CENTER NEWS by Mrs. J. E. Green

This cool, cloudy morning is very welcome after so many hot, dry days. Surely everyone who attended the "open air" revival at the football stadium last week enjoyed it all - the huge crowds, the fine sermons, and the beautiful, inspiring music!

Mr. and Mrs. Leo Frizzell visited Saturday with their daughter and family, the Garvin Beedys at South Plains.

The Ernest Huckabee family of Stephenville visited over the weekend with Doris' mother, Mrs. O. C. Vinson. All attended the Gordon family reunion at

Lockney Sunday. Of these, the women folk, who came Friday, and Mrs. Vinson, ate dinner Saturday with the Jerrold Vinsons at Harmony Community. These included Mrs. Huckabee (Doris) and Janey, and Mrs. Judy Brandenburger and baby, Jodie. The men folk, Ernest and sons, Jerry and Jimmy, arrived Saturday evening.

Guests in the C. M. Meredith home over the weekend were her brothers, W. A. Rutledge and wife of Houston, and the wife's mother of Grosbeck, and other loved ones.

Shirley Spence, daughter of Mr. and Mrs. Orville Spence, who came with her family for the funeral, remained for a visit with the grandparents, the Charley Spences.

Mr. and Mrs. Earl Cooper of Lockney and Bertha and Leonard Finley of Plainview visited Mrs. C. E. Finley Sunday afternoon.

Carol Denison of Brownfield, a summer student at Hardin-Simmons spent Friday night with her grandparents, Mr. and Mrs. C. W. Denison. She came from Abilene with her roommate and her mother, who lives at Kress. Saturday Carol's parents, Mr. and Mrs. C. W. Denison Jr. came for a visit to his parents and Carol returned home with them.

Guests for the weekend at the Hal Thomas home were their children, Mr. and Mrs. Milton Mensch of Lubbock; Rev. and

E. T. Rutledge of Arkansas. The Rutledges were Center residents some 25 or 30 years ago.

The Clyde Greens of Peralta, N.M. arrived at his parents' home, the J. E. Greens, Monday evening, and went on Tuesday to the Ft. Worth-Dallas area to visit relatives. They spent one night in Hubbard with the Ryman family and arrived in Floydada Friday evening. Victor Green of Plainview was also a supper guest.

Saturday morning Don Clark Green of Big Spring and wife and son, Donnie, arrived for a short visit before the Clyde Greens took off for home.

The Don Clark Greens spent the day here with parents.

Visitors in Calvary Baptist Church Sunday morning were Rev. and Mrs. Wayne Hogg of Plainview. Rev. Hogg, the T.A.N.E. representative for the area, preached for us in the absence of our pastor, Bro. Hollis Payne, who with his family, is on vacation. Bro. Hogg reminds us to be on the alert and be at the polls in November to fight the resolution of the wets to make legal sale of liquor by the drink. Let us not forget to try to keep Texas as dry as possible.

Al Huckabee of Stephenville visited Saturday afternoon with his sisters, Mrs. Ola Warren and Mrs. Fred Battey.

Mr. and Mrs. Charley Spence were in Crosbyton Sunday afternoon to attend last rites for his brother, Mack Spence, who died Friday. Mack's wife preceded him in death three weeks ago. The fine couple who were long time residents of the Pansy community and for a few years in Floydada, later in Crosbyton, will be sadly missed. Our sympathy is with their children and other loved ones.

NEWS FOR HOMEMAKERS

HOW TO AVOID THE HOME-MADE LOOK

Home sewing is a good way to use creative energy and have clothes just right for you without paying designer prices. But, nobody wants to wear clothes that look homemade. You can avoid the homemade look, even if you aren't an expert seamstress.

Be frank with yourself about your figure. Have you checked your measurements with the size charts in the pattern books recently? Measurements are best when taken by another person, so enlist the help of a friend who sews. And treat yourself to a new tape measure (they do stretch). Be realistic about your abilities and the time you can spend too. Tailored patterns require more skill, more time, and are more likely to look homemade. If the store is out of the pattern size you require, order it or select another. Don't settle for an incorrect size.

Be a fussy fabric shopper. Less expensive fabrics are not always a good bargain. Many home sewers prefer to buy expensive fabrics on sale rather than cheap ones at regular price. Look for wearability and easy-care features. Over-all prints help hide imperfections. Check the grain of the fabric before you buy. Some are impossible to straighten - for instance fabrics may be bonded or printed off grain.

Copy and file the fiber content and care instructions. This will save time and maybe disappointment on the first wash day or dry cleaning.

When you match fabrics, remember that artificial light is tricky. Ask to match them in daylight. Sales people are usually willing to cooperate - especially once they see what a

difference this makes in the results.

Buy lining, thread, zippers and notions when you purchase the fabric - you get the best matches this way. Test fabrics and linings for shrinkage. Some washable fabrics are guaranteed to shrink less than 1%. For others, it's best to shrink the fabric before you cut it. Many of the more advanced seamstresses I've visited prefer to shrink wool fabrics before cutting them too.

Press before cutting - center folds in some fabrics are impossible to remove. If you find this out beforehand, you can cut around the folds. Match plaids, patterns and naps. If the grain line is off, the garment won't hang right.

When you use a tracing wheel and dressmaker's carbon paper, choose the paper color carefully. Heavy-handedness on the wheel and over-pressing especially without a cloth may bring the coloring right through.

Press as you sew - pressing as you go makes the difference between the homemade and a professional look.

Use a press cloth and, whenever possible, press on the wrong side - to keep fabrics from getting shiny. To prevent darts, pleats and seams from making an impression on the right side, use brown wrapping paper (a double thickness) to separate the layers of fabric, then press.

