### Hospital Needs Lab Technician

Gayland Sexton has resigned as lab and x-ray technician at Caprock Hospital and has moved to Wyoming. He gave notice of his intention to leave some three weeks ago and hospital administrator Barney Barnett reports he is using all means possible to find another technician.

The hospital board was called for a special meeting at 5:30 yesterday in order to solve the technician problem and discuss other problems concerning the desires of the doctors who use the hospital facilities.

The board was also to look at possibilities of securing more doctors for the Floydada community.

Monday, there were only four or five persons in the hospital.

### Area Football Playoffs Set

The football playoffs continue for area cities, even though the Whirlwinds are out of the playoff picture after their last-minute 20-15 loss last week to Denver City.

DC continues down the playoff trail in Lubbock Friday when they meet the Childress Bobcats, winners over Phillips last week in their bi-district tilt. Game time is 7:30 at Lowery Field.

Petersburg, undefeated winner of their 4-A District and a 35-6 victor over Kress in the bi-district playoffs, will take on White Deer in Hereford Friday. Whiteface Stadium hosts the game, beginning at 7:30 p.m. Both teams are state-rated, White Deer fifth and Petersburg 12th by the Dallas Morning News; and Petersburg sixth and White Deer 11th on the Harris Rating.

3-B Matador takes on 4-B Sundown Thanksgiving Day at Hale Center, 2:30 p.m. is the kickoff time. The Matadors are 7-3 on the season and own a perfect 5-0 district mark.

### COMMUNITY CENTER DISCUSSED

## Webb Re-Elected President Chamber Of Commerce

Webb was re-elected president of the Floydada Chamber of Commerce at the meeting of the board of directors at the restaurant yesterday morning.

### Caprock Chat by Wendell Tooley

WE HAD TO LOOK very far to see many people who have the blessings of life that we enjoy. Some people have boys in Vietnam, some people are hungry and some are in ill health, some suffer the oppression of poverty, some do not know the joys of a Christian life, some have so much for which to be thankful. Some people could well be said Thanksgiving Day "Oh Lord, people today who have an appetite and no food - and people who have food and no appetite. We thank Thee, God, for both."

Prayer was given in our home by our Biafran student, Birimah. All give thanks today. . . Thanksgiving Day. . . every year.

LOGICALS to the Hill Family for the typographical error card of thanks published last week. We are happy to see it correctly this week. We regret this mistake.

CONGRATULATIONS to Jim Swofford and the Whirlwind for their first place win at Lubbock. Jim, I also heard some of the bands playing of, "He's Everything To Me" at the City last Friday night. Keep up the good work.

PLEASE our deadline for news and advertising copy was a tight one this week, but let me remind everyone again, the deadline is 5 p.m. each Tuesday. Occasionally, someone calls us Wednesday morning with copy and we find that when we talk us into adding what they have to our work load for the edition, inadvertently we have more mistakes in the paper as a result of the tension and pressure that builds up when you try to make our printing deadline.

As is to say, we can publish a better newspaper for you if you give us more time to properly set type, correct our advertising message, your news message will more correct if we have sufficient time to properly set type, and for proof reading, more time to make necessary corrections. . . and thank you!"

WILSON has put Floydada on the map again. . . the map this time. For many years the Floydada luminaries have been listed in various "Who's Who" editions and now they have made the "Dictionary of International Biography". This edition is published in London and contains some 16,000 sketches of men and women of achievement in 123 countries of the world.

Elected vice-president was Alton Higginbotham. Higginbotham, a member of Light-house Electric staff is a new member of the board.

Elected secretary-treasurer for the chamber was pharmacist Jerry Thompson. These men will officially take office at the March chamber banquet.

Webb officiated at a short business meeting. Chamber manager John Reue gave the financial report and the minutes of the last meeting.

Webb called on Caprock Hospital administrator Barney Barnett to report on the hospital's needs. Barnett asked the chamber to send a delegation to visit a doctor in this area who is considering moving to Floydada. A committee was appointed to visit the doctor.

Barnett said that the hospital was also desperately seeking a lab technician as Gayland Sexton has resigned and moved to Wyoming.

In other business the board agreed to call a meeting of all interested organizations about building a community center in Floydada.

Provisions of the law include: -No smoking will be permitted in the driveway area of any conventional or self-service service stations.

-Vehicles must have their engines turned off before servicing can take place in the driveway area. Both the service station attendant and the operator of the vehicle are liable for prosecution under either of these violations.

-Flammable liquids such as gasoline, naphtha, kerosene, and diesel fuel may be dispensed into portable containers which must be metal containers, with a screw-on or spring loaded cap, that are clearly marked with the name of the contents and that have a spout so designed as to allow pouring without spilling.

The only other type container approved is a fiberglass motor boat fuel tank.

Persons convicted of violating any of these provisions are subject to a fine up to \$1,000, or 60 days in jail or both, the Fire Marshall said.

## Pants Suits Come In Vogue At Bank And Schools

WOMEN'S LIB COMES TO FLOYDADA ... on the fashion scene, anyway. The school administration announced Thursday that teachers would be allowed to wear co-ordinated pant suits to work. At left, High School teachers Polly Cardinal and Anne Swepston seem to like the idea. Bank employees have been wearing the dressy pant suits to work for a couple of weeks - now. Bookkeepers Teresa Battey, Kathy Moody, and Sandra Rainey wear the "new look" as they talk it over with conven-

tionally mini-skirted secretary Nancy Harris, behind the window. The co-ordinated pant suits are as proper as dresses, the girls insist, and comfortable and warm too. The decision to allow the school-teachers to don the pant suits apparently was the result of cold playground duty by elementary - school teachers, but the idea caught on all over the school system. ### NEWS FOR HOMEMAKERS

by Sherry Mullin  
Floyd County H. D. Agent

The squash family, colorful on the outside, is pure gold in flavor and nutritional value on the inside.

