script, produced by World Wide Pictures under the direction of Dick Ross, has resulted in a "break-through" in "THE RESTLESS ONES."

The movie is sponsored by Floydada churches.

FAVORED—An odds-on favorite for spring sportswear: the pantsuit in jaunty gambler's stripes. In Cone Mills' brushed cotton denim, the outfit is shirred in true riverboat fashion with white collar and cuffs. Designed by Valor.

PENALTIES

(1) The penalties for violation of any provision of this Ordinance shall be those set out and provided in Ordinance No. 440 of the City of Floydada, Texas as follows:

Any person or corporation who violates any provisions of this Ordinance, or who fails, omits or neglects to obey or comply with any lawful order or ordinance or any part of its provisions thereof, legally promulgated by the City Council involving any of the matters herein contained, upon conviction in a court of competent jurisdiction shall be fined in any sum not to exceed \$100.00 for each offense; and each day of such violation, omission, or neglect to obey or comply with such order or ordinance promulgated hereunder, shall be deemed a separate offense.

In construing and enforcing the provisions of this Ordinance relating to Penalties, the act, omission or failure of any official, agent or employee of any corporation, or other person acting within the scope of his employment shall in every case be deemed also to be the act, omission or failure of such corporation.

All penalties accruing under this Ordinance shall be cumulative, and suit may be brought by said City in any court having jurisdiction of the cause of action against the offending utility for the recovery of such penalties, and a suit for the recovery of one penalty shall not be a bar to or affect the recovery of any other penalty or forfeiture, nor shall it be a bar to any criminal prosecution.

Actions brought to recover penalties under this Ordinance shall be brought in the name of the City of Floydada, Texas, and all criminal prosecutions shall be brought in the name of the State of Texas.

The City reserves the right to reject any or all bids, to waive formalities, to accept the bid which seems most advantageous to the City's interest. Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions.

Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, Page 91, Chapter 45, (Article No. 515A Civil Statutes 1925) covering the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing rates of wages is set forth as follows:

Mechanic, workman or Type of Laborer: Skilled, Semi-skilled, Unskilled;
General Prevailing per diem (Wage based on 8-hour working day): \$14.00 to 20.00, \$10.00 to 14.00, \$8.00 to 10.00;
General Prevailing Hourly Rate: \$1.75 to 3.00, \$1.25 to 1.75, \$1.00 to 1.25.

Information for bidders, proposal forms, plans and specifications are on file at the office of the City Manager, at the City Hall, Floydada, Texas.

MOTHER

By TEMPLE BAILEY

THE YOUNG MOTHER set her foot on the path of life. "Is the way long?" she asked. And her guide said: "Yes. And the way is hard. And you will be old before you reach the end of it. But the end will be better than the beginning." But the young Mother was happy, and she would not believe that anything could be better than these years. So she played with her children, and gathered flowers for them along the way, and bathed with them in the clear streams; and the sun shone on them, and life was good, and the young Mother cried, "Nothing will ever be lovelier than this!"

Then night came, and storm, and the path was dark, and the children shook with fear and cold, and the Mother drew them close and covered them with her mantle, and the children said, "Oh, Mother, we are not afraid, for you are near, and we know no harm can come." and the Mother said, "This is better than the brightness of the day, for I have taught my children courage." And the morning came, and there was a hill ahead, and the children climbed and grew weary, and the mother was weary, but at all times she said to the children, "A little patience, and we are there." So the children climbed, and when they reached the top, they said, "We could not have done it without you Mother." And the Mother, when she lay down that night, looked up at the stars, and said, "This is a better day than the last, for my children have learned fortitude in the face of hardness. Yesterday I

gave them courage. Today I have given them strength." And the next day came strange clouds which darkened the whole earth—clouds of WAR and HATE and EVIL, and the children groped and stumbled, and the Mother said: "Look up. Lift your eyes to the light." And the children looked and saw above the clouds an Everlasting Glory, and it guided them and brought them beyond the darkness. And that night the Mother said, "This is the best day of all, for I have shown my children God." . . .

And the days went on, and the weeks went on, and the years went on, and the Mother grew old, and she was little and bent. But her children were tall and strong, and walked with courage. And when the way was hard, they helped their Mother; and when the way was rough, they lifted her for she was light as a feather; and at last they came to a hill, and beyond the hill they could see a shining road and golden gates flung wide. And the Mother said: "I have reached the end of my journey. And now I know that the end is better than the beginning, for my children can walk alone, and their children after them. And the children said: "You will always walk with us, Mother, even when you have gone through the Gates." And they stood and watched her as she went on alone, and the gates closed after her. And they said: "We cannot see her, but she is with us still. A mother like ours is more than a memory. She is a Living Presence."

DERRELL MONDAY AT STATE TRACK MEET

Monday Places Fifth; Sissney Second

Two Floyd County boys placed in the Class AA state track finals Saturday at Austin. Floydada's Derrell Monday placed fifth in the 880 with a time of 1:58.6. First place went to Olton's Lavaughn DeBerry. DeBerry's time was 1:55.8.

Lockney's Melvin Sissney came in second in the 440. He was beaten by Alvin Dotson of Columbus who set a new record of 47.3. . . breaking the record that Sissney set last year. Sissney's time was 48.5

CENTER NEWS

Mr. and Mrs. O. C. Vinson are in Lubbock today where he is getting a medical checkup. Mrs. Thomas Warren, Mrs. Ola Warren, Don and Joyce attended the piano recital at Cedar Hill Baptist Church Sunday afternoon. Don and Joyce participated. Later they joined the rest of the family at the open house of Duncan School.

Sunday, April 16, the Thomas Warrens visited the Bob Alldredges. Everyone enjoyed the new Alldredge baby boy, Roger Kyle, who came April 1. Congratulations!

Julia Miller of Lubbock was a guest of Sue Thomas and parents on the April 16 weekend. Mr. and Mrs. Olin Miller of Plainview were also Sunday dinner guests on that date. Sue, who works in Lubbock, came home for the holiday April 21

CITY FROM PAGE 1

The councilmen were concerned that the new hospital will soon be ready for use and they had promised the board of the hospital, the board of West-brynn, and the Baptist Church board that they would pave the street.

ELECTRIC CODE
The council adopted electric code ordinance No. 441, which is printed in full in this issue of the Hesperian under "Legal notice."

NEW PICKUP
The council opened bids on a new pickup for the city and accepted the low bid of Oden Chevrolet for a new Chevrolet pickup. Two other auto firms bid on the pickup.

WATER DEPT.
The water department received orders from the council for purchase of trash pump, leak detector, pipe finder and water meter test bench. The council also agreed to move the meter repair shop to the west side of the city property in order to make room for working areas in its present location.

FUTURE WATER
The council discussed the Mackenzie dam water proposition and also some speculation that it has made in regard to purchase of land or water rights west of Floydada. The council is continuing to study the city's water needs for now and the future and hopes to reach an agreement soon on what to submit to the people for vote.

OTHER BUSINESS
In other business the council accepted the resignation of Melvin Terrell, who will be moving to Brownfield to manage a Dairy Queen store. . . purchased a new desk for the city judge, and Mayor Matzler reported that he is working ahead on trying to secure right-of-way on Price street for paving across the north end of Floydada.

weekend.

