County Football Crown At Stake Friday Night

Lockney Homecoming Game

The big game of the year... the football championship of Floyd County is at stake this Friday night when the Whirlwinds invade the Lockney Longhorn's stadium.

The kickoff is at 7:30 and the Whirlwinds will be out to beat the Longhorns... and spoil their homecoming game.

Lockney came from behind to defeat A Idalou 14-7 last week, while the Whirlwinds took a 16-0 loss at the hands of AA Hale Center.

Both teams stand at 3-1

Floydada beat Ralls, Tulia and Post. Lockney lost to Ralls, beat Crosbyton and Post.

Both Lockney and Floydada sport brand new coaches... so anything can happen in the way of new strategy and surprises both ways. R's coach Jack Taylor at Lockney, coach L. G. Wilson at Floydada.

Lockney's quarterback Tandy Johnson (151) a defensive specialist last season, has shown an impressive passing arm and the "Winds will be watching for a lot of aerial

attempts.

Split end Raymond Sterling (151) is the top receiver and Johnson will also have good targets in flanker Robert Duckworth (139) and tight end Jim Jeffries (154).

Duckworth has developed into a very speedy and tricky runner.

The big ground gainer is full-back Carlton Johnson (141). He is experienced and knows how to carry the ball for long yardage.

The linemen started the season vastly inexperienced, but they are fast developing into a strong wall. The linemen aren't especially heavy, except for big 215 pound Waverly Washington.

Both Floydada and Lockney teams received a lot of "in the rain playing" last week. It rained on the Whirlwinds the first half of the game here, and off and on all through the game at Idalou.

FLOYDADA

Coach Wilson reports that the Whirlwinds have several minor injuries, but practice sessions looked pretty good this week. He said that it appears now that quarterback Jack Gregory will be able to play. He received an ankle injury in last week's game. Center Steve Pierce was roughed up last week, but should be able to play.

DWAYNE GRIMES

Dwayne Grimes New First Christian Minister

The Rev. Dwayne Grimes is the new minister of the First Christian Church in Floydada. He and his family have moved here from Stinnett, Texas, where he was pastor of the First Christian Church.

Mr. Grimes was born in Longview, Texas and was a 1954 graduate of Lubbock High School. He has attended Texas Tech, South Plains, Lubbock Christian, Frank Phillips, and West Texas State University. In January, Mr. Grimes will complete work on a degree in history at West Texas State.

For the past five years, Mr. Grimes has served as minister of the First Christian Church of Stinnett, Texas. During this period, the church constructed a new educational building and remodeled existing facilities.

While at Stinnett, Mr. Grimes served as president of the Stinnett Ministerial Alliance for two years. He was active in Boy Scout and Civil Air Patrol work. Grimes was the county chairman for CROP for two years and was a charter member of the Hutchinson County Mental Health Association.

In 1965, he was the Director of the Chi Rho Camp of District One Christian Churches.

Mr. Grimes is married to the former Carole Knowlton of Bledsoe, Texas. They have three children: Dianna Sue, 10; Donna Renee, 8; and Richard Dwayne, 5.

Superior Rating Given Floydada School Paper

A superior rating was given Floydada High School on its school paper and a first class rating for its yearbook for last year's publications at Texas Tech Saturday.

Awards were presented at the 14th Annual Southwestern Council of Student Publications during the noon banquet.

RALPH WAYNE

Ralph Wayne Speaks Here Today At Lions

Representative Ralph Wayne will be the featured speaker at the Floydada Lions club luncheon today in the Colonial House.

The Rotary club members will join the Lions club in welcoming Representative Wayne to Floydada and attending the luncheon.

City Buys Sweeper

In its regular monthly meeting Tuesday night the Floydada city council approved purchase of a new street cleaner from Plains Machinery Company in Lubbock at a cost of \$12,071.19.

There was only one bidder on the machine. It is expected to be delivered ready for use in about three weeks.

The council also approved bid for a new electric department ladder and tool box chassis and authorized the city manager to advertise for bids on a one ton truck chassis.

