### Helicopter Pilot Killed In Amarillo Has Local Kinsmen

Robert Clay Patton, 25 year old test pilot, who was killed Tuesday in Amarillo in a fiery crash of a UH-1C Huey utility transport helicopter, was the grandson of Mrs. Mary Patton, Floydada Nursing Home and nephew of Mrs. Print Rice and Mrs. Edna Patton of Floydada.

Funeral rites were pending for the young man at press time yesterday, according to relatives.

Patton and John B. Adams of Fort Worth, were killed instantly when the helicopter plummeted onto the southwest corner of the landing apron at the Bell Heliport near Amarillo and erupted into flames.

Two Bell emergency firemen who reached the crash site seconds after the accident, suffered burns on their faces, arms and hands in attempts to pull the pilots from the blazing wreckage.

Patton had recently returned from a tour of duty in Vietnam where he received several medals. He was a helicopter pilot while in service. After returning he farmed briefly then went to work for Bell Helicopter.

He was born in Floydada and was the son of the late Clay Patton. His mother, Mrs. Carl Jenkins, resides in Seagraves.

Other survivors include his wife, a three year old daughter and a brother, Clinton Patton of Carsbad.

### Fair Association To Meet Monday

All directors are urged to attend, and anyone else who is interested is also invited.

### Girl Scout Sunday March 8

All members of the Floydada Girl Scout troops and their leaders are invited to participate in Girl Scout Sunday, March 8, by attending the first United Methodist Church together. Girls will gather inside the north exit by 10:40 a.m. and will be seated together with their leaders in a reserved section. Rev. C.B. Melton is pastor of the First United Methodist Church, and extended the invitation to the girls for this year. This ob-

### Lockney Livestock Show Saturday

The Lockney Junior Livestock Show is scheduled for Saturday, February 28 at the Floyd County Fair livestock barns. FFA and 4-H club members of Lockney and Providence are eligible to enter the show. Elvin Lyons, Lockney FFA advisor, states that the swine show will have more classes this year. Five breed divisions will be established, with weight classes in each division. In previous years, only weight divisions were used.

Most of the animals will be entered in the Floyd County Stock Show to be held in Floydada March 2.

The Lockney Junior Livestock Show is sponsored by the Lockney Chamber of Commerce.

### Masonic Fraternity Members Honored

Invite everyone to our Grand Opening on the north side of Red all day Friday and Saturday morning. We'll give away some bubble gum, a typewriter and some stuff. Come in and register - you might be lucky winner. We'll have on display the steps taken in producing an off-the-beat newspaper, and we think you'll want to see Blanco Printing Plant. (ALL COME!)

FRIDAY AND SATURDAY many Floydada merchants featuring hundreds of bargain buys for TRADES DAYS. Our plans now to shop in Floydada The bargains are listed four and five.

"POPE I GET a wastebasket full every day of 'junk' some of it I open, and some I glance at the outside and toss it into the wastebasket. I tried to throw away this envelope that had a small block of paper in it to the left of my name and address. On second thought I to see what the type said:

"NING...if you throw this in your wastebasket unopened, the water inside will break, spilling onto a dehydrated tractor. He will then crawl out of the envelope and crush path."

I opened the letter ..... some company wanting to sell typewriters and adding machines.

FLOYD COUNTY STOCK SHOW which will begin here is always a success due to the many men who take the ability of working on the various committees. Likewise, merchants and individuals who contribute money to purchase goods on sale day are also very important to the success of the show.

He is able to walk about and has hopes of returning to school in two weeks.

Peggy's Meddlin's BY PEGGY MEDLEY

I KNOW Johnny West will get a bang out of the heading used in the Amarillo Globe about his accident. In case you didn't read it, it was headlined "Floydada Youth Injured in Fall." If you are still a youth at 32, I'm not near as old as I thought I was, even after my birthday Saturday.

WHICH reminds me, my husband took me to the Baptist Men's ladies night banquet and I think those who didn't attend, missed one of the finest programs ever presented. Dr. Bill Greer, former dentist in Floydada, showed slides of his missionary work in Nigeria and my first thought, after viewing the slides, was how thankful I am to possess what wonderful treasures I have. How often we envy those who have more, but to see those who have nothing, that is something else.

SATURDAY, March 7, the moon will pass slowly across the face of the sun and cast a 100-mile wide shadow upon the earth. The shadow will darken a path in the Pacific, sweep across Mexico and the eastern edges of the United States. The shadow will be from one of nature's spectacular phenomena - a total eclipse of the sun. The total eclipse will be the first since 1963 to be visible within the continental United States and there won't be another major one here in this century.

I DOUBT that a person could eat a Pound Cake which contained a cup of lemon or vanilla flavoring and I'm sure a housewife who has cooked one before will know "that's got-to be wrong." Wanda DuBois is breaking in a new electric typewriter and she just found out it doesn't correct mistakes. Anyway in the Pound Cake recipe used in Sherry Mullin's column last week, should have read one teaspoon flavoring, not one cup.

UNDERSTAND Lew Dee read over his radio program the policies for employees I had in my column recently. Before long the policies may be regarded fit for all employees state wide, then everyone will hate me!

SET the date Friday, April 10, aside for a family night of fun at Floydada Junior High because afterwards you will be able to say "I helped to purchase cyclorama curtains for the stage in the auditorium." That's where the proceeds will go from Fun Night. A. W. Coltharp, school principal, is not exaggerating when he says "They are ready to fall apart. They have been hanging for the past 15 years and were of poor quality when purchased," Coltharp said. Advance tickets for Fun Night will be sold and those attending the event will enjoy volleyball games between the parents and school faculty, between the school students and their teachers, comedy skits and other programs. Concession stands will also be opened. Some \$600 is needed for the curtains. Remember the date! Lets all attend!

