

Sales Tax Goes To Floydada Voters Tuesday

Floydada voters will trek to the polls next Tuesday to decide whether they want to levy a one cent sales tax. The only place they will be at City Hall, with polls open from 8 a. m. until 5 p. m.

A majority favor the move, all "taxable" items, as established by the State Legislature, will be included. The local option sales tax levy be refused, another source of revenue must be secured, according to Mayor Leonard Matsler.

Qualified voters residing within the city limits are eligible to cast ballots. R. M. Battey is to serve as presiding judge, with T. S. Brown alternate presiding judge. Law states that "if a majority vote in favor of the adoption of the local sales tax, such tax goes into effect in that city on the first day of the calendar quarter which next succeeds one whole quarter elapsing after receipt of the notice by the Comptroller."

Merchandise taxable under the state sales tax also is covered locally. The Floydada city council explains that after studying the matter, it decided to present a sales tax to the voters in preference to hiking ad valorem taxes. State Legislature allowed cities and towns to vote a local option one percent sales tax, beginning in September, 1967. Eighty-five percent of Texas' population reportedly is covered by the tax at present.

Collection of local taxes would be made by local firms, along with the three percent state tax. The entire sum would be forwarded to the state comptroller, who would retain two percent of the city tax for administrative costs, and return the rest to the city of origin.

Area cities which have already voted a sales tax include Plainview, Lockney and Lubbock.

Annual Chamber Of Commerce Banquet Friday Night

Import Water Meeting Here Friday

**Dr. Charles Jarvis
Featured Speaker**

"So you have a problem?" will be the topic of Dr. Charles Jarvis here Friday night when he will be the featured speaker for the annual chamber of commerce banquet.

Dr. Jarvis is one of America's most humorous speakers and will long be remembered when he spoke at a similar occasion here four years ago.

The banquet begins at 7 p. m. tomorrow night in the Duncan Elementary School Cafeteria. Chamber manager John Reese said he is expecting a crowd of 350, but the cafeteria will take care of almost 500.

The entire program for the evening is scheduled as follows: Dinner music by Miss Sharon Huggins, invocation by the Rev. C. B. Melton, introduction of guests by Vernon Parker, master of ceremonies and president of the chamber of commerce Bill Brown will introduce the chamber's officers and directors and will also introduce the speaker.

Theme of the banquet will be, "Floydada, a Blue Ribbon City" awarded for excellence in education, local government, industrial development, parks and recreational tourist development and beautification.

The new chamber officers for 1969 will be introduced: Vernon Parker, president; Jake Webb, vice president; and Gerald Hall, treasurer.

Grand Jury Hands Down Indictments

Grand Jury met Tuesday and handed down nine indictments.

Those indicted were Lalo Robledo, assault with intent to murder; Willie G. Johnson, forgery and passing as true a forged instrument; Jim Franklin, driving and operating a motor vehicle over the value of \$200 without owner's consent; Esmeri Jildo Garza, assault with intent to murder and a second indictment against Garza for burglary;

Fred Adrian, defrauding by worthless check over \$50; Benjamin Vasquez, burglary.

One indictment was handed down for offense of driving and operating a motor vehicle without owner's consent, defendant not under arrest.

Castillo Rites Are Pending

Funeral rites have been tentatively set for Friday in the St. Mary Magdalene Church in Floydada for Aurelio Castillo, 51 year old well-known farm laborer in Floyd County. Castillo died at his home, 603 E. Virginia, Tuesday afternoon about 3 o'clock of an apparent heart attack. He had been semi-retired since suffering a heart attack last August and had been under the care of a Lubbock heart specialist since that time. Prior to his illness he had been employed by William Bertrand.

Castillo was born in Asherton, Tex., December 2, 1917. The family moved from that city to Floydada some 12 years ago. SEE CASTILLO, PAGE 5

Red Cross Organization Planned

An organizational meeting to form a Floyd County Chapter of the Red Cross has been called at 7:30 p. m. in the district courtroom here Monday.

District Attorney John Stapleton, temporary chairman, said that Floydada has been without a local chapter of the Red Cross for several years and this meeting will be to reorganize a Floyd County Chapter.

"One of the duties of the Red Cross is to aid the community in case of disaster, should one occur," Stapleton said.

Another vital point of a local Red Cross Chapter is to help servicemen overseas through the national foundation, he said.

"We would like to have those interested in the organization attend the meeting," Stapleton said.

Telemobile To Be In Floydada

Floydada residents will see the story of telephone service from Alexander Graham Bell's first telephone to the laser communications of tomorrow when Telemobile arrives on February 17.

Telemobile is Southwestern Bell Telephone Company's exhibit trailer, currently making a tour of the state. It will be open free to the public on the south side of the square from 9:00 a. m. to 4:30 p. m.

The exhibits show the story of progress made by the telephone industry since its beginning. In the first section, visitors will see early model telephones and learn how their development brought about today's vast telephone network.

The second section shows how the telephone works, and illustrates the various methods of getting calls through to their destinations.

The last section provides a glimpse at what's in store for telephoning in the future - including demonstrations of the laser and Picturephone service. Also, recorded narra-

Basketball

The Whirlwinds and the Whirlettes will travel to Olton tomorrow night to play their last scheduled district game of the basketball season against Olton.

The Whirlettes will compete in the district playoffs after going undefeated in the first round of the session's play with a 6-0 record in district competition.

The Junior Varsity boys and the Freshmen will play Olton here Thursday.

Floydada Lions To Have Banquet

The Lions Club will have their annual "Sweetheart Banquet" tonight at 7:30 in the Duncan Elementary Cafeteria. Program chairman Bill Feuerbacher, said that entertainment during the banquet will be provided by the Joy Singers, the Domnettes, and Jim Snead and Tommy Farris will also sing several selections.

FLOYD COUNTY STOCKSHOW

Deadline for entries in the 25th Annual Floyd County Junior Fat Stock Show is Monday, Feb. 17 in the office of the Floyd County Agent. The Stock Show is set for March 3, 4 and 5.

Association Would Aid Importation Of Mississippi River Water

Water...lifeline of our area's economy will be the featured subject of a meeting called at 2 p. m. Friday afternoon in the district courtroom here.

Purpose of the meeting is to see if Floyd County's businessmen and farmers will form an organization called "Floyd County Water Association." It is hoped that the organization will be formed for the purpose of helping Water Inc. in its efforts to bring Mississippi River water to 28 counties in this area.

Last Friday morning at a breakfast meeting in Rogers Restaurant about 40 local busi-

nessmen and farmers heard John Akin of Hereford tell about area counties who are forming water associations to help Water Inc. speed up efforts to import water.

Akin is a land owner and lawyer in Hereford.

Akin began by congratulating those present for the excellent response to the notice of the meeting. Noting that all economic and business areas were represented at the meeting, Akin said, "It is good to see that so many realize that water is important not only to the farmer but to each and everyone in the area."

City Seeks Removal Of Junk Cars

Orville Ryan of Plainview, Texas, dealer in junk cars will remove at no cost to the owner of the car or the lot owner all junk cars located in Floydada. All requests to remove junk cars and parts thereof should be placed with the City Hall personnel at telephone 933-2834 as soon as possible. Ryan is presently removing cars and will remain in Floydada for just a few days.

It was reported that Ryan removed 700 cars recently from Paducah, Texas.

Mayor Leonard Matsler in an appeal to the citizens of Floydada stated that this was the first opportunity the City had to remove without expensive freight cost such junk cars and many requests for such removal

are being filled at the present time. Elsewhere under legal notices in the Hesperian the City Ordinance, making it unlawful for property owners, occupants and lessees to keep, store and place junk cars on lots and property within such city is set out in full. City personnel announced that such ordinance would be enforced.

George Miller, Chairman of Cleanup Committee of Chamber of Commerce, stated to the Hesperian: "We appreciate the efforts of City Manager Bill Feuerbacher and others in arranging for junk cars to be removed from city lots. We all need to take a few minutes to advise City Hall or our neighbors of the opportunity to beautify our town in this manner."

Notice

TO THE PARENTS OF THE COMMUNITY: Are you at all concerned about your children and your community? If so why not show it and attend the series of meetings being held at the Della Plains Community Center. These meetings are being held for the betterment of the community. We as parents should be concerned about our community, children, homes, streets, etc. Are you so unconcerned that you will not try to find out what's going on in your community? Don't ask for help from others before you try to help yourself. This only results from laziness and laziness brings about this.

This is what we do not want. Look around you and see the condition you are living in. Is it suitable? Is it clean? Do your children have a good and proper place to play? How many of you have suitable living quarters?

Why not do something about this. If you care, attend the meeting Monday, February 17, 1969 at the Della Plains Community Center. Time, 8 o'clock p. m.

The Better Builders Organization is sponsoring a rummage sale Saturday, February 15, 1969 from 10 a. m. until 9 p. m. at the Della Plains Community Center. Prices ranging from \$.05 to \$1.00. Auctions on some items. Donation of articles will be accepted at Tommy Samuels, 502 N. 12th or Marie Jones, 221 East Lee. All proceeds will go to the Better Builders Organization.

Members of the Better Builders Organization

An Open Letter To People Of Floydada

People of Floydada, February 18, 1969, the people of our city will have a city sales tax. Your city council has proposed this tax to raise needed finances in order to maintain the city and improvements that we must continue. We stated before, we feel that this is the fairest type of tax we could utilize in bringing in a large enough amount to meet your city's needs. Announcement of the sales tax election, the council and I have visited with many people in and out of the city. Most people have shown a receptive attitude to the tax when we explain the city's needs and the overall tax plan. I am writing this letter as a personal message to you, the voter in the city of Floydada to explain that the city's needs are immense at this time. It is true that our city is operating in the black, but it is not true that we have used our "emergency or depreciation" while increasing our capital assets the past two years. We have used necessary cash money to add paving and to new residential additions, a new school, a new hospital, and acquisition of a 70 acre airport. Our city needs a modern new fire truck, our streets need reconditioning, our dump ground facilities must be improved, our sewage system is in poor condition, we must keep employees through merit salary raises, every item that we pair, rebuild, or replace to keep city services working normally increased in purchase price. My country friends, I want to say that the council and I are not of our city and we're backing the city sales tax in that we can have a more progressive and modern city. We know that you take pride in living near such an enjoyable traveling on good streets, having a dump ground, our fire department's protection, and the money that our parents pay into county and school taxes helps build good schools. Likewise, I believe that a farm is worth it if it is located near a good city. I am sure that you are all aware of the fact that it is not true that our city has more finances at this time and in the future, no matter how you may vote Tuesday, I trust may have a good turnout to determine what the people's wishes are in solving this problem. I am sure that everyone will agree, that should the city sales tax be approved, then your city council must go another step in securing the needed finances.

Very sincerely,
Leonard Matsler,
Mayor, City of Floydada

Caprock Chat

MAKES A LOT OF faith to go into the multi-billion dollar import water from the Mississippi river into West Texas. The farmer and the business man must support such a project. It will not only take ad valorem taxes, but a considerable sum per acre foot for irrigation water.

There is a lot of faith in the very future of farming, and what farms will be worth on the market for the next 50 years. Economists have said for years that the farmer will be the driver's seat by 1980. At that time, supply and demand products will come into balance, there'll be a big dearth of the farmer's products, prices will be high, there will be more people to feed.

It is going to be the situation, certainly West Texas will need water to produce these products. The meeting set for 2 p. m. tomorrow afternoon in the district courtroom in Floydada is therefore of great importance to every farmer and businessman in this county. Come to the meeting, hear the full details of imported water for Floyd County... let's go on faith... for the future.

CHAMBER OF COMMERCE banquet speakers in my stand out above all others I have heard the last six years. About four years ago San Marcos dentist Charles brought one of the most humorous speeches I believe I ever heard. About two years ago, Dr. Charles Allen brought the most thought provoking speeches I have ever heard. Tomorrow night, I look forward to again hearing Dr. Jarvis tomorrow is Valentine Day, and you might plan on your favorite Valentine to the banquet for what promises very enjoyable evening.

MUCH IS A BILLION? In the newspapers and on radio and often hear reports of government spending that freemention the word "billion." Do you know just how much on dollars? Well, someone has done some math, and puts a billion dollars in terms we can all understand.

A soldier carried a 50 pound pack of dollar bills, it took 40,000 men to carry a billion dollars; a truck carried five tons of dollar bills, it would take 100 trucks to hold a billion dollars; a man laid dollar bills end to end, they would circle the earth 10 times; if you covered a sidewalk eight and a half feet wide with dollar bills, it would make a sidewalk 2,442 miles long, or from New York, D.C. to San Francisco, California.

SEE CAPROCK, PAGE 6

Thomas To Conduct On ACAP Monday

Thomas will initiate a unit of the Civil Air Patrol which will be held Monday at 7:30 in the Community Electric. The purpose of the meeting is to discuss the services of the Civil Air Patrol and the fact that it has to offer to the community.

345 flying hours," he said. The CAP is divided into two programs, a cadet program for young people between the ages of 13-18 and a senior program for men and women above 18, he added.

Films on the CAP will be presented at the meeting to better explain the organization. Also, there will be various displays showing the CAP uniform.

Lt. Col. Bob Mote, group five commander of the CAP and Capt. Cathey, USAF liaison officer for the CAP will be at the meeting to answer questions about the organization.

Year 47 lives were saved and 420 people in disaster assisted by the CAP in logging a total 24,000 hours of service.

LAKEVIEW NEWS by Mrs. Bagwell

LAKEVIEW, February 10 - Mrs. Homer Newberry returned home last week from Austin where she had been for some 10 days in the home of her daughter and family, Mr. and Mrs. Ronnie Autry and new baby, Wendy Renee.

