Dodgers, Braves, Giants, Sox Win Freshman Contests

DODGERS 19, METS 5
Jackie Windom pitched four innings and Coleman two last Thursday as the Dodgers put it on the Mets, 19-5. It was the opening game for both teams.

BRAVES 8, CARDINALS 7
The Freshman League Braves squeezed by the Cardinals Friday in the early game, 8-7,

behind the pitching of Westbrook and Ledbetter. Minnitt pitched for the losing Cards.

RED SOX 7, TIGERS 6

In another close one Friday, the Red Sox overcame the Tigers by a 7-6 score. Randy Fry and Monty Smitherman pitched for the winning 'Sox, and Ricky Carthel and Steve Jones shared the mound for the Tigers.

DODGERS, GIANTS WIN
Freshman League games Monday saw the Giants whip

the Mets in the opener. Score was not available in that game. In the nightcap, the Dodgers slapped a 23-0 shutout on the Indians to up their season record to 2 and 0.

DODGERS, BRAVES LEAD LEAGUE
The Dodgers' 2-0 record ties the Braves in the early going. The Giants are undefeated at 1-0. The Red Sox own a 1-1 mark; the Cardinals and Mets are both 0-2, and the Indians stand 0-1. A Giants-Indians contest last Thursday was rained out.

Hale Center Tourney

The entry deadline for the Hale Center Invitational Golf Tournament is Friday, June 11. Entrants must qualify or turn in their handicaps by that date. The tournament is set for Saturday and Sunday, June 12 and 13.

Prizes of first-line merchandise will be awarded in each flight; the first-day medalist will receive a \$50 gift.

Par on the course is 70. Tee-off times are 10 a.m. and 1 p.m. each day.

The Hale Center Country Club phone number is (806) 839-2188.

small mesquites and small wild flowers that bloomed in the spring.

Mr. Carter had read the history of the ranches that preceded the farming development and portrayed this by the rope in the boy's hand as an indication of his hope of becoming a cowboy when he grew up.

The statue was erected by American State Bank as a tribute to the early settlers, for all West Texans to enjoy for years to come.

TEST YOURSELF

How Do You Rate As A Mate?

Are you great as a mate—or a "louse as a spouse?" Test yourself for the answers. Though sometimes your best friends won't tell you, these 20 questions should help you to arrive at the answer—how do you rate as a mate?

maybe that one cherished weakness isn't worth the contention it causes, and correcting the habit might make your spouse vow to be more punctual, less over-weight, or whatever you've been striving to make him.

methods of making a woman feel more like a woman.

3. Ask her advice—and take it if it's good! There's no higher compliment. A noted marriage counselor reports that one of the primary grievances voiced by wives is that preoccupied husbands make them feel "invisible."
4. Compliment her when she has gone to special trouble to prepare a dish you like? Bread cast on the waters may yield French toast!
5. Learn a new joke occasionally?
6. Do you occasionally bring her something intimate, like a new perfume that you trial-sniffed and liked, or a negligee just to tell her that you still think she's alluring?

1. Do you sometimes give-in to avoid an argument, even if you know that your one and only is dead wrong? (Unless, of course, it's a matter of principle.)

6. Do you watch your appearance as carefully now as you did before?

You should—but if you do, you're rather uncommon. Surveys among people generally show that a surprising percentage of the wives and husbands polled, thought their mates were not as particular about grooming as before marriage.

7. Do you try the same flattery you used in courtship days?

Even if you didn't specialize in blarney, you undoubtedly showed a flattering interest in everything your prospective partner said or did. Try it again. One good home remedy for domestic headaches and other complications: really listen when your mate speaks.

8. Do you have a hobby or other strong interest which is not shared by your mate?

According to many psychologists, you should! Too much togetherness can be stifling and ultimately become stale. A separate interest gives you breath as well as a breather.

To make your time together more valuable:
 (1) Always have some joint project in the works;
 (2) Occasionally turn off the TV and just talk—or walk;
 (3) Plan a night out for just the two of you at least once a month—more often if you can manage it.

MEN ONLY

1. Do you take her out dining and dancing (or even to a movie) now and then, just because you know she likes it?
2. Do you help her with her coat, open doors for her? Inexpensive and infallible

WOMEN ONLY

1. Is your home neat but not so neat that your husband feels like a bull in a china shop?
2. If you have the space, set aside a den or workshop where he can scatter ashes and wood shavings to his heart's content.
3. Do you read the newspaper every day? Many women who complain that their husbands don't talk to them haven't much to say.
4. Do you inspire a scentimental mood?
 If not, try applying a scentational fragrance that's new to the nose. You can be sure of allure when you use a fragrance to enhance romance.

5. If you have children, do you make him feel he's at least as important to you as the "kids"? The counterpart of the wife who feels "invisible" is the husband who thinks he's valued only as a provider and "the father of her children." Both types are frequently found in counselling sessions and divorce courts.

