"Yep...It Rains Every Sunday Night"

Sorghum Prospects Great Cotton Crop Just Fair

By Wendell Tooley

It has rained about church time the last three Sunday nights in Floyd County, and this week, Mother Nature came back with more rain about dark on Monday night.

Irrigation wells that had just started last week have been silenced again, and grain sorghum never looked better.

Of course many crops have received hail along with all this rainfall, resulting in some spotted crops... especially cotton.

The cotton crop looks "poorly" at this time. Some hailed out stubs remain... some late crops look pretty... some early cotton looks good in the Lakeview and Mount Blanco area... also north of South Plains. Cotton likes hot weather and there hasn't been much of this so far this summer.

The soybean crop looks like an increase over last year, as many farmers have given up on a cotton crop and planted their acreage to soybeans.

The northeastern portion of the county would still like to have more rainfall.

Over in the Caprock area... on into Matador grassland never looked better... Matador has already received around 18 inches of rain this year. It's a good year for the Caprock cattlemen.

The onion harvest will be smaller this year, due to the fields taken out by hail.

According to the official rain gauge report at Producers Co-operative in Floydada the Sunday and Monday night rainfall recorded was 1.75 inches. No official report from Lockney, but a report from a businessman there said that they received an inch on Sunday night, but nothing Monday night.

It appears that the Monday night rain storm came across the south part of the county.

North of Cone received two inches of rain and it was reported that a considerable amount of hail came in an area east of Cone, stretching four or five miles.

SEARS MANAGER..... Kay Johnson is pictured ready to take an order.

New Sears Store Opens Friday

A new business will be open in Floydada this week when the newest Sears, Roebuck and Co. Catalog Merchant Store will have its Grand Opening Friday, July 12 at 100 South Main.

The opening has been set at 10 a.m. Mrs. Kay Johnson, the Owner-Manager of the store said, "Floydada's new store is the result of a combined effort between Sears and myself to offer better and more complete service to our catalog customers in the area. We hope the people of Floydada will consider us a part of the community and will avail themselves of our new facilities."

Besides souvenirs for all attending our Grand Opening, visitors may register for valuable gifts to be given away. They will find on display many of the more than 140,000 items available through the Sears catalogs. These items include appliances, tires, and batteries, plus many shopping aids.

Additional particulars concerning the Grand Opening may be found in a full page advertisement appearing in this week's issue of Floyd County Hesperian.

Mrs. Johnson, who is a native of Floydada, said that orders for any merchandise listed in the current Sears' catalogs may be placed in person or by phone from home. The orders are then relayed to the Catalog Order Plant in Dallas for filling and the merchandise sent to the store here or directly to the customer if desired. Orders will be received in consolidated shipments, thereby saving the customer part of the shipping charges.

The steady growth of Floydada and surrounding areas prompted Mrs. Johnson to open the new store. She pointed out that this is a locally owned and operated business.

FIDDLER'S TROPHY - Charles Overstreet of Floydada proudly displays a Junior Division trophy won by him at the Fiddlers Contest held at the annual July 4th celebration at Hale Center. Overstreet beat last year's champ to take first place this year in the under 20 age group. He is a graduate of Floydada High School, LCC and plans to attend Texas A&M this fall. He is the son of Mr. and Mrs. R. W. Overstreet of Floydada. (Staff Photo)

School Board Employs More Teachers

The Floydada school board employed more school teachers at its regular monthly meeting here Monday night.

Frances Jones of Seminole to teach the fifth grade, Milford Mason of Plainview as Jr. High coach, Charles McDowell of Clayton to teach high school math, Virginia Bowers, a Wayland graduate from Muleshoe to teach first grade, Marie Mathews to teach third grade, Nancy Welborn to be assigned in an elementary school and Helen Dunlap to teach eighth grade English were included in the group employed.

The board accepted the resignation of Katherine Bledsoe, Beta Boyd and Robert Millikin.

The board approved payment of monthly bills, the minutes and adjourned.

All board members were present except Louis Pyle.

Dog Poisoned in NW Floydada

The J. W. Cannon family have reported the strychnine poisoning of their pet dog, a part Chihuahua, who was stricken ill and died last Friday. The poisoning was confirmed by a veterinarian, according to Mrs. Cannon.