The bid for the ladder and accessory equipment went to Utility Equipment Co. in Oklahoma City for \$5,205.76. King Trailer and Equipment of Lubbock also bid on the ladder.

AIRPORT RUNWAY

The city council agreed to

lease a 150' x 5,480 strip of land from J. R. Turner, Jr. Simpson and Aldine Williams for an east-west runway at the municipal airport. The lease will cost the city \$360 per year

Well, Rain Will Help The Wheat Crop"

isn't very welcome this year on football cotton, soybeans, or sorghum, but it is helping wheat crop to get going.

From .75 to a full inch was received last Friday night from the kick-off time of the Hale Center-Floydada game off and on the rest of the night.

Then .25 to .75 fell Tues-

day night when a cold front hit Floyd County. The front set off rain storms and large hail... especially in the area west and southwest of Cone.

Some large hail stones hit south of the canyon and in the Sandhill-Harmony area, but it is believed that no extensive

damage was done to the crops as in the Cone area.

It is estimated that 3/4 of the grain sorghum crop is harvested, the soybean harvest just beginning and the cotton harvest rests upon the date of the first freeze.

Caprock Chat

IT SIMPLY, Friday night "just wasn't our night"... Whirlwinds took a good old country lickin'... the fans were through and through from rain that didn't stop until... the homecomers were surely disappointed... "and set laid plans" for a musical and beautiful homecoming crowning at halftime went astray due to the rain.

used to look like Olton, Friona, Dimmitt, and Floydada conference standing, now looks like Olton, Dimmitt, Hale Center, Floydada.

them, you never can tell, football is an unpredictable and although our spirits were certainly dampened in many Friday night, I believe our boys will make a good comeback right and take Lockney 21-6.

BECOMING WAS A great success in many ways. Of course number who registered an almost double increase over years is a good indication, but the happiness and overall seem to be so enjoyable this year for everyone.

allow told me, "I saw a fellow school mate I hadn't seen back in 1928, when we were in a car wreck." They came Hawaii, Holland, and many states of the union for the homecoming.

real success of homecoming is seeing a lot of friends of year. When I go to a Kress or M-Murry homecoming and see many of my old classmates, I feel like the trip wasn't the trouble. So the success of homecoming depends upon attendance of exes... the renewal of friendships and acquaintances.

greetings to the Floydada folk who worked so hard to this year's homecoming so enjoyable and successful.

THEY HAVE BEEN many exciting moments in this year's Series...and the most exciting player for me has been Lou Brock. He not only got a hit or walk about every up to bat... but he is the most amazing base stealer ever seen.

course he has a tremendous amount of speed...and it to me that the Dallas Cowboys would do well to sign up to balance out Hays' speed on the other end. Boy would have a double threat when Meredith pulled back to pass!

JKY JORDON, son of Dr. and Mrs. Jack Jordan had his wheels going Friday night as we sat in our car with the pouring down during the first half of the football game. said, "boy, what Floydada needs is an Astrodome!"

EVERYONE is pretty concerned about how early the first will arrive in this area. Of course the longer it stays the better our cotton crop.

we're interested in the history of first freezes in Floyd suggest you look at the chart sponsored by the folk Education Credit in this issue of The Hesperian.

and Friends,
 as well admit it - you've spoiled us! That spirited Friday was wonderful! Now, more than ever this we must continue to have pep and spirit in order backing the Whirlwind team.
 County Championship is at stake next Friday night Floydada-Lockney football game takes place. It is a must for our boys.
 extra effort on the part of all of us, and you can meet us at 3:30 in the gym October 11 for the pep

ways been great supporters and Whirlwind fans. The Whirlwinds we still are! Come to the pep rally at 3:30, Jill Stansel, Judy Probasco, Jill Bertrand, Alison McLain, Polly Cardinal.
 one knows, Friday was Floydada's Homecoming. I was disappointed - not in the students or in the pep rally, but in the spirit shown by the exes at the pep rally. We as students did our best to show school spirit. The majority of us were afraid that the exes might not respect for the good attendance, but I was disappointed in the exes' spirit. I didn't expect the exes to yell, but I did think that they would at least respect for the school that they graduated from. I glanced back toward the exes. I saw that the majority of them weren't singing. Some, didn't even stand! Maybe grown-ups don't even in a small thing like a pep rally, they are teenagers learn from example faster than we think. I'm sad to say that the example set for us was not a very good one. We as teenagers are expected to be school spirit. I believe that we could do a better job if the adults lent us a hand and set a good example.
 A disappointed student