The Greens called on the R. H. Ashtons Thursday p.m. and on Mr. and Mrs. Paul Looney Sunday p.m.

Mrs. W. C. Plumlee is in Lockney Hospital with an attack of something like flu. Mrs. Irwin spent several days there, but is home now.

Our sympathy is with Mrs. Simmons in the untimely passing of her sister. Also for the loved one, Mrs. Claude Patton. In Lubbock Monday the O.C. Vinsons had dinner with a nephew and family, the T. O. Macons. Thursday the Vinson's son, Jerrold and wife had dinner with them. Wednesday of last week Mrs. Vinson visited with Mrs. John Lloyd.

STEVE FROM PAGE 1

It is hoped that Floydada people will give 200 pints of blood during the day Monday, May 15. Thomas Marr, who led the blood drive in Lockney was also present at the Monday night meeting.

Technicians from the Carter Blood Center in Fort Worth, who are donating their time and services, will start receiving donors at 7 a.m. May 15 in fellowship hall of First Methodist Church. They will remain until 1 p.m. or later if contributors continue to arrive.

Blood donors will be checked before it will be accepted. Refreshments will be served to donors.

BLOOD EXCHANGE
The blood center in Fort Worth gives Steve one pint of plasma for every pint of blood donated in his behalf. He uses only the plasma, which has clotting properties. Young Williams uses an estimated 100 pints annually, his parents estimate.

Steve is the son of Mr. and Mrs. Millard Williams. His father is on the Lockney School faculty. The family moved to Lockney last summer from near Lamesa. Williams taught for six years at the Union School, 14 miles from Lamesa, and served as pastor of the New Home Baptist Church in Dawson County.

The Williams have two other children, Clark, 14 and Rena, eight.

RARE BLOOD DISORDER
Hemophilia is a word which means little to the average family. But the Williams have fought the dread blood disorder for almost 15 years. In layman's language it means that Stephen is a "free bleeder."

A nosebleed - common for most children - has been known to continue for several days for the Millard Williams' eldest son. Without reason, blood can flow into Steven's joints.

Hemophilia is a disease of the blood in which a vital clotting factor is missing, causing abnormally delayed clotting. It is more common among males, although some women are known to have hemophilia.

Despite his condition, Steve is a cheerful, clean-cut young man, who is an avid sports fan. He loves to watch football on television. . . although he knows that he will never be able to compete on the gridiron. His parents hope to again have Steve walking without the aid of crutches if he continues to improve.

HONOR STUDENT
Young Williams was salutatorian of his eighth grade class, although he commonly missed two or three weeks of class-

room work at a time. Cooperation from his teachers, a burning desire to learn and special tutoring by his father enable Steve to continue his studies.

He has required an increased amount of plasma during the past three years. Doctors theorize this is due to his growth. They hope that his needs may be curtailed "as his growth period ends."

He can receive "an indefinite amount" of plasma within a 24 hour period, Williams explains. Bodies can receive only a limited amount of whole blood.

Due to Steve's needs, the family owes Carter Blood Center approximately 66 pints of blood. Williams gives all the blood possible and other family members also donate, but this source fails to provide an ample supply.

The Williams' deep freeze contains an item rarely found: frozen plasma. Its life sustaining clotting properties are lost if the plasma is allowed to thaw before it is used.

The plasma is shipped from the blood center via plane to Lubbock, where Williams receives it. From four to 10 pints are kept on hand at all times, the mother explains. Williams administers the plasma to his son.

DONOR REQUIREMENTS
Physicians have outlined requirements for blood donors as follows:

* Six months must elapse following major surgery or pregnancy before an individual becomes eligible to donate.

* Donor should not have had hepatitis, cirrhosis of the liver, syphilis, malaria, tuberculosis.

* Donors should be men and women 21 - 60 years of age.

* Donors from 18-21 must have parent's permission.

The help of any nurses on blood drive day will be appreciated. . . and anyone who cannot give blood, but who would like to help Steve and his parents may give \$10.00. . . which will buy one pint of blood.

FAIRVIEW NEWS by Mrs. Clyde Bagwell

FAIRVIEW, May 8 - Mr. and Mrs. Edell DuBois returned last Thursday from down state where they had gone on Wednesday, April 26. They visited relatives at Waco, Eddy, Jewett and Buffalo. Saturday, April 29, they attended a homecoming at Sardis Baptist Church, where they enjoyed seeing friends, some they had not seen in over 45 years. Mrs. DuBois reports everything pretty and green down that way, gardens doing well and everyone having plenty of fresh vegetables out of their gardens. Wildberries were in abundance all along the road sides and in the creek bottoms. That part of the state has had plenty of rain and it rained most every day the DuBois' were there.

Roy DuBois' brother of Edell, returned home with them for an indefinite visit.

Del McClure of Plainview spent the weekend in the Shirley Irwin home.

Mr. and Mrs. Don Branson, Steve and Melissa of Richardson came Friday night and stayed until Sunday afternoon here with Mr. and Mrs. T. L. Perry.

Owner Saturday visitors in the Perry home were Mr. and Mrs. Grady Reeves of Plainview and Duane Reeves of Canyon.

Those calling in the Perry home Saturday night were Mrs. L. E. Crabtree, Mr. and Mrs. Lige Moore and Robbie, and Mr. and Mrs. Eugene Watts.

Those spending the day Sunday and having dinner with the T. L. Perrys were the Don Bransons, the Eugene Watts, and Mr. and Mrs. T. C. Goodman, Bruce, Linda and Nancy of Lubbock.

Sunday afternoon Mrs. J. C. Crabtree and her daughters, Mrs. Bernice Barrett, Mrs. Jay Hammock and son Eric, Mrs. Jean Lenti, and Gordon Bullard, all of Lubbock, and Becky Crabtree were at the T. L. Perry home.

Steve Branson and Duane Reeves spent Saturday night with Mr. and Mrs. Eugene Watts.

Mr. and Mrs. E. W. Walls, Mrs. W. B. Wilson and Walton Wilson left last Monday morning for Lake Texoma where they stayed until Thursday on a fishing trip. The above group was met there by Mr. and Mrs. E. C. Johnson of Nicoma Park, Okla.

Mrs. Walls reported the weather cold and rainy most of the time and the fish did not bite too well.

Mrs. Walton Wilson went to Lubbock Wednesday where she stayed until Friday in the home of her daughter, Mrs. Jim Mallard and family. Mrs. Wilson stayed with her grandchildren during the absence of the babysitter, as Mary Ann teaches school.

Mrs. Walton Wilson L. and her grandchildren, Jonny, and Jamie home with her on

Friday, and Mr. and Mrs. Mallard came up Saturday afternoon for a visit and to get the children.

Mrs. C. H. Wise visited Friday afternoon with Mrs. Clyde Bagwell and Mrs. C. L. Joiner.

Mrs. Wanda Sharp and daughter, Shana of Paducah visited Sunday morning with Mrs. Ella Lawhon. Mrs. Sharp had been to Lubbock where she spent the weekend with her mother and was returning home. Mrs. Lawhon is a long time friend of Mrs. Sharp and her family.

Mrs. L. E. Crabtree and her house guests, Mr. and Mrs. Lige Moore and son from Northport, Alabama went to Lubbock Thursday where they visited relatives for the day.

