FLOYDADA, FLOYD COUNTY, TEXAS 79235 THURSDAY, JANUARY 25, 1968

NUMBER FOUR

## 1,000,000 Rain Falls On County

### January Moisture Highest Since '60

By Bill Salter

A "million-dollar rain" fell over Floyd County during the past several days. . . falling slowly and taking three to four days to accumulate in amounts ranging from less than 1.5 inches in Floydada to almost three inches in the southeastern parts of the county.

"Just what the doctor ordered," was the term used by most county residents including the farmers and ranchers who were most pleased by the moisture.

"It just doesn't rain like this here in the winter," one person ventured. . . that assumption being generally correct.

According to yearly records kept since 1925, January is already the fifth "wettest" since the records began, only January of 1960 (1.92), 1949 (4.0), 1946 (1.97), and 1939 (2.65) recording more precipitation in the past.

No measurable moisture was recorded during January of 1967.

The last time anywhere near the same amount of rainfall fell during January (1960), yearly rainfall total was 28.50 inches, well over the county average of 20.18.

This in itself should be a good "omen" for county crops during the coming year and with seven more days before the end of the month, this year's total could climb even higher.

Only one time in the four years which had more rainfall than the current January did the annual rainfall fail to surpass by considerable measure the average annual rainfall figure. That occurrence came in 1939 when the total was only 16.05.

Last year was the thirteenth driest year since 1925 with 16.21, under the yearly average.

While the Floydada area got only rain, the Dougherty area received a blizzard-like snowfall Thursday with wind blowing the snow into drifts as high as three and four feet.

In Floydada, 1.37 inches of precipitation had been recorded through Monday at the official

government gauges kept at Producers Co-op by Russell Bales.

At Dougherty, .3 of moisture was afforded by the snow which some residents thought would have been about two inches if it hadn't drifted, plus about 2.4 inches of rainfall through Tuesday morning.

Rainfall totals for the county included the following, according to a check Tuesday morning:

Floydada	1.37
Lockney	1.40
Harmony	1.50
Baker	1.90
Antelope	2.20
Lakeview	1.24
Dougherty	2.75
Liberty	1.50
Blanco	2.25
Sandhill	1.10
South Plains	1.60
Cedar Hill	1.25
Barwise	1.50
Muncy	1.60
McCoy	2.00

ROADSIDE SNOWDRIFTS - Snow Thursday in the Dougherty area transformed every roadside, turn row and terrace into a white mountain, many of the drifts reaching heights of three to four feet. Area residents guessed the snowfall would have been about two inches in depth, barring the high winds which gathered the snowfall into drifts. Coupled with general rains throughout the county which ended Monday night, most parts of the county registered at least 1.5 inches of moisture. (Staff Photo)

### NO OVER 60 EXEMPTIONS 3,800 Voters Registered, Deadline Is Next Thursday

Approximately 3,800 Floyd County citizens had registered to vote as of Monday morning, according to C. J. Payne, county tax assessor-collector.

whether the tax office in the courthouse would remain open past their 5 p.m. closing hour on the final day to accommodate late-comers.

vious years, persons over 60 years of age were exempt from the registration in cities of 10,000 or less.

Last year's total registration was 3,800.

### Local Man Presented Coveted Silver Beaver Scouter Award

"For Outstanding Service to Boyhood," reads the coveted Silver Beaver Award presented to Jewell E. Elza, Floydada, Tuesday night at the 42nd Annual Scouters' Recognition Dinner held in Lubbock.

ca, the award is conferred by the National Council for noteworthy service of exceptional character to boyhood by registered Scouters.

Presenting the Silver Beaver Scout Award.

### Mothers March Is Rescheduled For January 29

Due to weather conditions, the Mothers' March for the March of Dimes has been rescheduled for Monday, January 29, from 6 p.m. until 7 p.m., according to Mrs. Bernice Parkey, chairman of the drive.

The drive had originally been scheduled for the past Monday, but was not held due to the rain, mud and cold which would have severely hampered the effectiveness of the march.

During the campaign hours (6 until 7 o'clock), everyone is asked to leave their porch lights on as an aid to the marchers.

## February 5 Is Deadline For Political Filings

Time is slowly running out on 1968 Floyd County political aspirants, with less than two weeks before the midnight February 5 deadline for filing in the Democratic and Republican primaries.

Fowler and Roy Hale in the Democratic primary.

Incumbents have filed for all other places on the Democratic slate.

Also as of Monday, there had been no filings on the county level for the Republican primary, according to GOP County Chairman John Farris.

Farris stressed that there would be a Republican primary election held, regardless of whether there were county job seekers on the ticket. If only national and state offices are on the ballot, tentative plans call for a centralized election box rather than by voting precinct.

Potential candidates seeking their names placed on the ballot for either party primary must file with the County Executive Committee for the respective party. Chairmen are Farris for the Republicans and Ben Ayres for the Democrats.

An initial filing fee of \$50 is required for county office seekers in the Demo primary. There is no initial fee for the

## Final Bale Count Stands At 69,519

Final estimates on Floyd County's 1967 cotton crop show 69,519 bales produced in the county, somewhat of a bumper yield when compared to last year's slightly more than 57,000 bales.

1.2 bales per acre. And overall, farmers were pleased with their crops which, for the most part, increased in quality and price from last year's crop.

### Sheriff's Office Reorganizes

The sheriff's office in the courthouse is undergoing some personnel changes due to an increasing work load, according to sheriff Walter Hollmans.

ter, secretary-treasurer. New directors chosen included McAllister and Snead, plus Fred Cardinal. Members remaining on the board include Parnell Powell, Charles Craig, E. D. Morgan and Stansell.

In charge of the meeting was Gary Carthel, outgoing club president, who reported on club projects the past year including building of a new rest room facility on the greens and a major repair and cleanup program.

### Next Week's Basketball Games Listed

A varied slate of basketball action is on hand for Floydada fans during the coming week.

Varsity teams will first face Olton there on Friday night and then return home the following Tuesday to tangle with Friona. The Whirlwinds play at 6:30 p.m. and the Whirlwinds immediately following in both nights of play.

Freshman boys will first finish a tournament began December 14, 1967, at Crosbyton.

**Dougherty News**  
BY MRS. ROSS

**DOUGHERTY, Jan. 22** — The Dougherty, Antelope, Pleasant Hill and Fairview Communities received snow in the freakish snowstorm of Jan. 18. Very little on a level but deep drifts. Driving conditions were extremely hazardous for several hours Thursday afternoon and night.

Saturday, Sunday and Monday foggy, drizzly, rainy conditions have existed. In the townsite of Dougherty the report is two inches and possibly more, but slightly less has been reported along the Floydada-Matador highway and in the Antelope area.

Needless to say, farmers are jubilant over the much needed moisture.

Elmer Watson, principal of the local school, reports attendance has continued good during the inclement weather. Since the first of year ten pupils have withdrawn from school and four new pupils have enrolled. The enrollment to date is 57.

The basketball games scheduled for Monday night have been cancelled because of the weather.

Mr. and Mrs. Orland Howard have returned home from Alamogordo where they attended the funeral of Bill Anderson, who passed away suddenly and unexpectedly of a heart attack. He was ill just a brief time. He was the brother-in-law of Mrs. Howard and Grady Freeman.

Mr. and Mrs. Freeman attended the funeral and returned home but Mr. and Mrs. Howard stayed with Mrs. Anderson some ten days.

The deceased was well known in our community as he was a frequent visitor in the Howard home.

