Price: 5c Per Copy

News of Our CHURCHES

Union Congregational Church:

The attendance at Sunday school Sunday was indeed small. About the usual attendance of the children of the primary and intermediate grades was present, but none of the young people's class and only four adults were present. There was no worship service, owing to misinformed being given to the Pulpit Committee so that no arrangements had been made for a leader.

A letter to Miss Shirley Maurer from our Pastor-at-Large, Dr. H. H. Lindeman, stated that he will be here to preach on the next two Sundays, July 7 and 14.

Dr. Lindeman's subject for Sunday, July 7, will be, "The Straight and Narrow Way—Have You Found It?" Tell the people I want to see all of them next Sunday.

SIXTH STREET OF CHRIST NEWS:

The Sixth Street Church of Christ Bible Class met with Mrs. Ed Bogges. There were six members and one visitor present. Each worked on his own work at this time. We decided to do just what work we want to do for awhile since we have no special work to do until we decide which home we will work for next. But will say, if anyone has any pillow cases, tea towels or anything they want to work on, we will put them all together and have them ready when we do have a call for help.

Our Bible lesson was the last chapter of II Gallations and was led by Mrs. Clyde Sherrieb. We will begin Gallations for our next study and Mrs. Clyde Denton will have charge of the lesson for July 11th.

Refreshments were served by the hostess to: Mmes. Clyde Denton, M. E. Mahon, Eugene Bogges, J. F. Miller, Clyde Sherrieb, and Miss Eula Mae White. We will meet with Mrs. Clyde Sherrieb on July 11th. Everyone come who can. You are always welcome.

Methodist Church News:

Church School 10:00 a. m. Morning Worship 11:00 a. m. Sermon Subject: "Patriotism in Peace Time". Evening Services: Junior League 7:45 p. m. Youth Fellowship 7:45 p. m. Evening Worship 8:15 p. m. Sermon Subject: "Living in the Valleys".

Our Vacation Church School will be held July 15-20, with registration on July 13.

In the regular meeting of the W. S. C. S. Tuesday, July 2, an interesting program was given under the direction of Mrs. J. H. Boyle. The Meditation was given by Mrs. Howard Ford.

Plans were made for the next meeting, July 12, at which Miss Floss Foreman, a missionary from Africa, will speak about her work in the Belgian Congo.

Everyone interested is invited to come and bring a covered dish for the supper, which will begin at 8 o'clock. Miss Foreman will speak immediately following supper. Those who are unable to attend the covered dish

PEACHES FOR SALE

A truck load of peaches and cantaloupes appeared on Friona streets Monday and Tuesday, and seemed to be meeting with a ready sale, as nearly everyone who came by, bought some.

The price was not so bad, as they were much cheaper than such fruit has been here during the past two years, as they were selling at \$3.00 and \$3.25 per bushel. It is not known whether it is the death of OPA or a more bountiful crop that has caused the low prices.

HUGH MOSELEY HOME

Hugh Moseley, son of Mr. and Mrs. David Moseley, arrived home Saturday to spend his leave with his parents.

Hugh is serving in the Merchant Marine and has just returned from the Far East. He came unannounced and his arrival was a joyful surprise to his parents.

IMPORTANT TO LEGION AUXILIARY

It is very urgent that all members of the American Legion Auxiliary be present at our next meeting on July 9th at the Hut.

The order of business is to elect new officers for the coming year and have report of same in Department Headquarters before the first of August, to be certified; as all Department books are closed on that date, to make ready for the State convention, which will be held the middle of August at Galveston.

Please all members be present so we can get this important business taken care of on time. Mrs. Polster Rector, Sec.

WEEK END AT BUFFALO LAKE

Dr. and Mrs. Dan E. Hampton and two small sons, Harold and Dan, and Miss Sarah Tippett, nurse at the Parker County Community Hospital, drove over to Buffalo Lake Saturday and spent the week end there.

They report that they caught no fish, but that they had an enjoyable outing. They returned Sunday afternoon. Miss Tippett is making her home with the Hampton family.

FLOYD RICHARDS HERE

Attorney Floyd H. Richards of Dalhart was in Friona Tuesday circulating among the Friona people in the interest of his candidacy.

Mr. Richards is a young man and an ex-service man, and is a candidate for the office of District Attorney of the 69th Judicial District, of which Parker county is a part. He is a man of quiet demeanor and with a prepossessing appearance.

