Skydivers To Highlight New Airport Opening Here Monday

Schools Open Next Tuesday

Floydada public schools open for a full day of work next Tuesday, Sept. 5, immediately following Labor Day. This week has been a busy one for school personnel, with registration taking place in all four schools.

The former principal of Andrews Ward when it held the vast bulk of the first five grades, W. P. Nicholson, is the Duncan principal. Bob Copeland, for the last several years his assistant principal, is the principal at Andrews Elementary.

Farris Wilson, principal of Della Plains since the middle 1950's, has been reassigned as coordinator of the audio-visual program for the entire school system. Bob Allredge, eighth

grade math teacher and assistant principal at junior high, will be teaching high school math.

The other administrators continue in the same capacity; A. W. Coltharp, junior high principal; Charles E. Tyer, high school principal; and A. E. Baker, superintendent.

REGISTRATION SCHEDULES In high school, except for late students, registration has been completed. The same is true of junior high, but both elementaries, Duncan and Andrews, register from 8-12 tomorrow, Sept. 1.

FACULTY MEETS Principal Charles E. Tyer is expected to meet with the faculty tomorrow. Mrs. Mary Butts is to teach in the third and fourth grades; Mrs. Amy New is teacher for first and second; and music will be taught by Mrs. Amanda Hart.

Dedication, Fly-in Breakfast, Airplane Rides Also Featured

The grand opening of the all new Floydada Municipal Airport is set for Monday, Labor Day. Activities are planned for the entire day at the airport which is located on the Silver-ton highway on the northeast corner of Floydada.

Mayor Leonard Matsler will cut the ribbon on the new airport in a special dedication service at 2:30 p.m.

The morning program begins with a fly-in breakfast for all air guests from 7 to 9 a.m. Special guests at the breakfast will be the organization known as the EAA. They will be displaying antique aircraft for the public's enjoyment. All "fly-in" visitors will receive break-

fast free of charge. "Drive-in" visitors will be charged a dollar each for breakfast.

The Lubbock Skydivers will parachute down upon the airport at 3 p.m. Seven or eight are expected and they will go into a free fall, then open parachutes, attempting to land on a target at the airport.

Airplane rides will be available to the public at a charge of one cent per pound, and all women passengers will be allowed to ride for a dollar each.

Displays of new planes by area firms will also be an attraction of the grand opening.

The \$137,000.00 airport is managed by Doodle Milton. The airport commission includes

Aaron Carthel, Kenneth Bean, Wayne Collins, Jack McIntosh and Bill Brown.

Thirteen planes are usually hangared at the airport. A courtesy station wagon is always available for the incoming visitors to Floydada by air. The city of Floydada owns the airport which was paid for by the citizens of Floydada, the Texas Aeronautics Commission and the Federal Government. A little over 70 acres are in the airport. The paved runway is almost a mile long in a north-south direction.

Airport manager Milton and the airport commission invite the public to attend the grand opening Monday.

Dougherty School Begins September 5

With a program, open to the public, beginning at 9 a.m., the Dougherty school begins another year Tuesday, Sept. 5, according to an announcement by Elmer Watson, principal. He

will teach grades 5 and 6. Mrs. Mary Butts is to teach in the third and fourth grades; Mrs. Amy New is teacher for first and second; and music will be taught by Mrs. Amanda Hart.

South Plains School Starts September 5

South Plains school, teaching the first eight grades, begins Sept. 5, but registration is Sept. 1. There is one new teacher, Miss Tommy Laney, who

is to instruct the third and fourth grades this year. High school students are divided between Lockney and Floydada.

LABOR DAY IN FLOYDADA

Some Firms Will Close, Some Won't

All of Floydada's utility companies, the First National Bank, the courthouse, the city hall, all government offices will be closed Monday in observance of National Labor Day.

The various firm's advertising which appears in this issue. Most merchants tell in their advertisements whether they will be open or closed.

It appears that all department stores, grocery stores and furniture stores will be open.

Many Floydada businesses offer special Labor Day weekend and last minute back-to-school bargains for today, Friday and Saturday.

Schools will be closed Monday and begin classes Tuesday. The airport opening is set for Monday, with dedication services and a big air show. The reader is invited to read

Farmers Receiving \$11 Million

Growers participating in the 1967 Federal cotton and feed grain programs in this county Monday began receiving payments totaling \$11 million. Tom Moore, office manager of the Floyd County Agricultural Stabilization and Conservation Service, says the checks cover unpaid portions of federal diversion and price support payments.

A major portion of the total \$11,513,161 allocation goes to producers cooperating in the cotton program. Price support payment to cotton growers is \$5,085,962, and an additional \$2,518,625 comes from diversion payment.

Feed grains checks were \$2,003,412 for price support and \$127,749 for diversion. No diversion payment is included

for wheat farmers, but they receive \$1,777,413 for price support.

Moore says payment is being made about a month earlier this

year. Checks were mailed from New Orleans to the county office in Floydada and forwarded to producers under a new speed-up process of automation.

City Rainfall For Month Bare Half Inch

The official rainfall for Floydada during the month of August is a bare half inch. Official records, released by the ASCS office, show that .03 of an inch fell on Aug. 18; .22 on Aug. 20; and .25 on Aug. 23.

The amounts were generally higher in quite a few localities, but results were spotty, and probably in no case would anyone say, "We've had enough." Although there has been considerable cool weather, heralding the approach of fall, apparently just about everyone would welcome more rain.

AUGUST CONTRAST

This year's total for August is quite a contrast with that of 1966, which was a big month. 6.07, which proved to be the big month of the year, fell in August of last year, to be followed by over 3 inches in September. This year's August total is ahead of January (none at all), February (.30), and April (.35) but lags behind a really big May (4.38), a fairly high June (2.73) and a big July (4.20). In March, .79 of precipitation occurred.

YEARLY CONTRAST

The contrast with last year's total at the same stage is not so marked. At the end of August in 1966 there was a total of 16.73 recorded. As of Monday of this week there was a total of 13.25, almost a full 3-1/2 inches less.

Water Bond Election September 8

Interest seems to be pretty low in the September 8 election for the issuance of \$400,000 in water bonds. This is made on the basis of absentee voting, the period for which opened August 21 and is to go through September 4.

A check with City Secretary Jimmie Stewart, in whose office the voting is handled, revealed that on Wednesday morning not a single vote had been cast. SEE BOND PAGE

Hereford Football Tickets On Sale

Tickets to the Hereford-Floydada football game are available at the Floydada school business offices now. The game will begin at 8:30 p.m. on Friday, September 8 at Hereford. The reserved adult tickets are \$1.50 each. Student tickets are 75 cents each. Floydada fans are to sit on the east side of the Hereford stadium.

Lions Learn Of Water, Inc.

"There's always been a fight at the water hole, and there always will be," declared John Kendrick at the meeting of the Lion's Club at Colonial House on August 24. With Boss Lion Glen Black in charge of the meeting as a whole, the program was presented by Andy Anderson, who introduced Kendrick, whose regular job is with a Brownfield bank.

Kendrick described the need for water on both the north and south plains, told of the sinking underground water level, and said the necessity for imported water is imperative. The proposed transmission lines that would begin with East Texas water and eventually would be extended to take in the Mississippi Valley he described as "One of the greatest engineering feats of all time," adding that it was highly possible that the use of atomic power would play a vital part in its construction.

NORTH PLAINS GAINING

The loss in acreage under irrigation on the south plains is not as great as is the gain in the north plains. The bulk of the program was presented with slides and relevant commentary by Buck Buchanan, introduced by Kendrick. His regular job has been serving as manager of the North Plains water conservation district with headquarters in Dumas, but he is spending the greater part of the week now in Lubbock as manager of Water, Inc.

Although time dictated the showing of only a couple dozen film slides or so, they were sufficient to give a clear picture of the water problem of this area, and to show what is being done to propel water upward, particularly in California. This has been proved practical over hundreds of miles. The program was highly informative.

NEW KIND OF COWBOY

HUGH O'BRIEN plays Jim Sinclair, a cowboy brought to Africa to help preserve the quickly disappearing wild animals of the continent, in "Africa—Texas Style!" an Ivan Tors Production for Paramount.

The film makes its point with a thrilling and action-packed story that only adds to the authentic Kenyan locations and the untamed animals used to round out the supporting cast. Filmed entirely in Kenya, the color film also stars John Mills.

