Floydada City Council Approves New Budget

Floydada Gets 1,500 Feeder Hog Operation

Construction Starting Soon

Industry that will require a lot of grain sorghum crop begins construction about a mile east of the city limits. It will be a 1500 feeder-hog operation. Owners of the new industry Carmack and Dick Guest, who built the chicken houses that Guest and Guest own, located on a 20 acre field. (Disease free) crossbred hogs will be raised when they weigh 35 to 40 pounds they will be touched during the feed period. Each building will be 36' x 48' and will house 144 hogs. This makes a total of 216 hogs and a three time turnover means around 1728 hogs will be raised in the operation. For the building is Jack Barton, who will furnish feed for the automatic system from his downtown feed mill. The building will be housed on oak flooring with a deep sanitation system below the building. Construction was to begin Wednesday morning but was too wet.

VISITS IN FLOYDADA - Preston Smith, Democratic Candidate for Governor of Texas, was hosted at a reception last Wednesday in the community room at the First National Bank. Down About \$24,000

None of Floydada's 5,000 citizens turned up to hear the reading of the 1968-1969 budget at city hall Tuesday night, and the city council approved the new budget. The new budget calls for an expenditure of \$425,478, compared to last year's \$449,594... down about \$24,000. Last year's income was \$665,818 and the anticipated income on the new budget is down to \$657,410. The city realized a profit of

\$216,224 last year and the new budget is set up for a profit of \$231,932. Anyone interested in all phases of the budget may pick up a copy at the city hall.

OTHER BUSINESS
In other business the council appointed local CPA Newell Burk to audit the city's books and re-appointed Dr. A. E. Guthrie as city health officer. City manager Bill Feuerbacher reported that the emer-

gency tornado vehicle was now being used by the city and the medicine was stored in the tornado proof basement of Caprock Hospital. He said that tornado emergency plans would be reported to the public very soon.

The council voted to increase its dues to the Floydada Chamber of Commerce to \$12.50 per month. All councilmen were present except Louis Anderson.

FIVE SEEK COUNCIL POSTS

Two Of Three April 6 Races Are Contested

CITY
A total of five candidates are seeking three council jobs in the City of Floydada election set for Saturday, April 6... the first contested race for city posts since 1965.

Joining the race just prior to the deadline last Wednesday were incumbent W. H. Simpson, Jr., a farmer, and Ray Gene Ferguson, manager of Floyd County Co-op. They will be joined on the ballot by J. W. Gilbreath, local service station owner, Wayne Russell, blacksmith shop owner, and incumbent Roe Jones, retired businessman-farmer. Absentee voting for the city balloting will begin on March 18 and continue through April 1 at the city offices.

SCHOOL
The last day of filing time before the 5 p.m. deadline last Wednesday brought no new job seekers to the Floydada Independent School District Board election set for April 6.

On the ballot seeking the three posts up for grabs will be incumbents Thomas Warren and Newell Burk and newcomer Bill Hale. Absentee voting in the school election begins March 18 and continues through April 1 at the school business office.

HOSPITAL
Just before the deadline Tuesday, J. S. Hale, Jr., a farmer, joined the race for the Caprock Hospital Board, leaving only the Floydada School Board race uncontested in the April 6 elections. Hale will join incumbents M. S. Robertson, Hollis Bond and L. T. Wood in seeking the three board terms. Absentee voting for the hospital election will be conducted at the office of the county clerk as soon as places on the ballot are drawn for and the ballots are printed.

"HURT our ADA" is a statement when bad weather or other situation in many students absent from schools. The statement is also trying to determine what days during each semester. I may wonder what ADA means. It is daily attendance. Well, why is it important? Mainly because state financial aid for teachers is roughly \$5,000. One student absent means loss of one ADA. 450 students absent from school to the snow storm. This means a little over 2 1/2 ADA. We lose in the year, we lose financial aid for a school teacher.

Caught up on a lot of my back during the bad weather and happened to read in one of last December magazines (which one of our neighbors to us).

Particularly interested in some obituary of the eminent British historian Arnold Toynbee made last year in America. These things in America: Americans are increasing in self criticism with dissatisfaction. Poor in the U.S. is worse than poor in the U.S. are below the line. More equal are the cultures, the less difference counts, and the easier integration, including the only common integration, intermarriage. Americans are very money loving, and generous in giving it away as they see fit.

Americans are more willing to spend money on arms and wars than the welfare of the people. I had a dream that Russia would take the capitalist nations of the world and the funny thing is that the only people who believe in Lenin's dream are Americans.

All nationalists first, communists second. If we want to get out of the Vietnam war we need to get ourselves with the least loss to ourselves. I'm all for the unconquering of bombing. That sticks in the Johnson administration. They would be giving something for no return. As a matter of fact, they'd return.

The possibility of extricating the United States from this war. Then I would say, let the forces in Vietnam hold the position but not try to extend their operations to other parts of the country. Then the consequences, I mean, Dulles and the agreements carried out, but I thought that it would end with communists winning the free election had the right facts, but the wrong facts.

There are people who have had so much sickness of it. I wish to Cager Carmack and Dick Guest their hog feeder venture. I don't know if they can help but make money with a bumper wheat crop coming and with a bumper wheat crop coming probably buy wheat for their \$1.00.

McDonald Elected Rotary President

Clem McDonald was elected president of the Floydada Rotary Club last week and will take over the helm of the club July 1. He succeeds Jimmy Seay. Alton Higginbotham was elected vice president, Bill Hardin was re-elected secretary and Tom Daniel was re-elected treasurer. New directors elected to the Rotary board include the Rev. Floyd Bradley, Guy Ginn, Clay Henry and Doyle Walls.

Longtime McMurry Trustee J.M. Willson Sr. Resigns

Floydada's J. M. Willson Sr. closed out 17 years as chairman of the board of trustees of McMurry College at Abilene Tuesday during the spring meeting of the board on the campus. Former Floydada First Methodist pastor Charles Lutrick and W. A. Appling, district superintendent of the Plainview district of Methodist churches were approved by the board to receive Doctor of Divinity degrees at the McMurry June graduation.

A Lubbock businessman, W. B. Rushing, was chosen to succeed Willson. Willson was elected chairman emeritus.

The 80-year-old Willson has achieved widespread recognition for his work in the Methodist Church and higher education facets of that church. Willson and his wife sponsor the Willson Lectures at a number of Southwest colleges, including McMurry College and Texas Tech at Lubbock. Willson was a member of the board of trustees at McMurry more than 34 years.

THAT'S WHAT WAS NEXT!

Sandstorm Saturday, Mist Sunday, Blizzard Monday

Two weeks ago when this writer asked "What Next?" in regards to the weather, the results of the past week were scarcely expected. For seven straight days, up until Wednesday morning, at least a trace of moisture was recorded, a total of .65 inches. Then, on Saturday, a typical West Texas dust storm blew in, kicking up topsoil throughout the county with winds in the 30-

40 mile per hour range. Following the sandstorm was a misty, foggy, rainy Sunday with .27 recorded in Floydada and temperatures dropping past the freezing point for the first time in five days. But, apparently the sand and mist was only the warmup for the real thing - a cold front and snow which would qualify at least in a minor category as a

blizzard. Blowing in during the early morning hours on Monday, freezing winds, blowing snow and slippery streets made being outside miserable for county residents. And, although bringing only .04 of moisture, the snow piled into drifts of considerable height in places - most of which were gone as a warming trend set in Tuesday. Forecast for Wednesday were temperatures in the 60's with the warm weather expected to last a couple of days. . . then, who knows what next?

The annual Lockney Chamber of Commerce banquet is slated tonight (Thursday) at 7:30 p.m. in the Elementary School Cafeteria. Speaker for the event will be Rabbi Morris M. Hershman. A highlight of the banquet will be announcement of Lockney's man and woman of the year, an annual presentation.

School Board Rehires Teachers

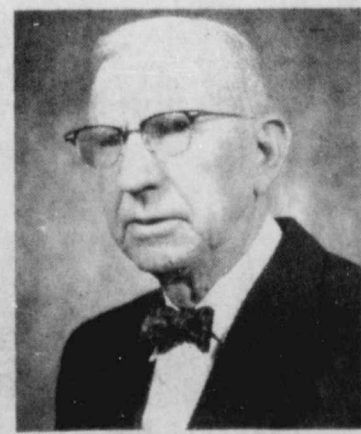

Approximately 100 school teachers were re-hired by the Floydada School Board at its regular monthly meeting here Monday night.

The school board interviewed principals Charles Tyer, A. W. Coltharp, W. P. Nicholson Jr., Bob Copeland and incoming assistant principal at the high school Preston Watson in determining re-hiring of the faculty for the four schools. The board accepted the resignation of Worth Merry, remedial reading teacher at Junior High effective at the end of school this year. Mrs. Marsha Spencer was hired to complete this semester as art teacher at Junior High and High School. Twenty-seven teachers were re-hired at Andrews Ward. SEE SCHOOL BOARD, P. 7

Grain Sorghum Meeting Slated For March 21

There will be a meeting of the Floyd County Grain Sorghum Producers Association Thursday, March 21, at 7 a.m. in Lockney Restaurant, it has been announced. Program for the breakfast will be given by Elbert Harp, president of the Texas Grain Sorghum Producers Association. Officers for 1968 of the county association will be elected at the meeting. Everyone interested in the future of grain sorghum, and especially grain sorghum association members, are urged to be present.

Yarborough Newsletter

Dear Dellow Texans:
A few days ago I introduced a bill which would create a brand new program for our returning veterans from Vietnam and elsewhere—a program designed also to help solve some of the most serious problems now facing American cities and towns.

Virtually every city in the nation has a shortage today of policemen and firemen. Police forces around the United States are operating at an average of 10 per cent below full employment. Fifty thousand new police officers are needed right now.

The same problem plagues our schools, our hospitals and public clinics, and many of our other social and civic institutions. We have these shortages and at the same time we have a steady stream of able young people leaving for work.

During 1967 nearly 600,000 physically fit veterans were honorably discharged from the armed services to re-enter civilian life. My "Veterans in Public Service Act" would give these veterans special incentive to work in the deprived areas of our nation; in our city ghettos and our rural poor areas. That is where the shortages of teachers and medical aides and policemen and social workers are most acute. And it is the impoverished areas of our nation that are breeding violence and crime as young boys and girls drop out of crowded and inadequate schools to lead useless, jobless lives.

These returning veterans already have the Cold War GI Bill which I introduced in 1958 and which was passed by Congress in 1966. We improved the Cold War GI Bill by expanding its benefits last year. Veterans can go back to high school or college, go to a trade school or business college, or get on-the-job, on-the-farm or flight training.

My "Veterans in Public Service Act" which President Johnson endorsed in his message to the Congress seeks to keep these men in service to the nation by urging them to work with the deprived in schools, hospitals and as policemen. If they are already trained, they can go to school under a government allowance to improve their skills, so that a veteran qualified to teach could teach in the slums and go to school part-time or in the summer. His eligibility to go to college or do graduate work would be extended by the length of time he agrees to teach in the deprived areas.

A veteran who has no special skill but who is willing to go into these critical areas of social service would go to school and receive a payment from the government and would then go to work.

The "Veterans in Public Service Act" calls on men who have served their country in uniform to render new service on social battlefields. It is not just a "veterans" program. It is a program for all America.

