SERVICE ABOVE SELF AWARD... Rotarian Lon Davis Jr., receives the annual Rotary award from Rotary vice president Doyle Walls. (Staff Photo)

Davis Receives Rotary Award

Rotarian Lon Davis Jr. was honored at the Rotary banquet in Duncan Elementary Cafeteria Tuesday night with the "Service Above Self" award. Presentation of the award was made by Rotary vice president Doyle Walls, who stated that Davis was a successful business man, a good church worker, leader in civic duty and community progress. Davis has served as president of the Mackenzie Water Authority ever since its beginning. He has been a Rotarian for 20 years and has lived in Floydada all his life. He has served as president of the Floydada Chamber of Commerce. Rotary president Alton Higginbotham was master of ceremonies at the banquet. He introduced speaker of the occasion R. B. "Mac" McAllister, state representative and KSEL radio and TV owner. McAllister spoke on a theme of inspiration... GULF.... (God Uses Love First). Group singing was led by Rotarian Wendell Tooley, accompanied on the piano by Rotary Sweetheart Janna Bertrand. The Rev. C. B. Melton gave the invocation.

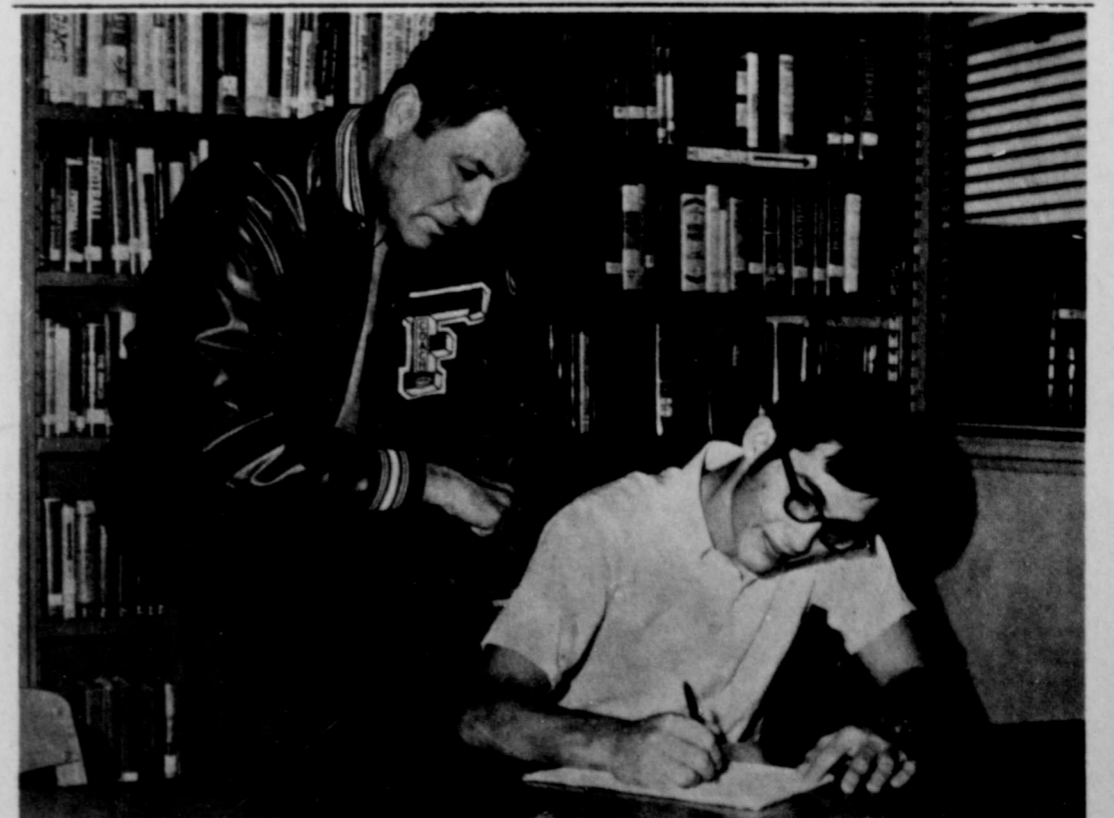

Chamber Banquet Speaker "Humorist With A Message"

Newt Hielscher of Shreveport, Louisiana is a "humorist with a message" and a big crowd is expected to hear him at the annual Floydada Chamber of Commerce banquet here March 13. The banquet tickets are going fast for the annual event that will begin at 7 p.m. in Duncan Elementary Cafeteria. Background information on the speaker includes: Holds two degrees from Texas A&M University. After 7 years as a public school teacher he returned to A&M where he served 11 years as a Professor and as Assistant to the Dean of Engineering. He jokingly states that after 18 years as a teacher he thought he had paid his debt to society and was

entitled to earn a living, so he entered the life insurance profession. He has had 15 years experience with the Great Southern Life Insurance Company as an agent, assistant director of training and agency manager. He is now devoting full time to filling speaking engagements throughout the United States. Member of the International Platform Association. National Circuit speaker for the Knife and Fork Clubs and the Executive Dinner Clubs of America. Married and has two children, a resident of Shreveport, Louisiana for 15 years where he is an active Deacon and Sunday School Teacher in the First Baptist Church; member of the Shreveport Lions Club having served as president and district

YEARS SERVICE

Scouts Honor Jim Word

Jim Word not only enjoyed his years of service, but he will continue to serve on the District Scout Commission. The troop will now meet on Saturday mornings instead of Monday nights. AWARDS Preceding the recognition given Word, several Scouts were honored with advancement awards. Parents pinned badges on sons. Receiving Tenderfoot badges were Dan Seay, Tracy Brown, Thess Brown. Receiving Second Class badges were Gordon Bond, Greg Goen, Danny Morris, Larry Stovall, Monte Williams, Bryan Vickers received the Star Scout and merit badge awards.

Heart Sunday February 22

National Heart Sunday has been set for February 22 according to Mrs. Jimmy Willson Jr., Floydada chairman and Mrs. Joe Taylor, Lockney chairman. The two units have combined as Floyd County Heart Association. Mrs. Willson said no drive would be made on the city merchants therefore those who donate, should do so Sunday in the door to door drive. All volunteer workers will be identified by a tag stating they are Heart Association workers. Donations of \$1 or more will entitle the donor a ticket to the annual Art for Heart Show to be held in Lockney February 27th, 28th and March 1. Other projects planned by the county association includes a women's bridge tournament, a couple's bridge tournament and a teenage dance, the latter to be held in Lockney, date to be later announced. "Play Bridge for Fun" women's tournament is set for next Tuesday, February 24 in Lighthouse Electric from 10 a.m. until 2 p.m. A sandwich lunch will be served at the noon hour. Tickets are \$3 each and prizes will be given. Tickets are available at Arwine Drug or from any Bridge Club.

FFA Father Son Banquet February 24

The Floydada Future Farmers will hold their annual Father-Son Banquet February 24 at the Duncan Elementary School Cafeteria.

Following the officers' opening ceremony and the meal, the Chapter Sweetheart and Plowgirl will be presented, and Honorary Chapter Farmer Degrees will be awarded. Speaker for the event will be Randy Jordan, Area I president.

Two Seek Re Election To City Council And School Board

At press time yesterday two persons had signed for re-election to the Floydada City Council and school board. Howard Gregory has indicated that he will seek re-election to three more years on the school board and Wayne Russell will seek re-election to serving

two more years on the city council. Terms of Ray Gene Ferguson and Jr. Simpson expire on the city council and Louis Pyle on the school board. Filing deadline for the school board is March 4, for both city council and school board.

1970 Graduating Class Began With 147 Students

Back in 1957 when the present Floydada High School graduates entered the first grade, there were 147 students enrolled. When they reached Junior High School the number in the class was down to 124 students. When they entered high school the enrollment was 117. It appears now that a total of 75 may graduate. This gives an idea of the number of students who move away, drop out or otherwise fail to graduate from beginning day in school. It will be interesting to see how many of the high school graduates will further advance to college study. Last year 64% of the graduating class advanced to college.

50 YEARS OF SERVICE... Ben Morton, (left) and J. A. Arwine will be honored tonight for fifty years of service to the Masonic Fraternity. They are members of Lodge No. 712 AF&A.M. Dinner begins at 7 p.m. (Staff Photo)

Caprock Chat

By Wendell Tooley

AND KEITH elected to take on a hog feeder project instead of show and it looks like they are going to least \$20.00 each, profit if the market holds steady for month. I can make this kind of profit and buy feed by the sack... our farmers who raise their own grain sorghum, they make some money.

LOW NEW CAR business across the nation is really in the small amount of cars out at the auto company storage area southeast of Floydada. I feel that big business is just around the corner, see the ten acres covered with cars plus the newly acre area just south of the present storage area.

TEXAS ADDITION in West Floydada is shaping up very when I was trying to move to Floydada a little over seago, there just were not any lots available for home. Since then many lots and homes have been made available to the prospective home owner. When we get that long term industry... these lots will go in a hurry. In the a few farmers will move into Floydada each year.

R LAINE made some interesting comments about the in a feature Monday in the Lubbock Avalanche Journal thought you might be interested in reading them, the heart of the great Caprock Country. "newcomers ask, 'is the Caprock?'" school pupils inquire, "is the Caprock?"

ically, the Caprock is a highly mineral layer of sub- underlies the vast High Plains, often referred to as the tacad. o called because it caps the area and thus protects the s beneath it from erosion. of a rock layer in strict sense of the term, but more y it is a "hardpan" layer that developed a few feet be- ground surface as highly mineral sub-soil particles together to form the rock-like layer. an Dr. W. C. Holden describes the Caprock formation,

urface of the plains became stabilized and generally lev- sture from water trapped in the sands of old river beds, y to surface by capillary action. When it reached the it evaporated, depositing its mineral content, which was alium. In this way, a caliche zone was formed. cement property of the calcium made the caliche zone der and more rock-like than the top soil. fact that the Caprock is harder than the formations be- s the escarpments to be precipitous."

aprock was and is many things to different persons, attleman, pushing west with his herds, found the Cap- course, and he utilized it. On the sea of grass on top of ted cattle in summer. When winter came, he sheltered in the Caprock escarpment foothills. ettler, migrating west, found the Caprock to be a bar- on a challenge - at first. SPORTING EVENTS

JV WHIRLETES TAKE FIRST in Floydada Tournament and accept trophy from Coach Don Ford. (Staff Photo)

THIRD PLACE TROPHY WINNERS... Whirlwind Freshmen took third place in the Floydada JV basketball tournament held here last weekend. Coach James Pope presents the trophy. (Staff Photo)

Whirlwinds End Season With Victories

All three of the Whirlwind boys' basketball teams won in their final games Tuesday night. The Freshmen started with a 49-40 victory over Lockney. Mark Vinson scored 14 points. The Freshman season record was 10-4.

The Junior Varsity moved past Olton 52-35. Ricky Biggs scored 12 points while Leslie Robertson and Joe Kimble had 10 each. The JV ended their season with a 14-2 record. In the final game of the night the Whirlwind Varsity beat Olton 56 to 42.

The 'Winds were led in their effort by Richard Hale, Steve Puckett, and Frank Watson. Hale had a good night with 21 points, 17 rebounds, and four steals. Puckett scored 16 points and had four rebounds and four steals. Watson scored nine points and 10 rebounds.

Seniors Jack Gregory, Bob Marler, and Larry Beaver ended their careers with this game.

The game evened the Whirlwinds' second-half record at 3-3. Their overall district record was 5-7. The season record was 11-13.

Whirllette JV Wins Floydada Tourney

In their first game Thursday night, the Floydada feds defeated Petersburg by a score of 33-28. Denice Chadwick was the leading scorer with 12 points for Floydada. Karen Shipman followed with eight points. Debra Smith led the defense with five rebounds and eight steals. Debra Baird helped with six rebounds.

Friday night, the Whirlettes defeated Crosbyton JV by a score of 23-17. Alison McLain was the leading scorer with 10 points. The entire team did a good job rebounding, as the team had 41 rebounds. Debra Smith led the defense with nine rebounds and nine steals. Alison McLain pulled in 10 rebounds.

Freshman Boys Take Third In JV Tournament

The Floydada Freshman Whirlwinds placed third in the Junior Varsity tournament held last weekend in Graves Gym. In their first game the Freshmen defeated Slaton 42 to 40 in overtime. Mark Vinson scored 19 points.

In their Friday encounter they lost to Lockney's JV 54 to 43 although they led most of the first half. Mark Vinson collected 13 points and Jerry Hearon had 10.

In the game for third place Vinson poured through 21 points in leading the 'Winds to a 53 to 45 victory. Jerry Hearon had 13 points.

In the championship game, the JV Whirlettes met Slaton and avenged a loss suffered during the Christmas holidays. The score was 35-32. Sherry Harris had 14 points and Denice Chadwick added 11 points. Debra Baird led the defense for the tournament champions with 11 rebounds and three steals.

The Whirllette Junior Varsity finished the year with a record of 12 wins and five losses.

Eighth Grade Breezers Finish With 7-8 Mark

The eighth grade Breezers brought their season to a close last week and finished with a mark of seven wins and eight losses. In district play, the boys had a mark of five wins and five losses.

Mark Smitherman finished on top in the scoring department with 122 points.

The top free throw shooter was Larry Jackson who hit on four of four.

Final tabulations showed that the Breezers outscored their opponents from the field 336 points to 330, but they fell short at the free throw line, hitting 67 of 178 while their opponents hit 123 of 296.

The Lockney eighth grade boys won the district with a 10-0 record. Floydada tied for second in the district race.

JUNIOR VARSITY TOURNAMENT WINNERS... Coach Joe Paty presents first place trophy to the Whirlwind Junior Varsity basketball team.

Whirlwind JV Wins Own Tourney

The Whirlwind Junior Varsity took first place in their own tournament last weekend by whipping Lockney 51 to 41. Charles Jackson scored 17 points and Langston Williams had 15.

Enroute to the finals the 'Winds disposed of Petersburg and Idalou. Petersburg fell 54 to 33 as Langston Williams scored 12. Idalou was defeated 58-26 as Joe Kimble, Ricky McDowell and Williams all scored in double figures.

Outsiders' Tournament At Silverton

The L.O.A. Junior Study Club of Silverton will sponsor an "Outsiders" volleyball tournament March 17-19-20-21 in the Silverton School Gymnasium. Trophies will be awarded for first, second and consolation in both the Men's and Women's Divisions.

All entries should be sent to Theda Rowell, Route 1, Box 49-A, Silverton, Texas 79257, and should reach there by March 11. Team entry fee is \$6.00.

Admission to the games is 50¢ per person. Proceeds will be used for the club's community and area projects.

Wilson Summarizes Football Program

Floydada football coach L.G. Wilson presented the following summary of the football program to the school board last week:

PARTICIPATION
Awards will be presented to 88 boys and 3 managers. (This compares to 74 presented last year.)

30 Varsity boys - (13 seniors, 14 juniors, 3 sophomores) The Varsity record was 11 wins and 1 loss.

22 Jr. Varsity boys - (12 juniors and 10 sophomores) The J.V. record was 6 wins and two losses.

36 Freshman boys - Record was 2 wins and 7 losses.

HIGHLIGHTS

In a successful season such as the one just past it is extremely hard to choose only one or two highlights. Each game was important in its own right. Two come from behind victories were vital and the Olton game perhaps proved we could be contenders. Beating pre-season favorite Dimmit was definitely a highlight. The following week our bi-district victory over Freshman was a game to be remembered.

A highlight of the Jr. Varsity season was seeing the improvement in a group that had never been winners. As a result of our off-season program and a lot of will, they came through and proved they could win.

The Freshmen won only two games but had a number of quality boys and the prospects are good from this group.

SUCCESS OF THE PROGRAM
The Whirlwinds had an excellent record. The boys worked together as a unit and grew in pride and confidence as the season progressed. There were no discipline problems and morale was at a peak. The wonderful support of the school and town was a tremendous help.

FAILURE OF THE PROGRAM
With the exception of having to go out a loser (to state champion Iowa Park) we were well pleased with our progress and feel we are improving ahead of expectations. Only additional disappointment was the small number of sophomores out for football, (13).

EQUIPMENT AND FACILITIES

Equipment was first-class in most cases, especially protective equipment. A few corners had to be cut due to the record number of boys but this was worked out satisfactorily and will be taken care of next season.

Facilities are still POOR. Extra lockers built on the balcony helped to solve a serious

crowding problem and helped keep things neater and cleaner, but a crowded condition still exists. A special training room was a much needed extra as was additional seating at the stadium.

GRADES AND ATTENDANCE

Attendance at school and practice was excellent. Most of our boys make good grades and several (5) are in the National Honor Society. All are encouraged to be school leaders.