Sunday afternoon visitors with Mrs. Beulah Jernigan were Mrs. Zelo Johnson and Mrs. Turner.

Mr. and Mrs. Harvey Allen Mike and Norman visited Thursday night with Mr. and Mrs. Walton Wilson and their house guests, Mrs. Verne Austin.

Mr. and Mrs. Kay Crabtree, Becky and Sammy and J.C. Bulard were Sunday dinner guests of Mrs. Kate Crabtree.

Among the ones from our community helping take the religious census Sunday afternoon were; Mr. and Mrs. Lee Burton, Mr. and Mrs. Harvey Allen, Mrs. E.W. Walls, Mrs. A.S. Mize and Walton Wilson.

Mrs. Gracie Riggles returned home Friday from Tulsa, Oklahoma where she had spent 6 weeks in the home of her daughter, Mrs. Jimmy Jones and family. Mrs. Jones has been sick and spent several weeks in the hospital. Mrs. Riggles also spent two months in South Dakota with her son and family Mr. and Mrs. Roscoe Riggles, while she was away from home.

JEHOVAH'S WITNESSES CONVENTION

Announcement of a 3-day convention was made this week by the Plainview congregation of Jehovah's witnesses who are making plans to attend a Bible seminar in Snyder, Texas, March 7-9.

The high school auditorium in Snyder will be the scene of the Christian gathering which will have as its theme, "Making Wise Use of the Remaining Time." More than 500 delegates from the Panhandle of Texas are planning to attend.

Convention highlights will include a baptism of new ministers, a series of Bible talks, dramas and symposiums as well as home visitations on the residents of Snyder by the delegates in attendance.

According to Mr. C. W. Hall, presiding minister of the local congregation, quite a few families from this area are making arrangements to attend with a view to taking in all sessions as well as sharing in the doorstep ministry in the assembly city.

Commenting on the reason for this type of participation at a religious gathering, Hall said, "It is motivated by a sense of urgency felt by Jehovah's witnesses as to the meaning of present world distress. Many people are concerned with the world that appears to be in ferment and we enjoy directing their interest to the Bible's promise for the future. However, the future of this system does not at all depress those who accept the Bible."

Sponsor of the 3-day convention, the Watchtower Society, has made arrangements to send one of their District ministers from New York to supervise the assembly as well as being the main speaker. Mr. L. M. Dugan, a traveling representative will give the feature discourse entitled, "Law and Order - When and How?", Sunday at 3 p.m.

Floydada Unit Of TSTA

The spring semester Floydada meeting of the Texas State Teacher's Association is scheduled at Junior High Cafeteria on the evening of Feb. 24. The local unit has been held this year by Bob Mattaufer, president and Jo Anne Cagle, first vice-president and president elect. While Mattaufer has been responsible for receiving business affairs and transmitting them to the local unit from district and state officers, Mrs. Cagle has been in charge of arranging programs for the two local unit meetings, the first being last October.

Melvin Mathis, as second vice president, has been responsible for publicity, while Carol Bell has been very active in circulating memoranda to local members and keeping records, as secretary. The responsible position of treasurer has been held by Margaret Springer.

Telemobile is coming your way!

You'll see the story of telephone progress told with exciting, colorful displays of telephone equipment from the days of "Hello Central" right through the space age of tomorrow.

Featured exhibits include a simulated laser—a beam of light which carries sound; early telephones, including a model of Mr. Bell's first; and the Picturephone which permits a caller to see as well as hear.

Also displayed inside the 36-foot long trailer are many of the telephone services available today and an illustrated exhibit showing how telephone calls reach their destination.

Don't miss Telemobile. It's a fun-filled review of telephone progress for the whole family.

Goen At Park Florist Champion Of The Week

Goen of Park Florist was named as this week's champion of the week. He started working in the business in 1932 when he was the only florist in this area with other florists in Plain-Lubbock. At that time the building was small and he had added a gift shop selling crystal and china and other gifts. He is a member of all the wire organizations and sells products by wire to the free world. "I am a member of all the wire organizations and sell products by wire to the free world."

include Floral Telegraph Delivery, Florafax and Teleflora.

In order to be members of these wire organizations florists must uphold the national standards of quality to guarantee that their product will meet the same standards as any other florist in the United States or abroad. Elton Goen operates the business with his wife Oleta, and three floral designers.

He has two sons, Frank Goen, an insurance man here in Floydada and Bob, the youngest son who is in the Air Force in Vietnam.

HOUSE ELECTRIC COOPERATIVE, INC.
PHILLIPS, HOME ECONOMIST

BLADESCUT BEST
elephant meat to feed in the kitchen. It is liable to end in a disaster. In fact, a large household opens from 900 to 1500 of metal cocoons every day to "cut corners" and many women have fitting their kitchens with electric can openers. The cutter severs the top which is the can itself in place until removed. The lever on to be positioned on the entire cutting mechanism. The motor is pressed only long to puncture the can at the cycle; the motor off when the can is opened. The majority have an opener where the mechanism is positioned on the side of the case. The electric opener has a rotating wheel that retracts or a stationary wheel or blade - presses the can, then retracts the lid as the can is opened. Fixed cutters never the corners of or rectangular cans successfully; those on wheels open all sizes and types of cutting device kept clean because it is prone to become encrusted with food. This clogs its action and transfers flavor from one can to the next. When dull blades are forced through a can, particles may fall into the can, so both cutting and stationary blades be wiped with a sudsy solution after use, then removed in hot soap or at suds at frequent intervals.

which come in pastels, brushed chromes, wood-tones and even avocado - are designed with a "clean look" and deserve to be kept that way. Whatever the cabinet, it should be wiped off frequently with a clean cloth wrung out of hot soap or detergent suds; abrasive cleaners are not recommended. The cord should be disconnected, pulled taut through a folded damp cloth, then wiped dry before re-use.

Young Men Needed By Texas Highway Patrol

An invitation has been issued to any high caliber young men of this area who feel that they can compete for the position of patrolman with the Department of Public Safety. "The opportunity exists for several men to meet the challenge of the rigorous qualifications for patrolmen in the four field services - Highway Patrol, License and Weight, Drivers License, and Motor Vehicle Inspection," Major Luther Moore said today. "If you are good enough,

Floydada Doctors Travel To Utilias

Dr. Charles Craig and Dr. Jack Jordan flew to Central America last Friday to administer medical and dental care to the people on the island of Utilias, in Central America.

This is the third year that the doctors have flown to the island to meet the needs of the people on the island who otherwise would not receive dental care. Dr. Jordan is traveling with Dr. Craig to aid in the medical

care because the people on the island cannot receive medical attention except on the mainland of Honduras.

Other dentists from various parts of the United States will also be traveling to Central America to assist in the project.

The Floydada doctors will be staying in the home of a Methodist missionary who normally tries to care for the first aid treatment of the people.

The two doctors will be on the island for ten days.

we can use you; however, we do not want anything but the best. If you cannot meet our standards there is no need of applying for the positions."

"Assignment to one of the above services will be made on the basis of aptitude, interest and ability at the conclusion of a period of intense basic training. Then specialized training in the assigned service will be given to those that qualify after which a home station will be designated," Moore said.

Applicants must be between 20 and 35 years old, at least 68 inches tall, weigh not less than two pounds or more than 3 1/2 pounds per inch of height, and be in sound physical condition. They must have a high school education or the equivalent and their record must be able to stand rigid examination pertaining to character and citizenship. Selection procedures will include written and oral examinations.

"The law enforcement field is a challenge to young men who are seeking a career, and the Texas DPS is rated among the top law enforcement agencies in the world," Major Moore said.

Mr. Moore said that the position of patrolman is a challenging one and that the Texas Department of Public Safety is looking for young men who are interested in law enforcement. He said that the position is a challenging one and that the Texas Department of Public Safety is looking for young men who are interested in law enforcement.

can openers should be immersed in water of motor damage and safety, so the cutting mechanism must come out for washing. Some types are difficult to remove, a factor to consider when buying a can opener. Models with external gears are usually easier to handle than enclosed gears. The cutter wheel or blade should be replaced before the cutting wheel or blade needs to be lubricated.

can openers include one or more added accessories - a bottle opener, knife sharpener, knife-and-scissors sharpener, ice crusher, and even a pencil sharpener. It is important to wash and wipe the cutting mechanism before sharpening, because greasy or wet surfaces will grind the wheel and reduce its efficiency.

electric opener magnets must be hinged by the cutting action because the cutting mechanism is completely cut. Cans, like those which evaporated milk, cannot be opened electrically so it is important to hold on to an "old manual can opener. This type also needs to be cleaned after each use. Electric can openers -

Women In News

MISS SHARON FULLER

Sharon Fuller DAR Citizen

Sharon Fuller, daughter of Mr. and Mrs. Wayne Fuller, was among DAR Good Citizens honored yesterday at a special awards program held in Plainview by the Mary McCoy Baines Chapter of Daughters of the American Revolution. Miss Fuller was selected for the award by Floydada High School. She is a member of the National Honor Society, has been vice-president of Future Homemakers of America, Student Council representative, member of the International Club and High School Annual Staff. Miss Fuller plans to attend West Texas State University majoring in business administration.

The Floydada senior received a DAR Good Citizen pin which was presented to 10 other area senior girls, who were later honored along with their mothers, at a George Washington Tea.

Peggy's Meddlin's

BY PEGGY MEDLEY

Is there Justice? The people of Silvertown, or most of them, don't feel so after a young adult was given a ten-year probated sentence on five counts of burglary. The thefts and damage for which he has been responsible in Silvertown totals in excess of \$600 - maybe closer to \$1,000 according to the Briscoe County News. Sheriff Vinson Smith of Silvertown called the decision "one of the greatest miscarriages of justice I have ever seen." A father, whose son's car tires were recently slashed in Silvertown, summed it up in a statement which makes good sense: "Good people will be good because they fear the Lord; bad people will be good if they fear the law."

During a recent trip to a southern state, a local man spotted a sign in a restaurant window which said "T-Bones, 85¢. With Meat, \$3.50." The manager of Plainview's Holiday Inn expressed his opinion on poverty on a marquee at his establishment. It reads "Fight Poverty the American Way, Go To Work." The elderly gentleman who made famous the words "dum trottin'" in his Western roles with Hopalong Cassidy and Roy Rogers, is dead. The youngsters of today probably won't remember Gabby Hayes, but to me in my young childhood, he was the best. When Gabby first became famous we could get in the movie house for a nickel or 10 milk bottle tops, and stay all day, which we usually did.

MEN if you are thinking in terms of Valentine, which is

tomorrow, Feb. 14, what better way to please your date than to go to dinner? The Chamber of Commerce banquet and after dinner speaker should please any woman. Don't forget the its at Duncan's Cafetorium instead of High School this year.

I Like Gov. Preston Smith's idea of appointing a member of his staff to concentrate on college youth problems in Texas. Gov. Smith has proposed a series of student and government communication conferences with every college student body in the state. I think there should also be some "concentrating" on problems of youth who are not in or unable to attend college.

WALTER Winchell, at 72, 50 years of that at the keyboard, is putting the cover on his typewriter. He has asked for a leave of absence but no one expects him back. Winchell is revising a book of memoirs and reportedly has lined up radio and TV commercials. An old time press agent of Winchells for some 40 years says of the commentator, "Since the death of his son, he has only one love in his life, that is his column, outside of that he cares for no one."

THERE is to be a film shown tonight at 7:30 at Della Plains on self-examination for breast cancer. Dr. Eva de Hemsil will be present to discuss the film and answer any questions which may arise. All area women should make an effort to see this educational film.

SOME colleges have a good public relations staff, while others don't. Texas Tech evidently falls into the last category.

Parker Studio Cordially Invites You

To view the PRINT EXHIBIT on display at the Chamber of Commerce Banquet at Duncan Cafetorium, Friday, February 14. The display is a community service project courtesy of

Parker Studio

agorie as we hear through the grapevine each semester of some local youngster receiving a high point average, but nothing to us by letter. These kids work hard for their grades and should receive the honorable mention. We don't know about it unless you call us. Don't feel embarrassed about calling in the news and bragging about something your child did. We love that kind of news and it takes all kinds to fill a newspaper.

CAN you imagine how a woman would feel to leave her home nice and quiet to attend church and then return to find it full of people. That's what happened to Mrs. John Speer at Flomot Sunday morning. Her husband was the one who picked up the pilot that ejected from the F11 which crashed. Time Mrs. Speer returned from church her home was a little over crowded with officials from area towns. But she was relieved when she found out they were not staying for lunch.

THE families of Dr. Jack Jordan and Dr. Charles Craig had some anxious moments Monday when they learned the two doctors had not arrived Saturday as scheduled in their private plane at Honduras. They were holed up in Mexico due to bad weather and arrived at Honduras Monday. They talked Monday night to their wives by ham radio via telephone to inform them they had arrived safely.

KISSING disease is back in the news again. Don't know who thought up that name, but it's really mononucleosis, called mono for short and you don't have to be kissed to get it either. Several school students and adults as well in Floydada are suffering from the illness, described by Webster as a disease in which there is present in the blood an excessive number of cells with a single nucleus. One person with mono said it was worse than the blas.

DON'T forget to express your opinion in the City Sales Tax election by voting next Tuesday. I'm not telling anyone how to vote, it's still a free country so vote what you may think is best. We have carried both pros and cons in the paper about the upcoming election, so the rest is up to the individuals. From reading daily papers it seems the State Legislature is considering adding food products in General Sales Tax. If this happens in a town where they already have 4 cent tax this will boost it up to 5 cents on the dollar. I'm not saying we shouldn't vote for a city sales tax, but a penny more added to the general sales tax for food products could hurt an awful lot of people, including those in the lower wage class, who are finding it hard enough now to get by.