Squash is not only loaded with Vitamin A but also provides considerable amounts of riboflavin and ascorbic acid.

The busy homemaker should count the squash family among the convenience foods. Whether boiled or baked, only a short preparation time is required.

To boil squash, wash, cut in halves and remove seeds and stringy portions. Peel the rind and cut into pieces. Cook the pieces in a covered saucepan about 15 to 30 minutes, with only a small amount of boiling salted water. Drain thoroughly, mash and season with salt, pepper and butter or cream.

To bake small squash, cut into halves and remove seeds. For large winter squash, split into quarters, remove seeds, then cut into pieces for individual servings. Place pieces rind side down on a greased shallow baking pan. Sprinkle with salt, pepper and melted butter. Cover the pan with a lid or foil and bake in a moderate oven for 20 minutes. Uncover and continue cooking until tender.

Several varieties of squash are small and dark green with a hard shell. One squash is sufficient to serve two. Baking is the most popular cooking method for this type squash, but steaming and boiling are also popular.

Butternut squash has a light cream or tan color and is fairly soft skinned with a round seed cavity at the base and a long tapering neck. The texture is smooth and dry. Butternut squash, peeled or unpeeled, is delicious steamed, baked or boiled.

Hubbard squash includes three types - True Hubbard, green and usually weighing 8 to 16 lbs.; Golden Hubbard, golden orange and about the same weight; and Blue Hubbard, larger with warty skin. All three Hubbard types have similar flavors.

**SQUASH BAKED WITH MARSHMALLOWS**  
2 cups cooked squash  
2 tablespoons melted butter  
3/4 teaspoon salt  
Dash pepper  
1/8 teaspoon cinnamon  
Dash nutmeg  
1 egg yolk, beaten  
6 marshmallows  
Combine squash, butter, seasonings, and egg yolk. Spoon into butter shallow baking dish. Arrange marshmallows on top. Place in pan of hot water and bake in moderate oven (375 degrees F) 20 minutes, or until marshmallows are browned and partially melted. Makes 4 servings.

**SAUSAGE APPLE STUFFED SQUASH**  
3 large acorn squash, halved

and seeded  
1 1/2 lb. pork sausage meat  
3/4 cup oats quick or old fashion, uncooked  
1/2 cup chopped apple

1/2 cup chopped apple  
1/4 cup chopped onion  
1 tablespoon finely chopped parsley  
1/2 cup milk  
Place squash, cut side down, in shallow baking pan. Pour a little water in pan. Bake in preheated moderate oven (350 degrees F) about 30 minutes. While squash is baking, make sausage balls.

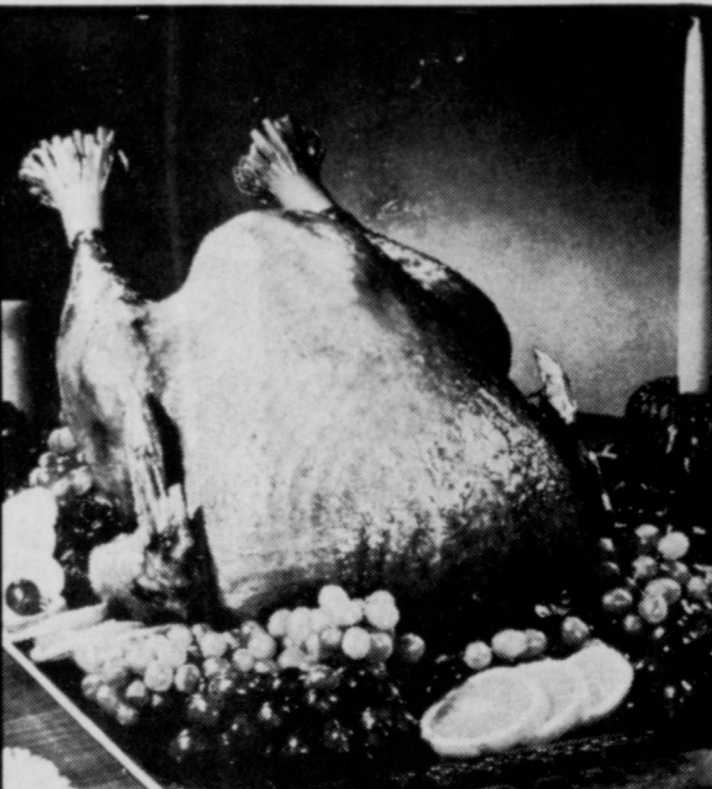

Combine sausage, oats, salt, apple, onion, parsley and milk thoroughly. Shape to form 18 sausage balls. Brown lightly in small amount of shortening in

large skillet. Remove squash from oven; turn cut side up. Season with salt and pepper. Place 3 sausage balls in center of each squash. Continue to bake about 40 minutes longer or until squash is tender. Makes 6 servings.

### People who cook with pride cook with GAS.

Mrs. Rolan Simpson does. Some of the world's best cooks are found in the kitchens of America and they give themselves every cooking advantage, like gas range cooking. Good cooks like Mrs. Simpson and nine out of 10 professional chefs agree that precise temperature control makes the difference in good cooking and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking.

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Simpson's favorite recipes:

**WALNUT ROLL**  
Mrs. Rolan Simpson, 3213 56th St., Lubbock

Brush a jelly-roll pan, 10 x 15 inches, with wax paper, and oil the paper. Separate 7 eggs. Beat the yolks with sugar until the mixture is pale in color and enough to "ribbon." Beat in 1 1/2 cups walnuts and 1 teaspoon baking powder. egg whites, stiffly beaten. Spread the batter in the prepared pan and bake the cake in a moderate oven (350 degrees) 15 or 20 minutes until it is golden. Cool the cake in the pan with a damp towel and chill it.

