FIRST DAY AT COMMUNITY CENTER KINDERGARTEN. (Staff Photo)

## Many Items Needed For Community Center Kindergarten, Volunteer Help

Children were regally opening day of the Community Center kindergarten. The public is urged to donate the following items for the Community Center's needs: All kinds of kitchen utensils; clothing for persons of all ages; hobby materials of all kinds such as wood working tools; heavy duty machine for upholstery; a barbers chair; a pool table, ping pong table, and toys for the play room. Also used typewriters, books and reading room are needed.

Now, there are two needs of the kindergarten, volunteer help and several items. The public is urged to donate the following items for the Community Center's needs: All kinds of kitchen utensils; clothing for persons of all ages; hobby materials of all kinds such as wood working tools; heavy duty machine for upholstery; a barbers chair; a pool table, ping pong table, and toys for the play room. Also used typewriters, books and reading room are needed.

### Caprock Chat

Now, YOU just never know who will be foremost in the presidential race. Saw a sign the other day on a bumper, "Pat Paulsen is picking up steam in his bid for the presidency of the United States, according to early results in the Service Station Robo car wash poll being conducted at Plainview and Floydada. Which began Saturday, showed the television performer percent of the vote on the first day and two percent for the second day and Sunday.

Adult classes which will be taught at the Center include: Cooking, planned balanced meals for less, hints for buying that will save money, planning budget for fixed income. Sewing.

Local CROP Chairman Tom Snead has just announced the appointment of Wanda Hicker-son as General Chairman of the local annual CROP Halloween project in Floydada. Uniting in the project will be the youth groups of First United Methodist Church, First Christian Church and any other youth that would like to have part in this work. It is expected that 50 Junior and Senior High will take part.

Special Weather recorder shows that the temperature has not gone down to 32 degrees. Notice the weather page one today and you'll see that it went down to 30 degrees and Saturday mornings.

CROP is the Hunger Appeal of Church World Service which collects farm commodities and cash, through volunteer workers, for the overseas relief and rehabilitation programs of the churches. Gifts to CROP are put to use under church supervision strictly on the basis of need.

Hearing Alfred Harrison speak to the Rotary Club has a greater appreciation for the Farmers Home Administration. Al explained how his office had probably saved many farmers who might have given up and moved to some other community.

Halloween has come to mean CROP and a time of Christian sharing to the young people of Texas. It has come to be a time of collecting for others in a Christian ministry of compassion when hunger threatens over 2/3 of the world's population.

Completed homes will be shown Sunday in the annual Beautiful Tour, sponsored by the 1934 Study Club. Hours are 10 a.m. and 5 p.m. and the tour is cordially invited to these lovely homes.

Contributions received through this youth effort of concern will be used to help provide for the handling and distribution of government-donated foods of the Food for Peace program as well as to provide other assistance - high protein foods, emergency supplies, agricultural tools, seeds - not otherwise available to the overseas programs of the churches. In some cases, the contributions will help the local farm canvass to make commodity shipments.

### Floydada Residences In Beautiful Tour

Completed homes will be shown Sunday in the annual Beautiful Tour, sponsored by the 1934 Study Club. Hours are 10 a.m. and 5 p.m. and the tour is cordially invited to these lovely homes.

Thumper Morgan showed the Grand Champion Hampshire Barrow in the State Fair of Texas Junior Livestock Show Thursday, Oct. 17. Morgan's 205 lb. barrow won first place in the lightweight Hampshire class and competed with the 1st place winners of the medium and heavy weight classes to win the Grand Champion Honor. Mike Simpson showed the 3rd and 13th place winners in the light weight Hampshire Class and Mike Bishop showed the 4th place winner in the light weight Hampshire class. This was the 1968 annual Junior Livestock Show of the State

## Soderstrom's No. 1 On Battey Land

A wildcat gas or oil well nine miles southeast of Floydada was scheduled last week by Glen S. Soderstrom of Amarillo. It is Soderstrom's No. 1, R. M. Battey, which is scheduled as a 7,000 foot basement test.

Drilling contractor on the test is G. E. Kadane & Sons of Wichita Falls. The location spots 467 feet from south and west lines of the J. W. King survey, A-1274. It is located 2 1/2 miles west of the depleted Floydada Field and about 14 miles east of the Arick Field. A little over a year ago a wildcat that went a little over 10,000 feet in the northeast corner of the Battey land was pronounced a dry hole. This test will be in the southwest corner of the Battey quarter section, about 450 feet from the Montgomery ranch.

Fair of Texas. Eight swine breeds were represented with 800 swine entered in the competition.

## Pig Sale At Show Barn

A club pig sale is scheduled for Tuesday night, October 29, at 7:30 p.m., at the stock show barn in Floydada. C. W. Patterson, president of the Floyd County Livestock Breeders As-

## time to wind 'er back!

At last... we can get back to good old Central Standard Time sans "daylight savings". At 2 a.m. Sunday everyone should set his clock or watch back one hour in order to get off of daylight saving time. It is advisable to set your clock back before you go to bed Saturday night and you won't miss Sunday School and Church... according to local pastors.

## Friena Next

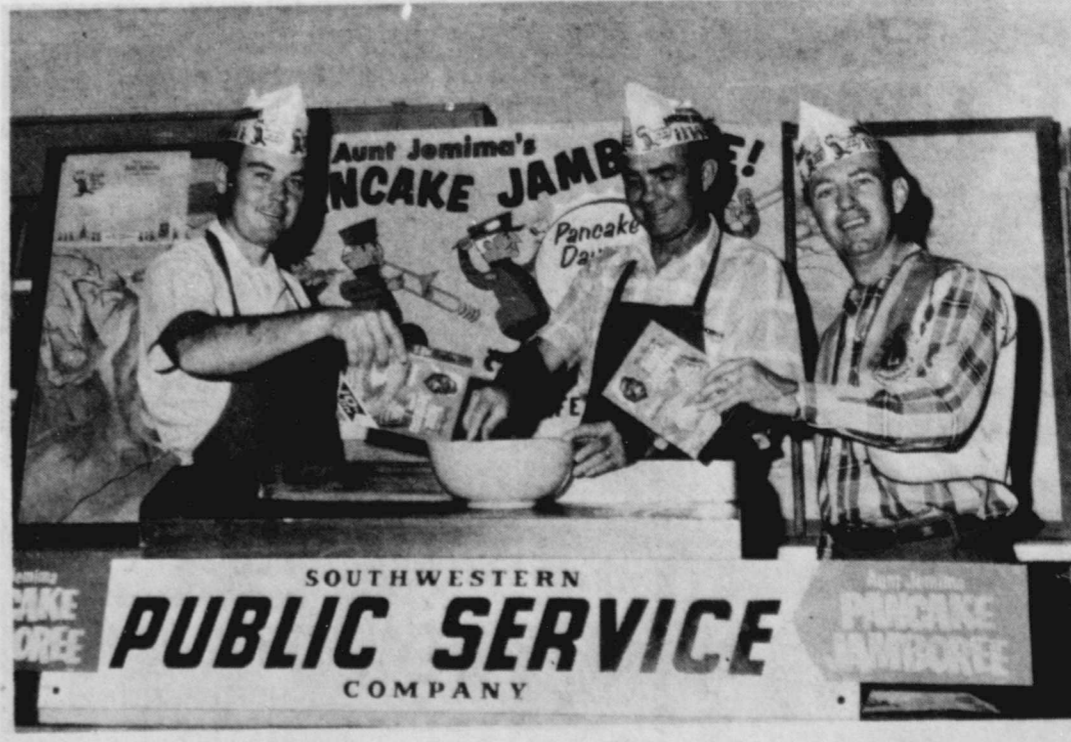

The Friena Chiefs invade Wester Field tomorrow night and the Whirlwinds fresh from a 40-0 victory over Lorenzo are ready to get back on the district win trail. Kick-off time is 7:30. Preceding the game, everyone is invited to eat pancakes at the Jr. High Cafeteria, beginning at 5 p.m. Pancakes will also be served after the game. Friena squeaked through a 14-13 victory over Lockney last week. They made 14 points in the first eight minutes, then hung on for dear life as the Lockney team kept gaining on them. Friena's 178 pound Tony Perea is one of the best quarterbacks in the district, he has three year's experience. . . . he is a strong runner and is tied for top scorer of the district at the present. "Friena hasn't shown much in passing this year. . . . but, then they haven't had to pass, because they have been making it on the ground," Whirlwind Coach L. G. Wilson said this week. "Friena has three or four boys over 200 on the line and their backfield is good sized," he continued. Coach Wilson said that he'll probably move Andy Hale into Tim Rose's split end position, as Rose received a shoulder injury at Lorenzo.

## County Clerk Warns Newcomers Must Vote By Nov. 1

County Clerk Margaret Collier has reminded new residents of the county that they must vote in her office by Friday, Nov. 1, if they wish to participate in the coming general election. This applies to individuals who have moved into the county on or after May 5, 1968. Formerly, persons who moved from one county to another could not vote during the first six months after the change of residence, but a new law enacted last year now permits them to vote on all statewide offices, including president and vice president, and on proposed constitutional amendments, but not on local offices and issues. However, instead of voting at a regular polling place on election day, they must vote during a special time period in the county clerk's office in the county of their new residence. This period, which is the same as the period for absentee voting, began on October 16. If the voter has lived in the same congressional, legislative or judicial district for six months, he may also vote at that district office. Nov. 1 also is the final day for absentee voting, and for voting by persons who qualified to vote in presidential election as new residents of the state during the 15-day application period in September. Persons who have lived in Texas more than a year but who have moved from one county to another since May 5, 1968, may vote on all statewide offices, president and vice president, and on the 14 proposed constitutional amendments, but they may not vote on local offices. Miss Collier says that the voter should have his registration certificate with him when he applies for his ballot. However, he will be permitted to make an affidavit of its loss if he has lost or mislaid the certificate.