PHYSICAL CONDITION

Over-all we were satisfied with our physical condition. We did have two or three broken

bones and two major knee operations. Corrective measures will be used in 1970 to prevent knee and ankle injuries by wearing short cleated shoes both for practice and game play.

NEEDS

There is a need for more and better shower facilities. More work is also needed in preparing the practice field and Western Field for the fall workouts and games. A better turf on these fields will provide more cushioning and will result in fewer injuries both in practices and in games. Different schedule arrangement of the fresh-

man team might allow better coaching of this group.

COMMENTS

Our staff and our boys worked long and hard to make this a successful and winning year. Thanks go to all for the help and encouragement received during the past year.

OUTLOOK

"Ready to Go" - 17 returning lettermen from a play-off team. If we can fill a few vacant positions, Floydada will once again be in that play-off bracket. We will continue to work toward that goal.

SHOW BARN CLEAN-UP MONDAY

Jim Simpson, president of the Floyd County Junior Fat Stock Show, has announced that a "clean - up day" will be conducted on Monday, Feb. 23, at the stock show barn in Floydada.

Everyone interested in helping is invited to come and help prepare for the stock show.

Faculty Men Take On Senior Footballers In Basketball Tonight

Tonight at 7:30, the faculty men of Floydada High School will take on the senior football players in a basketball game in the Junior High gym. Admission will be \$1.00 for adults and 50¢ for students.

On the roster for the FHS faculty are L. G. Wilson, Jim Pope, Bill Grissom, Joe Paty, Danny Murphree, Noel Loftin, Curt Chatham, Don Ford, J. E. Waller, Charles McDowell, Tommy Cathey, Charlie Tyer

and Preston Watson. Cheerleaders for the faculty will be Janet Milam, Jane Bean, Dale Tyer, Brenda Martin and Alice Baker.

Playing for the senior footballers will be Stan Pierce, Stan Wilson, Jack Gregory, Bob Marler, Sam Green, Louis Cardinal, George Quisenberry, Willie Patterson, Don Quisenberry, Jody James, Tommy Wylie, Joe Thurston, and Allen Thrasher.

MARY TYLER MOORE and Elvis Presley try to win the confidence of Lorena Kirk, a shy, disturbed child in Universal's dramatic "Change Of Habit", photographed in Technicolor. Presley plays a doctor in the slum area, while Miss Moore has the role of a nun working in the community as a nurse - therapist. Showing at the Capada, Sunday.

OBITUARIES

Allie Morse

Funeral rites for Mrs. Allie Morse, 78, of Beuna Park, Calif., died Friday morning after suffering a stroke the previous Monday.

The deceased was the daughter of a pioneer family of Floyd County, Mr. and Mrs. R. T. Miller. She was reared here and later taught school in Floydada and Starkey. Following her marriage, she and her husband resided here a number of years. The family moved to California in 1943.

Survivors include three sons, Alton of Garden Grove, Calif., Garth of Pasadena, Calif., and Delbert of Los Angeles; three daughters, Miss Bertha Morse of the home, Mrs. Lucille Wright of Beuna Park and Mrs. Loretta Lindahl of Sacramento, Calif.; two sisters, Mrs. Thomas of Floydada and Mrs. Thom-

Scott of Beuna Park and one brother, Olin Miller of Plainview.

E.L. Tyler

Funeral rites for E.L. (Larry) Tyler, 49 year old former Floydada resident, were held in the Nazarene Church, Tyler died in a Veterans Hospital in San Francisco, Calif., about 12 p.m. last Thursday. He had been in ill health for the past four or five years from a malignancy.

Tyler was born April 29, 1920 in Belton, Texas, and moved to Floydada with his parents, Rev. and Mrs. N. E. Tyler

in 1929. His father died in 1945 in Floydada.

The deceased was a member of the Nazarene Church and a veteran of World War II serving with the U. S. Navy, aboard the battleship, USS Colorado.

Survivors include three sons, Bobby, Tommy and Edward, and two daughters, Janet and Laurie, all of California; his mother, who resides in Dallas; four brothers, A. G., and Roy of Amarillo, R. T. and George of Dallas, and N. E. Jr. of Hereford; four sisters, Mrs. T. R. Damron of Blanket, Tex., Mrs. R. S. Tubbs of Fremont, Calif., Mrs. J. S. Bartlett of Texarkana, Tex., and Mrs. V. F. Williams of Dallas.

A nephew, Rev. James Tubbs, officiated at rites and was as-

Bell Reports More Telephones Here In 1969

Southwestern Bell Manager Jerry Sachse reported that the number of telephones in Floydada grew to around 3,120 during 1969.

He noted this figure compares with 2,291 telephones here at the end of 1968.

"Floydada residents also seem to be growing more talkative," Sachse said. "They dialed 11,915 calls per average business day during November, a 9.9 percent increase from last January's average of 10,843."

He said Southwestern Bell plans a \$137,000 construction program for Floydada in 1970. The program includes addition of circuit equipment in the central office to expand long distance facilities and installation of Automatic Number Identification (ANI) equipment. ANI records the caller's number on Direct Distance Dialing calls.

Sachse said a record \$99 million construction budget has

been set by Southwestern Bell for its San Antonio Area, of which Floydada is a part. The area covers roughly the western half of Texas.

The \$99 million figure is for land, buildings, central office equipment and outside plant such as cable installation.

FLOYD DATA
Mrs. Menard Field received treatment in Caprock Hospital then transferred by ambulance to Lubbock Methodist Hospital last Thursday. She is reported to be improving from a heart flare-up.

The cyclamate scare roused a flurry of questions. Mrs. Gwendolyn Clyatt, Extension consumer marketing specialist answers some of the questions most frequently asked. "Can I use beet sugar for cane sugar?" They are exactly the same product, chemically. There is absolutely no difference between the sweetening power of cane and beet sugar. Each contains 99.8 percent sucrose, the chemical name for sugar.

Processors presently are testing sugars to which vitamins, minerals and flavorings have been added. So we can expect further changes in our sugar choices.

"Is brown sugar unrefined white sugar?" No, brown sugar is as highly refined as white sugar and is refined in exactly the same way, except at a lower temperature. This produces a sugar of minute crystals mixed with natural refiner's syrup. As a result, proportionally, the actual granulated sugar content of brown sugars is less, but they taste sweeter on the tongue because of the syrup present.

"What's the difference between dark and light brown sugar?" The amount of refiners syrup (molasses like) in proportion to the granulated sugar present makes the difference. The darker the brown, the more refiner's syrup the richer the flavor.

In whole, cost is higher by 7 to 11 cents a pound for dark brown sugar. In the recently developed easy-pour, non-caking products, syrup and flavor have been reduced. The newest product, distinct granules of brown sugar, are the result of a pressure, temperature process which compacts it into uniform morsels for easy pouring and handling. No change in recipe proportions are needed since product "bulks" about the same as packed brown sugar.

Why do confectioners powdered sugars contain starch? The 3 percent starch added helps keep the sugar from caking and also makes it work up into a smoother icing than would be possible with powdered sugar that did not contain starch. The label declares the presence of starch.

POUND CAKE
2 sticks (1 cup) margarine
1/2 cup vegetable shortening
2 cups sugar
5 eggs
3 cups flour, sifted
1 cup lemon-lime carbonated soft drink
1 cup lemon - or vanilla flavoring
1 teaspoon butter flavoring
Preheat oven to 325 degrees F. Ingredients should be at room temperature. Cream margarine and shortening with sugar. Add eggs, one at a time, beating well after each. Add flour alternately with soft drink and flavorings. Bake in 10 inch greased tube pan at 325 degrees F. for at least one hour and 10 minutes.

Thanks Folks!

We want to take this opportunity to express our appreciation to the people who have been so loyal during the two and a half years we have owned the Tastee - Freez Drive In.

We also want to recommend the new owners, Elver and Mildred Lake, who recently purchased the business from us.

We will continue to operate JOE'S 7 to 11 GROCERY and appreciate the opportunity to serve you.

Again, "Thanks a Million!"

BY PEGGY MEDLEY

MRS. THURMAN HOOVER JR.

Double Vows Repeated By Miss Rebecca Elaine Miller, And Thurman Hoover Jr.

Double ring vows were repeated by Miss Rebecca Elaine Miller and Thurman Hoover Jr. at 6 p.m. Saturday at West College & Third Street Church of Christ in Lockney. Frank Duckworth performed the ceremony.

Parents of the couple are Mr. and Mrs. Arlon Miller, Route 3, Floydada, and Mr. and Mrs. Thurman Hoover Sr., 2007 62nd St., Lubbock.

Given in marriage by her father, the bride wore a full-length silk organza gown trimmed with medallions of Alencon lace. The gown was designed with a round neckline and full-length sleeves. The front panel and sides of the skirt were embroidered with jeweled appliques. A bouffant double train draped from the back of the lace yoke.

Maid of honor was Miss Trudi Miller, sister of the bride, and the bridesmaid was Miss Betty Hale of Crosbyton. They wore full-length satin empire gowns with long sleeves and matching headpieces.

Arthur David Hoover of San Antonio was best man, and

groomsman was Max Hoover of Lubbock, both brothers of the groom. Guests were seated by Lon Miller, brother of the bride, and Jim Duncan, both of Lubbock. Candelighters were Van and Mark Miller, sons of Mr. and Mrs. Orba Miller of Floydada.

Wedding music was by the chorus of the church and soloist was Gertrude Miller of Lubbock.

Following the ceremony, Mr. and Mrs. Hoover were honored at a reception at the church fellowship hall. Dianne Perkins and Marla Jack of Lubbock, Jan Hoover of San Antonio, and Janice Miller of Farwell served at the reception table. Mervane Purdy of Ft. Worth registered guests.

After a trip through Colorado, the couple will live in Cheyenne, Wyoming where the groom is stationed with the U.S. Air Force.

The bride is a 1967 graduate of Floydada High School and was a sophomore at West Texas State University, prior to her marriage. Hoover, a 1967 Monterey High School graduate, at-

"42" Party Honors Mr. And Mrs. Felt Patterson

A "42" party in the home of Mrs. Dene Montgomery in Plainview was given recently to honor Lucille McDaniel Patterson and J. F. (Felt) Patterson, who are newlyweds, residing at 1805 W. 6th, in Plainview.

Refreshments of punch, coffee and decorated wedding cake were served from silver and crystal appointments. A lace cloth covered the table.

Guests hosted the party and presented a table lamp to the couple.

Patterson is semi-retired and is employed at Phillips 66 Service Station on West 5th, in Plainview. He formerly operated the Patterson 66 Station in Floydada before moving to Plainview.

Friends and family present included Patterson's daughters, Wren of Floydada and Mrs. Truett Hartsell and husband, Floydada and his son, Pat of Tahoka; Mrs. Patterson's brothers-in-law and sisters, Mr. and Mrs. Harry Reeves of Floydada and Mr. and Mrs. Alton Chiddix and her brother and wife, Mr. and Mrs. Marvin Smith.

Others attending were Mrs. Alma Dunn and Mr. and Mrs.

Travis Lightfoot, Floydada; Mrs. Grady Reeves, Mr. and Mrs. F. B. Harkins, Mrs. Ethel Phillips, Norman Morris and Mr. and Mrs. Red Thompson of Plainview.

Social Club Members Meet

The 1960 Social Club met February 12 in the rural home of Mr. and Mrs. Horace Marble. Members were welcomed by the hosts after which they were served lunch. The invocation was given by Mrs. Maudie Muncy.

Needle work, games of 84, and visiting were enjoyed by Miss Vera Meredith, Mmes. Beulah Burton, Ola Warren, Eula Battey, Ethel Frizzell, Ava Jackson, Maudie Muncy, Josie Ross, Alma Dunn, Flora Warren, Kate Crabtree and Lillian Marble. Guests were Treva Hambricht and Mrs. Holland of Lockney.

The next meeting will be March 12 with Mrs. Beulah Burton.

tended Tech before entering service.

Valentine Wedding Performed For Melton And Miss Draper

The Rev. C. B. Melton, Floydada, officiated for the Valentine's Day wedding of his son, Gordon L. Melton, and Miss Joan Katharine Draper, daughter of Mr. and Mrs. Robert McLaughlin Draper of Dallas.

Rev. Dr. Herbert R. Howard assisted at the ceremony read in Ellis Chapel of Park Cities Baptist Church in Dallas.

The bride was given in marriage by her father, Mrs. Malory Mikkelsen, Dallas, sister of the bride, and Michael W.

DR. Billy Graham recently wrote an article for the Associated Press on what he has learned from visits and talks with our youth of today. Sometimes in disguise he has visited the hippie and protest scene haunts, colleges, YMCA and other societies. He gives his views on modern youth, their aims, their frustrations and their desires. Instead of my usual meddlins this week I would like to share with you Dr. Graham's story:

No generation has ever been more loved, worried over, spoiled, or caused more concern and frustration than the present one. Millions of adults have thrown up their hands in despair and given up trying to understand modern youth.

The suicide rate among students throughout the Western world is rising to an alarming degree. A 19-year-old boy burned himself to death in a school yard in France recently and left a note saying, "I did it because I cannot adapt myself to this world. I did it as a sign of protest against violence and to see love again."

Notes, Frustration
President Nixon referred to the restlessness, confusion and frustration of young people in his State of the Union address when he indicated that young people need "a sense of excitement, a sense of destiny. The greatest privilege an individual can have is to serve in a cause bigger than himself."

I determined that I was going to do my best to find out what was "bugging" our young people. What are they saying? What are they talking about? I began to ask myself: Is there really a generation gap that is any different from the gap that has always existed between generations?

I began to go to college and university campuses not only to speak but to listen. I put on old clothes and a baseball cap and went to a "love-in" in Winnipeg where several thousand young people were gathered for their "happening". I joined a group of bearded protesting students at New York University, asking questions and listening to their answers. I sought out a Black Panther leader and listened to him pour out all his bitterness and alarming threats of vengeance. I talked for several hours to an early leader of the Students for a Democratic Society.

Not too long ago I went to the Miami Rock Festival at the invitation of the promoters. As I looked at these quaintly dressed young people with their sheepskin coats, their untrimmed hair and their eyes filled with longing and fanciful dreams, I couldn't help but wonder who had failed them. As they sat

Melton, brother of the groom, Houston, were honor attendants for the couple.

Following a trip to Mexico City the couple will reside in Dallas.

The bride attended Texas Christian University and SMU and was graduated from North Texas University. The bridegroom, son of Rev. and Mrs. Melton of Floydada, was graduated from McMurry College, where he was a member of Kiva Social Club.

MRS. GORDON L. MELTON

MRS. DANNY A. SWEPSTON

Wedding Vows Read In McGregor For Judith Faye Wilson And Danny Swepstun

Wedding vows for Miss Judith Faye Wilson and Danny Allen Swepstun were read Saturday, January 31 in the College Heights Baptist Church in McGregor. Rev. Dewey Baldwin performed the ceremony.

Parents of the couple are Mr. and Mrs. Albert R. Wilson of McGregor and Mr. and Mrs. Hershel Swepstun of Floydada.

The bride, given in marriage by her father, wore an empire styled gown of silk organza, fashioned with Venice lace and a high Victorian neckline and long cuffed Bishop sleeves. The gown was designed and made by the bride's mother.

Her veil of illusion was caught to a flower caplet and she carried a bouquet of cascading white carnations centered with an orchid.

Ushers included Mike Owen of McGregor and Odie Jackson of Hurst

was her sister's matron of honor. Bridesmaids were Mrs. Mike Owen, sister of the bride and Mrs. Donald Lillard of Waco.

Feminine attendants wore empire dresses of royal blue crepe. Avocado velvet ribbons accented the bodice and matching color velvet were tied in love knots on the headpieces of blue tulle. They carried a long stem white carnation with avocado colored velvet streamers.

Charles Overstreet of Floydada was best man. Groomsman were Donald Lillard of Waco and Vernon Luning of Crawford.

Ushers included Mike Owen of McGregor and Odie Jackson of Hurst

1950 Study Club To Present 20th Consecutive Style Show

For the twentieth consecutive year the 1950 Study Club is presenting their Spring Style Show. The event will be held Monday night, March 2, at 7:30 in the high school auditorium. Local models will wear fashions from Floydada stores. Also appearing and modeling will be Marsha Shaver, Maid of Cotton, a junior at Texas Tech. Work on this year's show began in January as plans were made with the local clothing merchants and hair stylists. All club members serve on various committees to produce the show. Each member finds there are many hours of labor to make this possible. This year's director is Mrs. Jake Webb, Mrs. Gene Arwine is theme chairman and is assisted by Mrs. John

STYLE SHOW THEME COMMITTEE - complete posters advertising their annual event which has been set for March 2 in the Floydada High School auditorium. Pictured are Mrs. John Moss, Mrs. Gene Arwine, Mrs. Kenneth Bishop and Mrs. Charles Anderson. Mrs. Arwine is theme committee chairman. (Staff Photo)

Peter Prischl Club Speaker

Members of the 1934 Study Club met Tuesday night in the home of Mrs. Vernon Parker, for a program presented by Peter Prischl, American Field Service student from Austria. The youth showed films of his native country and gave interesting highlights of the country's history. He was introduced by Jim Dempsey.