6. Do you avoid reciting the trials and tribulations of your day as soon as he steps into the door? Remember, he's probably been listening to such troubles all day long as business. So let him feel at home by first providing him with pleasure and leisure that he will treasure.

HOW DO YOU RATE AS A MATE?...Are you a first-rate mate? Checking out your compatibility quotient may provide some surprises. Here's a question-and answer guide to a marriage you can't disparage.

Garden Setting Scene For Wall And Hearon Wedding

Wedding vows for Miss Jennie Sue Wall and John Hearon were repeated Sunday afternoon in a garden setting on the patio at the home of Mr. and Mrs. T. J. Coleman Jr., in Floydada.

The bride is the daughter of Rev. and Mrs. Alex Wall and the groom is the son of Mr. and Mrs. Willie Hearon, all of Floydada.

Rev. F. D. Conwright, minister of the Mt. Zion Baptist Church, performed the single ring ceremony. Wedding selections were by recordings.

The bride was given in marriage by her brother, Jerry Wall. Brenda Bonner served as maid of honor, and Jerry Hearon, cousin of the groom,

was best man. For her wedding, the bride selected a street length dress of yellow and carried yellow and white daisies. Her pearl crown held an illusion veil.

Following the ceremony a reception was held in the Coleman home. Assisting Mrs. Coleman with the houseparty were Mrs. J. P. Bonner and Mrs. Rufus Minnett. Guests were served wedding cake squares and punch from a table laid with a white linen cloth.

The newlyweds are making their home in Plainview where the bridegroom is employed at Jimmy Dean's Packing House. Both attended Floydada schools.

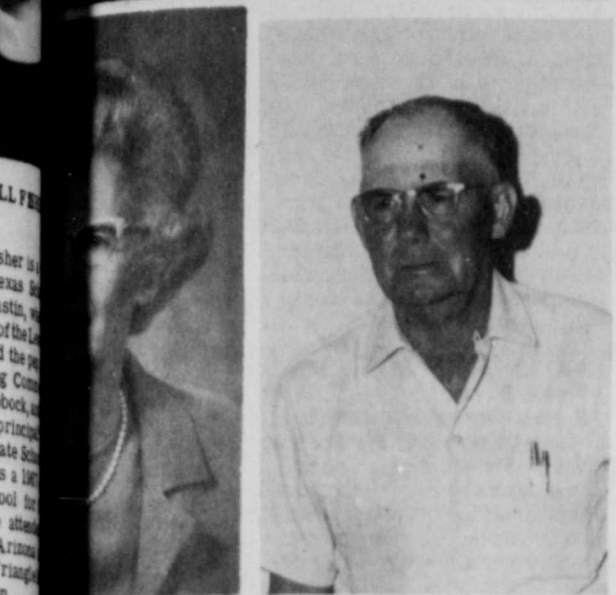

The Old Timer

"Nothing gives you more leisure than being right on time."

WOMAN BARBER
 Detroit -- Working as a barber in the Sheraton-Cadillac Hotel, Vicky Shipp, 28, said men are still "shaken" when she begins to comb their hair. Miss Shipp, born in England and acting as a translator here, went to barber school to learn the trade for financial security.

Despite poll, Kennedy says he won't run in '72.

BILL MCNEILL (Worthy Patron)

Jackson And Bill McNeill New Eastern Star Officers

William Jackson and Bill McNeill were installed as Worthy Patron and Worthy Matron at the Eastern Star Chapter 169.

Mrs. Jackson presented each of the installing officers with a decoupage gift she made. Grand officers introduced included Flora McNeill, Grand Electa; M. J. McNeill, general chairman of Home Endowment committee; Howe Hines, Masonic Ambassador; Josephine Davis, member of the Founders Day committee.

Following the installation the Worthy Matron presented her colors; her emblem, the Holy Bible; her prayer and dedication. She later introduced her family consisting of husband, E. M. Jackson and her daughter, Judy Beedy, and a close family friend, Leora King Younger. Mrs. Beedy and Mrs. Younger presided at the refreshment table.

Eastern Star will hold their regular meeting tonight (Thursday).

No statistician has ever calculated the number of marriages that have cracked on the rock of unwillingness to give in on unimportant questions, but the number must be large. You won't deepen your spouse's stubborn streak just by conceding a point, quite the opposite. People are at their most conciliatory after winning a round.

2. Do you show loyalty by building him or her up in public and keep your spouse's secrets?

Fidelity is more than a matter of staying monogamous. You're being disloyal every time you recite "cute" anecdotes that make your better half look small, or publicly correct his (her) grammar, or tell your friends and relatives things they have no right to know.

3. Do you maintain friendly relations with your in-laws?

It's one of the soundest married life insurance policies, experts say. By showing your mate that you like his or her family, you're showing approval of a very important part of himself or herself.