Mrs. R. B. Jones, who has been here the past few weeks visiting her daughter, Mrs. Henry Lewis and family, returned to her home at Greenville, Sunday. She was accompanied by her grandson, Don Edwin Lewis, who will spend the remainder of his vacation with her.

It is reported that the machinery is now being installed in the new laundry building, in the north side of the city, on the south side of the highway, and that the laundry will probably be ready and in operation within the next few weeks.

Supper, are urged to come to the program. We think you will find your time well spent when you hear Miss Foreman.

Mr. and Mrs. Jake Lamb had Mr. and Mrs. O'Conner and children of Kentucky visiting them the past week. They left Tuesday morning for points in California before returning to their home. Mrs. O'Conner is their daughter.

Mrs. Jenkins of Brownfield, who was visiting her sister, Mrs. Codiron last week, departed on Monday for her home.

Mr. and Mrs. Charley Baxten are the proud parents of a son, born Sunday at the Hereford hospital.

Mr. Bandy, proprietor of the Friona Laundry, was taken to the hospital at Hereford Tuesday night.

Mrs. Carl Newton took her son to a hospital at Amarillo Tuesday for a major operation. Mrs. Newton came here from Panhandle and was to take over the Little Beaver Cafe. Mrs. J. J. Collier will take care of the cafe until Mrs. Newton is able to take over.

Mrs. Helen Teague and daughter are visiting her parents, Mr. and Mrs. J. M. Watson and other relatives here.

L. F. Lillard returned last week from Rochester, Minnesota where he had been the past three weeks for a physical check up.

Mmes. Howard Ford and Fat Fallwell visited Mrs. Wanita Johnson at Amarillo one day last week.

Lt. Jim Roy Roden, son of Mr. and Mrs. J. R. Roden, has arrived in the states from overseas and is getting his discharge from the Service at San Antonio this week.

Mr. and Mrs. H. H. Weis went to Springfield, Mo. and spent the week end with their son, Charles, who is in the hospital there.

Mr. and Mrs. Carl Bailey and Lynn of Lubbock were guests of Mr. and Mrs. Dan Ethridge during the week end.

Supt. and Mrs. C. D. Holmes who are attending college at Lubbock this summer, spent Saturday and Sunday here.

Mrs. Mason and children of Amarillo spent on Sunday night Tuesday visiting her parents, Mr. and Mrs. W. H. Flippin, Sr. in their home nine miles east of Friona.

Bill Flippin and John Fred White were business visitors in Hereford Tuesday afternoon.

DISTRICT ATTORNEY HERE

King Fike, of Dalhart, District Attorney of this Judicial District, was in Friona Saturday afternoon visiting and getting acquainted with our people.

Mr. Fike is now serving his first elective term as District Attorney, and is a candidate for re-election. He is possessed of a very attractive personality. He favored the Star office with a short visit while here.

Harry Schultz of Dalhart, who is a candidate for the office of District Judge, was a visitor here on Friday of last week.

DOUBLE-BARRELED DRIVE

(Contributed to the Emergency Food Collection by W. H. Summers—Buffalo Evening News)

Lillian Treider Becomes Bride of Joel Landrum in Sunday Wedding

DIAMOND DUST NO. 5

Friona lost a close game Sunday to the Clovis Super Fort by the score of 8 to 7. The loss was due to the heavy hitting of Renner in the 3rd, 4th and 5th innings, and loose catching, as Wilkins allowed five passed balls.

Martin went in to pitch for Friona in the fifth inning and held the first two hits and one run.

The Super Forts out-hit Friona 11 to 8. Fairfield for Clovis got a three-base hit and a home run.

Tucumcari will play here next Sunday and it promises to be another hard game to take, as they won over Friona there 6 to 14. We hope to have Teeter boy in the game for Sunday. Game time will be 3 p. m. here.

Summary:
Earned runs: Friona 3, Clovis 4. Errors, Friona 8, Clovis 7. 1st base on error, Clovis 5, Friona 3. Double play, Friona 1. Base on balls, (off Martin) 3; Cline 8. Left on base, Friona 9, Clovis 8. Passed balls, Wilkins 5, Rutenwald 1. Two-base hits, Massey, Cline, Childs, Giffen and B. Law son. Three-base hits, Rutenwald, J. Renner and Fairfield. Home runs, Fairfield. Struck out, Renner 5, Martin 6, Cline 4. Hit by pitched ball (by Martin) Whitecotton. Time of game—two hours and 30 minutes.