Mr. and Mrs. Billy Morrison and family, formerly of Midland, visited in the home of his parents, Mr. and Mrs. Jim Morrison, over the weekend. They left this morning for Kalamazoo, Canada to make their home. Billy has been in the employ of the Cabot Corporation Oil Company for approximately eleven years. This corporation has extensive holdings in Canada and transferred Billy to that area.

Mr. and Mrs. Harlan Cage visited with the Morrissons Sunday.

Mr. and Mrs. Vance Zinn and children of Floydada visited our church Sunday morning. At the beginning of the current semester Mr. and Mrs. Zinn began teaching in the Floydada School System.

Mr. and Mrs. Johnny Cates, Donna and Denise were guests at the wedding and reception, at the First Methodist Church in Floydada Saturday afternoon, for Eileen Fawver and Bruce Frances of Amarillo. Mrs. Cates is an aunt of the bride. Donna and Denise were in the house party.

Mr. and Mrs. Howe Hines were overnight guests in the home of Mr. and Mrs. Dick Carpenter at Roaring Springs Saturday.

Mrs. New visited relatives at Pampa over the weekend.

Mrs. Carmel Eastham, Mrs. W. J. Ross and Mrs. Earl Edwards attended H. D. Council in Floydada Friday. Mrs. Ross is Council Chairman. Mrs. Edwards is Council delegate from the Dougherty Club and works on the Council Finance committee. Mrs. Eastham is president of the Dougherty H. D. Club and is chairman of the Council Family Life Committee.

Mrs. Wayland Jones and Mrs. Kenneth Poole are scheduled to continue classes at Wayland College for this semester.

Mrs. R. H. Crawford accompanied her daughter, Mrs. A. C. Pratt to Lubbock Saturday and visited in the home of her sister, Mrs. White, while Mrs. Pratt attended a district meeting of affiliated clubs and

**FLOYD DATA**  
Mr. and Mrs. Earl John Brogdon of Plainview visited here Saturday with her sister, Mrs. J. T. McLain and Mr. McLain. Sunday visitors were the McLain's daughter and her husband, Mr. and Mrs. John E. Brown of Lubbock and Doris McLain and Cliff of Floydada.

**FLOYD DATA**  
Claude Weathersbee has hopes of returning home by the weekend from St. Mary's Hospital in Lubbock where he underwent eye surgery Monday. The operation was for the removal of a cataract.

During 1967 veterans made an estimated 6,435,000 visits to VA clinics and to private physicians on an approved fee basis for outpatient medical care, according to the Veterans Administration. This was a record number of treatments for a single year.

**Mrs. McIntosh Home**  
Mrs. Tommy McIntosh returned home by plane Sunday from Chicago, Ill., where she attended the funeral of her sister's husband, Rocco Mastrolanni, 51, who died suddenly Wednesday of last week of a cerebral hemorrhage.

Mastrolanni was film editor of CBS. Survivors include his wife, Betty; four children all of the family home and one brother.

**Center News**  
BY MRS. J. E. GREEN

**CENTER, Jan. 22** — Mrs. Leo Frizzell attended a class party Tuesday evening at the First Baptist Church, and also visited later with Mr. and Mrs. Elmer Warren.

Survivors include his wife, Betty; four children all of the family home and one brother.

Mr. and Mrs. Bobby Welborn and children visited his parents Saturday night. Mrs. J. E. Green is feeling a lot better and hopes to be able to go to Kerrville to be near Mr. Green in Veterans Hospital in a few days.

Mrs. O. C. Vinson visited Mrs. Earl Bishop Tuesday evening.

Mr. and Mrs. Joe Lee Dunn spent Saturday night with his mother, Mrs. Frank Dunn.

Mrs. Frank Dunn visited Mrs. G. C. Bailey the past week.

Mr. and Mrs. Jerrold Vinson had lunch with his mother Friday.

Mrs. O. C. Vinson had lunch with Valrie Green Sunday.

Visitors in the C. W. Denison home Friday night were Mr. and Mrs. Sam Lide, D. W. Burke and wife and Mr. and Mrs. W. A. Lovell. Games of 84 were played.

Clarence Sisson, from Lockney, ate dinner with them Tuesday.

All are rejoicing over the good rain.

**NOTICE**

Parents of children who will be six years old before September 1, 1968, and have not been counted on the Floydada Independent School District Census are asked to call Mrs. Bob Copeland at 983-3479.

**FLOYD DATA**  
Mrs. Emma Brock continues medical treatment in Lockney Hospital.

was 3,370, over 400 less than the number which have already registered this year.

Reasons for the increase are the requirement doing away with the over-age exemptions, the fact that this is a presidential election year, and because the registration is entirely free of charge.

Payne pointed out that although a person had to be 21 years of age to vote, he could pre-register now providing that the age of 21 would be attained during 1968. Or, on becoming 21, a person may register, but in both cases will not be eligible to vote until 30 days after registration or his birthday.

Current voter registration certificates (1967) entitle the holder to vote in elections through February 28 with the 1968 registrations covering a period from March 1, 1968, through February 28, 1969.

County residents may register in person at Payne's office in the Floyd County Courthouse or at the city office in Lockney.

INS, Jan. 22 - A hard Thursday with a few flakes of snow over the area. Fog set in over the weekend with rain showers, but low visibility. There had been 2 inches of rain. Farmers are most of the good moisture. No sign of let-up in snow today and skies are overcast. School buses did not start until 7:30 a. m. except for the bus which carried the children to school. The congregation gathered for morning at the Baptist church period it was held. After church the people's Training Union met in the Fellowship hall for dinner with their Mr. and Mrs. Kendis and Mrs. Charles and Mrs. Bentley met with the group and after the dinner the young people played ping pong. Young people attending were Dee the serving, Kim Cummings, Bobby Greenhaw, Jeanneva and Arline Williams, Katie Taylor, Shirley Williams, Douglas Bradford, and several others. Several gathered later at the church for prayer and song then were dismissed. So few were present. Grady Milton tried to attend Sunday evening services but was stuck, and the Kennedys became stuck in the pot, and had to have a car to pull their vehicle out. The newly graded roads were most impassable, as the snow had fallen slowly, and it took so long to melt. Cliff Gilley, star carrier from Lockney, took most of the morning to make his regular route.

In Mulder, who is minister of the Baptist Church in Sterley, was able to get out of his church, but did not get to church that night. Our congratulations in, who finished his senior at Wayland at Christ-graduating with graduates from Wayland.

## CONE NEWS by Melba Wideman

CONE, Jan. 22- Mr. and Mrs. M. E. Williamson left on Saturday for Houston where

Wilson (Buster) 62, of Canyon were held in Canyon Thursday morning with interment and graveside services following at the Silverton Cemetery. He lived in our vicinity as a boy, and grew up in Silverton. He had lived in Canyon the past 8 years. His brother, Johnny, still lives here. This was a sad week for the Wilson family and relatives, as an older brother, Ralph Wilson, who resided in the Los Angeles area died Friday. Buster passed away Monday at his home in Canyon. Mrs. E. C. Armstrong of Clovis and Mrs. Jack Crawford of Amarillo went to Los Angeles for the funeral of their brother. The mother, Mrs. Olive Wilson, lives in Clovis, and continues to do well.

Mr. and Mrs. H.L. Marble moved into their new home east of the Silverton Highway Thursday where their daughter, Mrs. Marvin Wells and family lived. Their telephone number is the same.