Thomas Lyles Naval Training Grad

(M0761) SAN DIEGO (FHT-NC) - Seaman Recruit Thomas C. Lyles, USN, son of Mr. and Mrs. Carl O. Lyles of Route 4, Floydada, Tex., has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

STAFFORD GIVEN HIGHWAY CONTRACT

A low bid of \$1,608,851 won Henry L. Stafford, Lubbock, the highway construction work in Floyd County on U.S. 170 and FM 195. Stafford's Co. will do the work from Floydada to Motley County line which calls for grading, structures' base and paving. The announcement was made Tuesday by the Texas Highway Department.

Airport Souvenir For New Yorker

People can wait a long time, especially for a souvenir, and when you put together a stamp buff and an airport enthusiast, you have one who is really willing to wait.

Postmasters seem to be requested quite often to send an enclosed stamped envelope on a certain date. And so it was that nearly two years ago, Nov. 25, 1965, Stephen Reinhard of Freepost, Long Island, New York, wrote to Postmaster Edward Wester asking for his signature on the covers whenever Floydada opened its new airport. Wester has been holding the philatelic covers for 21

months. The two stamps are in memory of Italian unification, of the 8¢ airmail variety, and show a picture of Garibaldi. He was one of the three great champions of liberty and unification in Italy during the last century, the others being Cavour and Mazzini.

So about next Monday Ed Wester plans to affix his signature and send off two envelopes already rubber stamped to:

430 In Floyd Bound For College

(Special to the Hesperian)

NEW YORK - For residents of Floyd County, who are sending more of their young men and young women to college these days, the cost of education is zooming. It has become a major financial expenditure in many families.

In some cases, in fact, where there are two or more children to send to college, it actually involves a bigger capital investment than was made for the family home.

The bill that local parents will be shouldering this year, for college tuition alone, will

amount to approximately \$666,000, it is estimated.

Facts and figures on college enrollments and costs have become available as the result of surveys and studies made by the Department of Health, Education and Welfare, the Institute of Life Insurance and others.

Nationally, they show, the number of college students has been rising sharply, going from 2,935,000 to 6,400,000 in the last six years.

In Floyd County, the number has gone from approximately 190 in 1960 to an estimated total of 430 at the present time.

For the ones who are going

to publicly supported colleges, the average cost per year for tuition and other fees is a little more than \$1,000 and, for those at private institutions, an average of \$2,100, according to government findings.

Thus, assuming that the 430 local students are equally divided among the publicly and privately operated colleges, the overall outlay for one year comes to \$666,000.

And this does not include other costs - for clothes, room and board, books, luggage, transportation and the like.

Including all these expenses, it might cost a family up to

\$3,200 a year to send a child to a private college, according to the same government findings.

Which means an investment for three years would be \$9,600 if they go to public colleges.

The number of families whose income is not sufficient to cover the economic shock of college is increasing.

NEWS by Mrs. J. E. Green

28 - Such a beautiful summer weather! This season has been a school time for many of our guests of the party were Mr. and Mrs. Bob Alldredge and Mrs. Lynn Mussleback - she is a teacher at city schools and director at Texas State University. Last Wednesday Mrs. Green and her parents, Mr. and Mrs. J. E. Green, accompanied them to Borger Friday where they dined at the J. B. Massingills, and visited Grandma Matthews at Magic Plains Convalescent Home. The other sisters, Mrs. Ruby Broyles and Mrs. Bill Coggin and Mary met us at the home. We returned by Plainview where we visited in the evening with the Victor Greens. The Ryman's left Sunday morning for home after an hour's visit with Don Clark Green and family, who arrived at the parental home early Sunday. At Sunday dinner the Green children and families present were Victor Green and family of Plainview and Don Clark Green and family of Big Spring.

Mrs. Green accompanied Bro. and Mrs. Curtis Butler to Roaring Springs Wednesday to attend the funeral of Mrs. Mary E. Peck, a long time resident with her family at Mt. Blanco. Mr. and Mrs. Cecil Griggs, Floydada, also were present for last rites. Mrs. Griggs is a granddaughter of Mrs. Peck. A daughter, Miss Gladys Peck teaches in the Duncan Elementary School. Bro. Butler, a former pastor, assisted with the services.

Mother Peck, the good neighbor, the dear mother, grandmother and great grandmother, has passed on. To each of her fine descendants we extend our deep sympathy.

Mr. and Mrs. Zolan Melton of Coleman visited the J. E. Greens Saturday afternoon.

Vows Read In Canyon Church For Miss Dane, Jerry Race

WILLIE WIREDHAND NEWS

Miss Mary Louise Dane, daughter of Mr. and Mrs. Weldon Dane of Bovina, became the bride of Jerry Leon Race, son of Mrs. Shirley Race of Floydada and the late Mr. Race Sunday afternoon in the Calvary Baptist Church in Canyon. Rev. Bill Parvin performed the double ring service.

The wedding scene was centered with a white kneeling bench flanked by a pair of gladiosa baskets and pyramiding candelabums. Organist, Mrs. John Longan of Canyon, accompanied Miss Davita Lindley, soloist.

Given in marriage by her father, the bride chose a formal gown of rose lace and bridal taffeta featuring a portrait neckline and long petal point sleeves. The shoulder-length veil was attached to a spiral of leaves with an accent of pearl beads. Her bouquet was a cascade of blue and white carnations centered with white gardenias which she carried atop a white Bible.

Maid of honor was Miss Gwinette Lovette of Texico, N. M., and Miss Shirlene Race of Floydada, sister of the bridegroom served as bridesmaid. They wore identically styled dresses fashioned of baby blue satin with Empire waistlines. The bodices and long sleeves were graced with an accent of matching chiffon. Their headpieces were formed from satin and chiffon rings and each attendant carried a cascade bouquet of carnations.

Jerry Vernon of Lockney was best man and the bridegroom's brother, Donnie Race of Lubbock, was groomsmen.

Ushers were John Logan of Canyon and Jackie Dane of Lubbock, brother of the bride. Candles were lighted by Johnny Dane of Bovina, the bride's brother.

A reception followed immediately in Fellowship Hall of the church.

The serving table was laid with white over blue and centered with an arrangement of blue roses and matching net in a crystal competer.

For a wedding trip to Ruidoso, N.M., the bride wore a blue and white checked Empire styled dress with a contrasting sash. She added white accessories.

The couple will live at Canyon Manor Apartments in Canyon and will continue their studies at West Texas State University, where the bride is a sophomore and the bridegroom is a senior.

Mrs. Race is a graduate of Bovina High School and her husband attended Lockney schools and graduated from Tishomingo High School in Tishomingo, Okla. He is a member of the Block and Bridal Association at WTSU.

A rehearsal party was held Saturday night in the Canyon home of Mr. and Mrs. O. C. Free.

Fall clothes are already in the stores and fall yard goods are coming in too. When you plan your fall wardrobe watch for washable wool in yard goods and ready made garments.

Savings on washing instead of dry cleaning wools can be important for teenagers, college age boys and girls, and younger children as well. The U. S. Department of Agriculture has developed the "Wurlan" process for making wools that are machine washable, shrink less than 1%, do not felt or require as much pampering as untreated wool. Most washable wools produced by industry today are made by processes based on the USDA-developed "Wurlan" process.

It's wise to read and follow washing directions on the labels of the garments you buy. Save the labels with a description of the matching garments and reread labels before washing.

(Some good news for the farmer comes to us from the USDA. Food Experts with the U. S. Department of Agriculture have estimated the quantities of basic food commodities needed by 1980 with our population growing at a fast pace. If our population reaches 235 million as predicted and if our diets change at the same rate as in recent years, the experts report that by 1980 farmers and ranchers must produce - compared with 1966 - 8 billion pounds more red meat, 19 billion pounds more milk, 14 million tons more fruits and vegetables, 6 billion more eggs. To produce needed additional quantities of these and other foods, another 95 million acres of cropland would be required if yields in 1980 were the same as in 1966.

However, rising productivity and efficiency on farms and ranches may make it possible to feed 235 million people in 1980 from about the same total acreage used now. Today's farmers

The Charles Tyer Chapter of Future Teachers of America held a "welcome" party Tuesday night in the high school cafeteria for freshmen interested in becoming future teachers.

Christine Cozby, president, extended the welcome and introduced Suerker (Svalle) Emanuelson, foreign exchange student, who was made an honorary member.

A skit, satirizing the registration process, was presented by officers, Christine Cozby, Sara Stanforth, Rande and Christy Brown, and Kelly Smitherman. Rev. Darrell Faires entertained the group with novelty and folk songs, accompanying himself on the guitar.

