THE Whirlwind band as they played "George Girl" favorites at the pep rally last week. Looks like the new bass horns will be easier to carry than the old brass and they sound mighty good.

TO Vernon Parker and Powell's Super Market for the front page football picture last week. And another big tip to James Hale for the tip on the train wreck between Lockney and Petersburg.

WITH a trip to see any Texas Tech game to watch the Red Raiders. I enjoyed seeing the student body ride the black horse around the Astro-Field.

ME, I especially enjoyed the game because Tech won, they got a slow start, Tech wound up looking good.

HERLWINDS also got off to a slow start in the Ralls game, but came to life after the first quarter. Our blocking was great and Andy Selman, Andy Hale, Steve Puckett, Eugene Bethel just to name a few, were outstanding. Quarterback Andy showed that he could run. Quarterback Ricky Watts also looked good. Quarterback Watts kicked five extra points.

OVER at Methodist Hospital visiting my friend Ned and when the nurse brought in a pitcher of ice water, I politely asked the nurse to pour out the water and ice in the pitcher. "I have my own windmill water from Ned," Ned explained to the nurse, "with Ned, our windmill water surely beats Lubbock's windmill water." Fact is, I imagine their water is about as good as the time it comes all the way from Lake Meredith.

### ON TRIAL BASIS

## School Offers Inter-city Bus Service For Elementary Pupils

The Floydada school board after about an hour's discussion decided to offer the children of kindergarten through sixth grade age inter-city bus service at their regular monthly meeting Tuesday night.

It was agreed that the service would start as soon as arrangements for bus and driver could be made...possibly as soon as Monday.

The decision was made to alleviate some hardship cases of small children walking to school in bad weather and many parents who were driving children from northwest Floydada to southeast Duncan Elementary school.

The plan will work this way. Kindergarten, 1, 2, and 3 children in the Andrews Ward school area will walk to that

school in the morning, board the bus. The bus will then proceed to Della Plains school and pickup similar graded children, then proceed to Duncan Elementary where they will be unloaded.

Then the bus will pick up all 4, 5, and 6 graders who have walked to the Duncan Elementary school, go back by Della Plains school, then proceed to

Andrews Ward where they will be unloaded. A similar route is planned in the afternoon when school is out.

Parents will be notified when the plan will begin and how it will work by elementary principals.

The board emphasized that it did not know how many buses this plan will take, or how many children will use the service,

therefore it is only adopted on a trial basis.

**OTHER BUSINESS**

The board interviewed all the school's principals to hear their reports after a month of school. There seemed to be some traffic problems at Duncan Elementary and one-way traffic pattern is considered for that school.

Andrews Ward principal Bob

Copeland reported that his six grade classes averaged 36 pupils per class and the board instructed, superintendent, A. E. Baker to employ another sixth grade teacher, which should bring the average down to 27 pupils per grade.

Duncan principal W. P. Nicholson reported four first grade classes with 30 pupils and two

## Floyd County Fair Opens Today

### With Parade In Lockney

The 17th annual Floyd County Fair opens Thursday, Sept. 17 in Lockney. The three day event opens with a parade in downtown Lockney business district Thursday afternoon at 4 o'clock. The Fair will consist of women's exhibits of homemaking and crafts; agriculture, showing the finest of the area farm products; quarter horse show; livestock from champion herds of Caprock communities; commercial exhibits of farm machinery, automobiles, farm and home supplies and education exhibits; entertainment, the Jack Greene Show, radio broadcasts, gospel singing, queen contest, ladies day, antique show, tractor driving contest and on the midway, the D.S. Dudley Show.

Treasure," "Love Takes Care of Me," and "Statue of A Fool." **JOLLY GIANTS**

Jimmy Dry, who fronts the Jolly Giants, is also an accomplished singer who often adds a western swing feeling or

an old-fashioned breakdown from his fiddle bow. Billy Paris will be lead guitarist; Ron Elliott, steel guitarist; Noel Stanley, bass; and Don Lacey, on the drums. When Lacey sings, he has his own drummer, Jack

Greene.

Also on opening day of the Fair there will be the judging of Community Exhibits, judging in the Women's Division; judging on the Agriculture Department and the Tractor Driving Contest.

Friday its the Ladies Day program and Gospel singing. Saturday will feature the Quarter Horse Show. Junior Show-SEE FAIR PAGE 3

## City Council Approves Electric Line Improvements

The Floydada City Council devoted over six hours Monday night to a 19 point agenda meeting. Highlight of the long session was the agreement of the council to rebuild some major electricity lines from the plant to some downtown areas.

Consulting Electrical engineer Bill Taylor of Baton Rouge, La., estimated the work and materials would cost over \$10,000 and electric service would not be off for any of the city's customers while the work was being completed. The council

will accept bids for the job, which it is hoped will be completed before the ginning season.

Taylor told the council that his overall inspection of the electrical distribution system re-

## DDD Begins Sunday

Direct Distance Dialing (DDD) will be in Floydada Sunday.

"Conversion to DDD means that Floydada customers can dial their own station-to-station telephone calls anywhere in the United States," said Doug Simpson, manager for Southwestern Bell Telephone Company.

Simpson pointed out that use of DDD is simple.

First, dial "41" to gain access to the DDD network.

Then dial the Area Code (except 806).

Finally, dial the seven digit number you are calling.

"It is not necessary to dial the 806 Area Code because the equipment is engineered to recognize numbers in that Area Code," Simpson said.

He emphasized, however, that

all other area codes must be dialed.

Calls such as person-to-person, credit card, or billed to another number still must go through an operator.

DDD calls are billed automatically, Simpson noted. He said a machine records the time each call is placed, the calling number, the called number, and the time the called party answers. The disconnect time also is recorded.

This information is used for billing.

If a called number does not answer, the call is not billed. If a customer reaches a wrong number on a DDD call, he should find out the number and city he has reached, and then immediately call the operator.

## Whirlwinds Invade Tulia Hornet Hive Friday

Coach L. G. Wilson's Whirlwinds try their luck Friday with the Tulia Hornets of District 1-AAA. The "Winds" come into the game with a 1-0 record after shutting out Ralls 41-0 last week. Tulia lost to 3-AA Olton in its season opener, 45-12. Game time is 8 p.m. at Tulia.

The Hornets figure to run out of the Texas Wishbone-T, with 150-pound junior quarterback Don Payne calling the signals. Payne, who started ten games last year as a sophomore, is rated as a good runner as well as a quick-thinking field general.

The Whirlwinds will have to watch backs Johnny Dunn (160, junior) and Aubrey Rogers (170, senior). Dunn and Rogers were

the scorers in last week's loss to Olton. Other Hornet backfield members are Danny Potter (155, senior) and Tommy Golden, a 145-pounder.

Payne's aerials can go to split end Tommy Anderson (180, senior) and tight end Tim Thornton (175, senior).

Several of Tulia's linemen will see both offensive and defensive duty. 175-pound center Gary Schwede, guards Larry Elmore (185, senior) and Ronald Chandler (175, senior), tackles Doug Flowers (205, senior), Ricky Flouch (195, senior), and Doug Travis (198) are some of the outstanding Hornet linemen.

Senior linebacker Malcom Hefley and safety Steve Burrow

are two-year lettermen for the defense.

