## Watermelon Seed Harvest Begins

### Over 100 Acres

A LIVE WATERMELON THRASHER is pictured at work on the Jay farm south of Floydada. Seeds drop through mesh cylinder. meat drops out the back, Jesus Cisneros is on the tractor. (Staff Photo)

You name it...Floyd County farmers can raise it. Now they're trying watermelon. But not for the delicious red or yellow meat and juice. This time they're raising watermelons for their seed and the melons are thrashed, rather than pulled and sold for eating.

The delicious juice and meat pours out the back of the thrasher and only the seeds are saved as they drop through the holes in the thrasher cylinder.

Four Floyd County farmers and some Crosby farmers have seed contracts and after the seeds have been packed in a barrel, they must be dried and shipped to the seed company.

The four Floyd farmers have

around 100 acres this year, which are now being thrashed. The farmers are: Lane Decker, Truitt Hartsell, Jay S. Hale Jr. and Bill Norris.

They are harvesting seven varieties and production is averaging 250 pounds of seed per acre. It is reported that some farmers in the Olton area are making as much as 500 pounds per acre.

The growers did not divulge price received per pound for the melon seed, but back in the spring the local consumer price per pound was \$3.50.

The marketing contact was made through Hale's Texas Triumph grain sorghum seed company in Ralls.

Hale said he had learned some things about raising watermelons for seed and that next year he would plant a thicker stand in order to produce more and smaller melons, thereby producing more seeds with less meat to thrash.

## Whirlwinds Open District Play At Dimmitt

The Whirlwinds open District 3-AA play at 7:30 Friday with the Bobcats at Dimmitt. The "Winds" come into district play with a 3-0 non-conference record, having scored 100 points in their opponents' 6. Dimmitt beat Muleshoe and before losing to Springlake last Friday.

The Cats will be out to avenge a 42-0 loss to the Whirlwinds in the final regular season game after Lockney had led them from the title race the previous week.

Max Green will be favored, but must look to a tough team Dimmitt, who always plays the "Winds" hard on their own field.

Bobcats lost 12 Seniors from the '69 squad that finished with nine lettermen and two starters from that unit. Quarterback is quarterback Mark Wohlgenuth, a 6-2, 180-lb. His receivers include end Randy Griffith (165, 5-11, Sr.), Jeff Myers (145, Sr.), and Kenny Doss, a 160-pound Senior, joins Wohlgenuth as does 160-pound Junior fullback Nati Anes. Quarterback Dan Frierson, Frierson leads the team with three TDs and was the only Dimmitt scorer in the loss to Springlake.

Bobcats and Robert Woolbright (5-11, 195, Sr.) are expected to start at defensive tackle. Other Bobcat tackles include Mike Anson (195, Jr.), Terry Robertson (165, Sr.), Pat Barlow (160, Jr.), and Lynn Buchanan (160, Jr.).

Linebackers are Henry Rivera (160, Sr.), Hoyt Hestand (165, Sr.), and Bo Myers (150, Jr.).

The Cats will field a 135-pound center, Andrew Garza, to start the line.

The Whirlwinds are in good shape physically for the game. "Several boys came out of the Post game with bruises but they should be ready for this game," Head Coach L. G. Wilson commented.

"The Post game proved to us that we could move the ball on the ground. The offensive linemen did a good job of coming off the ball and again our defense came through by not allowing Post a first down in the first half of play," Wilson continued.

Wilson noted that Dimmitt plays a wide-open game of football and they're capable of going all the way at any time. He looks for good passing from quarterback Wohlgenuth, speed from backs Jay Stanton and Matthew Daniel.

Probable starters for the "Winds":

**OFFENSE**  
 Ends - Steve Puckett and Mike Simpson  
 Tackles - Richard Hale and Rick McDowell  
 Guards - Jim Crawford and Frank Watson  
 Center - Mark Whittle  
 Quarterback - Andy Hale  
 Fullback - Van Mitchell  
 Left halfback - Andy Selman  
 Right halfback - Walter Harris

**DEFENSE**  
 Tackles - Mike Winter and Glen Switzer  
 Ends - Mike Moore and Richard Hale  
 Corner linebackers - Joe Jones and Greg Campbell  
 Inside linebackers - Mike Burk and Kim Rose  
 Halfbacks - Rick Biggs and Langston Williams  
 Safety - Steve Puckett

Curly Wiginton To Conduct Revival

Curly Wiginton, minister of Hillcrest Church of Christ in Gainesville will be in Floydada October 5-11 conducting a series of gospel meetings at the City Park Church of Christ.

The church nursery will be open during services, 7 o'clock mornings and 7:30 evenings. Sunday services are 10:20 morning worship and 6 o'clock evening worship. The public is invited and urged to attend the meetings.

Wiginton was a business man in Plainview for many years and began his preaching full time in 1963 at Edmonson. After three years there he moved to Oklahoma and worked with the church in Frederick.

## Cotton Growers Want Senator Interested In Agriculture

Several Floyd County cotton farmers and businessmen attended a breakfast at King's Restaurant Friday morning and heard Crosby County cotton farmer Don Anderson tell of the problems facing the farm bill and especially the cotton program.

Anderson is an official of Plains Cotton Growers and he told the group, "Texas is about to elect a U.S. Senator, and it is important that you select the man who is interested in agriculture. The farmer is fast losing congressional support."

Anderson said it looked like the cotton program would guarantee the farmer 15¢ for his cotton because it appeared the open market would be above 20¢ this year.

Anderson was introduced by Floyd County farmer member

of Plains Cotton Growers Don Marble. Marble was re-elected to the board in the business meeting that followed Anderson's talk.

Marble also introduced Ed Dean, field manager in charge of the boll weevil program. Floyd County's business director is Lester Carter.

## Floydada Youth Ill With Polio

A Floydada youth, 11 year old Bill Starkey, son of Mr. and Mrs. Floyd Starkey, is in Lockney General Hospital with what has been diagnosed as polio. His illness was confirmed Tuesday after tests were returned from the State Health Department.

The youth became ill last week and was hospitalized Saturday with numbness in the legs and a stiffness in the neck. He had received a polio sugar cube just prior to school starting when he received other boost-

ter shots, according to his parents, therefore it was not believed until final results Tuesday, the youth had the disease, although the symptoms indicated so.

Paralysis seems localized in his lower limbs, a member of the family said.

Floyd County officials are urging people to take the polio vaccine. A polio clinic has been set in Floydada. Details are carried elsewhere in the Hesperian.