The program was closed with the group singing the school song after which refreshments were served.

Officers of FTA have been investing time, innovating changes and seeking to improve their local chapter. The calendar includes such things as American Education Week observance in November; Texas

increasingly are applying the soil and water conservation measures needed to protect land for maximum productive use in 1980 - and far beyond that date.

For the many of us who will celebrate Labor Day by staying home, maybe one more freezer of cream before the end of summer - or perhaps you would like to try the following recipe for good homemade sherbet.

6 bottles of orange crush
2 cans Eagle Brand milk
1 #2 can crushed pineapple
Mix these well and pour into the freezer and freeze until firm. A blender is excellent for mixing this sherbet. (It takes much longer to freeze sherbet than it does ice cream.)

If a strawberry flavor is more to your taste - use 6 bottles of strawberry flavored pop.

2 cans Eagle Brand
2 (1 pint size) cartons of frozen strawberries, and proceed as above.

Whatever your plans may include, make it a safe and happy holiday.

Public School Week in March and Teaching Career Month in April.

Although most of the emphasis is placed on activities that will help a student learn about the teaching profession and colleges, the club does have a few money making projects. One of the major ones is selling school record books. These contain envelopes and record sheets for school picture and vital information for the student from kindergarten through high school. These will be on sale at elementary schools Friday.

Future Teachers of America extend this invitation to consider teaching as a career to all students who can measure up to the exacting demands of the profession. Those who join the teaching profession find themselves working with men and women on whom the free world depends.

Below is a dedication to teachers from the graduating class of the University of Arizona.

A TEACHER'S DEDICATION
Because I am a teacher in a world where loving understanding alone holds the key to the future of humanity, I dedicate myself . . .

. . . to the privilege of Teaching - a mission transcending national boundaries and cultural barriers, finding fulfillment only in the betterment of all Mankind;

. . . to helping every boy or girl, man or woman, who calls me Teacher, and never knowingly to jeopardize his physical, mental, or emotional growth;

. . . to opposing with my life, if need be, every form of tyranny over my pupils' minds.

Homemakers Day At Fair

Homemakers Day at the Floyd County Fair will be held Friday morning, September 22, from 9 until 10:30 a.m. The program will open with the welcome address by a Lockney Young Homemaker, followed by the devotional by a Matador Young Homemaker, Mrs. Larry Vandover. A Floydada Young Homemaker will be mistress of ceremonies. A choral group from Lockney High School will provide entertainment.

"Wigs and Hairpieces" will be the theme of the program presented by Jeannie Beadle, instructor at McBride's School of Hair Design of Plainview. Jeannie will have several assistants modeling the hairpieces and she will show many different kinds and styles of hairpieces and wigs, as well as tell of their care. Those shown will be all from McBrides and are made of human hair.

There will be drawing for door prizes at the conclusion of the program.

Shower Honors Miss Linda Montgomery

A bridal coffee held in the home of Mrs. R. C. Smith Saturday morning was given in honor of Miss Linda Montgomery, bride-elect of Gregory Williams. Guests were received by Mrs. Smith and presented to the honoree, her mother, Mrs. Troy Montgomery of Lubbock and the prospective bridegroom's mother, Mrs. Fred Lloyd of the Lakeview community.

Mrs. Max Harrison was at the guest register.

The bride-elect's chosen colors of aqua and white were carried out in the color scheme. The table was laid with a white lace cloth over aqua and was centered with an arrangement of aqua colored flowers and a large satin bow with the names of "Linda and Gregory" embossed in silver. Mrs. A. L. Smith was at the silver service. Hostesses were Meses. Ruby Hartsell, Max Harrison, A. L. Smith, Joe Thurston, R. C. Smith, Milton Harrison and Mrs. Don Harrison.

Membership Drive For Theatre Center

The Lubbock Theater Center has announced plans for the membership drive for the 1967-68 season which will be held from August 31 through September 12, 1967. Chairmen for this year's drive will be Mrs. Donald Tankersley, Mrs. W. J. Kilpatrick and Dr. Donald Andrews. Division chairman and workers are being chosen. Anyone interested in aiding the growth of the theater is urged to call Mrs. Kilpatrick, Mrs. Tankersley or Dr. Andrews and offer their services. Slogan for the drive is "100th Opening Night," and the purpose of the drive is to acquaint the Lubbock community and area with theater art, in order to promote its expansion and growth, according to Mrs. Fred Martin, area representative.

The schedule of plans for Lubbock Theater Center's 1967-68 season has been announced.

The musical comedy "Music Man" will open the season on September 14. A rousing, joyous, com-pah delight, filled with captivating nostalgia, this Meredith Willson success was chosen to inaugurate the season as the 100th production presented by LTC.

"The Innocents," a tale of terror, fears and phantoms, shadows and spirits, based on Henry James' "Turn of the Screw" opens in late October. Opening on November 30 is "Dear Me, The Sky is Falling" a bright, endearing and humorous comedy, which starred Gertrude Berg on Broadway.

Last season's Pulitzer Prize winning drama "Delicate Balance" by Edward Albee, which presents the story of people used up, tormented and empty is the late January offering.

"Who Was That Lady I Saw You With," a Broadway hit farce, which starred Peter Lind Hayes, promises to be a laugh-filled evening.

William Inge's Pulitzer Prize - Critics Circle award winner "Picnic," a humorous and touching study of the yearnings of the women in a small Kansas town, will be presented in late March and early April.

Closing the season in May will be a bubbling, rib-tickling comedy "Barefoot in the Park," which has only one aim - to be diverting.

Those who purchase season tickets during the drive are assured substantial benefits during the coming season. Memberships are broken down into the following categories: Patron memberships, 15 tickets, plus program listing, \$30 instead of \$42 purchased individually at the box office; Couple membership, \$22, over \$30.80 at the box office; One season ticket, \$12.50, instead of the box office price of \$17.50;

Double Ring Vows Pledged By Miss Johnson, Jack Brown

Double ring vows were pledged by Miss Novis Jean Johnson and Ellis Jack Brown, Saturday, August 26 at 7 p.m., in Davis Chapel in Fleming Religion Center in Brownwood. Background for the ceremony was formed by a gold arch candelabra with white tapers and polished greenery. On either side were arrangements of white gladiolas on Grecian pedestals. Rev. George M. Slayton performed the ceremony.

Parents of the bride are Mr. and Mrs. Warner Johnson, 109 Lakeview Dr., Brownwood. The groom's parents are Mr. and Mrs. Lattie T. Brown, 1706 Seventh Street, Brownwood.

Given in marriage by her father, the bride wore an A-line silhouette dress of peau de soie featuring a high bateau neckline and bell sleeves with Chantilly lace trim. The dress was designed and made by the bride's sister, Mrs. Carl Brock, Plainview. The ballerina length silk illusion veil was attached to a circle of peau de soie. She carried a cascade bouquet of white orchids with a touch of pink, and white pom poms.

Mrs. Carl Brock, Plainview, sister of the bride, was matron of honor. She wore a pom pom pink crepe dress fashioned similar to the bride's dress. She carried a cascade bouquet of carnations in shades of pink.

Charles Richardson, of Mesquite was best man. Louie Johnson of San Saba and Thom-

as Brown, of San Saba, were ushers. Wesley Johnson of Floydada was candlelighter.

Mrs. Clyde L. Nettleship of Brownwood, was organist. Ed Markham of Brownwood was soloist.

The reception was held in the home of the bride's parents. The bride's table was covered with a floor-length satin and lace cloth. Table arrangement was a brass candelabra with flowers in shades of pink. The white tiered cake was decorated with pink roses and topped with a bride and groom. Mrs. Wesley Johnson, Floydada, presided at the bride's book. Other members of the house party were Mrs. Louie Johnson, San Saba, Mrs. Leroy Ware, Brownwood, Mrs. R. D. Mathews, Brownwood, Mrs. Thomas Brown, San Saba, and Miss Sheila Wolf of Sweetwater.

For going away the bride wore a two piece blue dress with black accessories.

After a wedding trip to Denver, Colorado, the couple will be at home at 2103 Avenue I in Brownwood.

The bridegroom graduated from Richland Springs High School and attended Howard Payne College. He is presently employed with the USDA at the Pecan Research Station at Brownwood.

Methodist Church Setting For And Arnold Vows

The Methodist Church was the setting Saturday, August 26, for the wedding of Elizabeth Word and Marvin Arnold. The double ring ceremony was read by Rev. Frank district superintendent of Amarillo District Methodist Churches.