RESEARCH NEWS CENTER

Halfway, Texas

1967 proved to be a very good year as far as irrigated soybean yields were concerned at the High Plains Research Foundation. A total of ten standard varieties were tested for yield comparison, with averages from 46.9 bushel per acre to as low as 32.1 bushel. Possibly because of late season cool weather and a light frost on October 15, the early maturing varieties performed slightly better than the medium and late season types. From a research standpoint, there was no significant difference in the top five varieties and yields were recorded as listed below:

CLARK 63 46.9 bu/ac
DARE 43.9 bu/ac
HOOD 43.6 bu/ac
PATTERSON 43.5 bu/ac
WAYNE 42.9 bu/ac
LEE 39.1 bu/ac
HILL 38.9 bu/ac
BRAGG 35.3 bu/ac
HNN 33.1 bu/ac
DORTCH LEE 32.1 bu/ac

A preplant irrigation was applied and the soybeans received summer irrigations on July 28, August 16, and September 14. After the early maturing varieties were harvested, an additional irrigation was applied to the later maturing types on October 6.

Dr. Douglas Owen and Ben Quebe, Foundation staff agronomists, conducted the variety performance trials, and their complete data will be available in the 1967 Research Report. Included will be such items as percent lodging and shattering, bloom date, maturity date, plant height, and oil and protein content.

SS NEWS

The social security amendments of 1967 have made many changes and improvements in the medicare program according to Mencie King, social security Officer-in-Charge in Plainview.

One important change, King stated, is that more people will be eligible for hospital insurance benefits. Under the old law, people who reached 65 in 1968, and were not entitled to monthly social security or railroad retirement benefits, could not get hospital insurance benefits unless they had 6 calendar quarters of coverage or about 1 1/2 years of work under social security. Now,

under the new law, this requirement has been reduced to 3 calendar quarters, or about 9 months of work.

The amount of work needed to qualify for hospital insurance benefits after 1968 increases by 3 quarters each year. Eventually, for those reaching 65 in future years, the amount of work required for hospital insurance protection will be the same as that required for monthly cash benefits.

However, if you qualify for monthly benefits as a dependent or survivor of an insured worker, you will not need any work under social security.

Play it safe. If you're nearing 65, get in touch with your social security office and get the facts.

King further explained that persons who plan to continue working when they reach 65 should also apply within the three-month period prior to the month in which they have their 65th birthday. By applying for social security, they will be covered by hospital insurance and can make their decision on voluntary medical insurance coverage. Later on, when they retire or have reduced earnings which will permit payment of benefits, monthly checks can be started without delay.

The Plainview social security office is located at 1401-B West 5th Street. Hours are from 8:30 a.m. to 4:45 p.m., Monday through Friday.

Deductions Daily \$1,810

Feb. 17 - Taxpayers in Floyd County who are preparing their tax returns can find out how closely their deductions compare to the averages.

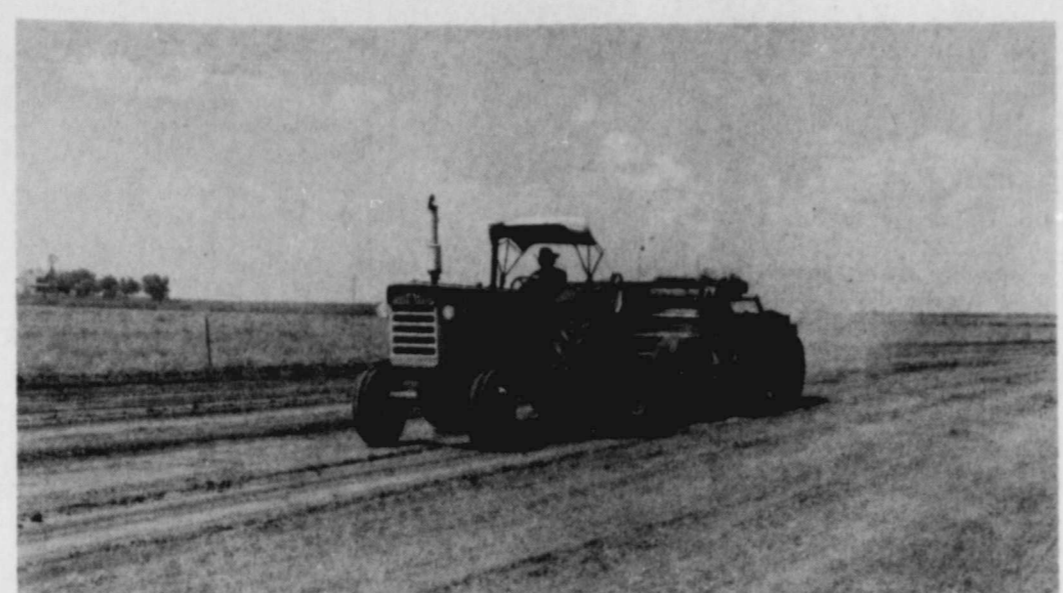

Smaller than those of most people in their bracket? How do their medical expenses compare to the average? Information along with the Internal Revenue Authority on taxes and the Internal Revenue Service released a breakdown, tax reports of pre-

vious years, showing just how much the average taxpayer in each income class deducts for contributions, interest costs, taxes and medical expenses.

The figures show that among families who have earnings equal to the average prevailing in Floyd County, a total of \$1,810, amounting to 20.7 percent of gross income, is generally deducted.

For families with lower earnings, the amounts that are deducted represent a larger proportion of their income. For those in the higher brackets, the reverse is true.

Local residents who are in the \$7,500 income category will be deducting about \$1,590 this year if they conform to the

The studies indicate that the biggest deductions among people in the lower income groups are for local taxes and for interest paid. These items appear in most other returns, as well.

However, deductions for contributions and medical expenses rise rapidly as incomes go up.

A breakdown of the \$1,810 of deductions listed by taxpayers with incomes equal to the Floyd County average shows that \$280 of it is for contributions, \$580 is for payment of interest on loans and on installment debt, \$520 is for local taxes and \$430 for medical costs.

These are purely guideline figures, it is emphasized. The Internal Revenue Service will not automatically approve deductions because they are average. There must be proper records to support them.

Veterans Told About Benefits

The Veterans Administration today issued a reminder that benefits of the new GI Bill are not limited to Vietnam era veterans, but apply equally to veterans who served in the armed forces any time after January 31, 1955.

D. G. Ayres, County Service Officer, said that veterans who had at least 181 days active service, any part of which occurred after January 31, 1955, are eligible for these GI Bill benefits:

Educational Assistance: Full-time payments for college type training range from \$130 a month for a single veteran

Several Walks To Be Built At Local Hospital

The Caprock Hospital District Board met for their regular session last Friday at the hospital.

Main item of business was the approval by the board to build crosswalks at several places around the hospital where a need has been evident.

Two of the walks will be at the sides of the covered archway outer support, another from the driveway to the end

of the east patient wing and another adjacent to the emergency driveway.

The board also heard a report on February's occupancy rate from H.E. Barnett, hospital administrator, showing 201 total patient days during the month.

Average adult stay in the hospital was 3.2 days. Three newborn were listed for the month along with 64 admissions and 64 dismissals.

THERE ARE - a lot of beauty spots in Floydada but we thought the one above, in picture, was a little unusual, decorative garbage cans yet. But why not, they are a part of a person's property. Good way to identify same too in case they get misplaced, and besides it might brighten up the day for garbage collectors. The cans are owned by the Clay Henrys and painted by Mrs. Henry. They are background in black and stand out colors are of pink, yellow, blue, green and red. In the summer they are especially eye catching because of flowers growing along the fence line. Lawyer Speaks For 29 Club

John F. Hay of Lubbock was guest speaker last Thursday for members of the 1929 Study Club when they met in the home of Mrs. Clarence Goins. Roll Call was answered with "What difference does a will make?" The speaker was introduced by Mrs. J. A. Arwine. He spoke on the importance of having a will, different kinds of wills and also trusts. A will saves a person time, money and worry, Hay said. A question and answer period followed with very beneficial answers given by the speaker. During the business meeting new officers were elected. Mrs. S. W. Ross will assume duties as president of the club; Mrs. Clement McDonald, first vice-president; Mrs. Clay Henry, second vice-president, Mrs. Clarence Goins, recording secretary; Mrs. R. W. Overstreet, corresponding secretary; Mrs. C. W. Denison, treasurer; Mrs. E. W. Kendrick, reporter; Miss Vera Meredith, custodian and Mrs. McDonald, parliamentarian.

Those present for the meeting included Mmes. S. W. Ross, C. W. Denison, Cay Henry, Clement McDonald, Kinder Farris, J. D. McBrien, J. A. Arwine, Hollis Bond, Herschel Thurston, Mrs. E. W. Kendrick and four guests, Mr. and Mrs. John D. Hay, Mrs. Q. D. Williams and Mrs. Delmer Andrews, and hostess, Mrs. Goins.

SOCIAL SECURITY NEWS

By Mencie King
Social Security Representative

Of special interest to military men and women and their dependents is a provision in the new social security law which promises greater protection for them and their families. Under the old law only a person's military base pay was counted toward social security benefits. Starting with January 1968, an additional \$100 will be counted for each month in which the person in military service is receiving active duty pay.

Miss Janie Hinkle Is Bride Of Mike Hollums

In a double ring ceremony read Saturday afternoon, February 10, by the Rev. Herschel Thurston, Miss Janie Hinkle became the bride of Mike Hollums. Vows were exchanged in the home of the bride's grandparents, Mr. and Mrs. C. W. Jones. She is the daughter of Mr. and Mrs. Billy Hinkle of Floydada. The bridegroom is the son of Melvin Hollums and grandson of Mr. and Mrs. Walter Hollums, also of Floydada.

The altar setting was centered with a large sunburst arrangement of red gladiolas and red and white peppermint carnations tied with red satin bows and streamers. At each side were gold standards draped with gold rope and tassels, tied with red satin bows.

The bride, wearing a floor length dress of white silk organza over white peau de soie satin, was given in marriage by her father. The gown featured a Sweetheart neckline, elbow length sleeves and an empire waist banded with silk lace. From a bow at the back neckline rows of silk organza ruffles fell to the hemline.

Her veil, of elbow length silk illusion, bordered with lace was attached to a tiny lace halo pillbox. The veil was made by the bride's maternal grand-

mother. She wore wrist length gloves and a single strand of cultured pearls, which were borrowed from an aunt, Mrs. David Mount of Vernon. The pearls were a wedding gift to Mrs. Mount from her husband. The bride's bouquet was a cascade arrangement of white gardenias arranged with white satin bows and love knot streamers, carried atop a white Bible.

Miss Kay Finley, maid of honor, wore a red brocade dress featuring a low rounded neckline. The street length skirt folded into soft pleats at the sides and fell from an empire waist. The ensemble was also made by the bride's grandmother. Miss Finley carried a bouquet of white and red peppermint carnations complemented by white satin bows and streamers. She wore white wrist length gloves and a tiny red brocade hat accented with a white lace band and a halo veil of red silk illusion.

Danny Daniel of Amarillo served as best man.

Mrs. Wayne Poteet, aunt of the bride, registered wedding guests.

Immediately following the ceremony the couple were honored with a reception in the Jones' home.

The serving table was laid with a white linen cloth and was centered with a traditional wedding cake, topped with a miniature bride and groom. The bride's bouquet and that of her attendant also graced the table. White milk glass appointments and red tapers completed the setting.

Miss Vikki Warren, sister of the bride and Miss Kay Finley presided at the table.