Attending the meeting were Mmes. Allen Bingham, Wilson Bond, W. H. Bunch, David Campbell, Dennis Dempsey, R. G. Dunlap, Garland Foster, Clyde Hodges, J. S. Hale Jr., Thelma Hoffman, Ralph John-

ston, Floyd Lawson, J. P. Moss, Vernon Parker, George Springer, L. B. Stewart Jr., Jake Watson and Mrs. Lonnie Hinsley. The next meeting, March 3, will be with Mrs. M. J. McNeill.

C. Moss, Mrs. Doyle Moore, Mrs. Ken Bishop, and Mrs. Charles Anderson. In charge of models are Mrs. Dallas Ramsey and Mrs. John Haenosh; script, Mrs. Bob Copeland, Mrs. Lane Decker and Mrs. L. G. Wilson; publicity, Mrs. Jimmy Seay; hairstyles, Mrs. J. W. Cannon; program and tickets, Mrs. W. A. Rucker; entertainment, Mrs. Sammy Hale and Mrs. Carl Armstrong; ramp, Mrs. Bill Hendrix and Mrs. W. P. Bradshaw.

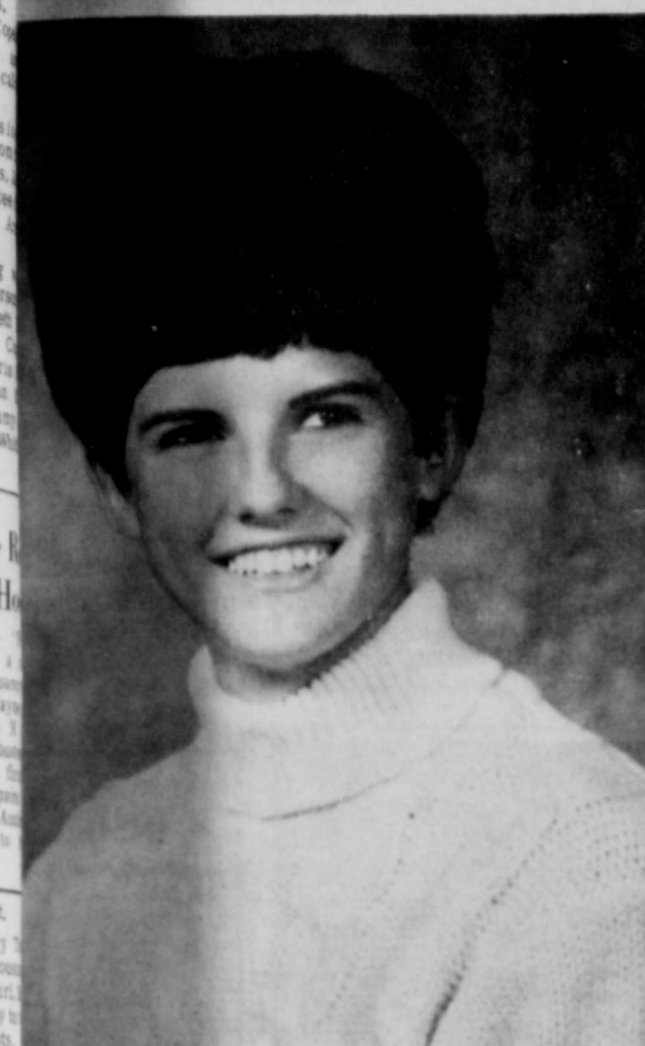

Proceeds from the show will be used to finance the club's projects which include a college scholarship for a deserving girl graduate, scholastic medals and various other projects.

The general public is extended a cordial invitation to attend and see the new spring fashions for 1970.

Admission charges will be \$1.00 for adults, 50¢ for children 12 years through high school age, and 25¢ for children 6-12 years old.

Mrs. Dan Hagood, has been moved from intensive care to a private room in Lubbock Methodist Hospital, according to Brad is showing semi-consciousness at times, it was Brad seemed to be showing a slight improvement each day; however, someone is with him constantly around the clock.

HEART SUNDAY FEBRUARY 22

MISS KATHERINE LOUISE SNEAD

Engagement Of Miss Snead, Do West Is Announced

Her fiancé is a 1966 Floydada graduate and served two years in the Army, recently receiving his discharge. West is presently employed by Bell Dairy Products. The couple have selected June 6, 1970 as their wedding date. Vows will be exchanged in the First United Methodist Church in Floydada.

MISS HELEN LOIS JOHNSON

Johnson's Engagement To Dwight Teeple Is Announced

Her fiancé is a graduate of Floydada High School, and graduated from Texas Tech January, 1969, with a BME degree. Teeple is employed with Texas Instruments in Dallas as a senior engineer. The couple are planning an August 8, 1970 wedding in the Good Shepherd Lutheran Church in Irving.

While children can't be expected to remember phone numbers, they can be taught to "dial zero, tell the lady what is wrong, and she will help you."

Be sure they know their home address. Telephone operators, trained to handle emergencies, may save your child's life.

Robert E. "Babe" Jones

I, O. M. Watson, Jr. County Auditor of Floyd County, Texas do hereby certify that the above and foregoing is a true and correct statement of the financial condition of Floyd County, Texas as of January 31, 1970, to the best of my knowledge and belief, as shown by reports of the County Treasurer on file in the County Clerk's office in Floydada, Texas.

Witness my hand at office in Floydada, Texas this 17th day of February, 1970.

Signed *O. M. Watson, Jr.*
County Auditor, Floyd County, Texas

Day Care Center Faces Financial Crisis!

CHILDREN AT THE DAY CARE NURSERY at the Community Center listen as Mrs. Worth Howard reads them a story. Children are (l. to r.) Casey Rodriguez, Darla Moore, Theresa Brooks, Melissa Sims, Celeste Black, Pam Moore, Charles Moore, Director Mrs. Betty Fuller and assistant Mrs. Amanda Torres look on.

OUTDOOR PLAY is part of the program at the Floydada Day Care Nursery. Some of the children are pictured at one of the swings. Additional funds are needed to continue the Day Care Center service to the people of this community.

COMMUNITY CENTER DIRECTOR... John Campbell at the Floyd County Community Center Day Care Nursery. Additional funds are needed to continue the Day Care Center service to the people of this community.

... "unto the least of these"

By Worth Howard
WHO? Board members of the Floyd County Day Care Nursery at the Community Center (Della Plains School) Miss Sherry Mullin, Mmes. Fara Burk, Billie Jordan, Emma Louise Johnston, Jo Wester and Messrs. Bob Copeland and John Campbell. Director of Nursery Mrs. Wayne (Betty) Fuller and Nursery Aide Mrs. Ernest Torres (Amanda) Torres.

WHAT? This is a licensed Day Care Center for 20 children - where at present 12 children are cared for while their parents work. It is to be hoped that when migrant laborers arrive in Floydada for setting onions in mid-March the number of children enrolled will increase to the 20 the State has licensed for Day Care. A safe and good place to leave their children, a hot lunch is served at noon, a fenced play yard with swings and fun-equipment (later sand boxes will be added), clean cots and cribs for the little ones to nap, because from 7:30 a.m. until 5:30 p.m. is a long day for wee ones.

WHERE? Della Plains School on Ross St., which is used rent free.

WHEN? "NOW" IS THE TIME. . . The Nursery has been operating under donations, since the sliding pay scale of parents does not cover operating expenses - The United Methodist Church Fund for Reconciliation gave \$600 and this is running out. . . This Center must not close. . . There were those who said the Nursery could never open. . . and then through private donations and a drive spearheaded by Jack McIntosh \$1,000 was

raised in Floydada to obtain a License to operate this much needed day care center.

WHY? Educators now know that 2/3 of a child's intelligence is formed by the age of six. Gesell, child psychologist, told us of the formative years from 1 to 5.

The Roman Catholics have said, "Give us a child until he is seven and he will not depart from his teaching." So now we know as parents, educators and citizens that it is imperative to begin constructive training at an early age. Also one must start somewhere on the road to freeing underprivileged people from grinding poverty. Where better than caring for the little ones while the adults provide? - Also this keeps the older brothers and sisters in school, since they were formerly absent from their school rooms, because they must baby sit.

HOW? The sliding Pay Scale is given below, but since most of these are low income families the center cannot be self-supporting. For instance if a family has three children in the nursery, and earns \$249 AND BELOW, they pay 40¢ per day, per child, which will bring in only \$1.20 per day for the 3 children.

So several interested Christians have "adopted" a child and give \$10 per month for one child that they are sponsoring. If you are interested and after looking at these cherubs' pictures, I wonder how you could resist the angels unaware. Please send you check to Mrs. Ralph C. Johnston or take your donations to Mrs. Billie Jordan, Migrant Health Service nurse on second floor of the Court House.

Immediate needs at the Center include a wall clock, bedding, pillows and sheets (some of the older members of the Negro community have offered to hem sheets or help in any way they can) a rocking chair is needed for the two babies 7 and 8 months old.

Volunteer workers are needed - either a whole day or for several hours - the present staff of 2 can care for 14 children but the number is up to 12 now.

Also the need is immediate for a freezer. Surplus commodities can be brought by Mr. Campbell from Lubbock but there is no way to store frozen goods. And of course always additional toys, books and records are needed. Also scissors and crayons and a little of your time. Happy people are those who care and sometimes people have no one to care for them but YOU.

All the living religions speak to us of Brotherhood. "Within the four seas all men are brothers. He who loves his fellowman is serving God in the holiest way he can." (Confucianism)

"Thou shalt love thy neighbor as thyself." (Judaism). He made of one every nation of men to dwell on all the face of the earth. CHRISTIANITY - He that loveth not his brother whom he hath seen, how can he love God whom he hath not seen?

"Is this one of our tribe or a stranger? is the calculation of the narrow-minded; but to those of a noble disposition the earth itself is one family. (Hinduism.)

Fee Scale For Floydada Day-Care Center

Parent's Income	1	2	3	4
\$600 & over	\$2.50	\$1.75	\$1.50	\$1.25
\$500 to \$599	\$2.25	\$1.50	\$1.25	\$1.00
\$450 to \$499	\$2.00	\$1.25	\$1.00	\$.75
\$400 to \$449	\$1.50	\$1.10	\$.75	\$.50
\$350 to \$399	\$1.25	\$1.00	\$.75	\$.50
\$300 to \$349	\$1.00	\$.75	\$.50	\$.40
\$250 to \$299	\$.75	\$.60	\$.50	\$.40
\$249 & below	\$.60	\$.50	\$.40	\$.30

The purchase of a ticket to the tournament is your donation to Heart and you will not be asked to donate again, according to the chairman, Mrs. Jim Word.

"Art for Heart" is holding its fifth annual show in the Lockney Insurance building. Those wishing to enter their paintings are reminded that entry date is Feb. 26. Showings are Feb. 27, 28 and March 1. Entrants should frame and have wire hangers for their art work. Entry fee is \$3 per picture. If a picture is sold, 10 percent will go to the Heart Association, and is deductible for income tax purposes.

Your heart fund dollars will be appreciated by workers and by those who suffer heart problems, being assisted by the Heart Association, Heart Association Research Investment in Texas for 1969-70 totals \$301,483.77. They have helped you earn 20 percent on your investment, for people under 65, the death rate from heart and blood vessel disease is down 20.1 percent since 1950. About 51,000 Americans are living who would have died prematurely if the 1950 death rates prevailed today.

Deaths from heart and blood vessel diseases is the third leading cause of deaths in the US at all ages. In the United States today, more than 27 million people are afflicted by all forms of cardiovascular disease. Your contributions will also assist in research in finding the knowledge needed to prevent premature heart attacks; to train personnel to staff a nationwide network of coronary care units; develop a cure for high blood pressure; discover a vaccine to stop rheumatic fever and to prevent inborn heart defects and minimize the need of heart surgery.

Your donations will help those in your county and in the nation. Participate in Heart Sunday, Bridge for Fun and Art for Heart Show.

WORKING ON DRIVE FOR HEART SUNDAY - this group of Floyd County women met last Friday in preparation for an annual drive, Heart Sunday, set for February 22. Working with the Floyd County Heart Association for Heart Sunday and pictured are Mrs. Charles Carr, Mrs. O. D. Tarpley, Mrs. C. H. Huff-

man, Mrs. John Moss, Mrs. Fred Jackson, Mrs. Jimmy Willson Jr., Floydada chairman, and Mrs. Joe Taylor, Lockney chairman. Mrs. Tarpley is from Providence community and Mrs. Huffman from Prairie View community. Children are Sandy and David Carr. (Staff Photo)

BRIDGE TOURNAMENT FOR HEART - Mrs. Rex Smitherman, Mrs. Sam Fowler, Mrs. Jim Word and Mrs. Arlis Powell discuss plans for the forthcoming Floyd County Women's Bridge Tournament set for Tuesday, February 24 in Lighthouse Electric. "Play Bridge for Fun" is an additional fund raising campaign being put on by the county workers of the Heart

Association. The tournament will be from 10 a.m. until 2 p.m. and a sandwich lunch will be served at the noon hour. Prizes will be given. Tickets are available at Arwine Drug or from any bridge club members. A couple's bridge tournament has been set for the following Friday night. See heart story elsewhere in the Hesperian for complete details.

Our Locker Plant Is Moving...

...to our new location at the former Farmers Market on the Floydada Highway cutoff in east Lockney.

WE HOPE TO HAVE ALL BOXES MOVED BY MARCH 1.

All slaughtering and processing will be done each Monday, Wednesday and Friday, with a federal inspector present on kill days.

Lockney Frozen Foods

L. L. THOMPSON

RETURNED TO FLOYDADA

The deceased was a member of the City Park Church of Christ, and bookkeeper for Crutchfield Tire.

Survivors include her husband, two daughters, Sherry and Cerita of the family home; her parents of Floydada and two brothers, Pete Hopper of Hobbs, N.M., and Joe Hopper of Farmington.

Officiating at rites will be Gordon Downing of Canyon, Delmer Andrews, minister of the church and Rev. Floyd Bradley, pastor of the First Baptist Church. Interment will be in Floydada Cemetery.

Pallbearers are Sid Waller, Cotton Wilson, Mack Hickerson, Parnell Powell, James Nichols and Frank Breed. Honorary pallbearers are W. H. Simpson Jr., Jimmy Seay, Adrian Helms, Louis Pyle, Bill Feuerbacher and Johnny Lloyd.

HEART FROM 1

The couple's bridge tournament is planned for the following Friday night at 7:30 in Lighthouse Electric. Tickets are \$5 per couple and may be purchased at Arwines or from bridge club members.

CAPROCK, FROM PAGE 1

Caprock.
But there was a drastic change in plans. The law required a county seat not be more than 5 miles from the geographical center of the county.

The job of establishing Post City started all over again. A road was blasted down the Caprock edge and wagons moved the lumber supplies for new homes to a new site below the rim. The High Plains, scientists say, are becoming more narrow, perhaps at the rate of one inch a year, from eroding and abrasive winds, rain and frost nips.

Even so, considering the 428 million years required to form the Plains, there is absolutely nothing for present-day residents to worry about.

Incidentally, we have only two copies left of Tanner's new book, "Cow Country."

A PREACHER IN California wrote: "I conducted my first hippy wedding this year and was a little embarrassed because I was not sure which was the bride and which was the groom. I finally just crossed my eyes and looked both of them in the right eye at the same time. I said, 'Do you take this 'n to be your 'n?' and when they both said, 'That's the way it is baby' I said, 'Well I pronounce you His 'n and to be her 'n.' I thought I had solved everything until one of the bearded ones in the audience came up and solemnly planted a kiss on the cheek of the most bearded one before me, and now I am not sure which 'n was what 'n."

WHY NOT?—"I've worked here for eight years," an employee said to his boss, "and I've been doing the work of three men. I want a raise."

"I can't give you a raise," the boss answered, "but if you'll tell me who the other two men are I'll fire 'em."

WELL YOU JUST NEVER KNOW. . . Post girls beat Dimmitt Tuesday night by some ten points for the bi-district championship. . . and the Whirlettes beat Post by some ten points in a pre-season contest.

Oh well, tennis, track and golf are good sports, let's back the Floydada teams to make a good showing in the next two months.