When zippers start too (high or low) garments look homemade. When a neckline closing with a zipper doesn't meet, it looks even worse! Plaques should be smooth, flat; stitching - straight.

Facings should never roll to the right side - this will shout "homemade". Clip and understitch and they'll lie flat. Tack to seams. Outline of facings should not show through on right side, either. To reduce bulk of facings in heavy fabrics, substitute a lighter weight fabric.

When you set in sleeves, stitch a gathering thread on the seam line. Pin sleeve in place, ease in fullness. Stitch directly over the gathering thread to get a smooth sleeve cap. Avoid pleats, puckers. If you can't make good but-

tonholes, select a pattern without them. Professional-looking bound or tailored buttonholes, are narrow (no wide "lips," please), evenly spaced, centered and all the same size. When you cover your own buttons, do it neatly, otherwise get the job done professionally. When covering buttons with a lightweight or filmy fabric like silk or voile, use a double thickness or plain fabric backing so the metal of the button won't shine through. Select braids, trim and buttons with discretion - don't overdo. Handle contrasting touches (collars and cuffs, for instance) carefully - they can easily look homemade.

Give your garment a final press. You may want to take some garments (coats or pleated skirts) to a responsible dry cleaner for this.

There will be an opportunity for local individuals to appear in person on the air during the mammoth Labor Day weekend telethon famous comedian Jerry Lewis is doing for the benefit of Muscular Dystrophy Association of America. The star-studded 20-hour spectacular - emanating "live" and in color from the Americana Hotel in New York City will be seen here over K.L.B.K., Channel 13.

According to Bill Sandel, president of the South Plains Chapter of the national voluntary health agency, the station plans to cut away periodically from the big show to enable representatives of contributing groups to make their gifts "on camera" in its studios. Such local segments, Sandel said, will also feature celebrities, civic leaders and individuals directly concerned with the fight against dystrophy and related disorders.

"The Jerry Lewis telethons always attract a vast viewing audience," he emphasized. "These 'in person' presentations, besides advancing our cause, will also give well-deserved recognition to the many local organizations - labor unions, fraternal societies, clubs and other groups - who are supporting our efforts. It's a good way, we feel, to let people know who they are, and what they're doing for the welfare of the community."

A special pamphlet, "Put YOURSELF in the Picture," has been prepared for groups wishing to participate actively in the Labor Day weekend telethon. It can be obtained by calling 747-4221 in Lubbock or writing to MDAA, Box 5000, Radio City Station, New York, N.Y. 10019.

More than 60 TV stations have joined the coast-to-coast network for this year's Labor Day telethon," Sandel said. Its proceeds, he added, will be applied to the Association's vast research program, which is producing increasingly promising results, and to the local chapter program which provides essential services to patients and their families.

DPS INVESTIGATES FIVE ACCIDENTS IN FLOYD COUNTY

The Texas Highway Patrol investigated five accidents on rural highways in Floyd County during the month of June, according to Sergeant Thurman Keffer, Highway Patrol supervisor of this area.

These crashes resulted in two persons killed, two persons injured and an estimated property damage of \$5,150.00.

The rural accident summary for this county during the first six months of 1970 shows a total of 34 accidents resulting in four persons killed, 25 persons injured, and an estimated property damage of \$45,485.00.

During the first six months of 1970 in Texas, there were 1,482 traffic deaths which was twelve more as compared to the 1,470 traffic deaths for the same period of 1969. However, if past trends continue, the last six months will far exceed the first six months; as a matter of fact, the last six months of 1969 there were 2,081 traffic deaths.

The Sergeant stated "With a record of 38 traffic victims over the July 4 weekend, Texas is well on its way to establishing an all time record of traffic deaths in 1970."

MRS. RICHARD LYNDEL SPEARS

Singapore Church Is Setting For Sandra Jane Edwards And Lyndel Spears' Vows

Singapore's Wesley Methodist Church was the setting Wednesday, July 8, for the exchange of double-ring wedding vows by Sandra Jane Edwards, daughter of Mr. and Mrs. Rigdon Edwards of 18 Club Terrace, Sweetwater, and Richard Lyndel Spears of Singapore, son of Mr. and Mrs. W.M. Spears of Floydada.

The ceremony was performed by the Rev. Kenneth J. Chelapah at 3 o'clock p.m., Singapore time.

Wedding guests included the bride's parents, Mr. and Mrs. Edwards, and an aunt and uncle, Mr. and Mrs. F.L. Perry of Fort Worth, who left in March for a year-long trip around the world.

Given in marriage by her father, the bride chose for her wedding, the gown also worn by her two sisters, Mrs. Wendell Kent of Sweetwater and the late Mrs. Loren Mangrum, in their weddings. It is designed of hand-clippled Chantilly lace over taffeta, with a scalloped neckline and bracelet-length sleeves. From the fitted bodice is fashioned a bell-shaped skirt, scalloped at the hemline and sweeping into a chapel train.

A veil of silk illusion was held by a flower-shaped headpiece of lace outlined with pearls and tear-drop crystals. The bride carried a white mother-of-pearl New Testament brought to her by her aunt from the Holy Lands.

For her daughter's wedding, Mrs. Edwards chose a soft green dress of net over chiffon, adorned with rows of lace accented by loops of seed pearls and sequins. The dress featured a scooped neckline with draped chiffon scarf.

Following the ceremony, a reception was held in the Walnut Room of the Tanglin Club in Singapore.

When Mr. and Mrs. Spears left for a wedding trip to Bali, an Indonesian island, Mrs. Spears had changed to a dress of white embossed pique with black - and - white geometric print and black patent belt. The jacket of white pique was trimmed with black buttons and lined with black and white print. Accessories included black and white patent shoes and bag and a white crocheted straw picture hat.