For traveling the bride changed to a turquoise color dacron knit suit with a white sleeveless shell and white accessories. Following the trip the couple will make their home in Floydada.

Relatives from out of town attending the wedding included Mr. and Mrs. T. B. Graves and son, Mike of Snyder.

JUDGE AND MRS. J. K. HOLMES

Reception To Honor Judge And Mrs. Holmes Sunday

In observance of their Golden Wedding anniversary Judge and Mrs. J. K. Holmes will be honored with a reception from 2 p.m. until 5 o'clock, Sunday, March 17 in their home, 912 Leonard in Floydada.

Assisting with the hospitalities will be their daughters, Mr. and Mrs. Lee O'Hare of Kimball, Neb., Sadie Holmes of Floydada, Joyce Holmes of Amarillo and Mr. and Mrs. Rex Cowart of Dimmitt. The couple also have eight grandchildren. The former Miss Mabel Oliver and Holmes were married March 17, 1918 in Knox City, Tex. Immediately following

their marriage the couple came to Floyd County where they have resided since that time. Holmes is Floyd County Judge. Friends of the family are extended a cordial invitation to attend the reception.

CAPROCK Hospital, unable to qualify for medicare due to having only one registered nurse, is causing grave concern to the older citizens in Floydada. They have looked forward to having a decent hospital here and now that it's here, they still have to be hospitalized in nearby cities under medicare. All is being done, by interested persons, that possibly can be in remedying the situation. If that falls then a petition will be in order. The old Peoples Hospital qualified for medicare and it certainly was not fully staffed, why not our new one?????

Club Donates To TB Purpose

Members of the 1956 Study Club voted to give several donations at their regular meeting Tuesday night with Mrs. Leslie Nixon. Club Collect was given by Mrs. Max Dyess and roll call answered with the art each member wished they could do.

Club voted to give a donation to Mrs. Wesley Carr, school nurse, which will be used for TB x-rays for needy students and to again sponsor the TB mobile unit in May. A thank you note from the Woman's Forum, Wichita Falls, was read in regard to a donation the club made at Christmas.

Mrs. Bernice Parkey presided over the business meeting at which time new officers for the next two years were named. They are Mrs. Beth Pratt, president; Mrs. Teresa Hale, first vice-president; Mrs. Judy Beedy, second vice-president; Mrs. Edith Muncy, recording secretary; Mrs. Doris Carthel corresponding secretary; Mrs. Darlynn Hambricht, treasurer; Mrs. Doris Nixon, reporter and historian; Mrs. Leora Younger, custodian; Mrs. Sue Chandler, parliamentarian; Mrs. Roberta Hardin, Federation counselor.

Members were urged to attend the Caprock District convention in Lamesa March 22-23.

Italian designers were more conservative than usual this season. Skirts were lower and a romantic theme was evident in the majority of their creations.

The evening program on anti-aging flowers was given by Mrs. Pete Charlton.

Members attending were Mmes. Charlton, Max Dyess, Ronald Evans, Gordon Hambricht, Bill Hardin, Leslie Nixon, Bernice Parkey, A. C. Pratt, Jakey Younger and Mrs. Melvin Lloyd, a guest.

The next meeting, March 26, will be in the home of Mrs. J. O. Warren with Mrs. Hambricht as hostess.

Lingerie Shower

Given For Miss Hinkle

A lingerie shower in honor of Miss Janie Hinkle, bride-elect of Mike Hollums, was given last Thursday evening in the community room of the PCA building.

The table was laid with a white cloth, accented by a red center arrangement flanked by red tapers.

Cookies and punch were served to Misses Donna Cates, Gayle Fawer, Pat Jester, Kay Watson, Janet Watts, Kay Finley, Judy Jonesberry, Sharron Fuller, Lana Fair, Penny McClintock, Katie Taylor, Jacque Crawford, Brenda Moore, Ann Fawer and the honoree.

Hostesses presented Miss Hinkle with a lovely gown and matching house shoes.

Dougherty Baptist Church Scene Of Gene Campbell-Jeanine DeWese Vows

Miss Gayla Jeanine DeWese, daughter of Mr. and Mrs. James E. DeWese, 808 W. 11th, in Plainview, became the bride of Gene Weldon Campbell, son of Mr. and Mrs. O. C. Campbell, Star Rt., Kress, in an eight o'clock ceremony Friday evening in the Baptist Church at Dougherty.

Father of the bride, an ordained minister, officiated at the ceremony and presented his daughter in marriage. The bride wore an Empire styled gown of white evening crepe, designed with a lace bodice and long lace sleeves. A Watteau train of floor length was secured at the shoulder line. Her tiered, shoulder length veil of illusion was trimmed in wide bands of lace and attached to a net and lace pillbox. The bride's bouquet was of 24 yellow roses encircling a white orchid, carried atop a white lace covered Bible.

Sister Is Attendant

Miss Bennie DeWese, was her sister's maid of honor. Her aqua gown in Empire styling was complemented with a headpiece of yellow tulle secured to a yellow velvet rose. She carried a bouquet of white carnations centered with three yellow roses.

Jerry Campbell of Abilene, brother of the bridegroom, was best man. Another brother, James, of Kress, and Roger F.

Edwards, Plainview, lighted the candles in the altar setting and were ushers.

Baskets of yellow chrysanthemums, twin candelabra with yellow tapers and flanking palms formed the altar decoration.

Selected music was presented by the bride's aunt and uncle, Mrs. Bob Painter of Tullia, organist, and Glen Harris of Gruver, soloist.

Reception in Dougherty

At the reception in the Roy Crawford home, Dougherty, Miss Molly Campbell of Kress, sister of the groom, presented background piano music.

Assisting in hospitalities were Roxie Myers, Plainview, sister of the bride; Miss Glenna Harris of Gruver, cousin of the bride; Miss Jacque Crawford, Dougherty, and Misses Kay Wayman and Gwen Daffern, Plainview.

The serving table was decorated in the bride's chosen colors of aqua and yellow.

Following a brief wedding trip, Mr. and Mrs. Gene Campbell will make their home in Plainview. Mrs. Campbell will be a graduate in May from Wayland College with a degree in elementary education. For travel she wore a navy blue sheath and white accessories.

Campbell, a graduate of Texas Tech, is working toward his master's degree in range science at Colorado State University, Fort Collins.

An informal party in the DeWese home Thursday night followed the rehearsal.

Mrs. Whitaker Is Club Hostess

Members of the 1922 Study Club met March 7 with Mrs. Ben Whitaker. Mrs. W. O. Tye, club president, presided over the business session during which time she stressed the need for all members to attend the Caprock District meeting in Lamesa. Mrs. P. D. Helms is delegate.

Mrs. E. F. Stovall gave the members a spiritual uplift with her thought on love, then brought the program on "Health." Mrs. Bessie Henry gave a talk on "What's New in

Medicine", emphasizing new ways of treating emphysema and tuberculosis.

Roll call was answered with interesting health items seen in newspapers.

Those present were Mmes. Kenneth Bain, P. D. Helms, W. H. Henderson, Bessie Henry, Wilson Kimble, Noel Troutman, E. L. Angus, E. F. Stovall, W. O. Tye, J. M. Willson, J. V. Daniel and hostess, Mrs. Whitaker.

The next meeting is March 21 using Texas as the theme.

WHIRLWIND MILE RELAY - The Floydada High School Whirlwind mile relay turned in a 3.43.3 performance Saturday for fifth place at Abernathy... a good time considering the gusty wind, the lack of preparation time the runners have had and their lack of experience. Three of the four team members are Freshmen and the other is a Sophomore. Reading from left to right, Steve Puckett is shown starting the race, then handing off to Andy Selman, who, in turn, hands off to Mike Burk. Burk is shown turning the baton over to Stanley Pierce for the final lap. The final photo shows Pierce winning first in the heat, far ahead of his closest competition shown in the distant background. Breezers To Run In Abernathy Meet

The Floydada Junior High Breezers will kick off their track season Friday with a meet at Abernathy. Seventh, eighth and Fresh-

men divisions will be in the meet. The locals will enter several other meets during the season which will be announced as soon as the dates are definite.

SHOT, DISCUS, RELAYS SHINE

Improvement Noted, Whirlwinds Take Fourth At Abernathy Meet

BY BILL SALTER

Despite blowing sand which rode the coat-tails of 30-40 mph winds, Floydada High School's thinclds improved themselves in all events at the Abernathy Relays Saturday, coming home with fourth place, one notch higher than the previous outing. Scoring 52 points, a full 20 more than at Idalou, Coach Robert Milliken was well pleased with the performance and attitude of his tracksters, praising

their improvement and hard work. Milliken also added that if Monday's snow hampered workouts more than one day, he could scarcely expect as much improvement the following week. The bad weather conditions have been a thorn in the side of the locals thus far throughout the season, many schools having had a full two weeks longer practice time than the Whirlwinds.

As in the previous week, the

weightsmen somewhat dominated the show from the Floydada standpoint, locals taking three of the top six places in both the discus and shot put.

Dale Baker took first in the shot with a heave of 47'-2", followed by Joe Christian in third with 44'-11" and Hulon Carthel in fifth with 42'-9".

In the discus, Christian took second with 125'-0", followed by Baker in third place and Steve Pierce in fifth, each about a foot behind Christian.

Perhaps the most significant display of the day for the locals in running events was the mile relay where three freshmen, Steve Puckett, Andy Selman and Mike Burk, and a sophomore, Stanley Pierce, clipped off a 3:43.3 to take fifth in the event.

The locals also took fifth in the sprint relay, Selman and Pierce joined by Joe Christian and Ross Miller for a 46.6 clocking through the 440 yards.

Burk and Pierce were also outstanding in their individual specialties, Burk clocking a 2-

14.5 in the half-mile for third place, and Pierce clicking off a 55.0 in the quarter-mile for fourth.

Oilton won the meet with a total of 131.5 points, followed by host Abernathy with 94.5, and

Lockney with 62. This Saturday, runners travel to Preliminaries the morning with shortly after 1 p.m. on the 14th.

ALL-DISTRICT HONORS - The five Floydada Whirllette players pictured above were named recently on Conference 3-AA All-District Basketball squads. They are, from left to right, Marilyn Harris, 2nd team, forward; Jill Bertrand, unanimous 1st team choice, guard; Cindy Ward, unanimous 1st team choice, forward; Jan Killian, honorable mention, guard; and Linda Williams, honorable mention, guard. Misses Harris, Bertrand and Ward are sophomores. Miss Williams is a junior and Miss Killian a senior. (Staff Photo)

Hale Center Relays Canceled By Weather

HALE CENTER (Special) - The Hale Center Relays, scheduled for Saturday, have been canceled and will not be rescheduled.

A Hale Center school official said the recent rain and snow left the dirt track in a damaged condition. He said that the track could not be repaired by Saturday.

To fill the gap created by the Hale Center cancellation, Floydada thinclds will split into two groups, entering meets at Panhandle and Rotan.

Upperclassmen competing in the discus and shot put will participate at Panhandle.

Others from the track squad will compete at Rotan, a Class A-B meet, but Coach Robert Milliken was able to secure a place in the meet provided only

underclassmen competed. Seniors and Juniors from a AA school would not be allowed to compete.

With the split, several of the members of the Whirlwind track team will be left inactive, but considering the lateness of the meet cancellation, the coaches felt fortunate in securing a meet for the majority of the squad.

Public Warned Of Mail Order Insurance Sales

The general public should become aware of misleading and deceptive practices being used in the mail order insurance industry to solicit sales.

