LABOR DAY, FLOYDADA AIRPORT

Anniversary Municipal Airport Features Exciting Air Show

The First Anniversary of the Floydada Municipal Airport will be observed Monday, Labor Day, with a big air show, sky divers, fly-in breakfast, and airplane rides for everyone. There'll be plenty of refreshments for everyone and the all-day program will be exciting entertainment for young and old,

Aerobatics flying will be featured by Boutwell Aviation of Georgetown, Texas and the Lubbock sky divers will be back for the big event. Everyone who flies in will be served a free breakfast from 6 to 9 a.m. . . .drive-ins will be charged

There'll be planes available to take everyone who desires for a plane ride, charge is \$2.00 per person. The airport will be closed 10-2, 1-3, 4-5 for aerobatics and sky diving. Unicom radio call number will be 122.8 and all pilots are reminded to bring their own tie downs.

Another feature of the big anniversary will be airplane displays including both modern and antique types. Anyone desiring further information should call the Milton Flying Service, 983-5232 or Floydada City Hall,

Floydada schools will be turned out for Labor Day, but the retail businesses will be open for business. The bank, utility companies, city hall, county courthouse and other government offices will be closed.

It will be interesting to get the underground water table reports and see if the declining water table declined less this year. Certainly, most of the county's farmers have used less underground water this year.

The year's rainfall won't be recorded as extremely wet, but most of the rain has come in the crop growing season, including the wheat crop.

The total official rainfall to date in Floydada is 18.5 inches. This compares with 16.21 for twelve months in 1967.

Floydada has received .56 the past three days and other area rainfall reports are as follows: Antelope .60, Lakeview .25, Dougherty 2., Rushing Chapel 1., South Plains over 2", Liberty 2., Barwise 1., Muncy .9, Harmony 1., Baker 1., Pleasant Hill 1.8, Fairview over 1", Center over 1", Sandhill Elevator .60. Bill Holladay Hit By Lightning

A daughter and son-in-law of Bill Holladay were credited with possibly saving his life Sunday afternoon about 4:30 in Blanco Canyon when Holladay was struck by lightning. The injured man was reported to be in a satisfactory condition yesterday in Caprock Hospital where he is under treatment for shock, burns on his chest and left side of his head and a burst ear drum.

Mr. and Mrs. Alvin McCraw and four sons, who just recently moved back to Floydada from New Mexico, were with her father when the bolt of lightning struck. Holladay and McCraw had just completed putting a new water pump on a mowing tractor

Holliday's daughter continued the first aid treatment until reaching the hospital. Reading of X-rays by the attending physician Tuesday revealed that Holladay suffered no broken bones in the fall and the family was told by the doctor he was pleased with his prog-

being used to mow grass and

weeds from the highway shoul-

der, and Holladay was standing

on the tractor filling the radia-

tor with water from a bucket,

the McCraws lifted him into

their car and with McCraw,

ground.

The Holladay children, Donnie, Mrs. Charles Patterson and Mrs. McCraw of Floydada, Keith of Plainview and Mrs. Ronald Mitchell of Bovina have been here with their father and mother since the accident.

In a different part of Floyd County and in an earlier storm last week a stallion, Swap Broom, was struck and killed by lightning. He was owned by Q. D. Williams and was housed in a lot next to the prized stud horse, Royal Decision, recently purchased by Williams and Norman Muncy. Williams said the stallion was insured.

Floydada Business Firms To Be Open Labor Day

At presstime Wednesday it appeared that most Floydada retail firms would be open on Monday, Labor Day, According to the records of the retail merchants committee, Labor Day is not one of the five listed holidays for the year.

On the other hand, the bank, utility firms, government offices, city hall, county courthouse and a few other businesses indicated they would close for the day.

A big day is planned at the Floydada Municipal Airport Monday with the observance of the first anniversary of the airport. Aerobatics, sky diving, and many other features are planned for the day.

