Some Glad, Some Sad, School Starts Monday

GLAD SCHOOL BEGINS!...Susan Hendrix and Scott Simmons look forward to the first day of school Monday. Both will be in the

first grade. Susan is the daughter of Mr. and Mrs. Bill Hendrix and Scott is the son of Mr. and Mrs. Stanley Simmons.

Caprock Chat

by Wendell Tooley

THE METHODIST AND FIRST CHRISTIAN ministers sometimes make a round of golf together and this report comes from First Christian minister Dewayne Grimes of their last game together:

"I made this long tee shot, right down the middle like I always do. . . (se suspicion the good minister may be editorializing a little here) and as I approached the ball for the second shot I noticed that one of the fairway sprinklers was sprinkling the ball. Methodist minister C. B. Melton said to me, just go on under the sprinkler and I'll say the appropriate words at the right time."

"MEAN GREEN WEEK" begins tomorrow. . . and I'm looking for the Mean Green to go all the way to state this year. In the year's passed, I hoped for a district winner. . . now, I'm ready to go all the way. . . we're backing the "Winds to set a record for good old FHS this year."

OCCASIONALLY WE HEAR some misinformation and today I want to correct something I heard on the street the other day. I heard that the mayor received \$200 a month salary. This is incorrect.

The mayor receives a salary of \$75 per month, councilmen receive \$25 per month.

And just to go a little further in this report, we have a former councilman who endorsed his check back to the city each month.

FOR YEARS I HAVE observed our high school graduates going off to college and figured it was a pretty joyful time for them to be out on their own. Never had thought much about how the parents of these graduates felt.

Well, Wendy goes off to college next week...she's the first to leave the nest and I'm not just exactly celebrating. And our neighbor, Jack Gregory left his week....it's gonna be sorta quiet with them both gone. Not that they were loud mouths, but I just always enjoyed having them around.

WILLIAM BERTRAND HAS expressed a similar feeling as his last one is leaving the nest. Of course William has a new grand baby to fill in the vacant spot.

I HAVE ANOTHER neighbor leaving for college August 30, Kent Hale. I'll miss old Kent also. Kent had a very amusing and I'm sure happy experience this past week-end in a golfing tournament at Hobbs, N.M. He and his partner (a man from Hobbs) tied for second place. Also in the tie for second place was Kent's future golf coach at New Mexico Junior College.

So, Kent has already impressed his coach that he's worth the golf scholarship. Fact is, Kent and his partner were a stroke ahead of his coach and his partner Tommy Hale, at the end of the day's play. Tommy is our golf pro's brother.

Light Voter Turnout Approves City Sales Tax...Begins 1971

In what was considered a light turnout, Floydada voters approved the one percent city sales tax, 239-144. Saturday's vote for the tax means that Floydada shoppers will pay a total tax of 4 1/4 percent on most retail purchases and services, starting January 1, 1971. Most other area cities have had the city tax for some time.

The voter turnout of 383 compared to 616 in the city sales tax election held February 18, 1969. The adoption of the tax was defeated then by a 375-241 vote.

The city will receive its first money from the tax in May or June of 1971. The tax is collected by the state and revenue is returned to cities on a quarterly basis. Items taxed are the same as those taxed by the state.

Conservative estimates put the amount collected for the city at \$35,000 to \$40,000 yearly, according to City Secretary Jimmie Lou Stewart. The estimate is based on tax collected by other cities in Floydada's population range.

Other area cities collecting the one percent addition to the state sales tax include Lockney, Lubbock, Plainview, Abernathy, Crosbyton, Lorenzo, Tulla, Dimmitt, and Hale Center.

An expense - paid vacation trip for two to Acapulco, Mex. plus \$500 in cash will be awarded to the lucky High Plains Research Foundation member who wins the door prize drawing during opening activities of the 14th Annual Field Day, September 10.

Sponsors making the trip available are Plainview Co-op, City National Bank, and Hale County State Bank. The drawing will be made during the evening program. Merchandise door prizes also will be awarded.

The Annual Field Day will feature three field stops on the

Assembly Of God Church Burns

A fire discovered at about 5:30 a.m. Monday almost completely destroyed the First Assembly of God Church, located at the corner of Third and Virginia Streets. Damage estimates are put at \$30,000 to \$35,000, far exceeding the insurance amount of \$15,000. Also destroyed in the blaze were uninsured office equipment, music equipment, books and notes belonging to pastor W. G. Lillard.

The fire evidently began in the new addition of the building. The cause was believed to be a faulty breaker box or floor furnace in the new addition, completed several years ago. Rebuilding plans are being discussed by members, but no definite plans had been made at press time.

Wednesday night services were held in Moore-Rose Funeral Home chapel.

Floydada Pro Ties First At Hobbs

Floydada Country Club golf pro, Richard Hale, fired a 67 to tie for first place in the pro division at the Hobbs Pro-Am Tournament Friday. Hale shared first place in the tourney with Bunky Johnson of Jal, N.M., a well-known tour pro.

Hale and brother Tommy paired to place fourth in team competition with an 18 under par. Tommy took low amateur honors with a 72.

Kindergarten Program Begins

School starts earlier this year...some beginning first graders are glad about it....upper classmen couldn't care less. Hot weather is still bearing down and the unairconditioned schools aren't particularly inviting.

However, after a couple weeks of school, everyone will get a chance for a last fling with the long Labor Day week-end holiday that is in the school schedule.

Students in Floydada schools will register tomorrow, Friday, August 21, in preparation for the first day of school Monday. Students who will be in grades one, two, and three register at Duncan Elementary School; those in grades four, five and six register at Andrews School. Both elementary schools begin registration at 9 a.m.

Junior High students will register the same day starting at 8:45 a.m. Registration for Junior High band students is at the same time as regular registration.

High schoolers register tomorrow and underclassmen will have their yearbook pictures taken. Classes register as follows: Seniors, 8 until 10 a.m.; Juniors, 10 a.m. until noon; sophomores, 1 until 3 p.m.; freshmen, 3 until 5 p.m. Freshmen, sophomores, and juniors should wear appropriate dress for the annual pictures (coat and tie for boys).