4. Do you try persistently to change him (her)?

Hard on the vocal chords and the marriage ties, and futile besides. The only person who can change your mate is friend spouse himself. You married for what he or she is—or did you?

5. Do you attempt to correct your own flaws if they distress your mate?

All right, so your mate shouldn't try to change you. But

quieter pastime could we have for a change?

Flying kites wasn't always an innocent pastime, however. During the first 2,500 years of kite history, they were an instrument of war. One story has it that in 200 B.C. a Chinese General flew a kite over the walls of an enemy fort so that he could calculate the length of a tunnel to dig underneath.

History doesn't record whether or not he was suc-

cessful. But he may have kept the enemy so amused as he roared down the battlefield to fly a kite that his army climbed the walls undetected.

Later, kites were used as signaling devices and weapons of psychological warfare. Soldiers attached spooky lanterns and whistles to the kites and flew them over enemy lines at night. Sometimes propaganda leaflets were dropped on enemy lines, also.

By the 13th century man-carrying kites were developed and used as wartime observation posts. But these weren't very successful either. Marco Polo reported that only men "stupid or drunk" could be persuaded to ride the dangerous devices.

Along about the 18th century a Rev. J. Doolittle of London told about the medical benefits of kites. He said, "Kite-flying makes children throw back their heads and open their mouths, thus getting rid of internal heat." If Doolittle was right, we sure could use more kite-flying in America these days.

SOUTH PLAINS NEWS by Mrs. Murray Julian

SOUTH PLAINS, June 7 - Vacation Bible School enrollment last week was 88, and children and parents filled the church Sunday night at services where Beginners and Primaries gave a part on the program. They had a rhythm band and sang "I Love to Talk of Jesus." Each teacher and worker is to be commended on the wonderful week the children had.

Baptismal services were held at the Baptist Church Sunday night for Kristi Julian, John Carlton Cummings and J. P. Taylor. Many members of the Merrell families were at the church for the services, including Mr. and Mrs. Bob Merrell and Mrs. Jane Pigg of Lone Star.

Fletcher Powell reported this Monday his daughter, Shirley, who is in Lubbock Methodist Hospital, was moved Saturday to room #521, and is doing well. Nurses walked her this Monday. We all are very glad to hear the good news. Fletcher is home this week, but Mrs. Powell continues to stay at the hospital. Anyone who can help by sitting with Shirley, is asked to get in touch with the family.

Those from this area donating blood at the Lubbock Blood

Bank Monday morning for Shirley Powell were Sterling Cummings, Don Probasco, Jim Roberts, Donald Bean, Glen Wood and Raymond Upton.

Vacation Bible School closed Friday, and Sunday night after services in the Baptist Church, a reception was held at the Mission Church where the Juniors had worked all week with their sponsors. Around 17 were enrolled there during this period. They showed visitors the work they had accomplished, and then they were served coffee, punch and cookies. Around 74 were in attendance.

Teen Time will be held from June 21-26, with Kenny Wood from Plainview and Eddie Turner, coming to be with the Teen Agers and sponsors. Make plans to attend.

Mr. and Mrs. John Key West, who have been long-time residents of South Plains moved to Floydada last Wednesday. We will all miss them very much, and ask them to come see us often.

A wonderful rain fell here Saturday night. South Plains got 1/2 inch, Travis Young .75; Arby Mulder 1 inch; J. P. Taylor .80; Kendis Julian .70; and Sylvan Kinnibrugh .40. The rain was heavier to the north but it all fell nicely, and even though some of our farmers are beginning their wheat harvest they were glad for the rain on the rest of the crops.

Dwight Teeple of Dallas spent last week here visiting with his parents, Mr. and Mrs. Leighton Teeple and Rhonda. His wife, Helen, who is working at the Children's Hospital in Dallas, joined the family over the weekend.

Rogene and Royce Bethel, sons of Mr. and Mrs. A. V. Bethel, recent graduates of Floydada High School, are planning to enter Lubbock Christian College this fall.

Mrs. Fred Howard, wife of the Baptist Interim Pastor here, is still in the Doctors Hospital in Plainview. She underwent major surgery over a week ago. Dr. Howard reported if all went well, she might be allowed to come home this Monday.

Parents of Mrs. Garvin Beedy, Mr. and Mrs. A. E. Frizzell, moved into their new home in Floydada this past week. Mrs. Beedy spent several days with them helping.

Guests at the home of Mrs. Kendis Julian Thursday afternoon were Mrs. Al Pfeiffer and Brent from Houston, and Mrs. Travis Harrell, Wendy

Mrs. Nelda Maurer, (Tom) formerly of here, was visiting in our vicinity this past Wednesday, and reported they are now living in Abernathy. They have four little girls, Bobbie, Belinda, Sharon and a baby, 2 1/2.

The pulpit committee of the South Plains Baptist Church went to Levelland Sunday, June 6, to hear Rev. Troy Cartmill of the Morning Side Baptist Church, and he was invited to preach at the South Plains Baptist Church this Sunday, June 13, at both services. It is hoped everyone of the church will be on hand to hear him for both morning and night services.