KILGORE was voted the cleanest town in Texas for its size this year, Floydada could never be in the running. Know why? Because there are too many people here who don't know what litter cans are for, or they just don't give a tinker.

I'm speaking mostly of those who drive around drinking their beer, then throw the cans or bottles in the street, ditch or in someone's yard. If you must drink the intoxicant, why not put a box or sack in your car to hold the debris? If the smell doesn't bother you while drinking it in your car surely it won't bother you to have the empties stinking it up. If you must throw them in the road or in someone's yard, throw them in your own. Don't say kids will do anything. It isn't just kids who are doing this, it's adults as well.

Whoever the smart aleck is who stood a beer bottle and two beer cans up in the street in front of our house, I hope the bird of paradise flies up your nose and never comes out.

SPEAKING of litter, the paper cups, sacks and napkins blowing around in front of the Hall-Mart Store is uncalled for. Hall Mart owners did not complain or mention it to me, but if they are nice enough to let you

Girl Scouts "Activities"

Sunday, Feb. 22, was the beginning of a week of "Thinking Day" programs and thoughts observed by the Girl Scouts and Girl Guides all over the world for the promotion of peace, friendship, and understanding. Feb. 22 was chosen originally as Thinking Day because it is the birthday of Lord and Lady Baden - Powell, founders of scouting. All over the world, scouts send greetings to each other, and remember this thought throughout the day and the week: "I am a link for peace in the chain of scouting, and I must keep my link strong and bright."

In Floydada, the three Brownie troops celebrated their Thinking Day on Tuesday in the Andrews Cafeteria during their regular meeting time. With songs, refreshments, decorations centering around an international theme, Brownies were taught the real meaning of Thinking Day and its purpose. Guest speaker, Mrs. John Haenosh, brought an interesting and very informative program on her life and experiences in Israel.

Cadette and Junior Girl Scout Troops gathered in the cafeteria of Floydada Junior High School on Wednesday for their observance. Refreshments and decorations were by the host troop of Cadettes, and the story of Thinking Day was presented by Nan McCulley. The flag ceremony was presented by Junior Troop 181 and cookies for the refreshment table were baked in Cooking Class by Junior Troop 250. Guest speaker for this event was Peter Prischl, AFS student from Austria.

### Bond Speaks On Farm Subsidies At Rotary

Rotarian Hollis Bond spoke to the Rotary Club here yesterday on "agriculture subsidies." He first outlined the history of government subsidies to the areas of protective tariffs, railroads, shipping lines, schools, books, magazines, newspapers, oil depletion allowances.

In describing the history of government subsidies, Bond traced them through gifts of land to early settlers, then land at nominal costs.

He said that subsidies created parity, and that agricultural subsidies were not an outright gift as they required the farmer to leave out land from production.

He said the farming industry was the largest with total assets of \$300 billion. He quoted from a Farmers Union study in describing what proportion of the tax dollar went to agricultural subsidies, only 1.5%. This compares with 42.8% for defense, 8.4% for the poor, 1.9% for public welfare.

"You can see from this that agriculture is not a favorite child, and farm people's per capita income is only 75% of their city cousins," he continued.

"We hope Congress wakes up before it maims agriculture...and everyone should write his congressman now how he feels about the future of the farming industry," Bond concluded.

### Junior High Sets Fun Night

Mark your calendars! On the night of April 10 Floydada Junior High School is planning a Fun Night to raise money to help defray the cost of purchasing new cyclorama curtains for the auditorium stage.

The present curtains have deteriorated to the extent that the least pull on them is likely to tear them, according to school principal, A. W. Coltharp.

The Junior High Student Council will be sponsoring this evening of fun, and pushing the sale of advance tickets.

Washington—Three of the nation's largest airlines—American, Trans World and United—have asked the Civil Aeronautics Board to approve a two-drink limit for passengers on domestic flights. Their last liquor pact expired in November, 1969.

### Fire Damages Garage And Cars

All units of the Floydada Fire Department were called to a house fire Monday at about 7:30 p.m., according to city dispatcher Fred Lambert.

The blaze, at the Jerry Warren residence, 738 W. Grover, resulted in extensive damage to the garage and two cars.

Smoke damage to the house was minor, Fire Chief Carroll Sims reported. Sims said the fire apparently occurred when gasoline being used near an open heater in the garage flashed. There was apparently no explosion.

Warren received minor burns in the fire.

Mr. and Mrs. Roger Sanders are expecting a new baby within the next few days. Their children, Gary and Sherri, agree that they want a baby sister.

There were 88 at Sunday School Sunday at the South Plains Baptist Church. The church has set a goal of 82 for eight straight Sundays and has met the goal each Sunday. The program is leading up to their revival set for March 15-22.

The Intermediate Girls Auxiliary of South Plains has changed their meeting time to 4:30 on Tuesday rather than Wednesday.

The Intermediate and Junior Girls Auxiliary will meet at the South Plains Baptist Church building Friday at 6 p.m. to spend the night. They will be studying the mission book, "Assignment - Boston."

Renda Trice and Kim Cummings went to Plainview Saturday morning to take their A.C.T. test. This test score will be sent to the college of their choice. Renda plans to attend Wayland Baptist College.

There is a new choir starting at the Baptist Church, consisting of Juniors, Intermediates, and Young People.

The Boy Scouts at South Plains had their third meal served Saturday. They would like to thank all of those that

**TREATMENT FOR STAINS**  
Successful stain removal is a technique we should all know. We can add to the life of a garment as well as cut the cleaning bills by promptly taking the correct steps at home.

