ilities receive the finest medical care. . . care administered by highly skilled medical teams. Volunteers for the Mothers' March are helping to provide more centers and to treat more children. Through their efforts, thousands of boys and girls will get a second chance at life.

But volunteer and handicapped child alike depend on you . . . on your support of the fight against birth defects. Think of what that support means: The chance to walk, to see, to hear, . . . often to live for a baby born less than perfect. These are the gifts you give when you give to the Mothers' March. The Hesperian is happy to share in this community effort and urges everyone to welcome the Mothers' Marcher when she calls on Jan. 22. For the life of a child, give generously to the Mothers' March for the March of Dimes.

What a Difference a Year Makes

BORN WITH WATER ON THE BRAIN, Julie (right) could have suffered blindness, severe mental damage or death, but these were averted through early diagnosis and surgery at the March of Dimes Birth Defects Center at Primary Children's Hospital, Salt Lake City, Utah. Above, a year after birth, Julie is examined by Dr. Garth G. Myers, as her mother, Mrs. James W. Adams of Las Vegas, Nev., looks on.

He worked in sports three months for the Littlefield Press, resigning to become editor and general manager of the Four County News in Anton for two years.

He then became editor and general manager of the Stinnett Star for three years. While at Stinnett he was a member of the Jaycees, president of the Chamber of Commerce, ran for the city council and was beaten by 10 votes.

While at Anton, he was the youngest newspaper editor in the state of Texas, at that time 19 years of age.

At Stinnett, he was the youngest person ever to be chamber of commerce president.

He was editor-publisher of the Lynn County News from April 1, 1967 to the present. Salter and his mother are members of the Methodist Church.

Plainview Pair Escapes Blast

PLAINVIEW (Special) — A flash fire and explosion, which threw glass over a service station driveway and adjacent parking lot here late Monday, left two persons who were standing near the center of the blast virtually uninjured.

Service station manager Marcus Kennedy and his niece Karla Seltzer were standing near a grease rack where the fire-works began.

Kennedy was treated for minor burns on his hands and arms and was released from Plainview Hospital. His niece's only reminder of the fire was her singed hair.

Plainview firemen said the only damage done to the building was the glass shattered from the windows. They attributed the explosion and fire to kerosene fumes.

Kennedy had been using kerosene to clean the grease rack.

STUDENTS INJURED
BEIRUT (UPI)—Four persons were injured in student clashes at Baghdad University Monday, the Iraqi government announced Tuesday. The injuries came during student demonstrations for academic and political reforms.

Miss Guthrie To Give Program For Lions Today

Suzanne Guthrie will present the program at the Lion's Club luncheon meeting today at noon, telling of her trip to San Miguel de Allende last year. Suzanne along with three other high school students made the trip in company with teachers, Danny Jones and Edwina Schneider.

Miss Guthrie will also show pictures of their scenic tour. All Lions are urged to be present.

McMurry Windjammers Plan Area Program

The McMurry College Chanters will present a program of some of the world's most celebrated choral music in their concert at 7:30 p.m. on Jan. 20th in the Lorenzo High School Auditorium.

This year's tour by the famed McMurry choral group will also be a farewell tour for the popular Windjammers trio, a feature of the Chanters secular

concerts for the past three years. The young collegians will enter the armed forces in February following graduation from McMurry for Jerral Elliott of Brownwood and Clark Walter of Roswell, N. Mex. Third member of the group is Pat Hamilton, a junior student.

The 51 voice choir from the Abilene college is under the

direction of Paul Barron, now in his 5th year as choir conductor.

While on tour the choir will visit 17 cities in Texas, New Mexico to present concerts during the 12 days, 19-30.

Thirteen war-injured choir members are expected to come to U.S.

Crosby Voters Don't Go Into Water District

Crosby County property owners voted January 9 to join the 14 county High Plains Under-ground Water Conservation District No. 1, but on the same ballot declined to vote for assumption of pro rata share of the maintenance tax by which the District is supported. Consequently, upon official canvass of votes Tuesday by Water District Directors, it was announced that Crosby County voters failed to enter the District.

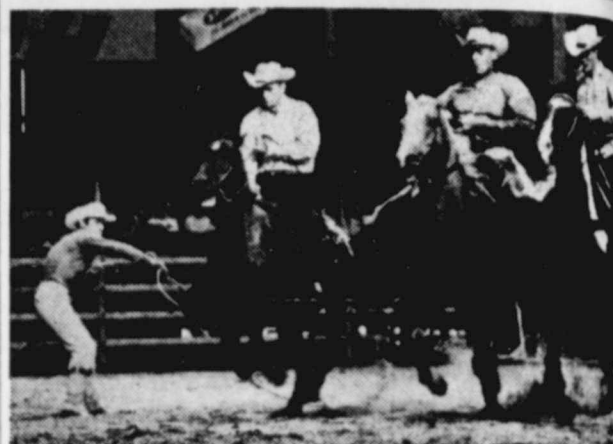

Board Chairman Russell Bean revealed that the Crosby vote on proposition of financing obligations failed to carry by one vote in a 310-309 count.

This negative vote precludes entry of Crosby County into the District at this time. Although the other proposition on the ballot, asking the "confirmation of the ballot" carried by earlier announced vote of 330 for, 289 against.

Involved in the election of January 9 was that portion of Crosby County above the Caprock. Voters there failed in an earlier election in January 1967 to vote annexation into the water district.

Chester Mitchell of Lockney

was re-elected director on the water board. Committeemen from Floyd County are McNeill and M. M. Jones.

SOCIAL SECURITY NEWS

Between 75 and 80 percent of the aged who had private health insurance in their pre-65 years have continued this coverage to complement their medicare protection, according to an article in the November Social Security Bulletin.

Of the population under 65, the article notes, about four-fifths had private health insurance of one type or another.

The continued growth of coverage by the private insurance industry (up 5 million during 1966) came as just about all of the 65 and over population were gaining health insurance coverage under the Federal Government's medicare program, reports Louis S. Reed in "Private Health Insurance: Coverage and Financial Experience, 1940-66."

Because of medicare, which began operations July 1, 1966, virtually all persons in the United States aged 65 and over have substantial entitlement to hospital care, care in extended care facilities, and certain home health services under the hospital insurance provisions. In addition, approximately 93 percent of all aged people have some coverage of physician's services whether in the hospital, office or home.

Last year private insurance met more than 70 percent of all consumer expenditures for hospital care. During the same period, it covered less than a third of consumer outlays for all types of personal medical care.

In reviewing the financial experience of the industry, the article reports that "in 1966 all private health insurance organizations in the U.S. had a total subscription of premium income of \$10.6 billion." They

OBITUARIES

Warren Rites Held Sunday

Funeral rites for James O. Warren, 75, were conducted Sunday afternoon in the First Baptist Church. Warren suffered an apparent heart attack Saturday in Lubbock and died in the hospital.

Warren was a railway executive for some ten years before the first and last of his business trips to the Q&P before it went into business. He owned Floyd's Hardware Co., at one time in the retail oil and gas business when he retired.

Warren was born Feb. 22, 1892 in Lubbock and was married to Mrs. Flora Noland in Lubbock on June 18, 1916. He was a member of the First Baptist Church. He was preceded in death by a daughter in 1922.

Survivors include his wife; two sons, Mrs. Alene McCullough of Lubbock and Mrs. Hambricht of Floyd-

dada; seven brothers, Elmer, Homer, Wade, Fred and Dorsey all of Floydada, Carlos and Tom of Fort Worth; three sisters, Mrs. Oma McBee, Mrs. Vernon Payne and Mrs. Lester Britton, all of Floydada and three grandchildren.