The Plainview Association of Life Underwriters called attention to results of an investigation of deceptive insurance selling practices recently completed by the Federal Trade Commission. It revealed a number of abuses in which insurance is sold through advertising and other printed promotional material sent by mail to residents in Texas and other states.

"Public awareness of such promotional practices can save the consumer money, future embarrassment, and provide more adequate protection for his family," said Joe Ed Sullivan, president of the Plainview life underwriter organization. He said, "When buying

insurance, a person should fully understand what he is paying for and the provisions of the policy. This understanding can be accomplished through an ethical agent who represents a reputable company."

Sullivan said abuses were primarily found in the selling of accident and health insurance, but included some life insurance. He pointed out that the FTC investigation revealed the following primary practices used which appear to be misleading and deceptive:

1. Offering life insurance policies to the parents of servicemen with the implication that the insurance is being made available by the United States Government.

2. Offering life insurance to veterans under circumstances indicating that such insurance has been endorsed or approved by the United States Govern-

ment and is being offered at Government rates.

3. Representing that policies are "Guaranteed Renewable," or can be cancelled only by the insured, whereas the company may cancel or rescind the policy because of alleged misstatements in the application form or because of "pre-existing" health conditions.

4. Using such terms as "Medicare" or otherwise falsely representing that the policies are in some way connected with the Government's Medicare program.

5. Misrepresenting the coverage of the policy or failing to disclose limitations or restrictions in the policy which prevent the insured from recovering losses sustained under the policy.

6. Failing to disclose that the premium rates may be substantially increased when the insur-

Tayrien New Lockney Coach

W.J. (Jack) Tayrien, 29, has been hired as head coach of Lockney High School.

Tayrien, an Odessa native, has been an assistant football coach and head track coach at Big Spring High School. He was outstanding in football and track during high school at Odessa and in college at Oklahoma State University and the University of Corpus Christi.

Tayrien assumed his duties at Lockney this week. He replaces J.L. Martin who died of an apparent heart attack on February 19.

ed reaches a certain age or at some other period of time. 7. Misrepresenting the business status through the use of such terms as "Foundation Plan" or well-known names in the insurance industry.

8. Using such terms as "Certified" and "Seal of Approval" without disclosing the true nature thereof.

Some protection for the public was provided by a new insurance law which was passed by the 60th Legislature and sponsored by the Texas Association of Life Underwriters, a 6,300-member association of agents dedicated to ethical principles and practices of insurance selling. The law has been in effect since May 12, 1967, when it was signed by Gov. John Connally.

Many complaints received by FTC dealt with improper claim settlement, alleged unfair cancellation of policies after long periods of premium payments, and alleged unfair premium increases. "These can be avoided," Sullivan said, "if the consumer carefully examines the agent, the company, and the policy before purchasing insurance."

He further pointed out that complaints should be brought to the attention of the Plainview Life Underwriter Association which can provide guidance in channeling such complaints to the proper authority.

That may not sound like much to you at first. . . but think about it a little longer. Through PCA, you borrow the money only when you need it during the year. Not in one lump sum at the beginning. As you sell your crops or livestock during the year, you pay on your loan. That's when the interest stops. Not at the end of the year, in one lump sum.

That's the way the 1,410 members of Plainview Production Credit Association do their financing. And that's why they averaged paying only 2 1/2% interest on the total amount of money borrowed for the year, in each of the past five years. It's a little thing. But with the cost squeeze on agriculture today, it becomes a mighty big thing. Perhaps, your margin of profit for the year.

Making The Drag

BY SUZANNE GUTHRIE

The cast for "Alice in Wonderland" is really working hard. We certainly hope all of you will come to see the play the 22nd and 23rd of March. It would be well worth your time. The senior class is beginning to really work hard toward getting ready for the "Miss Floydada Pageant"

I urge all of you to read Ronnie Hill's editorial in the Hesperian this week. It's really good. You know Floydada is kinda funny. Last week and the first part of this week, I was planning a going away party for my parents, and it was to be a surprise. Well, of course it was all over town, and some people just had to tell them about it.

But, you all know how we complain about the truth getting all twisted around. As usual it did, but for once I was glad, you see they heard that it was Tuesday instead of Wednesday and they fixed up and got all ready (nonchalantly) of course. So, on Wednesday, it was a real surprise. Guess it just proves that there are advantages and disadvantages to every situation.

Congratulations to the track boys who did a real good job at Abernathy last Saturday. Congratulations to all the kids from F.H.S. who did so well at the Floyd County Fat Stock Show.

We had an assembly Monday about circuses. It was very good. The best part was that when it ended at 2:20, we dismissed school. What fun! Congratulations to Sara Stanforth. She is going to Washington D.C. this summer. She won the trip through Lighthouse Electric.

A big fad at F.H.S. seems to be breaking a foot. This week, Carrie Thayer, Louis Reid Cardinal, Terry James, and I have been having all sorts of fun on our crutches. But we're all ready for this fun to end as soon as possible.

Well, surely it'll snow next week so we can miss some more school. I'm beginning to wonder if school will ever turn out or if we're going to have to go all summer.

All the kids are really enjoying the Jimmy Snead program on KFLD. He's going with Rande Lu Brown, and his favorite song is "Mrs. Brown, you've got a Lovely Daughter." Wonder why???

Keep busy this week because the Country Parson says, "An empty life, like an empty kitchen drawer, is soon filled with junk."

Rev. Bell Now Serving Church In Arkansas

Rev. Lowell Bell, pastor of the Floydada Church of the Nazarene for the past three years, has accepted a position as pastor of the Forest Home Church of the Nazarene in Jonesboro, Ark.

Jonesboro is a town of about 25,000 population with industry, a state college and farming. Rev. Bell came here from Slaton. He and his family were hosted with a farewell dinner and presented gifts at noon Sunday at the church.

Rev. Bell's successor will be announced later by the church.

Commissioners Regular Session Held On Monday

The Floyd County Commissioners Court met in regular monthly session Monday, March 11.

Main item on the agenda was the raising of several county employees' salaries, hiring an employee for Precinct 2, raising the travel pay for the county agents, and advancing the top salary for county road hands to \$400.

Also on the agenda was the payment of monthly bills and the routine transfer of funds.

The commissioners also approved the purchase of a used Hough Payloader for \$10,000. The machine will be used in Precincts 1 and 3.

Rites Today For Mrs. F. L. Marble

Funeral rites for Mrs. Emma Elizabeth Marble of Lockney, mother of Mrs. E. M. Jackson of Floydada, will be conducted this afternoon (Thursday) at 2:30 in the First Baptist Church in Lockney. Rev. Charles Broadhurst of Borger, will be assisted at the rites by Rev. James Allison, pastor of the church.

Mrs. Marble, 92, died Tuesday afternoon at 2:45 in Lockney General Hospital. She had been ill for some six months. She was a native of Collin County and was married to the late F. L. Marble Dec. 1, 1895. The family moved to Floyd County in 1920 and resided in the Roseland community, a neighborhood between Lockney and South Plains, until 1960. The deceased's husband died in 1959. She was also preceded in death by a daughter, Mrs. Jesse Cox, who died in Lockney in February of this year.

Mrs. Marble was a member of the First Baptist Church. Survivors include four daughters, Mrs. Jackson of Floydada, Mrs. Ann McGhee of Plainview, Mrs. Bruce Whitlock of Lockney and Mrs. Johnny Johnson of Amarillo; three sons, Leon and Hugh Marble of Lockney and Horace Marble of South Plains; one brother, Harvey L. Ford of Waco; 16 grandchildren and 29 great grandchildren. Burial will be in Lockney Cemetery under the direction of Carter Funeral Home.

The Floyd County Hesperian
Floydada, Texas
Dear Wendell:

I have not forgotten your interest in the serious situation confronting the Caprock Hospital and I wanted to let you know that I am continuing my best efforts here in regard to this whole matter. I have been in touch with Wilbur Cohen, the Under Secretary of the Department of Health, Education and Welfare, and other officials and I have urged them to explore the situation thoroughly and seek to be helpful. I feel that the state of affairs is very inequitable and I hope it can be changed. I shall continue to do everything I can here to be helpful.

Let me hear from you at any time. Warmest regards and good wishes.

Sincerely,

PTA Names Essay Winners

The February 21 PTA meeting at Andrews Ward Elementary School was one which made each member proud to be an American and also thrilled to see that our children have such deep and sincere feelings of patriotism. The meeting began with a colorful flag ceremony presented by Junior Girl Scout Troop #181. The girls were all dressed in their green Girl Scout uniforms and carried off the flag ceremony with dignity.

Next came a host of second grade students wearing paper "soldier" hats and carrying flags. They marched to military music and sang songs of America, the flag, and loyalty to country.

The highlight of the program was the reading of essays entitled "What America Means to Me." All fifth grade children at Andrews Ward School had written their thoughts of America and they were read by the Citizenship Committee headed by Mrs. Tommy Assiter. The choices were very difficult to make, but finally the number was narrowed down to two essays from each fifth grade room, one written by a girl and one written by a boy. Though so many of the essays were especially fine, the following six winning essays seemed to be representative of the total written. The PTA wishes to share them with the readers of our newspaper. It feels that it might be well for all us Americans to think on what our country means to us.

By Blake Hickerson
America means the sky with blue and white clouds. It's the grass, the plants, and the ground, the History of our nation, the wars that the brave men of our country fought, the wars like World War I and II, the Vietnam war, the Korean war, the fight between the States, the Alamo, Lexington, the crossing of the Delaware, the Great Presidents such as Washington, Lincoln, Kennedy, and our great president today, Mr. Johnson.

America is a lot more than this. It is also the farmers, the factories, service men, ships, airplanes, cars, trucks and the people who do these things. Most of all, it's the flag, the states, the Capitol Building in Washington, D.C., the state capitol buildings in the states. And most of all having religious

freedom. This is what America means to me.

By Kathy Hale
Have you ever thought about how wonderful America is? One of the main things that is so important to me is having religious freedom. That is one of the main things that started America!

The Pilgrims came over from England to America because religious freedom was what they were searching for. When they got over to America there were no friends to greet them, no homes, no inns. There was nothing. The Pilgrims and the other people that came, tried hard to prosper and make our country strong.

Through the centuries, the people in America have made their country stronger. Now it is one of the strongest countries in the world!

But religious freedom isn't the only thing that is important. Freedom, American leaders, teachers, doctors, lawyers, preachers, and farmers - all these things and more make America.

America, the land of 50 self-governing states and of the free. America, the country of people who can worship as they please. America, the place of the people who have made America what it is today.

Past, present, and future make America. People in the past like George Washington, Abraham Lincoln, and many others. People in the present like President Johnson, and people in the future will make America.

Brother, if you don't like it here, you can move out. You have a choice of freedom or war. You have the choice of living or dying. If you had rather live in Vietnam or Russia, you go right ahead because, if you don't honor your flag, freedom to worship, peace, and a very good government, you should be there. This is the land of Americans. That is what America means to me.

By Mike Ramsey
America is freedom, freedom of worship and freedom of speech. Long ago, men and boys left their farms, their homes to fight for our freedom. Today we sometimes take our freedom for granted. Today we have a strong Armed Forces ready to fight when the need arises.

America is People. Teachers, Lawyers, Farmers, Doctors, and all Merchants make America. Without these people our country would be very weak. Our country is a symbol. It stands for peace and freedom. Altogether we form the United States of America, "One nation under God, indivisible, with Liberty and JUSTICE FOR ALL."