Dust the cold cake generously with sifted confectioner sugar and turn it on a board covered with two overlapping sheets of wax paper. Carefully strip paper from bottom of cake. Spread cake with 1 cup heavy cream, whipped and flavored with sugar and vanilla. Roll up the cake, using the paper as aid, slide the roll onto a flat serving platter. Sprinkle with more confectioner (Rum or almond flavoring is also good.)

MRS. BENJAMIN F. OGLETREE

## First Baptist Church Scene Of Galloway, Ogletree Wedding

Brass spiral candelabra decorated in emerald foliage and white mums showered with hot pink pom poms formed the wedding scene at the First Baptist Church Saturday, November 21, for Miss Bennie Darlene Galloway and Benjamin Fredrick Ogletree.

Parents of the newlyweds are Mr. and Mrs. Ben Galloway of Floydada and Mr. and Mrs. A. W. Ogletree of Clinton, Miss. Dr. Floyd C. Bradley, pastor of the church, performed the 3 o'clock double ring ceremony before an altar of brass urn baskets holding arrangements

of large white mums, centered by a large brass palm of commodore foliage. Bridal aisle were lighted prior to the ceremony and the pews held brass hurricane type candelabra and white satin ribbon.

The bride, given in marriage by her father, wore a formal floor length gown of peau de soie fashioned with a round neck and empire waist. Bell shaped sleeves were accented with lace which also encircled the waistline. Her floor length veil of illusion was caught to a headpiece of tulle rose petals. She carried a semi-crescent

type bouquet of white butterfly rose buds and white net centered with a large white cattalaya orchid. The orchid was later removed to wear on her traveling ensemble.

Miss Corrynne Galloway, Lubbock, sister of the bride, was maid of honor. Mrs. Doug Galloway, Floydada, a sister-in-law, was matron of honor. Miss Cindy Galloway, another sister of the bride, served as bridesmaid, and a cousin, Renee Galloway, was flower girl. Guy Galloway, a nephew, served as ring bearer.

Feminine attendants were gowned identically in hot pink color rayon acetate floor length gowns. They were styled to that of the bride's, only trimmed with pink ribbon and bow around the empire waist. They carried pink carnations complemented with colors of hot pink.

## Miss Jackie Nichols Is Bride Of Kenneth Earl Cockrell

Miss Jackie Lynn Nichols became the bride of Kenneth Earl Cockrell in an impressive ceremony performed Saturday evening, November 21, at 6:30 in the First Baptist Church in Floydada.

Mr. and Mrs. James Lee Nichols are parents of the bride and Mr. and Mrs. John Cockrell are parents of the groom. Both families reside in Floydada.

Elder Joe Jackson, pastor of the New Salem Primitive Baptist Church in Floydada, read the double ring vows before a background altar of palms with baskets of white gladiolas and pom poms flanked by brass can-

delabra on each side. A kneeling bench with memory candles was used at the altar. Aisle ropes and pew candles were also used.

Miss Sharron Huggins, of Floydada, organist, played traditional wedding music before the ceremony and accompanied Mrs. Don Cheek of Floydada, soloist.

Given in marriage by her father, the bride was attired in a formal length gown of white imported chantilly lace, designed with fitted bodice. It featured a yolk of tucked organdy scalloped lace sprinkled with iridescent pearly sequins, and a high neckline with scalloped stand-up collar. The long tapered lace Juliet sleeves were edged in scallops. The skirt was a six tiered bell shape with the front tier sweeping a chapel length train. Her fingertip veil of bridal illusion was three double length tiers attached to a headpiece of chiffon bow overlaid with net petals and outlined in pearls and sequins with a larger pearl in the center.

The bride carried out the traditional something old, something new, something borrowed, something blue. For something old she wore a locket of her mother's, given her by the bride's father before their marriage. Something new was her trousseau. Something borrowed was a handkerchief from her sister, Mrs. Johnny Harris, Jr. and she wore a blue lace and satin garter. For good luck she placed two pennies in her shoes bearing her birth year, and that of the groom.

She carried a bouquet of purple, orchid and white sweetheart rosebuds with white streamers atop a prayer book. Mothers of the bride and groom wore cymbidium orchid corsages.

Mrs. Johnny Harris, Jr., of Floydada attended her sister as matron of honor. Bridesma-

Fresh apple bread, pickles, cheese-ettes and potato chips were served to Miss Mullin; Mmes. C.A. Caffee, Johnnie Cates, Earl Edwards, Carmel Eastham, R.H. Crawford, D. Johnson, G.W. Smith, Claude Ring and the hostess, Mrs. Kreis.

Mrs. Eastham had charge of recreation with Mrs. Caffee, Mrs. Ring and Mrs. Crawford as winners.

Following a wedding trip to Ruidoso, New Mexico, the couple will make their home in Arlington where Mrs. Ogletree is employed by the Arlington Public Schools. Her husband is employed by Dresser Industries in Dallas.

The bride is a graduate of Floydada High School and Hardin Simmons University. Ogletree is a graduate of Clinton High School and Mississippi State.

## Club Meets In Kreis Home

The Dougherty Home Demonstration Club met Wednesday of last week with Mrs. A. H. Kreis. The president, Mrs. G. W. Smith, presided over the business session. Members answered roll call with one thing they are thankful for.

During business Mrs. Howe Hines resigned as council delegate and Mrs. Johnnie Cates was named to fill the post. Mrs. A. H. Kreis was appointed parliamentarian to replace Mrs. C. A. Caffee, who resigned sometime ago.

A committee comprised of Mrs. Carmel Eastham, Mrs. Johnnie Cates and Mrs. Claude Ring was appointed to select persons to receive the Christmas donation, a project of the club this year.

An interesting program was given by Miss Sherry Mullin on "Christmas in the Kitchen," and how to make inexpensive Christmas gifts. Ideas given were flowers and centerpieces made from tissue paper and paper plates; net Christmas aprons, and for the tree, styrofoam balls covered with velvet, sequins and discarded costume jewelry.

