and Bi-district Championship

Floydada's Whirlwinds will be trying for another first Friday night when they take on the Denver City Mustangs for the Bi-district Championship in the DC stadium. Kickoff time is 7:30. The 'Winds have never beaten the Mustangs. The last meeting between the two was in 1964, when Denver City wallopped the 'Winds 42-7 in the bi-district playoff. The Whirlwinds lost a 14-8 heartbreaker to the Ponies in the 1959 playoffs here.

The 'Winds are looking to make this year different, They've been ranked as high as number two in the state among AA teams (behind lowa Park) and closed out a perfect regular season Friday night with a 17-0 whitewashing of Abernathy. Enroute to that perfect record, they scored 363 points to their opponents' 40. DC compiled a 7-3 overall record this season, but two of ones to AAA teams, and they (Staff Photo) sport a perfect 7-0 conference

250-99 for the season. The Denver City crew gained the home-field advantage on the toss of a coin last week when school officials met in Lubbock after both district representatives had been decided with a game left to play.

The Mustangs claim 14 district championships since 1945. The Whirlwinds advanced to the AA Regional playoffs last year with a 26-6 victory over Frenship, last year's 4-AA representative. The Winds lost 36-6 in the Regionals to eventual state champs lowa Park. Floydada had made the regional playoffs once before, in 1952, when it lost to Childress 32-0 after a 13-7 victory over Phillips in the bi-district contest. That year the 'Winds scored 356 points in the regular sea-SEE FOOTBALL, PAGE 6

door of Brown's Department Store and made off with some \$10,000 worth of merchandise early Friday morning. Floyd County Sheriff's officers reported that the owner, Mayor Claude Brown of Lockney, estimated the \$10,000 worth of stolen merchandise included about 100 men's suits and sev-

eral sport coats and sweaters. The break-in evidently occurred after 2 a.m. Friday. No arrests had been made Tuesday.

Brown reported that the stolen goods were not insured.

on the flip of the coin

To settle the locale of the bi-district scrap, officials of Floydada and Denver City met last Monday at the Hickory Inn at Lubbock.

Locale was settled with a toss of a coin. When it came down to settling the homeand-home question, Preston Watson, former Whirlwind football coach, now athletic director, dipped into his pocket and came up with a half - dollar.

Watson handed the coin to Denver City's mentor, Herschel Roach,

"YOU CALL IT," Roach said to Floydada coach L.G. Wilson.

Roach flipped the fifty-cent piece into the air, caught it, slapped it into his hand.

"Heads!," said Wilson,

Silence. Roach lifted the covering hand from the coin. "Tails." he announced.

Denver City won the choice of location, Denver City High School Principal, V.V. Vaughn, apparently considering the coin a lucky one for the Mustangs, offered to purchase it from Watson,

Watson, who now considered the coin a bad omen, traded it for two quarters from Vaughn.

Schools Out At Noon Friday Some Businesses To Close

Floydada Schools will dismiss at noon Friday for the bi-district football game that night between the Floydada Whirlwinds and the Denver City Mustangs. All elementary students will be served lunch before school is dismissed but lunches at junior high and high school will be omitted Friday. Several businesses have indicated they will close early Friday enabling their employes to reach Denver City by game

miles to Denver City so fans should leave early enough to drive that distance safely in

three hours, plus eating time. The Hesperian Office will close at 1 p.m. Friday. After a spot check over the town Monday it was found that a majority of businesses would remain open with a limited amount of personnel on hand. The City Hall plans to close at SEE SCHOOL, PAGE 6

Harris, Selman, Campbell Score

By James Huggins

The Floydada Whirlwinds closed out their regular season with a perfect 10-0 record for the second year in a row Friday night with a 17-0 win over Abernathy's Antelopes. The game, played in the drizzle and at Antelope Stadium, dumped Abernathy to fourth lace in the district 3-AA race,

an Abernathy fumble on the opening kickoff return. Campbell added a 25-yard field goal in the third quarter after the 'Winds had driven to the Antelope eight. Selman tallied late in the game with a three-yard effort. The 'Winds had driven to the 'Lope five-yard-line moments before, only to lose the ball there on a fumble.