Whirlwind lineman Frank Watson was injured in the Ralls game and will be sidelined Friday night. No other injuries are reported in the Whirlwind camp.

Rain has hampered workouts for the "Winds" this week, but head coach L. G. Wilson reports the Mean Green ready to go against a tough Tulia team. "Tulia has a real aggressive ball club. Although they're a light team, they'll really take the fight to you. We'll have to be ready."

Wilson had these comments on last week's victory over Ralls:

"For a first game of the season, we made a minimum num-

ber of mistakes and had a real good effort, although we weren't as sharp as we will be later on. We were especially pleased with the defensive backs and the blocking of the offensive backs."

Probable starters for the Whirlwinds are:

**OFFENSE**

Ends - Steve Puckett and Mike Moore

Tackles - Kim Rose and Richard Hale

Guards - Glenn Switzer and Mike Winter

Center - Jim Crawford

Halfbacks - Andy Selman and Walter Harris

Fullback - Van Mitchell

The girls, in preparation for the football season, worked two hours a day during the summer and also designed their twirling suits. Kacky Weems is in her third year as twirler and Beth and Cindy are performing for their first time this year. I REMEMBER, I REMEMBER....

## Rail Building Days

While C. W. Post has been credited with participation in the successful effort to get the Santa Fe Railway Company to change the route of the "cut off" line to the Gulf from Clovis - Plainview-Floydada-McAdoo to a route that would take it through the Double U Company lands from Clovis by

way of Lubbock, I could not tell that the resentment locally reduced the demand for Grape Nuts nor for Post Toasties to any extent.

The year I have in mind is 1909. The way the plans had been laid, as we were informed in Floydada, was that the Santa Fe had resolved to build to sea-

port on the Gulf Coast and the route chosen was by Plainview, Floydada, McAdoo and off the escarpment to a junction with Santa Fe lines down-state. I think Abilene was to have been one of the points enroute the new road was to have touched.

The plot was already laid, there was activity in local real estate as the "advance man" (to promote confidence, engender enthusiasm and make some profit out of increasing prices) bought several lots here. This would make it easier to raise the bonus that would be asked a bit later.

This was general practice throughout the southwest at the time. Railways "saved" many towns, "killed" many towns, and were responsible for opening new towns that began to dot the southwest.

Such new towns can be named by the dozens and the story of their success together with the laments of other towns that were killed outright or greatly damaged constitutes quite a bit of the history of the period from 1890 to 1930.

**Built a Railroad**  
The considerations in Floyd County, which it seems to me will be credited with the change that was made, were, first, that the line as planned would miss Lockney completely, and do a great deal of damage to people in that vicinity, and second, that a \$50,000 bonus, which it was said would be asked of Floydada would create a financial load that would be too big for the community to carry. There was some disagreement on this reasoning but it is the reasoning that finally prevailed.

The outcome is history. Floydada did get its rail line built through Lockney, and negotiations with the Santa Fe resulted in the construction of a line by a local company named Llano Estacado Railway Co., whose holdings were purchased by the Santa Fe as soon as the line was finished. The \$50,000 bonus money was saved and the stockholders who had put their money into the building of the 26-mile railroad got their money back.

On the other side of the coin results added up rather heavily too. When Post and other heavily interested property owners in that winter found the Santa Fe a feasible route to "descend" the caprock from Clovis by way of Lubbock, the railway company adopted that route for their main lines to take them

## Dane Clark Shows Art At Santa Fe

The following article was written about Dane Clark recently in Santa Fe, New Mexico:

### SANTA FE ART

By Dyke Van Remoer  
The Gallery Santa Fe has moved from Bonita Plaza to a new location, 703 Canyon Road. The new quarters will permit the gallery to offer a greater selection of fine art and sculpture.

Currently showing is the work of Dane Clark, a native of Texas who began his formal art training in the School of Fine Arts at Southern Methodist University, Texas Tech and McMurry College. He later continued his art training at the Colorado Institute of Art in Denver, where he is presently director.

Clark has painted in Spain, Portugal and Mexico, as well as being a graphic designer - which he continues on a free-lance basis. He is design consultant for Unit One, a Denver graphic design studio.

Most of Clark's fine art is of an architectural nature, painted in an "expressionistic" manner. Nature is his greatest source of inspiration, especially his landscapes in the Santa Fe area, Taos and Mexico. This artist is a prodigious worker, turning out literally hundreds of drawings, small watercolors and collages, some to be utilized as ideas for paintings.

Every piece of work starts out as a design smudge and is turned into a structural thing of beauty. He claims that the only mechanics he works on are structural qualities. His style and method are forever changing, but not the structural part.

Some of Dane Clark's handsomest canvases are landscapes of structural groups of Santa Fe and Mexico. A trip to Spain and Portugal resulted in a series of highly beautiful color reflecting the drama, heat and arid climate of these areas.

"I have to capture the mood first, then I start to compose," he said. "It all comes about in a natural way. To me painting is a language of feeling, of emotions, of surges of responsive excitement - like seeing for the first time."

"Always, on the spot, I do only small sketches. All large paintings are done later, in my studio with the help of these sketches, plus a wide area of imagination which develops after time has elapsed between me and my experience."

"The Santa Fe area has a mood, a tradition all its own, with a palette of colors in a subtle harmony. I want to perceive these qualities, to apprehend and infuse them into my paintings, not to formulate this infinitely varying material into some single mood, color palette or limited background."

The West was romantic not to the Westerner himself but to the Easterner, who could not ride a horse across the plains, could not wear a six-shooter, herd cattle or wear a ten-gallon hat. It was the East that set the standards, made the rules and dubbed the cowboy, bandit and marshal romantic.

It is only in recent years that the American public has begun to accept a more realistic view of the West. It is doubtful, however, that the phony romance surrounding those wild years will ever be completely revealed to today's public.

Dane Clark is director of the Colorado Institute of Art in Denver, Colorado. Dane is the grandson of Mrs. L.L. Clark and is a native of Plainview and Floydada High School graduate.

He studied art first under Mrs. E.J. Barker. Dane is the brother of Linda Gayle Waller.

## Kindergarten At Community Center

The Community Center would like to continue its Kindergarten Program this fall and next spring. In order to do so, an enrollment of 15 or more is needed.

Anyone having a pre-school child they would like to enroll in the program should contact John Campbell or call the Community Center, as soon as possible.

## Kenneth Martin TSTI Student

Kenneth L. Martin, son of Curtis E. Martin of Route 3, Floydada, is a student at Texas State Technical Institute where he is enrolled in Graphics and Design Technology.

State Tech became an official part of the Texas educational system last year when authorization was given by the 69th Legislature to purchase portions of the old Amarillo Air Force Base for use as a Vocational-Technical School.

Purchase of the property (1,500 acres including buildings and equipment) was not accomplished until June 27 of this year, at which time work was begun to open classes as of September 1, 1970.

Other courses being offered this trimester (State Tech's school year is divided into three 15-week semesters, called trimesters) include Airframe Mechanics, Commercial Art and Advertising, Livestock and Ranch Operations, Building Construction Craftsman, Farm and Industrial Equipment Mechanics, and Technical Communications.