VISITING J. M. McADAMS

Mrs. Claude Waggoner and her grandson, Tom Kelly Graves, both of Kosciusko, Miss., arrived here Tuesday morning for a few weeks visit with her sister, Mrs. J. M. McAdams.

Mrs. Waggoner was here about two years ago, but was in poor health then and did not enjoy her visit. She says she is enjoying excellent health now and plans to enjoy every day of her visit.

Hugh Jamison, also of Kosciusko, is also visiting with Mr. and Mrs. McAdams. Mrs. McAdams is his aunt.

County Judge A. D. Smith of Farwell was a visitor in Friona Monday afternoon. He reports that his niece, who has been a member of the Armed Forces for the past few years, has received her discharge and is visiting in his home for a few days while en route to her home at Santa Barbara, California.

Miss Lillian Treider, daughter of Mr. and Mrs. Raymond Treider of Lazbuddy, became the bride of Joel Landrum, son of Mr. and Mrs. J. L. Landrum of Tucumcari, New Mexico, on Sunday, June 30, at 4 o'clock in a single ring ceremony performed at the Central Church of Christ, in Clovis, New Mexico, with Rev. C. A. Lorts officiating. Appropriate music was played before and during the ceremony.

The bride was lovely in a white sheer street-length dress, and a white off-the-face hat. Her corsage was of gardenias, and she carried a white bible. For something borrowed she wore a single strand of pearls, belonging to her aunt; and for something blue, she carried a lace handkerchief.

Miss Lydia Marie Spring, of Friona, wearing a powder blue dress and white accessories, a corsage of pink lilies, was maid of honor.

Muri Sylvester, also of Friona, served as best man.

Guests at the wedding were close relatives of the couple.

The bride was a graduate of the Friona high school. The groom graduated from Riverside high school in California, and served several years with the 13th Armed Division in America and Europe. Since his discharge he has been employed at Clifton, Arizona.

After a dinner at the La Vista in Clovis, the couple left for Arizona where they will make their home.

WHO OWNS THE KEYS?

In the Star office there are 3 bunches of keys that have been found on the streets sometime during the past six months, and have been left here by the finders with the expectation that the owners would inquire for them or advertise for their return.

We ran one ad for one of the bunches, but no one called for them so we advertised no more. There is one bunch of 7 keys on a key-chain. Another bunch has 9 keys on a key ring, and the other bunch contains 6 keys on a key ring attached to a leather loop by a snap.

If the owners of these keys have any use for them now and will call at the Star office, they may have them without obligation.

Campaign Quiet As Date Nears For Primaries

We have now entered the month in which the Democratic Primary election occurs on Saturday, the 27th.

There will be warm campaigning on the part of most of the candidates for State offices, but so far as Parker County is concerned, there seems to be, as yet, very little turmoil or enthusiasm on the part of the voters.

There will be a contest for three of the county offices, County Judge, County and District Clerk and for County Commissioner in Precinct 2, where Judge Schlenker's candidacy will be opposed by two other candidates.

Sheriff Earl Booth is unopposed in his race for Sheriff-Assessor-Collector, and County Treasurer, Roy B. Ezell will be unopposed for re-election.

In this Judicial District, Judge Aldridge, of Farwell, will be opposed for his re-election to the office of District Judge by Harry Schultz, of Dalhart.

Parker County has no candidate for District Attorney, but King Fike, the present Attorney will be opposed by Floyd H. Richards, both candidates being from Dalhart.

For the office of County and District Clerk, Charles Lovelace, of Farwell, and Loyde Brewer, of Friona, are the opposing candidates, and for County Judge, Judge A. D. Smith, of Farwell, the present incumbent, will be opposed for election by W. O. Cherry of Bovina.

All the county candidates, who have opposition are busy with their campaigning, but, as was stated at the beginning of this story, there is no turmoil or criticizing of one candidate by another, or by the voters. They are all good men and each is well qualified to administer the duties of the office for which he is campaigning, so there is, therefore, no occasion for unclean campaigning.

North Family At Summer Home

A card received at the Star office from Rev. and Mrs. Walter H. North, states that they reached their summer home at Burt Run, Minnesota on Saturday, June 22, and are now pleasantly located there on the shore of Lake Superior for the summer.

