Watson Named FHS Athletic Director

Preston Watson, who served as head football coach at Floydada High School from 1950 to 1959 was named athletic director and administrative assistant principal of the Floydada High School in a special school board meeting Monday morning.

Watson succeeds Bill Curry who last week resigned as head football coach and athletic director.

In making the announcement superintendent of schools A. E. Baker said that Watson would not be head football coach and that his office is still accepting applications for this position.

He said that Watson's new position would begin in the fall school term.

Following the resignation from the school system in 1959, Watson entered the insurance business in Floydada and resumed a teaching position with the school system here in the fall of 1964.

At present he is director of the Distributive Education program at high school.

Watson has an administrative certificate and has done graduate work at Texas A & M.

Evangelist singers Gene and Bobbie Moore will present some musical numbers preceding the talk.

The team visited the Rotary Club yesterday where the Rev. Robb spoke on the subject "Jesus Christ is the answer." He emphasized the world situation of man finding himself continually in war, racism problems and moral decay.

He concluded that what this world needs is more reformation and spiritual regeneration.

"Modern man desperately needs salvation today through Jesus Christ," he concluded.

The team will be at the local First Methodist Church through Sunday night. Morning and evening services at 7 o'clock.

Water Inc. Meeting Slated In Floydada

LUBBOCK - Water, Inc. officials will meet in Floydada at noon, Monday, February 26, at Rogers Restaurant. The meeting will open a membership drive for the water import organization in Floyd and Briscoe counties.

Chester W. Mitchell of Lockney, District 10 Director for Water, Inc., which includes Floyd and Briscoe counties, said "A large membership is vital to success of Water, Inc. This district needs to coordinate a drive with the other counties in this area, get it over with, and do what we can and what is expected of us as interested, concerned farmers

and businessmen."

The Floydada meeting will be the second of three area meetings scheduled for the 26th, Mitchell states. A similar meeting will be held at the Lockney Restaurant in Lockney at 7 a.m., and at 7 p.m. in Silvertown at the City Cafe.

Mitchell said that anyone interested in the organization's work to import water into the area is invited to attend. At the Monday meetings, representatives from Water, Inc. will bring those present up-to-date on current developments concerning water import proposals.

City Goes To Work On Price St. Project

Mayor Leonard Matsler called a special meeting of the Floydada City Council Tuesday for discussion of paving Price Street across the north side of Floydada.

The council voted unanimously to obtain right-of-way for building and paving the street. The State Highway Department will supply the building and paving costs.

The street would be of convenience to farmers hauling livestock to the Floydada Auction, it would route butane and gas trucks away from the four school zones, and of course facilitate traffic link-up between Silvertown and Lockney highways out of and into Floydada.

WATER FOR SHOW In other business the council voted to pipe water to the Floyd County Fat Stock show barns on the eastern edge of the city limits.

All councilmen were present except Roe Jones.

Workers selling the greatest number of tickets to the show will receive a painting by Mrs. Forrest Mickey, originator of the "Art For Heart" show. Ten paintings are also to be given away as door prizes and you do not have to be present to win. Just see that your name is on the back of the ticket and turned in before the drawing Saturday and Sunday.

Diseases of the heart and blood vessels are still American's Number 1 killer, taking 250,000 lives each year. SEE HEART PAGE 5

AWOL Soldiers Wreck Auto, Try New Hospital, And One Escapes

Two soldier boys, AWOL from Ft. Sill, Oklahoma and driving a late model automobile they stole in Wichita Falls wrecked the automobile, spent a night and day in the Caprock Hospital, and while being transferred to the Floyd County jailhouse, one escaped.

It all started Sunday when Marvin E. Himes, 18 and Albert R. Williams 17, whose homes are in California found a late model automobile with the motor running in front of a store in Wichita Falls. They jumped in and headed west on highway 70.