## Soybean Farmers Approve Check-Off Referendum

The board of directors elected to the Texas Soybean Check-Off Fund will be released later by Texas Commissioner of Agriculture, John White.

Proceeds from the program will be used to finance research in production and marketing, disease and insect control and domestic and foreign market development. The Saturday referendum was certified by the Texas Department of Agriculture.

Other directors named along with Dunlap are Raymond Tidwell of DeKalb, W. A. Mabry and Loyd Godson of Petersburg, Wesley Schumacher of Plainview, E. G. Feagley of Littlefield, Clarence Mason of Muleshoe, Carl Pate of Kress.

Rev. John Tubbs To Conduct Revival At Sandhill Church

Rev. John Tubbs, pastor of the Central Baptist Church of Anton, will be the evangelist at the Sandhill Baptist Church during a revival which starts October 5 and continues through October 11. Night services begin at 7:30 and regular services are planned for the closing Sunday worship.

Rev. Tubbs is former pastor of the First Baptist Church in Cone.

Bill Gilbreath of Floydada will be in charge of music and direct the congregational singing, and Mrs. Billy Dale Stringer will be pianist.

Rev. Craig Wilcox, pastor of the Sandhill church, cordially invites the public to come and worship.

## Band Boosters Rummage Sale October 3-4

The Floydada Band Boosters rummage sale will be held this Saturday and Sunday in the George Bush campaign headquarters building, west side of the court house. Hours on Saturday will be from 9 a.m. until 6 p.m., and Sunday from 1 p.m. until 5 p.m.

The public is cordially invited to attend and participate in the rummage sales. Proceeds will be used to cover costs of a new roof recently placed on the concession stand at Wester Field. The remainder of the proceeds will go into a fund for the band's trip to Six Flags next spring.

## Polio Clinic Is Scheduled

A Polio Clinic has been scheduled to be held in Floydada Monday of next week at all schools for students, during school hours, and after school from 4 p.m. on, for adults and pre-schoolers at the Community Room in the First-National Bank.

The clinic is being sponsored by the Floydada Lions Club and vaccine is being furnished by the government. It has been some eight years since a polio clinic has been held in Floydada.

The vaccine will be oral type. All persons are urged to take the vaccine.

## Skunk Rabies

Another case of rabies has been confirmed in the county. A skunk killed on the Bill Nelson property near Center after it had bothered the Nelson's dogs was confirmed as rabid when the head was sent to Austin.

Rural residents are reminded to watch their animals and to pen up their dogs, etc. if they act strangely or if they have been bitten. If a domestic animal bitten by a skunk dies within ten days, the County Health Doctor should be notified. Dr. Jack Jordan is Floyd County Health Doctor.

## Conservation

### Districts Elects

### Director Today

The Floyd County Soil and Water Conservation District Directors election for Zone 2 will be held at 8 p.m. today (October 1) at the South Plains Elevator. All who own land in Zone 2, live in the county, and are at least 21 years of age are qualified to vote in the election. Man and wife are allowed to vote.

The boundaries of the zone are as follows: North and East boundaries - Briscoe and Motley County lines; West boundary - Floydada to Silverton highway; south boundary - county road, three miles south of South Plains and east to the Motley County line.

Cecil Purcell is the current director of Zone 2. The election is an open type convention and the director must own land and live in the zone to be eligible. The director serves a five-year term, assisting the other four directors in carrying out a local soil and water conservation program for Floyd County.

Other directors currently serving the Floyd County Soil and Water Conservation District are: Herman King, Gerald Lackey, G. L. Fawver and K. E. Probasco.

MR. AND MRS. TIMOTHY J. WARD

## Ceremony Unites Elizabeth Kay Shipman And Timothy Ward

In an impressive home ceremony read in Spur at 2 o'clock p.m. September 20, Miss Elizabeth Kay Shipman became the bride of Timothy J. Ward of Malou, Sam Houston, Baptist minister, read the double ring ceremony.

The bride is the daughter of Mr. and Mrs. C. A. Shipman of Spur and the bridegroom is the son of Mr. and Mrs. Joy Ward of Floydada. Mary Ann Garner of Spur was maid of honor and Robert Irwin of Lamesa served as best man. The bride wore a white boudeaux lace gown styled with an

Empire waist and high collar. Lace sleeves came to petal points at the hands. Her full veil of illusion was caught to a flat crown of seed pearls, and she carried a bouquet of white roses.

The bridal attendant was dressed in a blue silk fashioned with a jeweled collar.

Following the wedding a reception was held in the Shipman home.

After a brief trip the couple are residing in Malou.

The bride is employed at Commercial College and her husband is chief of police at Malou.

## Demonstration Club Meets In Hopper Home

The Harmony Home Demonstration women met Tuesday, September 22 with Mrs. Anna Maud Hopper as hostess. Mrs. Wanda Turner presided in the absence of the president. Roll call was answered with "An Old Friend I Will Always Remember." Mrs. Lucille Miller, secretary, read the minutes of the last meeting. Mrs. Maudine Miller gave the 4-H leaders report. She stated that we had seven winners at the district on 4-H records. They were Patsy Schulz, Ricky Pool, Larry Scott, Mark Miller, Curtis Smalley, Hugh Miller and Lyle Miller. Of these one mem-

ber, Lyle Miller, had a record that went to the State judging. Our 4-H Club also won a first place trophy on their exhibit at the Lockney Fair.

After committee reports, officers for next year were elected. They were Mrs. Glen Curtis, vice president; Mrs. Zant Scott, secretary; Mrs. Glen Pool, treasurer; and Mrs. Sherwood Ramsey, council delegate.

The program was brought by Mrs. Pat Scott of the Aiken community on Toile painting. She stated that it is sometimes called Decorative Painting and that she liked that name also. She showed the fundamental strokes for this painting, and emphasized that one could turn junk into useful articles with some paint and effort.

Recreation was led by Mrs. Zant Scott and Mrs. Orba Miller.

## Demonstration Council Meets

The Floyd County Home Demonstration Council met Friday, September 25, in the council room. Interesting club reports were given by each of the four clubs.

Officers for next year will be: Chairman, Mrs. Zant Scott; vice chairman, Mrs. G. W. Smith and secretary-treasurer Mrs. O. G. Mayfield.

Mrs. Scott and Smith gave very interesting reports of their trip to the State THDA meeting in Galveston last week.