PLAY-BY-PLAY The Whirlwinds got off to a good start with Sanders' recovery at the Antelope 34. Campbell's kickoff had been brought out from the fifteen. Fullback Van Mitchell got 11 yeards on the first play, then Harris picked up four more, and the 'Winds threatened from the 19-yardline. Selman swept right end for 12 more to the Antelope seven, then Harris scooted over for the touch with 10:52 left to play in the first period. Campbell added the point-after.

Abernathy took over on the twenty after the kickoff, and made it to the Whirlwind 22 before the drive bogged down. Lope halfback Charles Johnson got 20 of the Abernathy yards, and quarterback Dave Davenport accounted for 36 with 16 yards rushing and a 20-yard

pass to halfback Rogers. The 'Wind defense tightened just outside the 20, threw Johnson for a five-yard loss to set up fourth-and-six at the 27, then refused to allow Davenport the pass completion and gave the

offense the pigskin at that point. Harris had picked up a first down at the 40 on runs of five and eight yards before Andy Hale missed Steve Puckett on a sideline pass. Selman hit for four and Harris for one, and Puckett was forced to punt. The kick carried to the Abernathy 20, and again the Antelopes began a drive that ate up 51 yards, picked up four first downs and penetrated to the Whirlwind 29 before the Mean Green defense once more tightened and turned the ball over to the offesne, this time at the 32.

Two runs and in incomplete pass left the Whirlwinds four yards shy of the first, and Puckett got off a 41-yarder. Owning the ball at their 21, the Antelopes lost seven on a fumble and a zero-yards pass completion, before kicking the ball away on third down. The ball rolled all the way to the Whirlwind 20 to improve the Abernathy kicker's average somewhat with a 67-yard boot.

Once more the 'Winds couldn't go; this time Puckett's punt was partially blocked and went only 17 yards. Again the defense came to the rescue -Glenn Switzer recovered Davenport's fumble at the Floydada 33. It looked like the 'Winds were trying to get something going before the half as they drove to the opposing 34, on an 18-yard Hale-to-Puckett pass and runs by Hale, Harris and Selman, before fumble-itis and other assorted baddies set in to give the 'Lopes possession at the 'Wind 37. Hale had connected with

Puckett at midfield, and the Floydada quarterback had run up the middle for six yards and fed Harris who made it to the 36 before bad luck hit, Selman got a couple, Harris lost one, then the Whirlwind fumble - Frank Watson recovered fifteen yards back at midfield. On fourth-and-a-bunch, Puckett was called down when his knee touched ground at the 37 on the punt attempt. Abernathy had driven to the 'Wind ten-yard line when time ran out in the first half.

Campbell's second-half KO was picked up by Johnson at the nine and run back to the 30. It was fourth-and-one when the defense got to Davenport for a yard loss and again handed the ball to the offense. Harris carried for six: Mitchell powered 22 yards to the ten-yardline. Selman got but a yard; likewise Harris; and Hale missed Harris in the end zone to set ur four down and a field goal try Ly Campbell, who split the uprights from 25 yards away to make it 10-0 Whirlwinds.

Abernathy needed the 33 for the first down after the kickoff. The 'Winds defense allowed only the 30 and forced the punt. Floydada owned the ball at the Antelope 47, but had to punt from the 40. The kick went into the end zone.

After the touchback, Abernathy got a first at the 33; then no gain on a run and a pass. Davenport tried the pass on third down, and Whirlwind Mike Winter came up with the ball at Abernathy's 47.

The 'Winds drove - Harris carried eight yards; Mitchell four; Harris five; Hale's pass went over the middle to Mike Moore, who carried to the 12. The strategy seemed then to be "Give Harris the ball." Walter stung the 'Lopes for four, three, and one yard runs. Fourth and two at the four, and Abernathy pounced on the

Gayle Daniel Wins Football Contest

All the winners missed four in the Hesperian football contest, and there was a tie for second. Gayle Daniel takes the \$7.50 first prize with a 35point guess in the Floydada-Abernathy tie-breaker game. She was closer by one than the second-place winners who pegged the toal score at 36. Gayle missed when she picked Baylor over Texas Tech, Mississippi State over LSU, Seagraves over Cooper and Hereford over Lubbock High.

Leonard Cox and Bubba Lewallen split the total secondand third place money. They each missed four. Cox mis-guessed the Olton - Dimmitt, Slaton - Roosevelt, Panhandle -Spearman, and LSU-Mississippi State games. Lewallen's misses were Olton-Dimmitt, Coahoma - Crane, Monterey -Coronado, and Air Force-Stan-

Out of the money with five misses, but gaining honorable mention in the contest were Bobby Whitaker, Craig Hambright, Carl Lewis, Barbara Edwards, Mike Thaxton, Junior Martinez, Frances Powell and Mrs. Mark Wideman.