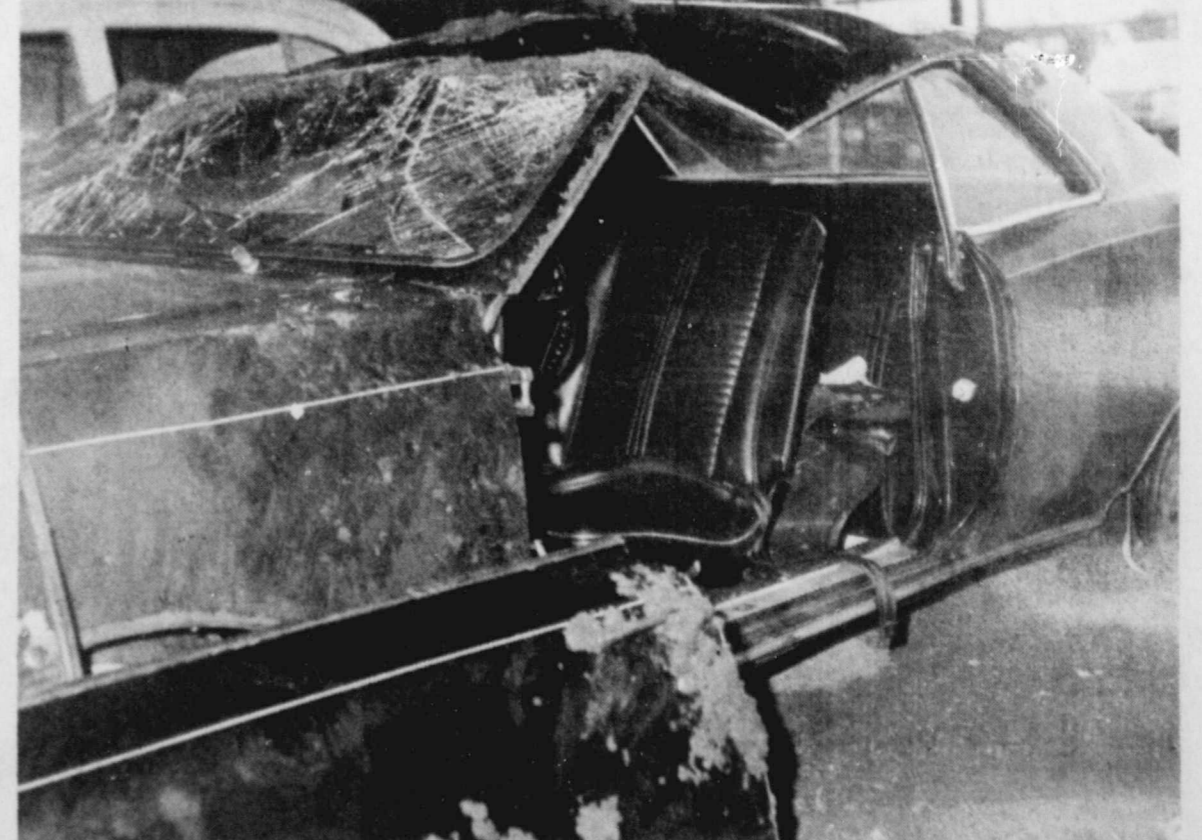

Shortly after noon Tuesday County Deputy Foster Amburn moved the men over to the courthouse from the hospital and while unloading by the jail

house, Williams took off on foot toward the Della Plains area of Floydada and at press time yesterday was still free.

He was last seen about 6:30 p.m. Tuesday on the Petersburg highway.

The county sheriff's office will hold Himes in jail here until Wichita Falls officers come after him... possibly today. Law officials over the area are looking for Williams.

Owner of the stolen automobile was in Floydada Monday to view the remains. He had just been released from the service and purchased the new automobile.

Preparations Made For County Cancer Crusade

The Floyd County Unit of the American Cancer Society met last week to continue with plans for the April Crusade. Presiding at the meeting was Mrs. Woodrow Wilson, county chairman. Attending the meeting were Dale Byerly, district representative of ACS, Mrs. Owen Thornton and Mrs. Barry Barker of Lockney, Mrs. I.H. Parks, Mrs. Sam Baker, Mrs. Jim Barnard, and Darrell Fair- es. Mrs. Barker is crusade chairman for Lockney and Mr. Fair- es is chairman for Floyd-

The kickoff luncheon for the crusade was set for March 25 at Rogers Restaurant in Floyd- ada. Dr. Eva deHemst of Floyd- ada will be the speaker.

The American Cancer Society is the leader in cancer research. Much progress has been made in the diagnosis and treatment of cancer in the last few years. Present develop- ments offer real promise that real breakthroughs in cancer research will come, hope- fully in the near future. For the present, much more money is needed to continue to sup- port the research projects of ACS as well as the other func- tions of the society which include professional education, public education and services to cancer patients.

Many people desire to make memorial gifts to the Ameri- can Cancer Society. We remind the public that in Floydada memorial gifts are received by Alma Holmes at KFLD. In Lockney memorials are re- ceived by Mrs. Barry Barker.

A very important part of the work of ACS is informing the public of the seven danger signals of cancer and other information related to the wel- fare of the public as it relates to cancer. To accomplish this ACS has available to any group many excellent films and educational materials. Study groups or clubs or any or- ganization can benefit and find program material in the ACS catalog of visual aids. The county unit urges groups to use these materials in their programming sometime during the year. If your calendar is filled now, consider these ma- terials for your next year's yearbook. For information or booking of films in Floydada contact Jewell Elza and in Lockney information may be obtained from Mrs. Owen Thornton.

Statistically, of the 14,200 residents of Floyd County, 3550 will eventually develop cancer. If present cure rates continue 2130 of those will die of can- cer. It is of course the hope that the cure rate will increase, as it has from practically zero at the turn of the century to 37% today. It can only increase through earlier detection on the part of an informed public and better methods of treatment resulting from research. Sup- port the American Cancer Soci- ety and help in the fight to win the war against cancer.

The Floyd County fund goal is \$4,000.

William Tells

BY BILL SALTER

HOPE SOME of you have missed me during the first part of the week.

Monday through Wednesday I was in Crosbyton helping to get out the paper there.

The Blessing family, pub- lishers of the Review, were called to California due to the death of a relative and asked me to help out.

But, as MacArthur said, "I shall return!"

LAST WEDNESDAY, we were rushing around trying to get the paper out when a call came in from a Floydada resident who had some long icicles hanging from the roof and that it would make a good picture.

Well, as I take most of the pictures for the paper, a note to the effect of the above call was left on my desk just before noon.

Planning to take the picture shortly after lunch, I went on home, then returned, having forgotten all about the icicles.

But, upon returning to my desk, the following ad lib was penned beneath the original note:

"Never mind, it broke!" Sorry about that...

IN READING about Tahoka's Cliff Thomas signing a letter of intent for football with Texas A&M, I couldn't help but wonder where he would have gone if his family had stayed out of the negotiations.

For my own selfish reasons (and I imagine there are oth- ers who join me), I would have liked for him to attend Tech so that we could see him play more of his games, rather than just two or three.

Supposedly, his father want- ed him to attend Tech and his mother wanted him to attend SMU, both rather emphatic about it, too!

Knowing Cliff, it wouldn't surprise me if he chose A&M to avert a family war...no one (as far as I know) in the clan having any ties to that school.

I'm confident in Cliff's ath- letic abilities and feel sure he will do well, regardless of what school he attends.

But, I still can't help but wish there had been no com- plications family-wise...then, he might have chosen Tech all on his own.

Selfish, aren't I? *****

HOPE YOU all noticed that we had an unusually "newsy" paper last week.

I know that some people did, 'cause I overheard one lady in the cafe Thursday morning say, "I got so interested in reading

all the news that my coffee and roll got cold."

Then, when she laid the pa- per down, I noticed another person quickly snatch it away and start reading.

Boy, does something like that ever make you feel good! *****

CAME UPON a copy of the Oklahoma Journal last week courtesy of Ken Ratzlaff, brother of Art Ratzlaff, Blanco's printing superintendent.