TWO FELLOWS received recognition this week. . . both with 20 year records. . . Jim Word with the Scouts, Lon Davis with Rotary. Both men have something else in common. . . they have devoted a considerable amount of time and effort in working for water. Both men have vision to look on past one or two years. . . they're looking on out there 10 or 20 years with hopes there'll be a Floydada here, because there will be water here. We need more leadership of this calibre.

WE'RE BACKING the Lockney Longhorns to beat Dimmitt Friday night at Abernathy for the district basketball championship. Believe tip off is set at 8 p.m.

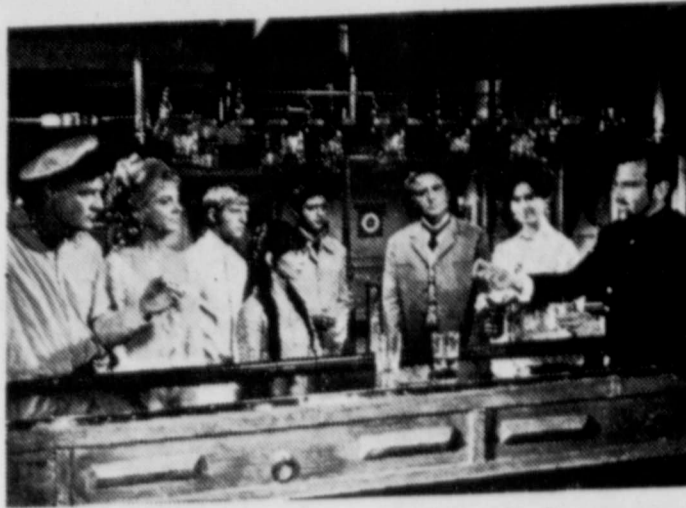

YOU CAN. . . AND DO HEAR all sorts of gossip. . . heard this week that it costs \$4 to \$5 to take garbage or trash to the city's garbage dump.

CHAMBER, FROM PAGE 1

ship of Christian Athletes and Chamber of Commerce. 40-year veteran with Boy Scouts of America and has received the Silver Beaver Award.

HEART SUNDAY FE 3RUARY 22

Diseases of the heart and blood vessels are responsible for more deaths in this country than all other diseases and causes combined.

THE PASSENGERS aboard the Batavia Queen examine the treasure which Capt. Hanson (MAX-IMILIAN SCHELL) holds in a tense scene from "KRAKATOA, EAST OF JAVA." Also starring in the spectacular drama are Brian Keith, Barbara Werle, John Leyton, Jacqui Chan, Sal Mineo, Rossano Brazzi and Diane Baker. It is showing at the Palace Friday and Saturday.

This is not true. However, the city is conducting a survey to see what percentage of trash and garbage comes from people who live outside the city limits. Think they ask for name and address when you haul loads out to the dump grounds.

THE DAY CARE CENTER is striving to continue to give the people of this community a service that is a definite need. If the service is to continue to be made available, it will require greater participation.

The Day Care Center cannot continue to operate on the present funds. The children's payments are not adequate to sustain the operation of the nursery.

Therefore, everyone must help. . . a small donation, \$1.00. . . or \$10.00 each month will help to keep it going. Of course this is tax deductible.

If you wish to help, you may call 983-3134 or get in touch with Mrs. Ralph Johnston.

FARM, FROM PAGE 1

The Lockney Chamber of Commerce is furnishing tickets for the noon meal that is redeemable at any Lockney restaurant. The afternoon session is scheduled to get underway at 1:15 p.m. with a talk by Fred Rosky. Rosky is a swine consultant for Roy Poage and Euel Linger. Poage and Linger are well known swine producers and are connected with the Lubbock Swine Breeders. Rosky will talk on commercial swine production.

Following his talk will be a panel discussion and question and answer period on swine production and feeding. Two local men, Byron Brock and F. G. Jones, Jr. will be on the panel with Rosky. Much interest has been shown by men in this area and these three people will give an excellent insight into the swine industry.

At 2 p.m. State Representative Billy Clayton from Spring-

lake will discuss Water Importation into this area. Clayton is executive manager of Water Inc. and will be able to bring everyone up to date on the progress and problems of water importation and the Texas Water Plan.

The programs will conclude with a talk starting at 2:30 p.m. by Jim Valliant, on irrigation water utilization. Valliant is water engineer for the High Plains Research Foundation at Halfway.

His talk will include how we can stretch our irrigation water and techniques that can be used in irrigation to produce the most crop with the least amount of water.

The morning chairman for the event is Boyce Mosley and the afternoon chairman is Buddy Brandes.

All farmers, ranchers and interested persons are invited and urged to attend.

FARM SALE

REMEMBER, I REMEMBER

Most Romantic Decade

When I was a boy the most of the grown men in my world were knowledgeable about Jesse James, The Dalton boys, Quantrell's Band, Geronimo and Quanah Parker. There were still numerous ex-buffalo-hunters, some who had been in the Oklahoma land "runs", a few had been to the Klondike, or to the Spanish-American War, and everybody knew one or more Texas Rangers.

There were still desperadoes in the land, some of whom had reformed and were living quietly, others still in the penitentiary or at large.

The 800-mile trail drives were past, train robberies were less numerous, as were range wars and major cattle depredations.

Country town kids of my ilk heard echoes of all these things mostly in the "songs" that came from the country homes and ranges. Some of these songs recounted tales of derring-do, adventures, fights, escapades, gay gatherings, but mostly they were sad -- unrequited love, frustration, sorrow, remorse, loneliness, cattle lullabies, and prison blues.

The "songs" told tales of fights -- "For nine long hours we fought them"; of escapades, "I jumped in the saddle and I give a keen yell"; romance, "Buffalo gals won't you come out tonight"; -- but mostly they were of unrequited love. "From this valley I hear you are going"; Frustration, "But as I am a little sparrow and have no wings to fly so high";

Sad farewells, "Tell my mother, 'tis my last, my sad farewell"; Remorse, "My father gave me a fortune, he laid it in my trunk, I spent it all a-gam-ling one night when I was drunk";

Hanging's rope, "The cruel rope around my neck and on the scaffold high"; Prison blues, "If I had the wings of an angel"; and that perennial of perfidy, the assassin's bullet, "But the dirty little coward that shot Mr. Howard, and they laid Jesse James in his grave."

Though the conquisor's heel was still bearing down hard, there were new interests, new adventures, new homes, new opportunities, new fortunes to be made. No doubt the nineties would be looked back upon as the most romantic, for the eighties had been too hard and the new century was bringing vast change.

But youngsters hated to have those days go. I recall one summer afternoon, when another boy and I, singing our elder friends, "sang" a jail song all

the way home from the Lockney picnic, trying to keep a legend going that was already begun to be past. As we jogged along on our little ponies we made up many verses for a chorus that went "It's a hard time, a hard time, in Floyd County Jail -- po' boys."

-- Homer Steen

SCRIPTURE LESSON The Responsive Reading of this Sunday's Christian Science Lesson - Sermon on "Mind" contains this verse from Philippians: "Look not every man on his own things, but every man also on the things of others."

A related passage read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is, "It should be thoroughly understood that all men have one Mind, one God and Father, one Life, Truth, and Love" (p. 467).

LAKEVIEW NEWS by Mrs. Bagwell

LAKEVIEW, Feb. 16 - We are glad to report that Mrs. R.L. Nichols was able to attend Sunday school and church Sunday for the first time since Dec. 15.

Mrs. Johnnie Harris Jr. took her grandmother, Mrs. R.L. Nichols, to the home of Mr. and Mrs. James Lee Nichols Saturday where they visited for the afternoon.

Mr. and Mrs. Floyd Anderson and Mr. and Mrs. F.D. McClintock returned home Wednesday night from Falcon Lake where they had been since Feb. 5 on a fishing trip.

Sunday visitors for the day in the home of Mr. and Mrs. Floyd Anderson were their children and families, Mr. and Mrs. Jerry Leatherman, Stacy and John of Floydada, and Mr. and Mrs. Ted Anderson, Angie and Quint.

Mr. and Mrs. Roy Smith of Tulsa, Mr. and Mrs. Travis Dunn and Jean of Plainview and Mrs. Milton Harrison visited their mother and brother, Mrs. R. C. Smith and Floyd Sunday afternoon.

Roxanne Lloyd attended the young peoples banquet Wednesday night at First Baptist Church in Floydada.

Guy and Rusty Galloway spent Saturday night with their grandparents, Mr. and Mrs. Otis Anderson.

Darla Milton of South Plains spent Thursday night with Connie Anderson.

Mrs. D. C. Harrison, Mrs. R. C. Smith and Floyd went to Lubbock Monday to visit Mr. and Mrs. C. C. Hammons and Mr. and Mrs. Jerry Bob Harrison and family.

Thursday, Feb. 5, Mr. and Mrs. C. B. Hartsell made a business trip to the Valley and onto Houston to visit their daughter and family, Mr. and Mrs. H. D. Lambirth and family. Enroute home they came by Arlington to visit their son and daughter-in-law, Mr. and Mrs. Larry Hartsell. The C. B. Hartsells returned home Tuesday, Feb. 10.

Mrs. D. C. Harrison visited Friday with Mr. and Mrs. W. H. Furrow and all went to the Floydada Nursing Home to visit Monroe Harrison and other patients there.

Mr. and Mrs. Fred Lloyd went to Lubbock Tuesday and Mrs. Greg Williams and baby Shelley came home with them and spent Tuesday night and Wednesday. Wednesday night Greg Williams came for a visit in the Lloyd home and to get his wife and daughter.

Weekend visitors with Mr. and Mrs. F. D. McClintock and Penny were Mr. and Mrs. Donnie Guess and Amy of Levelland.

Mr. and Mrs. Joe Thurston went to Lovington, N.M. Saturday where they spent the day with their daughter and family, Mr. and Mrs. Joe Andrews and children. Mr. and Mrs. Thurston also visited in Lubbock with another daughter, Mrs. Jerry Shutes, who was ill at the time.

Sunday afternoon visitors of Mr. and Mrs. B. L. Breed were Mr. and Mrs. Van Thornton of Lubbock.

Mr. and Mrs. Edward Niennast of Sagerton visited her aunt, Mrs. Viola Brown Sunday afternoon.

Mr. and Mrs. Travis Gentry and family went to Lubbock Sunday afternoon to visit her parents, Elder and Mrs. S. B. Gowens.

Mr. and Mrs. E. V. Bartlett of Muleshoe were here Wednesday until Friday with their daughter and family, the Edmond Browns.

Mrs. Viola Brown visited Mrs. A. L. Smith Saturday afternoon.

Mr. and Mrs. W. M. Hambricht visited Sunday afternoon in Floydada with Mr. and Mrs. Bob Hambricht and Alissa.

Weekend guests in the home of Mr. and Mrs. Earl Edwards were their daughter and family, Mr. and Mrs. Frank Fite and children of Abilene. Mr. and Mrs. Fred Cardinal visited Sunday afternoon in the Earl Edwards home.

Mr. and Mrs. O. D. Orr and children of Tahoka visited Sunday with her father, W. J. Weeks.

Mr. and Mrs. B. P. Neff, Mr. and Mrs. O. A. Neff and Eli Neff went to Duncan, Okla. over the weekend to visit their aunt, Mrs. Sarah Williford, who has been critically ill following a heart attack. Mrs. Annie Neff, who had been at the bedside of her sister for a week, returned home with the folks from here.

The Neff families visited other relatives while in Oklahoma.

Sunday dinner guests in the home of Mr. and Mrs. Grady Dunavert were their daughter and family, Mr. and Mrs. Johnnie Redding, Rebecca and Mathew of Idalou, and Mrs. Dunavert's brother, Marvin Williamson of Floydada.

Mrs. Homer Newberry returned home from Grand Prairie Friday evening. She was accompanied by her daughter and family, Mr. and Mrs. Ronnie Autry and children, who spent the weekend here. Other Sunday visitors were Mr. and Mrs. Nathan Woody and family of Floydada.

Mr. and Mrs. Gordon Hambricht and family were dinner guests Sunday of Mr. and Mrs. Billy Joe Hambricht and family.

Mrs. Max Harrison, who is substitute teacher, Andrews Ward school, taught there today, (Monday) and also some last week.

Mr. and Mrs. Billy Joe Hambricht, Kathy and Todd spent Saturday in Lubbock.

Mr. and Mrs. Earl Bishop visited Sunday afternoon with Mr. and Mrs. Howard Bishop.

Tuesday night Mrs. Q. D. Williams and Nancy attended the L.C.C. Associates guest night meeting at the Lighthouse Electric. Their guests were Mr. and Mrs. Paul Atterberry and Mrs. Dee Adams. Special guest was Dr. Cornell Petrashevich, new doctor at Caprock Hospital. Peter Prischl, exchange student from Austria showed slides of his country.

Bud Phillips To Return To Floydada

According to relatives it is thought that H. L. (Bud) Phillips, local trucker, would be able to be returned to Floydada by the weekend from St. Anthony's Hospital in Oklahoma City. Phillips is suffering from a dislocated hip, several broken ribs, a severe bruised knee and a lacerated forehead sustained in a truck accident Friday morning.

The mishap occurred about 3 a.m. near Guthrie, Okla., on State Highway 85. Phillips was driving a new 1969 White tractor-trailer rig he recently purchased, and said he topped over a hill and came upon another truck, moving slow and without lights. Investigating officers said the truck which was hit from the rear, was defective and moving at a slow rate of speed. Phillips truck was a total loss.

Mary Coward Attends Special Ed. Workshop

Area teachers of the trainable mentally retarded attended a workshop Feb. 12 at the Region XVII Education Service Center, to hear a noted Denver, Colo. special education consultant speak on problems dealing with all levels of instruction, elementary through high school.

Attending from Floydada was Mary Pearl Coward, special education teacher at Floydada Elementary.

Dr. F. William Happ, director of education and research, Laradon Hall School for Exceptional Children in Denver, directed the workshop. Dr. G. Woodie Coleman, director of programs and coordinator of Special Education for the ESC said, "Dr. Happ is an extremely knowledgeable person in the field of special education."

Laradon Hall is nationally recognized for its academic and work-study programs for mentally retarded children with and IQ range of from 25 to 70.

Only 20 teachers in the region work with TMR pupils. This workshop was another in a series designed to meet the needs of teachers who work with children in all handicapped areas.

FAIRVIEW NEWS by Mrs. Clyde Bagwell

FAIRVIEW, Feb. 16 - Mr. and Mrs. E. W. Walls left home Tuesday, Feb. 3 for Lake Texoma where they did some fishing until Friday when they received word that their son Dean in Ft. Worth had entered the St. Joseph Hospital for spinal surgery. The E. W. Walls left Friday for Ft. Worth where they were for a week with their son and family. Dean is out of the hospital and convalescing at home. Mr. and Mrs. E. W. Walls returned home here Friday night of last week.

Mr. and Mrs. R. C. Mangum of Plainview, parents of Mrs. Dean Walls, spent the weekend of Feb. 7 with their daughter and family.

Mrs. Elmer Griffith of Idalou spent Thursday with her daughter, Mrs. Kay Crabtree and family.

Tuesday afternoon visitors with Mr. and Mrs. R. M. Cannon were Mr. and Mrs. N. A. Armas and Mr. and Mrs. Kay Whitmire, all of Plainview.

Mr. and Mrs. Carl Nelson of Floydada visited Sunday with Mr. and Mrs. Ruyey Irwin and had dinner with them.

Wednesday visitors of Mrs. Gracie Riggles were Mrs. Velva Pricer and Mrs. Eula Vanleer.

Mrs. Ray Cook left Friday by plane from Lubbock for Dothan, Ala. to stay 15 days in the home of her son, Mr. and Mrs. John Whitfield and family. The Whitfields are parents of a new baby boy.

Mr. and Mrs. Lee Burton went to Abilene Friday to get their daughter, Carolyn, who came home with them for the weekend. Mr. and Mrs. Burton took Carolyn back to Abilene Sunday.

Saturday, Mrs. Delma Burns and Mrs. Marion Wyles visited Mrs. Gracie Riggles.

Mr. and Mrs. Harvey Allen, Mike and Norman had dinner Sunday with her parents, Mr. and Mrs. Walton Wilson.

Sunday Mr. and Mrs. Arthur Miller of Tulsa visited Mrs.

W. B. Wilson. Mr. and Mrs. T. L. Perry have been staying nights with his mother, Mrs. J. T. Perry, who has recently come home from the hospital.

Mrs. Eula Vanleer had lunch Sunday with Mrs. Gracie Riggles. Mrs. Delma Burns visited them in the afternoon.

Mr. and Mrs. Gene Payne, Larry and Barry of Muleshoe visited his parents, Mr. and Mrs. Cecil Payne Sunday afternoon.