GOT a letter this week from a Floydada boy stationed in Vietnam. Louis Williams writes he enjoys the Hesperian and is happy to see that Junior and Senior High are doing so well in sports and other activities. He said although the boys work over there day and night sometime, he still finds time to read the paper and share it with his buddies.

THATS meddlin for this week.

Two surgeons and a knitting machine manufacturer put their heads and skills together and devised a new knitting machine which, using 50 tiny needles per inch, fashions the smallest man-made arteries yet devised, only a quarter

Miss Kneale Club Speaker

Miss Caroline Kneale, Australia, American Field Service Student of Floydada High School, was guest speaker and showed films of her homeland for members of the 1929 Study at their meeting Thursday. Miss Kneale was introduced by Mrs. Clarence Goins.

The meeting was held in the home of Mrs. J.A. Arwine, who served cherry tarts, coffee and tea to those attending. Prayer was voiced by Mrs. J.D. McBrien.

Present were Meses, J.A. Colston, J.A. Arwine, Kinder Farris, Clarence Goins, Clay Henry, J. D. McBrien, Clement McDonald, R. W. Overstreet, S.W. Ross, and Miss Vera Meredith.

Next club meeting is Feb. 20 in the Community Room of the First National Bank. Mrs. Q.D. Williams will be hostess for the program on responsibility of recreation.

Starkey Club Meets With Mrs. Shipley

Starkey Home Demonstration Club met Friday in the home of Mrs. John Shipley. Eight members and Miss Sherry Mullin, HD agent, answered roll call with "How to start a new day."

Club president, Mrs. Wanda O'Neal announced that Lucille Moore, recreation specialist from Texas A&M, would be direction a recreation workshop at Lighthouse Electric in Floydada Feb. 12. Mrs. O.L. Lowrance will represent the club at this meeting.

Miss Mullin was in charge of the program on credit buying for the club meeting. She showed a film on planning family spending and showed the difference in interest charged by different finance companies, mail order houses, chain stores and private lending agencies. The material had been prepared by the Extension Service.

Mrs. Shipley served refreshments of cherry pie and coffee to Meses, Maud Day, O.L. Lowrance, Harvey Tardey, George Smith, Wanda O'Neal, S.L. Holmes Sr., Clinton Denning and Misses Mullin and Lannell Tardy.

Mrs. Lowrance will be hostess for the next meeting Thursday, Feb. 20.

Dr. de Hemsil Club Speaker

Dr. Eva de Hemsil, local physician, presented the program for members of the 1922 Study Club last Thursday when they met in the home of Mrs. R. L. Nichols. Dr. de Hemsil spoke on her native land of Argentina, showing magazine illustration. She also discussed neighboring countries in South America.

Club members present included Meses, Kenneth Bain, J.H. Barnard, D.S. Batten, D.W. Burke, Pearl Fagan, P.D. Helms, Bessie Henry, R.L. Nichols, Lon V. Smith, E.F. Stovall, Noel Troutman, Ben Whitaker, J.M. Willson and Mrs. Joe Wilson, associate member. The Feb. 20 meeting will be with Mrs. J.V. Daniel for a book review by Mrs. Jack McIntosh.

Rande Brown Contestant In Miss Lubbock Pageant

Rande Lu Brown, 18-year-old daughter of Mr. and Mrs. W.E. Brown, Jr., (915 S. Main St.), Floydada, is an entrant in the 1969 "Miss Lubbock" Pageant sponsored by the Jaycees.

Rande, who graduated last year from Floydada High School, is a freshman at Texas Tech and a member of Delta Gamma sorority. She has studied ballet under Fernando Shaffenburg, Nakita Talin, and with the Harkness Ballet Co. She danced at "Six Flags over Texas" and studies with Suzanne Aker in the Lubbock Civic Ballet.

Rande is blonde, with brown eyes, and is 5'5"

The Pageant is scheduled for Saturday, February 15 at 7:30 p.m. in Lubbock Municipal Auditorium.

The 1968 "Miss Lubbock," Peggy Kincannon, will crown the winner, who will receive a scholarship and wardrobe in addition to her trip to the "Miss Texas" Pageant.

The 1967 "Miss Lubbock," Jan Glenn, will be mistress of ceremonies.

All seats are reserved for the pageant. Tickets are \$2.50, \$2.00 and \$1.50, according to Jaycee Frank Butterfield, chairman of ticket sales. Reservations may be made by calling PO3-4076.

RANDE LU BROWN

Miladies Club Has Meeting

Miladies Club met last Thursday in the home of Vida Womack. Roll call was with members telling what they received for Christmas.

Those present were Hattie Bennett, Gladys Cross, Maggie Lovell, Agatha Pratt, Charlene Woody, Jennie Irwin, Beedy Owens and Audrey Nelson. Members drew names for secret pals and were reminded to bring a gift for a lady shut-in at the March 6th meeting, and to also bring a picture of them when they were a teen-ager. Showing the picture will be the answer to roll call. Hattie Bennett will be hostess in her home.

Get Acquainted Party Planned At Sandhill

The Sandhill Community is holding their annual "get acquainted" party Friday night, Feb. 14 starting at 7 o'clock in the Sandhill School house. All residents of the community, new and old, are extended an invitation.

Coffee and doughnuts will be served and 42 and 84 played afterwards. Red Cross donations will also be taken at this time.

How would you like to drive your automobile 100 miles an hour on the highway legally—or be ticketed for being a slowpoke by driving less than 90

Cancer Self Examination Film To Be Shown

Among American women, breast cancer occurs more often and causes more deaths than any other form of cancer, over 24,000 a year. A film showing self-examination for breast cancer will be shown tonight (Thursday) Feb. 13 at 7:30 in the Family Planning Clinic at Della Plains. All women of the area are urged to attend. Dr. Eva de Hemsil will be present to answer questions.

More than 63,000 new cases of breast cancer are diagnosed annually and in some of these, according to medical reports, death will be avoided because proper treatment was sought promptly. A woman is often, herself, the first to discover a lump in her breast. Discovery of a malignant tumor before it has spread to other parts of the body increases a patient's chances of recovery. For this reason, much emphasis has been placed in recent years on the need of early detection. Every woman should learn to

PANTED COTTON dress worn over top's most sophisticated.

Mrs. Taylor Speaker At 56 Club Meeting

Mrs. Joe C. Taylor of Lockney was guest speaker Tuesday night for the meeting of the 1956 Study Club members and their husbands who were special guests. The program on Americanism Day and the dinner was held in Lamplighter Inn.

Roll call was answered with "I'm glad to be an American," followed by the dramatic reading entitled "I Am An American" by Mrs. Taylor, Lockney Woman of the Year. Those present for the evening's entertainment and meal included Mr. and Mrs. Eugene Beedy, Mr. and Mrs. Max Dyess, Mr. and Mrs. Gordon Hambricht, Mr. and Mrs. Melvin Lloyd, Mr. and Mrs. Norman Muncy, Mr. and Mrs. Leslie Nixon, Mr. and Mrs. A.C. Pratt and Mr. and Mrs. Charles McDowell.

Next club meeting is Guest Night at the First Baptist Church, February 25.

For a decorator look, edge the hem of a plain cotton bedspread with three or four rows of ball fringe.

Hair Fashions for Spring Are Keyed to Individualism of 'The Natural Look'

The "Natural Look" will be the main influence in new hair fashions for spring, according to the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association, the hair fashion authority of the beauty profession.

This new look is one of individualism keyed to the general trend of soft and natural influences in clothing fashions for the season. It gives top priority to waves, which flow from a side part to follow the natural contour of the head. The waves also blouse out at the sides at eye level and over the ears, in addition to bringing a special fashion significance to the back of the head where they give a blouson effect at the lower crown area.

New Styles

The new styles will be shown throughout the nation during National Beauty Salon Week, February 9-15. This will be the beauty profession's nineteenth annual observance of this special week, which is heralded with the slogan, "Crown your beauty with a new hair style," naturally.

Being natural, however, does not necessarily mean being casual; in hair styles it can and does mean

being artful without apparent artifice. This is a vital quality of the new styles.

Natural Look A Must

Another vital quality is that your new style definitely has to have a 1969 natural look, and not one from any other period. For instance, today's "Natural Look" is as far a cry from the flowing tresses of Botticelli's Venus riding in all her natural charm upon a half shell, as is the change in fashionable figures since the Renaissance.

Today's "Natural Look" in hair styles must make the scene for every social need of the season, from the most proper church-going ensemble in the Easter Parade to the most dressy wear for leisure. It is particularly natural for topping the leggy look, be it predicated on the long lines of pantsuits, or the long legged expance below the miniest of skirts.

A New Wave Length

Basically, the "Natural Look" is a mood and a new wave length. The mood is one of springtime, a carefree surge of the spirit, young and alive. It soars on the new wave length, a new dimension of softly undulating hair.

This new dimension is length. In all of the new styles shown, the lines of the waves are comparatively long. It's true that some of the waves are deeply formed, almost carved into cameo curves, and others are so highly understated that they just suggest the show of motion. But, all waves are long, all are relaxed, unrestrained and fluid in their motion, whether they wander, ripple, or just flow softly to follow the natural contour of the head.

The new wave length was inspired by the 40's, but its form and flow is so young and natural that those of us who remember the period wouldn't recognize this if someone didn't tell us. A very young part of the natural charm of the waves, and very new today, is the use of occasional curls that seem to pop out of the wave formations like spring blossoms.

Professional Permanent Wave

Hair length can still be described as comfortably short. It does need expert shaping and a soft permanent wave, prescribed just for you, to give your hair the substance and easy care that is needed for the appealing natural look that it must have this season. If winter left any traces of drabness, be sure to take some conditioning treatments so your hair can look alive and vibrant. It's the fashion!

Colors Are Soft

Hair coloring calls for soft blending of tones in keeping with a "Natural Look." Though three to five tones of a basic color value will be used, all are blended to avoid any definite contrasts either in tone or hue. Sun-kissed must wait for summer. However, this does not mean that vibrant colors, such as rich browns and auburns, or the brights like honey, maize and palamino will not be right at the top of the popularity list. They will be, along with soft ones of birch, fawn, charcoal and slate. But their lustre will be that of a soft full glow, shimmering all over, not touched up with spotlighting.

Complexions Go Natural

Complexions, too, go natural, in the soft rose and rachel families. Lips are generous and bright, and eyes . . . eyes have a special treatment that enhances their soft delicacy . . . individual lashes added one at a time, or sometimes in twos and threes to the lower lid. What could be more natural!

Observing National Beauty Salon Week in this issue of The Hesperian are Girlie's House of Styles, Birdie Lee's Beauty Salon, Colonial Beauty Salon, Helms House of Beauty and Peggy's Beauty Salon.

VOTE TUESDAY IN CITY SALES TAX ELECTION

speaker from Lubbock, active for many years in the Caprock Council Scouting program. Miss Nena Huffaker, senior at Texas Tech, and winner in the 1966 International Events trip to Sweden, will talk to the Cadettes and show slides of the interesting factors in the Girl Guide program abroad, and will tell the girls how they may attempt to enter the National and International Events sponsored each year by Caprock Council and the National Council. Miss Huffaker, the daughter of Mr. and Mrs. James W. Huffaker, was selected as the Juliette Low representative to Sweden after she graduated from the Monterey High School in Lubbock as Valedictorian. Active in the First Presbyterian Church, in established camping each year, and in all phases of her school activities, Miss Huffaker is an example of how a busy girl can also be outstanding in the Girl Scout program.

Special guests of Troop 83, in addition to the speaker, will be the mothers of the troop members, former troop members and Junior Scout Troop #65, which will graduate into the Cadette level in May. Leader of Troop 65 is Mrs. J. D. Woody.

Kathy Graham will open Wednesday's program with the invocation after the refreshment period, and Margwynn Giles will introduce Nan McCulley who will tell what Thinking Day means. Mrs. Leroy Burns will welcome guests and introduce the speaker, and Mrs. Herman Graham will conclude and dismiss the program. Leaders of Troop 83 are Mrs. Burns, Mrs. Graham, Mrs. Dorothy Neff, and Jo Muncy.

Throughout next week, this thought will be ever-present in the minds of all girl scouts, "I am a link for peace in the chain of scouting, and I must keep my link strong and bright." Girls in uniform on Tuesday, Wednesday, and Friday of next week (as indicated to them by their leaders) will be a reminder of this.

FLOYD DATA

Mr. and Mrs. Lon Emert and Judy, accompanied by Irene Bountwell and Roger Emert, spent last weekend at Corpus Christi visiting the Emert's son, Weldon. The group also enjoyed touring Padre Island and other scenic points while there. Weldon, who is a member of the Seabees, stationed in Vietnam until some two weeks ago, is hospitalized at the Naval Hospital in Corpus, under treatment for a skin disorder. He is expected home this weekend for a 10 day leave.

SCRIPTURE READING

"Make a joyful noise unto the Lord, all the earth: make a loud noise, and rejoice, and sing praise. . . Let the floods clap their hands: let the hills be joyful together before the Lord."

These verses are part of the Responsive Reading this Sunday in all Christian Science churches.

SOCIAL SECURITY NEWS

February 1969 is the anniversary month for workers who might qualify for social security disability benefits with less than 5 years of social security credit when their disability began before they were age 31, Mancel King, Plainview social security officer-in-charge, said today.

This is especially significant since an application for benefits can be retroactive for only 12 months, King continued. If a worker can qualify for the disability benefits under the 1967 amendments with fewer than 5 years of social security work credit and he became unable to work before August 1, 1967 (12 months before February 1969 plus the six-month waiting period), he will lose a month's benefits for each month he waits to apply after February 1969.