After their wedding trip, Mr. and Mrs. Spears will be at home in Singapore at 27-C Salmoral Park. Spears is associated with the Geophysical Service Division of Texas Instruments in Singapore and Australia, LTD.

A graduate of Floydada High School in 1953, Spears received his BBA Degree in accounting at Texas Tech in 1957. He belonged to Phi Kappa Phi, an honorary society, while at Tech. In 1958, he did graduate teaching work at Texas Tech and then served four years as an auditor in Central and South America, and in the

Caribbean for the Department of Defense. In 1963, he joined the corporate staff of Texas Instruments as an accounting manager in the chemical division. He is presently Far East Administration Manager.

Mrs. Spears was a 1960 graduate of Sweetwater High School and received both her BS and Master of Science degrees in home economics education at Texas Tech, where she belonged to Kappa Kappa Gamma and Phi Upsilon Omicron. She taught homemaking at Irving for four years between the two degrees, and then, after receiving her master's in 1968, went to Western Carolina University in Cullowhee, N.C., as an instructor in clothing and textiles.

Roy Handley To Be Honored

Roy Handley will be among those honored Friday, July 17 at the Floydada Nursing Home when those with birthdays in July are honored. He observed his 90th birthday July 9.

Handley was born in 1880 and at the age of 13 moved to Texas with his parents, later moving to southwest Oklahoma.

He and Wilmetta Owen were married April 28, 1907 and they moved to Caldwell County in 1909, living there and at Delta, Colo., until 1926 when the family moved to Floyd County. Mrs. Handley died in 1967. They reared four children, E. F. and Vernon Harmon Handley of Lockney; Mrs. Frank McNeill of Amarillo and Owen Handley of South Dakota. There are also nine grandchildren, 14 great grandchildren and three step great grandchildren.

Handley farmed most of his life before retiring. His main interest has always been his church and singing. He is a member of the Primitive Baptist Church of which he has been a member 67 years. He recently attended a Fifth Sunday Singing of which he is the only surviving charter member. It was organized in 1898.

"With These Hands I Create" Describes Floydada Woman

(By PEGGY MEDLEY)
"With These Hands I Create" This would be an over - statement for some women but for Mrs. Neil (Charline) Langley, its an understatement. Not only does she create beautiful items with her hands, she is an energetic homemaker with numerous hobbies, a den mother, a club member of several organizations, a part time employee of Montgomery Wards in Floydada, a seamstress and a baker. The Langley family resides north of Floydada.

Possibly Charline is better known for her artistic cakedecorating than any other talent she possesses. She became interested in the art while attending high school in Plainview. A demonstration in cake making and decorating was given upon where Charline purchased five decorating tips and shortly after her talents were in demand.

She prepared anniversary cakes, wedding cakes, cakes depicting club emblems, and party cakes of every description. Son Andy, had a different shaped birthday cake each year, an Easter cake, a Christmas cake, but through it all he still loves to sample the goodies his mother whips up.

Charline made her first decorative bags from wax paper

and experimented with her own brilliant ideas. Her first large cake was one for her parents, Mr. and Mrs. M.R. Galloway of Plainview, for their 25th wedding anniversary.

Others she recalls making was a cake she used five pounds of flour and 72 egg whites as part of the recipe to serve 250 persons. She is even available to cater such affairs. A cake in particular she remembers is one for the Boots and Slippers Square Dance Club of Silverton, a very unique cake using the clubs colors of red and black. She has a touch that gives a bridal cake the "added something."

Charline says she has a set pattern, make the cake one day, decorate the next and deliver it the next. She never hurries, a cake. Most of her time is used in the decoration because she experiments as she goes. She says, as no two layers of cake are supposed to do the same, she does a layer at a time, working out details as she proceeds. Charline said it takes nearly as long to sift the sugar and flour as it does to ice the cake. To every one pound of sugar used, she adds one-half cup shortening, one egg white, milk, a little glycerine, almond and lemon extract. She freezes the egg whites ahead of time in order to get the needed amount for a large cake.

Also in the field of decorations Charline creates artistic floral arrangements. Some of her creations may be seen at Harry and Nancy Morckels candle shop where she may be found at any hour making a table centerpiece using a Morckel candle. She is kept busy also, prior to the Christmas holidays, in making festive holiday decorations.

It seems Charline discards nothing. She uses it in making something. She has a Spanish design placard in her living room of her Spanish style home which she made from a discarded board. She made swords out of bent cardboard, and also used as an additive, ping pong balls and plastic bottles. She

Harmony HD Members Meet

A regular meeting in the Harmony Community Center July 9, was held with Mrs. Glenn Curtis, president, presiding. Mark Miller, a 4-H member brought the devotional. Roll call was the Pledge of Allegiance to the flag in unison. Everyone joined in singing "This Land Is Your Land" lead by another 4-H member, Van Miller.

The program carried a patriotic theme. Miss Darla Huddleston, five year old daughter of Mr. and Mrs. Jerry Huddleston of Plainview presented her essay "Our First Flag". She also brought her scrapbook on "Our flag of the past, present and future." It was entered in National Junior Citizens program by the Mother Goose Kindergarten of Plainview where Darla was a student last term. Her scrapbook won 4th, in state and 3rd in Washington, D.C.

Ricky Pool, 13 year old son of Mr. and Mrs. Glenn Pool, presented his essay on Patriotism which he prepared for a special talk on values other than money during our money management project in 4-H this summer. Van Miller played patriotic piano music in the background.

"When I See The Flag," an editorial from the Briscoe County News was given by Van Miller, 12 year old son of Mr. and Mrs. Orba Miller, as his brother, Mark played patriotic piano music in the background. The 4-H members served refreshment.

The next meeting will be July 23 and Water Importation will be the program.