Mr. and Mrs. Teddy Horne left this past Friday for Morgan Point Lake, near Temple, to spend a week of their vacation. Melissa, their daughter, is staying here with her grandparents, the Sylvan Kinnibrughs. Sunday the Kinnibrughs and Melissa spent the day in Lubbock, visiting with Mr. and Mrs. Britt Gregory.

Leighton Teeple is cutting wheat this week, and Saturday Nathan Mulder and his father, Arby, began harvesting. The wheat all around the community is about ready for cutting.

We are proud to read that James E. Fritchett of South Plains recently received the Bronze Star Medal for distinguished service in connection with military operations against hostile forces in Vietnam. He received this medal while he was a signal maintenance officer with headquarters detachment 160th Signal Group near Long Binh.

Rev. and Mrs. Charles Conger of Adrian, Mo., are coming to the South Plains Baptist Church the night of Wednesday, June 16, with a youth musical group of 40 to 45 young people and sponsors from their church. The group is on their way to Glorieta, N.M. to spend a week.

Mr. and Mrs. Kendis Julian and girls visited in Floydada Sunday afternoon with her mother, Mrs. Poyner Roberts, and a brother, Mr. and Mrs. Ken Roberts and Jason of Lubbock. Ken's employer, Houston H. Sweat, was killed in Lubbock Sunday when his pickup smashed into a Santa Fe train.

V. W. (Pete) Bell died Tuesday evening of last week when his pickup, driven by a son, James, failed to make the curve right south of the Ray Ford farm on the Silverton Highway. The pickup overturned, and Bell and son were both thrown from the vehicle. The son remains in a serious condition in Crosbyton Hospital. Bell was manager here of the South Plains Club Elevator, but he made his home in Crosbyton.

Many of the Merrell relatives visited Sunday evening in the home of Mr. and Mrs. J. P. Taylor and Katie. Visitors were Mr. and Mrs. Bob Merrell, Mrs. Jane Pigg, Mrs. Ruth Douglas, Don and Donna, W. W. Merrell, Sherrell and Janey Merrell, and Mrs. Ruby Higginbotham. Mrs. Truman Merrell entered the Groom Hospital at Groom this Monday and will undergo major surgery there Tuesday morning. Mrs. J. P. Taylor and Mrs. Jane Pigg will go there to be with their sister-in-law.

Rev. Conwright preached in Lockney Wednesday night at the Sunday School convention. Those attending from here were Douglas Garrett, Van Mitchell, Sandra Wall, Myrtle Newton, Diane Davis, Margwyne Giles and Errick Jones.

Mr. and Mrs. Robert Walls of Lorenzo were here visiting relatives and friends Saturday. Sis. Conwright left Monday to spend the summer in Slaton.

SALMONELLOSE - It Just Loves to Attend Parties, Picnics, Banquets, Etc.

What can be carried with you in your picnic basket or obtained at a cafe, cafeteria or a church supper or gotten at home, for that matter?

The unhealthy answer to this riddle is salmonellosis. It is commonly known as food poisoning and often is credited by individuals with being a 24-hour virus. If you're lucky - or careful you may never get it.

By whatever name used, salmonellosis is a very undesirable type of illness. The food infection symptoms may range from mild nausea and abdominal discomfort to a full-blown case which also involves fever, vomiting and diarrhea. When you get it, you're sick. And, it can be fatal.

The term salmonellosis is used to refer to infections caused by any of the numerous members of the genus Salmonella. Some 900 varieties are known and they may inhabit most species of warm blooded animals and many cold blooded vertebrates. Major reservoirs of human salmonellosis are in domestic livestock, swine and poultry. Organisms may be transmitted to man either directly from animals or through contaminated products of animal origin. Domestic poultry probably is the largest single reservoir of these organisms among animals.

Studies have shown the widespread presence of salmonellae in animal foods.

Recently, outbreaks of Salmonellosis were traced to pet turtles, and the Communicable Disease Center in Atlanta in its latest report tells of a case in a 19 month old child caused by

any sponsorship of the "All-American Family Pageant," nor the funding of the All-American Family Institute.

The decision to so associate the annual selection of a "Mrs. U.S. Savings Bonds" stems locally from the fact that the "All-American Family Pageant" is an ideal event and grouping of homemakers from which to choose an outstanding representative of all that the title implies.

As the current "Mrs. U.S. Savings Bonds" - Mrs. Jeanie Smith (Ronald R.) of Tulsa, Okla. - travels the nation as "Ambassador of Goodwill" for Savings Bonds, she typifies the traditional homemaker, who also finds time to serve her community, her country and its patriotic institutions.

She is the first "Mrs. U.S. Savings Bonds" to come out of the "All-American Family Pageant" having been named during the national grand finals of that 1970 event, August 15-23.