## Lion Pancake Supper Friday

Everyone is invited to eat supper Friday night at the Jr. High cafeteria, where the Floydada Lions Club, assisted by members of the Floydada Youth Baseball Association will be serving an Aunt Jemima pancake supper. They start serving at 5 p.m. and will serve after the game with Friena also. There'll be sausage and all the trimmings that go with an Aunt Jemima Pancake supper. All proceeds go to the youth baseball program. Admission is \$1.00 for adults and 50¢ for children. Cooks are Fred Cardinal and Bill Cagle, Newell Burk and Freddie Morren are the pancake mixers, helpers are Bill Baker and Don Green. A host of others will also be helping.

"AUNT JEMIMA PANCAKES COMING UP" . . . everyone is invited to eat pancakes with all the trimmings at the Jr. High Cafeteria before and after the Friena game Friday. All proceeds go to the Floydada youth baseball association and the Floydada Lions. Getting in shape for the big event above left to right are: Freddie Morren, Bill Cagle, and Don Cheek.

# OBITUARIES

## Mrs. Jenkins

Mrs. Frances Mable Jenkins, 87 year old former Floydada resident, was interred in Floydada Cemetery yesterday following funeral rites in the Cumberland Presbyterian Church in Floydada. Rev. Dwayne Grimes, pastor of the First Christian Church in Floydada officiated. A service was also conducted in the Funeral Home chapel at El Paso, prior to the body being flown to Floydada.

Mrs. Jenkins, a native of Limestone County, born May 9, 1881, died in an El Paso hospital at 4:05 p.m. Sunday. She had been a long-time resident of Floydada before moving to El Paso some nine years ago. She was a member of the First Christian Church. Her husband, John Bascomb Jenkins, died in Floydada in 1959.

Survivors include one daughter, Mrs. George Van Wickel of El Paso; one son, Major General (retired) Dan Jenkins of Columbus, S.C.; two sisters, Mrs. John Farris of Floydada and Mrs. C. E. Swalwell of Dallas and two grandchildren, Miss Frances Marie Van Wickel of El Paso and Miss Patty Lynn Jenkins of Columbus, S.C.

Moore-Rose Funeral Home was in charge of local arrangements.

Pallbearers were Kinder Farris, John Farris, Ed Wester, Glen Jarnagin, Billy Brown and Lon Davis Jr.

Honorary pallbearers were W. Edd Brown, J. C. Wester, E. L. Norman, C. H. Bedford, Jack Henry, Mark Martin, Ulmer White and Earl Crow.

**THE FLOYD PHILOSOPHER**

One Spot In World Used Over As International Trouble Area

The Floyd Philosopher on his farm apparently has a lot of on his mind, his letter this week

it's unfair to load him down with constantly changing international problems, and once more I call on the world to establish an International Trouble Spot.

Just pick out one place, stock it with reporters and television cameras, and let all the crises occur there. This practice of letting trouble break out helter-skelter around the world, lots of time in countries I never heard of before, is worse than having four different telephone systems in one town. It's gotten so a newspaper can keep one headline set up in type reading: Trouble Breaks Out In-----, and all it has to do is fill in the blank from day to day.

If a man's going to have time to take care of his own business we've got to simplify. We need one country for crises, one university for riots, one city for crime, so a man could go to sleep with not over three major problems on his mind outside of the hundreds of minor ones he has to fend off in his own neck of the woods.

Here comes a neighbor now probably fixing to tell me my cows are out again.

Yours faithfully,  
J.A.

## Annual Halloween Carnival Set Thursday, October 31

The annual Halloween Carnival held each year at R. C. Andrews Elementary School has been set for Thursday, October 31. The affair is for the public's entertainment and to raise money for projects of the Andrews Ward P.T.A., sponsors of the Halloween Fun-night.

Youngsters, parents, friends and relatives are cordially invited to attend. The Carnival committee has been working for several weeks in order to make the event a successful one and they promise no disappointments in the way of plenty of entertainment.

The school cafeteria will be open for those wishing to eat supper, from 5:30 until 8 p.m. Hot dogs, homemade chili, cake, pie, cold drinks and coffee will be served.

Room activities and Carnival booths will begin at 6:30 p.m. and will remain open until 8:30 p.m. The costume contest will be held in the music room at 7:30. Any pre-school or grade school child in costume is eligible to enter. You need not register, just be in the music room at the designated hour. Prizes will be awarded for the prettiest, funniest and spookiest costumes.

Carnival activities will include the county store, west of the gym; bingo, south end of the hall; cake walk, stage in the gym; spook room, teachers lounge, wishing well, in gym; football, in gym; penny toss, wheel of fortune, weight guessing, ring the turkey, fishing and hungry jumbo, all in the gym.

Tickets for the various events may be purchased in the main hall or in the gym.

### MRS. WHITAKER ON TOUR TO HOLY LAND

Mrs. Ben Whitaker of Floydada is on a tour of the Holy Land and other countries, having left Lubbock with a tour group Oct. 10. They flew from Lubbock to New York; Cairo, Egypt; Lebanon, Tel Aviv and this week are touring the Holy Land.

After a stay at Turkey, Greece and Italy the group will depart from England enroute home.

### "Once Upon An Island" Given By Mrs. Willson

Members of the 1922 Study Club heard a delightful book review by Mrs. Jimmy Willson during their meeting last Thursday with Mrs. W. H. Henderson.

Mrs. Willson, introduced by Mrs. W. O. Tye, gave "Once Upon An Island" written by David B. Conover. The book pertained to a couple who purchased an island, the troubles they encountered along the way in keeping and paying for the island, later turning it into a tourist resort and still later, purchasing two more islands. The story was given by Mrs. Willson in the true and down-to-earth way it was written.

Mrs. Wilson Kimble was program leader and gave the devotional.

During business Mrs. P. D. Helms reported on the Caprock District THDA meeting held recently in Friona.

### Harmony Has Meeting

The regular meeting of the Harmony Community was held October 16 in the Community Center with a pancake supper being served to some 30 members.

Piano selections were furnished by Lori Daniel.

The room was decorated in a Halloween theme and each table was centered with a Jack O' Lantern.

Following the supper Mrs. Bob Ratjen led in relay games. Games of 42 completed the evening's entertainment.

Hosts for the meeting were Mr. and Mrs. Bob Ratjen, Mr. and Mrs. Marvin Smith, and Mr. and Mrs. Sherwood Ramsey.

PATRICIO GONZALES  
... nee Margarito Arrendondo  
\*\*\*\*\*  
Margarito Arrendondo  
Bride Of Pat Gonzales

Miss Margarita Arrendondo became the bride of Patricio Gonzales Saturday, October 5, in the San Jose Catholic Church at 4 p.m. Rev. Roland Bukemper, pastor, performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Julian Arrendondo of Floydada. The bridegroom is the son of Mrs. Pedro Gonzales and the late Mr. Gonzales.

A floor-length gown of white lace was worn by the bride as she entered the church. Her lace veil extended the length of her gown. She carried a bouquet made from a single white chrysanthemum.

Miss Gloria Arrendondo of Plainview attended her sister as maid of honor. She wore a floor-length gown of white satin accented with lace on the sleeves and hemline. She carried a small bouquet of white chrysanthemums.

Bridesmaids were Misses Marsha Gonzales, sister of the bridegroom, Alicia Flores, Maria Rodriguez, Maria Garcia, cousin of the bridegroom from Silvertown and Josie DeLeon from Floydada. They were attired in floor-length gowns of gold brocade and carried a single orange blossom.

Ernest Torres of Floydada served as best man. Groomsman were Julian Gonzales, brother of the bridegroom, Manuel Rios, Rudy Martinez, Ernest Garcia of Silvertown and John Garcia.

A reception was held in the church hall after the ceremony.

For travel the bride chose an orange dress made of wool featuring a silk lining.

Mrs. Gonzales attended school at South Plains. Her husband is a 1968 graduate of Lockney High School. The couple is at home in Lubbock where he is attending Draughton's Business College.

The Federation Tea planned November 4 in Floydada was discussed. Mrs. Lane Decker, Caprock District president, will be guest speaker in the absence of Mrs. Henry Shaper of San Antonio, State Federation president, who will be unable to attend due to ill health.

Members attending the Thursday meeting were Mmes. E. L. Angus, Kenneth Bain, J. H. Barnard, D. S. Battey, D. W. Burke, J. V. Daniel, Pearl Fagan, P. D. Helms, W. H. Henderson, Bessie Henry, R. L. Nichols, Lon V. Smith, Noel Troutman, W. O. Tye, J. M. Willson and speaker, Mrs. Jimmy Willson.

The next regular meeting will be a Thanksgiving luncheon at Lighthouse Electric kitchen November 7.

### Floydada Girls Are Tex-Anns

Shirley McClung, a sophomore student at South Plains College, was recently named an officer, and Wendy Bertrand, a freshman, was elected as a member of the South Plains College Tex-Anns 35 member drill team. Miss McClung is a lieutenant of the drill team. The girls are daughters of Mr. and Mrs. Bates McClung

and Mr. and Mrs. Neil Bertrand, respectively. Both families reside in Floydada.

The drill team is busy with rehearsals and a number of performances have been scheduled including their appearance in Jones Stadium, Lubbock, at the Khiva Shrine charity game at 7:30 p.m. Thursday, Nov. 7. The Texas Tech freshmen will play Texas A&M freshmen.

The Tex-Anns will make their first home appearance at the Texans' first home game of the basketball season in Texas Dome when they play Wayland Junior Varsity Nov. 9. They will perform at all home basketball games and make community appearances throughout the school year.

### Miscellaneous Shower Honors Connie Reed

Miss Connie Reed, bride-elect of Randy Bertrand, was honored with a miscellaneous shower Saturday afternoon in the home of Mrs. Weldon Hammonds.

Guests were received by Mrs. Hammonds and presented to the honoree, her mother, Mrs. Connie C. Reed and the prospective bridegroom's mother, Mrs. William Bertrand.

