COUNTY LIBRARIAN - Mrs. Nita Hull, Floyd County Librarian, is pictured above placing "Trail Dust" by Douglas Meador in its proper place on the shelves of the library.

## 236 NEW BOOKS RECEIVED Floyd Librarian Has Busy Job

The person who says, "I wish I had a job as a librarian, so I could just sit around and read a book," has a real shock coming in the modern library of today.

Mrs. Nita Hull, Floyd County Librarian, who says she hears the aforementioned phrase quite often, knows that there is quite a different story behind the scenes at the county library.

With 236 new books recently received by the library, Mrs. Hull has a minimum of 236 hours of work ahead of her before the final volume reaches its proper place on the library's shelves.

According to the experts, approximately one hour's work is required to complete all processes necessary in preparing a book for final receipt from the library by a Floyd County reader.

In the case of the new shipment received, this would be almost six weeks of work, barring any "interruption" such as checking out books or replacing them on the shelves.

To show what is required to put a book on the shelf, we'll follow one of the new books through, from start to finish, using "Trail Dust," a volume by Matador Tribune Editor Douglas Meador.

Two copies, one for the main county library in the Floyd County Courthouse and the other for the Lockney branch, have been purchased for the library.

First step undertaken by Mrs. Hull is the actual ordering of the book desired... this alone required the writing of two

## '68 License Tags Go On Sale Today

Texas vehicle license plates for 1968 go on sale today (Thursday, February 1) in Floyd County and throughout the state.

Deadline for displaying the new tags on motor vehicles is midnight, April 1.

According to C. J. Payne, Floyd County Tax Assessor-Collector, the most important item for county residents to remember is that they must bring their title receipt, either duplicate or original, with them when applying for the 1968 license tags.

In the past, only the previous year's license receipt was necessary to acquire the license tags. This year, title, license receipt and correct street address is required.

Persons who do not have their

auto title or cannot locate one for their car, should apply for a certified copy before they attempt to buy the 1968 plates and, Payne stresses, should do it now instead of waiting until the last minute.

Registration fees for passenger cars are \$12.30 up to 3,500 pounds, \$22.30 up to 4,500 pounds and \$30.30 up to 6,000 pounds. Minimum fee for licensing any vehicle is \$5.30.

According to Payne, 5,047 passenger vehicles were registered in the county last year, with registration of trucks, pickups and other vehicles swelling the motor vehicle registration total to more than 8,000 vehicles.

## Merchants Slate Fabulous Friday

Tomorrow has been designated "Fabulous Friday in Floydada" by a group of local merchants who are combining to offer area shoppers some "extra special" prices on merchandise that day.

For the special event, "all roads lead to Floydada" as the

merchants come up with some "fabulous" bargains as a way of saying "we appreciate your business"

Many of the specials are listed in a special supplement in this week's Hesperian, your attention to these advertisements is requested. The stores have many other values which are too numerous to list.

Merchants participating in the "Fabulous Friday" sale day are: White Auto, Alma's Gift Shop, Reed Ford, Hagoods Department Store, Hesperian, Jo's Specialty Shop, Beall's, Johnson Rexall Pharmacy, Boren Furniture, Hale's Department Store, Bishop's Pharmacy, Builders Mart, Perry's Ruckers OK Tire, Allen Chrysler, City Auto, and Stewart Printing.

## Mack Heald Is New Assistant County Agent

Mack Heald, an August graduate of Texas A&M, was employed Monday as Assistant Floyd County Agricultural Agent by the Commissioners Court upon the recommendation of Billy C. Gunter, District II Agricultural Extension Agent, Lubbock.

Heald, 23, is unmarried and the son of Mr. and Mrs. J. G. Heald, Anson. He replaces John Fields who recently resigned to accept a position as Carson County agent.

The new agent was born at Amherst and lived in the Needmore community (Bailey County) until 1952. Upon moving to Anson (Jones County), Heald became active in 4-H and FFA, exhibiting barrows in Ft. Worth, Dallas, San Antonio and Abilene while in club work.

## Ruthmary Light To Lead Meeting

Mrs. Ruthmary Light, group representative of the Prayer Foundation Inspirational Tape Library, will speak Sunday at 7:30 p.m. in the First Christian Church, Floydada.

The public is invited to hear Mrs. Light's non-demonstrational message, her topic entitled "One Night in Moscow."

Mrs. Light has been to the Holy Land and Europe, behind the Iron Curtain in Russia and Russian satellite countries, touring with Louise Eggleston's "seventy prayer warriors."

On a more recent mission, she traveled around the world. Dr. E. Stanley Jones has invited her to be prayer director in several of his spiritual life missions and believes she has a definite "calling."

According to information from the Prayer Foundation, she has a "special gift of leading people into the rich and con-

Remind our readers to save the 1968 edition of the Hesperian. It's another one like it until 1996.

As Leap Year and brings a rare country newspaper that are published Thursdays. There being 29 days in the first falling on Thursday weeklies will publish five editions a short month.

Are a few country editors about who dated their publications February not often possible, for in the last February 29 has fallen on a Thursday four times. The years were 1816, 1848 and 1940.

For LAST week's remarks in this column that there are several old old phonographs in this community and there are still many Rogers records around.

A. C. Carthel called to say that she has many Rogers records with "Blue Yodel" and "Waiting For A Train." Mrs. John called to say that they had six Jimmy Rogers records and they're remodeling and old phonographs.

Word that Mrs. John Farris has a phonograph around. I'll have to check on that one.

FIGURED out how come people are in the flu. They've been going out in their coats early in the morning in their coats to pick up the Lubbock Avalanche from the cold wet grass.

HEAR A LOT of talk about how good or bad it is in Floydada from various viewpoints and down the street. Of course, when it comes to putting your mouth is... some wayside.

At this issue of The Hesperian our appreciation to the 17 merchants who are running bargains in our "Fabulous Friday" promotion section to the old faithfuls who advertise regularly in the other section of The Hesperian. It seems that these merchants are generous in making shopping in Floydada attractive to the residents of this trade area with some outstanding bargains.

## George Mahon For Moving To West Texas

George Mahon reports from Washington that the President's budget which he submitted to Congress at noon today includes \$892,000 to continue the broad investigation of the possibility of importing water from the West Texas and Eastern New Mexico area.

Amount included in the budget \$467,000 for the Bureau of Reclamation, \$400,000 for the Corps of Engineers, \$900,000 for the fiscal year beginning in 1968 and compares with a total of \$1,767,000.

## Ownership Of Nursing Facility Changes, Mildred Harper Named Administrator

Rev. L. D. Kramer, president and founder of Assembly Homes, Inc., announced today that effective February 1 the Assembly Homes organization will assume ownership and management of the Floydada Nursing Home, formerly West-brynn Haven.

Assembly Homes Inc. is a non-profit nursing home corporation with headquarters in Glenwood, Minn. At the present time, they operate 22 nursing homes in various states with 19 more in the negotiation, planning or construction stages, according to Rev. Kramer.

In the Floydada Nursing home there are presently thirty residents receiving care.

Mrs. Mildred Harper of Floydada who, for the past two years has managed the Lockney Nursing home, has been appointed administrator of the home in Floydada.

Rev. Jacob Myers, personnel director, said that no changes in the personnel presently employed is anticipated. When the home has reached residency capacity of 52 people, approximately 35 workers will be employed.

Rev. Kramer said that it is the sincere wish of each member-

**GROUND HOG DAY**  
Is Friday, Feb. 2nd

Will he see his shadow?  
**IF HE DOES...**

\*Legend has it that the Ground Hog (or woodchuck, if you prefer) is supposed to come out of his hole every February 2 and view the weather conditions. If the sun is shining and he sees his shadow, he goes back, for in that case he knows bad weather will continue for six weeks.