The Journal is one of the largest daily offset papers I've ever seen and is certainly at- tractive in layout, printing and design.

I case you don't know what I mean by "offset," it's the type of printing we do, in compari- son to "letterpress," the form used by the Avalanche-Journal and nearly all other daily pa- pers.

In the Journal I have, there was a column entitled "Top O' The Mornin'" which had several items in it which bear quoting:

"Attorney General G. T. Blankenship may have the an- swer to how to get the Pueblo back.

He says the U. S. ought to declare it war surplus, sell it to Israel and tell them to go get it."

"Bumper Sticker: 'Don't be a dropout - Stay in school and learn to read and riot.'"

"She told him to go to the store for a head of cabbage the other day and he asked her what size.

"About the size of your head," she told him.

Later, she got a worried call from her grocer telling her she'd better come and see about her husband - he was in the ve- getable department trying his hat on the cabbages.

I COULDN'T help but be somewhat amused over an ar- ticle I read last week in the Hale Center newspaper.

In speaking of the game com- ing up between Dimmitt and Hale Center girls, the paper said, "Dimmitt has been a po- werhouse in girls basketball for many years, and the Bob- bies' name has a magic ring in championship circles. The Dimmitt Bobbies not only are respected...they're feared."

That may be true, bit the fact remains that this is the first time they've gotten out of district in at least three years!

Sounds to me like somebody laid it on just a little bit thick... *****

I KNEW the Band Booster's Comedy Capers were going to be good...but, who would have really expected to be as great as it was!

If you missed it, you have my condolences.

WILL SNELL

The children of Will Snell will honor him Saturday, Feb. 24th from 2 until 5 p.m. with a reception in Fellowship Hall of the First Methodist Church. The occasion will be in observance of Mr. Snell's 90th birthday.

All friends and neighbors, both new and long ago, are invited to come by for a visit with the honoree.

Snell has been a resident of this area for 48 years. He and his family resided in the Blanco Community, southwest of Floydada, for more than 20 years before moving into Floydada where they lived 26 years. Snell has been residing in Floydada Convalescent Home since suffering a heart attack last October. His wife died three years ago.

observed as girls from the seven local troops wear their uniforms and endeavor to carry out at least one particular act of kindness and friendship during the day.

In each school, there will be a special devotion on peace and friendship to begin the day, or there will be thoughts concerning kindness and understanding read during the day.

A Thinking Day Tea will be held in the R. C. Andrews Elementary Cafeteria this afternoon, Thursday, at 3:45. Originating with the leaders of Brownie Troop #250, Mrs. Eddie Childs and Mrs. Mack Hickerson, the tea will feature as guest speaker Miss Karen Martin, a native of the United States now living in Mexico City.

Decorations for the occasion will center around the Mexican theme, as will the refreshments. Mrs. Fred Lipham, Troop #250, is in charge of the committee for refreshments, and is being assisted by Mrs. Wayne Collins, Mrs. W. W. Winn, and Mrs. Andrew McCulley.

Girl Scouts from other troops and their mothers have been invited to attend the very special occasion this afternoon.

Candy Strippers End Sessions

The Candy Strippers class met for their final session Saturday morning at Caprock Hospital. Senior Girl Scouts of Troop 97 have studied the Red Cross Home Nursing textbook since October of last year in preparation for volunteer service in nursing assistance.

Mrs. Billy Jordan, registered nurse, with the Migrant Health office, has instructed the course. The same course taught in Homemaking II in Floydada High School by Mrs. Alice Baker, has supplemented the lesson taught by Mrs. Jordan.

Students who may have missed any of the Saturday lessons will be given a comprehensive written examination by Mrs. Jordan.

Students will be given uniforms in a presentation in the early part of March by the Ladies Auxiliary of the Caprock Hospital. March is Girl Scout Month. Uniforms of pink and white striped cotton will be purchased from the one dollar monthly dues paid in by the girls.

Members of the troop include Anne Fawer, Jill Bertrand, Anne Hammonds, Jody Jameson, Janie Wilson, Nancy Williams, Jean Campbell, Belinda Neff, Carolyn Burton, Janet Watts and Kathy Conner.

The girls discussed an invitation from the Cadette Troop to charter a bus with them for a trip to the HemisFair. President of the troop, Anne Fawer, will distribute cases of cookies to sell, when the shipment is received next month.

Girl Scouts To Participate In "Thinking Day"

Thursday, February 22, is a day set aside in the activities of Girl Scouting for the promotion of peace, friendship, and understanding. Called "Thinking Day", this special occasion is celebrated worldwide by Girl Scouts and Girl Guides as they link thoughts around the earth, hoping that all people can be better friends and that the world may know peace.

February 22 was chosen originally as Thinking Day because it is the birthday of Lord and Lady Baden-Powell, founders of Scouting.

Thinking Day started this morning in New Zealand where the dawn of the new day first touches land. Guides in that country rose before daylight to go to the top of a mountain. They started the chain of thoughts when they first saw daylight, and those thoughts will circle the globe as the sun does this day.

In Iceland, Guides from many troops meet together, and ten Guides stand each holding a candle. The Girl Scout Laws are repeated as the candles are lighted, then everyone says, "Every Guide is a good friend and a sister to every other Guide." They close with a song of friendship.

All over the world Girl Scouts send greetings to each other on Thinking Day, and all remember this thought throughout the day, "I am a link for peace in the chain of scouting, and I must keep my link strong and bright."

In Floydada, this day is being

WELL, Emily Potts never got off the ground last Tuesday on her flight to West Point. Said she had a nice two day vacation in Big Spring waiting for the plane that never arrived. Seems it was grounded in Albuquerque due to the bad weather. Emily and some 40 other area school counselors were to fly to West Point to acquaint themselves with the academy. Tentative plans for the trip have been re-set for sometime in April.

I KNOW now what ole timers mean when they say "It use to take us all day to get up the

cap". Seems like it took us that long Saturday night coming home from Dallas. From Vernon to Crowell we drove in blinding snow and from Crowell on the highway was a solid sheet of ice. It took us nearly an hour to drive from Matador on home due to the icy conditions but of course we were driving extra careful. I noticed other drivers were doing the same.

