Floydada Joins Other Cities In Gas Rate Fight

Mayor Calls Council Meeting

In a special called meeting of the Floydada City Council Tuesday night the council joined 24 other area cities led by Lubbock to go to court and protest the proposed natural gas rate increase request by Pioneer Natural Gas Company.

The council adopted a resolution to file an official protest of the rate hike with the Texas Railroad Commission.

The rate increase is from 28¢ to 34¢ per cubic feet of gas, almost a 25% increase.

The rate is classified as a "gate rate" which is the cost of transporting natural gas to the city limits.

Pioneer Natural Gas serves 66 towns and communities in this area.

It is probable that more than 24 of the 66 will join the protest this week. Towns that do not join the protest will of course be subject to the increase. Towns who join the protest effort and share in the \$35,000 to \$50,000 costs will of course not suffer the increase if they win the hearing.

Costs for the staff of rate, engineer, accountant, legal specialists will be prorated to each city according to amount of meters in each city.

Floydada's share could amount to six or seven hundred dollars. . . and it could be much less than this if more area cities join the protest.

A hearing on the request has been scheduled for November 4 before the RRC.

OTHER BUSINESS
In other business the council visited with members of the volunteer fire department working on specification for a

new fire truck. It is anticipated that bids will be let in December for the new truck and it will possibly take six months for it to be built.

The council also agreed to release bids for a new police car and pickup. Bid notices appear in this issue of The Hesperian.

All councilmen were present except Wayne Russell and Jr. Simpson.

Hearing Postponed Until Nov. 24

AMARILLO, TEXAS - October 29, 1969...At the request of various cities, Pioneer Natural Gas Company has asked the Railroad Commission of Texas to postpone the hearing on Pioneer's gas rate adjustment application until Nov. 24, according to an announcement made today by K.B. Watson, senior vice president and general manager.

eral counsel for the company. The gas rate will apply to cities on Pioneer's West Texas System only, and will have no immediate effect on the current gas rate to consumers. "Several communities wish to be represented at the hearing called by the Railroad Commission and felt that the hearing date of November 4 would not afford them the necessary time," Watson said.

According to information received by Pioneer, a group of cities have formed a steering committee made up of 12 representatives from the various communities. A representative

NFO To Organize November 4

An organizational meeting has been called at the Floydada High School auditorium Tuesday night, November 4 at 8 p. m. for the NFO (National Farmers Organization).

Don Kimball, state NFO president from Amarillo will be the featured speaker at the meeting. A charter will be issued for the county, officers will be elected and individuals will be selected to work in commodity groups.

Farmers who derive a major part of their income from a particular commodity will be asked to serve on the various commodity groups.

The NFO comes from an Act of 1922. "The NFO is the only answer and deserves the credit for better prices for livestock and all agricultural production," says Louis Sorensen, Mason City, Neb. "There are too many farmers and ranchers who haven't heard of the Capper Volstead Act of 1922 which gives agriculture a legal right to organize and put a price tag on its production equal to the cost of production plus a reasonable profit."

A local spokesman for NFO told a Hesperian reporter this week, "This is a meeting of the stockholders of the largest business in Floyd County, the farming business. Invited are all farmers, their wives, business men, bankers and everyone connected with agri-business in any manner."

"It should be obvious to every farmer that with everyone else organized and with volume buyers purchasing farm products, that individual farmers can not compete. THEY MUST WORK AND ACT TOGETHER.

This means collective bargaining for American agriculture is a necessity. Farmers have the strength to meet their problems but that strength is worthless unless it is used in an organized effort.

The challenge to farmers is to be businessmen and put a price tag on their products together. This challenge can only be met through the NFO.

The NFO is not asking farmers to desert their present farm organization, but join NFO for the purpose of uniting their production and pricing their production together. The NFO is continuing to make progress. This progress can only be as fast as the farmers unite their strength and their production. The progress is evident NFO has pioneered collective bargaining in agriculture. The NFO has now established organizations in 48 states.

Production - bargaining - selling - together. Uniting strength and production together.

STOP - THINK - ACT
The future of agriculture can be only as bright as farmers themselves make it. NFO is leading the fight for farmers. It takes farmers' support and farmers' production to meet farmers' problems.

Join NFO today and be a part of this business-like effort for the American farmers."

Bill Race New Floyd Farm Bureau President

Bill Race, farmer from the Irick community, was elected president of the Floyd County Farm Bureau at a director's dinner in Lamplighter Inn Tuesday night.

Race is a graduate of Lockney High School and well known in the northern and western part of the county. He was reared on a dryland farm east of Lockney and is now farming irrigated land.

He is president of the Lockney young farmers, a Sunday School teacher and a Lockney civic worker.

Vice president is Boyce Mosley of the Sterley community and secretary-treasurer is Jim Jackson of the Harmony and Floydada area of the county.

Retiring president Neil Bertrand has resigned from the board and appointed Jerry Battey of the Lakeview community to take his place.

He succeeds Jimmy Willson. Jake Webb, manager of the Southwestern Public Service Company was elected vice president and Clay Henry, president of the First National Bank was re-elected secretary-treasurer.

Hale & Hale Insurance announced this week that they would be moving their offices a few doors north of the present location to 106 S. Main before November 1.

They have purchased the building that was formerly part of the Caprock Hardware building, located between Dysons and Stewart Printing.

Sammy Hale said the building was purchased from John Stapleton, and is undergoing some remodeling before occupancy.

Olton Mustangs Gallop Into Whirlwind Corral Friday

A standing room only crowd is expected Friday night when the Olton Mustangs gallop in to Wester Field for a crucial 3AA football contest.

The kick-off is at 7:30 p.m. Floydada athletic director Preston Watson reports that advance tickets for the game are available at his office at high school. He also said that some reserve seat tickets are available for the Olton contest and for the remainder of the season.

The Whirlwinds go into the game with a perfect 7-0 record, Olton carries a season record of 4-2-1.

Floydada coach L. G. Wilson has had his eye on the Mustangs since last July when he forecast they would be contenders for the championship. Wilson said that although Olton lost about 20 players via graduation last year, they know what

it is to be champs (last two years winners of district 3AA). Olton has only lost one district game, that to Abernathy 27-21, a night when six starters were out due to sickness and injury. Olton also has a big feather in its cap. . . beating Dimmitt a couple of weeks ago.

It appears that some sort of passing duel may be in store as the Whirlwinds' Jack Gregory and the Mustangs' Steve Stockdale have outstanding records in this department.

Of course the weather. . . if it remains wet, could turn the contest into hard nosed running plays.

"Our kids are coming along a lot quicker than we thought they would," commented Olton's first-year head coach Jerry

Curb Side Garbage Pickup

According to an announcement made yesterday by Floydada city manager Bill Feuerbacher there will only be curb side garbage pickup until the wet weather subsides.

The residents of Floydada are asked to cooperate with this plan of garbage removal. Feuerbacher also said that the new hours at the city dump grounds are now 8 until 6, due to the change back to central standard time.

Wildcatters Down 6,000 To 8,000 Feet

Despite cold rainy weather Floyd County's three wildcatter gas or oil wells continue to drill toward an estimated 11,000 feet.

According to a report Sunday the wildcatters have reached the following depths:

Cockrell Corp. No. 1 D. H. Moss (700 feet from south and east lines) Sec. 48, Blk. D-2, GC&SF Sur., drilling 8,194 feet.

Cockrell Corp. No. 1 Rose Thomas (700 feet from south and east lines) Sec. 12, Blk. K, &GN Sur., drilling 8,559 feet.

Cockrell Corp. No. 1 W. E. Karstetter (2,940 feet from north and 710 feet from West lines) Sec. 66, Blk. 1, AB&M Sur., drilling 6,277 feet.

Children Asked To Trick Or Treat Tonight

Children in the Floydada area are being asked to do their door-to-door trick or treating tonight (Thursday) instead of the usual date, October 31. Mothers feel this would be a better time due to the conflicting date of the football game tomorrow night between Olton and Floydada.

Most school Halloween parties have already been held with the exception of the one tonight at Andrews Elementary School. Children are invited to attend this event either before or after your tricks or treats.

Floyd County Bank Deposits And Loans Down A Little

According to an October 21 state bank call Floyd County's two First National Banks were down in deposits and loans over a similar call on October 30 last year.

The Floydada First National Bank was down in deposits from last year's \$11,130,294.68 to \$10,986,471.19. The bank was also down in loans from last year's \$4,830,303.21 to \$3,367,137.48.

The Lockney First National Bank was down in deposits from last year's \$7,569,176.59 to

\$7,173,711.75. The bank was also down in loans from last year's \$2,902,822.79 to \$2,770,575.66.

In looking at the background on the banking reports it is evident that no cotton money has been deposited, very little soybean money and many farmers have not decided to sell their grain sorghum that is stored in the elevators.

Floyd farmers have received almost \$15,000,000 in government payments and much of this has gone to the banks.

Salvation Army Drive Will Include Mother's March November 9

According to a report from the Rev. C. B. Melton, Salvation Army fund raising chairman, the drive will be completed with a Mothers' March on November 9.

Rev. Melton said he was pleased with the response to the drive, but he still did not have

reports from 17 of the workers. Mrs. Dwayne Grimes will head up the Mother's March which will be conducted on Sunday afternoon November 9. She will select captains and organize the drive in order that every resident of Floydada has an opportunity to share in the fund.