Other hand made gifts mentioned were an apple of cloves for the closet; knitted door knockers; Santas for light switches and several other items Miss Mullin had on display which she bought from the handicapped.

The club's Christmas party and dinner was planned for the night of December 3rd.

Cook of Winters, cousin of the bride, and James Darden, Fort Worth, were ushers. Doug Galloway, brother of the bride, Paul Ogletree, Clinton, brother of the groom, and Charles Walker, Arlington, were groomsmen.

"The Lord's Prayer" and "For You Alone" were sung by Miss Wren Patterson, accompanied by Miss Sharron Huggins at the organ.

Following the ceremony a reception was held in the church parlor. The bride's table held a five branched candelabra surrounded by the attendants' bouquets. A three tiered white cake decorated with pink and topped with a miniature bride and groom, flanked by crystal appointments, completed the table setting.

Mrs. R. L. Neil was in charge of the reception; Mrs. Carl Jackson of Lubbock registered guests. Serving were Miss Jan Wright, Miss Marsha McKinney and Mrs. Charles Waller, all of Arlington.

## THE FAMILY LAWYER

Taking a short cut through an unfenced back yard, Ed was attacked and bitten by the property owner's dog. In due course, he retaliated with a suit for damages. At the trial, the defendant admitted that his dog was vicious. "That is precisely why I keep him to attack trespassers," he told the court. "I keep him chained, but the chain is long enough for him to protect my property. The plaintiff was bitten only because he went where he did not belong." However, the court threw out this defense and granted Ed's claim. "The safety of human life," said the judge, "may not be unnecessarily endangered in the protection of property."

Generally speaking, the law considers the keeping of a vicious dog similar to the keeping of a dangerous weapon. The dog, like the weapon, must be handled with extreme care. Against a trespasser who is innocent, embodying no personal menace to anyone, the property owner has no more right to use a vicious dog than to use a gun.

In fact, some courts impose liability on the owner even if he tried his best to prevent bites. One home owner kept his vicious dog locked in an enclosure beneath the front steps. A visiting neighbor was climbing the steps one day when his foot slipped through a loose board. The dog, seeing the foot come into range, lost no time in taking a bite.

Here, the court held the owner liable even though he had tried to avoid accidents. The court said this was the penalty for keeping such a dog on the premises in the first place.

On the other hand, the owner is usually not responsible if the victim plays an active role in bringing on his own trouble.

CAPROCK FROM PAGE 1

"Congratulations to Mr. Willson!"

ANOTHER FELLOW who continues to put Floydada on the map is Don Hardy who recently built the "Blue Max" funny car racer, powered with a Chrysler engine and fastest in the nation...

I STILL DON'T BELIEVE IT. . . Denver City 20, Floydada 15. I just knew that this was the year we would take DC and go on to state...

What everyone thought would be a defensive game turned out to be an explosive offensive onslaught from start to finish...

As I came out of the press box through the Denver City fans after the game was over, I didn't notice much excitement, it seemed that they still didn't believe they had won the game...

Now, there's no use in looking back and surmising what might have been. . . football is like that, very unpredictable. Dalhart had Phillips beat the other night until the last two seconds of the game, and then lost.

The only looking back I choose to do at this point is to meditate on the great 1970 Floydada Whirlwinds. . . a fine group of guys who played their hearts out and represented the 3AA district in a way that we can all appreciate.

IT IS INTERESTING TO NOTE that the Fort Worth Star-Telegram still lists Floydada in fifth place, although we lost our bi-district game last week.

Class 2A took quite a beating, the worst this year of any class. There were six teams beaten, including Floydada (3), Mansfield (6), Rosebud (7), Giddings (8), Decatur (9) and George West (10).

All lost their places except Floydada, which dropped to fifth, and Decatur, which remained ninth. The additions are Haskell, Clifton, Carrizo Springs and Willis Point.

The Telegram ranks the top ten in the state as follows: Iowa Park (1), 11-0; Refugio (2), 11-0; Kirbyville (4), 11-0; Friendswood (5), 11-0; Floydada (3), 10-1; Haskell (NR), 10-1; Clifton (NR), 10-1; Carrizo Springs (NR), 10-1; Decatur (9), 9-2; Willis Point (NR), 10-0-1.

ALTHOUGH I DIDN'T like the Arkansas-Tech game, I did enjoy the "going band from Raiderland" at halftime. The medley of patriotic numbers combined with the parade of American flags was a spin-zinging experience with a climax of "This is My Country".

I FOUND THAT TEXAS PLANT SITE!

Where is it? Outside the city, in a rural area. Where will we get the power? From the rural electric cooperative.

Can they furnish the electricity we need? They have all the power we will ever need... it's low cost and their service is great!

The Lighthouse Electric Cooperative can provide all the lowest power needed for any commercial or industrial requirement. Their excellent service makes the rural areas they serve more attractive every day.

SOUTH PLAINS NEWS

SOUTH PLAINS, Nov. 23 - More than fifty percent of the cotton has been stripped at South Plains, and this Monday morning there are some 300 bales of cotton on the gin yard. A devastating fire at the cotton gin broke out last Wednesday, and fire engines from Floydada and Lockney were called out.

Mr. and Mrs. Nathan Mulder, Penny and Cindy and Curtis Sanders were among those from here who went to Quitaque Sunday evening to attend ordination services for J. Ronald Taylor, son of Mr. and Mrs. J. P. Taylor. Ronald was ordained a deacon in the First Baptist Church at Quitaque, with Dr. Strauss Atkinson preaching the service.

Mr. and Mrs. Frank McClure returned home Saturday afternoon from Grand Prairie where Mrs. McClure has been staying for five weeks taking medical treatment.

Mr. and Mrs. J. P. Taylor were hosts at a birthday dinner Friday evening for their daughter-in-law, Mrs. J. Ronald Taylor, and guests were Mr. and Mrs. J. Ronald Taylor, John and Jeff, and Mr. and Mrs. Nathan Mulder, Penny and Cindy.