This is the second dog poisoning reported in the neighborhood of the Cannons, who reside at 416 W. Jackson. Their neighbor's dog was poisoned some six weeks ago, but quick medical aid saved the canine and Mrs. Cannon said the dog was much larger than theirs, with possibly more resistance to the poisoning than the small dog.

The Cannon dog was fenced, so evidently the meat substance with the poisoning, was thrown over the fence, Mrs. Cannon said. She related not knowing the purpose of the killing as the dog was always fenced and only barked when someone entered the yard.

Strychnine works on the nervous system and causes a paralysis, the condition the Cannon dog was found in when rushed to the vet.

Persons charged and convicted of poisoning a dog can be fined from \$10 to \$200, according to law.

Floydada High Homecoming Set October 4

Homecoming plans for Floydada High School are in the making and the date for the celebration has been set for October 4. The Whirlwind football team will play Hale Center here on that date.

Young and old alike turn out for Floydada homecoming every four years and this one will be no exception as plans materialize for the big event.

Fred Cardinal is president of this year's committee and A. E. Baker is vice-president.

Organization Of Neighborhood Center Set Monday Night

All persons who have signed up to help in the organization of Floydada's Neighborhood Center and any other interested persons are invited to attend the initial meeting Monday night.

The meeting will be in the county courtroom at 8 p.m.

Purpose of the center is to conduct adult classes for the underprivileged in cooking, tractor driving, sewing, English, writing, family life, any course of training that will help the people to earn a better living.

There is a recreational program for young people combined in the program also. Floydada's neighborhood center will be in the Della Plains school.

UP OVER A MILLION DOLLARS

Floyd Bank Deposits Continue To Climb

According to a state bank call report of the financial condition of the state's banks on June 29, 1966, Floyd County's two First National Banks were up in deposits over the same call period of 1967.

The two banks were up over last year in deposits over a million dollars.

Loans were up a little over a hundred thousand dollars. The increased deposits were credited by the bankers to the very good agricultural crops of last year and overall stable economy of Floyd County.

The First National Bank of Floydada was up from last year's \$9,013,972.38 in deposits to this year's \$8,482,440.84. Loans were up from last year's \$3,822,064.47 to this year's \$4,069,597.29.

The First National Bank of Lockney was up in deposits from \$5,962,983.78 to \$6,545,369.64. Lockney's loans were down from \$3,114,927.24 to \$3,007,070.95.

MORE MONEY COMING

According to a report from County ASCS office manager Tom Moore... more money is on the way for Floyd County. It is estimated by Moore that the balance of the government checks will go out to the farmers in August.

The total government payments on grain sorghum, cotton and wheat will be \$12,803,000.00. Only \$1,130,000.00 was paid in the spring, so approximately eleven million dollars will go into banks and "circulation" about the last of August.

Floydada Nearing Blue Ribbon City Award From WTCC

Floydada has completed four of six phases of a S.T.E.P. (Small Town Economic Progress) program designed by the West Texas Chamber of Commerce which will eventually lead to the city being recognized as a "Blue Ribbon City."

With the completion of the third "step" in the project, Floydada has already qualified for an "Excellence Award," completing the city to an "Achievement Award." Both awards SEE RIBBON PAGE 6

Seal my lips on my aches and pains. They are increasing, and the love of rehearsing them is becoming sweeter as the years go by. I dare not ask for grace enough to enjoy the tales of other's pains, but help me to endure them with patience.

I dare not ask for improved memory, but for a growing humility and a lessening cocksureness when my memory seems to clash

with the memories of others. Teach me the glorious lesson that occasionally I may be mistaken.

Keep me reasonably sweet; I do not want to be a saint - some of them are so hard to live with - but a sour old person is one of the crowning works of the devil. Give me the ability to see good things in unexpected places and talents in unexpected people. And give me, Lord, the grace to tell them so. Amen.

When all six steps have been completed, the city will receive an engraved plaque for inside display, plus a road sign for erection on a highway or other location, designating the city "Blue Ribbon" status.