Mr. and Mrs. A. S. Mize were Sunday dinner guests of Mr. and Mrs. Steve Mize and family.

Mrs. W. B. Wilson visited Sunday with her daughter, Mrs. Bill Tye.

Mr. and Mrs. K. G. Bradshaw of Petersburg visited Mr. and Mrs. R. M. Cannon Sunday. Thurlan Thacker of Lubbock spent Monday afternoon here visiting with his aunt, Mrs. C. J. Joiner and his cousin, Mrs. Clyde Bagwell.

Mr. and Mrs. Dick Pair of Gorman spent Friday night with Mr. and Mrs. A. S. Mize.

Mr. and Mrs. Dan Green of Duncan, Okla. visited Friday morning with her uncle and aunt, Mr. and Mrs. R. M. Cannon.

Sunday afternoon visitors in the R. M. Cannon home were Mr. and Mrs. Leroy Mize of Cedar Hill.

Mrs. Steve Mize and Mrs. Cecil Fyffe of Floydada visited Mr. and Mrs. A. S. Mize Monday evening.

Mrs. R. M. Cannon visited Saturday afternoon with Mrs. T. J. Whitley.

Sunday dinner guests in the home of Mrs. L. E. Crabtree were Mr. and Mrs. Mitt Bullard, Mrs. J. C. Crabtree, Mrs. Jay Hammock and son, Erick, Mrs. Bernice Barrett, Mrs. Jean Lenti and daughter, Susan, and Gordon Bullard, all of Lubbock. Mr. and Mrs. Lige Moore and son, Robbie, of Northport, Ala., Mr. and Mrs. Kay Crabtree and children, Becky and Sam, and Mrs. Tom Jernigan. Mrs. Eva Rapp visited Sunday with Mrs. R. M. Cannon and had dinner with them.

Sunday night callers in the home of Mrs. L. E. Crabtree were Mrs. Tom Jernigan and Mrs. Ruth Welch and J. C. Bullard.

JFK GRAVE AND HATS

Military hats and emblems have been removed from the new grave of President Kennedy. Some visitors said the hats and emblems detracted from the beauty and simplicity of the grave.

Coronado Rifle, Pistol Club To Shoot May 21

The Coronado Rifle and Pistol Club will hold their monthly shoot Sunday, May 21, at 1:30 p.m. instead of May 14, which conflicts with Mother's Day. All members are asked to please take note of this change and be at the rifle range, six miles southeast of Floydada for the event. Visitors are welcome.

Louis Bearden, twice winner of the small bore 50 yard shoot, will be trying for his third win which will give him the winning trophy permanently. So it should be an exciting afternoon.

This one day course should contact: Texas Aeronautics Commission, 204 West 19th Street, Austin, Texas 78701. This training course will be limited to 32 pilots. Applications must be received not later than June 16, 1967.

The class will begin promptly at 8:00 a.m. in Building 1239 at Reese AFB. The Air Police at the main gate will give directions to Building 1239.

When training is to be accomplished at Air Force facilities for general aviation pilots a training fee of \$5.00 is required. Participants should bring pilot certificates and medical certificate dated within the past twelve months. Lunch will be "Dutch Treat". It is suggested that those who "fly in" plan to remain overnight due to the fatigue factor associated with the high altitude chamber "flight".

Winners of last month's shoot was Leroy Chowning in the big bore scope; Curtis Carlisle, big bore open sight and Bearden

for the second time in the small bore at 50 yards. Carlisle also won in the pistol division.

FATHER OF MRS. CASTO DIES

Oscar Vernon Pylant, 57 year old Lockney resident and father of Mrs. Don Casto, school teacher at Floydada Junior High, died Sunday morning in Lockney General Hospital after a brief illness.

Funeral rites were conducted Tuesday in Lockney. Pylant was a native of Snyder and a grocer in Lockney.

Survivors include two daughters, Mrs. Casto of Lockney and Mrs. Alfred Smith of Pampa; four brothers and one sister.

MRS. STEPHENS TO JOIN HUSBAND AT OVERSEAS BASE

Mrs. Merle Stephens plans to leave for Furth, Bavaria, Germany within the next few weeks where she will join her soldier husband. Stephens left Fort Dix, N. J. Friday for his overseas base with an engineering battalion.

Mrs. Stephens is the former Frances Summers, daughter of Mr. and Mrs. Dave Summers of Floydada.

FLOYD DATA

Mr. and Mrs. C. O. Spence attended the recent birthday celebration at Crosbyton for his brother, R. M. Spence.

FLOYD DATA

Mrs. Don Daniel has returned home from Lockney General Hospital where she underwent an appendectomy last Friday. She is reported to be convalescing nicely.

Motorist Expresses Appreciation To Floydada Police And Auto Servicemen

(Editor's Note: The following letter was received from a Spur businessman by Conner Oden after he received help when his auto had trouble in Floydada last week. It is self explanatory and we reprint it in full.)

Oden Chevrolet & Oldsmobile Agency Floydada, Texas

Dear Mr. Oden:

On Monday, May 1st, the air-conditioner and alternator belts went out on my 98 Oldsmobile at Lockney. By the time we reached Floydada we had very little fuel and stopped at a Texaco station on the east side of Floydada. About the time we stopped, Mr. Hopper, your night patrolman, discovered that we were having trouble and he and the attendant at the Texaco station made some telephone calls and we were able to secure the name of Mr. Jody Jameson, your parts man, and he graciously and gladly came to our res-

cue at midnight. You are fortunate to have an employee of this type. I wanted to tip him for coming down but he would not accept any additional money. Mr. Hopper and I delivered the belts back to the Texaco station where the young man on duty gladly replaced the belts and he too would not accept a tip from me. He said that any money he received had to go into the cash register. These three men are gentlemen and I would appreciate your city officials knowing the type of patrolmen and other citizens you have in the midnight hours. I did not get the name of the young colored boy at the Texaco station. I really appreciated the service and attention shown me when my car was in trouble.

If the Lions Club or the Rotary Club or both wish to have these three men as guests, I shall furnish meals for them. This would show a little of our gratitude to worthy citizens.

Yours truly,
O. L. Kelly

It's Too Soon To Know

The future water problem for the city of Floydada is a tremendous one that deserves the serious study that the city council is now giving to it.

As the council searches for an answer... or searches for the proposition that it will put before the voter it is natural to expect much wrong information to hit the streets. By the time the vote comes before the people, there is much confusion, much wrong information.

So far the city council has only told The Hesperian that they're studying two or three possibilities: 1. Go with Tulla, Silverton and Lockney in a bond vote for the almost eight million dollar Mackenzie dam project. 2. Buy more land or water rights west of Floydada for present and future water needs. 3. Buy land or water rights and build only the dam at this time at a cost of around two million dollars. Buy pipelines, pumping station etc. when underground water supply is almost gone. Until the city council reaches a decision as to what it expects to put before the people for vote, there is little use of releasing the complete facts on what the proposals include. So, at this point... it's too soon to know... and of course very few facts are known that deserve consideration.

Up and down the street we hear many bits of gossip about the project:

One fellow is telling that the silt will fill up the dam in 20 years and the pay out is 40 years. This of course is untrue. The 40 year payout is correct but the silt statement is completely untrue.