**IF HE DOESN'T...**

\*If, on the other hand, he does not see his shadow, he emerges, for then he believes spring is at hand. The fact that the ground hog makes half the time, a wrong decision, does not diminish popular interest in him as a weather prophet.

## Church Census Planned Sunday

Churches of the various denominations are cooperating in a City-Wide Census this coming Sunday, February 4th.

There will be dozens of workers out in the city Sunday afternoon going house-to-house in an attempt to better serve the religious needs of Floydada and

the surrounding territory. Key people have already begun work in the rural areas. The communities surrounding Floydada will be covered by census takers who live in the communities and who are familiar with most of those who live there.

Census takers will be gathering at First Baptist Church in Floydada at 12:15 p.m. for a meal and assignment and instructions. The meal will be served at a nominal fee of 50¢ per person to all who would like to eat at the church and thus conserve time.

It is expected that most of the census should be completed by 4 p.m. Sunday afternoon, but call-backs will be made during the coming week on those who were not at home.

If you plan to be away from home, fill out the census form you will find in this edition of the Hesperian and attach it to

## Chili Supper Friday Night

There is to be a chili supper Friday evening, Feb. 2 from 5 o'clock until 10 o'clock in the Junior High Cafeteria.

Sponsors of the event will be the High School Student Council.

Proceeds will go to American Field Service for the purpose of financing next year's AFS student for Floydada.

Chili will be sold for 50 cents per bowl.

AWARDED CERTIFICATES - Five members of the water and sewer department of the City of Floydada were awarded perfect attendance certificates from the Caprock Water Utilities Association at their monthly meeting January 25 at Lockney. Nineteen members of the organization which covers a ten-county area received the plaques for attending all 12 monthly sessions, five being from Floydada. In the photo are, from left to right, Billy Jo Baker, Harold Huggins and Marshall Haney, director of public works. Unable to be present for the photo were Thomas Rucker and Bobby Tilley. Baker has received two previous perfect attendance awards, Huggins three and Haney four. The certificate reads, "In recognition of being a member extraordinary by 100 percent attendance for 1967."

Also let me congratulate you and the Lockney Beacon for your mutual effort in trying to make Floyd County a better place in which to live. Your full page advertisement on keeping our money in Floyd County in the editions of January 18th was excellent. Both our Churches at Lockney and at Floydada have placed this page on the bulletin board for the attention of our members. Furthermore, I intend to devote my sermon in a few weeks to this very subject of our duty to our home communities here to help them grow.

It amazes me to hear people run-down our County and Communities. Yet these same people run to Plainview and Lubbock and even sometimes to Amarillo to spend their money on things which they could have obtained at virtually the same price here at home. They seem to forget about their expenses to and from those cities.

I am really convinced that the problem has reached a very serious point with the continued closing down of stores in Floydada and Lockney. If all of our citizens would only shop in our Floyd County Communities FIRST before going elsewhere, I am convinced that several million dollars would be added to our local economy. This would result in a marked economic growth, which in my opinion, would swiftly bring about the establishment of some solid industries in our Communities. Then we would be well on the way to making Floyd County a place where our young people would want to stay and make their home, rather than a place that holds no future for them.

Unfortunately, some people have a very narrow, selfish and un-Christian attitude regarding their relationships to their home-town Communities. They seem to see no responsibility to their fellow citizens who are engaged in businesses here in the County.

I would rather pay 10% more for a piece of merchandise here in our Communities before I would go elsewhere, because I am convinced that in the long run, even aside from other considerations, more than 10% in benefits will come back to me.

I am proud to be able to say that I have always encouraged both of the Churches which I pastor to do everything possible to do all our business in Floyd County. Both Church buildings and both Educational Centers were built by local contractors and laborers. We will continue to boost Floyd County first! It is my sincere hope that my fellow Ministers of the Gospel

## Charles Shultz Now Serving In Thailand

U. S. AIR FORCES, Thailand - Master Sergeant Charles H. Shultz, son of Mr. and Mrs. Bonnie H. Shultz of Floydada, is on duty at Udorn Royal Thai AFB, Thailand.

Sergeant Shultz, an aircraft electrician, is a member of the Aerospace Rescue and Recovery Service in support of the Pacific Air Forces.

Before his arrival in Thailand, he was assigned to the 60th Field Maintenance Squadron at Travis AFB, Calif.

The sergeant is a 1950 graduate of Floydada High School.

in both Floydada and Lockney will see fit to come out publicly on this issue as a matter of principle. I have written what I have written in this letter and I will preach on the matter shortly to both of my Churches, because I feel in conscience that it is my duty to do so. I am firmly convinced that smaller cities like Lockney and Floydada provide a much better spiritual and moral environment in which to live and raise a family than a megapolis.

Whether or not there is any future for Floyd County and its Communities, rests solely in our hands and pocketbooks. I pray our Heavenly Father that we wake up before it is too late.

## Mr. and Mrs. Holmes Observe Golden Wedding Anniversary

MR. AND MRS. S. L. HOLMES SR.

Mr. and Mrs. S. L. Holmes Sr., longtime Floyd County residents, quietly observed their Golden Wedding anniversary Sunday, January 28, with a gathering of their children in the family home.

Present for the dinner were the couple's three sons and their families, Mr. and Mrs. S. L. Holmes Jr., and Mr. and Mrs. Austin Holmes, Steve and Debbie, all of Floydada, and Mr. and Mrs. Hudson Holmes, Dwain, Cordell, Lyndell and Deann of Amarillo. Also attending were Cordelia Hill,

Amarillo, and Mr. and Mrs. Kellar Holmes of Floydada, both of S. L.

Luther Holmes and the former Edna Smith were married in the home of her parents in Knox City, Texas, January 27, 1918. They moved to Floyd County shortly after and have resided here since. Both are active workers in the community and are members of the Methodist Church. Holmes is also still active in his farming interest.

Unable to attend the family gathering were three other grandchildren and four great grandchildren; Earl Holmes and family of Paris, Tex., Mr. and Mrs. Steve Wilson and daughter and Mr. and Mrs. Jerry Chapman and sons, all of Houston.

GEORGE DOLAN, in his "This is West Texas" column in the Fort Worth Star Telegram, reports this ad which recently appeared in the "Personal" column: "90 year-old-man who drinks and smokes wants to meet 90-year-old woman who drinks and smokes. Object: Drinkin and Smokin."

SOMEONE told me the other day that inflation is a matter of paying \$8 for the wife's miniskirt and \$10 to have it altered. Speaking of miniskirts I ran across a poem that seems most appropriate. While it is funny, it also carries with it a lot of subtle wit and truth:

I think that I shall never see a thing as ugly as a knee Above whose garled and knotted crest the mini hemline comes to rest.

Or one that's even worse than that when padded with repulsive fat,

A knee that may in summer wear nothing at all but be quite bare

Behind whose flex there oft remains anet of blue and broken veins.

Some knees continue to perplex - how can they form the letter X

While in another set one sees a pair of blue parentheses?

Small nuts write verses such as these but greater nuts display their knees!

SHORTY invited me over for coffee Saturday morning at City Auto. They informed me they also serve free coffee there too. Of course I knew that when I mentioned it in my column last week about Allen Chrysler serving free coffee at their business Saturday week ago, I thought everyone knew City Auto had free coffee, that's the reason I didn't mention them. Now if we can just get someone to serve free doughnuts along with the coffee, us downtown working people will have it made.