Rev. Floyd C. Bradley, pastor of the church, officiated at the rites, assisted by a brother of the deceased, Rev. Tom Warren, Baptist minister. Interment was in Floydada Cemetery under the arrangement of Moore-Rose Funeral Home.

Pallbearers were nephews, James Richardson, Joe Richard Noland, Larry Noland, Billy Wade Warren, Johnny Warren and Bobby Britton.

Honorary pallbearers were Leo Frizzell, Albert Mize, Sid Brown, Parnell Powell, Guy Ginn, Bud Sparks, Robert Medlin, Fred Batey, Burl Huckabee, and Lindsey Graham.

Bryan Funeral Held For Mrs. Dorothy Edmonds

Mrs. Dorothy Edmonds, 45 year old Floydada resident, who has been a patient in M. D. Anderson Hospital in Houston the past several months, died there Thursday night. Funeral rites were conducted Sunday afternoon in Callaway-Jones Funeral Home in Bryan.

The Rev. D. R. Young of College Heights Assembly of God Church and Rev. Gayle Miller of Full Gospel Church in Houston, officiated. Burial was in Oak Hill Cemetery in Cameron.

Mrs. Edmonds, a nurse in the old Peoples Hospital in Floydada for several years, later transferring to Lockney General, was born in Cameron, Tex., Sept. 29, 1922. She and Gene Edmonds were married Oct. 12, 1940. They had made their home in Floydada for a number of years.

TAX CREDIT BILL.
Senator Abraham Ribicoff is confident his proposal to give parents a tax break on college educational costs will pass later this session. The Connecticut Senator, who has pushed this idea for a long time, is pleased with its present progress.

Survivors include her husband and one son, Bennie of Floydada; two daughters, Diane Warren of Plainview and Sue Donnan of Dayton, Ohio; her mother, Mrs. C. P. Robinson, Bryan; four sisters, Nell Golden, Dallas, Alla Verna White, Wichita Falls; Tessie Sue Jasper and Sybil Clay, both of Bryan; two brothers, Ray Robinson, Rockdale and Rex Robinson of Franklin; and three grandchildren.

Pallbearers were Ernest Ellis, Sidney Harper, Alvin Ginzell, Henry Wedel, Jim Harrell and Larry Locke.

Attending the funeral from this area were Mr. and Mrs. R. R. Warren of Lockney, in-laws of Diane Warren; Mr. and Mrs. Carl Nelson and Mr. and Mrs. Lewis Gilliland of Floydada, friends of the Edmonds family.

Wilson Funeral Set For Today

Funeral rites for Charles Leonard Wilson, 62, native of Briscoe County and brother of Johnny Wilson of the South Plains community, will be held this morning at 10 o'clock in the

First Baptist Church in Canyon. Wilson died Monday at his home in Canyon. He had lived there the past eight years, and is well known in the Floyd and Briscoe area.

Graveside services will be conducted at noon today in the Silverton Cemetery in Silverton.

Survivors include his wife, Glenna; two sons, Jimmy Don of Amarillo and Brad of San Diego, Calif.; his mother, Mrs. Ollie Wilson of Clovis, N. M.; two brothers, Johnny of South Plains and Wilbur of Plainview; two sisters, Mrs. E. C. Armstrong of Clovis and Mrs. Jack Crawford of Amarillo and one grandson.

VETERANS ASK

Q -- I am a veteran of Vietnam era service. I have a private pilot's license and want to train to become a commercial pilot. May I get training assistance under the G. I. Bill?

A -- Yes. Since Oct. 1 the VA will pay for 90 per cent of the cost of your pilot training if you are otherwise eligible. One month of your G.I. education eligibility will be cancelled for each \$130 the VA pays for your training. You have earned one month of eligibility for each month of service.

Q -- My wife is a veteran receiving disability pension of \$119 a month as we have three minor children. I have just been retired from the armed forces after 24 years service due to service-incurred disability. If I am rated 100 percent disabled, will I receive additional compensation for my wife and three minor children?

A -- Yes. If rated 50 per cent or more disabled, and if you elect to waive retirement pay and receive compensation from the VA, you will be entitled to additional compensation allowance for your wife and your three children as dependents.

Girl Scout Neighborhood Make Plans For The Year

The Floydada Girl Scout Neighborhood met January 9th in Fellowship Hall of the First Christian Church for the first session of the 1968 year. Plans for this year was the main topic of discussion. The meeting was called to order by the neighborhood chairman, Mrs. Kinder Faris, and two guests welcomed: Mrs. Eugene Tannahill, Junior Scout leader from Lockney, represented the Lockney area, and Mrs. Tom Vestal, District Advisor.

Mrs. Farris noted a letter from the Caprock Council accepting and approving the \$900 sent by Floydada for the 1968 fund quota. This leaves a small balance in the neighborhood with which the finance committee may work this year toward the 1969 fund drive without incurring debt. The finance committee headed by Mr. and Mrs. Ray Reed, with the able assistance of Mr. and Mrs. Tom Snead, was again praised for the work done in the fund drive just completed.

exhibits, demonstrations, and program. Cadettes and Seniors are invited to participate in special events with troops from other neighborhoods. All application forms are sent to District Chairman, Mrs. Robert Meinecke, Olton, Texas.

An important day in girl scouting is Thinking Day, a day set aside, February 22, for girl scouts and girl guides all over the world to THINK peace, international friendship, and understanding. Girls will wear their uniforms that day, and permission has been obtained

from Andrews and Duncan Elementary schools and Floydada Jr. High School for the girls to bring a special devotion that morning concerning peace.

Troop leaders gave interest reports at the meeting, and Mrs. Vestal reminded leaders of the following events to take place:

- Girl Scout Birthday observance, March 12
- Girl Scout Sunday, March 10
- The neighborhood voted to attend the First Baptist Church this year in a group, and to present to the church special bulletin covers to be used that day if the church desires.
- Outdoor Skills Workshop, January 22, Tulia Boy Scout House, 9:30 a.m.
- Workshop for Brownie Leaders pertaining to crafts, nature and conservation, February 6, Council office at Lubbock, 9:30 a.m.
- Troop Camping Training, Lubbock Council Office, February 13 and 20.
- Meeting was adjourned with the announcement of the next session March 12, at the First Christian Church, 9:30 a.m.

Mrs. Roberts Is Honoree

A bridal shower honoring Mrs. Ken Roberts, the former Arlene Taylor, was given in the home of Mrs. Harvey Reynolds last Friday.

Colors of pink and white were carried out in decorations, the table being laid with a pink linen cloth centered with an arrangement of pink and white roses and glads. Tapered pink and white candles flanked the centerpiece.

Cookies and punch were served to approximately 40 guests.

Mrs. Eastham Is Club Hostess

Mrs. Carmel Eastham was hostess for the Dougherty Home Demonstration Club on the afternoon of January 10. Mrs. Eastham read the devotional and members answered "call with 'what I can do for my club'", after which the group sang "Ever Onward."

The program was a discussion on plans for the year. Mrs. Howe Hines was elected as club nominee for delegate to the district annual meeting in Tulia March 28. It was also suggested that club members attend this meeting.

Mrs. Johnny Cates directed recreation with game prizes being won by Mrs. Hines and Mrs. Ross. The attendance prize was awarded by Mrs. E. Watson.

Next meeting of the club will be in the home of Mrs. Earl Edwards January 17.

Mrs. Looney Will Be Honored

Mrs. J. P. Looney, a long-time resident of Floydada, will be honored as the author of a new book of poetry with a party at Alma's Gift Shop on Thursday, January 18, from two until five.