By Latriece Staggs
I am very proud of my country. It's a land I love, and I know I always will. I'm so glad we have freedom. As you know, lots of people don't have the freedom as we do. The boys

in Vietnam are fighting for our freedom. It's not fun to fight, but they love their country and they want freedom.

We have a lot of freedoms, speech, worship, work, play, and many others. But some people are still not satisfied. I'm so glad we have freedom to worship. Because if we couldn't worship a true God, we would never get to Heaven. And I don't want to go to a burning hell, and neither do you.

County Bond Goal \$200,000

The 1968 Savings Bonds goal for Floyd County is \$200,000, according to a report received today from the Chairman of the Floyd County Savings Bonds Committee. January sales in the county totaled \$36,809 which represents 18 per cent of the 1968 sales goal.

The Texas 1968 Savings Bond goal is \$184.5 million. Series E and H aid Freedom Share sales during January totaled \$16-342,828 which is an increase of 7.6 per cent over January 1967.

Nationwide, during January 1968, total sales of Savings Bonds and Freedom Shares amounted to \$479 million--2.6 per cent below January a year ago.

Social Security

Q. I am an ordained minister and have never paid social security tax on my earnings. Can I receive this protection now?

A. Yes. Effective with the taxable years ending after December 31, 1967, ministers must pay social security tax on their earnings unless they are exempted by the Internal Revenue Service on the basis of religious principle or conscience.

If you need further assistance or information, contact your social security office at 1401-B West 5th Street, Plainview, or see your social security representative in the courthouse in Floydada Wednesday morning.

McGovern said Arvin, Calif., served a corporate farming area worked predominantly by hired labor. It was a town of honky-tonks, poor housing, a few weak service clubs, shabby businesses, a single elementary school and one playground loaned by a local industry.

Dinuba, Calif., served an area of family farms. It was a town of attractive residential streets, permanent churches, three parks, three elementary schools and a high school, strong service clubs, lodges and veterans organizations, furniture and household furnishings stores, implement dealers, and hardware and clothing stores.

The town serving the family farm area had twice as many business establishments, nearly twice as much annual trade (\$4.4 million vs. \$2.5 million) and three times the volume of trade in household supplies and building materials and equipment.

Other less visible comparisons of the quality of rural life showed up in the comparison of these communities. It was obvious the social costs of the corporate route were substantial. McGovern noted that these costs are difficult to assess because researchers, as well as the news media and most politicians, really haven't paid much attention to them. Our policymakers seem to react to technology by rushing pell-mell. . . they know not where.

"I readily concede that I cannot present a comparative estimate of the economic cost of adjusting the agricultural situation and the economic and social cost of failing to do so," he admits. "There has been little or no research in the field."

Dougherty News BY MRS. ROSS

DOUGHERTY, March 11-The Community Club is sponsoring a picnic supper at the local school lunchroom at 7 p.m. Thursday evening March 27. Pie and drinks will be available from

7 p.m. until 8 p.m. After refreshments foreign exchange student "Sam" Emanuelson, from Sweden, will show pictures of his native land and tell of events and his experiences in this country. Everyone is cordially invited.

A service of songs and coordinated scriptures was conducted at the Dougherty Baptist Church Sunday morning, as the pastor was indisposed and could not deliver a conventional type sermon. Services for the evening were cancelled. Several from this area attended services at First Baptist Church Floydada.

Mr. and Mrs. Carmel Eastham enjoyed a weekend trip to El Paso.

Miss Sue Ring of Denver, Colorado visited her parents, Mr. and Mrs. Claude Ringover the weekend.

Saturday afternoon Mrs. Ring, Sue and Mrs. R.H. Crawford visited Mrs. A.C. Pratt.

Mr. and Mrs. G.W. Smith have returned from a trip to McAllen and Port Isabel.

G.W. James has been hospitalized at Methodist Hospital since March 5. He suffered a severe heart attack, but he is no longer considered in critical condition. He is holding his own but at best will have an extended stay in the hospital.

Mrs. James, who is Dougherty lunchroom supervisor, is at the bedside of her husband at Lubbock. The women of the Community Club are carrying on lunchroom operations. Elmer Watson, Supt. of the school, has announced the school needs a lunchroom supervisor for at least a month or six weeks.

Mrs. Watson returned Thursday from a visit to Oklahoma City.

Mr. and Mrs. Don Switzer and Tracey of Perryton visited relatives in this area over the weekend.

the Hesperian, I decided that I shouldn't send it with postage but Floydada's zip code one on February 15 simply addressed it to Floydada, Texas. It also lacked six-cent postage stamps. I mailed January 31. Where it had a 2 days difference, I say. It didn't really mind...

AS YOU can really see, I'm not really tired.

When I went down to the supper, one of the boys said, "I'll not name you." I didn't have very much to say about the top of his head. I'm not really tired.

When I was in the question took a face... then I must have been in a daze instead of tea!"

So, if you did your best, you are to be congratulated for your work, regardless of the placing... If you didn't do your best, try again next year... hard work can pay off.

Just ask those whose animals were sold through the auction sale!

TROPHY WINNERS - Trophy winners of the 1968 Floyd County Junior Fat Stock Show are pictured above following the presentation of their awards at the annual banquet Thursday night. From left to right, they are Morris McClellan, champion lamb; Scott Simpson, grand champion steer; Rex Battey, grand champion barrow; Jim Kropp, two champion lambs; Judy Probasco, champion lamb; and Mitch Probasco, champion lamb. (Staff Photo)

Whether you took grand champion or last place, you probably learned something raising your lamb, barrow or steer that you could not learn anywhere else... responsibility of caring for a valuable piece of property.

Not only was your animal valuable, I know that it took a great deal of care... feeding, watering and cleaning.

So, if you did your best, you are to be congratulated for your work, regardless of the placing... If you didn't do your best, try again next year... hard work can pay off.

Just ask those whose animals were sold through the auction sale!

PERHAPS ONE reason I enjoyed the stock show was the good company I had to visit with during the show... Floydada FFA Sweetheart Lana Fair, Lockney FFA Sweetheart Madonna Jack, Floydada 4-H Sweetheart Teresa Colston and last, but not least, Floydada AFS Student Sverker (Sam) Emanuelson.

Sam, whom I am all sure you know is from Sweden, had one comment which interested me.

According to Sam, there's "one thing wrong with American girls... they go steady!"

I kinda agree with Sam and

was interested to note that at least one Floydada boy, Ronnie Hill, had the same idea.

Ronnie's ideas on the subject are printed elsewhere in this edition under the heading of "For the birds..." a reprint of the article he has recently had published in "The Whirl," Floydada High School newspaper.

Also in talking to Sam, I remarked that my father's family was Swedish and that my mother's family was largely Swiss.

Upon hearing this, he quipped, "You're certainly a neutral then, aren't you?"

I added that I also thought I

When the last animal had passed through the sale ring last Wednesday at the Floyd County Junior Fat Stock Show, a total of 172 barrows, lambs and steers had been sold for a grand total of \$26,036.82.

Pocketing the money were Floyd County 4-H and FFA exhibitors who sold their animals as the climax to the three-day run of the 24th annual show and sale.

The 32 steers sold for a total of \$12,147.99, the 80 barrows for \$7,929.63, and the 60 lambs for \$5,959.20.

Floyd County merchants and individuals helped keep floor prices up, donating cash prizes totaling \$13,597.34.

Those from Floydada who donated to the show fund which was used to furnish the support prices, included Production Credit, Martin & Co., Oden Chevrolet, Baker Insurance, Lawson Brothers, Rogers Restaurant, Fieldan Motel, Grundy Ironworks, Leonard's Cafe, Daniel Auto, Parker Furniture, J. C. Huckabay, E. M. Collins Implement, Floydada Implement, Panhandle Compress & Warehouse, Rucker's OK Tire, Higginbotham-Bartlett Lumber, Floydada Farm Supply, Hale's Department Store, Neff Grocery, Beall's Department Store.

McDonald Implement Co., Hollis Bond, Cone Fertilizer, Cone Gin, Kirk & Son, John Stapleton, Sammy Hale, Bishop Pharmacy, Floydada Seed & Delinting, Caprock Grocery, O. R. McIntosh, Parker Studio, Carmack Feed & Seed, Home Supply, City Auto, Floyd County Hesperian, Mrs. Maude Hollums, Jim Word, Arwine Drug, Quality Body Shop, L & J Food Mart, Pioneer Natural Gas.

Raymond Akin and Gene Harris, both from Plainview served as auctioneers for the sale.

Animals sold, price, weight, exhibitor and buyers are as follows:

Scott Simpson, Grand Champion Steer, FFA, 985, \$1,000, \$985.00, Brown Gin, Lighthouse Electric, Floydada Farm Supply and Sandhill Elevator; Carlton Johnson, Reserve Champion Steer, FFA, 1011, \$75, \$75.25 First National Bank, Lockney.

Banquet Concludes Stock Show Activity

The concluding event of the 24th Annual Floyd County Junior Fat Stock Show was held last Thursday night when 254 persons including show exhibitors, their parents and guests were present for an awards banquet which saw trophies go to the show's top exhibitors.

Receiving honors as the show's top exhibitors were Becky Copelin, beef; Jim Kropp, sheep; and Willie Patterson, swine. Miss Copelin represents the Floyd County 4-H, Kropp the Lockney FFA and Patterson the Floydada FFA.

Also receiving trophies for exhibiting the top animals in the show were Rex Battey, grand champion barrow; Scott Simpson, grand champion steer; Jim Kropp, two champion lambs; Judy Probasco, Mitch Probasco and Morris McClellan, champion lambs.

Also receiving a trophy and

special recognition was Miss Madonna Jack, Lockney FFA Sweetheart, who was named as stock show queen for selling the most memberships to the stock show association.

Speaker for the event was Raymond Akin, Plainview auctioneer, who told the young exhibitors, "You'll never find memories more gratifying than these."

Akin added that the Floyd County Show was "one of the best shows of the many I see, you should be proud," adding, "it's hard to find anywhere that a sale is supported better than yours."

"The things you learn in these livestock programs will stay with you for life," Akin stressed, remarking, "Money is not the only important thing in life... set your sights on being a success in whatever you

"Show me a good loser and I'll show you a loser," Aiken remarked. "The idea is to win... but, be able to accept defeat gracefully... but, don't be satisfied until you win."

Aiken concluded by noting that the show and sale was a "real community effort," and that, "Floyd County should be proud of every youngster and person who had a part, regardless of how small, in the show."

Welcoming those present to the banquet in the behalf of the sponsors, Floyd County Farm Bureau, First National Bank of Lockney and First National Bank of Floydada, was Neil Bertrand, FB President, who served as master of ceremonies.

Invocation was given by Belvred Jack and dinner music was provided by Ellen McReynolds, both students from Lockney.

Virginia Taylor, accompanied by Margaret Bartram, gave a talk entitled "I Speak for Democracy." Mrs. Taylor was winner of state FB talent find. Presiding over the awards presentations were Joe Wilson, Floyd County Agricultural Agent, Henry Barber, Floydada FFA Advisor, and Elvin Lyon, Lockney FFA Advisor.

You say people are afraid to get involved?

...not everyone.

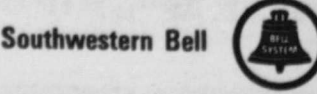

Many telephone people have made it their business to get involved in other people's problems. They've saved hundreds of lives in the process, often risking their own safety.