Another fellow says he doesn't want the dam because it won't bring us all the water we need. This is untrue. The engineers have based a projected study on the four cities' daily needs now and forty years from now. We believe they have made a reasonable population and need study.

Another fellow is talking that the Mackenzie Dam authority will require us to buy more water than we'll use. There's probably some truth in this...

On the positive side, we hope the council realizes that this is the only dam water possibility we have left. We hope they'll realize that what costs 8 million dollars now may cost 10 or 11 million dollars five years from now.

We hope they're looking out for the water needs of this community for a minimum of 40 years.

The folks at Lockney and Silverton are still solidly in the Mackenzie effort and ready for the bond vote.

We feel that the Tulla council's decision to drill a couple of 1,000 foot water wells has influenced a delay for both Tulla and Floydada.

Where are all the facts? They're wrapped up in five books here in Floydada... a most comprehensive study made by Freese, Nichols and Endress. We consider them one of the most experienced water engineers in the state of Texas. They are specialists... their advice is sound... their advice is based on years of successful dam projects.

Of course we want our councilmen to pursue every possible plan for securing water for now and the future... yet, we don't want them to spend two or three years making up their minds. Prices aren't going down on anything.

And, we expect our councilmen to give us a united leadership on a plan that will insure water for this community for a minimum of 40 to 50 years.

We say 40 to 50 years because we believe by that time the overall plan of the water needs of the entire Southwest will be supplied by our state water commission. By then we may be drinking water from the Mississippi River, or the Missouri, or some creek in Alaska.

So... until the city council comes up with a proposal... and a lot of facts concerning that proposal... it's too soon to know.

It's Texas Music Education Week

Texas Music Education Week has been proclaimed by Governor John Connally for the week of May 7-14. During this week it is hoped that the parents of students will give special consideration to a very important aspect of their child's cultural development.

We believe that our young people are indicating that they have a real hunger for musical experience by buying such a vast number of records and guitars. Music is the international language. It's the one thing that can destroy the language barrier. The teaching of heritage songs of other countries teaches our students something of the cultural background of these countries. Music isn't the only method of achieving this but it is a good way to start.

American music is a conglomeration of music from all over the world. There are Scandinavians and Finnish in the Northwest, Germans in Wisconsin, and Slavs in Minnesota. Our own country is rich in heritage songs of all lands, so much can be learned about other countries by just looking around our own country.

Encourage the children. For goodness sakes, don't say "Well, you're certainly like your father. He can't carry a tune either!" And parents should participate with the children; it should be fun for the whole family whether it's listening or singing and playing as a group. Perhaps music is one method that parents and children can develop a new line of communication and understanding.

Rt. 3
Plainview, Texas
May 1, 1967

Dear Mr. Tooley,

I am enclosing an account of Gayno Wright Scott's year spent in Vietnam. I thought you would like to publish it in the Hesperian. Gayno is my nephew.

Thank you kindly.

Mrs. Blanche S. Rutherford

Army Captain Gayno Wright Scott arrived in Plainview this week following a year of service in Vietnam. He and his wife and son reside at 1410 Thunderbird Drive. He plans to leave for Ft. Benning, Georgia in mid-June where he will attend the Infantry Officer Advanced Course at the U.S. Army Infantry School.

While in Vietnam, Captain Scott served with the 1st Infantry Division, known unofficially as "The Big Red One." Upon arriving in Vietnam he was assigned to the 2nd Battalion, 28th Infantry at Lai Khe, where he served as Bravo Company Commander until November. Later he was transferred to the 1st Administration Company in Di An and commanded that unit until his departure in April.

While in Vietnam Capt. Scott was awarded the Combat Infantryman's Badge, the Bronze Star, the Air Medal, and the Purple Heart.

He attended grade school and Junior High in Plainview and graduated from Floydada High School in 1954. He is a 1960 graduate of Texas A&M.

This is the letter Cal wrote just before he passed away, to be sent out at this time. Both he and Mrs. Farley have gone now, but we felt that you and they would want us to send the letter just as it is, over his signature.

When Cal and Mimi started the Ranch in 1939, their daughter, Gene, was one of their best helpers. Through the years she has continued helping, along with her own family, and today she is still carrying on, pitching in wherever she is needed and we are so grateful for her.

All of us will strive to make sure Cal and Mimi's work will go on just as if they were with us and we know that with our friends like you, their dream of having 500 boys at the Ranch will be realized.

Sincerely yours,
Virgil Patterson

Dear Friends:

When the Judge handed Dick his blue ribbon he had won with his F.F.A. project calf, he was no more proud than we were. I must admit I choked up a bit in congratulating him because I remembered his impossible circumstances when he came to us.

One of six children whose father had deserted them, Dick, we'll call him, grew up on personal terms with hunger. He woke up and went to bed hungry. An older brother was forced to leave high school in his senior year to help support his brothers and sisters. Another brother enlisted in the Army before he got out of school to "keep from starving."

Dick was ashamed to go to school because of his dirty shirt and worn jeans. His mother was a good woman who did her best to care for her family, but being unable to work for physical reasons, she just couldn't provide for seven people. The great strain of trying to exist under these conditions brought on many emotional and behavior problems for the children.

Dick began to steal - first pop bottles to cash in or sell for food, then small items from stores, and finally burglary of a home. In his immature way he thought he was helping. He was smart but his school grades were low and his truanancies increased until he was expelled. No matter where he turned, he came face to face with trouble, frustration and despair.

In the comparative short time he has been with us, this youngster is turning out to be a fine young man, an A and B student, and is gaining emotional stability. His greatest ambition is to

Dale Tardy, a 1950 graduate of Floydada High School is now manager of Rayne Water Conditioning in Lubbock.

Both he and his wife Nancy are graduates of Texas Tech. Nancy is a school teacher and also helps in the business.

Dale is the son of Mr. and Mrs. H. A. Tardy of the McCoy community. Nancy is the daughter of Mr. and Mrs. Lee C. Gollightly of Kingsland, formerly of Floydada.

Nancy and Dale live just a half block from their plant with the block from their plant with their three boys: Larry, 8, Joel, 7; and Todd, almost 4.

FLOYD DATA

Mr. and Mrs. Raymond Teeple, Mr. and Mrs. Weldon Cumbe and Mr. and Mrs. O. G. Mayfield visited in Amarillo Sunday with T. J. Heard, who is a patient in Northwest Texas Hospital. Heard, who is a resident of Floydada, is seriously ill with pneumonia but is reported to be slightly improved. He has been making his home with a daughter in Amarillo for the past several months.

Twenty-Five Years Ago

May 7, 1942 in Floyd County

Mr. and Mrs. J. A. Colston are parents of a son, Billy Don, who was born April 30. He weighed four pounds and 14 ounces.

War came home to the A. H. Matthews family of Floydada this week and to many youthful friends of Lt. Wilbert Matthews. He was killed Sunday afternoon in a plane crash in the vicinity of Pendleton, Oregon. Reared here, Williams graduated from Floydada High School in 1936 and from TCU in 1941. He was commissioned October, 1941. The body will be returned here for rites and burial.

Coincidental with his acceptance of a job as a guard at the plant of the Certainated Products Corp., in Amarillo, Walter D. Hollums, resigned as deputy sheriff of Floyd County, a post which he has held the past five and one half years.