Larry Guthrie Receives Wounds In Vietnam War

Word was received here Tuesday by ham radio from Lance Corporal Larry Guthrie to his parents, Mr. and Mrs. S. M. Guthrie, that he had been wounded in Vietnam and was aboard a hospital ship at the time. Larry related to his parents that he was headed for one of three places, Japan, Okinawa or the States to recuper-

His mother said wounds were confined to his right arm, but to what extent and just what caused the wound, she was unable to find out. Larry said a letter should reach them momentar-

ily, explaining his wounds. The Floydada youth has been serving with a Marine Infantry division in security duty inside Da Nang since December, 1967.

Dr. Rodgers is one of 288 Rotary Governors in all parts of the world who are serving as representatives of Rotary International in districts composed of member clubs. Each district leader is responsible for supervising the clubs in his area. Rotary, an international men's service organization, has more than 630,000 members in some 13,000 clubs

in 142 countries. A member and past President of the Rotary Club of Odessa, Dr. Rodgers is President of Odessa College. He was elected to his present Rotary office at the Rotary Convention in Mexico City in May, 1968 and

will serve until June 30, 1969. Though a seasoned Rotarian before his election to the office of District Governor, Dr. Rodgers attended an eight-day International Assembly last May at Lake Placid, New York, at which all Rotary Governors for 1968-69 attended in-depth seminars to plan for their jobs.

One of his biggest jobs will be to hold a District Conference of all Rotary Clubs in this District, The Conference will be held in Midland on April 17, 18, 19, 1969. The District Assembly, a training school for incoming club officers for 1969-70, will be held in Levelland on the Campus of South Plains College on June 16, 1969.

gate Spanish Methodist Churc

Rev. Salinas will devote 20 hours per week to the center and will continue his pastorate work. He has two years of college, has lived in Floydada three years. He is a Mason and has worked in many civic efforts in the past three years here.

Classes that will be taught in the neighborhood center are designed for adults; cooking, meal planning, sewing, home budget planning, yard and garden care, remodeling, carpentry, mech-

anics, reading, writing for both Spanish and English. A kindergarten is also in the

program. A program for youth is also being planned, which includes

Instructors for the classes will be supplied by volunteers from this community.

Overall coordinator of the Lockney, Floydada and Ralls centers is Sid Thomas of Lockney. The four county OEO supervisor is Hubert Curry of Crosbyton. Jack McIntosh is chairman of the Floydada center board of directors.

I am so glad to be back in a country and a place where people you pass on the street always have a friendly smile and a "How-

Being friendly really does pay off and we should always remember this.

While we were on tour in Europe, my roommate, a girl from Electra, and I challenged ourselves to see how many new people we could meet and get acquainted with each day. And you know, we learned so much more than the others, all because we were friendly. Boy, if we learned all that much in Europe, just think how much

one could learn by being friendly to someone he could understand, instead of having to be friendly while talking with one's hands. It's surprising how much you can understand without knowing a word of Swedish, German, etc.

Speaking of friendly. If you haven't met Mr. Swafford, our new band director, do so. He has a smile for everybody. And he really has our band working too. They have been practicing for several weeks now, and I'm sure we can all look forward to a Great Whirlwind Band!

A lot of you will probably be traveling this weekend. Drive safely, and always wear a big smile, and wherever you go, have a great time.

to work Monday. What a nice cool vacation we had in the mountains, doing nothing but loafing and getting lazier by the day, I'm afraid. Seems like Floydada is setting in the valley of mountains this week, what with nice showers every afternoon. I noticed at present Floydada has two inches of moisture over what the total rainfall for the whole year in 1967 was, and we still have over four months to go.

EYE GLASSES that darken and clear automatically, over and over again, according to changes in light conditions are now on the market. The new glasses, a development of Corning Glass Works, aredarkened by ultraviolet light and are not affected by ordinary incandescent lighting.