The county wide meeting will be October 6 in the Lighthouse Electric building, with Lone Star Club serving as hostess. The meeting will start at 10:30 with Gene Burk (Windy Ward) from Montgomery Ward in Lubbock in charge of the program. In the afternoon a representative from the Fabulous Fabrics in Lubbock will have a program on how to work with knits. Club members and their guests are asked to bring covered dishes for the luncheon.

Members present were: Mrs. G. W. Smith, Dougherty; Mrs. Bob Hopper; Mrs. Scott from Harmony; Mrs. C. L. King, Raymond Teeple from Lone Star; Mrs. O. G. Mayfield, Mrs. Bob Coplin and Mrs. Elmer Norrell from Homebuilders and Miss Sherry Mullin. Guests present were Mrs. J. T. Huckabay and Mrs. Johnnie Cates.

CHRISTIAN SCIENCE

Spiritually enlightened goals are vital to the progress of individuals and nations. This is a theme of the Lesson-Sermon "Unreality" to be presented at all Christian Science church services Sunday.

The next time you start to ask the question, "What will they think of next?", please don't say it very loud. Some wild-eyed idea man might hear you and create something so new and gosh-awful different that we'll all have to live with it.

that look like honest-to-goodness chairs with sure nuff cotton-cushioned inner-springs. They say we'll be using fantasy-shaped legless things of inflated plastic. From the looks of them, I'd say furniture makers are going to have to put signs on them saying "chair" so you'll know where to try and sit when your hostess invites you to some of the new-fangleds...

Fall Coats Play The Fake Skin Game

VESTED INTEREST - Nam lets you play the fake skin game close to the chest in this dashing midi coat. It's done with a python-grained vinyl vest and matching coat buttons. The detachable vest is belted high on the water-repellent coat to highlight the long sweep of skirt.

Anti-Car Theft Award Granted

Conservationists take note: coats take a hide-bound attitude for fall, 1970, but they go to great lengths to conserve wild life by playing a skin-game that's purely fake. Winning skins in the fashion game are cottons that look like lizard, snake, crocodile, ocelot, leopard, tiger, calf, buck, and pony—you name it and you can find its equivalent in cotton.

It's a season when fashion offers options and hemlines, of course, are among the most obvious choices. Besides the midi, coats show up in lengths that hover around the knee... a few inches above or below. Even minis are still in evidence for those who prefer to take the shorter view of fashion.

Other options include single vs. double-breasted stylings, and capes or ponchos instead of coats.

# OBITUARIES

## Taft Powell

Funeral rites for Taft Powell, 82 year old farm laborer of Floyd County, will be conducted today (Thursday) at 3 o'clock in the Hopewell Baptist Church in Petersburg. Powell died of an apparent heart attack Saturday afternoon while operating a combine on the Chloma Williams farm.

He was born in Homestead County, Arkansas, November 2, 1907 and had resided in Floyd County for a number of years. Survivors include his wife, two daughters, Mrs. Patricia Ann Poulard of Crowley, Louisiana, and Mrs. Linda Beth Berry of Petersburg; four brothers, Warren of Hope, Arkansas; Roosevelt and Clarence, both of Denver, Colorado; and Timothy of Abilene; three sisters, Clara Johnson of Brookshire, New York and Eliza Mae Muldrew of Pritchett, Alabama, and three grandchildren.

Oscar W. Gentor, pastor of the church, will officiate for the rites. Interment will be in Petersburg Cemetery under the direction of Moore-Rose Funeral Home.

## Olin Miller

Services for Olin S. Miller, 81 year old former Floydada school teacher, were conducted yesterday in St. John Methodist Church in Plainview. Miller, in failing health for several months, died Monday afternoon in the Plainview Hospital.

The deceased was born at Egan and moved to Floyd County in 1889. He moved to Plainview in 1946 from Clarendon. Miller was a graduate of West Texas State University in 1913 and from George Peabody Teachers College, Nashville, Tenn. He taught school in North Carolina and Floydada and in 1958 retired as an employe of the Texas State Department of Welfare after serving 15 years.

Survivors other than the widow includes a daughter, Mrs. Floyd Willis, Phoenix, Ariz.; one son, W.D. of Lubbock; two sisters, Mrs. Sude Thomas of Floydada and Mrs. Price Scott of Buena Park, Calif.; eight grandchildren and 10 great grandchildren.

Interment was in Plainview Memorial Park under the direction of Lemons Funeral Home.

## Mrs. Alma Hale

Funeral rites for Mrs. Alma Charlotte Hale, 72 year old mother of Richard Max Hale of Floydada, were conducted Tuesday in Wheeler. Mrs. Hale died Saturday morning on her and her husband's 53rd wedding anniversary.

She was born in Cleburne, Texas and lived in Borger, Amarillo and Shamrock before moving to Wheeler. Survivors include her husband, three sons, two daughters, a brother, two sisters, and several grandchildren.

## Mrs. A.W. Tooley

Rites for Mrs. A. W. Tooley, 72, mother of Wendell Tooley, publisher of the Floyd County Hesperian in Floydada, will be held this afternoon at 2 o'clock in the Methodist Church in Kress. Mrs. Tooley died about 5:20 p.m. Tuesday in Floydada Nursing Home where she had been a patient for the past three weeks.

Mrs. Tooley was born in Shannon, Texas, and moved to Kress in 1932.

Survivors include her husband; two sons, L. W. of Dawn, Texas, and Wendell M. of Floydada; and eight grandchildren. Officiating for the service will be Rev. Roy Patterson of Lazbuddie and Rev. James Patterson, minister of the Kress church. Interment will be in Plainview Memorial Park, under the direction of Lemons Funeral Home. The Hesperian office will be closed this afternoon.

FLOYD DATA

Mr. and Mrs. J. E. Green, who are visiting in Hubbard with their daughter, are expected home some time this week. Green was to enter Plainview Hospital this week for surgery but became ill with a cold and complications while at Hubbard and is hospitalized there, according to a card from Mrs. Green.

## Walter Bybee

Services for Walter B. Bybee of Plainview, father of Mrs. Bennie Teaff of Floydada, were conducted Saturday in the Trinity Methodist Church in Plainview. Bybee died in Plains Convalescent Home in Plainview last Thursday. He had been ill for several years.

The deceased was a retired farmer and lived in Lockney some 11 years moving to Hardeman County in 1932. He returned to Floyd County in 1945 and moved to Plainview three years later. He was a member of the Methodist Church.