OUT OF THE MIST, published by The Naylor Company of San Antonio is illustrated by Mrs. Looney's sister, Grace Bee Littrell Giles, who will be present to autograph books in her sister's name as well as her own.

Mrs. Looney holds membership in various poetry societies including the Poetry Society of Texas. Her verses have appeared in newspapers, magazines and anthologies. In addition to writing, she gives a great deal of time to reading and to nature study.

Mrs. Looney is a native of Anna, Texas. She attended East Texas State University and, after her marriage, continued her study by extension courses given by the University of Texas. At one time she taught Latin in the Lockney High School and other subjects in rural schools in the Floydada area. She and her husband, who is now semi-retired from business in Floydada, are the parents of four sons.

Wayne Batteys Are Honored

Mr. and Mrs. Wayne Battey were recently guests of honor at a farewell party given at Lakeview School by friends, Mr. and Mrs. Battey, who are

Hostesses were Meses. John Burns, Bobby Welborn, Max Harrison, Edna Patton, Harvey Reynolds, Woodrow Wilson, Lee Neff, Buck Marricle, F. M. Marquis, Pete Looney, Gerald Smalley, Shorty Hall and Mrs. Bill Marquis.

Their gift to the honoree was an eleven piece set of stainless cookware.

"Insect Antics" Program For Garden Club

Members of the Floydada Garden Club met last Friday in the home of Mrs. J. P. Moss. Mrs. Moss presented an interesting program on "Insect Antics."

Those attending were Meses. George Smith, Riley Teague, B. A. Robertson, A. V. Stewart, P. D. Helms, John Hoffman, Walter Hanna, Mrs. W. W. Trapp and her little grandson, and hostess, Mrs. Moss.

The next meeting is February 9 in the home of Mrs. Teague. The program will be on "Camouflage."

HELP WITH THE MOTHERS

MARCH OF DIMES BY GIVING GENEROUSLY.....

LOUISA'S LETTER

Dear Louisa,
I know this question comes up every year but what do you do when people give you things that do not fit for Christmas? Should you ask them to exchange them or should I try to do so myself? I can't wear them as they are.

Mary-Va.

Answer:
If you know where they were purchased, the best thing for you to do is to exchange whatever it is for the same thing in the right size. If the store is out of the same garment but you see something else that you can exchange it for I am sure that the person who gave it to you would much prefer you doing that than for you not to be able to use their original gift at all.

Mrs. Jimmy Willson, Troop Consultant, is compiling a resource list of individuals, businesses, and organizations willing to help girl scouts in learning skills, gaining new ideas and earning proficiency badges. Troop leaders and assistant leaders were asked to aid Mrs. Willson by turning in suggestions for tours or personal visits which would include notes on visiting hours, company policy concerning visits, and the name of the person to whom application would be made.

Plans were discussed for the annual Girl Scout cookie sale which will begin this year February 29. Mrs. Leroy Burns, neighborhood chairman for the sale, will be assisted with plans by a cookie chairman from each troop. Individual troops make their contacts and sales under adult leadership, and each troop makes and keeps a profit from the sales. Of primary interest to the girls is the fact that in addition to the profit made by the troops, any girl selling 350 boxes of cookies is awarded two weeks at Camp Rio Blanco during the summer. Two weeks at the girl scout camp costs 45 dollars.

The Girl Scout Fair will be held at Fair Park Coliseum Saturday, March 23, from 1:00 p.m. until 9:00 p.m. All troops are being given the opportunity to participate as they desire in it.

Homebuilders Club Meets

The Homebuilders Home Demonstration Club met Tuesday of last week in the home of Mrs. Floyd Fuqua. The devotional was given by the hostess. Club members repeated the THDA Creed and Prayer and sang the National Club song.

Standing rules were read and approved, plans for this year's work were discussed and new committees were announced. Mrs. Raymond Williams was elected nominee to be presented to council for delegate to the District Meeting which will be in Tulia later this spring.

Members present for the meeting were Meses. W. R. Daniel, Raymond Evans, John Walker, Gordon Mayfield, Ernie Widener, Raymond Williams, H. W. Roberts, Elmer Norrell and the hostess, Mrs. Fuqua.

Socially Yours

BY PEGGY MEDLEY

IT'S ridiculous the number of cars being pilfered in Floydada as well as shoplifting in stores. One merchant said he had to put on extra help on a Saturday afternoon as a "look-out", while another remarked, "they are stealing me out of business."

In talking around town, several women reported items taken from their cars over the past weeks. True, they should lock them, but for years and in a small town like this, everyone trusts everyone. Or take the case of one woman who had been missing items from her car. She locked it one day and came out of her office to find a broken window glass in her car, her coat and billfold gone. All hanging in broad open daylight. \$20 worth of towels and wash cloths and stereo tapes have been taken from cars the past week.

One case in particular is that of Mrs. Don Cheek, whose purse was taken from her car while it was parked in front of Goen Drug. Also in the car, but not taken, were sacks of groceries, a camera, binoculars and other items. Her billfold had over \$8 in money. She had credit cards and other items usually found in a handbag. The "little" thieves were later caught. She got her handbag and billfold back, but they denied its having money or credit cards in it. We know the streets cannot be patrolled 24 hours a day. So we will have to do the best thing possible, lock our cars doors if we don't want it burglarized, or take it with us.

New Officers Preside Over Harmony Club

Harmony Club met last Thursday with new officers presiding. They are Mrs. Sherwood Ramsey, president; Mrs. Bob Ratjen, vice president; Mrs. Bob Hopper, secretary; Mrs. Monroe Schulz, treasurer and Mrs. Glenn Pool, council delegate.

A very thought provoking program was presented by Mrs. Carrick Snodgrass on "Leisure - How to have it and how to use it."

Refreshments were served by the hostess, Mrs. Ramsey, to Meses. Mather Carr, R. B. Gary, V. G. Hamilton, Bob Hopper, Everett Miller, Glenn Pool, Bob Ratjen, Monroe Schulz, Carrick Snodgrass and Mrs. J. R. Turner.

DID YOU KNOW

Thick nail polish can be made usable by thinning with polish remover or a liquid made for that purpose. If the cap on the bottle sticks, run very hot water over the top for a few minutes and it will loosen. If the stopper of a perfume bottle sticks, place the bottle in the refrigerator for a few hours. The cold atmosphere will come out with ease.

It is a good idea to pour a small amount of your precious perfumes into a small bottle for immediate use. This will prevent evaporation, always a problem with perfume. You can protect the remainder by sealing it closed with paraffin or sealing wax.

Dunavant Family Honored

Friends of the Harmony community met last Saturday evening to honor Mr. and Mrs. Truman Dunavant and their children, at a farewell gathering. The Dunavant family is moving to Durango, Colo., to make their home. Mr. and Mrs. Grady Dunavant, parents of Truman, were also present for the occasion, along with a host of friends.

After games were played and refreshments of coffee, spiced tea and cookies served, a money tree was presented the Dunavant family.

The serving table was laid with a cutwork cloth and silver appointments. The centerpiece was in the form of a miniature state of Texas and Colorado nestled in a square of greenery dotted with blue bonnets and columbine.

Hosts and hostesses for the event were Meses. and Meses. Glenn Pool, Bob Hopper, Sherwood Ramsey, Zant Lloyd, Hopper and Mrs. Mather Carr.

DID you hear the one about the fellow going to a loan company to borrow money for the first time in his life. When he was asked for credit ratings he told the loan manager that he didn't owe anything to anyone. The loan manager, astounded at his words said, "How in the world did you ever let your credit get in that condition?"