TEXAS ranked sixth in the report Monday among the states in murder rate per 100,000 population. Alabama was highest with 11.7. Texas was 9.8 compared with the nation's average of 6.1. Lubbock was reported third in crime rate, according to FBI reports.

A CONFERENCE of beasts once discussed the question of disarmament. The lion spoke first, and, looking at the eagle, suggested the abolition of wings. The eagle, turning to the bull, asked for the suppression of horns. The bull, in his turn, regarded the tiger and demanded the elimination of claws. It remained for the bear to speak and he proposed the total abolition of every means of attack and defense so that he might take them all into his loving embrace.

FEELING tired? Have a glass of milk. It will give you enough energy to walk a mile, jump rope for 15 minutes or play table games for 3 and a half hours. Try a glass of warm milk for those nights you can't get off to sleep.

I ALWAYS heard that honey,

IT wasn't easy to come back the kind produced by bees, was good for any and everything. Now an individual from another state has come up with a formula of honey and white of eggs mixed for taking the wrinkles out of your face in just 30 minutes. Of course the wrinkles will probably come back but it supposedly draws the face tissues taut and smooth for a period of hours.

> LOCAL boys serving in Vietnam have been very fortunate in not being badly wounded, for we have a number from here that are in constant danger from the enemy. I know the S. M. Guthries are concerned and anxious to hear more of their son, Larry, who was recently wounded near Da Nang. According to a ham radio call Tuesday from Larry to his parents, he is aboard a hospital ship headed either for Japan, Okinawa or the States. We hope it's the States for Larry. He has served nine months in heavy battle and deserves coming home. Same goes for Dennis White, also in Vietnam, who recently sustained a slight head wound which required stitches. More reports on some Floydada boys show Loy Ogden, who is now visiting at home, headed for Korea and Larry Patton, who has orders for Okinawa, Randy Bertrand has received orders to come home from Vietnam; I know there is a happy boy as well as his parents. I believe he leaves there Sept. 24.

SOMEONE I know is having a birthday Saturday, August 31. For something different her employees have an ad in the Hesperian this week wishing her a happy birthday. If you haven't seen the ad yet, Mildred, look good, it's there. May you have many more happy birthdays. With the girls you have working for you thinking up these nice ideas, I'm sure you will.

I understand Marie Stutts has gone into the business of melting bottles into every form and fashion. Some of her creations I have seen and they are beautiful. Will try to get apicture next week of some of her work to show the public just what can be done with a bottle. Come to think of it maybe that's the reason we don't see as many beer bottles laying along the roads now, people are picking them up and making use of them.

Granddaughter Of Mrs. Irwin Wed In Twin Ring Ceremony

Miss Vicki Elaine Mercer became the bride of Kelley Irvin Brown June 28 at Skellytown First Baptist Church. Rev. Murle Rogers, pastor, performed the double-ring ceremony at 7 p.m.

Parents of the bride are Mr. and Mrs. M. L. Mercer, Skellytown. She is the granddaughter of Mrs. Ruey Irwin, Floydada. The bridegroom is the son of Mr. and Mrs. Irvin Brown, also of Skellytown,

Vows were exchanged before a priedieu of entertwining white wrought iron at which the couple knelt for prayer. Candlelight from four seven branched candelabra entwined with garlands of salal foliage highlighted the scene. White pedestals bearing baskets of orchid gladioli and greenery and two palms were flanked by the candelabras.

A medley of traditional wedding music was presented by Mrs. Jimmie Horner of Amarillo, organist. The vocalist, Mrs. Lowell McBroom of Pampa, sang "True Love" and "The Lord's Prayer."

The bride, given in marriage by her father with the "Her mother and I" avowal, wore a formal gown of peau de soie, accented with lace. The basque bodice featured a sculptured neckline and long lace sleeves ending in wrist points. The full skirt featured rows of soft pleats and highlighting the dress was a removable redingote chapel train of peau.