Under the auspices of the American Express International Banking Corporation, "Mrs. Savings Bonds" visited military installations, hospitals and rehabilitation centers in East Asia - not only to extend thanks to military and other personnel for Bond-Program support, but to bring cheer and comfort to hospitalized servicemen.

Women - mothers, wives - at home, at work, in the church, in the clubs and elsewhere - are the foundation stone of our good manners and our morals. They manage the income and the outgo of family financing. They know what systematic savings can mean to the security of the family tomorrow. Layaway income for schooling, for home necessities, for emergencies, for retirement and all the rest - these are the fruits of saving, sowed in the seeds of buying and holding U. S. Savings Bonds.

The U. S. Savings Bonds Division of the Department of the Treasury feels that - by its association with and participation in the 1971 search for the "All-American Family" - it is appropriately engaged in "The Quest for Family Security."

OBITUARIES

W.R. Kendall

S Bandsters Head For State Contests

Donnie Fortenberry, Stephanie Arwine and Mike Thaxton of the Whirlwind Band are among the more than 5,000 students who have qualified to participate in the Texas State Solo and Ensemble Contest Friday and Saturday, June 11-12.

The Floydada students are scheduled to leave for Austin and the University of Texas campus today (Thursday) and return Sunday. Also making the trip will be accompanist Darla

Milton and band director Jim Swofford.

To be eligible for the State Solo-Ensemble Contest, a student must have received a "I" or "Superior", rating on a first-class solo in regional University Interscholastic League contests, Swofford said.

Gold and silver medallions will be awarded to winners at the state contest, and participation there opens the door to music scholarship offers, the Whirlwind band director noted.

Mrs. U.S. Savings Bonds The Quest For Family Security

MRS. U.S. SAVINGS BONDS - in name, in meaning, in person - has become a tradition in her own time, throughout the states of the nation and in countries overseas, where American Servicemen are on duty. She has been, she remains the symbol of the concerned homemaker who, today, much more the keystone of family qualities, facilities and funds than were her mother and grandmother.

Her role in the family, in the neighborhood, in the community has changed importantly with the changing times. She is now a well-informed and involved citizen, with equal rights to discuss, propose and participate, as she seeks improvements in both human and natural resources. These are the essential elements in unifying the environment for healthier, happier family living.

She is the reawakening voice of thrift as the clarion call for personal, family and, indeed, national security. She knows and she enjoys the values of systematic saving as the most

rewarding means of assuring the family needs of the future.

The U.S. Savings Bonds Division of the Department of the Treasury selects a "Mrs. U.S. Savings Bonds" annually to travel the country as "Goodwill Ambassador" for Bond-Program promotion.