Survivors include his wife, Cora Hamilton; two daughters, Mrs. Teaff of Floydada and Mrs. John Henry Hays of Plainview; two stepdaughters; one son, Oscar of Plainview; two brothers, two sisters, twelve grandchildren and ten great grandchildren.

## Minnie Stewart

Minnie Stewart, 86, mother of Aubrey and Fred Stewart of Floydada, died Wednesday of last week. Funeral rites were conducted in Temple, Texas Friday.

Survivors include four sons and four daughters.

WILLIAM REBER

## Reber Is Among National Merit Semi Finalists

William Reber, son of Mr. and Mrs. William L. Moore of Anchorage, Alaska, is among 18 Alaska High School senior students, named as semi-finalists in the 1970-71 National Merit Scholarship competition. His mother is the former Ivy Pearl Simmons, daughter of Mrs. W. S. Simmons of Floydada.

The 14,750 semi-finalists selected nationwide constitute about one half of one percent of the country's graduating seniors. Reber was one of two students of East High School selected.

The semi-finalists were the highest scorers in their states on the qualifying test, given last February to some 710,000 students in 17,000 schools nationwide. They will compete for about 3,000 Merit Scholarships to be awarded next spring.

About 96 percent of the semi-finalists are expected to become finalists, and each will be considered for one of the 1,000 National Merit \$1,000 scholarships which are allocated by the state.

Many will also be considered for the renewable four-year Merit Scholarships provided by some 500 corporations, foundations, colleges, unions, trusts, and other organizations and individuals.

## City Has New Tax Statements

The City of Floydada tax statements, which were mailed this week, will have a new look. The statements were made by a computer this year and will be more convenient for the taxpayer because the discount and amount due is shown for October, November, and December payments.

The Mackenzie Municipal Water Authority tax statement will be enclosed with the City tax statement, in order to save the Water Authority expense on envelopes and postage. This tax is based on 50% of market value with a rate of 10¢ per \$100 valuation. For convenience this statement has also been made by a computer and shows the discounts and amounts due for October, November and December.

The City of Floydada tax statement and the Mackenzie Municipal Water Authority tax statement is payable at the City Hall in Floydada. Checks for the Mackenzie Municipal Water Authority tax may be enclosed with your check for the City of Floydada tax.

## Pay Raises On Court Agenda

Pay raises were on the agenda of Commissioners Court when they met last week. The State trappers salary was raised to \$275 a month; Donald Weeks was raised to \$375 and Manuel Jones' salary to \$400 per month.

Other business included that Floyd County would enter into an agreement with Farm Home Administration for a comprehensive area water and sewer plan and the 1971 county budget was adopted as amended. County tax set at \$.35 per hundred evaluation. All precinct commissioners were present for the meeting presided over by Judge J. K. Holmes.

## Earliest Freeze October 7

Chilly temperatures and cold winds last weekend turned some local minds to thoughts of a freeze. It would have broken a long-standing record if temperatures had dipped to freezing in September. The earliest freeze ever recorded here was in 1952 when it hit on October 7. Last year came close to the early freeze record with a freeze on October 13. The record goes way back to 1909 before revealing another that early.

It was October 15 brought the first 32-degree readings in '54 and '66. November 27 is the latest first freeze date ever recorded here; 1965 was the year.

Mrs. Cecil Payne, patient in Lubbock Methodist Hospital, is reported to be resting fairly comfortably following surgery on a broken hip Monday of last week. Mrs. Payne sustained the broken limb when she fell from the back of the family camper. She has hopes of returning the Caprock Hospital the latter part of this week if her condition permits.

By Wendell Tooley

Whirlwind Coach L. G. Wilson played every reserve he had trying to keep the score down as the "Mean Green" defeated the Post Antelopes 56-6 in Wester Field Friday night.

It was a cold night, but the Whirlwinds were red hot from start to finish of the contest and Floydada fans packed into the west stadium to cheer their team on.

Floydada's 5'6", 145 pound skatback Walter Harris enjoyed a terrific night of football as he made three touchdowns and two extra points.

**PLAY BY PLAY**

Floydada took the kick-off back to the 40, Van Lee Mitchell ran for 4, Andy Selman 5, Walter Harris 9, Mitchell with 7, Mike Burk made 1, then Andy Selman made 7, Harris made 5, Mitchell made 7 and 2, Selman made another 3, Harris 2 and Selman 5. The ball was resting on the two yard line and Mitchell crashed through the Antelope line for the first Floydada TD.

Five minutes and 53 seconds remained in the first quarter. Gregg Campbell's kick was no good and the score was 6-0. Burk kicked off to the Antelopes, they couldn't go, punted and then one of the prettiest run-backs in Floydada's football history was executed by Whirlwind back Steve Puckett. He returned the punt 95 yards for another TD and the blocking he received was just like it was diagrammed on the play sheet.

Selman skirted around right and for two extra points and with 4:09 left in the first quarter it was Floydada 14-0.

With 10:56 left in the second quarter halfback Harris made a 15 yard end sweep for another TD. Campbell's try for extra point was no good and Floydada led 20-0. With 1:47 minutes remaining in the second quarter Harris took a 17 yard pass from quarterback Andy Hale for another TD. Kirby Pierce took a pitch out from Hale and made two extra points to make the score 28-0. Then with only .6 seconds remaining in the second quarter Hale threw a beauty to Mitchell for 32 yards and another TD. Campbell did and the score was 35-0.

In the third quarter, it was Harris again with a 41 yard run and another Whirlwind TD, Campbell split the uprights and it was 42-0 with 10:41 left in the quarter.

With 8:46 left in the third quarter Steve Hendrix with a beautiful 27 yard run made another 'Wind TD. The try for extra point was no good and it was Floydada 48-0.

In the fourth quarter the Antelopes posted their lone six points as Royce Pace intercepted a Whirlwind pass and raced down the right side for paydirt. Try for extra point was no good. The score was 48-6.

Ricky Biggs made the last Floydada TD with a three yard plunge through the Antelope line. Hale pitched out to Harris for the extra two points and the final score was 56-6.

The victory pushed the Floydada record to a perfect 3-0 status, scoring 138 points with only six allowed by its competition.

Ties, Springlake Fool Grid Guessers

## Weathersbee Wins First Prize

Claude Weathersbee of Floydada turned out to be the most accurate forecaster in the Hesperian football contest last week and wins \$7.50 for his efforts. Weathersbee missed only the ties by Lockney and Klalou, Ralls and Crosbyton, and TCU and Wisconsin; and Springlake's victory over Dimmitt.