The bridal veil was attached to a tiara of seed pearls trimmed in lace re-embroidered with dangling teardrop rhinestones.

The bride carried a formal bouquet of cascading orchid carnations and orchids, entered atop a small white Bible.

Miss Gaye Allen, Skellytown, served as maid of honor. She wore a floor-length dress of orchid satin brocade and a matching headpiece with a rose design centering a circlet of orchid illusion. She carried one large long-stemmed orchid

Miss Nancy Mercer of Skelsided as guest registrar and kept the bride's book.

Bridesmaids were Miss Becky McBrayer, White Deer, and Mrs. Carolyn Lester, Skellytown. They wore floor-length dresses of orchid satin and matching headpieces of orchid illusion. They also carried a large long-stemmed orchid carnation.

Joe Grange, Skellytown, served as best man. Groomsmen were Larry Brown of Skellytown, brother of the bridegroom and Allen Harmon of O'Donnell, cousin of the bridegroom.

Ushers were Larry Mercer of Skellytown, brother of the bride; Mack Grange of White Deer, and Carl McAdams of Ferris, Oklahoma.

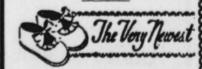

A reception following the ceremony was given in the fellowship hall of the church by the bride's parents. The bride's

The More He Studies Presidency The Closer He'll Stick To Farm

Editor's note: The Floyd Philosopher on his Johnson grass farm reviews the drawbacks of the Presidency this week.

FLOYD PHILOSOPHER

There are times, like when my tractor has a flat and my car battery is dead and a neighbor calls and says my cows are in his field and ruining his crops and it's the hottest day of the year and we're four weeks overdue on a rain and the kitchen fawcet is leaking and the dog tore a hole in the screen door and insurance rates have gone up and farm prices have come down, when I half-way wish I was doing something else besides farming, but after reading the newspapers for the past few months, especially the last few weeks, I have decided if I ever make a change, it will not be to the Presidency of the United States.

The job has been misrepresented, In farming, when you go to bed at night you can generally count on sleeping pretty good till you wake up the next morning, but in the Presidency you never know when the phone

Veteran linebackers Jesse Powell (6-2, 200) and Carl Heilman (6-0, 220) head up a defense that will count heavily upon junior college transfers and sophomores to full defensive line and backfield vacancies created by the graduation of six starters. At defensive guard will be veteran Willie Brown (6-3, 240) and Don Tate (6-4, 240), who was redshirted last season, Cornerback Billy Lantow is the only other returning defensive regular, leaving all other defensive positions except safety up for grabs among the transfers and sophomores.

Depth will be evident at safety with flanker Raymond Brown being shifted to that position, and backed up by Ralph Anderson, a speedy sophomore, and Troy Anderson.

The kicking game will be dependable with veteran Tommy Fambrough back to handle punting, extra-point, and field goal chores. Last season Fambrough averaged 35.1 yards punting, kicked three field goals and 31 extra points. Despite the heavy dependence

upon transfers and sophomores, and the lack of overall depth, the defense looks much stronger than last season when the Buffs gave up an average of three touchdowns each Satas Aaron Banks, Curley Wat- | urday.

Attempt Being Made To Start Classes For Slow Learners

The fundamental Three Rs for most school children are reading, (w)riting and (a)rithmetic. But for mentally retarded youngsters the Three Rs are different: relaxation, routine and recreation.

An attempt to establish special training classes for these slow developing young people those whose minds are incapable of learning as much or as fast as normal minds - is being made by interested Lockneyites. Parents of two and possibly three of these children have expressed an interest in the classes.

Specialists emphatically report that many retarded young are capable of learning. . . with specialized teaching meth-

Qualified youngsters for these classes must be at least three years of age and not over eight or nine, depending on the individual. Through special training at any early age, many of these children could later qualify for special education.