OBITUARIES

GRADY PARKER

Grady Parker

H. G. (Grady) Parker, local furniture salesman and owner of Parker Furniture in Floydada and Lockney, died Friday night about 10 o'clock at his home on California Street after an apparent heart attack. Parker died at the age of 77 years, nine months and 23 days.

Funeral rites were conducted Sunday afternoon in the First United Methodist Church in Floydada with Rev. C. B. Melton, pastor, officiating.

Parker was born in Buffalo, Tex., January 1, 1892. He and Minnie Belker were married June 23, 1912 in Buffalo and moved to Floydada from there in 1919. He was a furniture salesman and also worked at Harmon Funeral Home before going into his own furniture business in 1941. He was a member of the Methodist Church.

Survivors include his wife, one son, Newell Parker, Floydada; one daughter, Mrs. Herschel Swepston of Floydada;

Mrs. Mary Finley

Services for Mrs. Mary Ophelia Finley, 90 year old long-time Floyd County resident, were held Saturday afternoon in the First Methodist Church. Mrs. Finley died Friday morning at 6:50 in Caprock Hospital.

She was a native of Bell County, born Nov. 29, 1878. She and W. H. Finley Sr. were married July 4, 1897. The couple moved to Floyd County in 1909. Finley died October 31, 1947. Mrs. Finley was also preceded in death by four children. She was a member of the Methodist Church.

Survivors include two sons, W. H. Finley Jr., of Floydada and John Finley of Plainview; three daughters, Mrs. Marie Talley of Hindsville, Ark., Mrs. Maple Richie and Mrs. Lila Collum, both of Lamesa; 13 grandchildren, 30 great grandchildren and four great great grandchildren.

Rev. Melvin Mathis officiated for the rites. Interment was in Floydada Cemetery under the direction of Moore-Rose Funeral Home.

J. W. Armstrong

Services are set for this afternoon at 1 o'clock in Lubbock's Oakwood Baptist Church for John W. (Fred) Armstrong, 60 year old former Floyd County resident. Armstrong died yesterday morning at 6 o'clock in West Texas Hospital after a lengthy illness.

He was born at George's Creek, near Cleburne, Tex., and had been a resident of Lubbock for the past 20 years. Armstrong was an insurance and security broker, and a member of the Oakwood Baptist Church and Mackenzie Masonic Lodge.

Survivors include his wife; three daughters, Mrs. Carolyn Hemphill of Dadds Ferry, N.Y., Mrs. Linda Bowers and Mrs. Sharon Simpson both of Dallas; one grandson; one brother, Truman Armstrong of Irving and two sisters, Mrs. Floy Hewlett of Glenrose and Mrs. Art Cravens of Fort Worth.

Rev. John Swinson will officiate for the rites. Graveside and burial services will be read at 11 o'clock Friday morning at George's Creek.

FLOYD DATA

Jack Henry was able to return home from Lubbock Methodist Hospital last midweek where he underwent surgery for a subphrenic abscess. He is reported to be doing nicely and returns twice weekly to Lubbock for medical attention. The Henrys' son, Major Jack Henry, stationed at Montgomery, Ala., visited his parents during his father's hospitalization. Mrs. Henry's sister, Joyce Herd of Dallas, has also been here and leaves for home today.

Mr. and Mrs. Clarence Guffee visited at Spearman over the weekend with their daughter and family, Mr. and Mrs. Robert Ragsdale and son.

NEWS FOR HOMEMAKERS

by Sherry Mullin
Floyd County H. D. Agent

In 2800 B.C. a Chinese emperor proclaimed the establishment of a ceremonial ordinance for the planting of rice.

Today some might support an ordinance for eating rice considering the many advantages it offers to the modern homemaker. It's easy to fix, goes great with just about everything, and is one of the world's most nourishing grains.

Most people probably think of rice as a grain that's served hot with a meal or in a casserole. This is not the case for when it's used in delightful, tasty desserts. Just to prove it try this recipe.

CREAMY RICE PUDDING

Mix 1/2 uncooked rice, 2 1/2 cups milk, 1/4 cup sugar, and 1/2 teaspoon salt in the top part of a double boiler. Cook, covered, over boiling water one hour, until liquid is absorbed and rice is tender. Stir often. Blend in 1 teaspoon vanilla. Serve Creamy Rice Pudding directly from the cooking pan, or if you like, spoon into dessert dishes and chill before serving. Makes 6 servings.

PEACH BRITTLE TOPPING:

This topping is to be used on cooled or chilled Creamy Rice Pudding. Whip 1/2 pint heavy cream 1 cup finely crushed peanut brittle candy, 1 can (1 lb. 13 oz.) sliced peaches, drained (reserve 8 slices (1/4 teaspoon salt and 1 tablespoon lemon juice. Spread Topping over cooled or chilled pudding. Garnish with the reserved peach slices.

Some people like rice fluffy and dry, firm yet tender, with each grain standing out separately. Some like it more moist so that it packs together easily. Moist rice is best if you're going to make a ring mold or patties or croquettes—they hold their shape better with moist rice. The directions given below tell how to cook rice either way.

Prepared by these methods, 1 cup of uncooked rice makes about 3 cups cooked, enough for six servings.

SHORT BOIL METHOD - for firm, tender rice:

1 cup uncooked rice
2 cups water

1/2 t. salt
1/2 t. bland cooking fat or oil
Stir rice into rapidly boiling salted water, add cooking oil or shortening to reduce foaming. Bring back to the boiling point, and lower heat until the water is just bubbling. Cover tightly and cook slowly 20 minutes. Turn off the flame or remove the pan from direct heat, and let stand 10 minutes, covered tightly, for the rice to finish cooking in its own steam.

For a softer cooked rice, increase water to 2 1/4 cups and cook slowly for 25 minutes. Remove the pan from direct heat and let stand 10 minutes, covered tightly. Serve hot.

For a pleasing salad try Chicken-Avocado-Rice Salad. 2 tablespoons lemon juice
1 1/2 cups cubed avocado
1 cup cooked rice
1/2 cup finely chopped celery
1/2 teaspoon finely chopped green onion
1 teaspoon salt
2 tablespoons sour cream
2 tablespoons mayonnaise

Pour the lemon juice over avocado. Combine the remaining ingredients, add avocado mixture, and toss lightly. Chill. Serve on a crisp lettuce leaf. Six servings.

Do not wash rice or drain it after cooking. Cook in just enough water so that it is ready to serve when done. Washing takes away the nutrients added during the enrichment process.

Floydada Band Sweetheart To Be Crowned

A Floydada Whirlwind Band Sweetheart will be crowned during halftime Friday night at the Floydada-Olton game. The selection will be made from five contestants, all seniors.

They are Christy Brown, daughter of Mr. and Mrs. Bill Brown; Ann Battey, daughter of Mr. and Mrs. David Battey Jr.; Belinda Neff, daughter of Mr. and Mrs. L. E. Neff, Josephine DeLeon, daughter of Mr. and Mrs. Domingo DeLeon and Judy Jameson, daughter of Jodie Jameson.

The winner will be announced by Jim Swafford, band director.

R.E. Young's Nephew Missing In Action

Phillip R. Pannell, son of Mr. and Mrs. Franz A. Pannell of Plainview and nephew of R. E. Young has been reported "missing in action" by the USA War Department.

The message came last March, but only now are the parents bringing it to public notice.

Warrant Officer Phillip R. (Randy) Pannell, 23, was last seen March 14 as he piloted a helicopter which was flying gunship cover for a light observation aircraft on a low-level reconnaissance mission in Vietnam.

After Pannell's aircraft disappeared an exhaustive search was continued for several days but met with negative results.

Requested to withhold all information, except their son's name, date of birth, rank and serial number, the Pannells were so afraid that they might say something to cause harm to their son or other servicemen in Vietnam that they kept quiet during seven long months of uncertainty, until a letter arrived from General Wickham Monday stating: "It now appears that the North Vietnamese will be willing to accept letters inquiring about the status of prisoners and missing in action persons. While there has been less assurance that this will work for our personnel missing and captured in South Vietnam, we believe that it is worth trying. Letters should avoid any reference to the United States Government."

Mr. and Mrs. Pannell immediately wrote to the address given requesting information about their son. Although the Pannells have received no report indicating that he is a prisoner, they believe that he is, as no trace was ever found of him, his co-pilot or their helicopter.

"I feel that he was injured but I have confidence that he is alive," said Mrs. Pannell, a registered x-ray technician at Nichols Medical Center.

Mrs. Pannell is making a plea to others who care about the American servicemen in Vietnam to write to the following address to petition for humane treatment of prisoners and that a list of captives be furnished:

Madame Nguyen Thi Binh, 49 Avenue Cambaceres, Verrieres-Le Buisson, 91 Essonne, France. A 20-cent airmail stamp will be necessary on the average letter.

GAS, FROM PAGE 1
 of this group requested the postponement.
 Reports coming in from various cities and towns on the Pioneer West Texas Distribution System indicate that, in electing to participate, a number of the cities have also expressed confidence and satisfaction with Pioneer Natural Gas Company and its service, but did desire to keep the citizenry informed by being represented at the Railroad Commission hearing.