Mrs. James H. Word are parents of the bride. Marguerite Arnold of Donna, parents of the bride-

groom were banked with white daisies and centered with a bench.

In marriage ceremony, a portrait of the bride and groom was placed in a chapel. The bride wore a scalloped neckline dress with etched pearls. Her fiancé wore a Swedish crown of crystals and she carried a bouquet of white daisies and baby's breath. The bride's mother, Mrs. James H. Word, gave the bride away. The ceremony was officiated by Rev. Frank district superintendent of Amarillo District Methodist Churches.

Mrs. Tom Garrett of San Diego, Calif., was her sister's matron of honor. Bridesmaids were Miss Judi Bess of Austin and Miss Linda Willson of Floydada.

They were attired in gowns of peacock blue chiffon over taffeta styled with portrait necklines and long full sleeves. Each carried small yellow garden baskets containing arrangements of daisies.

Gary Fromlath of Donna was best man and ushers were James M. Willson III of Canyon, Jimmy Linn of McAllen, Bob Ferguson of San Antonio and Bert Cousins of Houston.

Mrs. Rodney Bunch, organist accompanied Miss Dorothy Edmiston as she sang the Lord's Prayer.

A reception in Fellowship Hall followed the wedding. The bride's table held a white wedding ring cake decorated in pink roses and blue forget-me-nots. Mrs. R. S. Guinn, Mrs. Charles Carr, Mrs. J. M. Willson III, Mrs. Mike Carter, Misses Linda Foster, Loretta Fulton, Ann McIntosh and Lucy Cogdell assisted with the reception.

The newlyweds will be at home in Kingsville, Tex., after September 1.

Mrs. Arnold is a graduate of Floydada High School and attended Texas A&I at Kingsville.

Winds Scrimmage Brownfield; Crosbyton Next

SPORTS

By Wendell Tooley
The Whirlwinds traveled to Brownfield last Friday afternoon where they scrimmaged the class AAA Cubs. Brownfield won the scrimmage 4-0 touchdowns.

Although the Whirlwind defense began to tighten up and the offense began to click near the end of the game, the scrimmage revealed several weaknesses in the Whirlwinds.
The inexperienced players were of course nervous, no one was hitting hard, and the execution of plays was out of time.
Probably the best play was 40 yard run by back Joe Christian. Barbee was throwing some good passes, but the receivers were unable to hold onto them. Floydada lost four pass receivers last year and is starting almost from scratch in developing ends to fill the vacant spots.
Another big problem is that

of developing a fast moving play with heavy players. Of course weight is important on the line and Floydada is fielding the largest team in years... but the plays have got to move. In some cases in the Brownfield game, the line made the holes for the backs to come through, but the holes had closed by the time the backs got there.
The Whirlwinds will scrimmage Crosbyton here tomorrow night. Although Crosbyton is an A team, they have a good sized ball club and the 'Winds should get some more good experience.

The next Friday as Floydada scrimmaged AAA Strangers was second to last Dumas last year.

COUNTY AGENT'S CORNER

by Joe Wilson

AGENT ANNOUNCES HIGHLIGHTS OF FIELD DAY
The production of this area's major cash crops and the use of herbicides will be highlighted at the annual field day at the South Plains Research and Extension Center to be held Tuesday, September 12 from 1 to 5 p.m., announces County Agricultural Agent Joe Wilson.
The event, which is open to the public, traditionally attracts a large crowd of farmers and businessmen. The center is located seven and one-half miles north of Lubbock on U.S. 87.
Information on such crops as cotton, grain sorghum, soybeans, castors, rapeseed and guar will be presented. Adaptability tests of various varieties, breeding research and cultural practices will be discussed. "Do's" and "Don'ts" concerning the use of present-day herbicides will receive major

emphasis at the field day, points out the agent, since numerous weed control problems have arisen this year.
A greenhouse display is also planned for the event. This is one of the best educational opportunities of the field day because it gives producers a chance to learn the symptoms of various plant diseases and other plant disorders. Spot-lighted at this year's display will be grain sorghum and cotton diseases.
Another attraction at the field day will be a large machinery exhibit. The latest planting and harvesting equipment developed by researchers at the Center will be on display as well as machinery exhibited by commercial companies.
An additional highlight at the field day will be a farm management display with specific reference to the South Plains Development program (SPD).

Management has received much emphasis in this program and plays a tremendous role in the overall economic growth and development of this area.
In addition to touring test plots and displays, visitors will also be invited to take a look at the newly expanded center which now houses the District Extension Office and nine Extension subject-matter area specialists. Additional laboratory space and facilities have also been provided.
Joe invites everyone in the county who is interested in agriculture to mark the date, September 12, on his calendar and to make plans now to attend the field day.
Spider mites are attacking grain sorghum in some fields that yields have been cut pos-

sibly by 50%.
The mites are hardly larger than the point of a pin. They are generally on the under side of a leaf and when they are numerous webbing can be found. They suck the plant juices out of the leaves. The symptoms of the leaves is a reddish rust color and then dying of the leaves. The whole plant can be killed.
The mites can be killed by two applications of parathion about three to five days apart or the use of one application of Systox. Systox is a systemic and has been getting a little better control but the cost is higher than one application of parathion. If systox is used, one pint per acre is recommended. Aerial application with three to four gallons of water per acre would be better with either insecticide in grain sorghum that has dense foliage because it would give better coverage.
The midge has continued to increase within Floyd County. Generally speaking any field that is in the heading through bloom stage can be expected to be damaged by the insects unless control measures are applied.
Late grain sorghum should be checked daily during the heading through the bloom stage. The midge is a small mat-like insect that is about 1/12 inch in length and orange in color.

FROM PAGE 1

After our scrimmage with Brownfield last Friday night, I can understand how experience ranks very high in judging the performance of a team. Our boys were pretty nervous, weren't hitting hard, couldn't catch some well thrown passes. . . and couldn't seem to get much coordination in running their plays. Think Brownfield beat us 4-0 in touchdowns.

Of course Brownfield is a AAA power. . . we'll know more about our whirlwinds when they face Crosbyton here tomorrow night. No doubt about it. . . the pre-season scrimmage is mighty important. . . and it brings out a lot of weaknesses that can be corrected before regular play begins.

MANY NEW STATE LAWS took effect this week. . . one of the big ones concerning Sunday closing of businesses:

SUNDAY CLOSING LAW

The Last Session of the Texas Legislature repealed the emergency clause in the Texas Sunday Closing Law, which in effect made the Texas Closing Law enforceable.

The law largely ignored for the past two years because of the emergency clause, will become effective August 28th and compliance will be required thereafter.

Simply stated, the law requires the merchants handling certain classifications of merchandise cannot remain open on both Saturday and Sunday but may remain open either one of the two days each week. In other words, they have a choice of being open either on Saturday or on Sunday, but cannot remain open on both days.

The merchandise prohibited from being sold on both Saturday and Sundays include: clothing or clothing accessories; wearing apparel; footwear; headwear; home, business, office or outdoor furniture; kitchenware; kitchen utensils or china; home appliances; stoves; refrig-

erators; air conditioners; electric fans; radios; television sets; washing machines; dryers; cameras; hardware, all tools, but excluding non-power driven hand tools; jewelry, precious or semi-precious stones; silverware, watches, clocks or luggage motor vehicles; musical instruments; recordings; toys but excluding items customarily sold as novelties and souvenirs; mattresses, bed coverings; mirrors; lawn mowers; and cloth piece goods.

CHARLES DIDWAY in The Post Dispatch: The Eden (Tex.) Echo says his business of getting enough news to fill up the paper is just as simple as anything. Here one reporter describes his efforts on getting details of a big fire:

Reporter: Did you discover the fire?
Man: Yeah, I guess.

Reporter: When?
Man: I dunno. Sometime after I got up. You're not going to put any of this in the paper, are you?

Reporter: Well, you discovered the fire, and you deserve the credit. Let me get your name here.

Man: I dunno about that. I don't want my name all over the papers - like all spread around, you know.

Reporter: So what's your name?
Man: Joe. Everybody around here knows me, Joe.

Reporter: Joe what?
Man (amazed and hurt): Joe Bluffzskiczkopf: Jees, everybody knows me.

Reporter: Where do you live? What's your address?
Man: You know the Price place where the double signboard used to be near the flour mill. The one that burnt down in fifty-five. And where O'Hara's daughter's husband runs the still.