School starts Monday, August 24. Students get a Labor Day holiday after two weeks of school September 7.

Kindergarten registration will be at Duncan Elementary. High School freshmen are invited to an orientation program at 4:30 p.m. today (Thursday) to acquaint them with building, rooms, etc., sponsored by the Student Council.

year and continues to hold interest as minimum tillage studies prove to be adaptable to the High Plains," Dr. Longnecker said.

In addition to the Field Day activities, a special Farm Equipment Show begins a three-day run at the Foundation on Sept. 10. Some of the latest modern farm equipment will be on display during this special showing.

For Field Day activities, members of area civic clubs have been asked to act as greeters for Foundation visitors.

Texas Electric Cooperative, as in many years past, will provide the speakers roster and public address system for the guest speaker and the Field Day evening program. Baldrige Bread Company will provide the sound truck for tour dispatcher, Ollie Liner, Hale County Agent.

First Grain Sorghum Comes To Floyd County Elevator

However, it was reported that a Floyd County farmer in the Mt. Blanco community harvested

A 15 acre crop of dryland grain sorghum that was planted back in the middle of April was harvested by Jerry Battey Tuesday afternoon and is the first load of grain sorghum marketed in Floyd County in 1970.

Battey estimated that the double-rowed crop was making 1200 pounds to the acre and "might have received an inch of rainfall since planting."

He sold the grain at the Lakeview Elevator. The first load of 1970 grain sorghum was off a field about a mile east of Lakeview.

Elevator manager F. D. McClintock said the grain tested 14 percent moisture and that the market price was \$1.85 per hundred.

In comparison with last year the load was late. The first load arrived at a Floyd County elevator last year on August 5.

School Buses Are Rerouted

Floydada school buses will have completely new routes when they begin running Monday. The new routing eliminates three buses and completely changes all routes, so none of the bus students will have the same bus numbers that they have had in the past.

Listing of the new routes and drivers, along with the old routes follows:

- Rt. 1 - (#11 and part of #10) Cedar Hill; Grady Freeman, driver.
- Rt. 2 - (part of #10 and #6) Center and Fairview; Dewayne Franklin.
- Rt. 3 - (#12 and part of #14) Baker; Tommy Cathey.
- Rt. 4 - (#15 and part of #14) Lakeview; Fred Lambert.
- Rt. 5 - (#4 and part of #14) Starkey; Mrs. E. E. Norris.
- Rt. 6 - (#2 and part of #4) McCoy; Danny Murphree and L. C. Hamilton.
- Rt. 7 - (#9 and part of #1) Harmony; Curtis Chatham and Emmitt Dutton.
- Rt. 8 - (#5 and part of #1) Sandhill and Barwise; Charles McDowell.
- Rt. 9 - (#3) Muncy; Noel Loftin and Lloyd Patterson.

Relief drivers are Ricky Hodges, Faye Hart, Craig Wilcox and Herbert Els.

Floydada Fire Department With Special Project

The Floydada Fire Department and other fire departments throughout the area are participating in a project to help Nancy Wall, daughter of Captain Joe Wall of Plainview Fire Department, who is a victim of a blood disease called "Lupus."

Her only hope is a kidney machine and a kidney transplant. The Floydada Fire Department is joining the Plainview Fire Department Auxiliary in their efforts to get enough stamps and money to purchase the necessary machine for treatments.

S&H Green Stamps and Gold Bond Stamps can be used for the purchase of this machine. Money would also be greatly appreciated.

Anyone who is interested in contributing to this project may call or bring their donations to City Hall, or send them to Mrs. Vernon Thomas, Central Fire Station, 215 E. 6th, Plainview, Texas, 79072.

Tickets for the Show to be presented Sept. 17, 18, and 19, will be on a "first serve" basis. Go present two shows night of the Fair and Surroundings.

Advance tickets purchased for \$1.00 the 7 p.m. of performance. Purchasers admits one to without further charge.

They will be at the gate.

STEVE BRACKEN

New Pastor City Park

Steve Bracken, Colo., has accepted the call of the City Park Baptist Church in Floydada.

He and his wife Janice Baker, children moved to Floydada this week.

Mr. Bracken, a member of the Lubbock Baptist Church, has been preaching at the church for the past week and formerly was pastor of the church in Kansas and New York.

Relief drivers are Ricky Hodges, Faye Hart, Craig Wilcox and Herbert Els.

MENINGITIS VACCINE

The Army has approved general use of a vaccine against a sometimes-deadly form of meningitis that plagues military bases and kills children, according to the Army Surgeon General's office.

MIKE CARTER, son of the late Mr. and Mrs. Ernest Carter of Floydada, will be among candidates to graduate from Texas Tech University Saturday, August 22, at 7:15 p.m. in the Municipal Auditorium. Carter will receive his BBA Degree in Accounting. He has accepted a position with Texaco as accountant. He assumed his duties August 3. He and his wife, the former Nancy Robertson of Floydada, are residing in Hobbs, N.M.

OBITUARIES

Dr. Donald Pitts

Funeral services for Dr. Donald H. Pitts, former physician and surgeon in Floydada, were conducted Tuesday afternoon in the Restlands Wildwood Chapel in Dallas. Dr. J. Albert Steel officiated for the rites. Interment followed in Restlands Memorial Park.

Dr. Pitts, 77, died in a nursing home in Dallas at 9:25 Monday night. He had been in failing health for a number of years, and had retired from medical practice in 1964.

Born in Little Sue, Iowa, July 30, 1893, Dr. Pitts graduated from Creighton Medical School in Omaha, Nebraska in 1916. He served as flight surgeon in World War I and was a member of the First Flight Surgeon Class at Mitchell Field. He was also a member of the Presbyterian Church, was a 32nd degree mason and a member of the American Medical Association.