CASTILLO, FROM PAGE 1

He was a member of the Catholic Church.

A son, Cruz Castillo, who is stationed with the Army in Vietnam, is due to arrive home today.

The deceased is survived by his wife; four sons, Aurelio Jr., of Floydada, Cruz, with the U.S. Army, Dario and Pedro of the family home; four daughters, Mrs. Ricky (Pat) Gonzales, Floydada, Maria Elena, Hilda and Norma of the family home; two grandchildren; two brothers and four sisters.

Arrangements will be under the direction of Moore-Rose Funeral Home.

Water, Inc. Meeting Feb. 18

Water, Inc. President John Kendrick of Brownfield announced that Howard W. Crooke, executive director of the Orange County Water District in California will give the lead-off address at its second annual Water, Inc. meeting, Tuesday, February 18 in the new Civic Center in Amarillo. Crooke has been active and participated many years in the major water planning in California.

Crooke will be followed on the program by other outstanding water authorities from Texas: Howard Boswell, executive director for the Texas Water Development Board, Harry P. Burleigh, area engineer from Austin for the Bureau of Reclamation and John Simmons, executive vice-president and general manager of the Sabine River Authority from Orange,

NEWS OF OUR SERVICEMEN

LANE YANDELL HOME-DEPARTS SOON FOR VIETNAM

Sp/4 Lane Yandell, son of Mr. and Mrs. W. H. Yandell, is home on furlough visiting his parents, before reporting for duty in Vietnam. Yandell, who was with the 82nd Airborne Division at Ft. Bragg, N.C., has been assigned to the 173rd Airborne Brigade. His duty overseas will be with a forward observation team for artillery.

Yandell leaves here about the first of March for Ft. Lewis, Wash., where he departs for Vietnam.

SGT. BURGETT RECEIVES HONOR

T/Sgt. George M. Burgett, son of Mrs. Ruey Irwin and brother of Mrs. Carl Nelson of Floydada, has been named "Consolidated Aircraft Maintenance Squadron NCO of the Year." Sgt. Burgett is a radio maintenance technician with Andrews 89th Consolidated Aircraft Maintenance Squadron in Washington, D.C.

He was named "tops" in competition among other NCOs from throughout the command.

Sgt. Burgett entered the Air Force in 1954 after serving four years in the Navy. He is married to the former Mille Carmack, daughter of Mr. and Mrs. Milton (Pete) Carmack of Hereford, formerly of Floydada. The couple have four children.

Judge Holmes Attends A&M Conference

COLLEGE STATION (Sp1) - County judges and commissioners from 108 Texas counties attended and participated in their 11th annual Conference held here at Texas A&M University.

The conference got underway on February 5 with registration and was concluded with the afternoon session on February 7. As in past years, the conference was sponsored by the County Judges and Commissioners Association of Texas and the Agricultural Extension Service.

Attending from Floyd County was Judge J. K. Holmes.

Texas. Attendance is expected to be larger than the large turnout last year in Plainview which exceeded 800.

After the catered lunch is served in the Civic Center, John Kendrick will give the president's report. The election of directors and officers will immediately follow President Kendrick's report.

Green And White On The Basketball Court

WHIRLWINDS, AGAINST ESTELLINE... Todd Wester adds two points for the Whirlwinds in their 76-43 victory over Estelline. (Staff Photo)

Whirlwinds Destroy Estelline 71-43

The Whirlwinds destroyed Estelline 76-43 here Tuesday night to mark up their first win in the second round of basketball competition. The first half ended with the Whirlwinds having a comfortable 21 point lead over Estelline. The halftime score was 40-19. Jack Gregory paced the Whirlwinds hitting 17 points, Connie Bearden and Todd Wester each hit 11 points.

Whirlettes Smash Estelline 50-31

The Whirlettes smashed Estelline here Tuesday night 50-31. At the half, the Whirlettes led Estelline 20-8 and remained in the lead during the remainder of the game. Top scorers in the non-district game were Marilyn Harris with 17 points, Cindy Ward with 15, and Betty Allen added 10 points to the final tally.

Frona Takes Whirlwinds 65-50

Frona dropped the Whirlwinds Friday night in Friona 65-50. Friona was behind at the end of the first half 24-22. Top scorers in the game for the Whirlwinds were Steve Pucket and Connie Bearden. Pucket hit 15 points and Bearden scored 10.

Frona Edges Whirlettes 59-58

Frona edged the Whirlettes Friday night in Friona 59-58. The two teams matched each other point for point during the district bout with the Whirlettes leading at halftime 16-15. Leading scorers in the game were Marilyn Harris with 26 points and Cindy Ward with 22 points.

Lockney Defeats Junior Varsity

The Jr. Varsity lost to Lockney 30-16 last Thursday. Lockney held the Jr. Varsity to four points in the first quarter of play and the half ended in Lockney's favor 28-17. Frank Watson hit 21 points for the Jr. Varsity followed by Mike Moore with nine points and Joe Thurston with eight points. The leading rebounder was Joe Kimble with 16.

COUNTY AGENT'S CORNER

by Joe Wilson

CAPROCK, FROM PAGE 1

D. W. FYFFE was in the office yesterday and he was showing me a copy of the Missouri Republican newspaper printed back in October 14, 1868. If I get time this week, I'll browse through the newspaper and see what interesting items we can reprint. Here's a fellow with all sorts of relics, antiques, old pictures, documents, that should be in a museum somewhere. . . and I fear that they are going to deteriorate before they can ever be preserved.

I UNDERSTAND THAT Wendell Daniel liked Johnny's Sausage so much when he was here visiting that he took several sacks back to New York with him. And, while we're on a breakfast subject, I want to tell Cager Carmack that his new styro-foam egg cartons are real neat. Still on the subject of breakfast, I recommend you use Pete Switzer's Mrs. Baird's bread for the toast.

I HIKED through some of the beautiful caprock breaks last Sunday to get a picture of the Thunderbird jet that crashed. Visited with two Hesse airmen who were guarding the wreckage. One of them was from Maryland, the other from Detroit. One remarked, "Boy, this is sure beautiful country. . . didn't know there was anything like this in West Texas. . . saw a big buck deer go across the canyon awhile ago." I told him there were also mountain sheep, wildcats and coyotes around.

ONE OF THE HIGHLIGHTS of the press clinic in Lubbock was a talk by Harold Hudson, publisher of the Perryton newspaper. Harold was talking about writing editorials on local situations. He gave a brief summary of editorials he has written since 1951. Some of his editorials resulted in action. . . some didn't. This is sorta consoling to me. I know you can't win 'em all, an editorial writer is doing pretty good if he can bat .500. . . just be right half of the time.

I have had some editorials that resulted in action, some haven't. I'm going on the seventh year of an editorial campaign that still hasn't got results. . . some tennis courts for the school system. But. . . I still have hopes.

I WAS VISITING with a lady over at Lubbock and told her I was from Floydada. She said, "I always buy my new cars in Floydada. I saved \$800 on the last one I bought there this year." Man, it does me good to know that some of that Lubbock money is coming this way.

FLOYDADA SEEMS to be having a small epidemic of "mononucleosis." Every Wednesday, when we finally get the Hesperian to the press, I get that tired worn out "mono" feeling. But, then again, it may just be tired blood. . . or old age creeping up on me. May need to buy me some Hadacol or Geritol. . . or a little warm weather and fishing might help my "mono."

I PICKED UP A new Aggie joke at the press clinic. The Aggie approached the train conductor, poked a pistol in his belly and said, "take me to Cuba!"

THIS WEEK WE NEED two front pages. . . several important items, we just can't emphasize enough: Be sure to vote Tuesday in the city sales tax election, be sure to attend the import water meeting Friday, don't miss the chamber banquet Friday night, and the Red Cross and Civil Air Patrol need your help in getting organized Monday night.

CONGRATULATIONS to the eighth grade Breezer girls' basketball team on winning district. May you continue to be winners as you enter high school next year.

I SUPPOSE I HAVE spent eight hours in water meetings and writing about these meetings in the last week. Most of the discussion has centered around a small tax to promote a canal to pipe water from the Mississippi into West Texas. Any kind of taxes are extremely unpopular in this day and time, yet the men who are working in this water import area, can see that this is a necessity. Every community needs leadership with vision and an outlook for the future of its people. And it certainly takes a lot of faith and people with wisdom to plan and spend money now on water that may not get here for another 15 to 20 years.

However, some day these efforts will be appreciated by our children or grandchildren. This week my hat is off to these men with vision and faith. . . my hat is off to the citizen who called me last night from Tulla asking, "what's holding up this Mackenzie water project?"

BOY, I'M GLAD I don't have to borrow some money now. We had a specialist in the appraisal field for Southwestern Life Insurance Co. speak at Rotary yesterday, and he said that long term "big money" like on purchasing farms or houses is now 7 3/4 to 8 percent.

His name is Ray Dabenton and he also teaches appraising at WSU. His talk was very interesting, as he outlined methods of appraising different types of property. Shucks, I can remember when I bought my first farm on 4% interest. . . interest is inflating too. But, I thought interest was supposed to stop inflation. Here's hoping.

TOO LATE TO CLASSIFY

TREE SURGEONS OPERATE... The trees surrounding the courthouse are being pruned to assure an attractive lawn in future years. (Staff Photo)

School Board Extends Principal's Contracts

The Floydada school board extended the contracts of all school principals until 1972 during its regular monthly meeting Monday night. The new contracts included Charles Tyer, Bob Copeland, A. W. Coltharp, W. P. Nicholson and assistant high school principal and athletic director Preston Watson.

In other business the board reviewed its insurance program and gave the go ahead on study for increasing the school's vocational agriculture department with special emphasis on tractor and industrial motor repair. The Hesperian will publish more on this study next week.

Order for the April 5 school board election will be made this week. The terms of Jack Stansell and Ralph Johnston are up. Deadline for filing for the school board election is March 4, absentee voting begins March 16.

All board members were present except Bill Hale.

WHIRLETTES AGAINST ESTELLINE. . . Marilyn Harris hits two points for the Whirlettes in Tuesday's game against Estelline. (Staff Photo)

Junior Varsity Boys Beat Hale Center

The Jr. Varsity Whirlwinds beat Hale Center Monday 75-46. The half ended with the Whirlwinds on top 42-26. Top scorers in the game were Frank Watson with 25 points, Larry Beaver with 12 points and Ricky Biggs with 11 points. The leading rebounder was Joe Thurston with 12 rebounds.

Breezettes Win District

The 8th grade girls defeated Abernathy by a score of 53-19 to win the district championship. Sherry Harris led all scorers with 27 points for the winners while Kim Campbell had 12 points. Debra Smith was again the leading rebounder. The team ends its season with a record of 13 wins and 2 losses, including the district winning record of 9-1. The Lockney team finished second behind the Floydada girls.

The Abernathy 8th grade boys defeated the 8th grade Breezers by a score of 40-32. Jay Jones had 8 points and Erick Jones had 7 points for the Breezers. The team's final season record stands at 7 wins and 10 losses including a 4-6 district record. The Olton 8th grade boys team won the district championship in the boys' bracket.

The Floydada 7th grade boys defeated Abernathy in their last game of the season by a score of 29-11. Mike Muniz had 9 points and Mike Hatley had 6 for the winners. The team ends its season with a record of 5 wins and 2 losses.

The 7th grade girls lost to Olton by a score of 25-16. DeAnn Wilson led the team with 11 points. Pauline Cooper had 8 rebounds and 4 steals to lead the defense. The team's season record ends at 5 and 3 including 4-1 in district.

The 8th grade Breezettes defeated Olton 34-31 last Thursday in a make up game. Karen Shipmen led in scoring with 22 points. Kim Campbell and Debra Smith led in snatching important rebounds. This put the team's record at 12-2 including 8-1 in district play.

The Breezers were defeated by Olton 46-26. Greg Patzer led Floydada in scoring with 8 points. Floydada had beaten Olton earlier in district play. cattle feedlots in Floyd County is very high at the present. At 1:30 p.m. Dr. Allen Weise, Agronomist in weed research from the Great Southwestern Experiment Station at Bushland will talk on chemical control of weeds in cotton and grain sorghum.

Dr. Weise's talk will be followed by Tom McFarland of the High Plains Underground Water District. McFarland will talk on tailwater control. His presentation will begin at 2:00 p.m. Jim Vallent of the High Plains Research Foundation at Halfway will talk on bench leveling and water conservation practices to be used under irrigation.

At 3 p.m. an informal visit with the afternoon speakers will be held for farmers to discuss their individual problems. The Soil Fertility Day will adjourn at 3:30 p.m. The morning chairman for the event is Joe Foster of Lockney. An afternoon chairman has not been selected at this time.

City Council Covers Several Items Of Business

The Floydada city council worked late Tuesday night in handling a large agenda of business. Possibly the biggest item of business was approval of repaving some 40 blocks this summer in the street improvement program. Some business items were also scheduled for repaving. The council also decided to go ahead on paving Crockett Street in the 300 block.

The council approved an election order for councilmen and mayor on April 5. The terms of Mayor Leonard Matsler and Councilmen John Smitherman and Louis Anderson are up. Deadline for filing for these offices is March 4.

The council approved publication of a public notice making it unlawful for all unlicensed and abandoned vehicles, trailers, etc. to be on vacant lots in the city limits. This action was in cooperation with Floydada's beautification program. The city has a new count on water meters and according to this report, the council approved the number of 4812 as the population figure to be used on city limit signs.