Jack Fuqua won the \$5.00 second prize, missing the same four Weathersbee missed plus the Amarillo High-Lubbock High game. Fuqua picked Amarillo, but the Westerners disagreed and downed the Sandies 23-12. Fuqua's guess for total points in the tie-breaker was 35.

Bill Lamb and Claude Estes tied for third place with five misses and 34-point guesses in the tie-breaker. Lamb missed the ties, and the Matador-Meadow and Perryton-Pampa contests. He was one of three who correctly picked Springlake to upset Dimmitt. Estes missed on the ties, Dimmitt-Springlake, and WTSU-Wichita State. Lamb and Estes divide third prize money. Waldo West submitted

an entry with five misses but neglected to indicate a total in the tie-breaker.

Also close, with six misses, were the following entrants: Danny Bradford, Gene Lowrance, Don Vickers, Barbara Edwards, Patsy Webb, Jake Webb, Pat McCarty, Jon LaBaume, and Joe Aviles.

The 101 entrants, those of them who picked a winner in the Post-Floydada tie-breaker game, were almost unanimous in favoring the Whirlwinds. Only one circled Post as the win-

ner. Several failed to indicate a winner at all in that game, and some didn't indicate a total score. Don't forget to guess the total points and circle a winner in the tie-breaker.

The games that gave Hesperian guessers the most trouble were the ties (of course); Dimmitt-Springlake (about everybody but the Wolverines had a high opinion of the Bobcats; Matador-Meadow (the Matadors dropped Meadow, 22-12); and Morton-Farwell (Morton squeezed by the Steers, 7-6).

## Whirlwind JV Beats Ralls, 58-0

The Floydada Whirlwind Junior Varsity blew past Ralls Junior Varsity by a score of 58-0 last Thursday night. A total of seven boys scored for the Whirlwinds.

The Whirlwind scoring went as follows: Jerry Hearon scored twice on runs of 13 yards and 14 yards; Bill Norman scored on a 30-yard pass from quarterback Mike Hale; Jimmy Kunkel scored on a one-

yard run; Rex Rose scored on a 30-yard run and also made the two point conversion; Ricky Ruller scored twice on a 15-yard run and then again on a 12-yard pass play from Mike Hale. Terry Jester scored on a 52-yard run and Billy Joe Villarreal scored on a 67-yard run.

A great deal of praise should go to the offensive linemen for this fine offensive showing. Boys who did a very fine job in the line were Joe Miller at center, David Marrical and Tony Goel at the guard position. Jimmy Kunkel was the leading rusher with a total of 85 yards on 11 carries.

The entire Whirlwind team was credited with doing an outstanding job holding Ralls scoreless. Leading the defense in tackles were Gary Sanders with 10 and Joe Martinez with 9.

The Whirlwind Junior Varsity will play Petersburg there tonight.

## Freshmen Take Olton, 6-0

The Whirlwind Freshmen scored in the first half and held the Olton Freshman group scoreless to come out on top of a 6-0 defensive battle Thursday night at Wester Field.

Quarterback John Cagle went over from the one in the second quarter to cap the only sustained drive of the game for the 'Wind. Extra point try failed.

Good defense carried the 'Wind Frosh to the victory, with a goal-line stand on the four-yard line in the fourth quarter the stand-out play.

Linemen Harold Nickel, Arnold Lipham, Lynn Becker, and linebacker Mike Hatley sparked the Whirlwind defense.

Spraying operations in the High Plains Diapause Boll Weevil Control Program this year have gone "exceptionally well" and weevil populations in the control zone have been greatly reduced, according to Ed Dean, Field Service Director of Plains Cotton Growers, Inc., the organization responsible for the program.

Four applications of ultra low volume Malathion, a chemical with almost non-existent toxicity to anything but insects, have now been completed. The first three went on at seven day intervals and were followed by another application 12 days later, Dean Reports. Spraying will continue on the 12 day schedule until frost where necessary.

Spraying began September 1 this year and spray planes covered 108,000 acres of weevil infested cotton in less than five days. Weevil migration from outside the control zone into previously weevil free cotton brought the spray area for the second and third applications up to 136,000 and 145,000 acres, respectively. Total acreage sprayed in the fourth application has not been calculated, but the estimate runs to 175,000 or 180,000 acres.

The fourth dose of insecticide took in around 20,000 to 30,000 additional acres in Briscoe, Motely and Hall Counties on the North end of the control zone where earlier weevil populations had been too low to justify spraying. Also included in the most recent spraying were 14,000 to 15,000 acres where weevils have been found in Southwest Dawson, Northwest Martin, South Gaines and South Andrews Counties.

"We have had better weather for spraying this year than any year since the program began in 1964," Dean stated, "and performance on the part of spray contractors has never been better."

The first three rapid-fire shots at the weevil are designed to break his reproductive cycle. Later applications are to kill remaining weevils before they can go into hibernations for the winter.

Dean notes that 175,000 or 180,000 acres in all probability will be the peak size of this year's control zone. Acreage to be sprayed in the fifth and sixth applications will begin to decline as cotton in some fields will be reaching the stage at which it no longer provides a food supply for the pests. The overall objective of the program is to keep weevils from going into hibernation and coming out the following spring to attack crops. And weevils cannot achieve the fat, dormant "diapause" condition necessary to overwinter without an adequate food supply.

As of this writing the farm bill that has been kicked around in Washington for the past 18 months or so is still lodged, if not stuck, in a Senate-House Conference Committee.

Circumstances surrounding efforts of Conferees to reach a compromise acceptable to the body of the House, the body of the Senate and the Administration are more than a little complicated. And there is no evidence that a quick or easy solution to the complications will be found soon.

Conferees from the two Houses of Congress, left alone and without having to consider Administration views, could probably reach agreement with little delay. But, when the Conference report goes to the floor of the House and Senate for approval,

## Grain Sorghum Producers To Launch Membership Drive

The Grain Sorghum Producers Association will launch its 1970-71 membership drive the week of October 1. Each farmer within the area will receive a membership application for convenience in paying his dues and a postpaid envelope will be enclosed, with the membership notice.

Eibert Harp, executive director of the Grain Sorghum Producers Association, stated that because of the work of the association this past year, many accomplishments have been made that will and already have affected the price and income of the grain sorghum producer.