The card further stated that they had a very pleasant time at the National Council of the Congregational-Christian Churches at Grinnell, Iowa. The card that was written by Mrs. North, further said, "We think kindly of all of you and extend our best wishes".

When Rev. and Mrs. North left Friona a few weeks ago, it was their plan to return to Friona about the first of September and assume the regular pastorate of the local Congregational church.

Rev. and Mrs. B. L. Peacock and daughter and granddaughter visited Mr. and Mrs. Foster, of the Foster Dry Goods store over the week end.

National Open Champ Celebrates

Lloyd Mangrum, right, new National Open golf champ, gets a friendly hug from Vic Ghezzi, who tied with Byron Nelson for second place, as he celebrates victory in New York.

'Spudder'—1226 Sacks a Day!

This potato "factory," devised by Robert H. Miller of Gresham, Ore., digs, sacks, and loads 1226 sacks of potatoes a day with a nine-man crew, including truck driver. It's Miller's eat-more-potatoes answer to the wheat conservation problem. Miller has a 600-acre farm.

"Count that day as wasted when you have not laughed."

Only Rand and McNally could have a map like ours.

A word from the wife is sufficient.

There is a difference between itching for something and scratching for it.

Grandpa says today's dances are not so new. He recalls when the same swings were tried many years ago. Only then the places were raided!

We've been operated on so often that we'll probably have 'em engrave on our tombstone, "Gone to join his appendix, adenoids, and tonsils."

There is nothing on earth more useless than an airplane.

Highest Paid in U. S.

Highest paid man and woman in the U. S. are film director Thomas Leo McCarey and actress Carmen Miranda, according to government report for 1944 and fiscal year ending in 1945. McCarey's earnings, \$1,113,085; Carmen Miranda's, \$201,458.

COGITATIONS and APHORISMS of Jodok

I have just been reading about the veto that President Truman has given the compromise bill which congress had handed to him regarding the OPA, and it occurs to me that there could be nothing else much contained in the veto, but politics, and it seems to me that Mr. Truman is fulfilling his aspirations when he stated that he would rather be a good politician, (if there is such a thing) than to be a statesman.

My reason for holding this view is in the fact that it occurs to me, there is an awful lot of politics and very little statesmanship in the expressed reasons for his veto. This shows forth in the fact that Mr. Truman, evidently, considers his judgement as superior to that of about 600 good men, who constitute the law making body of these great United States.

These men have all been chosen directly by the votes of the people of the various states and districts of the country, to represent them in the congress, and are the men whom the majority of the voters in their respective districts have thought the most capable they have to so represent them, and they, like Mr. Truman, with the possible exception of Senator O'Daniel, have their eyes on the ballot box in the on-coming election. Yet Mr. Truman presumes to say by his veto—I have more intelligence and know more about this matter than the whole bunch of them.

In other words, Mr. Truman has thwarted the will of the great majority of these people, as is the case in this veto by practically all of the congressmen and senators were elected by large majorities. Yet, Mr. Truman says by his veto, you men have not enough intelli-

gence to know what is best for the people who elected you, but I have. So I shall put an end to your fool-hardy actions by nullifying your efforts.

Another way of putting it is—Mr. Truman is the "Whole Show", and the congress is a mere plaything to do his bidding, or not to do at all. If I were a member of the congress, which includes both the House and the Senate, I think I should consider myself "very small potatoes", both in the opinion of Mr. Truman and in my service of the people whom I am supposed to represent.

This OPA matter has proved itself to be a very knotty problem and it is a fact that NO ONE knows exactly just what was the proper course for congress to pursue, partly for the simple reason that such a thing had never been tried before in the history of the nation. And owing to the fact that it is a knotty problem, and that a mistake could be made in going too far in either direction, it occurs to me that congress has probably done a wise thing in passing this compromise measure, although my personal opinion coincides with those members of congress, who were in favor of the complete annulment of the whole OPA business. However, I can still see that the faults of the OPA might be more in the method of its administration. I personally can see no use for its existence. But in its modified form, it might have served some good purpose.

I am thoroughly imbued with the republican form of government, when the governmental power is administered at that of a republic should be allows the majority to rule in all legislative problems, but still must take into consideration the rights of the minority, and in matters of hot contention, the acts of the majority should be leavened by the rights and views of the minority. But I am firmly opposed to any dictatorial form of passing and administering the laws so passed, as is truly the case in this veto of the OPA bill, which positively and almost irrevocably thwarts the will of the legislative body as constituted by the Constitution of the United States.