THERE are a bunch of Sadie Hawkins Days left in this year girls, Leap Year that is; better known as when the eligible bachelor is finely caught and

has to marry his female captor. No one seems to know how the custom started but it has been traced back to Scotland as early as 1288. Law was passed there authorizing female aggressiveness during Leap Year unless he could prove he was already betrothed.

I KNOW you have heard the saying "chief cook and bottle washer". Well the title fits Cager Carmack rather nicely whether he likes it or not, and what husband likes KP duty. Mrs. Carmack is really breaking him in. She was recovering rather slowly from a broken arm sustained in a fall sometime back and Wednesday of last week she slipped and fell again and broke the other arm. I'm sure she had rather be doing her housework than putting up with a cast on one arm and an elastic band on the other.

Several people took nasty falls during the icy spell. Mrs. Carmack and Kyle Glover are the only ones we know of however who required hospitalization. Darlynn Hambricht has her knee in a cast from a fall Sunday and Ann Ferguson has her ankle, which she injured in a fall, in a cast.

SPEAKING of icy conditions I never saw so many people having trouble getting their cars away from the curbs Tuesday and Wednesday and I never saw Tommy McIntosh in so many places at once. Everytime I looked out of the office window there would be Tommy up and down the street assisting a driver in distress. One time in particular he came from his office, rushed up the street passed Martin and Co, to help a driver get their car away from the curb. His goodness paid off for the next morning his wife, Laverne, was having trouble getting her car from the curb in front of Collins Im-

plement and two men came to her rescue. Everyone was helping someone. Sure nice to live in a town such as this where one helps those in need.

FISH stories do get around and I heard Jeff Welborn caught a five and three-fourths pound black bass by using a black jiggling eel while fishing recently at White River.

LADY luck was with Dale Kincer last week. First he lost his billfold which contained money, credit cards, driver's license etc, then two days later he lost a coin purse he was using until he could replace his billfold. He thought his first loss occurred in a residential area of Floydada while he was delivering mail. Unknowingly to him he lost the coin purse in front of Johnson Pharmacy and it was found on the sidewalk by Wendell. He turned it in to Ray, who found a slip of paper inside on which Dale had applied for a new driver's license. It, along with the money inside, was returned to Dale. Then Tuesday at the Kincer home one of the youngster's pencil sled beneath a couch cushion and when he reached under to retrieve it, he also pulled out "dad's billfold". Well it was a happy ending and the only thing Dale was out was \$1 for his ad in the Hesperian asking for the return of the contents from his billfold, and the kidding he got from all his friends.

DID you hear about the woman who packed her suitcase in anger and left her husband so many times that she caught herself at the door trying to remember if she was coming or going.

THE JOHNSTON boys pulled a surprise on mother last Saturday. Ralph Jr., and Lon, students at Baylor, told Mrs. Johnston to be sure and watch the Baylor-A&M basketball game on TV, and they would wave at her. The TV camera flashed by the students and sure

enough she spotted Ralph and Lon, holding a big sign which read "Happy Birthday Mom". Emma Louise said she didn't hear if the announcer made any comment about the sign, for she was busy hollering at her two sons through the TV, "I see it, I see it", meaning she saw the birthday greeting. Us mothers... how we do get carried away sometimes. . . . daddys think we are a little bit silly when it comes to our children, but what a blessing and a joy they are. Anyway, a happy belated birthday, Emma Louise. I had one yesterday, mother always told me I was a day older than George Washington, who was born on the 22nd. How about that?????

Brother Of Dale Kincer Receives Bronze Star

Sgt. Denny L. Kincer, who returned to the United States Dec. 17 from a year's service in Vietnam, recently received the Bronze Star Medal with "V" for Valor. He had already received the Vietnamese Campaign Medal and Vietnamese Service Medal. The soldier is the brother of Dale Kincer of Floydada.

In a release from the government, the commendation read in part: "Technical Sergeant Denny L. Kincer distinguished himself by heroism while engaged in ground operations against an opposing armed force at Nha Trang Air Base, Republic of Vietnam on 26 November 1967. On that date, as a result of hostile mortar barrage on Nha Trang Air Base, one aircraft was set afire with many aircraft damaged and leaking fuel. Sgt. Kincer responded to the call of duty, and disregarded the inherent dangers of the spreading highly explosive fuel and unexploded ordnance, extinguished the burning C-130 aircraft. His meticulous attention to details saved the remaining aircraft that were parked nearby. By his heroic actions and unselfish dedication to duty, Sgt. Kincer has reflected great credit upon himself and the U. S. Air Force."

During Kincer's entire tour in Vietnam, he devoted his off duty time for the construction of an orphanage.

The son of Mr. and Mrs. L. T. Kincer of Slaton, he is a 1955 graduate of Slaton High School. Kincer entered the service in 1955. He has four children, Mike, 9; Cindy, 8; Karen, 5; and Denise, 2.

Letter To The Editor

Dear Wendell,
My first inclination was to write letters to several individuals, but then I decided that I'd like the whole community to know what I have to say about the Band Boosters' show last week.
First I'd like to say thank you to the whole town for the wonderful way you supported the show, both in numbers and in enthusiasm. Second, thanks to the whole cast for the time they gave and the risk they may have run of destroying their "image" or alienating their families! Third, a sincere thank you to the many people who did a great deal of work behind the scenes--the Neal Bertrands for taking care of the Cracker Jacks, Mrs. Preston Watson for her help with make-up, the ladies who sold advance tickets in the grocery stores, the band members who sold tickets and also helped in other ways. Also an apology to Miss Joni Fitzpatrick who accompanied some of the musical numbers and whose name was inadvertently left off the program.
But most of all I want to clear up a misrepresentation. In all the excitement of receiving the lovely flowers and gifts Saturday night I couldn't think fast enough to make clear that although I was getting all the recognition, I had done only a fraction of the work. My biggest vote of thanks goes to the planning committee: Mrs. Andrew McCulley, Mrs. Ed Wester, Mrs. Fred Martin, Mrs. Bill Stanforth, Mrs. R. G. Dunlap, and Mrs. Kinder Farris. Words simply cannot express the complete cooperation of this group, their wholehearted willingness to do whatever needed to be done, and just the plain fun of working together.
All in all it was an experience I'll never forget and I thank you all again.