Jim Simpson, son of Mr. and Mrs. Horace Simpson is valedictorian and Mary Frances Jones, daughter of Mr. and Mrs. W. O. Jones, is salutatorian of the 1942 Floydada graduating class.

FLOYD PHILOSOPHER

Some Assorted Ideas Accumulated

Editor's note: The Floyd Philosopher on his Johnson grass farm does some house cleaning this week, he claims.

Dear editor:

I was cleaning out a stack of old newspapers which had accumulated in a corner of my work room out here and while I was at it the thought occurred, why not clean out some of the old ideas which have stacked up in a corner of my mind, so I thought I would. I will send them to you and you can stack them in some corner somewhere around your office, or throw them out entirely. I'm through with them.

For example, here's one: man is taking the long way around to blow up cities. Instead of developing missiles that'll hurtle halfway around the earth and come down on top of a city, why not drill holes through the earth to fire rockets through and let them explode underneath. Avoid air pollution that way.

Or, why hasn't some insurance company come out with a policy to insure you against not being able to make enough money to pay for the policies you already have?

Mrs. Morris Graham has returned home from University Hospital in Lubbock where she has been under treatment for a back injury.

"get my education so I can get a good job and help my mother." Whatever you can send will help Dick and 347 other boys realize their ambitions; and for them, may I say THANK YOU and God bless you for your help in the past. I am

Sincerely yours,
Cal Farley

Mr. Wendell Tooley, Editor,

Well, now, if there is really a majority who want to get this country on a socialistic basis without scrapping the entire Constitution why not let the Federal Government buy up all the insurance companies?

By taking over all these protection rackets, Uncle Sam would not only "establish justice, insure domestic tranquillity, provide for the common defense, promote the general welfare and secure the blessings," but would coin money much faster than the mints.

NEWS FOR HOMEMAKERS

by Sherry Mullin
Floyd County H. D. Agent

avoided are those which include a strong acid or household ammonia.

Liquid chlorine bleach is used in practically every American household. It is used primarily as a laundry aid, but in addition has many uses in the general cleaning and sanitation of the home.

Mixing of hypochlorite bleach with laundry detergents and soaps is not a hazard to health, as the millions of homemakers who make this mixture each week can testify.

Like any other household chemical, chlorine bleach should be used only according to directions. However, the long-term familiarity with the product probably precludes a thorough examination of label instructions by many consumers. Consequently, caution statements on the label are frequently overlooked or disregarded.

Some type of products used in home are sufficiently acid to bring about the decomposition of hypochlorite bleach to chlorine gas. Strongly acidic ingredients are used in most toilet bowl cleaners and in some rust removers, so that these products should never be mixed with chlorine bleach, because of the possibility that unpleasantly irritating or even dangerous amounts of chlorine gas could be released under some conditions.

Another common material which should not be mixed with chlorine bleach is household ammonia. When such a mixture is made the usual result is the evolution of chloramine fumes. Very little is known about the toxicity of the chlorine or its instability. Exposure to the acrid chloramine fumes can be quite unpleasant, causing watering of the eyes, irritation of the nose and throat, and possibly nausea.

ASCS News

DIVERTED ACRES: This is a reminder that diverted acres must not be grazed between April 30 and November 1, 1967. Harvesting of crops (other than approved alternate crops) is also prohibited.

COTTON REFERENDUM: A referendum will be held from May 15 through May 19 to determine whether or not Floyd County farmers will be permitted to transfer cotton allotments out of the county. This referendum will be by mail. Ballots will be mailed out the last of next week.

MEASURING SERVICE: We can accept requests for measuring service through June 1, 1967.

NEW GROWER WHEAT: July 1, 1967 is the final date to request a new grower wheat allotment.

PLANTING AND CULTIVATING CROPS IN 1967: All crops (cotton, wheat, grain sorghum, soybeans, or any other crop under the annual programs) must be planted and cultivated all during the year in a workmanlike manner to be eligible for price support payment.

This means that the seed bed must be properly prepared, the correct amount of good seed must be planted and the crop must be cultivated in a workmanlike manner all during the growing season. If the crop is planted and destroyed before it is too late to replant, it must be replanted. If you cannot replant at the proper time, or the crop is destroyed and you want to replant to some other crop, the county committee must approve the other use of the land before the other crop is planted. This is a change from past years, but is necessary if you want the price support payments.

MAY IS SCHOOL

TRANSFER MONTH

Students are reminded that May is transfer month for those whose grades will not be taught in their home district schools. Supt. of Schools, Clarence Guffee, said a student is not automatically transferred from a rural school to a city school.

They must fill out an application transfer blank in his office by June 1.

HIGH RESIDUE CROPS such as grain sorghums included in the crop rotation will provide needed organic matter for the heavy clay soils in our area. Other high residue producing crops such as small grains, castor beans, and soybeans will also provide good ground cover against wind erosion in addition

to helping maintain the organic matter content of the soil. (Maintaining a high organic content aids in helping to keep the air-moisture-and soil in a proper balance to take advantage of fertilizers and good farming practices.)

CROSS-FENCE used in the rotation of grazing on Midland Bermudagrass pasture. This is an

irrigated pasture with the pasture on the left having just been fertilized and watered. Good growth of grass has been the results.

Pasture Management Featured At SCS

Now is the time to be thinking about managing irrigated pastures. Through pasture management, you can prolong the life of desirable forage grasses; maintain or improve the quantity and quality of forage.

Rotation grazing is an excellent means of managing irrigated pastures. Not less than 2 pastures will be rotated. Four or more pastures are desirable.

Fertilization is of great importance through improving pastures. Fertilizers should be used with good judgement based

upon moisture availability, experience, basic soil analysis, and production goals.

Weed control either by mowing or chemicals is sometimes necessary.

For further information concerning managing pastures, contact the Floyd County Soil Conservation Service Office.

ANTHONY WHITFILL HOME FROM KOREA

Anthony Whitfill, son of Mr. and Mrs. Jack Whitfill of Floydada, arrived in Floydada Friday after a 13 month tour of duty with the army in Korea. After a furlough here Anthony will be sent to Ft. Hood, Texas.

COUNTY AGENT'S CORNER

by Joe Wilson

The late freeze May 1 and 2 damaged the crops in Floyd County. Wheat was apparently hurt more than other crops. Some reports from farmers estimated the damage from 0 to 80%. The amount of damage seemed to be correlated with the location of the field and stage of growth the wheat was in. Wheat in low places next to lakes, etc. that was fully headed and going into soft dough stage was damaged the most. The exact extent of the damage can not be evaluated until harvest as shriveled grain as well as yield loss is expected.

Most of the cotton that was fully emerged has to be replanted. Reports were also received on some early tomatoes being killed.

Apparently the early grain sorghum escaped the low temperature.

Soybeans are becoming an important crop in Floyd County. There are five varieties that are adapted to this area. They include Hill, Hinn, Lee, Clark 63 and Patterson. Two variety demonstrations including all of these varieties are being planted this year. One will be on the Gene Bloys farm just north of the homestead next to the Sandhill-Lockney highway. The other demonstration will be on the Douglas Degge farm just west of Lockney on the south side of the Lockney-Plainview highway.

This will give local producers an excellent chance to see the different varietal characteristics of the beans. Excellent yields and returns can be expected from this new crop where it is given proper attention.