Dr. John Gladden and Mrs. Louise Allison, former executive director for the Milam Children's Training Center, Lubbock, both have expressed a and have volunteered to conduct a meeting with parents if sufficient interest is shown. They also would assist in securing a qualified teacher, who will be employed by the state.

The classes for slow learning youngsters must be established before Oct. 1. Parents interested in the program are asked to phone 652-2433 or leave their names at The Beacon, A minimum class of four youngsters must be enlisted, with not over eight allowed.

WATER INC.

By Cliff Chamberlain

The so called 160 acre limitation law has been discussed extensively. The President's National Advisory Commission on Rural Poverty has advised. 'that the Department of the Interior enforce the 160 acre limitation on ownership units in current irrigation project areas by expending the sale of excess lands in viable farm units, where enforcement, as administratively interpreted, would not result in farms too small to sustain families above the poverty level."

Reclamation law specifies limiting the delivery of water for irrigation to land in single ownerships of not more than 160 acres, unless the owners have signed contracts agreeing to sell the excess lands at prices approved by the Secretary of the Interior. Many modifications of this policy have been made. Over the years Congress has made a number of exceptions to this acreage limitation and administrative interpretation has permitted farm size on project lands to be more than 160 acres. A husband and wife may each have 160 acres, parents may make irrevocable transfers of land to trusts for minor children. Also, one owner can lease lands from another to increase the size of his farm operations.

There are about 250,000 acres of land mostly in the Central Valley Project in Arizona being irrigated in excess of this 160 acre limitation. This "excess land" arises from establishment of irrigation projects on privately owned lands in ownership units larger than permissible under the law. The Secretary of the Interior has authority to fix the time limit to dispose of excess acreage and this time limit ranging up to 10 years following project completion is specified in the contracts with owners to sell the "excess land."

The Governor of California established a task force to study and make recommendations on the acreage limitation problem. Their recommendations included among other things that there be an immediate increase in the number of acres in one ownership eligible for interest-free financing to at least 640 acres. Their recommendations also provided for further increase in the limitation every 10 years if economic or technological changes indicate that an increase is appro-

This limitation is important to our area as water delivered to us will probably be in facilities constructed under basic reclamation law.

The conflict in re tions between the President's National Advisory Commission on Rural Poverty and the Governor of California's Task Force must be resolved to favor increase in the acreage limitation

OBITUARIES

Funeral rites for Mrs. S. L. Porter, longtime Afton resident, and mother of Tom Porter of the Starkey Community, were held Tuesday in the Afton High School auditorium. Mrs. Porter, 85, died in a Clovis hospital Monday.

Luther Porter of the Afton Primitive Baptist Church and Elvis J. Barrington of Midland officiated.

Mrs. Porter had been a Dickens County resident since 1911 and had lived at Afton for the past 20 years. She was a memper of the Afton Primitive Baptist Church.

Survivors include four sons, C. of Levelland, Tom of Starkey, Sam and Bob of Afton; five daughters, Mrs. Alton Lawson, Mrs. Leon Lawson and Mrs. Bruce Scoggins, all of Levelland, Mrs. E. J. Nichols of Dickens and Mrs. Russell Lundberg of Midland; one brother, N. B. Lea of Clovis; 21 grandchildren and 29 great grandchildren.

Martin

Funeral rites for Jerry Wayne Martin, 15, relative of several Floyd County area people, were conducted Tuesday in the First Methodist Church in Quitaque. Young Martin was killed Saturday after his motor scooter collided with an automobile just east of Quitaque on State Highway 86.

Highway patrolmen said the boy, who was going east, made a U-turn into the path of a westbound vehicle driven by Howard Roger Benson of Quitaque.

The youth was the son of Mrs. Patsy Martin Rucker and the late Wayne Martin. He was born at Matador and moved with his parents to Quitague some ten years ago. He was a member of the First Methodist Church in Quitaque and Boy Scout Troop No. 264.