Dr. Pitts began medical practice after the war in Panama for two years. He practiced in Columbia, South America from 1929 until 1933 then moved

SW Bell In Action After Hurricane

Hurricane Celia's destruction - laden winds blew away more than can ever be reflected in the dollar and cents estimates of damage.

For after the winds stopped, it wasn't the super-efficient machine that survived. It was man ... with all his weaknesses and strengths. So Hurricane Celia isn't a story of machines or even destroyed homes, sunken boats and damaged buildings. It is the story of men and women who are now rebuilding their cities, and those who rushed to their aid.

"If I could hear their voices and see them, nothing would ever make me cry again." Those words raced through Mrs. Irene Pearson's mind during the hurricane. Mrs. Pearson was one of several hundred telephone company men and women in Corpus Christi who volunteered to work during the storm.

"My husband and 14-year-old son were home," she explained. "I wasn't worried at first because the storm seemed to be losing its punch. But when it hit, I knew they were in trouble. There was nothing I could do. So, I stayed on the switchboard where at least I could help other people."

Mrs. Pearson won't ever cry again. Her husband and son miraculously survived, even through the family home was blown down around them.

Even before the winds stopped, telephone men and women from towns throughout Texas were leaving their homes and heading for the cities hardest hit by the hurricane.

Sixteen telephone operators and one man supervisor from San Antonio were on a bus racing the hurricane into Corpus Christi. These were the first of seventy-five who would come into the disaster area to

assist local telephone company operators. They lost the race in Kingsville. The hurricane forced them to take shelter in a Texas A&I dormitory, and they spent the night trying to escape the water being blown through the glassless windows.

A group of telephone men from Abilene drove 14 hours to reach Corpus Christi. "We took turns driving," Stanley Hill, acting supervising foreman, said. "I've been through these storms before and I know how important it is to get telephone service back to normal as quickly as possible. And it was worse than I expected. It didn't take long to realize it was going to be a massive restoration job."

T.O. Gravitt, general manager for Southwestern Bell in San Antonio, said the damage to telephone plant would exceed \$8 million.

"By Wednesday, we had more than 550 telephone craftsmen in the storm area," Gravitt said, "and we knew we needed more. The men were ready to move from a score of Texas towns and from Oklahoma - but we had other problems. It's one thing to bring men and women into a disaster area and another to find places for them to eat and sleep."

In Corpus Christi, the telephone company set up more than 300 cots in the coliseum for the repairmen who began work on telephone restoration work at daylight Tuesday. At one time, a spokesman for the company said they were considering bringing a ship into Corpus Christi to provide sleeping facilities for the 750 telephone people brought in for the job. On Thursday, however, arrangements were made to house the men in college dormitories.

Food and water have been trucked in, and telephone repair supplies have been shipped by air and truck from Western Electric warehouses in Houston, Dallas, New Orleans, Omaha, Chicago and Phoenix.

Until electrical power was restored to the main telephone building in Corpus Christi Wednesday morning, Southwestern Bell had operated on auxiliary power from its own emergency generators.

Peggy's Meddlin's

AN accident marred the vacation of Esther Freeman when she sustained a painful fall at Pecos. Esther underwent surgery Monday in University Hospital for three badly broken bones in her right ankle. She was transferred there from a hospital in Santa Fe, whereas she was taken after her accident. Esther was to have started on a new job, Sept. 1, or one where she was formerly employed several years ago, at Arwino Drug. "Hope you are soon up and about, Esther."

MONTGOMERY Ward is moving. Eleanor Hendrix said this week she had rented the building where Goen Drug was formerly located. She has hopes of being in the building and serving the public with Wards products by the first of the month. Eleanor said the building where she was moving would give her more room for display and additional parking space.

WORKERS on the south side of California street really miss Goen's Drug. Earl Minter mentioned Tuesday that it was entirely too hot to walk across the street in the sun for a coke at Mildred's. Don't know if he was serious or not, but it was a sultry day.

Members of the Assembly of God Church in Floydada are trying desperately to make arrangements for a building in order to hold church services Sunday. Their church building was destroyed by fire and with it went records of the church and all equipment. The pastor,

POLLUTION IS CRITICAL PROBLEM

Most Americans agree that pollution is one of our most critical problems today. But few people seem to think there is anything they can do about it.

Actually we are all polluters. Every time we drive a car, flush wastes down a drain, or dispose of garbage and refuse, we are polluting the country.

Athelstan Spilhaus, dean of the Institute of Technology at the University of Minnesota, says, "Pollutants are the residues of the things we make use of and throw away... As the earth becomes more crowded, there is no away—no one person's trash basket is another person's living space."

Billie Douglas And Lee Roy Crutchfield Wed Saturday

In an informal impressive ceremony read Saturday evening at 6 o'clock, Mrs. Billie Lea Woolsey Douglas became the bride of Lee Roy Crutchfield. The double ring wedding was held in the home of the bride's aunt and uncle, Mr. and Mrs. Jack Hendrix in Plainview.

The couple are making their home in Floydada following a wedding trip to the mountains in New Mexico. Mrs. Crutchfield is a teller in the First National Bank and her husband is owner and operator of Crutchfield Tire Co.

Joe Wilkinson, minister of Garland Street Church of Christ, in Plainview, read the wedding vows before an altar formed by baskets of palm fern and candelabra.

Bill Woods of Seagraves was organist and accompanied Mrs. Marvin Tollett, who sang appropriate wedding selections.

For the wedding the bride wore an American beauty rose two piece ensemble of raw silk. The tunic jacket was trimmed with pearl buttons. A bow of pink tulle held a double tiered brief veil and she wore pink accessories. The bride carried a white lace covered Bible borrowed from Mrs. Marvin Tollett, topped with pink rosebuds.

Mrs. Bill Woods, the bride's cousin, served as matron of honor. She wore a pink suit with pink accessories and carried a nosegay of red sweetheart rosebuds. John Hendrix, the bride's uncle, served as best man.

