## Wildcatter Report

The Cockrell Corporation No. 1 E. E. Wells wildcatter has been abandoned at near 10,000 feet depth. No official report is yet available.

BRISCOE COUNTY: Cockrell Corp. No. 1 C.O. Allard (660 feet from north and 1,980 feet from west lines) Sec. 11, Blk. B-2, BS&F Sur., drilling 3,740 feet.

FLOYD COUNTY: Cockrell Corp. No. 1 A. S. Mize (500 feet from north and 900 feet from west lines) Sec. 32, Blk. D-3, GC&SF Sur., drilling 10,230 feet.

It is rumored that the next wildcatter will be drilled just northwest of the City of Floydada.

## Officers Investigate Vandalism

Law officials are investigating vandalism of the laundries located on the east side of the square and the Matador highway in Floydada.

Vandals broke windows in vending machines Tuesday night. No money was taken, but some candy was stolen. In the laundry east of the square they left a trail of blood, supposedly from breaking the glassed in cases with their hands.

## CLEARANCE SALES

It's bargain time again in Floydada as some of the leading stores begin their clearance sales.

Everyone is invited to read the sale advertisements in this issue of The Hesperian, then come to town for the big sales. Some begin today.

AN EDITORIAL

## The Goals For 1970

Each year at this time The Hesperian editorially supports efforts by all elements of the Floydada community to help it grow and progress in the New Year.

This year The Hesperian joins with the other leaders of this community in outlining the goals we hope to attain in 1970. They aren't necessarily listed in their order of importance.

1. Begin work on Mackenzie Water Authority dam.
2. Improvement of dirt streets in city limits.
3. Improvement in sewer system.
4. Continue to rid city of old cars, old shacks, unsightly structures of all types.
5. Fire protection for the people and business outside the city limits.
6. Removal of old appliances near residences and businesses.
7. Community center for all ages.
8. Over-night camping area in park near swimming pool.
9. Floydada merchants offer greater selection at competitive prices.
10. More careful driving habits in city limits.
11. Paving of Price Street across north side of Floydada.
12. Expand vegetable farming in area.

**Voter's Deadline January 30, Candidate's February 2**

According to a report from Ben Ayres the deadline for candidates to file for election is February 2 and C. J. Payne reports a deadline of January 30 for the voter to register. Tuesday Payne said that 3,174 persons in the county had registered to vote.

## Rotarians Hear Ralph Wayne

The Floydada Rotary Club heard state representative Ralph Wayne speak at their noon luncheon yesterday. Wayne summarized some of the high points of the legislative activity but expounded upon service and communication between government officials, the citizen, the parent and children.

Wayne said that the young people of today are smarter, better educated than the past generation...and basically good people. He added that it was just a small majority that made the news who were the troublemakers.

Wayne was introduced by Rotarian S. W. Ross.

## Floyd Men Appointed To Hail Suppression Organization

By DUANE HOWELL  
Avalanche-Journal Farm Editor  
PLAINVIEW — A temporary organization was formed here Tuesday to seek funds for a hail suppression research program proposed for a 3,000-square-mile High Plains area.

The meeting, attended by about 75 persons, included the election of a board composed of two directors from each of the six counties represented.

Depending on the outcome of the search for funds and other developments, steps could be taken later to make the organization permanent and to expand its scope, officials said.

A pilot research program would cost about \$140,000 annually over a three-year period, according to Donald SEE HAIL PAGE 8

BY WENDELL TOOLEY

RELEASE FROM the office of Congressman George Maubouff of interest to both farmers and businessmen: Farmers and leaders of farm organizations are invited to meet with Congressman George Maubouff in Lubbock on January 9 at 10 a.m. at the Koko Palace for a general session concerning farm problems. The present program expires at the end of this year and Maubouff to get the views of the people and report to them in the prospects for farm legislation at the forthcoming session of Congress.

On said that farm legislation which is expected to be passed this year will have a vital impact on the economy area, affecting both farmers and non-farmers. Maubouff expressed deep concern over the difficulties involved in the passage of suitable farm legislation, pointing out that most Members of Congress represent urban areas and are becoming increasingly unsympathetic toward the problems of agriculture.

IN M. HOLLUMS writes an interesting letter from Viet-Nam this week to the Walter Hollums...thought I'd share some with our readers.

As New Years, but I don't think I'll be celebrating...I've stood tower watch tonight. We got word we may be going out of here the 15th of February and go back to California. There must be some truth in it, because back in the sea they are packing things.

Well, the radio didn't last long, it got burned up when a plane hit a mine. They had five medivacs, but none were bad. It was my tractor but about fifteen minutes earlier I was riding the tractor behind mine, so I wasn't hurt. I'm glad I switched. I hated to lose the radio, though.

CONGRATULATIONS to George Farris...understand he has been promoted to assistant vice president at Republic National Bank of Dallas. Not bad after beginning training there three years ago.

There's nothing I like better than publishing the news of home folk who make good.

How many pennies did Johnny have when he asked his father for more?

IF I could write several columns about the problems experienced in moving to the building on the north side of square. Our biggest problem has been with our heating system. We couldn't have picked a better time for this problem as temperatures have been running around 6 to 10 degrees.

staff has been working with overcoats on, transistor radios in their pockets, they have stood around one stove worked. If they don't all have pneumonia this week, it will happen.

I just noticed yesterday, we still haven't moved our sign. So, although the Hesperian sign says we're in the old location...we're not, we're over on the north side of square.

course the big move is yet to come...the job of moving the newspaper press. We have employed a Goss press from Chicago to come in and supervise this move.

OF FATH A veteran stage star was asked to entertain a large dinner party one evening. A ripple of excitement ran through the crowd of prominent and important as the great actor rose to speak. He chose the 23rd and recited two verses before the audience realized he was in the presence of a master performer.

He finished the recitation in a thunder of applause, and the crowd gave him a standing ovation as he walked to his next speaker was an elderly white-haired man, bowed (see caprock page 2)

## Miller Seeks Re-Election To District Attorney Office

GEORGE MILLER

George W. Miller, recently appointed 110th Judicial District Attorney, this week announced his candidacy for that office for the unexpired term in the forthcoming May Democratic Primary, stating:

"It is my honor to be considered by the voters of this district as a democratic candidate for their District Attorney, a position of increasing importance in these times when violence and disrespect of law are most evident in other districts. If nominated, I pledge my best effort to serve this district honestly, fairly and to effectively administer the due process of law. I promise to cooperate with all law enforcement officials and agencies in this district in the administration of justice. I appreciate your confidence, your vote and your influence in my behalf."

## Young Farmers To Hear About Herbicides

The program scheduled tonight for the Floydada Young Farmers includes herbicides and a film.

The meeting is set for 7:30 at the high school agriculture department. Jim Sterling of Estes Fertilizer Company will speak on herbicides and Dr. Doug Owens from the experimental station will show some films of Russia.

Refreshments will be served and everyone is invited to attend.

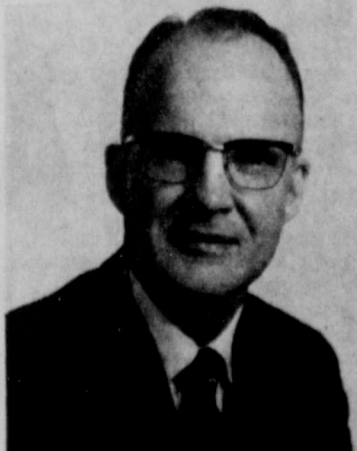

## Bible Study At First Baptist

Dr. Jack MacGorman, New Testament professor at Southwestern Seminary in Fort Worth, shall be teaching the

Book of James at First Baptist Church, January 8-11. The session on Thursday through Saturday evening will be from 7:00 to 8:30 p.m. The Sunday services will have Dr. MacGorman teaching during the Sunday School and Church Training periods. He will preach at both worship services.

During the hours of Bible study, special preparations have been made for all children. The young people will share in the adult study.

Dr. MacGorman is a native of Nova Scotia, Canada. He received his education at the University of Texas and Southwestern Baptist Seminary. He holds the Th.D. from Southwestern, and also a Ph.D. from Duke University. He has traveled widely and served as guest professor at Arab Baptist Seminary in Beirut, Lebanon.

## Martin Joins Farm Bureau Staff

RONNIE MARTIN

It was announced this week by the Floyd County Farm Bureau office here that new special agent for the office is Ronnie Martin. He succeeds Wayne Adams, who is now agent at Memphis.

Martin is a native of Amarillo, moved to Floydada in 1955. He is a graduate of Floydada High School, attended Wayland, served in the Army three years, and was employed by Consumers Fuel for almost five years in rural delivery service.

He is married to the former Shirley Rainer, who is employed at the First National Bank. Farm Bureau Agent Gayle Baucum invites everyone to come in and get acquainted with the new staff member and recommends him to be well qualified to help everyone with his insurance needs.

## Chamber Banquet March 13

The annual Floydada chamber of commerce banquet has been scheduled for 7 p.m. in Duncan Cafeteria on March 13, according to manager John Reue.

Reue said full time public speaker Newt Hilscher of Shreveport, La., will be the speaker.

banon. He is recognized by all who have heard him preach or teach, as one of the most interesting speakers in the field of religion. His deep insight into the entire New Testament makes him a most valuable teacher of this practical Book of James.

The entire community is sincerely invited to participate in this rare opportunity for Bible study. Any person could receive valuable help for his Christian life that will be lived in this challenging age. The Book of James has the most practical message for our complicated society of any New Testament book.

and worn by long years of patient labor as a missionary... "I, too, would like to recite the shepherd's Psalm," he said quietly. Then, turning his face upward a little, and closing his eyes, he began... When he was through, all was quiet. No one said a word. There was no applause. But there was not a dry eye in the room....

Afterward, a man approached the great actor. "I don't understand," he said. "You both said the same thing. Your presentation was perfect in every way. Yet, when he spoke in his halting, imperfect manner, people were moved too deeply for words. What made the difference?"

"I think I have the answer," replied the actor. "I know the 23rd Psalm, I know it well. But he knows the Shepherd!"

THE CAPROCK COUNTRY around Quitaque is becoming noted more and more for its wildlife and recreation. Last fall hunters enjoyed some of the best dove and quail hunting in the state, and in recent weeks the deer hunting has been causing a lot of stir. Last year Jimmy Davidson and Deloy Myers killed a 15-point buck out north of Quitaque that is mounted and on display in Quitaque First National Bank lobby; but one was bagged last month that topped even this one. Arley Barnett of Amarillo killed the largest we heard of for he brought in a 17-point buck that weighed 171 pounds field dressed. Jake Merrell told us that he processed 37 deer for hunters during the two-week hunting season, and some of the lucky hunters who landed trophies included Warren Payne, Salty Jones, Orval Cobb, Bud House, Guy Breedlove, and Edwin May.