The 2.3 million-gallon consumption is the highest metered one-day usage ever recorded. Estimates in previous years have gone over the two-million gallon mark, but this is the first time the measured flow has gone this high for a one-day period, Feuerbacher said.

Floydada Folk Host Visitor From Rhodesia

Mr. and Mrs. Jack Jordan and Mr. and Mrs. Louis Lloyd have been hosts the past three weeks to a young man from Rhodesia, one of the countries which they visited on a recent African tour.

David Gill, who lives near Salisbury, the capital and largest city of Rhodesia, is in the United States on a three-month visa visiting U.S. citizens he met while they were on a tour of Africa which included his country.

"Rhodesia has been the subject of controversy since the country declared itself independent of England in 1965; and as a result of sanctions placed against the country in 1968 by the United Nations, because of its racial policies, member nations are forbidden to trade with the small landlocked southern African nation," Gill said.

Gill said that the country is self-sustaining except for its petroleum needs. Rhodesia gets much of its petroleum from South Africa, which borders on the south.

The tiny country is divided into three parts, or velds, Gill said. He lives about fifteen miles from Salisbury on the "high veld", where he raises pigs, cattle, poultry, and sheep, and grows corn for feed for the livestock. He has recently started breeding rabbits. Gill noted that the average yearly rainfall is 36 inches on the "high veld" where he lives.

The "high veld" is above 4,000 feet elevation; the "middle veld" is from 2,000 to 4,000 feet; and the "low veld" is below 2,000 feet.

RHODESIAN DAVID GILL, left, and Louis Lloyd of Floydada inspect the cotton crop on Lloyd's land south of town. Gill has been visiting the Lloyds and the Jack Jordans while on a three-month U.S. tour. Rhodesia grows the long staple pima cotton similar to that grown in Arizona. (Staff Photo)

Agriculture in the lower elevations is very similar to that in West Texas, Gill said. Rhodesia actually grows many of the same crops that are common here. In fact, maize and cotton are listed as major crops of the country. Tobacco, sugar and wheat are also grown.

In addition to agriculture, the country has a large mining industry. Rhodesia is the sixth largest gold producer in the

world. Precious and semi-precious jewels are also mined there, and 34 different metals and minerals, including asbestos, coal, copper, iron, lithium, tin and chromium.

The black population of Rhodesia is about five million, compared to about 275,000 European and Asian population. The white government spends 8,250,000 pounds, about \$16 million per year, or 9.2 percent of the total government expenditure, on education more

for the more than 725,000 black school children, Gill told a Hesperian reporter.

Education for Europeans is compulsory for ages 7-15, with 152 primary schools, 33 secondary schools, and 50 private schools in the country.

Gill will be leaving Floydada next week to complete his U.S. tour visiting other Americans he met in Rhodesia. He plans to visit in several other states, including Nebraska and Indiana.

Jehovah's Witnesses Meet

The Plainview congregation of Jehovah's Witnesses will meet with more than 6,500 in Amarillo, July 23-26, for the "Men of Goodwill" District Assembly.

C. W. Hall, presiding minister of the local group, discussed travel plans at a meeting this week, announcing that sessions are to be held in Amarillo's new air-conditioned Civic Center. The bilingual meetings are expected to produce one of the largest religious gatherings ever held in Amarillo with representatives from a 10-state area already indicating their plans to attend. The program will be presented in English and Spanish.

According to Hall, highlights are included on the program that will be of benefit to parents and young people. A Bible drama will be presented, offering Biblical and modern settings with the feature talk of each assembly entitled, "Saving the Human Race - in the Kingdom Way."

Stressing the urgency of considering such a subject, Hall indicated to those present, "World famine, a rising tide of violence and nuclear catastrophe threaten the human race. 'Wise men' see no way out. Can the human race be saved? Yes, but there is only one way!" All interested persons are being encouraged to hear the main Bible lecture which will provide the answer on the final day of each convention.

Similar meetings are also scheduled by the Watchtower Society in over 35 cities this summer with others arranged for in the British Isles, Canada, Guam and Jamaica.

the swings at her home here last Wednesday and injured her arm and elbow. It was not broken, but she will have to be careful the rest of the summer.

Hobby Club members were guests. Breakfast was served on picnic tables under the trees in her lovely garden, with biscuits, cantaloupe balls, jellies, ham and scrambled eggs on the menu. A nature trail followed the breakfast, with guests finding the source of the leaf they were given. Mrs. M. M. Julian gave the "Thought for the Day", a study about "July", and a Bible passage from Philippians 4-18. Present were members Mmes. M. M. Myers, (president); J. P. Mrs. Jewel Cummings, 67, sister-in-law of Mrs. Jack Smithman, died Saturday about 11 a.m. at her home in Friona. Services were held Monday in the Church of Christ in Friona. At one time Mrs. Cummings had lived in this area.

Mr. and Mrs. Jim Hays of Levelland and Lelia White of Rdsell, N.M., niece of Mrs. Bob Reeves, were visiting here in the Bob Reeves home in June when Lelia, 13, who was running, happened to step on a rattlesnake, and was bitten on the ankle. The rattlesnake had only two rattles, but Lelia had quite a time of it and was hospitalized. The accident happened June 23. She went home the following Friday to Roswell. As yet she has not been able

to put her weight down on the foot very much. Lelia is the daughter of Mr. and Mrs. Lynn Pennington of Roswell, and Mrs. Pennington is Mrs. Bob Reeves sister. They were all visiting here at the time of the accident, which occurred close to the ranch home of the Bob Reeves.