To be prepared for all kinds of stains you will need to keep four types of removers, absorbent material, detergent, solvent, and chemical stain removers like bleaches. Some stains can be removed with only one type of remover, but more often two or more types of remover are needed.

First identify the stain, if possible. Treatment for one may set another. Determine if the stain is greasy, nongreasy or a combination.

Secondly, test the fabric before using any remover. The inside pocket, inside hem allowance, inside seams or shirt tail. If it tests out, proceed.

Cornstarch or cornmeal if worked into a fresh grease stain will absorb the grease and a solvent such as carbon tet, can finish the job. This is especially good on some of the new drip dry blends.

Paper towels or a worn bath towel, absorb stains such as

ink quickly. Add a little water at a time to the stain and absorb it immediately with the absorbent material. Repeat as long as any stain is absorbed.

**GREASY STAINS**  
To remove greasy stains from washable articles, rub detergent into the stain and rinse in hot water. Repeat if necessary.

Often, however, you will still need to use a greasy solvent such as carbon tetrachloride or petroleum naphtha. They will be effective even if the article has been washed.

To remove greasy stains from nonwashable articles, follow the directions stated later in this column.

A yellow stain may remain after the solvent treatment if the stain has been set by age or heat. To remove the yellow stain use a chlorine or sodium perborate, bleach or hydrogen peroxide. If safe for the fabric, the strong sodium perborate treatment is most effective.

**NONGREASY STAINS**  
Some nongreasy stains are removed by regular laundry methods. Others are set by them. Sponge stain with cool water or soak stain for 30

minutes. A stubborn stain may require an overnight soak. Or if the stain remains, work detergent into it. Let soak a few minutes then rinse. If the stain still remains use a chlorine or sodium perborate bleach or hydrogen peroxide. But test fabric first.

On a nonwashable fabric sponge the stain with cool water or force cold water through the stain with a small syringe. Stretch stained spot over a bowl or use a sponge to absorb water.

If the stain remains rub a detergent into it, rub the fabric gently with the thumb to work the detergent in. Rinse. A final sponging with alcohol helps to remove the detergent and to dry the fabric more quickly. Check test alcohol or fabric first. Dilute alcohol with two parts water before using it on acetate. If the stain persists, use bleaches mentioned above for nongreasy stains.

**COMBINATION STAINS**  
Combination stains are caused by materials that contain both greasy and nongreasy substances. Always soak these stains first in cool water. Work in detergent and rinse thoroughly. Allow stain to dry. If greasy stain remains, use grease stain solvent. Repeat if necessary. If a colored stain remains use one of the nongreasy solvents.

To use solvents place stain on a clean cloth pad, stained side down. This will wash the stain out, not through the fabric. Dampen another cloth with solvent and sponge the spot.

Work from the center out with a light brushing motion. Avoid hard rubbing and sponge the edges to avoid a ring when the fabric dries. Repeated light applications of solvent are better than using a large amount of solvent all at once.

Change the pad as soon as it shows soil to avoid transferring the stain back into the fabric.

These steps take longer to explain than to do - especially after they have become familiar to you.

Be sure to observe all precautions for the use of solvents. And do keep them out of the reach of children.

**BISHOP PHARMACY  
VALENTINE WINNERS  
ANNOUNCED**

The winner of the five-pound box of Valentine candy given away by Bishop Pharmacy in Floydada was Ed Wester.

The \$25 Valentine box was first prize in the annual contest, open only to men, who of course present the candy to their wives or sweethearts.

This year, second and third prizes were also given in the drawing. Second prize, a one-pound box of candy, was won by Ned Bradley. Third prize candy went to Keith Covington.

He has been teaching in Floydada schools since 1951. He filled in as Duncan representative on the local unit in the earlier part of the year, while Mrs. J.M. Williams was recovering from an auto accident.

In 1964 - 65 he served as president of the Floyd County Unit of T.S.T.A.

Gladys Higgins, Floydada High School graduate who won her bachelor's degree from West Texas State University at Canyon, is serving as a member of the District XVII Resolutions Committee, which is chaired by Roy Dodds of Jayton.

A.L. Fair of Matador, Mrs. Mary Dell Majors of Paducah, and Waverly Washington of Lockney are the other members. Formerly a language arts teacher, Mrs. Higgins is now the librarian at Junior High School. She is Secretary of the Floydada Local Unit of T.S.T.A., and has been with the Floydada system since 1965.

TRADES DAY IN FLOYDADA FRIDAY

FLOYDADA High School representatives at Government-In-Action Youth Tour Contest were Charlotte Decker, left and George Finley, right.

**Government In Action Youth Tour Winners Named**

Winners of the sixth Government-in-Action youth tour contest sponsored by Lighthouse Electric Cooperative were named at the final contest February 19.

Maria Peterson of Plainview and Ricky Rhodes of Petersburg won over contestants from five schools in the Lighthouse area.

Miss Peterson is the 16 year old daughter of Mr. and Mrs. C. M. Peterson of Plainview. She is a junior student at Plainview High School. Ricky Rhodes, 17, is the son of Mr. and Mrs. Harold Rhodes, Route 1, Petersburg, and is a junior student at Petersburg High School.

Nine contestants from Plainview, Lockney, Petersburg, Floydada, and Crosbyton participated in the program. Title of this year's speech was "Rural Electric Cooperatives in America's Future."

Charlotte Decker and George Finley represented Floydada High School. Charlotte is the daughter of Mr. and Mrs. Lane Decker and George is the son of Mr. and Mrs. Porter Finley.