A Bible Study of the Book of Job was studied Monday morning at the home of Mrs. J. P. Taylor. Coffee cake, coffee and tea were served to all guests.

The annual drive for Salvation Army funds was started last Tuesday for Floyd County. Those who are working on the drive in the South Plains Community are Mrs. Don Marble, Mrs. Mike Wood, Mrs. Keith Marble, Mrs. Dean Stewart and Mrs. Fred Marble.

Mr. and Mrs. Dick L. Dickson and Heather Lee of Pensacola, Fla., were weekend house guests here with Dick's aunt, Mrs. Murray Julian and family. Mrs. Dickson had never been in the west before and had never seen cotton and farming operations, so was very impressed with the stripping process.

Mr. and Mrs. Kendis Julian, Mitzi and Kristi, and Mrs. Julian's mother, Mrs. Poyner Roberts of Floydada went to Lubbock Sunday to have dinner and to visit at the West Texas hospital with Mrs. Ken Roberts and new son, Jason Chad.

The past week brought bitter, cold nights to our area, with 28 degrees for a low Wednesday. The wind has been really bad, Saturday gales raged around fifty miles an hour, making cotton stripping hazardous.

Mrs. Buck Ford took her son, Ricky to Lubbock to see a doctor Wednesday for a foot problem. Ricky will have to have his shoes built up in certain places, it was learned.

Raymond Reeves and Don Probasco left last Tuesday afternoon on a deer hunt to Ozona, where they stayed until Friday. They both got their quota of deer, and now have a fresh supply of venison for the winter.

Mr. and Mrs. Bruce Julian of Perryton will be here and in Floydada to spend the Thanksgiving holidays from Thursday through Sunday with her folks, Mr. and Mrs. Edell Moore, Mrs. Ronnie Tucker in Floydada, and Mr. and Mrs. M. M. Julian and Mr. and Mrs. Kendis Julian in South Plains.

Buddy Jenkins Awarded \$210 In Damage Suit

James "Buddy" Jenkins was awarded \$210 by petit jury last week in a damage suit filed by Jenkins against the City of Floydada. Jenkins was asking for \$849 in damages.

The suit stemmed from the alleged removal of an inoperable vehicle on blocks, a lean-to, barbecue pit, and six fruit trees by the City of Floydada, belonging to Jenkins.

The removal of such items came under two ordinances recently passed by the City. That of owners being given a seven day notice to remove old junked cars on their property and all vacant lots being cleaned of run-down unused buildings, weeds, trash and other refuse.

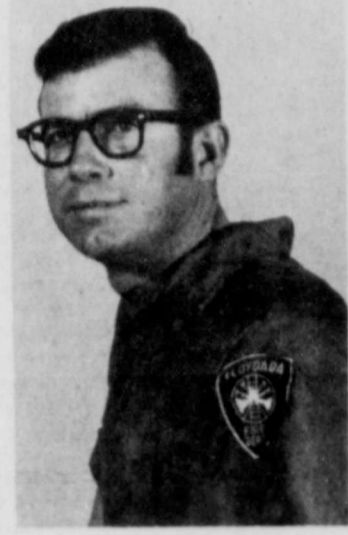

The property so named in the damage suit is lot 14, block 12 and the south third of lot 16 in block 15. It had earlier been acquired by the City of Floydada under order of sale for delinquent taxes.

The jury awarded Jenkins for damages, \$75 for the barbecue pit; \$50 for the lean-to with concrete floor; gas line and fittings \$10; electric wiring and fixtures \$5; water line and fittings \$10 all inside the lean-to; and \$60 for the fruit trees.

No damage was awarded Jenkins for the junked car alleged to have been removed from the property.

WE'RE THANKFUL We're thankful for what we've found, In this rather small but friendly town; Yes, we're thankful for the hearts that are tender Toward those that are hurt but come back with love. You see, We're trying to rebuild our church, For the thing that happened rather left us in the lurch. You see, it sure did hurt when our church burned down; But we thank God for the tender hearts and extended hands That we and others have found in this friendly town. By Lillie M. # Denver City Takes Bi-District Title 20-15

## Explosive Offensive Contest From Start To Finish

CAMPBELL GOES HIGH ... but can't come down with pass. (Staff Photo)

Whirlwind football fans still just can't believe it. Denver City 20, Floydada 15. But that's the way the bi-district championship contest came to the last whistle in the Mustang stadium Friday night.

It was a sad crowd of Whirlwind boosters that made its way from the stadium and headed home... losing a game that they had won until the last minute and 25 seconds of play 15-14.

It was Floydada ahead 15-14, Denver City had the ball on the 35 yard line with fourth down and 14 yards to go. The Mustangs tried a desperation pass that was completed to the 17-yard line... then another pass, a short run over center and they led 20-15. Run for extra points was no good.

And ... the Mighty Mean Green still didn't give up... with 44 seconds remaining in the game they began moving the ball down the field as the final whistle blew.

With 2:33 minutes left in the first quarter the Mustangs were leading 8-0. The Whirlwinds bounced right back and with 2:02 left in the same quarter had scored Dirk Campbell with a long pass from quarterback Andy Hale. The 'Winds right end run for extra points didn't make it and Denver City led 8-6.

With nine seconds left in the same quarter Denver City had scored again, failed on extra points and led 14-6.

In the second quarter Floydada dominated play with 7 first downs to the Mustangs' two. With 7:52 remaining in the second quarter Floydada had pressed the Mustangs back on their six yard line. The Mustang center backed under the goal posts to punt, a high center gave the Whirlwinds another two points safety, and the score was 14-8.

The 'Winds were on the Denver City ten yard line, set for another TD when the halftime whistle blew!