A reception honoring the couple followed in the Hendrix home. The serving table was laid with a pineapple linen cloth, centered with a candelabra bearing pink tapers and surrounded by sweetheart red roses. The matron of honor's nosegay was laid at the base of the arrangement to complete the setting. Silver and crystal appointments were used. Members of the houseparty

were Mrs. Herbert Godfrey, Mrs. Lorn Walters and Mrs. Marvin Neeley all of Plainview. The bride is the granddaughter of Mr. and Mrs. B. R. Bassel of Plainview and parents of the groom are Mr. and Mrs. G. C. Crutchfield of Paris, Texas.

Whirlers Hold Square Dance

The Floydada Whirlers Square Dance Club held a dance last Friday night in the VFW Hall with Joe Greer of Lubbock calling for the dance.

Hosting the event were Mr. and Mrs. James Race and Mr. and Mrs. James Russell.

The next dance will be Friday, August 28, with Jack Thompson of Tulsa calling.

Hosts will be Mr. and Mrs. Elmer Dean Williams and Mr. and Mrs. Leon Williams. Guests are invited to attend.

Just as many of them were married in September as in June.

MRS. JOEL DEAN RICHARDSON (nee Susan Jane Hotchkiss)

Wedding Vows Read Saturday For Miss Susan Hotchkiss And Joel Dean Richardson

For Miss Susan Hotchkiss and Joel Dean Richardson the ceremony Saturday at the Baptist Church in Floydada, Texas, was performed by the Rev. and Mrs. Tommie Morehead and brass cantors.

The newlyweds were Mr. and Mrs. John S. Hotchkiss and Mr. and Mrs. Joel Dean Richardson of Canyon. The bride was given in marriage by her father, she wore a white gown and French lace veil. The groom wore a dark suit and a white shirt with a white bow tie. The ceremony was held at the Baptist Church in Floydada, Texas.

Miss Laura Chapin of Austin was flower girl and Johnny Hall of Billings, Montana, was ring bearer. Both are cousins of the bride. Candelights were also cousins of the bride, Tommy Hall, Billings, Montana, and Curtis Chapin, Austin.

Lloyd Perry of Canyon served as best man. Ushers were John F. Morehead, Plainview, cousin of the bride, Jim Hall and Jerry Davis of Canyon and David Ellis of Quanah. Serving as groomsmen were Sam Hotchkiss, Canyon, brother of the bride, Jerry Richardson of Atlanta, Ga., and Ricky Richardson, Canyon, both brothers of the groom.

Kelly Even of Tulsa, soloist, was accompanied at the organ by Mrs. Neil Oldham, Lubbock. Wedding selections were "When I Fall in Love," "O Perfect Love," and "The Lord's Prayer."

Mrs. Neil Langley presided over the reception, given by the bride's parents following the ceremony. Assisting with the houseparty were Mrs. Frank Covington, Mrs. Jerry Dillard, Mrs. Johnny Copelin all of Lubbock, Mrs. Charles Bussey, Canyon, Miss Carla Weidling, Amarillo, Miss Jill Stansell, Floydada and Miss Camille Hobbs, Farwell.

The bride's table was laid with a white satin draped cloth and held candelabras along with the bride's bouquets and those of her attendants. A four tiered cake decorated with blue flowers, and punch was served from crystal and silver appointments.

The groom's table was covered with a white embroidered cutwork cloth over blue. Cake, decorated with the groom's name, and coffee was served from a silver service. Garlands of miniature fruit completed the table decor.

Following the reception, the bride changed to a nutmeg colored two piece knit for travel. After a trip to Santa Fe, N.M., the couple will reside at 102 South 5th, in Canyon. The bride, a 1967 graduate of Floydada High School, is a senior at West Texas State University. Her husband, a 1965 graduate of Canyon High School, graduated this year from WTSU and is employed by the Santa Fe Railroad.

A rehearsal dinner was hosted Friday night by the groom's

parents at the Holiday Inn in Plainview.

A bridesmaids' luncheon was held Friday at noon in the home of Mrs. John Morehead in Plainview. The bride's cousin. A brunch was held at 11 a.m. Saturday morning at the Lamp-lighter Inn in Floydada. Hostesses were Mrs. Sam Hotchkiss of Canyon, sister-in-law of the bride, and Mrs. Robert Overly of New Orleans, La., aunt of the bride.

Mrs. Allan Gross gave a brief talk on the history of the community and made the presentation of gifts to Perry Tip-ton, Petersburg, oldest man attending; Mrs. M. D. Ramsey, Floydada, oldest woman attending; Randy Dietrich, Lubbock, youngest boy present; Jill Ramsey, Petersburg, youngest girl present and David Scott, traveling the greatest distance, from Maryville, Missouri.

Randy is the son of Mr. and Mrs. Kenneth Dietrich; Jill, the daughter of Mr. and Mrs. Don Ray Ramsey, and David, the son of Mr. and Mrs. Billy Dave Scott. The gifts were from the Harmony Community Club.

Mrs. Elmer Dean Williams presided at the refreshment table and registering guests were Jeannie Davis and Susie Lewis of Petersburg.

Guests attended from Lubbock, Amarillo, Hereford, Plainview, Floydada and Petersburg.

Hosts for the occasion were Mr. and Mrs. Elmer Dean Williams, Mr. and Mrs. Everett Miller and Mr. and Mrs. Allan Gross.

If you pity rogues you are no great friend to honest men. —Thomas Fuller.

It is hard to have pity and be wise.

Birthday Party At Nursing Home

Women of the City Park Church of Christ hosted a birthday party, Friday, August 14, for those of the local nursing home who are celebrating their birthdays in August. One of the church women read the following poem:

The time has come around again To have a birthday party So everyone join in the fun And make it "hail and harmony".

Mrs. Britton is a guest. Her friends all call her Pearl. She's very spry for '89" A very bouncy girl! Mrs. Warren's special day is August twenty-six. . . And for a celebration She has a bag of tricks! It always is quite proper To let our voices ring So happy, happy birthday And EVERYBODY sing.