Ralph Tubbs of California visited Mrs. Beulah Jernigan Monday morning. Mr. and Mrs. Ralph Tubbs were here to attend the funeral of her brother, E. L. Tyler.

Mrs. Ray Cook left Friday by plane from Lubbock for Dothan, Ala. to stay 15 days in the home of her son, Mr. and Mrs. John Whitfield and family. The Whitfields are parents of a new baby boy.

Mr. and Mrs. Lee Burton went to Abilene Friday to get their daughter, Carolyn, who came home with them for the weekend. Mr. and Mrs. Burton took Carolyn back to Abilene Sunday.

Saturday, Mrs. Delma Burns and Mrs. Marion Wyles visited Mrs. Gracie Riggles.

Mr. and Mrs. Harvey Allen, Mike and Norman had dinner Sunday with her parents, Mr. and Mrs. Walton Wilson.

Sunday Mr. and Mrs. Arthur Miller of Tulsa visited Mrs.

Mrs. Oran Hatcher sister, Mrs. Cecil day afternoon. Mrs. Gracie Burns Wednesday with Ray and had lunch

LOSE 10 LBS. IN 10 DAYS ON GRAPEFRUIT DIET

WOOD, CALIF. (Special) — This is the re-y grapefruit diet that everyone is suddenly out. Literally thousands upon thousands of copies passed from hand to hand in factories, plants and oughout the U.S. and Canada.

its success has spread like wildfire. Because this t that really works. We have testimonials in our ting on the success of this diet. If you follow it ou should lose 10 pounds in 10 days. There will be loss in the first four days. But you will suddenly unds on the 5th day. Thereafter you will lose one ay until the 10th day. Then you will lose 1½ ery two days until you get down to your proper st of all there will be no hunger pangs. Now re-enlarged, this new diet plan lets you stuff yourself t that were formerly "forbidden", such as big immed with fat, roast or fried chicken, rich mayonnaise, lobster swimming in butter, bacon ges and scrambled eggs. You can eat until you nil you cannot possibly eat any more. And still unds in the first ten days plus 1½ pounds every thereafter until your weight is down to normal.

Behind this new "quick weight loss" diet is sim-oes not form fat. And the grapefruit juice in this ets as a catalyst (the "trigger"), to start the fat ecess. You stuff yourself on the permitted food ie diet plan, and still lose unsightly fat and excess s. When the fat and blood are gone you will cease ght and your weight will remain constant. A copy e and startlingly successful diet plan can be on-sending \$2 to GRAPEFRUIT DIET PUBLISHERS, er Way, Calgary 6, Alberta. Money-back guaran-er trying the diet plan you have not lost 7 pounds seven days, and 1½ pounds every two days there-ly return the diet plan and your \$2 will be refund-ly and without argument. Tear out this message nder. Decide now to regain the trim, attractive youth, while enjoying hearty breakfasts, d dinners.

FIVE ACCIDENTS

The Texas Highway Patrol investigated five accidents on rural highways in Floyd County during the month of January, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

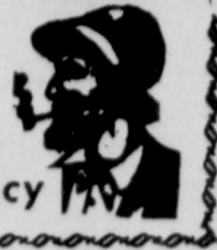

These crashes resulted in 15 persons injured and an estimated property damage of \$5,500.00.

The rural traffic accident summary for the 60 counties of the Lubbock DPS Region for January, 1970 shows a total of 460 accidents resulting in 15 persons killed, 188 persons injured, and an estimated property damage of \$648,408 as compared to January, 1969 of 447 accidents resulting in 26 persons killed, 260 persons injured, and an estimated property damage of \$424,881.

The Sergeant reminded all motor vehicle owners that still have their inspection stickers on the lower right-hand side of their windshields that April 15 is the deadline for having the new sticker placed on the lower left-hand side of their windshields. The Sergeant also stated only about 33 per cent of the registered vehicles in the surrounding area have been inspected.

FLOYD PHILOSOPHER

Worried About What To Do With 50,000 People Fired By Space Agency

Editor's note: The Floyd Philosopher on his Johnson grass farm reviews the space exploration situation this week, more or less.

Dear editor:

According to an article I read in a newspaper that fell out of my neighbor's mail box and landed on the running board of my car — if you remind me cars don't have running boards anymore I'll suggest you attend to your business, I'll put the paper back, regardless of where it landed — Nasa, the space agency, is letting off 50,000 workers, due to a slowing down in future moon landings and other space shots.

I knew this was going to happen. Practically everybody in the world watched the first moon landing, only about a third as many watched the second, the others went to bed figuring they'd see it on tape some time the next day. The third shot will attract even fewer.

It's like discovering the North Pole. The first man that did it was a hero, the second was acclaimed too, but now flying over the North Pole is about as eventful as flying over Lock-

ney.

The moon just doesn't have enough to offer to keep man's interest, and therefore his money, up very long. It's so dead it doesn't even have any germs worth inventing a vaccine against down here on earth. The rocks brought back have made a lot of geologists happy, but geologists must have been doing something before they got the moon rocks.

Getting there and getting back is the big adventure, and since we've already proved we can do that, future trips may become about like mountain climbing — exciting mostly to the people doing the climbing.

Now I've almost gotten away from what I started out to say. It's about those 50,000 workers being let off by the space agency.

Here's a fine set of workers, trained and skilled and eager to stay busy, and we've got to find something truly beneficial we could use them for.

I intend to spend the next few days figuring on this problem and next week will report on any ideas I've come up with.

Yours faithfully,
J. A.

SOUTH PLAINS NEWS by Mrs. Murray Julian

SOUTH PLAINS, Feb. 17 — Mrs. Fred Fortenberry's mother, Mrs. Nellie McCain, is out of the Lockney Hospital, and stayed with Mr. and Mrs. Fortenberry until Friday when they took Mrs. McCain back to her home in Lockney.

South Plains School is glad to announce the arrival of a new teacher, Mrs. Milton Estep is teaching the second and third grades, replacing Mrs. Hugh Marble, Mrs. Estep lives in Plainview. Her husband works for the Texas Highway Department in the Engineering division. They have two adopted children, Greg, who will be two next month, and Shelli, who will be four next month.

Mrs. Estep taught ten years in Plainview. She is a graduate of Lubbock High School and Texas Tech.

Mrs. Leighton Teagle entertained the Hobby Club at its regular meeting of Feb. 11, with a Valentine party. Games of 42 were played by Navolia Kinslow, Mildred Wells, Bobbie Kinnibrugh, Lillian Marble, Fannie Bell McClure, Besse Myers, Alene Smitherman, Ruby Huckaby, Madge West, Mildred Hamlin, Trudy Taylor, Syble Teagle (guest) and the hostess Jaahita Teagle. High score was by Bobbie Kinnibrugh and Mildred Wells. Refreshments of Valentine sandwiches, cake and coffee were served.

Raymond Upton is back at work after being ill with the flu.

The Baptist Mission Friday night had a good attendance of 37 and had a drama presented by the Baptist Church Jun-

ior Girl's auxiliary. It was based on the parable of the ten virgins and was presented by Donnette Marble, Katherine Sandy and Donna Powell, Pam and Cam Probasco, Lesa West, Teresa Stuart, Diane Arendondo, Lorie Young, and Carl Roberts. Leaders are Mrs. Kendis Julian and Mrs. Jim Roberts.

Prentice and Kallie Bell are back from a trip to Dallas where they took the baby for heart surgery, but happily found that the child's health was better. The surgery may be postponed for another two years.

The Boy Scout Troop #358 served their first meal at the Lockney Cooperatives Cafe here in South Plains Saturday. The boys did a fine job of cooking, so they say, and they had a full meal, which is a real achievement for such young men. They served meatloaf, green beans, corn, turnip greens, and chocolate pudding.

Next Saturday, they plan to serve a full meal again and would like all the support that can be given them. The menu will be roast beef, salad, baked potatoes, cobbler, and variety of drinks. These boys are cooking this themselves without any touches of woman's hand and are doing a fine job. They have a specific purpose for this and that is to pay for tents that they have already purchased and for supplies that they will be needing soon.

Saturday the youth of the Baptist Church had an outing and had a good time even though many were unable to go. Darla Milton, Beverly Kinnibrugh,

Renda Trice, and Warren Powell went that afternoon to the Wayland Baptist College to see the play "West Side Story" and after supper was joined by the rest of the group, Steve Pritchett, John Trice, and Bro. W. L. Trice. They all went to see the homecoming game for the Wayland Flying Queens and the Pioneers. Also, one of the group, Darla Milton, left early to see a concert held by two famous pianists in the high school in Plainview. The song leader from this church also was to meet them at the game but was not able to be there because of the death of an uncle. Eddie Turner, the song leader, is a student at Wayland and his parents' home is in Hale Center.

South Plains had a lot of parties going on Friday. Mrs. Rubie Lee Higginbotham, teacher's aid in Lockney, had a surprise birthday tea in the home of the teacher she is working under. Ruth Trice had a birthday party and had three guests, Kristi Julian, Cindy Reeves, and Susie Probasco. All classes at the school had Valentine parties.

Fawver, King Attend Meet In California

Two directors for the Floyd County Soil and Water Conservation District recently attended the 24th annual National Association of Conservation Districts in San Francisco, Calif. Attending were G. L. Fawver, Floydada and Herman R. King, Lone Star.

Fawver stated that the three from a broken hip and is now able to walk.

Mr. and Mrs. Raymond Upton visited Sunday in Amarillo with their son, Ronnie Upton and family. Ronnie and family have recently moved back to Amarillo from the northeast. Mr. and Mrs. L.H. Blum, of Floydada, also visited with Ronnie and family.

day convention drew over 2500 people from every state in the Union plus Puerto Rico and the Virgin Islands.

Several items of interest were heard and discussed by the convention. Eddie Albert, actor and entertainer, spoke on America's natural environment; Norman Berg, Associate Administrator, Soil Conservation Service, Washington, D. C. spoke on "Nations Sediment Problems" and John Harms, Editor of the Kiplinger Agricultural Letter, spoke on "Prospects for Agriculture in the 70's." These were just a few of the outstanding speakers that the convention guests heard during the meet.

The main purpose of the national convention is to unify all levels of Soil and Water Conservation Districts and to exchange ideas. The convention was the largest ever held in its 24 year history.

team or the farm radio team. These teams develop cooperation, leadership, and the speaking ability of the member. To be a good leader one must be able to speak before a group, and surely the practice gained by this participation will prove fruitful in the quest for an area or state office. A good leader must know parliamentary procedure. By being on a chapter conducting team, practice in handling parliamentary problems can be attained.

After the greenhand has decided to become a chapter and district officer, and is on a leadership team, a next higher goal must be set. This goal of becoming a state officer of the Texas Association is a goal that only ten boys achieve each year. To obtain this high goal, much effort and time is used. But when this goal is reached, all the time and effort has not been wasted.

A young greenhand once set his goal of becoming a state president after hearing the state president speak before his chapter. He became a member of the chapter conducting team and later a chapter officer. The next year he became an officer of this district. After one year of hard work, he decided to run for area office. He spent the next year serving as area president. His goal of becoming state president was the next step on the ladder. He ran for state president and at the state convention it was announced that he had won and achieved his goal.

This is only an example of what plotting a leadership role can do for a greenhand. We cannot all become state president, but we can all become a leader in our chapter, school, community, state, or nation.

FFA Briefs

Each October, about 10,000 persons attend the National FFA Convention in Kansas City, Missouri.

The Smith-Hughes Act passed in 1917 provided federal funds to the states, on a matching basis, for establishing programs of vocational education in public high schools. Subsequent acts have served to expand the program.

Star Farmer of America is the nation's best known farm youth award. It is a check for \$1,000 presented each year by the Future Farmers of America Foundation to the FFA member judged most outstanding in farming and leadership.

As a part of their course of study, vocational agriculture students are required to have farming programs, or to gain agricultural work experience, under the supervision of the teacher.

"Learning to do, Doing to learn, Earning to live, Living to serve" is the official motto of the Future Farmers of America.

The first use of "Future Farmers" as the name of an organization of vocational agriculture students was by the "Future Farmers of Virginia" in 1926.

The Future Farmers of America was organized nationally in November, 1928.

The FFA publishes The National FUTURE FARMER Magazine which goes into the homes of 450,000 members.

GOVERNOR PRESTON SMITH signs the proclamation declaring the week of Feb. 21-28, 1970 as F. F. A. week in Texas. Looking on is Murray Edwards, left, President of the Texas Association of Future Farmers of America, and J. A. Marshall, Director of Agriculture Education.

Official Memorandum

By
PRESTON SMITH
Governor of Texas

AUSTIN, TEXAS

GREETINGS:

The Future Farmers of America organization is playing an outstanding role in assuring the future progress and prosperity of our State and Nation.

The importance of agriculture in our State increases as Texas progresses. It is vital to our well-being that we train skilled farmers and ranchers to provide a plentiful supply of food products in years to come and to train those who will provide services to the farmer and process and distribute farm products.

The FFA is composed of students who are studying vocational agriculture in the public schools in preparation for careers in farming, ranching, and related fields. In studying the science of agriculture, these Future Farmers are striving to continuously improve this great industry for the welfare of all citizens.

Texas now has over 1000 active FFA chapters with over 48,000 active members and more than a quarter of a million former members. During the past 40 years, the Texas Association, FFA, has performed valuable services to our State by developing leadership, encouraging cooperation, promoting good citizenship, teaching sound methods of farming, and inspiring patriotism among its members.

THEREFORE, I, as Governor of Texas, do hereby designate the week of February 21-28, 1970, as

FUTURE FARMERS OF AMERICA WEEK

in Texas.

In official recognition whereof, I hereby affix my signature this 21 day of Jan. 1970

Preston Smith
Governor of Texas

Better Citizens

The primary aim of the Future Farmers of America is the development of agricultural leadership, cooperation, and citizenship. The specific purposes for which this organization was formed are as follows:

1. To develop competent, aggressive, rural, and agricultural leadership.
2. To create and nurture a love of country life.
3. To strengthen the confidence of farm boys and young men in themselves and their work.
4. To create more interest in the intelligent choice of farming occupations.
5. To encourage members in the development of individual farming programs and establishment in farming.
6. To participate in worthy undertakings for the improvement of agriculture.
7. To develop character, train for useful citizenship, and foster patriotism.
8. To participate in cooperative effort.
9. To encourage and practice thrift.
10. To encourage improvement in scholarship.

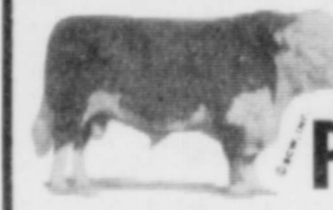

12. To provide and encourage the development of organized rural recreational activities.

It is Future Farmer Week in Texas and the nation. The 450,000 FFA Members in America - ten percent of them in Texas - are to be congratulated for the leadership programs and the scientific agriculture they practice.

"I believe in the future of agriculture," Future Farmers say in the first words of their creed. They practice their belief, with work and cash, 48,000 strong in Texas, FFA members all are engaged in some phase of agriculture training. They know about the free enterprise system, for they practice it.

The National FFA Center is located near historic Mt. Vernon in Virginia on 37 acres which once were part of Washington's estate.

National FFA WEEK is scheduled in February to honor George Washington, who was an outstanding farmer as well as a great leader.

"Believe In Farming" Key Words Of Creed

When a member of an FFA chapter first learns to recite the creed, which he must do to receive the Green Hand Degree, the words may not hold much meaning. Like so many other things the youth must learn to recite, it's just a matter of putting one word after another in the correct order.

However, after studying the creed for a number of times the words "Believe In Farming" will eventually make an impression of the person. Then after a time of working with the FFA and getting an idea of what the organization means to them and their friends, the words no longer become "just words following words" but take on real meaning.

The person will look again and again at the creed and eventually the words will become second nature to him, for he will believe it when he says:

"I believe in the future of farming, with a faith born not

of words but of deeds--achievements won by the present and past generations of farmers; in the promise of better days through better ways, even as the better things we now enjoy have come up to us from the struggles of former years.

"I believe that to live and work on a good farm is pleasant as well as challenging; for I know the joys and discomforts of farm life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.

"I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of organized farmers to serve our own and the public interest in marketing the product of our toil. I believe we can safeguard those

RALLS, HIGHWAY

Eleven-hundred and eighty-two Vocational Agriculture Teachers of Texas are advising and teaching fifty-three thousand, eighty-two Future Farmers of America that Agriculture is more than farming and ranching. The task of producing food and fiber for an ever-increasing population also requires a well-staffed agribusiness industry. The opportunities for young people in the total Agriculture industry were never brighter.

In 1967-68, 49,632 Future Farmers of Texas produced \$5,438,839.57 worth of agriculture products from their supervised farming programs.