FACTS FOR CITY FOLKS — Sometimes all of us who are connected with rural agriculture become so engrossed in making a living that we neglect to tell others the tremendous story of AMERICAN AGRICULTURE. Here are a few of the many facts that we should keep before our city neighbors: In 1900, every American family spent 40% of its disposable income on food. Today it spends only 17%. In the past twenty years, average farm prices have gone DOWN 9%. Hourly earnings of manufacturing workers are UP 127%. One American farmer produces enough to feed and clothe 50 others, and we are the only civilization in the recorded history of man to enjoy the "Age of Food Abundance."

I BELIEVE IT'S TIME TO TALK BASKETBALL... The Whirlwinds are sporting a 9-5 record and they're 2-0 in district play. I believe the drought is broken and we're gonna see a lot of Whirlwind basketball this season and next.

We have four or five players who can score and this is good. I suppose Frank Watson has been the biggest surprise to me of all the Whirlwinds. When I saw him on the football field, I didn't figure he had much speed. However, on the basketball court he displays a lot of speed and agility that I never thought possible.

It takes both Marilyn Harris and Cindy Ward hitting for the Whirlwinds to win. The only reason Slaton beat us the other night was simply because Marilyn was on an "off" night. Cindy made 29 points. So, when they're both on... look out!... the Whirlwinds will win the game. Of course the defense is very important also.

I am amazed at the work one man can put out. This man is Don Ford. He is coaching five teams... this is what I would call "hoing the row".

Well these are just some random thoughts about our basketball teams... we start running the pictures of the teams in this issue of The Hesperian. We'll work them in as space allows. In the meantime, you're missing a lot of excitement if you're not attending the basketball games.

I ENJOYED INTERVIEWING Dr. Cornell (can't spell his last name) this week. He is a man who is very dedicated to the medical profession and a man that has experienced many things including 16 years of prison life in Romania as a political prisoner.

When he gets ready to write of his experiences I hope the Hesperian is considered for a media of publication. Here's a man who lost his family while in prison. He served on the faculty of medicine in Bucharest from 1937 to 1945. He has served as YMCA physician, he has served as University instructor in obstetrics and gynecology. He has served as chief physician at Bucharest Municipal Hospital for obstetrics. I was sitting by the fireplace the other night, idly glancing at the globe of the world nearby. I noticed that the map spelled Dr. Cornell's homeland as "Rumania". In looking at the encyclopedia I noted that it was spelled "Romania".

The good Dr. said the correct spelling should be "Romania." We welcome Dr. Cornell to our community and wish him well. We hope that everyone will make him feel at home here.

LAST WEEK we asked for help in writing an editorial on the community's needs in 1970. Some are listed on page 1, this one was rather lengthy, so I enclose it in my column. Dear Mr. Tooley,

"Thank you" for inviting Floydadites to help write an editor-

ial on what we'd like Floydada to become during 1970.

First, hats off to the men who donate time, energy, and "know-how" to supervise, direct, and coach Little League Ball games, Kids, Inc., Boy Scouts, and the like. How about expecting each boy who benefits from this effort to donate some working hours toward some worth-while project which he is able to accomplish — e. g. keeping the ball court, helping the beautification committee carry out plans to beautify Floydada, older boys directing younger boys, or even mowing lawns of these unpaid coaches so they will have more time and energy to direct the boys. Wouldn't this help the boys also?

Second, no hats off to demonstrators, including demonstrations to end the war. War is horrible; war to bolster the economy is more horrible. But instead of demonstrating, let's help our president to carry out his plan to end the war. Probably no demonstrations have or ever will occur in Floydada. But if we decide to have one, let's demonstrate against senseless mass murder on highways. Before whom should we demonstrate? Drivers with poor brakes? Thin tires? Drivers who drink? Who run stop lights and signs? Who do not fasten seat belts? When? Where? Let's have no fatality in Floyd county during 1970.

Third, no branch of American Association of University women exists in Floydada, though some places (of comparable size and no more college graduates) do have branches. It costs the government to maintain colleges and universities, to provide educational facilities to turn out college graduates. In turn, graduates may render a service to the country, to themselves, and to others through such organizations. During the last two years, five Floydada women have become members of the Plainview Branch. If others did this, eventually we could have a branch in Floydada.

"Human Use of Urban Space As Seen in the Hospital, Community Action Program, and State Welfare Department" is the panel topic of next AAUW meeting on January 26 between 7 and 9 p.m. in the Unger Memorial Library, Plainview. This is an open meeting. Both men and women are invited to attend. You may call 983-3969 for further information.

Fourth, Floydada would be a more economical place to live if we could eliminate the trading stamp craze. Instead of receiving something for nothing, we pay the cost of the stamps, the rent and upkeep of the redemption centers, the wages of the employees who operate same, the cost of publishing prize catalogues, etc. etc. Then, there are the time consuming jobs of caring for the stamps, sticking them in books, taking them to stamp centers and the like. When we search for needs in a redemption center, we locate more needs than if we wait for a need to be felt; and living becomes more expensive. Who profits?

"If I do not like trading stamps, why not give them to someone who does?"

"I can not afford to give something away that I have paid for so dearly."

"But they are free."

"Oh, yes, they are free, in a way." But the merchant has to charge enough more on his commodity so he will be able to give them free.

"What is the solution?" A business man knows if he just quits giving them, he would lose many customers.

During the Christmas holidays, we filled our gas tank in Portales, New Mexico. After paying the attendant the advertised price for gas, he deposited it in cash register, then returned about thirty cents and said,

"This is your refund."

"Wouldn't it be better if all our merchants returned a percentage of what we paid them instead of giving trading stamps?"

Fifth, I wish a Floydada school teacher were eligible to retain membership in the local teacher or in the teacher organization at the state level in Texas, at the national level, and many, if not all, the divisions of each of these levels, if dues are paid.

There are many many things that could be done to improve our city, our state, and our nation. But we like Floydada as it is or we would move away.

Sincerely,  
/s/ Irene Kirby  
Mrs. D.W. Kirby

## Letters To The Editor

Dear Wendell,

I would like to thank everyone that sent me a Christmas card. It's nice to know that the people of your home town are thinking of you at Christmas and New Years. I would like to sit down and write a thank you letter to everyone that sent me one, but I just don't have the time. Thanks once again I hope you all had a Merry Christmas and a Happy New Year.

Sincerely Yours,  
Curtis Jester

P.S. The card I sent you was hand painted in Saigon. I'm sending you a new dart board also.

## Hollums Outdoor Educational Specialist

Binoculars and hipboots are becoming as important educational equipment as microscopes and overhead projectors in some school districts. Bloomfield Hills is one.

Because of the district's abundance of natural sites, outdoor education is becoming an increasingly important part of the curriculum and with it the need for the necessary tools to participate fully.

With the arrival in September of Don Hollums as outdoor education specialist for the district, a program was launched that has been little more than a dream of several school officials for some time.

"It's like a Disney movie outside the window all the time," Hollums said. "There are pheasants, a red fox, rabbits and woodchucks and right now lots of migrating ducks." The other large, natural area

The 32-acre parcel on North Franklin Road is one of two future building sites the district owns. Hollums lives with his family in a home on the property.

Future development plans for the site include a snowmobile trail, gardens and continuation of farming activities as part of the educational experience for children in the district.

## NEWS FOR HOMEMAKERS

by Sherry Mullin  
Floyd County H.D. Agent

Many times have you shed frantically for a missing document that was in a hurry - a birth certificate perhaps, the receipt bill, last month's bank statement, or the guarantee on a household appliance? Take a tip from the business world, and use a family filing system. Use manila folders, and arrange them in large cardboard boxes or in a small steel file cabinet. It's up to you to decide which categories to include in your family's file but listed here are a few suggestions. Family records - Keep birth certificates and other important documents all in one convenient folder.

Inventory of items you have insured. Bills - As the bills come in each month, place them all in one convenient folder so none are missing or overlooked when you sit down with your checkbook to pay them. Installment payment books belong here too. Income tax - Collect canceled checks, sales tax, receipts and other records of deductible items in this folder - they'll be in one spot when income tax time rolls around. Automobile - Here's the spot to keep track of your car's service record, when and where you purchased equipment - plus all documents pertaining to your car.

Appliances - Keep the instruction books and guarantees that come with your household appliance in this folder as well as a record of when and where you purchased each appliance, any repairs, etc.

Storage Lists - Keep track of the many items you have stored away in attic and basement. Up-to-date lists will save time and bother when you're looking for something.

MRS. JERRY G. CALAHAN

## Miss Carol Graham And Jerry Calahan Exchange January 3 Double Ring Vows

Double ring wedding vows were exchanged January 3 in the First United Methodist Church in Floydada by Miss Linda Carol Graham and Jerry Glenn Calahan. Rev. C. B. Melton, pastor, performed the ceremony at 6 o'clock p.m.

Parents of the couple are Mr. and Mrs. Herman Graham, Star Route, Floydada, and Mr. and Mrs. Shelby Calahan of South Plains.

Vows were repeated before an altar banked by baskets of white stock, pom mums and twin candelabras covered with greenery.

Miss Marion Wylie was at the organ and accompanied Mrs. David Battey Jr., as she sang, "The Twelfth of Never" and "The Wedding Prayer."

The bride, given in marriage by her father, wore an ivory gown of crystalline taffeta fashioned with a fitted bodice, bateau neckline and long tapered sleeves. Medallions of lace and minute bows enhanced the bell shaped skirt and cathedral train. The waistlength veil of illusion was attached to a Camelot cap which was designed and made by the bride's mother. It was accented by lace appliques and seed pearls. She carried a bouquet of phalaenopsis white orchids surrounded by feathery carnations and English ivy. In the streamers were tied the wedding bands of the bride's mother and her maternal grandmother, Mrs. Emma Newman of Amarillo.

The bride carried out the traditional something old, her grandmother's band; something new, her bridal veil; something borrowed was the wedding gown from her aunt, Mrs. Howard Graves of Fort Leavenworth, Kan.; and something blue was her wedding garter. She also wore a penny in her slipper for luck.

Anita Dillard of Oklahoma City, cousin of the bride, was maid of honor and Kathy Graham, the bride's sister, was junior bridesmaid. They wore identical gowns of peau de soie corn flower blue fashioned A-line and sleeveless. Sashes complemented the empire waist. Their headpieces were pill box hats of matching blue and brief veils. They carried white pom mums with silver and blue streamers.

Kelvin Cummings, cousin of

the groom, was best man. Ushers were Craig Gilly, Warren Powell and Ronnie Graham, brother of the bride. Randy Calahan, brother of the groom, was junior groomsman.

Following the wedding a reception was held in Fellowship Hall of the church.

Mrs. Rex Battey registered guests.

