Out At Noon Friday

Rally At 11:30 In Gym

Floydada Homecoming Game is Friday, October 4. Three days behind us and now we are approaching our first game against the Hale Center Owls. The spirit of the game is good and everyone is anticipating the first Confrontation to be Friday night. We would appreciate your constant support and attendance at the Homecoming Pep Rally at 11:30 a.m. in the high school gym. Won't you show us your interest by being at the pep rally? Won't you tell them that you are backing them all the way by telegram or night letter on Friday. Hope to see each of you on Friday morning. Thanks.

Jill Stansell, Judy Probasco, Jill Bertrand, Alison McLain, Polly Cardinal.

Schools begin classes at 8 a.m. Friday.

Hale Center Next

Floydada Whirlwinds host the Hale Center Owls here Friday with a perfect 3-0 record and play their first 1968 game. Kick-off time is 7:30 p.m.

As the game goes into the game with several injuries sustained over the week; Mark Weems has a sprained ankle, George is still recuperating from a motorcycle wreck, there is a knee injury, Jody James a broken finger, and Todd Wester hip injuries.

G. Wilson said that he expects Hale Center to go on with all running and passing attacks. Quarterback is a good passer and carries his 163 pounds weight when he runs with the ball. Full back Hammit is a threat, and another back, Roberts is also a good receiver. Two 190 pounders are strong on the line.

Center goes into the game with wins over Post, Spring-

last week's loss to Tahoka.

Quarterback Jack Gregory is in good condition and will improve in passing and carrying the ball. He completed 13 passes in the Post game and carried for 64 yards. Steve Craig rambled for a total of 137 yards, Mark Wade 64 and Steve Puckett 52 yards.

Immediate call to Coach Wilson at press time yesterday. Two changes in the Whirlwind starting lineup: George will replace Jody James on offense and Jim Crawford will replace Mark Weems on defense.

Caprock Chat

WHEN I've enjoyed a Friday and Saturday of football more than this past week. Needless to say the win over Post on Friday and then Saturday night I was fortunate enough to take Texas.

First half you wouldn't have thought there was but one player on the Tech side. . . . George Miller, who was sitting on the bench.

When Texas came to life in the third quarter, Texas was popping up all around us!

When say this, George was with his Alma Mater. . . . all eyes were on them when they were behind 21-0.

First half it looked like Tech had a completely different team than what I saw them put on the field against Cincinnati the previous week, and it looked like Texas was playing a different team than that used the week before in tying powerful Houston.

Approved George's binoculars and watched Texas' coach Royal on the far sideline. I suppose Coach Royal is 20 or 20 miles up and down the sideline during the game. He never stopped, he walked back and forth.

Show back to good old Floydada's homecoming game here Friday night with Hale Center. If I were to guess on this one, that Floydada will win about 27-6.

Well we're on the subject of football and homecoming, let's miss HOMECOMING.

BOONE sang a lot of good songs at the South Plains Fair last week, but the one I liked best was the last song he sang. . . . "The Valley." This is the first religious song that I've ever heard a million copies and Pat's late father-in-law Red Foley was famous with his recording. Pat said that the night before, he changed the last song on his program to "Peace Valley." . . . a song that starts out, "Oh well, I'm tired weary. . . ."

READER, think I should warn you, this isn't a typical front page. It isn't typical because I'm basically an optimist and love to play up the good news in our community. This week the news includes taxes to pay, an increase in taxes, lower than expected grain sorghum yields. . . . this news. . . . so, we must take the bad with the good. Again, the grain sorghum crop could have been hailed as a total loss. . . . and we could live in some of the areas where there are no taxes, and not like that either. I suspect we all receive much more good things in life than we deserve. I surely do.

Now let's see. . . . we oughta be able to play down the tax in Lubbock by mentioning that you now pay 4% tax on purchases in Lubbock. Boy, that's high taxation. . . . don't anyone can afford to shop Lubbock!

It would appear that the Republicans want to select Chief Justices of the Supreme Court. They appointed Earl Warren and now they don't want to approve Abe Fortas, because they think they'll get Nixon in as president, and he can appointing after he is elected.

LESS, there are many persons in Floydada who are simply because they are at home every day with their people can enjoy life if they can get their minds off their problems.

suggestion to them is to call Mrs. Jack McIntosh or volunteer to help in the neighborhood center.

You're Invited To The Floydada Homecoming...Friday

The big day for which many have planned four years is tomorrow, Friday, October 4. . . . Homecoming for all FHS exes. The homecoming committee has worked hours and hours sending out invitations, hunting long lost exes addresses, and planning possibly the biggest and best homecoming program ever. Highlight of the big event will be the crowning of the homecoming queen at halftime of the football game on Friday night with Hale Center. Vieing for the queen honors are: freshman Allison McLain, sophomore Reagan Cagle, junior Jill Bertrand and senior Zacha Cummings.

A complete program for the homecoming is printed to the left of this story detailing times for registration, pep rally, coffees for ex band and pep squad members, "F" club coffee, class reunions, business meeting and memorial service, barbecue dinner, after game coffees and dance.

A free copy of this week's homecoming edition of The

Hesperian will be given to exes as they register at high school.

FOOTBALL COACHES TO BE HERE
Former Whirlwind football coaches who will be here for homecoming are: Ike Jay, L. T. Barksdale, R. P. Terrell, Floyd Murry, Odell Winters, Paul Huntington, Billy Carmack, Preston Watson, A. E. Baker, Charles Tyer, and the first Whirlwind coach, J. C. Wester.

BARBECUE

The homecoming committee reminds the public that everyone may attend the barbecue homecoming evening. . . . makes no difference if you are an ex or not. Tickets are \$1.50 each and are now on sale at Hale's Department Store, Arwines, and Goen Drug.

The junior class will promote homecoming by selling pennants

the day of homecoming at school all day and at the game that night. They are green pennants with white lettering "Floydada Whirlwinds." The price of each pennant is \$1.00.

The last FHS homecoming was in October of 1964. Officers of the homecoming event are as follows: Fred Cardinal president, A. E. Baker first vice president, Ailene Henry second vice president, Frances Staniforth secretary, and Olin Watson treasurer.

Coffee hostesses during registration at high school are Evelyn Sparks, Hazel Swepton, Ina Rea Cates, Vi Fyffe and Polly Cardinal.

There will also be a coffee for class members of 1934 through 1939 at the J. S. Hale Jr. home, Ralls Highway, immediately following the memorial program.

18 FHS Students Named To National Honor Society

Mrs. Joyce Kimble, sponsor of the Floydada National Honor Society, announced this week 18 students named as members of the chapter. There are six seniors and 12 juniors.

Seventeen juniors were eligible but only 10 percent of the junior class may be selected

and 15 percent from the senior class, who have an average of 90 or above.

Students are chosen on the basis of their scholarship, character, leadership and services.

The twelve juniors are Jana Bertrand, Jill Bertrand, Kelly

Smitherman, Judy Probasco, Willa Finley, Johnny Farris, Larry Scott, Jack Gregory, Janet Watts, Judy Jameson, Brenda Mathis, and Kit Martin. The six seniors are Jacque Crawford, Antony Dycus, Jim Kimble, Phil Kinslow, Sara Staniforth and Carolyn Whitfill.

TRUMAN E. SPRING

Truman Spring To Speak At Church Of Christ

The public is invited to hear Truman E. Spring of Amarillo next week at the City Park Church of Christ. A series of special services, "Come Hear The Gospel Of Christ" features Mr. Spring each evening at 8 o'clock and morning services at 7 o'clock.

The services are scheduled Monday through next Sunday. Sunday services are at 10:20 a.m. and 6 p.m.