According to O. L. Harris and Jimmy Woodard, Vocational Agriculture Teachers, Floydada High School, the local FFA Chapter produced \$30,329.68 from livestock, poultry and crop projects raised in the Floydada Community.

Of the 119 students enrolled in Vocational Agriculture classes at Floydada High School, 89 had projects. They raised 403 head of livestock that produced an income of \$7,140.58; 104 yead of poultry that produced an income of \$162.06; and 495 acres of crops which produced \$23,113.25.

Texas Future Farmers raised 126,830 head of livestock that produced a labor income of \$3,560,145.35; 953,173 head of poultry that produced an income of \$259,769.63; and 30,160 acres of crops that produced products valued at \$692,121.68. Miscellaneous farming enterprises produced \$431,983.67.

Eight hundred and fourteen students in Texas, working in Agribusiness Co-op Training Programs, earned \$494,839.23. High schools in Texas provide an opportunity for their public school system and community

to include training in related employment and opportunities in agribusiness to those young people who show an appreciation and interest for the \$6 billion 8 million agri-industry in the Texas economy.

The Future Farmers of America in Floydada High School also receive valuable training in leadership, citizenship and cooperation that will be beneficial in life as they take their place in a useful and changing society.

The Floydada Chapter is one of 9,000 local FFA chapters in the United States.

National FFA WEEK is February 21-28, 1970. Look for the special stories in this issue.

"FFA...emphasis agriculture" is the theme for National FFA WEEK, February 21-28.

erica Week to give him a pat on the back. Your future happiness will depend to a large extent on the Future Farmers of today maintaining an abundant agricultural production tomorrow.

National FFA WEEK is scheduled in February to honor George Washington, who was an outstanding farmer as well as a great leader.

Members of the FFA are students of vocational agriculture in high school.

The FFA provides an opportunity for youth in agriculture to learn, to do, to earn, and to serve.

"Learning to do, Doing to learn, Earning to live, Living to serve" is the official motto of the FFA

The FFA was organized nationally in November, 1928.

FFA Week Notes Importance Of Agriculture

Vocational agriculture students in Floydada High School will join FFA members throughout the nation in activities to emphasize the importance of agriculture during FFA WEEK, February 21-28.

The theme for this year's celebration is "FFA...emphasis agriculture." Throughout the week the young agriculturists will be emphasizing the importance to this nation of a dynamic and prosperous agriculture. Not only will they be informing the nation of the importance of agriculture to its citizens, but they will also seek to inform the public of the vast opportunities open to young people in agriculture today.

"We have such an abundance of food in America that people

seem to take farming and agribusiness for granted," said Orville Harris, Floydada FFA Chapter advisor and vocational agriculture teacher. "Actually farming is now and always has been our nation's largest and most vital industry. As our population expands, it will become increasingly important for men and women to train to meet the demand for food.

"It is fortunate," Harris added, "that many of the young men in our community have the opportunity to participate in the FFA. Through this program they not only learn about all aspects of modern agriculture, but they have an opportunity to develop leadership skills and work together to build a better community."

Membership in the FFA is

made up of high school students in vocational agriculture. The organization's activities are designed to help develop leadership and good citizenship and to stimulate student interest in higher achievement. While for many years the FFA has devoted its main efforts toward establishing young men in farming, it also is working to train and develop men for thousands of jobs which support the nation's farmers and provide consumer services.

The Floydada FFA Chapter has 119 members. Nationally, the FFA has approximately 450,000 members with 9,000 chapters in 49 states (Alaska has no FFA program), Puerto Rico, and the Virgin Islands.

Each year FFA WEEK is observed during the week of George Washington's Birthday. Although Washington is usually recognized as a Revolutionary War General and our first President, it is not generally known that his first love was the farm. He was one of the first in the nation to practice contour planting, crop rotations, ferti-

Future Farmers of America is significant and meaningful in every detail. It is used by members in all recognized units of the organization.

It is made up of five symbols: the owl, the plow, and the rising sun, within the cross section of an ear of corn, which is surmounted by the American eagle.

Upon the face of the emblem appear the words, "Vocational Agriculture," and the letters, "FFA".

The owl is symbolic of wisdom and knowledge; the plow is the symbol of labor and tillage of the soil; the rising sun

is emblematic of progress and the new day that will dawn when all farmers are trained and have learned to cooperate; the cross section of an ear of corn represents common agricultural interests since corn is native to America and grown in every State; and the eagle is indicative of the national scope of the organization.

Plotting A Role In Leadership As A Greenhand

BY: W. C. Todd II,
Vice-President Texas Assoc.
FFA, AREA III

The Greenhand year, the toughest year in vocational agriculture, is the time to start plans of becoming a leader. Many shy, timid greenhands let this valuable year slip by without any thoughts of achieving a high leadership goal. One of the best ways to set this goal is by watching and meeting an area, state, or national officer. This person can instill

in a young greenhand the initiative to become a leader in the FFA.

As a greenhand, one must set his goal at becoming an officer in his chapter and district. Through classroom lectures and participation this can be achieved. One must work toward this goal every day by showing an avid interest in discussions, voicing his opinions on an idea, and showing his instructor his ability and interest in the FFA.

A very good start is participating on the chapter conducting and other soil improvement methods.

The Image Of A Future Farmer

BY: Ira Lee, Vice-President Texas Association, FFA, AREA VIII

This past summer I had the opportunity to visit our nation's capital. Throughout the city of Washington, D. C. are many monuments and shrines to a number of men and women who have helped to make our nation the bastion of freedom and democracy it is today. Generals, presidents, inventors, a backwoods lawyer that made good, war heroes, and politicians are honored in some form. The tallest spire of all and the most widely recognized of any monument is dedicated to our first president, a soldier, a statesman, and a farmer.

We have only to look into the history of our great nation to realize the importance of a country's rural population. Not only has the economy of the great American way of life been based upon our nation's agriculture but the majority of our country's great leaders have come from a farm background. From George Washington to

Thomas Jefferson and from Abraham Lincoln to Lyndon Johnson, all have been farm reared, and all have maintained that love of farm life which, even in hours of darkest discouragement, they could not deny.

An undying tribute to the farmer is paid by George Washington in his words, "I know of no pursuit in which more real and important service can be rendered to any country than by improving its agriculture." Thomas Jefferson, statesman and farmer, said, "Let the farmer forevermore be honored in his calling - for they who labor in the earth are the chosen people of God."

The rural background of these honored men had prepared them for positions of great responsibility and leadership. It had instilled within their being the self-confidence that comes from simple but straightforward farm philosophy, from having to make do with the tools of one's hands, and most of all from that closeness to God and nature that be-

comes so real to those who take their livelihood from the land. They were leaders because they had learned to lead themselves.

Our history as Future Farmers reflects the same desire to accomplish and to be aggressive as was instilled in our forefathers when they first came to America. The founding fathers of the FFA made sure that the organization they were about to initiate would have and maintain many of the same ideals that started this nation up the ladder of success.

Unfortunately, some Future Farmers are like the tall strong weeds in the middle of a wheat field. Perhaps they want to receive praise for growing strong and tall, but never stop to think of the distortion their presence may have made to the growing masses.

Too often one could label it a missed opportunity whenever our best image is not showing. Perhaps the story of a minister who moved to a small Midwestern town with his four-

...tribute to a little box labeled "Support our pastor." Reaching into his pocket, he pulled out a quarter and dropped it into the box. The minister entered the main sanctuary with his son and after the congregation had gathered, the pastor delivered a most inspirational message.

Following his sermon, he stood near the door in the rear of the church greeting the members of the congregation as they left the church. After the last member left, he turned to his son to leave, but then paused at the little box labeled "Support our pastor." Opening the lid, he reached in and pulled out the same quarter he had placed inside earlier. With disgust and dismay, he shoved his hand into his pocket and started to walk away when his little son pulled on his father's hand and with his big brown eyes said to his father with all sincerity, "Daddy, the more you'd put in the more you'd take out." You know the more dedication, concern, and interest we place in sowing the seed for our image, a greater yield will be reaped in the end.

...part of our many friends of the FFA, yet we have to keep our promises to our founding fathers and travel miles before our task is complete.

During my term as your State Vice-President, I had the opportunity to meet and be impressed by many individuals, ranging from business executives, civic and community leaders, to men who had reached their goals and others who were yet to reach theirs. On the other hand, I have seen groups that were trying to gain recognition by destroying some of the basic structures that have made our country great. I can only say that these latter individuals who are trying to express some type of feeling, have long forgotten the importance of standing up with respect to their fellowmen and help support the torch of freedom. These individuals are not helping to uphold the image of America, but rather are destroying it.

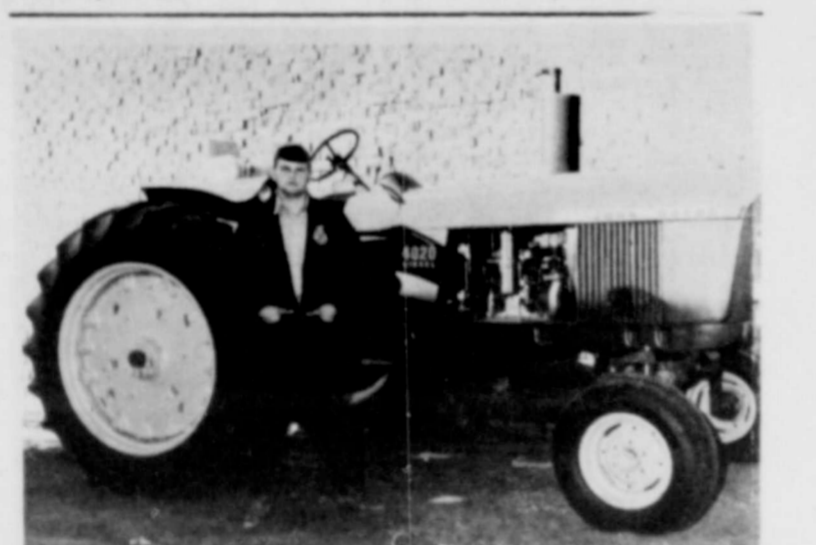

Fellow Future Farmers, whatever you do, wherever you go, I hope you will always adopt the characteristics of a person who is proud of his heritage when you portray the image of a Future Farmer. The task of promoting the FFA never ceases; we must continue to wear our jackets with pride, show respect for others, be honest and fair in this game called life, demonstrate sportsmanship, take pride in our organization, and above all be a gentleman at all times.

I have met Future Farmers across the state and under many different circumstances. Regardless of the FFA activity involved, or whether the Future Farmer hails from the North, South, East, or West, there was one trait that never changes; a Future Farmer is a Future Farmer no matter

where he is or where he may go.

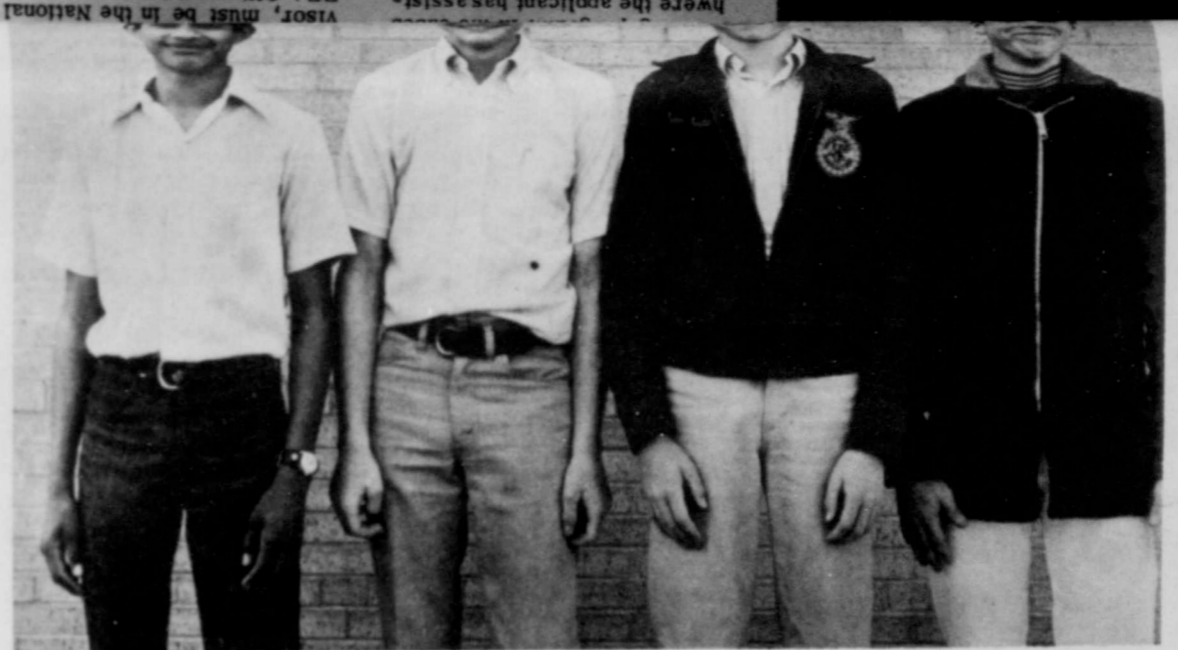

I wish to quote Annon and share with you some ideals which I hope all Future Farmers will adopt in order to aid our image:

- To be myself --
- To keep a laugh in heart and throat --
- To be good as some friends think I am --
- To find joy in my work rather than in the prospect of applause --
- To win friends by being one --
- To be captain rather than victim of my moods --
- To waste neither time nor energy in anticipating calamities which may never come --
- To rejoice in the rise of a rival, swift in applauding, and slow in minimizing his success --
- To wine up spilt milk as best I can and hold on to the pan next time --
- To be worthy of the words inscribed on the Chinese Gordon's Monument: "Who at all times and everywhere gave his strength to the weak, his substance to the poor, his sympathy to the suffering, and his heart to God." -- Annon

IMAGE FROM PAGE 4

It takes about 70,000 blue corduroy jackets each year to satisfy the demands of FFA members throughout the nation.

"Challenging Youth In Agriculture" is the theme for Future Farmers of America Week, February 17-24.

Most people of the world spend half their disposable income for food; Americans spend about one-fifth. We have more income left for the products of industry, for housing, for medical care, education, and recreation.

National FFA officers (there are six) travel extensively. During his year's term of office, each officer will travel 50,000 miles or more and spend about two-thirds of his time working in the interest of the FFA.

In the quest for world peace, agricultural production may be America's most potent weapon.

FFA Briefs

It is one vital area where we far surpass the communist countries.

Awards offered to Future Farmers of America members encourage them to work harder in their study of vocational agriculture.

More than 60,000 members each year get leadership experience by serving as officers of local FFA chapters.

About 27 million adult Americans suffer from one or more types of cardiovascular

Johnnie Robert (Bob) Kropp, son of Mrs. Beth Kropp and the late Paul Kropp, has been awarded a graduate assistantship in nutrition at Oklahoma State University. He will be working under Dr. Robert Tutsek, reputed to be one of the top nutrition professors in the nation.

Kropp earned an animal science degree in nutrition from the university at the end of the fall term with a grade point average of 3.75. He was named to the Dean's honor roll eight of the nine semesters he studied at OSU.

The Lockney native won the Merit Trophy Award last year. This is the university's top agriculture award given. His credentials were sent to the national contest held in conjunction with the International Livestock Show in Chicago last November. His entry placed fourth out of 35 competing universities.

Following is the application the university sent to the national contest:

"Bob Kropp is an outstanding leader, student and young man. In addition to numerous activities in other areas, he has been very active in the Block and Bridle Club, and has been president of this organization for the past two semesters. He has continued to maintain an excellent grade point average while devoting a good deal of his time to Block and Bridle and other activities.