In reviewing the association's work, some of the projects that will be the most helpful to the farmer are:

1. Reversal of CCC's order to call in 1967-68 resealed grain by January 15, 1970.

(RESULTS - Restored strength in market prices last fall.)

2. USDA and congressional agreement in early summer to relate grain sorghum to corn

according to nutritional value.

(RESULTS - Up to 15¢ CWT. increase in loan and support price is pending new legislation.)

3. Strong representation for grain sorghum in National Farm Coalition and several congressional committees.)

(RESULTS - Representing the best interests of grain sorghum producers to all pertinent legislative groups in Washington, D.C.)

4. CCC's decision to increase their resale price by 7¢ per CWT, beginning October 1, 1970.

(RESULTS - The market should be 7¢ higher than it would have been otherwise.)

"Because of the accomplishments we feel like the Grain Sorghum Producers Association deserves the support of every grain sorghum farmer within the area. We are still not satisfied because there is still much work yet to be done in behalf of grain sorghum. We hope that each farmer will promptly mail in his 1970-71 dues to help carry on this important work," Harp stated.

## New Administrator Named At Floydada Nursing Home

Mrs. Dartha Westbrook is now administrator in training at the Floydada Nursing Home replacing Mildred Parnell, who has accepted the position of Preceptor of Nursing Homes in Jasper, Collinsville, Woodville and Palestine, Texas. The former Administrator has been employed by Challenge Homes

Inc., for the past five years and at the Floydada Nursing Home the past two years.

The Preceptor job is a new law, passed recently by the Texas Licensure of Nursing Home Administrators, that all nursing homes in the state of Texas be operated by licensed

administrators or be under the supervision of one.

Mrs. Westbrook and her family moved to Floydada from Lockney. They formerly lived in Lubbock. Her husband is administrator of the Lockney Nursing Home. The couple has three sons, all school age. Mrs. Westbrook's Preceptor is Frances Taylor of Crosbyton.

## Assembly Of God, Presbyterians Begin Worship Together

Members of the Assembly of God Church, which was badly damaged by a fire on August 17, are holding their regular services at the Presbyterian Church. The two congregations are worshipping together at the regular Sunday Worship Services. The joint services started last Sunday.

The Assembly of God members will use the Presbyterian facilities until their new church building is completed. A date has not yet been set for the completion of the new building, but use of the Presbyterian building has been definitely okayed for five to six months.

Sunday School is at 9:45 a.m.; Sunday morning Worship at 11; Christ Ambassadors (for Assembly of God youth) at 6 p.m.;

and Sunday evening services at 7 p.m. Wednesday night services are at 7:30.

Jelly, jam, conserve, marmalade and preserves can all add zest to meals. Most of them also provide a good way to use fruit not at its best for canning or freezing, such as the largest or smallest fruits and berries and those that are irregularly shaped.

Surprise your family with a batch of sparkling, colorful jellies, jams or preserves. You can make good use of fresh fruits now available and others coming to the market soon.

Basically all of these products are much alike; all of them are fruit preserved by means of sugar, and usually all are jelled to some extent. Their individual characteristics depend on the kind of fruit used and the way it is prepared, the proportions of different ingredients in the mixture and the method of cooking.

Many have asked what the differences are among preserving fruit products. Jelly is made from fruit juices; the product is clear and firm enough to hold its shape when turned out of the container. Jam, made from crushed or ground fruit, tends to hold its shape but generally is less firm than jelly.

Conserves are jams made from a mixture of fruits, usually including citrus fruits of ten raisins and nuts are added.

Marmalade is a tender jelly with small pieces of fruit distributed evenly throughout. A marmalade commonly contains citrus fruit.

Preserves are whole fruits or large pieces of fruit in a thick syrup, often slightly jelled. Pectic, acid and sugar from the jelly trio.

Pectin is the natural substance found in fruits which makes the jelly jel. The amount varies in different kinds of fruits, and to take the guesswork out of present-day jelly making, natural pectin is carefully extracted from apples or the skins of citrus fruits, refined, concentrated and standardized to specific jelling strength.

Acid is needed for flavor and for gel formation. The acid content varies in different fruits and is higher in under-ripe than in fully ripe fruits. With fruits that are low in acid, lemon juice or citric acid is commonly added in making jelled products. Sugar helps in gel formation, serves as a preserving agent, and contributes to the flavor of the jelled product. It also has a firming effect on fruit, a property that is useful in making of preserves.

Because we can't calculate accurately the fruit's content of sugar and pectin, standardized recipes are essential. Guesswork is foolhardy and can be costly. It is best to select recipes from reliable sources and follow instructions to the letter.

Experiment a bit by adding flavorful herbs and spices to jams and jellies or substitute flaked coconut in conserves for the nuts called for in the

The two commercial forms are liquid fruit pectin and powdered fruit pectin. These differ slightly in composition and can't be used interchangeably. Powdered fruit pectin won't dissolve in high sugar concentration and must be added to the fruit before the sugar. Liquid fruit pectin, on the other hand must be added last of all, after the fruit and sugar have boiled.

Mrs. KENNETH HOLT CAMPAIGN CHAIRMAN FOR CANCER SOCIETY

Mrs. Kenneth Holt was selected to serve a second term as campaign chairman for the 1971 crusade during the September meeting of the Floyd County Chapter, American Cancer Society. Six officials and Dan Harris of Lubbock, district executive director, met in the Production Credit office, Floydada.

The group voted to accept a certification of authorization. Mrs. Ronnie Thornton, county president, presided over the session.

Mrs. Thornton was elected official delegate to the state cancer convention, Oct. 21-22, at the Sheraton Hotel in Fort Worth. Mrs. Holt is alternate delegate. Mrs. Beth Kropp also plans to attend the state session.

The group discussed its booth at the Floyd County Fair and Surrounding Counties.

Next meeting is scheduled for 10 a.m. November 9 at the First National Bank in Lockney.

Present were Harris and Mmes. Thornton, Ewald Quebe, Holt, Woodrow Wilson, Jim Reynolds and Joe Max Harrison.

Texas Employment Commission announces that the federal unemployment law will result in a single increase in coverage of workers beginning of the federal unemployment insurance program.

An estimated 400,000 workers will be covered by 100,000 more employees will be liable for unemployment insurance tax, beginning 1, 1972.

Federal law provides for a year of extended unemployment insurance up to a maximum of 13 weeks in times of unemployment. The federal government will pay half the benefits. Extended benefits are exhausted, but also makes more workers eligible for benefits. More employers are required to pay unemployment insurance, and increases the unemployment insurance covered by the law. About 100,000 jobs are covered by federal grants to train unemployment compensation personnel; and for a federal advisory council on unemployment compensation to review and suggest improvements in the federal-state unemployment insurance program.