Will someone tell me please, just what is the use of the congress, when its will can be willfully thwarted by the executive, as is the case in this veto by Mr. Truman. His eyes are evidently wholly on the ballot box.

And another thing which befuddled intellect cannot pene-

trate, is why, and since when, has it come to pass in our country, that practically only one class of people must be considered in making our laws? As I understand from what I read in the papers and magazines, and hear on the street corners, this OPA matter or decree has been made almost wholly for the class of Union Labor people, under the dictates of their leaders. Just why is it that unorganized labor, such as the farmers, and what is known as the white collar class, and even professional men, bankers and other financiers, who are just as truly American citizens, are no longer to be considered by our law-maker and executives? I admit there has been in times past when the class known as "capital" abused its privileges, to the great hurt and loss to the then unconsidered "labor class"; but at that time laws were passed which curbed the power of "capital" until its wrongs were minimized until they were scarcely noticed; but since the tables have been changed and "labor" is now in the saddle, our laws are made to favor their motives rather than to curb their inequities. I have no doubt that Mr. Truman was right and he was at least justified and well within his prerogatives, when he said he would rather be a politician than a statesman, but may be not strain his political aspirations a little too tight by clinging to strongly to his prerogatives. You have perhaps heard the old saying that "Dick's husband was so tight it busted".

Oh well! "What's the use", as the skunk said to the old-fashioned automobile.

Well, as I understand the situation, sometime this week, the President and Secretary and Board of Directors of the Parmer County Community Hospital will open bids for the construction and equipping of the hospital building. Then it should not be too long until something visible will be done towards its completion. I know but very little about this part of the matter, as I have never been told anything but what I have read in the Friona Star, and I have asked no questions of those who have the matter in hand as that is none of my business. But I am trusting them to do their duty well, and I AM FOR IT in big letters.

And there is something else that I am looking forward to with great and hopeful expectations, and that is that something visible may be take place in the not distant future with regards to the construction of Friona's municipal sewer system. And again I say I AM FOR IT, also in big letters. Sure it will cost our people something, but we must remember another old saying: "You can't get something for nothing".

Of course you can get mumps and measles and smallpox and itch and many other such things for nothing, but—"Whothell wants them?"

Damaged U. S. currency is worth only half its face value if only two-fifths and no more than three-fifths remains.

Those big shots you read so much about are just small shots who kept on shooting.

Plural marriages occur so often nowadays that it seems to be a fad to trade one forty-year-old husband for two twenties.

America has no ugly women.

However, there are a few who just don't know how to look pretty.

Many a married woman leads a double life—her own and her husband's.

When he asks for our daughter's hand we'll gladly let him have the one that's always in our pocket.

To the People of the 69th Judicial District:

Should the District Judge be selected by the Governor or elected by the people?

So far in the history of the 69th Judicial District the Judges have been only those who were originally appointed by the Governor to fill a temporary vacancy. These vacancies resulted from the original creation of the district, and the death or resignation of a former judge.

It seems sound reasoning that prompted the framers of our State Constitution to provide by Section 12 of Article 4 that "... Appointments to vacancies in offices elected by the people shall continue until the first general election."

Equal wisdom seems to have prompted the inclusion in Section 27 of Article 5 of our State Constitution the provision that the first general election "... shall be to fill the unexpired term only."

The good fortune of securing the appointment has always given the incumbent a great advantage over any other aspirants to this office. This has resulted in only those who the Governor appointed to fill out the term of a vacancy having an opportunity of serving in that office.

It is a well known fact that in Texas the public officers are usually selected in the July primaries, and it is at that time that most of the people vote, rather than in the November general election. The former District Judge did not resign until after the primary election in July 1944. In the general election in November 1944 only a small per cent of the voters of the District voted for either of the candidates for District Judge.

When the last appointment of District Judge was made I was serving with the 2d Infantry Division on the Normandy beachhead. Consequently I did not have a chance at the appointment, nor to run for the office in November 1944.

If you believe me to be qualified, or worthy of a chance to show whether I am qualified for that office, I will be grateful for your support and vote to give me a chance to serve you as District Judge. If elected, I will have no commercial or other interests that will conflict with my duties, and I promise to devote my entire time to the prompt dispatch of the business of the office.