Reporter: No, I can't quite place it.
Man: Where you been? Everybody knows me, knows where I live. Ask anybody. Say, you're not going to put all this in the paper, are you?

A BACK YARD full of tickle grass is an unusual sight and a Hesperian photographer snapped this picture of Gary Bramlett, grandson of Mr. and Mrs. John Fowler. Good moisture headed out the pasture grass across the highway from the Fowler home and it blew across into their yard. (Staff Photo)

MRS. SWEPSTON CRITICALLY ILL

Mrs. A. T. Swebston, longtime resident of the Floydada area, is in a critical condition in University Hospital in Lubbock. Mrs. Swebston suffered a severe heart attack Saturday night at the family farm home and was taken to the hospital early Sunday morning.

Her children, Ann, Herschel, Mrs. Bill Colston, Mrs. Vance Campbell and Mrs. Bob Burns as well as the husband are with the ill woman.

Shoes continue to have sensible heels and rounded or square toes.

ents, Mr. and Mrs. Arthur Edleman on the occasion of their 50th Wedding Anniversary. Around 150 relatives and friends attended the Golden Wedding Anniversary.

Mr. and Mrs. Frank McClure returned Wednesday from two weeks spent at Grand Prairie, and they visited on the way home at Lake Whitney with her sister, Mrs. Eddie Branch, who has been confined several weeks at her home with illness.

Gregg Taylor of Lockney spent the past week here with his grandparents, Mr. and Mrs. J. P. Taylor and family.

Mrs. Teddy Horne and baby Melissa and Teddy's mother, Mrs. Paul Horne of Gilliland, came this Monday to have lunch with Mr. and Mrs. Sylvan Kinniburgh and Beth. Mrs. Paul Horne is spending this week in Lubbock with the Hornes.

Mrs. Arby Mulder spent Wednesday night in Clarendon with her sister, Mrs. Pete Land and family. Their brother, F. A. Fitzgerald and wife of Littlefield also spend the night with them.

Mrs. Walter Wood will go to Lake Whitney on Tuesday to visit with her daughter, Mr. and Mrs. Jack McCown, and will stay until Friday. She will accompany Mrs. L. T. Wood and Mrs. Charles Conger as they go to Waco for the WMU Houseparty Tuesday through Friday.

Mrs. Bruce Julian of Austin arrived Saturday to spend several days here with relatives, and with the M. M. Julians in South Plains, and the Edell Moores in Floydada. Bruce will arrive by plane from Austin on Tuesday morning, coming to Lubbock, and he will spend around two weeks here during mid-semester of the University of Texas.

Visitors at the home of Mr. and Mrs. Grigsby Milton this week are her brother, Mr. and Mrs. George Willford of Riverside, Calif., who came in Sunday morning. Her mother, Mrs. Dona Willford has been here almost all summer from Tracy, Calif. Dinner guests with the Miltons Sunday were the above guests and Mr. and Mrs. Bud Edwards of Floydada, and for supper, Mr. and Mrs. Arlis Powell and three children also of Floydada were here. Mr. and Mrs. R. E. Young of Floydada were afternoon visitors with the Miltons and guests.

Mr. and Mrs. I. H. Parks have their 10th month old granddaughter, Leigh Ann Parks of Houston here with them this week.

Mr. and Mrs. J. P. Taylor and Katie went to Estelline Sunday to have dinner at the home of her cousin, Mr. and Mrs. Arthur Edleman. That afternoon between the hours of 2-5 Miss Elizabeth Edleman was hostess in her parent's home honoring her par-

Rites Conducted For W.O. Swaim

Funeral rites were conducted yesterday afternoon in the Floyd Baptist Church in the Floydada for Wenzel O. Swaim, 66 year old retired electrician, who died Monday in Hendricks Memorial Hospital in Abilene. Swaim had been a resident of Floydada for the past three years and was married to the former Mary Lee Dillard.

He was born July 21, 1901. Survivors include his wife; one daughter, Mrs. Kenneth Lomax of Abilene; four sons, Jimmy of Abilene, Ralph of Boston, Ark., Bobby of Salsaw, Okla., and Bill of Norman, Okla.; and 11 grandchildren.

Rev. C. A. Butler officiated at rites with interment following in Floyd County Memorial Park under the arrangements of Moore-Rose Funeral Home.

Pallbearers were Audie Noland, Flake Dillard, Dennis Dillard, Ted Wilks, Rex Lackey and Arnold Brown.

Honorary pallbearers were Lee Pearson, Rene Yeary, Albert Mize, George Weast, J. C. Wester, Henry Love, Dutch Love and Wayne Whitehead.

SOUTH PLAINS

SOUTH PLAINS, August 28 - Baptist Sunday evening services at the South Plains Church were planned and given by the young folks of the church, with Ronnie Hill of Floydada bringing the message, and Bobby Moore of Lockney, K Cummings and Sandra Terrell in charge of the music. We extend a thank you to all the choir members, singers and speakers. Mr. and Mrs. Terrell and family of Lone Star were present for services, and Bobby Moore led the singing both morning and night, and was here for choir practice.

Several women from the various churches of the Association will leave this Tuesday for Waco where they will attend the WMU House Party. Going from the South Plains Church are Mrs. Charles Conger and Mrs. L. T. Wood. They will be gone Tuesday through Friday.

Mr. and Mrs. James Norrell returned home from their wedding trip on Saturday and attended Sunday morning church services at the Baptist Church with her parents, Mr. and Mrs. Shelby Calahan and her grandparents, Mr. and Mrs. Gilbert Bean.

Mr. and Mrs. Fred Fortenberry returned home Sunday evening from Amarillo where they had spent the past week-end with her brother, Mr. and Mrs. John McCain and family.

Mr. and Mrs. Terry Julian, Dee and Dickie spent Monday night here with his folks, the Murray Julians, before returning to their home in Roscoe, Tex.

Mrs. Charles Conger and Bentley went to Keyes, Okla., on Monday and stayed until Friday with her parents, Mr. and Mrs. Joe Barrick, and they brought Brent Conger home, after he had spent the past two weeks in Oklahoma with his grandparents.

Sponsors, Rev. Charles Conger, Mr. and Mrs. Kendis Julian, Mr. and Mrs. Philip Smittherman, Mrs. Bryant Higginbotham and Mrs. J. P. Taylor took a group of young folks of the Baptist Church to the Palo Duro outdoor Theatre Thursday afternoon near Amarillo where all enjoyed a picnic supper. They then attended the evening performance of "Texas." Young people who attended were

What's A Coach? What's A Manager?

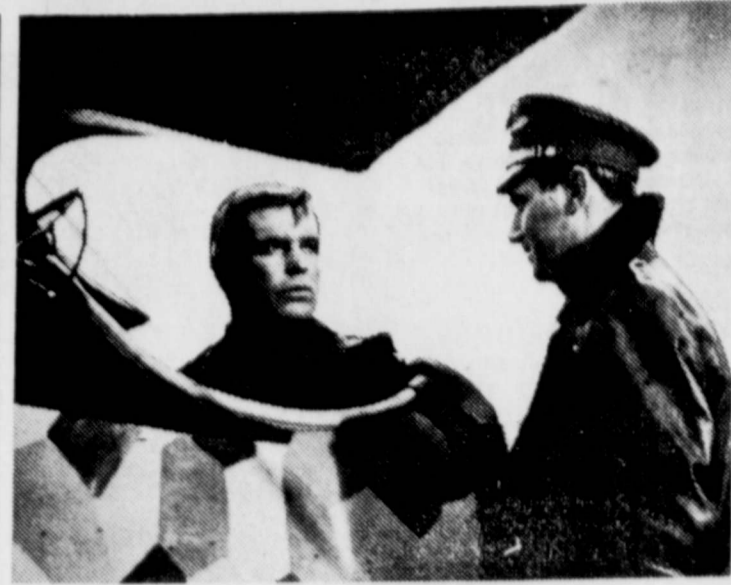

Does a coach outrank a manager? Or is it the other way around? That depends on the sport! Generally speaking, basketball and football stick together in the use of terms, with baseball going its separate way, though doubtless strict uniformity does not prevail in this regard.

In basketball and football the "Coach" is the man in general charge of the team. If he has men helping him, they are generally called "Assistant coaches", though a number of years ago one Texas institution of higher learning, Hardin-Simmons University, called its subordinate leaders "Associate coaches." Probably the fact that the great "Slingshot Sam" Baugh was a "No. 2" man then was a determining factor. Later he became head man and continued the designation for his helpers. Managers in these same sports

are usually students who help round up the equipment and do other errands under the directions of the coach. In baseball the head man on the playing field is called manager. His assistants are called coaches. There may be one for pitchers, one for batters, infielders, outfielders, etc., depending on the set up. Once the game is under way, the team at bat may have a coach to counsel boys on first and third when to run and when to stay put.