Phases of the plan are Tourist Development, Industrial Development, Education, and Lo-

cal Government, all of which have been met by Floydada, plus Beautification and Parks and Recreation.

Each step of the program is based on a point system, a designated number of points given for a desirable asset under each category.

Chamber of Commerce workers are presently in the planning stage on beautification and parks and recreation projects and hope to finish the requirements for the categories in the near future. Both are more than 75% completed, only lacking a few additional points.

Heading the special committee for the Chamber is Jake Webb. Committee members are Leonard Matsler, Keller Holmes, A.E. Baker, Mrs. Sammy Hale, Wendell Tooley, H. E. Barnett, Phil Kinslow, Bill Brown, Bill Feuerbacher and John Reue.

City Council In Light Agenda

The Floydada City Council took care of a light agenda in its regular monthly meeting in city hall Tuesday night.

They set new dump ground hours from 9:30 a.m. to 7:30 p.m.

They voted to pay the equalization board members \$12.50.

Dr. O. R. McIntosh, Mike Emert, Dale Goen, J. W. Gilbreath, and W. R. Bradshaw were appointed to serve on the board of adjustments.

All councilmen were present except John Smitherman and Jr. Simpson.

Sorghum Loan Rate Is Set

The price-support loan and purchase rate for 1968-crop grain sorghum in Floyd County will be \$1.63 per hundred weight. Leslie Ferguson, chairman of Agricultural Stabilization and Conservation County Committee, has announced.

This compares with the county loan rate of \$1.59 for the 1967 crop. The rate schedule is for grain sorghum grading No. 2 or better, except mixed grain sorghum.

The national average loan rate is unchanged from the 1967 level of \$1.61 per hundredweight, but extensive changes in export rail freight rates throughout the major grain sorghum-producing area have required widespread changes in terminal and county loan rates. The effect of these freight changes is to reduce terminal rates by four cents per hundredweight.

For Participating Farmers Ferguson reminded growers that price support on the 1968 crop will be available to those grain sorghum producers who participate in the 1968 feed grain program. Total support for 1968-crop grain sorghum includes the loan rate and a price-support payment of 53 cents per hundredweight.

Nationally, this total support weight for the 1968 crop, the same as for last year. The loan

rate varies by terminals and counties; the price-support payment is the same for all participating farms - it applies to the projected yield of the acreage planted to the crop up to 50 per cent of the total feed grain base acreage.

Reflects Loan Rate

For major producing areas, as in the past, the county loan rates reflect terminal loan rates less the freight and handling charges needed to get grain sorghum to terminal markets. To determine rates for individual producers, rates will be

adjusted by discounts for grade, and county count schedule from that in 1967 program.

As in previous years, the terminal loan rates for the 1968 crop will be available through 10 a.m. on the day of harvest until the Loans mature on

Family Planning Clinic To Be Held

A clinic, sponsored by the Floyd County Responsible Parenthood Association of Floydada, is planned for the second Thursday in each month at Delta Plains School. The first clinic has been set for July 11 from 8:30 p.m. until 10 p.m. The meeting time will be the same each month.

All interested persons are

urged to attend the family planning program. Local doctors and nurses will present the program and will show an educational film.

Juan Salinas is president of the association; Raymond Asebedo, vice president; Beverly Kincer is secretary and Mary Lou Rodriguez is treasurer.

DADA SCHOOL DISTRICT

The equalization board of the Floydada Independent School District will meet at 9 a.m. July 18, 1968 and will adjourn at 3 p.m. on July 19, 1968, in the downtown school offices, 208 S. Main.

Drillers Lose To Lockney

The Drillers, playing the league took an 8-7 record. Lockney Tuesday were throwing Bobbie Rose and Tim Rose and were doing a good job. Bickley went to see these games.

Lockney On Top Of T-Shirt League

Lockney has four more games to play and should have the championship of the National Division sewed up. In the American Division it's a horse race all the way with the Mets and Dodgers neck and neck, four wins and six losses each. The Red Sox are standing at 4-5.

Looking back a week at games played we see these results: July 2 Braves beat the Red Sox 6 to 5. Parker was the winning pitcher and Mondine the losing pitcher. Calahan also pitched for the Dodgers.