Over the years, 240 Southwestern Bell employees have been awarded the Vail Medal, an award recognizing acts which exemplify the company's highest traditions of service.

Among our Vail Medal winners are employees who... pulled a mother and her son from the rushing waters of a turbulent river... carried a baby from a blazing trailer home... dragged a man and woman from a burning car.

The list goes on and on.

And we're proud of them all. They're the kind of people you can count on to get involved.

For The Birds...

from the Whirl, Floydada High School newspaper.)
By RONNIE HILL.

It is ten before reading what I have to say. I realize it is a touchy subject with most of you because you are free with you who say that going steady in high school is wrong. Have you counted to five yet? I bet you're red but wait, there is more to come. First, ask yourselves. What kind of personality do I want? What do I want to know? Have I ever gone steady? Broken up? Have I ever felt the pain one feels when broken up? If you answered that you want a well rounded person and that you want to know a lot of people that you can't attain these characteristics by going steady then you answered YES to the last three questions then that going steady is for the birds. Do you have

gone into this a little deeper and get to my first point, steady have said this for your main argument. "But he is the only one I want to be with. I say this because I am living it as an experiment with one steady. I have been here five years, and it seems to me I was a scared little freshman hiding in the shadows of the big ugly seniors."

From all the high school years you need to meet new people every year. Why? I'll tell you why. One of these days you will be turned out in the world. And there you will meet people who will have to live with. If you go steady, you are cut off from the rest of the people. If you are not steady, you will see each other a lot. You will be together just you two. How can you learn anything else is like if you only stayed with one person? You can't find out characteristics and ideas which you appreciate and to learn what kind you like most. This gives you a background for marriage, because you can decide what you like best and finally look for the one who has those qualities that you desire in a husband. If you settle yourself to a steady, you will have a very one-sided relationship. The male species, right? Therefore, you cheat on the other person.

Are you ready for my next point? Have you counted to seven yet? "But you don't understand. I really like this girl completely at home with her. She is great." This is the way you miss the boat. You shouldn't feel completely with anyone until you are ready for that home and that will be years ahead of you.

Girl relationships can reach the point sometimes when you get to be sort of a fixture around the school like a machine in the hall or the screen on the clock and about the same.

There is a big event in Lubbock; take for instance, Johnny Myers. A certain boy wants to ask a certain girl to go, but he knows she is going steady. Now this ruins his chances with her. She wants to go, but her "groovy" steady won't let her. Whether you get to go.

What about that dance? Now boys can't ask girls to go because they are going steady. Why? because the other boy will

be there. How many times have you seen two people who are great friends always talking to each other and having fun, but then they went steady, broke up, and now aren't even on terms. It happens all the time in FHS.

GO STEADY NOW? How many times have you? If you say yes, you're in for a big let down. If you say a lot, then apparently you mean too much to you. Have you ever felt the pain that comes from breaking up? That is what really hurts.

DIFFICULT after you have shared football games, dances, parties together to tell someone, "I don't want to go steady with you."

ADDITION to being hurt, a girl who has been rejected by a boy is undesirable, unfeminine, and unwanted.

THE POINT that teenagers say is good about going steady is that it's great to be liked by one person and it's easy to know where your next date is coming from.

COMFORTABLE, YES, but maybe just a little too comfortable. One of the most important things we can learn in life is to meet and talk to people. If we don't have to ask for help through the process of getting to know new people we are missing out in valuable training.

PERSONAL PROBLEMS can result from going steady. It can have a lasting effect on your personality in later life. If you go with a lot of people, you get an education that no

school can give. You are set into all possible situations, meet many new people, and learn to recognize the good traits you eventually hope to find in your partner in married life.

FROM PAGE ONE
I had a little Indian blood from somewhere, then he said, "That ruins it!"

I suppose it does... I am known to go on the warpath occasionally!

WHAT DOES it mean when you get something in the mail with your complete address in blue ink excepting the "M" at the front of "Mr." which is in red ink?

That's the way my "Whirl" (for which I am grateful, by the way) came addressed this week. If you know what it means, let me know.

Come to think of it, perhaps that's just where someone ran out of ink!

I ATE DINNER Thursday at the High School Cafeteria as a member of the Lions Club, the members of which visited a cafeteria for Texas Public School Week.

And, I find that one thing hasn't changed since I was in school... the long cafeteria lines are still a reality.

But, they didn't make us wait... although I would have if they had asked... although, I admit it would be a recollection of a bad memory.

I'm a big eater, but a slow runner... so, I was always last in line and therefore, didn't have as much time to eat and then again, sometimes they would be out of the things I liked when I got there!

But, as you can see... I usually scrounged up enough to get by on!

Oh, before I forget, I want to say "thank you" to the cute little gal who so nicely came by and picked up my plate at the cafeteria after I had finished eating.

It wasn't her job to do such things either, she was on her way to class even... and, I know how much of a hurry she must have been in to get to class!

Thanks, Jan... I appreciated it.

I NEVER DID believe in horoscope predictions and after last Friday, surely haven't had my faith in the stars strengthened.

For some reason or other, several of the Hesperian staff got to reading their horoscopes for last Friday, mine reading thusly:

"LEO (July 23 - Aug. 22): If you have held your poise and temper well enough this week, today will bring you some of your reward. Social activity is stressed: if you can't find a good

party, give one for yourself and friends."

Needless to say, all week I had been my usual poised, good tempered self, but, for some strange reason, I never did find that "good party," despite the fact that I was hunting it quite diligently.

And, it is quite obvious to me that I can't afford to give myself one every time my horoscope says so, so I was just out of luck, dog-gone-it!

But, perhaps mine wasn't quite as out of proportion as one of my co-workers'...

her's said to "live it up." The next morning I asked her what she did the previous night to live it up and she replied that she had spent the evening at home with her three kids.

How exciting can you get? Sometimes I get the feeling someone is trying to pull one on us with this horoscope jazz!

By the way... my Monday forecast said I was supposed to be dynamic... with the flu, yet?

I NOTICED with interest that the Minnesota Vikings of the National Football League signed their 12th round draft choice... a center by the name of How Small.

How is 245 pounds small!

Former Lockney Man Named Red Cross Director

Jimmy Myers of Lubbock, son of Mrs. Olive Myers, has assumed duties as assistant director of the American Red Cross at Fort Hood. He began his four week's training program Monday.

At the end of the four-week period, Myers will be assigned to a military installation as a caseworker for six months which will be followed with a one-year tour of duty in Vietnam.

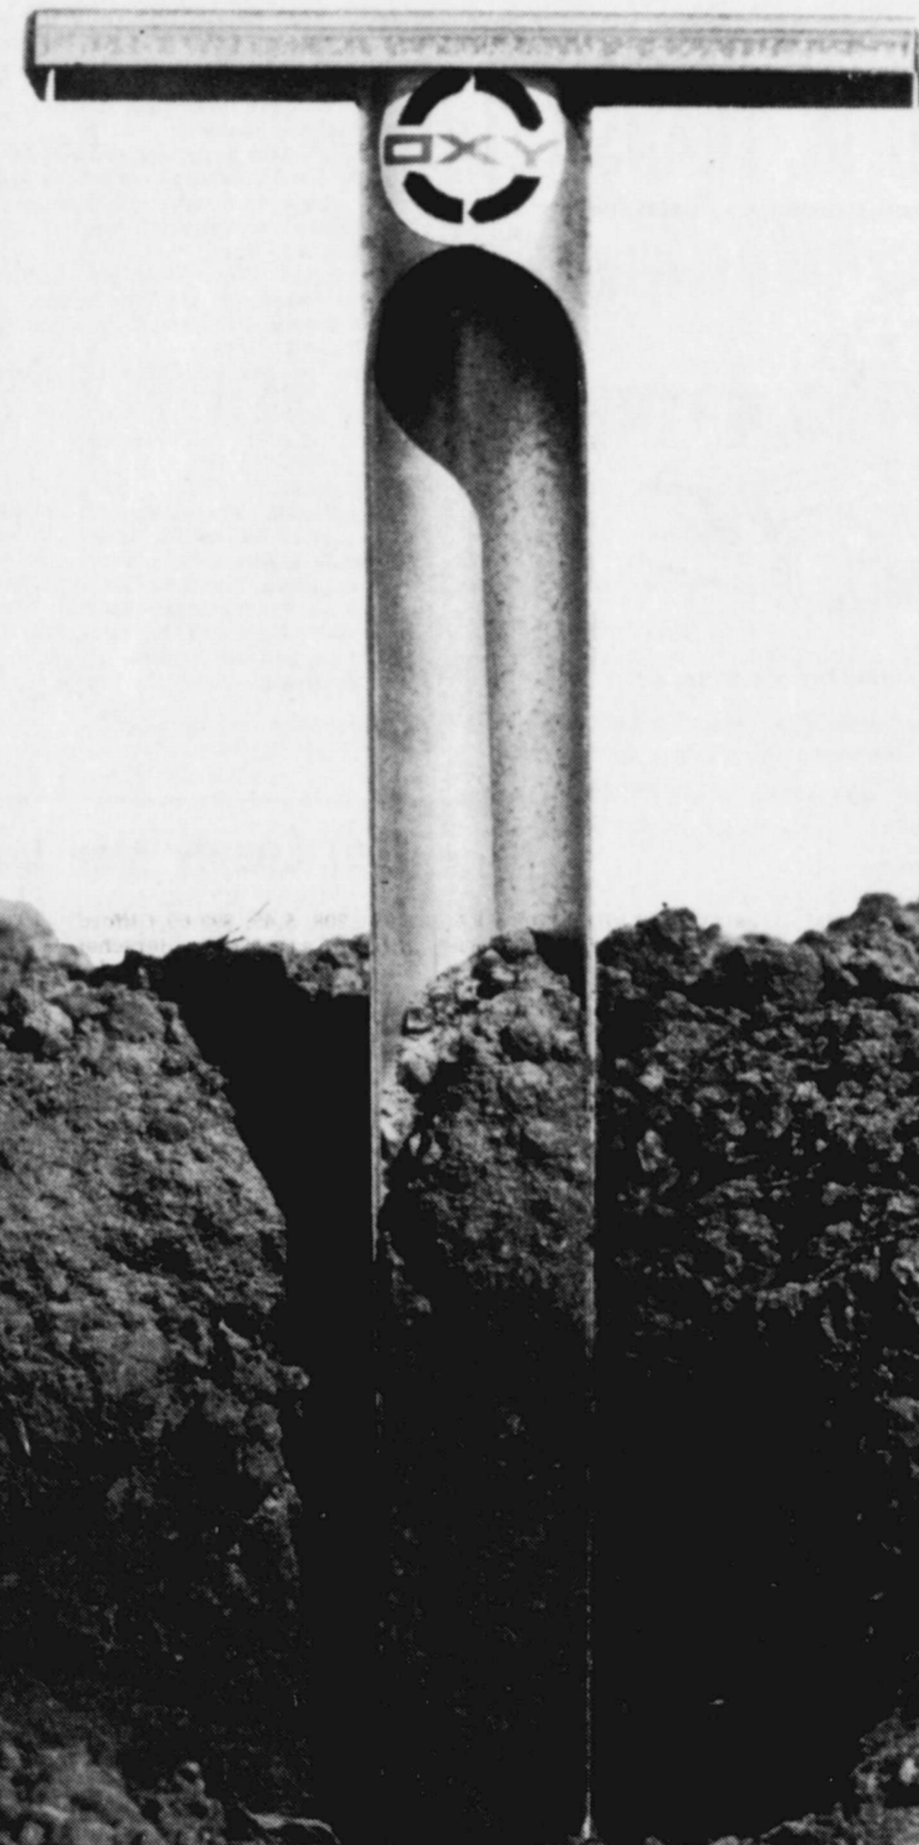

His wife, the former Ernestine Spradling of Lockney, and nine-year-old daughter, Kim, will reside in Lubbock until he is stationed permanently for the six month period.