MRS. ROBERT DANIEL MEDLEY

## California Wedding Read September 5th, For Miss Jonni Diane Smith And Robert D. Medley

The Pilgrim Lutheran Church in Chula Vista, California, was the setting September 5, for the wedding of Miss Jonni Diane Smith and Robert Daniel Medley. The Rev. Loren A. Rumsch, minister of the church, performed the double-ring candlelight ceremony at 2 o'clock p.m.

Parents of the newly-weds are Mr. and Mrs. John Smith of Chula Vista, and Mr. and Mrs. S.D. Medley of Floydada.

The bride, given in marriage by her father, wore a floor-length gown of Chantilly lace over taffeta, Empire style featuring a round neckline and long tapering lace sleeves, which came to petal points over the hands. The lace chapel length train was attached to a rosette at the V-shaped back of the bodice. Her veil of illusion, attached to a large stand-up lace bow, fell elbow length. The veil was also worn by her two sisters at their respective

weddings. She carried a bouquet of tiny white and yellow rose buds with streamers tied in love knots, and wore a silver chain pendant, a gift from the groom.

For something old she carried a white handkerchief, edged in lace, which belonged to the groom's late grandmother, Mrs. R.F. Medley of Floydada. Her veil was borrowed and she wore a lace trimmed blue garter.

The bride's maid of honor, Miss Carol Lynne Ham of Chula Vista, wore a floor length empire gown of yellow taffeta. Her veil of yellow tulle was attached to a matching yellow flower headpiece, and she carried a single stem yellow rose.

Miss Lisa Marie Washburn, Chula Vista, niece of the bride, was flower girl. She wore a white lace over taffeta dress, trimmed at the low waist with yellow ribbon. Her brief veil was caught to a headbow and

she carried a bouquet of yellow and white carnations.

Attending the groom as best man was Moses Small of San Diego, California.

Organ wedding selections were played by the bride's brother, Gary Smith of Chula Vista.

Following the wedding a reception was held at the home of the bride's parents. The serving table was laid with a white nylon cloth with bands of satin. Crystal and silver appointments were used in serving punch, and coffee canapes and hors d'oeuvres were also served. The three tiered wedding cake, made by the bride's sister, Mrs. Fred Washburn, was topped with a miniature bride and groom and was decorated with yellow roses.

Mrs. Washburn, sister of the bride, Mrs. Gary Smith, her sister-in-law, and Miss Debbie Medley, sister of the groom, served.

After a wedding trip to Anaheim, Calif., the couple are residing in Chula Vista.

## Club Meets In Warren Home

Members of the 1960 Social Club met in the home of Mrs. Ola Warren September 10 for a covered dish luncheon. Following the lunch the president, Vera Meredith, called the meeting to order. During business and with much sadness members voted to disband club meetings for the time being, after ten years of fellowship. Money the club had in treasury was sent to the Gerald Sams family in Fort Worth. Mrs. Sams recently underwent brain surgery. Members present were Mrs. Eula Battey, Josie Ross, Maudie Muncy, Lillian Marble, Kate Crabtree, Alma Dunn, Maggie Vinson, Ola Warren and Miss Vera Meredith.

## Reading and Writing By Blind Is Eased

Blind people may be able to write and read conventional letters and numbers rather than having to learn Braille. A new type of plastic paper, according to Science magazine, may make this possible. Letters written on the special paper by an oversized ballpoint pen or a blunt pencil automatically rise high enough to be felt and identified by touch. The new polyethylene paper is distributed by Nu-Vu Products Co., Webster Groves, Mo.

BY PEGGY MEDLEY

I'M probably fixing to make some parents very unhappy at me but to those that are guilty of letting their youngsters run wild at the football games then I'll just have to make them unhappy. Some youngsters, old enough to know better, were sailing paper cups and other debris from back of the west stadium Friday night. Others, young enough to be under supervision of their parents, were hindering fans from seeing the ballgame in the reserve section. A football stadium is no place for youngsters to run free. Besides the injuries they could sustain, its a distraction to fans to have them running up and down the steps while at play. Its a different matter if they are going to the concession stand, but these, Friday night were simply playing, unaware that people were trying to look around them. School officials cannot stand guard throughout the game but parents can and should keep their young children with them at all times during the game. This is not only my opinion but that of a number of fans whose seats are next to the steps of the bleachers.

MRS. Joe Evers celebrated her 89th birthday Sunday and a son, J. R. Evers of Miami, Florida was here for the family dinner, returning home Monday by plane from Lubbock. Mrs. Evers' other son, O.G. of Lubbock, had car trouble, and didn't make it to Floydada, but the daughters were here. They are Mrs. O. K. Custer, Floydada; Mrs. Everett Culp and her husband of Happy and Mrs. Floyd Whisenant and her husband of Lamesa. Friends called in the afternoon to wish Mrs. Evers happy birthday.

ED Thornton returned to the Tulsa Nursing Home Monday after enjoying a weekend at home in Floydada. His daughters, Mrs. Ben Smith, who resides in New Mexico and Rev. and Mrs. Robert Smith of Houston, were here for a visit with Mr. Thornton and to help disburse his furnishings in order that his residence may be sold.

JERRY Pollan, son of Mr. and Mrs. Edwin Pollan, will arrive home Friday by plane from the University of Colorado Medical Center where he underwent corrective heart surgery September 3. Following the seven hour operation, which was very successful, the 17 year old started an upward progress and within a week was up and about. He is coming home a week sooner than first expected and is to remain at home at least three weeks before starting school, but his parents say it may be sooner. I know Jerry is mighty happy to have his operation behind him and can now look forward to leading a normal life.

MEMBERS of the Floydada Band Boosters Club and Band members are in the process of gathering items for a rummage sale set for October 3-4. Proceeds will go to offset expenses of the new roof on the concession stand at Western Field and for a trip to Six Flags for band members next spring. Any item you may wish to donate will be appreciated by the group, a spokesman said. You may call any band member to pick items up or leave them at the band hall or at the homes of Gene Arwine or Jim Swafford. Complete details will be carried in later

She was born one of ten children in Northern Louisiana to Julia and Columbus Wise, and was married to Charlie Wise January 6, 1895 in Arcadia, La. Mrs. Wise attended schools in Lisbon and Homer, La., and was graduated from Homer High School in 1892. Mrs. Wise and her husband came to Texas in 1897 and settled in Crockett County near Ozona. A year later they moved to Briscoe County where he worked on a ranch. They came to Floyd County from Paducah in 1933. Her husband died in 1942. The deceased was a member of the First Baptist Church and a former Sunday School teacher. Despite being blind, Mrs. Wise was self sufficient, and had been in Floydada Nursing Home for several years after her health declined. Survivors include four daughters, Mrs. C. K. Bryan of Windor, Mo., Mrs. M. C. Kit-chens and Mrs. F. A. Faulkenberry of Floydada, and Mrs. S. K. Porter of Lubbock; two sons, C. D. Wise of Paris, Tex., and C. H. Wise of Floydada; one sister, Mrs. C. W. Boydston of McCamey; 21 grandchildren; 96 great grandchildren and several great-great grandchildren. Dr. Floyd C. Bradley, minister of the church, officiated for the service. Interment was in Floydada Cemetery under the direction of Moore-Rose Funeral Home.

issues of the Hesperian. In the meantime, fall is near so now is a good time to do a general clean-up inside the home and give to the rummage sale, items you have discarded, outgrown or don't use anymore. Its for a good cause.