Miss Darlene Reed, sister of the bride-elect, registered guests. Alternating at the serving table were Mrs. Ronnie Williamson, Canyon, Jo Anne Stewart, Jill Bertrand, sister of the prospective bridegroom, and Gay Lynn and Ann Hammonds.

The honoree's table was laid with a white lace cloth over yellow, and held a center arrangement of artificial white and yellow flowers, later presented Miss Reed. Milk glass appointments were used in serving punch, cookies and nuts.

A coffee table, holding a three tiered net arrangement, was the focal point in the living room. Layers of yellow net formed the pyramid which was topped with a miniature bride and groom.

Satin streamers fell from the top bearing the names, "Randy and Connie."

Hostesses for the shower were Mmes. Weldon Hammonds, E. R. Rucker, Guy Ginn, Louis Pyle, K. C. Patzer, Winfred Payne, F. D. McClintock, Clifford Gollightly, Leroy Burns, Valarie Green, Milton Harrison, James Lee Nichols, P. D. Helms, L. B. Stewart Jr., Sam Baker, M. A. Barton, Ralph Cogdell and Mrs. Duncan Hollums.

Their gift to the honoree along with the table arrangement was a set of stainless steel cookware and a cook book.

The couple exchange vows Sunday, October 27 in the First Baptist Church.

### Births

Mr. and Mrs. Junior Bearden are the parents of a baby daughter, Penny Susan, who was born at 11:39 p.m. Thursday, October 17, in Caprock Hospital. The baby weighed eight pounds and five ounces at birth.

The Bearden are also parents of Kerry, 19; Connie 17; Cindy, 13; Jerry, eight and Max, who is nearly three. The father is employed by Collins Implement in Floydada.

Grandparents are Mr. and Mrs. O. L. Bearden and Mrs. S. Warren of Floydada.

*Peggy's Meddlin's*

BY PEGGY MEDLEY

I LOVED Erma Bombeck's column in the Fort Worth paper last Thursday on the Caboose children, the end of the line child, so to speak. Much ado is made over the first child, the middle child, but who would think a caboose child a problem.

She says parents will defend themselves by saying, "We made all the mistakes with the first two children, with the last one we're more relaxed." But the caboose child has a few complaints along in life and the older brothers or sisters seem to envy them no end. Caboose children who are grown still remember what it is like to be the last one in the station. "There are no pictures of me. There are scrapbooks of my older sister waving goodbye, crossing her eyes, belching. But do you know what is in my baby book? A footprint, a graduation friendship card and a warranty for a bottle sterilizer. "You don't get a new grandma. She's used and she's tired. My brothers and sisters got presents all the time from grandma, baked things and even got a trip to Florida with her. Know what I got? On her nerves... Everything is used... the clothes, the beds, the books, the bicycles, the playpens and the swing set. No one ever gets excited when you're sick. If you break a leg, brother broke his two years ago. When you get spots on your skin, no one panics. They've been on that route before too. Just once you'd like to do something or say something for the first time ever and have them take notice of you. You're the baby when you're 45 years old, you're the last reminder of an era. Sometimes you miss out on the endowment policies, braces, dancing lessons, birthday parties and Scouts. You do not have the same set of parents your older brothers and sisters had. It is rather thought-provoking, isn't it? It makes a mother of a caboose child want to take a bottle of Geritol, work up a fresh puff of steam and finish the job in style!" (Regardless if this is true in your case, I thought my readers would get a laugh out of it, I did.)

ceived is a book of the annual announcement of the Floydada Grade Public School for the year 1963-64. The book was found among personal papers of the late Col. J. M. Massie and donated to the school just recently by Hollis R. Bond.

The other items are early school annuals donated by J. C. Wester, Mrs. Patterson said she would love to have annuals of each school year for the library as they pertain to the history of the school. She said they would not be permitted to leave the library but would be used in the library by students.

IN glancing through the announcement book of 1963-64 I notice that we had three men on the board of directors and four instructors. One thing in particular I read in the book was a hint to pupils and I think if this system were used in our day and time our children would benefit.

It says start your daily program off by rising at 5 a.m., take outdoor exercise, do the chores, then breakfast. After the meal take up study, engage in conversation, then prepare for school. Exercise after school and more after supper.

Study about two hours, sleep at least eight and not over nine, be cheerful and temperate, eat light suppers and DRESS WITH DUE REGARD TO THE LAWS OF HEALTH. Ugh! Students didn't have it easy back in those days, for not only did they have their farm and home chores, students in the eighth and ninth grades took physical geography, Latin, civil government, physics and history besides the usual math, spelling, grammar and reading. Pretty big load huh?

### Marriage Unites Miss Huckabee, Brandenberger

Beneath an archway of greenery, flanked by candelabras and baskets of white and purple gladiolus, Judy Huckabee and Bruce Brandenberger were united in marriage October 5. The impressive double ring ceremony was performed in the Oakdale Methodist Church of Stephenville, by Rev. H. S. Callahan of Burleson.

The candles were lighted by Tom Brandenberger of Harper, brother of the groom, and Jimmy Huckabee, brother of the bride.

The musical prelude and the wedding march was played by Linda Anderson, who also accompanied Janice Berry as she sang "More" and "The Wedding Prayer."

The bride's dress of white peau de sole covered with lace, was fashioned princess style with long sleeves of lace. Her finger tip veil of bridal illusion was attached to a white

JEANE Dixon's latest predictions: "Destiny Can't Be Denied - R's Nixon." She says, "at present the nation is divided. Richard Nixon will be a unifying force and will restore our strength and determination. Most colored people have little feeling for Nixon, but as their president he will do more for them than has been accomplished over the last 100 years. She predicts that Nixon will get the majority of votes; she says unless the Republicans solve the ills brought upon this nation by the ultra-liberal establishments, there will be a strong third party in the future; Gov. Ronald Reagan's star will continue to rise and he will be a powerful political figure, nationally, typifying honesty and integrity; in retirement President Johnson will have many regrets that he did not exercise his own judgement; for Vietnam she sees more blood, more terror, more heartbreak and there will be no lasting peace; the release of the Pueblo men will not come about by negotiations with North Korea but through Moscow; startling developments will emerge from James Earl Ray's trial for the assassination of Dr. King; it will reveal that Ray was used and cleverly set up; the true conspirators are dangerous to the security of our nation, and their identity would shock the American people and the world." Let us wait and see how many of these predictions come true.

When comes the New Year, Bob Hope will lead the 1969 Tournament of Roses Parade. He will then fly to the Far East for his annual tour of U. S. Military bases. Hope, who led the 1947 parade as grand marshal, is the third person to be picked twice. The others were U. S. Chief Justice Earl Warren in 1943 and 1955; Richard M. Nixon in 1953 and 1960.

In this all-important election year, to be in the majority you'll cast your vote for the fluttery, frilly, romantic ruffle—because it's on the fashion ticket for every party. It can run down the front of a body shirt, up the sleeves of a blouse, swirl around an exaggerated neckline, or tie the entire length of an evening skirt.

Cotton is the major candidate. Ribbed cotton, dotted swiss, lightly embroidered batiste, or nipped and tucked chambray get the primary votes. And the new, washable synthetics are coming up stronger than ever.

There are Victorian echoes and thoughts of the Thirties in the return of the ruffle. But the new plank in the '68 platform is today's promise of easy care.

### Travis Gentry Wins Football Contest

The tie breaker game was used to determine the first, second, and third places in the football contest this week with Travis Gentry winning first place and the \$7.50 cash prize. Gentry, Wiley Rogers, and Freddie Morren, all missed two contests and the tie-breaker Floydada-Lorenzo game was used to determine winners. The game ended with Floydada winner, 40-0.

Gentry guessed a total of 45 points, Wiley guessed 32 and Morren guessed 30 points. So, it's \$7.50 to Gentry, \$5.00 to Wiley and \$2.50 to Morren.

They all missed the Texas-Tech tie game and Gentry missed the Texas A&M-TCU game, Rogers and Morren missed the Arizona State-Oregon State game.

Honorable mention goes to the following contestants who missed only three games: Dwayne Wilson, Donna Patton, Mrs. Travis Gentry, Randy Reynolds, Danny Bradford, W. O. Baker and Danny E. James.

Only four more big contests for this season, so turn now to the second section of this issue of the Hesperian and mark the winners. . . you may be one of the lucky winners!

### Whirlwinds Slow To Get Started

By Wendell Tooley

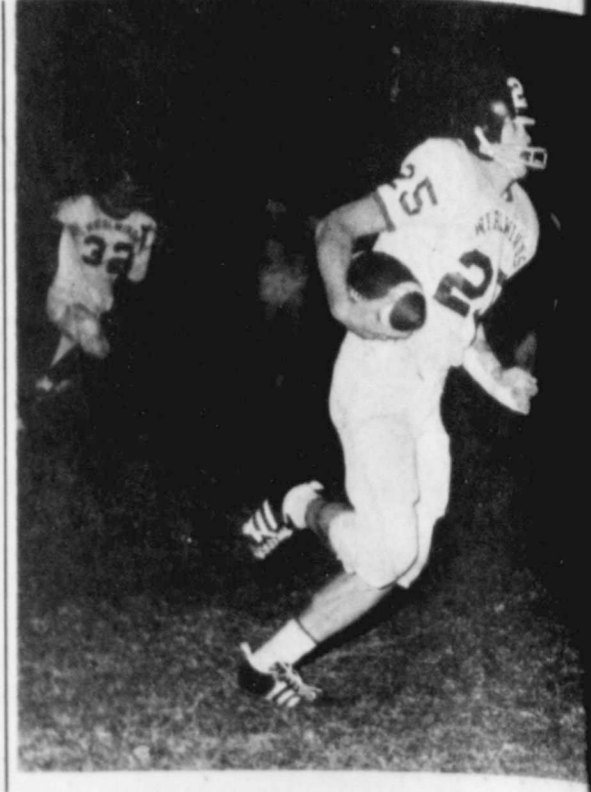

The Floydada Whirlwinds were slow in getting started, but when the game ended in Lorenzo's stadium last Friday night, they were the decisive winners 40-0. It was a non-district game for Floydada, and possibly the first time the two towns have competed in football.