PROJECTS are always needed by clubs, Sunday School classes and other organizations and since we now have our own hospital open and our convalescent home as well, I thought I would pass these ideas along to some of you for what they're worth. Make a list of things your group can do for the shut-in, such as using your auto to pick up an elderly person to take him to church, to the grocery store, or maybe deliver his items to him. Take them surplus flowers used earlier at a wedding; take them some home cooked delicacies; mail birthday, anniversary or get well cards to those who are not likely to be remembered and write letters for those who are unable to do so. Did you ever realize how many patients we have in our rest homes un-

able to do for themselves, depending on someone else to cut and trim their finger nails, fix their hair or even shave them. We often grow zealous, I think in trying to help those in India, Africa and South America. That's well and good but let's not ignore the soul hunger of our own relatives and neighbors right at home.

Don't know if I have griped about this before or not, anyway if so here goes again. I came to work Tuesday morning and three pick-ups were taking six parking places in front of Martin and Company and the Hesperian. Markers are plain enough there to indicate where to park, but they certainly were not being used properly. Not only does it happen in front of our business but everywhere in town. I don't know if people are just thoughtless or if they just don't care. Let's try to do better. Remember when you straddle a line to park your vehicle it takes up another parking place on each side, or if you park at an angle, no one dares park next to you. By the way, all three drivers in the pick-ups were men and really they should know better because you can ask them, they are better drivers than women.

Social Security Representative

New protection for the young worker and his family stands out among the new provisions in the social security law for the disabled.

For young workers who became disabled before they had a chance to work under social security for at least 5 years, a new change in the disability benefit provisions is a boon.

For benefits to be paid to a disabled worker and his dependents under the old law he needed social security credits for at least 5 out of the 10 years before becoming disabled. Now, if you become disabled between the ages of 24 and 31, you need credits for only half the time between age 21 and the time you became unable to work. If you are dis-

Mothers Escalate Birth Defects War In Nationwide March of Dimes Drive

A nationwide march, calling for escalation and all-out efforts to win a war, is planned for the week of January 21. Feelings run high in favor of this cause and none will oppose it.

Everyone is a hawk in the battle against crippling birth defects which strike a quarter of a million newborn babies every year in the United States. This year, more than a million mothers have volunteered to serve the March of Dimes in its continuing fight against the heartbreak of birth defects. Marching Mothers know that March of Dimes funds conquered polio in the 1950s and freed them from fear of this childhood cripple.

Now, determined that children handicapped by birth defects be given a better chance in life, and in the hope that unborn generations will be spared, volunteers will march through their neighborhoods on behalf of the 1968 March of Dimes campaign.

They will urge people to contribute to the important work carried on by medical teams at 100 March of Dimes birth defects centers and to support the voluntary health organization's research and education programs.

For the fifth consecutive year, actress Jane Wyatt is serving as national chairman of the March of Dimes Mothers' March on birth defects. As in the past, Miss Wyatt will personally lead the drive in her Southern California community, calling on her neighbors to ask them to give to the March of Dimes.

A frequent visitor to birth defects centers around the country, Miss Wyatt is staunch in her belief that the fight can be won if enough support is given to those who are leading the way.

March of Dimes-financed Centers conduct a triple attack on birth defects—the Great Destroyer. In addition to diagnosis and treatment, scientists are studying the causes of defects and ways of preventing them.

No birth defect ever touches one person alone. One American family in 10 knows the tragedy of a child with congenital handicap, either mental or physical. For this reason, the March of Dimes pays close

IT'S NO SECRET that actress Jane Wyatt again will lead more than one million volunteers in the national Mothers' March for the 1968 March of Dimes campaign against birth defects. The happy fellow learning the good news is National Poster Child Timothy Faas of Whittier, Calif.

attention to educational efforts which bring greater understanding of the problem to more people.

Mothers' March volunteers also want parents and future parents to know about sound health practices which can mean everything to their children.

This year they will carry a personal message, "For Women Only," from Dr. Virginia Apgar of The National Foundation-March of Dimes. An internationally recognized medical authority, she developed the "Apgar Score," widely used throughout the world to determine the condition of an infant immediately after delivery.

In a personalized note, Dr. Apgar begins with the importance of prenatal care. She urges mothers and future mothers to have a complete physical check-up and to talk their husbands and fiancés into doing the same. Health histories and any family background of birth defects should be given to the doctor and his advice followed faithfully dur-

ing pregnancy. Dr. Apgar warns against taking any drugs or medication—even aspirin—during pregnancy without a doctor's approval.

To mothers marching against birth defects, it is not enough to be concerned for just one week in January. The March of Dimes, and all who are associated with it, have a two-fold purpose. They want every child born with a severe handicap to lead a happy, useful life in a society which fully accepts him. Beyond this, they are working to keep

such blows from striking others. The task calls for wide support.

Outs For "Texas" Begin

Musical drama "TEXAS" which has a lively slice of the west to more than people in the last two will open for its third on Saturday, June 29th. The play is interesting in part of this window to which is attracting attention from all sides, is invites to try out on the following dates:

Iron Theatre, WT Campus, Canyon, Texas; January 27, 1968, College Students only, same place; March 2, 1968, Arlington, Texas, Pony Express Building, Inn of the Six Flags across street from Six

Flags Park. Members of the cast must be available from June 1 (rehearsal) through Labor Day. There are roles for mature actors and for college students as well.

Those wishing to try out should be prepared to give a memorized reading (not to exceed three minutes) to show voice projection and characterization. Actors filling minor roles also double as members of the chorus and all applicants should audition for singing as well as acting roles. Singers should present one prepared number and have an accompanist or music for an accompanist. The selected song should show the strength and quality of the voice, whether it be opera-aria, art, show or folk song.

The director, William Angus Moore, the musical director, Royal Brantley - both on the staff of West Texas State University - and Raymond Railroad, executive Vice President for "TEXAS" are to be present for the auditions.

"TEXAS" with a cast of 65 is a historical musical romance of the Panhandle of the 1880s. The story is told in dance, pageantry, drama and song. It was written by the Pulitzer prize-winning playwright, Paul Green with musical arrangements by Isaac Van Grove and

has attracted people from all 50 States and 53 foreign countries in its two years of production. It has been on the list of top twenty attractions for two years which the National Association of Travel Organizations publishes, is included in FESTIVAL USA, a listing of suggested entertainments for foreign visitors, and has won a community service award from FREEDOM'S FOUNDATION at Valley Forge.

Performances will be every night except Tuesday from June 29 through Labor Day in the handsome Pioneer Amphitheatre which lies in the Palo Duro Canyon near Canyon and Amarillo, Texas - an inspiring place to work in a wonderful summer climate.

SOUTH PLAINS, Jan. 15 - Fog and icy weather last Tuesday afternoon cancelled the WMU meeting at the Baptist Church. The meeting is rescheduled this Tuesday at 2:30 p.m. with a program on Royal Service, and the GA's and Sunbeams to meet later at 4 p.m. Since so many people have been ill, and several gone the past week, the monthly business meeting of the church will be held this Wednesday night. From Jan. 2 through Jan. 5 the Book of Luke was taught at the church each evening by Rev. Chas. Conger. A good attendance was on hand for each time of study. Remember to offer your assistance at the Mission for Friday night refreshments or to help take the children to the church. Seventy were present in morning services, and around 40 were there for evening services.

Mrs. J. P. Taylor will be hostess in her home for members of the Hobby Club Jan. 17. Mrs. Frank McClure and Mrs. Arby Mulder will assist as hostesses.

We are sorry to learn of the death of Mrs. Gene Edmonds (Dorothy) who passed away at the M. D. Anderson Hospital in Houston last Thursday. Her services were held Sunday afternoon at Bryan, with interment at Cameron. She formerly lived in our area and was well known here.