Now just to keep the spirit So nothing will go wrong Let's all join in together and sing the Birthday Song.

After the reading of the poem the group joined in singing

These cover everything from a doorknob alarm that sends out a shrill whistle (\$1,98) to a closed-circuit TV (\$379.50).

For \$100 a big mail-order store will send you a box that looks like a tiny radio and is guaranteed to zonk any intruder who steps in front of it with an ear-piercing alarm. Including you, if you forget it's turned on.

There's also something for the rich man who doesn't want to be half safe: a gadget that fills a room with silent sound waves. Silent and delicate. When something disturbs them, they activate horns, lights, bells, etc. (\$500).

Locks, bolts and coded keys are selling briskly. . . as, of course, are guns. Plus a tricky rifle deal you can rig to fire when someone walks into the trap. And then pray your favorite relatives don't come calling while you're out.

Home burglar alarm companies are so busy they don't know that people are broke, and can't afford their electronic alarms. Good ones range from \$500 to \$1,500.

Four-legged alarms are almost that high. Two recent magazine articles touted the wisdom of keeping a highly trained guard dog or taking Rover to a special school. How German shepherds learn to go for a housebreaker's jugular was the plot of a 30-minute TV special.

The Cubs dressed as pioneers and served home churned butter on johnny cake, sang pioneer songs, and whittled their own spoons and bowls,

COUNTY AGENT'S CORNER

By Doyle Warren

Some 40,000 Texas ranchers and farmers, including a representative number from Floyd County, will be involved in the 1970 state livestock survey.

County Agent Warren said that during the last half of November survey questionnaires would be mailed to the selected livestock producers by the Texas Crop and Livestock Reporting Service. Each should fill out the questionnaire as soon as possible and return it in the enclosed envelope.

The reports will be used, explained the county agent, by the state statistician in making an

accurate estimate of the cattle, hogs and chickens on the farms and ranches of Texas,

There are many uses, both in and out of Texas, for this information. We use it here in the county, Warren said, in connection with our program building activities and in conducting educational programs involving livestock.

The more questionnaires returned, the more accurate will be the estimates; therefore, it is important that each producer in Floyd County who receives a questionnaire, complete and return it immediately.

coach at Texas Tech University, was named honorary chairman of the 64th Annual Christmas Seal Campaign of the 23 county West Texas Tuberculosis and Respiratory Disease Association. Carlen is in his first season as head of the Raiders. He came to Tech from West Virginia. He is one of the nation's youngest coaches at 36 years. Carlen is married to the former Sharon Garner of Alcoa, Tennessee. Their family includes Mollianne, 7; Jamie (James Anthony Carlen IV), 5; and Melanie, 2.

Clarence Guffee is Chairman of the Floydada organization, and Mrs. Bill Norris is local chairman of the Christmas Seal Campaign. Floyd County Board members are George Sparkman and Mrs. Jack Jordan.

November 10 was the "kickoff" date for the National Christmas seal campaign to open. On that date, the West Texas Association mailed out over 100,000 letters to the people of the West Texas area.

There will be posters and containers located in Floydada businesses where contributions to the campaign can be made. The work of the Christmas

Seal, carried on by the TB-RD Associations, includes giving help to doctors, nurses and other professional people in their service to patients. It means research and development of new ideas and facilities to help fight the disease of tuberculosis. The associations work with health departments, and government agencies concerned with health. The West community health and welfare in many ways, including school health programs and education. They seek the elimination of cigarette smoking by using a manikin named "Smoking Sam," and through films, speeches and educational pamphlets. Conservation of clean air is promoted as a means toward

guarding respiratory health. The Tuberculosis Association is the oldest voluntary health organization in the world. Help comes not only from individuals, but also organizations. . . the Junior League of Lubbock, Texas Tech University sororities and fraternities, Girl Scouts, Camp Fire Girls, Boy Scouts, Medieal Auxiliary, Dental Auxiliary, business sororities, church and Sunday School groups, and Marie. many others. They have helped in chest clinics, school programs, health education, stuffing of envelopes, manning the booth at the South Plains Fair, reparing refreshments for Nurse's Seminars, and preparing supplies for tuberculin skin testing in the schools.