Floydada now stands 5-1 for the season and 1-1 in district play.

The winless A Hornets held Floydada to an 8-0 halftime lead on the strength of quarterback Jack Gregory's 1 yard lunge and two extra points by Todd Wester.

Floydada padded this to 14-0 in the third quarter when Connie Bearden took a 20 yard pass from Andy Hale.

In the fourth, Whirlwind tailback Steve Craig and Bearden got touchdowns from close in, then Stan Pierce intercepted a pass and galloped 45 yards for a score that made it 34-0 counting two conversions by Wester. The final TD was on a 38 yard dash by Steve Puckett.

### Quarterback Club To Sponsor Turkey Shoot

The Whirlwind Quarterback Club will sponsor a turkey shoot Saturday and Sunday, November 2 and 3.

It will be held at the Floydada gun club range, back of the bowling alley on highway 70 from 1 to 6 p.m. on each day.

"Bad weather" date for the shoot is November 16 and 17. Shot guns only will be permitted in the shoot and prizes will be turkeys and hams.

### Jr. Varsity Beats LCC, Freshmen Lose To Petersburg

The Floydada Jr. Varsity beat LCC of Lubbock 24-14 here last Thursday afternoon.

Floydada's Tommy Wylie took the kick-off back some 80 yards for the first TD of the game. Gregg Campbell kicked the extra point.

Then Campbell kicked a 17 yard field goal making the score 10-8 Floydada ahead.

The next Floydada TD came when Bob Simpson took a bad pitch out and went all the way. Campbell kicked the extra point.

Ricky Biggs made the final TD when he intercepted an LCC

pass and ran 35 yards for paydirt.

FRESHMAN GAME

The Floydada Freshmen lost to Petersburg 18-12. Floydada's two touchdowns were made

by Charles Jackson and Langston Williams.

The Jr. Varsity and Freshmen play at Abernathy this afternoon; first game begins at 5:30.

### Ronnie Hill Is Vice-President

Ronnie Hill of Floydada, freshman at Hardin Simmons University was elected vice president of his class recently. He is a graduate of Floydada High School and son of Mrs. "Buz" Muncy.

Fourteen students were elected to office from a slate of 40 hopefuls.

show last Saturday night in the second half as they romped to a 41-0 verdict over University of Texas at Arlington. Tech's Red Raiders displayed their worst form of the season as they rallied in the fourth quarter for a 28-28 tie with weak, but inspired Mississippi State.

Tech and SMU are tied for the Southwestern Conference race.

### Raiders At Home, WTSU On Road

Both West Texas State and Texas Tech face giant hurdles in the form of Utah State and Southern Methodist University, respectively, this Saturday. Although nothing is certain at midseason, bowl bids for both

could hinge heavily on these matches.

Both are afternoon contests, with SMU coming to Lubbock and UT making the long jaunt to Utah.

Lorenzo won the toss and elected to receive. Daniel Puente fielded the kick-off on his own eight yard line and ran it back 60 yards to Floydada's 32 yard line. Three plays later a pass interception by Whirlwind Tim Rose stopped Lorenzo's drive on Floydada's 18.

A drive by Floydada stopped on Lorenzo's 40 after George DeLeon recovered a fumble.

Both teams exchanged punts before the first quarter ended without either team showing any momentum.

However, with 9:28 seconds left in the first half, Kerry Huest fumbled on Lorenzo's 15 yard line and Floydada's Todd Wester recovered the ball. Gregory ran for 13, then Mark Weems made two, then Gregory carried over for the first TD of the game. Wester ran two extra points. Floydada led 8-0.

After the kick-off Lorenzo picked up two first downs before kicking the ball to Floydada. Both defense teams settled down to play and Floydada was able to pick up yardage on three plays in the second quarter, a 10 yard run by Craig, 13 yards by Gregory running, Steve Puckett's 13 and 16 yard dashes. At halftime it was still 8-0 Floydada.

SECOND HALF

The third quarter saw Floydada dominate the ball as they ran 10 offensive plays to Lorenzo's nine. Puckett, Bearden, Craig and Gregory kept the ball moving with running plays, a 17 yard pass from Gregory to Wester, then a longpass from Gregory to Bearden for the TD. Pass for extra point was no good. Now it was Floydada ahead 14-0.

On the first play of the fourth quarter Floydada's Stan Pierce picked off the second of three pass interceptions and ran it back to Lorenzo's 22 yard line, to kill another Lorenzo march. B took Floydada four plays to score from the two yard line with a little over 10 minutes left. Steve Craig plowed over for the TD, and Wester kicked the extra point. Floydada led 21-0.

After Lorenzo took the kick-off, bogged down and punted, Floydada registered its 27th point with ten plays of Puckett, Mike Burk, Craig runs. Bearden scored from the two yard line. Wester's kick for extra point was good and Floydada led 28-0.

With six minutes left in the game, Lorenzo had the ball on the 35 yard line. Then Stan Pierce picked off the third pass interception and ran it back 40 yards for another Floydada TD. The extra point kick was wide and Floydada led 34-0.

Again Rene DeLeon returned the Floydada kick-off, this time to the Lorenzo 25 yard line. Hurst picked up 10 on a keeper, and then on an exchange between Kelsey and Hurst a fumble occurred on Lorenzo's 38 yard line.

Ed Warren recovered the fumble for Floydada.

After Floydada tried two incomplete passes, it was Sophomore Steve Puckett who ran for a 38 yard TD. Again the extra point attempt was no good. Only a minute remained in the game on the final touchdown.

### Just sitting there, this '69 Chevrolet can't do four things competitive cars can't:

It can wash its headlights. It can apply liquid tire chain to its rear wheels. It can silently defog or defrost the rear window. It can keep you cool or warm automatically with Comforton — the self-adjusting air-conditioning system.

And once you've added all these wonderful devices to a new Chevrolet, you just can't imagine why anyone would give a second thought to a second-place car.

The headlight washers and liquid tire chain for traction on slippery roads are operated at the touch of a button from the driver's seat. So is the silent new rear-window defroster. Invisible ceramic strips on the glass heat up to keep the window clear.

Also available: Chevrolet's Light Monitoring System that lets you know from inside if all your lights are working, full four-stereo, a smooth 3-speed Hydra-matic transmission. A car made quieter, made sturdier, made more comfortable. It's your Chevrolet dealer's. We've said it before, and we'll say it again. Match this, you other '69s! Putting you first, keeps us first.

**Suit Settlement Stops Exhumation Attempts**

Settlement of more than \$74,000 has been made in a lawsuit against a company that had dug up the body of her husband to establish the cause of death, a lawyer said Tuesday.

The settlement ended litigation involving Mrs. Elizabeth St. Paul and the St. Paul Fire and Insurance Co. The series of moves began on July 9 when Mrs. St. Paul asked U. S. District Court here for an order to exhumate the body of her husband, Lt. J. P. St. Paul, 45, found dead in a gunfight with a sniper on Oct. 12, 1967.

Kropp filed a cross-motion for summary judgment on Sept. 12, asking for \$100,000 face value of a policy covering accidental death and \$49,333 in damages and attorneys' fees.

LaFont of Plainview, Texas, along with Jim Lubbock represented the insurance company. Judge Woodward ordered the case dismissed.

October 21, 1968

Dear Wendell:

As you know, the general election is almost here. On November 5th, the citizens of Texas will vote for President, Vice-President, a new Governor and Lieutenant Governor of Texas as well as many state and local officials. In addition you will have the opportunity to vote on fourteen (14) proposed constitutional amendments. So, all in all, this will be an extremely important election year.

As I mentioned to you in a previous letter, the Governor's Committee on Education proposes that some 1,300 school districts in Texas be consolidated into less than 500. From talking to people in our district, it appears this would impose a drastic hardship in our area; therefore, I will oppose the consolidation of the school districts in our area.

I will preside over a special state committee hearing in Plainview October 30th, concerning economic factors affecting agriculture and small businesses. Farmers from our area should make plans now to enter testimony against a statewide agricultural minimum wage.

More controversy developed again at The University of Texas over the firing of Philosophy Professor Larry Caroline who urged a violent revolution. I, for one, concur with The University of Texas Board of Regents and urge the firing of this professor. This Professor's biggest supporters are the "do-nothing hippies," many of whom don't even attend college.

Beginning October 1, 1968, all eligible citizens began registering to vote for the 1969 elections. The registration period extends from October 1, to January 31, 1969. This will be for the next calendar year and will not affect the registration status of voters at the General Election this November.

The Texas Parks and Wildlife Department began charging entrance fees of \$1.00 per day per carload at 24 parks and 50¢ per carload per day at four other parks on October 4th. The money collected from the State Park entrance fees will be used to repay the \$75 million state park bond program authorized by the 60th Legislature and approved by Texas voters in November, 1967.

ITEM - Prosperity, 1968 - Texas retail sales in August exceeded July by 5%, while national sales went up only 2%.

ITEM - An Austin hippy is trying to get the courts to declare my new law on motorcycle helmets unconstitutional.

ITEM - Agriculture Commissioner White extended the cotton plow-up deadline to October 25th.

ITEM - Visitors to our state last year paid \$100 million in direct state taxes to the State of Texas.

Anytime I may be of help to you, I hope you will call me. Best personal regards.