The bride's table was laid with white net over satin and held a crystal punch bowl, silver candelabras bearing blue tapers, and the wedding cake. Bouquets of the bride and her attendants formed the centerpiece. Mrs. D. T. Graham and Mrs. Ervin Graham, Plainview and Mrs. Flake Dillard of Oklahoma City, served. At the groom's table were Mrs. T. L. Newman and Mrs. Richard Cook, both of Amarillo. All

are aunts of the bride. A gold colored cloth covered the table which held a silver coffee service, silver candelabras bearing brown tapers and a center arrangement of holly. Brown napkins completed the setting.

For traveling the bride changed to a black wool knit with a sleeveless yellow and black plaid coat with black accessories.

The couple are now at home in Amarillo.

Both are graduates of Floydada High School where Mrs. Calahan was salutatorian of her graduating class. Both are sonhomores at West Texas State University where the bride is a member of the Mary E. Hudesph Honor Society. Her husband is a member of the ROTC Rifle Team.

## Hospital Auxiliary Meets For Business Session

Members of the Floydada Hospital Auxiliary met Tuesday for a business meeting. Ann Willson, president, was in charge. The nominating committee reported on a list of officers, but as all had not been contacted, the election of new officers was postponed.

Many interesting and worthwhile plans and projects for the future were discussed and these will be made more definite at the next meeting.

The election of officers and plans for Heart Month will be discussed at the February 3 meeting.

Present for the Tuesday meeting were Meses. J. M. Willson Jr., John Fowler, Edward Wester, Norman Martin, J. P. Moss, C. B. Carmack, Ned Bradley, Ben Whitaker and Miss Letricia Bartlett, a visitor.

### SHIPMENTS SUSPENDED

Sen. Warren G. Magnuson (D-Wash.) said recently the Army has "suspended at least temporarily" its plans to ship poison gas weapons from Okinawa to the U.S. mainland. It is reported the Defense Department is conducting a review of the "entire matter."

## TV COMMENTARY

TWO FILMS, based on the same book, were seen during the Christmas holidays. The story "Anna and the King of Siam" was first made into a movie starring Rex Harrison and Irene Dunn. Later on it was produced as a musical movie with Deborah Kerr and Yul Brenner as the stars. It was interesting to watch these two films—which were televised just a few evenings apart—and to compare the interpretations of the leading roles by these fine actors and actresses. There were some changes in the two productions but they were both superbly acted and beautifully staged. Entitled "The King and I", the musical adaptation of the story was a Broadway hit in 1951 and the music by Rodgers and Hammerstein is still lovely and nostalgic.

PEOPLE INTERESTED in the food markets of New York may see a film of these places on January 11th, over T.V.

## In Fashion

The soft look in dresses is evidenced in some of the newest designs being shown in smart shops. A chiffon dress with long sleeves and a high neckline has a long scarf. It is a print of gold and brown colors.

Paisley prints in jersey and cottons are being shown for travel and resort wear.

Open collars with scarfs of bows around the neck are featured for young men.

Double breasted coats continue to be popular for men.

LISA MINELLA will be on the "Ed Sullivan Show" on January 11th.

ON JANUARY 22nd Pat Paulsen will introduce a half hour comedy show on ABC. He will have interviews with people and with cartoon characters.

JUDY CARNE is scheduled to appear on two of Andy Williams' shows in January.

WE HAVEN'T HEARD much of Tab Hunter lately but he is back in Hollywood after several years spent on an Oregon ranch. He will appear in one of the NBC movies soon as a bandit. Van Johnson, Clu Gulager and Pernell Roberts are in the same movie.

## MRS. CRUTCHFIELD FLOWN TO HOUSTON

Mrs. Leroy Crutchfield was flown by private plane to M.D. Anderson Hospital in Houston Tuesday. Mrs. Crutchfield was accompanied by her husband. The Kinder Farris plane was used and he and Billy Stanforth piloted the craft.

Mrs. Crutchfield was said to have made the trip fine. Her appointment at the hospital was 2:30 Tuesday but results of her tests would not be known for a few days, according to friends.

The Floydada woman underwent surgery recently in Lubbock Methodist Hospital.

### FLOYD DATA

Visiting in the home of Mrs. H.R. Stanley during the holidays were Mr. and Mrs. Delbert Graves and son, Gene, and Mrs. and Mrs. Jerry Davis, Glen, Susan and Sharon all of Pampa; Mr. and Mrs. L.H. Smith Jr., of Odessa; Mr. and Mrs. W.C. Holt of Levelland; Mr. and Mrs. Curtis Holt, Lubbock; and Mr. and Mrs. James Stanley, Davis and Douglas of Tulsa, Okla.

## WORTH TALKING ABOUT

Dishonor in public life has a double poison. When people are dishonorable in private business, they injure only those with whom they deal or their own chances in the next world. But when there is a lack of honor in government, the morals of the whole people are poisoned.

—Herbert Hoover

### FREE ENTERPRISE

In an address to the nation's leading manufacturers, Rep. William E. Brock (R-Tenn.) said that to solve the problem of turmoil on the campuses it is essential that we market the philosophy of free enterprise as vigorously as we market its products. In researching the subject he found that the vast majority of students are "idealistic, sincere and concerned." But he added, "students are not so concerned with changing existing values as with whether or not the adult society is living up to those values."

It is essential for the business community to communicate an understanding of free enterprise because it is essential to the preservation of individual opportunity and enrichment. He believes that our free enterprise system is absolutely essential to the preservation of individual opportunity and enrichment and to the preservation of freedom itself.

MRS. DONALD EARL CUMPTON

## First Baptist Church Is Setting For Saturday Wedding Of Linda Foster, Donald Crutchfield

The Sanctuary of the First Baptist Church in Floydada was the setting Saturday, January 3, for the wedding of Linda June Foster and Donald Earl Cumpston. The bride and groom exchanged double ring wedding vows. The Rev. Floyd C. Bradley, minister, officiated for the 7 o'clock p.m. ceremony.

The bride is the daughter of Mrs. Garland C. Foster and the late Mr. Foster of Floydada. The bridegroom is the son of Mr. and Mrs. Allen Cumpston of Bovina.

Traditional wedding music was presented by organist, Mrs. Vernie Moore of Plainview. Flutist, Judy Penn of Lubbock, presented "Ave Maria" and Sharon Hutchins sang "O Perfect Love." At the conclusion of the ceremony, Ralph Johnston Jr., read the "Love Chapter," First Corinthians, Thirteen.

The wedding scene was formed by brass hurricane type candelabras, decorated in strings of smilax foliage and flanked by graduated sizes of palms in commodore foliage. Centering the scene was a brass profile kneeling bench.

Given in marriage by her uncle, Alton Griffin of Lubbock, the bride wore an original gown of candlelight peau de soie, designed and worn by her sister, Helen Masters. The gown featured a chapel length train, scooped neckline and petal point sleeves. The fitted bodice and front skirt panel were enhanced with appliques of re-embroidered lace and seed pearls. The bridal veil of illusion was held by a satin bow.

The bride carried a small white Bible which held a corsage of a white cattail orchid and showers of white stephanotis blooms. Garlands of white stephanotis and strings of simulated pearl strings cascaded from the Bible.

For something old she wore a gold locket that her mother received as a child and wore at her wedding. Something new was her bridal veil and something borrowed were pearls and matching earrings belonging to her aunt, Mrs. Alton Griffin. Something blue was the traditional blue garter, a gift from her aunt, Mrs. Clarence Oster. The bride also wore a sixpence in her shoe, which was brought from New Zealand by her uncle, Riley Griffin.

Her attendants were Sue Foster, maid of honor, and Mrs. Helen Masters, matron of honor. Both are sisters of the bride. They wore floor-length gowns with hot pink velveteen bodices and moss green crepe

### ON POSTAL REFORM

The administration has drafted a new postal-reform plan that would establish a federal authority to operate the postal service which would have many of the powers of a corporation although still subject to government control. The plan also calls for leaving employees under the civil service and giving the Post Office authority to issue bonds and to fix postal rates.

Hawaii urged to curb immigration.

## Miss Becky Shoemaker Is Bride Of John Gary Slater Jr.

Miss Becky Shoemaker, granddaughter of Mrs. E. F. Stovall of Floydada, became the bride of John Gary Slater Jr., Friday, January 2 in a ceremony read in the First Christian Church in Abilene. The bride is the daughter of Mr. and Mrs. Hart Creighton Shoemaker of Abilene and the groom is the son of Mr. and Mrs. J. G. Slater of Birmingham, Michigan.

Rev. Chris Diebel performed the wedding vows. Mr. and Mrs. Jack Glover were soloist and organist.

She is a teacher in Peabody College Demonstration School in Nashville, Tenn., and her husband is a third year medical student at Vanderbilt Medical School in Nashville.

Given in marriage by her father, the bride wore an empire styled gown of candlelight silk peau de soie. It was fashioned with an Italian lace bodice and matching long full sleeves which were caught at the wrists with a band of peau de soie and tiny pearl buttons. The back of the skirt swept into a chapel length train. A mantilla of Italian lace and silk illusion extended the length of the train. She carried white roses and stephanotis.

Gowns of the feminine attendants were of American beauty red silk worsted shantung, styled with empire fitted bodices, square necklines and short bell shaped sleeves edged with guipure lace. They carried nosegays of American beauty red roses and pink carnations.

The bride was attended by Mrs. Bill Honey, her sister, of Houston, matron of honor, and Miss Karen Wooten of Dallas and Miss Jeanne Wood of Abilene.

The groom's father served as best man. Groomsman were his brothers, Richard and Robert, both of Birmingham, Michigan. Ushers included Raine Remsburg, New York City; Bill Honey of Houston and Bill McGlothling of Gurnee, Illinois.

The reception honoring the couple was held in the Abilene Woman's Club. The grandmother, Mrs. Stovall, attended the wedding and assisted at the reception. Also assisting were aunts of the bride, Mrs. J. P. Williams of Roswell, New Mexico, Mrs. Marvin Gilbert of Lockney, Mrs. Richard Stovall

of Plainview, Mrs. H. C. Sullivan, Wichita Falls and Mrs. Tucker Teutsch of Dumas.

The bride is a graduate of Texas Tech University with a bachelor of music education degree. She was a member of Kappa Kappa Gamma, Mu Phi Epsilon, Concert Choir, Tech Madrigals, Junior Council and Mortar Board. She was also Miss United Fund of Abilene in 1965 and Miss Glacier National Park of 1968. The bride was also presented in Abilene as a 1966 Cotillion Belle.

The bridegroom, a graduate of Vanderbilt University, was a member of Kappa Alpha Order, freshman basketball team, varsity team and president of Skull and Bones fraternity.

## Miss Hines Honored With Luncheon

Miss Marsha Hines, bride-elect of Thumper Morgan, was honored with a pre-bridal luncheon given in the Caravan Restaurant in Ralls, Tuesday, December 30.