All councilmen were present except John Smitherman and Junior Simpson. He refuted the claim that bigger school districts would automatically provide better education for students. "Merit bigness is not an absolute guarantee of excellence," he said. "The Little Red School House Committee has been formed to awaken rural landowners and residents of small communities to the unseen dangers of forced consolidation and to acquaint legislators in Austin with the feelings of the rural people of Texas," Schreiner said. In addition to the erosion of rural communities following the closing of their schools, Schreiner said that other adverse effects would include the bussing of students often many miles away; elimination or serious curtailment of many outstanding programs designed primarily for rural schools, such as vocational agricultural and vocational homemaking programs; the elimination of athletic teams from Class AA and below, with the resultant loss of identity for those communities and a decrease or entire elimination of a voice for the rural residents on school boards which will result in urban areas. Tuesday, the Little Red School House Committee and all certainly want the best education possible for young people of the Harris Schreiner said. "I don't believe that this merger in Red ced consolidation," Emma U quiring the elimination Mrs. Cl ly 900 school districtly afterno as, is the answer," Mrs.

Sexton Praises Caprock Facility

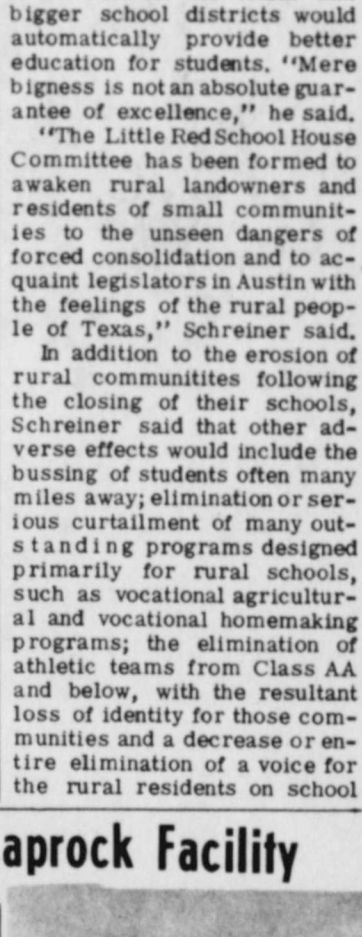

Gayland Sexton, medical technician at Caprock Hospital, offered nothing but praise of the modern up-to-date facilities at Caprock Hospital, in an interview Saturday.

Sexton said that all routine lab chemistry tests can be made at "Caprock" plus a wide range of other facilities make the hospital fully equipped to care for every need.

"One of the machines that I am particularly proud of is the thyroid tester. The machine tests the amount of thyroid in the system to determine the needed treatment for the patient," said Sexton. Thyroid difficulties are common to young and old alike and many people with thyroid difficulties don't realize that they can be treated at Caprock, he said.

Sexton joined the staff at Caprock Hospital in April of 1968 after spending six years at the Crosbyton Hospital. He received his training at Methodist Hospital in Lubbock, working under the direction of Jim Moore, the chief technologist at Methodist Hospital.

He plans to continue his education at the University of Texas at Dallas. Sexton is married and has two children. He plans to continue his education at the University of Texas at Dallas. Sexton is married and has two children. He plans to continue his education at the University of Texas at Dallas. Sexton is married and has two children.

CRASH SCENE ON COGDELL BROS. RANCH (STAFF PHOTO)

A Thunderbird Has Fallen, But Pilot Will Soar Again

By SAM ALLRED
The official reaction to the loss of one of the Air Force's famed Thunderbird jet fighters near Floydada Sunday centers on two main points: thankfulness that the pilot was not seriously injured and pride in the over-all safety record of the group.

ded safely 9 miles north of the community of Flomot. Capt. Steve Murata, Nellis Air Force Base information officer for the Thunderbirds, said Monday Maj. Musser had returned to Nellis and was being examined by the base flight surgeon.

themselves experts before they were chosen. Because there are no replacement pilots trained for the six aerobically trained, the group will not perform until Maj. Musser is well.

countryside for every shred of evidence relating to the crash. The Reese information office said the aircraft would be brought out of the canyon and reconstructed in a hanger at Reese or Nellis.

Air Force Thunderbirds... During air show

LEGAL NOTICES

NOTICE IS HEREBY GIVEN THAT ALL PERSONS, FIRMS OR CORPORATIONS KEEPING, STORING OR PLACING JUNK CARS AS HEREIN SET OUT IN ORDINANCE NO. 431 OF THE CITY OF FLOYDADA, INCLUDING ALL PERSONS, FIRMS OR CORPORATIONS WHO CLAIM ANY INTEREST IN SUCH JUNK CARS, SHOULD COMPLY WITH ORDINANCE NO. 431 AS HEREINAFTER SET OUT IN FULL.

AN ORDINANCE MAKING IT UNLAWFUL FOR PROPERTY OWNERS, OCCUPANTS OR LESSEES TO KEEP, STORE OR PLACE JUNK CARS ON LOTS OR PROPERTY IN CERTAIN AREAS IN THE CITY OF FLOYDADA, TEXAS, PROVIDING A PENALTY FOR VIOLATION OF THE PROVISIONS THEREOF, EXEMPTING CERTAIN AUTOMOBILE GARAGES FROM THE EFFECT OF THIS ACT, AND DECLARING AN EMERGENCY, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FLOYDADA, TEXAS, THAT:

Section 1. It shall be unlawful for any person, firm or corporation to keep, store or place junk cars, as that term is herein defined, on property owned, occupied or leased by such person, firm or corporation within the Corporate Limits of the City of Floydada, Texas. Section 2. Junk cars are defined as motor vehicles or any part, fender or chassis thereof, not in operable condition and which have no current license plate or which have a license plate more than one year old.

What would happen is this," said Capt. Murata. "The major would activate a pair of handles and his chute. The canopy of the aircraft blew off on schedule and he was ejected from the aircraft still in his seat. An automatic timer then opened his seat belt and he separated from the seat and landed by parachute.

An accident investigation team was at the site of the crash, about 20 miles east of Floydada, early Monday to begin study in the cause of the crash. Since the precision team was formed 16 years ago, eight pilots have been killed and several aircraft lost.

The F100D cost \$650,000 when they were first produced in 1956, but normal depreciation would make the loss much less now, according to Capt. Murata. "These aircraft amass quite a number of flying hours during a normal exhibition season," said the information officer. "They are used not only for the exhibitions but are used to transport the team from site to site."

Capt. Murata said there had been only one accident before an air show audience since the group was organized, and that most of the accidents happened while the aerial demonstration team was training. "The Thunderbirds spend all of January and February in a normal practice season," he said. "They will perform about 60 practice flights before starting on tour in March."

The most tragic training accident occurred in October of 1968, when two of the Thunderbirds collided and a pilot and observer in one aircraft were killed. The second pilot managed to land his jet safely at Nellis.

Only two months before that accident, two Thunderbirds collided over an auxiliary airfield 60 miles west of Las Vegas but both pilots ejected safely. When the team does go on the road, they travel 200 days out of the year. They have been seen in over 1,000 performances before 60 million persons in 45 countries.

The pilots serve a two-year tour of duty with the Thunderbirds," said Capt. Murata. "Their business is to determine capabilities common throughout the Air Force." The team flies as a team, and there is no provision to replace a pilot if he is ill.

The Thunderbirds attended 107 air shows last year with everyone well," said Capt. Murata. "When there are 100 applicants a year for three flying positions, a man has a lot of incentive to stay well." The men performing the close air maneuvers at speeds up to 750 miles an hour receive no special rank or money for the precision flying.

It is quite an honor throughout the Air Force to serve with the Thunderbirds," said Capt. Murata. "All the pilots have at least 2,000 hours flying time and maybe more. If they receive promotions it is because they have proven themselves experts before they were chosen."

Each aircraft has periodic maintenance, when it is necessary to use a different plane, but that is about the only time they change," he said. And what of the depreciated \$650,000 aircraft now occupying the bottom of a canyon in the Texas Panhandle? "The investigation teams from Reese Air Force Base at Lubbock and Nellis are combing the

But, like in show business, the Thunderbirds will keep flying, and continue to amaze thousands of air show audiences with the exactness of their aerial maneuvers. It is for others to say why one of their trusted aircraft plunged to the earth. They are happy the pilot will be flying again.

Each aircraft has periodic maintenance, when it is necessary to use a different plane, but that is about the only time they change," he said. And what of the depreciated \$650,000 aircraft now occupying the bottom of a canyon in the Texas Panhandle? "The investigation teams from Reese Air Force Base at Lubbock and Nellis are combing the

But, like in show business, the Thunderbirds will keep flying, and continue to amaze thousands of air show audiences with the exactness of their aerial maneuvers. It is for others to say why one of their trusted aircraft plunged to the earth. They are happy the pilot will be flying again.

PILOT EJECTS SAFELY

Thunderbird Falls Near Cedar Hill

A veteran member of the Air Force Thunderbirds, a precision flying unit was forced to eject over rugged canyon country east of Cedar Hill Sunday, but suffered only a wrenched back.

Major Stanton R. Musser of Nellis Air Force Base, Nev., ejected from his F-100 D jet fighter about 11:20 a. m. and landed safely nine miles north of the community of Flomot. About a minute after he ejected the jet crashed in the edge of the caprock east of Cedar Hill, on the Cogdell Bros. ranch.

A spokesman for the aerial demonstration team at Nellis A.F.B. said Maj. Musser was forced to eject when his aircraft apparently experienced engine and control failure. John Speer of Flomot, who saw the pilot eject from the

Local ranchers were called to help extinguish small grass fires which erupted near the site of the crashed plane. The jet crashed on a flat piece of ground near the edge of a large canyon. The crash site was accessible only on foot, and Air Force observers said it would be extremely difficult to remove the wreckage.

No buildings or livestock were threatened in the crash. Skid marks near the crash site indicated the plane traveled less than 25 yards on the ground.

Sid McFall, who works on the ranch, said he heard "explosions in the air," and saw "two big clouds of smoke."

"Once I was sure where the plane crashed, I jumped in the pickup and called the air force base," he said. Crash investigators from Reese were on the scene by 1:30 p.m. and stationed guards at the wreckage. Although scattered pieces were visible as far as one-half mile away, the wreckage was contained almost completely within a 25-yard area.

Airman Richard Dickerson and Airman I.C. Stan Paja, on duty guarding the wreckage at 5 p.m., said guards would remain on duty until salvage operations could begin.

The remaining three members of the flight, which was traveling from Fort Worth to Albuquerque, landed at Reese following the accident.

Musser, a native of Gettysburg, Pa., has more than 2,700 hours of flying time, including 1,900 in the F-100 D.

He and his family live at Nellis Air Force Base, home of the famous aerial demonstration team. Spokesmen there said an accident investigation board is being convened to determine the specific cause of the aircraft's failure.

Speer, whose telephone Musser used to call the air base, said he understood the pilot to tell officials his "compressor stalled and his fire light came on."

RALLS EXPLORER SCOUTS SPONSOR ENTERTAINMENT

Recently CBS paid VIRGIL and JULIE over \$3,700,000 to appear for ten minutes on a national television special from the Ed Sullivan Theatre, Broadway, New York. It was necessary for the studio to fly Virgil and Julie with their baggage, over 6000 miles for this one brief appearance.

The act that was so sensational as to attract this attention from the network was the "London Spirit Seance." This act was developed by Virgil and Julie over a period of years and featured by them on a fabulous five-year tour completely around the world.

Those who have seen Virgil and Julie on television will remember their "London Seance" as an unbelievable and hilarious ten minutes of top entertainment.

"The London Seance" will be just one of the many acts that will be presented during the Virgil and Julie two-hour performance of "One Fantastic Night."

This unusual entertainment is being sponsored by the Explorer Scouts and will be presented at the Ralls High School Auditorium at 8 p.m. on March 5.

Tickets are now on sale by members of the Explorer Post 333 of Ralls who expect to fill the auditorium to capacity and they advise everyone to get their tickets early.

Making The Drag By Janie Willson

Hi, I am sorry the Drag hasn't been in the paper these last two weeks but I have been ill and couldn't write it. I hope you will bear with me.

Floydada High School is really busy this Friday. The Student Council is having election of officers this Friday. This year's candidates include: Jack Gregory and Kelly Smitherman are running for president, while Larry Beaver and Joe Kimble are both trying for the vice president's position. Judy Probasco and Judy Jameson are running for secretary. The campaign speeches will be Friday morning and voting will begin at noon. We are all wishing each of them the best luck!

The FTA had a party Monday night. The FTA'ers played games and each enjoyed a wonderful time. The seniors are having their annual Valentine party this Thursday.

Saturday night the juniors, sophomores and freshmen are sponsoring the all-school party for the senior class. The seniors won this honor by coming in 1st place in the Spirit Contest which was held during football season.

If you happen to see a new blue 1969 Chevelle zooming down the drag and a bright eyed short teacher driving, get out of the way - it's Janet Milam in her new car.

Keep smiling! See you on the drag! Janie Willson

Federal Land Bank Association logo and text: Serving America's Farmers: Providers of Plenty. LONG TERM, LOW COST loans with a repayment plan geared to meet each individual's requirement.

Oldsmobile advertisement for the 88 Escape. Text: Join Oldsmobile's Great 88 Escape. Step into the big-car world without overstepping your budget. Even a pushbutton ashtray. They're little things that make the big things about an 88 that much more enjoyable. The smoother, softer ride on its new, longer, 124-inch wheelbase. The quiet comfort of that roomy, big-car body. And the big, responsive Rocket V-8 engine. Go let an Olds dealer show you: you're closer to Olds than you think. Escape from the ordinary at your Oldsmobile Dealer's.