Mrs. J. K. Bean of Silverton was a Sunday dinner guest in the home of her daughter, Mr. and Mrs. Philip Smitherman, Marc and Monty.

Charles Beedy of Stinnett has been in the St. Anthony's Hospital in Amarillo since last week, taking a series of tests. His brother, Mr. and Mrs. Eugene Beedy, Mark and Todd were also to Amarillo after Sunday School to see Charles and found him feeling well. Mrs. Bill Beedy is in Stinnett taking care of the children while Charles is in the hospital.

Mr. and Mrs. J. P. Wittaker, M'ke and Pam, from Minneapolis, Minnesota, were dinner guests Jan. 2 at the home of Mrs. Waitaker's cousin, Mrs. Grigsby Milton and family. They then spent the night in Floydada with Mrs. Rufus Young and family. The Wittakers formerly lived in Amarillo, and drove through on their trip. Their oldest boy is in the Armed Forces in Korea.

Members of the Young Married Women's Bible Class met at the home of Mrs. Travis Young Tuesday morning. Mrs. Shelby Calahan brought the Bible study of II Kings. Their Sunday School teacher, Mrs. Early Pritchett was with the group, as were Mrs. Sterling Cummings, Mrs. Eugene Beedy, Mrs. Buck Ford, and Mrs. Philip Smitherman, and the above named.

Mrs. Donald Bean is taking her finals at Texas Tech this week, as are most of the college children.

Mr. and Mrs. Grigsby Milton and Darla flew to Amarillo last Sunday to visit his sister, Miss Linnie Milton.

FARMER SELLS COTTON FOR A GOOD PRICE

Mr. H. L. Fitzgerald who lives on Route 4, Levelland, Texas, and has extensive farming interests in Hockley County, and also a farm in Cochran County 13 miles south of Bledsoe, and is a director in the Bronco Co-Op Gin, has a unique record in some respects concerning the cotton grown on his Cochran County farm in that he sold it straight across the board for 30 cents a pound - every bale - 67 in all.

This brings to mind another subject that everyone is aware of now and that is micronaire, for every farmer knows that a price of 30 cents a pound is commanded only on the strength of micronaire and other good qualities. This field was machine stripped and every bale was in the premium micronaire bracket, and the pressley strength ran 90,000 pounds or better.

The cotton planted on this farm was the new Gregg 25V, a cotton first released in 1966, and while being a new cotton under limited plantings this year, there have been some outstanding records made. This is the new cotton with the glandless seed which offers much in improved seed grades, as we think of them on the present commercial basis, regardless of the future disposition of the seed which can be fed to poultry and swine, and can be used as a protein diet in human nutrition. Gregg Seed Farms, 2700 Lockney Highway, Plainview, Texas. (Adv.)

Wm. Haynes of Abilene, cousin of Murray Julian, died at Abilene Tuesday last week, following a long illness. Burial was Wednesday morning. Since the Julians were away they were unable to attend. Bill was the son of deceased Mrs. W. F. Joiner of Tye, and nephew of Rev. C. A. Joiner, also deceased, but well-known to many of this area.

Mr. and Mrs. Carl Huckaby left Sunday for Longview, Texas, where they plan to be visiting her mother, Mrs. Tom Davis, and other relatives for several days. They also will land there, and are going to see about it.

Mr. and Mrs. Frank McClure were in Plainview last Wednesday for the birthday celebration of their daughter, Mrs. Jean McClure. They surprised her with a birthday cake and all enjoyed dinner together.

Fred Marble went to the Methodist Hospital at Lubbock last Thursday to have the pin removed from his leg which he had broken two years ago when he was in a wreck. He is home and doing fine at this time, but his leg is still quite painful.

Mr. and Mrs. Alvin Nichols went to Sweetwater Saturday to visit their daughter, Mr. and Mrs. Glen Whitfill and Cindy, and his brother, Mr. and Mrs. Mark Nichols, who has been in the hospital at Sweetwater. Nichols has been suffering complications from a wreck which he had been in last summer.

Mr. and Mrs. L. T. Wood and L. T.'s mother, Mrs. Walker Wood went to Amarillo last Wednesday where L. T. and his mother left by plane for the Marine Base in California to visit Mr. and Mrs. Walt Wood, who are stationed out there. They were also to fly near San Francisco to visit Mr. and Mrs. Tommy McCown and children. Mrs. L. T. Wood went to Caspar, Wyoming by plane to visit with her sister, Mrs. Lyle Haley and family. All are due back Monday or Tuesday.

Mr. and Mrs. Murray Julian returned home after a week spent at Kit Carson, Cold. where they attended the wedding Jan. 6, of the niece Miss Wanda Everist. They also traveled to Kansas, Nebraska, Oklahoma, and Colorado where they visited friends. In Brighton, Colo. they visited Mr. and Mrs. Allan Abbott, and in Sterling, Colo. with Mr. and Mrs. A. L. Otzenberger, then spent three days in Denver with her sister, Mrs. Otis Sandusky and family, and a niece and nephew there. Deep snow was encountered everywhere, but the roads were good and not iced. It was down to 20 below zero in Kit Carson, and McDonald, Kan. while they were there.

Mr. and Mrs. Raymond Reeves and children, Cindy, Carol Ann and Carl David have all been ill since Christmas with a virus and flu. The children are better now, and the older ones back at school.

Mrs. Eddie Branch of Lake Whitney, sister of Mrs. Frank McClure, underwent heart surgery at Baylor Hospital in Dallas last Friday. Mrs. McClure talked with the family Sunday night and her sister is doing as well as can be expected at this time.

Mrs. Dale West, employee at the bank in Floydada, is confined to her home this Monday with influenza.

Mr. and Mrs. George Weast went to Amarillo Sunday to visit their daughter, Mrs. E. T. Evans and family, returning Monday.

Allan Adams was flown home from the Marine Base at California Friday, Jan. 5 and is back at work at the Carter Funeral Home in Ralls. We are very

glad to know he is home again.

Mr. and Mrs. Lee Pearson and Mr. and Mrs. Albert Mize of Cedar Hill were Friday night visitors in the home of Mr. and Mrs. George Weast, with games of 84 being played throughout the evening.

Rev. Charles Conger is back at college again, going every day to Plainview to attend classes at Wayland. His classes began last Monday.

Mr. and Mrs. Keith Marble, Dwayne and D'Lee went to Oklahoma City, Okla. Friday to have a check up for her at the asthma clinic there. They returned home Saturday night.

Mrs. George Weast and Mrs. Lee Pearson went to Matador to visit last Thursday and then to Quitaque to have lunch, and spent the afternoon with Mrs. Ethel Tracy, sister of Mrs. Bradshaw, Mrs. Carl Kitchen and Mrs. O-lan Stark.

Mr. and Mrs. Travis Young and children, Kirk, Lori, Shandra Lea, and Kenneth Tye, and Mr. and Mrs. Deral Young, Rance and Carlen of our vicinity had Sunday dinner at Silverton with the man's sister, Mrs. Seymour Brannon and family. The occasion was the birthday of their mother, Mrs. Rufus Young of Floydada. Others there for the family dinner were the Don Shurbets and children, the Doug Meriwethers and Monty of Lockney and the Joe Brannons and boys, besides Mr. and Mrs. Rufus Young.

Mrs. Don Marble was in the Methodist Hospital in Lubbock from Thursday of last week to this Monday taking a series of tests.

Mr. and Mrs. H. L. Marble bought the lovely former home and land of Mr. and Mrs. Marvin Wells which was sold Jan. 6. They are planning to move there this coming week. We are all proud for them.