Mr. and Mrs. Jimmy Upton of Canyon were home visiting with his folks, the Raymond Uptons here and with her folks the Wendle Johnsons in Floydada, Wednesday night. Jimmy had just finished his finals at WT and will have a few days in between semesters.

Mrs. Don Marble came home last Monday from the hospital in Lubbock, and is getting along just fine.

Mr. and Mrs. Kendis Julian and girls plan to go to Roscoe Wednesday to visit with his brother, Mr. and Mrs. Terry Julian and children a few days.

Mr. and Mrs. John Kinnibrugh and children spent Saturday with her sister, Mrs. H.A. Reeves, and parents, the E.A. Burgess' and then Sunday they were with his folks, the J.A. Kinnibrughs in Vera. There had been hard rains in Vera and Gilliland.

Mr. and Mrs. Sterling Cummings entertained at a skating party in honor of their youngest son's fifth birthday, John Carlton, Thursday afternoon, at the Plainview Skating rink. Birthday guests were Barney Bill McWhorter, Todd Beedy, Kristi Julian, John Mark Kinnibrugh, David Cummings and the honoree, John Carlton. Decorated cup cakes, made like drums, were served with soft drinks. Several parents attended with their children, and they enjoyed skating as much as the children.

Mrs. J.P. Taylor was hostess in her home for members of the Hobby Club Wednesday afternoon. Mrs. Higginbotham opened club with a devotional, "Speak Gently". Mrs. Mulder presided at the business meeting. It was voted to continue meeting as a hobby club the coming year, and hostesses and co-hostesses for the year were selected. A good many were present including guest, Mrs. J. Ronald Taylor and son of Quitaque. Mrs. Grigsby Milton will be hostess at the February meeting, with assistant Mrs. M. Julian, L. T. Wood, George West, Fred Fortenberry, Bryant Higginbotham, J.K. West, Harold Hamm, E.P. Pritchett, Grigsby Milton, Arby Mulder, and hostess J.P. Taylor. Co-hostesses were Mrs. Mulder and Mrs. McClure.

Mrs. Philip Smitherman entertained Saturday afternoon in her home for her youngest son, Monty, on the occasion of his eighth birthday. Children gathered in the Smitherman home for games between 2-5 p.m. and afterwards birthday packages were opened, and chocolate cake and punch served to playmates, Bentley Conger, Kirk Young, Mark Reeves, Matt Probasco, Brent Bean, Mike and Judi Bean, and Ricki Ford. Both grandmothers, Mrs. J. K. Bean and Mrs. Ernest Smitherman were present for the birthday party.

Mrs. Poyner Roberts fell on the sidewalk, near her Floydada home Wednesday and broke her index finger on her left hand, and cracked the next one. She came out that night and stayed with her daughter, Mrs. Kendis Julian and family, and is getting along better this week, with not so much pain.

WMS of the Baptist Church met Tuesday afternoon, Jan. 16 with a study on Royal Service about "More Foreign Missionaries - Now", led by Mrs. Julian. Mrs. Wood, president, held a business meeting before the study began. Present were L. T. Wood, M. M. Julian, Charles Conger, J. P. Taylor, Bryan Karr, Fred Fortenberry, Tom Maurer, and next Tuesday, Jan. 23, the WMS will meet for Bible Study led by Mrs. Bryan Karr. ## Local 8th Grade Boys Nail Down Crown With Win

The Floydada Breezers swept a series of three games from Hale Center Junior High teams Monday night, the Eighth Grade Boys clinching the district championship with a 46-36 win.

The Eighth Grade girls also won their game, 23-17. Leading the local scoring was Phyllis Burton with seven points. The girls now post an 8-5 season record.

In the Eighth Grade boys game, Charles Jackson paced the scoring with 13 points. Season record for the boys is now 16-1.

In the Seventh Grade boys game, Floydada took a 29-13 decision to advance their record to 9-1. Mark Vinson was scoring leader with 13.

## Breezers Win Trophies In Tournament

Floydada's Breezers brought home two trophies from the Plainview Tournament last week, the 8th Grade boys winning second and the 7th grade boys taking consolation honors.

In Eighth Grade play, Floydada first downed Abernathy, 47-26, with Charles Jackson and Walter Harris sharing scoring honors with 10 each.

In the final game, the boys dropped their first game in two years, being nosed out by Plainview Coronado, 42-35. Leading the local scoring was Jackson with 16 and Harris with 11.

In Seventh Grade play, Floydada lost their game of the year in the opening tilt, 39-20 to Plainview Estacado Blue.

In the consolation finals, the locals whipped Plainview Coronado, 27-25. Leading the Floydada scoring was Jerry Hearson with 12.

## Aldersgate Spanish Methodist Defeats Dimmitt Teams

The Floydada Aldersgate Spanish Methodist church basketball teams defeated the Dimmitt Spanish Methodist church teams Friday night at Dimmitt.

The Floydada girls won their game 30-16. Karla Tooley was high scorer with 22 points.

The Floydada boys won their game 62-21. Tommie Collins was high scorer with 21 points.

The Aldersgate teams take on the Tulla Methodist Spanish teams here in Graves gymnasium Friday night at 7:30. The public is invited and there is no charge for admission.

The Aldersgate teams, coached by pastor Juan Salinas would like to challenge all Floydada church basketball teams to play them.

Last year's Aldersgate girls teams won all their games, the boys won three and lost six.

This year the boys are 3-0 and the girls are 1-0. Many interests.

And, as I said in column numero uno (number 1, for the uncultured), "It was decided I would call my column 'William Tell.' Anyone so inclined, is invited to make overtures to me!"

ON THE sports scene, I can't pass up the chance to comment on the great game the Whirllettes won, 60-58.

## TO BEGIN SECOND ROUND

# Whirllettes Dump Dimmitt, 60-58

BY BILL SALTER

The Floydada High School Whirllettes began the second round of District 3AA basketball with a flying start, downing the first round winners, Dimmitt's Bobbies, 60-58, Tuesday night at Graves Gym.

But, the fresh start proved opportune only to the girls team as both boys fives took it on the chin, 72-41 in the varsity tilt, and 56-49 in the B-team encounter.

Perhaps an omen for a "third year's charm," the Whirllettes of Coach Teddy Allen were impressive in their victory, leading all the way in the first half, then coming back from a nine-point deficit in the third quarter.

For the past two seasons, the local girls have lost the first round of play, then finished strong to win the second and take district honors.

Losing by four points to the Bobbies in their first district meeting and by a larger margin in a tournament, the 'Ettes wrote an entirely different chapter to the book Tuesday night, leading by as much as five points early in the opening quarter and by the same margin in the closing minutes of the fourth.

At the end of one quarter's action the tilt stood 12-10 with the halftime result at 22-21 still in favor of the locals. Just before the half, Dimmitt took their first lead in the game, 21-20, only to be countered with a short jumper by Cindy Ward with less than ten seconds before the intermission.

A shot by Marilyn Harris quickly advanced the tally to 24-21 at the start of the second half, but Dimmitt was not to be denied their short-lived glory.

With a hot-shooting streak coupled to a deep freeze on the Floydada end, Dimmitt advanced the score to a commanding 39-30 lead with 1:31 remaining in the third stanza before a 39-35 quarter ending tally.

Then came the spine-tingling fourth quarter which saw the tilted by the 'Ettes two minutes deep into the stanza, only to have that lead swap hands six times before Floydada went ahead for good with 2:43 left in the game.

With 0:28 remaining, the Whirllettes led by five, 58-53, but disdained the stall, pressing on the attack as if they were still behind.