Mr. Spring is a full time evangelist, who first began preaching in the Gulf Coast area in 1946. His training includes adult education, special training under C. B. Thomas in preacher's training class and four years part time work before assuming full time work. Edwin Nutt is in charge of the song services.

Bulletin

The Texas Drivers License Office in Floydada will be closed next Tuesday, all day, in order that the clerk, Frances Rose, may attend a re-training school in Lubbock.

Persons are urged to take note of this closing. The office will be open the following day as usual.

Sales Tax Increases

It's that time of the year again. . . . tax paying time. Statements on city, county and state taxes are out to the citizens of Floyd County and the Floydada school tax office will have its statements in the mail in about 15 days.

And, while we're on the subject of taxes, the state sales tax went up to 3 percent on October 1. This means that cities with sales taxes like Lubbock, now charge the customer 4% in sales taxes.

There is also an increase in tax on that new or used automobile from 2% to 3%.

City tax statements have been sent out to 2500 accounts for a total of \$88,943.79.

When the school statements come out, they'll go to approximately 4,000 accounts with a total of about \$494,000.00.

The county and state tax statements have been sent out to 4600 accounts for a total of \$616,995.14. This tax money covers the county, common school districts, hospital, water, and weed control districts.

The above tax monies go for operation and debt retirement of the respective forms of government.

Everyone is reminded that there is a 3% discount if taxes are paid this month, 2% in November and 1% in December.

STATE TAX

STARTING at 12:01 a.m. Wednesday, Texans must shell out another penny in state sales tax for every \$1 they spend on taxable items.

The legislature balanced the budget during its summer special session by boosting the tax from 2 to 3 percent.

When you add the additional 1 percent local sales tax levied in 301 cities, that means most Texans will pay a 4 percent impost on their purchases.

On Wednesday, the state tax will apply to articles costing 17 cents or more. The present starting point is 25 cents.

In places with the city sales tax, merchants will start collecting the combined tax at 13 cents.

Although the legislature's tax bill had an effective date of Oct. 1, it could not actually go into effect until Oct. 2 because of the constitution's 90-day require-

Grain Harvest Nearing Peak

The Floyd County grain sorghum harvest has about reached the peak with warm sunshiny days prevailing and about half of the 90,000 acres to be harvested are in the grain elevators.

The per acre yields seem to

be down from 1500 to 2000 pounds according to reports Floydada grain elevator men are receiving. It is thought that the summer infestation of green bugs did more damage to the crop than expected.

With a government loan price

of \$1.63, less storage, probably netting \$1.51, most of the crop is going into elevator storage under the government price structure.

OTHER CROPS

In looking at harvest on other crops, the huge soybean crop is beginning to come into the elevators. . . . cotton harvest is two or three months away. Of course the cotton needs another 30 days of hot dry weather and if this area experiences an average first freeze of November 3, much, much more cotton will be produced.

Satellite Project Becomes A Reality

The possible or impossible "Satellite Program" for slow developing pre-school children became a reality last week. Dr. John Gladden of Lubbock presented a moving talk to approximately 45 persons attending a public meeting in the Lockney elementary school cafeteria.

Now, a workshop will be held in Lockney Monday, October 7 from 9 a.m. to 3 p.m. at the First United Methodist Church. The workshop will be more about the Satellite Program.

Dr. Stanley Fudell from Texas Tech and Bobby White, director of the Satellite Program will be in charge of the meeting. The purpose of the workshop according to White would be very beneficial to those wishing to know more about the program and especially to those who would volunteer their services to aid the teacher as she will need one or two volunteers each day.

A film will be shown that will depict a day's activity of children in the training class, and a question and answer period will benefit everyone who attends the workshop.

Volunteers will also be needed to furnish refreshments each day (cookies and juice). The program is beginning with four children.

The satellite program will temporarily be in the Methodist Church and plans are in the making for a more permanent place.

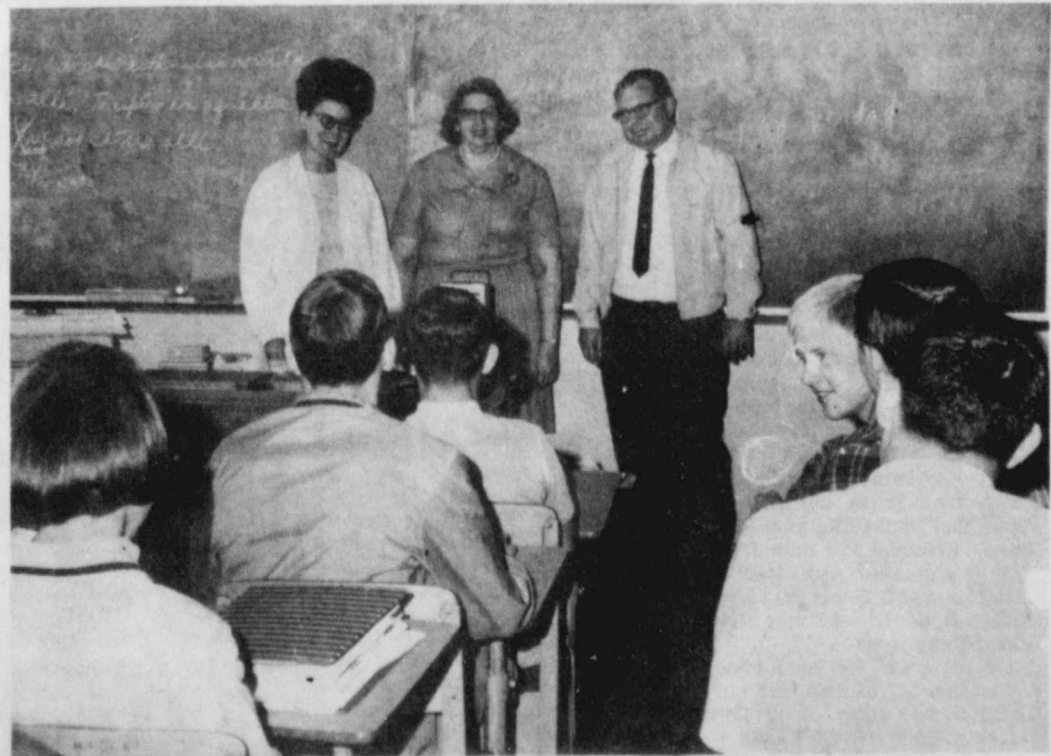

The teacher has been secured and this program will tentatively begin October 14, 1968 from 8:30 to 12:00 a.m. Monday through Friday.

Everyone planning to attend the workshop is reminded to dress comfortably and to please bring a sack lunch. Drinks will be furnished at noon.