FLOYD DATA  
Mrs. Vernon McPeak and Mrs. Vera Thompson visited Saturday and Sunday in Lubbock with their brother and wife, Mr. and Mrs. John Standifer.

Mr. and Mrs. Julian Lipham, Brenda, Charlotte, Juliann, Timothy and Jo Kim and Tommy Myrick of Floydada; Mr. and Mrs. Jackie Wilbanks, Jimmy and Terry of Euless and Gary Hendricks of San Antonio.

**Appeal Letters On Easter Seal Being Delivered**

Easter Seal Appeal letters are being delivered this week in Floyd County, according to Neida Thayer, who is the County Easter Seal Representative for the Easter Seal Society for Crippled Children and Adults of Texas.

As Representative, Mrs. Thayer serves as local contact for disabled persons needing Easter Seal rehabilitation services and also is treasurer of the Easter Seal Appeal in Floydada.

The Easter Seal Society offers physical and occupational therapy, speech and hearing programs, and special equipment loans to enable disabled persons to make the best use of their abilities to overcome handicaps. These services are financed by the Annual Easter Seal Appeal.

The Society also provided for research into the causes and cures of crippling conditions, finances public education programs, and provides scholarships for training of professional personnel to staff rehabilitation centers.

She pointed out that all of these programs are important if Texas is going to continue to provide the best in rehabilitation services for its own disabled citizens.

During 1969, the Texas Easter Seal Society helped to provide treatment and services to 20,378 children and adults who were in need of rehabilitation services.

A. E. BAKER, SUPERINTENDENT

FLOYDADA, TEXAS

DEAR PARENTS,

LAST YEAR A GREATER NUMBER OF PEOPLE VISITED SCHOOLS DURING TEXAS PUBLIC SCHOOL WEEK THAN EVER BEFORE. THIS IS AN ANNUAL EVENT THAT BECOMES MORE IMPORTANT EACH YEAR TO THE TEACHER, THE PUPIL AND THE PARENT.

THE SCHOOL LIFE OF YOUR CHILD.....AND HIS FUTURE IS MOST IMPORTANT TO YOU. ASIDE FROM PARENTS, YOUR PUBLIC SCHOOLS HAVE MORE INFLUENCE IN SHAPING YOUR CHILD'S LIFE THAN ALL OTHER INSTITUTIONS AND INDIVIDUALS COMBINED.

FRIENDS DON'T ALWAYS RESPOND TO AN INDEFINITE INVITATION SUCH AS "COME TO SEE US SOMETIME" OR "LOOK US UP IN THE PHONE BOOK." SOMETIMES IT TAKES A SPECIAL INVITATION FOR A SPECIFIC TIME TO BRING THEM OUT.

THAT'S WHAT OUR SCHOOLS ARE DOING DURING THE WEEK OF MARCH 2-6 THOSE ARE THE DATES FOR TEXAS PUBLIC SCHOOLS WEEK, AND ALL ARE WELCOME TO VISIT THE SCHOOLS IN OUR COMMUNITY. THE USUAL WELCOME FLAG IS FLOWN A LITTLE HIGHER AT THIS TIME.

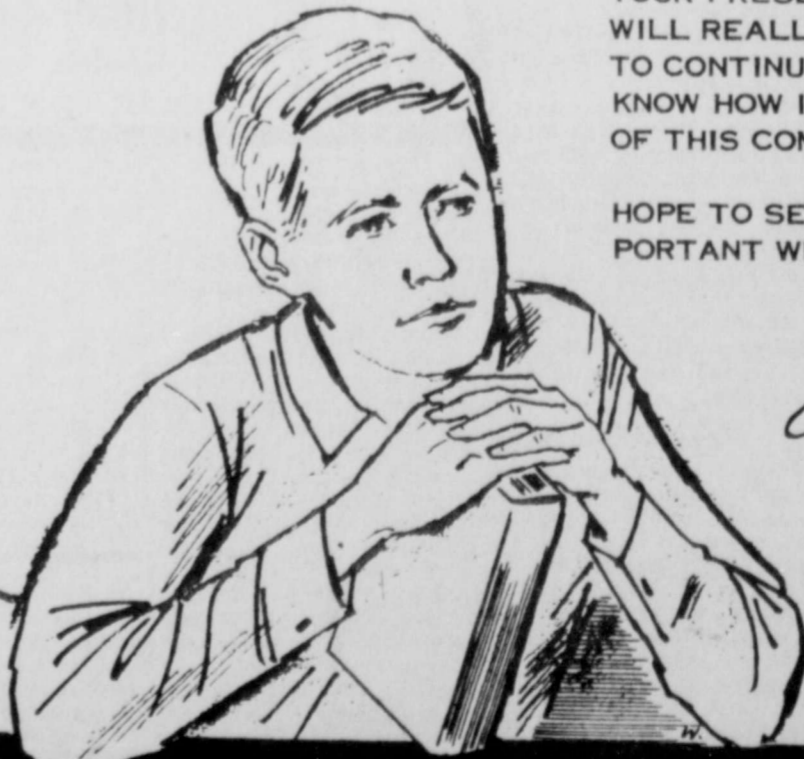

YOUR PRESENCE DURING THIS WEEK WILL REALLY ENCOURAGE ALL OF US TO CONTINUE DOING THE BEST WE KNOW HOW IN EDUCATING THE YOUTH OF THIS COMMUNITY.

HOPE TO SEE YOU DURING THIS IMPORTANT WEEK.