The 1970 Campaign Committee is composed of Jay Eagan,

Jim Carlen, head football insurance executive, Chairman; D. Thomas Johnson, lawyer, Co-Chairman; W. R. Collier, vice president, American State Bank, publicity; Mrs. Robert S. Center Plans **New Programs**

Plans are being made by the Neighborhood Center Board to start several new programs during January 1971. The programs will be discussed during the next board meeting, in December. The programs at the Center are planned for people who qualify as low income or underprivileged who cannot receive training otherwise. Any family whose income is low enough to be considered within the guidelines of the O.E.O. Programs can participate in the

Center Programs. The programs offered will depend on the needs of the people who participate. Programs being planned are: Budgeting and Mathematics, including percentage (for adults); tutoring classes to assist students having difficulty with certain school subjects; and kinderfered to 4-, 5-, and 6-year-

More participation in reading and writing classes will be emphasized.

Persons who wish to participate in the programs should contact the director of the Cen-

With The Fred Martins In South Africa

(EDITOR'S NOTE: The following is a letter from Fred and Babe Martin written of their trip to South Africa. It will be carried in a series in the Hesperian over a period of four weeks, starting with this issue)

> 3 Lexden Circle, Athlone Pietermaritzburg, Natal Republic of South Africa

Monday, 9, November Dearest Granny, Jennie, Mema, Grandad, Billy, Jack, Janice,

Louis, Kay and Fred. . .lets see is there anyone else? This will be a LONG letter. . . maybe so a book. . . so I'm including all our family. . . So-o-o---

Well, here we are and trying to finish unpacking our big trunks, EEK!

Our ship trip was something else! If I ever contemplate traveling by ship again. . .please commit me, for I'll be insane! I do hope our various post cards and to Billy and Janice, the letter I forgot to put an air mail stamp on. Oh well!!! Anyway, from Gulf Port, Miss. we went to Kingston, Jamaica, which as you know is an all black country and even tho they weren't friendly there we were so glad to get off that ship (if you can call it that) and eat food, I "nicknamed" everything on the "Rust-bucket" alias the Jesse. . . and as we had loaded Creosote telephone poles in Gulf Port and unloaded them in Kingston. . these I called my Lincoln Logs and tinker toys and getting rid of those stinking "hot" toys were something else! Those poles absorbed every sun ray there was on earth and I know you all froze to death as we had all the heat from the states aboard our ship! Even tho the people were strange in that dirty city. . . the food was great. I must explain. I figgered our crazy cook out (all the kitchen

crew stewards were black) and as a child he was deprived of "sow-belly" and now he's making up for all those years without! The only two things he couldn't get bacon-grease into was a boiled egg and the small packages of cereal. . .but I know he tried. If I ever see salt pork or something that looks like it. . . I'll just up and die! It was unreal what he did to the food! And I thought I was bad with food, . . he even fried the french toast in grease and of course bread and all started tasting like "ship" so it was an old "Rust Bucket" of a ship and instead of calling the Lykes Lines. . . I re-named the name to read "Lykes Lies". . . even the crew was in agreement! They even had trouble keeping it going all across the Atlantics North and South. Our rooms were putrid and no place to sit outside as they were always blowing the tubes and black oily soot was always everywhere. Instead of paying Lykes Lies they should pay you to travel on these C-2'sl Ugh!!! The seas were fairly calm; but Jack and every other doctor is crazy when they say sea-sickness is all in your head, . .it ain't!! I guarantee!!! All I could do was sleep. . .for if I read I'd get ill, no place to knit so while aboard Jesse alias, Mayflower, All joking aside, we learned an awful lot about ships, crew

and especially Dwane, he was the best thing and I believe he has really grown up and changed an awful lot. It was so rough on the sea that he couldn't build any models, so he read a lot and he stayed up with the crew and learned to navigate and plot courses and steered the ship. Time grew long I know for him but with the animals he stayed fairly busy.