FLOYD DATA
 Mr. and Mrs. V. D. Turner are visiting in the Oklahoma City area with plans to be back home today.

Handley Is WTJF Director

S. J. Handley, retiring president of the West Texas Justice of the Peace and Constable Association, was named a new director of the board during the two day meeting held by the 61 membership group in Lubbock Thursday and Friday.

S. J. Handley was succeeded by Wayne LeCroy, justice of the peace from Lubbock.

WITH Halloween tomorrow why not take time today for the making of a pumpkin spice

cake for something different and delicious for the family. You'll need three cups sifted flour, one-fourth teaspoon salt, two teaspoons baking soda, two teaspoons cinnamon, one teaspoon allspice, one-fourth teaspoon ginger, one-fourth pound butter, three-fourth cup firmly packed brown sugar, two eggs, two cups cooked pureed pumpkin. Sift together flour, salt, baking soda, cinnamon, allspice and ginger. Cream butter, gradually beat in the sugar until light and fluffy. Add one egg at a time, beating after each

MRS. DEWEY DALE BELL

Julia Ann Miller, Dewey Dale Bell Wed In Church Ceremony

The marriage of Miss Julia Ann Miller and Dewey Dale Bell was solemnized at 7:30 p.m. Friday, October 17, in the sanctuary of St. John's Methodist Church in Plainview. Rev. James McGuire, pastor of Arnett Benson Baptist Church in Lubbock performed the ceremony.

The wedding scene was formed by a golden arch of yellow wedding tapers, greenery, gold mums and wedding bells, and was flanked by tall candelabra holding yellow tapers and greenery.

Given in marriage by her uncle, Hal Thomas of Floydada, the bride wore an A-line gown of silk brocade Max Mandel crepe, styled with an empire bodice and long tapering sleeves caught together with tiny self-covered buttons. A panel in the back of the gown fell into a chapel train. Her shoulder length veil of silk illusion fell from a cluster of silk and satin roses with velvet leaves forming a triangular base for the roses. She carried

Rose Nuncio Employed By Packer Bell

Miss Rose Nuncio, 22, formerly of Floydada, and a recent graduate of the Albuquerque, N.M., Job Corps Center for Women, has been employed by the Packer Bell Electronics Corp., in Phoenix, Ariz.

Miss Nuncio, daughter of Mr. and Mrs. Santos Billegas of Floydada, is the first Job Corps graduate to become employed by the new Residential Manpower Program in the nation.

ROSE NUNCIO

Packer Bell operates the new Phoenix Residential Manpower Center that will train some 350 men and women aged 16 through 21. The program is aimed at the disadvantaged ment.

Miss Nuncio entered the Albuquerque Job Corps Center, also operated by Packer Bell, with only an Eighth Grade education. Before graduating in Albuquerque, she received her GED diploma from the University of Albuquerque.

At PRMC, she is working at a departmental clerk.

Miss Nuncio worked for the New Mexico Motor Vehicle Department during her "on-the-job" training period. Officials at the New Mexico MVD praised her for her performance during the eight week work period.

"This is the first time I've ever been in Arizona and I'm looking forward to making my new home and life here," said Miss Nuncio. "We are currently considering other Job Corps graduates for possible employment," he said.

PRMC Center Director Neil W. Sherman said he was happy Packer Bell could employ Miss Nuncio. "We are currently considering other Job Corps graduates for possible employment," he said.

PRMC is the first of 30 urban skill centers that are to be started across the nation. The Phoenix center begins training operations Oct. 27.

A well-equipped first aid kit was shown the students and suggestions for supplying a kit were made. An old lunch pail, which had been covered, was Mrs. McCulley's kit. It contained sterile gauze pads, band aids, needles, matches, tweezers, scissors, soda bicarbonate, adhesive tape, antiseptic solution and a thermometer.

Three rules for urgent first aid were given: stop severe bleeding, restore breathing, and check for signs of poisoning.

Several signs of shock were demonstrated and students shown the proper treatment of shock patients.

Mrs. McCulley also showed the correct application of a band-aid to the finger, at an angle rather than parallel then ended her discussion with the statement that the best first aid is always prevention.

Community Action Center Reports On Day Care Center

The Floydada Day Care Center will be licensed to operate soon. There will be certain requirements your child will have to meet to enroll in the day care center.

The nursery will be licensed for only a small number of children, therefore, it is necessary that you start arrangements as soon as possible to insure that your child will be included in the number.

You should contact John Campbell at the Community Center as soon as possible concerning policies, requirements, and other information that will be of importance to you and the day care center.

HALLOWEEN CARNIVAL

The Halloween Carnival to be held at the Community Center on Thursday night will begin as scheduled. There will be a variety of games and activities for you to participate in. There will be no charge to come in, but there will be to enter the activities. Everyone is invited to come.

ANOTHER incident which occurred in Mrs. Shaper's life while in Floydada was an accidental reunion with Mrs. Lee Ozbirn of Fort Worth, past general president of Womens Federated Clubs. Mrs. Ozbirn also visiting in Floydada, was having supper at the Travel Center with Mr. and Mrs. Weems Norman when Mrs. Shaper and Lavena walked in, thus the reunion, and "long will Floydada be remembered."

NOT seeing the Floydada - Friona game Friday night I have no comments as to how our boys played. But Jack Gregory and Greg Campbell were mentioned in the Grid Honor Roll this week. Jack for his longest pass play for touchdown, 77 yards, to Steve Puckett and Greg for longest field goal, 30 yards. With all this rain and I'm sure a slippery field, Friday nights game could be anyone's. Our Whirlwinds are going to have to put out 100 percent effort in every play to beat strong Olton. Another interesting game Friday will be Childress and Iowa Park, who both stand 7-0.

Ruth Jones Will Speak at Christian Church

Ruth Jones of the U. S. Department of Agriculture, Albuquerque, will speak at the Christian Women's Fellowship meeting at the First Christian Church in Floydada, Texas, on November 3rd.

The consequences of such a philosophy confront us on every hand, from the pollution of our air and our streams to the careless and callous annihilation of other forms of life on earth."

This outstanding program on November 3rd has been designated as a guest event for the Christian Women's Fellowship, and will be their Thanksgiving program. The women of other churches in the community have been sent special invitations to attend, but Mrs. Morckel urges women of the community who have not seen the invitations to feel free to come that evening.

"We are so happy to have the opportunity to present Mrs. Jones, and we want to share her with the community," said Mrs. Morckel.

Participating in the program with Mrs. Jones will be Mrs. Ralph Johnston, who will bring a meditation in keeping with God's great handiworks, and the Joy Singers, who will sing the prelude to meditation. The Joy Singers are Lisa Gregory, Brenda Mathis, and Wendelyn Tooley. Mrs. Lon Davis, Jr. will be at the organ, Mrs. Ed Wester will lead the congregation in a hymn and in the vocal benediction.

A time of fellowship and refreshment will follow the meeting in the Fellowship Hall of the church.

"We are proud of these accomplishments," Mrs. Kropp stated, "But we are concerned about the fact that cancer will kill an estimated 326,000 Americans in 1970 when earlier and better treatment could save about 108,000 of these deaths."

"We know research can hasten the victory over cancer, but our concern now is to enlarge our volunteer leadership to plan and execute more cancer control programs in every community," Mrs. Kropp concluded.

Later in the meeting, several prominent Texas physicians presented cancer cases and discussed the treatment now being used in the management of the disease.

The 250 delegates heard two major speakers for the meeting. Allan K. Jonas, president of the California Division of the American Cancer Society told the delegates the Society's most urgent need is for existing volunteer leaders to recruit additional volunteers to do more jobs in every town and city. Jonas has served 16 years as an ACS volunteer. The final keynote address was made by Dr. Edward R. Annis, Denver, Colo., past president of the American Medical Ass'n. He maintained that the future of our country lies in volunteer activity. Dr. Annis has received numerous awards including five honorary doctorates.

Local Chamber Of Commerce Names Board Of Director Nominees

The nominating committee of the Floydada Chamber of Commerce recently named nominees for the Board year beginning March 1, 1970 through February 29, 1972.

Tax Collectors Meet In Plainview

Bill Hollars, the Hale County Tax Assessor-Collector was host last week to Floyd County and other tax collectors and their deputies for a very important meeting with representatives of the Motor Vehicle Division, Texas Highway Department. The purpose of the meeting was to discuss the new automated 1970 vehicle registration renewal procedure which is to be initiated February 1, 1970.

The Highway Department's seven (7) million vehicle records have been converted into an automated system with one of the major objectives being to reduce the long lines at the tax office during the registration renewal period (February and March each year).

Those leaving the board include Alton Rose, Sam Baker, R. G. Dunlap, Doyle Walls, Dallas Ramsey and Bill Brown. J. M. Willson Jr., will continue to serve as WTCC director from Floydada. Leonard Matisler and George Miller will continue to serve as directors at large.

Those remaining on the board for another year are Vernon Parker, president; Jake Webb, vice president; Gerald Hall, treasurer; Claude Weathersbee, Sammy Hale and Bob Copeland.

Those on the nominating committee are Sammy Hale, chairman and Leonard Matisler, Doyle Walls, Alton Rose, Wayne Russell, S. W. Ross and Louis Anderson.