The 'Winds came back from halftime more powerful than ever. Walter Harris scampered back to the 42 yard line with the DC kick-off. Quarterback Hale took a keeper downfield in a beautiful run to the five yard line. Then with 11:07 minutes remaining in the third quarter fullback Van Lee Mitchell plowed over for the second Whirlwind TD ... and Floydada led 15-14.

### PLAY-BY-PLAY

Steve Sparger took the kickoff for the Mustangs and advanced from the 20 to the 34 yard line. The DC ground game churned: Jimmy Youngblood picked up a yard; quarterback Jim Carson got five; and Jerry Newman picked up the first down at the 44. It was five yards for Youngblood, then Sparger ripped off a 32-yarder to get the Mustangs up at the Whirlwind 20. The Mustang drive continued - Sparger, Youngblood and Larry Clinton carried to the 'Wind 11, and DC faced fourth and one. Young-

### 26 Seniors Play Last 'Wind Game

Twenty-six Whirlwinds donned the Floydada football colors for the last time Friday night in the 'Winds 20-15 loss to Denver City.

The Whirlwinds seniors are: Mike Anderson, Tim Assiter, Rogene Bethel, Royce Bethel, Ricky Biggs, Mike Burk, Greg Campbell, Mike Collins, Jim Crawford, Danny Francis;

Andy Hale, Richard Hale, Steve Hendrix, Joe Jones, Ricky McDowell, Mike Moore, Gary Pate, Kirby Pierce; Steve Puckett, Mark Sanders, Andy Selman, Mike Simpson, Glen Switzer, Frank Watson, Mark Whittle and Mike Winter.

### Breezer Girls Lose, Boys Win Over Olton

The Floydada Breezers played the Olton basketball teams Monday night... the girls lost, the boys won. The Seventh Grade girls lost a close one, 17-20. Debbie Johnson made 10 points for top scorer and Jodie Eastham made seven rebounds.

The eighth grade girls lost 14-32. Dianna Grime made nine points and five rebounds. The Freshman girls also lost to Olton 30-36 with Nancy Puckett making 13 points.

The girls games were played in Olton, the boys games here.

blood got the first at the five.

Whirlwind safety Steve Puckett pounced on the Mustang fumble at that point. On second-and-ten, fullback Van Mitchell rambled for 35 yards; then Puckett, starting for the first time in the offensive backfield, carried for eight. Mitchell got another first down for the 'Winds at the 49. Three plays later, it was the Whirlwinds' turn to fumble - Mustangs' ball at the Floydada 36.

D-City drove - it was Sparger for eleven, five, and three yards; Clinton for six; Newman for a couple; Clinton again, for eight yards and a first down at the Floydada one; and quarterback Carson scored from there. Clinton ran the points and DC led 8-0 with 2:33 left in the opening period.

The 'Winds came right back. Taking over at their own 13, they did it this way: Puckett got loose for 39 yards on the first play; the Mitchell got to the Mustang 37. Andy Hale then hit Dirk Campbell with the TD pass. Puckett's run for points was stopped barely short, and DC still owned the lead, 8-6, with 2:02 to play in the first quarter.

D-City's turn - the kickoff return carried to their 23, a play later, from the 25, Clinton burst all the way to the Whirlwind 14 before being hauled down, and a penalty on the play set the ball on the Floydada seven yard line, first-and-five. Newman got the five, Clinton another yard to the one, and again Carson scored, with eight seconds left in the period. Points try was no good.

There was time for the kickoff before the period ended. Whirlwind Walter Harris made it a good return. After bobbling the ball, he scooted from the nine-yard line to the Whirlwind 45. After the end swap, the 'Winds advanced into Mustang territory on runs by Mitchell and Puckett, and owned the ball first-and-ten at the DC 45. Puckett got five more, lost one, and Hale's pass to Campbell fell incomplete. Puckett punted into the Corner - Mustangs' ball at their six.

And, for the only time Friday night, they couldn't move, and had to punt. The line of scrimmage was the seven; the snap sailed 'way over the punter's head and out of the end zone for a Whirlwind safety, trimming the DC lead to 14-8. Harris took the free kick from Floydada's 35 to DC's 47. The Whirlwind attack went backwards. Puckett lost three on a run; Mitchell snagged a pass from Hale for a two-yard loss; and Hale missed Campbell downfield.

Puckett's punt was killed at the DC 11; the Floydada contingency thought the DC man had touched the ball and the 'Winds owned the ball there, but the officials said Mustangs' ball and that's the way it was.

A penalty set the ball back to the six; DC drove again. Youngblood got the Mustangs out of the hole with a 22-yard carry. Three rushes got another first down at the 39. The next three netted eight yards and forced the punt, which went to the Floydada three.

The Whirlwinds, fighting the clock all the way, drove to DC's 10-yard line before the halftime whistle blew. Here's how it went: Puckett ran to the eighteen, then Hale uncorked the passes. He hit Andy Selman at the 31; missed Campbell; hit Puckett at the 47; Selman again, into Mustang territory at the 37; Puckett at the 27; Selman at the 20. The Whirlwind quarterback was thrown for a five-yard loss, missed Puckett, then connected with him, then with Selman

at the ten, and the half ended there.

### SECOND HALF

Harris advanced the kickoff to the DC 42. Hale kept for 37 yards and a gain to the five-yard line. Puckett got it to the one, and Van Mitchell tied it up 14-14. Greg Campbell gave the 'Winds the one-point lead 53 seconds into the second half.

DC owned the ball at their 37 after the kickoff. The Mustangs drove on the ground again, picking up first downs at their 44, the Whirlwind 29, the 18 and the four, before a holding penalty put the ball back to the 19, first and goal. The third-down pass was complete to the six, and the Whirlwinds took over there.

The Whirlwind ground game began to click - Puckett and Mitchell got eight and two yards respectively for the first down at the 16. Harris broke to the 40 on the next play, then Hale kept for eleven more into DC territory. Harris picked up six, and two Hale-to-Puckett passes fell incomplete, forcing the punt.