More than 183,000 Texas jobs are covered by an employer who employs one or more in 20 separate quarters, or an employer who pays a payroll of \$1,500 a quarter.

State hospitals and institutions of higher education totaling about 100,000 employees, research and administrative employees of institutions of higher education eligible for benefits for the summer vacation if they contract to resume work after the vacation.

Estimated 10,000 agent and outside salesmen, formerly excluded from coverage as being self-employed, will be brought under coverage by changing the definition of "employee."

As 9,000 Texas agricultural producers will be eligible for unemployment insurance.

Must permit states to provide coverage to each of their subdivisions, employees in county and city hospitals and institutions of higher education.

*He Viewed With Alarm*

The organized effort of some Hale County farmers to de-ice the severe spring thunderstorms reminds me of what an old friend of mine did the first time he saw what he thought was a de-icing plane overhead.

This oldster was one of those kind they speak of as having got here so early (1887 or thereabout) that he "helped dig the canyon and hang out the last few stars to dry." By the time a half century had passed he had developed a leg that didn't function too good from an old injury.

His eyes were not as good as they once were, also he had a touch of high blood pressure. He got fretted easily and his indignation often boiled over.

One sultry afternoon in the fifties a tall thunder cloud showed up in the west all bright and shiny, bristling, too. It looked as though it would rain within a few minutes. And it might hail, as well.

R Smelled Good

It was not the first time the

old gentleman had viewed such a sight. The wind-borne smell raised his spirits. The moisture could soften the baked earth. There would be maize to gather and fall grass on the range for the sookies. And, of course, it might hail, but maybe it would not be too bad.

As he looked he heard an airplane, and the boys told him it was driving toward the cloud mass. It was going to "seed" it with something that would soften up the ugly cloud and there would be no hail, they told him.

He didn't want any of that. He wanted rain and there could not be any rain without clouds. His leathery face reddened and his eyes flashed indignation, as he turned in halting haste toward the house.

His grown-up kids understood his muttering about his 30-30 and that invader he was going to shoot out of the sky. They made talk with their Pa until the plane had pulled out of sight.

For 1971, Pontiac announces the best selection of automobiles... since automobiles.

- 1. The First Grand Ville.** A completely new Pontiac that never existed before. A luxury car with a sensible price. **The most luxurious Pontiac ever.** The softest seats. The richest upholstery. The most distinctive appointments. More head room. More shoulder room. As much rear-seat leg room in the 2-door hardtop as in most 4-doors. **Twice the money won't buy a smoother, quieter ride.** Compare for yourself. It starts with a wider Wide-Track. A new suspension. And some new ways to marry body to chassis. Sensational. **Even response is luxurious.** The steering is variable-ratio power. The brakes are power with front discs. The power is a 455-cubic-inch V-8 that performs on low-lead or no-lead fuel.
- 2. Firebird Esprit.** Our 1971 Firebird Esprit will be making a few new waves. It couples the handling of a sports car with the smooth ride of a big car. **Molded foam front seats.** A new process we discovered. They won't lump. So they stay comfortable for the life of the car. **Front disc brakes and more.** A dent-resistant Endura front end. Long-wearing, bias-belted tires. A 350-cubic-inch V-8 (low-lead or no-lead fuel). Knit vinyl upholstery. All standard.
- 3. GTO.** Legendary. But we made it better. In honor of our enthusiast fans. **New scoops that really scoop.** Order them functional with a new 455-CID H.O. V-8. Which is also very efficient on the new no-lead or low-lead gasolines. Lower exhaust emissions. Plus longer life for spark plugs, exhaust system and other engine components. If no- or low-lead gas isn't available, use any leaded regular-grade gas with a research octane number of at least 91. **The new Endura front end fights back.** It looks like painted sheet metal but isn't. Much tougher. It resists dings, dents, chips. Won't rust. **The power train's tough, too.** 400-CID V-8. Dual exhausts. A Hurst-shifted 3-speed transmission (order a 4-speed if you prefer).
- 4. Grand Prix.** Until now, no new car ever started out a classic. **The look of a classic.** An all-new front end. Classic. A sensational new sculptured rear end. Equally so. A new cockpit interior that puts every new control and gauge at fingertip command. **There's more to a classic than ogling.** It has to move. Grand Prix has a 400-cubic-inch V-8. Power brakes, front discs. Variable-ratio power steering. An available 455 V-8. Grand Prix moves. **A new maintenance-free battery.** It never needs water. And it holds a higher power reserve throughout its life. Standard on Grand Prix "SJ" model.

**Warm, Fresh Air**

... direct from the manufacturer

Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat — you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time.

So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.

## FAIRVIEW NEWS by Mrs. Clyde Bagwell

FAIRVIEW, Sept. 21 - The community received more rain Friday night, from a half to two inches. Here in town we received one inch.

Mrs. Edell Dubois was a patient from Tuesday until Saturday afternoon at Caprock Hospital. She is slowly gaining her strength.

Edell Dubois received a phone call Sunday afternoon telling of the death of an aunt, Mrs. Hattie Johnston of Jewett. She died Saturday. Funeral services are being held today (Monday).

Mrs. Walton Wilson was a dinner guest at the home of her niece, Mrs. Ted Bell, Saturday. Mrs. Bell's mother, Mrs. Sim Reeves of Memphis, was there for the day. Later in the evening Mr. and Mrs. Ted Bell and children, Mr. and Mrs. Walton Wilson and Mrs. Sim Reeves visited in the home of Mr. and Mrs. Harvey Allen and sons, Mike and Norman.

House guests in the home of Mr. and Mrs. C. H. Wise and Charles last week were Mrs. Mary Lou Caffee and daughter, Nancy of Turlock, Calif., Mrs. Helen Field of Ft. Worth, and Mona Dell Wise of Amarillo. They were all here to attend the funeral of their grandmother, Mrs. C. O. Wise.