SECURITY NEWS
 Ray Purcell
MOTHER LEARNS SECURITY BENEFITS FOR RETIRED
 Security benefits cover more than aid to the Lockney mother has
 Mrs. D. Davis, like other people, had never heard about social security beyond the fact that the social security tax caused her paycheck to be a bit smaller while she was working.
 In August, 1968, however, social security had a new look to Mrs. Davis and her family for she began receiving monthly social security disability checks for herself and two children. One child is over 18, the age limit to which a child could be entitled before the 1965 Amendments to the Social Security Act. However, a child of an entitled worker may now be eligible to receive monthly checks until he attains age 22 if he is a full-time student and unmarried. Also, children may now qualify on their mother's social security account the same as on their father's account. This was made possible under a recent change in the social security law.
 Since Mrs. Davis has worked and had social security credit sufficient to receive social security benefits, she and her children may receive the monthly checks because of the loss of her earnings. Because social security benefits are not limited by the individual's need, it is immaterial that Mrs. Davis' husband continues to work.
 Payments to her will continue as long as Mrs. Davis is unable to work. Benefits for the children will continue until age 22 if they remain unmarried and are full-time students from age 18 to 22 and the worker still is entitled.
 Mrs. Davis was not aware of her eligibility for disability benefits until her husband told her, after he attended a social security program recently given at a local civic club.
 The Social Security Administration does not publish individual records, but the exception is being made, with the permission of Mrs. Davis, to help others who may be unaware of their rights.

Estimated Floyd County Cotton Production Down 5,000 Bales

According to a report from the Plains Cotton Growers in Lubbock a new estimate for Floyd county cotton production is down 5,000 bales from the September 1 estimate.
 On September 1, the estimate for Floyd was 60,000 bales. The new October 1 estimate is down to 55,000 bales.

going to college. Why some colleges are so crowded now the football stadium isn't half big enough. College degrees are becoming so common you'd never guess which kids have one unless you saw their diplomas.
 The article also cited the fact kids are becoming more alert these days, they're more interested in politics, they're asking more questions, some of them so fast that if you don't hurry they'll answer before you do. Some of them want us to end the Viet Nam war in one week when we're just now ending the Civil War.
 I have thought this article over, while still hoping a good newspaper would turn up, and have decided it's not altogether accurate. Kids aren't smarter these days, they're just found out us adults aren't as smart as they thought and we pretended. It happens every generation. We tried to keep it a secret but no group ever has. When they're older, the next younger generation will find them out too.
 There's nothing wrong with youth. It's like the colic, you grow out of it.
 Yours faithfully,
 J. A.

Double-Ring Vows Read For Miss Pierce, Gary Daniels

The Calvary Baptist Church was the setting for the double-ring ceremony read Friday, October 4, for Miss Patsy Gay Pierce and Gary Truman Daniels of Ralls.

The bride is the daughter of Mrs. Evelyn Pierce of Floydada and parents of the bridegroom are Mr. and Mrs. Cecil Daniels of Ralls.

Rev. Hollis Payne performed the wedding vows and Mrs. Payne, accompanying herself at the piano, sang "I Love You Truly."

The bride, given in marriage by her brother, Pete Pierce of Post, wore a street length dress of white lace. Her veil of illusion was attached to a seed pearl crown and she carried yellow roses with streamers.

Mrs. Joe Rainer, sister of the bride, was matron of honor and Mrs. Pete Pierce, her sister-in-law, was bridesmaid. They wore avocado green dresses and carried long stem red yellow roses. Dawn Pierce, niece of the bride, was flower girl.