The bride elect's chosen colors of blue and white were used in the center arrangement of gladiolus and carnation for the serving table.

Special guests for the occasion were Mrs. Dutch Hines, mother of the future bride; Mrs. E. D. Morgan, mother of the prospective bridegroom; and Mrs. Rex Wheeler, grandmother of the bride-elect. Feminine attendants for the wedding completed the guest list.

Hostesses for the luncheon were Mrs. Myrt Proctor, Mrs. R. K. Ralls, Mrs. G. J. Parkhill, and Mrs. L. B. Parkhill. Their gift was a Malek spice rack with porcelain spice canisters.

## HEALTH AND BEAUTY

Did you go haywire eating at Thanksgiving and then again at Christmas and at New Years? Well, you aren't alone.

Many of us had just managed to lose some weight and begun to look well in our last winter's clothes when along came Thanksgiving. You may have gained four or five pounds.

Then the struggle began to lose the extra weight. When success was near, Christmas arrived. Don't despair! Make up your mind to do something about those pounds.

Give up starches, fats and sweets for a week. Get a moderate amount of exercise. Providing you are in good health, this will do wonders for you.

Keep in mind that over-eating, and the conditions it brings on

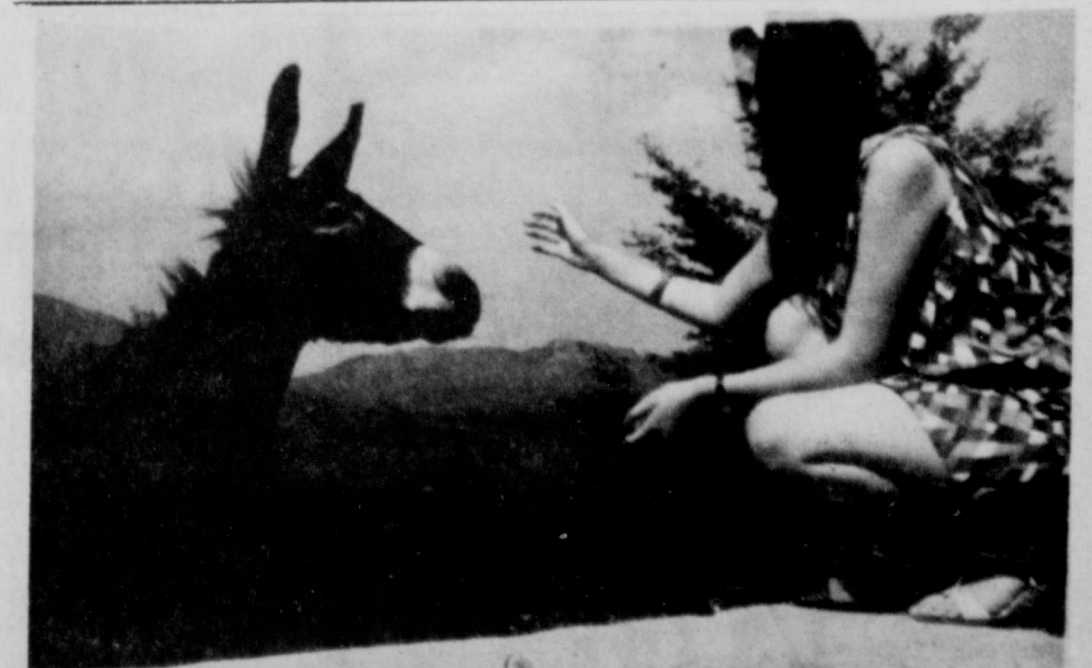

are responsible for more deaths than any other single thing. Your complexion will suffer from an over-rich diet and not enough exercise.

Try standing in front of a full-length mirror and looking at yourself honestly. Chances are that you will find the appearance of age is made up of many small factors, almost all due to over-weight. They include a roll over the girdle, a protruding abdomen, a double chin, a dowager's hump, rounded shoulders, a drooping jaw line—to list a few.

If you need to lose a good bit of weight, consult your doctor. He will outline a safe diet and tell how fast you should lose weight.

ON NIKE-HERCULES SITES The Army has announced plans to shut down 10 Nike-Hercules sites by March 31 as a cost-cutting move but the action will leave some 68 of the anti-missile batteries in place around the United States.

This is the latest in a series of moves in which the Defense Department has cut air defense spending.

CIGARETTE SMOKING DIPS Americans on the average smoked 152 cigarettes less this year than they did in 1968, the Agriculture Department reported. Peak per capita consumption was 4,345 in 1963 before the impact of the U.S. surgeon general's report on smoking and health.

Jerry Carlan, Frank Chamberlain, Forrest Ledlow, Kathy Patterson, all of Austin; Mrs. C. D. McCallister and Jeanie and Jacobina Skinner of Alpine; Martha Marshall, Dallas; Mr. and Mrs. Johnny Tyra and Mr. and Mrs. Ernest Chanez of Uvalde; Mrs. Etta Billings, Mrs. Bradley Richards and Mrs. Felix Billings, Tarpley, Texas; Mrs. Joe Billings, Bander, Texas; Frank Jones III, Bryan; Col. and Mrs. Stewart Herney, San Antonio.

Mr. and Mrs. Turner Hunter were hosts for the rehearsal dinner held the night of December 29 in the Town Restaurant in Uvalde.

Members of the 1934 Study Club met Tuesday night in the home of Mrs. J.S. Hale Jr., for a program on Ventures into Texas Resources. Members answered roll call with a natural phenomena of Texas.

Oil, gas and other minerals was discussed by Margaret Springer and water by Lorene Newberry.

Members attending were Mmes. Allen Bingham, Wilson Bond, W. H. Bunch, Dennis Dempsey, R.G. Dunlap, Garland Foster, J.S. Hale Jr., Ralph Johnston, M. J. McNeill, J.P. Moss, W.O. Newberry, L.D. Simpson, George Springer, L.B. Stewart, Jr., and Lonnie Hinsley.

FLOYD DATA Mildred Franks was dismissed from Caprock Hospital Tuesday where she had been since Saturday for treatment of a broken wrist. Mrs. Franks slipped on ice and fell outside her home sustaining several breaks in the wrist bone of her right arm.

The club's new queen is Rhonda Bennett, nine year old daughter of Mr. and Mrs. Harold Wayne Bennett. She loves to horse back ride and rides with the Women's Pony Express Team. She also participates in their play-day events, her favorite being the clover leaf patten and poles. Her other hobbies are swimming and music. She is a member of the Floydada 4-H Club.

FLOYD DATA Mrs. Ed Neff and Mrs. Bobby Cantrell, both of Floydada, are in Houston this week with their father, D. M. Manshach, who underwent major surgery yesterday in Methodist Hospital in Houston. Manshach, a former Floydada resident, had abdominal artery surgery.

Anyone wishing to send cards may address them to room 646, Methodist Hospital.

Farm output reached records in 1969.

## WORD OF THANKS

Words cannot express our  
gratitude and appreciation for  
the wonderful things that  
have been done for us during my  
s. The many friends who  
the hospital with my fam-  
give them strength and  
ge, the ones who faith-  
cept the business open for  
the bountiful amount of  
that was brought in during  
ay in the hospital and since  
been home. The beautiful  
s, gifts, cards and let-  
most of all your pray-  
to live in a town like Floy-  
is certainly a blessing.  
nvinced the best people in  
orld live here. You will  
know how we treasure  
friendship, and we love  
of you. Maybe some day  
me way we can return  
of the kindness that has  
bestowed on us. May God  
each of you.  
oy and Billie Crutchfield

ould like to take this op-  
ity to say "Thank You"  
alf of all the residents of  
ada Nursing Home, to all  
nderful people of our town  
ommunities who have so  
fully given their time and  
s in making this more a  
away from home for our  
s here.

our pastors and organiza-  
our churches who have  
ed the lives of each one  
y giving of their time and  
s with daily devotions, and  
y School and Sunday even-  
urch services.  
o to all who stop in each  
o just visit, this is so  
y appreciated by each one  
residents. This helps to  
e them they are not for-  
g, and gives them a feeling  
ill belonging to their  
is and loved ones. Espe-  
for those who are con-

I say a great big  
NKs" to all for a won-  
glorious year of sharing  
lives with our residents,  
elping to make Floydada

## WORD OF THANKS

Words cannot express our gratitude and appreciation for the wonderful things that have been done for us during my stay in the hospital with my family. The many friends who have given me strength and love, the ones who faithfully kept the business open for me, the business amount of what was brought in during my stay in the hospital and since been home. The beautiful gifts, cards and letters most of all your prayers. To live in a town like Floyd is certainly a blessing. I have met the best people in the world live here. You will know how we treasure friendship, and we love of you. Maybe some day we may we can return the kindness that has bestowed on us. May God each of you, Roy and Billie Crutchfield 1-8p

Would like to take this opportunity to say "Thank You" to all of the residents of the Nursing Home, to all wonderful people of our town and communities who have so fully given their time and love in making this more a home away from home for our loved ones here. Our pastors and organization of our churches who have given the lives of each one by giving of their time and love with daily devotions, and by School and Sunday even-urch services. To all who stop in each day to visit, this is so appreciated by each one of the residents. This helps to them they are not forgotten, and gives them a feeling of belonging to their loved ones. Especially for those who are con-

I say a great big THANKS to all for a wonderful year of sharing lives with our residents, helping to make Floydada Nursing Home one we can all be proud of. Mildred Parnell Adm. 1-8p

Thanks so much to my neighbors, and relatives for the cards, letters, phone calls, gifts, flowers, food, during my past months of illness, while I was in the hospital at Scott and Temple 5 weeks, and a 1 thanks to the doctors and nurses at the Caprock Hospital, while I was there the last weeks of December. J. T. Poole 1-8p

wish to express our sincere thanks for the many acts of kindness shown us at the time of our loved one. For the offerings, food sent to us, words of sympathy we received. We are especially indebted to the doctor and nurses at the Caprock Hospital, and to the family of J.R. Vickers 1-8p

### Jeff Kimble Receives Scholarship

ABILENE — Jeff Kimble, son of Dr. and Mrs. John Kimble of 717 West Tennessee, is among nearly 1000 scholarship recipients at Abilene Christian College.

A 1967 graduate of Floydada High School, he is a junior physics major.

Scholarships are awarded on the basis of academic achievement, character and need.

### HAIL FROM PAGE 1

W. Duckering, executive assistant of Atmospherics Inc., Fresno, Calif.

The research would include treating all potential hailstorms approaching the target area during a five-month period each year, said F. F. (Flip) Calhoun of Plainview, a member of the weather modification advisory committee of the Texas Water Development Board.

Most hailstorms in this area occur in the period from mid-April to mid-September, Calhoun, a leader in organizing Tuesday's meeting, pointed out.

An operational hail suppression program could be initiated at the end of the three-year period if the pilot project proved successful, Calhoun explained.