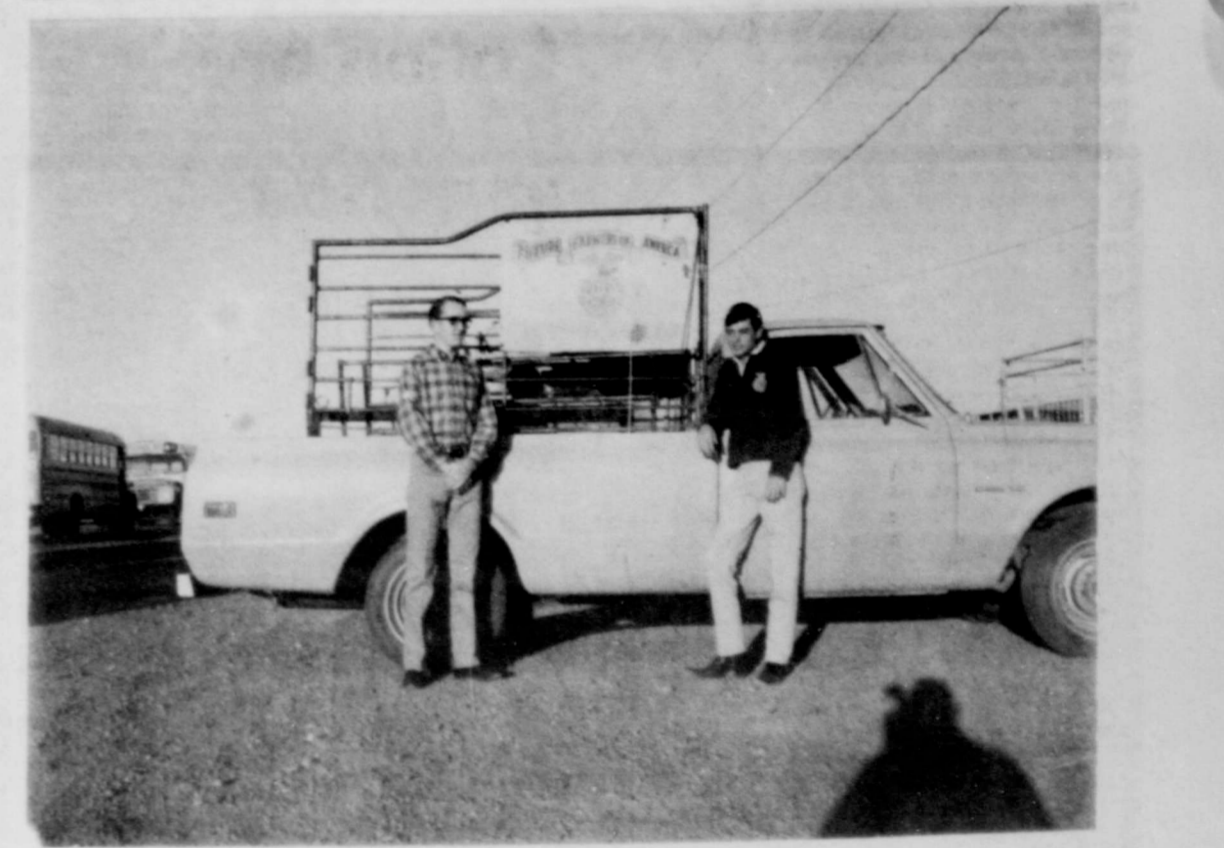

"Kropp certainly is an excellent example of a stockman. He has continued to be active in the livestock business while in college, presently owns both purebred sheep and swine. He and his father have been recognized as breeders of outstanding sheep, and have won many awards with both their Southdown and Hampshires throughout the country.

"In addition to his activities and scholarship accomplishments, Kropp is a young man of excellent character and moral standards. He is deserving of being chosen as Oklahoma State University's entry for the Merit Trophy Award."

Kropp ranked 50th of 437 students in his class in the OSU College of Agriculture. He has received the Wentz Service Scholarship Award and was named outstanding senior in Block and Bridle. Announcer for the 1969 cutting horse show, Kropp also was master of ceremonies for the 1969 spring banquet. He had the first place Hampshire sheep and reserve champion sheep in Little International Showmanship Contest in 1965, first in Suffolk sheep and was grand champion showman in the 1969 Little International.

The FFA publishes THE NATIONAL FUTURE FARMER Magazine which goes into the homes of 450,000 members.

A first-year member of FFA is called a "Greenhand."

Best Wishes To The

LONG WAY FROM 6

6. Must have earned by his own efforts from farming or other agricultural work and deposited in a bank or otherwise productively invested at least \$500 (at least two-thirds of the amount must be derived from his supervised farming program).

7. Show outstanding ability as evidenced by his leadership and cooperation in student, chapter, and community activities, and have a satisfactory scholarship record certified by the local superintendent or principal.

8. Must have participated in an outstanding way in activities for community improvement and the development of agriculture.

9. Each State association is entitled to elect at least ten qualified individuals annually; where State membership exceeds 500, a number in excess of ten, but not more than 2% of the total State membership, may be elected (fractions counted to the nearest whole number). Written records of achievement verified by the local advisor shall be submitted to the State advisor by the local chapter's governing body at least one month prior to the State convention. The State advisor will then review the records, prepare briefs, and submit his recommendations to the governing body of the State association. This body will nominate at the regular State convention the candidates who have been found most worthy to receive the honor. Briefs of the records shall be made available to the delegates when the candidates are nominated. The delegates shall then proceed to elect to the State Farmer Degree the candidates found most worthy.

AMERICAN FARMER DEGREE

The minimum qualifications for election to the American Farmer Degree are:
1. Must have held the Degree of state Farmer preceding election to the Degree of American Farmer, have been an active member of the FFA continuously for at least 36 months, and have a record of satisfactory participation in the activities of the local chapter and State association.

2. Must have satisfactorily completed at least three years of instruction in Vocational Agriculture, or have completed all of the Vocational Agriculture offered in the school last attended, have been out of high school for at least 12 months prior to the convention at which the degree is granted, and have in operation an outstanding program of supervised farming. Productive projects must show comprehensive planning, con-

tinuation, growth, and increase in scope with records to substantiate such accomplishments.

3. During the period covered by his application, the candi-

date must have earned by his own efforts from farming and other agriculture work and have deposited in a bank or other wise productively invested at least \$1,000, provided that at

Each State association in good standing shall be entitled to submit the application of at least one candidate for the American Farmer Degree each year.

where the applicant has assisted in the support of dependents, the amount so expended, in the judgment of the National Board of Student Officers, may be considered as an investment.

4. Show outstanding ability as evidenced by his leadership and cooperation in student, chapter, and community activities, and have a satisfactory scholarship record certified by the local school superintendent or principal.

5. A State association may submit, annually, the application of one candidate for the American Farmer Degree for each 1,000 active members in the association, or major fraction thereof, computed on the basis of national dues received in the office of the National Treasurer by midnight of June 15, or shown by postmark or other reliable evidence, to have been mailed to the National Treasurer on or before June 1.

visor, must be in the National FFA Office not later than midnight of June 30, or shown, to have been mailed to the National FFA Office on or before June 15, prior to the national convention at which the application will be considered. No additions or corrections will be accepted.

7. Applications must be neatly prepared on forms supplied by the National Executive Secretary.

8. American Farmer candidates must be recommended by the National Board of Directors and National Board of Student Officers and receive a majority vote of the delegates present at a national convention of FFA.

It is obvious that getting the American Farmer Degree is quite difficult and a long, tedious process. The two former Floydada FFA students are two such recipients.

See the FFA boys show their stock in March at the Livestock show.

Young Farmers and Cotton are important in our future

This week we congratulate Our FUTURE FARMERS OF AMERICA

AGRICULTURE IS THE NATION'S LARGEST AND MOST BASIC INDUSTRY. FORTY PER CENT OF OUR WORKING PEOPLE ARE ENGAGED IN THE PRODUCTION, PROCESSING, AND DISTRIBUTION OF AGRICULTURAL PRODUCTS OR IN PRODUCING SUPPLIES AND SERVICES FOR FARMERS. FARMERS COOP GIN SALUTES THE FUTURE FARMERS OF AMERICA.

Harris, Woodard New Vo. Ag. Teachers

Orville Harris

Jimmy Woodard

Floydada High School has two new Vocational Agriculture instructors this year. Orville Harris and Jimmy Woodard began teaching at the start of the 1969 term.

Woodard begins his teaching career here after receiving his B. S. Degree in Agriculture from Texas Tech University. He was born in Brownfield, Texas and reared not far from there at Wellman. He and his wife, Judy, have been married for two years and are members of the Church of Christ. Wood-

The Floydada High School Chapter of the Future Farmers of America elected officers for the 1969-70 term: President Willie Patterson; Vice - president, Victor Smith; Secretary, Stanley Pierce; Treasurer, Joe Jones; Reporter, Mike Simpson; Sentinel, Tommy Wylie; Parliamentarian, Joe Thurston; Chaplain, Chuck Baker. Advisors are Orville Harris and Jimmy Woodard.

ard is an advisor for the Floydada Young Farmers.

Harris attended college for two years at Sul Ross in Alpine, and received his B. S. Degree and his Smith-Hughes Certificate from Sam Houston at Huntsville. He went one summer to the University of Arkansas, and received his Masters Degree in Agriculture Education from Texas Tech.

His teaching experience includes one year in the Farm Veterans Program at Yoakum, Texas; one and one-half years at DeWalls Bluff, Arkansas; one-half year in the Farm Veterans Program at Gramby, Missouri; and one and one-half years at Gramby as a high school science instructor.

He taught high school Vocational Agriculture for two years at Roaring Springs, for 11 years at Whitharral, and for two years at Dell City before coming to Floydada.

He was born in Haskell County, Texas. He and his wife, Doris, have one son, Troy Harris, who teaches Vocational Agriculture at Follett, Texas. He is a member of the Methodist Church, the Lions Club, and several teachers' organizations, including the Texas and National Agriculture Teachers and the Texas State Teachers Association.

Is there a Future Farmer in your neighborhood? Take time during Future Farmers of America Week to give him a pat on the back. Your future happiness will depend to a large extent on the Future Farmers of today maintaining an abundant agricultural production tomorrow.

4-H NEWS

Two Floyd County 4-H members attended the 41st Annual Southwestern International Livestock Show in El Paso, last week. They were Mike Simpson, son of Mr. and Mrs. Junior Simpson and Kay Russell, daughter of Mr. and Mrs. James Ed Russell.

Mike entered two barrows and Kay showed her Hereford steer. Mike had the fifth place medium weight crossbred and the tenth heavy Hampshire barrow. Kay's steer was ninth heavy Hereford in a class of forty-eight. The first place steer in this class was grand champion of the show.

FLOYD DATA

Stan Killian, who is stationed at Randolph Air Force Base in San Antonio, returned here Friday after visiting here with his parents, Mr. and Mrs. Stanley Killian and family. Stan recently made sergeant and is crew chief of his squadron. He entered the Air Force in March, 1968 and took basic training at Amarillo and specialized training at Shepherd Air Base at Wichita Falls.

FFA Members Place At El Paso

Three Floydada FFA members showed animals that placed in the El Paso Fat Stock Show last Saturday.

Joe Jones' calf placed seventh in the light weight Angus division, and sold for 50¢ a

pound.

Tommy Wylie showed two hogs and placed third in the Duroc class.

Mike Simpson showed two hogs which placed fifth and twelfth.

Local Chapter Of American Field Service Will Meet

There will be an American Field Service Chapter meeting Saturday, Feb. 21, in the library at Floydada High School at 4 p.m.

All persons interested in working with the AFS program are urged to attend. The Chapter will be taking applications for parents for next year's American Field Service student.

Election of new officers will be held at the meeting. All in-

terested are invited and urged to attend. The local AFS Chapter is working in an effort to get the community more involved in its projects.

For more information, persons may get in touch with Mrs. Charles Craig or Mrs. Helen Patterson.

The local AFS chapter will also entertain area AFS students and their parents the same day - with a program and refreshments.

FFA

"Youth Partners For American Agriculture"

National FFA officers (there are six) travel extensively. During his year's term of office, each officer will travel 50,000 miles or more and spend about two-thirds of his time working in the interest of the FFA.

It takes more than just a handshake and a short ceremony to step from one degree to another in FFA and it is surely a long way from Green Hand to American Farmer. There are at least four years intensive work involved, a lot of money invested and exchanged, a lot of community work, and a lot of school work.

Almost every person that takes Vocational Agriculture for one year can become a Green Hand, but a very small percentage can advance to the coveted American Farmer degree. Two past Floydada Future Farmer Members, that are presently farming in the Floydada area have achieved that degree, however. They are S. C. (Teen) Burtleson and Craig Edwards.

GREEN HAND DEGREE
Although the requirements for the various degrees are similar, the higher one advances in FFA the more complex the requirements and more detailed they become.

The minimum qualifications for election to a Green Hand Degree are:

1. Be regularly enrolled in a Vocational Agriculture class and have satisfactory and acceptable plans for a program of supervised farming.
2. Be familiar with the purposes of the FFA and the program of work of the local chapter.
3. Recite the Creed of the Future Farmers of America,

from memory.

4. Receive a majority vote of the members present at a regular meeting of a local chapter of the Future Farmers of America.

CHAPTER FARMER DEGREE
The minimum qualifications for election to the Chapter Farmer Degree are:

1. Must have held the Degree of Green Hand preceding election to the Degree of Chapter Farmer and have a record of satisfactory participation in the activities of the local chapter.

2. Must have satisfactorily completed at least one year of instruction in Vocational Agriculture, have in operation an improved supervised farming program, and be regularly enrolled in a Vocational Agriculture class.

3. Be familiar with the purposes and programs of work of the State association and national organization.

4. Be familiar with the provisions of the constitution of the local chapter.

5. Be familiar with parliamentary procedure.

6. Be able to lead a group discussion for fifteen minutes.

7. Must have earned by his own efforts from his supervised farming program and deposited in a bank or otherwise productively invested at least \$50.

8. Receive a majority vote of the members present at

a regular local chapter meeting.

STATE FARMER DEGREE
The minimum qualifications for election to the State Farmer Degree are:

1. Must have held the Degree of Chapter Farmer preceding election to the Degree of State Farmer, have been an active member of the FFA for at least two years, and have a record of satisfactory participation in the activities of the local chapter.
2. Must have satisfactorily completed at least two years of instruction of Vocational Agriculture, have in operation an outstanding program of supervised farming, and be regularly enrolled in a Vocational Agriculture class, or, if out of high school, have satisfactorily completed at least three years of instruction in Vocational Agriculture or all of the Vocational Agriculture offered in the school last attended.

3. Be familiar with the provisions of the constitutions of the State association and national organization.

4. Demonstrate proficiency in parliamentary procedure.

5. Be able to lead a group discussion for forty minutes and pass some occupational of FFA text provided by the governing body of the State association.

HESPERIAN OFFICE SUPPLY

FFA Briefs

Each October, about 10,000 persons attend the National FFA Convention in Kansas City, Missouri.

The Smith-Hughes Act passed in 1917 provided federal funds to the states, on a matching basis, for establishing programs of vocational education in public high schools. Subsequent acts have served to expand the program.

Star Farmer of America is the nation's best known farm youth award. It is a check for \$1,000 presented each year by the Future Farmers of America Foundation to the FFA member judged most outstanding in farming and leadership.

As a part of their course of study, vocational agriculture students are required to have farming programs, or to gain

agricultural work experience, under the supervision of the teacher.

Parents and the FFA have common objectives in respect to the development of a young person. Some of the hopes and aspirations of most parents are to develop a competent, aggressive son or daughter; to strengthen the confidence of the individual; to encourage the improvement of our environment; to develop character and citizenship; and to foster patriotism.

The Influence Of Parents

By Bill Pugh
"Parent" is briefly defined in Webster in four simple words - a father or mother. We add an "s" to "parent" and we have both, a father and a mother. This one seven-letter word signifies those responsible for our mere existence, our life. These two people have brought each of us into this world to take care of and love. They have assisted each of us in establishing a foundation upon which we build. In most cases encouragement and guidance are handed to us by our parents; all we have to do is reach out and develop the opportunities provided us. Some may hold grudges against their parents because of what the parents kept them from doing. We should count our blessings for what our parents have done for us.

Parents and the FFA have common objectives in respect to the development of a young person. Some of the hopes and aspirations of most parents are to develop a competent, aggressive son or daughter; to strengthen the confidence of the individual; to encourage the improvement of our environment; to develop character and citizenship; and to foster patriotism.

The objectives and talents of FFA members should be directed toward preparing for to-

orrow. Our parents help us in our preparation for tomorrow by providing each of us the opportunity to belong to an organization like the FFA. As each FFA member grows into adulthood, please keep in mind that the kind of life parents offer at home is usually the kind of life the child will live when older.

Parents and the FFA have common objectives in respect to the development of a young person. Some of the hopes and aspirations of most parents are to develop a competent, aggressive son or daughter; to strengthen the confidence of the individual; to encourage the improvement of our environment; to develop character and citizenship; and to foster patriotism.

JESTERS FLY TO HAWAII TO VISIT SON

Mr. and Mrs. A. J. Jester left Lubbock Sunday morning by jet and arrived that afternoon in Hawaii and were there for the arrival Tuesday of their son, Curtis, who is stationed in Vietnam.

Curtis is on R&R leave and will return to his duties in Vietnam after this week. He has been in Vietnam since September of last year. The Jesters are due home Sunday evening.

Awards offered to Future Farmers of America members encourage them to work harder in their study of vocational agriculture.

More than 60,000 members each year get leadership experience by serving as officers of local FFA chapters.