Buck Daniels of Lubbock, brother of the groom, was best man and Delton Daniels, also a brother, was groomsmen. Lynn Daniels was usher.

Following the reception the bride changed to a gold colored silk dress and wore a shoulder corsage of yellow roses from her bridal bouquet.

Mrs. Daniels is a graduate of Canyon High School and Draughts Business College in Amarillo. Her husband, a graduate of Ralls High School, is employed at a gin in Ralls, where the couple will make their home.

Denison Family Has Reunion

Meeting in the home of Mrs. P. A. Denison for a family reunion dinner Sept. 26 were the children of the late P. A. Denison.

Those present were Mr. and Charles Denison and Mr. and Mrs. Leroy Denison and Kirk of Lubbock; Pauline Denison and Louise Torian of Dallas; Mr. and Mrs. John McKinney, and Mr. and Mrs. David Lewis and Pam of Floydada.

J.R. Denison of Tulsa was unable to attend.

R.L. Nichols, Lon V. Smith, E.F. Stovall, Noel Troutman, W. O. Tye, Ben Whitaker and Mrs. J.M. Willson.

The next meeting Oct. 17, will be with Mrs. W.H. Henderson. Mrs. J.M. Willson Jr., will give a book review on "Once Upon An Island" by David B. Conover.

Arts-Crafts Club To Meet

A newly organized club, Arts and Crafts, has been organized and will meet Wednesday, October 16 in the home of Mrs. E.A. Noland, northeast of town. Mrs. M.C. Nance will give a demonstration on dried flowers.

Anyone interested in arts and crafts is invited and urged to attend the meeting. Officers will be elected at this time.

The newly formed club, in an effort to get more inter-

More than 900 ex-students registered at FHS Homecoming Friday. These names are published in this week's issue of the Hesperian. There were probably others who were present for the activities, but were unable to register.

I believe Mr. and Mrs. David Battey Sr. were the oldest ex-students present. He was graduated in 1906 and she in 1909. Traveling the greatest distance for Homecoming were the L. V. Assiters from Holland.

THE Maurice Campbells have received word that their son Max is due back in the States Monday from Vietnam. While one Floyd County family is made happy, another is made sad. Johnny Fred Brown departs this month for Vietnam. He and his wife are visiting in Floydada with their families.

MR. and Mrs. Gene M. Collins and Mr. and Mrs. Johnnie Collins are busy with preparations for their trip to Bermuda in November. The trip is being sponsored by the John Deere Company.

WELL I'm not doing too much meddling this week. I'm on crutches due to a sprained ankle and a skinned knee sustained in a fall Tuesday night. If you have ever tried to walk with crutches for the first time you will know why I say I am going to be pretty well confined to a chair for a few days. If you know of any "meddlins" call me.

OLD Moore's Almanac of 1969 predicts more strikes in the first quarter of the new year; an acute market break on, or about March 18; more accidents in all fields of transportation for the spring quarter; we will lose more of our allies; there will be an outbreak of violence in the Arab world; discounts any sort of peace settlement in Vietnam; no matter who is elected president the government will take a much more firm stand in controlling both the causes and results of riots during the summer quarter; the administration will gain in popularity; the president, whoever he is, will suffer from lack of cooperation from Congress and all of this can be blamed on the stars and planets, so says the Almanac.

"PERHAPS the reason a woman may never be President is that the President has to be over 35."

Those attending the meeting were Mmes. H. G. Barber, Allen Bingham, Tom Burrow, David Campbell, Aaron Carthel, Dennis Dempsey, R. G. Dunlap, J. S. Hale Jr., John Hoffman, Floyd Lawson, M. J. McNeill, J. P. Moss, W. O. Newberry, George Springer, John Stapleton, L. B. Stewart Jr., G. W. Switzer, Jake Watson, A. L. Wylie Jr., and hostess, Mrs. Mount.

The next meeting, Oct. 15 will be with Mrs. Newberry.

Starkey Club Entertains At County-Wide HD Meet

The Starkey Home Demonstration Club was hostess to the County-wide meeting of the five Home Demonstration Clubs in Floyd County last Thursday at the Lighthouse Electric Kitchen.