FLOYDADA has 17 new families who have moved here recently, among them the Fred Rinks, moving here from Chicago, Ill., and the Johnny Roberts, moving here from Colorado. Mrs. Rink, who is a registered nurse, now employed at Caprock Hospital, is the former Sammy Shultz, daughter of Mr. and Mrs. B. H. Shults of Floydada. Her husband is employed at Builders Mart. The couple has two children, Kris, 16 and Gloria, 12. The Roberts family formerly lived in Floydada during which time he had a hardware store on the west side of the square. His parents are Mr. and Mrs. Harmon Roberts of Floydada. Johnny is farming with Cleo Whittle. They have a son and two daughters, one of whom is married. Another family being welcomed to Floydada, are the Alton Kunkles. He is in the sand and gravel business and the family moved here from Nevada. Also welcomed as new residents of our fine city are the families of Burton Thornton, Angel Galvan, Manuel Suarez, Dewey Davis, Thelma Horn, Leo Cantu, Eddie Marino, Robert J. Cooper, S. E. Torres, Benjamin Hernandez, Albert Martinez, Rudy Martinez, Theodore Rodriguez, Guadalupe Ramos and Reese Smith.

Mr. and Mrs. Hal Thomas went to Lubbock after church Sunday to visit their children, Mr. and Mrs. Milton Mensch.

CITY METER READER, when the city changes over to Data Processing billing, will be Ricky Gonzales. (Staff Photo)

## City Changes Utility Billing

The City of Floydada Water and Electric Utility Billing Department, in order to update billing and give the best possible service to customers is in the process of changing utility billing to Data Processing. This change will take place over a period of from three to four months. The first change will be the meter reading date. There will be one meter reader and the city will be divided into three zones, giving the one meter reader 3 weeks in which to read all meters. The reading dates will be the 2nd, 3rd and 4th weeks of each month. This change will effect only the customer's September reading. On the billing for September the reading dates will vary from 20 to 40 days and thereafter everyone will be back on a 30 day billing. Some time the first part of 1971 there will be a complete changeover and at that time a new style bill will be received by each customer.

It rained on them most of the way over. Mr. and Mrs. Fred Battey visited Saturday afternoon with Mrs. Joe Evers, Mrs. Evers' son, J. R., of Miami, Florida had recently arrived. He and the rest of Mrs. Evers' children were to be present to honor their mother on her birthday Sunday. Mrs. Evers was 89 years young. Congratulations! Mrs. Ola Warren dined Sunday with Mr. and Mrs. Fred Battey. Edwin Warren, a student of Hardin Simmons visited home folks, the Thomas Warrens, over the weekend. Friday Mike and Mark Vinson and a friend, Ricky Biggs, dined with the boys' grandmother, Mrs. O. C. Vinson. Mrs. Vinson and Mrs. Leo

## Mrs. Bishop Is Club Hostess

### Parker Studio Enlarges Business

Parker Photo Studio, a business opened in 1963 by Vernon Parker continues to grow and is now shooting over 1,000 photos for the schools of Floydada, Spur, Lockney and Northwest Hospital in Amarillo.

Parker has continually increased needed equipment to enlarge his business and has now one of the best equipped photo studios in West Texas.

### Junior Class Names Projects

By Jamie James (Jr. Class Reporter)

This year the Junior Class is really getting after it fast. They are selling a variety of things for fund raising for the Junior-Senior banquet. They need to raise at least \$1,000 by next March.

They are selling Hidden Valley salad dressing, box candy and the Floydada Mean Green beat tags each week. In the future they will be selling more fund raising goods for their class.

We ask for and appreciate your cooperation in supporting these Junior Class projects.

If you need any additional information, please contact Brad Hagood, class president, Leigh Ann Weathersbee, vice president, Alison McLain, secretary, Johnnie Thurston, treasurer, or Jamie James, reporter.

### Grant Given For Study Of Crime Prevention

The South Plains Association of Governments, which includes Floyd County, has been given a \$19,845 grant by the Criminal Justice Council to make a law enforcement study on setting up a regional crime prevention program.

Judge Joe Frazier Brown, executive director of the Council, said the South Plains Association plans to make detailed studies of possible use of teletype network, regional crime information center, mobile crime laboratory and probation services.

Other counties included in the planning region are Hale, Bailey, Lamb, Motley, Cochran, Hockley, Lubbock, Crosby, Dickens, Yoakum, Terry, Lynn and Garza.

### Ochoa In Vietnam

WITH U. S. COMBAT AIR FORCES, Vietnam - U.S. Air Force Staff Sergeant Ernesto Ochoa, son of Mr. and Mrs. Cecilio Ochoa of Marion, Tex., is on duty at Phu Cat AB, Vietnam.

Sergeant Ochoa is a food services specialist with the 12th Services Squadron, a unit of the Pacific Air Forces, headquarters for air operations in Southeast Asia, the Far East and the Pacific area.

The sergeant, who previously served at Altus AFB, Okla., attended Marion High School. His wife, Evangelina, is the daughter of Mrs. Urban Sanchez of Lockney, Tex.

## Defense Outstanding

While a strong Floydada Whirlwind defense held the Ralls Jackrabbits scoreless here last Friday night, an explosive offense tallied a total of 41 points on the score board.

Although the Whirlwinds were slow in getting started, they looked good the last three quarters of the game and almost every player including the Junior Varsity saw some action.

Wester Field was almost full as there was a big turn-out for the opening game of the season.

Andy Selman led Floydada with touchdown runs of 43, four and 70 yards. Quarterback Andy Hale scored on a 58 yard run and passed to Walter Harris for another. Quarterback Ricky Watts fired a ten-yard scoring strike to Eugene Bethel on a tackle-eligible play. Greg Campbell booted five extra points.

### PLAY BY PLAY

Ralls kicked off and Steve Puckett returned the KO from the 10 to the 36. Walter Harris ran five, Mike Burk ran four, Andy Hale made a yard, then Harris broke through for nine. Selman made two, a pass from Hale to Puckett was incomplete, then with 9:32 minutes left in the first stanza, Selman broke down the west side, scored standing up for the first Whirlwind TD. Campbell kicked the extra point. It was Floydada 7-0.

After Burk kicked off to Ralls, Ralls made 8 yards before fumbling the ball which they recovered. On the next play Ralls punted and Harris ran the punt back from the 20 to the 48. Selman ran for four, a Hale to Selman pass was incomplete, then Ralls intercepted the next pass. Ralls made nine, then lost nine, and on the third play Puckett intercepted a pass and it was Floydada's ball again.

Harris couldn't go, Selman made two, Andy made 5, then Puckett punted.

Ralls couldn't make a first and ten, Puckett ran back their punt from the 5 to the 30 yard line.

Hale completed a five yard pass to Selman, then Floydada fumbled and Ralls had the ball on the 'Winds 21 yard line.

### SECOND QUARTER

Ralls couldn't make any yards, so tried a field goal from the 23 which failed.

Floydada worked the ball out to the 24, then had to punt. Ralls couldn't make a first and ten, so punted again.