---Harry Schultz

War Assets Agent to Meet Veterans In Amarillo on Monday and Tuesday

Local World War II veterans who desire to obtain surplus property from the War Assets Administration will have an opportunity next Monday and Tuesday, July 8 and 9, to ask questions and complete the necessary paper work for certification at the Veterans Information Center, 110 East Fifth Street in Amarillo.

Both a certifying officer and For Lieutenant Governor

ALLAN SHIVERS
of Jefferson County

Senator Allan Shivers is basing his appeal for promotion to lieutenant governor on service to his state and his country. Dean of the Texas Senate, he is rated one of the ablest and most active members of the legislature and, on his record alone, is entitled to be promoted to the rank of presiding officer of the Senate. He spent two years overseas as a soldier in World War II.

an experienced veteran interviewer from the veterans division of the Fort Worth office of the War Assets Administration will be in Amarillo July 8 and 9, it was announced today by Hamilton Morton, WAA regional director.

On a recent visit to Amarillo, details were worked out in cooperation with Tom Nelson of the Veterans Information Center and Rhea Smith, County Service Officer for a series of four two-day visits to render more personalized service to veterans residing in the 26 counties of the Panhandle.

Charles J. Foster and Marvin M. Calvin, both veterans of World War II, are the two WAA representatives assigned to the Amarillo area who will be available for consultation by veterans next Monday and Tuesday. Other trips to Amarillo are scheduled for July 22-23; August 5-6; August 19-20.

Veterans should take with them their honorable discharge or certificate of satisfactory service, or if on terminal leave, their terminal leave papers, to enable Foster to complete the necessary papers certifying them for such surplus property as they wish to apply for.

Many items of surplus property, including tractors, trucks, much farm and construction machinery dental, surgical, medical and veterinarian instruments are "set aside" for sale exclusively to veterans. They can all be purchased for personal use.

In addition, veterans hold a priority, second only to that of federal agencies buying for their own use, on all other categories of surplus property. A veteran can be certified for any article which he shows is needed in his own small business, agricultural or professional enterprise.

Michael Arlen was the pen name of Dikran Konyoumdjean.

Eye-Arresting Sunsuit Ensemble

Diagonal, horizontal, and vertical stripes are eye-arresting in this sunsuit—even without a Great Dane. Novel bra top has criss-cross strap, and wrap-around skirt hides matching pleated shorts. Entire ensemble is of lightweight launderable cotton.

Recommendations for Use of DDT On Livestock Made by A & M College

To control horn flies, lice and mosquitoes on livestock, the only treatment recommended by the Texas A & M College Extension service is the wettable D.D.T. powder.

DDT for this purpose is now on the market in two very different forms, 1—dry, in wettable powder and 2—liquid, in oil or xylene solutions or emulsions. Both forms may be diluted with water for use as a spray or dip.

The decision to recommend only DDT in wettable powder form for use on livestock was made by a committee of entomologists and animal husbandmen who checked all known sources of information. The group will make further recommendations as research on DDT goes on.

The committee pointed out that DDT in wettable powder goes into suspension when diluted with water for use as a spray or dip. There was no evidence that it was harmful to animals even if used at strength somewhat greater than that recommended by the manufacturer.

It was further reported that "DDT in oil solution or emulsion form does not remain in suspension but goes into a true solution. When applied to animals in this form it can be absorbed through the animal's skin. If the solution is used as a spray or dip at less than the manufacturer's recommended strength, it may not give effective or lasting control. If it is used at more than the recommended strength and if the precautions listed by the manufacturer are not exactly followed, it may have toxic results."

Two reports of the U. S. Department of Agriculture's Animal Research Administration were quoted. August 22, 1945: "Oils should not be used on animals and they are not recommended for general use on

buildings. They offer an opportunity for DDT to be absorbed by the skin; on buildings they increase the possibilities of a fire. Because they penetrate porous surfaces like concrete, brick or soft wood, oils can transport DDT into the walls where much of it is not accessible to the flies and other insects. On the other hand water sprays made of wettable DDT powder or suspension remain on the surface where the treatments afford full advantage for killing insects."

And on March 27, 1946, the Animal Research Administration warned: "DDT in oil solution or emulsions is readily absorbed through the skin of man or animals. Persons using it in this form are urged to take special precautions to avoid contact with the material."