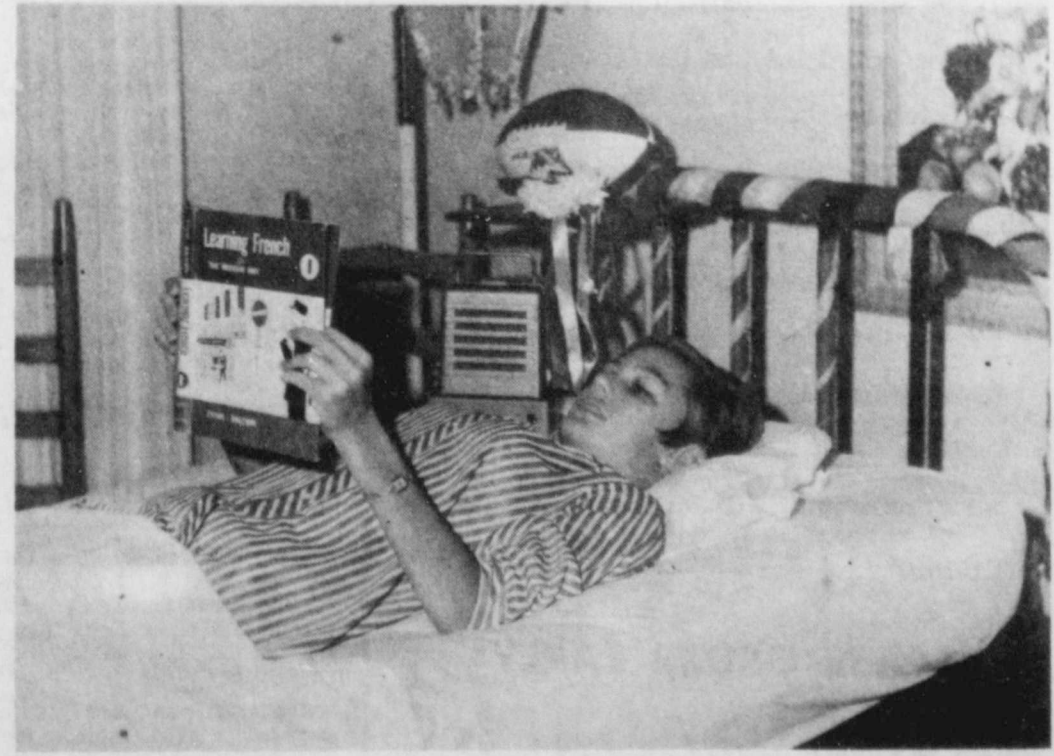

So, everyone interested in this workshop is asked to circle the date on the calendar and be sure to attend.

On the advisory board from Floydada is Mrs. Jack Jordan and Mrs. Tommy Assiter.

Sara Puckett Attends FHS Via Telephone

CLASS BEGINS IN FHS with Mrs. Joyce Kimbell saying, "Sara can you hear us?" Yes, Sarah can hear via the little telephone speaker system on the desk in front of Mrs. Kimbell (center). At left is Mrs. Claude Weathersbee who got on the phone and called some friends who agreed to chip in the needed money for the special phone system. At right is

Bob Copelin, local Bell Telephone wire chief, who worked with his technicians to get the system in, so Sarah could get on with her studies from bed. Miss Dunlap is a junior in Texas Tech majoring in clothing and textiles.

BY PEGGY MEDLEY

A MAN hospitalized, but recovering from a tonsillectomy, kept wondering about the stream of strange women who found their way into his room, took one look at him and left. Finally the man got out of bed, opened the door, and noticed a sign which read, "WOMEN." It was placed there by a friend as a gag.

EVERYONE has a right to his own opinion. It's generally of no use to anybody else, however.

HOMECOMING for Floydada is tomorrow, and the town is buzzing with excitement. Do you remember four years ago and the Homecoming game with Olton? The score stood 0-0 at the half. Olton had us 7-0 at the third quarter, and in the final moments of the ballgame we played catch-up with a touchdown and two extra points, winning 8-7. What a game!

I hope the game with Hale Center tomorrow night is not quite that close. I don't believe this old ticker of mine will be able to stand it. Everyone is supposed to wear green to back the "Winds, and to give support to all Floydada exes.

What a wonderful contribution to Sarah Puckett from the townspeople and Southwestern Bell Telephone Co. They have installed a homebound student phone hook-up with her classrooms at school. She is now able to keep up with her daily school schedule. Sarah recently underwent back surgery for a curvature of the spine and will be confined to bed for approximately four more months.

WELL, Texans will be gaining back their lost hour this month, and will I ever be happy! The Uniform Time Act of 1966 passed by Congress caused the confusion. The prescribed period for Daylight Saving Time is in effect from 2 a.m. the last Sunday in April through 2 a.m. the last Sunday in October. We resume Central Standard Time October 27. The last Sunday in April we set our clocks forward an hour. All we need to do Oct. 26 is set our clocks BACK an hour when we go to bed, I think.

It's marvelous what medical technicians are coming up with, saving lives through new discoveries, but in years to come think of all the artificial devices that will help us live longer. I know of three Floyd County men with heart trouble who probably wouldn't be alive today without artificial heart devices. Two of these men are dependent upon pacemakers and the other upon artificial valves.

Bennie Teaff underwent an eight-hour surgery back in 1961 to replace damaged valves. Then about two years later, he had open-heart surgery again, this time to implant all artificial valves.

Bill Norman had a pacemaker attached to his heart last year, and C. L. McCormick had one installed (if that's the correct wording) in May of this year.

McCormick's first pacemaker was placed in an incision in his shoulder, then attached to his heart, but this didn't prove favorable. Three days later, physicians removed the pacemaker and made an incision above the waistline, placed it there, inserted the tube from it into the vein and attached it to his heart. Sound terrible? Surely it does, but it has sustained their lives.

I don't know too much about a pacemaker, except that McCormick's is operated by three batteries. He was told not to stand too long near neon signs or stand over a car hood while the motor is running. Why? Because it will run the pacemaker's batteries down. He is leading a normal life other than the more strenuous recreations like breaking buck-

ing broncos or jumping rope.

SOMEONE brought it to my attention in a joking way Friday night that there are 11 football players on a team, not just the quarterback and the receiver. I guess I never take time to mention the good plays and hard work put forth by the guards and tackles on a team. Even the big daily papers play up the quarterbacks and receivers, but without the work of the entire team there wouldn't be much of a ballgame.

Floydada fans stood up and cheered the fine defense shown by the boys in Friday night's game, and they deserved the cheers and more.

If you haven't seen the 7th and 8th graders play ball yet, go out some Tuesday afternoon and watch. They are little scramblers and showed up real well at the first game against Tulla. I'm writing my column before this week's game, so I don't know how they fared against Hale Center. Our coaches are doing fine work with all the boys.

SEEMS like everyone talks football. Dr. Frost, guest speaker at First Baptist Sunday, used the word in his message. He said our people of today do not show enough enthusiasm in church. I believe this to be true.

He said that at a football game people stand up and shout with no embarrassment whatever, but in church they won't come out with a good old "Amen," because their neighbor might think they are peculiar.

In speaking of the peculiarity of people's enthusiasm, Dr. Frost referred to a Quaker couple, the man saying to his wife, "All people in the world are peculiar but thee and me, and sometimes I have doubts about thee."

ONE hears of a fifth generation quite often, but the new baby of the Eddie Polvadore is not only a fifth generation of living descendants, but she is the oldest girl child, her mother is the oldest child, the grandmother is the oldest child, the great-grandmother is the oldest and the great-great-grandmother, Mrs. Edd Robertson, 91, of Dallas, is the oldest child of her family. That's quite a family tree. Don't you know those five could put up quite a chatter? They're planning on it too, come next Mother's Day.

CHURCH CLEAN-UP (with cleansers): Daz you Dreft along with the Tide? ... Vel, now is the time to Cheer up. If you want Joy, the Trend is to Breeze to church Sunday morning and evening. Too many Woodbury heads in a pillow and remain in bed, or work to make their name Sparkie, or take their Sweetheart for a drive to the Surf. Maybe we ought to Dial you up and remind you of the Ivory palaces up yonder. So why not Whisk yourself out of bed Sunday, dress up Spic & Span and Dash like a Comet to God's House? There, as the cleanser is applied to your sins, you can sing Praise.

Seventh Graders Lose, Eighth Graders Win Over Hale Center

The Hale Center 7th grade team spotted the 7th grade Breezers a touchdown and then intercepted a pass to rack up a 14-6 victory over the Breezers. With John Cagle doing a fine job of running the offense, the Breezers made a good game of it and will try the Owls again later on in the season.