The full-scale operational system would cost approximately \$100,000 a year for roughly each 2,000-square-mile area involved in the program, he said.

Thus, he added, could be financed through the formation of special tax districts. All residents not just farmers would benefit from a substantial reduction in hail damage, he observed.

Citing an example, Calhoun said an ad valorem tax of about 10 cents per \$100 evaluation might be required in Hale County.

But funds for the three-year research program would have to come first. Officials are expected to investigate the possibilities of funding the program through private subscriptions, state and/or federal assistance, or a combination of these.

"We feel we should be able to get a 40 to 50 per cent reduction in hail damage in this area in the first year or two," Duckering said, "and we believe we could increase that later."

Atmospherics Inc. last year made a nine-county High Plains study on hail suppression and submitted its findings to the Texas Water Development Board.

The study included areas of Crosby, Lubbock, Hockley, Lamb, Hale, Floyd, Biscuit, Swisher and Castro counties.

John W. Kane of Austin, a meteorologist with the TWDB, said the feasibility report by Atmospherics Inc. was one of

# Floydada Basketball Teams Defeat Abernathy

Tuesday night was a good night for both the Whirlwinds and Whirlettes as they defeated Abernathy in Graves gymnasium.

## WHIRLETES

The Whirlettes came out ahead 52-44 over Abernathy and it was Cindy Ward with 17 points and Marilyn Harris with 33 to lead the local scoring. Drue Ann McCune made 32 for the visitors.

Marilyn also had six rebounds, six steals.

This win makes the Whirlettes 16-5 for the season and 2-1 in district play.

The Whirlettes play Dimmitt Friday night in Dimmitt and then meet Lockney here Tuesday night.

The Floydada Whirlwinds captured their second district win of the season as they powered past the Abernathy Antelopes by a score of 62 to 49 in Graves Gym Tuesday night.

The Winds won on the boards as they gathered in a total of fifty rebounds while hitting on 30% of their shots from the field. Leading the work on the boards was Richard Hale who accounted for 23 rebounds. Frank Watson had 9 and Steve Puckett had 8 rebounds.

Floydada broke to a 17 to 10 first quarter lead on Puckett's three goals from long range and two buckets each by Hale and Watson from around the key. But a cold spell promptly hit the Winds in the second quarter as the scoreboard got stuck on the 20 mark for more than two minutes and the Green

and White wound up holding only a 25 to 21 edge at the half.

In the third quarter Floydada widened the gap by scoring 16 points and went into the final stanza with a 41 to 32 lead.

The local quintet used their fast break and accuracy from the free throw line to score 21 points in the final quarter. This insured the Whirlwinds of their second district 3AA win against no losses.

Three players scored in double figures for the hometown crew. Frank Watson led the scoring with 16 points, Bob Marler ended up with 14 and Steve Puckett canned 12. The Whirlwinds received five leadership from their playmakers Andy Hale, Walter Harris and Marler. The work of Mike Moore, Jack Gregory, Larry Beaver, and Charles Jackson made the victory a team effort.

This victory brings Floydada's season record to 9 wins and 5 losses. The Whirlwinds JV and Varsity Teams travel to Dimmitt Friday night and will host the Lockney Longhorns here Tuesday night. Whirlwind backers are urged to attend and make their presence known and help the Green and White on to victory.

### CAPTAINS

Jack Gregory and Bob Marler were selected by their team mates as captains of the Whirlwind Basketball Team. Gregory has two varsity letters and Marler is a one-year letterman. Both captains are seniors.

## Green And White On Basketball Court

### WHIRLETES BEAT PETERSBURG

In a December 30 game the Whirlettes beat Petersburg 62-42. Cindy Ward sunk 29 and Marilyn Harris 25 to lead the Whirlette scoring. Jill Bertrand made seven rebounds and two steals to lead the defense.

### WHIRLETTE JV DEFEAT PETERSBURG

The Whirlette Junior Varsity team also defeated Petersburg 44-34. Sherry Harris made 22 points to lead the locals scoring.

### SLATON JV DEFEATS FLOYDADA

Last Saturday night in a game played in Graves gymnasium the Slaton girls Jr. Varsity Team beat the Floydada team 22-20. Mychele Reed and Sherry Harris each made eight points to lead local scoring. Debra Smith made 13 rebounds and four steals to lead the defense.

### FLOYDADA JV GIRLS BEAT ABERNATHY

In a game here Tuesday night the Floydada girls junior Varsity Team breezed by Abernathy 38-13. It was Allison McLain with 12 and Sherry Harris with ten points leading the scoring.

Debra Baird made 12 rebounds and three steals to lead the defense.

The Jr. Varsity girls are now 6-2 for the season.

### FUTURE GAMES

The Freshmen girls and junior varsity girls play Abernathy here tonight beginning at 5:15.

The Freshmen girls and junior varsity girls play Abernathy here tonight beginning at 5:15.

The Freshmen girls and boys are to play in the Crosbyton freshman tournament Saturday, Monday night, the Freshman girls and boys play Falls here beginning at 6 p.m. Come out and watch the games.

Hollums was a consultant on outdoor education for the Coldwater schools before coming to Bloomfield Hills. In March he will complete requirements for his master's degree in curriculum with the emphasis on outdoor education at Michigan State University.

"A student does not truly have an education unless he has some knowledge of his environment," Hollums believes.

One of the major attractions for the children at the Olsen site is Hollums' albino raccoon. He found the raccoon about five years ago and says he has never seen another one.

"Actually I am prolonging its life by keeping it in captivity," he explained. Deprived of its natural protective coloring, it would have been killed long ago if it had been allowed to remain wild, he said.

A special bus is being equipped for use on outdoor education field trips. It will contain audio-visual equipment so groups can receive classroom

### BREEZERS TAKE ABERNATHY

The Seventh Grade girls defeated Abernathy this week 31-12. Dianna Grimes scored 18 and Linda Norman 12 to lead the local scoring. The seventh graders have a 1-3 season record.

The Eighth Grade Girls clubbed Abernathy 44-7 and DeAnn Wilson led the scoring with 14 points. This team has a 5-4 season record and 3-2 district.

The eighth grade boys eked out a 29-25 victory over Abernathy. Ralph Bennett was top scorer with 16 points. Their season record is 4-4 and they are 3-2 in district.

The 7th boys and eighth girls and boys play Olton here Monday.

## Floydada Cagers Lose To Slaton

The Floydada Whirlwinds were nosed out by the Slaton Tigers in Graves gymnasium last Saturday night 65-50. It was a non-district contest. High scorers for the Whirlwinds were Bob Marler with 16 and Steve Puckett with 15 points.

WHIRLETES

The Whirlettes also lost to the Slaton team 45-42. Cindy Ward and Marilyn Davis each made 29 points to lead the scoring for both teams.

Cindy made 13 field goals, Jill Bertrand had three rebounds and three steals to lead the Whirlette defense.

Don Hollums

instruction to prepare them for a site visit while on their way to a location.

Typical comments Hollums gets from the children who take field trips to the Olsen and farm sites were revealed in letters written by members of a third grade class from Booth School.

One of Hollums' favorites was from Ricky Rosen:

"I like the trip that you took us on. You are a good guided. How old is the white pine tree? Do you now if birds can fly 1,000 miles in one day? If a bird bit you would get sick? Can birds get sick in the eggs? How far can a bird see? How high can a tree grow? Can owls see good at night? How old is the albino raccoon? When did you larn about nature? How old were you when you larn about nature?"

The Outdoor education committee of the school district recently hosted 17 teachers from the Island Natural Science School in Toronto. The visitors were taken on a tour of the Olsen and farm sites in Bloomfield Hills and met with the committee for discussion.

Because of the increasing interest in developing an outdoor education program among the teachers in Bloomfield Hills, plans have been completed for a three-credit graduate course in outdoor education to be offered at Andover High School starting Jan. 12, for all interested persons.

The course will be given by Dr. Julian Smith, Michigan State University professor and director of the outdoor education project for the American Association of Health, Physical Education and Recreation.

Persons interested in signing up for the course may contact Hollums, Ed Wichert, recreation director for the district or Stephen Valkoff, science coordinator, all members of the outdoor education committee.

## Carnegie Course To Be Taught In Floydada

The world famous Dale Carnegie Course will be conducted in Floydada, it was announced today.

"We believe that this adult education program is a genuine community service," said Pat E. Sasser of Amarillo, Area Manager for the Carnegie organization.

"Businessmen, professional men, sales people, homemakers, clubwomen, office personnel - every adult will benefit from this training. It will build a new enthusiasm, develop self-confidence, create a new understanding among the citizens of Floydada," interested people may call Sasser at Fieldan Motel, 983-2825, for further details.

Bob Fishkind, Regional Director from Dallas, points out the changes on the new form 1040 to local Block manager, Dorothy Thomas, at a recent H & R Block training session held in Lubbock.

The five major changes shown are:  
A. Last year's 1040A card form is now eliminated and combined with 1969 1040.  
B. Filing status section item #6 changed.  
C. Exemptions Section #9 added. Formerly on page 2 of 1040.  
D. Items 12A and 12B on dividends and exclusions and 14 and 15A on other income and Total removed from page 2 of 1040 and now combined into 1040, page one.  
E. The new lines added in the tax and surcharge section show the individuals tax as computed on the new Schedule T.

Statement copied from IRS instruction book:  
"There are nearly 75 million people who file income tax returns. They have different kinds of income, different kinds of deductions, credits, and exclusions. No one form can possibly suit all of them. That's why we have developed a new return system that takes the place of both the old Form 1040 and the old Form 1040A. It is a building-block system. You start with a basic one-page form (still called Form 1040). Nearly half of the taxpayers will need no other forms. The other half will add special schedules or forms as they need them."

Several Floydada churches are sponsoring the area Crusade.

## Crusade For Christ Committees

At an executive committee breakfast in King's Restaurant Monday morning committee heads were appointed for the July 5-12 Area Crusade For Christ in Western stadium.

Over-all chairman Ralph Johnston presided at the meeting which was attended by ministers Dwayne Grimes, Floyd Bradley, W. G. Lillard, Hollis Payne, C. B. Melton and laymen Wendell Tooley and Joe Wilson.

Committee head appointments are as follows: Prayer, W. G. Lillard; counseling,

Floyd Bradley; finance, Kin-der Farris; publicity, Wendell Tooley; visitation, C. B. Melton and Herbert Els; music, Bob Copeland; ushering, Guy Ginn; youth, Hollis Payne; field work, Dwayne Grimes.

Evangelist for the crusade will be Ed Robb of Abilene, Texas. Bobbie and Gene Moore of the Ed Robb Evangelistic Assn. will be in charge of music.

Several Floydada churches are sponsoring the area Crusade.

## CENTER NEWS

CENTER, Jan. 5 - These cold, snowy days make us glad we can "stay home."