Myers is a 1954 graduate of Lockney High School where he was active in all school activities. He attended Texas Tech.

Myers will be one of more than 300 men and women of the Red Cross in the Vietnam theatre of operations.

NEWS FOR HOMEMAKERS

by Sherry Mullin
Floyd County H. D. Agent

If you are in the market for a food freezer, consider the following points to be sure the freezer is right for you family:

1. Size of family—allow about 3 cubic feet of space for each person.
2. How much the freezer will be used—half filled freezers cost you money.
3. Whether foods are raised or purchased—small freezers will provide adequate space for storage of frozen foods but large capacity freezers are best for extensive freezing and storing.
4. Space for the freezer—measure the space where the freezer will stand. Available space may influence your choice of type as well as the capacity. Before buying, be sure the one you have selected will go through the necessary doors and fits the available space.
5. Which type do you need—chest or upright? Each has its own advantages. The upright

occupies less floor space and is convenient to use but costs more to purchase. The flat top of the chest type can be used as a work space. The chest type does not need to be defrosted as often but it is more difficult to defrost than the upright. The upright freezer is available in frost-free models which are more expensive to buy and operate than conventional models.

A freezer should be located in a cool, dry, well ventilated, convenient place. The floor should be well braced to carry the weight. Features to consider when buying are the following: interior lights, fast-freezing compartment, built-in-lock, warning signal to indicate that the temperature has risen or the electricity is off, built in defrost drain, racks, trays or baskets for food storage or drop down shelves, toe space, rollers for moving the freezer, door stop, warranty against food spoilage through mechanical failure.

Letter To The Editor

Dear Editor:

I would like to use this means of thanking the Band Boosters and the people of Floydada for making the Whirlwind Band's trip to Brady possible. A special thanks goes from this director to our chaperones, Mr. and Mrs. McClintock.

There are so many people to thank that I hope everyone will share in our joy of being the first Whirlwind Band to represent Floydada in the Heart of Texas Festival for several years.

The people of Floydada should be proud of the way our young ladies and gentlemen conducted themselves. Every place we went, whether to eat, perform, or sleep, this director was complimented on how well our students behaved. These 78 students are a credit to the school and city.

There are no words to express my thanks to my students for their excellent cooperation and work of the past four years. These young ladies and men are the very tops in my book. I shall long remember with pleasure and say with pride that I was their director.

Sincerely,
Jim Boyd
High School Band Director

Dear Mr. Tooley:

I'd like to thank you very much for the Hesperians you have sent me so far, and would like to tell you I've thoroughly enjoyed everyone of them.

I will move from my present address to live in Tokyo early April. But I have not known yet the Tokyo address, so you may as well suspend sending me Hesperians for a month from now. Of course you will be informed of my new address as soon as I obtain it in April.

My mind is quite occupied with the preparations for the entrance exams in late this March. After I've gone through this grim month, I'll be writing to you again, and say hello directly to all the Tooleys.

Let me express again my appreciation for your kindness. Yours sincerely,
Migaku Sato

Dear Sir:

I would like to apologize for not writing sooner. I would like to thank you for sending me the town paper. I really enjoy reading about what is happening back at home. Some people don't realize just how much a paper can help. Even the men here that don't live there enjoy the paper. I just wanted to let you know that I am getting it and I do appreciate it very much. I want to thank you very much again for sending it.

Yours truly,

Four County Men Inducted

Texas Local Board No. 45, Plainview, has been called upon to furnish sixteen men for induction into the Armed Forces. This is the local board's share of the Texas quota of 1,948, which is the largest monthly quota for the state since November, 1966.

The men ordered for induction with a reporting date of March 20, 1968, include Dennis R.

King, Gerstle E. Trimble, Ken E. Roberts, and Steve R. Eaton, all from Floyd County.

The local board will forward ninety-seven men for pre-induction physical examinations on the same date. This is the local board's share of the Texas quota of 4,200 men to be forwarded in the month of March.

Peace Corps Test March 16

Floyd County residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 1:30 p.m. on Saturday, March 16 at Room 16A, Post Office Building, Lubbock.

The Peace Corps uses the Placement Test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. The test requires no preparation and is non-competitive; an applicant can neither pass nor fail.

Persons interested in serving with the Peace Corps must fill out an Application, if they have not already done so, and present it to the tester before the test. Application forms are available from post offices or from the Peace Corps in Washington, D.C. 20525.

Fifteen thousand volunteers are currently serving in Asia, Africa, Latin America and the Pacific Islands, working with the people of those nations in self-help projects ranging from food production to health to education. More volunteers are needed for programs which will begin this spring and summer.

FLOYD PHILOSOPHER Comes Up With Brand New Idea To Help Cities Solve Traffic Problems

Editor's note: The Floyd Philosopher on his Johnson grass farm comes up with an idea this week which probably requires additional study.

Dear editor:

Excusing maybe Viet Nam, riots, and teenagers, for every problem there's usually a solution, and it was with considerable interest I read about a solution for the garbage disposal problem in big cities in a newspaper somebody threw out of his car near this Johnson grass farm yesterday.

According to it, cities would no longer depend on men and trucks to pick up garbage, thus eliminating the inconvenience of flat tires and strikes and banging cans around in the early morning hours. Every house and apartment would be tied into a special garbage-disposal pipe. When garbage collects, you put it in a special plastic bag, drop it in, and it's automatically shot through the pipe and right on out of town to the garbage dump 15 or 20 miles away. The whole thing is simple, and I'll bet Gov. Rockefeller wishes it had been thought up sooner.

But cities shouldn't stop there. Take the automobile problem. Everybody knows the car, with its traffic jams and sheer mathematical impossibility of finding enough parking room, is making city life almost impossible. A man

can now cross New York City than he can by car, and what fun are doing is even worse.

As I understand it, the car eliminates the horse, but it has that way, it eliminates more day than it does horses in a year? horses were killed in traffic

year? But cities shouldn't despair. adapt this new pipeline garbage to people? You wouldn't want systems mixed up, but why not pipeline for people and transport by pneumatic tube?

Every morning, a wife could up in a plastic bag, drop it in and 30 seconds later he'd be in his office. No traffic problems, fumes, no congestion, no waiting peace and quiet in the streets time, he puts his plastic bag in the pipe, and is shot home.

The system will work. All right special training of wives in which pipeline to use every morning want the garbage arriving in the husbands at the dump, except in cases which I won't go into.

Yours Sincerely,
J. A.

Planavin is the cotton-soybean herbicide that gives you more than your money's worth.

Growers bought every pound of Planavin® Herbicide they could get their hands on last season. Read why.

Shell's Planavin® Herbicide gives you more than just excellent preemergence control. Nothing on the market does a better job.

It had to be more than just another good weed killer in order to break in against established competition. Growers found out how good last season. Planavin proved itself under the worst weather conditions in years. It held the fort against most annual grasses and many broadleaf weeds—right through the early period when control really counts. Growers got what they paid for—freedom from weed problems during the time when weeds can strangle young cotton and soybeans. Plus a sound control base that makes season-long control programs simpler and more economical.

Planavin also gives you a bonus. It frees you from immediate incorporation. Takes the pressure off. And it can save you hours of application time.

With Planavin you can spray by ground or air. You can use large rigs, wide booms. Covering large acreage fast saves you hours. There's no waiting for incorporation equipment to catch up. No downtime for custom applicators. The reason? Planavin doesn't require immediate incorporation. You can take your time. Even a few hours of exposure to air and sun won't wipe out your weed control when you use Planavin. Note: When you do incorporate, keep it shallow—no deeper than 1 to 1 1/2 inches. Don't bury your Planavin below the sprouting weeds.

Get Shell's Planavin® Herbicide early—to keep the pressure on weeds and off you. Shell Chemical Company, Agricultural Chemicals Division: Suite 500, First Bank and Trust Bldg., Richardson, Texas 75080

Population Growing

the same system to estimate Floydada's population as grown, per 400 persons. the population, Commerce of gas, electric meters in the total by three average, then figure (1,676), arriving at a compared to 5,027 at the first of January this year.

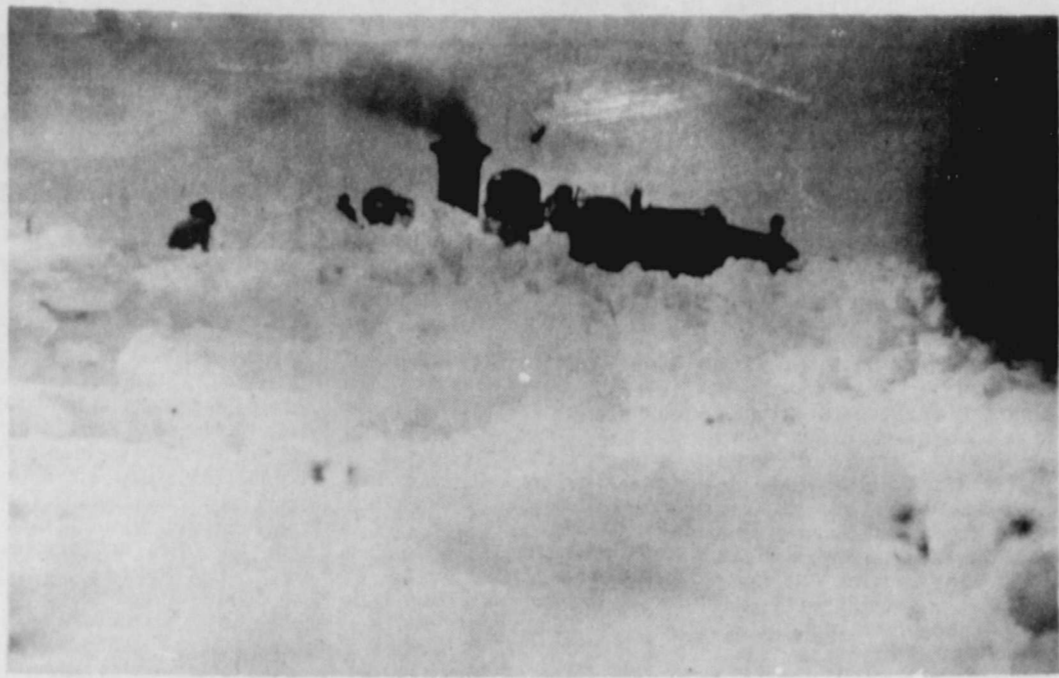

Floydada's official count according to the 1960 census was 3,796. . . a possible growth of more than 1,600 persons in seven years, providing the estimates are close to correct. But Chamber officials stress that an estimate is just as the word implies. . . a calculated guess.

In terms of total meters, though, the city has definitely gained. . . from 4,539 in 1964 to 5,027 at the first of January this year.

This, alone, regardless of the total number of people involved, would indicate growth. . . and, that's what is of greatest concern to cities throughout the area.

Drug Consumption Locally, \$312,000

NEW YORK, March 9 - With many of the medicines that are in use in Floyd County and elsewhere facing a Federal ban on the ground that they are ineffective, the questions arise: What is the rate of drug consumption in the local area? How much is spent per year for drugs by local residents?