Sincerely,  
/s/ Ralph

Dear Friends,

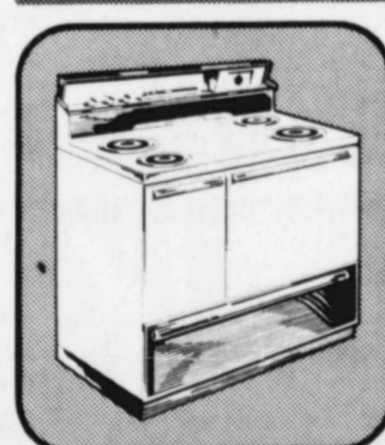

Well, it looks like the Fighting Whirlwinds of Floydada High are back in the groove of winning (with two in a row—we hope so). Last week's pep-rally didn't seem to boost the boys' spirit as much as usual. We would like the pep-rally this week to be one of the best that has been seen in FHS. It will be another conference game so we really need to may it a good one. Our conference record is 1 to 1. This week, against Friona,

# A TIME FOR DECISION

A Presidential election, the most important one in our lifetime, is close upon us. With three candidates in the race Texans are confronted with such a variety of appeals that some confusion is not surprising. We see some of our top state political leaders urging support of Hubert Humphrey on the self-serving appeal of party loyalty. We see fine Texans tempted to support George Wallace because they like his outspoken position on certain issues and are thus swayed by an appeal of sheer emotion. With full respect for the right of every Texan to make a personal decision, this message in behalf of Richard Nixon is offered as

## ...AN APPEAL TO REASON!

**HUBERT HUMPHREY WILL NOT**

change. He has proved consistently anti-Texas. He is famous for his filibuster against Texas owning its tidelands. He has fought our right-to-work laws and sought to destroy our vital oil depletion allowance. On every issue of world importance his position is contrary to that of most Texans. Humphrey, an ultra-liberal founder of the ADA organization, would gain executive authority for radical minority viewpoints should he become president. This cannot happen by popular vote. In view of his vicious attacks upon George Wallace, what a ghastly miscarriage of intent it would be if Wallace supporters themselves should throw the election into the House of Representatives where every Wallace vote in Texas would automatically go to Humphrey!

**GEORGE WALLACE CANNOT**

be denied his impressive showing. A number of fine people heed his third party call. The very least that can be said is that he has dramatized the desires of many people for a change of direction in the affairs of our government. However, the very most his supporters can hope for is to split the popular vote so that all of us would be at the mercy of Washington politicians who would elect our president for us. This is Hubert Humphrey's only hope for election. The more positive way to vote for change is to recognize the many fine merits of Richard Nixon and his program, then vote for Nixon to assure the election of our president by the people instead of by the Congress!

### RICHARD NIXON CAN... AND WILL

supply dynamic, experienced leadership for an immediate change of direction—at the top—in all our national affairs at home and around the world. Your concerns are his concerns!

- **NIXON ON LAW AND ORDER** is pledged to help improve local police protection, to appoint an Attorney General dedicated to rooting out crime, to restore balance in our courts strengthening peace forces against criminal elements and to cease freeing so many of the guilty on technicalities.
- **NIXON ON VIET NAM** will call upon his experience as vice-president during eight great Eisenhower years of peace to reform world alliances now in disarray, to redirect our strategy on new global terms. He will end this war and avoid future ones by dealing with adversaries in the only way they respect—through strength, collective security and patience.
- **NIXON ON LOCAL GOVERNMENT** is pledged to move control of local schools and all other governmental functions which properly belong at the local level closer to the people.
- **NIXON ON OTHER PROBLEMS** has solid solutions PLUS solid backing of enough members of Congress to implement those solutions.

IF YOU REALLY WANT A CHANGE... AND IF YOU WANT TO BE SURE YOU REALLY GET IT... VOTE FOR NIXON/AGNEW

## The Drum Beat

BY THE  
BAND BOOSTER REPORTER

OVER TO Lorenzo we went for our 5th marching half-time show.

Floydada had a large crowd, larger than their stand could hold. Floydada has a wonderful reputation for "turning out" to see our games and are giving our kids wonderful support.

The 54 piece Whirlwind Band entered in 3 company fronts from the south, playing a fanfare written by Mr. Swofford, under the field direction of our Drum Major, Doug Cannon and twirlers Penny McClintock, Kit Martin and Kacky Weems.

The band then formed a block formation and "Military Escort" was played while the twirlers were "featured." Then the band formed a block buster drill and the 4 required contest maneuvers playing "Colonial March" and "Bells Across the Gridiron."

An exit front and center to the sidelines and played the "Coca Cola" theme fanfare Mr. Swofford had worked on for our band. Facing the Floydada stand they left the field in a sideline exit and stayed there while the Lorenzo band marched.

Halloween candy the band is selling is going good and thank you for helping us!

Looking forward to the Friona game.

## Insurance Ads Control Favored

AUSTIN (AP) — Sen. H. J. Blanchard of Lubbock, chairman of the Senate Committee on Hospitalization Insurance, asked Friday for industry and state agency recommendations on greater truth in insurance advertising.

"The answer to the advertising problem is probably to give the Insurance Board enough authority to say what can or cannot be in an advertisement, a brochure or whatever," Blanchard told the Insurance Board.

Blanchard said his committee has received many complaints from policy holders who claim that hospital insurance ads describe bargains not in the policies.

The lawmaker also asked the board to submit proposals on stricter licensing of hospital insurance agents, requirements

for bigger reserve funds, control of insurance commissions.

## Cattle Feeding Results To Be Aired At Tulia

TULIA — Results of a feeding project recently completed at the Swisher County Cattle Co. will be aired at a meeting Nov. 1 at 10 a.m. at the Swisher County Electric Cooperative here.

All cattlemen, feedlot operators, mass media representatives and agribusinessmen in the area are invited to attend, announces Dr. Lovell Schake, area livestock specialist with the Texas Agricultural Extension Service and coordinator of the feeding project. Feedlot performance, carcass data, cost of gain and grain processing costs will be discussed.

"With the beef cattle feeding industry growing by leaps and

bounds on the High Plains, this project was set up last spring to check the performance of feedlot steers on three different types of processed grain sorghum," explains Schake. "These preparations of grain were steam flaked, whole reconstituted and rolled and ground reconstituted. Reconstituting is bringing the moisture level of the grain up to about 30 per cent."

### Feedlot Experiment

The three types of processed grain were used in each of three rations fed to six groups of 75 feedlot steers each. The rations differed only in the type of processed grain. Three groups of steers were lightweight, averaging about 665 pounds, and the other groups consisted of heavier steers averaging about 807 pounds. Thus, each ration was replicated with a light and a heavy group. The steers starting out with the extra weight were slaughtered at 129 days while the lighter steers

were slaughtered at 158 days. "This is the first time such a project has been undertaken under actual feedlot conditions," points out Schake. "Therefore we feel that the information obtained from this study will be of interest to all cattle feeders throughout the area."

Cooperators in the project, in addition to the Swisher County Cattle Co. and the Texas Agricultural Experiment Station and Extension Service, were Parker Cattle Co. at Wayside and Elliot Feedlot at Canyon.

"Most of the guys who claim to be wheels aren't even spokesmen."

## International Relations Speakers Are Announced

The 8th annual Wayland College International Relations Conference Oct. 30, 31, and Nov. 1, will feature three speakers, among them Ebenezer Moses Debrah, ambassador to the United States from Ghana, West African republic.

Others to appear on the program are Joseph Michael Yenza, U.S. Councilor of information at the embassy of Tanzania, East Africa republic, and Miss Josephine Skaggs, Southern Baptist missionary to Nigeria.

The Wayland International Relations Conference is sponsored by the Statesmen's Club to promote world peace and to create a better understanding between the United States and other countries, said Dr. E. W. Jones, professor of political science at Wayland.

Miss Skaggs will speak at 10

a.m., Oct. 30, at the chapel assembly to open the conference. It will be sponsored by the Baptist Student Union.

At 7:30 Thursday, Oct. 31, a symposium will be held in Haral Memorial Auditorium with Jerry Perry, instructor in political science at Wayland; Adams Mogbyterien, student from Nigeria, and Dr. Mitchell Smith, professor of African history at the University of Texas, presiding. A reception is scheduled for Ambassador Debrah at 8:30 p.m. in the Home Life Building following the symposium.

Yenza will address the chapel assembly at 10 a.m. Friday, Nov. 1, in Haral Memorial Auditorium. That night at 7:30 p.m. in Slaughter Memorial Center, Ambassador Debrah will address students, Wayland personnel and the general public at a banquet.

# LOOK AT THE RECORD-AND VOTE DEMOCRATIC

FLOYD COUNTY IS A FARM COUNTY—WHETHER YOU ARE A FARMER, A BUTCHER, A BAKER OR A CANDLESTICK MAKER, YOUR PROSPERITY RESTS ON FARM PROSPERITY. ACCORDING TO THE 1968-69 TEXAS ALMANAC, THE VALUE OF FLOYD COUNTY'S 1967 CROPS

WAS 15.5 MILLION DOLLARS; ACCORDING TO THE AUGUST 8 HESPERIAN, FLOYD COUNTY FARM PROGRAM PAYMENTS FOR 1968 TOTALED ABOUT 13 MILLION DOLLARS. LOOK AT THE RECORD BEFORE YOU PICK YOUR PILOT FOR THE NEXT 4 YEARS.

### THE RECORD

#### DEMOCRATIC

In his 16 years in the U. S. Senate, Humphrey voted 100% for farm and general welfare—for better farm programs, for soil conservation, for rural electrification, for Farmers Home Administration programs, for social security and for Medicare.

Democrats originated the farm program in 1933 over Republican opposition; Democrats passed the Social Security Act in 1935 against 99% Republican opposition; Democrats passed Medicare in 1965 against 93% Republican opposition. You have had 8 years without a recession under the Democrats; after deducting all taxes and allowing for all inflation, personal income increased three times faster in the past 8 years of Johnson-Humphrey than in all 8 years of Eisenhower-Nixon.