On defense, the standouts were Willis Bunch, Danny Quisenberry, Ruben DeLeon, and Donald White.

The 8th grade Breezers made it two in a row for this season, by downing the 8th grade Owls 20-6 behind the running of Jay Jones and Mark Vinson, along with the ball handling of Mike Hale. The defense let the Owls drive down and take a 6-0 lead in the first period and then stiffened to hold the Owls right there for the night.

Mike Hale got the Breezers

on the board with a quarter-back sneak in the second half, and Jay Jones got the extra points. Then Mark Vinson began to sweep the ends and he picked up the second tally. The extra point failed.

In the last three minutes, trying to run the clock out, Jay Jones carried 6 straight times and covered 35 yards to score, making the final 20-6.

The Breezers go to Anton to take on the Bulldogs next Thursday, Oct. 10.

Mr. and Mrs. Jerry Williams and son Curtis of Goree visited Thursday with Mr. and Mrs. Floyd Anderson.

Last weekend Mr. and Mrs. Clifford Helms and Mark went to Clovis where they visited in the home of Mr. and Mrs. Bob Dunn. Mrs. Helms and Mrs. Dunn are sisters.

DOUGHERTY NEWS

The Dougherty School is very pleased to announce coming events this week. The most exciting of course was our game with South Plains last Wednesday, September 25th. The out-of-season baseball game was played in South Plains. The girls played first and it was a very exciting game although we lost 13-11. Next the boys came in with a resounding victory of 27 to 16. They played the third and fourth grades only. The victory was celebrated by the players Friday with homemade ice cream.

Kenneth Poole also had reason to celebrate after winning two tires from the Consumer Fuel Association of Lockney. He had registered for the prize at the Floyd County Fair.

F.M. Covington has been in Methodist Hospital and had many visitors this week. They

included Mr. and Mrs. Kenneth Poole, Mr. and Mrs. Russell Crawford, Roy and Billie Crawford and others.

Mrs. Hinton reports that Ray was sick with the flu this weekend.

Mr. and Mrs. Doug Chowning and their son, Wayne of Amarillo visited Mr. and Mrs. Leroy Chowning this weekend.

Mrs. Jim Jones and Guy Galloway of Floydada were dinner guests of the Roy Crawfords Tuesday.

Mrs. Wayland Jones, Julie, Steve, Greg and Amy visited in the home of Mrs. Jones' parents, Mr. and Mrs. J.W. McClure, Saturday night.

J.W. McClure and Mrs. Wayland Jones visited Mrs. M.J. Vaughan in Bethania Hospital in Wichita Falls Friday of last week. Mrs. Vaughan is the mother of Mrs. McClure and grandmother of Mrs. Jones.

Mrs. Gus Hammonds visited in the Wayland Jones home Wednesday morning.

Friday night there was a slumber party in the home of Mr. and Mrs. Kenneth Robertson in honor of the birthday of their daughter Holly Robertson.

Mr. and Mrs. J.R. Pernel and Randy attended the Lubbock Fair Tuesday.

Mrs. J.D. Glover has gone to Phoenix, Arizona to visit her sister. She visited Mrs. Foster of Dougherty Sunday afternoon.

Weekend guests in the home of Mr. and Mrs. Claud Ring were Mr. and Mrs. Jim Halley of Denton and Mr. and Mrs. Donald Parker and family of Lubbock.

CENTER NEWS

CENTER, Sept. 30 - Mr. and Mrs. Dale Miller had as their guests Friday afternoon, Mr. and Mrs. Walter Sims.

Mrs. O. C. Vinson ate lunch with Mr. and Mrs. R. R. Walker Saturday.

Mrs. Frank Dunn visited in the R. C. Ross home Saturday afternoon.

Mr. and Mrs. Leo Frizzell visited Mr. and Mrs. Will Workman at Lockney last Tuesday.

Mr. and Mrs. Elmer Sellars of Floydada visited Mr. and Mrs. Doyle Sandefur Tuesday night.

Mrs. Frank Dunn visited the J. D. Welborns one afternoon last week. The Bobby Mac Welborn family visited his parents last Saturday night.

Mrs. W. C. Sims, Mrs. Ina Hammonds and Mr. and Mrs. Buck Sims of Quanah visited Mr. and Mrs. Walter Sims Sunday afternoon.

Mr. and Mrs. Neal Wright and son, Kevin of Rotan visited her mother, Mrs. Ava Jackson Saturday night and Sunday. Vern Jackson of Lubbock had lunch with his mother and others Sunday.

Dr. and Mrs. Dallas Denison of Midland spent Thursday with his brother and wife, Mr. and Mrs. C. W. Denison.

JAMES GARNER, Eva Renzi and George Kennedy hide out in a warehouse to avoid a pack of villains on their trail in Universal's exciting adventure story, "The Pink Jungle," photographed in Technicolor. Nigel Green co-stars in the film which was directed by Delbert Mann and produced by Stan Magulies. Showing Sunday and Monday at the Palace Theatre.

SIDNEY POITIER aids Elizabeth Hartman in her task of stringing beads in this park scene from Metro-Goldwyn-Mayer's "A Patch of Blue," poignant drama of a blind girl who for the first time sees beauty in the world through the eyes of a man who befriends her. Miss Hartman, a brilliantly talented acting newcomer, makes her screen debut in the new film, which stars a duo of Academy Award-winners, Poitier and Shelley Winters. Showing at the Capada Sunday and Monday.

County Chairman Of Women For Nixon Agnew Named

Patricia Reilly Hitt, Chairman, Nixon-Agnew Activities, announced the appointment of Mrs. Medley of Floyd County as Nixon-Agnew Chairman of the nationwide Nixon program. She will organize women's activities throughout the county. Women will have a wide variety of small fund-raising projects. Mrs. Hitt will be used to present his views and the people. She stated that "the vo-

ters are demanding strong and positive leadership at the helm of our nation. They want solutions, not more costly and ineffective programs, for the complex problems of today. There is a growing awareness that the present administration is unable to cope with prevailing conditions at home. In answer to questions regarding her newest activity, Mrs. Medley replied that she is "honored to be a part of so important a campaign. Richard Nixon has the ability, the experience and knowledge to lead our country and exert a powerful influence for the restoration of its prestige throughout the world. He has the respect of national leaders around the globe. Mr. Nixon speaks out with con-

fidence in offering practical and achievable programs for these critical times. We know where he stands on the issues." Governor Ted Agnew is a positive addition to the ticket with his nationally recognized experience and expertise in dealing with urban problems. He has achieved national stature as an administrator with a progressive and practical approach to city government. Mrs. Medley announced the appointment of a seven member steering committee for the county organization following a meeting Monday night in the PCA room in Floydada. Named to serve on the committee are Felicia Applewhite, Lockney; Mrs. Don Probasco, South Plains; Mrs. Q. D. Wil-

liams, Antelope Community; Mrs. Kenneth Holt, Lone Star; Mrs. J. W. Cannon and Mrs. David Brewer, Floydada. Three members of the Floydada Young Republicans, Brenda Nelson, Charlotte Wright and Phyllis Green met with the women for Nixon-Agnew group Monday night for the planning program. Also attending the meeting was Mrs. Louise Turner, Chairman for Nixon County Campaign.

WHERE'S TH' FIRE?