With nine seconds left, Dimmitt came up with a three point play to draw within two, 58-56, before Cindy Ward sank two free tosses for a four point advantage.

Dimmitt sank their final basket with one second left as Floydada guards sagged off to escape the possibility of a foul.

The 'Ettes Dynamic Duo, Cindy Ward and Marilyn Harris, led the scoring attack with 31 and 22 points respectively. Miss Ward tallied 23 points in the second half and hit 13 of 14 free throws.

Leading the Whirllettes on the guard end was Jill Bertrand with 11 rebounds.

Dimmitt's scoring leaders were A'llan Webb with 26, Debra Summers with 18 and Ruth Dyree with 12.

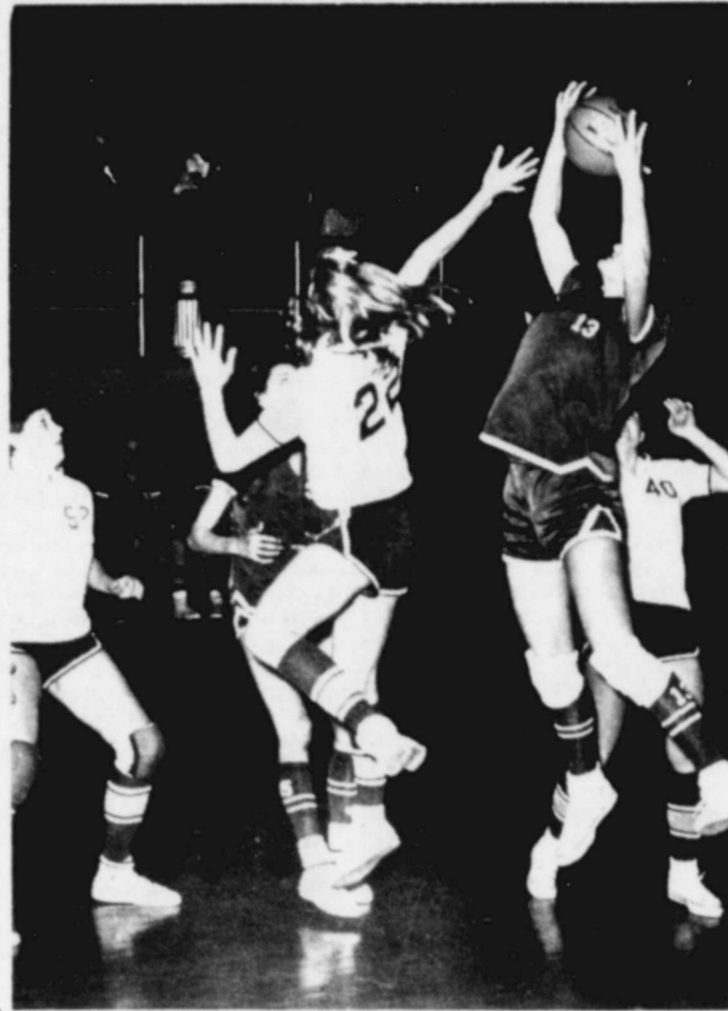

In the boys tilt, the Whirlwinds stayed with the first round winning Bobcats in the opening minutes of the tilt, but height and experience overcame hustle to send the 'Cats into the lead for good, 8-19 at the end of the first quarter, 14-42 at the half and 25-50 at the final quarter break.

Two players paced the scrappy Floydada boys in scoring, Britt Gregory and Todd Wester each hitting 11 markers.

Leading the big, rough Dimmitt crew was Jack Bradford with 16 and Jerry Brady with 12.

In the B-boys tilt, Floydada led for two full quarters, 12-6 and 24-22 at the breaks, before Dimmitt came on strong in the final stanzas to eke out the 56-49 victory.

Leading Floydada scorer was Bob Marler with 16. Sidom hit 18 and Birdwell 17 to pace the winners.

## What If?

BY BILL SALTER  
Sports Editor

The question's going to be asked, so we might as well answer it... if we can! After the Whirllettes' superb win over Dimmitt last Friday and their heartbreaking loss to Hale Center Tuesday, there's bound to be questions concerning what chance they still have to wind up as second round winners.... the following is what we believe, from interviews with the coaches, to be the picture.

If the 'Ettes are to stand a chance for the district crown, they must win or tie for the second round leadership.... providing Dimmitt is not one of the teams which winds up tied for first.

As the first round winner, Dimmitt would automatically represent the district as champion with a clear-cut first round win and the second round tie.

This means, for the Whirllettes to have a fighting chance, they must win the remainder of their district games, plus the magic combination of Dimmitt beating Hale Center and then losing to Friona. Hale Center beat Friona last Friday, ruling out their chances to change the setup.

That is, if you rule out the other four district teams, Lockney, Memphis, Abernathy and Olton, from pulling an upset. As the bottom four teams, each was soundly beaten by the top four... Dimmitt, Hale Center, Floydada and Friona, each of whom have been or are now ranked in the top ten AA girls teams in the state.

If things should work out for Hale Center and Floydada to tie... first there would be a playoff to decide the round winner, then another game pitting the winner and Dimmitt to decide the District 3-AA championship.

These are the mathematical factors necessary and, although they aren't the brightest when applied to the local team's chances... they are possible!

And... with a little bit of luck in the right places, anything can happen... so, don't give up the ship!

## Frosh, B-Girls Teams Lose At Idalou

Floydada teams dropped two tilts at Idalou Monday night, the Freshman Boys losing a nip and tuck affair, 28-32, while Idalou's B-Team Girls downed the locals, 39-46.

Leading Floydada scorer in the two games was Ann Hammonds who tallied 20 points in the girls tilt.

## Whirllettes Drop Heartbreaker To Hale Center Tuesday, 49-45

From the heights to the depths in four days... that's the case for the Floydada Whirllettes who knocked off the district leaders last Friday, then lost a heartbreaker, 49-

45, to Hale Center Tuesday at Graves Gym.

Also absorbing a loss were the Whirlwinds, leaders by four points at the half and by five at the end of the third quarter before Hale Center took control in the final eight minutes for a 46-40 victory.

For the Whirllettes, who still have a mathematical chance to win or tie for the second round, it was perhaps their coldest shooting night of the year.

For three quarters, Hale Center commanded the game, leading 12-9 at the end of the first quarter, 30-25 at halftime, and 41-34 at the end of the third quarter.

Then, in the fourth and final stanza, the Whirllettes came alive, scrapping to within two points, 47-45, with 3:08 remaining.

After Hale Center missed three straight shots on their end, Floydada controlled the rebound and called time out.

Moving back to play and working for the "safe" shot, the attempt was off and HC grabbed the rebound, passing the ball to the forward end.

After taking advantage of two free throws for a four-point gap, Hale Center set up a stall, eating up the remaining 1:08 of time remaining.

The coldness of the locals shooting was evident in the point totals, Marilyn Harris hitting 16 points followed by Cindy Ward with 14. Both normally score in the twenties.

Judy Townson paced Hale Center with 35 points.

For the Whirlwinds, who had the smell of their first victory for three quarters, it was almost a reverse story from the girls game.

Down by only two, 10-12 at

the end of the first quarter, the 'Winds blew to a 23-19 lead at halftime and had advanced that margin to five points at the end of the third quarter.