COLLEGE kids converged on Floydada last weekend and this week as most were home with their parents after mid-term exams. I noticed about town Tynette Smith and Jeff Kimble from Hardin-Simmons; Peggy Switzer, Mark Goe, Joe Cox, Aubrey Neff, Sue and Linda Foster, and others from Tech. Travis Joe Weems from Schreiners Institute at Kerrville; and those who attend the University.

MRS. Clyde Bagwell, who writes our Fairview News, has also accepted as writer of the Lakeview News. We are glad to get this news each week. Those in the Lakeview area with news be sure and contact Mrs. Bagwell. If we can just get a writer for the Cedar Hill News our paper will be complete.

A PAIR of child's glasses, clear plastic frames, have been found about a block and a half from Andrews Ward School. Mrs. Wade Warren, at the school, says the glasses look like good ones and she feels the owner is needing them. If your child has misplaced his, check at the school office.

I WAS out of town the Sunday our new hospital held their open house, but got a first eye view of the inside last Thursday afternoon when Dr. Robert Mitchell of Plainview, was taken on a tour of the building. Hearing his good comments of the hospital to the group on the tour, made me even prouder that Floydada had such an establishment. Right now there is a little inconvenience, what with equipment and such on the road to the hospital and rest home as well, but within a brief time, the new road will be complete and the drive out will be more pleasurable.

## \* Junior Girl Scout Troop Takes Two Night Camp Trip

One of the activities to which Troop 65 had looked forward was a two night camping trip to a cabin or cottage. For several weeks the girls had been making preparations. The five patrol leaders met to plan the menu and Kaper Chart which listed the duties of each patrol. The day before the trip, members of several patrols went shopping for food supplies.

Friday, January 26 finally arrived. The girls hurried home after school to pack a sack lunch and finish getting ready. By 5:00 the Andrew McCulley driveway was filled with an assortment of suitcases, bedrolls, canteens, pillows and 21 excited girls. Mr. J. R. Foster, father of one of the scouts, kindly offered the use of his panel truck to carry the baggage.

Arriving at dusk, there was time only to unload before mealtime. After supper the girls enjoyed games, songs, and a discussion of first aid. One patrol prepared a big bowl of popcorn and cups of Koolaid. Bedtime came too early for some who found it hard to get off to sleep, but finally all was quiet.

Saturday was the day for the all day hike. It began with a hearty breakfast the girls prepared themselves. Each scout packed in a bandana a "hobo lunch" to be cooked during the hike. During the morning the

girls walked, climbed, sang-hiking songs, found rocks and cactus, and learned a new song sung in rounds. After roasting wieners and making "some-mores," the girls were on the move again - this time going into more primitive areas where they looked for interesting things in nature. Each girl was to find something different from the others. They collected gourds, varieties of cactus, the leg and wing bones of a large bird - probably a hawk, several kinds of rock, vein, etc. All were keeping a sharp eye for arrowheads. One scout, Karen Fairles, was rewarded for her search.

Time after the hike provided a welcomed rest for the leaders and free play for the girls who were still surprisingly energetic. The scouts prepared a dinner of stew, peach cobbler, and milk. While the patrol on

## Bridal Shower Honors Miss Judy Turner

Miss Judy Turner, bride elect of Wayne Martin, was honored with a bridal shower Tuesday evening of last week in the home of Mrs. Jess Griggs.

Mrs. Griggs received guests and presented them to the honoree, her mother, Mrs. Carl Turner and the prospective bridegroom's mother, Mrs. E.M. Martin of Cone.

Punch, coffee and cake were served from a table laid with a white cloth, highlighted in orchid. A centerpiece of orchid flowers was complemented by a miniature bride and groom with lavender colored ribbon entwined among white candles, carrying out the bride elect's chosen colors. Silver appointment completed the setting.

Hostess were Mmes. Jess Griggs, Bill Gilbreath, Clyde Morgan, Billy Stringer, Derrell Mayo, Russell Bales, Tom Pierce and Marvin Swanner

all of Floydada, Mrs. Doyle Miller of Petersburg and Mrs. Bill Hopper of Lockney. Their gift was a set of stainless steel cookware.

Miss Turner and Martin plan a February 10th wedding.

## Club Meets With Mrs. Weathersbee

Members of the 1950 Study Club met January 16, with Mrs. Claude Weathersbee for a program on Currents of Americanism. The American's creed was given followed by roll call being answered with "thoughts on seeing the Star Spangled Banner."

The program, "Pondering our military strength", was given by Mrs. Lana Decker, who last summer made a tour of military bases. She also showed a film of the air base at White Sands, N.M.

Mrs. Jimmy Seay, president, presided over the business meeting during which time the annual Spring Style Show was discussed.

Members attending were Mmes. Don Cheek, Bob Copeland, L. W. Crabtree, Charles Craig, Lane Decker, Herman Graham, Sammy Hale, Tom Moore, Doyle Moore, John C. Moss, Dallas Ramsey, Jimmy Seay, Claude Weathersbee,

Lawrence Wedel, C. C. Whittle, Misses Jo Muncy and Nell Swinson.

The next meeting is February 6, for a Valentine dinner party. Member's husbands will be guests.

## Henry Ewing Passes Jan. 20

Henry Ewing

(Editor's note. Obituary written by Joe Lomax, elder of Southside Church of Christ in Amarillo and read at the funeral of Henry Ewing.)

Saturday night, January 20th, Henry Ewing passed from this life after a six months illness. He had been in a coma for several days preceding his death. This funeral was conducted at the Southside building Monday the 22nd at 4:00 with Jack Mackey officiating with assistance from Joe Lomax and Syd Watt. The body was laid to rest at the Llano cemetery here in Amarillo.

Christians from over the world mourn the untimely passing of this missionary. Besides the large gathering of friends from this area for the funeral services several former missionaries from Africa were able to be here for the funeral.

Many of our readers would like to know the history of Henry's life and following is the obituary written by Joe Lomax, and read at the funeral.

Henry Padelford Ewing was born in Cleburne, Texas, April 21, 1918. The same year he moved with his parents to Bishop, Texas where he began his schooling in 1935. He was baptized at the age of 11 by Bro. J. D. Tant.

His first college work was done at Texas A&I University but times were hard and money was scarce so Henry dropped out to work that he might return later. He continued college at Harding College but his college work was interrupted by World War II. In 1942 he left Harding and served 4 years in the Medical Corps of the U. S. Army, serving overseas in the Philippine Islands.

While in the service he received some of his training at Camp Barkley just outside Abilene. It was here that he met Beth Short from Bulawayo, Rhodesia, Africa. Her parents, Bro. and Sis. Will Short were at that time and still are, missionaries in that country. Beth was a student on the campus of Abilene Christian College. Henry and Beth were married June 6, 1943 and Henry left very soon for overseas duty. To this union six children were born: Betty 23, Pat 21, Gene 19, Bonne 16, George 13, and young Linda who is 8.

He was discharged from military service in 1945 and soon he and Beth and young Betty were off to ACC where Henry resumed his college work, graduating in the summer of 1950 with a Bachelor of Arts Degree.

Bro. Henry preached for different congregations among which were Natalie and Red Springs. In the fall of 1950 the family moved to Lawton, Okla., as the 8th and Lee congregation began their support. In May of 1951 the family sailed to Africa to begin their work in Rhodesia. From 1952 till 1960 Hillcrest of Corpus Christi supported this family.

Henry came back to the states alone in 1957 to report to the churches and it was on this trip that Southside began their fellowship with him and the work in Bulawayo. The entire family returned in 1960 and remained for 3 years. During this time he served as minister for the church in Floydada, Tex.

In January of 1963 Bro. Henry and his family returned to Bula-

## Salvation Army Total At \$2,225

Willie Bradshaw, Floydada Chairman for the recently conducted Salvation Army fund drive, reports that 14 volunteer workers still haven't turned in their collection packets.