Survivors include his mother and stepfather, W. A. Rucker; a sister, Donna of the home; grandparents, Mr. and Mrs. Warren Carpenter of Ruidoso, N.M.; maternal grandmother. Mrs. Lois Martin of Flomot; paternal great grandmother, Mrs. Alice Carpenter of Lock-

Mrs. Jack Johnson and Albert Martin of Floydada are cousins of the youth.

SCHOOL HAS STARTED....AND THE CHILDREN PLANS ARE ON THE STREETS

GIVE OUR CHILDREN A BRAKE!

It isn't that children mean to be careless...it's just that in their zest and vitality they sometimes forget to stop, look and listen before crossing the street. It isn't that we mean to be careless either, yet the very car we drive may be considered a lethal weapon and the consequences of our negligence could be fatal. It is our moral obligation to be extra alert these days when school children crowd the crosswalks!

Lloyd Liles In Vietnam

PLEIKU, VIETNAM (AH-TNC) - Army Private First Class Lloyd V. Liles, 20, son of Mr. and Mrs. Charles E. Liles, Route 2, Lockney, Tex., was assigned July 31 to the 4th Infantry Division near Pleiku, Vietnam, as a wireman.

Heavy rain showers which fell in the South Plains area left one inch Saturday morning. The lightning knocked out all the electric and telephone lines during the storm. Other parts of our area received only half an inch.

Mr. and Mrs. L. N. Johnson and family went to Dumas Friday night where their girls entered the Dumas Rodeo, with Shari receiving 1st in barrel racing, 1st in goat tying, 1st in the sack race, 2nd in pole bending. She also won the "All-Around Cowgirl" trophy. We are indeed proud of Shari and her many tropies which she has won. Denise won 3rd in the goat tying, and 5th in the barrel racing, and the other twin, Deneen, won 6th place in the barrel race. Congratulations to all the girls.

Names were given last week for the new teachers which are to be in our South Plains school this winter, and through a mistake, the name of the 3-4th grade teacher, Hank Lynn, was omitted. There will be five teachers, and Mrs. Lottie Stewart will be the school lunch room cook. Bus drivers will be the same as last year, Mrs. Bryant Higginbotham, and Mrs. Edwin Pruitt, and J. N. Richardson.

The Grigsby Miltons and Darla arrived home Saturday from Ontario, Canada, where they had been spending the past week at Hamilton at the International Flying Farmers Convention. They also enjoyed seeing Niagara Falls on their trip.

Rev. and Mrs. W. L. Trice and children were honored with a surprise "Pounding" by members of their church Sunday night after preaching services. Members were served coffee, punch, cookies and cakes. An hour of fellowship was also enjoyed.

Little Cassie Bell Probasco enjoyed her first visit to the Baptist Church this Sunday, and everyone enjoyed getting to see her. She is twenty days old this Sunday.

The flashing red lights on the Fort Worth and Denver Railroad crossing at South Plains still are not finished, but men have been working for over a week on the installation. Everyone will be thankful to see them in operation.

Squeeze Continues For Farmers power. Inflation tends to eat into any gain in farm income. The USDA estimates that realized net income per farm has increased sharply in recent years, both in current and constant (1957-59=100) dollars. Compared with that of 1960, the current dollar average in 1967 was up 53 per cent, while the constant dollar average increased 38 per cent.

In current dollars, the per farm average last

year was \$4.526, exceeded only by the peak

of \$5,000 in 1966. This year some improve-

ment is expected over the 1967 level. But the trouble is that net income at the same time has been retarded by steadily rising costs. A bank newsletter, Impact, reports: "Farm machinery prices are 5 per cent higher than a year ago, taxes per acreare up 7 per cent, interest payable on farm real estate has been running 8 per cent more. and farm wage rates have ratcheted up near-

ly 9 per cent.

By and large, the farm situation should favor the Republicans this year, not so much. because nominee Richard Nixon has voiced any dramatic farm policy as because the farmers tend to want the "ins" out. As for the housewife, she needn't count on saving too many pennies. As always, lowered prices have a way of getting lost between the farm and the food counter.