SINCERELY YOURS,

ts of the Caprock begin selling Girl today, Thurs- 26, and our local will join in with vigor and enthus- Gene Arwine, Floy- Chairman, made ment as she dis- 300 cases of five okies to the seven s. Sound like a lot to you? It is; but irls have topped elling records in our town for the ars, and they are

not about to slack off this year! There are five kinds of the delicious cookies, a favorite dessert of many people: Chocolate mint, butter shorties, the assorted box, peanut butter, and a new pecanette variety. The girls, Brownies through Cadette level, will be knocking on doors and calling from today, Feb. 26, through March 13. All boxes sell for 50¢ each; and you won't find a better cookie anywhere for the price!

Profits from this once-a-year event are divided between the local troops and Caprock Council. Council profits all go to the Established Girl Scout Camp Rio Blanco, near Crosbyton, where many Floydada girls go on weekend troop

camping excursions and to established camp in the summer. While Girl Scouts are selling the cookies, they will be wearing their uniforms, or will be wearing their Girl Scout pins and name tags for identification.

A two-week campership will be awarded by the council to any girl selling 350 boxes, a "cookie patch" given to all girls selling 100 boxes or more, and a certificate for salesmanship given to all girls selling at least 25 boxes of cookies. The Floydada neighborhood is offering a prize to the troop averaging the most boxes sold per girl (active) in the troop. An individual prize is given each year to the one girl selling the highest number of boxes overall.

**MERCHANT OF THE WEEK**—Carlton Fawver, owner-president of Floydada Implement Company, located on the Lockney Highway. Fawver was born in Floyd County in the Lakeview community and has lived in the area all his life. He is a graduate of Floydada High School, and he served in the Army in World War II. He and his wife, Louise were married November 6, 1944. They have two children, Clinton, of Amarillo, a student at West Texas State University, and Anne, a Floydada High

School senior. Fawver was employed by the implement company for about four years before buying the firm in 1961. In October of 1968, the business moved to its present location, with new buildings and larger facilities. The company is authorized dealer for Massey-Ferguson implements and Hesston cotton strippers. Fawver believes Floydada is in "too good an area" not to have a good future in the agricultural business. (Staff Photo)

Leaders Meet**

The Floyd County Adult Leaders Association met Tuesday, February 17 at Kings Restaurant in Floydada at 6:30 p.m. This meeting was sponsored by Lighthouse Electric Cooperative in Floydada. Kenneth Willis, Chairman, presided at the business meeting following the meal.

Officers were elected as follows: Chairman - Kenneth Willis; vice chairman, F. G. Jones; Secretary, Mrs. Bob Copelin; District Delegate, Royce Latimer. Others attending were Sherry Mullin, Mack Heald, Mr.

and Mrs. Joe Wilson, Mr. and Mrs. Bill Sherman, Mr. and Mrs. Bob Copelin, Mr. and Mrs. F. G. Jones, Mr. and Mrs. Glenn Pool, Mr. and Mrs. Porter Finley, Mr. and Mrs. Monroe Schulz, Mr. and Mrs. Royce Latimer, Mr. and Mrs. Kenneth

Willis, Mr. and Mrs. Bill DuBois, Mr. and Mrs. Delton Jack, Mr. and Mrs. James Hale, and Mrs. Orba Miller. Representing Lighthouse Electric Cooperative were Mr. and Mrs. Bill Phillips.

**HALE FROM 1**

Walter Harris led the team in steals with 39.

Prospects for next year look good with only three players graduating this spring. The district will be tougher overall, especially with the addition of Morton. Morton does not have girls' basketball, but directs all of its efforts toward fielding a strong boys' team. Coach Curt Chatham ex-

presses appreciation to those who supported all of the Whirlwind teams this past season. Community support is a necessity if Floydada is to compete on the championship level next season.

### Good Speakers, Few People At Farm Day In Lockney

Doubt remains in the minds of some West Texans whether water from the Mississippi River can be lifted up the Caprock if it reaches this far. Not so, believe Water, Inc., officials. "Engineering is a small matter, the 'people problem' is the big obstacle," to be overcome before the gigantic water importation program becomes a reality.

**ATTENDANCE DISAPPOINTING**  
This was one of numerous facts which came out Thursday at the Floyd County Crop, Water and Stock Day in Lockney. Officials expressed disappointment at the crowd which never exceeded 25 in the Plains Theatre.

"This probably is the best program we have ever had. I am ashamed that such excellent speakers drove here to find so little interest," The Beacon was told.

Rep. Bill Clayton of Springlake, Water, Inc., head, outlined reasons why the Texas Water Plan amendment was defeated in August. He mentioned: Other amendments on the ballot which "certainly did not lend support to this project;" complicity on the part of West Texans in the project

which failed by only 6,300 votes; only three months for educating Texans to need for the imported water was allowed before the election.

**COST UNKNOWN FACTOR**  
The Springlake legislator reiterated that "no one knows for sure how much (Mississippi) water will cost a farmer at his headgates." Early estimates place the figure at \$30 to \$35 per acre foot.

What is water costing us now, the speaker wondered? He said that statistics reveal that underground water costs a user "\$15 or \$16" per acre to reach the ground.

Although the agriculture picture is clouded with obstacles at this time, Clayton foresees a bright future for the industry, and accordingly, the High Plains area.

He pointed to the population explosion and its accompanying need for "someone to feed and clothe" the masses. Texas population is predicted to increase from 13 million to 30 million shortly after the turn of the century. The United States supposedly will add another 100 million people within the next 30 years.

This area, with an adequate water supply, could produce

were named to the lists. Three hundred thirty of those were from AddRan College of Arts and Sciences, 48 from M. J. Neeley School of Business, 97 from the School of Education, 34 from Harris College of Nursing and 78 from the School of Fine Arts.