Mrs. Kendis Julian attended a wedding shower in Floydada Friday night at the home of Mrs. Verce Reynolds, honoring Mr. and Mrs. Ken Roberts, newlyweds.

Silver Coins Scarcer In Floyd County

(Special to the Hesperian) NEW YORK - Residents of Floyd County will soon have fewer silver coins to jingle in their pockets.

The Government has announced that it has taken new steps to withdraw from circulation some of the billions of silver dimes and quarters that are still around.

In the last few months, it states, it has removed a large number of them, replacing them with coins made of a combination of copper and nickel. As a result, it was able to add more than 150 million ounces of silver to its stockpile.

According to Assistant Secretary of the Treasury Robert A. Wallace, the Government expects to acquire an additional 100 million ounces, and perhaps as much as 175 million, through the replacement method by next June.

In Floyd County, the figures indicate, there are approximately 37 dimes and 20 quarters in circulation for every local resident. They have a total face value of \$8.70.

In the local community as a whole, the nominal value of the 781,000 dimes and quarters in use comes to about \$119,000.

Although the actual, intrinsic worth of the silver coins has been close to their face value, the new, silverless ones are worth only a fraction of that amount.

Under the new setup, the metallic content in the converted coins is about 65 cents per capita instead of \$8.70.

As a result, the current value of such coins in the local area is now only \$9,000.

The difference, called "seigniorage," represents clear

profit for the Government.

By converting all the silver dimes and quarters in Floyd County to copper and nickel, the Federal coffers will ultimately be ahead by an estimated \$110,000. Overall, throughout the nation as a whole, the gain will be about \$1.5 billion.

Although the Treasury Department plans to begin melting the coins shortly to accumulate enough silver for its short-term needs, it calls attention to the fact that there is a local

Four Rural Accidents In Floyd County Last Month

The Texas Highway Patrol investigated four accidents on rural highways in Floyd County during the month of December according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in two persons injured and an estimated property damage of \$630.00.

The rural traffic accident summary for this county during the calendar year of 1967 shows a total of 75 crashes resulting in 10 persons killed, 53 persons injured and an estimated property damage of \$55,24.00.

When the final fatal traffic accident reports are tabulated

for 1967 it is estimated that the death count for Texas is expected to be 3,340 or about two per cent less than the all time high of 3,406 traffic deaths in 1966. If this proves true, then, it will be the first reduction in traffic deaths since 1960. This decrease should be a challenge for every driver to put forth his best defensive know-how and efforts to reduce accidents in 1968.

The Sergeant cautions all motorists to keep windshield, windows, outside rear-view mirrors, and all lights clear of ice, snow, sleet, dirt and mud. The driver's vision is obstructed in one out of five fatal accidents.

Bill Introduced To Stop Alcoholic Beverage Radio And TV Advertising

If the Senators and several Congressmen from Texas have their way, it will become illegal to advertise alcoholic beverages on radio or television between 3 and 10 p.m., according to a survey conducted by Texas Alcohol Narcotics Education (TANE).

Both Senator John Tower, conservative Republican, and Senator Ralph Yarborough, liberal Democrat, have approved Senate Bill 2202 which would prohibit advertising liquor, beer and wine during the hours children most watch television.

Tower said of the bill, sponsored by Sen. Wayne Morse of Oregon, "Be assured that I shall support this measure when it comes before the floor of the Senate."

Yarborough, speaking before the Senate, said, "I believe we should make a more serious effort than we have in the past to keep our children from beginning to drink." He said present advertising is designed to encourage them to drink. The average teenager, influenced by radio and television advertising, begins to drink prior to graduation from high school, he said.

According to the TANE survey, several Texas Congressmen have expressed approval of the bill. Wright Patman of Texas said, "I am pleased to say I would favor the passage of S 2202, if and when it is introduced in the House."

Bob Casey of Houston said, "At first blush, without hearing any of the pros and cons, I would be inclined to vote for the bill, should it reach the House."

Graham Purcell of Wichita Falls said, "...my present feeling is that I would support the bill if it came up for a vote in the House."

O. C. Fisher of San Angelo said, "Frankly, I would support any legislation which would help promote temperance."

Jim Wright, of Fort Worth, said, "Personally, I would be inclined to support such a measure as this."

Olin Teague of Hillsboro said, "My honest feeling is that I could not vote for such a bill unless it included cigarettes and other items harmful to the health and welfare of our nation, and further that it would exclude them altogether, not merely between certain hours."

None responding to the TANE survey expressed opposition to the bill although some left both gates open.

TANE is a non-profit educational organization, whose goal is to prevent problems that arise from alcohol, narcotics, and other dangerous drugs. TANE's educational work is done through books, pamphlets, films, film strips, church programs, and public school assembly programs. A speakers bureau of more than 100 men operates state-wide.

Willie Wiredhand NOTES

LIGHTHOUSE ELECTRIC COOPERATIVE, INC.
MARY PHILLIPS, HOME ECONOMIST

Electric appliances are one segment of the future which has rapidly become the present. The tremendous new Versa-tronic range was presented at the Texas State Convention of Young Homemakers and Young Farmers in Austin last week in a booth sponsored by the rural electric cooperatives of Texas.

This versatile new range will cook food electronically, conventionally, or both ways at once. (It also cleans itself with just a twist of a knob!) For instance, an 8-lb turkey can go from the freezer to the table via the electronically in only 1 hour.

Dryers with electronic sensing devices have kept our clothes from over-drying the past several years. Electronic washers and dishwashers are being experimented with and can you believe that these two appliances will be able to operate without water?

If you know someone who doesn't believe our world is fast-moving, take them to see the new electronically controlled appliances. A breakfast of hot coffee, bacon and eggs, prepared in less than two minutes should be convincing enough!

For those fortunate enough to have gotten a blender for Christmas, try this for a pleasing combination:

Put 1/2 carton cream style cottage cheese, 1 tablespoon orange marmalade, 1 tablespoon pecans, and a pinch of salt into blender container. Blend until pecans are chopped. Chill well and serve on brown bread or toast. (Remember to use a rubber spatula and push thick ingredients down into the container, if necessary.)

Perhaps you are looking for a new dip recipe. This one is good and especially suitable for making in the blender.

2 1/4-ounce cans sterilized ham
1 cup sour cream
2 teaspoons instant onion or 1 tablespoon minced onion
1/2 cup ripe olives
1/8 teaspoon paprika
2 or 3 drops Tabasco

Combine all ingredients and blend until smooth. Chill and serve with crisp potato chips, crackers, or Melba toast.

If your package from Santa held an electric skillet, maybe you would like these O'BRIEN POTATOES:

6 tablespoons margarine
1 teaspoon Ac'cent
Salt and Pepper

Cedar Hill 4H Club Meeting

By Donnie Fortenberry
The meeting was brought to order by Craig Gilly. The pledge of allegiance was led by Max Yearry. The motto and pledge was led by Edwin Warren. The roll call was answered by all the members telling their favorite color.

There was no old business but in the new business there

- 1/4 cup chopped pimiento
- 4 cups cooked, diced potatoes
- 6 tablespoons flour
- 3 cups milk
- 3 cups grated cheese
- 1/4 cup chopped green pepper

Make white sauce with butter, flour, Ac'cent, and milk. Season to taste with salt and pepper. Stir in 2 cups of cheese, pimiento, and green pepper. Place 2 cups potatoes in electric skillet; sprinkle with salt and pepper. Pour half of sauce over potatoes and sprinkle with 1/2 cup grated cheese. Add remaining potatoes; season and top with sauce and sprinkle cheese over top. Set dial at 300 degrees F. Cook until bubbling, then turn control to 220 degrees and continue cooking for 45 minutes. Serves 8.