OBITUARIES

Mrs. Heim

A former Floydada resident, Mrs. Maggie Harper Heim, 89, was buried in Paducah Cemetery Monday following funeral rites in the First Baptist Church at Canyon. She died Saturday afternoon in a rest home in Canyon. She was the mother of Mrs. James Burke of Elm Springs, S. Dak., daughter-in-law of Mr. and Mrs. D. W. Burke of Floydada.

Mrs. Heim was a native of Osceola Hill County and had lived in Canyon since 1957, when she moved there from Floydada. Her husband, Jesse L. Heim, operated General Auto Supply, Eastern Paducah Light Co., and the Wells Fargo Agency at Paducah before he retired in 1945. At that time the family moved to Floydada. He died in 1954.

Mrs. Heim was a member of the First Baptist Church in Canyon, Social Pioneer Club and a member of the Eastern

Star.

Survivors include one son, John of Austin; two daughters, Mrs. James Burke of Elm Springs, S. Dak., and Mrs. Joe Gibson, Canyon; four grandchildren and one great grandchild.

Mrs. Cohen

Mrs. Flora Ella Cohen, 50, former resident of Burkburnett and sister of Mrs. Artie Ward of Floydada, died last Thursday while being taken to a hospital in Seattle, Wash.

Funeral rites were held Sunday in the First Assembly of God Church in Burkburnett with burial following in Randelett, Okla.

Among survivors are her husband, two daughters, her mother, Mrs. T. S. Pruitt of Burkburnett; three brothers, six sisters and 12 grandchildren.

Attending the funeral from this area were Mr. and Mrs. T. U. Linch, Mrs. Artie Ward, Mr. and Mrs. Delmas McCormick, all of Floydada; Bill and J. W. Ward, Mr. and Mrs. Virgle Turner and Mr. and Mrs. Willie Turner, all of Lubbock.

Roy Hill

Funeral rites were held Saturday in the Rose Chapel of Gilliland Funeral Home in Hereford for Roy Hill, 70 year old former Floydada resident. Hill died Thursday night in Deaf Smith County Hospital following a lengthy illness.

He was born in Salina, Kan., and moved to Hereford from Floydada in 1949. He was a retired city employe, a veteran of World War I and a Baptist.

Survivors include his wife, Ora; three sons, Winston of Hereford, Burford of Farwell and Clifford of Whittier, Calif.; two daughters, Miss Eury Jo Hill of Hereford and Mrs. Hovey of Lazear, Colo., and 13 grandchildren.

Mrs. Standifer

Mrs. Vernon McPeak flew to Modesto, Calif., last Saturday for the funeral of her mother, Mrs. George Standifer, 77, who died the previous Friday night after a lengthy illness.

Mrs. Standifer was a former longtime resident of the Sandhill Community. Her husband died some three years ago.

Mrs. McPeak is among ten children who survive.

"THOROUGHLY MODERN MILLIE" (2-D) The styles for flying are 1923 and the girls in front of their favorite biplane are Julie Andrews, Carol Channing and Mary Tyler Moore in Ross Hunter's production of "Thoroughly Modern Millie," a Universal pictures romantic comedy with music photographed in Technicolor. Showing Sunday and Monday at the Palace

Lucy Cogdell, daughter of Mr. and Mrs. Ralph Cogdell of Floydada, was among Texas Tech students on the Dean's Honor list the past semester. Lucy, who is majoring in French, made a 3.75.

LUCY COGDELL ON DEAN'S LIST

Lucy Cogdell, daughter of Mr. and Mrs. Ralph Cogdell of Floydada, was among Texas Tech students on the Dean's Honor list the past semester. Lucy, who is majoring in French, made a 3.75.

Mrs. Beard

Funeral rites for Mrs. Naomi Beard, 72 year old Lubbock resident, formerly of Floydada, were held Thursday in the Pioneer Park Church of Christ in Lubbock. Mrs. Beard, ill less than a week, died the previous Tuesday in a Lubbock Hospital.

She moved to Lubbock from Floydada in 1939 and had resided here some 26 years. Survivors include Eugene Beard of Spokane, Wash., and Fred Beard of Snyder; one sister; three brothers; four grandchildren and three great grandchildren.

VICKIE NORWOOD ON DEAN'S LIST

Mrs. Vickie Norwood, daughter of Mr. and Mrs. Malvin Jarboe of Floydada, was on the Dean's Honor list this past

semester at Texas Tech, with a 3.56 average. Mrs. Norwood is a senior at Tech and is doing practice teaching.

Ralph Wayne Introduces Bill To Teach English To Pre Schoolers

Representative Ralph Wayne of Plainview today introduced a bill that would provide for the teaching of English to non-English speaking pre-school children. Co-sponsor of the bill is Representative Raul Longoria of Edinburg.

Provisions of the bill would allow either five or six-year-old pre-school children to take the language course which

would be offered for a maximum of four and one-half months.

Funding for the proposed language instructional program would be under the Minimum Foundation program of the Texas Education Agency which requires local school districts to pay 20% of the costs and the state of Texas to pay the remaining 80 per cent.

"Heretofore, non-English speaking youngsters have had great difficulty keeping up scholastically with their classmates as they progressed through school," Wayne said. "The ultimate goal of this bill is to give every non-English speaking child in Texas an opportunity to be able to learn to speak, read, and write English at the earliest possible grade level," said Wayne.

Floyd County Youngsters Place In El Paso Show

Floyd County was well represented last week in El Paso, with 15 youngsters exhibiting 38 head of livestock.

Becky Copelin, daughter of Mr. and Mrs. Bob Copelin, placed first with both of her Angus heifers. Kay Russell exhibited two Hereford steers in the show. Her light weight placed 9th and her medium weight placed 7th. Kay is the daughter of Mr. and Mrs. James Ed Russell. Floyd County had 10 steers and 2 heifers in the show.

In the swine show Marketa Sisson, daughter of Mr. and Mrs. Joel Sisson had the 5th place medium weight crossbred barrow. Lee Snor, son of Mr. and Mrs. C.L. Snor exhibited the 2nd heavy Hampshire barrow and Judy Probasco showed the 2nd heavy weight crossbred barrow.

Mitch Probasco showed the 6th heavy weight Southdown lamb in the sheep show. Judy and Mitch are the daughter and son of Mr. and Mrs. K.E. Probasco. Randy, Willie, and Charlie Patterson will be exhibiting swine in the San Antonio Livestock Show this week.

FFA MEMBER WNS THIRD Mike Bishop, member of the Floydada FFA Chapter, received third place honors in the "heavy cross division" at the El Paso stock show last week. Bishop also placed eleventh in the light weight duroc and ninth in the middleweight hogs. Other FFA members who entered stock in the show were Steve Craig, Mike Simpson and Gregg Sessom, Joe Jones and Scott Simpson.

Mrs. Nash

Funeral rites for Mrs. Rhoda Mary Nash, 76 year old Childress resident and sister of L. G. Withers of Floydada, were held yesterday in the First Baptist Church in Childress. Mrs. Nash died Monday afternoon at her home.

She was a native of Godley, Tex., and moved to Childress in 1922 from Vernon where she and her husband, D. O. Nash were married in 1920.

Survivors include her husband, one daughter, one brother and four grandchildren.

Charlie Smart

A former Floyd County resident, Charlie Smart, 70, was buried in Parkland Memorial Gardens in Plainview following rites there Friday in Lemons Chapel. He died Wednesday night of last week in the Plainview Hospital after an illness of some three years.

Smart was a native of Plano and married there to Mildred

TWO THURSDAY, FEBRUARY 13, 1969 PAGE ONE

County Population Estimated At 12,600 Persons

Estimated 231 more persons resided in Floyd County on 1968 than on the same date in 1960. These figures were revealed by "Texas Business Review," a 1968 census credited this county with 12,600 residents. "Business Review" estimates that 12,600 individuals in Floyd County home last April 1. The increase was 21.4 per cent since 1960, the population of Texas has grown about 22.3 per cent. Except for that of California - a 22.3 per cent - Texas' rate of growth was larger than that for any other state having a population of 10 million or more in 1968. The growth of the population in the current decade is less than in either the 1940's or the 1950's. Population growth since 1960 has not been uniform over the state, rates being noticeably higher than those for rural areas. The number of persons living in standard metropolitan areas grew by 18.2 per cent, while the nonmetropolitan population grew by only 5.4 per cent. As a result of these substantially different growth rates metropolitan population now comprises 71.4 per cent of

Texas' population compared with 69.0 per cent in 1960. However, population centers such as Midland, Idessa, Brownsville-Harlingen-San Benito and McAllen-Pharr-Edinburg show decreased population. Over 54 per cent of the 1960-68 growth occurred in the Dallas-Ft. Worth and Houston areas. Per cent of increase during the eight-year span for other area counties includes: Briscoe, -0.9; Castro, 3.5; Crosby, 2.1; Deaf Smith, 4.7; Dickens, -1.8; Hale, 2.8; Kent, -0.4; Lamb, -0.5; Lubbock, 3.0; Lynn, -1.8; Randall, 6.6; Swisher, 1.9; Yoakum, -1.7.

SIX FLOYD MEN REPORT FOR MILITARY SERVICE

Six men from this county reported Monday and Tuesday for induction into the armed forces. They are Ira F. Henderson, Ricky J. Adams, James D. Thomas, Edward D. McKinnis, John M. Chavez, and Kenneth R. Coleman.

They were among 24 men reporting from Texas Local Board No. 45, which includes Floyd, Swisher, Hale and Motley counties.

Other called for induction were: Swisher County - Richard L. Ballenger, Leroy Dick Jr.

Hale County - Ireneo Cantu, Joe S. Roberts, Michael A. Chesser, Leonard W. Baker, Lucio Ramos, Kenneth E. Scroggins, Ronny M. Gray, Johnny L. George Jr., James W. Stout Jr., Gary N. Bennett, Mariano C. Escobedo, Alton W. Goree, Robert E. Haney, Ernest E. nine other teams in April.

The April tournament will be held at Bethany Nazarene College at Bethany, Oklahoma. The team involved will be from the states of Arkansas, Louisiana, Oklahoma and Texas. Quizzing is over the book of Acts.

BEN BARNES, Austin, Lt. Governor of Texas, has been announced as Chairman of the 1969 Easter Seal Campaign in Texas. Herman W. Baker of Sherman, President of the Texas Easter Seal Society, said Lt. Governor Barnes will lead over 20,000 volunteers in the annual appeal for funds. The 1969 campaign will be conducted March 1 to April 6.

Buckner, Joe Mitchell, Terry R. Hall. The local board was ordered to forward 42 men for pre-induction physical examinations on the same dates.

BOY SCOUT WEEK

59th ANNIVERSARY

Scouting points the way to good citizenship!
In the Scout Laws, a boy finds a code of
conduct that will serve him well all his life.

Through Scouting boys learn the obligations and
rights of citizens in a free land. Many will
become leaders of tomorrow. We feel secure
in the knowledge that they will uphold the high
ideals of our democracy. Let's offer them our support.

THIS MESSAGE IS BROUGHT TO YOU BY THESE CIVIC-MINDED FIRMS AND ORGANIZATIONS:

<p>A SCOUT IS TRUSTWORTHY</p> <p>A Scout's honor is to be trusted. If he were to violate his honor by telling a lie, cheating, or not doing a given task entrusted to his honor, he is not being a true Scout!</p> <p>FLOYDADA REAL ESTATE & INSURANCE</p>	<p>A SCOUT IS LOYAL</p> <p>He is loyal to all to whom loyalty is due, his Scout leader, his home and parents, his country. He shows respect to grown-ups, to the flag and helps in community projects.</p> <p>RUSSELL'S SHOP & EQUIP.</p>	<p>A SCOUT IS HELPFUL</p> <p>He must be prepared at any time to save a life, help injured persons, and share in his home duties. He must do at least one Good Turn for somebody every day.</p> <p>SUPERIOR CLEANERS & STORAGE</p>	<p>A SCOUT IS FRIENDLY</p> <p>He is a friend to all and a brother to every other Scout. He meets people with a sincere smile on his face and an outstretched hand. His friendliness is contagious.</p> <p>BUILDERS MART</p>
<p>A SCOUT IS COURTEOUS</p> <p>He is polite to all, especially to women, children, old people, and the weak and helpless. He must not take pay for being helpful or courteous. He shows appreciation.</p> <p>MARTIN & CO.</p>	<p>A SCOUT IS KIND</p> <p>He is a friend to all animals. He will not kill nor hurt any living creature needlessly, but will strive to save and protect all harmless life. He seeks to know wildlife.</p> <p>ODEN CHEVROLET CO.</p>	<p>A SCOUT IS OBEDIENT</p> <p>He obeys his parents, Scoutmaster, patrol leader, policemen, and all other duly constituted authorities. A Scout must learn to obey before he can learn to lead.</p> <p>DANIEL AUTOMOTIVE</p>	<p>A SCOUT IS CHEERFUL</p> <p>He is a friend to all and a brother to every other Scout. He meets people with a sincere smile on his face and an outstretched hand. His friendliness is contagious.</p> <p>WYLIE PETROLEUM</p>
<p>A SCOUT IS THRIFTY</p> <p>He works faithfully, wastes nothing, and makes the best use of his opportunities. He saves his money so that he can pay his way. He is generous to those in need.</p> <p>GOEN & GOEN</p>	<p>A SCOUT IS BRAVE</p> <p>He has the courage to face danger in spite of fear. He will stand up for right against the coaxing of friends or the jeers and threats of his enemies. He scorns defeat.</p> <p>FEDERAL LAND BANK</p>	<p>A SCOUT IS CLEAN</p> <p>He keeps clean in body and thought; stands for clean speech, clean habits; and travels with a clean crowd. He practices clean sportsmanship and a clean outlook.</p> <p>CAPROCK HARDWARE</p>	<p>A SCOUT IS REVERENT</p> <p>He is reverent toward God, faithful in religious duties, respects the convictions of others in matters of custom and religion. He serves God in his everyday actions.</p> <p>GARNER WEEMS SPEED QUE LAUNDRY & DRY CLEANING</p>

Sin Titulo

By Juan Salinas

Gracias a la bondad y el interes del Senor Wendell Tooley, se ha podido dar principio a esta nueva edicion al periodico del Pueblo. Nosotros nos sentimos contentos de que podemos servir en esta nueva area.