### Rodeo Assoc. Roping Clubs Name Officers

The Floydada Rodeo Association and Roping Clubs held their annual meeting in February and held an election of officers. Members met in the offices of Farmers Coop Gin.

Joe Wheeler was named president of the Association; Bill Hinkle, vice president; Jack Johnson, secretary. Directors are Bill Shurbet, J. E. Waller, and Buck Johnson.

A financial report by the secretary was given, which showed each organization to be in sound condition. Plans were also made for the annual Rodeo in Floydada. The committee, after meeting with several rodeo contractors, decided on the Whitley Rodeo Company of Crosbyton. Date of the rodeo was set for June 18, 19 and 20.

According to the committee the Whitley stock is fat and frisky this year, and should make a good Rodeo. With the cooperation of all and good weather as well the Association is expecting this to be the best Rodeo Floydada has ever sponsored.

## Union President Protests Cotton Yield Cuts

Secretary of Agriculture Earl Butts, Texas Union President of Waco, protested a recent decision by USDA to recompute projected cotton yield in 15 Texas counties. According to Naman, the counties involved will lose almost 3 million dollars in price support payments as a result of the Department's decision.

Naman said, "USDA reduced the national cotton projected yield 45 pounds in order to reduce the cost of the farm program. The officials making the decision did not consider the problem of abnormal weather and failed to provide for cotton farmers who could prove their yields. Texas counties have been reduced 16% in projected yields, and if USDA carries out its decision to reallocate projected yield, this could go up to as much as 19 or 20% in the affected counties. The result of this will be that Texas cotton producers will be producing more cotton for less money and bearing the major share of the Administration's anti-inflation fight.

The counties affected are Bailey, Briscoe, Cochran, Crosby, Floyd, Gaines, Hockley, Kent, Lamb, Lubbock, Runnels, San Patricio, Terry, Tom Green, and Wilbarger.

"I have written Secretary Hardin and sent copies of my letters to all members of the Texas delegation asking that Mr. Hardin not penalize farmers who are not only suffering from crop losses as a result of unfavorable weather, but who are now being further penalized with a reduction in their payments. This is contrary to the clear intent of the Congress as stated in the 1965 Farm Act.

"The law provides that abnormal weather conditions will be considered in determining projected yield. Secretary Hardin has repealed this section of the farm program with his decision to reallocate projected yield in 15 Texas counties adversely affected by weather," Naman said.

# Agriculture Department Economists Forecast Good Year In Total Farm Income

By DON KENDALL  
Farm Writer  
WASHINGTON — Agriculture Department economists predict another good year for over-all farm income, despite an expected slowdown in the nation's economy and a continued cost squeeze on all agricultural producers.

The economists deal mainly with averages but note that most of what may be rosy in 1970 concerns livestock producers. Growers of major grain crops, on the other hand, are not expected to gain much from last year.

Preliminary reports show that net farm income last year was about \$16 billion, exceeded only by \$17.1 billion net in 1947 and \$18.3 billion in 1966. Last year's bigger profits, largely due to higher livestock prices, compared with around \$14.7 billion in 1968.

The net was up because farmers were able to sell more products at better prices more rap-

idly than production expenses increased.

There are many pitfalls in applying this argument across the board to all farmers, simply because not every one sold cattle last June at \$35 per hundred-weight, hogs last fall for \$27 or harvested 100-bushel corn and 40-bushel wheat from each acre.

But government economists like to paint pictures with broad strokes—they claim they must in order to compare one year with another in terms of the nation's agricultural capacity and earning power.

Thus 1969 stacks up as one of the best financial years for farmers. The experts say livestock prices again this year will be high enough to help boost 1970 net income close to the \$16 billion mark.

In reporting 1969 farm income, the economists list total marketings at a record \$47.4 billion, a big jump from the \$44.4 billion in 1968.

Added to this were govern-

ment payments of about \$3.8 billion and other income which raised the 1969 farm gross to a record \$54.6 billion.

But production costs also have spiraled because of inflation and increased demand among farmers. Last year they laid out a record \$38.6 billion, leaving a net of \$16 billion.

The latest farm income situation report shows net income per farm last year was a record \$5,041 or about 11.5 per cent more than in 1968 and some \$530 per farm higher than the previous high in 1966.

Farm Numbers Shrink  
Part of the reason for the average farm increase is the continuing shrinkage in the number of farms; with fewer to share in the pot the average rises.

Department officials note also that per capita income of farm people from all sources—including jobs in town—averaged \$2,375 after taxes last year, a 10 per cent gain from 1968.

A full report on the impact of nonfarm income in 1969 will not be available until July, the department said. But one official said 1969 personal income earned from all nonfarm sources will be about \$12.6 billion, up slightly from \$11.8 billion in 1968.

Below City Workers  
But when weighed all together, 1969 per capita income of farm people averaged only 75.7 per cent of what city workers have to spend after taxes.

Officials pointed out, however, that this was a three-point rise in the ratio from 1968 and a record high in the comparative yardstick. Economists also note that the farm-urban income ratio in recent years has stabilized at around 75 per cent, compared with about 50 per cent in the late 1950s.

Government payments to farmers, at \$3.8 billion, were up about \$300 million from 1968. But economists said a slight de-

cline is expected this year because of smaller payments for feed grains and a phasing out of the old soil bank program.

## Cotton Yield Cuts To Be Discussed At Ralls Tonight

The first in a series of meetings on the South Plains sponsored by Farmers Union to discuss the recent cut in projected yields will be held at 7:30 p. m. tonight, in the Ralls High School Auditorium. This meeting, sponsored by Crosby County Farmers Union, is to help producers better understand what recourse they have as a result of the cut and to explore what might be done to secure more equitable allocations.