You say you wonder what your phone will be like in the year 2000?

By the turn of the century, chances are you won't recognize the familiar telephone. Based on services already in use or on the drawing boards, you can expect some pretty far-out developments.

For example, Picturephone* see-white-you-talk service, already in limited use, might well be offered in full color and three dimensions. With it, you could do the family grocery shopping, look at the new cars, or buy a new hat without leaving the house.

Electronic switching equipment, now in trial use, will call you back when a busy line you have called is free, or transfer your calls to another phone while you're away from home.

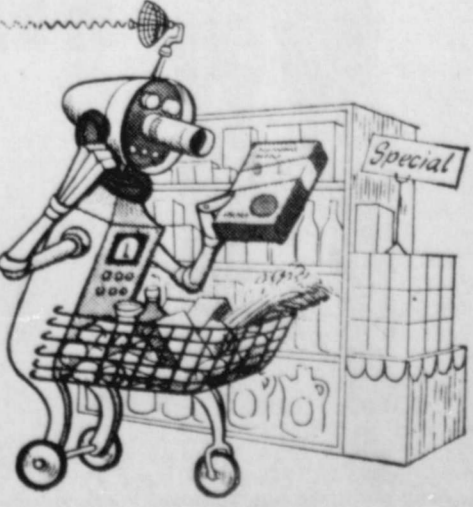

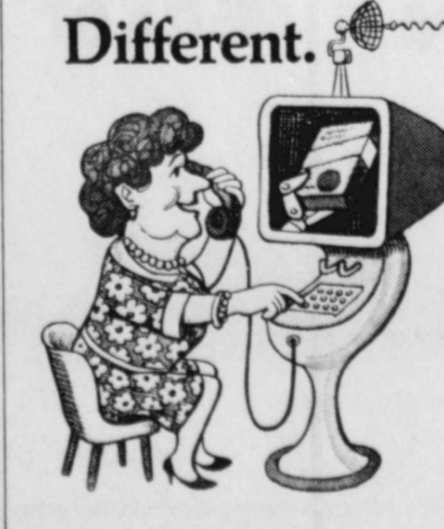

Telephones will be free to go where you go. A cordless portable extension phone, complete with dial, is currently undergoing tests.

Money handling will be revolutionized. You won't need to write checks or pay cash for most purchases. A telephone call to your bank's computer will take care of the payment. The same system will automatically pay monthly bills which you authorize and keep track of your bank balance. It might even figure your income tax.

By the year 2000, your telephone will probably be doing many other jobs that now seem unthinkable. But then, television, satellites, computers—even the telephone—were "impossible" 100 years ago.

Looking ahead to keep ahead in communications is one way we try to make your every "hello" a real good buy.

NEWS FOR HOMEMAKERS

Floyd County H. D., Agent

ing habits and attitudes of food developed in childhood influence a person's life. Most simply eating habits involve foods that supply daily requirements. Parents do much to help their children establish such habits. Parents first must know what a spokesman for the American Medical Association says. It is essential that we know the basic nutritional requirements of children. Although most contain more than one food, no one food supplies necessary amount of all nutrients. If a variety of foods is served daily, a child should well-balanced diet. Include dairy products; and meat substitutes, such

as fish; fruits; and vegetables. THE NEXT STEP - is to help a child to develop eating skills at an early age. As soon as a baby shows that he wants to feed himself, supply food to be eaten by hand and help him to use a spoon. Do not hurry him and never scold him for unsuccessful attempts. Dr. Chester M. Edlmann, Jr., assistant professor of pediatrics at the Albert Einstein College of Medicine, says parents should understand that they may find it frustrating when their child begins to feed himself. The child will probably make a mess and take more time to feed himself than it would take for a parent to feed him. "Do not get impatient or angry," says Dr. Edlmann. "Just show him the proper way." It is also a good idea to allow the child to eat with other family members whenever possible. The child will be able to see how other people eat and use utensils. Family members should never comment unfavorably about the kind of food that a child is eating.

New foods should be introduced to a child one at a time and in small portions. He needs time to look at and examine the food.

If the food is rejected, do not fuss. Offer it again in a few

days, perhaps preparing it in a different way. Sometimes a child consistently rejects a particular food because he simply does not like it. Dr. Bertrand L. New, chief of child psychiatry at The New York Hospital - Cornell Medical Center, says, "In general, there is no food a child must have, so there is no reason to make an issue of a child's refusal to eat a special food." Most often another food can be substituted, that supplies the needed nutrients. Even though milk is an essential food, if a child refuses to drink it, milk can be supplied in soups, cereals and custards. Foods that provide most of the same nutrients can also be substituted, such as cheese, yogurt or cottage cheese. "The more of an issue you make about a child's refusal to eat," says Dr. New, "The worse an eating problem tends to become." Children generally eat enough to satisfy their needs and it is important that a child learn to eat for his own sake rather than as a means of obtaining his mother's love.

A part of teaching good eating habits is to establish a regular time for meals. This includes breakfast, which, nutritionally, is often the poorest meal of the day. Whenever possible, have a set breakfast time for the family. Breakfast does not need to be routine. In spite of tradition, a ham sandwich, toasted cheese sandwich or a hamburger on a bun can be substituted for an egg or cereal. Many children, especially young ones, need snacks between meals. The U.S. Children's Bureau says children often cannot eat a great deal at one time. Consequently, give them a snack once or twice a day, usually at midmorning and midafternoon. A mother can limit snacks to those that contribute to a child's nutritional well being. Such snacks include milk, fruit, sandwich, cereal, simple cookies or crackers, raw vegetables, cheese, wedge or fresh, canned or dried fruit. Avoid potato chips, sweets and soft drinks. Save these for special occasions and after lunch or dinner.

When planning meals keep in mind a child's likes and dislikes. For example, he may find it difficult to eat two vegetables in one meal that are not particularly liked. Inasmuch as there are many vegetables, pick one that a child especially likes and another that other family members like. Children like dishes that are appealing to the eye. Be color conscious when selecting vegetables, carrots, beets and squash are colorful, and garnishes such as radishes, carrots and tomatoes dress up various main dishes.

Dear Mr. Tooley,

Our sixth grade class has been studying poetry. We have read poems by some of the great writers and have listened to records of good poetry. After discussing poetry for several days we decided to try writing some ourselves. All I insisted upon was that the students choose a topic that they knew something about. They could describe a mood they had felt or tell of an experience. The poems could rhyme or not rhyme. . . they could choose their own "style" of writing. The students were allowed about 25 minutes in class for the writing of their poems. The poem I have enclosed, "Football," was completed in about 15 minutes. It contains many of the elements of good writing that professional writers struggle for. All of this came to this little sixth grader without the slightest sign of a struggle! Many others wrote poems that showed talent.

My New Year's Resolution:
To give boys and girls every possible opportunity to express God-given creative abilities.

Sincerely,
Joanne Cagle

several consecutive days is not uncommon. Children may go through stages of resisting change. For example, they may want a peanut butter sandwich for lunch every day. If an issue is not made of it, the food "jag" generally does not last.

Lockney Fire Loss Is Set At \$50,000

LOCKNEY - Fire at the Keeter Grocery located at 211

The Cowboys were raring and ready to match their skills with Greenbay. The center placed the ball steady, and the game got underway.

At the half the excitement was great. The game could be won by either. Which team was to be favored by fate? By the third quarter both teams needed a breather.

Near the end of the fourth quarter The Cowboys were ahead by four. The Packers were two yards from the border, and everyone feared they would score.