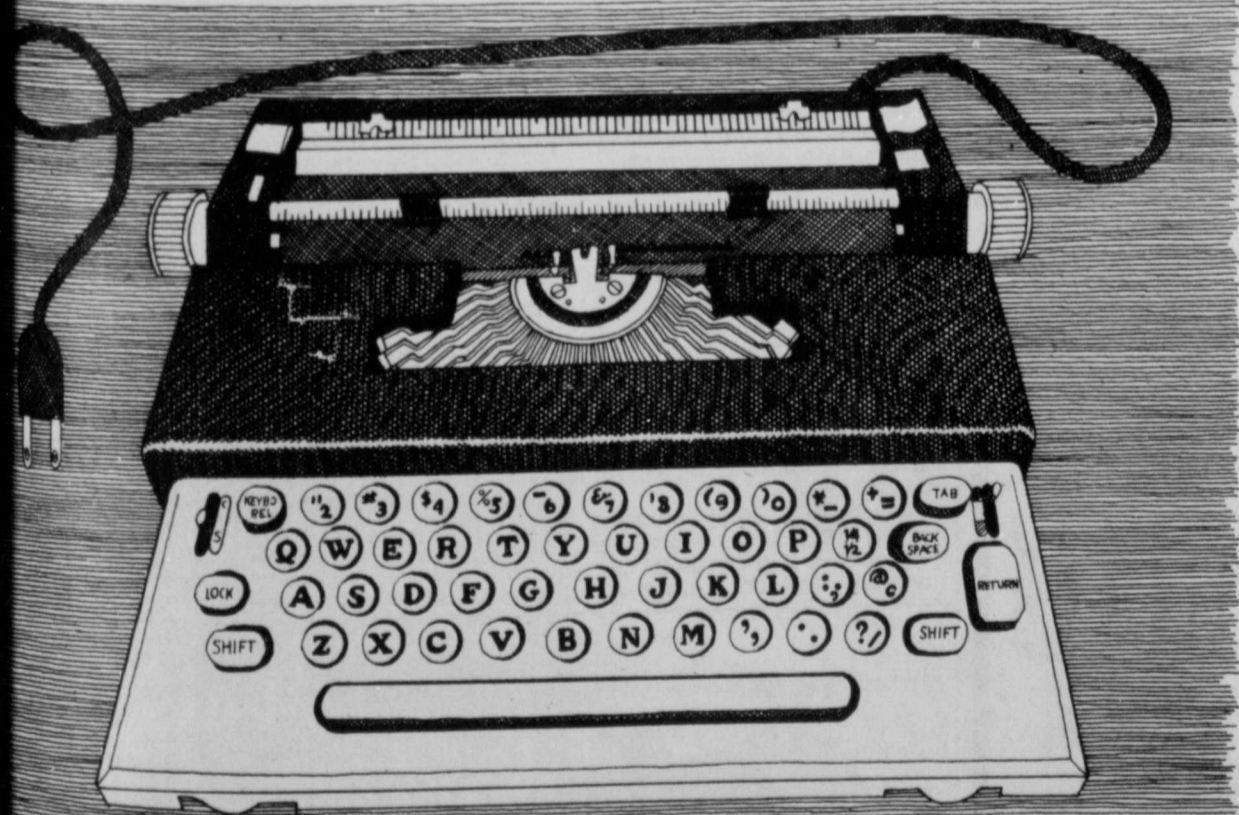

Beginning with the first titleholder, in 1958, there were 11 "Mrs. U. S. Savings Bonds" selected from among the finalists of the formerly staged Mrs. America Pageant.

In association with the All-American Family Institute, "Mrs. U. S. Savings Bonds" is now selected from among the mothers of the finalist families in the "All-American Family Pageant," held at Lehigh Acres, Florida.

While the association and selection is concurrent with the staging of the national family pageant and the judging of the "All-American Family," the U. S. Savings Bonds Division of the Treasury and the selection of "Mrs. U. S. Savings Bonds" - by a separate panel of judges - are in no way related to

THE SOLO CONTESTANT and accompanist, Donnie Fortenberry and accompanist Darla Thaxton will be among the Whirlwind band members who will compete at the UIL State Solo and Ensemble Contest in Austin tomorrow and Saturday. Other FHS bandsters who qualified for the competition are Stephanie Arwine and Mike Thaxton. (Staff Photo)

State Tech is the state's first technical school to grant the Bachelor of Technical Education diploma and the Bachelor of Technology diploma.

The two diplomas are available only to students who have completed advanced study in technical teacher education of advanced technology.

store, the professional man to his job, and the farmer to his farm, climbs up in to the cab of a high powered tractor hooked to an eight row plow or planter. It is an all weather cab some even have a radio and a heater in them and who could beat that for comfort. Some of the tractors have a dodad that steers the tractor. The farmer can sit on his back porch in this favorite rocking chair, read the newspaper, take a snooze, but he better kinda keep an eye peeled towards the field in case something might go hay wire with the tractor. Thats the life of Riley.

In this era of day lights savings time the folks call it a day when it seems like the mid afternoon. Oh wouldn't Grandpa like to have had so good in his day? Most everything now is operated from an air conditioned tractor cab or a building that has central heat and cooling.

Speaking of Grandpa lets go back to his day. Grandpa went to bed just a little before or a little after sundown and tried to get a good night's sleep. He wasn't awakened by a clock radio. It was either an old loud crowing rooster or a two dollar alarm clock at about 4 a.m. he would feel around for a match to light the ole coal oil lamp so he could see how to dress and find his way to the kitchen, see how to split kindling wood to start a fire in the cook stove fired with coal or cow chips he then fixed up the ole smoked up coffee pot and put it on the stove so it would make while he was at the task of building a fire in the heating stove so mama and the kids could be getting up he would go back, drink a cup or two of coffee, get the milk pails and head for the barn, milk ten or twelve cows, feed the cattle, horses and hogs, put the milk in the ole De Laval cream separator. He or some of the kids would do the turning. He then would get another cup of coffee and sit behind the stove that was his coffee shop, drink his coffee while mama mixed up a batch of flour in a large mixing trough and then put on a large board and rolled it into a slab of dough about the size of a saddle blanket, took the clabber girl baking powder can and cut out a dozen or so one pound each biscuits. While they cooked she fried eggs, sausage or bacon and sometimes potatoes. After a hearty meal I don't think in those days they just drank a cup of coffee and called it a meal.

Pappa went to the barn, curried and brushed off the horses, put harness on them and headed for the field walking and driving the team he didn't have a pickup to ride in, he hooked the team to a plow a drag harrow or some other farm tool and a walking type at that after following that team all day he didn't feel like attending a football game instead he had to unharness his team feed the live stock again milk the cows separate the milk do other chores such as carry in coal or chips which ever it was carry water maybe bust one or two kids britches for some he did or didn't do that day. Then a good ole supper of cornbread some times warmed over from dinner turnip greens one or more type of beans after supper you would drag your chair out on the porch smoke a pipe or so of big bale or run Johnnie run robacco wash your feet and drag off to bed. I think the folks that have entered the four B, stage(baldness, bifocals, bunions, and bridge work) will agree with me that things were just about that way in Grand Pappas days.