Francis Ashton, who spent the holidays with her parents, the Clarence Ashtons, and with other relatives, left Sunday afternoon to fly to New York where she is employed.

Guests of Mr. and Mrs. W. C. Plumlee the Dec. 29th weekend were his brother and wife, Mr. and Mrs. Clarence Plumlee of Millsap.

Mrs. W. P. Sims, Mr. and Mrs. Charles Horton and Bruce of Alvin arrived at the Sims home Friday for the weekend. Mrs. Sims and Betty Jo (Mrs. Horton) visited the J. E. Greens a while Saturday afternoon. It was so good to see these long time former neighbors. While in town they visited several other friends and relatives including Mrs. D. Sims, the Bob Bradfords, Mr. and Mrs. Mayfield, the Doyle Sandifurs, the Dale Millers, and others.

Charley Spence, in Lockney Hospital, is reported about the same, improving we hope. Their children and grandchildren were here for the holidays.

Mr. and Mrs. Hal Thomas spent New Year's day in Lubbock visiting their children, Mr. and Mrs. Milton Mensch. Clyde Green and family, who visited in the home of his parents, the J. E. Greens, and with the Victor Greens of Plainview during the holidays, left Wednesday morning for Ketchikan, Alaska, via Albuquerque, N.M. and Seattle, Wash. They are teaching this school year in Alaska.

Mr. and Mrs. Thomas Warren and family are expected home today. They spent some of the holidays in N. Carolina visiting a daughter and husband, Elaine and Paul Stout.

Mrs. Bob Thompson and girls spent part of the holidays visiting in Beaver, Oklahoma, with a cousin and family, and in Hutchinson, Kansas, with Mrs. Thompson's brother and family, the Dale Cochran. After their return from the ten day trip the Thompsons visited in Lubbock Friday.

Mr. and Mrs. Welborn visited Mrs. Frank Dunn a while Wednesday evening.

Mrs. J. D. Welborn, Mrs. Roger Gooch, and Mrs. Bobby Welborn visited Mrs. Dunn Thursday afternoon. Visitors in the C. W. Denison home Thursday evening were Mr. and Mrs. C. M. Leathman, Mr. and Mrs. D. W. Burke, the W. A. Lovells and Mr. and Mrs. Sam Lide.

Mr. and Mrs. Gus Hammonds visited the Dennisons Saturday evening.

Victor Green of Plainview favored his parents with a brief visit this Monday afternoon. At this hour it is snowing again lightly. Temperature is 17 degrees.

## FLOYD DATA

Mr. and Mrs. Melvin Hollums and two children of Oceanside, Calif., left for home Monday after visiting the past week with his parents, Mr. and Mrs. Walter Hollums.

LIGHTHOUSE ELECTRIC COOPERATIVE, INC.  
MARY PHILLIPS, HOME ECONOMIST

May we take this opportunity of extending our very best wishes to each of you for health and happiness in the new year.

A reminder to those lucky people who found a large or small electric appliance under their Christmas tree - FILL IN AND RETURN YOUR WARRANTY CARD.

Most appliances are accompanied by a warranty card that needs to be completed and returned to the manufacturer immediately. Failure to do so often results in cancellation of the warranty.

Appliances are well made but most are made through automation and minor defects may be overlooked occasionally. For this reason, manufacturers assume the liability for a certain period of time, usually from 90 days to 1 year. It is the consumer's responsibility to return the warranty card to assure the guarantee on the appliance.

On January 1 of this year, two longtime Lighthouse employees retired. Doyce Smalley and Wiley Rogers with 13 and 26 years of service, respectively, began their retirement. We at Lighthouse will miss their presence each day, but we wish them happiness and best wishes in the leisurely years to follow.

During these cold winter days whip out a batch of cookies for after-school nibbling or snacking. Below are two family-tested recipes you will enjoy.

## CHOCOLATE ORANGE COOKIES

1 cup shortening  
1/4 teaspoon salt  
1 tablespoon grated orange rind or 1/2 teaspoon orange extract  
2/3 cups brown sugar, firmly packed  
1 egg  
2 cups sifted flour  
1/4 teaspoon soda  
1/2 to 1 cup nuts, chopped  
1 6-oz. bag chocolate chips  
Cream shortening, add salt, rind or extract, and sugar. Mix in egg, then add flour, soda, nuts, and chocolate chips. Drop by teaspoonfuls onto greased cookie sheet. Bake 8 to 10 minutes in 350 degree oven. Makes approximately 4 dozen cookies.

# dry up, lady!

Think about it.  
Your biggest complaint about washday is probably the clothesline routine. With a family, it gets to be a hang up. You can spend a big part of your life hanging out T-shirts, mini-skirts and Hubby's socks. And sheets, and jackets, sweaters, bedspreads... even curtains. Not to mention the unmentionables.

**PIONEER**  
NATURAL GAS COMPANY

You don't like lifting, lugging and wrestling loads of heavy, wet wash to the backyard. Then there's always the weather. Now's the time to do something about this bundle of problems with a GAS clothes dryer. A gas dryer does five loads of clothes for the price of one load in an electric dryer. So, dry up with gas.

## Don't Sink On These Things!

I suggest to the people who live inside the corporate limits of Floydada that they adopt as their attitude for the year of 1970, the following:

1. Appreciation of the efforts the young business men who have talked into accepting the responsibilities of serving as citizens. "This is your town" they were told. "It has been to you. You owe it something."

2. The mayor gets \$75 per month. They will do more than their salaries' worth over where did all their money go as soon as they were sworn in. Not to speak of accepting their time and energy on the city's problems. City councilman's pay compares with a county commissioner's salary of \$404 per month, plus \$75 per month for transportation and \$100 every four months for travel outside the city.

3. The reason I am running this in The Hesperian is that so many people in town join in the anvil chorus without any actual knowledge of the city's affairs. Members of the council and the city employees who work for the city are largely quite respectable people. They are informed. They do not act capriciously or from whimsical notions.

4. Think the people inside the corporate limits need to take a more active attitude of helpfulness toward their councilmen and the city government in general. Let me ask you:

Do you appreciate and want clean streets that are maintained in good condition?

Do you appreciate and want to live in a city where the public supply is approved by the State Health Department?

Do you appreciate and want to live in a city where there is water and light service? And garbage disposal that you can depend upon at reasonable cost?

Do you appreciate and want a police force that is firm but not overbearing, that works in accord with county and state highway laws?

Do you think it is a good thing the council found the money to maintain night two-way radio communication with other cities and counties and the Department of Public Safety for the protection of your lives and property? And that the benefits of service can be shared by all the other people of the county?

Do we have a growing community. This city is no different in most respects from others that have growing pains. But times are changing. Every day brings new demands. We have just experienced a state agency with authority telling our council what it had to do.

Do we have another arm of the state's might breathing down the city's neck. And there's the Mackenzie Water plan, which we must make come true, and on which incidentally the taxpayers have given the council a mandate. And not all are city employees' zooming cost of living.

It is a tough prospect for a city councilman. And it will be on you. But it is not a nightmare, but rather a challenge. Approach it in a helpful, understanding manner. I think it fair to ask you to talk with your councilman helpfully. I think it's not that at least quit sniping at him.

On these things!

# FLOYD PHILOSOPHER

## It Has To Be A World Of Change With All These Coin-Operated

Editor's note: The Floyd Philosopher on his Johnson grass farm must be out of pocket change, his letter this week would indicate.

Dear editor:

They say the world is full of change and I'll tell you it has to be. Nearly everything is coin-operated.

Why just last night I read in a newspaper that they now have a coin-operated tennis court. That's right. You drop some money in a box on the post that holds the net and thus free the crank handle so the net can be raised for play. After an hour, the timer in the post drops the net.

Anything that eliminates an attendant or otherwise cuts down on labor is the order of the day, whether it's coin-operated or drive-in.

Why they've even got drive-in bank robbery. That's right. Bank robbers, faced like everybody else with the problem of hiring suitable labor, have discovered they don't need somebody to stay outside and keep the motor running. All they do is pull up to the bank's drive-in window, flash a gun, hand over

er a threatening note, and drive off with all the money the teller's got. They not only don't have to pay for extra help, they've cut down the robbing time to less than 2 minutes. This is called know-how.

In fact, it may come to the point where even an honest customer doesn't have to go inside a bank. I read that one big bank has installed an automatic cash-dispenser outside the building. You insert your special credit card in a box and \$25 in cash slides out.

In a big city, this gives a man enough money to keep the parking meter fed all day, enough to operate the cold drink and sandwich machine, to buy a newspaper from a coin-operated stand, then, after reading it, to call the dial-a-prayer service, then to get him through the coin-operated toll road going home and, if he's lucky, get him back to the bank box the next day for another run.

I have no objections to all this, if people want to put up with it, but if somebody comes up with a coin-operated checker board or a set of coin-operated dominoes, he's in for trouble.

Yours faithfully,  
J. A.

### WILLIE FROM PAGE 2

Was your holiday pumpkin pie all you expected it would be or were you slightly disappointed? Some traditions get better with time and we believe the following recipe is great for an old time favorite.

#### SOUR CREAM PUMPKIN PIE

PIE SHELL

1 cup sifted flour  
1/4 teaspoon salt  
3 tablespoons butter  
2 tablespoons shortening  
(lard is best)  
1/2 cup finely chopped pecans

3 tablespoons milk  
Sift together flour and salt. Cut in butter and lard until mixture resembles small peas. Add pecans. Sprinkle on milk one tablespoon at a time, mixing lightly with a fork. Gather up dough with fingers and shape into a ball. On lightly floured surface roll 1/8 inch thick. Place in pie pan and flute edge.

PIE FILLING

1 1/2 cups sour cream  
3 egg yolks  
1 1-lb. can pumpkin  
3/4 cup firmly packed brown sugar  
2 teaspoons cinnamon  
1 teaspoon nutmeg  
1/2 teaspoon ground cloves  
1/2 teaspoon salt  
3 egg whites  
2 tablespoons sugar  
Stir together sour cream,

egg yolks, pumpkin, brown sugar, cinnamon, nutmeg, cloves and salt in 2-quart saucepan. Cook over low heat, stirring occasionally, 15 minutes or more until mixture thickens. Beat egg whites until foamy; gradually add sugar and continue beating until still peaks form. Gradually fold pumpkin mixture into beaten egg whites. Mound into pie shell and bake at 375 degrees 20 to 30 minutes or until knife inserted in center comes out clean. Cool on a wire rack. Garnish with whipped cream.

## SOUTH PLAINS NEWS by Mrs. Murray Julian

SOUTH PLAINS, Jan. 5 - School resumed this Monday morning, after a two week holiday. There have been many colds, flu and other sicknesses during the Christmas and New Years gatherings, but things are about back to normal.