The reports should be turned in to Don Pemberton at the Southwestern Public Service office.

Bradshaw reports that the fund drive total is at \$2,225 and if the fourteen additional workers would report, the overall fund drive goal of \$2,500 might be reached.

## WTCC Official Speaker At Rotary Meeting

Jack Springer, Abilene, Executive Vice President of the West Texas Chamber of Commerce, was guest speaker last Wednesday at the regular meeting of the Floydada Rotary Club. Springer, introduced by Don Pemberton who was in charge of the program, spoke on the STEP program of community betterment and this year's program of work for the West Texas Chamber. In his opening remarks, Springer commended Floydada on the new hospital, airport and elementary building. According to the speaker, "Leadership is the key" for the progress of smaller cities. "There are opportunities for smaller towns... even industrial opportunities," Springer stressed, but added that these chances require aggressive local leadership in order to be fulfilled. Speaking briefly on the STEP program developed by the WTCC, Springer explained that the plan consisted of nine steps to follow in developing the community and was a "plan to move forward." A further explanation of the plan will be made by a team from the WTCC at a later date. In other remarks, Springer noted that there were 607 thousand head of cattle on feed in the West Texas area on January 1, also expressing optimism in relation to this year's cotton program. Springer also mentioned the water importation plans now being mapped out by Water, Inc. and other groups, noting that "we can't afford not to do it," referring to bringing water to this area from sources such as the Mississippi River and others. In his concluding remarks, Springer added, "West Texans are interesting, great people... they're more friendly, more aggressive and more alert." Announced at the meeting was a date change for the club's annual Sweetheart Banquet. The banquet is set for February 13 at 7 p.m. in the Duncan Elementary Cafeteria. The February 7th meeting of the Rotarians will feature a program on vocational service with Jimmy Willson Jr. as program chairman. Approximately 50 Rotarians and guests were present for Wednesday's meeting.

## Making The Drag

BY SUZANNE GUTHRIE

Congratulations to the following people who were elected class favorites: Senior favorites are Marjion Wylie and Joe Christian. The Junior Class selected Zacha Cummings and Dale Baker. The Sophomores chose Cindy Ward and Stanly Pierce. And the freshman favorites are Reagan Cagle and Andy Selman. Also we elected Happiest in each class and the election turned out like this: Brynn Walding and Dixie Baird for the happiest Seniors. The juniors picked Dale Martin and Penny McClintock. The happiest sophomores are Jill Bertrand and Ben Miller. And Kathy Anderson and Greg Campbell were chosen as the happiest Freshmen. We have a new World History teacher at F.H.S. now, Miss Riddle, we're all glad to have you and we hope you enjoy your year here with us. Each of the three lower classes needs to pick up a little in the Spirit Contest: The Seniors are leading by quite a margin and we need to catch up, or get close at least. Well, the Whirlwinds and Whirlettes didn't do real well this last week, but if you'll stick with us, we'll do our very best to represent you, our town, in a way that would make you proud of us all. If Jimmy Willson will excuse this, I want to borrow part of his slogan - "We don't want all the spirit and support, Just YOURS!" Please keep this in mind. It's much easier for us to play, if YOU are there to support us. We have had Suzie Goen with us as secretary the last few days. Mrs. Matsler has been on a short vacation. YEA! A great thing has come to pass at good ole' F.H.S. The ruling has been changed and we can stay in the halls until 8:25 now and visit - That's really great for us. All of the parking places on the north side of the school are now being sold for \$2.50 a semester. The money taken in will go in the A.F.S. (Foreign exchange student) fund. I have a little math problem for you this week. We already have the solution, we just have to figure out where to use it. "Happiness adds and multiplies as we divide it with others." That really is something for us to think about. Beat Lockney tomorrow night, Say, since this is the last home game, let's fill the stands. O.K.?

## LAKEVIEW NEWS By Mrs. Bagwell

**LAKEVIEW, Jan. 29** - I have been asked to write the Lakeview news so have decided to make a try at it. We solicit the cooperation of all residents of the Lakeview community. Mr. and Mrs. W.H. # Oops! Olton Slips Up On Whirlettes

"There's always next year," so they say, but it's a bitter pill for the Floydada Whirlettes who saw their chances for a district crown vanish like a puff of smoke Friday night at Olton, the Fillies handing the stale locals a 41-30 loss.

And, the Whirlwinds fared no better against the lofty Mus-

tange, losing by a 46-26 margin, and trailing by even greater amounts during much of the game.

For Teddy Allen's Whirlettes, it was probably their most "off" night of the year, with the forwards completely ineffective, missing easy shots, while the guards were unable to handle the Olton forwards. Completely off their normal game, perhaps still stunned by the Hale Center loss, nothing went right for the locals who trailed at each quarter break.

Olton led 10-8 at the end of the first stanza, 17-16 at the half and 26-24 at the end of the third quarter.

In the final period of play, the Whirlettes tied the tilt at 27-27 with 6:07 remaining, but fell behind by two 18 seconds later, never again in contention.

During the last 5:13 of the game, Olton tallied ten points on two field goals and six free throws, while their guards limited Floydada forwards to three points.

Marilyn Harris hit 12 points to lead the "Ettes while Kathline Carson paced Olton with 22. The loss dropped the Whirlettes season record to 19-9.

In the boys game, Floydada trailed all the way, down 12-3 at the end of the first quarter, 3-29 at the half and 17-36 at the end of the third stanza.

Britt Gregory paced the local scoring with 10 points. Olton scoring leaders were Ken Johnson with 16 and Joe Schultz with 15.

story, happening to notice a small black cat on the courthouse lawn, quite evidently dead!

That evening, in the same vicinity, I saw a cat which looked identical in color and size. . . quite evidently alive!

Perhaps he had a delayed reaction on his ninth life.

SATURDAY, WHILE buying groceries at a local establishment, I had something happen which brought to mind one of the happier periods of my youth . . . at the time though, I probably thought of it as drudgery.

What I'm referring to is sacking groceries. Saturday, when the "sack boy" carried my groceries to the car, he forgot to take a carton of Cokes from the bottom of the cart until I reminded him. . . reminding me of some of the mistakes I made while engaged in the same profession.

I first began work in a grocery store at Idalou. . . one of the "Red and White" stores which seem to have disappeared from the scene.

At the age of ten or eleven, I forget which, my first duty there was selling ice cream.

These were the last days of the "bracero" years when Saturdays were hectic days for small town businessmen as the cotton farmers brought the braceros into town by the truckload to shop.

And, hectic though they were, I would imagine many a groceryman remembers them as some of the best business days ever.

I remember that we used to save the huge outer sacks that five and ten pound bags of sugar came in. . . sometimes using two or three to carry out one perhaps a 25 pound sack of flour and a big can of lard.

"Bugler" tobacco was sold by the carton and the 5¢ ice cream bar business was so good that I just stood at the ice cream box and collected a nickel at a time, 'cause the ice cream was eaten while the braceros shopped.

William Tells

BY BILL SALTER

AS I told Coach Teddy Allen Friday night after the Whirlettes' loss to Olton, "What can I say?"

Losing a "must" game, especially when you know you can play better ball, hurts just about as much as anything I can think of and involves not just the coach and players, but parents and fans.

But, there's just not much that can be said. . . unless you want to mumble something about "there's always next year or better luck next time" or some other phrase which does absolutely nothing towards making a person feel better at the bitter moment of the loss.

But, in the case of the Whirlettes, "There's always next year" just might not be such a bunch of "mumbo-jumbo" as it generally sounds.