And everybody did sing "Happy Birthday to You" to the honorees, Mrs. Lydia Warren and Mrs. Pearl Britton, who were seated at the honor table with birthday place cards to mark their locations. Table cloths and floral centerpieces were used on the party tables with the birthday cake on the honor table. Beginning with the honorees, birthday cake and punch were served to all guests including those from the outside, the residents, and employees. Resident patients unable to attend were served in their respective rooms. Women of the church plan

Eighty Attend Homecoming

Some 80 persons attended the Harmony Annual Homecoming Sunday afternoon with many old timers returning for the event. Young and old alike from the Harmony community and those who formerly lived there, enjoyed the afternoon of visiting.

Mrs. Allan Gross gave a brief talk on the history of the community and made the presentation of gifts to Perry Tip-ton, Petersburg, oldest man attending; Mrs. M. D. Ramsey, Floydada, oldest woman attending; Randy Dietrich, Lubbock, youngest boy present; Jill Ramsey, Petersburg, youngest girl present and David Scott, traveling the greatest distance, from Maryville, Missouri. Randy is the son of Mr. and Mrs. Kenneth Dietrich; Jill, the daughter of Mr. and Mrs. Don Ray Ramsey, and David, the son of Mr. and Mrs. Billy Dave Scott. The gifts were from the Harmony Community Club.

Mrs. Elmer Dean Williams presided at the refreshment table and registering guests were Jeannie Davis and Susie Lewis of Petersburg.

Guests attended from Lubbock, Amarillo, Hereford, Plainview, Floydada and Petersburg.

Hosts for the occasion were Mr. and Mrs. Elmer Dean Williams, Mr. and Mrs. Everett Miller and Mr. and Mrs. Allan Gross.

after the storm hit," Miss Glenda May said, "but we never lost Long Distance contact with other cities." Miss May was working at the switchboard when the storm struck. "Our emergency power cut right in so we could work the switchboard, but the room was in semi-darkness. Our lines were overloaded because everyone was trying to call in or out of the city to check on their loved ones."

Miss May was in San Antonio Monday morning for training when she was asked to report back to Corpus Christi. She arrived at her job at 1:30 p.m., just two hours before Hurricane Celia unleashed its winds on the city. Her new car was parked outside the telephone building.

"Someone told me a tree had fallen on my car. When I looked out the window, I could see the wind moving cars on the parking lot as if they were toys. It was the worst storm I'd ever seen."

Another car was blown across the front door of the main building effectively blocking the entrance. The building's windows were smashed, its roof damaged, and it was necessary to cover sensitive telephone equipment with plastic sheets.

The general manager for Southwestern Bell said that "telephone destruction in Corpus Christi is so widespread that out linemen, cable splicers and repairmen must begin putting the local system back together block by block."

LAWYERS & COURT

Washington--Prominent trial lawyers recommended recently that judges combat courtroom disturbances by taking unruly lawyers out of the case or suspending their right to appear in the court for six months. The American College of Trial Lawyers also asked for contempt action and disbarment proceedings against lawyers who engage in disruptive trial tactics.

LEGAL NOTICES

Being certified by the Commissioner of Agriculture of the State of Texas for this purpose, the Texas Soybean Association, Route 2, Plainview, Texas 79072 proposes a referendum election on September 26, 1970 under provisions of Article 55c, Vernon's Civil Statutes, on the proposition of whether or not soybean producers in a 23-county area of the State of Texas shall assess themselves a maximum amount of 1/2 cent per bushel to be collected at the point of first processing or sale and to elect members for a 9-man commodity producers board to administer proceeds of such assessment to be used for research, disease and insect control, education, and promotion designed to encourage the production, marketing, and use of soybeans. Counties to be included in the referendum area are: Deaf Smith, Parmer, Castro, Swisher, Briscoe, Bailey, Lamb, Hale, Floyd, Lubbock, Crosby, Bowie, Red River, Lamar, Delta, Fannin, Orange, Jefferson, Chambers, Liberty, Hardin, Harris, and Galveston.

The referendum and election will be held in each county by personal balloting. Polls will be open from 8:00 a.m. until 5:00 p.m. on the date of the election. The polling place for Floyd county will be at Council Room, Agricultural Building on Courthouse Square, Floydada, Texas. Voting will be conducted on September 26.

Any person within the area described above engaged in the business of producing, or causing to be produced, soybeans for commercial purposes is eligible to vote, including owners of farms and their tenants and sharecroppers, if such person would be required to pay the assessment proposed.

Any person qualified to vote at the referendum may place his name in nomination for election to the proposed commodity producers board by written application to the above organization signed by himself and at least ten other persons eligible to vote in the referendum. Such applications must be filed at least 30 days prior to the election date.

Any person who wishes to vote absentee may obtain a ballot at his local County Agent's office on or after September 12, 1970. Such ballots must be completed and returned to the Texas Soybean Association, Drawer Q, Plainview, Texas prior to midnight on the election date.

Many Changes In Texas Schools

It's back-to-school time again for more than 2.7 million students in the Texas public schools.

For about 224,500 of them, it will be "first-time-to-school." Most of these will be first graders, but some 30,000 will be 5-year-olds in the new state-supported kindergarten program.

Among numerous changes in Texas schools this year, the teachers will begin work a bit earlier, and students in some localities will begin classes earlier. The school year will

have 180 classroom days instead of 175. Teachers will be on duty for 10 more days of non-teaching work during the year to help with school opening and closing, and to receive in-service instruction that will help them to teach better.

Despite these changes, the experience of heading off to school for the first time won't be much different for this year's 6- and 5-year-olds than it was for their parents. It's a giant step for little people.

To help parents make it easier on their youngsters, the Texas State Teachers Association offers some basic tips in a leaflet titled "To Help the Child, and Parents too!" Here are some of the pointers:

- * Encourage him to have playmates.
- * Help him learn habits of promptness, obedience, and respect for authority.
- * Read to your child.
- * Take him to places of interest such as the zoo, park and library.
- * Label his personal belongings with his name and address.
- * Praise your child frequently; help him to feel successful.