From the 20, the Mustangs moved again. Sparger carried to the 35; to the 46; across mid-field to the Whirlwind 46; to the 40; to the 37. Then the Whirlwind defense tightened and the ball went over on downs at the 34.

The 'Winds had advanced to the DC 27 on runs by Puckett and Harris when DC tackle Jimmy Ellison fell on the Whirlwind fumble. The Mustangs managed a first down at their 41, then lost back to their 37 to force the punt, which went to the Floydada 18. After three plays, the Whirlwinds faced fourth-and-one at their

27. Puckett punted, and it was the last time a Whirlwind touched the ball until the game was all but 44 seconds played.

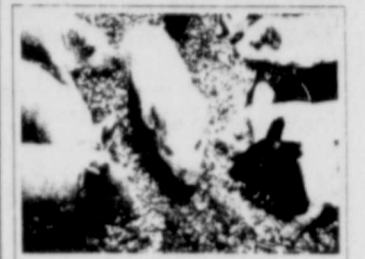

Starting from their 32, the Mustangs launched the (for Floydada fans) heartbreaking drive to the winning TD. It was Sparger, Carson and Youngblood - Sparger for four yards; Carson-to-Youngblood for 12 in the air; Carson for nine more to the Whirlwinds 43; Carson to end Brent Youngblood and a first down at Floydada's 34. Then Sparger for only four, and Carson was thrown for a nine-yard loss by Whirlwind Jim Crawford. The DC quarterback gained one yard on the third down try, and the Mustangs had a fourth-and-14 at the 38. The crucial Carson-to-Jimmy Youngblood pass was good to the 17. Sparger caught the pass at the nine, and Youngblood gave DC a first-and-goal at the five. A pass interference call in the end zone made it first and goal at the one. Then Sparger crashed through the middle and that was the scoring for the night, as the extra try was no good; but that was enough for the Mustangs - they led 20-15 with 44 seconds to play.

The Whirlwinds had advanced to the Mustang 43 yard line before the final gun sounded.

Here's a watertight statement about Vanguard's rubber gasket joint.

It won't leak

The idea of using a rubber gasket joint in Vanguard PVC plastic pipe was revolutionary. It meant no more bands or solvents. Easier, faster, trouble-free installation. But that was just a beginning. Next we put the pressure on. We hydrostatically tested it. We turned it through all sorts of temperature tests. We twisted it and pummed it. Then we field tested it. We gave it more punishment than you or those inevitable ground shifts could ever hope to.

Just as we anticipated - the rubber gasket held. So, whatever your needs for plastic pipe, Vanguard is it. Bend it any way you want. We'll make a watertight statement about Vanguard's rubber gasket. It won't leak. Just be reasonable. Vanguard is available in 1/2 to 15-inch diameters.

Danny Wheeler, son of Mr. and Mrs. Joe Wheeler of the Sandhill Community, was one of five youths awarded U.S. E Bonds by the State Fair of Texas for top carcasses of steers in the 1970 Junior Steer Show. Danny received his \$25 bond last Thursday.

more than 50% of the carcasses in boneless, closely trimmed roasts and steaks.

Danny's Angus steer was U.S.D.A. Prime; Yield Grade 2.1; live weight 956; carcass weight, 626; Rib Eye Measurement 14.97 square inches; fat thickness .5 inches; estimated yield of boneless, closely trimmed roasts and steaks 52.1%.

## I REMEMBER, I REMEMBER.....

### Useful Man Cut Down

When F.E. Savage resigned the superintendency of Floydada Public Schools to take a place as a member of the faculty at West Texas State Teachers College, Canyon, he was succeeded here by his principal J.E. Parks.

Mr. Parks was a youngish man but mature in his ways. And there came out from Hopkins County, in 1918, J.C. Wester, just out of uniform, to serve as Parks' principal.

Parks handled disciplinary problems very well. J.C. Wester admired Parks for one thing because he knew how to head off troubles before they became crucial. Parks had to use the strap on very few youngsters. Wester said it seemed he could somehow look 'em out of it. In 1921 Parks left Floydada at the end of his school year.

He had been asked to come to Buckner's Orphans Home to take over the school there. He had gotten that school into the state's scholastic system, had a healthy set up in every way when death overtook him.

Parks had been in the New Mexico mountains on a vacation trip. His party was enroute home when they made a service station stop at Las Vegas. The school man, according to the story I had, got out of his car and was reaching for an air or water hose on the station drive way when he collapsed. He could not be revived.

Nobody knew Mr. Parks was in ill health. Most likely he was not. A big, strong man sometimes over - taxes his heart unknowingly. Instances of that kind are not uncommon, I am told.

-Homer Steen.

## Jehovahs Witnesses Hold Meet In Lubbock

Hundreds of Jehovah's Witnesses met in Lubbock last weekend and heard L. M. Dugan, District minister from the world headquarters of the Witnesses, answer the question, "Who Will Conquer the World in the 1970's?"

Over 1200 met in the Fair Park Coliseum and heard Dugan state "Regardless of our occupation, whether we are a carpenter, a housewife, or a school child, we are facing death because of the issue of world conquest in the 1970's."

Jehovah's Witnesses from this area who were in attendance included, Mr. and Mrs. C. W. Hall Sr.; Mr. and Mrs. Gene Sipe; Mr. and Mrs. J. A. Savage, Mr. and Mrs. Stanley Keen, Mr. and Mrs. Lee Campbell and others.

They reported that Dugan indicated it is impossible to escape the consequences of either being conquered or conquering. "Alexander the Great conquered the known world, yet he died a young man at 33, proving that material conquest is brief, temporary."

"History records the words

and deeds of another young man, who conquered or affected the lives of far more people," Dugan said. "His conquest was complete and lasting. That man was Jesus Christ!"

Dugan pointed to the way to escape being conquered, when he informed the audience, "If we are to conquer the world in a lasting complete way, we must note carefully what and how Jesus conquered the world and do exactly as he did."