Services were back to the usual attendance at the South Plains Baptist Church with around 75 present for Sunday morning services. Former pastor here, Rev. and Mrs. Sealy Smith, Sharon Terry and Gregg from the Oak Ridge Baptist Church at Weatherford, Texas were visitors here at the Church and everyone got to visit a little with the family. They reported nice weather down their way, as of that time.

Mr. and Mrs. Sterling Cummings visited with Mr. and Mrs. Don Brashear and children of Lovington, N.M. at the home of Mr. and Mrs. Bill McCarter in Lockney Tuesday last week. The Cummings' formerly worked with the music department of the Baptist Church here, and left to go to Lovington where they both teach music and she works with singing groups.

Regular meetings resume this week at the Baptist Church with WMS meeting and the GA's and Sunbeam groups meeting Tuesday. Business meeting will be held on Wednesday night, and Friday night the mission group will meet at the Mission Church for study and Bible work. Rev. W. L. Trice has announced they need another car to pick up and take home the children of the mission. Please lend your car and driver, if possible. They are also needing ladies to serve Friday nights at the Mission. Call the church if you are able to help fix cookies and drinks for the children.

Mr. and Mrs. L. N. Johnson were hosts Sunday at their ranch home to several members from the church, including Rev. and Mrs. W. L. Trice, Renda, John Mark and Ruth, and visiting pastor, Rev. and Mrs. Sealy Smith, Sharon, Gregg and Terry from Weatherford, also Mrs. Bryant Higginbotham, and children of the home, Shari, Denise and Deneen.

Mr. and Mrs. Buck Ford, Mike, Ricky and baby daughter went to McAdoo on Sunday to visit her cousin, Mr. and Mrs. Carol French and boys.

The Youth New Year's Eve social sponsored by Mr. and Mrs. Sterling Cummings, Mr. and Mrs. Kendis Julian and Rev. W. L. Trice was held at the church where all the young folks gathered and then went in cars to Plainview to attend a show. They returned to the

church for singing, a devotional and prayer as the New Year came in, and all enjoyed pan-cakes and accompaniments at the Fellowship Hall at the church. Those who attended were Kim, Dee Earle, Paula, Zach and John Cummings, Renda and John Mark Trice, Sheila Taylor, Kathy Gilly, Max Yeary, Pam Brandes, Reeda Kay Lawson, Belvred Jack, Shelly Collins, Eddie Turner, Beverly Kinnibrough, Darla Milton, Larry Bradford, Steve Pritchett, Maury Probasco, Shari Johnson, and the sponsors.

Those who have been ill the past week with influenza were Philip Smitherman, and boys, Marc and Monty. The boys are both able to back in school this Monday, and Philip is also much improved.

Mrs. Don Probasco is on the sick list, and plans to go to Lubbock this Monday afternoon for a check up. The children spent part of last week at Crosby with grandparents, Mr. and Mrs. Hubert Holcomb, Pam and Cam spent Saturday night, Dec. 27 with Christy Upton at the home of her grandparents, Mr. and Mrs. Raymond Upton.

Last Friday night, Dec. 26, several of Mrs. Raymond Upton's folks, gathered at the Upton home in South Plains bringing food to have for a buffet supper. Those attending were H. S. Calahan Jr., wife, and Bary of Burleson; Mr. and Mrs. Hilburn Casey, Mr. and Mrs. Bryan Karr, and Mrs. L. T. Cooper and children, of Ft. Hood; Mrs. Frank Brown, and Mr. and Mrs. Dorsey Lynn Baker from Chicago, Ill.

Mr. and Mrs. Shelby Calahan, and the Raymond Uptons and children; Mr. and Mrs. Ronnie Upton, Christy, Ricky and Rockie of White Plains, N.Y.; Mr. and Mrs. Karl Craig and Karla, Shelly, Ronda and Rance of El Paso, and Mr. and Mrs. Jimmy Upton and Shanna of Canyon.

Mrs. Helen Floyd and Mrs. Geraldine Wilhite of Plainview were callers at the Upton home during the holidays. They are Raymond's sisters.

Mr. and Mrs. Ernest Smitherman went to Austin last Monday to stay about ten days with their children, Mr. and Mrs. Larry Smitherman and Kay Lynn.

Mr. and Mrs. Grigsby Milton and Darla went to Amarillo last Sunday to take Miss Linnie Milton home after she had spent the Christmas holidays here with the Miltons.

Mrs. Ronnie Tucker, sister of Mrs. Bruce Julian, who lives in Floydada, has received her

first letter from her husband, who is stationed in Cam Rahn Bay in Vietnam. He left here Dec. 22 for that area. He is in the Air Force.

Mrs. Bryant Higginbotham went with her son, Mr. and Mrs. Alton Higginbotham and children of Floydada to Amarillo Wednesday where their son, Bryant finished taking his allergy shots for asthma.

Mr. and Mrs. Tillman Powell and their children returned home from their Christmas vacation to Anna Wednesday. They were detained there a couple more days than they planned, due to icing of roads.

South Plains PTA will meet at the schoolhouse Friday night, Jan. 8, with a forty-two party for all the parents. The party begins at 7 o'clock, and they are hopeful of having a fine crowd. Everyone join the neighbors for a good evening of fun for Parents Night.

January 10 Miss Beverly Kinnibrough goes back to Lubbock for a checkup on a leg injury - the leg was broken in a fall last year. She is a high school junior this fall, and is really doing well, even though hampered by crutches. She made the honor roll, and we add our congratulations.

Mr. and Mrs. Merritt McDonald of Weston, near Trinidad, Colo., will arrive Monday to spend several days here with old friends, Mr. and Mrs. Murray Julian. The McDonalds live on a large cattle ranch in the mountains, near Cucaracha where they also have a saw mill.

George Weast came home Friday from Amarillo to see to things. He reports Mrs. Weast is doing as well as possible at the High Plains Hospital where she has been a patient for two weeks, following a broken hip she sustained just before Christmas. Mrs. Weast Thornton from here was a visitor at the hospital on New Year's Day, and found Mrs. Weast doing well.

Mr. and Mrs. Buck Ford and their three children spent New Year's Day in Lockney at the home of his parents, Mr. and Mrs. Raz Ford. Others there Mr. and Mrs. Jerry Ford and family, Mr. and Mrs. Roger Owens and family, and Mrs. Dixie Johnson all of Lockney.

Mr. and Mrs. Sylvan Kinnibrough and Melissa, their granddaughter, spent New Year's Day in Lubbock with their daughter, Mr. and Mrs. Britt Gregory. Both had been ill with flu. We hope all are well now.

Mr. and Mrs. Harold Hamm and Arlene went to Arlington Friday where they planned to

spend the weekend, and then bring Jeanne home with them. She spent the New Year's week with her sister, Mr. and Mrs. Howard Staples and Billy. Arlene went to Glorieta and Santa Fe, New Mexico spending Monday to Wednesday with about 45 teenagers from the First Baptist Church at Floydada. The group also had fun skiing at Alpine, New Mexico.

Mrs. Sterling Cummings, Dee Earle and Paula spent Saturday in Amarillo where they visited Mrs. Cummings' sister, Mrs. Elmo Hall and family.

Mr. and Mrs. Terry Julian and children, who have been visiting here with his folks, the M.M. Julians and the Kendis Julians, Saturday through Wednesday, encountered a lot of ice and snow as they went home to Roscoe New Year's Eve. They found their electricity had just come on after being out four days due to the severe ice storm which hit there Sunday. Many of the rural homes there will not have electricity for another ten days or more, due to hundreds of poles broken and ruined under the heavy ice.

Mr. and Mrs. Fred Fortenberry were hosts New Year's Day for a dinner. Guests were his mother, Mrs. John Fortenberry and his brothers, Mr. and Mrs. Robin Fortenberry and Mr. and Mrs. Cephus Fortenberry and a sister Mr. and Mrs. Garland Tucker, all of Cedar Hill.

We welcome Mr. and Mrs. A.V. Bethel and family, who moved to South Plains and spent the first night, Tuesday. Their daughter, Mrs. Shelton, is living near the Bethels, and the Bethels reside where Mr. and Mrs. Bryan Karr formerly lived.

Mrs. Jack Douglas and children, Donna and Don of Albuquerque, New Mexico, left for their home last week, after she and children spent Christmas here with her parents, the W.W. Merrells of Quitaque. She is the sister of Mrs. J.P. Taylor. The Douglas family plan to leave Albuquerque for their new home in Washington, D.C. soon where he will be working in agriculture in the Federal Building. He left January 3, and the others will be moving later.

Dr. Fred Howard will be teaching the Bible Study for all age groups at the Baptist Church here on January 26 through Jan. 28. Dr. Howard is from Wayland College at Plainview and well known to our people here, as he was interim pastor for several months.

Congratulations to newlyweds, Mr. and Mrs. Jerry Calahan, who were married in a double ring ceremony at 6 o'clock Saturday night at the First United Methodist Church in Floydada. Jerry is the son of Mr. and Mrs. Shelby Calahan of South Plains, and Mrs. Calahan was the former Linda Carol Graham, daughter of Mr. and Mrs. Herman Graham of Muncy. Bestman was Kelvin Cummings of South Plains, a cousin and groomsmen was Randy Calahan, Jerry's youngest brother. Warren Powell from South Plains seated guests. The young couple are both sophomores at West Texas State University and will continue their studies there.

Mr. and Mrs. Kendis Julian and girls went to Roaring Springs Sunday to visit with Mrs. Julian's aunts, Mrs. Benno Wilson and Mrs. Verba Faulkner, and to spend the afternoon with them.

Mr. and Mrs. Don Marble went to Amarillo Sunday to have dinner and to visit at the High Plains Hospital with Mrs. George Weast. The doctor told has not told Mrs. Weast when she might be moved to a hospital closer to home.

Mr. and Mrs. Donald Bean, Mr. and Mrs. Johnny West, Mr. and Mrs. Eugene Beedy and Mr. and Mrs. Kent Covington of Dougherty left here Saturday for Dallas where they saw the Cowboys and Cleveland Browns play. They all returned

FLOYD PHILOSOPHER  
Wants To Supply Russia With  
Cars To Equalize Balance Of Pollution

Editor's note: The Floyd Philosopher on his Johnson grass farm attacks the air pollution problem in his own peculiar way this week.

Dear editor:

Although I fought against it, at the turn of the year I had to make a trip into Lubbock and the man I was riding with got caught in a traffic jam, cars in four lanes backed up for fifteen or twenty blocks in both directions with all motors running, and I have concluded the articles I've been reading in the newspapers lately about air pollution are right. It's terrible.

Then last night, after reading another article, I got to thinking and have figured out what we ought to do about it.

According to it, the Russian people are clamoring for more cars, the waiting list for the few cars now being produced is so long children as they grow older replace their parents in line.