After the meeting was called to order by Mrs. O. L. Lowrance, president of the Starkey Club, Mrs. Mary Phillips, home economist for the Lighthouse Electric, gave a demonstration on the electric oven. Baked apples, barbecued weiners, baked potatoes, candy and instant coffee were sampled by those present.

At the noon hour a lovely covered dish salad luncheon was served along with a roast prepared in the electronic oven by Mrs. Phillips.

After the meal Mrs. J. M. Willson, Jr. reviewed the book, "At Wits End." This was a humorous resume of life in the

Miss Guthrie Speaks Of Sweden Trip

A visit to Sweden was enjoyed Tuesday night by members of the 1950 Study Club when Suzanne Guthrie told of her experiences while on her summer trip to Sweden. The program, presented by Suzanne, was entitled "Making the Drag in Sweden." Mrs. Gene Arwine was program hostess.

Members met in the home of Mrs. Clement McDonald with Mrs. Don Cheek as hostess. Mrs. L. W. Crabtree voiced prayer and members answered roll call with an item of news from a foreign country.

During business the resignation of Mrs. Herman Graham was regrettably accepted. Members present were Mmes. Charles Anderson, Gene Arwine, W. R. Bradshaw, Don Cheek, Bob Copeland, L. W. Crabtree, Sammy Hale, Doris McLain, Doyle Moore, John Moss, Dallas Ramsey, Jimmy Seay, Claude Weathersbee, Jake Webb, Lawrence Wedel, C. C. Whittle and Misses Jo Muncy and Nell Swinson.

BOARD OF DIRECTORS MEET
The monthly meeting of the Board of Directors was held September 25, 1968. The Executive Committee meeting preceded the Board meeting. The attendance at each meeting exceeded a quorum and several important items of business were acted upon.

The Executive Committee approved Water, Inc. participation with the Portland Cement Association (PCA) in production of a 25 minute film which will explain the water development plan. This film will be produced by PCA. The Water, Inc. Film Committee is Russell Bean, Chairman, and members A. C. Verner, K. B. Watson and Marvin Shurbet.

Mr. Kendrick, President, recommended a Planning and Policy Committee be appointed to study the 160 acre limitation as well as to recommend the type import authority to be created. A dues committee was also requested. The Board was unanimous in approval of these recommendations and the following committee appointments were approved. Planning and Policy Committee: Jerome Johnson, Chairman; E. H. Daner, Dr. Dan Wells, Bill Nelson, Michael Garrett, Marvin Nichols, Don Johnson, Henry Sears, Bill Hayes, H. B. Wagstaff, C. B. Ray, Al O'Brien, and O. H. Ivie.

The Dues Committee: Jim Ed Waller, Chairman; J. M. Collins, Elwood Freeman, Lit Moore, Dennis Lilly, Thad McDonald and Harmon Elliott, Ted Ford, Marvin McLaughlin, Ivan Fowler, Stanley Vars and Don Marble.

The active committees of Water, Inc. include Planning and Policy, Interagency, Dues, Membership and Movie. **LEGISLATURE - INTERIM WATER STUDY COMMITTEE HEARING - HEREFORD, 9:30 A.M., BULL BARN, OCTOBER 5, 1968.**

Chairman of the Texas Legislature House Interim Water Study Committee, Billy Clayton of Springlake has indicated he expects a large crowd to attend the public hearing in Hereford. Agenda items are like to generate some lively discussion.

All officers, board members and club members are invited to attend. A prize will be given to the Club President with the most clubmembers in attendance.

Registration fee for the meeting is \$1.50 and the luncheon ticket will be \$2.25. Advance reservations are to be made to Mrs. Sammy Hale, 809 W. Grover, Floydada 79235 before October 14.

Each member of Water, Inc. has been mailed a copy of the agenda by Chairman Clayton. The Water, Inc. Board of Directors have developed a statement on each agenda item and the Executive Director will present this statement at the Hereford meeting. Several other groups and individuals are preparing statements for presentation.