Jay Naman, of Waco, president of Texas Farmers Union, who was in Lubbock Monday, discussed the situation with area farmers and made the following statement:

"The average reduction in projected yields has been 15-20% in the counties most seriously affected and some individual cuts have been as high as 35% in Garza County. As a result of these cuts, Farmers Union is urging cotton producers who feel that they have been dealt with unfairly in allocations to file an appeal immediately.

"Farmers Union will spearhead a drive to get farmers to file appeals and if necessary will take them to Washington. The loss of projected yields will not only affect this year but if the present program is extended, future yields and payments will be affected.

"The controversy pinpoints two conflicting sections of the regulations. Previous regulations have been interpreted to give farmers the benefit of the doubt if he suffers abnormal weather conditions. This Administration apparently wishes to move toward forcing farmers to prove up their cotton yields, which is contrary to legislative history and the intent of the 1965 Farm Act.

"Our appeal to USDA to grow more cotton for less money and bear more of the Administration's anti-inflation effort. This is unfair and unjustified. We will continue to work with the 15 counties affected in hopes of getting USDA to review its decision and modify it. We are exploring the farmers' legal rights in case our appeal fails."

In announcing the meeting, Weldon Jones, president of Crosby County Farmers Union, said, "This meeting is being set to coincide with the mailing of new projected yield notices in Crosby County as a result of the latest cut made by the USDA and we hope that all farmers who are interested in doing something about this cut will join us in this meeting." An invitation is also extended to farmers in surrounding counties who would like to attend.

## Floyd County Spelling Bee Set March 17

The annual Floyd County Spelling Bee has been set for Tuesday, March 17, according to chairman Clarence Guffee, county school superintendent. The event will be held in the district courtroom in Floydada at 7:30 p.m.

Competition will be in two categories. The Junior division will consist of fifth and sixth graders and the senior division will include spellers from the seventh and eighth grades.

Judges and the pronouncer will be named at a later date. Winner of the contest in the senior division will be eligible to enter the Lubbock Spelling Bee District contest in May representing Floyd County.

Champion of the district competition will travel to Washington to determine the national winner.

Guffee said all words to be used in the contest will come from the "Words of the Champion" speller.

## APRIL 1 Appeal Due For Lake Near Post

POST (Special) — The White

River Municipal Water District's application for a permit to build a second lake near Post, which would be about twice the size of White River Lake, will be heard by the Texas Water Rights Commission in Austin on April 1.

The water district's application seeks a permit to build a 57,420-acre-foot lake about six miles northeast of Post. White River Lake now holds about

38,000 acre feet of water. Increased future water usage in the Post area is given as the reason for the application.

Sale Contracted  
Directors of the White River Municipal Water District already have contracted for the sale of all surplus water from White River Lake if the present two oil field water flooding contracts develop to maximum proportions in the future.

The water district's application states that 5,600 acre feet of the new lake would be used annually for municipal use, 1,000 acre feet for industrial use and 4,000 acre feet for mining use, which would be the water flooding of oil fields in Garza County.

The new lake project has been underway for about a year. Engineering has been completed for site selection and test holes have been drilled.

Dam Site Located  
The dam for the proposed lake would be approximately a mile north of U.S. Hwy. 380 on the North Fork. Double Mountain Fork of the Brazos River.

Water district directors explain that the application to secure water rights is but the first step in what may be a several years' procedure on the project.

No cost estimate has been made on the new lake, but a White River district director stated that it is not planned to finance the project through taxes. Instead, he said, it is hoped it can be financed on the basis of anticipated revenue.

Al O'Brien, water district manager, said the final decision on cost, feasibility, and financing of the proposed new lake will be up to the water district voters in Crosbyton, Spur, Ralls and Post, the member cities.

# What's <sup>right</sup> wrong with America

There are dirty plays, but not one has approached the performance record of "Oklahoma" or "Fiddler on the Roof".

Millions are being spent by business build slums with modern homes, median Negro family income has increased \$360 a year and the number earning \$10,000 a year has doubled in ten years.

Most Americans attend church and 60 percent consider religion very important.

Americans finish high school than any other nation, and we're getting ready to improve that even more by special programs (developed in America) for preschool children. And the number of American adults who continue their schooling even into old age is the wonder of the world.

Book buying has doubled in 10 years — good books.

## LOSE 10 LBS. IN 10 DAYS ON GRAPEFRUIT DIET

WOOD, CALIF. (Special) — This is the new grapefruit diet that everyone is suddenly talking about. Literally thousands upon thousands of copies have passed from hand to hand in factories, plants and throughout the U.S. and Canada.

It's success has spread like wildfire. Because this diet really works. We have testimonials in our advertising on the success of this diet. If you follow it you should lose 10 pounds in 10 days. There will be no loss in the first four days. But you will suddenly lose 10 pounds on the 5th day. Thereafter you will lose one pound until the 10th day. Then you will lose 1 1/2 pounds every two days until you get down to your proper weight. After all there will be no hunger pangs. Now re-enlarged, this new diet plan lets you stuff yourself with foods that were formerly "forbidden", such as big ribbed steaks, roast or fried chicken, rich mayonnaise, lobster swimming in butter, bacon, eggs and scrambled eggs. You can eat until you are full until you cannot possibly eat any more. And still lose 10 pounds in the first ten days plus 1 1/2 pounds every two days thereafter until your weight is down to normal. Behind this new "quick weight loss" diet is simple and does not form fat. And the grapefruit juice in this diet acts as a catalyst (the "trigger"), to start the fat process. You stuff yourself on the permitted food the diet plan, and still lose unsightly fat and excess weight. When the fat and bloat are gone you will cease to gain and your weight will remain constant. A copy of this new and startlingly successful diet plan can be obtained by sending \$2 to GRAPEFRUIT DIET PUBLISHERS, 1213 Premier Way, S.W., Calgary 6, Alberta. Money-back guarantee: If you try the diet plan you have not lost 7 pounds in seven days, and 1 1/2 pounds every two days thereafter, we will return the diet plan and your \$2 will be refunded without argument. Tear out this message now. Decide now to regain the trim, attractive body of your youth, while enjoying hearty breakfasts and dinners.