Wheat Streak Mosaic and early green bug damage is showing up in wheat at this time. The combination of the two are causing yellowing of the leaves and small areas in fields to appear stunted and unhealthy. Some loss of yield is expected. The amount will depend upon the extent of the damage.

Wheat streak mosaic is a virus disease caused by a microscopic mite transmitting the disease to the plant. The mite is so small he lives underneath the leaf tissue in the plant; therefore, it is impossible to kill when the wheat is infected with this mite. The mite has several other host plants in this area. He may migrate to the wheat in the fall or the spring. Once in the wheat it is infected with the mosaic virus. The mite may even leave the wheat, yet in the spring of the year when the wheat starts growing the disease will show up.

There is no treatment for infected fields. The only preventive measures is to plow under volunteer wheat at least two weeks before seeding and sow late during the normal seeding

interval.

Early planted cotton may develop seedling disease because of the cold weather the first few days of May. The symptoms of the disease are: seeds decay; young plants die before or after emergence; plant stems or roots partially become girdled and rotted; and plants are stunted and the main tap root fails to develop.

There is no treatment for the disease. There are a few cultural practices that will help in preventing the disease but they must be applied at or before planting time. These include on the bed planting, applying fungicides, and later plantings.

As long as three to four plants per row foot is left in the stand, this should be enough to produce sufficiently without replanting.

REV. DARRELL FAIRES
 PASTOR, FIRST CHRISTIAN CHURCH

Devotional of the Month

"Saint In The Cellar?"

The other day on the radio I heard an interview of a manager of a major league baseball team. He was being asked about the prospects for his team in the coming season. His comments were classically typical and therefore funned my ticklebone. He was literally oozing with confidence and had a long list of reasons why his team would be so much better than it was last year (they were a second-division club).

This made me wonder how the conversation would go if a preacher were interviewed concerning his "team." Picture with me Rev. I.M. Hopeful, manager of the Sincereburg Saints, being interviewed by R. U. Searius, sports reporter for the Daily Blab.

Searius: "Well, what does it look like for this year, Rev.?"
 Hopeful: "Oh, we're hoping to have a great year this year. We've got a lot of things going for us, we're nice friendly folks, you know. 'Course we got problems but with a few "breaks" we could come out on top. As you know we've been "rebuilding" the last couple of years but now I think we're going to come into our own, with a few breaks here and there."

Searius: "As I recall, Rev., you've made that same statement about "rebuilding" for a number of years now. . . ."

Hopeful: "Well, . . .uh. . .uh. . .well, these things take time, you know."
 Searius: "Sure. Say, will you be starting the same crew this year?"

Hopeful: "Yeah, it looks like the lineup will be the same it's been for about six years now. Some folks complain that this bunch is runnin' our team, but I can't get them to go on the starting lineup, so what can you do?"

Searius: "Sounds like you don't have much depth?"
 Hopeful: "We can field a team, but our reserves are just that - very reserved!"

Searius: "But I thought you had a big roster?"
 Hopeful: "Sure, we got lots of folks under "contract" but not all of them get involved in the game."

Searius: "What good is a contract like that? Why don't you do something?"
 Hopeful: "Well, we believe in the rights of the individual - we tell them the regulations but sometimes they don't pay them any mind."

Searius: "Don't you know with an attitude like that you're all going to wind up in the "cellar? - That's the lower regions, man!"

Hopeful: "Oh, there's no danger of that. We don't believe in the 'cellar' anymore."
 Searius: "Hmmm. . . Well then, when are you beginning spring training?"

Hopeful: "Well we don't go in much for special practice sessions. We try to get together about once a week - on Sunday. . . . seems to be a bad day, though. Of course coming to practice is not mandatory - we believe in freedom, you know. Some of our team members come every week - and you can see they're improving. Some come about twice a year, 'long about the end of December and once during the spring. Some of the folks we have under contract haven't been to practice in years."

Searius: "That beats all I ever heard! Don't you have any rules against that sort of thing?"
 Hopeful: "Why yes we do! The head office made the rules years ago and set them down in writing. I guess folks think they are out of date or something."

Searius: "How come the head office puts up with this stuff?"
 Hopeful: "To be perfectly honest with you, Searius, communications with the head office haven't been too good lately. I guess that could be our fault. We never open our mail and even though we've got a direct line we never use the telephone and don't answer it when it rings. We're just too busy with the schedule we have. Can't upset the schedule, you know."

Searius: "I still think you are headed for the "cellar."
 Hopeful: "The 'Saints' in the cellar? Nah! Couldn't happen. . . never. . . well, probably not. . . at least I hope not. . . maybe. . . hmmm."

Settlers Will Gather Here May 27

Alma Holmes, Homer Steen, Peggy Medley, and Jim Reynolds; registration, Margaret Collier, chairman; antique windows, Mrs. Donice Casey and Mrs. Eugene Beedy; style show, Mrs. Joe Taylor and Mrs. Q.D. Williams.

REUNION HISTORY

Floyd County Pioneers Association has held a reunion annually since 1929 despite a burned courthouse depression, past disadvantages in traveling and other hindrances.

The event has grown consistently. Pioneers registering numbered 439 in 1935, 700 in 1969, 900 in 1964 and over 1,000 the past two years.

At the first reunion, Mrs. Laura V. Hammer, Potter County Superintendent of Schools and Senator Pink L. Parrish were guest speakers. Musical entertainment was provided by "Cornhuskers Orchestra" composed of J. R. and John McDonald, J. B. McPeak, C. H. O'Bannon, Clyde Jackson, R. C. Dunavant, and Dan Ratjen.

Mrs. Arthur B. Duncan, the first woman to settle in Floyd County, addressed the second convention. In 1936, when she was elected president of the association, Mrs. Duncan received the first key to the City of Floydada. In 1940, she was crowned "Queen of Today."

Governor James V. Allred was guest speaker for the 1936 reunion while Mrs. Duncan was serving as president. Among speakers have been Attorney General Price Daniel and John B. Stapleton, District Attorney of Floyd County.

Memorial services began in 1933 and included memorials to 15 pioneers. The number has increased annually.

First parade was organized in 1934 and grows in entries yearly.

Meeting place of the reunion was transferred to the City

Hall for a few years when the courthouse burned in 1949. The 60th celebration of Floyd County's organization was held during this time. Celebrations returned to the courthouse lawn in 1954.

EARLY OFFICERS

Mrs. Maud E. Hollums served 15 years as secretary of the association, moved to office of vice-president, then president, and again to secretary for two years. Mrs. May Garrett was secretary three years and Miss Anne Swebston has held the office since.

Former association presidents who still live in Floyd

County are Buck Sams, Irving Bennett, A. T. Swebston, John Stapleton, Duncan Hollums, C. L. Anderson, Tom McLain, Hubert Frizzell, G. C. Applewhite, Arch Muncy, and Joe Reeves. Muncy's father, R.E.L. Muncy, served as the first vice-president.

First directors of the association were Glad Snodgrass, H. C. Randolph, G. L. Fawver, Mrs. William McGhee, and Mrs. E. C. Henry.

Present officers serving with Reeves are George W. Sherrill, vice-president; Miss Anne Swebston, secretary; and Hubert Frizzell, treasurer.