It was noted that Dr. E. W. Laake, chief of the division of animal parasites, USDA Bureau of Entomology and Plant Quarantine Dallas, has used DDT in oil solutions under controlled conditions without apparent injury to animals. The committee added, however, that Dr. Laake "suggests DDT in oil solutions or emulsion should, if used, be used very cautiously as it is a toxic poison, and he further states that inasmuch as DDT in wettable powder form mixed with water is the most fool proof method by which to control horn flies and lice, he does not hesitate to recommend the wettable powder form."

"Read the label on sprays and poisons," cautioned McElroy as many farmers are confused about DDT and 2-4-D. DDT is for killing insects and 2-4-D

THREE NOTABLE EVENTS

Have taken place this week. Viz: The ATOMIC Bomb Test, the Sudden DEATH of OPA,—and the completion of the FRIONA HARVEST SEASON, either or ALL of which may prove of VAST importance to OUR people. But the one most closely connected with our LOCAL Interests is: THE SUCCESSFUL AND SATISFACTORY HARVEST SEASON AND WE SINCERELY THANK THE PEOPLE FOR THEIR CONFIDENCE IN US, as has been expressed by their LIBERAL Patronage.

G. I. Insurance Policies Can Be Converted Only Through V. A.

National Service Life Insurance "term" policies can be converted to permanent insurance only through the Veterans Administration, and not through a private, commercial insurance company. And once it has been converted, the insurance has several valuable advantages over the "term" policy.

Converted insurance has a cash surrender value, which increases as long as the veteran pays premiums on the policy. Converted policies also have a loan value, which means that the veteran may borrow up to 94 per cent of his policy's cash value, at 5 per cent interest.

If he wishes, the veteran may surrender his permanent policy and have the Veterans Administration issue him a completely paid-up policy for a smaller amount. For example, a 25-year-old veteran who took out a \$10,000 policy on the 30-payment life plan would pay \$197.70 a year in premiums. If he decided to drop the policy at the end of one year, it would have a cash value of \$123. This \$123 is enough to purchase \$340 in paid-up insurance, and he could have VA issue him a fully-paid policy for that amount.

Another advantage of converted insurance is its "extended insurance" value. If the veteran stops paying premiums, he can have the cash value of his policy applied against future premiums, thus extending the life of the policy. In this case the policy keeps its full face value, but expires when the "extended" period is over. A 30-year-old veteran who has paid premiums for five years on his 20-payment life policy, for instance, can have the policy extended for 13 years and 195 days without paying any additional premiums.

Insurance converted to one of the permanent plans offered by the government has all the valuable features of the "term" insurance carried by veterans while in service. There are no restrictions as to travel, residence, occupation, or military or naval service. Proceeds of the policies are not taxable, and payments made to beneficiaries are not subject to claims by creditors of the veteran or beneficiary, except that the Federal government may make such claims.

Full information on conversion of National Service Life Insurance can be obtained at any Veterans Administration contact office.

is for killing plants.

New State Map Presents Texas In Full Color

Another bid for out-of-state tourists is in the making as the Texas Highway department announces limited quantities of its first post-war color travel map are now rolling off the presses.

The new map is a deluxe edition, featuring color photographs of beauty spots throughout the state, from Palo Duro State park in the Panhandle to the Big Bend National park on the Rio Grande, and the fishing fleets in the Gulf of Mexico near Galveston.

It includes, in addition to a large map of Texas, a small-scale map of the United States and large-scale insets of the State's metropolitan areas, with trip maps of the main Texas travel routes and the Pan American highway to Mexico.

Twenty-six color pictures, which will be changed with each subsequent edition, depict typical Texas scenes.

In a brief message from the Governor, official greetings are extended "to motorists everywhere". In his message, Governor Stevenson extends to the people of other states and Nations a cordial invitation to visit and enjoy the hospitality of the Texas people. "The highways of Texas are yours," the message states. "Use them freely for your business and pleasure."

The deluxe map will be available to tourists at the Highway Department's Information Bureau, which have re-opened at strategic points to supply post-war tourists with reliable, up-to-date facts on highways and tourist attractions.

As of Dec. 1st, 1945, Texas had ginned 1,625,588 bales of cotton.

Texas is the only state that can offer four national tourist regions: the Gulf Coast, Trans-Pecos, Edwards Plateau, and East Texas forest belt.

Gen. "Ike" Eisenhower, just out of West Point, coached the Peacock Military Institute football team in San Antonio, Texas.

The Big Bend National Park (Texas) more than 7,000,000 acres is possibly America's last undeveloped wilderness.