Doubtless terms will continue to change, just as in college administrative circles, where sometimes the chancellor is over the president, sometimes several chancellors work under one president, and a chancellor may even be a sort of president emeritus. Most men in sports are not theoretical minded about all of this. They are functional, practical, and are quite like the old country boy who said, "I don't care what they call me, just so they call me in time to eat." Now that's a filling thought!

British hold "smoke-in" to legalize marijuana. Greece offers easy credit to shipbuilders.

Clemens New Wayland Dean Of Men

Bryan T. Clemens, dean of men at Purdue University, will take the post of dean of men at Wayland College Oct. 1, Dr. Roy McClung, Wayland president, said. Clemens, a 1959 cum laude graduate of Wayland, recently named dean of men at Purdue after serving as assistant to that post for one year, has completed work except his thesis toward his doctorate. He was born in Oklahoma but resided in the Texas Panhandle until five years ago when he moved to Indiana to attend Purdue on a \$7,000 fellowship for study in the field of psycho-

logy and counseling. Clemens is a candidate for the Ph. D. degree in the fields of counseling, psychology and student personnel administration. He has been active in several honorary educational societies, among them Alpha Chi, Phi Alpha Theta and Phi Delta Kappa. Clemens taught in Texas public schools for three years until 1962 when he became guidance and counseling director for the Southeastern School Corp. at Purdue for a year until he became assistant to the dean of men at that university.

While a student at Wayland he was pastor of the Aiken Baptist Church and since leaving here served as interim pastor in churches at Morse, Tex., and in Indiana. Clemens is married and the father of four children. He will succeed F. G. Crawford who has accepted the post as coach of the Friona High School girls basketball team.

Rites Held For Father Of Mrs. K. E. Probasco

Verne Garrison, 73 year old
father of Mrs. K. E. (Gene)
Probasco of Floydada, died
Sunday in a Fort Worth hospital
where he had been ill for
several months. Garrison was
general insurance agent for
Ryan-Richards-Garrison. He
was born in Dallas and had re-
sided in Fort Worth for the past
30 years.

Garrison was a member of
the Westminister Presbyterian
Church in Fort Worth and a
member of the Lion's Club.
Funeral rites were conducted
Tuesday in the Harveson-Cole
Funeral Home with burial in
Restland Cemetery in Dallas.
Survivors include his wife,
Dorothy; two sons, Howard of
London, England and William of
Fort Worth; two daughters,
Mrs. Probasco of Floydada and
Mrs. Kenneth Hightower of New
Orleans, La.; 16 grandchildren,
one brother and one sister.
The family has requested
that memorials may be made
to the Young Life Campaign
in Colorado Springs, Colo., or
American Bible Society at
Westminister Presbyterian
Church in Fort Worth.

FLOYD DATA
Mr. and Mrs. F. C. Harmon
of 805 West California Street
had as their guests from Satur-
day until Thursday of this week,
their daughters and grandchild-
ren. They are Mrs. Jack W.
Cogswell and son, Bill of Vic-
toria, Texas and Mrs. Don M.
Skaggs, Alexa, Shelley and Kim
of Port Lavaca.

Wisconsin where he had been to
see a new grandbaby. I asked
him what his family thought of
his flying in his homemade job
over the country the way he
did and not knowing where he
was half the time, said they
didn't think anything about it
and that his son was wanting
the plans of the plane so he
could start building him one.
Replogle had a little trouble
getting the wooden prop whirl-
ing enough to start his plane
for take-off from the airport.
He kept turning it by hand
though for some 15 or 20 min-
utes in the afternoon heat, with
brief stops in between to catch
his breath and say to the plane
gently, "come on now," while
bitting down on the stem of his
pipe. The motor caught, he
buckled in, taxied out, took
off, flew back low over the
run-way and then all at once,
pulled back on the stick and
shot straight up. He flew back
over the airport and dipped the
plane's wings in "bon-voyage"
to those on the ground.
How the crate stays in the air
beats me. Bet Replogle could
really tell some tall tales on
his flying experiences at the
"fly-in" breakfast at the air-
port next Monday morning.

Large Grain Sorghum Crop Requires Study Of Market

"The 1967 Grain Sorghum
crop, predicted to be the largest
on record at 821 million
bushels, can also reap the pro-
ducer prices and income if he
will do an astute job of study-
ing market plans." This
statement was evoked from Bill
Nelson, Executive Vice Presi-
dent of the Grain Sorghum
Producers Association, in re-
sponse to anxiety currently be-
ing expressed by many area
farmers at declining grain sor-
ghum prices being quoted as
harvest approaches.

Nelson, a nationally recog-
nized agricultural economist
and member of the Grain Ad-
visory Committee to the Sec-
retary of Agriculture, said that
close analysis indicates that
the price slump is an apparent
"over reaction of the market"
to recent crop report releases
which point to record feed grain
production nationally. These
raw statistical production fig-
ures do not reflect the whole
story about the individual
grains such as corn and sor-
ghum and how their carryover,
stocks, export and domestic
situations differ, nor do they
indicate what grain sorghum
has "going for it" in the High
Plains area. In itemizing these
facts that point to a strong
demand and price situation for
sorghum during the coming
year, if farmers will watch
and act, Nelson drew the fol-
lowing contrasts:

Total supply for 1968 use -
corn, up 11% - sorghum, down
6%.
1967 production - corn, up
13% - sorghum, up 14%.
Carry over - corn, same -
sorghum, down over 50%.
Domestic use - corn, down

2% - sorghum up 8%.
Exports - corn, down 28% -
sorghum, up 5%.
1967 seasonal price rise -
corn, none - sorghum, 36¢
(highest in 5 years)
Grain consuming animal uni-
ts for 1968 - nationally, lower
- sorghum area, higher.
Total use - feedgrass, down
5% - sorghum, up 8%.

Nelson said that all of the
above are "plus" factors point-
ing to a strong position for
grain sorghum as well as is
the 9¢ higher than last year
average loan rate. He hasten-
ed to point out that sor-
ghum will have some "minus"
factors, too.

Corn will be closer to sor-
ghum than last year in price
which at one time was a 23¢
price spread, but currently is
narrowed to 10¢. In some ar-
eas, both export and domes-
tic users will switch some sor-

ghum demand to corn. Sor-
ghum, like all U.S. feed grains,
will be faced with more com-
petition from better crops re-
ported in Africa, Argentina and
Australia.

In addition to the supply and
demand situation, producers
should also look at the price
pattern this past year. It will
certainly not repeat itself ex-
actly, but can be a tool in
price forecasting. The season
low grain sorghum price in the
High Plains area was hit in
the mid-two week period in Oc-
tober, but in just two months
had climbed 20 cents, and in
five months reached the sea-
son high of 36 cents over the
October low.

Wayland Classes September 7

Wayland College students will begin registering Sept. 5 for the fall semester. When classes start Sept. 7 the 58th regular session will be underway at the college, one of the longest-established institutions of higher learning in the Southwest.

Sophomores, juniors and seniors will register on the opening day. Freshmen and transfer students will register Sept. 6. Registration will begin both days at 8 a.m. in the registrar's office in Gates Hall.

Orientation of new freshmen starting at 1:30 p.m. August 31, faculty meetings and orientation of all new students beginning at 8 a.m. Sept. 4 will be among classroom preliminaries.

The fall term will start about one week earlier than in the past in order to be concluded before the Christmas and New Year's holidays.

The interval from Jan. 7 when students will return after the holidays through Jan. 26 will be devoted to the micro-term being introduced at Wayland College. Students by means of a concentrated study schedule may earn a maximum of four hours credit during the micro-term.

The college offers a wide range of liberal arts studies. Education, music, psychology, religion, mathematics, speech, languages and sciences rate high among the student majors.