Taking the lead at the 6:40

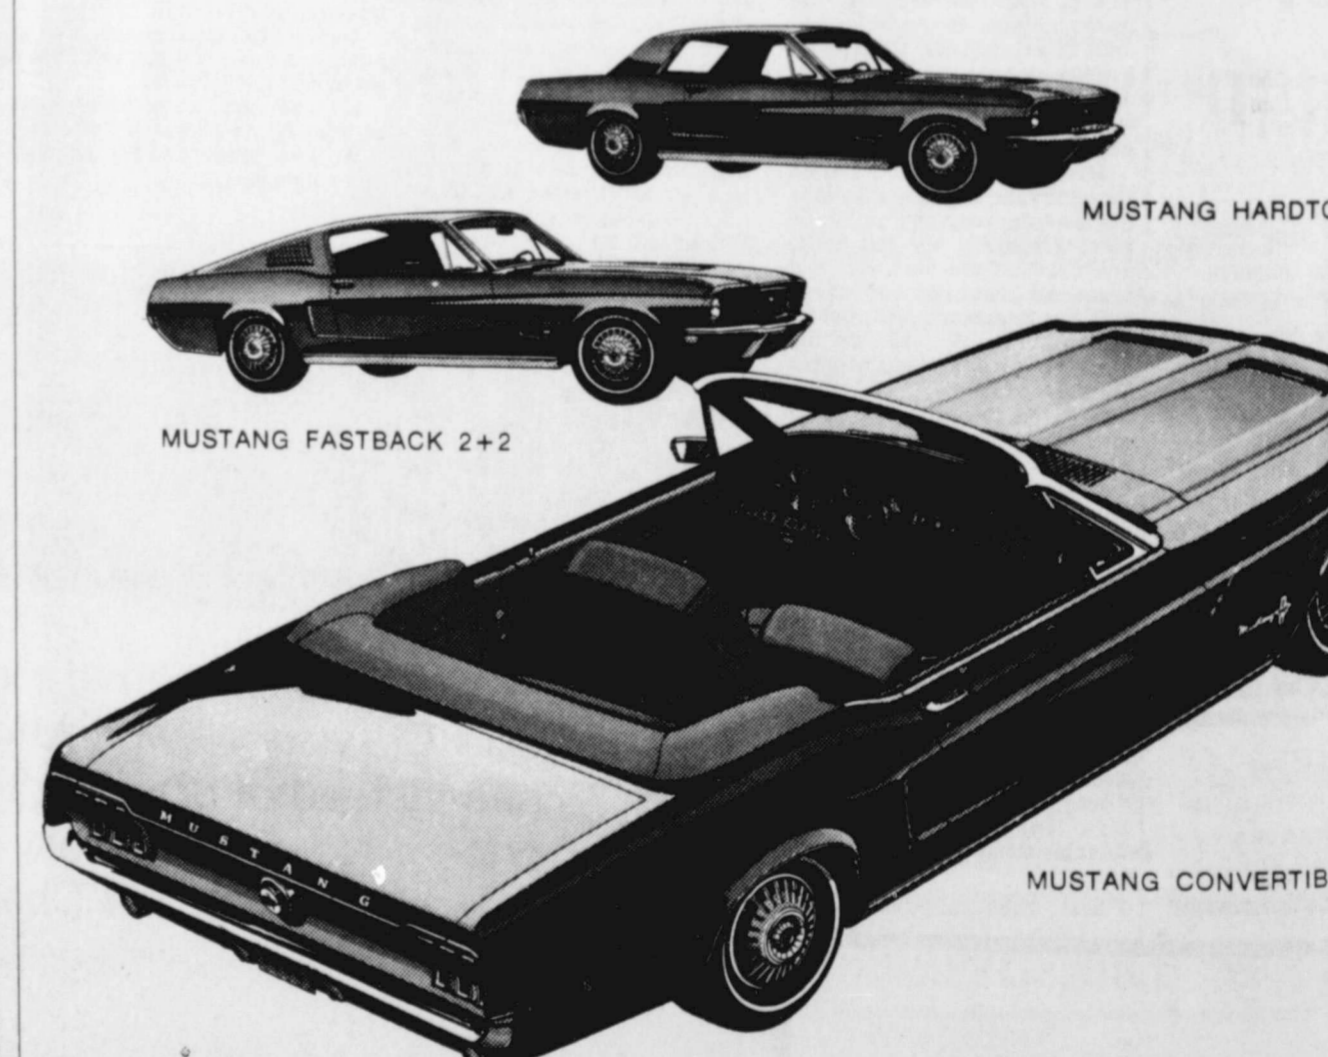

mark of the final period, Hale Center never again led.

Leading the local boys was Britt Gregory with 11 points followed by Donald...

## Making The Drag

BY SUZANNE GUTHRIE

Whirlettes started off the second round with a win. It was a great game. Twins were defeated but they're as ready as we Milton. week was a hard one. Sure glad it's over. is some excitement at the old hospital last week-ids were all just having some fun, and really not hing as far as they knew, but if anyone was dis- sure they're sorry. No harm was meant, from d. ds at the games last week were great!!! Thank everyone for your spirit and support: not sure but I think I saw Ronnie Hill with a shirt on it. Well, if that's the case, Let's see if we ig the location with F.H.S. somewhere. O.K.?? we often complain about how small Floydada is, ow everyone knows what everyone else well. I grant you these are disadvantages but, isn't be able to speak to nearly everyone you see in a k how nice it is to know all the kids, and have instead of only knowing a few, and only having it's really great, so let's make the best of the and think of the advantages. O.K.?? Kids everywhere are playing cards, so if y some spades or hearts, just go to the "Whirl- nearly always a game there. parents to think about: too lenient; or too strict? practice what you preach? too helpful; are you helpful enough? too upset about non-essentials? teen-agers to think about: expect too much freedom; and take advantage of you have? what's expected of you? accept parents suggestions gracefully; or do you make too many suggestions? nsen had a birthday last week! Happy Birthday. the rest of the teachers have birthdays soon, let week.

## No Grapes For County, Other Crops Possible

Three Floydada men visited at the South Plains Research and Extension Service north of Lubbock on Tuesday, discussing with Dr. Mack Fuqua, director of vegetable lab research, the possibility of a grape experiment in Floyd County.

While Dr. Fuqua discounted the possibility of an experiment with grapes here, he did speak favorably concerning other experiment crops such as tomatoes, carrots, and peppers.

Local Chamber of Commerce officials will be contacted concerning the possible experiments.

Interest in the grape experiment was started when the experiment project was first announced for the Abernathy area, but Dr. Fuqua stated that one such experiment was sufficient.

Interest in the vegetable growing has mounted due to the possibility of securing a cannery for the county, an industrial project which would employ a number of persons.

Making the trip to the Research Station were Joe Wilson, Floyd County Agent, Ray Gene Ferguson and Jim Simpson.

Tickets will go on sale soon, so watch this column!

## Rev. Salinas To Preach At First Methodist Sunday

The Rev. Juan Salinas, pastor of the Aldersgate Spanish Methodist church will preach at the 11 o'clock morning services Sunday at First Methodist Church in Floydada.

Rev. Salinas is preaching in

the absence of the pastor, Rev. Herschel Thurston, who has returned from University hospital at Lubbock, where he underwent treatment for pneumonia.

What is the milk bottle barometer?

The old-style glass milk bottle, covered with a paper wrapper-top, makes a good barometer. Put a rubber band around the paper top to make the wrapper airtight.

Then take a toothpick or a pencil or small stick and glue to the flat paper top—so that the glued end of the stick rests in the center of the top. Note what the barometer pressure is when you glue the stick

on.