THE FIRST TEACHER

The child's first teacher has an enormous responsibility and opportunity to help shape his or her future life. The teacher will help the child to:

- * Have opportunities in group learning, work and play.
- * Think for himself.
- * Become interested in the world about him.
- * Treat others with consideration and fairness.
- * Feel at ease with others.
- * Build a good foundation for future learning.

Parents are always welcome to visit their child's school. When visiting, they should stop first at the administrative office and meet the principal.

When it is necessary to bring a child's lunch or other supplies to school, they should be left with instructions at the school office. Classes should not be interrupted while in ses-

REGISTRATION PROCEDURE

Any child who is six years old on or before September 1 may be admitted for the 1970-71 school year. (Special requirements for enrollment of certain 5-year-old children in public school kindergarten for 1970-71 have been publicized locally.)

The child's birth certificate must be presented at time of enrollment. Some schools, in the interest of good health, require that the child be vaccinated against smallpox and immunized against diphtheria, whooping cough, and tetanus.

Other information which the school will need includes name, occupation, place of work, and phone number of the father; name, address and phone number of the family doctor; and the family's home address and phone number.

HOW PARENTS CAN HELP

When parents meet their child's principal and teacher for the first time, they may offer these suggestions:

- * Teach your child the safest way home.
- * Teach him (or her) to go directly home from school without loitering on the way.
- * Remind him not to go with strangers.
- * Give your child definite duties at home and see that he performs them.
- * Help him to establish good listening habits.
- * See that your child gets enough sleep.
- * Provide your child with a good breakfast each morning.
- * See that he is happy before he leaves for school.
- * Teach your child that policemen are his friends and that he should go to them when he needs help.
- * Teach him to dress himself properly.
- * Teach him to have confidence in his teacher.
- * Provide opportunities for your child to be away from his mother for short periods of time before he starts to school.
- * Teach your child to respect the property rights of others.
- * Allow your child to do as much for himself as he is able to do.
- * Show an interest in what he has to tell you about his work and play at school.
- * Help him to see likenesses and differences in objects and forms.

sion. Arrangements should be made in advance for conferences with the child's teacher.

Parents are invited and urged to join the PTA, attend its meetings, and take an active part in the work it does to support the school.

The TSTA leaflet points out that the parents' attitude toward the school and the teacher will be observed--and often copied--by the child. Parents therefore should avoid criticizing school or teacher in the child's presence. Instead, they should do what they can to solve such school-related problems as conflict with another child, a difficult activity, or a school rule that the child does not understand.

SCHOOL WANTS TO KNOW

The school principal will want to know--in advance if possible--when a family moves to a new address.

ON DRAFT REFORM

House Armed Services Committee Chairman L. Mendel Rivers has announced a review of the nation's draft system is underway "for possible future action." He indicated no draft reform action will be taken this year. The review is being conducted by the House draft subcommittee headed by Rep. F. Edward Hebert, D-La.

A child with a cold, fever, sick stomach or other severe ailment is better off at home than at school; however, parents should encourage and require good school attendance by their children. A written excuse from the parents may be needed when the child returns from an absence.

When child-school problems of any kind arise, the parent should feel free to discuss them with the child's teacher.

Orientation For Freshmen To Be Held At 4:30 Today

Floydada High School freshmen are reminded of an orientation to be held at the high school today (Thursday), August 20, at 4:30 p.m., sponsored by the Student Council members.

Registration, which follows Friday, will be explained to the freshmen, as well as assembly procedures. A tour of the

school will also be conducted by members of the Student Council to familiarize freshmen with the building.

During registration Friday the Student Council will distribute hand books which contain rules and regulations of high school. They are also sponsoring a "Howdy Week" August 24-28.

Diphtheria Protection Urged For Floyd County Youngsters

Health officials recommended yesterday that children from two months old to teenagers be immunized against diphtheria.

The recommendation came as a precautionary measure after a diphtheria outbreak in epidemic proportions was reported in San Antonio.

The disease has not touched Floyd County as far as health officials could determine yesterday, but Billy Jordan, county migrant health nurse, said it would be wise for parents to have their children take the immunization.

Mrs. Jordan said an immunization clinic is set for Sep-

tember 1 in the health office at the court house. All low income parents are urged to bring their children for the immunization of smallpox, diphtheria, whooping cough, tetanus, polio and measles.

School officials here say all kindergarten and first grade students must have their smallpox, diphtheria and polio shots before entering school. Older students are urged by health officials to secure booster shots for diphtheria and polio.

Give To The Red Cross

Disaster is a human tragedy on a mass scale - on such a scale, in fact, that it is often hard to comprehend. A case in point is the misery caused by Hurricane Celia recently in Texas. The American Red Cross reports that, in addition to the deaths and injuries in the disaster, more than 64,600 homes were destroyed or damaged. But an added figure, perhaps one more easy to comprehend, is the fact that this one horrible storm brought losses to more than 65,000 families.

Right now, amid the wreckage and debris along the Gulf coast of Texas, plans are underway to build anew. As always, the Red Cross is there, giving hope and helping to rebuild the thousands of lives that have been shattered in just a few hours. Its financial assistance to the victims is an outright gift. Repayment is neither asked for nor implied.

The task before the Red Cross is a great one. American Red Cross volunteers and staff will be on the scene for months, helping Celia's victims reconstruct and repair their homes, replace lost household furnishings and occupational equipment, and to assist with the medical bills from disaster-caused injuries and illness.

Because of the magnitude of the recovery operation, Red Cross National Chairman E. Roland Harriman has appealed to the American people for generous contributions to help meet costs running many millions of dollars. We wholeheartedly endorse this effort. The Red Cross is the only organization in this country that can provide this help freely to those in need. Its sole financial support is that from the American people. In the weeks ahead, the families that suffered in Celia will be counting on the Red Cross to restore their way of life. And, we are sure, the Red Cross can count upon us for the means to do the job.