The ball was on the Floydada 41 yard line after the punt, and on the next play, Quarterback Hale saw an opening a mile wide down the middle, kept the ball and ran 59 yards for the second Whirlwind TD. Campbell did and the score was 14-0 Floydada.

After Burk kicked off, it looked like Ralls had decided to play, as they made six first downs. However the Floydada defensive went to work and stopped the Jackrabbits on their 26 yard line. Harris brought the punt back to the 23 yard line.

Hale started passing, 32 yards complete to Puckett, an incomplete to Selman, then a nine yarder to Selman, Selman ran five, an incomplete pass from Hale to Selman, then Selman plowed over from the four for the third Whirlwind TD with 15 seconds remaining in the first half.

Kick for extra point was no good and Floydada led 20-0 at halftime.

### THIRD QUARTER

Burk kicked off for the Whirlwinds. Ralls returned to the 26 yard line, promptly made a first down, brought the ball on to the 43 yard line before punting.

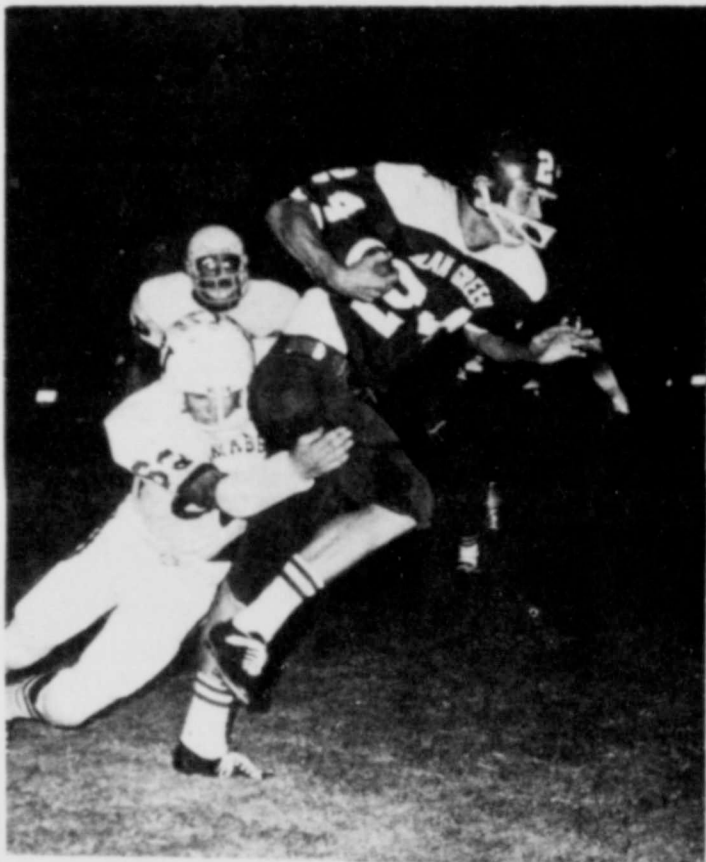

Hale pitched incompletes to Puckett and Selman, then with 9:10 minutes left in the third quarter Selman broke loose for a 70 yard run and the fourth TD of the game. Gregg split the uprights with a beautiful extra point and Floydada led 27-0.

The 'Winds continued to score in the third quarter as Hale

## Five-Way Tie In Football Contest

Five entries in the Hesperian football contest tied for first place with five misses, each missing the total score on the tie-breaker game by a single point. It was the decision of the judges to divide the total prize money five ways among the winners. Mike Anderson, Claude Estes, Mike Estes, and Dwayne Wilson of Floydada and Billy D. Colston, Box 894, Stinnett, receive \$3 each. A. W. James of Floydada had five misses but was further off on the tie-breaker total, guessing 35 points in the Ralls-Floydada game.

Eleven experts were close behind with six misses. They were: Pat McCarty, Randy Hale, Wiley Rogers, Waldo West, W. O. Newberry, Jack Fuqua, Junior Martinez, Bob Alldredge, Lee Clay, Jake Webb, and Shar-

la Hood.

Among the five winners, all missed the Littlefield-Crosbyton and the Post-Hale Center games. Only Mike Estes correctly picked Stanford over Arkansas, and only Mike Anderson was right in choosing Petersburg over Abernathy. Other frequently missed contests were Denver City-Seminole and Colorado City-Monahans.

Winners may pick up their checks at the Hesperian Office Friday.

Another big contest appears in this week's Hesperian. Football experts, circle the winners in each of the games, indicate the total points you believe will be scored in the tie-breaker game, and bring your entry to the Hesperian office by 5 p.m. Friday. You may be a winner.

## Community Center Plans Programs

A list of the activities the Floydada Community Center would like to start this fall is outlined below. Each activity or course will depend on the number enrolling and the instructor as to when the activity will start. Anyone interested in a course not listed can discuss it with John Campbell, director of the Center.

The programs at the center are planned for low income people - Negroes, Latin Americans, Orientals or otherwise who qualify under the guide lines of the OEO program. If you are interested in any course or courses, contact the Center or John Campbell.

Courses: Driver Education, Welding, Family Planning, Reading and Writing, Typing, Counseling, Red Cross (first aid), Health Safety and Home Improvement, Study Hall (for school students), Recreation, Sewing, Marriage and Family, Furniture Refinishing.

### Truck Hit By Train In Lockney

The tractor part of a semi-truck was demolished about 11:30 p.m. Sunday when it was struck by a train about one mile east of Lockney.

The driver of the truck escaped from the cab moments before the crash and there were no injuries in the mishap.

Perry Stanton of Plainview, who was called to the scene to help remove the wreckage, said the trailer portion of the truck was not damaged, but the tractor was demolished.

Stanton said the truck, loaded with carnival equipment, was headed toward the carnival grounds in Lockney when the mishap occurred.

He said the truck started over the track, muddy due to rains falling in the area, and the vehicle jackknifed on the track.

Stanton said the driver had managed to move the trailer portion of the rig off the track when the train approached the intersection. He said the train struck the cab of the truck, knocking it free from the trailer.

COMPUTER INSTALLED — in the office of CPA Newell Burk, Burk and Robert Parks of Friden Inc. are programming the computer. (Staff Photo)

## Computer Installed At CPA Office

One of the first business computers in Floyd County has been installed and is being programmed this week in the offices of local CPA Newell Burk. The machine, a Friden 5610 Computer, will be in limited operation by the end of the week, according to Friden representative Robert Parks of Lubbock.

The computer is said to be able to do the work of six people. Typing speed is 150 words per minute, and the longest computation the computer makes, a 13-digit long division problem, takes about a half a second.

The 120 memory banks of the computer store up to 1680 digits internally, the machine can handle 180 accounts.

Burk will use the machine mainly for bookkeeping operations for farmers and businesses and for preparing financial statements and profit-and-loss balance sheets, and for figuring income tax for individuals.

The computer will later be programmed for basic information for farmers, giving costs and expenses for each crop and cost-per-acre information.

Eventually, most of Burk's accounts will be handled by the computer. Burk expects the machine to save considerable personnel, time, and errors, and to allow financial statements and income tax services to be completed much sooner.