Other out of town visitors during the week in the C. H. Wise home were Mr. and Mrs. C. D. Wise Jr., Mr. and Mrs. Randy Karn, all of Cyril, Okla., Mr. and Mrs. C. D. Wise Sr. and Mrs. Peggy Wise of Paris, Tex.; Mr. and Mrs. Delwin Brooks and Suzanne of Paducah; Mr. and Mrs. Henry Dryer and Kim of Crosbyton; and Mr. and Mrs. S. K. Porter of Lubbock. All visited after the funeral on Tuesday. Friends calling were Mrs. Lavina Blare of Amarillo, Mrs. Howard Bishop, Mrs. C. A. Caffee, Mrs. Roe Jones, Mrs. D. F. Hatley, Mrs. Troy Cranford and Mrs. Della Finley.

Thursday Mrs. C. H. Wise, Mrs. Helen Field, Mrs. M. C. Kitchens and Mrs. Mary Lou Caffee and Nancy went to Lubbock airport where Mrs. Caffee and Nancy took a plane back to their home in Turlock. While in Lubbock, Mrs. Field, Mrs. Wise and Mrs. Kitchens visited Mrs. S. K. Porter, Mrs. Helen Field left by bus Friday morning for her home in Ft. Worth.

We are sorry to report Mrs. Cecil Payne is a patient in Methodist Hospital where she underwent surgery today (Monday). Mrs. Payne fell from their camper on the cement

driveway of their home Sunday afternoon and broke her hip. Mrs. Payne's room number is 431.

Mr. and Mrs. E. R. Walls of Plainview visited Mr. and Mrs. E. W. Walls Sunday afternoon.

Mr. and Mrs. A. S. Mize returned home Wednesday from a two weeks vacation trip to Strawberry, Ark., visiting with his brother, Pola Mize and family and at Bloomfield, Mo. with another brother, Homer Mize, and to Sapulpa, Okla. to visit Mrs. Mize's cousin, Mrs. Clara Scott.

Mr. and Mrs. R. M. Cannon visited Sunday afternoon with Mrs. Eva Rapp.

Mr. and Mrs. Will Mooney visited Sunday afternoon with Mr. and Mrs. Edell Dubois.

Mrs. Roy Meek visited in Silverton Friday with her daughter, Mrs. Lyndal Carey and family.

Mrs. Ray Cook went to Plainview Friday afternoon, and on her way home drove through hard rain. In places the water was almost over the highway just west of Lockney, she said.

Mrs. Jewell Teague returned home Sunday evening by plane from Independence, Mo., where she had gone Thursday to visit her brother, Clifford Rhoades, hospitalized following a stroke.

Mr. and Mrs. Lindsey Graham went to the Lubbock airport Sunday afternoon to meet Mrs. Teague.

Mr. and Mrs. Gus Hammonds visited Mr. and Mrs. Ray Cook Thursday night.

Greg, Karen and Christy Pruitt stayed Sunday with their grandparents, Mr. and Mrs. Bill Tye, while their parents, Mr. and Mrs. Weldon Pruitt, and other grandparents, Mr. and Mrs. L. C. Pruitt went to Lubbock to attend the funeral of Barry Jones, a victim of a car accident. Barry was a cousin of Weldon Pruitt and nephew of L. C.

Mrs. Ruey Irwin and Mrs. Marion Burns made a trip to Plainview Friday afternoon.

Mr. and Mrs. Carl Nelson of Dimmitt came Saturday and spent the night with their daughter and family, Mr. and Mrs. Bill Baker and Loree in Floydada. Sunday Mr. and Mrs. Nelson spent the day with Mr. and Mrs. Ruey Irwin.

Mr. and Mrs. Kay Crabtree, Becky and Sammy, Mrs. Kate Crabtree and J.C. Bullard had dinner out Sunday after church. Sammy Crabtree spent Friday night with his uncle, J. C. Bullard, and Becky Crabtree spent the same night with her grandmother, Mrs. Kate Crabtree.

Mr. and Mrs. Ray Cook and Mrs. Clyde Alexander visited Mr. and Mrs. Gus Hammonds Saturday night and had dinner with them.

Mr. and Mrs. Leonard Finley of Plainview and Mrs. C. E. Finley visited Mrs. Beulah Jernigan Saturday afternoon.

Saturday Mrs. Mary Stanley, Mrs. O. F. Cummings, Mrs. Beulah Jernigan and Mrs. Kate Crabtree played 42 at the home of Mrs. Crabtree.

Mrs. Grady Reeves of Plainview, and Mark Slack, who Mrs. Reeves keeps through the day, came Friday and had lunch with Mrs. T. L. Perry.

Mr. and Mrs. T. L. Perry visited Thursday night with Mr. and Mrs. Leslie Fawver.

Friday night supper guests of Mr. and Mrs. T. L. Perry were Mr. and Mrs. J. W. Gilbreath and Mrs. J. T. Perry.

Mr. and Mrs. T. L. Perry spent Saturday night and Sunday in Lubbock with Mr. and Mrs. Eugene Watts, Scotty and Kim.

## Bentsen Senator for the Seventies.

**Crime:** Let's face it: we are not going to achieve our goals in this country until we stop the current epidemic of crime. During the past few years, crime in America has increased 122% - while our population was growing only 11%. And, tragically, in Texas half of the major crimes are committed by youngsters 17 years of age and under. We need to improve law enforcement (and you realize its effectiveness every time you spot a police car and ease up on your accelerator). Swift, sure apprehension and punishment remain the greatest deterrent to crime. The federal government can help local agencies through grants-in-aid, which I would support, and other methods to improve their efficiency. I also favor appointing special federal judges and U.S. attorneys to clear the dockets that now are jammed with a backlog of criminal cases.

We must make the streets of America safe again. The right to such safety is basic.

*Lloyd Bentsen*

In the next eight weeks my position on various topics will be explained in The Hesperian.

PD. POL. ADV. BY FLOYDADA FRIEND OF LLOYD BENTSEN.

## Remember

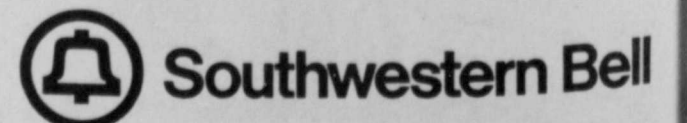

DDD is your biggest Long Distance bargain.

Direct Distance Dialing is the fast, easy way to call Long Distance - and you get three calls for the price of two. That's because your call always goes through at low station-to-station rates... costs about one-third less than person-to-person calls.

If you're looking for a bargain in Long Distance calls, remember these simple instructions the next time you call:

1. Dial "1"
2. Dial the Area Code if it's different from your own
3. Then dial the telephone number

So go ahead, dial your Long Distance calls direct. It's the fastest, easiest, thriftiest way to call Long Distance.