Your contribution can be sent or taken to our local chapter of the American Red Cross.

ter than he was, a roguish cow-something of that sort - would be specimens for this type of bargaining.

I have always thought that the "Connecticut Yankee" stories were the product of the imagination of Ople Read. At any rate, I well remember his paper back book by that title. This Yankee trafficker sometimes "worked off" an animal he did not want by the simple matter of letting his adversary talk too much. It must also be realized that if the trader skinned along at a level just above an untruth it was not as if he were taking advantage of a babe in the woods.

One summer I "clerked" for Mr. Dunn when he ventured into the grocery business. I learned about the trade "feud" one day when he came into the store all aglow. He had traded to advantage with the colonel, it seems. I was too dumb to understand it fully and can't repeat the details.

Conversation between the adversaries was always on a high level - it was "Colonel" this and "Major" that respectively. No wagon yard nor livery stable jargon. I do not know which got in the last lick before the "Major" moved away.

A SLIGHT OVERSIGHT I think I must have made Mr. Dunn a mighty good hand in the little 25 by 30 foot building on the east side. He would be in the store himself once in awhile but generally not for long. He was an out-of-doors type.

To illustrate how carefully I looked after the store, I went off one night, leaving the double-door entrance wide open. It did not rain over-night to melt a stack of 11 one-hundred pound sacks of sugar nor make paste out of some 30 odd 50-pound sacks of flour. Mr. Dunn would know all about it soon, I knew. However, he never so much as mentioned it.

While the doors were wide open all night nobody carried anything off. (We lived in a different world in those days, a fact for which I thank my Lord for more reasons than one.) My mortification was made complete by the smirks and calls from the sidewalk whittlers as I drove the one-horse delivery buggy around the next morning. Word of things like that got around then the same as now.

BOOKKEEPING DILEMMA One day I had a dilemma in the bookkeeping department that my employer helped me solve quickly. He had me make a long distance telephone call to a wholesale house in Canyon. A chore like that in those days was not a casual matter. After I finished talking I was still in somewhat of a dither. I had a problem. What sort of an entry should I make? What to charge the phone call to?

Mr. Dunn's answer was prompt. "Charge it to 'phonage,'" he said.

Scripture Reading

One of the seven synonyms for God as used in Christian Science is "Mind," which is the subject of the Lesson-Sermon to be read in all Christian Science churches on Sunday, August 23. The nature of divine Mind will be explained in contrast to the belief that the human mind is a creative or governing power.

One of the Bible verses to be read is from Psalms: "Great is our Lord, and of great power: his understanding is infinite." Other readings from the Bible illustrate the power of Mind utilized by Christ Jesus in healing the sick.

A citation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, Discoverer and Founder of Christian Science, reads:

"The basis of all health, sinlessness, and immortality is the great fact that God is the only Mind; and this Mind must be not merely believed, but it must be understood."

SOCIAL SECURITY QUESTIONS AND ANSWERS

Q. I lost my social security card. Must I get another social security number?

A. No. If you use more than one social security number, there is a chance you may not get credit for all of your earnings. You should get a duplicate card with the same number at your social security office.

Q. My husband and I receive a single social security check with both our names on it. Can we receive separate checks?

A. Yes. Checks for married couples usually are combined to save administrative costs and to save check cashing-fees. But, if you'd rather get separate checks, just send a written request, signed by you or your husband, to your social security office.

Most Farm Payments Completed In Floyd County

Most of the farmers who participated in the 1970 wheat, feed grain, and cotton programs in Floyd County have now received their program payments, according to Ned J. Bradley, Chairman of the County Agricultural Stabilization and Conservation (ASC) Committee. Farmers earn program payments by diverting portions of their cropland to conservation uses, and complying with other program requirements, Bradley explained. Diverting unneeded cropland helps maintain a balance between supply and demand, preserves the excess acres for future use when they are needed, provides a more orderly supply of farm products to consumers, and helps to assure equitable prices to farmers.

Throughout the nation, over 3 million farmers earned the farm program payments, Bradley said. Payments are disbursed during a six-week period beginning July 1, 1970. In past years, the payment period has extended over a three-month period from July through September.

Compressing the payment period into half the normal time required close cooperation between farmers and ASCS personnel, Bradley said, adding: "Speaking for the entire farmer-elected committee, I am proud of the way everyone has cooperated to get the payments out early as we had promised farmers that we would do."

Because of budget restraints, partial payments could not be made this year during the spring sign-up period for the feed grain program, Bradley explained. "When this decision was made, the Department told farmers that full payments would be made as early as possible. That commitment has now been largely fulfilled," Bradley said.

'Open Letter To Man'

In this era of preoccupation with sex and nudity under the guise of freedom of expression, a simple letter written to man about the image of womanhood is creating a lot of interest throughout the country. Some radio personalities such as Los Angeles' famous Dick Wittinghill have read it repeatedly on their radio programs. Newspapers and magazines, both religious and secular, are reprinting it. And private citizens are copying it for distribution to their friends.

This is what "Open Letter to Man" says:

"I am a Woman. I am your wife, your sweetheart, your mother, your daughter, your sister... your friend. I NEED YOUR HELP."

"I was created to give to the world GENTLENESS, UNDERSTANDING, SERENITY, BEAUTY AND LOVE. I am finding it increasingly difficult to fulfill my purpose."

"Many people in advertising, motion pictures, television and radio have ignored my inner qualities and have repeatedly used me ONLY as a symbol of SEX. This humiliates me; it de-

troys my dignity; it prevents me from being what YOU want me to be - an example of - Beauty, Inspiration and love -

"Love for my children, love for my husband, love of my God and country."

"I need your help to restore me to my true position ... to ALLOW me to fulfill the PURPOSE FOR WHICH I WAS CREATED."

"I know you will find a way."

This letter was written about ten years ago by songwriter Sy Miller and his wife, the former actress, Jill Jackson. But it wasn't until "Open Letter to Man" was discovered shortly over a year ago by the Rev. Francis J. Caffrey of the Maryknoll Fathers that it received widespread circulation.