Ken Weaver
Floydada Volunteer Fire Department

There were four fires reported during the weeks of September 2 through September 30 to the Volunteer Fire Department. September 2, at 6:20 a.m. a defective gas line in the stove at the Travel Center Restaurant was the cause of a fire where extensive smoke and water damage was reported. September 13, at 4:32 p.m., Betty's Drive Inn on the Silverton Highway reported a grass fire. There was no damage reported. September 18, at 9:50 p.m., at the Bobby Cantrell residence, 319 West Virginia, a chair was reported to be the cause of light smoke damage. September 19, at 1:20 p.m. a grass fire in the north part of town was reported. There was no damage.

During the month of September, the Floydada Volunteer Fire Department reported four (4) hours of work completed at the practice field. They worked on the controlling of car and oil pit fires. September 23, the department ran through a practice emergency run, a distance of three (3) miles from the City Hall to the practice field. They reported the "fire" completely extinguished in nine minutes. Five of the nine minutes was driving time.

Recently, on fire calls, the Floydada Volunteer Fire Department has encountered many spectators at the fire or reported fire. Being a VOLUNTEER Department, this sometimes poses a problem. The firemen in their personal cars (which in case of a fire call, is an emergency vehicle) are blocked from the fire by spectators.

The State Law and City Ordinance reads that FOLLOWING FIRE APPARATUS IS PROHIBITED. The driver of any vehicle other than one on official business shall not follow any fire apparatus traveling in response to a fire alarm closer than five hundred (500) feet or drive into or park such vehicle within the block where the fire apparatus has stopped to answer a fire alarm.

CROSSING A FIRE HOSE—No driver of any vehicle shall drive over an unprotected hose of a fire department when laid down on any street or private driveway to be used at any fire or alarm of fire, without the consent of the fire department official in command. A fine of \$10.00 to \$200.00 may be enforced.

The Floydada Volunteer Fire Department is still in need of men. Anyone wishing to file an application, should contact: Fire Chief, Carroll Sims, Secretary, Donnie Galloway, or any Volunteer Fireman.

Irrigation Pump Efficiency Report Shows A Possible Loss Of 93.8 Percent

LUBBOCK - An inefficient pumping plant on an irrigation well can cost a farmer as much as 93.8 percent of his power input, and it did on one well included in an irrigation efficiency study conducted over a three-and-a-half year period at Texas Tech.

Research Associate Albert Sechrist in the Department of Agricultural Engineering reported to the sponsors of his research project at an Irrigation Efficiency Conference Saturday (Sept. 28) in the Tech Union ballroom.

"The efficiency of the 134 pumps tested averaged 52 percent and ranged from 6.2 percent to 82 percent," Sechrist reported.

The average cost per hour of pump operation ranged from 6 cents to \$2.72 and averaged 82 cents.

The total cost of water ranged from \$1.82 to \$72.76 per acre foot pumped and averaged \$15.61 per acre foot for the pumping plants tested.

Cost of pumping water per acre foot for each foot of lift ranged from \$.0130 to \$.8458. The average unit pumping cost was \$.0808 per acre foot per foot of lift.

Sechrist urged farmers and equipment suppliers to test pumping plants periodically and keep accurate cost records to avoid large energy losses and consequent income cuts.

He said that several farmers, during the study, made changes and repairs to their pumping plants soon after they learned how inefficient their pumps were operating and how much they were paying for irrigation water. He gave the example of one farmer who spent approximately \$1,000 to repair a pump.

"As a result," Sechrist's report said, "he doubled the useful output of the pump while reducing his cost from \$13.93 to \$7.56 per acre foot of water pumped."

"With the old pump he was pumping 100 acre feet of water per year. At this quantity of annual pumping he will save \$637 during the first year after the repair." The pump's efficiency, Sechrist pointed out, was raised from 33 to 79 percent by the repair.

The wide variation in pumping costs was attributed to a number of reasons. Sechrist listed some as the lowering of the water level, badly worn pumping equipment, inefficient design, improper installation, type of power unit used and, in some cases, lack of proper maintenance of the power unit.

"Many of the pumping plants in the project area were found to be operating inefficiently due to improper matching of the pump and the available water," the researcher said. "This could be caused by poor design of the initial installation, by lowering of the water level in the well, and/or a lowering of the well yield."

Sechrist explained that if the pump bowls and impellers installed are efficiently designed and properly combined to match the yield of the well and gearhead, the pump should operate at a high efficiency. If the water level changes significantly, the efficiency of the pump is reduced, creating a higher water cost.

"Unless a farmer keeps records and attempts to calculate what he is paying for pumping water, he has no way of determining whether or not his irrigation system is economical," Sechrist said.

Two hundred wells were surveyed in the study. Of these, sufficient data were supplied on 134 for analysis, and these are included in the report. Gasoline powered pumps were studied but not included in the report because of their insignificant number.

Those used for analysis were the electrical vertical hollow-shaft motor powered pumps, electric submersible motor powered pumps, natural gas engine powered pumps and liquefied petroleum gas engine powered pumps.

The L. P. gas engine powered pumping plants showed the highest unit cost of water pumped, Sechrist said, primarily because of the high cost of fuel.

The small pumping plants of less than 30 brake horsepower show a definite cost advantage for the electric powered units over the internal combustion engine units, he said, adding that the electrical vertical hollow shaft units continued more economical for pumping water through the approximately 42 brake horsepower range.

In the relationship of the two types of electric power studied, Sechrist said that the small cost advantage of the vertical hollow shaft over the submersible motors was due primarily to a slightly higher efficiency. The water-proofing of submersible motors presents design problems which slightly affect efficiency, he explained.

"In the 30 to 60 brake horsepower range, the difference between the cost of pumping water with electric power or natural gas engines is very slight and any small factor could provide an advantage for one type or the other.

"Above the 60 brake horsepower range of the plants tested, an economic advantage is evident for natural gas," Sechrist made it clear that all individual units did not necessarily conform to the curves shown in his report and added that cost factors which must be considered include local fuel-energy cost relationships, available service and personal preference.

"When all factors are considered," he said, "each particular type of pumping plant appears to have a place within the realm of pumping water for irrigation purposes."

He emphasized the cost reductions possible through proper design and installation of new pumping plants.

Texas Tech's Department of Agricultural Engineering, under the direction of Chairman Willie L. Ulich, conducted the project.

Putting-you-firsts:

(A quick tour of some of the thoughtful new features the 1969 Chevrolets offer that other cars in Chevrolet's field don't.)

Headlight washers
You push the windshield washer knob and hold it, and your headlights come clean. Fluid is diverted to two jet nozzles at each light lens. (Outer lights only on duals.) The spray removes up to 80% of accumulated dirt. The feature is standard on 1969 Corvettes. It comes with the hidden headlights available on Camaro, Caprice and Kingswood Estate Wagons. It is available on all other models except Corvair.

Heated glass
In a moment your rear window will self-defrost. Because we've built onto it a network of tiny ceramic strips capable of heating the entire surface. Fog and frost disappear quickly and quietly. You just flick a switch. The heated rear window is available on the 1969 Caprice Coupe and Impala Custom Coupe.

Pushbutton tire chains
You press a button on the instrument panel and the rear tires get a shot of "liquid tire chain."

You spin your wheels once, wait a moment, and you're off—with traction you wouldn't believe possible on slick ice, or packed snow. Available on all 1969 big Chevrolets.

Steering wheel lock
When you own a car as desirable as the 1969 Chevrolet, you don't take chances. When you leave it, you lock it. Not just the doors. You lock the ignition, steering wheel and transmission lever, too. Our new lock on the steering column takes care of all that. Standard on all 1969 Chevrolets, Chevilles, Chevy Novas, Camaros and Corvettes. Sorry, car thieves.

Power steering plus
The 1969 Caprice, Impala and Camaro are available with a new type of power steering. Variable-ratio power steering. What it does is give you faster steering with fewer turns of the wheel.