Well, the grass is greener down south, but the Cowboys will never know. They are very down in the mouth because they got beat by the snow.

N. Main in Lockney Thursday night caused an estimated \$25,000 damage to the building and \$25,000 stock loss.

The Lockney Volunteer Fire Department answered the call at 10 p.m. and fought the blaze until 2 a.m. Two boys sighting

the fire coming out the roof stopped a city police officer who turned in the alarm.

Cause of the fire was undetermined but was presumed by the owners to be faulty wiring in the rear of the building in the market area where the

blaze started. Most of the fire damage was contained in that part of the store. Extensive smoke and water damage is noted throughout the building.

Max Smith and Joe Keeter, store owners, who made the estimates of loss, believed the stock to be a complete loss. They say that their business was insured but doubt if insured enough to cover the total. One employee, Leon (Rosey) Sanchez was overcome by smoke while fighting the fire and fell while in the store. He was taken to Lockney General Hospital where he was treated and released.

A store employee, Jack Ragland, said that only two employees were working in the back part of the store Thursday and neither one smokes. Smith and Keeter purchased the store the latter part of the year.

Letter To The Editor

(Editor's note: we want to share this very inspiring letter from one of our service boys in Vietnam, and we believe that it reflects the spirit of our men who are serving there.)

Dear Mr. Tooley,
I am writing this letter to thank you and all the people of Floydada, for the support you are giving to the men in Viet Nam. It could never be written in words what we feel for you support. It makes it evident that all the protestors in the world could never overcome the silent majority of people who trust in our country's objectives of striving for freedom. No matter what the cost.
I am proud to say I am from Floyd County, where people still trust in the good Lord and believe in our American way of freedom.

Thank you,
Richard Bertrand

Wayland Choir Releases Recording

PLAINVIEW - The Wayland College International Choir recording "We Sing With Joy" has been released.
The 36-member choir under direction of James Cram, assistant professor of music at Wayland, recorded the 11 selection long playing album with the Christian Home Music Firm in the sanctuary of the Grace Presbyterian Church here.
The albums are on sale at the Wayland College Book Store and through record distributors in Plainview. Choir members also will sell the records.
All except two of the selections were composed by Cram or are his arrangements. One of them, "Praise, My Soul, the King of Heaven" is one of Cram's compositions and was third place winner in the Broadman Anthem competition in 1965. Cram composed "There is

A Fountain," another of the numbers as an Easter cantata selection.
Other selections in the recording are "How Great Are Thy Wonders," "Plenty Good Room," "The Solid Rock," "I Want Jesus to Walk With Me," "Come Thou Fount," "Come Holy Ghost," "All Night, All Day," "The Valley of Blessing," and "He Is Coming."
Organ accompanist is William Fred Webb, Plainview. Featured is a trumpet trio composed of Kenneth Hopper, Plainview; Mike Johnson, Abernathy, and Cliff Hardin, Eunice, N.M.
Vocal soloists are Mark Langley, Plainview; Odene Floyd, Borger; Paul Hutchins, Paris, and Carolyn Stamper, Great Bend, Kan.
The album will be distributed nationally.

4 H Club News

Several Floyd County 4-H members have livestock entered in approaching Fat Stock Shows.
The Amarillo Fat Stock Show has attracted 10 4-H members who will be showing 15 head of steers and heifers. Those who will be showing are Lisa Scheele, Becky Scheele, Diane Scheele, J. H. Lane, Louise Bybee, Dara Bybee, Karen Latimer, Jay Jones, Becky Copeline and Teresa Colston. All the 4-H'ers mentioned are showing steers. Teresa Colston will also be showing a heifer. The Amarillo show will run from January 19 through January 24. The stock must arrive in Amarillo January 20. Sifting, toothng, and classifying will take place on January 21 while judging of steers will be on January 22.
The El Paso show, which starts February 3, has received 16 entries from 9 Floyd County 4-H members. Those planning to show at El Paso are Becky Copelin, Teresa Colston, J. H. Lane, Will Sinor, Brenda Willis, Lee Sinor, Karen Willis, Leslie Sinor, and Kay Russell.
The show season will run from now until late March. Fat Stock shows have become very popular with exhibitors as well as spectators. Even if a youngster does not place high, the experience and education received will justify the time and efforts.

The next meeting will be February 12 at 7 p.m.

Making The Drag

BY SUZANNE GUTHRIE

Everything is dead! This week being semester finals, everyone has really been studying hard.
There haven't been any club meetings, no sports, no playing hockey, just all work and study.
There have been quite a lot out with the flu, but everyone (nearly) has been here for semester review and finals.
There was a great crowd last Friday night at the game. I hope there will be as many tomorrow. It really helped pick up the spirit.
Next week the teachers will all be really busy, and we can just REST a little. (I'm not sure if the last phrase was a statement, a hint or a plea.)
Don't you like the idea of throwing footballs and basketballs - apart from all of our great athletes, it adds to the game, the spirit and the atmosphere.
Tomorrow night starts the second round of district and the advantages are ours, so we really have high hopes of coming out on the very top - Don't you think that's a good idea? But remember we can't do it without you.
Miss Schneider is beginning to get ready for the I Act Play, which will be a cutting from "Alice in Wonderland."
The Senior Class is winning in the School wide Spirit Contest, but the other classes aren't far behind.
I think everyone is liking the new English phase system more and more, especially now that it's semester, and we aren't having to study for a semester final.
"Love the Unloved" was the thought for the week last week. One day as I was reading it on the bulletin board in my class, I began really thinking about what it said.
You know if everyone would love the unloved, we would nearly always have more friends than we normally do.
If we would all walk up to those we see standing alone, and greet them and be friendly, and understanding, it would bring joy, not only to them but to us too.
You know, I think if we tried, we could all find something that we have in common with everyone we meet.
So let's be extra friendly, and let's be a friend to those who have none, and let's all start this year off by "Loving The Unloved."

FLOYD PHILOSOPHER Wants To See A Poll On The Publics Popularity With The Politicians

Editor's note: The Floyd Philosopher on his Johnson grass farm proposes a new type of popularity poll this week. We doubt if it'll ever be taken.

Dear editor:
People are always talking about politicians and their habit of trying to be on all sides of all questions, how it's hard to pin them down, impossible to get a straight yes or no answer out of them, etc., but some recent public opinion polls have brought another angle of the situation to me.
According to two different polls I read in two newspapers last night for example, the President's popularity standing has reversed in two months, going from a low of 31 percent to a high of 51. At one time it was up to 68 percent, then dropped to 23, then fluctuated back and forth.
Also, the same thing is shown in polls on other possible candidates, Nixon showing 41 per cent once, then dropping, then gaining, then dropping; Romney showing 38 per cent one time, then changing to 31. And so it goes.

What it looks to me like is that the politicians aren't alone when it comes to wishy-washiness, the public itself has a hard time making up its mind. Why should a politician be expected to take a positive stand on Thursday when the public may take an opposite stand on Friday? A lot of politicians have gone down being wishy on the day the public decided to be wishy.
I'd like to see the pollsters take a poll among the politicians on the popularity ranking of the public.
I can see the headlines now! Public's Popularity With Johnson Slips Nine Points; Romney Says Public Slides To A Low of 29; McArthur Says Public At Low Ebb With Him; Reagan Says Public Puts TV Ahead of Statesmanship; Senator Dodd Says No Comment.
It would be interesting to see if the public's popularity with the politicians changes as often as the politicians' popularity with the public.
By the way, if you're planning on taking a popularity poll on me, let's change the subject.
Yours Faithfully,
J.A.