Wayland students attending the fall semester likely will be the first student body to use the \$500,000 Harral Memorial Auditorium, now under construction. The second floor of Gates Hall, original structure

es Purpose To Our Lives

...work on Labor Day? Some do! But the day is set aside to dignify work that has value. Work is a curse. It is not some sort of penalty inheritance. It is a necessary function of life. It has different rewards. First, there are rewards gained from doing what we gain from our work. Second, there are rewards, the satisfactions that come from the "fellowship of labor." True fellowship is not a reward, but on love; not on destruction, but on the fruits of human toil, and they are far more valuable than the pleasure, often even the joy, of the "break." The form of drinking tea, coffee, or a bottled drink store, or in the home or office. Or it might be the pleasure of a cool drink of water from a jug in the Creator worked, and called His own only begotten Son, our Lord and Savior, working with yet day. He called others into His harvest today. Through His Holy Spirit He still calls of people, guiding them in the direction of when He shall be all in all.

The "working class" should not be thought of as of mankind. Work should not divide us. Rather, we be workers together, for good, that the desert as the rose, and men might live together

Letter To The Editor

Dear Mr. Tooley:

The letter of Betty Newell Shiry in your August 17 issue concerning the publication of a magazine, The Hesperian, during the early history of California was quite interesting to me. I doubt that my late husband, Claude V. Hall, ever knew of this publication. In fact I have heard him say that he named his newspaper from the word "Hesperus", meaning evening star. I think perhaps his ambitious goal was that some day The Hesperian might become a "western light" to that section of Texas.

Mr. Tooley, I appreciate very much your sending the paper to me. I will ever feel an interest in Floydada and its newspaper. I like your column, "Caprock Chat."

It gives me pleasure to know that The Floyd County Hesperian is still in capable hands.

Sincerely,
Ethel A. Hall

FAIRVIEW NEWS by Mrs. Clyde Bagwell

FAIRVIEW, Aug. 28 - Some rain fell last week in parts of the community. The most reported was over an inch at the C. W. Payne farm, but that only covered a small area.

FLOYD PHILOSOPHER

Dim View Of Scientists Wanting Farmers To Grow Square Tomatoes

Editor's note: The Floyd Philosopher on his Johnson grass farm examines some new ideas in farming this week, more or less.

Dear editor:

I was in town yesterday buying another nickel tractor bolt for a quarter and a friend handed me a copy of Time magazine and said "Here, there's an article in this about farming you might like to see."

I'm not sure. According to it, vast progress is being made in agriculture these days, and almost undreamed-of new ideas are being studied.

For example, plant scientists are trying to develop a square tomato. That's right. They want a tomato that grows square instead of round, because, for one thing, it would fit better in a sandwich.

This is what I'm talking about. Why put all the burden on the farmer? It seems to me it'd be a lot simpler to just make round bread and use the tomatoes we've already got.

It sure was lucky that table plates originally were designed round instead of square, or you know what kind of eggs scientists would be trying to get hens to lay.

For years agricultural experts have been telling me how to raise feed that's more

palatable and nutritious for cows, whereas I'd like to see them working on cows that can thrive on the grass and weeds I've already got. Nearly every idea I hear from the experts puts more work on me than my cows.

Another part of this Time article reported that "an hour of farm labor now produces more than six times as much as it did in 1920."

I don't know what farm they studied, but it wasn't this one.

However, I can see some advantages in these figures and hope they spread throughout the country, especially around here. If it took six hours in 1920 to produce what one hour produces now, a farmer working 12 hours then needs to work only 2 hours now to get in a full day. I'm in favor of that.

By the way, speaking of farming, I noticed that that well-known farmer, Chet Huntley, had to give up one of his farms because, he said, somebody was always opening the gates to his 300-acre spread and letting his 900 cows roam the countryside.

Nine hundred cows on 300 acres? That's not a ranch, that's a ghetto. Somebody opened the gates? Most likely they busted out. Those cows were just rioting, and I'm surprised he didn't have a deep-thoughted television analysis of the underlying causes.

Yours faithfully,
J. A.

"Ride The Waves" A Feature In Fall Of '28

"RIDE THE WAVES" A FEATURE IN FALL OF '28
Back in early fall of 1928 the Presidential race was heating up. Dry Democrats who ordinarily would never have dreamed of supporting a Republican were in a dilemma. They wanted to vote for one of their own number, a "dry Democrat." But they had no choice. Some would go "straight" with Al Smith, a "dripping wet"; others would join the majority of Floyd County voters and go for Herbert Hoover and the Republicans (although large numbers would switch back over in 1932, the wet-dry issue being less clear-cut and the psychological push for a change, due to the great depression, being the overriding issue). A few "went fishing" on election

day. Back in that fall of '28 the depression was not nation-wide though farmers were none too well off. It was still a full year before "Black Friday" would hit Wall Street, and even longer before many businessmen started that "last plunge", out the window in a smashing journey to the streets.

THE MOOD WAS FESTIVE

There's quite a festive atmosphere about the newspaper files of that day. People were doing many different things "for kicks." One of the most fascinating items from the Hesperian concerns the work of L.A. Marshall, whose mind was surely one of the most fertile ever to operate in Floydada.

A grain man in the business world, father of two sons who became prominent physicians, he never "retired" in the sense of letting his mind become idle or conventional. In 1929 his patented entertainment, "Ride the Waves", was planned for use in twenty different places. The Hesperian describes the waves as a series of dumps over which the passenger drove his own car, thereby experiencing the thrills of riding the ocean waves. The news account describes the ride as "A thrilling sensation that one likes to repeat".

LOW FEES

The fees were quite low, children paying five cents and adults a dime. Ten locations were to be in Texas and an equal number in Oklahoma. Three had already been put into operation: Amarillo, the Ft. Worth-Wichita Falls highway,

and the Dallas Fair.

At the same time Silver Falls, called the "West Texas," and under the sponsorship of Jack "local showman," was putting on a masquerade "Fun Week." There was to be a fireworks display on Tuesday night, causing plenty of comment; and in the confetti, squawkers, and novelty carnival hats.

QA&P TRIP TO OKLAHOMA CITY

The Hesperian was wanting to sponsor a trip to City over the new rail lines to sponsor a trip to Railway. This materialized.

LIVES DEPEND ON WHETHER YOU DRIVE SAFELY

GIVE OUR CHILDREN A BRAKE!

It isn't that children mean to be careless . . . it's just that in their zest and vitality they sometimes forget to stop, look and listen before crossing the street. It isn't that we mean to be careless either, yet the very car we drive may be considered a lethal weapon and the consequences of our negligence could be fatal. It is our moral obligation to be extra alert these days when school children crowd the crosswalks!

CHECK YOURSELF ON THESE SAFE DRIVING TIPS . . .

Farm Recreation Projects Increase Farm Income

Farmers in Motley and Floyd Counties may be able to develop income-producing recreational projects with Farmers Home Administration supervised credit according to Alfred A. Harrison, local county supervisor for the federal agency.

Harrison said approximately 1,100 farmers and rural groups have borrowed some \$65 million to develop rural recreation projects during the past five years.

"Nearly all the farmers who have developed recreation projects with Farmers Home Administration loans showed some profit in 1966," he said. "These farm recreation projects are a supplementary enterprise to the farm business yet they showed an average net profit of \$1,387. Those who had been in business three years or more showed an average profit of \$2,143."

"Farmers who have a natural recreation area on their farms that they can develop and exploit should analyze their situation thoroughly. If the project is feasible financing may be arranged through my office," Harrison said.

Among the more successful projects that have been financed with Farmers Home Administration loans according to Harrison are golf courses, marinas, hunting projects, camping and picnic areas, vacation farms, swimming pools and fishing facilities. Youth camps seem to be the most profitable. They showed an average profit of \$2,870 in 1966.

Farmers Home Administration uses its farm operating and farm ownership loan pro-

gram to finance recreation loans. Farmers can obtain a maximum of \$35,000 for operating expenses, including the operating costs of farm-based recreation enterprises and \$60,000 for a real estate program, including development of land and buildings for recreation purposes.

These loans carry a 5% interest rate on the unpaid principal. The repayment period of loans secured by real estate may not exceed 40 years, while that secured by chattels has a 7 year limitation. Such credit is only extended to those who cannot obtain it through normal lending channels at reasonable rates and terms.

Developing a community's recreational potential is big business in some areas the county supervisor explained. Whole communities benefit when new recreation areas are created. Businessmen benefit by the influx of tourists. The community's tax base is increased, providing more money for schools, and other public services.

Farmers Home Administration also makes loans to community groups for financing recreation facilities such as golf courses, swimming pools, tennis courts, lakes and ponds.

Complete information on loans to individual farmers and community groups for recreation purposes along with details about other Farmers Home Administration credit programs may be obtained from Harrison at his office, 107 W. California, Floydada, Texas 79235.