"Plate Renewal Applications," This will greatly reduce the time required to register an automobile.

It is, therefore, most important for each car owner to keep his "License Plate Renewal Application" where it will be readily available for use during February and March next year. Persons not having the application will, as in the past, be required to present their certificate of title and current license receipt.

Under the new system, it will not be necessary for the tax office to type license receipts for those persons having "License

The condition of Mrs. Merd Field continues about the same, according to friends. Mrs. Field was injured in a car mishap about a month ago. With assistance she had been able to be up and walking some but it was discovered Tuesday that she had a possible broken pelvis. Mrs. Field is still in intensive care, Methodist Hospital.

'91 Years Young'..... Mrs. T. K. Stephens

Mr. T. K. Stephens of the Floydada Nursing Home was "91 years young" yesterday and looks forward to going on to a 100!

She reminisces of the days when she washed clothes in a spring in Tennessee and well remembers a trip from Jasper, Tennessee to Piedmont, Alabama in a covered wagon.

She was born in Jasper, but lived most of her life in Alabama, Texas and Oklahoma. More recently she was a resident of Clovis, New Mexico where her husband died in October of 1946. He was 73 years old, and a farmer.

She has lived here two years. Mrs. Stephens gave birth to nine children, of which seven are still living. She has 22 grandchildren and 50 great grandchildren. She has one great, great granddaughter, Lari Spears of Alamogordo,

New Mexico.

When asked how she has lived so long, she replied, "I guess it was just the good Lord's will!" She enjoys listening to the radio in the nursing home, used to read a lot, but her eyesight is failing. She "just loves everyone" and visits a lot. Since early life she has been a Christian and a member of the Baptist Church.

At a Sunday birthday party a daughter and family of Farwell came to see her, Mr. and Mrs. J. F. Hendricks, a granddaughter, Mr. and Mrs. P. E. Hill of Clovis, a grandson, Carrol Hendricks of Clovis, a grandson, David Hart of Baker community, a daughter, Mr. and Mrs. P. L. Hart of Baker also attended the birthday party. Inclement weather didn't permit others of the family to attend the party.

oped and he's continuing to improve. We knew he had the arm, but he's added a lot of finesse."

IN BETTER SHAPE
Olton started out with a two-way flight for the quarterbacking spot, but Mike Parsons went out early with a broken hand, leaving the responsibility on Stockdale's shoulders. Parsons has returned but is playing defense.

"We're in better shape physically than in a month," said Blakely. "We still have three boys out for the year, but we had six starters out at one time (when it lost to Abernathy 21-27)."

Coach Blakely made these remarks about defeating Lockney last week:

"We didn't kick the ball to them at all to give them a chance to break one of their great backs. We kicked the ball sideways most of the night. As a result we kicked the ball short and out of bounds giving them good field position but I feel we were better off than taking chances on runbacks. Our defensive ends put the pressure on them outside, and the cornerbacks moved up real strong. Probably the best performance came from our nose-guard Gary Durham. "Bull" (his nickname) played simply great. He only weighs 145 pounds but he stunted well and made some big plays. We listed him with 11 unassisted and eight assisted tackles. He's real quick and has tremendous determination. We felt like scoring 28 points against them was a strong offensive performance. Steve Stockdale had a good night completing 11 of 25. Tailback Ronnie Sanders took over for Barry Cowart who has moved to fullback and did a great job with three touchdowns and 103 yards in 18 carries. Cornerback Lewis Ray played a strong two-way game. He caught some key passes at split end. We're optimistic about the district race. It's wide open and there are still three teams in the thick of it."

The Mustang line is not considered large; ends Crowder and Springer weigh 170 and 140, right tackles are Jimenez and Tollett, 185 and 165 pounds, left tackles are Arroyos and Garcia 165 and 180.

Mustang halfbacks Cowart and Talamantez weigh 175 and 150. Fullback Sanders weighs 160 pounds. Center is 175 pound Key.

Quarterback Stockdale weighs 160 pounds. Defensive team includes Whitwood, 140 pounds, Parsons 140 pounds, Riviera 162 pounds and Rey 151 pounds.

Cowart and 145 pound Dickenson play linebackers.

FLOYDADA
Floydada goes into the game with Mike Burk and Stan Pierce out with injuries. It is possible that Walter Harris and George Quisenberry will see action as they are recuperating from injuries received two and three weeks ago.

Coach Wilson lists the following starters for the Olton game:

OFFENSE
Left End, Mike Moore; Left Tackle, Richard Hale; Left Guard, Tom Wylie; Center, Stan Wilson; Right Guard, Jody James;

Right Tackle, Louis Cardinal; Split End, Steve Puckett; Quarterback, Jack Gregory; Fullback, Frank Watson; Left Halfback, Andy Selman; Right Halfback, Walter Harris.

Punter, Steve Puckett; Kick-off and Extra Points, Greg Campbell.

DEFENSE
Ends, Tom Wylie, Jim Crawford; Tackles, Glen Switzer, Sam Green; Inside Linebacker, Kim Rose, Van Mitchell; Corner Linebacker, Bob Marler, Joe Jones; Defensive Halfbacks, Jack Gregory, Andy Hale; Safety, Steve Puckett.

Whirlwinds 7-0.....Beat Friona 24-8

'Wind Machine Gets Going Second Half

The Floydada Whirlwinds, off to a sluggish start, came from behind in an amazing fashion Friday night at Friona to defeat the Chieftains 24-8 in a district 3AA contest.

The win upped Floydada's season mark to a sparkling 7-0 and kept them atop the league standing.

Friona jumped out to an eight point advantage in the first period as Danny Kendrick's bulldozed over the first TD of the game. Isidore Cordova added two bonus points to enable the hosts to take an 8-0 lead at halftime.

The Whirlwinds "got their dander up" . . . and their enthusiasm to win came back strong in the second half, as quarterback Jack Gregory hit Steve Puckett with a 77 yard scoring pass then tacked on the two tying points with a toss to Andy Hale.

Gregory then put his club ahead with a five yard scoring toss to Hale but the passing try for two was no good.

Greg Campbell added to the advantage with a 30-yard field goal in the final period before Gregory pitched his third scoring strike of the night. A 36 yarder to Puckett and Campbell bootied the conversion.

FIRST HALF

Friona took the kick-off, couldn't go and punted. Andy Selman made seven, then Walter Harris recovered a fumble, the 'Winds lost seven, Gregory tried a pass that didn't connect, then Puckett punted.

Friona promptly made a first and ten on the ground, then made another with a 20 yard pass play, then with more ground plays brought the ball down to the Floydada 15 yard line for their third and fourth first downs, another pass play good for 12 brought the ball down to the three yard line. Wesley Clark made two on a center smash, then Kendrick carried over from the one. Cordova ran around end and Friona led the contest 8-0 with 3:02 left in the first quarter.

Floydada managed to make two first downs with Stan Pierce, Frank Watson and Selman carrying the ball.

The first quarter passed without Floydada completing a pass play and 'way behind on first downs.

Floydada got down to the 12 yard line of Friona in the second quarter mostly with a running game, Watson was beginning to make some yardage. Gregory completed two 12-yard passes to Selman also.

Gregory also hit Watson with a 13 yard pass.

Standouts for the Whirlwinds in the last part of the game included: another Gregory to Hale 16 yard pass, a seven yard run play by Kirby Pierce, and a Chieftain pass interception by Bob Marler.

Defense standouts for the Whirlwinds included Glenn Switzer, Sam Green and Jim Crawford.

The Whirlwind defense had begun to click and Friona didn't make a first down in the second quarter. . . the Whirlwinds made seven and were on the Chieftain four yard line when the half arrived.

SECOND HALF

The Whirlwinds came out of the halftime a new team and Gregory started the passes. . . with 8:17 left in the third quarter Gregory threw the long 77 yard bomb to Puckett for the first 'Wind TD. Gregory then threw to Hale for the two bonus points. The game was tied 8-8.

Friona couldn't make a first down and it was Watson making Whirlwind yardage on the ground, Gregory throwing to Watson, Hale making some on the ground that brought the 'Winds into scoring position again from the five yard line. Gregory hit Hale for the needed five yards and Floydada led 14-8.

Try for extra points was no good and 2:29 minutes were left in the third quarter.

After the kickoff to Friona, Bob Marler recovered a fumble and Floydada again had the ball on the Friona 41 yard line. Watson made 15 in three carries, plays bogged down and Cantrell placed a beautiful field goal between the uprights to put Floydada ahead 17-8.

The kickoff and again Friona couldn't go . . . the powerful Floydada defense set Friona back for a four yard loss, then a one yard loss, then a 17 yard loss. Friona punted.

Then with 9:19 time left in the game Gregory hit Puckett for 36 yards and Puckett dashed over for another Whirlwind TD. Floydada led 23-8. Campbell again kicked a perfect extra point with Floydada leading 24-8.

After the Floydada kick-off Friona managed to make one more first down before the game ended.

Standouts for the Whirlwinds in the last part of the game included: another Gregory to Hale 16 yard pass, a seven yard run play by Kirby Pierce, and a Chieftain pass interception by Bob Marler.

Joy Allen Wins Football Contest

A couple of tie games made the guessing pretty rough in last week's football contest and the best entry missed five games.