Sabia ud. que el Senor Fidel Castro, el dictador de la Ha- vana, esta ganando \$2,500.00 por cada avion norteamericano que aterriza en la pista de San Marti? Sabia Ud. que el Senor Castro esta ganando mas de \$30,000.00 por mes sin tener que trabajar, ya que son muchos los aviones que son llevados a la fuerza hasta Cuba.

Por alla en un pueblecito cerca de Monterrey, Nuevo Leon, nacio el Senor Jose Garza. En el ano 1903 el Senor Garza cruzo la frontera e hizo su hogar en la ciudad de San Antonio, Texas. Allí nacieron todos sus hijos. Como Todo padre el temia de que sus hijos tendrian que ir a las fuerzas armadas para servir al Tio Samuel. Y tambien como todo padre temia el momento cuando llegara el mentado telegrama. Hace dos semanas le lleo el maldito telegrama donde le informaban que su hijo, Jose Garza Jr. habia muerto en el frente de batalla.

El Senor Garza se apesadumiro tanto que ni ganas tenia de ir a trabajar, ni a comer, ni a dormir. El lunes dia tres de febrero dando un paseo por el solar de su casa se empapo de gasolina y se prendio un serlillo. Por supuesto, esto termino con su vida. Hoy, el Senor Jose Garza, y el joven Jose Garza Jr. estan muertos. El ultimo murio defendiendo su patria y el primero por tristeza pena, y desconsuelo. Dios ampare a esa familia.

Quiero ponerlos al tanto de la situacion en el centro social, en la escuela Della Plains. Nuestra raza nunca podra levanta- rse hasta que aprenda a mezclarse con los demas. Tenemos varias clases que hemos empezado y podemos decir que ser- vimos solamente a cuatro latino-americanos. Cuantos, de los nuestros, no saben leer o escribir? Se estan dando clases muy simples de ingles que estoy seguro que todos los que no saben ni escribir ni leer deberian de tomar esta oportunidad para que aprendan. Mire, un servidor, nunca pensaba en que pudiera hablar por radio. Pero ya ven todo se puede en esta vida. Me toma aproximadamente dos horas para preparar el noticiero de sies a siete minutos de largo. Asi es, que se toma tiempo y paciencia pero se puede hacer. Asi es que si Ud. no puede leer este articulo entonces Ud. debe inscribirse en las clases de ingles y luego a la de espanol.

Tambien estamos dando la oportunidad a todos para que se especializen en mecanografia, que es escribir a maquina, y aqui tambien solamente encontramos a dos o tres. Hemos tenido juntas y es donde se ha visto un poco el interes. Cuando oigan de alguna junta para mejorar la comunidad Uds. sean los primeros en tomar parte ya que solos nada podremos hacer. Vamos a tomar ventaja de todas las situaciones que nos den la oportunidad de mejorar nuestras vidas.

Alli en el cuarto 207 de la Corte del Condado tienen Uds. una magnifica oficina ya que alli se ayuda a los residentes como a los migrantes. Esta oficina es la oficina de salud para los mi- receiving their badges that have passed their tests at this time are Mike Marble, Larry Brad- ford, Randy Calahan, Rance Young, Stanley Nicholson, Steve Pritchett, Mike Reves, Gary Sanders, Marc Kinslow, Ronnie Stewart and John Mark Trice. Maury Probasco and Zach Cummings hope to have taken their tests by the time of the meeting.

The Boy Scouts are also planning a camping trip on Fri- day. They plan to leave Friday after school, spend the night at Camp Haynes, and return on Saturday. Camp Haynes is lo- cated east of Silverton.

The Floydada High School faculty elected the most out- standing students of the senior class to represent Who's Who for the annual. They elected four senior boys and four girls. The ones from our community were Phil Kinslow, son of Mr. and Mrs. E. J. Kinslow, Zach Cummings, daughter of Mr. and Sara Stanforth, daughter of Mr. and Mrs. Billy Stanforth. Con- gratulations to you all.

A 4-H meeting was held in the home of Navolia Kinslow on the 27th of January with nine members present. Pam Pro- basco, daughter of the Don Pro- basco's, was nominated for 4-H Sweetheart for this community. Ballots will be sent out for the council delegates of all com- munities to select one district sweetheart to represent the 4-H clubs at the Fat Stock Show in March. Good Luck, Pam.

Rance Young and Maury Pro- basco celebrated their birth- days Sunday afternoon in Plain- view. Those going and enjoying games of bowling and eating supper out were Randy Cala- han, Steve Pritchett, John Mark Trice, Steve Kinslow, Larry Bradford, Marc Smitherman, Gary Sanders, Mike Reves, Mrs. Don Probasco, Mr. and Mrs. Deral Young, and hon- orees, Rance and Maury.

Those from here enjoying square dancing Saturday night in Tulla were Messrs. and Mmes. Glen Wood, Don Bean, Button Beedy, Mike Wood, and Shelby Calahan. The Boots and Slippers Square Dance Club will meet Saturday, the 15th at Sil- verton with Jack Thompson calling.

grantes, o el Migrant Health Office. En esta oficina encontra a personas como a las dos muy amables enfermeras como a la Senora Billie Jordan y Evelyn Ulmer, que dan de su tiempo, energias, y su carino para aquellas personas que necesitan su ayuda. El Inspector del condado el Senor Choise Smith, la secretaria Beverly Kincer, y la ayudante de enfermeras la Senorita Maria Ascevedo. Estas personas tienen todo el interes de ayudar aquellas personas que llenan los requisitos. En esta oficina Ud. puede inocular a todos sus ninios y no le cuesta a Ud. ni un solo centavo. Por que no tomar ventaja de esta oportunidad. Nos quejamos de que el Doctor cuesta mucho y cuando tenemos estas oportunidades tambien las dejamos ir. Vaya por esta y conozca a estas almas de Dios. Ud. es el beneficiado. Si Ud. sale a los trabajos fuera de este condado, entonces Ud. es reconocido como un migrante y tiene derecho de recibir aun mas ayuda que los demas que son residentes.

Si Ud. no sabe escribir aprenda, y si no sabe leer aprenda. Todos los dias por la estacion del Radio local se estan teniendo unos programas de clases de espanol. Estas clases son pre- paradas por el distinguido Reverendo Jose Gomez Mendiola. Ojala que Ud. este tomando ventaja de este programa, que lo hara hablar y escribir mejor que lo que ha hecho en el pasado. No deje de escribir una tarjeta de gratitud al Rev. Mendiola por sus esfuerzos de mejor al pueblo.

Al Senor Locutor de la estacion de Radio de esta localidad, el Senor Mario Luiz Martinez, queremos por medio de esta nueva edicion del periodico darle nuestras mas sinceras gra- cias por su amabilidad de prepararse para presentarnos sus muy buenos programas por esta estacion. Por los esfuerzos que hace para llevar hasta nuestros hogares la dicha y la feliz de la cual invade su hogar propio. Esperamos que el Senor Martinez continúe luchando para darnos de su brillantes, entu- siasmo, y personalidad. Mucho éxito, Senor Martinez.

Me preocupan mucho, los ninios. Muchos de nuestros ninios, especialmente los que estan en primero y segundo grado todavia no saben escribir ni leer en ingles ni en espanol. Pero como van a aprender los inocentes, si nosotros como padres no sabemos tampoco. Si ud. no sabe consiga a una persona de confianza que le ayude a sus ninios para que no se vayan a quedar en el mismo grado y a la vez para que se vayan mejorando.

Mucho de nosotros somos del valle y nos llenamos de orgullo y con mucha razon por que por alla es mucho muy bonito. Por alla vemos palmas, flores, arboles frutales de muchas clases, verdura, y tantas cosas que por aqui no hay. Tambien sabemos que muchos de los nuestros son propietarios y tienen sus cases, y sus solares muy bien arreglados. Ya que nosotros somos de por alla vamos a dar un buen ejemplo de donde somos y tengamos flores en la primavera, y mucho muy arreglado el resto del ano. A nosotros por razones muy desconocidas nos gusta juntar tablas, barrotes, carocellas, llantas, botes, y tantas cosas y llenamos nuestros solares de un sin fin de cosas que los hacen verse muy feos. Vamos a costumbrarnos a hacer un cuartito o un pozo para meter todo lo que queramos. Vamos a dar una buena impresion al vecino, y a nosotros mismos nos dara un suspiro de satisfacion si vamos limpio el lugar donde juegan nuestros ninios.

El lunes por la noche en la escuela Della Plains, fue agaza- gada la Senora Anita Navarro, Esposa del Senor Joe Navarro de esta localidad. La Senora Navarro dio muchas de sus horas de vida para el bienestar de los ninios. Ella sin esperar nada de nadie se preparaba, estudiaba y se desvelaba para que nuestros hijos aprendieran las cosas basicas y fundamentales

que ellos necesitan para anivelarse al ano escolar y de aquellos que les llevan la delantera. Gracias a la Senora Navarro, FABULA DEL DIA

Los bienes y los males Prevaliendose de la flaqueza de los Bienes, los Males los expulsaron de la tierra, y aquellos subieron a los cielos. Una vez allí preguntaron a Zeus cual debia ser su conducta con los hombres. Les respondió el dios, que no se presentaran a los mortales todos juntos, sino una tras otro. Esta es la causa de que los Males, que viven entre los hombres, los asedian sin descanso, en tato que los Bienes, como descienden de lo alto, solo se les acercan de tarde en tarde. Enseña esta apologo que el Bien se hace esperar, pero que a diario nos alcanzan los Males.

Les voy a suplicar que por favor me escriban al cajon 381, en esta ciudad, o a la estacion de radio, o a las oficinas de este periodico. Quiero que me mande informacion que Ud. crea sea interes para el publico. Si tiene su hijo en el ejercito, o en la guerra mandeme decir y digame en donde esta para que se les mande una tarjeta. Si tiene a alguien de su familia en el hospital, pues tambien digame. Todo lo que sea de nuevas mandeme decir y lo pondre en el periodico como en el radio. Hasta la otra - Su amigo Juan Salinas

Devotional of the Month

Life Includes Suffering.....Hope

The "Good News For Modern Man," translation of the New Testament, translates John 16:33b; "The world will make you suffer. But take courage! I have defeated the world."

What one desires his life to be is one thing. What it actually is is another thing. The Lord was aware of this, and thus tried to warn His followers in advance that they should expect certain things to be a part of their experience. For one thing He said, "The world will make you suffer."

Suffering is not life as we would desire it to be, but rather life as it actually is. At some time, in some way - suffering, grief, sorrow, become definite parts of life for all. One does not choose to suffer, or not to suffer. That's the nature of life for all at some time as Tennyson has said, "Never morning wore to evening, but some heart did break." No one knows when bereavement may be his lot. Who can predict when bereavement may become a personal experience? Who knows what a day may bring forth? Therefore, the wise approach to life is to prepare in advance for whatever life may bring. How, then, do we prepare for sorrow, grief, and suffering?

First of all, we can learn to accept it as one of the universal facts of life. No one escapes it. There is a false way of looking at life which would have us believe that all is beautiful, sweet, and lovely. That any trouble that comes is only an illusion, and has no real place in the scheme of things. Those who take this position must part company with the teachings of the Lord of life for He made it as plain as it can be made: "The world will make you suffer." That's the truth of the whole matter. There it is, and it is there for all.

A good woman became bitter following a series of tragedies and kept asking why these tragedies should happen to her? One day when she was bitterly complaining, the question came to her. "Why shouldn't they happen to me? The worst life can bring happened to the best Person who ever lived."

Secondly, we can attempt to understand the nature of the experience. Doctors often mention that grief is accompanied by feelings of guilt for many. They blame themselves for what happens, especially when they have lost a loved one. They feel they have failed, or in some extreme cases they may feel they are responsible in some way for the death. A reminder that a sense of guilt is often characteristic of grief and sorrow will be a great help.

Too often the Old Testament idea that adversity is a sign of sin causes us to believe that God is simply punishing us for some evil. We would do well to remember that while sin brings suffering, all suffering is not necessarily due to sin. The proof of that statement is found in Christ: He was sinless, but how He did suffer! He was a man of grief, acquainted with sorrow.

Thirdly, we are told today that it is important that grief be allowed to express itself. It is an emotion, and if bottled up and not allowed to come out, it can cause much trouble to the spirit and the physical. Fortunately, our Lord does not stop by teaching the world will make us suffer. He continues - "But take courage! I have defeated the world." Having made allowance for the negative, He moves to the positive. No where are we promised sorrow, trouble, and grief will not come our way, but how often are we assured of His presence, His love, His grace which is sufficient. He has defeated the world and in Him is our victory and release. We can also remember that whatever we lose, we can be grateful for the precious moments we have already had. And finally, for the Christian, the loss is never eternal. If this is our Father's world, and it is, we can take courage in knowing that whatever happens, we can never drift beyond His love and care. That is our hope, our comfort, our strength in every hour of need.