CENTER NEWS by Mrs. J. E. Green

CENTER NEWS, August 21-Weather has been dry with hot afternoons, but we enjoyed the refreshing shower Sunday evening and night.

Among visitors in church Sunday and Sunday evening were several relatives of Bro. and Mrs. Curtis Butler. They are Mrs. Pearl Parker of Oklahoma, Mr. and Mrs. Bill Reneg and Roger of Plainview, Mr. and Mrs. Andy Hubbard and baby Michael of Gruber, and Mrs. Curtis Butler Jr., Steve and Nyon of Canyon.

Mrs. Hubbard sang a beautiful special. Any time you want to hear good music, and informally, come to Calvary Baptist Church on Sunday evening. Or good preaching either-anytime.

Several from Calvary Church attended the Workers Conference at Cone Tuesday evening. The program was very good. And the supper, too. We enjoyed it all.

Mrs. Frank Dunn went to Lubbock today to visit her children who live there—the Tony Ballios, the Jimmy Duns, and Joe Lee Dunn and wife.

Mr. and Mrs. R.C. Ross reached home today after a most enjoyable trip to Denver to see their daughter and family—the Rob Robinsons and Maxine. Mrs. Buck Ragsdale of Baileyboro, accompanied them. They returned by Tucumcari, N. Mexico, where they spent Saturday night and Sunday visiting Mrs. H.B. Mankins

and the Grady McAda's, Sunday night they spent at Maxine's. The ride to the top of Pike's Peak and all the other beautiful and grand scenery was fine, but Mrs. Ross implies that "there is no place like home."

Mrs. Ava Jackson is in Kermit this week visiting in the home of a son and family, and Roger of Plainview, Mr. and Mrs. Andy Hubbard and baby Michael of Gruber, and Mrs. Curtis Butler Jr., Steve and Nyon of Canyon.

James David Welborn and family of Plainview visited his parents Sunday evening. They left the three children—Sherri, Rena and Carrie with their grand parents this week, while their mother attends a teachers' work shop in Canyon.

Albert Thomas of Post visited the Hal Thomas Friday morning. He also went on to Lockney to see a sister, Mrs. Maude Brister, and a brother and wife.

Dale Baker visited Edwin Warren Saturday.

Mrs. W.C. Plumlee visited Mrs. Hosea Phillips this Monday p.m.

Mrs. Walter Sims enjoyed a long distance phone visit with grandson Bruce Horton in San Diego one evening last week.

D.I. Bolding Jr. of Los Angeles, California, visited the J.E. Greens Friday afternoon. He and family are also visiting her parents, Mr. and Mrs. Ed Mancy.

Fred Thayer Gets Tech Degree

More than 800 students have applied for degrees at Texas Tech's summer commencement exercises August 26.

Dr. Jack K. Williams, commissioner, Coordinating Board, Texas College and University System, will give the principal address at the 7:15 p.m. exercises in Lubbock Municipal Auditorium.

Among those to receive degrees is Fred Ralph Thayer, candidate for degree in Bachelor of Business Administration.

BRENDA & KAREN WILLIS BECAME JUNIOR MEMBERS OF AMERICAN ANGUS ASSOCIATION

Brenda Willis, 15, and Karen Willis 12, Floydada, have been granted a junior membership in the American Angus Association at St. Joseph Mo., announces Glen Bratcher, secretary.

This new junior membership entitles the member to register purebred angus at regular membership rates and to the privileges of the Association until the age of 21. At that time junior members are eligible to convert to lifetime memberships in the Association.

There were 118 young people in the United States to receive junior memberships last month.

attachment fittings are damaged or loose, or (4) the buckles are loose or inoperative.

Steering will be checked on all vehicles, including those with power steering. Vehicles are to be rejected if: (1) the steering wheel has more than two inches of lash measured on the outside periphery of the rim (lash is defined as the condition in which the steering control can be turned through some part of a revolution without front wheel motion), (2) if it is impossible to turn the wheel from full right to full left without jamming, or (3) if the fluid in the power steering is below the recommended level. Vehicles with power steering are to be checked with the power on.

Wheels and rims are to be inspected without being removed from the vehicle. The vehicle will be rejected if: (1) the wheel has defective or bent rim flanges, or loose or missing bolts, nuts or lugs, or (2) rims have defects and cracks to the extent that they might impair the safe mounting and proper retention of tires.

There are approximately 5500 vehicle inspection stations in Texas, and each displays the official vehicle inspection station sign. Motorists are urged to have their vehicles inspected during the routine visits to garages and stations for ordinary maintenance, thus insuring that their vehicle is mechanically safe to operate over the streets and highways.

OTHER NEWSPAPERS ARE SAYING . .

A SAINTLY EVIL
Pride is that trait which causes a man deliberately to forfeit the friendship of a potentially good friend for a lifetime — all because he is too proud to admit a mistake, too proud to overlook an affront.

It is pride that causes a parent to refuse to accept a newly acquired son-in-law or daughter-in-law because that daughter or son married against the wishes of the parent. The cost of this pride may be the loss of the child's love for generations to come. What a price to pay for this luxury called "PRIDE."

It is pride that often causes a divorce for almost no justifiable reason — except that one or both is unwilling to swallow a little pride.

It is pride that causes church splits.

Pride can divide a town or a county.

It can cause a proud soul to steal in order to maintain a front rather than to accept a financial reverse and perhaps a lower standard of living.

It can fill prisons and electric chairs with people who prefer such punishment to the thought of giving up a husband to another woman.

Foolish is the man who, instead of taking five minutes alone with himself to forget an incident will instead choose to forfeit his happiness, his peace of mind, his health, and perhaps his very life!

"For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world." — I John 2:16.—The Tulla Herald.

Additions To Auto Inspection Law

AUSTIN--Inspection of seat belt accessories, steering mechanisms and wheels and rims are added to the items to be inspected on all Texas vehicles beginning August 28, along with an increased minimum fee of \$1.75 for inspections.

The new items were added to the inspection law by the last legislature and the Department of Public Safety has instructed all vehicle inspection stations in regard to the type of inspection to be made on each item.

The amendment becomes effective August 28, thus accounting for the early inspection date. Inspections for the 1968 sticker will continue until April 15, the usual deadline.

Under the new law, front seat belts are required on every motor vehicle in which seat belt anchorages are a part of the manufacturer's original equipment. For most American-made vehicles, the anchorages are standard beginning with 1962 models. The vehicles may be rejected during the inspection if: (1) the seat belts are not installed, (2) the belts are unsafe or unserviceable from wear or damage, (3) the

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-five Cents (35¢) on the One Hundred Dollars (\$100) valuation; and no county, city or town shall levy a tax rate in excess of Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations, so long as the total of the foregoing tax levies does not exceed Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year. Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year; and the Legislature may also author-

ize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property taxpayers of the county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15¢) on the One Hundred Dollars (\$100) valuation of the property subject to taxation in such county. Any county may put all tax money collected by the county into one general fund, without regard to the purpose or source of each tax. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This Section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution."

NEWS FOR HOMEMAKERS

by Sherry Mullin
Floyd County H. D. A.

Beware of instant flour. There's more in the cup than meets the eye. When baking with instant flour, take 2 level tablespoons out of each cup of flour called for by the recipe, says Sherry Mullin, county home demonstration agent.

A full measure of instant flour in a cake or cookie recipe, designed for regular flour, may alter the shape, texture and flavor of the final product.

Instant flour is processed with steam or hot water after regular milling to make tiny granules stick together as larger particles. This takes up less space in a measuring cup. Therefore, instant flour mixes more readily with water without forming lumpy gravy.

In baking, instant flour weighs more per cup than regular flour, leaving too much for the dough to rise the liquid.

For example, in the batter doesn't dry out enough for the product properly.

The Agricultural Service suggests taste and appearance by adding more fat. Some companies may add to the product to overcome the instant flour to soak

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust, or profit, under this State, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard or Air National Guard Reserve, the Air Force Reserve, the Air National Guard Reserve, the Air Force Reserve, and the Organized Reserve of the United States, nor to retired officers of the United States Army, Air Force, Navy, and Marine Corps. It is further provided, until September 1, 1969, and thereafter only if authorized by the Legislature by general law under such restrictions and limitations as the Legislature may prescribe, that a non-elective State officer or employee may hold other non-elective offices or positions of honor, trust, or profit under this State or the United States, if the other offices or positions are of benefit to the State of Texas or are required by State or federal law, and there is no conflict with the original office or position for which he receives salary or compensation. No member of the Legislature of this State may hold