THE 160 ACRE LIMITATION
Several groups are working in the Western States to try to get Congress to modify the limitation on land to 160 acres, for which interest-free construction funds for water delivery can be supplied. The basic reclamation law passed in 1902 is now outmoded by changes in agricultural practices. It is felt that this law should be modified to recognize modern farming trends. The California Governor's Task Force recommended raising the limitation to 640 acres or 1280 acres for a man and wife and application of the "Engle Formula" which does not require disposing of land in excess of the maximum limitation.

The Texas Water Conservation Association has recently appointed a committee headed by Representative Billy Clayton of Springlake to study the basic limitation.

TEXAS WATER PLAN
As work continues on the plan in Austin and the probable release date gets closer, questions arise as to how the plan is to be implemented? What is to be the state agency for carrying out the plan? What about financing? What legislation is required? These are only a few of these important questions. The Water Development Board seems the logical agency to implement their plan. A constitutional amendment will be required and a bond issue voted to put the plan into effect. The Board now has \$400 million borrowing power which will have to be upped to \$3 billion or more if it is to finance 1/3 of the program. Action needs to be taken soon if this is to be voted on in the 1970 general election.

It would logically follow that the State, through the Water Development Board, would manage the import program. That is, the water in the canal would belong to the state from the time it entered the system until withdrawn from terminal storage on the plans and put into the distribution system. An "Import Authority" to be created would contract with the State for delivery of the water to the user.

IRRIGATED CROPS IN WEST SET NEW RECORDS IN 1967
A record of \$1.8 billion worth of crops were harvested in 1967 from 8 1/2 million acres of western farm lands irrigated with water from Bureau of Reclamation Projects. The Bureau of Reclamation says reclamation projects supplied 25-1/3 million acre feet of water to 15.1 million people in the 17 western states during 1967. About 23 1/2 million acre feet sent for irrigation. The irrigated acreage increased 430,000 acres over 1966 and there was an increase of \$129 million in the value of crops produced.

WATER COMMISSION
President Johnson has signed legislation establishing a 7-

and later rural telephone lines. Although informally organized only until the job was done, these groups operated in the true cooperative spirit of doing business. Today, many groups are legally organized into formal business cooperatives in both the cities and rural areas, for both profit and non-profit services.

United States history is filled with the achievement of such groups. The pioneers organized to build homes, harvest crops, defend against Indians. Frontier citizens organized to enforce the law. Cattlemen organized protective associations to fight rustlers.

Later, farmers organized to build roads, bridges, barns, member national water commission. Much speculation is being heard among those people interested in water matters as to who will be appointed to the commission.

Willie Wiredhand NOTES

LIGHTHOUSE ELECTRIC COOPERATIVE, INC. MARY PHILLIPS, HOME ECONOMIST

What can you do when a job is too big for one man? Well, there are several choices. Leave it undone. Ask the government to do it, or organize a group to do it.

United States history is filled with the achievement of such groups. The pioneers organized to build homes, harvest crops, defend against Indians. Frontier citizens organized to enforce the law. Cattlemen organized protective associations to fight rustlers.

Later, farmers organized to build roads, bridges, barns, member national water commission. Much speculation is being heard among those people interested in water matters as to who will be appointed to the commission.

OKLAHOMA RECLAMATION PROJECT
The \$21 million Mountain Park reclamation project in Oklahoma has been authorized for construction. President Johnson signed the bill (H.R. 9362) during the last week in September.

There are coops for processing and marketing agricultural products, for buying seed, fertilizer, and other farm supplies. The point is the individual member of the coop has the

benefit of group buying power. Lower prices, greater variety of products, greater bargaining power, and the sharing of knowledge and information, to name a few benefits.

A cooperative business is like any other private business. The fact that it is a cooperative doesn't insure it success. Coops can fail for the same reasons other businesses fail. Poor management, bad organization, poor financing.

The great majority of cooperatives have been successful. This has been especially true in rural areas where they have helped increase farm incomes, improved small town economies, and provided new jobs. They have made important contributions to local schools and governments, through their property tax payments and other services or assistance performed on behalf of the community.