We did have a great crew, our officers were excellent and we hope when the Rust-Bucket, if it makes it, they'll come up here to see us. They are headed up to Mombasa with stops along the way. What I mean, is, when the Jesse comes into port in Durban in a month, the crew is coming up here to see us. Before the trip ended we were all strangely goofy-all of us and we'd do strange things. Excitement one day, near the Ascension Islands, and it was about 5 o'clock a.m. and there was a ship on the horizon. We laid bets as to when we'd pass it, never in our wildest

dreams did we think our "tub" could pass anything, 5 p.m. we made it! It was an Indian tanker which must been making 6 knots! So we occupied all those hours! W Then before that we watched thru binoculars, Barba St. Lucia. . . that was most of one day and rough seas, ourselves to the hand railings and peeked through mist lenses. Now isn't that thrilling? Just think, . .LAND just beautiful and I couldn't help but think that should I over the ocean and the plane crashed and I was washe by those wonderful and beautiful dolphins. . . that Pd deserted island. . .then to my dismay, I'd be rescued by ship! Just my luck! Full of salt pork!!! Just in case all fire drills and then I decided that maybe so if we that those stupid old life boats couldn't even float, w much trouble abord ship in keeping her running that w life jackets very near us and even the critters had one How's that for efficiency? (You'll have to excuse my I now have a very good excuse, too much pork great brain and it's caused my fingers to be spastic!)

Meanwhile back to the ship, with 20 year old films such exciting ones as "Kiss the Blood off my Hands" don't you think? Burt Lancaster, . . he looked like h years old, all the spell-bound movies such as Audie Mu there were 6 of those before re-runs! Ugh!! We finally most beautiful city in the world. . . and I will always r this city. . .it is breath-taking; Cape Town, with Table in the background! I get all misty eyed when I think of ty of this place. And it isn't because we'd been too lo either, . . it is just plain BEAUTIFUL. As usual we just wait to be cleared to get off. . .sea legs and all! IKES GROUND. . .but I wasn't by myself, some of the off too and I wondered what they knew that we didn't! Ha! there two days and then off to Port Elizabeth and so off

Port Elizabeth is very hilly and hard to walk in a this; but we were very close to downtown in both of the and walking felt so good, . .course we walked like drunks! And so off we went again to a lovely town cal London and I liked this town very much, It is a town. In all these cities we took buses or else one of agents took us to the museums and this was very nice, in Cape Town we received a call from Kit and took aboard the ship as they bring telephones aboard ship This was such a nice surprise and also there in Ca several people had wired telegrams to us welco S.A. Isn't that lovely? We were in E. London one day and then on to Durban, where we sat in the Harbo days and five nights, looking at this beautiful city, but were in the Harbor eleven and thirteen deep! We did to by Radio (ship-to-shore) and she knew the score, were terrible and we were rolling 30 degrees and it w thing to stay in the bunks. We kept our life-jackets mattresses to keep us in bed and not rolling out on

I'm so glad, Granny, you couldn't come with us. . experience I'll never forget! Anyway, we were old s this time and could do all sorts of strange thinks like drinking water, catching your plate as it shot out across and peeling an orange without tearing any of the skin bu place! Now just see how clever I became!

became so desperate that we saved our cereal boxes from fast, and it wasn't so the cook could sneak bacon grease cereal and re-pack it. . . it was so we could throw th board and bet how long they'd stay in sight, Sometime walks around the deck on fairly good days and used chalk our route. . .you think that sounds odd but it doesn't we've been on a floating funny-farm! (TO BE CONTINUED)

The Nunns were deeply involved in various enterprises in this region. The fatherson combination sold the last (that I know of) of their many franchised businesses and returned to Lexington after a period that may have covered forty years or more.

When they created Northwest Texas Telephone Co. the Nunns spent quite a bit of money for expansion, but the Bell system, it seemed to local people, really put out the money with a free hand, Sims W. Does City-Shopping build facilities that help you in time of need?

Within minutes . . . as near as our telephones when the need arises . . . are doctors, medicines and sickroom supplies . . . for us and for those dear to us.

Within minutes, too, are plentiful supplies of foods, clothing, tools for doing our jobs, and services which are often vitally important to living in Today. These are some of the material blessings to which we have become accustomed ... as part of life in a typical American town area ... built and supported by trading among ourselves.

¶ But emergency needs . . . those things and those services for which we cannot wait many hours or days . . . are but a relatively small part of our total trade . . . never enough to wholly support the stores and service people and their facilities we find so essential in times of sudden need.

¶ And . . . we can enjoy the best possible service in emergencies only if we keep our community economically vigorous and strong with our everyday trade.