Mr. and Mrs. Sylvain Kinnibrugh hope to visit in Truscott this Monday with her relatives, and especially her brother, Mr. and Mrs. Grady Spivey from Navasota, who have been here over the weekend with their mother, Mrs. J.R. Spivey and relatives. Mr. and Mrs. Ray Dillard of Lockney are also visiting there. Mr. and Mrs. J. Frank Parks of Pampa, took the Parks' camper and went to New Mexico, through the Cimmaron Canyon and Eagles Nest Dam and up that way last week. They left the twins, Annis and Jayson, here with his mother, Mrs. L. H. Parks. They reported it was hot up that way the past week. They returned to their home in Pampa Sunday night.

We are sorry we reported the Elmo Fortenberrys of Sunray had brought their children down to stay with the grandparents last week, but it was the Fred Fortenberrys, who went to Amarillo and got the grandchildren for the visit on Saturday.

School here at South Plains will start earlier this year. It will begin Monday, August 24, according to Floydada Superintendent of Schools, A.E. Baker. Labor Day holiday is September 7.

Renda Trice spent the week end in Slaton with Miss Susan Cagle, who will be the roommate of Renda, when they attend Wayland College this fall. Sunday afternoon Mr. and Mrs. Shorty Cagle, Susan and Renda of Slaton, arrived here at the parsonage to spend the af-

ternoon and attend church services Sunday night with the Trice family, and to have supper with them. Miss Susan Cagle and Renda Trice sang the song, "Yes, He's the One," the song written by Mrs. Virgil Booth of Las Cruces. South Plains Baptist Church dismissed early so that all could go to Floydada for the last night of the Area Crusade for Christ, which has gone on all week at the Floydada Football Stadium. Most of the South Plains people have attended the meetings.

We are sorry to learn of the untimely death by drowning of Ross Alexander who formerly lived in Floydada, and was the father of the former Jan Alexander, now Mrs. Gary Wilson.

Mrs. L. T. Wood was hostess in her home Thursday morning for a breakfast for the Young girls of the community, who were gathered for a "Come as You Are" breakfast of scrambled eggs, ham, biscuits, jelly and fruit. The breakfast was held at 8 o'clock, with Mrs. Eugene Beedy and Mrs. Kendis Julian gathering the girls. They assisted with the breakfast, as did Mrs. Tommy Powell, who was also present. Girls who attended were Paula and Dee Earle Cummings, Diane Martinez, Jeanneva and Arlane Hamm, Debbie Teeple, Darla Milton, Debbie Scott, Renda Trice, Beverly Kinnibrugh, and Shari Johnson. Floyd: Jerry F. Calahan, Hugh O. Peek, Jr., Castulo A. Martinez.

Hale: David E. Greenwood, Wesley T. Johnson, Jimmy S. Montemayor, James D. Christian, Carl J. Johnson, Edward W. Hall, Donald F. Sopher.

Swisher: Eldon C. Selby, Motley: John L. Markham. The Local Board did not receive a call for pre-induction physical examinations for the month of July.

CLINT EASTWOOD and Richard Burton, aided by Mary Ure in their access to a Nazi-held castle-fortress, disguise themselves as German officers as part of their perilous mission to rescue an Allied general in MGM's "Where Eagles Dare." The explosive drama, filmed from a story and screenplay by Alistair MacLean, was photographed in Panavision and Metrocolor on spectacular locations in the Austrian Alps. It was directed by Brian Hutton. Showing Saturday, July 18 at the Capada.

New Oil Well At Roaring Springs

After being dormant for many months the oil industry became active in the West Roaring Springs Field this week. Surface pipe was set Monday night on the Freemont location about 3 1/2 miles east of Roaring Springs.

Brotherhood Rally At Plains Assembly

The Annual Brotherhood Rally at Plains Baptist Assembly, Floydada, Texas, is scheduled for July 20. This involves all Brotherhoods of the Lubbock and Caprock Plains Areas. Golf will be played beginning at 10 a.m. At 2 p.m. there will be a softball game between the two areas. Also, other activities will take place such as volleyball, horse - shoe pitching, and swimming. At 6:30 p.m. a fried chicken dinner will be served.

Location of the well is north of the FM road in the vicinity of the Q.A.P. Railway right of way and near proven production.

Drilling is being done by Jack Bearden Drilling Co. of Wichita Falls and the operator is E.B. Backer of Dallas.

Other interest in the oil business is the leasing of several tracts of land south of Tongue River, near the south county line and into Dickens County near the north border.

The two Roaring Springs Field with approximately 30 producing wells have produced a substantial share of the county's economy for a number of years.

The revival of oil interest is always welcome by land owners and especially at this period when crop and range conditions are unfavorable as a result of extended dry, hot weather.

The program which will begin at 7:30, will feature Dr. David Ray, pastor of the First Baptist Church, Lubbock, as speaker. He is a graduate of Hardin - Simmons University and Southwestern Theological Seminary. Dr. Ray is serving as a trustee of Wayland Baptist College, and a member of the Board of Development for Hardin-Simmons University.

I REMEMBER.....I REMEMBER

Louie's Labor Lost

Back in the 30's when the Depression was at its worst and many things were being done to make jobs for people, a young woman who was an observant writer with a nose for news, was hired to do historical work under a Works Progress Administration Program to give jobs to people that fitted their qualifications. Your history will tell you, if you do not recall, that there were jobs for actors and poets and painters - all kinds of "made" enterprises for people who wanted to work but for whom there was none they could do.

Mrs. Robert (DeLise) McGuire had worked for The Hesperian and other newspapers but was not employed at the time. So, applying for a job, she was accepted, and spent several months - almost a year, it seems now, traveling, interviewing and writing about people and things in an area that encompasses portions of Hale, Swisher, Motley, Crosby, and Floyd, and possibly a part of Dickens.

She was a prolific writer, one of the kind that could feed interesting copy to a compositor all day and then write some more after supper if she wasn't too tired. In her time, which was also partly my time, there were less than half a dozen of that ilk in the plains and panhandle country. John McCarty was one, Herbert Hillburn was good too. Others too, I am sure.