Cooperative businesses, today, more than ever in history, offer an efficient beneficial method for both rural or city people to solve their problems. Coops are growing in stature and use. According to the USDA, today about a third of the U.S. families are members of one or more user-owned cooperative businesses.

Each year the country pays tribute to coops with a Coop Month celebration in October. This is a time to explain the special contributions cooperatives make as a part of the American business system, and to remind members of the special advantages of user-owned businesses.

Today farmer cooperatives have over \$1 billion in assets and their annual business totals about \$15.6 billion. Coops are taking know-how and man power to the grass roots

and are showing people here and overseas how to set up and run their own businesses.

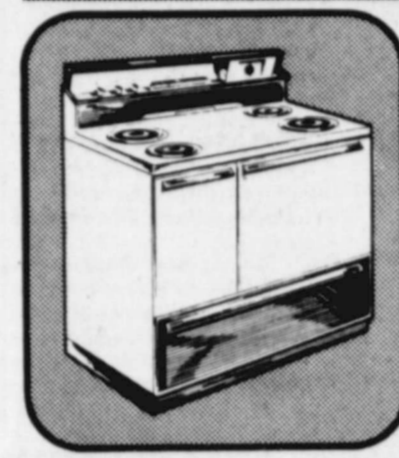

During October, cooperatives will be telling the co-op story in many ways. Taking part in observing Co-op Month and telling about co-ops will be farmer marketing and purchasing cooperatives, housing and health associations, rural electric and telephone cooperatives, housing and health associations, rural electric and telephone cooperatives, credit, fishery and forestry groups, and coop stores.

To make pear preserves, select pears that hold their shape and have a good flavor...

SUMMER AND WINTER EATING PLEASURE - PEARS
Sweet, juicy pears ripened in home orchards add flavor and appetite appeal as well as cold contrast to family meals...

PEAR PRESERVES (continued)
Process in boiling water bath for 20 minutes. Remove jars and cool.

(If using Kieffer pears, reduce vinegar to 3 cups, peel and core. Cut in halves or quarters. Boil pears for 10 minutes in water to cover. Use 1 pint of this liquid in place of water in recipe above. Then finish in same way as Seckel pears.)

Use the proportion of one pound prepared fruit to 3/4 to one pound sugar. Combine the fruit and sugar in alternate layers and let stand overnight before cooking...

Cook until the syrup is the desired thickness, stirring occasionally. Fill hot, dry, sterilized jars three-fourths full with preserved fruit. If paraffin is used, add enough syrup to fill the jar to 1/4 inch of the top; otherwise, fill to top. Seal, label and store in a cool place.

Devotional of the Month

Does God Take Sides?

There are two very interesting passages in the early books of the Bible which seem to illustrate a fundamental truth. The accounts are located in Joshua and Judges. The story on Joshua is about the historic battle between Israel under the leadership of Joshua as he fought against the Amorites. It was during that battle that Joshua spoke "to the Lord" and the sun and the moon stood still. The battle and pursuit time were extended "about a whole day." The incident described in Judges chronicles the defeat of Sisera captain of the host of Hazor, king of Canaan. Concerning Joshua we read... "So the sun stood still in the midst of heaven, and hastened not to go down about a whole day... for the Lord fought for Israel." (Joshua 10:13b, 14b) And about Sisera we are told "... They fought from heaven; the stars in their courses fought against Sisera." (Judges 5:20)

The application is that there is more involved in the transactions of human life than the intelligence of men and the might of machines. The simple laws of cause and effect operate far more extensively than we ordinarily understand. But above and beyond that there is a God who rules and over rules in the affairs of men. He knows men's motives, He accurately evaluates their actions and renders just compensation. He is not blind to the sins of the people who call themselves by His name. Yet in His wrath He "remembers mercy" and tempers justice with His grace. In reading the contextual material in the two situations from the Scriptures we encounter further evidence. The decisions and interventions of God were not autocratic favoritism. Rather they were the result of Divine compensation and adjustment. These events indicate that God is personally and intimately interested in what men and nations do. When people repent of their wrong doing and call on Him for mercy and aid He is not deaf to their cry.