SCS Program **Assistance** Available

The Soil Conservation Service, assisting the Soil and Water Conservation Districts, has the responsibility of encouraging the conservation and wise use of our soil, water, and other natural resources. Through information programs it continually tries to reach as many people as possible and make them more aware of the vital role of natural resources in our

lives. Even in this time of advanced technology, we are still very much dependent upon these basic resources for our exis-

The Soil Conservation Service always welcomes the opportunity to assist with programs concerning soil, water and other areas of resource conservation. It has various aids that might be of interest and help to clubs, schools, and other organizations in the plan-

ning of programs.

The SCS maintains a library of 16mm sound films covering such subjects as Soil and Water Conservation, Soil Stewardship, Wildlife Conservation and Recreation. Several 35 mm colored slide sets have also been prepared on various phases of Soil, Water, and Wildlife Conservation. These can be of value when preparing for

various slide talks. The local SCS office, assisting your Floyd County Soil and Water Conservation District, maintains an up-to-date listing of films and slide sets that are available. Contact Jon La-Baume, district conservationist, or any of the SCS personnel for assistance.

Witnesses Set Meeting

The Plainview Congregation of Jehovah's Witnesses is cancelling all local meetings to attend their circuit assembly

in Lubbock November 20-22. Fifteen congregations from Wichita Falls to Muleshoe and from Childress to Haskell will meet to discuss the theme, "The Word of God is Alive,"

Clarence W. Hall, presiding minister of the Witnesses in Plainview, said "We are looking forward to this assembly to motiviate us to greater activity in preaching 'This goodnews of the Kingdom' to the people."

In referring to Jesus' words at Luke 21:25-28, "When there is 'anguish of nations, not know-ing the way out,' " Hall said, 'the encouragement then is to 'raise yourselves erect and lift your heads up, because your deliverance is getting near,' "

L. M. Dugan, district supervisor of approximately ten circuits in the Southwest, will climax the assembly at 2 p.m. when he speaks on the subject "Who Will Conquer the World in the 1970's?"

Circuit Supervisor, H. Jensen, speaks on "Loyal Advocates of the Word of God," In closing the three day assembly, Dugan talks on, "Heavenly Support of Kingdom Prea-ching."

FAIRVIEW NEWS by Mrs. Clyde Bagwell

FAIRVIEW, Nov. 16 - The cold damp weather of Friday and Saturday stopped the cotton harvest for the time being but the sunshine of Sunday helped to dry the cotton out. Moisture varied from 1/10 to 3/10 of an inch over the area.

C. W. Payne and Marion Burns both had painful accidents last week. Payne has a badly burned right hand and wrist caused from a butane leak at the tank at his home. The accident happened when he was trying to tighten a leaky pipe at the outside tank. Marion Burns suffered a broken right wrist when he fell from a cotton trailer at his farm.

Our heartfelt sympathy is with the family of Mrs. C. H. Wise on the loss of a brotherin-law, W. H. (Bill) Mulkey of Paducah, who passed away at 2 p.m. last Monday in the Richards Memorial Hospital in Pa-

Now is the best time of year to enjoy apples.

Apples must be mature when picked to have good flavor, texture, and storing ability. Look for firm, crisp, well-colored the use in mind,

Apples range from sweet to tart flavors. Some are best when eaten out-of-hand or sliced and diced for salads, sandwiches and desserts. Other all-purpose apples may be cooked, baked, stewed, scalloped, fried or roasted. Basically these are two types mar- at the end of cooking. keted - eating apples and cooking apples.

Red or Golden Delicious apples are best when served raw. Their delicate flavor is lost when cooked.

Apples that are good cooked or raw include McIntosh, Jonathan and Rome Beauty. Rome Beauty apples are also exceptionally good for baking.

Once bought, apples should be stored in the vegetable crisper of the refrigerator and need to be used in two to three weeks. Every day apples are kept at room temperature, their storage life is decreased by more

Whether served raworcooked, these hints are followed to insure a tasty apple treat.

Peel just before serving or cooking. If allowed to stand, browning occurs unless the fruit, and choose according to fruit is sprinkled with lemon, orange or pineapple juice, or a commercial anti-darkening

Use sugar in small amounts when cooking apples to bring out flavor - not mask it. To keep apples whole, add sugar at the beginning when cooking. For making sauce, add sugar

Some of the world's best cooks are found in the kitchens of America and they give themselves every cooking advantage, like gas range cooking Good cooks like Mrs. Zotos and nine out of 10 professional chefs agre that precise temperature control makes the difference in good cooking and with gas you get exactly that. Gas also gives immediate respons and constant temperature, so important in oven cooking.