It used to be said that "life is just one damned thing after another." Now such things are coming in rapidly increasing and always add up to trouble for the Party in overlapping multiples

TH' FIRE ?

By Ken Weaver FLOYDADA VOLUNTEER

DEPARTMENT There was one fire reported during the week of August 20. through August 27, that being a car fire on August 20, at 2:35 p.m. at 305 East Kentucky. The car was owned by Victor Castillas, Ignition wiring was the only damage reported.

A comparison of the total number of alarms reported by the Floydada Volunteer Fire Department over the first seven months ending August 1st, are as follows:

The total alarms of 1967 were 32, while in the same period of 1968, 37 alarms have been reported.

Four residential fires were answered in 1967 with the number increased sharply to thirteen in 1968.

Storage buildings accounted for five alarms the first seven months of 1967, while in 1968 only four alarms have been answered.

Cars, electric lines, tires in the street, and records in an oven are titled miscellaneous fires, and of this type only nine have been reported thus far in 1968. To this date in 1967, en were reported.

Seven was the magic number for both 1967 and 1968 for smoke scares and brush and trash fires.

In 1967 one first aid call was answered, while in the same

FLOYDADA

seven month period of 1968 no first aid calls have been report-

alarms reported in 1967 were outside the city limits of the City of Floydada. The number of rural calls was somewhat down in 1968 with eight of the thirty-seven alarms reported outside the city limits.

We have all heard over and over again about fire safety and the planned home fire drills. But have any of us really thought seriously enough about them to be ready if such a case occurred? Probably not. Home Fire Drills often are scorned by adults as a kindergarten exercise hardly necessary for a family under parental supervision. That attitude seems to rest on two beliefs:

1. Nothing is likely to happen in a well run home.

2. If it does, getting out is simply a matter of gathering up the kids and leaving by the nearest door. But we can not always use a door. They may be blocked off by flames in the adjoining rooms. It is best to have a home floor plan with mapped out escape routes from each room - bedrooms are most important. Always have an alternate route available, such as windows, from each room, You can never count on using a hall or stairway. The most important fact is to know how to call your local fire department. Most fires can quickly be controlled without the loss of human life and personal belongings, but only if we, ourselves, can be prepared beforehand and when an emergency strikes, use our heads and the plans that we all should practice until the routine can be accomplished

FREEZING PREPARED FOODS Part I

It is easier to open the freezer for baked goodies or casseroles than to spend hours in the kitchen. Freezing is the only method to preserve many of these baked or cooked goods. Few people really take full advantage of their home freezer.

Cook most breads, cakes and pies before freezing. Cool them and wrap in moisture-vaporproof material.

Use standard recipes for breads and cakes. For quick breads use double-action baking powder. Biscuits and muffins are better frozen uncooked. Bran muffins, fruit and nut breads are better if baked before freezing.

You may freeze bread and rolls baked or unbaked. Use a

We can change our world

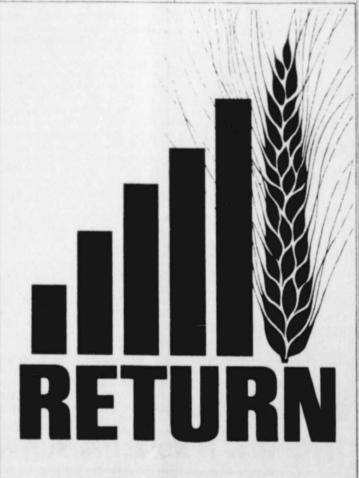

Every one of us can. James Spencer, an experienced practitioner of Christian Science, says that we can follow the example of Christ Jesus who through his understanding of God healed those sick in body and those just plain sick of life. Jesus himself said he expected those who followed him to do as he did.

How? You and your friends are invited to hear Mr. Spencer's explanation, which includes some interesting firsthand experiences.