10-Year Water Plan

Great Big 'IF' Hangs Overhead

Warrior Between Crosbyton And Floydada

Artist Encampment might wet IF... and big IF... the re-velled Texas water to pass. Ambitious plan to im-er from the Missis-er below New Orleans a reality, it is just at a lake from north-crosbyton would back to the Baptist Encamp-Blanco Canyon. The total estimated cost, at today's prices, is roughly \$10 billion. Texas would have to put up about \$3 billion of his over a 50-year period. This staggering amount is more than the total yearly cost of state government now. And as usual, Uncle Sam will be asked to fork over a sizable amount of the cost. If the plan is junked, more than \$10 million goes down with it. Director Howard Boswell of the Texas Water Development Board, and Boswell's associates have spent an estimated \$10 million since August, 1964, on the proposal.

gelo-Snyder area, on to El Paso and New Mexico supplying 1.5 million acre feet yearly. More than 65 new reservoirs are proposed to store 52 million acre-feet of the water. This is where Crosbyton and the Floydada area come into the picture. One of the largest of the reservoirs would be in Blanco Canyon. The total estimated cost, at today's prices, is roughly \$10 billion. Texas would have to put up about \$3 billion of his over a 50-year period. This staggering amount is more than the total yearly cost of state government now. And as usual, Uncle Sam will be asked to fork over a sizable amount of the cost. If the plan is junked, more than \$10 million goes down with it. Director Howard Boswell of the Texas Water Development Board, and Boswell's associates have spent an estimated \$10 million since August, 1964, on the proposal.

This map by the Texas Water Development Board shows the water problem for the state in 2020. It shows surface water available; also deficiencies.

R. FARMER, MR. BUSINESSMAN, BE PREPARED TO ATTEND THE WATER IMPORT MEETING FRIDAY AT 2 P. M. IN THE DISTRICT COURTROOM IN FLOYDADA.

Lumber Demands Are Pressured By Increased Costs, Exports

AMES L. SRODES (UPI)—Edgar W. Stinson said, "it's a heap of lumber in a make it home," if he surveyed the housing market. Lumber is still the dominant material used in home-It is also getting to be the most expensive item on the charge sheet. Prospects for 1969 are much encouraged according to government story observers. National Association of Builders report noted the an ordinary 2 x 4 board per cent in the last 12 while the cost of better

grades of white spruce have soared as much as 85 per cent. This was all accomplished while the housing market recovered from its 1966 collapse and began working itself up to a 1.5 million unit rate. The effect on lumber prices in 1969 when the housing rate climbs to a 1.6 million or 1.7 million unit level is a source of growing concern to both government and industry. The Commerce Department in its annual survey of businessmen's views on the year ahead pointed to a 1.7 million housing start rate and warned the 1968 Housing Act goals for stepped-up public housing construction could add even greater pres-

ures on prices. Exports to Japan And the government has every right to be worried about lumber prices in the wake of industry charges that lax restrictions on Japanese imports of American timber are the prime culprit. Log exports to Japan have risen from 100 million board feet in 1960 to 2 billion feet in 1968 with every sign of an increase in 1969. The outflow has been concentrated in the Douglas fir region of Oregon and Washington with resulting higher prices for American buyers while saw mills in the region shut down because of the lack of raw

materials. The response to protests last spring by the Commerce, Interior and Agriculture Departments was to argue whose responsibility it was to solve the problem. Only at the insistence of the then Oregon Sen. Wayne Morse was any remedy taken—an amendment to the Foreign Aid Act in April limiting sales of unfinished timber on federal lands in the region to 350 million board feet per year. The law was extended to cover all western federal lands in October. The restrictions brought charges of too little-too late from

the National Association of Home Builders, the construction industry in general and the lumber and timber dealers who will continue to feel the price pressures. The pressures, of course, will continue to mount with lumber production expected to increase to 36.3 billion board feet. This leaves more than 4 billion feet which must be imported from Canada to meet the nation's growing demand for lumber for homes and businesses.

NEW EDUCATIONAL BENEFITS FOR WIVES, WIDOWS OF VETERANS

Public Law 90-631 authorizes the Veterans Administration to provide educational assistance to widows of servicemen killed in service, and to widows of Veterans who die from service-connected causes. This Law also provides the same benefits for the wives of Service-connected Veterans who are rated permanently and

Highway Patrolmen Needed

An invitation has been issued to any high caliber young men of this area who feel they can compete for the position of patrolman with the Department of Public Safety. "The opportunity exists for several men to meet the challenge of the rigid qualifications for patrolmen in the four field services - Highway Patrol, License and Weight, Drivers License, and Motor Vehicle Inspection," Major Luther Moore said today. The DPS Commander stated, "If you are good enough, we can use you; however, we do not want anything but the best. If you cannot meet our standards there is no need of applying for the positions." Assignment to one of the totally disabled. The Law amends Chapter 35, Title 38, United States Code. Contact: D. G. Ayres, County Service Officer, Floyd County, Bishop Building, Floydada, Texas 79235.

above services will be made on the basis of aptitude, interest and ability at the conclusion of a period of intense basic training. Then specialized training in the assigned service will be given to those that qualify after which a home station will be designated," Moore said. Applicants must be between 20 and 35 years old, at least 68 inches tall, weigh not less than two pounds or more than 3 1/2 pounds per inch of height, and be in sound physical condition. They must have a high school education or the equivalent and their record must be able to stand rigid examination pertaining to character and citizenship. Selection procedures will include written and oral examinations. "The law enforcement field is a challenge to young men who are seeking a career, and the Texas DPS is rated among the top law enforcement agencies in the world," Major Moore said.

The Book Nook

The books reviewed in Book Nook are available in the Floyd County Library.

"The Hidden Persuaders" by Vance Packard... Vance Packard informs the reader of new techniques that are being used by ad agencies to coax the consumer into buying certain products.

Motivational researchers are considering every aspect of the psychological motives that make us buy and then manipulating the public into creating markets for the product.

The book will give the reader a new awareness of the methods being used in the art of persuasion.

"Masters of Deceit," by J. Edgar Hoover... The Director of the Federal Bureau of Investigation explains the startling facts about the major menace of our time, communism: what it is, how it works, what its aims are, the real danger it poses, and what loyal American citizens must know to protect their freedom.

Hoover shows the day to day operations of the Communist Party in an informative and complete story of American Communism.

"The Affluent Society," by John Kenneth Galbraith... In this book a versatile economist examines current ideas and attitudes in the study of economics.

Galbraith contends that America's present concept of economics is outdated and that these standard ideas call for strict revision in order to assure a stable economy for future generations.

Wayland Homecoming

PLAINVIEW - "Around the world in 60 years" is the theme for the Wayland College homecoming Friday and Saturday (Feb. 14-15).

Several hundred ex-students are expected for the two days of festivities on the campus of the 60-year-old college.

The traditional alumni chapel at 10 a.m. Friday in Harral Memorial Auditorium, site of most of the programs, will launch the day's round of activities that will include reunions.

MRS BAIRD'S

Stays Fresh Longer

ion of the class of 1949, homecoming banquet and coronation of the homecoming queen and presentation of the musical comedy Brigadoon that night.

Mrs. Harold Reese, Plainview, graduate of the class of 1949 which this year's homecoming will honor, has been chosen coming home queen and will be crowned at the alumni banquet.

A parade through downtown Plainview at 10 a.m. Saturday, a noon barbecue, a baby parade, sing-out and buffet supper will highlight the final day's program.

The Hutcherson Flying Queens cage team of Wayland will contest the John F. Kennedy College, Wahoo, Neb., Friday and Saturday nights.

Saturday night the Wayland Pioneers will go against Midwestern of Wichita Falls. All games will be in the Plainview High School gym.

NEWS FOR HOMEMAKERS

by Sherry Mullin
Floyd County H. D. Agent

Adaptable cabbage is a good buy this time of the year. When buying cabbage, choose a solid head that is fairly heavy for its size. Closely cropped heads with only three or four wrapper leaves are the least wasteful.

Cabbage is a popular source of Vitamin C served raw or cooked. If you object to the well known cooked cabbage odor, don't cook too long. The odor is released only when the cabbage is overcooked. For best flavor and to save vitamins, cook it only until crisp tender.

The 15 minutes will cook quartered wedges. Less time is needed for shredded cabbage. To prepare for cooking remove the outer green wrapping leaves, quarter or shred it. Cook in a very small amount of salted, boiling water.

GARDEN SLAW (made with gelatin celery seed dressing) (This salad will stay crisp and good several days in the refrigerator. Its stay-crisp secret is a bit of gelatin in the dressing which coats the vegetables and keeps them from wilting.)

8 cups shredded cabbage (use knife)

2 carrots, shredded

1 green pepper, cut in thin strips

1/2 c. chopped onions

3/4 c. cold water

- Mix shredded cabbage and carrots, green pepper and onion; sprinkle with 1/2 c. cold water; chill.

- Use gelatine celery seed dressing recipe found below.

- Drain vegetables; pour dressing over top; mix lightly until all vegetables are coated with dressing. May be served immediately. Or store in separate pieces. Makes 8 servings.

Gelatin Celery Seed Dressing (a good dressing for vegetable salads especially coleslaw)

1 envelope unflavored gelatin

2/3 cup sugar

2/3 cup vinegar

2 t. celery seeds

1 1/2 t. salt

1/4 t. black pepper

2/3 c. salad oil

- Soften gelatin in 1/4 c. cold

water
- Mix sugar, vinegar, celery seeds, salt and pepper in saucepan; bring to boil. Stir in softened gelatin. Cool until slightly thickened; beat well. Gradually beat in salad oil.

Easter Seal Society Helped 17,622 In 1968

A record 17,622 crippled children and adults were helped during 1968 by the Easter Seal Society for Crippled Children and Adults of Texas, according to Mrs. Neida Thayer, who serves as the Easter Seal Representative for Floyd County.

Of the total, 11,390 children and 6,232 adults received treatment and other rehabilitation services financed mainly by contributions made during the Easter Seal Appeal, she reported.

These contributions made possible medical diagnosis, physical and occupational therapy, speech and hearing programs, special education classes, and other services to rehabilitate handicapped children and adults. Wheelchairs, walkers, braces, and other special equipment were also provided.

The Easter Seal Society in Texas helps support 21 treatment facilities where children and adults are treated without regard to their ability to pay. Mrs. Thayer added that the Easter Seal Society is continually seeking children and adults who can benefit from rehabilitation treatment and services offered by the society. As Easter Seal Representative, she is the person to contact

Wayland Presents Musical Comedy

PLAINVIEW - The Wayland College division of fine arts will join in presentation of "Brigadoon," musical comedy on the Harral Memorial Auditorium stage February 13, 14 and 15.

More than 50 actors, orchestra and chorus members will

PIONEER NATURAL GAS TO PAY DIVIDENDS

At a meeting of the Board of Directors of Pioneer Natural Gas Company held in Amarillo February 4, C. L. Wall, chairman of the board and president, announced that consolidated net income of Pioneer Natural Gas Company and subsidiaries for 1969 amounted to \$6,699,845 from operating revenues of \$54,934,461 compared to consolidated net income in 1967 of \$7,902,706 from operating revenues of \$56,074,441. Earnings per share amount to 93¢ on the 7,201,320 shares outstanding at the end of 1968. This compares to \$1.10 per share for 1967 and 92¢ per share for 1966.

The Board declared a regular quarterly dividend of 20¢ per share payable March 4, 1969, to stockholders of record at the close of business on February 21, 1969.

The company's annual report to the stockholders and proxy statements will be mailed about March 15, 1969.

for Easter Seal Services. She may be contacted at the First National Bank, Box 550, Floydada, Texas 79235.

The Easter Seal Society has provided treatments for children and adults suffering from Arthritis, Cerebral Palsy, Stroke, Multiple Sclerosis, Muscular Dystrophy, Polio, Speech Disorders, Hearing Conditions, Accidental Injuries and many other conditions. Mrs. Thayer also announced that the 1969 Easter Seal Appeal would open March 1 and run through Easter Sunday, April 6, 1969. Lieutenant Governor Ben Barnes is campaign chairman for the State.

have parts in the production, said Jerry Watson, instructor in speech and drama at Wayland, director. The International Choir under direction of Michael Lamkin, instructor in music, and the orchestra directed by R. C. Davidson will provide the music. Students in the art department under direction of Bob Dunaway, assistant professor of art, will assist with stage settings. Sue Deaton, Clovis, N.M., is stage manager.

Among the favorite songs in "Brigadoon" are "Almost Like Being in Love," "The Heather

WE DO NOT BELIEVE THAT A CITY SALES TAX IS GOOD FOR FLOYDADA AND THE PEOPLE IN ITS TRADE AREA

Business is very competitive among the South Plains of Texas. Floydada merchants need every advantage they can get in selling merchandise... and the people in Floydada would certainly support a city sales tax if they did not pay a sales tax in Floydada.

We feel that Psychologically, the tax is not a good decision. Every citizen burdened with taxes, income tax, time is at hand.

Floydada can be unique in being the only city on the South Plains where you can vote "NO" to a city sales tax.

Vote "NO" to a city sales tax in Floydada February 18.

PAID POL. ADV.

Installing Gas Air Conditioning is a

Snow Job

Put in Gas Air Conditioning in the winter... and beat the rush that always starts on the first hot or dusty day. This spring, while the crowd's all steamed up waiting for overworked installers, you'll be cool, calm and collected... enjoying the benefits of the smart air conditioning buy... economical gas air conditioning. Quietly cools your whole house for what you may have been paying to cool two or three rooms. You'll save on repairs, too, because gas air conditioning has no major moving parts to wear out.

And the payments... forget 'em until May 1st.

Call Pioneer tomorrow. A representative will be glad to put on his overcoat and come tell you just what it will take to convert your present forced air heating to comfortable, efficient Gas Air Conditioning. It costs you nothing to get a complete cooling survey of your home or business.

PIONEER NATURAL GAS

NOW IS THE TIME

FOR YOUR 1969