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Zotos' favorite recipes

CHICKEN OREGANO Mrs. Alex Zotos, 3622 Maple, Odessa

"PANHANDLE SNOW" By Larry Smitherman

***** Letters The Editor Mr. Wendell Tooley

Floyd County Hesperian Floydada, Texas Dear Mr. Tooley:

Thank you for the pictorial reference you sent of the old Floyd County Court House. It was used as partial reference for a painting I did entitled "Panhandle Snow" for the "Texas Criminal Law and Procedure 6th Annual Institute,"

Although the painting is not specifically of the old Floyd County Court House, the picture was of great help. Also, thought you might like to have a couple of prints. Sincerely,

s/ Larry Larry Smitherman Nov. 12, 1970

Dear Wendell and the people of Floyd County, I attended a meeting last Thursday night in the community room of the First National Bank. I looked forward to this meeting with great anticipation as I had the pleasure of hearing Dr. C. L. Kay speak some eight years ago, and knew what a dedicated American he is.

At first I was embarrassed by the small attendance, then ashamed that people were too busy to give an hour of their time to hear a man who is literally beating his brains out telling people what a privilege it is to be an American and why. Dr. Kay is the most patriotic American I have had the plea-

sure of meeting. I understand some of the young people who attended the meeting are trying to make arrangements for Dr. Kay to give this program in our schools. I hope they succeed and if anyone has this second chance to hear him please do not let the opportunity get away. He is willing to go anywhere, any time he can and speak to schools, service organizations, women's

I would like to include a few quotes from his talk. Some of them were in reference to slides being shown so may not make complete sense as I was jotting them down in semi-darkness. "Let's see we have how many young adults tonight - twelve. One man with twelve people turned the world upside down for Christianity. Twelve young adults can make a change in Floydada. If you leave a better American tonight, it will be worth my time. You will see things many Americans WILL NEVER SEE if a change is not made."

The Commander of the Pacific Fleet in Honolulu said "You can hardly get people out for a patriotic meeting - too many other THINGS to do, Our soldiers are concerned with the apathy of the American people."

"WHAT PRICE ARE WE WILLING TO PAYFOR PEACE? Not even one night a week. Many Americans do not enjoy their work, Asian people do. They have respect for their elders. No generation gap. The people of Formosa have a profound respect for their president. Wish we could have this here."

On their trip into Quemoy the flight was only 500 feet so the Communist radar would not pick them up. All women and men, 16 to 50 must be a part of defense team and go through basic training. The island is bombed every odd day in the week, every week - this has been going on for a long time.

"We'd better get our house in order. If we don't have respect at home we cannot have it abroad. The Chinese people care about each other!"

Dr. Kay stated he felt safer in North Korea with our sol-

diers guarding him and where he could actually see Communists, than in Washington, D. C. They are dedicated to their job. General Kim of South Korea said "Freedom is precious. We know how to appreciate it. Tell the Americans we appreciate all they have done but we still need help." How can we tell them we don't care???

"The Price for Freedom comes high. Many times freedom rings out through the land but the price is high! Freedom is not free. The valor of yesterday is the freedom of tomorrow." I am attaching a poem which was written by a 23 year old U.S.M.C. Sgt. Dr. Kay visited with in a hospital in S. E. Asia. As you can see this was written on Red Cross stationary in his own handwriting.

If you have the chance to hear Dr. Kay, won't you give an hour of your time to hear his message?

Sincerely yours,

(enclosure)

I've been to places in this land Where God it seemed never laid a hand, Where the soil was dark, burnt and dead, Destroyed by fire, bombs and lead Where people's faces tell a story Of sadness and terror, but not of glory.

Day by day I see them die; It seems so strange that so few cry, How long it will be I'll be damned if I know, But someday there will be peace And we can all go,

Back to our own war in our troubled land, Trying to live with our fellowman.

John T. Cutler Sgt. USMC.

AT A BANQUET held in his honor, the president emeritus of Dartmouth College was reminiscing about his inauguration: "The governor was to begin the ceremony. He stood up, took out his ghost-written speech, and began: 'Today, we come to another millstone in the life of our college.'"