Mrs. Jack McIntosh

Dear Mr. Tooley,
I am writing to let you know I sure appreciate your sending the Hesperian to me over here in Viet Nam. I am late in writing, but time has been scarce.
The paper helps to keep me informed of what happens at home. I never knew how much I appreciated the small things of life. I just pray to God that I can do my part well so no one else has to come over here.

Yours truly,
Larry Guthrie

Making The Drag

BY SUZANNE GUTHRIE

Can you believe it? F.H.S. turned out 2 days last week because of the weather. It was great fun.

F.T.A. officers were elected for next year and they are: President, Keith Norrell; Vice President, Sheila Taylor; Sec.-Treasurer, Brenda Mathis; Historian, Janet Watts; Parliamentarian, Joe Kimble; Reporter, Kelly Smitherman.

I'm sure F.T.A. (Future Teachers) will be as good next year as it was all this year. I congratulate each of these new officers. They are leaving today for Dallas for the F.T.A. Convention.

Student Council elections were postponed until next week. We had a Southern Assembly last Monday. It was really good. Everyone enjoyed it.

The "Whirl Staff" did a great job on the Valentine "Whirl." Be sure and compliment them on a job well done.

Mr. Eudy gave the high perfect typist in each of his classes a small box of Valentine candy. They are Victor Smith, Gale Campbell, Tommy Farris and Suzanne Guthrie.

Last week the juniors didn't get to order their senior rings but they finally ordered them Tuesday.

The Whirlettes rested for two weeks and now we're back at the old grind, working hard every day. We're all determined to WIN STATE next year!

Say, if you missed "Comedy Capers" you really missed something. It was great. Now we all really have something on some of our teachers, Miss Swepston, Coach Wylie, and all you others who dared to perform. The money they raised will send our "Whirlwind" Band to Brady March 1, to a band festival.

Emerson once said "All sunshine makes a desert." You know if everything went just like we wanted it to, we wouldn't appreciate it at all. If we had all happiness and no sadness, then we wouldn't be able to appreciate it. Being able to accept life as it is, is very hard, especially for us as teenagers.

You see, it would be so nice for us to look on everything as fun and joy, but we are trying to learn how to live in this world as it is. We're all trying to learn how to live and combat world happenings like Vietnam, and many others. And, also, many of us are trying to defend our generation, because some of them are daring to be different. I'm not saying that I agree with rioting and hippies because I don't. What I am saying is this: I don't think all teenagers should be judged by the acts of a few.

Remember, everyone is an individual. Accept them for what they are.

Kenneth Griffith et ux to Harold Griffith, an undivided one-eighth in and to the south one-half of section 20, block B-4, all of the north 92.93 acres in survey 1, block C-9.

Star Farmer Is Honored At Lockney

By MRS. MAX MARBLE

Bob Lane, a 35-year-old farmer-stockman, was recognized as Lockney's Star Young Farmer to climax the eighth annual Young Farmer's Award Banquet Saturday night. The 7:30 p.m. banquet was held in the high school cafeteria with Eddie Joe Foster, retiring president serving as master of ceremonies. Charlie Boedeker, a local farmer and Young Farmer supporter, made the Star Farmer presentation.

Lane moved to a farm just north of Sterley in the late 1950's. His registered Hereford cattle offer his two sons, J. H. and Glen, an opportunity to be 4-H Club work. The young boys are to show animals at the local and county shows in March. This is Glen's first year in 4-H but his brother has won numerous ribbons with his Dad's assistance.

Lane has held several offices in the Lockney Young Farmer Chapter, including president. He attended West Texas State University in Canyon and holds membership in several farm and cattle organizations. He farms one section of land.

Mrs. Lane, the former Wanda Gilbreath, is parliamentarian of the Lockney Young Homemakers and has served as den mother for Cub Scouts. The family attends the First Baptist Church.

OTHER AWARD WINNERS

Retail Stores In Floyd County

Feb. 10 - According to the latest tabulation, Floyd County has an average of 265 people per square mile. It supports and more stores than communities across the state. In which one or more are employed. There are an estimated 182, equivalent to one store for every 81 people. The proportion is high. In some parts of the country, there is only one store for about 265 people. The average in the United States is one for every 114 people. In the State of Texas, it is one for 111. Nationally, there are fewer retail outlets today than there were 10 years ago. At that time, the total throughout the country was 1,897,000. Now it is 1,737,000. The trend in recent years has been toward chain stores and large shopping centers. It has resulted in the consolidation or elimination of many small units. The net effect is that there are fewer places than formerly for a family to do its shopping. But the majority of them are bigger, better stocked and more diversified than those of a decade ago. Despite the trend toward big business, however, individual enterprise has not been completely stifled. Each year in the United States there are thousands of persons who strike out on their own, putting their savings and their efforts into new retail ventures. Unfortunately, some of them are inadequately prepared and under-financed and they fail to make the grade. Among the Floyd County stores that have employees, the Commerce Department lists 14 food shops, 16 eating and drinking establishments and 26 automotive dealers and service stations. There is no break-down for stores with no employees. The volume of business done by local stores has been in the increase, the reports show, notwithstanding changes in number of outlets. Preliminary estimates for the past year indicate total sales of \$24,895,000, as compared with the previous year's \$24,123,000.

South Plains News
BY MRS. MURRAY JULIAN

SOUTH PLAINS, Feb. 19 - Rev. and Mrs. Charles Conger and sons, Brent and Bentley, joined a group of Boy Scouts, from Troop #221 of Plainview, Friday noon, and went with the fifty boys and eight other couples who sponsored the trip, to Carlsbad Caverns in New Mexico. They all spent the night at Lor Lodge in Carlsbad, and Saturday morning they went through the beautiful Carlsbad Caverns. The Congers returned home Saturday night, and encountered much ice and slippery roads all the way home from Hobbs this way.