Thereafter, the stick's outer end will move up and down, as the pressure of the air inside the bottle remains constant and outside pressure changes. When a high pressure system is overhead the end of the stick will point up, since the paper top will be pressed down in the center.

In low pressure periods, the end of the stick will point down, as the pressure inside the bottle pushes the center of the paper top upward.

### DESK LAMP

Extend the arm to the proper position. Pull out the stabilizer located at the bottom of the base. Allow the stabilizer to protrude out of the appropriate side to provide added stability to the lamp.

### WALL LAMP

The lamp can be attached to a wall by extending the built-in stabilizer and securing with the metal hanger as illustrated.

### FLASHLIGHT

Turn the reflector outward, as illustrated. The lamp may then be used like an ordinary flashlight.

Most portables claim big-typewriter features. The Underwood 21 builds them in.

Full tabulation controlled from the keyboard. Extras like vertical and horizontal half-spacing make the difference. Vertically, you click up a half space for above-the-line symbols like degrees (32°). Horizontally, you can squeeze an omitted letter into a 1/2 space and save retyping a whole page. Come type on an Underwood 21 and see. A big value and great gift.

Coming UP the DOWN Staircase

Coming UP the DOWN staircase, almost unrecognizable among the crowd of students, is Academy Award winner Sandy Dennis. She portrays a teacher going through her rugged first semester in an active metropolitan high school. The scene is from the Technicolor film version of Bel Kaufman's best-selling novel, "Up the Down Staircase," which opens on Sunday at the Palace Theater. Pulitzer Prize-winner Tad Mosel wrote the screenplay for the Pakula-Mulligan production.

Texas-born ERNEST TUBB is one of the most celebrated stars of Country Music. He is honored as one of the "All Time Greats" by the Country Music Association and has many accomplishments to his credit. Ernest is a veteran recording artist for the DECCA label - was 1967's addition to THE COUNTRY MUSIC HALL OF FAME - is one of the top drawing cards of WSM's GRAND OLE OPRY - and has made personal appearances in practically every city in the U.S. and many parts of Canada. Some of E.T.'s best-known songs include "RAINBOW AT MIDNIGHT" - "IT'S BEEN SO LONG DARLING" - "YOU NEARLY LOSE YOUR MIND" - "WOMEN MAKE A FOOL OUT OF ME" - and the ever-popular "WALKING THE FLOOR OVER YOU" - which has sold well over a million copies and was recorded by many name singers including Bing Crosby and Pat Boone. This song, which he considers the turning point in his colorful career, is still one of his most requested numbers. Ernest Tubb will appear at the Hale County Agriculture Building in Plainview Monday night at 8 p.m.

Don Hardy Builds Racing "Camaros" From The Frame U

By Wendell Tooley  
Floydada has an automobile industry in the form of Don Hardy, who is building racing "Camaros" from the frame up. His racing shop is located in the back of Daniel Automotive and he has all sorts of lathes, welding, and engine repair equipment that he uses in the building of the cars.

Hardy has just finished a red Camaro for Dick Harrell of St. Louis. The car made its run in Phoenix this past Sunday and clocked 175 miles per hour in a quarter of a mile. It has a 427 engine block, fuel injection and super charger. Hardy said it would wind up to 1400 horsepower.

Hardy continues to build the cars with more horsepower, less weight and better designing.

His blueprint is in his head. The car that raced at Phoenix Sunday has a framework of hollow steel, there is a special battery plug-in for starting the car, thus eliminating the weight of a battery, and complete fiber glass body, all this means lighter weight. This car weighed 1800 pounds.

The "Wild Thang" Camaro that Kelly Chadwick is now driving, also built by Hardy weighs 2300 pounds and has no supercharger. However, it has been clocking 175 in a quarter of a mile. Hardy said that the cars he is building now, could do up to 195 miles per hour in a quarter of a mile.

Hardy plans to build a car for Chadwick when he finishes the three he now has on order.

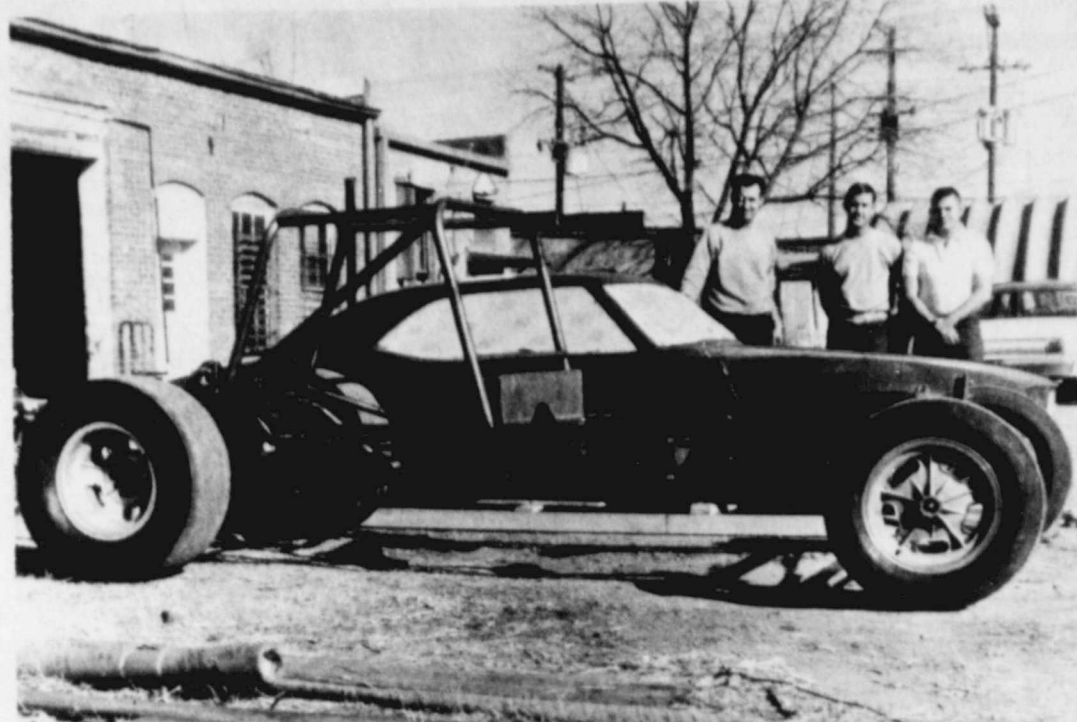

Because the motor is shifted farther to the rear of the car in order to hold some weight on the big rear wheels, it was impossible to design a lifting hood for working on the motor. Hardy solved this problem by hinging the entire body from the rear and accompanying picture shows how it lifts for accessibility to all interior mechanisms of the car.

This car has automatic three speed transmission, a Pontiac differential and the driver's seat is located in the middle of the body with protective roll bars above the seat.