Manuscripts were priceless. Mrs. McGuire's contribution to the history of the time was priceless - I mean her records of people and events, and post offices now non-existent, stories of ranchers, cowboys, mail hack drivers, surveyors, preachers and teachers, churches - all the things. Among them was a gem of a yarn about

the Rogers Ranch in Er County. This thing had it been preserved, have been worth all the erment was out on Mrs. McGuire.

Know what happened? March of events all this had been done under the vision of district supervisor With Mrs. McGuire's also that of others in the area, I assume, was assembled it was been arranged, turned some central agency available in later years torians and special

Send the whole team to the showers!

And have enough hot water left to do the uniforms.

A GAS WATER HEATER does it and does it better, because with there's always plenty of hot water when you need it... at the cost you want.

Here are seven reasons why a gas water heater is best:

1. Fast recovery keeps your gas water heater way ahead of every demand.
2. The thermostat on your gas water heater automatically maintains constant temperature, even when you use large amounts of hot water.
3. Gas is efficient. Gas burners stand up instantly, deliver more heat than the water. And gas is clean too.
4. Nothing is more dependable than gas.
5. Automatic gas water heaters cost less to buy and install.
6. Gas burners last longer and give years of trouble-free use. That's another saving.
7. Gas costs so little to operate that you can afford to use all the hot water you want.

So, if it's hot water you need, and plenty of it, you need an automatic gas water heater. Call your plumber or gas appliance dealer soon.

SOUTH PLAINS NEWS by Mrs. Murray Julian

SOUTH PLAINS, July 13 — Mrs. Bryant Higginbotham left early Friday morning for Amarillo. She left her car there, and boarded a bus for Coleman, South Dakota, where she will visit her sister, Mrs. Larry Larson, for the coming two weeks.

Mrs. Frank McClure received word Sunday night that her sister, Mrs. J. E. Woodson of Snyder, had fallen Friday evening from a ladder, and had broken her left wrist. She was home from the hospital Sunday night. Another sister, Mrs. Eddie Branche from near Lake Whitney is home after surgery, and a series of set backs.

Mrs. Helen Darden of Albuquerque, N.M., where she is a teacher during the winter months, is here visiting with her daughter, Mr. and Mrs. Johnny West, Lisa and Jonna. Boys who went to the Baptist Junior Boys Camp south of Floydada, Monday through Wednesday, were Terry Roberts, Monty Smithman, John Mark Trice, Ricky Ford, Len Wood, Kirk Young and their sponsor, Rev. W. L. Trice. About 200 boys were in attendance at the Junior Boys Camp.

Mark Reeves also attended the Junior Boys Camp. He is from the Silverton Baptist Church. His father, Bob Reeves, accompanied the 11 boys who went to camp from Silverton.

A bridal shower, honoring Miss Helen Johnson of Irving, bride-elect of Dwight Teplee, son of Mr. and Mrs. Leighton Teplee of our area, will be held in the home of Mrs. Kenneth Bean, Saturday, July 18, from 9:30-11 a.m. She is the daughter of Mr. and Mrs. Lawrence Johnson of Irving. The couple have planned an August 8 wedding in the Good Shepherd Lutheran Church in Irving.

Mrs. Lillian Marble, who has been staying at the home of her daughter, Mr. and Mrs. Marvin Wells at Mineral Wells, leaves this Monday for Beaumont to visit with her youngest sister, Mrs. Jack Lee. Mrs. Ruby Burgett and Mrs. Anna Byars of Weatherford, other sisters, will accompany Mrs. Marble to Beaumont.

A bridal shower honoring Miss Darlene Gillispie will be held Saturday morning, July 18, from 10-11 a.m. at the home of Mrs. Loraine Carter in Crowell. Miss Gillispie is the daughter of Rev. and Mrs. John Gillispie, former pastor at the Baptist Church here. She is the bride-elect of Larry Nunn.

S 4/C Larry Beedy, son of Mr. and Mrs. Garvin Beedy, came home from Vietnam recently and is on a 30-day leave. He goes to Fort Riley, Kansas to finish his tour in the army.

Mr. and Mrs. Buck Ford, Ricky, Mike and Karen from here, were among the many who attended the reunion of the Murphy Family last Sunday which was held in Lockney at the home of Mr. and Mrs. Hugh Marble. Mrs. Marble was a former second grade teacher at the South Plains School.

In the Softball League Standings at Lockney the San Jose Boys are still in the lead with the South Plains Boys and the Fireboys a close second to them. As it stands now, the South Plains boys have lost 2 and won 7 games.

Lasondra Shelton fell from

the swings at her home here last Wednesday and injured her arm and elbow. It was not broken, but she will have to be careful the rest of the summer.

Workmen are finishing remodeling the Raymond Upton house south of the parsonage. Mr. and Mrs. Tommy Powell are looking forward to moving to South Plains when it is finished.

Due to hail damage some weeks back Mr. and Mrs. Sylvan Kinnibrugh had new shingles put on the roof of their house during the past week.

Mr. and Mrs. Shelby Calahan report their son, Jerry Calahan is stationed at Fort Ord, Calif. They are not sure whether he will start his training there or go to Washington.

Mrs. Ruby Higginbotham entertained in her home Tuesday night for members of her family, Mr. and Mrs. Alton Higginbotham and three children of Floydada, and for members of the family of Mr. and Mrs. L. N. Johnson and children, Denise, Deneen, Shari and Carlton. The occasion was the birthdays of her son, Alton, and the sixteenth birthday of Shari Johnson.

Mrs. Esley Yeary spent part of last week in Littlefield with her daughter, Mrs. Peggy Smith.