FREDDIE EDWARDS

Local Police Officer In School

Floydada policeman Freddie Edwards has been honored with a \$500 scholarship to the School of Police Science and Supervision at Dallas. The school will be over May 26.

Edwards was selected on the basis of his personal educational background and police experience.

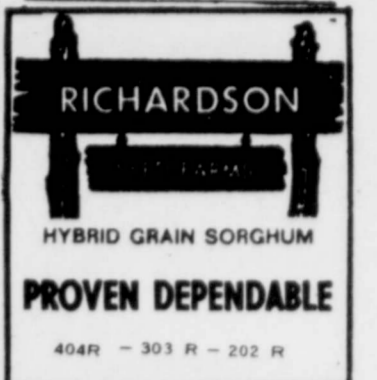

FLOYD DATA

Mrs. R. E. Young was brought home recently from Lockney Hospital. She spent several days there, then in the Plainview Hospital for tests, before being returned to Lockney Hospital. She is reported to be resting nicely.

Mrs. Jack Whitfield has been dismissed from a lengthy stay in Lockney General Hospital.

Two scholarships were given to officers in the five Southwestern states of Arkansas, Louisiana, New Mexico, Oklahoma and Texas.

The school is sponsored by the Southwestern Law Enforcement Institute.

THE ABOVE item, pictured with lid off in one photo and on in the other, needs to be identified. It might be a real antique. Some people have their own ideas as to what it might be but then these have been ruled out by others. A print of S&B is labeled on the back. The item was found by Travis Young on the Ted Reid farm recently. He said he found it in the bottom of a dried up lake where years ago trash was dumped. Even some of the old timers are scratching their heads wondering what it might be. Come by the Hesperian and take a look, maybe you can identify it. (Staff Photo)

Applications Being Taken For Lion's Summer Camp

Applications for a summer vacation full of fun for handicapped children in the Floydada area are now being accepted by members of the Floydada Lions Club.

This unique Texas Lions Camp for Crippled Children at Kerrville will open its first two-weeks session Sunday, June 4, 1967. Five Sessions will be held this summer for youngsters from seven through sixteen years of age.

The Camp is free to eligible

blind, deaf, mute or crippled children. Transportation to and from the Camp is supplied by the Local Lions. All requests for summer camp are handled locally by Lions.

For more detailed information about the Camp, you are urged to contact Dr. Charles Craig of the Floydada Lions Club, Business Phone YU3-4072, Residence Phone YU3-2141. In the past years, Lions have sent over 9,000 youngsters to Camp.

7-Numeral Calling is coming to Floydada

"YU 3" telephone number prefix to become "983"; last four digits of most numbers won't change

ALL Floydada telephone numbers will be changed from two letters and five numerals to seven numerals, effective with the issuance of a new telephone directory in July.

The prefix, "YU 3", will be changed to "983" — actually the same in dialing. In most cases the last four digits of each telephone number will remain the same.

For example, "YU 3-2891" will become "983-2891."

Some Numbers Change

However, numbers between YU 3-4000 and YU 3-4999 will be changed to the corresponding number in the 983-5000 series.

For example, YU 3-4999 will become 983-5999.

This change of numbers in the YU 3-4000 series is necessary, for technical reasons, to pave the way for future telephone improvements for Floydada.

This will be one of the first Southwestern Bell cities in Texas to conform with the new nationwide numbering plan of all-numeral telephone numbers.

This type of numbering is common in many other parts of the nation.

Experience in other cities where all numeral telephone numbers have been introduced has indicated that such numbers are easy to use, and that fewer mistakes are made in dialing them.

Numbers in New Directory

The new numbers will be contained in the new July telephone directory.

Since "YU 3" and "983" are the same on the dial, most customers may continue to use stationery and other printed material bearing the "YU 3" numbers. However, they will want to remember to use their new numbers in reordering such material.

WE believe that you will find this new up-to-date numbering system simple and more trouble-free to use. It will pave the way for future improvements. And Floydada, as in the past, will continue to be in the forefront of telephone progress.

PLAINS NEWS by Mrs. Murray Julian

May 8 - at the South Plains Church Sunday with Gary serving as preaching at 10:00 a.m.

night. Youth led weekend revival services were held Friday through Sunday night. Visitors Sunday morning included the new gin manager and wife, Mr. and Mrs. Bob McCrory and two boys, and at night Britt Gregory of Floydada.

Vacation Bible School at the Latin - American Mission church will begin May 29 and go through June 2. Registration will be on Friday night, May 26, at the Mission. At the South Plains Baptist Church their Vacation Bible School starts on June 5, and goes through June 9, with hours 8:30 to 11:30 each week day, and commencement exercises on June 9, at 8:30 p.m. Preparation Day is June 2, from 2-4 o'clock. Remember monthly conference will be Wednesday night at the Church, and the meeting time is nine o'clock.

Dinner and supper guests at the parsonage Sunday with Rev. and Mrs. Chas. Conger and boys were Mr. and Mrs. Don Brasher and baby of Lockney, and ministerial students, Gary Mauldin and Gary Little of Plainview.

Mrs. Glen Wood entered the Plainview Hospital and Clinic on Thursday and Friday underwent major surgery. Sunday she had quite a bad day, but this Monday she is reported to be

doing just fine, and will get to come home this Wednesday if all goes along well.

Mr. and Mrs. Murray Julian left Thursday for Lubbock and visited Mrs. Jerry Moore at Lubbock who is in the University Hospital, then they went to Roscoe where they were guests of their son, the Terry Julians, Dee and Dickie until Saturday afternoon. They also visited Mr. and Mrs. Dick Althof. Thursday night they were in the fringe of the rain section, and quite a lot of hail fell there at Roscoe, with that area getting .70 rain. Abilene had around six million dollars hail damage that night.

Mr. and Mrs. Tony Smitherman and family from McLean, Tex. were here over Saturday and Sunday with his parents, Mr. and Mrs. Jack Smitherman. Mr. and Mrs. Philip Smitherman had lunch with them this Monday noon.

Hobby Club members take notice: Mrs. L. T. Wood will be hostess for an outdoor breakfast in her barbecue area May 17, at 8:30, Wednesday morning. Assistant hostesses will be Mrs. Arby Mulder and Mrs. Bryan Karr. Everybody make plans to come.

Mrs. Bryant Higginbotham accompanied her son, Mr. and Mrs. Alton Higginbotham, Kelly and Bryant to Amarillo Sunday morning where they had dinner at the home of Alton's brother, Mr. and Mrs. Bud Higginbotham. Other guests were the boys' aunt, Mr. and Mrs. James Magnuson of Amarillo.

Karl David Reeves, 3 year old son of the Raymond Reeves has been very ill since Wednesday of last week with tonsillitis.

Mr. and Mrs. Kendis Julian and girls went to Floydada Sunday noon to have dinner with her parents, Mr. and Mrs. Poyner Roberts and Ken.

Mrs. George Weast left Saturday for Amarillo to stay until this coming Tuesday with her daughter and family the E. T. Evans.

Mrs. Skeet Thornton has been going back and forth to Lubbock for treatments this past week. She has been having trouble with her hip, and it affects her walking. We truly hope she regains her health very soon.