Joy Allen of Floydada takes the \$7.50 first prize. She missed the two tie games: UCLA-Stamford and St. Louis Cardinals-Cleveland Browns, Texas Tech-SMU, Missouri-Colorado and Springlake-Bovina.

Johnny Cantrell of Lubbock takes the \$5.00 second prize. He also missed five contests. He missed the two tie games, Texas Tech-SMU, Missouri-Colorado and Lockney-Olton.

The tie breaker Floydada-Friona game was used to determine first and second places. The score was a total of 32 points with Floydada winning. Joy guessed the score

at 42 and Johnny 44.

Third place prize of \$2.50 goes to Mrs. Bill Hood of Floydada who missed six contests. She missed the tie games, the Tech game, the Missouri game, the Springlake and Lamesa-Dunbar contest.

Breezers Lose To Plainview

The Floydada Jr. High Breezers hit it mighty rough up at Plainview Tuesday night as the last both games. It was a wet cold night and their plays just didn't work.

The eighth graders lost their second game of the season as they were nosed out 24-14. Mark Smitherman and Ralph Bennett made the two TDs and John Cagle ran two extra points.

Last week they were idle due to wet weather.

The seventh graders lost 8 to 0 and played one of their best

defensive games of the season.

LEGAL NOTICE

THE STATE OF TEXAS
TO: JOHNNY HOWARD
GREETING:
You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 1st day of December, A. D., 1969, at or before 10 o'clock A.M., before the Honorable District Court of Floyd County, at the Court House in Floydada, Texas.
Said plaintiff's petition was filed on the 19th day of December, 1968.
The file number of said suit being No. 5547
The names of the parties in said suit are: Diana Howard as Plaintiff, and Johnny Howard as Defendant.
The nature of said suit being substantially as follows, to wit: Suit for divorce, Plaintiff alleging that she has been a bona fide inhabitant of the State of Texas for 12 months, and resident of Floyd County, Texas for 6 months, next prior to filing of Petition; that Plaintiff and Defendant were lawfully married on or about November 21, 1965, but permanently separated about June 1, 1968; that Defendant was guilty of excesses and cruel treatment toward Plaintiff of such nature as to render insupportable the further living together of Plaintiff and Defendant; that two children have been born to the marriage, namely, Terry Howard, a girl, 2 years old and John Howard, a boy, 1 year old; there is no community property of the marriage; Plaintiff praying for divorce, for custody of the two children of the marriage, and that the Defendant be required to contribute the sum of \$75.00 per month toward the support of each of said children, to continue until such child or children reaches the age of eighteen years.
If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.
Issued this 16th day of October A.D., 1969.
Given under my hand and seal of said Court, at office in Floydada, Texas, this 16th day of October, A.D., 1969.

GENE M. COLLINS - Merchant of the Week. Collins was a dry goods clerk in Leonard, Tex., when he came to Floydada and signed a contract for the dealership of John Deere farm equipment. He signed his 46th year contract last Friday with the John Deere people. He opened Collins Implement in October, 1924 on the west side of the Court House in the old Rainer building and in 1928 moved his business a block south on Main Street where it has been located since. Mr. and Mrs. Collins, who will observe their Golden Wedding anniversary in

1970, have three sons, Johnny, who is manager of Collins Implement; Gene Jr., president of the First National Bank in Lockney and Jimmy, who is a bank examiner at Tulsa, Okla. They have seven grandchildren. Collins, who says he was an old man when he married at the age of 29, loves to play golf. He recalled that he shot a hole in one 25 years ago while playing with Byron Clark of Floydada. Collins said "Floydada and Floyd County people are the best in the world and I'm not thinking of moving from here." (Staff Photo)

TEC Reports Job Application Increase
The coming of Fall and the opening of school left their customary mark on September activity totals at Texas Em-

ployment Commission offices. "Job applications rose as housewives entered the labor market with the start of school, and students and spouses registering for fall semester work contributed to the rise in several areas of the state," said R. L. Coffman, TEC Administrator. New job applications hit 59,073 in September, up 12,053 from August.

In other sections of Texas, activities in connection with Fairs, temporary layoffs in the garment industry, and the return of Texas migratory workers from other states were also factors affecting the upswing in job applications.

Non-farm job openings, at 56,766, were up 7,295 from August, and job placements rose over the same period by 5,574, to 41,823.

Openings in farm jobs totaled 6,812, about 12,000 below August totals. Completion of the cotton harvest in parts of the state, and heavy rains at times curtailed farm operations in some locations.

Moments For Meditation

The surest way to make the most of one's life is to give it away. That in part is the meaning of Jesus' words as recorded in each of the three Gospels of Matthew, Mark, and Luke: "He that loseth his life for My sake shall find it." The dedication of one's life to the pursuit of a great ideal; the giving of one's self wholeheartedly to unselfish service; first of all and most of all, the surrendering of the whole of self to the One who gave Himself for us - so we "find" life in the truest and best sense of the word.

The Lord not only calls us to follow Him, He also would send us out to prepare the way for others to follow Him. Luke's Gospel quotes with renewed emphasis the words of Isaiah, "Prepare ye the way of the Lord." They are used by Luke in reference to John the Baptist, but they apply to us also. We help to prepare His way when we witness to others what Christ has meant in our own lives; when we teach little children the Word of God; when we invite others to go with us to the services of public worship; when we give ourselves in wholehearted endeavor to the service of Christ wherever He shows us the way. It is, of course, the Holy Spirit who wins men's souls. But it is possible for each of us to be "preparers of the way" for His saving power to move in the lives of those with whom we come in contact.

THE CORNERSTONE

OF YOUR COTTON PROGRAM

a special message for the cotton producer who wants to make more money

Are we exaggerating? Giving too much credit to the least cost item in your entire cotton production program? University researchers don't think so. Their studies show that **quality of planting seed** definitely affects net profit; that most "farmer saved" seed is decidedly inferior to pure seedstock, by as much as 116 pounds of lint an acre in some cases. Think about it. You can do two things to make more money: improve your product and lower production costs. The only common link between the two is **quality seed**.

There is no excuse for planting poor quality seed when you can get both guaranteed quality seed and supply in one economical package. You get both through **SEED BANK**, the unique service provided by your own cooperative, Growers Seed Association. Growers has enough top quality, proven and tested seed to plant hundreds of thousands of cotton acres. Decide on the variety you want, apply at your local coop gin or elevator, receive your bank certificate and forget about it. Your seed will be ready next spring, Growers guarantees it in writing. Seed can also be custom treated.

But sign up now to be assured of the variety you want and the amount you need. Seed are sold first come, first serve, and the early freeze has created an unusually strong demand for planting seed. See your local coop for top quality **JOHNNY COT-TONSEED** brand seed.

Lt. Governor Ben Barnes Names Appointee

Lieutenant Governor Ben Barnes today named his appointees to the Texas Legislative Council.

Senators appointed to this 17 member body are Jack Hightower of Vernon; J. P. Word of Meridian; David Ratliff of Stanford; Barbara Jordan of Houston; and Don Kennard of Ft. Worth.

Lt. Governor Barnes serves as chairman and Speaker of the House Gus Mutscher as vice chairman.

Named earlier by Speaker Mutscher were Representatives Tommy Shannon of Ft. Worth; Dick Cory of Victoria; Hilary Doran of Del Rio; Cleatus Davis of Houston; George Hinson of Mineola; Jack Blanton of Carrollton; Delwin Jones of Lubbock; Raul Longoria of Pharr; John Traeger of Seguin; and J. E. Ward of Glen Rose.

The Legislative Council, with a full-time professional staff, conducts studies requested by Legislative Resolution, provides bill drafting services, and also is charged with statutory revision functions.

Members of the Council who determine the policy and direct the work of this important agency, are appointed after the adjournment of the session by the presiding officers of the two Houses.

Something like 350 people, representing 11 foreign countries, 16 of the United States and the District of Columbia, will be in Lubbock October 29, 30 and 31 for the International Textile Symposium on the Texas Tech Campus.

Included are 10 representatives of the Far East textile spinning industry, travelling as a part of the U. S. Cotton Orientation Program and hosted on the local level by Plains Cotton Growers, Inc.

According to Donald Johnson, PCG Executive Vice President, the symposium and the cotton orientation group are both "a continuation of market development activities which ultimately must be the savior of the High Plains cotton industry."

From the Far East will be spinning mill people from Korea, Hong Kong, India, Vietnam, Japan, Indonesia and the Philippines. And these are the countries which have traditionally taken the lion's share of cotton exported from the High Plains area.

Also in attendance will be textile experts from France, Belgium and Germany.

The U. S. Cotton Orientation Program is sponsored by the National Cotton Council, Cotton Council International and USDA's Foreign Agriculture Service. The Far East group will be in the U.S. from October 20 to November 6, visiting cotton and textile facilities in Memphis, Tennessee; Greenville and Greenwood, Mississippi; New Orleans, Louisiana; Houston, Galveston, Dallas, Lubbock and El Paso, Texas; Phoenix, Arizona, and Los Angeles, Bakersfield and Fresno, California.

The International Symposium is being held in conjunction with the grand opening of Texas Tech's Textile Research Center which is in the final stages of \$1.5 million expansion program. When completed it will be the only facility in the U.S., excepting those owned by synthetic fiber makers, capable of studying textile operations from fiber production through dyeing and finishing. Total value of the facility will exceed \$3 million.