A War On Hunger

by Murray Edwards, president
 In the seventies, bright as those years may appear, we will be entering a crisis - a world crisis far greater than either of the world wars or the Korean or Vietnam conflicts. As in other world crises, the United States will be drawn into this war because only we have the technology and the resources to fight it. It will be a war on hunger.
 This disaster is beginning to show itself now. In India the population is outgrowing its food supply. China is preparing for war in the near future because it does not possess the technology nor the fertile land with which to feed its people. Even today two-thirds of the world's population go to

bed hungry. We as Future Farmers cannot escape the bleak realities that look us in the eye. We will have basically the same tools as in the past with which to fight this battle against starvation. Only four percent of the earth's surface, or about 3 1/2 billion acres, is suitable for crop production. Today in 1970, there are 3-1/2 billion people in the world, or a ratio of one person to one acre of land. In the year 2000, our world population will have doubled. Obviously our land area will not increase; we will dilute this ratio to one person fed on one-half acre of land. Will the Future Farmer of today and the successful young farmer of tomorrow be able to win the war

WEIGHING PIG (l. to r.) Dennis Ross, Gary Gilbreath, and Greg Campbell weigh Campbell's pig. (Staff Photo)

against hunger?
 Strangely enough, we already possess the knowledge to defeat our foe. We have the knowledge it would take to increase the production of food around the world greatly - knowledge to increase yields 20 to 30 times compared to present output. For example, if the six countries surrounding Japan (Thailand, Korea, Indonesia, India, Malaya, and Taiwan) could lift their rice yields to the average of the Japanese, the increase in the production of rice would be sufficient to feed 2 1/2 billion people for one year. If these six countries and Japan could lift their rice yields to the level now considered to be the top 20 percent, the increase in the production of rice could feed four billion people for one year.
 Future Farmers, we possess the knowledge and the skill to make the word "hunger" obsolete in our world. Perhaps in the seventies as we assume our role in this fast-changing

occupation called agriculture, we can change the attitude of an indifferent America. We can... if we will.
 "Today's FFA Members Are Tomorrow's Leaders"

Operational plans for the High Plains diapause boll weevil control program took shape in Lubbock February 4 at a meeting of the nation's top entomologists, members of the program's Technical Advisory Committee.
 Ed Dean, Field Service Director for Plains Cotton Growers, Inc., instigator and coordinator of the huge control effort, said "With the exception of a re-evaluation of the treatment to be accorded specific areas within the control zone and some minor refinements that may be made to meet changing conditions, the program will be carried out in much the same manner as in 1969."
 Objective of the program since its inception in 1964 has been to prevent the cotton-devastating boll weevil from migrating into the vast cotton acreages of the High Plains. "And no one can argue that the program has not been successful," Dean stated, "so our Advisory Committee sees no call for major changes."
 The control method in use hits weevil infested cotton fields along the edge and just below the Caprock which borders the heavy cotton producing areas of the Plains on the East. Three rapid-fire applications of low volume Malathion are laid down at five to seven day intervals beginning in early September to interrupt the weevils reproduction cycle. These are followed by treatments with the same insecticide on a 10 to 12 day schedule until early November to kill weevils that survived and have entered the diapause stage, the condition they achieve late in the season to permit survival through the winter.
 At least 12 and possibly 14 counties will be involved in the 1970 control program. All or part of the cotton acreage will be sprayed in Hall, Briscoe, Motley, Floyd, Dickens, Garza, Crosby, Kent, Lynn, Borden, Dawson and Martin Counties. The decision as to which acreage will be sprayed in a given county is based on whether weevils in that part of the county pose a serious threat to the 23-county High Plains area the program was designed to protect.
 For example only weevil infested fields in the extreme northern part of Martin county will receive treatment. Spraying may be done also in Andrews and Gaines counties where scattered weevil populations were discovered late in the 1969 season. It is not yet known whether weevils in this area overwintered there or were strictly migratory. To get this information, some 200 pheromone (sex attractant) traps will be spaced around fields in Andrews and souther Gaines County to detect early Spring emergence of weevils from hibernation, if any.
 If it is found that overwintering did occur there, additional traps will be installed in early Spring to catch all possible weevils as they emerge. But if surveys reveal that all weevils were not caught, plans are to hit the area with two doses of malathion before the pest begins laying eggs. Egg laying begins at about the time cotton squares become 1/3 grown.
 Entomologists explain that special attention is being given the Andrews and Gaines area because they think weevils to the South of the Plains may pose a threat even greater than those to the East. They point out that there is an abundance of Shimery Oak and other favorable hibernation sites in those two counties and that similar patches of cover are found all the way up into Bailey and other northern counties.
 Dean said extensive surveying of areas subject to early weevil infestation will begin in all counties about mid-July to delimit the control zone for 1970. Until these surveys begin it is difficult to estimate the total acreage that will be involved," he noted, "but we are guessing the base acreage in the control zone will be approximately the same as the 227,000 acres in the 1969 program."
 Asked about the aggregate acreage that might be sprayed through the season in 1970, Dean said it is probable there will be a substantial increase over last year when about 765,000 acres were sprayed.
 "We had a shortage of funds for the program last year and were forced to prematurely stop spraying in many areas below the Caprock," he explained, "and we are anticipating a larger Federal appropriation this year that will permit us to carry out the full program."
 The control effort is jointly financed by the Federal Government, cotton producers in PCG's original 23 counties and the Texas Department of Agriculture. Cotton producer funds and those from the TDA are matched by the Federal Government.
 Producer contributions to the program in 1964 were 50 cents per bale, dropped to 40 cents the next three years, to 25 cents in 1968 and came back to 30 cents in 1969.
 Dean said the decision on the rate of producer participation for 1970 has not yet been made.
 Federal appropriations for each of the years 1964, 1965 and 1966 came to \$1 million. By 1967 the program had proven so effective that the base control zone was reduced from the original 300,000 acres down to about 117,000 and the appropriation was cut in half, to \$500,000.
 But beginning in 1968 the weevil opened a new line of attack on the Plains through Lynn, Dawson and Borden Counties on the Southeast corner of the area. Defending against the invasion on this new front was responsible for the fund shortage last year and will make necessary the increased appropriation being sought for 1970.
 Texas Department of Agriculture's contribution to the program has totaled from \$20,000 to \$40,000 per year, including both cash and personnel and materials.
 Top entomologists attending the February 4 meeting were Dr. Perry Adkisson, Head of Texas A&M University's Entomology Department; Dr. Sloan Jones, Head of the Cotton Insect Division of USDA's Agricultural Research Service; Dr. J. R. Brazzel, Head of Methods Development for USDA's Plant Protection Division of ARS; Dr. Dale Bottrell, Research Entomologist at the Texas A&M Research and Extension Center, Lubbock; Dr. Don Rummel, Area Entomologist for the Texas Agricultural Extension Service, and Dr. Ellis Huddleston of Texas Tech's Department of Entomology.

IN THE WELDING SHOP... Larry Guffee, Ronnie Graham, and Mark Alldredge at work. (Staff Photo)

Representing PCG at the meeting were Dean, Don Anderson of Crosbyton, who is Chairman of the PCG Board and Chairman of the Boll Weevil Steering Committee; Donnell Echols, PCG President, and Donald Johnson, Executive Vice President of PCG.
 Others in attendance were Dr. George McBee, Superintendent of the Texas A&M Research and Extension Center, Lubbock; Bill Gunter, District Extension Agent, and Charles Chapman, Assistant Commissioner of the TDA.

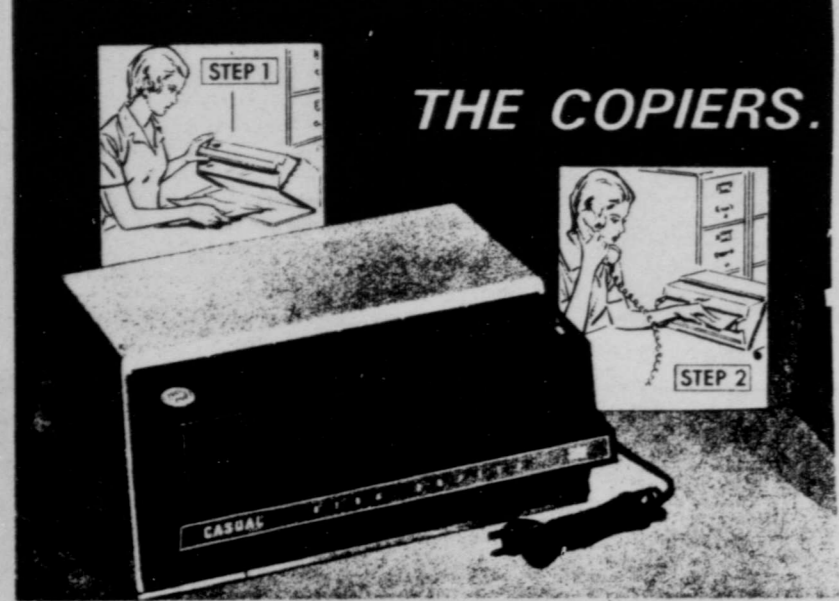

Lee Johnson, D.D.S.; secretary, Delano Phillips; treasurer, Tom Battin, Security National Bank; Fair Director, Dall Griffin, Roosevelt High School; and Assistant Director, Eric Smith, Muleshoe High School.
 The participating counties are Bailey, Cochran, Crosby, Dickens, Floyd, Garza, Hale, Hockley, Kent, King, Lamb, Lubbock, Lynn, Motley, Terry and Yoakum.
 The South Plains Science Fair offers an opportunity for the display of scientific talent and provides recognition of this talent. All students that are interested should be encouraged to develop a project and enter into the competition.

Science Fair Dates Set

The South Plains Science Council, that promotes District XII Science Fair, recently met at Lubbock Christian College and has announced that the 14th Annual South Plains Science Fair will be held April 10-11, 1970, at the LCC field house.
 South Plains students from the participating counties may enter exhibits in either the Elementary Division, the Junior High Division or the Senior High Division. The Elementary Division will include both group and individual exhibits in grades seven, eight and nine. The Senior High Division will include individual entries only from grades ten, eleven and twelve. This division will be further subdivided into Biological and Physical Sciences as follows:
 Biological Science: 1. Botany, 2. Microbiology, 3. Zoology.
 Physical Science: 1. Chemistry, 2. Earth and Space Science, 3. Physics, 4. Mathematics.
 Interested students should consult their local school science teachers for details. Over 200 entries are expected and the winner will be sent to the International Science Fair in Baltimore, Maryland.
 Officers of the South Plains Science Council are: President, Dr. F. W. Mattox, Lubbock Christian College; vice presidents, Nolen Swain, Southwestern Public Service, and Robert

It takes about 70,000 blue corduroy jackets each year to satisfy the demands of FFA members throughout the nation.

RAYMOND GOMEZ IN VIETNAM - PFC Gomez, who is the nephew of Mr. and Mrs. Vincent Gomez of Floydada, arrived in Vietnam some four months ago where he is serving with the U. S. Marines. Gomez entered service in January of 1969 training in California. He made his home in Floydada with his uncle and aunt, Mr. and Mrs. Gomez and Vickie, for some time.

Most people of the world spend half their disposable income for food; Americans spend about one-fifth. We have more income left for the products of industry, for housing, for medical care, education, and recreation.

Cone News

CONE, Feb. 16 - Jay Earl and Jim Ed Waller visited in the Clinton Denning home Saturday afternoon. Mrs. Vada Wideman spent Tuesday afternoon with Miss Gladys Tomlinson in Ralls. Mr. and Mrs. Howard Harris visited Mr. and Mrs. Fred Dreed in Floydada Sunday evening. Mrs. Emma Ware and Melba and Mrs. C. O. Edwards were guests at the Senior Citizens dinner Friday in the Petersburg First United Methodist Church Fellowship Hall. Films were shown, made in Jerusalem, by Mr. Jakka, a businessman of the city. Mr. and Mrs. Ed Martin, after attending Sunday School, went to Lubbock to spend the remainder of the day with their son-in-law and daughter, Mr. and Mrs. Jerry Vaughn. Mr. and Mrs. David Goodson and Ricky of Amarillo spent Sunday with their mother and grandmother, Mrs. Maggie Goodson. H. R. Nance and Rachel accompanied Mrs. Clarence Verett of Ralls Tuesday to Beeton where they visited Mrs.

DOUGHERTY NEWS

DOUGHERTY, Feb. 16 - Mr. and Mrs. Johnny Cantrell and infant son, Jay Dee, spent the weekend with her parents, Mr. and Mrs. Jesse Pernel. Mrs. Wes Campbell was honored with a pink and blue shower Wednesday afternoon in the home of Mrs. Bob Covington. There were about 25 guests present, including the honoree's mother, Mrs. Bob Black from Wichita Falls. Hostesses for the occasion were Mrs. Claude Ring, Mrs. Roy Crawford, Mrs. Weims Norman, Mrs. J. D. Cates, and Mrs. Covington. Mr. and Mrs. Wayland Jones and children attended a play Friday night at the Harrah Memorial Auditorium at Plainview on the Wayland College campus. The play, The West Side Story, Mrs. Jones reports, was very much like a modern story of Romeo and Juliet, and the entire family enjoyed it very much. Mrs. Jim Haley and Mrs. Beulah Taylor from Denton spent Tuesday night with Mr. and Mrs. Claude Ring. Mr. and Mrs. Russell Crawford left Friday to attend the funeral of her uncle, A. M. Wiley, at Ballinger, Texas. Accompanying the Crawfords were Mrs. Vance Zinn and Mr. and Mrs. M. L. Harlan. They returned home Sunday afternoon. Mr. and Mrs. Theodore Swenson from Spur visited Mr. and Mrs. Claude Ring Sunday afternoon. Mr. and Mrs. Carmel Eastham and children attended the Golden Gloves boxing matches in Lubbock Friday night. Mr. and Mrs. Dee Johnson and Beverly went to Vernon over the weekend to visit his brother, Mr. and Mrs. U. L. Johnson. The Dougherty Farm Supply and the Darty Gin entertained their customers Saturday night with a Mexican food dinner held in the Dougherty school gym. Delicious tacos, enchiladas, red beans, and all the appropriate trimmings were served to 160 persons. After the dinner, table games of 42 and cards were played. The Dougherty Community Club Skating Party is scheduled for Monday evening, February 23. The party will be held at Skating Land Roller Rink, located on South West Loop 289, in Lubbock. The rink is reserved from 7:30 until 9:30. Everyone is urged to attend and guests are welcomed. Mr. and Mrs. J. D. Cates visited Woodrow Cates and family in Lubbock Sunday afternoon. D'Ann Cates, daughter of Mr. and Mrs. J. D. Cates, attended the state convention of Future Teachers of America, over the weekend, at Fort Worth. The representatives from this area left from Lubbock by chartered bus Thursday morning. The group returned home Sunday. D'Ann is the president of the Floydada FFA chapter. Mrs. Jim Morrison and Mrs. Harlan Cage plan to leave today (Tuesday) to attend the funeral of Mrs. Morrison's brother-in-law, Chester Hulme, at Clifton, Texas. The funeral will be held Tuesday afternoon. Mrs. Don Switzer and Tracy from Amarillo spent the weekend with her parents, Mr. and Mrs. Harlan Cage. Mr. and Mrs. Clarence Ashton visited Mr. and Mrs. Jim Morrison Sunday afternoon. Mrs. Robert Ward visited Mrs. Bob Ross Thursday afternoon. Also visiting in the Ross home was Mrs. James Ross from Harlingen. Sunday afternoon, Mr. and

We sympathize with Mrs. Hal Thomas, also with Olin Miller of Plainview, in the passing of their sister, Allie Morse of Beuna Park, Calif. Years ago the Morse family lived in the Center community. Mrs. Thomas spent Sunday with Olin Miller, who is in the Plainview Hospital, and with Mrs. Miller, who was at his bedside. Welborn Miller of Odessa was also in Plainview Sunday. Visitors in the Green home during the week were R. H. Ashton, Mrs. Clarence Ashton, Mrs. J. C. Odam, Mr. and Mrs. Fred Battey. Other Sunday afternoon visitors were Mr. and Mrs. Anthony Latta of Mt. Blanco, and Mr. and Mrs. Leonard Deskin and girls, Debra and Roxann, of Borger. The Bob Thompsons went to Lubbock Friday to see "The Harlem Globe Trotters." Mr. and Mrs. Leo Frizzell visited Sunday evening with Mrs. Ross. Mrs. Clarence Guffee and Mrs. Frank Dunn visited her one afternoon during the week. Mrs. Dale Miller is still in the quest for world peace, agricultural production may be America's most potent weapon. It is one vital area where we far surpass the communist countries.