Here an ordinary sportster, we'd have introduced the ordinary time.

And, we took the time to build a whole new car with a sleek new shape and a low road stance.

Added more hood. A faster fastback. Wider and new deeply contoured bucket seats.

Instrument panel wraps around you. With dials to make you think you're piloting a 747.

Four transmissions. And six power plants including Turbo-Jet 396 V8 that you can order.

### Cotton Situation To Be Reviewed

The situation of cotton on the South Plains will receive a close examination at a meeting in Lubbock on Tuesday, Mar. 3.

The production oriented program will kick off at 1:45 p.m. at the Raiderland Convention Center. It is being sponsored by the South Plains Development (SPD) program in cooperation with the South Plains county agricultural agents of the Texas Agricultural Extension Service. All cotton producers in the county should make plans to attend.

Moderator for the afternoon session will be Donnell Echols of Lamesa, farmer and chairman of the SPD Committee.

Leadoff speaker will be Dabney Wellford of Memphis, Tenn., cotton marketing specialist with the National Cotton Council. He will discuss the "World Cotton Situation."

"Narrow Row Cotton Production on the High Plains - Problems and Potentials" will be discussed by Elmer Hudspeeth of Lubbock, agricultural engineer with the USDA Agricultural Research Service.

A talk on "The Role of Varieties in Profitable Cotton Production" will be presented by Dr. Levon Ray of Lubbock, cotton breeder at the Texas A&M University Agricultural Research and Extension Center.

Rounding out the group of featured speakers at the meeting will be Dr. Robert Metzger of Lubbock, area agronomist with the Texas Agricultural Extension Service. Metzger's topic will be "A Close Look at Cultural Practices for Greater Profit."

Billy C. Gunter of Lubbock, SPD coordinator and district agricultural agent with the Extension Service, will offer closing comments.

SPD is designed to boost the overall economic potential of the South Plains area. With cotton being the area's major cash crop, all efforts are being directed to giving it an added "shot in the arm."

Counties in the SPD area include Andrews, Bailey, Borden, Cochran, Crosby, Dawson, Gaines, Garza, Floyd, Hale, Hockley, Howard, Lamb, Lubbock, Lynn, Martin, Midland, Terry and Yoakum.

### I REMEMBER.... I REMEMBER....

## Early Day Picnics

The Early History of Floyd County tells of the first picnic held at Floydada on June 24, 1890 and this history also reports the July 4th celebration here the following year. But after 1891 there was a year or two when Old Man Dry and grasshoppers took over.

Everything turned sour and the bright prospects the settlers foresaw were quite dimmed. Even when rains began to fall again in 1894 and 1895 what few remained to "hold things together" were not an exactly happy lot. For one thing an invasion (or uprising) of fleas to make their lives miserable. Hall's History does not mention this flea scourge and it may not have been general but I am sure, from word of mouth, that in both 1894 and 1895 some of the populace could find no escape from them.

Fleas were everywhere. There was no escape in the house, out at the lot, out on the prairie, anywhere. (I am on unsafe ground here. There is no documentary proof of which I am aware. However, that's what "they" said and there has to be "something to it.")

In 1896 there was renewed courage and there were newcomers again - the C. Surginers from Young County for instance.

The first early - day celebration that I attended - 13 years after the county was organized - must have been in 1903 right after Crie & Adair had bought the Hesperian from Claude V. Hall. Only thing I remember definitely about this picnic day was the baseball game between a Floydada team and a Hale Center team. The Floydada team won the game when a cowboy named Devlin knocked a homerun that lined out over left center field "to the tune of 200 yards" according to my memory of the news writer's report. It was a cow pasture ball park. No telling how far Devlin's home run ball rolled.

My memory tells me that it was at this game in J.B. Bartley's west pasture just off the "town Section", I saw my first Stanley steamer driven by some wealthy Hale Center resident. If Stanley steamers had not been put on the market as early as 1903, that would be proof that the Stanley steamer I saw was at some other time and some

other place than Floydada. I know I saw a Stanley steamer and it was a beautiful sight as it rolled effortlessly and so smoothly across the grounds.

A Cowboy's "Convention" Funny how little evidences will crop up of events of another day. Did you ever hear of a "cowboy's convention"? Well, the evidence is that the third annual Cowboy's Convention took place at Haskell, Texas, July 27-28-29, 1898. Suppose anybody in this area might have attended the event?

W.B. Winn was at Muleshoe during the 1969 Christmas Holiday period. He was reared there and nostalgia took him back to the community's one-time picnic grounds in the adjacent sand dunes. In those youthful days a picnic party would pick out a spot then scoop out sand about 18 inches deep and the hole would fill up with good, cool, crystal, clear water.

This time when Winn was there the grounds had been

spoiled by pollution long since, but wandering about he picked up a five - pointed star of pale yellowish metal. It was blank on one side, but the other side

said in raised lettering. "3rd Annual Cowboys' Convention, Haskell, Texas, July 27-29, 1898."

Know anybody who attended the Haskell convention of cowboys who might have lost his medallion sometime in 1913 or

afterward at the picnic grounds. Well, it has good conditions - Roscoe