With only two seniors on a 15-player squad that includes 10 sophomores, many of whom are starters, "next year" indeed may be something to eagerly anticipate.

In fact, after the game, one of the Whirlettes came up to me and said, "Please stay 'til next year. . . then we'll give you a district champ!"

You know, I think I'll just take her on her word. . . I kinda think they'll do it! Not that I had any intentions of leaving anyway.

And, I know you'll all join me in saying "we're proud of you" to the Whirlettes, despite the fact that they've fallen out of the district race. They're our "champs" regardless of their standing in 3-A!

And, what goes double for the Whirlwinds, too!

ELSEWHERE ON this page you'll see an article entitled "What Good Are Athletics?" Those of you who are inclined to see only the expense and possible injury involved would do well to read it thoroughly. . . I for one think it would be a "black day" indeed if competitive athletics were ever dropped from public school systems.

Where else can our young people learn to be graceful, courteous winners and to lose with honor, not disgrace. . . knowing that they've done their best?

This is what should be learned in competitive athletics. . . this is what it's all about, not just winning district championships, trophies, medals, etc.

If there comes a day when competitive athletics don't help in preparing youth for the much bigger "game of life," then I'll gladly cast the first stone.

DO YOU believe that cats have nine lives?

Well, I don't. . . but something happened last Friday to cast a few doubts on my convictions.

At mid-morning I walked over to the courthouse for a

## What Good Are Athletics?

BY COACH JIM CAIN

(Reprinted from the January 25 edition of the Sudan Beacon-News. Author is an instructor in the Sudan School System.)

This question is often asked of school administrators and coaches. Some arguments against athletics are; they cost a great deal of money, some people are left crippled for life, and they take too much of one's time.

These are all good arguments against athletics, but it is my feeling that the benefits received from them are far greater than the hardships.

Our American way of free enterprise is based on competition. Athletics do more than any other school subject toward instilling a competitive spirit in our students. Not only does it teach them to compete to win, but teaches them to accept defeat and "bounce back" when they lose.

Athletes learn that co-operation and team work are necessary to achieve their goals. Our town, churches, and even our country at present time are characterized by a lack of co-operation and team work. This is shown by the "hippies," the hypocrites, and the general lack of progress.

The past three presidents of the United States have been concerned enough over the deplorable physical condition of our citizens to organize a council on physical fitness. It has been said that our youth are becoming a generation of "automobile legs and television rear-ends." Athletics do more toward developing this physical fitness than any other one thing.

Athletes develop self-discipline in an individual more than any other course. An athlete has to sacrifice many pleasures that others enjoy and "keep his nose to the grind stone" when others can quit. One learns to budget this time wisely because he has no time to waste. Some wise man said, "An idle mind is the tool of the devil."

A feeling of belonging to and being a part of something worthwhile is developed by athletics. Every person has an inborn desire to belong and to be accepted by his peers. An athlete who "sticks it out" and learns to "give and take" is accepted by his peers so therefore he belongs.

I have had parents tell me they would not let their child be an athlete because it was so dangerous. Yet, they let him drive an automobile. Which sounds the most dangerous, 160 lbs. moving 20 miles per hour or 3000 lbs. going 80-90 miles per hour?

Today's athlete has to be passing his academic work to be eligible to participate. I have known a great number of athletes who passed and even stayed in school only to be an athlete. I think this, even though it is not the ideal motive, will still produce a useful citizen for our society.

The intangible qualities that go to make a good citizen such as character, loyalty, self-discipline, a feeling of accomplishment, co-operation, team work, and fair play are all attitudes that are developed in athletics. Is this type of citizen not worth the money spent on athletics? Is it not worth the time spent by the individual and his coaches? Is it not worth a few broken bones and "trick knees" to keep the young person from rebelling against all authority?

ped. . . it would have been impossible to collect later. Sometime, we'd sell 200-300 "Bell-Bars" in one day, one-at-a-time.

Later, passing for 14 when I was only 12, I graduated to the "big time" working on Saturdays at Furr's on East Broadway in Lubbock.

Just about my first week there, I was pushing two baskets out to a lady's car and turned them both over. . . milk, eggs, watermelon, etc., all in one big omelet!

I thought I would get fired for sure. . . but, Bill Hart, then the manager, was understanding and hardly said a word. . . needless to say, I was more careful from then on. Hart is now manager of Furr's Family Center, I understand.

Another prime "goof" I made later included putting a lady's groceries in the wrong car, having her drive off and find out when she got home that her groceries weren't there.

She told me to put them in the back seat of the green Hudson Hornet and that's what I did. Only a million-to-one shot would have two green Hudson Hornets on the parking lot of the same supermarket. After all, they were just about extinct then!

Later, after working for both the Idalou Beacon and the Avallanche-Journal during other summers, I worked after school and on Saturdays during my senior year back in an Idalou grocery store.

I'll never forget the lady who first put the frozen cherry pie in her basket, then took two hours to do her shopping. . . it took me two weeks to get the last traces of cherry pie drips off that floor.

And, I'll never forget the time I tried to make a big impression with a cute sophomore girl who came in to pick up a few items one day.

She was a real knockout, and I wanted to be extra courteous and friendly, so I walked up behind her as she was stopping to examine an article. . . saying in my most charming tone, "That's just what you need!"

How was I to know she was holding a toilet bowl deodorizer!

## Breezers Sweep Lockney Series Monday Night

Floydada's Breezers swept a series of three games from Lockney here Monday night, the 7th Grade girls winning 20-17, the 8th Grade girls, 25-15, and the 8th Grade boys, 32-29.

In the opening game, Kim Campbell hit 14 points for the 7th Grade girls, Debra Smith earning second honors with eight.

In the 8th Grade girls tilt, Denise Chadwick tallied 14 points on three field goals and eight free throws.

Leading the 8th Grade boys in scoring was Charles Jackson with 12 points and Walter Harris with 11.

## B Teams Win In Abernathy Meet Over Weekend

Floydada's B-Team won one game each Saturday in a one-day tournament held at Abernathy, which also included teams from Lockney and Olton.

In boys action, the B-Team Whirlwinds first downed Olton, 54-28, then lost to Abernathy, 50-42.

In the winning cause, three players tied for high point honors, Gary Fuller, Bob Marler and Roger Emert each tallying nine points.

In the second game, Andy Hale led with 13 points.

In girls action, the B-Team Whirlettes first lost to Olton, 43-39, then won over Lockney, 43-17.

Ann Hammonds was leading scorer in each tilt, hitting 23 points in the first game and 16 in the second.

## Basketball Now In Home Stretch

Floydada basketball action moves into the home stretch this week, with only three varsity games remaining, plus some b-team activity and a night of junior high action.

Varsity games left include Lockney here Friday night and Memphis there on Tuesday night. Last game of the year is Friday, February 9, at Abernathy. Starting time is 6:30 p.m. for the girls game on each date, the boys; immediately following.

Local b-teams have games remaining at Ralls tonight (Thursday), plus a game for the b-team boys here next Thursday against Plainview.

# Friona Wins 'Heartbreakers' In Action Here Tuesday Night

By Bill Salter

Floydada High School basketball teams extended their stay in "Heartbreak Hotel" Tuesday night, losing games to Friona in which they held leads, but were unable to keep.

For the Whirlettes, it was a 50-49 seesaw battle, a last second shot which would have won for the locals failing to find its mark.

During the first three periods the two girls teams ran neck and neck, with the tilt tied 11-11 at the end of the first quarter, and Friona leading 26-25 at the half.

At the end of the third quarter, Friona had nudged out a two-point advantage, 40-38, never again trailing in the tilt.

Five times during the final eight minutes, the Whirlettes were within a single goal of the Friona team, but were never able to take control.