In fact, in the whole of Russia there are now only a million passenger cars, which means one car for every 200 people. In the United States, there's a car for every 3 people, which means if the notion struck them everybody in the entire country could ride around at the same

time, if they could get by the trucks which aren't included in these figures. This literally means everybody and his dogs and in-laws too. It's this Russian demand for more cars that interests me.

I don't care what it costs, if the United States is smart it'll start shipping cars to Russia by the hundreds of thousands. It doesn't make any difference what the terms are, even if we have to take two cans of cabbage soup and a loaf of black bread as the downpayment, just so we get the cars over there and running.

It's not the balance of power it's the balance of pollution that's going to make one country equal to another and if we don't get Russia and the rest of the world up on our level we're in trouble.

To get the program started, I've got a 1951 model car out here on this Johnson grass farm I'll be glad to export to Russia for a very reasonable figure provided it goes to somebody living in the heart of the metropolitan area of Moscow. It burns a quart of oil every 25 miles.

Yours faithfully,  
J. A.

## Texas Gets 198 New Industries In 1969

AUSTIN, Tex. - Industrial development continued at a record breaking pace throughout 1969, with plant locations and expansions 20 per cent above the all-time high previous year. "Texas closed out the sixties very impressively, with economic development spiraling through continued growth in industry, in almost every possible sector," James Harwell, executive director of the Texas Industrial Commission said in a year-ending report.

Harwell said most of the record growth came in the first six months of the year, with 198 new plants locating in the state and 264 existing industries and undertakings substantial expansions. This compared with 126 new plant locations and 251 expansions for the same period of 1968. The most activity came in the areas of chemical, metal and transportation industries.

However, despite the rising costs of construction and tight money, Texas continued to net a substantial amount of new industries in the last half of 1969. Although final figures are not yet available, officials estimate new plant locations for 1969 will number about 350, compared with 291 last year and expansions will reach the 465 mark, compared with 444 in 1968.

These totals are reflected in a Bureau of Business Research report on nonresidential construction from January-November 1968 to January-November 1969, showing a 22 per cent boost and accounting for the lion's share of all construction increases during the period.

Manufacturing employment also reflects the economic growth. The Texas industrial work force in 1968 totaled 707,600, and was reported at 728,900 for just the 11 months available in 1969.

But, Harwell believes 1969 and its records are not the pin-

nacle for industrial development in Texas.

"On the contrary," he said, "It is just the start. Besides being a year of development throughout the state it was also a year of planning."

"For the first time in history, Texas now has a comprehensive plan for industrial development which we feel can mean the industrial totals we are discussing now are just a drop in the bucket to what we can expect in the future."

The Comprehensive Industrial Plan was unveiled several months ago by Gov. Preston Smith, and is now in its formative stages. The Texas Industrial Commission plan calls for division of the state into 21 regions, each to be studied by qualified professional consultants to determine industrial development potential in the seventies.

The Consultants will work with local leaders and the Industrial Commission in creating a practical, 10-year plan for attracting industrial expansion in Texas communities.

Each community will be judged on its own merits. Local goals will be set up involving the industrial development that would best complement the local economic base.

The feasibility of attracting selected industries will be studied, and recommendations will be made on what would be the best industry to seek. Also, local leaders will be apprised of barriers keeping them from other industries and steps will be taken to eliminate all barriers possible.

When the plan is carried out, officials feel each community will not only know how to seek new industry, but will know what industries it is suited for, and where not to waste their time.

The year was also one of honor for the state's industrial development program, with Texas becoming one of only three states in the nation to receive the coveted "E" Award for export development from the U. S. Department of Commerce. Undersecretary of Commerce Robert McClellan presented the award to Gov. Smith and addressed a joint session of the 61st Legislature.

## 1970 Grain Sorghum Program

USDA announced the 1970 feed grain program this week. According to the Grain Sorghum Producers Association, there are two changes for 1970 which will hurt the farmers in the High Plains area. They are:

(1) There will be no advance payments. Farmers have been able to get 50% of the diversion payment in advance by signing up in the feed grain program.

(2) The diversion payment will be cut from 45% of the total county price support payment, as in 1969, to 40% in 1970. This is about 10 cents per hundred times the farms projected yield of 5,000 pounds per acre, the cut is \$5.00 per acre.

The loan and price support level will remain the same as in 1969.

All 1967-68 sorghum in the commercial resale program will be called in on June 30, however, the 1969 crop of grain sorghum placed under government loan may be placed under resale on June 30. The resale program is where farmers retain ownership past the normal take-over date by the government extending the loan period.

GSPA has been working with USDA officials trying to get an extension of at least the same payment levels for 1970 as 1969 and to extend the resale program. USDA gave bud-

## New Auto License Plate Purchase Plan

AUSTIN - When the owners of Texas' seven million motor vehicles get their 1970 license plates, they will find that the Texas Highway Department has taken a lot of frustration out of registration.

Owners will receive motor vehicle registration applications by mail early in January.

This three-part form is the key to convenience.

In previous years, the vehicle owner had to hunt up his certificate of title and last year's license receipt and take them to the tax office or a substation. Often, he found himself at the end of a long, slow-moving line.

The lines should be much shorter this year. And there are provisions for license plates by mail.

Here's how easy it is: If a motorist goes to the county tax office or a substation, all he need take is the three part form - the motor vehicle registration application - that came in the mail. And the registration fee, of course.

If he should find a line, chances are it will be shorter and faster-moving than any he remembered from previous years.

All he needs do is to present the renewal application and pay the fee. The clerk will validate the application with the new license numbers and return part of the form as a receipt.

Another part of the form is retained for the county's records and the third is sent to the Motor Vehicle Division of the Texas Highway Department in Austin.

Should the vehicle owner decide to register his vehicle by mail, he sends the entire renewal application, the fee and an additional \$1 to his county tax officer. The \$1 additional charge is provided by statute to cover the cost of handling and postage.

The registration "season" begins at county tax offices and substations on February 1. The vehicle owner can register his vehicle in person until April 1.

If he wants his plates mailed to him, he must send in his application, the fee and the \$1 postage and handling charge to his county tax officer by March 1.

This allows 30 days for delivery before 1970 license plates must be displayed after midnight, April 1.

Easy-to-follow instructions are printed on the three-part form. The Highway Department asks that the owner leave the form intact and that he not separate the three parts.

The new system is the product of many months of planning and work. The system began taking shape in 1967 with the installation of the first computer equipment by the Highway Department.

At one stage, 500 inmates of the Texas Department of Corrections were engaged in matching records and converting the records into a format suitable to be put into computers.

The new system gives Texas one of the most modern and efficient systems for maintaining accurate and up-to-date records on motor vehicles in the world.

The big beneficiary, however, is the vehicle owner who will realize extra convenience and big savings in time.

getary problems as reasons for the cut in the diversion payment.

GSPA Executive Director, Elbert Harp, cautioned all farmers who are currently carrying their 1967-68 grain under the resale program to take necessary steps to redeem their grain prior to the June 30 take-over date. Substantial losses would occur to the farmer if it is not redeemed.

Harp also stated that GSPA was pleased that USDA did authorize the resale program for 1969 grain. This should tend to strengthen our market price,

- CHAPTER IX "Mr. Chairman of the Senate and Public Welfare Committee"
- CHAPTER X "The Committee at Work"

Lawyer, District Judge, Teacher, Soldier, courageous servant of the people—these are the essential, but inadequate, biographical terms that characterize the Texas "Lone Star" Senator. Yarborough campaigned for Governor unsuccessfully three times before his election as a "people's candidate" in 1957. He draws his support from "the people"—small farmers from his native East Texas to the Panhandle; working people in small factories and in the sprawling plants of the aerospace industry; field workers; small businessmen; the poor, underprivileged, and exploited. He has been re-elected twice as a "people's Senator," despite the bitter opposition of political extremists, powerful economic interests, and political machines.

Vigorous, articulate, and dedicated to high ideals, Yarborough is known as "Mr. Education" in the Senate because of his effective role in the shaping of every major education bill enacted by the Congress since his election in 1957. In January, 1969, he became Chairman of the Senate Labor and Public Welfare Committee, whose broad jurisdiction and vast range of activities literally touches the lives of every citizen. During the two Congresses that marked former President Johnson's "Great Society" program, Ralph Yarborough's committee was responsible for 80 percent of the legislation enacted into law—and it is for this legislation that Johnson will ultimately be remembered by the American people.

The author, Wm. G. Phillips, is an expert on legislative process and served for 15 years as a staff member of the House of Representatives where he closely observed the important leadership role of Senator Yarborough. He has also served as Assistant Director of the Office of Economic Opportunity in charge of Congressional Relations for the anti-poverty program, and as Deputy Chairman (Research) of the Democratic National Committee. He received his B.A. and M.A. degrees from the American University, Washington, D.C., and was in private business in legislative and public relations counseling, and is the author of "Operation Congress," as well as numerous articles on Congress, public affairs, and related fields.

### I REMEMBER, I REMEMBER...

## That Reminds Me .....

As usual anything that happens reminds an old-timer of something that happened way back when that is quite interesting to him. He begins right off to tell about it. Thix vexes many regular people, who make it handy to hurry off to see a man about something.

I suppose that is why you see so many oldsters talking to oldsters. The one who is listening is doing so with what patience he can. He also has something interesting he has just recalled that needs being told.

What happened that made me recall something was the report in the newspapers to the effect that the use of DDT is being banned by the federal authorities in every way possible. We have arrived at that time in our lives when the synthetic is beginning to be a definite menace to people. DDT, they say, has now penetrated into almost every form of plant life, as well as into many bodies of water and into the systems of animals intended for human consumption.

DDT Loses Favor When DDT was first discovered it was hailed as the great panacea. Humanity had at last won its battle with insects. Flies in particular. I recall the first summer it was available here I used it with complete success on concentrations of flies. Before hand I had been almost helpless, now I was in control.

But I had another think coming. The story was not told so easily. The very next year the flocks of flies were almost completely immune to DDT. Nature strives for survival in whatsoever form it exists. That was about 25 years ago. We still have the flies with us.

And that reminds me of something else, I remember a period just about 50 years ago (about a quarter of a century before DDT). Farmers and ran-

chers began using arsenic for grasshoppers. It looked like we had them whipped there for a time. But about the third year after the use of arsenic began a grasshopper dropped into a drug store to buy a soda. "Spike it with arsenic," he said. "These farmers have made a friend out of me."

He Owned a Jail

At great risk to his reputation as a truthful person Jack Armstrong declares he once owned a jail. It was at Wall, South Dakota, a few years after he retired after a career as a police officer in a West Coast city. He returned to the midwest and was attracted to South Dakota because he could find grass there.

After he acquired title to the lot on which the jail stood authorities wanted to continue to use it. Jack refused, except for once when the Jaycees or somebody was allowed to use it to enforce a rule about wearing beards in anticipation of a whing ding of some sort - rodeo, reunion or something. Later he got rid of the property.