Father Caffrey was so impressed with the letter that he got the Millers' permission to reproduce it. From that humble grass roots beginning, "Open Letter to Man" has developed its own quiet underground movement protesting the degradation of women as mere sex objects. Boys Ranch Rodeo September 6 And 7

An event that began in 1944 to help a group of boys will be held for the 26th year when the more than 350 young cowboys at Cal Farley's Boys Ranch put on their annual Boys Ranch Rodeo over the Labor Day weekend.
 Competing with each other, the boys will ride bareback brooms, Brahma bulls, steers, calves and stick horses for the trophies and honors that are waiting for the winners. Every boy at the ranch has some part in the rodeo, either as a contestant or working as an usher, parking cars, operating concessions or helping at one of the many behind-the-scenes jobs that makes the rodeo the only one of its kind in the nation.
 "All of the boys have something to do in the rodeo," Ranch president Virgil Patterson says, "and they have been working hard to make it the best rodeo they have ever put on."
 A special attraction of the rodeo will be giant-size barbecue beef sandwiches with all the trimmings that will be sold for \$1.00 to those wanting to picnic at the Ranch. This concession will be run by boys learning meat-cutting and cooking for their vocations. Soft drinks, pop corn and other refresh-

Let There Be Light!

The ladies of Patriot, Indiana with a total population of 277 discovered that they needed only 11 lights to brighten the streets of their town. They didn't have the money, according to a spokes-

man for the Street and Highway Safety Lighting Bureau, and neither did the village treasury. So they gave chicken suppers and held rummage sales and conducted raffles until they raised the funds to buy and install those 11 lights.

Defeat of the \$20,000 per crop limitation on farm payments under the House-passed farm bill August 5 was the result of an exceedingly strong effort from all concerned, according to Don-

ald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock.

Johnson, who was on the scene, said industry representatives, USDA and leading members of Congress on both sides of the aisle worked tirelessly in diluting support for the lower limit and to make it possible to retain the \$55,000 per crop limit sponsored by the House Ag Committee. He added "We are highly grateful to our own Texas Representatives and to others in Congress who gave such solid support when it was so badly needed."

Johnson noted that all of those voting from the Texas delegation voted with House Ag Committee Chairman Bob Poage of Waco and said "This is quite a tribute to Mr. Poage and to our Representatives' ability to understand the severe effects a low level payment limit would have on the nation's largest industry."

He also had special praise for 19th District Congressman George Mahon, Chairman of the House Appropriations Committee, saying that Mr. Mahon "used" his influence energetically and unstintingly in fighting off the lower payment limit. Also singled out for recognition by Johnson were Congressmen Bob Price, Graham Purcell and George Bush of Texas, Speaker John McCormack, Majority Leader Carl Albert, Majority Whip Hale Boggs, Minority Leader Gerald Ford, Minority Whip Leslie Arends and Page Belcher, ranking minority leader of the House Ag Committee.

But Johnson cautions that this is not the last word and that many changes may yet be made both in the basic provisions of a farm law and in the type and level of a payment limit. The next hurdle of course is the Senate Ag Committee where Johnson pointed out that USDA and others, including Plains Cotton Grow-

ers, will be seeking to improve on the House version. "PCG's efforts at the Senate level will be directed at changes which would (1) improve producer and eliminate the limitation on payments to individual farmers (2) institute the expanded and more comprehensive approach on which we have been working for some time," Johnson stated.

Some farm leaders in the Senate have expressed the hope that the Senate might be able to pass a farm bill by 1971 but others believe it will be impossible to meet that deadline.

The farm bill as passed by the House provides a 10-cent per pound, middling one onch, 3.5 to 4.5 micron on yields from 11.5 million acres for the 1971 crop equivalent amount for the 1972 and 1973 crops.

FERTILIZER DEALERS CONFERENCE TO STRESS "PROGRESS"

"Progress" will be the watchword for South Plains fertilizer dealers who will be participating in the South Plains Development Program (SPD) Fertilizer Dealers' Symposium August 26 in Lubbock.

The symposium will be held at the Holiday Inn East and will get underway at 9:30 a.m., according to County Agricultural Agent Doyle G. Warren.

Theme of the morning session will be "Information for Progress" while the afternoon portion will be titled "Managing for Progress".

Fertilizer dealers play a vital role in the agricultural economy of the area and this symposium is planned specifically for them, points out Warren.

New ideas will be discussed and a jam-packed session will be held on "how to make more money in the fertilizer business through better management and improved customer-dealer relationships."

Discussions during the morning session will include "Organization and Function of the Texas Plant Food Educational Society (TPFES), Opportunities and Adjustments Facing the Fertilizer Dealer, Review of Soil Fertility Research, Fertility Research Now and in the Future and Fertilizer Application Equipment".

Guest speaker following the noon luncheon will be Dr. H. C. Kunkel, dean of the College of Agriculture, Texas A&M University, and acting director of the Texas Agricultural Experiment Station.

The afternoon program will include discussions on "Expanding Sales by Diversification, Selling a Service and Managing for Progress."

Featured speakers at the day-long conference will be Ross Erwin of Odessa, president of the TPFES; Bob Landry of Plainview, Bob's Farm Store; and James H. Valentine, James R. Rogers and Marvin O. Sartin, area soil chemist, assistant area agronomist and area farm management specialist, respectively, Texas Agricultural Extension Service, Lubbock.

Also, Dr. Arthur B. Onken, associate professor, Texas Agricultural Experiment Station, Lubbock; Norman Hinchliff of Earth, Farm Chemical Co.; and Kenneth Wolf and Johnny R. Feagan, Extension Service economists, College Station.

Chairman of the morning session will be Billy C. Gunter, Extension district agricultural agent and SPD coordinator. Hinchliff will chair the afternoon portion of the program.

Warren encourages all fertilizer dealers in the county to make plans to attend the symposium.

Sponsors for the program, in addition to SPD, are the Extension Service and the TPFES.