If you are a millionaire, or had the forethought to marry a rich man's daughter, you can afford a Republican administration; if you want to go back to the 19th century, by all means vote for Wallace; but if you are one of the 95% common folks like us, and if you are reconciled to the 20th century and its amenities such as progress, plumbing and the mini-skirt, vote Democratic.

#### REPUBLICAN

On 16 farm related issues such as farm programs, rural electrification, soil conservation, etc., Nixon voted in favor of the farmer only 3 times. In their 8 years, Eisenhower and Nixon provided you with 3 recessions, balanced the budget only 3 times, and ran up the biggest peacetime deficit in the history of the nation. At the Lubbock Airport in 1952, Eisenhower promised you not 90% but 100% parity — but he gave you Ezra Taft Benson. On the record, what better can you expect from Nixon?

#### WALLACE

Wallace in his farm platform proposes "to rely heavily upon a competitive market structure rather than upon prices administered or fixed by bureaucratic procedures" BUT at the same time he advocates 90% and eventually 100% parity, equivalent to mixing fire and water. Wallace is strong for law and order but the murder rate in Birmingham is more than twice the national average. Alabama draws \$2 from the Federal Treasury for every \$1 it pays in, and ranks among the lowest in the nation in farm income, personal income, public education, and almost every other civilized category. It looks like Wallace ought to clean up at home before taking on the nation.

### Ballot Change Confuse Some Voters

The "scratch" method of voting, which some people prefer, is still permitted. However, voters using this method are cautioned to be certain to mark through all names in all three party columns for which they do not wish to vote.

There are 19 counties in Texas that use voting machines. As in the past, one lever can be pulled to vote a "straight ticket." To vote a "split ticket," individual levers should be pulled for each candidate of the voter's choice. Persons who are uncertain as to how to operate a machine should contact one of the election officials before entering the voting booth.

Voting machines are scheduled to be used in the following counties: Bell, Bexar, Brazoria, Cameron, Dallas, Ector, El Paso, Galveston, Gregg, Harris, Hidalgo, Jefferson, Midland, Nueces, Potter, Randall, Rusk, Smith and Tarrant.

### 2,533 Killed So Far In '68 Texas Traffic

AUSTIN (AP) — A total of 2,533 persons have died this year in Texas traffic accidents, 37 more than a year ago, the Department of Public Safety reported Saturday.

The department said there have been 2,108 fatal traffic accidents this year, 65 more than a year ago.

The biggest increase—8 per cent—has been in cities over 2,500 population. The sharpest decline, of 19 per cent, has been on county roads.

Gifts will be mailed to members of the armed forces in Vietnam by this year, thanks to a new program from the Post Office.

### Survey Shows Some Nutritional Deficiencies

AUSTIN (AP) — The state Health Department reported Saturday that a survey of some 3,700 poor Texans showed that one in five had a nutritional deficiency.

The department said 84 per cent of those checked had dental or gum diseases.

The department, working on the survey with the University of Texas Medical Branch at Galveston, said the 3,700 per-

### sons were from 1,100 families whose annual income in 1960 ranked in the bottom 25 per cent in Texas.

The survey, part of a national program, was taken in Anderson, Bexar, Dallas, Dimmit, Duval, Ector, El Paso, Frio, Guadalupe, Hardin, Harris, Haskell, Jones, Lampasas, Limestone, McLennan, Newton, Nueces, San Patricio, Tarrant, Travis, Uvalde, Washington and Wichita counties.

In some areas clinical and biochemical evidence was found that additional dietary need for additional nutrients; however, no instances of acute hunger or starvation were found, said Dr. William J. McGanity of the UT Medical Branch.

## Eighth Grade Breezers Lose First Game

The Abernathy Antelopes came to town and gave the 8th Breezers a good lickin', as they built up an early lead and never even pushed as they beat the Breezers 26-18.

The Breezers were in for a long night as the defense was not as sharp as in the last three

games, in which only 2 touchdowns had been scored on them.

Abernathy built a 20-6 half-time lead and Ricky Fuller got the Breezer touchdown on a 70 yard run just before half, thanks to key blocks by Jay Jones and David Marricle.

Mike Hale was having an off

night as he could not hit the receivers and it was costly.

He did find Randy Quisenberry open on a pass across the middle and Randy made a second effort and got to the one yard line.

Jay Jones pushed it across and the extra point failed. Then

Ricky Fuller took a hand-off and went 30 yards to score and the extra point failed.

Playing a good game were Jay Jones, Ricky Fuller, Randy Quisenberry, Eddie Norris and Greg Patzer.

## Looks More Like Olton

If any District 3-AA eleven feels it can beat Olton to the throne room, that team had better hurry. The Mustangs stomped their third district foe, Hale Center, last Friday night, even though the 16-0 score was not as overwhelming as expected.

Next in line are the Longhorns, who last year played Olton tighter than any loop team. Floydada and Friona wait patiently for their shot at the Ponies.

Aside from the Lockney-Olton spotlight game this Friday, Friona makes the long trek to Floydada and Abernathy is at Hale Center. Dimmitt takes time off from the district wars to battle Spur in Plainview.

Olton is the lone club without a blemish on its record.

Best game last weekend was at Friona, where the Chieftains built up a 14-0 edge then battled for their lives before downing the Longhorns 14-13. Dimmitt showed its power by blasting Abernathy, 33-6. Floydada improved the district's already fantastic record against outsiders with a 40-0 rout over Lorenzo.

**BEAT FRIONA**

## Seventh Grade Breezers Take Abernathy 20-0

The 7th Breezers ran their season record to 3-1 as they downed the Abernathy Antelopes 20-0.

Rex Rose got the game going as he took a pitch from John Cagle and ran 65 yards for the first TD, and the extra points failed.

In the second half, the Breezers played a good future whirlwind defense and held Abernathy to good field position. John Cagle hit Rex Rose with a pass and Rose went 45 yards to score and the game ended 20-0.

The Breezers were led by Randy Hale, Mike Hatley, Rex Rose and John Cagle on offense and Ruben DeLeon, Willis Bunch, Lynn Becker on defense.

The Breezers play Halou here Tuesday at 5:30.

In the past year, 671,700 automobiles were stolen in the United States with an estimated value in excess of \$650 million, according to William J. Davis, Western Division manager of the National Auto Theft Bureau.

Mr. Davis noted that the figure does not include the value of a large number of auto accessories such as batteries, radios and tires, or of personal belongings stolen from automobiles.

# You Name It.....They Grow It At Mt. Blanco

By Wendell Tooley

I've lived in the Floydada community almost six years, but had never been to the Mt. Blanco community until last week. I didn't realize what a productive farming community they have over there, until then.

I saw some of the best cotton crops I've seen in the county, and much of their cotton is ready to harvest.

But "cotton is old hat" out Mt. Blanco way. They're looking for more and better crops. They have good land, five and six inch water, and they don't mind sticking their necks out to see what will grow and make money.

Bob Kendrick and C. F. Flemins farm around 2500 irrigated acres in that area and they're raising a little of everything. . . spinach, sunflowers, onions, peppers, tomatoes, wheat, rye, grain sorghum, hogs, cattle, cabbage, squash, cucumbers, cotton and hybrid millet.

Now, I'm not talking about vegetables in a garden plot. . . there are over 30 acres in that spinach patch. . . they're raising these crops on a commercial basis.

The sunflowers will be combine harvested for the seed and hauled to Pecos to an oil plant operated by Paymaster. The spinach will be machine harvested, packed in layers of ice and moved to the market. Hybrid millet will go to the seed market. The squash and cucumbers have been marketed through the Louisiana Strawberry packing shed here in Floydada.

Both Flemins and Kendrick were gone when I visited Mt. Blanco, but Wayne Flemins, son of C. F. took time off from his ginning duties to show me around. Wayne is more gin manager than vegetable farmer, but he has a keen interest in the community and its farming endeavors. Several other farmers in the community besides Flemins and Kendrick are developing new crops.

So, this week, we salute the folks of Mt. Blanco for their progressive ventures into new crops.

## NEWS FOR HOMEMAKERS

by Sherry Mullin  
Floyd County H. D. Agent

### LEATHER-LOOK FABRICS ARE SAFELY SUDS-SPONGABLE

One of the most dramatic elements of the current fashion scene is "the leather look." Everybody - from babes in bassinets to Golden Agers - is being offered leather-look garments made of anything from high-grade hides to ground-up leather leftovers to various blends of vinyls and plastics. All they have in common is the leather look; supple, lustrous, opulent, and rugged.

More than ever, the shopper must depend on information hangtags and informed salespeople to indicate what she is buying and how she should care for it.

One type of fake leather is made entirely of nylon fibers knit into a medium-heavy tri-

cot fabric, which is then embossed with a leather grain. It looks much like leather, and is used for trimming as well as for entire garments. It drapes smoothly, is exceptionally pliable, and has good breathing characteristics that allow air to circulate. Although the fabric itself can take machine laundering, the embossing will suffer from agitation so washing by hand in warm suds is recommended. The producer refrains from providing labels for consumer use, since washability will depend on its combination with other materials. Hangtags are presumably expected to be supplied by the garment maker.

A second type of fake leather is made of 3 ply sandwich: cotton fabric with a thin foam center and vinyl topping, for a total recipe of 64/36%

cotton. This fabric has an unusually leather-like hand, comes in all shades of leather-browns with an antiqued, well cured finish. Since the non-porous vinyl face does not breathe, it is not comfortable for garments such as slacks or jump suits, but looks handsome in skirts and coats. Suds-and-water is the cleaning treatment recommended; hand sponging for garments with detailing, or gentle machine washing for simple garments such as a little girl's A-line jumper. Spots and stains will naturally whisk off of non-porous surfaces easily. This producer provides hangtags that give specific washing instructions.