Many of us alive today could testify of webs of difficulty, danger and despair which we had woven by our own willfulness, wickedness and rebellion. With embarrassment we would have to declare that our own efforts to extricate ourselves only enmeshed us more. But when in contrition and repentance we confessed our sins He "was faithful and just to forgive us our sins" (1 John 1:9) and to deliver us from the snares of our own setting. Often in the process He has ransomed us from slavery to habits into which we had sold ourselves. It is no accident that "The Doxology" is a favorite of so many.

Does God take sides? Yes! History and individual testimony both declare that God takes sides. He is always on the side of right regardless of who is on that side. And when there is some right on each side of an issue He is for that right wherever it is. He always gives men all of the credit they deserve. Further He is aware of those things which we truly do not know and those which we have refused to consider in making our decisions. And He sides with the right, regardless of our conclusions.

SOCIAL SECURITY NEWS

(Ed. Note: This is the first of a series of 3 articles on the cost and value of today's social security prepared by Mance King, Officer-in-Charge, Plainview social security office.)
"I must have paid you folks many thousands of dollars since 1936; how much are you going to pay me when I retire next month?" is a query all social security interviewers hear time and time again. This series of short articles is designed to work out some answers for readers of this newspaper.
The person reaching age 65 in December of 1968, having paid the maximum social security tax of \$2,001.80 as an employee since 1936 or \$3,829.20 as a self-employed person since 1950, both up through 1968, will be due a monthly retirement benefit of \$162.80 per month starting with January 1969. If his wife is 62-63-64 or 65, she will be due from \$61.10 to \$81.40, depending on her exact age. The couple's total, from \$223.90 to \$244.20, means the tax payment will be recovered in less than 14 months for a former employee and less than 18 months for the retired self-employed person, considering the wife begins at the reduced rate at age 62 in January 1969.
But what of the person now aged 22 and paying the maximum social security tax from now until age 65 is reached? What will it cost him and what will it pay him, under present legislation? See the next article soon to appear in this newspaper.
By Ray Purcell
Social Security Representative
Q. My brother was injured, and it appears he will be unable to work for at least 12 months. He is 22 years old and has worked only during the last two years. Has he worked long enough to qualify for social security disability benefits?
A. Yes, a person who becomes disabled before age 24, needs social security credit for only 1 1/2 years of work during the three year period before the disability began. With credit for two years of work, your brother may qualify for disability benefits and should file an application with the social security office.
For further information, contact your social security office at 1401-B West 5th St., Plainview. If more convenient, meet with your social security representative. He is in Floydada at the courthouse on Wednesday morning, Matador in the lobby of the First State Bank on the first Tuesday of each month, and in Abernathy at the City Hall on the third Tuesday of each month.

You say you'd like a few suggestions on how to get more out of your telephone service?

- Here are five tips to help make your every "hello" a real good buy:**
- Whenever you're moving to another town within the Bell System, let us arrange for your phone service before you move. If you know the address of your new home, we can make arrangements in advance so you'll have the exact service you want in your new home. We'll also refer calls from your old phone to your new number if you like. Just call the business office and ask about our Easy Move Plan. There's no extra charge.
 - Speaking of moving, we hope you realize that wherever you move in the Bell System, there is no color charge for the phones at your new address if you had color phones at your old address.
 - Ever wonder what to do when you get a wrong number on a Long Distance call? Just hang up, dial "0" for "Operator," and tell her what happened. She'll see that you're not charged for the call.
 - And if you ever lose your dime in an out-of-order pay telephone, just go to a working phone and report it to the Operator. She'll arrange to have your dime mailed to you. Also, if you give her the number of the out-of-order phone, we'll get it fixed right away.
 - Long Distance interstate rates are lower all day Saturday and Sunday, and after 7 p.m. each weekday. You can also save money if you call by number. A station-to-station Long Distance call costs about one-third less than a person-to-person call.
At Southwestern Bell, our goal is to help you get the very best telephone service. We want your every "hello" to be a real good buy.