He then declared, "You can conquer the world right now in the 1970's. It is within your grasp, but it requires a hard fight. Jehovah's Christian Witnesses in Malawi refused to be conquered by the world, even as did Jesus. They have endured brutal persecution. Because of these actions the world hates them. But God loves them."

Promising a peaceful future, Dugan stated that shortly Christ's forces will conquer the world in a physical way. That conquest will bring everlasting good, peace, happiness and eternal life.

## COUNTY AGENT'S CORNER

By Doyle Warren

Richard M. Nixon, President of the United States, has designated the week of November 20-26, 1970 as National Farm-City Week. He has requested leaders of farm organizations, business groups, labor unions, youth and women's clubs and all consumers to join in this observance in order to increase public appreciation of the strong interests shared by rural and urban America. Every citizen has a stake in its observance. Nowhere else in the world do so many depend on so few for their food and fiber needs.

The vital role of agriculture in the development of the United States and in the current high level of living of its people is a story well worth repeating. Those who produce our food and fiber have plenty to be proud of and need to tell the world about it. The U. S. farmer produces enough food and fiber for 45 people - about 39 at home and 6 abroad. Ten years ago he supplied the needs of only 24 people. Our producers are continually searching for better and more efficient ways to keep the food and fiber supply lines filled.

The average citizen spends only 16.5 percent of his disposable income for food. Just 10 years ago 20 percent went for food. Despite his record, the U. S. farmer is not rewarded with a larger share of the food dollar. He now receives nine cents less out of every dollar than he got 20 years ago.

Production expenses have continued to rise; thus, keeping the cost-price squeeze a major problem for agricultural producers. Almost a fourth of the average grocery bill isn't groceries at all - it's laundry soap, potted plants, hose, hair-spray, records and even encyclopedias, aspirin and tooth paste.

The nation has 2.9 million farms and a farm population of 10.3 million people. Only one out of 20 Americans live on a farm. Technological advances in the form of better seed, feed, fertilizer, insecticides, mechanization, and cultural practices have raised productivity per acre and per farm worker. Marketing changes have multiplied the number of food

and fiber products and their availability in terms of time, location and price.

Crops were harvested from a total of 294 million acres in 1969 - only 13 percent of total U. S. land area. Studies using various demand and policy assumptions have found that the U.S. could have 38 to 78 million more crop acres than needed to meet total domestic and foreign demand in 1980. This reserve in productive capacity is a heritage for all Americans to protect and preserve that our posterity may be free from hunger.

With two-thirds of our population crowded onto only two percent of the land, many of our people are denied economic opportunities, adequate living space, health, cultural fulfillment, and those spiritual values without which no nation can achieve greatness. The time for action is at hand - for careful plans to be formulated, and for decisions to be made at local governmental levels, to foster the improved distribution of population and accompanying economic activity needed during the decade of the 1970's and beyond. The government can provide assistance, but the effort will succeed only as Americans take part in developing a policy of sound national growth.

In this effort, city dwellers and rural people alike have reason to work together toward common goals. The well-being of urban America and the welfare of rural America will increasingly intertwine as our total population expands. Better living in the one depends on better living in the other.

We as consumers are fortunate that the agricultural segment of our economy has increased in efficiency so that the five percent who live in rural America provides the other 95 percent benefits unsurpassed anywhere. Farm-City Week gives all of us an opportunity to create a better understanding of the interdependence of agriculture and business.

The objective of all people will be the same in observing Farm-City Week - to help rural and urban residents understand each others problems and further develop the appreciations each should have for the other. In other words, we just couldn't get along without each other.

HAPPY  
THANKSGIVING

# Thanksgiving

... A time to pause and give thanks for this great land carved from a wilderness by our forefathers. A land entrusted to us to guard and care for ... A land that has provided us with our growth and strength. Let us give thanks now for this land and at the same time pray for guidance in protecting it so that future generations may also enjoy its abundance twofold.

## Unity Is The Symbol

Unity! That's the essence of the Water, Inc., trademark. A symbol of four drops of water always appears with the organization's name. Three of the water drops are interconnected with a symbolic meaning, or meanings. In one of the meanings, the interconnected drops signify "local, state and federal" efforts combined in water resource development. The other meaning is symbolic of the three states involved in the area served by Water, Inc., Texas, New Mexico and Oklahoma.

The single drop standing to the right stands for unity and the combined efforts of the three in either meaning.

In the word, "Water," the "W" and the "A" are joined together, and the "T" and the "E" are joined, symbolic of canals linking the area served by Water, Inc., and the sources of fresh water.

In the original Water, Inc., symbol, there was no comma between "Water" and "Inc.," and the period after the abbreviation was in the opening of the "C." These were design devices and had no symbolic significance. In fact, because of it being misread, recent reproductions of the trademark include the comma and the period has been moved to the normal position.

## MRS. ALEXANDER SLIGHTLY IMPROVED

Mrs. Hugh (Ada) Alexander, 62 of Olton, sister of Clifford Willis of Floydada, remains in a serious condition, but slightly improved, in Collin Memorial Hospital in McKinney where she was taken following a car-pickup collision Monday of last week.

Mrs. Alexander sustained two broken legs and internal injuries, as well as gasoline burns in the mishap which occurred about five miles east of Lincoln Park near Dallas. Her husband, driver of the pickup, which was towing their boat and trailer, escaped serious injuries, sustaining only bruises, according to relatives. He is the brother of Leonard Alexander and Mrs. W. M. Hambricht of Floydada.

The injured woman went through the windshield of the pickup and was pinned under the car involved in the wreck. Driver of the other vehicle was Mrs. Euel Meador, 62 of Frisco, who was killed. She was the mother of Eddie Meador of the Los Angeles Rams football team. Mrs. Meador and the Alexander couple were all thrown from their vehicles.