On the basis of the latest regional statistics, compiled by the U. S. Public Health Service, their annual outlay for medicines is estimated at \$312,000. This includes prescription and non-prescription drugs.

A limitation on the marketing of hundreds of these medications is currently in the works. Dr. James L. Goddard, Commissioner of the Food and Drug Administration, estimates that 10 percent of them will have to be withdrawn because they are ineffective.

In the case of a large number of other drugs, their advertising claims will have to be changed, the FDA asserts, as a result of studies made by the National Academy of Science and the National Research Council.

Labeling will be limited to "only those claims for which a drug is effective."

The National Center for Health Statistics has found, after a survey, that the average outlay for drugs in Floyd County's geographical region is \$22.80 a year per person.

This compares with \$21 per capita throughout the United States as a whole.

Of the local outlay, \$17.50 is for prescription drugs and

\$5.30 for ointments, vitamin pills, laxatives, headache remedies and the host of other over-the-counter items. These expenditures represent a considerable increase over earlier years. Higher costs is a major reason. Increased use is another.

The Government's figures show, also, that age has a great deal to do with it. Persons who are 65 and older spend \$50.20 per year, on average, for medicines.

That is over four times the amount that those in the 15 to

24 bracket spend - \$12.10. In Floyd County, although only 8.4 percent of the population is over 65, their annual outlay for drugs comes to approximately \$58,000, a larger part of the total than is spent by any other age group.

Pontiac Motor Division

There's very little difference between Wide-Tracking in a Pontiac and ordinary driving... in dollars. A big, powerful Wide-Track Pontiac costs no more than some of the so-called low-priced cars. So if you're settling for less than a 400 cubic inch V-8 and a big-car 121-inch wheelbase, stop settling. Start Wide-Tracking. The drive is on. See your Pontiac dealer. South Plains News

BY MRS. MURRAY JULIAN

SOUTH PLAINS, Mar. 11—A group of men met at Fellowship Hall here at the church Tuesday night at 7:30 for a Fellowship organization of men of the community. Dinner and all the arrangements were taken care of by the men, and a chicken dinner was served to 22 men. Officers for the organization were elected, who are L. N. Johnson, president; Johnny West, vice-president; John Kinnibrugh, secretary-treasurer. Don Marble is program chairman and Don Probasco is

chairman of the food committee. There will be a monthly meeting on the first Tuesday of each month, with interesting programs planned. The organization is open to all the men of the community, and a cordial invitation to attend is extended. Attending the first meeting were Don and Fred Marble, Glen, L. T. and Mike Wood, Jerry Pruitt, Don Probasco, Tillman and Fletcher Powell, Murray and Kendis Julian, Gregg Milton, Bryan Karr, L. N. Johnson, John Kinnibrugh,

Johnney West, Early Pritchett, Philip Smitherman, Don Staggs, Charles Conger, Fred Fortenberry and Raymond Upton.

This Monday a blizzard has engulfed the South Plains area, and winds are blowing the snow into drifts. It was 24 degrees in the morning. About half inch rain fell here Sunday, and although a goodly number were able to get to the Baptist Church for morning services, not many were able to get out through the rural roads at night, so there were no services. The program scheduled for the Sunday night services to be given by the Junior GAs with sponsor, Mrs. Kendis Julian, will be held next Sunday night, March 17.

Mr. and Mrs. David Cannon and three boys of Half Way were Saturday night guests here with her sister and family, Rev. and Mrs. Charles Conger and boys, Bentley and Brent.

The South Plains Hobby Club will meet Wednesday, Mar. 20

at 2 o'clock p.m. in the home of Mrs. Fred Fortenberry, with Mrs. Arby Mulder as co-hostess. Miss Sherry Mullins will be with the club to give a Demonstration on "Saving Steps." Please try to be present to get your books containing club meetings and information for each to be used during the coming year.

In the Floydada Livestock Show last week at the 24th annual Fat Stock Show the grand champion award went to Scott Simpson, and Reserve spot went to a heavy weight Angus shown by Carlton Johnson of South Plains. Carlton also showed his calf Saturday at the Lockney show, and won Reserve champion there. After the boys and girls work so hard with their animals, we are always glad to see them win recognition. Several others from our area also showed animals.

Mary Juarez broke a bone in top of her foot at the Baptist Church here last Thursday when some stacked tables fell. She will have to wear a cast on her foot for some time. Mary is the daughter of Mr. and Mrs. Pilar Juarez.

Last week many parents and small brothers and sisters visited at the South Plains Public Schools, and Tuesday and Thursday forty six visitors ate lunch at the South Plains lunch room where Mrs. Lottie Stewart is dietician. Mrs. John Kinnibrugh's 2nd grade room gave an interesting PTA program Friday afternoon.

Mrs. George West and Mrs. Lucy Thornton went to the Plainview Hospital Friday to visit Mrs. Hamm Smith of Floydada, who fell the first of last week at her home, and suffered a back sprain. We hope she is better at this time. Mrs. Smith is in traction.

Carla Bean, daughter of Mr. and Mrs. Kenneth Bean is in the Plainview Hospital and has been there since last Tuesday. They still have not diagnosed her illness, but we hope she is better and can soon be back in school.

5th and 6th grades of South Plains School went to Plainview to a skating party Monday afternoon after school for a class party, sponsored by Mr. and Mrs. Raymond Reeves, Mr. and Mrs. Philip Smitherman and E. P. Pritchett. The group came back to Lockney and had supper. All 13 class members went to the skating party. They had been saving their money for an outing for some time.

Mr. and Mrs. Teddy Horne left Saturday for Truscott and took his mother, Mrs. Paul Horne back to her home, and also took her grandmother, Mrs. J. R. Spivey back home. Mrs. Horne had spent the week in Plainview with the Hornes, and Mrs. Spivey had visited here with the Sylvan Kinnibrughs. The Hornes came home Sunday night.

Mr. and Mrs. Harold Hamm and a brother, Mr. and Mrs. Gaines Teeple of Floydada had supper Saturday night in Plainview with another brother, Mrs. Leighton Teeple and Rhonda. They enjoyed a fish dinner of red snapper which came from Galveston. The Teeples were on a recent fishing trip there.

Mr. and Mrs. Kendis Julian, and girls had dinner in Floydada Saturday night with her brother, Mr. and Mrs. Ken Roberts. They all enjoyed fresh

fish, the result of a fishing trip Mrs. Roberts' parents had recently taken.

Mr. and Mrs. Zach Cummings are now living in Plainview, where the girls are going to school. The family will move to Fort Worth as soon as school is out. Zach is employed in Ft. Worth at General Dynamics, where the family will make their home.

Mr. and Mrs. Eugene Beedy and boys went to Claude to spend Saturday and Sunday. Other guests with the boys' parents were Mr. and Mrs. Charles Beedy and children from Stinnett. The parents, Mr. and Mrs. Bill Beedy live on a ranch near Claude.

Mr. and Mrs. E. J. Kinslow went to Amarillo Friday to spend the day with their son, Mr. and Mrs. Barry Kinslow and daughter.

The home of Mrs. Harold Hamm was the meeting place for the 4-H Girls Saturday morning as Miss Sherry Mullin of Floydada gave the program on "Foods Nutrition" to nine girls. The group learned how to make homemade ice cream in the freezer. Those who attended were Donette Marble, Pam and Cam Probasco, Wanda and Shirley and Donna Powell, Arlene Hamm, Beverly Kinnibrugh and Carla Milton. The Floyd County Favorite Foods Show will be held at the Light-house Electric Kitchen in Floydada March 23 at 2 p.m. All the 4-H Girls will be competing or presenting a dish they have made for the Favorite Foods Show.

Mr. and Mrs. Don Probasco attended the Thursday evening revival services which have been going on all week at First Baptist Church in Floydada. Each night the past week some of our people have attended services, with Saturday night many families attending.

L. T. Wood went to Lubbock Sunday afternoon at 4:30 to meet his sister, Mrs. Jack McCown of Lake Whitney, who came in by plane from California where she has spent the past month, and she will be staying here with her mother, Mrs. Walter Wood and family during the next week.

A "Come as you are" breakfast was held at the home of Mrs. Eugene Beedy last Thursday morning at 9:30, given to honor Mrs. Dorothy Britton who moved from our area Friday. Members of the La Than Club and others were guests at the breakfast. Mrs. Glen Wood as-

sisted Mrs. Beedy at serving, and coffee and doughnuts were on the menu. Those who were brought to the breakfast were Mmes. Kenneth Bean, Keith Marble, Tom Maurer, Hansel Sanders, Philip Smitherman, Dean Stewart, Don Shurbet, Johnney West, Mike Wood, Travis and Deral Young, Stanley Burleson, Don Probasco, Don Staggs, Margaret Kitchens, Early Pritchett and honor guest, Dorothy Britton.

Mrs. L. T. Wood was hostess for the members of her Floydada Garden Club Friday morning in her home, with seven members present for a program on "Succulents." These are the water retaining plants, such as "Hen and chickens, etc." Mrs. Wood served apricot twists, spiced tea and coffee to seven club members, and Mrs. Shelby Calahan presided at the table serving the breakfast menu.

Mr. and Mrs. O'Dell Mulder and Patricia of Albuquerque, N.M. arrived here Friday night to spend the weekend with his brother, Mr. and Mrs. Arby Mulder and Katherine. They left for home Sunday morning, and struck the snow storm at Clines Corners, where authorities kept them until this Monday afternoon when the snow plows were able to clear a path through the mountains, and they arrived safely at their home.

L. N. Johnson, Jim Simpson and the Ag teacher of Lockney High School went to Fredericksburg Friday and Saturday to bring back calves for the children's projects for the coming year.

Steve Kinslow was the guest of Brent Conger on Friday night helping Brent to celebrate his birthday. The family plans a skating party in Plainview to further Brent's birthday after the weather gets better.

The Week of Prayer for Home Missions for the week of March 3-10, which is held before the Annie Armstrong Home Missions offering, was held at the Baptist Church here Tuesday, with an all day program, and guests of the WMU members here were Lone Star Baptist Church members, Mrs. David Frizzell and Julie, Mrs. Bill Crisp, Mrs. Jeff Terrell, Mrs. Raymond Teeple, Mrs. Kenneth Holt, Mrs. C. L. King and Mrs. James Cooper, who spent the day, and they all enjoyed a luncheon together at noon. "Pray in one Accord" was the theme of the Weeks program, and chair-

man was Mrs. J. P. Taylor. Mrs. G. E. Trimble was in the nursery, and those who were here during the day were Mmes. L. T. Wood, Tom Maurer, Bryan Karr, Shelby Calahan, Kendis Julian, Harold Hamm, C. F. Fortenberry, M. M. Julian, J. P. Taylor, Charles Conger, Bryant Higginbotham and Tillman Powell.

We are very sorry to hear of the death on Saturday of Mrs. Pearl Sims, 64, who was visiting her daughter, Mrs. Revis Harris in Wichita Falls when she became ill last week. Services are to be held this Monday afternoon at 2:30 in Floydada at the Calvary Baptist Church with Rev. H. S. Calahan Jr. of Burleson preaching the funeral. Mrs. Sims used to live in our area, and their home was the one where the Sylvan Kinnibrughs now reside.

Last Tuesday night a singing was held in the home of Mr. and Mrs. Joe Reeves and several from here attended, including Mrs. Bryant Higginbotham.