With 0:23 remaining, Marilyn Harris swiped the ball from a Friona guard, driving for a lay-up which put the locals within one point, 50-49.

Then, on the turnover, a Friona player was called for traveling, returning the ball to Floydada with 15 seconds remaining.

Calling time out to set up the "one shot or bust" play, Whirlette forwards found their path blocked and were unable to work the ball into the post where the final shot was to be taken.

With only seconds left, a desperation shot from the corner went wide and it was all over. Leading the local scoring was Marilyn Harris with 24 points, followed by Cindy Ward with 15 and Terri Shipman with 10 in a balanced night of shooting.

Leading Friona scorer was Hazel Fallwell with 31 points, followed by Missy Renner who tallied all 12 of her points on free throws.

Turning in good performances for the Whirlettes at guard were Jill Bertrand, Ann Fawver, Suzanne Guthrie and Linda Rainer.

In the boys tilt, the Whirlwinds dropped a 61-53 decision, but led in the game as late as 5:24 in the final quarter.

At the end of the first eight

minutes, Friona's tall Chiefs held a 14-10 advantage, but the Whirlwinds were ahead by three, 23-20 at the halftime break.

Falling behind by a like margin, 40-37 at the end of the third quarter, the Whirlwinds fought

back to take a 45-44 lead at the 5:24 point.

But, from then on, it was all Friona, the Chiefs exploding for ten points in the final 2:23 of play.

Three local players scored in double figures including Kelly

Becker with 13, Jack Co with 12 and Connie Beards

10. Leading Friona in points was Larry Graves with 20 points, followed by a Friona resident, Troyson, with 20.

## Freshmen End Season, 36 35 Over Crosbyton

Floydada's Freshman Whirlwinds ended their season Monday night at Crosbyton, winning in a squeaker, 36-35.

High point honors were earned by Glen Switzer with 14 points.

Coach Delbert Wiley's Freshman boys finished the season with a fine 9-6 mark, including third place in Crosbyton's tourney.

## Aldersgate Team Downs Tulia On Friday Night

The Floydada Aldersgate Spanish Methodist Church men's basketball team downed the Tulia Spanish Methodist Church Friday night by a 117-51 count.

Leading the local scoring was Tommie Collins with 43 points, followed by Leon Collins with 33.

Tonight, the Aldersgate team plays at Ralls, then plays Dimmitt here Friday at Graves Gym with a 7:30 p.m. starting time. The public is invited and no admission is charged.

## YOUR BEST INVESTMENT in your farming or ranching future!

Only the strongly organized are heeded. With agriculture today representing less than 7 percent of the total U.S. population, farmers and ranchers must be organized to have a voice in local, state and national affairs.

Farm Bureau's structure guarantees each member an opportunity to help develop its policies -- to make his voice heard. Don't just join -- join and be active.

Farm Bureau works for agriculture through: PUBLIC AFFAIRS -- effective representation at the county courthouse, in Austin and in Washington.

MARKETING -- developing new markets overseas -- cattle and poultry marketing programs underway at home.

FAMILY SERVICES -- complete insurance protection, prepaid medical care, tire and battery program, plus personal services at the county level.

EDUCATION -- citizenship seminars for young people, information meetings and publications for members.

COMMUNITY ACTIVITIES -- youth projects, crop and livestock improvement, safety projects, social affairs.

**GRASSED WATERWAYS** - can serve as a worthwhile conservation measure on many farms in the Floyd County Soil and Water Conservation District.

The waterway pictured above is located on the Bill McNeill farm 10 miles east of Floydada. McNeill seeded the waterway to western wheatgrass in 1965. The waterway handles excess outside water and transports it safely

to a pasture adjacent to a playa lake.

There are many areas in the Floyd County SWCD where concentrations of water could be handled in a satisfactory way by installing a properly designed waterway.

If you are having erosion or water problems on your farm, get in touch with the local Soil Conservation Service Office for information pertaining to these needs.

PLANTS IN HOME  
PROBLEMS  
The ailments of House plants attributed to insects, actually or environment in the home, are forced to live. The more common problem is over-watering. The plants listed as follows are brown leaf tips which can be caused by high temperatures; much fertilizer; plants to become wilted periods or by fertilizer to dry out.

Plants turn yellow and wilt when the plant at the root is over-watering. The cause. Poor soil mixture or plants too dry over time cause leaves to drop. Small internodes result from high temperatures and/or high humidity. Drooping of stems is caused by over-watering and aerating gas fumes in the air. Weak growth, light green or yellowish green foliage may result from too much light, a poor root system, or damaged roots.

Many times plants fail to make proper growth regardless of the care or treatment provided. This may be due to the high salt content of the water available in the area. This condition can be partially overcome, by providing good soil drainage and over-watering. The excess water will move through the soil and drain into the container below the pot holding the plant. This excess water must be poured from the container after each watering and never be left to evaporate.

## New Officers Selected By Harmony Club

The Harmony Community Club met in regular meeting with Mr. and Mrs. Allan Gross, Mr. and Mrs. William Smithy, Mr. and Mrs. Wesley Carr, as hosts and hostesses.

As guests and members arrived at the Community Center, they were served hot dogs with all the trimmings buffet style.

Zant Scott, president, called

the meeting to order. Minutes of previous meetings were read and approved. Then came the election of new officers for the coming year.

Elected were Everett Miller, president; Glen Pool, vice-president; Mrs. R. N. Hopper, secretary; Mrs. Everett Miller, Reporter; Phillip Dunavant, Trustee.

The business meeting ad-

joined and those wishing to visit longer and play dominoes did so until a late hour.

The next meeting will be Thursday, February 15, with Mr. and Mrs. J. R. Turner, Mr. and Mrs. Walter Hanna, Mr. and Mrs. Edward Baird, and Mr. and Mrs. A. L. Brewster as hosts and hostesses.

## Roy L. Poage To Headline Hog Meeting

Roy L. Poage, Assistant Manager and Secretary-Treasurer of Lubbock Swine Breeders, Inc., will be the featured speaker at an all-day hog meeting at Lubbock's Ko Ko Palace on Thursday, February 1st. Poage will discuss the opportunities for commercial hog production in this area.

Sharing the platform with Poage is Dr. C. W. Foley of Purdue University, Lafayette, Indiana. Dr. Foley is well known for his work in the field of estrus synchronization and artificial insemination of swine. Foley will discuss the step-by-

step methods of artificial insemination.

Dr. W. R. Prajka, D.V.M. with Yeager and Sullivan, Feeder Pig Company, will speak on his experiences in handling, sorting and distributing feeder pigs.

Many other experts on various phases of hog production will also be featured at the meeting. The Ralston Purina Company and local Purina dealers are sponsoring the meeting. Tickets and reservations are available free of charge from any Purina dealer or representative.

The annual Soil Fertility Day for Floyd County has been tentatively scheduled for Thursday, February 22, at the American Legion building in Lockney.

Subjects which will be discussed include soybeans, producing quality cotton with good

micronaire, feeding liquid feed to livestock, tailwater return systems, High Plains water restrictions, chemical weed control, fertilizers, boll weevil program and sorghum grain mites.

The meeting is scheduled from 10 a.m. until 3:30 p.m.

with lunch from noon until 1

## COUNTY AGENT'S CORNER

### FARM INCOME TAX REPORTS DUE SOON

Yes! It's that time again! Time to dig out all the farm records from the past year, consult the "Farmers Tax Guide" and file that incometax return.

Completed returns must be filed by February 15 unless the farmers have already elected to file an estimated income tax return. If an estimated return has been filed, the farmer has until April 15 to file a complete return.