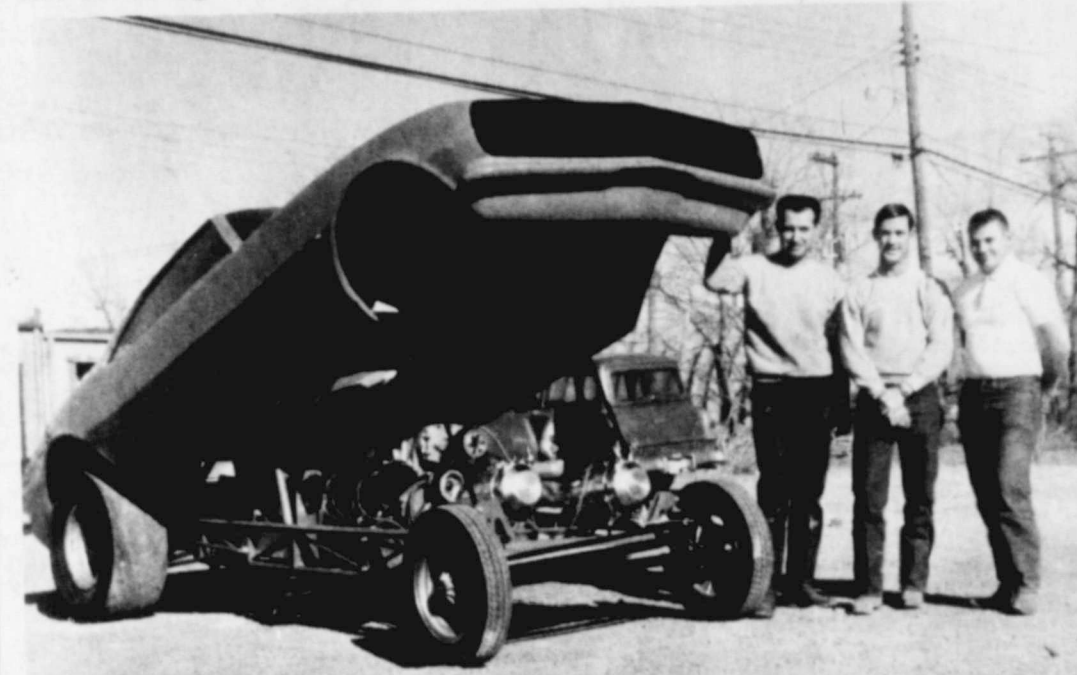

Johnny Sue painted the red Camaro. Billy Bob Jackson and Mark Fowler also help Hardy.

Hardy said that in drag racing, only two cars are raced at a time down a straight way, eliminating the dangers of many track type auto races. He said there is a danger in the wind getting under a drag racer and lifting it off the ground, due to the lightness of weight. He said he saw one fly off the track and about 40 feet into the air one time. A protective shield is built over the transmission to protect the driver in case it should blow to pieces.

A parachute is installed in the rear-end of each car for braking.

Galloway Among Group Attending Leadership Meet

Dana Scott Galloway, son of Mr. and Mrs. Albert Galloway, Jr., Floydada, is one of 60 delegates attending Baylor University's Annual Leadership Lab, being held January 21-26, 1968.

Selected from a field of over 180 applicants, basis for selection was determined by the applicants activities in school, and by a theme submitted on the topic of Student Involvement in Campus Activities. The lab is held once a year on the H.E. Butt Foundation Ranch, and is open to sophomores and juniors attending Baylor.

A sophomore majoring in

English and history, Galloway is a member of Circle K, men's social-service club, was elected pledge class president and best pledge of his spring class, and served as an officer and member of the board of directors for the fall of 1967.

A past member of the Freshman B.S.U. Council, Dana has been chairman of the dorm collections for CARE the past two years, and was a member of the Theatre Reading Drama presentation of "Up the Down Staircase".

Currently he is serving as a committee co-chairman for World Emphasis Week, sponsored by the B.S.U.

**Hot Water Are on**  
The number of gallons of water per hour that it will continuously raise 100 degrees above the temperature of incoming cold water. Therefore, a smaller size tank with a fast recovery rate will supply more hot water than a larger capacity with a lower heat-recovery rate.

The life of the storage tank is the life of the water heater. It should resist corrosion and withstand the water pressure to which it may be subjected. Materials used in tanks include glass-lined steel, copper, and galvanized steel. The type selected should be the one best suited to local water chemistry. Most automatic heaters are equipped with controls which pre-set the thermostat for any special water temperature needs. In larger dwellings or rambling single level homes, two heaters may prove to be better than one in order to reduce pipe travel. There is also the added advantage of a choice of two hot water temperatures—one for kitchen and laundry use where the dishwasher and washing machine require temperatures of 140-160 degrees, and the second to supply a tap temperature of not more than 125 degrees for baths and sinks.

The heater location affects the supply of hot water. Long stretches of pipes between heater and point of use disperse valuable heat and are wasteful. It is desirable to locate a heater as close as possible to where the largest volume of hot water is used—usually the kitchen sink or in the basement below it. In a cold climate, it is advisable to insulate a long run of hot water piping to help reduce heat loss. Wherever a heater is placed, it should be level on the floor and should be accessible for inspection and adjustment. It should also be in an area that permits good housekeeping for the heater itself and its surroundings. The surface of the heater can be kept clean by washing it off with hot soap or detergent suds and rinses. As your need for hot water grows, be sure your heater is adequate. For more information on the new water heater models contact Lighthouse Electric Cooperative.

sources estimate a hot water heater will use 100-120 gallons of water per day for a four- and the following are for major house-uses:  
Electric washer - 25-40 gal per load  
Automatic washer - 10-15 gal per load  
Showering - 3 gallons  
Bath - 10-15 gallons  
R bath - 3 gallons per  
An infant - 2 gallons  
Ag - 2-3 1/2 gallons  
pooling - 5 gallons  
washing - .9 gallons  
cleaning - 5-12 gallons  
preparation - 6 gallons  
The total daily consumption of hot water has been determined by these im-factors when purchasing a water heater. Tank size, re-rate, temperature sel-ecation, and future

type of fuel may be de-termined by the utiliti-ies avail-able and the cost of operation. Proper storage tank size is determined by both the size of the tank and the speed of hot water recovery. The recovery rate of the heater is, by defini-tion, the number of gallons of water per hour that it will continuously raise 100 degrees above the temperature of incoming cold water. Therefore, a smaller size tank with a fast recovery rate will supply more hot water than a larger capacity with a lower heat-recovery rate.

## FHA Loan \$198,000 For Rural Housing In Floyd, Motley

More than 94 rural people in Floyd and Motley Counties have new or vastly improved homes as a result of \$198,660.00 in insured loan funds advanced through the Farmers Home Administration in the past two years, Alfred A. Harrison, local County Supervisor of the supervised credit agency reported today. Approximately \$99,650.00 was advanced in 1967. The rural housing program was greatly expanded in 1965 when, as part of President Lyndon B. Johnson's effort to

## SEED HOUSE FIRE AT DAVIS GIN

Floydada firemen answered a call at about 7 a.m. last Thursday morning, but were unable to save a blazing seed house at Davis Gin in south-east Floydada.

According to Dick Guest, gin manager, the house and cottonseed it contained were completely destroyed. No estimate as to value of the destroyed property was available at press time.

As in the old law, there are no deductions taken from your social security benefits for any month after you reach 72, regardless of how much you earn in the year.

The provisions of the retirement test apply also to dependents of people who are receiving disability benefits, but not to the disabled worker himself. Special rules, including medical considerations, apply to people who are receiving benefits because of disability.

The amount of money a person can earn in a year and still draw all his social security benefits has been raised. Beginning with 1968, a person who makes as much as \$1,680 can still collect all of his social security benefits. Even if he earns considerably more than that, he may still draw some benefits. The old law had set that limit at \$1,500 through 1967.

Here's how it now works. If you are working regularly and do not earn more than \$1,680 a year in wages, you will receive all of your social security benefits each month. If you are working regularly and make more than \$1,680 a year, \$1 will be withheld from your benefits for each \$2 you make over \$1,680, and up to \$2,880. If you make more than \$2,880, \$1 will be deducted from your benefits for each \$1 you make above that amount.