July 2 Cardinals beat the Tigers 7 to 2. Keith Marricle was the winning pitcher, going all the way. Fleming and Pierce pitched for the Tigers.

July 4 Cardinals beat the Mets 4 to 1. DeLeon was the winning pitcher and McIntosh the losing pitcher.

July 4 Giants beat the Dodgers 11-0. Young was the winning pitcher and Calahan the losing pitcher. Mondine also pitched for the Dodgers.

July 5 Indians beat the Tigers 6-4. Hatley was the winning pitcher and R. Fleming the losing pitcher.

July 5 Red Sox beat the Braves 7 to 3. Ramsey was the winning pitcher, Parker was the losing pitcher. DeLeon also pitched for the Braves.

July 6 Giants beat the Red Sox 16 to 6. Smitherman was the winning pitcher, Minner also pitched for the Giants. Brooks and Addington pitched for the Red Sox.

July 6 Indians beat the Mets 5 to 4. Jackson was the winning pitcher and Hambricht the losing pitcher. Suggs also pitched for the Indians and McIntosh pitched two of the ten Indians for the Mets. This was the outstanding game of the week, going ten innings.

July 8 . . . Rained Out.

July 9 Giants beat the Cardinals 9 to 2. Young was the winning pitcher, DeLeon the losing pitcher.

July 9 Dodgers beat the Mets 8 to 7. Johnson was the winning

ALL STAR GAME THIS AFTERNOON

Cubs Champions Of T Shirt League

The Consumer Cubs came out winner in the T-Shirt League with 9 wins and one loss and will play the T-Shirt All Stars this afternoon at 6 o'clock. They lost one game, which went into extra innings last Tuesday afternoon with the third place Pirates 8-7.

J. Window pitched all eight innings for the Cubs, Starkey pitched three and Cagle pitched five for the Pirates.

On July 4 the White Sox defeated the Yankees 12-6. Winning pitcher was Marshall and losing pitcher was Fairles.

On July 5 the Cubs rounded out their season by defeating the Orioles 18-12. Paul was the winning pitcher and Lynn the losing pitcher.

On July 8 the White Sox defeated the Yankees 5-3. Taylor was the winning pitcher and Womack the losing pitcher.

Philosopher Says 48 Minute Coffee Breaks May Produce Lots Of Peace Workers

Editor's note: The Floyd Philosopher on his Johnson grass farm reflects on a sidelight of the Paris Peace Conference this week.

Dear editor:
 I was out here yesterday morning studying about doing some farm work and wondering why it is people are always hijacking airplanes but nobody ever hijacks a tractor when a newspaper started blowing along the ground toward me and I watched it hoping it'd get near enough so I wouldn't have to get up and luck was with me and it fell right in my lap right side up, so I started reading. The tractor probably wouldn't have started anyway, maybe it will tomorrow, although I've never believed in putting off till tomorrow what you can put off till the day after that, and I'm not prejudiced against next week.

A headline caught my attention: PARE PEACE TALKS MAKING PROGRESS.
 It's about time, I said, and read that while nothing definite has been agreed upon and

Faye Dunaway is Bonnie and Warren Beatty is Clyde in the exciting Warner Bros.-Seven Arts release, "Bonnie and Clyde." The action-packed drama which retells the story of the infamous bank-robbers of the Depression-struck 1930's opens on Sunday at the Capada Theater. The Technicolor film was directed by Arthur Penn and produced by Warren Beatty.

Lighthouse On Top Junior League

Lighthouse remains on top of the standings in the Junior League with a perfect 7-0 record. Lighthouse defeated the VFW last week 2-1 in a real pitcher's duel. Muniz was winning pitcher, Sanchez and Jackson pitched for VFW.

Coop beat last place First National Bank 7-6 in a hot contest. Moore pitched for the Bank, Vinson for the Coop. Games were rained out this week, but it is hoped that some make-up games can be played Saturday night.

The Coop is now 4-2, VFW is 2-6 and the bank is 1-6.