About three months ago Tommy Respondek II, of Petersburg, son of the Tom Respondeks here in our area, started sketching portraits, and Saturday and Sunday there was an exhibition of his pencil sketches on display at the Al Hayes Furniture Store, in Lubbock. Tommy has done around 605 sketches, and they are 11 x 14 inches. They were shown on the Al Hayes TV Show Saturday on a Lubbock station, Kendis Julian and Ken Roberts went to Lubbock Sunday afternoon to view the sketches.

Mrs. J. P. Taylor and Mrs. Harold Hamm went to Lone Star to the Lone Star Home Demonstration Club Tuesday afternoon. Mrs. Hallie King was hostess and the meeting was held at the Lone Star Community Center. Sherry Mullins gave a good demonstration on "Cheese."

Mrs. I. H. Parks spent Wednesday in Amarillo on business. Her mother from Amarillo left Tuesday after visiting here with them for several days.

Mr. and Mrs. Grigsby Milton and Darla went to Claude Sunday to visit with Eulan Bradshaw and boys, and Mrs. Truman Bradshaw. Mrs. Bradshaw was up and able to be about. They reported she looked better than she had in years, we are glad to hear.

Mrs. J. P. Taylor and Katie went to Lone Star Sunday to spend the day visiting with her

\$712,000 Spent In Floyd County For Remodeling

NEW YORK, Apr. 24 - Floyd County's homeowners spend a pretty penny each year on the upkeep of their property, according to a recent government study.

Their outlay per year, for general maintenance and for alterations, additions, and repairs, is approximately \$197,000.

That is an estimate based upon a government survey of home expenditures in communities across the country. The figures include data from the Department of Commerce and from other sources.

They show that the average amount spent for such purposes in Floyd County's regional area is about \$197 per housing unit. This compares with \$253 nationally.

That is the average. Some homeowners spend considerably more than that at times when major repairs are called for, but get along with smaller outlays in other years.

Overall figures that show the total amount being spent for sister, Mrs. Walter Pigg and family.

Mr. and Mrs. Don Probasco will go to Lockney Tuesday night at eight o'clock to attend a dinner at the Lockney Restaurant, where Farm Bureau members will meet at a dinner for young people.

Mr. and Mrs. Tillman Powell received word that their son, Tommy Powell, who is in the Air Force and stationed at Offutt Air Force at Omaha, Nebraska, plans to attend a Christian Library meeting at Gorieta, New Mexico June 3 through June 7.

Mrs. Sylvie Kinnibrugh and daughter, Mrs. Teddy Horne of Lubbock accompanied by Mrs. Kinnibrugh's sister, Mrs. Ray Dillard of Lockney, went to Odessa Wednesday to spend the day with a sister, Mrs. W. H. Smith.

Mrs. Hansel Sanders, outgoing president, will install officers at an installation tea given at the South Plains School House Friday afternoon, May 12, at 2:45 o'clock. New officers taking places for the coming year are Mrs. Glen Wood, president; Mrs. Don Probasco, vice-president; Mrs. Johnney West, treasurer, and Mrs. Don Marble, treasurer.

We congratulate Rita Taylor, senior at Floydada, on being named, "Miss Senior of 1967." She was named at the Junior-Senior Banquet held there Friday night. Rita is the daughter of Mr. and Mrs. Ursel Taylor of South Plains.

Mr. and Mrs. Don Probasco and Mr. and Mrs. A.C. Pratt of Floydada flew from Lubbock to El Paso and Juarez, Old Mexico over the weekend, and enjoyed all the sights of the town, and being over in Old Mexico. They also visited Mr. and Mrs. Karl Craig while there.

The annual meeting of the South Plains Cooperatives Gin and Elevator will be held at the Duncan Elementary School in Floydada on Friday night, May 12, at 8:00 p.m. DST.

residential upkeep and improvement are contained in the Commerce Department report. The outlay in this direction, throughout the nation, comes to \$11.44 billion per year.

How is Floyd County's share of this, \$712,000, being distributed?

A breakdown, based on the national figures, indicates that 56 percent of it goes for additions, alterations and replacements.

The other 44 percent is for general upkeep, maintenance and repairs. In this category, painting is the biggest item of expense. It accounts for 42 percent of all upkeep costs.

Plumbing is next, with 11 percent, followed by roofing, 7 percent, and heating and air conditioning, 4 percent. Furnace repairs, electrical work, flooring and the like make up with the remainder.

Home maintenance and repair was more expensive last year, at least five percent more, than in the preceding year, according to Labor Department figures.

In addition to increases in the cost of lumber, hardware, pipe fittings and other items, there was a marked increase in labor costs for mechanics and handymen.

DEGGE SPEAKS AT HEREFORD

The Agricultural Committee of the Hereford Chamber of Commerce had Douglas Degge, Supervisor of the Floyd County Noxious Weed Control District, as a guest speaker for a 6:30 a.m. breakfast meeting Thursday, April 27, at the Casino House in Hereford. Degge gave a short lecture on the formation and operation of Noxious Weed Control Districts, and then opened the meeting to a question and answer session. Justin McBride, Deaf Smith Co. Agent,

VAN STOVALL PASSES STATE BAR EXAM

Van Stovall, son of Mr. and Mrs. Richard F. Stovall, former Plainview residents now of Plainview, has passed his state bar exam and was sworn in yesterday before the Texas Supreme Court. He is the grandson of Mrs. E. F. Stovall of Floydada.

Young Stovall is a May graduate of the University of Houston Law School. His father is a Plainview attorney and his brother, Frank, is district attorney there.

His parents, accompanied by the grandmother attended the swearing in ceremony.

and three of the County Commissioners were guests at the meeting. The Chamber of Commerce Committee reports that many farmers in Deaf Smith Co. are showing much interest in organizing a Weed Control District.

In the regular monthly meeting of the Board of Directors, Ike Johnson was elected as vice-chairman. After a short meeting the directors were taken on a short tour of the county and shown some of the heavy bindweed infestations, to give the new directors some idea of the problems with which they will likely have to deal with.

The District is progressing as rapidly as possible in spraying farm land, county bar ditches, and highway rights-of-way. The high winds have hampered their work considerably.

Cook Found Dead In Lockney

Cliff Carrol, about 45, who was employed late Wednesday of last week at a Lockney restaurant, was found dead Thursday morning in his room at Lockney Motel. Justice of the Peace Hugh Counts conducted an inquest and said death apparently was from natural causes.

Carrol, a cook, was checked into the motel Wednesday about 6 p.m. by friends. He was feeling slightly ill at the time, they said.

Two motel maids, Georgine Branch and Betty Harris, discovered the body as they made their Thursday morning rounds. They notified Mrs. Jay McPherson at the Lockney Motel office, and she called officers. The call came into the police dispatcher at 9:07.

Carrol had slumped from a "luggage carriage," where he had been seated, it was believed, after apparently suffering a heart attack. Dr. Jack Jordan of Floydada, county health officer, was summoned and pronounced the man dead. He had been dead for several hours, authorities told The Beacon. No autopsy was conducted.

Carrol was employed some time ago at Lockney Restaurant. He returned there Wednesday and was re-employed by the owner, C. W. Cathey.

A number of officials investigated the death, including Kenneth Bain Jr., Cap Cartmel, Foster Amburn, Mac Howard, Earl Freeman and J. C. Austin.