Variable-ratio power steering is particularly helpful in short, full turns. And parking becomes unbelievably easy. You'll see.

Walk-in wagons
The tailgate swings open like a door on most of our 1969 station wagons. Which in itself is no big deal. But wait, there's more. We've built a concealed step into the rear bumper. You simply step up, over, and in. (The way we build our wagons, you can do it without bumping your head, and without acrobatics.) Walk into a wagon soon at your Chevrolet dealer's.

Putting you first, keeps us first.

The Drum Beat

BY THE
BAND BOOSTER REPORTER

THE SUCCESS of the Floydada Whirlwind Band is reflected in the performances of the show. This particular marching season carried with it a much heavier burden than is generally the case. It has marked the third time that the new director, Jim Swofford, has been tested in public under the Whirlwind banner, and naturally, speculative eyes were upon his efforts. That Swofford has done a most creditable job is now common knowledge.

Jackie Covington and Tom Assiter led Silver around the sidelines and on the field before our Band started their marching. You boys are doing a wonderful job handling Silver. Silver looks beautiful as he is so well groomed. Thank you "Gregorys" for keeping him so nice!

Kelly Smitherman was having a "time" announcing the Band due to microphone trouble.

Under the field direction of Doug Cannon, the Floydada Band marched on the field led by twirlers Penny McClintock, Kit Martin and Kacky Weems. As the band marched on the field, they played "Military Escort", and were in a staggered file drill to the 30 yard line and did an about face and went back into regular band formation. A march to the 30 yard line with a counter-march and then marched back to the other 30 yard line with an about face. Back to the 35 yard line and playing "March for Festival" stopped and faced the Floydada stands. Every other rank then marched to the east side of the field and formed 4 company fronts playing "Bells Across the Gridirons" and marched to the south 5 yard line. Ranks 2 and 4 did a 4-step to side march and made room for the other two ranks. Forming 2 company fronts they marched down to the 50 yard line and the south 45 yard line. Executed a 6-4-2 step-off and formed a block formation. The Band split on the west side of the field and one company front was formed and faced our home stands playing "Green and White" as they left the field.

You are doing a GREAT job kids and keep up the good sharp look. . . you're our "Mainstay" as far as school spirit! Thanks to you and our football team. . . Floydada is REALLY proud. Thank you!

Adding a touch of enthusiasm, our twirlers won a first place and trophy in the Trio Contest in Lubbock contest Saturday.

Note of interest to our Thursday football fans, our north concession stand is open and the executive committee and other volunteer workers are working on Thursday evenings when the games start. We are not having hot dogs; but have hot chococone committee works on this job, just those who want to help raise extra money for the Booster projects.

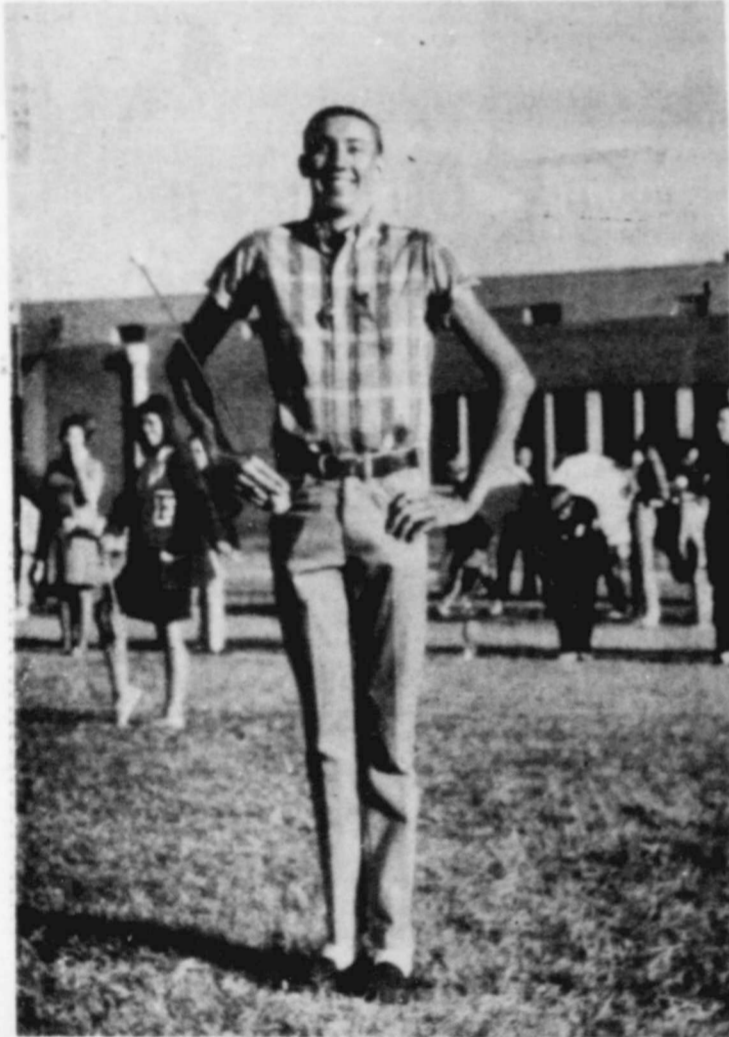

Another thing that's new, is a candy concession stand—where only candy is sold, and is run by the two most dedicated workers the Floydada Band Booster Organization has. . . Corky and Janice Guffee. Not only does Janice have the tremendous job as treasurer but also this concession stand. Our hats are off to you two! Thank you.

HONOR ROLL of the Whirlwind Band Boosters for the Post game:

Mr. and Mrs. Tom Snead, Mrs. Lee Clay, Mrs. Bill Sherbet, Mr. and Mrs. Gene Arwine, Mrs. Kenneth Willis, Mrs. Jack Yeary, Mr. and Mrs. Kinder Farris, Mr. and Mrs. Bob Thompson, Mr. and Mrs. J. B. Colston, Mr. and Mrs. Corky Guffee and our dedicated workers, Mr. and Mrs. Neil Bertrand and Mr. and Mrs. George Mize.

Cokes were furnished by the Band Boosters and served to the Post and Floydada Bands by Bill Feuerbacher, Mr. and Mrs. Fred Martin and two boys, Quinn DuBois and Michael Fortenberry.

Hurray, it's Homecoming! Beat Hale Center!

Making The Drag

BY SUZANNE GUTHRIE

Floydada High welcomes all the X's who are here for homecoming. We hope you all have a wonderful weekend, and we know you will enjoy watching the "Mean Green Whirlwinds" beat Hale Center Friday night.

I guess F.H.S. has changed a lot since many of you went to school here. But we who are here now think it's better than ever before, and we hope you'll agree.

A special presentation was made to Kally, our foreign exchange student, last Friday. It was her birthday and the student body gave her a sweater and a charm bracelet. She's a great girl with a wonderful personality and a warm friendly smile. We already love and appreciate her so much, and I urge each of you to meet and get to know her.

Congratulations to Zacha Cummings, senior; Jill Bertrand, junior; Reagan Cagle, sophomore; and Alison McLain, freshman. These four girls are the finalists for homecoming queen.

I made a slight mistake last week (not my first mistake, and probably not my last). Anyway, Friday wasn't Color Day, so if you wore green, that's great, because it's our color; but tomorrow is Color Day, I know for sure, so wear green, OK?

Say, how about the Whirlwind Marching Band? Aren't they doing a good job? I surely do think they are, and believe me, they are really working hard in order to represent you in a good way. So, if you see a band member, and you've noticed how well they're doing, tell him or her, they'll appreciate it!