Objective of the TRC is to improve textile processing techniques and products, utilizing cotton, wool and mohair fibers and blends of these with other textile materials.

The facilities include a physical measurements laboratory, a modern 1,000 spindle pilot plant, a structures laboratory with both knitting and weaving equipment, a chemical processes laboratory and modern offices. The total operation covers over 50,000 square feet of space.

The symposium opens with registration at 1 p.m. on Wednesday, October 29 at the Textile Research Center. Tours of the Textile Research Center and some of the High Plains cotton production area will follow at 2:30 and 4 p.m. respectively.

Registration will continue the following day at 8 a.m. in the Anniversary Room of the Student Union Building. The first morning session, presided over by Dr. John R. Bradford, TRC Director and General Chairman of the Symposium, will begin at 9:15.

Speakers on the program that should be of special interest to cotton people include Roy B. Davis, of Lubbock, National Cotton Council Board Chairman. His address will be on "International Aspects of the Cotton Industry," and is scheduled for 10:20 a.m. October 30.

The following day, at 10 a.m., Under Secretary of Agriculture J. Phil Campbell will speak on "Natural Fibers Research of the USDA Laboratories."

Speakers for the luncheon on October 30 in the Ballroom of the Union Building will be astronaut Frank Borman. He will be introduced by Congressman George Mahon.

Formal dedication of the TRC will come at 11:05 a.m. on October 31 with Tech President Dr. Grover Murray presiding. The dedication will be made by Texas Governor Preston Smith, and additional remarks will be offered by Texas Legislator Bill Heatly.

A second tour of TRC and the cotton production area will begin on the final afternoon at 2:30.

Registration for all symposium activities, including the October 30 luncheon and a banquet and fashion show at 7:30 of the same day, is \$15.

Officials of both PCG and Texas Tech are emphasizing that all those with an interest in the future of Texas natural fibers are invited to attend.

Some 300 Air Patrol Attend Conference

Some 300 Civil Air Patrol officers, men and women, attended the Texas Wing Conference Oct. 25 in Dallas.

Col Luther C. Bogard, wing commander, and Col. Claude Chambers, Southwest Region Commander, presided.

After posting colors and invocation a wing commander briefing was held. Problems that face the wing were discussed and new goals set to help make the Texas Wing number one in the U.S. section.

Meetings were held on the different sections of the organization, receiving new information and discussing new procedures in the conference.

The conference was concluded by a dress banquet. Featured speaker was Major General Harry Cruteher, USAF retired, speaking on "Harness the Energy of Man and Guiding It in The Right Direction." The Civil Air Patrol offers the opportunity to use this energy to benefit himself, his community, his country and his unit in which he can be proud, according to First Lt. Edwin R. Thomas, local commander.

The official Texas Wing Band provided dinner music and a concert.

FAIRVIEW NEWS by Mrs. Clyde Bagwell

FAIRVIEW, Oct. 27 - Weenjoyed a few hours of warm sunshine Saturday afternoon, then by Sunday afternoon it was cold and raining again. Most of the community has received 6 and 7 inches of rain since last Monday night. Here at our place in town we have had close to 7 inches. The weather is still damp and cloudy. People who live off the pavement have had to stay in for the most part.

Mr. and Mrs. Albert Mize left home Sept. 25 by train for Stockton, Calif. where they visited their son and family, Mr. and Mrs. Steve Mize. Later they went on to Sheridan, Ore. to visit Albert's brother, Mr. and Mrs. Clay Mize, and then back to Stockton before returning home Oct. 24. Mrs. Mize reports a wonderful trip. They traveled 5000 miles by train, bus and car from the time they left home until their return. They arrived in Floydada Friday, drove out as far as Cedar Hill on paved roads but found the dirt road to their house was impassable so drove back to town and stayed with her sister, Mrs. W. B. Wilson until Saturday afternoon late.

Mr. and Mrs. R. M. Cannon left home Oct. 15 for a trip down state. They visited at Seymour with Mrs. Alvin Harris and Mr. and Mrs. Bill Thornhill and at Jacksboro with R.M.'s sister, Mrs. Josie Hill and his sister-in-law, Mrs. Ida Cannon and other relatives and friends. They visited at Bridgeport with a niece and husband, Mr. and Mrs. C. C. McClurg.

On the way down to Seymour they stopped at the ranch home of Mr. and Mrs. Arthur Stewart near Loving.

Mr. and Mrs. Walton Wilson visited Friday in the home of Mrs. W. B. Wilson and had dinner with her.

Mrs. Mary Stanley visited Sunday morning with Mrs. Beulah Jernigan.

Mrs. Jack Jernigan of Lubbock, daughter-in-law of Mrs. Beulah Jernigan entered a Lubbock hospital Monday where she is to have surgery Tuesday, Oct. 28.

Cecil Payne visited Sunday afternoon with his brother, C. W. Payne.

Mr. and Mrs. Clyde Bagwell went to Plainview Thursday where Mrs. Bagwell had a medical checkup.

Mrs. Winona Gilbreath and Mrs. McDonald, both of Matarador visited Mrs. W. B. Wilson Friday.

Saturday afternoon Mrs. Kate Crabtree visited Mr. and Mrs. Kay Crabtree and children.

Mr. and Mrs. C. H. Wise and Charles Denton enjoyed a phone visit from Mr. and Mrs. Louie Caffee and Marc and Nancy of Turlock, Calif. Friday night.

Mrs. Roy Meek spent from Tuesday morning until Friday night at Claude with her daughter and family, Mr. and Mrs. Lyndal Carey, Carolyn and Mike.

The Lyndal Careys came here over the weekend to visit his mother, Mrs. John Carey and other members of the Carey family that were here. They spent Saturday night with Mrs. Roy Meek.

Mr. and Mrs. E. W. Walls visited in Lockney Saturday with Mr. and Mrs. D. D. Tate and in Plainview with Mr. and Mrs. E. R. Walls.

Mrs. Ruey Irwin spent Sunday with her daughter, Mrs. Carl Nelson and that afternoon they visited Mrs. T. J. Whitley.

LAKEVIEW NEWS

LAKEVIEW, October 27 - A number of the folk at Lakeview are off of the pavement so this rainy weather has kept them in. Some only live 1/4 mile from the pavement but even that distance has been too far after the 4 and 5 inches of rain that has fallen the past week.

Mr. and Mrs. Duane Robinson are staying in Floydada so their children will be near school.

Mr. and Mrs. Leonard Alexander spent several days in Dallas visiting in the home of their cousins, Mr. and Mrs. Fred Alexander.

Mr. and Mrs. Jerry Battey went to Lubbock Saturday night to visit Mrs. Ted Anderson, a patient at Methodist Hospital.

Mr. and Mrs. George Johnson of Turkey visited Tuesday night with Mr. and Mrs. V.W. Bradshaw and Mrs. Ellen Smith.

Mrs. W.H. Bunch attended the Federated Clubs meeting and salad supper Thursday night at the First Methodist Church in Floydada.

Mr. and Mrs. Grady Dunavant and Mr. and Mrs. John Redding, Rebecca and Mathew went to Colorado last Sunday where they spent a week visiting. They visited in Bayfield with Mr. and Mrs. Truman Dunavant and family and at Durango with Mr. and Mrs. True Kirk and family. All of this group went deer hunting and killed three deer. The folks from this area returned home Saturday.

Mr. and Mrs. Billy Joe Hambricht, Kathy and Todd went to Lubbock Sunday where they celebrated the 13th birthday of Kathy.

Kathy also attended a slumber party at the home of Kathy Hinsley Friday night in her honor.

Mr. and Mrs. Grady Dunavant visited in Floydada Sunday afternoon with her mother, Mrs. E.T. Williamson.

Mr. and Mrs. Travis Gentry and family went to Friona Friday where they spent the night with her brother, Mr. and Mrs. Bernard Gowens and family. The Travis Gentrys went on to Albuquerque, N.M., where they visited Saturday and Sunday with Mr. and Mrs. Tommy Gentry and son.

Mr. and Mrs. Floyd Anderson went to Deport Thursday to visit her mother, Mrs. C.H. Wright. They returned home Saturday after receiving a phone call that their daughter-in-law, Mrs. Ted Anderson had been taken to Lubbock to Methodist Hospital Mrs. Floyd Anderson said they found dry weather at Deport.

Mr. and Mrs. Billy Joe Hambricht and Mrs. Viola Brown went to Lubbock Tuesday, where Mrs. Brown had chiropractic treatment.

Mrs. Greg Williams and Shelley of Lubbock spent Friday and Saturday here in the

QUARTERBACK QUOTES

SOUTH PLAINS NEWS by Mrs. Murray Julian

SOUTH PLAINS, Oct. 27 - Weather has played a big part in our activities the past week. A cold front came last Monday, and rain started falling and kept it up all week. We received around four and one quarter inches. Saturday was a beautiful day, and then Sunday another cold front and rain again, which by Monday morning left around two more inches of rain. We have had around six inches of moisture the past week. There was no prayer meeting Wednesday night because of bad roads, and the school buses have not been able to go on the rural roads, which necessitates parents bringing their children to school each day. Teachers in Floydada who live here, Mrs. Don Bean and Mrs. John Kinibrugh, have had a terrible time getting to the highways each day.