## Retiring Highway Department Employee Honored

Albert T. Pricer, retiring after seventeen years and four months of employment with the Texas Highway Department, was honored Monday night with a dinner held in the meeting room of the Highway Department.

Following the meal, J. W. Gooch presented a gift on behalf of the Department employees. The group spent the remainder of the evening visiting and playing "42".

## Riding Club Takes Second At District

Seventeen members of the Floyd County Riding Club rode in the annual District Parade of Riding Clubs and Sheriff's Poses held Sunday in Littlefield and brought back a second-place trophy. Littlefield took first place in the event, followed by the Floyd County club and the Lubbock Redwings. Five senior clubs and four junior clubs participated.

Floyd County riders were Otis and Dorothy Anderson, Connie Anderson, Charles and Alice Anderson, Denise Cates, Johnnie Cates, Gilbert Fawver, Jamie James, A. J. Jester, Olin Lyles, Bert and Corine Mankins, Hilary Polvadore, Jeff Robertson, Leslie Robertson, and Dana Tye.

passed to Harris. Harris took the ball on in for the fifth TD of the game. . . some 43 yards. Campbell kicked the extra and with 3:51 left in the third period Floydada led 34-0.

The next and last Whirlwind TD was set up when Mike Grigg blocked a Ralls punt. Waits was at the helm quarterbacking and he promptly hit Eugene Bethel with a ten yard pass and TD. Campbell kicked another extra and it was Floydada 41-0 going into the fourth quarter.

## FOURTH QUARTER

In the fourth quarter Whirlwind coach L. G. Wilson played about everyone on the roster including the Jr. Varsity. Neither team threatened in the last quarter as they battled back and forth about the middle of the field.

Mike Hale quarterbacked some of the third quarter.

vealed it was in good shape and with this line rebuilding, the system was in good condition to expand its service at any time it was needed.

"We want to maintain the best plant and service possible", Mayor Jimmy Seay told the council after the work was approved.

## OTHER BUSINESS

The council visited with Tom Snead on behalf of the city's 480 acre farm which has been cash leased in the past by Snead. The council tabled Snead's request to lease the farm again in order to study crop allotments and Snead's desire to plant vegetables on the farm.

Clifford Willis and Duncan Hollums presented the council with some speculative plans for a tabernacle building to be built in one of the city's parks to be used by the Old Settlers on their annual reunion, and for other community events.

The structure would have a roof 56' x 80' and a concrete slab 24' x 60'. The council expressed an interest in the building and said that it is possible that the city's civic clubs and other organizations might want to help on the project, if a kitchen and rest rooms were included with the meeting room.

The council instructed the men to get some cost estimates on the building.

The council turned down the CAP's request for exempt license plates for a surplus vehicle. The council felt it did

Those attending, other than the honoree and his wife, M. and Mrs. Albert T. Pricer, were Mr. and Mrs. Ralph Lemons, Mr. and Mrs. Willard L. Hall, Sam Fowler, Sam Spence, Lewis Newell, Mr. and Mrs. Stanley Simmons, Scott and Shelly Kay, Mr. and Mrs. Henry Finley and Ann, Mr. and Mrs. J. C. not want to be liable for them. The council approved an open house for the Floydada Volunteer Fire Department on October 4 and around \$135 to be used in the special event.

After lengthy discussion the council decided not to change traffic to one-way in front of Duncan Elementary school, but will try center stripes or curbs for two blocks in front of the school to prohibit auto crossings in the middle of the blocks.

No action was taken on how the water tower will be repainted this fall, but there was considerable discussion about painting "Floydada Whirlwinds" on the tower.

City manager Bill Feuerbacher reported 729 hours and 3,854 miles had been put on the new street sweeper as the "citizens" of the city were throwing so much glass, cans, trash in the streets. The city will begin an educational appeal to its people to "Help Keep Floydada Clean."

The 100,000 gallon water storage tank located west of the electric plant and the irrigation pump that supplied it are no longer used. The council decided to sell both.

The council gave the Montgomery Ward order store permission to have a loading zone on the west side of its building, taking two parking spaces.

Billy Hinkle and Riley Teague appeared before the council seeking to bring their homes and lots into the city limits. Their lots are located just east of Caprock Hospital. The council pointed out the need to bring the entire block into the city limits and said it would work with them in supplying sewage and paving. Water is already available to the block.

In the early morning hours of Tuesday the council got over into a study of the Pioneer Natural Gas request for a rate increase. Mayor Seay said the increase could amount to over \$12 per year per customer. The council is committed to fight the increase with a group of other cities including Lubbock.

All councilmen were present except Ed Hammond.

AT LOCKNEY METHODIST CHURCH, Sept. 21, 8 p.m., "The Downings" singing sensation from Nashville, Tennessee. Everyone invited no admission charge.

Harmony 4-H Club met last Monday night with Mitch Probasco, vice president in charge. The motto and pledge was led by Hugh Miller and prayer voiced by Mark Probasco. Roll call was answered by a parliamentary rule.

Club members voted to have a club exhibit at the Floyd County Fair and a committee was named with Christa Simpson named as chairman. Working with her will be Van Miller, Clay Simpson, Mitch and Mark Probasco, Lyle Miller, Curtis Smalley and Mark Miller.

The election of officers for the coming year was held. Those elected were Lyle Miller president; Curtis Smalley, vice president; Patsy Schulz, second vice president; Van Miller, secretary-treasurer; Krista Simpson, reporter; Ricky Poole, song leader; Patsy Schulz and Ricky Poole were elected council delegates.

Program for the night was brought by Jimmy and David Hale on gun safety and identification.

Following adjournment refreshments were served by Krista and Clay Simpson.

### Directors

### Attend Meet

The Floyd County Soil and Water Conservation district directors attended the fall meeting of the South Plains Association of Soil Conservation Districts in Postlast week. The meeting was to map plans for the upcoming state meeting to be held at Houston in October according to G. L. Fawver, Chairman of the local board. A tour of Post-Tex mill was made after the business meeting. Over 80 attended the meeting. Those in attendance from Floyd County were G. L. Fawver, Cecil Purcell, Mr. and Mrs. Gerald Lackey, Mr. and Mrs. Herman R. King, and Jon J. LaBaume.

Mrs. Dayne Golightly. Mr. and Mrs. Troy Leonard visited Mr. and Mrs. A. L. Smith Thursday afternoon. Sunday afternoon visitors in the A. L. Smith home were Mr. and Mrs. W. O. Clark of Lockney. Mr. and Mrs. Ted Anderson,

## Peace Corps Couple Will Build Hospitals

Ralph Lane of Salem, Oregon, has built houses for 23 years. Now he and Mrs. Lane, at right, are off to help build hospitals in Sierra Leone with the Peace Corps. Here, Mr. and Mrs. Lane complete medical records with Peace Corps Nurse Margaret Silberg in Washington. Lane was a general contractor in Salem and formerly a boatbuilder in New Jersey. He served seven years in the Marine Corps and was a Seabee during World War II. As a Seabee, he met a young Naval officer named John F. Kennedy. During Hurricane Camille in the Mississippi Delta, both Mr. and Mrs. Lane volunteered to work with the Red Cross. In Sierra Leone with the Peace Corps, Lane will help build hospitals. Mrs. Lane hopes to serve as a nurses' aid.