Revival At The Church Of The Nazarene

The Church of the Nazarene is planning revival services for this week Wednesday through Sunday, July 10-14, each evening at 7:30. The speaker will be Rev. Buford Battin of Lubbock, a full time evangelist in the Church of the Nazarene. Mr. Battin has held revivals in the Floydada church on two previous occasions.

The primary purpose of revival is to deepen and strengthen the spiritual lives of Christians. The encouragement of the discouraged and the new commitments of believers grown cold is vital to the life of the church. The conversion of the uncommitted is a frequent result of the new spiritual life among the members. "We trust all of these will occur in this series of services," is the observation of the pastor, Rev. Herbert Els.

Mr. and Mrs. Elco Frizzell visited her sister-in-law, Mrs. Sophia Carpenter and sons of Ralls Sunday afternoon.

Commissioners Court met Monday in regular session and appointed a roster of area county residents to hold all special and general elections. Members carried the motion that the county pay to Bradshaw Brothers \$15,000 for right of way

for a farm to market road across their property.

Those appointed in charge of the elections included: Southwest Floydada; R. M. Battey and Wilson Mack Fowler.

Bill Orman Is New Compress Manager

Bill Orman, a native of Floydada, is moving back to this city with his family, as manager of Panhandle Compress and Warehouse Co. He assumes his duties July 20.

Orman will replace Henry Watson, who has been manager of the firm for the past five years. Watson and his family are moving to Stanton where he will manage the West Texas Compress. Watson said he hated to leave Floydada but that advancements in his line of business were few and far between and he couldn't turn down the fine opportunity given him.

The new manager and his wife have an 18 month old daughter, Misti. They are members of the Baptist Church.

Orman is the son of Mr. and Mrs. W. L. Orman of Floydada.

Mr. and Mrs. Clarence Guffee and Mr. and Mrs. Elbert Parks visited in the R. C. Ross home last week. Mr. and Mrs. Ross plan to visit Mr. and Mrs. Bob Guffee of Hale Center this afternoon. Mrs. Guffee has been ill.

Mrs. Frank Dunn visited her children in Lubbock last week.

Mr. and Mrs. Leo Frizzell are in Red River at this time.

Mrs. Ava Jackson has just returned home from Rotan where she visited her daughter, Mr. and Mrs. Neil Wright and Kevin, over the 4th and helped Beth celebrate her birthday. On her return home she had lunch with her son, Mr. and Mrs. Vern Jackson at Lubbock.

Mrs. O. C. Vinson is visiting with relatives in south Texas. We are sorry to report Charley Spence is in the Lockney Hospital. Their son, Orville from Sherman is at his bedside. Mr. and Mrs. Charley Spence are old timers from our community. We wish him a speedy recovery.

We hear many good reports from Mr. J. E. Green in Kerrville and hope they get to return home soon.

Lions Hold Kids Day

The June 21 meeting of the Floydada Lions Club was observed as the annual "Kids Day" with 65 Lions, their children and guests in attendance.

Program for the meeting was given by Joe Wilson, Floyd County Agent, who told about a trip he took to Ireland, also showing slides of his trip.

Presiding over the meeting was President Don Cheek who introduced Sara Stanforth as the new sweetheart of the club and presented her with a gift pin in behalf of the club.

Proceeding a meal of hot dogs and ice cream, those attending sang "Jingle Bells."

During the business session, Cheek announced that the year's programs had been scheduled and that the club's annual year-book was at the printers and would probably be ready for the next meeting, set at noon July 11.

No meeting was held July 4 due to the Independence Day Holiday.

DPS Seeking Job Trainees

A training school for 120 new patrolmen with the Texas Department of Public Safety will start July 30, Major Luther Moore, Regional Commander, announced today.

"We have several new benefits to offer qualified young men," Moore said. "For instance, the pay during training is \$500 per month and upon graduation this is increased to \$571."

"Also, our selection methods are more liberal in that an applicant is not required to live in Texas for one year prior to employment, and the entrance examination is given every day at our larger offices."

To qualify for employment in the uniformed service of the DPS, a man must be between the ages of 20 and 35, not less than 5 feet 8 inches tall, have a high school education or its equivalent, be in sound physical condition with good vision and must be a citizen of the United States.