A third type of fake leather consists of a cotton base with polyurethane topping. It will respond to almost any keep-clean technique, though the manufacturer recommends handsponging with a sudsy cloth. While vinyl is apt to crack or to loosen from its backing in extreme temperatures of heat or cold, the permanently-attached polyurethane is not affected by temperature changes. The spongy feeling of this material comes from the polyurethane itself, rather than from a separate

foam layer, and this same sponginess gives it a degree of porosity so that it breathes almost as well as natural leather. It is relatively inexpensive, stain- and spot-resistant, very pliable - used for men's and women's outerwear, including rainwear, as well as for dresses and skirts. This material is being clearly labeled with characteristics and care instructions.

A fourth type of fake leather isn't fake at all: it is made of leftover scraps of real leather, pulverized to a fine powder, bonded to rayon or nylon fabric, dyed, coated with polyurethane, and then embossed to give a lifelike leather grain. Known tentatively as "genuine milled leather," it appears to have many good points; is less expensive than leather hides, can be handled in straight cuts like fabric, is supple and drapable, is porous and responds to various cleaning methods such as hand-sponging with warm suds. Since this product contains real leather, it must conform to certain Government regulations so garments made of genuine milled leather will carry identifying hangtags.

Fake leather fashions even include the larger infants' siz-

es and some carriage robes are trimmed with fake leather. It goes from there to grade school fashions such as weskits, but is not yet available to the home sewer.

From the Cleanliness Bureau comes this advice: when buying a garment made of fake leather, be sure it has a hangtag and then exactly follow the instructions for its care. Until this industry-baby matures a little more, don't count on throwing all fake leather garments in a washer and dryer. Play safe

by stroking the surface sponge dipped into suds with a dampened cloth, and to air-dry.

The Floyd Philosopher on his farm comes out this week in the post office department, we think.

business principles, and the answer is to turn it over to a corporation under the supervision of the government. "Like it's run now," the chairman of the committee said, "if the post office business was up for sale, nobody would buy it." Now wait a minute. If the judicial system of this country was up for sale, would you want to buy it as an investment? The highway department? Congress? In fact, if the entire Federal Government was up for sale, who'd want to buy it? You want to buy a business that's a hundred and thirty billion dollars in debt and getting in deeper all the time? Or getting closer to home, would you want to buy the state government? Or the... well, that's getting about as close to home as I ought to. We've all got to live around here. The trouble is that some people just don't understand government. Take the post office department for example. It's like farming. It's a public service operation. It's not supposed to make a profit.

Yours faithfully, J. A.

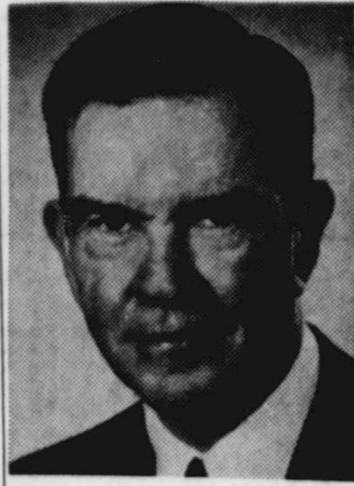

devotion which these two great leaders in Congress have given to the people of this country, and especially to Rural America. As Chairman of the House Agriculture Committee, Congressman Poage has been a devoted servant of the farmers of America. He has worked

tirelessly in their behalf and has been a champion for farmers in their fight for good, workable farm programs designed to raise the income in agriculture to a level more comparable with that of other segments of the economy. Our own Congressman Mahon, in his position as Chairman of the Appropriations Committee, has

### Simplification Essential

Industry is particularly interested in Title V of the bill, providing for a definitive review of the whole system of federal grants, and Title VI calling for consolidation of grants and more effective management of them, said NAM's spokesman.

"We urge that Titles V and VI, with a few modifications in language, be promptly enacted, even if this requires splitting them off into a separate bill," NAM stated.

"The need to reappraise and simplify the grant-in-aid mechanism becomes greater as time moves on and more and larger grants, along with more and more stipulations about their use, are added to this battery of federal fiscal artillery."

## The Constitutional Amendments

For the last decade, Texas voters have been swamped with numerous amendments to the state constitution. Voters have voted on many proposed constitutional amendments, and at the General Election on November 5, 1968, we will have to vote on 14 additional amendments.

The Texas Senate and House have, by two-thirds vote, authorized these 14 amendments to be placed on the General Election ballot. By the response of the electorate, the Legislature will better understand the wishes of the voters on the fate of these amendments. Even after the people vote on the amendments, however, the Legislature must act individually on the amendments before any can become a permanent part of our state constitution.

The amendments in very brief form are as follows:

- Broadening the investment authority of trustees of the State Employees Retirement System.
- Raising the limit on the amount of state funds for public assistance payments to \$75,000,000 per year.
- Allowing investments in new types of securities for the permanent university fund.
- Giving Dallas County power to issue bonds for roads and turnpikes without limit.
- Increasing salary of members of the Legislature to \$8,400 per year and increasing their per diem and travel expenses.

## The Vice Presidents

Voters who traditionally have supported the Democratic Party are saying they simply do not know if they can support Hubert Humphrey for President. But about the only criticisms they can offer of Mr. Humphrey concern the way he looks and talks.

Mr. Humphrey is a wise and thoughtful man. In the days between now and November 5, it is our guess that he will sway a lot of people to his side.

To us, one of the more fascinating sides of the current political campaign, however, is the choice of Vice Presidential candidates. Since two of our last four Vice Presidents have been elevated to the highest office in the land because of the death of two Presidents, more attention should be focused on the men seeking the second spot on each ticket.

Gov. Spiro Agnew has not as yet proved much of a campaigner. The only thing he has convinced us of is that he isn't even plugged in with Mr. Nixon's front office. If he can't figure out what's going on now, how in thunder can he function adequately if elected?

General Curtis LeMay, the granddaddy of the Strategic Air Command and a forceful Air Force General before retirement, scares everybody to

6. Authorizing exemption of special equipment to eliminate air or water pollution from ad valorem taxation.

7. Providing for gradual elimination of the state ad valorem property tax.

8. Eliminating approval by the Governor, Secretary of State and Comptroller of certain state contracts for materials and services.

9. Providing for teacher retirement system contributions based on the full salary of members.

10. Authorizing refund of tax on cigars and tobacco products sold at retail in Texarkana.

11. Consolidating some functions of government.

12. Allowing cities and counties to issue revenue bonds for industrial development.

13. Providing ad valorem tax exemption for property in temporary custody of a public warehouseman.

14. Fixing the time when Legislators become eligible to hold other offices.

As always, it is difficult to gather all desired information concerning the proposed amendments. Opinions are widely varied on several, chiefly No. 5 dealing with increasing salaries of Legislators, and No. 6, dealing with exempting from ad valorem taxation equipment installed by manufacturers to eliminate air and water pollution.

death with his talk of tossing nuclear bombs around like playthings. He of course is the American Party candidate running with George Wallace.

That leaves Senator Ed Muskie, the Democratic running mate of Mr. Humphrey. Thus far, Sen. Muskie has proved to be head and shoulders above everybody. His quiet but effective manner has captivated even his opponents. He is a genuine person, and the only one of the three who has yet done or said anything that would inspire trust in him as a President, and certainly as a Vice President.

The strength that Sen. Muskie lends to the Democratic ticket is considerable, in our opinion. The American voter has been forced by a series of tragic events to consider much more carefully the second man on Presidential tickets, for he might well become the person in charge of our great country.

Judging events up until now, Senator Muskie has been so superior to the other two that there is no contest. Whether or not his effectiveness will be enough to counteract the popularity of Richard Nixon and George Wallace is a question yet unanswered.

## Cotton Harvest Runs Ahead Of 1967 Crop Year

The USDA Consumer and Marketing Service, Cotton Division, Lubbock, reported 6550 samples of new crop cotton classed for the week ending Friday.

Samples classed this season totaled 11,700. Last season 7300 samples had been classed by October 18th according to W. K. Palmer, Officer-in-Charge. J. U. Dedear, Officer-in-Charge of the seasonal classing office at Lamesa reported 8,000 samples had been classed there. The Lamesa office officially opened for business Monday. Prior to the opening of the Lamesa office, the Lubbock office classed 3900 samples for that office.

The predominant grades for the South Plains were Middling, Strict Low Middling and Middling Light Spotted. The average staple was 1 and 1-32 inches and the micronaire readings for the week ending on Oct. 18th were 3.5 and better - 95 per cent; 3.3 to 3.4 - 3 per cent; 3.0 to 3.2 - 2 per cent.

Prices reported to the USDA Consumer and Marketing Service at Lubbock ranged from 15 to 20 dollars per bale over the government loan values for white grades in the 3.5 to 4.9 micronaire range. Movement of this new crop appears to be quite slow into the trade channels.

## Petersburg Superintendent Resigns

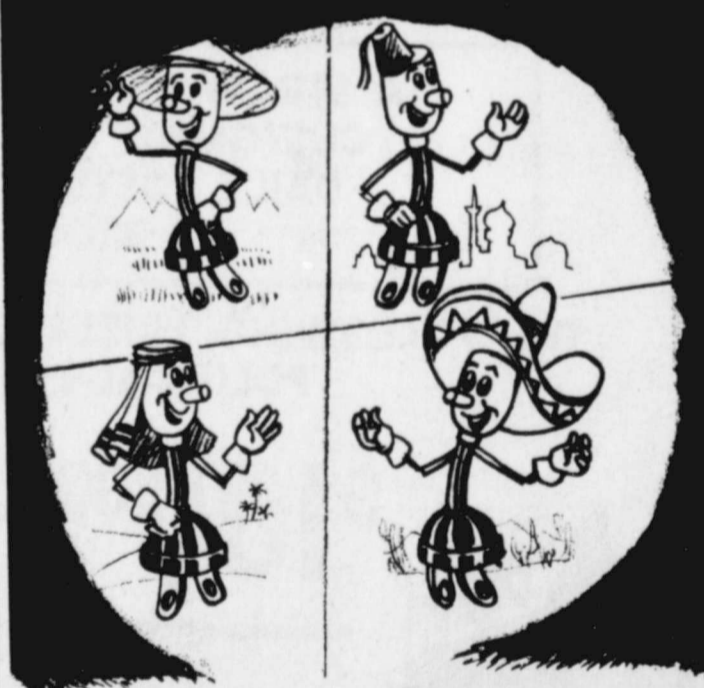

Charles White, Superintendent of Schools in Petersburg since January 17, 1968, submitted his resignation to the school board, Thursday morning, October 17.