L. N. Johnson has been on the sick list the past week, suffering with bad headaches.

Snow began falling in our area Monday and most of our people were snowed in during the past week, from Tuesday on. There was no school here Wednesday and Thursday, but Friday roads began to be passable again. Over the weekend there was more fog and ice, and sleet fell Saturday. Cold, foggy Sunday kept many home that day. Temperatures fell to 18 degrees here, and Tuesday it did not rise above 25 degrees. Snow fell to around five inches in our area.

Congratulations and best wishes to Mr. and Mrs. Nathan Mulder on the birth of a daughter, a Valentine baby, born at 1 p.m. February 14, at the Medical Center in Plainview. The baby has been named Penelope Lynn. She weighed seven pounds and nine ounces at birth. The Mulders have another girl, Cindy, who is almost two. Proud

grandparents in our area are Mr. and Mrs. Arby Mulder. Several from our area attended Open House at the Floyd County Farm Bureau's new office in Floydada last Wednesday. Everyone here is proud for the firm.

4-H Club members and their parents are cordially invited to be at the Fellowship Hall of the South Plains Baptist Church Friday night at 7:30 for a meeting of the Club. A group of 4-H members from Floydada will bring the program for the evening. Mrs. E. J. Kinslow, leader, is hoping all members and their parents are present.

Regina, oldest daughter of Mr. and Mrs. Richard Sanders, is confined at home with chicken pox.

Mr. and Mrs. Roy Bledsoe went to Dallas Friday to spend the weekend with their son, Bill, who is a student at Baylor School of Dentistry at Dallas. They returned Sunday evening.

Mr. and Mrs. Sylvain Kinnibrugh and Beth went to Truscott for the weekend with her mother, Mrs. J. R. Spivey, and with her sister, Mr. and Mrs. W. S. Simmons. Mrs. Paul Horne of Gilliland is here visiting with Mr. and Mrs. Teddy Horne and Melissa of Plainview.

Guests at Sunday dinner with Mr. and Mrs. Fred Fortenberry were Rev. and Mrs. Charles Conger, Brent and Bentley.

Young women of the South Plains Baptist Church met at the home of Mrs. Early Pritchett Tuesday morning for Bible Study in 2 Kings, with Mrs. Kendis Julian leading the study. Those who attended were Mrs. Philip Smitherman, Mrs. Keith Marble, Mrs. Glen Wood, Mrs. Dean Stewart, Mrs. Buck Ford, Mrs. Travis Young, Mrs. Kendis Julian and hostess, Mrs. Early Pritchett. Refreshments were served after the Bible study.

Due to bad roads, only fifty-one were at the South Plains Baptist morning services. There were no services held Sunday night due to the same conditions. Tuesday WMU will meet for Royal Service and also Bible Study, as last week all meetings were postponed due to the weather.

Mr. and Mrs. E.J. Kinslow and boys are attending the revival meetings this week held at the First Methodist Church in Floydada with Ed Robb and his group as evangelist. Meetings are beginning at 7:30 each evening.

Miss Rita Taylor who attends Texas Tech was home over the week end with her parents, Mr. and Mrs. Ursel Taylor and her brother, Ray. A house guest with her for the weekend was

Miss Melita Bailey from Amarillo, who also attends Texas Tech. They all celebrated the birthday Sunday of Rita's father, Ursel Taylor.

Mr. and Mrs. Murray Julian went to Floydada Friday night to attend the dinner given by the Water Board at Rogers Restaurant. Fifteen Water Board members, guests and wives attended the dinner. Thomas McFarland of Lubbock led the discussions after the meal.

Mrs. Bruce Whutlock of Lockney is still in Methodist Hospital in Lubbock but family members seem to feel she is improving, as is Mrs. F.L. Marble, who is still hospitalized there.

Guests for dinner and the afternoon Sunday with Mr. and Mrs. Kendis Julian and girls were Mr. and Mrs. Ken Roberts and Mrs. Poynor Roberts all of Floydada.

Among the fifty men who went to Falcon Lake from Lockney, South Plains and Sterley on this past Saturday were Glen Woods, Ronald Kitchens, Mike Woods, Garvin Beedy, Sylvain Kinnibrugh and Eugene Beedy all of Floydada, and they are expected home Wednesday.

They visited Saturday night until Monday afternoon in the home of their son, Mr. and Mrs. Terry Julian, Dee and Dickie. Other guests at the Althof all day gathering were Mr. and Mrs. Harold Althof and boys, and Mr. and Mrs. Richard Young of Abilene. The country around there has had wonderful rain, and it rained during the entire week end.

They all attended church services Sunday at the First Baptist Church in Roscoe.

A frequent concern of parents is how to discipline their children.

Understanding the purpose of discipline makes it easier for parents to choose the kind best suited to different situations. Yet parents often are concerned about who should do the disciplining, when it should be done, the best methods to use, and how discipline can best be used for the good of the child.

There are five major purposes as guides to parents in making decisions regarding discipline.

1. Discipline helps the child learn right from wrong. Good discipline is not only corrective but it also is a means of guidance, teaching the child what is allowed and what isn't. The child learns through his parents the patterns of behavior which are socially acceptable and others disapproved by society.

2. Discipline helps the child develop a sense of values. He learns the things his parents value and views with disfavor those things which they disapprove. Through this, he learns certain ideals and acceptable ways of striving toward them.

3. Discipline is a means of building character. As the child learns the values and ideals acceptable to his parents, these become part of his character. Discipline helps to guide the child in this growth—like training a rose to climb a trellis.

4. A child learns internal control through discipline. It helps the child to "build" accepted patterns of behavior into his personality. He learns to act in the way he is taught.