There are nine girls at F.H.S. who are working so hard toward building spirit and I want to commend them on the spirit they've helped to create. They are our cheerleaders, Sara Stanforth, Jill Stansell, Jill Bertrand, Judy Probasco, Reagan Cagle, and Alison McLain; and our twirlers, Penny McClintock, Kit Martin, and Kacky Weems. They're all full of spirit and believe me, it's contagious.

The seniors had a class meeting last week to find out about College Aptitude Tests. Already getting on the road to college. It's hard to believe!

The student body elected their class officers. This year those wanting an office gave self-nominating speeches.

Senior class officers are: Gale Campbell, president; Todd Wester, vice president; Katie Taylor, secretary; Wes Campbell, treasurer; Donna Schulz, reporter. Carefree Boy is Steve Pierce and Carefree Girl is Jody Johnson.

In the junior class Jack Gregory, president; Stanley Pierce, vice president; Jill Bertrand, secretary; Larry Beaver, treasurer; Nancy Williams, reporter; and Carefree Boy and Girl are Jim Snead and Jean Campbell.

Sophomore class officers are Andy Selman (Andrew Marvin Harvey Selman) president; Joe Kimble, vice president; Mychele Reed, secretary-treasurer; and D'Ann Cates, reporter; Joe Jones was selected as Carefree Boy and Reagan Cagle as Carefree Girl.

Freshman officers are Ricky Watts, president; Steve DeLeon, vice president; Alison McLain, secretary-treasurer; and Brad Hagood, reporter. The Carefree Boy is Danny Killian, and the Carefree Girl is Alison McLain.

Congratulations to each of these students. Again F.H.S. welcomes you all to Homecoming! Let's beat Hale Center.

Mr. and Mrs. Cecil Payne returned home Tuesday from Stamford Lake where they had been the past week.

Mike and Norman Allen spent Saturday night with their grandmother, Mrs. Walton Wilson while their parents Mr. and Mrs. Harvey Allen and Walton Wilson went to Lubbock to the Tech ballgame.

Saturday afternoon visitors with Mrs. Walton Wilson were Mrs. Dot Hammonds and her mother Mrs. W.M. Price.

Mr. and Mrs. Weldon Pruitt and children, and Jim Tye of Lubbock were Sunday dinner guests of Mrs. W.B. Wilson and Mrs. Bill Tye. Bill Tye came from El Paso Wednesday and stayed until Monday with homefolks.

Mr. and Mrs. Kay Crabtree Becky and Sammy had dinner with his mother, Mrs. Kate Crabtree Sunday.

Mona Dell Wise of Pampa

and a girlfriend, Johnnie Armstrong also of Pampa came Friday evening to spend the weekend with her parents, Mr. and Mrs. C.H. Wise and other relatives. Mrs. Wise and Monda Dell took Johnnie to Lubbock, where she visited friends until Sunday afternoon then she came back to Floydada to return to Pampa with Mona Dell.

Mr. and Mrs. Hershell Irwin and children of Oklahoma City visited awhile Sunday afternoon with Mr. and Mrs. Ruey Irwin.

Mrs. Mary Caffee, Marc and Nancy visited at Dougherty Sunday afternoon with Mr. and Mrs. C.A. Caffee and two sisters and a niece of Mr. Caffee who were there visiting from out of town.

Mr. and Mrs. A.S. Mize visited Mr. and Mrs. W.O. Whitehead Saturday night and enjoyed games of "42".

Mr. and Mrs. Ted Snead and

daughter, Kitty Alice of Westlaco and Mrs. Mae Garrett visited in the home of Mrs. W. B. Wilson Thursday afternoon.

The ladies enjoying games of "42" in the home of Mrs. Beulah Jernigan Monday morning were, Mrs. O.F. Cumming, Mrs. Kate Crabtree and Mrs. Mary Stanley.

Mrs. S.K. Porter of Lubbock spent Thursday night with Mrs. Mary Caffee, Marc and Nancy.

The children of Mrs. C.H. Wise gave her a surprise birthday party and supper Saturday night at the home of Mrs. Mary Caffee. Others enjoying the occasion with Mrs. Wise and the hostess, Mrs. Caffee were, C.H. Wise, Charles D. Wise, Mona Dell Wise and Marc and Nancy Caffee. Oct. 11 is the birth date of Mrs. Wise but as all the children could not be together at that time they celebrated Saturday night.

Mrs. James Truitt Payne and children Dickie Ray, Shelia and Susie, of Odessa spent the day here Saturday with Mr. and Mrs. Cecil Payne. Others coming in the afternoon were Mr. and Mrs. Winfred Payne and Randy.

Mr. and Mrs. Kay Crabtree, Becky and Sammy went to Lubbock Saturday to attend the Fair. On the way home they stopped at Idalou to visit her parents, Mr. and Mrs. Elmer Griffith.

Mr. and Mrs. T. L. Perry spent the weekend in Lubbock with their daughter and family, Mr. and Mrs. Eugene Watts and Scotty.

Whirlwind Storm Sees Action

By Wendell Tooley
 Floydada Whirlwinds had no trouble soundly defeating the Post here in Wester Field Friday night 34-0. It was a game (for Floydada folk) from start to finish, as the offense just couldn't be stopped.

Whirlwind on the team got to see action, especially in the last half when it appeared that Floydada had the game won. In the first quarter the Whirlwinds had a 6-0 lead. It was big Steve Craig who plowed over the 30 yard line, making the score 6-0. Floydada tried to kick the extra point, each time receiving a penalty back down field. Finally, a long pass was knocked down and zone, and the score was still 6-0.

Gregory has attempted 47 passes, has completed 24 for a total yardage of 392, an average of 16.3 yards and 51% on completions. On the receiving end, Todd Wester has received nine passes for 221 yards, an average of 24.5 yards. Domingo DeLeon has received two passes for 65 yards, and an average of 32.5 yards per pass received.

Total offense Gregory has amassed a total of 552 yards in passing and running in the first three games.

DEFENSE
 On the defensive side of the ledger, Mark Weems has accomplished six unassisted tackles and 51 assisted tackles, Gale Campbell three tackles, and 25 assisted, Edwin Warren one tackle and 25 assisted tackles, Steve Pierce four tackles, 20 assists, Connie Bearden seven tackles, 13 assists, Mike Burk six tackles, 11 assists, Todd Wester six tackles, eight assists, Steve Puckett six tackles and 11 assists.

SECOND HALF
 The third quarter was a 53 yard pass from DeLeon and a touchdown. Kick for extra point was good.

With 10:40 minutes left in the third quarter, the second stringers played in the third and fourth with quarterback Andy Hale and back Steve Puckett leading the charge.

"Pass night" for Floydada with 27 attempted and ten for 192 yards. Gregory was 8 for 13.

Defensive line continued to hold the Post team and they were able to score. The game ended Floydada 34, Post 0.

OLTON Freshmen and Jr. Varsity teams came into Floydada to win last Thursday evening... and they did!

The Floydada Freshmen were clobbered 43-6 and the Junior Varsity suffered a 6-0 loss. Van Lee Mitchell made the lone Freshman touchdown.

The Junior Varsity plays Hale Center tonight at 7:30 there and the Freshmen play Petersburg at 5:30 p.m. there.

Craig Third In District Scoring

Whirlwind Steve Craig is now third in district scoring with 24 points. In first place is Olton's McLain, and in second place Friona's Tony Perea.

Craig has carried 47 times in three games for a total of 212 yards, or 4.5 average. Quarterback Jack Gregory has carried 30 times for 160 yards, or an average of 5.3.