Farm business income and expenses should be included on Schedule F of Form 1040. Gross agricultural income includes receipts from crop and livestock sales, legislative program payments, qualifying patronage dividends, cash rental income and crop insurance proceeds.

On the other hand, farm expenses such items as hired labor, repairs and maintenance taxes, crop insurance premiums, interest on mortgages, cash rent payments, conservation costs, feed, seed, fertilizer, fuel, oil and other purchased supplies, storage costs, record books, qualifying farm organization dues and marketing and advertising costs.

Investment credit restrictions were relaxed after March 9, 1967. Qualifying credit may be claimed subject to the limitations covered in the "Farmers Tax Guide" which indistinctly, is available at the County Extension Office.

Breeding livestock held over for one year may qualify for capital gain treatment. In this case, only one-half of the realized gain is included as taxable income. Schedule D in the tax guide offers additional examples.

Qualifying soil and water conservation expenditures can be claimed up to 25 percent of the gross agricultural income from farming. Any excess can be carried into succeeding years.

The farmer may elect to include land clearing expenses incurred to make such land suitable for farming. This amount cannot exceed \$5,000 or 25% of the taxable farm income, whichever is less. Any excess expenditures must be capitalized. This election applies only

in the year for which it was made.

Personal expenses may be itemized if they are greater than the standard deduction allowed, explains the agent. Such items as contributions, interest on personal loans, personal property taxes and medical and dental expenses are examples. The minimum standard deductions may be used where beneficial.

February 12 is the last day for ordering windbreak seedling trees from the Texas Forestry Service. The seedling cost \$1.50 per hundred and several different species can be ordered. One of the most popular in this area is the Red Cedar.

Order blanks are available from the county agent's office in Floydada.

Mark February 22 on your calendar as this is the date set for the 20th annual Soil Fertility Day. The event will be held in Lockney. Speakers are being selected now and plans are being made for the event.

## Captain Conner Begins Training At German Post

HOHENFELS, GERMANY (AHTNC) Army Captain Roger N. Conner, son of Mr. and Mrs. James R. Conner, Route 2, Lockney, began a month of intensive field training Jan. 3 with the 4th Armored Division near Hohenfels, Germany.

The exercise, which is being conducted under winter combat conditions, includes training in assault tactics, cover and movement, camouflage and weapons firing.

Capt. Conner, whose wife, Waltrud, is with him in Germany, is a supply officer assigned to Headquarters Company, 2nd Battalion of the division's 51st Infantry near Hohenfels, Germany.

He received his commission through the Reserve Officers' Training Corps program at West Texas State University, Canyon, where he received his B. S. degree in 1963.

**LIBRARIAN**  
FROM PAGE 1

letters by Mrs. Hull in the case of "Trail Dust," one to the publishers and the second to the Matador Tribune.

Then, following the order, the book was received to begin its "trail" through an unchanging process before being checked out by the first reader.

Upon receiving a book, Mrs. Hull first writes in pencil on the back of the title page, the date the book was received (12-12-67), the source (Matador Tribune) and the initial price (\$3.85).

Then, the book is classified under the "Dewey Decimal System." Every business has its "Bible"... the Dewey Decimal Classification, 9th Abridged Edition, is the book used in the case of the Floyd County Library and many others.

Under the Dewey System, a worldwide scheme of filing books in libraries, Trail Dust is given the number "080" which is reserved for "general collections and anthologies," and followed by the first three letters of the author's name (Mea).

Next step is the filing of Trail Dust in the "Accession Book," a record kept by all libraries of the books they contain. Here the book is given a number (17,844 in the case of Trail Dust) and the author, title, publisher, year, source, cost and other remarks are made.

Then the book is rubber stamped "Floyd County Library" in five specific places. Cataloging of the volume is next and requires 10 separate cards for the Floydada copy and six more for the Lockney copy.

Then the cards are filed in two separate files according to author, title and subject matter, plus a "shelf card" for the library's files.

Then the date due slip is pasted in the book along with the checkout card and a memorial plate if the book is being dedicated to someone by a donor.

Next, a lettering instrument called a "stylus" is heated and the "spine" of the book is lettered "080 Mea" along with a label which is placed on the book's paper cover at the same place.

The paper cover is then covered with a plastic overlay, the cover and overlay placed on the book.

The book is now ready for its place on the shelf and ready to be checked out. In the case of Trail Dust, it's "place" is on the top left-hand shelf of the first row in the adult non-fiction section, 29 books from the northwest end of the row.

All this is quite a chore... especially when you consider that Mrs. Hull is generally responsible for completing all the work done on every book purchased by the library.

And, it doesn't stop here... the book is then checked out over and over again, each time requiring more recording and notations.

Trail Dust and other volumes in the library may be checked out for a two-week period, then renewed twice for the same time period, giving the reader up to six weeks to read the volume.

If the volume is not brought back on time, a 2¢ per day fine is charged... meaning more records for Mrs. Hull to keep.

One of the longest "overdue" volumes which was finally returned to the library that Mrs. Hull remembers since she became librarian in July of 1953 was "The First Bow and Arrow," a juvenile volume checked out on January 11, 1954.

According to records of the library, the book was counted as lost and discarded from the Accession Book record in December of 1954, missing more than a year.

More than seven years later, in March of 1961, the book was returned to the library after being found when the old Center School was torn down.

The book was re-entered on the Accession Book of the library and again graces the shelves in the juvenile section of the library.

At present, the library contains 20,593 books including 680 new ones added in 1967 and is one of the best county libraries in West Texas.

# Farm Bureau Schedules Open House February 14

The Floyd County Farm Bureau will formally open their all-new \$20,000 office facility Wednesday, February 14, with an

"open house" on that day from 10 a.m. until 3 p.m., Farm Bureau President Neal Bertrand has announced.

The Farm Bureau actually moved into the new office at 101 South Wall on January 20, but is slating the special opening to invite everyone in the area to "come by and see our new office."

Containing 1,920 square feet of floor space, the new building is quite an improvement from their former office at 325 East Houston. They had been housed in the former facility for about six years, first having an office in the Federal Land Bank building.

On the day of the open house, the Farm Bureau has slated a dinner for the state Farm Bureau directors, local officials, area press and others.

Speaking briefly at the dinner will be Craig Thomas, executive assistant to Texas Farm Bureau's president.

Refreshments will be served visitors during the hours of the open house.

**NOTES**

LIGHTHOUSE ELECTRIC COOPERATIVE, INC.  
MARY PHILLIPS, HOME ECONOMIST

February is a good time for tidying-up. The weather is usually dreary and straightening out drawers and closets is sometimes a good way to keep busy.

Remember that one person's trash may be another's treasure. Churches and charitable organizations are often able to make use of an outgrown dress or the yard goods you've never had time to make up. And, your local hospital will welcome your once-read paperback books, which will probably yellow and turn brittle if you put them away on a bookshelf.

Make it a point, too, to climb up and look on the topmost shelf of your closet. That silver bonbon dish or filigree vase you haven't used in years will probably make someone else happy at a club auction.

Because the purpose of dust ruffles is to protect bed frames and springs by catching dust, they need to be laundered often. It's no longer any trouble to do up even full ruffles since they now come in durable press fabrics which iron themselves in a dryer.

A casserole in the oven will give you even more time to work on that "early" spring cleaning. Try this one if you are tired of some of your recipes.

**"More" Casserole**

- 1 tablespoon shortening
- 2 onions, chopped
- 1 green pepper, chopped
- 3 buttons garlic
- 1 pound ground beef
- 2 cups solid-pack tomatoes
- 3 tablespoons chili powder
- 1 cup water
- 1 4-oz. can mushrooms, pieces and stems
- 1 package frozen English peas, cooked
- 2 cups whole-kernel corn

Salt and pepper to taste  
10-oz. pkg. spaghetti  
2 cups grated sharp cheese  
Melt shortening and cook onions, pepper, garlic lightly, but do not brown.