5. Discipline sets standards and boundaries. The child therefore can develop feelings of security and trust within these boundaries. If the discipline is too strict, the child will either become cowed or rebellious. If it is too lenient or permissive, he will not learn what is required of him.

In either case, the child is likely to become insecure since he can't trust his parents to support and guide him in his struggle toward acceptable patterns of behavior.

Several Floyd County people will attend a regional election law workshop in Canyon February 28. The meeting will be held in the ballroom of the student union building on West Texas State University campus.

The purpose of the workshop is to formulate programs and working materials for conducting schools of instruction for election judges and clerks in the individual counties.

A preliminary draft of a handbook for election judges and county clerks, which will be discussed in detail will be distributed at the meeting. These area schools are held to acquaint judges and clerks of former elections with a number of important changes in the law as well as to instruct new election judges and clerks in their duties.

Floyd County persons who plan to attend the meeting include: John Farris, Mr. R. G. Morris, Mr. and Mrs. Billy Colston, Mr. and Mrs. Carmel Eastham, David Battey Jr., Don Probasco and Mrs. F. M. Marquis.

Guest Editorial

An out of state visitor in our office the other day gave us some food for thought.

"Everywhere I go," he said, "I find towns such as Tullia beating the drums for 'industry.' But what I don't understand is this... these towns are sitting right in the middle of the greatest industry on earth... agriculture... and not one thing is being done by the towns to promote the prosperity of agriculture!"

He wanted to know when smalltown merchants, the Chamber of Commerce, civic clubs, industrial foundations, had ever put forth a militant effort to help the farmer get even parity of income, which is nothing more than his fair share of the economic dollar.

He wanted to know when a town had studied the problem of guaranteeing a farmer his cost of production plus a reasonable profit, something that business and labor are both guaranteed.

He wanted to know when business groups had united with the farmer in seeking needed farm legislation.

Then he answered his own questions. He observed that the smalltown merchant had been brainwashed by pro-business news media which have convinced him that high farm prices are his enemy instead of his friend. He has been brainwashed into believing that "high priced" wheat means high priced bread, that "high priced" cotton means high priced clothing, that "high priced" milk, cattle, vegetables, mean high prices in the grocery store.

He said that the protests against high food prices in Denver some months ago were initiated not by the women involved but by groups back East interested in holding down the cost of farm products.

Vast majority of Americans have been brainwashed into thinking that food and clothing prices are determined by the price paid farmers for what they grow. They have never been told that the price of farm products could be doubled without materially affecting the cost of the finished product due to the fact that those who handle the products after they are out of

Mrs. B.P. Neff is in the Crosbyton Hospital where she had surgery last week.

Friday morning Mr. and Mrs. W.M. Hambricht went to Plainview where they visited Dr. and Mrs. R.E. Cogswell. Friday afternoon they went on to Olton where they visited Mr. and Mrs. John Hambricht and Mr. and Mrs. Hugh Alexander.

Mr. and Mrs. Jerry Leatherman and children, Stacy and John of Floydada, were Sunday dinner guests of her parents, Mr. and Mrs. Floyd Anderson.

In the afternoon all of the above named went to Crosbyton to White River Lake for an outing.

Saturday visitors here with Mr. and Mrs. Fred Jones were Mr. and Mrs. Merle Lambeth of Goree and Mrs. Lois Howard of Wichita Falls. Mmes. Howard and Lambeth are sisters of Fred Jones.

We are sorry to report that Verlon Wright was injured in an accident last week while working with a cotton pulling machine and is a patient in the Lockney General Hospital. He is the brother of Mrs. B.P. Neff.

Mrs. Edd Robinson has been a patient in Crosbyton Hospital since last Wednesday. She is doing fine at this time. Her sons Dale Robinson of Fairfax Virginia and Raymond Robinson of Houston were here Thursday until Sunday visiting her and other relatives in this area.

The nice snow that fell Monday night was wonderful.

Mr. and Mrs. Howard Bishop and family were Sunday dinner guests of Mr. and Mrs. Riley Teague.

Mr. and Mrs. Doyle Mount of Floydada visited Sunday afternoon with Mr. and Mrs. Howard Bishop.

the farmers' hands are the ones who determine the price of the finished product.

There is only about eight cents worth of cotton in a \$7.50 cotton shirt. If the price of cotton doubled and the total was passed on to the consumer, it would up the price to only \$7.58.

But that isn't the way things work. When steel was upped \$7 a ton, automobile manufacturers used it to up the price of cars \$77 a ton. Or when they added a \$1.50 safety device to cars due to legislation, they upped the car price \$25.

When wheat was \$3 a bushel, just after World War II, bread was selling at 16¢ a loaf.

But even if paying the farmer a fair price for his produce meant higher cost of living, is that a valid reason for not doing it? Higher wages and higher steel prices up the cost of living, but are higher wages and higher steel prices denied in order to keep down the cost of living?