Mr. and Mrs. Sylvan Kinnibrugh spent several days of last week on a trip which took them to Vinita, Okla., near the Missouri line.

Mr. and Mrs. Kendis Julian, Mitzi and Kristi, spent from Friday evening to Sunday night at Roscoe, visiting with his brother, Mr. and Mrs. Terry Julian, Dee and Dickie. They have had no rain and were stripping cotton Saturday.

Mrs. Harold Hamm and Mrs. J.P. Taylor went to Lubbock last Thursday on a business trip, with Mrs. Taylor seeing her doctor.

Floyd County Farm Bureau's annual county convention was held in Floydada Saturday night. Those from here who attended were Don Marble, Mr. and Mrs. Grigsby Milton, Mr. and Mrs. Frank McClure and Mr. and Mrs. George Weast.

Philip Smitherman, Marc and Monty, went to Floydada Thursday afternoon to help share in the birthday celebration of his mother, Mrs. Ernest Smitherman. Mrs. Philip Smitherman was at work in Lockney.

Mrs. W.L. Trice and Renda Trice were both confined to the parsonage over the weekend with a virus. Renda was able to be back in school Monday.

The Briscoe County Home Demonstration Club gives a special invitation to the Hobby Club of South Plains to their Holiday Lunch and Tasting Party, complete with recipes, etc. of the dishes served. Nov. 5, from 11 o'clock to two o'clock at the Fellowship Hall of the Baptist Church in Silverton. Turkey and dressing and other special dishes will be served. Tickets are \$1.50 for adults and 75¢ for children.

Mr. and Mrs. Bary Kinslow went to Floydada to the First Baptist Church several times last week to attend the revival services, and to the First Baptist Church in Lockney to attend several services there. Rev. Leroy Smith at the Lockney Church, is a former resident of this area.

Mr. and Mrs. Shelby Calahan and Randy went to Canyon Sunday afternoon where they visited with their daughter, Mr. and Mrs. James Norrell and enjoyed supper with them. Other guests included a son, Jerry Calahan, and Miss Carol Graham of Muncy, both students at West Texas State University. Jerry is a sophomore there. Mrs. Norrell, the former Beth Calahan is teaching first grade at the Rex Reed Elementary School in Canyon.

November 3rd is designated a World Day of Prayer, and the South Plains Baptist Church is invited to meet with the Silverton Baptist Church at 10 in the morning and stay for lunch with the group.

Jack Reeves of Denver arrived Thursday and Mrs. Reeves and three girls came later in the week to visit with Jack's father, Jim Reeves, of Memphis, who is in the Memphis Hospital. Mr. and Mrs. Robert Reeves and children visited last Monday with his father, Jim Reeves, and the children were allowed to visit their grandfather briefly. Jim remains in the hospital in about the same condition as last week, but is glad to be nearer home, where Mrs. Reeves does not have to go so far to the hospital.

Daylight Saving Time began again Sunday. It is especially nice for the school children in our area to not have to get to school during the dark, early hours. Some of the children who ride the buses get on near seven o'clock during Daylight Savings Time.

Around 75 were present for Baptist Morning Services Sunday despite the muddy roads. Even in the rain 22 came for night services. Mrs. Travis Young and Mrs. Bryant Higginbotham served hot chocolate, pop corn and coffee in Fellowship Hall prior to the message by Rev. Trice.

Mr. and Mrs. Bary Kinslow, Jennifer and Grant from Santa Fe, New Mexico and Phil Kinslow from North Texas State at Denton, where he is a freshman, were all at home over the weekend with the boys' folks, Mr. and Mrs. E. J. Kinslow and Steve. The Bary Kinslows moved the past summer from Amarillo to Santa Fe. He is associated with J.C. Penny there.

Because of the rain and muddy roads, the Bible Study group which was to meet with Mrs. Kendis Julian Thursday morning of the past week met at the home of Mrs. Early Pritchett, where she led the Bible study from Ezra. Afterwards fruit bread, orange cake, coffee and spiced tea were served to guests. Those attending were Mrs. Travis Young, Mrs. Jim Roberts, Mrs. Keith Marble and D'Lee, Mrs. Sterling Cummings, Mrs. Don Marble, Mrs. Buck Ford, Mrs. Kendis Julian and Mrs. Early Pritchett.

Members of the family of Mrs. Menard Field are still at her bedside at the Methodist Hospital in Lubbock. Some days they think she is getting better, and then again she shows no sign of recognizing her family. We hope by this time next week we have better news from there.

Mrs. Joe Taylor accompanied Mrs. Lane Decker to Muleshoe Saturday where they attended the Federation of Women's Club meeting. Rise and Gregg Taylor spent the weekend here with their grandparents, Mr. and Mrs. J.P. Taylor.

Mrs. J.P. Taylor is heading the Salvation Army work in our vicinity, and due to bad roads, she has not been able to see many of our people. If you want to help a worthy cause do help the Salvation Army.

Mr. and Mrs. Carl Boteler and boys, Kenny and Dwayne Lee from Fort Worth, visited here Friday night to Sunday with his sister, Mr. and Mrs. Curtis Sanders and family, and in Plainview with their parents, Mr. and Mrs. H.C. Other guests included a son, Jerry Calahan, and Miss Carol Graham of Muncy, both students at West Texas State University. Jerry is a sophomore there. Mrs. Norrell, the former Beth Calahan is teaching first grade at the Rex Reed Elementary School in Canyon.

November 3rd is designated a World Day of Prayer, and the South Plains Baptist Church is invited to meet with the Silverton Baptist Church at 10 in the morning and stay for lunch with the group.

Jack Reeves of Denver arrived Thursday and Mrs. Reeves and three girls came later in the week to visit with Jack's father, Jim Reeves, of Memphis, who is in the Memphis Hospital. Mr. and Mrs. Robert Reeves and children visited last Monday with his father, Jim Reeves, and the children were allowed to visit their grandfather briefly. Jim remains in the hospital in about the same condition as last week, but is glad to be nearer home, where Mrs. Reeves does not have to go so far to the hospital.

Daylight Saving Time began again Sunday. It is especially nice for the school children in our area to not have to get to school during the dark, early hours. Some of the children who ride the buses get on near seven o'clock during Daylight Savings Time.

Around 75 were present for Baptist Morning Services Sunday despite the muddy roads. Even in the rain 22 came for night services. Mrs. Travis Young and Mrs. Bryant Higginbotham served hot chocolate, pop corn and coffee in Fellowship Hall prior to the message by Rev. Trice.

Mr. and Mrs. Bary Kinslow, Jennifer and Grant from Santa Fe, New Mexico and Phil Kinslow from North Texas State at Denton, where he is a freshman, were all at home over the weekend with the boys' folks, Mr. and Mrs. E. J. Kinslow and Steve. The Bary Kinslows moved the past summer from Amarillo to Santa Fe. He is associated with J.C. Penny there.

Because of the rain and muddy roads, the Bible Study group which was to meet with Mrs. Kendis Julian Thursday morning of the past week met at the home of Mrs. Early Pritchett, where she led the Bible study from Ezra. Afterwards fruit bread, orange cake, coffee and spiced tea were served to guests. Those attending were Mrs. Travis Young, Mrs. Jim Roberts, Mrs. Keith Marble and D'Lee, Mrs. Sterling Cummings, Mrs. Don Marble, Mrs. Buck Ford, Mrs. Kendis Julian and Mrs. Early Pritchett.

Members of the family of Mrs. Menard Field are still at her bedside at the Methodist Hospital in Lubbock. Some days they think she is getting better, and then again she shows no sign of recognizing her family. We hope by this time next week we have better news from there.

Mrs. Joe Taylor accompanied Mrs. Lane Decker to Muleshoe Saturday where they attended the Federation of Women's Club meeting. Rise and Gregg Taylor spent the weekend here with their grandparents, Mr. and Mrs. J.P. Taylor.

Mrs. J.P. Taylor is heading the Salvation Army work in our vicinity, and due to bad roads, she has not been able to see many of our people. If you want to help a worthy cause do help the Salvation Army.

Mr. and Mrs. Carl Boteler and boys, Kenny and Dwayne Lee from Fort Worth, visited here Friday night to Sunday with his sister, Mr. and Mrs. Curtis Sanders and family, and in Plainview with their parents, Mr. and Mrs. H.C. Boteler. Sunday all the family met at the Boteler home in Plainview for a family dinner and get together.

Pete Grisham, who had been critically ill in the Plainview Hospital was well enough to be brought to his home, and is getting along fine, according to his daughter, Mrs. Nina Sanders.

Writing recently about the travails of a Local Service Board at the beginning of World War I, it seems I shouldn't have let it appear, if I did, that people all had long faces. Awed by the bigness of what was being done, yes, and concerned about the welfare of the boys and men that were going into the service, still most all took things in stride.

About the only time nobody could laugh would be mornings when we'd load out a bunch of boys. Even if you had no kinsman in a group you'd wonder which, you know, and brood about it.

The local board was grinding away one day, when they came to Bert Smith's examination. Bert was much of a man, much more

than six feet tall. Wide out, too, broad shouldered. Probably more than 250 pounds. (Friends kidded about putting him out in front, and marching behind they would not be in danger of getting "shot up".)