Add meat and cook until it browns. Add tomatoes, chili powder, and water; cover and cook over slow heat for 30 minutes. Add mushrooms, cooked peas, corn, salt and pepper. Add more seasonings to taste, if necessary.

Add cooked spaghetti to sauce and blend well. Fill greased baking dish half full, cover with half the cheese, then add the remaining spaghetti mixture and cover with remaining cheese. Bake 25 to 30 minutes in a preheated oven.

(For a small family, make two casseroles and freeze one before baking.)

**SWEET SLAW** is a busy day salad that goes well with the above casserole or most anything.

- SWEET SLAW**
- 1 small cabbage, shredded
- 1 stalk celery, sliced
- 2 onions, chopped
- 3 green pepper, strips
- 1/4 cup margarine
- 1 egg yolk
- 1 tablespoon flour
- 3/4 cup sugar
- 1 teaspoon salt
- 1 teaspoon turmeric
- 1/2 cup vinegar

Mix together the flour, sugar and salt; put ingredients in top of double boiler in order listed. Stir lightly every minute. Cook about 15 minutes. Cool, refrigerate so it will crisp up. Keeps for days and days.

## Farm Bureau Membership Continues Through February

Governor John Connally has designated the 29-Feb. 4 as "Farm Bureau Membership Week." The period officially kicks off the Texas state-wide 1968 drive for new members. The largest state Farm Bureau in the nation, with 1,000,000 families, has a goal of 112,000 members for 1968.

In his proclamation, the Governor paid tribute to the productivity of today's farmer and rancher, and the high standard of living is, in part, due to their efficiency.

Here are excerpts from his proclamation: "Agriculture is vital to the economic well-being of our state and Nation. About 40 percent of all Texans depend on agriculture, either directly or indirectly, for their livelihood."

"Operating under a system of freedom, and with the latest in technology, the American farmer produces a marvel of the world. Because of this, the American family spends less than one-fifth of its income on food. Americans enjoy the highest standard of living in the world."

"Farmers and ranchers, through their organized efforts, have sought a voice in State affairs in order to secure economic, and educational improvements for themselves and their living from the soil."

## Mothers' Raise \$723.30 Monday

Mothers' March of Dimes volunteers collected \$723.30 in their Floydada march Monday night, according to Mrs. Bernie Parkey, Mothers' March chairman.

Mrs. Parkey, who says she "feels the drive was very successful," expressed her thanks to each of the 33 volunteers who conducted the door-to-door campaign, especially thanking Mr. and Mrs. Harry Morckel who provided refreshments for the workers as they gathered at the Lighthouse Electric meeting room after the drive.

Another portion of the March will be paid by Lighthouse Electric Cooperative, Henry noted. Each entrant will be required to give a five to eight minute talk on the subject "Rural Electric Cooperatives - Helping Texas Grow" and answer one or more of 50 questions asked by the judges.

The oratorical contest will be judged on the basis of (1) knowledge of subject - 40%; (2) speaking ability - 30%; (3) poise - 10%; (4) personality - 10%; (5) appearance - 10%.

Interested young people may obtain an official entry blank from their school or the offices of Lighthouse Electric Cooperative. The deadline for submitting entries will be February 10, 1968.

As participants in the Electric Cooperative Tour, local contestants will travel by chartered Washington, D. C.

The preliminary study of water import possibilities was launched in 1966 by the Bureau of Reclamation and was broadened in 1967 by Mahon's Appropriations Committee to include the Corps of Engineers in order to achieve proper coordination of the study.

Mahon reiterated that the importation of water into the area was a long-range proposition that will require the coordination of many interests. Mahon indicated that the increased amounts of budget would provide a significant step toward the completion of this study. The study is currently scheduled to be completed in 1972 and Mahon expressed confidence that proper planning taken at this time to move forward.

## 4-H's Honor Field With Party Thursday

More than 100 Floyd County 4-H Club members, parents, and leaders gathered Thursday night to honor John Fields, Floyd County Assistant County Agent who has been transferred.

Fields will assume duties as Carson County Agricultural Agent in Panhandle on February 1.

Sponsored by the Floyd County 4-H Council, Fields and his wife, Erma, were presented "going-away" presents including a Stetson hat from the council.

Individual county clubs also presented gifts including shirt and coveralls from the Harmony 4-H, gift certificate from the Lone Star 4-H, shirt from the Cedar Hill 4-H and gift certificate from the Floydada 4-H.

In charge of planning the party were 4-H members including Donna Schulz, Willie Patterson, Paula Gipson and Lindsay Lovell.

The party was held in the Lighthouse Electric meeting room with refreshments and recreation completing the evening.

## Craig, Jordan Will Make Trip To Honduras

Dr. Charles Craig and Dr. Jack Jordan, Floydada dentist and physician respectively, will make another of their short-term dental and medical mission trips this year.

The two men will leave February 10 by plane for Honduras in Central America. They will return in 10 to 12 days after working in San Pedro Sula, Honduras, and in the Utila Bay Islands.

Honduras is below Mexico in Central America on the Caribbean Sea. Last year, the two men went to Guatemala on a dental mission, providing dental and medical care for the underprivileged in those areas.

The local men will be making the trip with four other men, including doctors from Oregon, Nebraska, California and Texas. Planes used are those belonging to doctors from Astoria, Ore., and Rushville, Neb.

## Technical Action Panel Discusses Housing Plan

The Technical Action Panel (TAP) members met in the Farmers Home Administration office, 107 W. California, Floydada, on January 25.

Members present were Joe Wilson, County Agent; Tom Moore, ASCS; Glen Black, SCS; Henry Barber, Vocational Agriculture; and Alfred A. Harrison, FHA, Chairman. Arch T. Fowler, Farmers Home Administration District Supervisor, Lubbock, was a guest.

The Technical Action Panel was organized several years ago for the purpose of exploring the needs of the County and assisting any civic group or community leader in community projects through technical advice.

The Floydada Development Company is working diligently to bring industry to Floyd County. During the TAP meeting Thursday, the members recognized that new industry in Floyd County could create a need for housing. Already there is a need for home improvements and better housing for low income people.

The Self-Help Housing Program of Farmers Home Administration was discussed as an aid to the housing problem that exists in Floydada and Lockney, and it was decided by TAP members to bring this program to the attention of the public. This is a program through which individual houses are built, under supervision, by families who will live in the dwellings.

Simply, it is a group do-it-yourself plan, with the guidance of a construction expert.

For additional information on low income housing, contact Alfred A. Harrison, County Supervisor, at the Farmers Home Administration office located at 107 W. California Street, Floydada.

## Income Tax Is Topic Tonight At YF Meeting

Income Tax will be the topic tonight (Thursday) at the regular monthly meeting of the Floydada Young Farmers. The meeting is set for 7 p.m. in the High School Ag Room and the public is invited.

Speakers for the program will be Jack Covington and Newell Burk, local accountants. A special presentation will be made on the Keogh Bill, a retirement plan for self-employed persons which relates to income tax.

## Stock Show Board Meeting Slated Tonight

The Floyd County Stock Show Board of Directors will meet tonight (Thursday) at 7:30 p.m. in the Lighthouse Electric meeting room.

At the meeting, a superintendent for each division of the show will be appointed, along with committees for various stock show functions. The show is slated for March 4-5-6. Travis Jones is president of the stock show board.

**HONORED WITH PARTY** - Mr. and Mrs. John Fields were honored last Thursday night with a "going-away" party by the Floyd County 4-H Council.