# Letters To The Editor

September 9, 1970

Mr. Tooley, Editor  
Floyd County Hesperian  
Floydada, Texas 79235

Mr. Tooley:  
In behalf of all our boys and staff, thank you for the help you gave with the advance publicity for the 26th Boys Ranch Rodeo. With approximately 10,000 people in attendance over the Labor Day weekend, this was the most successful rodeo the boys have ever put on. The boys certainly deserve much of the credit for this success which was shown by so many in the boys.

Approximately 300 appeared as contestants in the rodeo, and each one could show his appreciation for the home he has found at Cal Farley's Boys Ranch.

The interest you have shown in our boys, not only at the rodeo but throughout the year, their home would not be complete without each youngster and staff member is most grateful. If you did not attend the rodeo this year, I do hope you will come to the Ranch at the first opportunity so that the boys can thank you themselves. With kindest regards, I am

Sincerely yours,  
CAL FARLEY'S BOYS RANCH

## Guest Editorials

Life in a small town is made of little towns and the people who live in them. We know very few people who live in little towns without being happy about it.

In my opinion, there is nothing like "small town living." It wouldn't trade places with any of our friends who live in the "benefits and excitement" of city life.

There is no smog, no traffic congestions, practically no bad schools, good churches and most important of all, PEOPLE make Tahoka and hundreds of other small towns across the nation what they are.

Small towns ARE America, and we're for doing anything to preserve them so that our children and our grandchildren will be able to enjoy "small town living" too.

Thousands of words have been written about the joys of living in a little town...alone with the city people like to mention.

Who don't like living in a small town probably don't know very much either.

Who do like living in the little town which they inherited or on purpose, like it for various reasons...because they like themselves and like other people, who prefer life in a little town like it in spite of the many things said or written about the small town.

BECAUSE of those very things.

There is something to be said for knowing, usually where you are "at", and little town people do.

The town is where you don't have to guess who your neighbor is. Your little town friends will tell you.

The town is the only place on earth where people past get hailed by their first names when they saunter down the street.

The town is where everybody knows who is not speaking this week and why.

The town is where everybody knows who joined which church on Sunday...and who got arrested for what.

The town is where few people can get away with lying about their age. Too many other people remember the year they were born.

The town is where people read the local news for the interesting familiar names in print, including their own.

## FLOYD PHILOSOPHER Comes Out With A New Notion As The New School Year Gets Underway

Editor's note: The Floyd Philosopher on his Johnson grass farm looks the situation over as a new school year gets underway.

Dear Editor:  
With motorists alerted on the opening of public schools because of more children on the streets and the National Guard alerted on the opening of colleges, I settled back down on here on this Johnson grass farm to reflect on a couple of items I encountered yesterday.

One was a television interview with a college student and the other a speech I read by a college president.

The college student, who was 21, said he'd tried for four solid years to get his message across to the system, using everything from trying to swing elections to peaceful protest, but the system's faults still exist and he sees no choice now but to use violence.

The college president said one answer to the school problems is to start kids in school at

the age of 10. Said most kids are bored with the first few grades and they'd be better off if they didn't start till they were 10 years old, at which time they'd be in shape to learn some really solid stuff four times as fast as they could when they were only 6.

If you ask me, neither one is right. In the first place, if you want a real revolution, tell parents who are living for the day when their child gets 6 and can get out of the house and into school that he'll have to be underfoot for another four years. Eee-yuk!

No. The answer is to start children to school when they're 1 and let them finish when they're 10.

This would thus give them 11 years till they're 21 and anybody knows it takes at least 11 years to straighten out the world, 4 years just never has been long enough.

Yours faithfully,  
J. A.

In case, of course, the news is good news.

A little town is where people with various ailments can air them properly for sympathetic ears.

A little town is where people know what time other people go to bed.

A little town is where you get the wrong telephone number you can talk for fifteen minutes anyhow, if you want to.

A little town is where people know what happened to you day after tomorrow, whether you know it yourself or not.

A little town is where people care. Good people, care, that is. A little town is where the ratio of good people to bad is something like one hundred to one.

That's nice to remember.

A little town is where it's hard to stop and explain to people in cars who stop honk, and offer a ride.

A little town is where ladies can take things home on approval to try on with the good girdle...and take'em back if the style or color is wrong.

And you can probably add more of your own.

### HARMONY HOME DEMONSTRATION NEWS REPORT

Mrs. Glen Curtis was hostess for the September 10 club meeting. She read Exodus 3:6 for the devotion.

Roll call was answered with "A new food product I have tried." It was announced that Mrs. Ruth Scott of our club planned to attend the State Meeting at Galveston this month.

A motion carried to change the meeting day to second and fourth Tuesday of each month. Everyone take note and remember this change! It was also announced that there would be a county wide meeting of all clubs on October 6.

Miss Sherry Mullin gave a program on grocery shopping. She said that wise consumer shopping is more important since there are some 8,000 products in the average supermarket now. She also reported on some research she had done on cereals. These are an expensive part of our bill she stated and often the most expensive ones are not the most nutritional.

The next meeting will be on Tuesday, September 22, with Mrs. Bob Hopper as hostess.

**NEWS FOR HOMEMAKERS**  
by Sherry Mullin  
Floyd County H. D.

If your freezer stops, don't panic but get into action.

The first thing to remember is to keep your freezer closed. How long the food will stay frozen depends on the amount and type of food in the freezer. A full freezer will stay cold many hours longer than a freezer only a quarter full. Meat will stay frozen longer than will baked food. Also, the larger the freezer, the longer it will stay cold.

Twenty-five pounds of dry ice should hold the temperature of a half-full, 10 cubic foot freezer below freezing for two or three days. Put heavy cardboard directly on the packages of frozen food and then put the dry ice on top of the cardboard.

For added protection, cover the freezer with blankets, quilts or some other covering. It will also help to put crumpled newspaper or excelsior between the cabinet and the blankets. Don't cover up the air-vent openings because the power may come on unexpectedly and ventilation will be needed.

If the freezer will be out of operation for more than three days, take frozen foods to a locker plant as soon as possible. Thoroughly wrap the food and make the trip from the freezer to the locker as quickly as possible.

... direct from the manufacturer

Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat - you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time.

So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.

## SOUTH PLAINS NEWS by Mrs. Murray Julian

PLAINS, Sept. 14 — Mrs. Linda Lambert and her family fell gently all night, and through the day, Monday. School was then around 2 1/2 hours, the amount generally reported around the

Patricia Powell took her baby, 17 months old, to Lubbock, Texas, and Tuesday morning she will have the baby at the hospital, Mrs. Lambert reported.

Prayer of State for WMU women of the Church was scheduled Tuesday, but due to the program has been postponed and the women will be praying in the morning of the coming week.

Mr. and Mrs. Nathan Mulder went to Plainview to see her grandfather, J. C. Rowland, who is in the new Plainview Hospital. He is in traction for a back ailment, but is improving.

Mr. and Mrs. Carl Hackabee arrived home last Sunday from a week's trip to Longview, where they stayed at their home there, and looked after property while there. They reported that it rained every day they were there, and that it was very hot and humid. The Arby Mulders kept care of their home chores while they were gone.