Mrs. L. T. Wood was hostess in her home for a Garden Breakfast last Wednesday morning, July 8, with assistant hostesses, Mrs. Shelby Calahan, Mrs. Arby Mulder and Mrs. Sylvan Kinnibrugh. Hobby Club members were guests. Breakfast was served on picnic tables under the trees in her lovely garden, with biscuits, cantaloupe balls, jellies, ham and scrambled eggs on the menu. A nature trail followed the breakfast, with guests finding the source of the leaf they were given. Mrs. M. M. Julian gave the "Thought for the Day", a study about "July", and a Bible passage from Philippians 4-18. Present were members Mmes. M. M. Myers, (president), J. P. Taylor, Harold Hamm, Grigsby Milton, Murray Julian, Alvin Nichols, Ernest Wells, Leighton Teplee, L. H. Parks, Tillman Powell, Frank McClure, John Key West, a guest from Floydada, Mrs. Gertrude Smithman, and from Lockney, Mrs. Bill Bean, and Darla Milton. The next Hobby Club meeting is scheduled to be a barbecue August 6, at 6 p.m. with hostesses Mmes. Fred Fortenberry, J. P. Taylor and M. M. Julian.

Mrs. Jewel Cummings, 67, sister-in-law of Mrs. Jack Smithman, died Saturday about 11 a.m. at her home in Friona. Services were held Monday in the Church of Christ in Friona. At one time Mrs. Cummings had lived in this area.

Mr. and Mrs. Jim Hays of Levelland and Lelia White of Roswell, N.M., niece of Mrs. Bob Reeves, were visiting here in the Bob Reeves home in June when Lelia, 13, who was running, happened to step on a rattlesnake, and was bitten on the ankle. The rattlesnake had only two rattles, but Lelia had quite a time of it and was hospitalized. The accident happened June 23. She went home the following Friday to Roswell. As yet she has not been able

to put her weight down on the foot very much. Lelia is the daughter of Mr. and Mrs. Lynn Pennington of Roswell, and Mrs. Pennington is Mrs. Bob Reeves sister. They were all visiting here at the time of the accident, which occurred close to the ranch home of the Bob Reeves.

Cindy Whitfill of Canyon where she attends summer college at WT, came by Saturday and had lunch with her grandparents, Mr. and Mrs. Alvin Nichols. She visited at her folks in Sweetwater over the mid-term, and then went back to Canyon this Monday to start the last semester of summer school.

Mrs. Johnny West entertained a group of little girls at a swimming party in Plainview Friday, July 10, from two until six o'clock. The occasion was the eighth birthday of Jonna. Guests who enjoyed the swimming party were Cindy Reeves, Shandra Young, Susie Probasco, Judi Bean, Carra Hamm, Rhonda Teplee, Darla Milton, Debbie Scott, Renda Trice, Beverly Kinnibrugh, and Shari Johnson. Mrs. Beedy had the program for the GA Girls, and it pertained to the Cooperative Program of the Baptist Church and how the money is used in this program. Darla gave the program of Prayer for the day and then all enjoyed a Nature Hunt.

Mrs. Jim Roberts had nine members of the Young People Class Sunday afternoon for the Teen Time get together at the Baptist Church. Last Sunday she taught the Intermediates. The group are using Bible School material, and have had a good attendance, with the Teen Time to go on through the rest of the summer months.

Mr. and Mrs. Sylvan Kinnibrugh hope to visit in Truscott this Monday with her relatives, and especially her brother, Mr. and Mrs. Grady Spivey from Navasota, who have been here over the weekend with their mother, Mrs. J.R. Spivey and relatives. Mr. and Mrs. Ray Dillard of Lockney are also visiting there. Last week the Teddy Hornes of Plainview went to see Six Flags Over Texas during the weekend, and Saturday night the Sylvan Kinnibrughs went to Lubbock to spend the night with another daughter, the Britt Gregorays.

Mr. and Mrs. J. Frank Parks of Pampa, took the Parks' camper and went to New Mexico, through the Cimmaron Canyon and Eagles Nest Dam and up that way last week. They left the twins, Annis and Jayson, here with his mother, Mrs. L. H. Parks. They reported it was hot up that way the past week. They returned to their home in Pampa Sunday night.

We are sorry we reported the Elmo Fortenberrys of Sunray had brought their children down to stay with the grandparents last week, but it was the Fred Fortenberrys, who went to Amarillo and got the grandchildren for the visit on Saturday.

School here at South Plains will start earlier this year. It will begin Monday, August 24, according to Floydada Superintendent of Schools, A.E. Baker. Labor Day holiday is September 7.

Renda Trice spent the week end in Slaton with Miss Susan Cagle, who will be the roommate of Renda, when they attend Wayland College this fall. Sunday afternoon Mr. and Mrs. Shorty Cagle, Susan and Renda of Slaton, arrived here at the parsonage to spend the af-

ternoon and attend church services Sunday night with the Trice family, and to have supper with them. Miss Susan Cagle and Renda Trice sang the song, "Yes, He's the One," the song written by Mrs. Virgil Booth of Las Cruces. South Plains Baptist Church dismissed early so that all could go to Floydada for the last night of the Area Crusade for Christ, which has gone on all week at the Floydada Football Stadium. Most of the South Plains people have attended the meetings.

We are sorry to learn of the untimely death by drowning of Ross Alexander who formerly lived in Floydada, and was the father of the former Jan Alexander, now Mrs. Gary Wilson.