The questionnaire finished and laid aside, Doc Andrews began the physical - heart, lungs, sight, hearing, etc., the usual. And at last the feet.

Now in the test of feet - fitness a registrar would have to hop across the room on one foot and back on the other. This would test the ankles and foot muscles. So, Bert, without benefit of clothing, save and except a towel around the middle, had off his boots and started hopping. It was apparent from the first hop that the big man would not qualify for an infantryman. His ankles did not give evidence of enough strength and the muscles of his feet did not have enough bounce.

Starting on his return trip across the room Bert had gotten about six hops when his tender foot came down squarely on a carelessly thrown match. He howled with pain as he fell to the floor.

The board members and their clerks howled too, but not with pain. This might be taken as an illustration of man's inhumanity to man - laughing at the pain of a man in a test of his fitness for combat. On the other hand, it could have been relief from tension. I suspect Bert was clowning just a little, and I know the board members needed to relax.

Pioneer Natural Gas Buys Gas Processing Plants

An agreement in principle has been reached between Pioneer Natural Gas Company and Elcor Chemical Corporation of Midland, Texas, whereby Pioneer will acquire Elcor's interest in the Ringwood and Madill gas processing plants in Oklahoma, according to an announcement made today by Burton P. Smith, Pioneer's president. The transaction is subject to required consents and waivers of preferential purchase rights by a third party.

Pioneer will acquire the properties for \$3 million in cash and the assumption of approximately \$1,470,000 of non-interest bearing notes payable from plant receipts. Also, Pioneer will grant Elcor an option to repurchase these plants at any time until July 1, 1972, for \$500,000 above the total consideration to be paid by Pioneer.

The Madill gasoline plant is located in Marshall County, Oklahoma. It is a modern oil absorption type plant having a gas processing capacity of 25 million standard cubic feet per day of casinghead gas, with a total liquid product recovery capacity of 75 thousand gallons daily.

Letters To The Editor

Dear Floydadans,
I just wanted to let you know how much I enjoy coming over every Thursday afternoon to the Hesperian to get out the Wayland College Trail Blazer. The friendly staff of the paper is indicative of the spirit of the entire city as far as I have been able to tell. Since I am a sportswriter for the Plainview Herald, I get a chance to cover the Whirlwind football team each fall and enjoy doing so more because of the fine cooperation I receive from stadium personnel.
I might add that I even didn't feel too bad about having to pay a speeding ticket recently (while trying to make the Lockney-Floydada kickoff) because Highway Patrolman Bud Rainey did his duty in a friendly manner.
In my opinion, Floydada is the finest small city in this area (the neatness of the residential district west of Houston Street never ceases to amaze me) and its citizens should be proud. If I lived here I'd be proud to call Floydada my home town.
Also, I'd like to congratulate Coach L. G. Wilson, a very fine man, his staff and the Mean Green on their football successes. I'll be covering the Whirlwinds as often as possible through the rest of the regular season and into the playoffs. The team has impressed me as a fine group of young men and they deserve the support of everyone who can attend the games.
Again, thanks for making my weekly trips so pleasant.
Sincerely,
Danny Andrews, Editor
Wayland Trail Blazer

Dear Sir:
We are soliciting your help in advertising the annual Lorenzo Jaycee talent show, which is to be held November 18, 1969 at 7:30 p.m. in the Lorenzo School Auditorium.
There are to be three group divisions according to grades. The first group is the pre-school and elementary grades. The second group is the junior high level, and the third group is to be high school and older.
Cash prizes will be awarded for 1st, 2nd, and 3rd place in each division.
Entry blanks may be obtained by writing the Lorenzo Jaycees.
Sincerely,
Lorenzo Jaycees

Deadline Dates Near For NROTC Qualifying Exam

The deadline date for making application for the Regular NROTC qualifying examination is fast approaching. Applications must be received by the Science Research Associates, Incorporated on or before 14 November 1969. Applicants will participate in the nationwide competitive examination on 13 December 1969, the only date on which the examination will be given. This is the first step toward a college education and a regular commission in the naval service - the beginning of a rewarding career of leadership in service to the American people.

All tuition, fees, and books are furnished by the Navy, and the student receives a subsistence allowance of \$50.00 per

month for not more than four years. During each summer between his college years, a midshipman participates in interesting at sea training periods.

High school seniors and graduates who will be entering college in September 1970 and who will be at least 17 but not more than 21 years of age by 1 July 1970 may apply for the Navy College Aptitude Test. Those who make a qualifying score on the Navy College Aptitude Test (NCAT) will be given a medical examination and will complete their applications in January and February of 1970. Applications for the NCAT are available at local high schools, the nearest Navy Recruiting Station which is at Lubbock.

Through faith... won strength out of weakness.— (Heb. 11:33, 34).

Some persons may equate strength with the power to move heavy objects; or the power to move other persons through the force of their will. But the strength of God is the strength that is equated with ever-renewing vitality, with an eagerness for life. It enables us to help other persons without attempting to dominate them. It is a strength that is equated with the God-power within us.

FLOYD PHILOSOPHER Comes Up With New Idea To Increase Income Of Professional Sports

Editor's note: The Floyd Philosopher on his Johnson grass farm gets over into the field of sports this week. We're not sure he should.

Dear editor:
I don't usually have anything to say about sports, it's too serious a field for me, I stick with Congress, farming, international affairs, metropolitan incompetence and things like that, but like a good many million other people I've been watching professional football on television and near the end of a game the other Sunday a sudden thought hit me.

The score was 17 to 21, the home team had the ball and the 17 points and needed a touchdown to win, a field goal wouldn't do it, but there were only 31 seconds left and the team had no times-out left.

The quarterback was passing successfully and the receivers stepping out of bounds to stop the clock, the fans were all standing up and roaring and the announcer was straining his voice, but it was just too far to the goal line and time ran out. A few more plays and they might have made it.

Now here's a situation the owners and players of professional football are overlooking, when you remember it's a cash deal all the way around for everybody on both sides.

Why couldn't the team that's behind with 30

seconds to go stop the clock and offer the other team say \$50,000 for two more minutes of playing time? It'd be an offer hard to turn down, what with players all having families and such.

Where'd they get the money? Where's the fan who wouldn't give a dollar to see his team get one more chance to win? Just pass the hat and out of 75,000 people in the stadium, 50,000 would kick in immediately with a dollar apiece, some even more.

If the team then got the drive going again but needed a few more times-out to conserve the extra 2 minutes, why couldn't it buy a few at say \$5,000 apiece? I understand a team is allowed 3 times-out in each half, but how many games have you seen when a few more in the closing seconds might make the difference between winning and losing? Professional football could increase its income thousands of dollars a season just by selling additional times-out at \$5,000 a throw, not to mention the larger amounts from selling extra time near the end of a cliff-hanger.

Come to think of it, why couldn't a baseball team buy an extra inning when it's behind 3 to 2 in the ninth? Say, this thing has unlimited financial possibilities.

Yours faithfully,
J. A.

FLOYDADA MAN RECEIVES JOB CORPS CERTIFICATE

SAN MARCOS - Santos Hernandez, 18, of Floydada was among 185 Gary Job Corps center trainees to receive a certificate of completion at formal graduation ceremonies recently.

Hernandez completed the Automotive course and has been in training at Gary for 11 months. He has been placed on a job with International Harvester Company in Lubbock, Texas.

Principal speaker was Walter Richter, former regional director of the Office of Economic Opportunity. He addressed a class that represented all eight vocational clusters which include 34 trade programs offered at Gary. Richter advised the graduates to keep learning, be honest, take care of their health and most of all, "Be nice to people, because the good guys always win."

Information concerning Job Corps opportunities is available through the local state employment office or Youth Opportunity Center.

FLOYDADA MAN RECEIVES JOB CORPS CERTIFICATE

SAN MARCOS - Santos Hernandez, 18, of Floydada was among 185 Gary Job Corps center trainees to receive a certificate of completion at formal graduation ceremonies recently.

Hernandez completed the Automotive course and has been in training at Gary for 11 months. He has been placed on a job with International Harvester Company in Lubbock, Texas.

Principal speaker was Walter Richter, former regional director of the Office of Economic Opportunity. He addressed a class that represented all eight vocational clusters which include 34 trade programs offered at Gary. Richter advised the graduates to keep learning, be honest, take care of their health and most of all, "Be nice to people, because the good guys always win."

Information concerning Job Corps opportunities is available through the local state employment office or Youth Opportunity Center.

PLOWDOWN NITROMITE THIS FALL

If the big rains come again next Spring, you're safe — with nitrogen already in the ground to give young plants a strong start. And you get the job done when the product, labor, and equipment are readily available. No last-minute rush.

Even if you graze stalks this fall, there'll still be lots of crop residue left in the field. NITROMITE plowdown will aid decomposition of this residue, releasing valuable nutrients for new plants in the Spring.

The clincher is at harvest: if ever there was a good time, this will be the year to give your crop a great big shot in the yield with NITROMITE. Shamrock's fine brand of anhydrous ammonia — 82% nitrogen for bigger, high-protein yields.

Fight back. Fight for your share of the big profits next year. PLOWDOWN NITROMITE THIS FALL.