The Hesperian

It is quite regrettable that Audie Murphy had to get killed last week in the plane accident. He was the world's most decorated soldier and hero. He was not a good business manager, but did fairly well in a film or two. My sister, Mrs. Willie Kemp, formerly of the McCoy community, lived a few miles north of Farmersville, and her daughter was a school chum with Audie's younger sister. When Audie went to leave for Europe, he autographed his last picture to my niece.

I was born a few miles south of Farmersville, but moved to Floydada in 1913. Never met the young man but had a high regard for him. He had a pretty rough time growing up and hit the rough spots in Europe during the war.

Charley L. Berry

(This one arrived a little late)

The old timers day is coming up and it is in the midst of a day that is dotted with medium sized towns and the average of farms and farmers who farm those farms and the type business and professional folks who are the life of these towns in these modern days, they arise at an early hour of day some have breakfast at home but a number of them go to their favorite coffee shop. Some of them just settle for a cup of coffee and after a jam session take off to their daily routine - the merchant to his

FLOYD PHILOSOPHER Comes Out, We Think, Against A Law Stopping Annual Auto Changes

Editor's note: The Floyd Philosopher on his Johnson grass farm gets sort of twisted up this week on a discussion of an economic problem. He's sometimes hard to follow.

Dear editor:

In an article I ran across in a newspaper last night, this fellow Ralph Nader was arguing that Congress ought to pass a law to stop the automobile industry from changing models every year and take the money saved and invent a car that's pollution free.

I'm in favor of pollution-less cars, but I'm not sure Mr. Nader understands the economy of this country. A fast turnover seems to be the key to a booming economy.

Take pianos. The piano industry has rocked along for generations without ever hitting the idea of coming out with a new model every year and as a result it considers itself lucky if it sells a family one piano in a lifetime, and how many people does it employ? Just a few thousand, compared with hundreds of thousands in the auto industry. Piano workers could strike tomorrow and the economy would never know it. Probably couldn't even make the TV

evening news.

Or take the plumbing industry. Have you ever stopped to think how much bigger an industry it'd be, how many more people it'd employ, if it'd convince housewives they ought to change bathtubs every year? It never occurred to the industry all it had to do was change fender designs, add hide-away faucets and maybe add safety belts.

Also, blacksmiths haven't changed the style of horseshoes in a hundred years, and how many blacksmiths are still around?

Or take probably the worst example, trains. You ever hear of the railroads changing models on engines and passenger cars every year? How many passenger trains are still left? Probably the reason farmers are in such bad shape is they've been raising the same brand of meat and potatoes for the last 1,000 years. Can you tell a 1971 hen egg from a 1910 model?

Or take people. We haven't had a model change in people in thousands of years, and look what shape the world's in today.

Model changes, that's what keeps the economy booming.

Yours faithfully,
J. A.

Local Boys Delegates In Austin

The thirty-first annual American Legion Boys State sponsored by the Department of Texas and held on the Campus of the University of Texas, got underway Saturday as 840 high school boys from all parts of Texas, and two from Mexico, registered. B. B. Hester, Department Commander, announced.

Among those registering from Floydada were Daniel Charles Killian and David Alan McCulley, who were sponsored by local American Legion Posts.

Following registration, each citizen was assigned to one of two political parties - the Nationalist or Federalist. Each citizen then functions as a member of his party, he attends

its precinct, county and state conventions and votes in its primary.

In Boys State, The American Legion provides the type of program where the young citizen has the opportunity to learn for himself that his government is just what he makes it. The boy "learns to do by doing."

The program takes an added significance this year as the vote is extended to 18 year olds. Most Boys Staters are in the 16 to 17 age category.

Highlight of Boys State will be a trip to the Capitol on Friday morning where each elected Boys State Official will be given an opportunity to serve in his respective office for a day, followed by the Governor's Ball Friday evening.

Mr. and Mrs. W. H. Bunch went to Lubbock after church Sunday and had lunch and spent the afternoon with their son and wife, Mr. and Mrs. Rodney Bunch.

Mr. and Mrs. Frank Smith of Lubbock visited Sunday with his sister, Mrs. Viola Brown and all had dinner with Mr. and Mrs. A. L. Smith.

Visitors during the weekend in the home of Mr. and Mrs. Earl Edwards were her niece and family, Mr. and Mrs. Jack Haworth and daughter, Heather of Cottage Grove, Oregon; Mr. and Mrs. J. V. Porterfield of Petersburg; Mr. and Mrs. Fred Cardinal of Dougherty; Mr. and Mrs. Fred Battey of Floydada.

Earl Edwards Jr. and son, Bill, of Llano, are here in the home of his parents, while Earl Jr. takes care of the harvesting of his wheat and the plowing of the field.