"Among the many benefits that patrolmen enjoy," Moore pointed out, "are two weeks annual vacation, all holidays provided for by the Legislature, modern liberal retirement systems and group hospitalization and life insurance plans, traveling expenses and longevity pay, and uniforms and all the necessary equipment to perform their duties."

For complete information concerning the position of patrolman, training and benefits, Moore asked that those who are interested contact the nearest DPS patrolman or DPS office. "In return," he said, "they will receive complete information in regard to the application and examination."

Willie Wiredhand NOTES

LIGHTHOUSE ELECTRIC COOPERATIVE, INC.
MARY PHILLIPS, HOME ECONOMIST

If milk shakes are popular with your family, use luscious fresh peaches to make this thirst quencher: Combine 1/4 cup honey and 1 cup crushed peaches (one whirl in the blender does the job), add 1/2 teaspoon vanilla, 1 1/2 cups milk, and 1 pint vanilla or peach ice cream or ice milk for lower calories. Blend until smooth. Very good.

Want to try something new - add a cup of crushed cornflakes to a favorite chocolate chip cookie recipe for an extra crisp cookie. Try a new flavor for pot roasts or meat loaves by basting them during cooking with the spiced vinegar left over from canned sweet pickles. This also works as a tenderizer.

You can feed your family, entertain guests and keep cool all the while by letting your freezer work for you this summer. The following dishes can be made ahead of time in the cool of the morning, frozen, reheated and served when you choose.

FRUIT SALAD
1/2 cup canned apricots
1/2 cup diced pineapple
1/2 cup halved, seeded green grapes
1/2 cup chopped Maraschino cherries
1/2 cup whipping cream
1/4 cup sugar
2 tablespoons Maraschino cherry juice
1 tablespoon lemon juice
1/4 cup mayonnaise

Mix fruits and sugar, add cherry and lemon juices. While this mixture stands, whip cream until soft peaks can be formed. Fold mayonnaise into the whipped cream. Fold fruit mixture into the whipped cream. Spoon into a 1-quart mold or into individual molds. Cover with aluminum foil and freeze. Unmold just before serving.

CHIP BURGERS
1 pound ground beef
1/2 cup potato chip crumbs
1/3 cup sweet garlic French dressing
1/8 teaspoon pepper
1 egg
2 tablespoons chopped onion
2 tablespoons chopped green pepper
1/4 teaspoon salt

Combine all ingredients. Shape into 6 patties. Wrap in aluminum foil. Freeze. Thaw before cooking. Cook in skillet over low heat, turning to brown both sides.

cheese. Wrap and freeze for serving later. To heat, place on baking sheet and bake in preheated 400 degree oven for 25 minutes.

With the new fall materials arriving daily at our department stores, it puts the sewing urge to work in most mothers. In making school clothes, durable press yard goods are a great help. Working with these new fabrics does require certain precautions, however.

One of the main difficulties has been with fabric puckering. To avoid this the following precautions should be taken:

- * Use long machine stitches - about 10 per inch.
- * Relax the tension on your sewing machine.
- * Use Dacron or Taslan thread.
- * Pre-shrink zippers at least twice before sewing them into the garment - and ease them into the placket area.
- * Press seams as you sew, using a HOT iron. Do your final pressing from the right side.
- * Use tapes, binding, linings and interfacing with the same fiber characteristics as the fabric.

These new fabrics have solved the problem of former durable press' tendency to retain soil and oil stains with the development of "soil release" finishes.

You can make the old homestead like new thanks to the versatility of modern, dependable electricity. An amazing number of Reddy's customers have converted their older homes into modern Total Electric Gold Medallion castles.

Reddy will gladly survey your home - at no cost to you and at no obligation - his trained specialist can tell you what it takes to convert your home, what the cost will be and what the operating cost will be.

Call your Public Service manager and get the facts. After all, your home is your castle!

graduate to better living - ELECTRICALLY!!!

Some cars are talking big price slashes. They know what they're worth.

Chevrolets and Chevelles. Not to mention you'll get a car worth owning. **You get the biggest year-end savings just where you'd expect to—at your Chevrolet dealer's.**