Mark Weems has carried 10 times for a total of 78 yards and a 7.8 average. Steve Puckett has carried only six times, but made 52 yards for an average of 8.7 yards.

Gregory has attempted 47 passes, has completed 24 for a total yardage of 392, an average of 16.3 yards and 51% on completions.

On the receiving end, Todd Wester has received nine passes for 221 yards, an average of 24.5 yards. Domingo DeLeon has received two passes for 65 yards, and an average of 32.5 yards per pass received.

Blas DeLeon Wins Football Contest

Blas DeLeon, Rt. 3, Floydada, missed only three contests and will receive the \$7.50 first prize in the Hesperian football contest.

He missed Hale Center - Tahoka, Texas Tech - Texas, and Happy - Vega.

In second place, and winner of the \$5.00 cash prize is Alton Higginbotham, who missed only four contests. He missed Texas Tech - Texas, Slaton-Snyder, Littlefield-Levelland, and Hale Center-Tahoka.

Third place and \$2.50 cash prize goes to Jerry Parr, who also missed four games. He missed the Eastern N.M. - Panhandle State, Seminole - Hereford, Kress - Petersburg, Hale Center-Tahoka games.

The tie breaker Floydada-Post game was used to decide the second and third winners as they both missed only four games. Parr picked Floydada to win with a total score of 21. Higginbotham picked Floydada to win with a total score of 32. Floydada won 34 to 0.

Six 3 AA Clubs Enter Conference Play Friday

After victimizing non-conference foes for three weeks, six of District 3-AA's squads unleash their violence on fellow loop members this Friday night.

Defending champion Olton, prohibitive choice for another title, gets a stern test from challenger Abernathy. Revitalized Floydada tries to give a homecoming crowd plenty to cheer about with a victory over Hale Center. Also in the spotlight will be the Friona-Dimmitt contest.

Only the Longhorns will be facing a non-league foe when they host Idalou. Reassignment this season of Memphis left 3-AA with seven clubs, and one will take on an outsider each Friday while the other six teams battle among themselves.

After three weeks of action, this district boasts of a strong 17-4 mark against outsiders. Lockney, Abernathy and Hale Center were dropped from the undefeated ranks last Friday, but the loop still managed to win four of seven.

Olton flogged Muleshoe 49-7 to extend its unbeaten skid. Friona, which thrashed Tucumcari, N.M., by 65-0, and Floydada, 34-0 victor over Post, likewise own 3-0 records. The other four clubs are 2-1.

Dimmitt got back on the winning track with a convincing 53-22 verdict over Springlake. Ralls took out the Longhorns 33-6, Abernathy was upset 21-6 by Childress and Hale Center was humbled by Tahoka 26-8 in other matches last week.

Team	W	L	Pts.	Op.
Friona	3	0	118	15
Floydada	3	0	98	19
Olton	3	0	130	16
Abernathy	1	4	49	29
Dimmitt	1	7	24	34
Hale Center	1	4	40	40
Lockney	1	4	48	33

Last week's results - Friona 85, Tucumcari 6; Ralls 33, Lockney 6; Tahoka 26, Hale Center 8; Childress 21, Abernathy 6; Dimmitt 53, Springlake 22; Floydada 34, Post 0; Olton 49, Muleshoe 7.

Friday's schedule - Abernathy at Olton (6); Dimmitt at Friona (6); Hale Center at Floydada (6); Idalou at Lockney.

Dear Mr. Tooley,
It's almost TB testing time again! Our wonderful school nurses are now making plans to start this painless testing process the week of October 15. At this time the plan is to test every child in first and third grades of both elementary schools. Seventh grade students in Junior High and ninth and tenth grades in High School.

Since these tests are painless and most highly important, we urge all parents to make sure their children are present for testing.

Testing and locating this deadly germ is the only way TB can ever be stamped out. The task seems endless but dedicated people are determined to do just that, carry on and stamp it out. And headway is certainly being made.

This test may save your child from a long illness. Thank you very kindly for your past assistance.

Sincerely,
/s/ Mrs. Bill Norris

Dear Wendell,

For four years I have been concerned about the lack of participation at Homecoming activities by the local or Floyd County Ex-Students. Now that the next Homecoming Day is near, I would like to implore all local exes, and those within the reach of this newspaper, to come to the High School next Friday, October 4, to register, renew old acquaintances, and help welcome the many out-of-town ex-students who make a real effort to be here.

Keen anticipation is shared by many who return every four years, but often disappointment prevails as the class reunions are void of the local residents the exes thought for sure would be there. It's like coming to a party by invitation and some of the hosts don't even bother to come.

We are not an exclusive group. We want to welcome all local residents, exes or not, if you would like to come. Some have children who attended schools here and would like to see some of their old friends, but feel excluded because they didn't attend Floydada schools. We want these people to feel free to come and enjoy the fun and festivities - attend the coffees, the receptions, and especially the barbeque dinner.

2100 letters have been mailed to out of Floyd County ex-students. We could not possibly invite by letter EVERY person who ever attended school here. We are depending upon this newspaper and other area papers to inform them of the Homecoming plans, hope they will consider these notices personal invitations, and that they will plan to attend. The success of this event every four years depends on the residents of Floydada and Floyd County!

Thanks, Wendell, for letting me speak through your paper.
Sincerely,
Frances Stanforth, Sec.
Floydada Ex-Students Ass'n.

FLOYD PHILOSOPHER Says If Candidates Can't Debate On TV, Use Their Speech Writers

Editor's note: The Floyd Philosopher on his Johnson grass farm has another idea he won't get very far with, we suspect.

Dear editor:

According to an article I read in a newspaper last night a lot of people are wondering why we can't have another big debate on television between the Presidential candidates, and the answer was, Congress would have to pass a special law allowing it.

As I understand it, if the television networks give time to the major candidates, they have to give equal time to all the minor candidates, like the Greenbacks, the Prohibitionists, and others nobody ever heard of, probably including Harold Stassen. This obviously would take up all the time on television for nights on end.

Of course I suppose if the major candidates really wanted to debate they could haul off and buy a couple of hours of time some night on their own and have at it.

However, there's a way to get around the law.

Instead of the candidates, let their speech-

writers do the debating. There's nothing in the law that says you have to give equal time to all speech-writers, and the minor candidates don't have any anyway.

After all, when a candidate makes a ringing statement forthrightly dodging an issue, everybody knows it was written up in advance by a bunch of hired writers. Let those fellows debate and let's get at the source of what the candidates really think.

Actually of course the equal-time law isn't being enforced.

For example, the same paper I was reading last night reported that 90 percent of the people in this country now live on 1 percent of the land, which suits me fine, but what it failed to point out is that of that 90 percent, about 2 percent get all the television publicity. For instance, I don't know how many million college students there are, but I doubt if more than 2 percent of them have been on television, at least outside of a football stadium, certainly not wrecking the president's office.

This is clearly against the law.

Yours faithfully,
J. A.

Petersburg, Texas

Dear Wendell:

Knowing the value of "Letters to the Editor" perhaps this will help remedy a situation I found in your fair city Sunday night.

I arrived in Floydada driving the Petersburg Ambulance with two automobile wreck victims and was graciously guided to the new million dollar hospital there only to find that the emergency doors were locked and no way to summon someone to open them.

After about a twenty minute wait the gentleman who guided us to the hospital found a door open on the opposite side of the hospital and had someone open the door.

Fortunately neither of the victims were seriously hurt, but often the emergency victims cannot wait that long for treatment.

Perhaps you could find a way to have a bell installed at the emergency door so the nurses could be summoned in such instances. The installation of such an alarm bell would be a very fitting memorial for some of your distinguished citizens.