Supt. White has accepted a position as superintendent of the Dimmitt schools. Dimmitt, now a AA school, will shortly be rated a AAA school. Supt. White will remain in Petersburg until his vacancy can be filled, but he will not remain after January 17, 1969.

Mr. White in a statement to The Leader expressed his appreciation to the school board and the people of Petersburg for their fine support. He stated that he had made many staunch friends while there.

## Exporting the CO-OP Idea

The first electric cooperative was energized in Texas in 1937. Now 31 years and 1,000 co-ops later, the idea may well become our most important export. Electric cooperative experts from Texas and other states are making regular trips to the orient, to the middle East and to South America to help the people of these lands organize a cooperative to provide their own electricity. And every co-op veteran who works this tour of duty in a distant land sees evidence of the early years in our own rural areas. But he sees a brighter picture, too. He sees the member-owned rural electric cooperative as a mature, dependable top notch electric utility that provides a low-cost efficient supply of electric power that is helping Texas Grow. And he knows that the years ahead in all these lands will be brighter.

## SOCIAL SECURITY NEWS

A youth injured in an automobile accident in 1966 and facing a long period of recuperation was not surprised to find that he had not worked for social security long enough to qualify for disability benefits.

A change included in the 1967 amendments, however, reduces the amount of work credit needed to qualify for disability benefits. Today the worker and his family are collecting nearly \$2,800 a year, based on his average pay of \$3,500 before he became disabled.

This and other examples are included in a new social security booklet announced this week by Mencie King, the social security officer-in-charge in Plainview. The booklet, "Social Security for Young Families", tells in detail how social security operates for the young worker.

"A surprising number of people still think of social security as primarily a retirement plan," King said in announcing the booklet. "Actually, over the years, social security has evolved into a comprehensive program of income maintenance and financial security for all ages."

King noted, of the 24 million persons currently receiving social security benefits - one out of eight Americans - some 2.2 million are disabled workers and their dependents, and about 3.4 million persons are widows and children of deceased workers receiving survivors benefits. Nine out of ten workers are protected under the social security system from loss of income due to death or disability.

The booklet explains how a young worker builds up survivors and disability protection, what it can mean to a family, and how to make an application should it become necessary. Also included is information on how to check your social security account and the financing of social security.

The booklet is especially important since the 1967 amendments include a number of changes of particular importance to young workers and their dependents, King said. A person disabled before the age of 24 can now get disability payments for himself and his family with 1 1/2 years of work in the 3 years before he became disabled. If he is disabled between ages 24 and 31, he needs social security credit for only half the time between age 21 and when he became disabled. Under the old law these benefits could not be paid unless there had been 5 years of work out of the last 10 years.

The dependents of a woman worker can now get benefits on her work record on the same basis as they are able to get social security benefits on the work record of the male worker.

Over the weekend Kelly Walker was a guest of the Wayne Rainwater family. Her parents were visiting in Fort Worth, Texas.

COUNTY AGENT'S CORNER by Joe Wilson

Screwworms have been reported in Motley and Swisher County. Livestock raisers in Floyd County should keep a close check on all animals the next few weeks.

All suspected worm cases should be reported to the Mission Screwworm Laboratory at Mission, Texas. A sample consisting of at least 10 worms should be mailed to the lab. A sample bottle and mailing container is available from the county agents office.

The outbreak of the pest is the first case reported in the area in the past five years. The area had been free from the pest due to the screwworm eradication program where sterile flies were released to keep the pest from reproducing.

A total of 1,431 cases were reported in Texas during a two week period from Sept. 29 to October 12. During this same period 385,276,000 sterile flies

Manuel Suarez, Jr. has been in the hospital since Oct. 14. He is expected to return to his home this evening. The family is very happy to see him improving.

The poison acts quickly and can kill an animal within a very short time after the plant is eaten. Whether a poisoned animal can be saved depends upon how soon a veterinarian can get to it.

were released to help control the outbreak.

In 1967 only 835 cases were reported in the whole state. This years large outbreak is being blamed partially on hurricane and storms blowing flies up from Mexico, a relatively warm winter in South Texas and a wet spring. Irregardless of the cause of the outbreak livestock producers should use all preventive practices possible during the next several weeks, including holding off on animal surgery until cold weather and to treat all wounds.

Prussic acid poisoning might be present in Johnsongrass, sudan, or any type sorghum plants at this time of the year. The acid which is highly toxic to cattle sometimes builds up to a high content after a frost or stress period in a plant.

Frosted Johnson grass or sorghum should not be grazed until the damaged plants are dry as good quality hay or for at least a week after frost. If it is to be cut for hay it may be cut immediately provided adequate curing time is allowed.

Young plants or second growth suckers are more likely to cause trouble than older plants nearing maturity. Also the more luxuriant the growth, the more likely the plants will be dangerous when their growth is interrupted.

There are no simple ways to detect the poisoning content in plants. The safe rule to follow is not to graze the plants after a frost.

Phil Green Gets Army Promotion

Phil Green, son of Mrs. Valarie Green of Floydada, has been promoted to the rank of E-4 with the U. S. Army in Okinawa. Green, a graduate of Floydada High School, is serving with the 8th Missile Battalion at Hawk Missile Site, Okinawa.

He was inducted into service Feb. 12, 1968 and completed basic and advanced training at El Paso. He left for Okinawa in June where he will serve 18 months.

### SOUTH PLAINS NEWS by Mrs. Murray Julian

SOUTH PLAINS, Oct. 21 - Frost was on cars, and it was cold around our area and southern parts Thursday morning, but frost did not come here until Friday morning when it dropped down to 30 degrees. The weather turned warm over the weekend, and this Monday a stiff wind is kicking up dust in our area, with light showers falling around the neighborhood. Farmers are trying hard to get their maize cut and into elevators. To the south of us at Ralls, farmers suffered much hail damage to cotton, tomatoes and green peppers. Vegetables have been beautiful this fall, and fields everywhere are bright with pumpkins and squashes, good for pies and Hallowe'en Jack-o-Lanterns.

There have been many of our people sick, and several families have been spending more time at the Methodist Hospital

in Lubbock than at home the past few weeks. John Smitherman got out of intensive care at the hospital Oct. 12, and according to relatives, he is getting along wonderfully well, after three major operations the past five weeks. The family, friends and relatives are happy to see him recuperating so well.

Carlton Johnson, a junior at Lockney High School, son of Mr. and Mrs. L. N. Johnson underwent a lengthy operation at Methodist Hospital Tuesday of last week for a knee injury, hurt in football. Eugene Beedy and others drove the bus for Mrs. Higginbotham, and she stayed with the Johnson children while they were at the hospital with Carlton. Carlton is doing fine, and the folks were able to bring him, unwieldy cast on leg and all, to their home in Lockney Sunday. He hopes to be able to return to school studies very soon.

Mrs. C. W. Hulick, of Albuquerque, N.M., visiting here with her sister, Mrs. Murray Julian, had the misfortune to fall Sunday and break her hip in the Julian garage. She had gone to get some vegetables for lunch when the mishap occurred. She was taken to Methodist Hospital by ambulance, and was out of surgery that night. They hope to have her using a walker this week. As soon as she is able, she will be brought to the Julian home until she improves sufficiently to return to Albuquerque. The Julians plan to drive her home. She wishes to thank everyone for cards, letters and visits at the hospital.

Fred Fortenberry, who has been ill some five weeks with bronchitis and a chest infection, was in the Lockney Hospital from Friday until the next Thursday. He returns to the hospital each day for medication. His son, Elmo Fortenberry, Patsy and the three children from Sunray, came last Sunday to visit him in the hospital and stayed the day here with him and Mrs. Fortenberry.

Mrs. Dale McCaugh of Littlefield, sister of Mrs. Arby Mulder, underwent major surgery Friday morning at the Methodist Hospital in Lubbock. The Mulders and Mr. and Mrs. Nathan Mulder were at her bedside during the weekend. She is now doing fine.

Besides all of the people in Lubbock during the week at the bedside of sick ones, little

Cassie Bell Probasco went to the Plainview Hospital Sunday morning undergoing some tests. We hope the baby can soon come home.

Mrs. Kendis Julian took her mother, Mrs. Poyner Roberts, to Lubbock this Monday for a check-up at the hospital. They are staying the day with Mrs. Julian's aunt, Mrs. C. W. Hulick, at the Methodist Hospital.

Bryan Karr was one of the lucky ones this week, for he narrowly escaped a bad injury, as he caught his hand in a combine belt Friday. The belt had to be cut away to get his hand out. Only one finger was pretty well mashed, but no bones broken. He has a splint on his right hand. We are glad it wasn't too serious.

All parents remember the ball game with Providence next Friday afternoon if weather permits. Boys and girls of the 5th, 6th, 7th and 8th grades will go by bus to Providence school right after noon for the games. Please come and root for your teams.

A wonderful worship service was held Oct. 12, at the Baptist Church with around 130 in the congregation. Several visitors were present, including Mrs. J. E. Woodson of Snyder, Boyd and D'Ann McClure of Plainview, Mrs. R. L. Holland of Lockney, her sister, Mrs. Adams of Sherman, Mrs. C. W. Hulick of Albuquerque, N.M. and several others. Sunday, Oct. 20, due to the various illnesses, and many gone for the weekend, the attendance was down to around 70. Mr. and Mrs. James Race, who reside where the Bobby Brittons formerly lived, are new members of the church, coming to join last Sunday. We welcome them to our community.