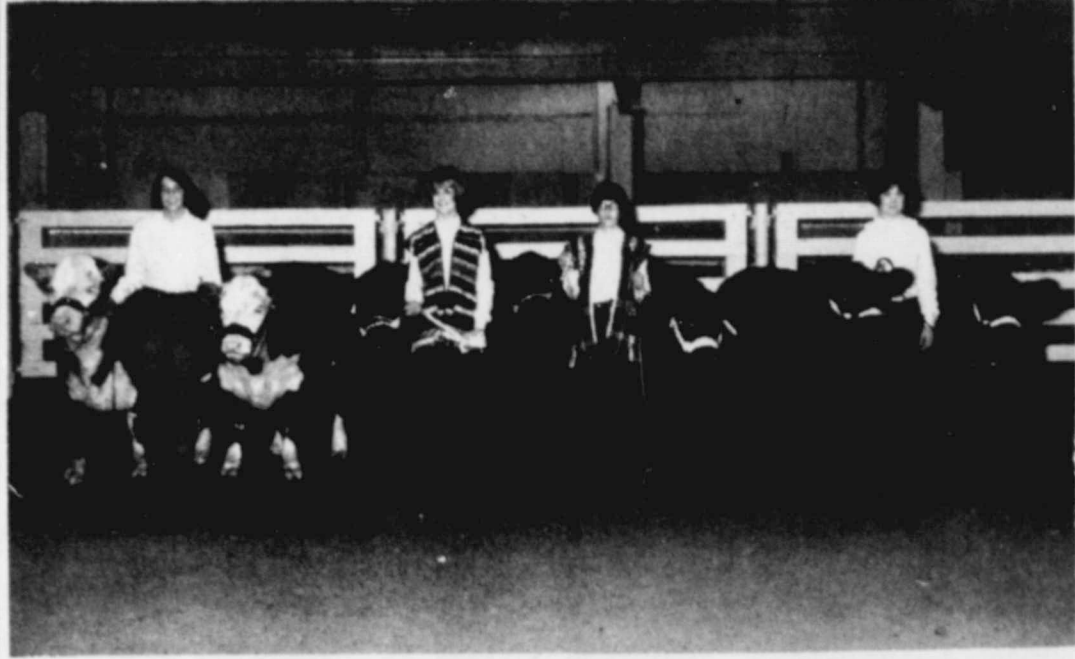

Why isn't the farmer entitled to the same consideration granted industry and labor?

If consistent farm prosperity is to be achieved, the farmer must have help. There just aren't enough farmers to do it alone. They must have the help of small town merchants who are in the same boat with the farmer. Tullia's prosperity is 100 per cent dependent upon the prosperity of Swisher county farmers. If we added the farm vote to the vote of American farm communities, it would be much more potent than it now is.

Most any town would go all out to protect its one industry. We must realize that farming IS industry, that it is capable of promoting community growth as much or more than an automobile plant that poured \$30,000,000 annually into a town's economy. They can move the automobile plant... but they can't move the land!

It means much more to a Tullian's prosperity to have prosperous farmers in our area than to limit the farmer's buying power in order to save a dime on a man's shirt or a penny on a pound of beefsteak.

Statistics Show Air Travel Safer Than Auto

According to the most recent statistics, air travel is one of the safest methods of transportation. Last year the fatality rate on scheduled United States air lines was 0.07 per 100 million passenger miles, as compared with 0.16 for railroads, and 2.4 for autos. One airline has never had

an injury or fatality to passengers over two billion miles.

If 15 million people were to take showers you could expect a few to slip on the soap.

Volume of airmail rose last year.

Growers bought every pound of Planavin® Herbicide they could get their hands on last season. Read why.

Planavin® is the cotton-soybean herbicide that gives you more than your money's worth.

Shell's Planavin® Herbicide gives you more than just excellent preemergence control. Nothing on the market does a better job.

It had to be more than just another good weed killer in order to break in against established competition. Growers found out how good last season. Planavin proved itself under the worst weather conditions in years. It held the fort against most annual grasses and many broadleaf weeds—right through the early period when control really counts. Growers got what they paid for—freedom from weed problems during the time when weeds can strangle young cotton and soybeans. Plus a sound control base that makes season-long control programs simpler and more economical.

Planavin also gives you a bonus. It frees you from immediate incorporation. Takes the pressure off. And it can save you hours of application time.

With Planavin you can spray by ground or air. You can use large rigs, wide booms. Covering large acreage fast saves you hours. There's no waiting for incorporation equipment to catch up. No downtime for custom applicators. The reason? Planavin doesn't require immediate incorporation. You can take your time. Even a few hours of exposure to air and sun won't wipe out your weed control when you use Planavin. Note: When you do incorporate, keep it shallow—no deeper than 1 to 1½ inches. Don't bury your Planavin below the sprouting weeds.

Get Shell's Planavin® Herbicide early—to keep the pressure on weeds and off you. Shell Chemical Company, Agricultural Chemicals Division: Suite 500, First Bank and Trust Bldg., Richardson, Texas 75080

Congressman Mahon Seeks Maintenance Of Boll Weevil Barrier

WASHINGTON, D.C. - Representative George Mahon reports from Washington that the President's budget contains \$408,000 for the continued maintenance of the boll weevil barrier along the eastern fringe of the Caprock. The program has been underway for several years, the purpose being to prevent the migration of the boll weevil westward into the South Plains and cotton producing areas in the western United States.

Mahon said he was confident that the Committee on Appropriations, which he heads, will support the necessary funds for the continuation of the program. The program is a joint effort by farmers and the government, farmers sharing in the cost of maintaining the barrier.

The funds requested would carry the program at the same level as last year. United States Department of Agriculture officials are highly pleased with accomplishments.

Church Group Meet At Vernon

Preparations are underway for Jehovah's Witnesses in the area to attend a three-day convention in Vernon, February 23-25.

Approximately 450 delegates from the Caprock south to Lubbock and surrounding communities are expected to attend sessions to be held in Wilbarger Memorial Auditorium.

According to C. W. Hall, spokesman for the group, assemblies of this type are held semi-annually and the purpose is to train Jehovah's Witnesses in their ministry by emphasizing Bible principles regarding integrity, truthfulness and honesty.

The program will include morning, afternoon and evening sessions devoted to Bible talks, discussions and dramatizations with delegates from the local congregation participating. There will also be a baptism of new ministers.

Announcement was made of the upcoming event by Robert White, new traveling minister for Texas Circuit #9, co-sponsor of the Christian gathering, along with the Watchtower Bible & Tract Society. White will be a tri-annual visitor to Plainview as well as being one of the main speakers for the Bible seminar.

The main lecture will be on the subject "Why Does God Permit Wickedness?", which will be the convention highlight to be given by A. A. Catanzaro, district supervisor from the world headquarters of Jehovah's Witnesses who travels an eight-state area.

All convention services will be performed by volunteer workers who are also convention attenders with the entire assembly to be organized and operated by Jehovah's Witnesses themselves, none of whom receive any remuneration for their services.

Announcement is expected soon as to the local delegates that will participate in the program as well as sharing in the convention organization which will consist of 22 different departments that will function during the Christian gathering.