However, regardless of your total earnings for the year, you will receive your social security check for any month in which you do not earn more than \$140 in wages and are not active in self-employment. This means that you could make any amount over \$1,680 a year, and still receive your checks for any month that you do not work, but with deductions against the months you do work. Remember, these new provisions apply to earnings in 1968. The old law applies to

## FLOYD PHILOSOPHER Tries To Do His Bit To Cut Down On Some Of The Cost Of Government

Editor's note: The Floyd Philosopher on his Johnson grass farm attacks the spending problem this week, but not too successfully.

Dear editor:  
According to all the newspapers that have turned up on this Johnson grass farm out here during the past two weeks, some members of Congress are saying we've got to have more spending cuts, we've got to economize, shaving the budget is the first order of business.

I have run across one idea which might help in this direction in a small way. A Harvard University economist has come up with a plan to eliminate subsidies to farmers, now running into millions of dollars a year, almost but not quite as much as subsidies to airlines, shipping companies, manufacturers, etc.

He says the government should give marginal farmers a subsidy to leave the farm, and after they all get safely into jobs in town, all subsidies would stop, to them and to the farmers left in the country.

On the other hand, other economists are contending the answer to the crowded conditions in cities is to move the people out of the

ghettos, even at government expense. Here's where my idea of saving money comes in.

Don't use two sets of buses. When the government hauls a bus load of farmers to the city, why couldn't the same bus be turned around and used to haul city people out into the country? Any time you can solve two problems with one bus, you're saving money.

I don't know how big a dent this would make in the budget, but even if it's only a few million dollars, it'd be that much, and if you and every other citizen would come up with one idea apiece saving a few million dollars, it'd add up.

Of course I can hear somebody saying now, but you haven't solved anything if you take the country people to town and the town people to the country.

That's because he doesn't understand modern government. The purpose of government is not to solve problems, it's just to shuffle them around.

Even when they demand and get a new deal, most people will forget they're still playing with the same cards.

Yours faithfully,  
J. A.

## \$137,000 Pension Hike In Floyd County

(Special to the Hesperian)  
NEW YORK - To what extent will the boost in social security payments, recently voted by Congress, benefit residents of Floyd County?

How much will retirement checks in the local area average under the new schedule? On the basis of the latest figures from the Social Security Administration, which show the number of local recipients and the amount they were receiving at the beginning of 1967, the new total will be approximately \$137,000 greater per year than before.

Across the board increases are provided for retired or disabled workers and their dependents. Those who have been getting minimum benefits of \$528 per year will now receive \$660.

For couples, there will be an increase in the minimum from the current \$798 to \$990.

At the upper end of the scale, for those whose monthly salaries averaged \$550 or more during their late working years, the pension payment for an individual will rise from \$2,016 to \$2,279. For a retired couple, it will go from \$3,024 to \$3,419. The size of the pension a retired worker receives is di-

rectly related to the amount he earned over a period of years prior to retirement and, in turn, to his contributions to the pension fund.

In Floyd County, according to the latest annual report of the Social Security Administration, payments to beneficiaries were at the average yearly rate of \$746 per recipient.

Beginning in March, when the first checks reflecting the increase will arrive, the local average will be \$843.

For the community as a whole, the pension payments will amount to \$1,190,000 a year, as compared with the previous total of \$1,053,000.

Hand in hand with the bigger benefits goes an increase in

costs. Those who have been paying social security taxes on earnings below \$6,600 will be continued at the same rate for another year.

Those earning between \$6,600 and \$7,800, however, will have to pay 4.4 percent on the amount over \$6,600. Their employers will have to contribute a matching amount.

**NEWS FOR HOMEMAKERS**  
by Sherry Mullin  
Floyd County H. D. Agent

Efficiency-minded homemakers rate home freezers as one of their biggest assets. If you're fortunate enough to own one or plan to purchase one soon, here are some pointers you'll want to remember.

To keep food at its best, freezer must maintain a constant temperature of zero degrees or lower. Keep a thermometer in your freezer and check it frequently.

\*Keep freezer well stocked;

the fuller it is, the more efficiently it will run, and the less frost it will accumulate.

\*In case of temporary power failure, leave freezer closed. If power will be off more than 48 hours, cover food with about 25 pounds of dry ice. Refreeze food only if it still contains ice crystals - plan to use as soon as possible.

\*Buy meat when on special, of course, but look for bargains in frozen dinners, vegetables,

and bakery goods, too, as these are good "freezer stockers."

\*Carefully wrap food for freezer, sealing it in packaging material that will keep moisture in, air out. Mark each package with contents and date.

\*Where you place food to be frozen is important, too; in upright freezers, place foods directly on shelf. After freezing, they can be stacked with other packages. Store food in rack on door only after solidly frozen. Foods to be frozen in chest-type freezer must come in direct contact with freezer wall, can be moved to center after frozen.

\*Don't keep frozen foods too long. Turnover not only insures against loss in quality, it saves you money. Operation cost remains the same, so the greater the turnover, the less storage costs per pound.

\*You'll find your freezer's a handy helper in other less obvious ways, too:

\*Store nuts in the freezer - they'll stay fresh and can be chopped easily when frozen.

\*Freeze the bread ahead of time when you plan to make a big batch of sandwiches. You will spread on butter or margarine quickly without tearing slices.

\*Slice nutbread while frozen into thin slices for dainty sandwiches - it won't crumble.

\*Pop marshmallows to be snipped into your freezer - they won't stick in the shears.

\*Freeze fruit juice in small paper cups, adding wooden spoons for handles. Keep them on hand all year.

\*Place sprinkled clothes in freezer if ironing must be delayed more than a day.

**New Teachers Begin Monday**

Three new teachers began their duties at Floydada Schools effective with the new term which began Monday.

Bonnie Sue Riddle, a semester graduate of Texas Tech, Lubbock, has replaced Dave Sovereign as high school history instructor. Sovereign recently resigned.

Mrs. Wanda Thompson, Floydada, is now teaching first grade at Andrews Ward and Mrs. Claudia Dowdy, Lubbock, began Wednesday as fifth grade instructor at Duncan Elementary.

Mrs. Dowdy has been teaching at Parkway Elementary in Lubbock, finishing the term there.

In one change of assignment, Rose Gomez was transferred from fifth grade to English Phase I in high school. She replaces Mrs. John Fields who has moved.

**Clyde Morgan On Dean's Honor Roll**

PLAINVIEW - Clyde Morgan of Floydada, a senior at Wayland College, is listed on the dean's honor roll for the fall semester.

Morgan made a perfect 4. grade point record for the semester.

The Wayland fall term was concluded Dec. 22. A micro-term, the first at Wayland, was

held Jan. 8-26. Approximately 300 students attended the short term.

The Wayland spring term will start Feb. 1. Commencement May 25 will conclude the 58th regular session of the college.

**Cards of Thanks**

Wish to thank all my friends, for and loved ones for all cards, letters, flowers and gifts and visits and especially your prayers while I was in the hospital and after home. It is people like you that makes this world a better place in which to live. May God Bless you all. Mrs. Marvin Smith

Wish to express our sincerest thanks for the many acts of kindness shown us at the death of our loved one for the floral offerings, and words of sympathy. We are grateful.

The Family of Ed Gilbert Frank, Leslie, Marvin and Ethel Gilbert

During the recent illness and death of our loved one, so many of you were kind indeed to think of us at such a difficult time. We would have been hard for us to carry on without the aid of our friends and relatives. We are especially grateful for the love and care shown by our husband and father.