Mrs. L. T. Wood was hostess in her home Thursday morning for a breakfast for the Young girls of the community, who were gathered for a "Come as You Are" breakfast of scrambled eggs, ham, biscuits, jelly and fruit. The breakfast was held at 8 o'clock, with Mrs. Eugene Beedy and Mrs. Kendis Julian gathering the girls. They assisted with the breakfast, as did Mrs. Tommy Powell, who was also present. Girls who attended were Paula and Dee Earle Cummings, Diane Martinez, Jeaneva and Arlaine Hamm, Rhonda Teplee, Darla Milton, Debbie Scott, Renda Trice, Beverly Kinnibrugh, and Shari Johnson. Mrs. Beedy had the program for the GA Girls, and it pertained to the Cooperative Program of the Baptist Church and how the money is used in this program. Darla gave the program of Prayer for the day and then all enjoyed a Nature Hunt.

Three Inducted From Floyd

Texas Local Board No. 45, Selective Service System, Plainview, Texas, was called upon to furnish men for induction on July 8, 1970. The following men were ordered to report to the local board office, 118 East 7th St., Plainview, Texas, at 7 a.m. on July 8, 1970 to fill this call:

Floyd: Jerry F. Calahan, Hugh O. Peek, Jr., Castulo A. Martinez.

Hale: David E. Greenwood, Wesley T. Johnson, Jimmy S. Montemayor, James D. Christian, Carl J. Johnson, Edward W. Hall, Donald F. Sopher.

Swisher: Eldon C. Selby, Motley: John L. Markham. The Local Board did not receive a call for pre-induction physical examinations for the month of July.

CLINT EASTWOOD and Richard Burton, aided by Mary Ure in their access to a Nazi-held castle-fortress, disguise themselves as German officers as part of their perilous mission to rescue an Allied general in MGM's "Where Eagles Dare." The explosive drama, filmed from a story and screenplay by Alistair MacLean, was photographed in Panavision and Metrocolor on spectacular locations in the Austrian Alps. It was directed by Brian Hutton. Showing Saturday, July 18 at the Capada.

New Oil Well At Roaring Springs

After being dormant for many months the oil industry became active in the West Roaring Springs Field this week. Surface pipe was set Monday night on the Freemont location about 3 1/2 miles east of Roaring Springs.

Brotherhood Rally At Plains Assembly

The Annual Brotherhood Rally at Plains Baptist Assembly, Floydada, Texas, is scheduled for July 20. This involves all Brotherhoods of the Lubbock and Caprock Plains Areas. Golf will be played beginning at 10 a.m. At 2 p.m. there will be a

softball game between the two areas. Also, other activities will take place such as volleyball, horse - shoe pitching, and swimming. At 6:30 p.m. a fried chicken dinner will be served.

Location of the well is north of the FM road in the vicinity of the Q.A.&P. Railway right of way and near proven production.

Drilling is being done by Jack Bearden Drilling Co. of Wichita Falls and the operator is E.B. Backer of Dallas.

Other interest in the oil business is the leasing of several tracts of land south of Tongue River, near the south county line and into Dickens County near the north border.

The two Roaring Springs Field with approximately 30 producing wells have produced a substantial share of the county's economy for a number of years.

The revival of oil interest is always welcome by landowners and especially at this period when crop and range conditions are unfavorable as a result of extended dry, hot weather.

The program which will begin at 7:30, will feature Dr. David Ray, pastor of the First Baptist Church, Lubbock, as speaker. He is a graduate of Hardin - Simmons University and Southwestern Theological Seminary. Dr. Ray is serving as a trustee of Wayland Baptist College, and a member of the Board of Development for Hardin-Simmons University.

I REMEMBER..... I REMEMBER

Love's Labor Lost

Back in the 30's when the Depression was at its worst and many things were being done to make jobs for people, a young woman who was an observant writer with a nose for news, was hired to do historical work under a Works Progress Administration Program to give jobs to people that fitted their qualifications. Your history will tell you, if you do not recall, that there were jobs for actors and poets and painters - all kinds of "made" enterprises for people who wanted to work but for whom there was none they could do.

Mrs. Robert (DeLise) McGuire had worked for The Hesperian and other newspapers but was not employed at the time. So, applying for a job, she was accepted, and spent several months - almost a year, it seems now, traveling, interviewing and writing about people and things in an area that encompasses portions of Hale, Swisher, Motley, Crosby, and Floyd, and possibly a part of Dickens.

She was a prolific writer, one of the kind that could feed interesting copy to a compositor all day and then write some more after supper if she wasn't too tired. In her time, which was also partly my time, there were less than half a dozen of that ilk in the plains and panhandle country. John McCarty was one. Herbert Hillburn was good too. Others too, I am sure.

Manuscripts were priceless. Mrs. McGuire's contribution to the history of the time was priceless - I mean her records of people and events, and post offices now non-existent, stories of ranchers, cowboys, mail hack drivers, surveyors, preachers and teachers, churches - all the things. Among them was a gem of a yarn about

the Rogers Ranch in er County. This had been done under the vision of district super. With Mrs. McGuire's also that of others in the area, I assume, was assembled it was been arranged, turned some central agency available in later years for historians and special

Send the whole team to the showers!

And have enough hot water left to do the uniforms.

A GAS WATER HEATER does it and does it better, because with it there's always plenty of hot water when you need it... at the cost you want.

Here are seven reasons why a gas water heater is best:

1. Fast recovery keeps your gas water heater way ahead of every demand.
2. The thermostat on your gas water heater automatically maintains constant temperature, even when you use large amounts of hot water.
3. Gas is efficient. Gas burners start up instantly, deliver more heat than the water. And gas is clean too.
4. Nothing is more dependable than gas.
5. Automatic gas water heaters cost less to buy and install.
6. Gas burners last longer and give years of trouble-free use. That's another saving.
7. Gas costs so little to operate that you can afford to use all the hot water you want.

So, if it's hot water you need, and plenty of it, you need an automatic gas water heater. Call your plumber or gas appliance dealer soon.