Weekend guests in the home of Mr. and Mrs. Homer Newberry were Mr. and Mrs. Nathan Woody, Nathalie, Jeff and Kevin of Floydada, and Mr. and Mrs. Ronnie Autrey of Grand Prairie. The Autreys came by enroute home from a vacation in New Mexico, to pick up their little daughter, Wendy, who stayed here with her grandparents.

I REMEMBER, I REMEMBER.....

Where's the Evidence?

Strange that a person could live through a period of time in which a series of events take place but for which he can find no record to give a sense of substance to a yarn he would like to tell.

I have in mind the telephone franchise that somebody should have had some time about the beginning of the century giving permission to run lines up and down highways, in the alleys and across streets in Floyd County. No doubt such a document was signed and sealed back there but I don't find it recorded.

First record I found of that nature was the franchise that Malone & (Somebody) was given for an electric line. My notes indicate this was in 1914 and that the franchise for City of Floydada was validated by the city council in 1915.

I remember seeing the original power plant in Plainview while it was still being operated by Malone. The steam driven facility would be lost in one corner of one of the giant plants of Southwestern Public Service Co. now in operation serving an area bigger than most any of the states in the union.

Wednesday afternoon D. L. Keesee of Lubbock, visited his sister, Mrs. Fred Lloyd and family.

In the early twenties A. H. Hendricks was granted a franchise to push through a line from Rails to Silverton, and in 1928 for West Texas Gas Company's pipe lines, and several since. But none for the lines we now call Southwestern Bell Telephone Co. No doubt it is there but I don't find it.

Here's Fair Warning

Probably this record will show up like the record of when the county voted "dry" in 1896. I told myself—and probably others—for several years that the only proof the county had voted on local option was a notice that appeared in Volume One, Number One of The Hesperian Gazette, signed by Judge Duncan. But later I found the complete record, the notice, the election returns and all duly recorded by County and District Clerk R. T. Miller.

Which prompts me to suggest that the reader believe as much of the yarns he finds here as he wants to, but don't bet any money on it he can't afford to lose.

That First Jail

Another thing that can't possibly make any difference now, but does "bother" or "concern" me, is the puzzle of what the camera does not tell about that first county jail. This jail was built before the 1891 court house contract was even let. I have been in it. I recall quite well a citizen held there who had lost his mind in the days when we treated an insane person the same as we treated criminals.

Also I have several pictures of the court house but none with the jail in its rightful place. It had to be there. How could the camera fail to show it?

RAIN, FROM PAGE 1

and T. C. Hollums were among those reported hailed out near Sandhill. A large percentage of wheat was lost in the Tuesday hail storm; marble-size hail piled up to an inch deep and packed around crops, possibly damaging them further. Most reports from west and north of Floydada indicate around an inch of rain.

The hail strip seemed to start in the Barwise area and extend through Sandhill, northwest to Muncy and on to the South Plains and Cedar Hill areas.

Some of those reported hailed out near South Plains were Don Bean, Don Setterfield, Mike Wood, Billy Stanforth, Murray and Kendis Julian, Dale West, Sylvan Kinniburgh, Early Pritchett, Don Frobasco and Fred Fortenberry.

Woods received an inch and

TREE AND SHRUB OWNERS HAVE THEIR PROBLEMS TOO. Gaunt is showing Doyle Warren, Floyd County agent, substantial has infested his oak trees. Warren has identified the white conifer as oyster shell scales, brought in by winds and birds and new for this area. A number of city dwellers have noticed the collection their shrubs. Lower photo is a close-up of Warren examining the

a half of rain in the storm that passed over about 5:30, and over an inch from the later cloud about 9.

Sunday week ago in the early morning hours when the tornadoic wind struck the Lakeview area it traveled on to the Baker Community where five power poles were knocked down and the Tate Jones and Rob Heflins received damage.

The fury of the storm struck about 3:30 a.m. there upsetting a storage house, 8 x 10, belonging to the Heflins, scooting it some 50 feet; picked up the daughter's play house lifting it over a small orchard, splintered it, sending 2 by 4's through the roof of the Tate Jones home. The storage house

was lifted from between piles of fire wood, which were left in place.

Mrs. Heflin related that when her children's swings are gently swinging, she knows it's typical Texas wind, but when they are standing straight out and not swaying, it's time to head for the cellar. The storm woke the family and they found their

way to the basement. Electricity was knocked said.

Two big evergreens were uprooted at the home. A barn door blew off and a horse tumbled up on his combine. The tenna there and at the Jones and Vernie's bent double.

Comedian Bob Hope accepts the 1971 Lions International Humanitarian Award from Dr. Robert D. McCullough, Oklahoma, President of the world's largest humanitarian organization.

The award was given to Hope for his continuous work in behalf of sight conservation and eye research the major concerns of Lions Clubs throughout the world.

The presentation was made this past weekend in Washington, D.C., because film commitments will prevent Hope from attending the Lions world convention in Las Vegas this June.