Fred Fortenberry entered Lockney General Hospital Tuesday evening and underwent major surgery Wednesday morning. He has been quite ill all this weekend, and is still at the hospital. We hope he is sufficiently recovered so he may come home this week. Mrs. Fortenberry has been spending much of her time at the hospital.

Diphtheria and booster shots were given at the South Plains School last week to all the school children who had not had them. This health program was given under the auspices of the South Plains PTA. Mrs. Dean Stewart, who is PTA president, also reported that the pecans are here, and those who would like to have them call before they are all gone. This is from the new crop, and are being sold by PTA members at \$1.75 a pound.

Mrs. G. E. Trimble's Stanley party has been rescheduled for Sept. 28, at 2 p.m.

J. R. Spivey, the J. A. Kinniburghs and other relatives. There was a showing of slides Sunday night from the Colorado Vacation Bible School of the South Plains Baptist adults, boys and girls who went to Erie, Colo., last summer.

Visitors at the South Plains Baptist Church Sunday morning were Mrs. Teddy Horne and Melissa and David Evans, son of evangelist, Boyce Evans of Lubbock. David had spent the weekend here at the ranch home of Mr. and Mrs. L. N. Johnson, working with Carlton and the horses.

Mrs. C. W. Jones, Matador Highway, held Open House Thursday afternoon, with paintings and china objects on display. Punch, coffee, fruit breads and cookies were served guests. Among those who attended from here were Mrs. J. P. Taylor, Mrs. Tom Cherry and Mrs. M. M. Julian.

Plains. The oil well, which was being dug some five miles east of South Plains, has been removed during the past weeks, and abandoned.

Mr. and Mrs. Kendis Julian celebrated their wedding anniversary last Thursday in Lubbock with a dinner and saw the show, "Hello, Dolly." Mr. and Mrs. Ken Roberts of Lubbock accompanied them.

Mr. and Mrs. Jim Davis of Durango, Colo., visited here last Sunday and Monday with his sister, Mrs. George Weast and family. Guests with Mr. and Mrs. Weast Sunday were Mr. and Mrs. George Beedy of Plainview, who spent the day and had dinner with the Weasts, celebrating the birthdays of George Weast and Mrs. Beedy. A chicken dinner with all the trimmings and birthday cake and ice cream were served.

Hobby Club members met at the home of Mrs. Lillian Marble Wednesday, with Mrs. Melvin Myers presiding as president. Roll call was answered with a new recipe, and Alton Higginbotham from Lighthouse Electric, Inc. met with the group for an informative program on, "How Your House is Wired." He showed effects of over loading circuits, and told each one they should learn where the breaker and fuseboxes were located, and how to use them in case of emergency. Mrs. Marble served banana nut cake, punch and coffee to Mrs. M. M. Myers, Harold Hamm, J. P. Taylor, E. J. Kinslow, E. E. Wells, Leighton Teeple and a guest, Mrs. Tom Cheery, newcomer to our community. The next Hobby Club meeting will be held in the home of Mrs. E. J. Kinslow Oct. 1, at 2 p.m.

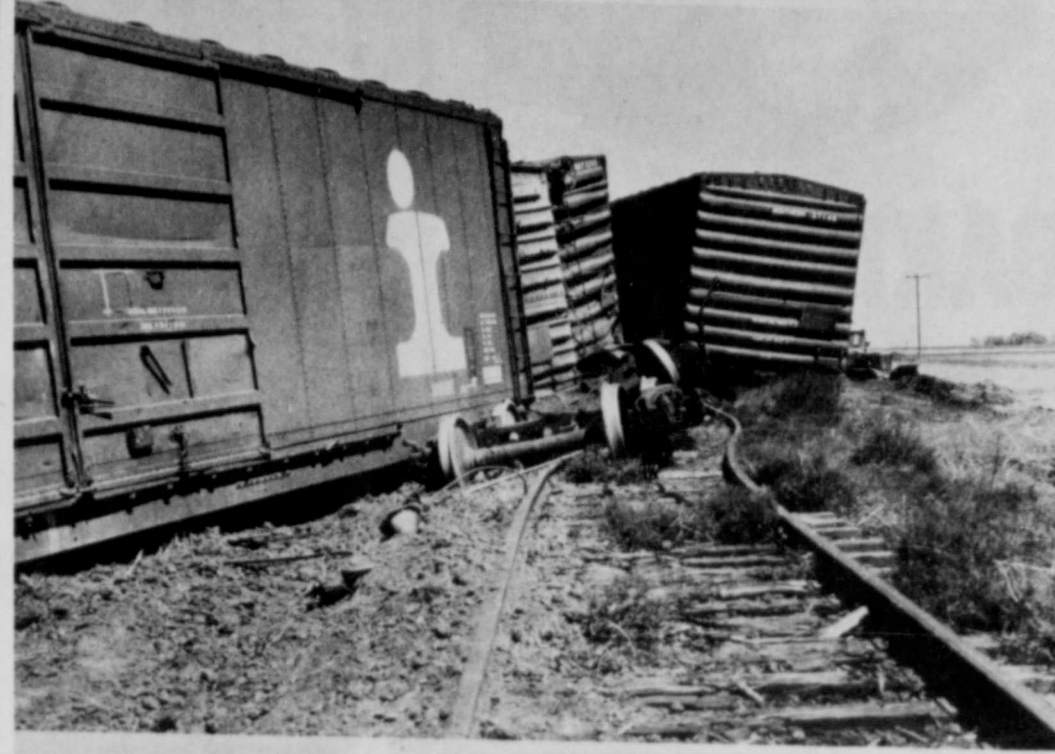

#### SOCIAL SECURITY QUESTIONS AND ANSWERS

By Ray Purcell  
Social Security Representative

Q. I am 28 years old and my average earnings under social security have been \$450 a month. How much would my wife and two children receive each month if I died?

A. Based on average earnings of \$450 a month, your widow and two children under 18 would receive \$354 a month from social security if you died. In addition, a lump sum payment of \$255 would be paid.

## Highway Patrol Investigates Nine County Accidents

The Texas Highway Patrol investigated nine accidents on rural highways in Floyd County during the month of August, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in two persons injured and an estimated property damage of \$5,255.00.

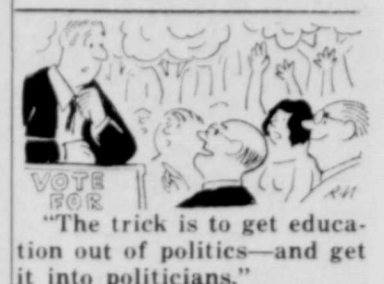

The rural accident summary for this county during the first eight months of 1970 shows a total of 51 accidents resulting in four persons killed, 30 persons injured, and an estimated property damage of \$57,530.00.

The sergeant reminded all Texas motorists that vehicles bearing red motor vehicle inspection stickers with the large black numeral "9" in the lower left-hand corner of the windshield must be reinspected before midnight, September 30.

All motor vehicles and certain classes of trailers regis-

tered in Texas are subject to the mandatory inspection of certain equipment which includes brakes, lighting, horns and warning devices, mirrors, windshield wipers, steering, wheels and rims, exhaust system, exhaust emission system, and front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle.

The inspection fee is \$2.00, with adjustments or repairs extra if needed.
